Floyd Pioneer Reunion Saturday

Parade At 2:30

The 2:30 downtown parade is always the big feature of the annual Floyd County Pioneer Reunion Saturday, but there have been some additions to the program that should make it a greater day of enjoyment and entertainment.

Steer roping at the rodeo grounds will start at 3:00 p.m. and the rodeo dance is scheduled for 9 p.m.

The Whirlers Square Dance is set for 8 p.m. in Duncan Elementary School. Jonelle Fawver is in charge of registration which begins at 9 a.m. at the west window of the agriculture building.

The 10 a.m. business meeting will include the election of officers. Mrs. M. J. McNeill is in charge of the memorial service, Hubert Frizzell will introduce the guest speaker at 11 a.m.

There will be group singing, the recognition of the oldest man and woman at the reunion and of the pioneer traveling the longest distance, and presentation of the outstanding pioneer man and woman for 1977.

Barbecue dinner catered by Underwoods of Lubbock, will be served to everyone having resided in Floyd or surrounding counties for fifty years or more. When they register, these pioneers will receive free lunch tickets. The tickets are a courtesy of the Floydada Cooperative Gins, Producers Cooperative Elevators, Consumers Fuel Associations of Lockney and Floydada, Lighthouse Electric Cooperative, Farm Bureau, Production Credit, Lockney Cooperative Gin and Elevator.

No dinner tickets will be sold until those holding complimentary tickets have been served.

The parade, under the direction of the Floydada Riding Club, will begin at 2:30 p.m. All organizations and individuals are urged to enter a float.

A style show sponsored by the Junior Study Club of Lockney will be presented on the slab at 3:30 p.m.

At 4:15 and 5:15 p.m. the 1956 Junior Study Club of Floydada will present a melodrama in the building on the east

side of the square with a small admission fee.

All concessions on the courthouse lawn must have permission from Sheriff Fred Cardinal and must not be located east of a line extending north and south from the bell mounted on the lawn.

No water guns or balloons are to be used around or near the slab and seating area on the south side of the square.

Homemade Ice Cream

Corn on the Cob!

Everyone is invited to come and enjoy the cream and corn.....and help the 4-H operating fund at the same time.

Tennis Ball Size Hail Blasts East Floyd

Black storm clouds prowled the eastern half of Floyd County Sunday afternoon, dumping over two inches of

hard rain and up to tennis ball size hail stones that destroyed fine wheat crops and early row crops.

The worst hit areas was south of the Cedar Hill Community ranging some six miles into the Center Community. One farmer estimated about a six mile north-south hailed out area... and six to seven miles from the Silverton Highway going east into the Fairview Community.

The hail stones fell for about an hour. Lakes are full of water and farmers anxiously await drying weather to begin replanting row crops.

Since the price of wheat is only about \$2.00 per bushel most of the wheat destroyed was not insured. The dryland wheat was the best in many years due to good rainfall.

Some of the farmers receiving hail included: Steve Lloyd, Elwin Chappell,

L. B. Cozby Jr., Leonard Matsler, Bill Hopper, Lee Burton, J. R. Noland, Larry Noland, E. A. Noland, Woodrow Wilson, Thomas Warren, Ray Ford, Wayne Collins, Truett Hartsell. Some of the farmers lost young cotton and grain sorghum.

ELWIN CHAPPELL views hailed out wheat on his farm in the Center community. "Really, I've been pretty lucky.....only been hailed out two times since 1953" Chappell told a Hesperian reporter. Only a few heads survived the Sunday afternoon hail storm. (Staff Photo).

IF YOU LIKE TO DANCE.....there are plenty of dances scheduled for Saturday night in Floydada. According to last report the Old Settlers are gonna dance at the MAC, the Whirlers at Duncan Elementary, the VFW at the the VFW Hall, and the rodeo dance at the rodeo slab.

If we don't get as many as ten to enter the Talent Hootenanny on the slab south side of the courthouse, suggest the youth have a dance there.

"A MAN WHO DOESN'T ADVERTISE is like a man winking in the dark...he knows what he's doing...but no one else does."

Floydada Woman Beaten, Robbed, Raped

Floyd County sheriff Fred Cardinal is continuing to investigate the beating, robbery and rape of a Floydada woman.

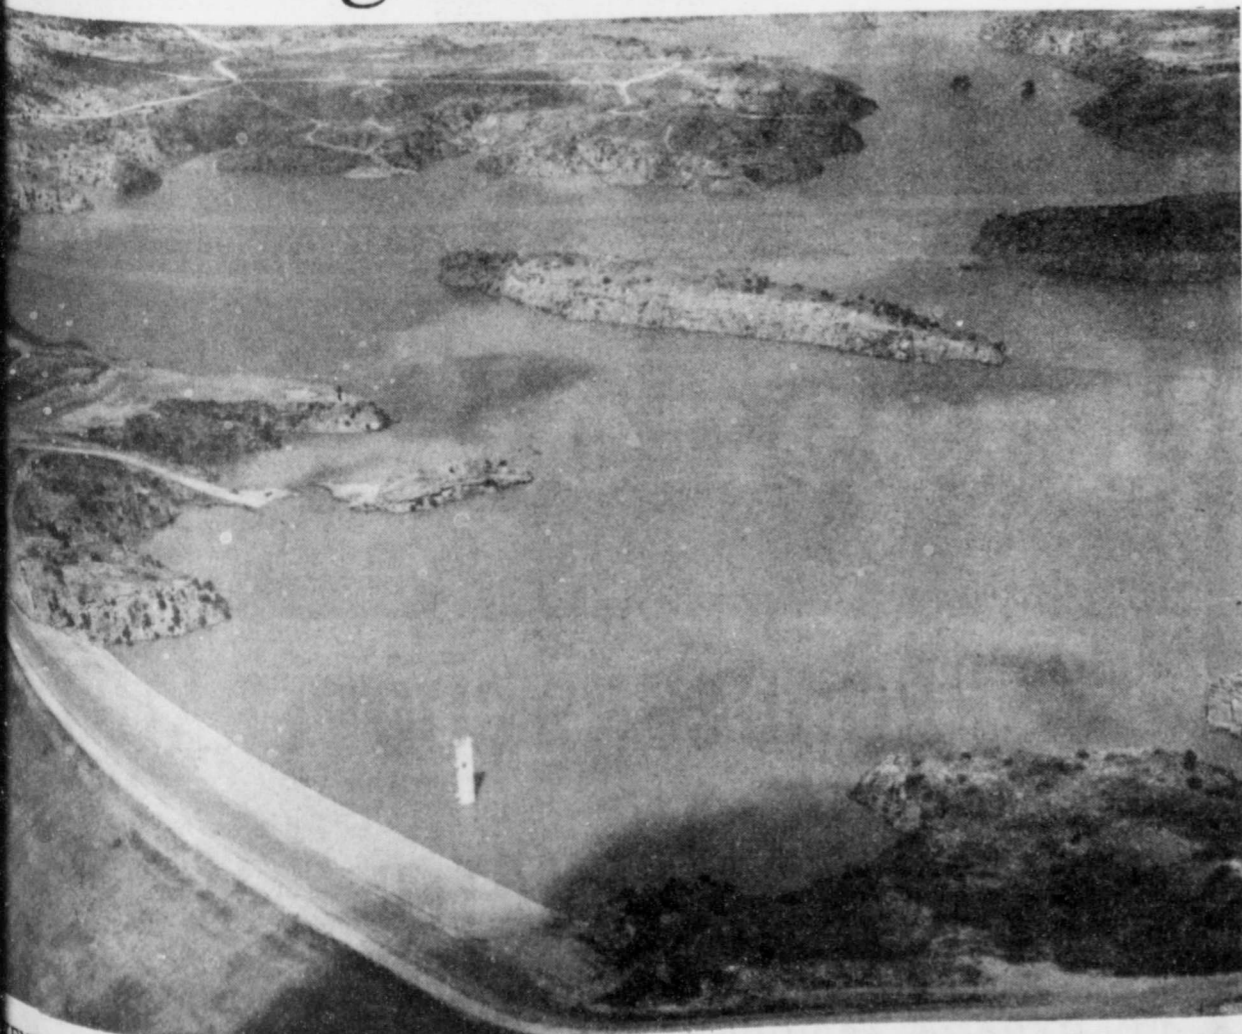

The assault occurred between 12:30 and 1:30 a.m. Saturday, May 21. The woman, who is in her 70's, said the attacker was black, and had cut the screen door, then kicked the lock on the door to gain entrance to her home.

She was robbed of \$35.00 from her billfold and said she was afraid to leave the house until about 5 a.m. when she walked for help.

She was taken to St. Mary's hospital in Lubbock for treatment and has since been dismissed.

Sheriff Cardinal reminded all women living alone to be alert to locking all doors and windows.

(By Penny Golightly)

LAKEVIEW: May 23-1 went to visit my great uncle, Preston Weeks, Tuesday 17th on his ranch about 10 miles out of Crosbyton. He informed me that during some of this bad weather and rain we had recently that lightning killed one of his cows and a calf. The calf didn't belong to the cow that was killed, so he has managed to get the calf that lost it's mother and the cow that lost her calf, to accept one

another. At least some good came out of it!

We have a new baby colt at our place. The only trouble we had was finding the little filly. We were all gone when the happy event took place and when we came home, we found our mare in the lot, and the filly, outside the lot in a fenced area by the corner of the lot. Mother and filly have been reunited. Gary Byrd cut off three of his toes last week while mowing his lawn. He was in Highland Hospital in Lubbock. Hope you're doing better, Gary!

The Floyd Philosopher In His Annual Rite Of Spring, Clears His Desk of Incidental Items

Editor's note: The Floyd Philosopher on his Johnson grass farm claims he has cleaned off his cluttered desk this week, with the following results.

Dear editor:
Some odds and ends from spring house-cleaning of my desk. I can't help it if my aim is bad, I tried to hit the wastebasket!

According to an expert, it now costs \$64,000 to raise a child from birth through college. Kids ought to be warned, if they keep going they're going to price themselves out of the market. If the trend continues, raising kids will become a worse business than raising cattle.

New Yorkers don't want the Concorde landing there because it makes too much noise. It's a step in the right direction, but they've still got rock bands.

Missouri and stopped over here.

Lakeview Gin had six tenths of rain. We also had a little hail Friday afternoon, but it didn't last long, so there wasn't much damage.

Mrs. Dean Watson was privileged in presenting an outstanding award to a deserving senior at awards day Tuesday. The senior is Martha Rendon. Brenda is president of her sorority which sponsors the award.

Mr. and Mrs. Dean Watson and girls Amanda and Deanna also attended the Watson family reunion Sunday in the Pioneer Memorial Building in Crosbyton. Mrs. Rudolph McCurdy was also in attendance. Brenda's count of family members present was one hundred and twenty-five. Brenda also visited Sunday with her

family, the Tom Moores. She also got to visit her brother, Mike, who works for Pioneer Seed. His job takes home traveling through Old Mexico, Ohio, Tennessee, Colorado and other states, so she feels fortunate when she gets to see him.

Mrs. E.H. Brown had lunch with her daughter, Mrs. Billy Joe Hambricht and her family Sunday. Kathy Hambricht, daughter of Mr. and Ms. B. J. Hambricht, will be married June 25th.

Mr. and Mrs. Leonard Alexander went to his aunt's funeral, Mrs. D.L. Alexander in Hillsboro last weekend. Bill and Ethal Hambricht visited Saturday with the Alexanders.

Mr. and Mrs. Brewer had dinner with Mrs. Fred McDougle and Sharon Sunday.

Some people are up in arms because General Motors put Chevrolet engines in some of their Oldsmobiles. It's nothing new. Frequently a politician turns up in an Oldsmobile-type job equipped with a Model-T brain.

Politicians are always behind the times in their figures of speech. Some of them still say, when an idea that's superfluous comes up, "That's like carrying coals to Newcastle," when a better version is, "That's like hauling peanuts to Plains!"

It takes a unanimous vote of 12 jurors to convict a gangster of a crime, but only a 5 to 4 vote of the Supreme Court to throw the conviction out.

We all ought to clear our desks out once a year and Congress every four years.

Yours faithfully,

Candlelight Vows Read Jodie Eastham, Jerry McGuire

Wedding vows for Jodie Lou Eastham and Jerry Wayne McGuire were solemnized at 7:00 p.m. May 21 in a candlelight service in the Floydada First United Methodist Church. Rev. James E. McGuire, pastor of the First Baptist Church of New Deal and father of the groom, performed the double ring ceremony assisted by Rev. Jim Smith, pastor of the Floydada Methodist Church.

The bride is the daughter of Mr. and Mrs. Carmel J. Eastham, Jr. of Dougherty and the groom is the son of Rev. and Mrs. James E. McGuire of New Deal, recently of Floydada.

Mrs. Tommy Wylie registered guests. A yellow ring stemmed yellow rose in a crystal and silver vase and a blue plume pen adorned the registration table.

Ushers were Don Warren, Larry Stovall, Michael Rainwater, all of Floydada and Mark Eastham of Clovis, New Mexico, the bride's cousin. Their boutonnières were yellow carnations.

Miss Penny Bertrand, church organist, played traditional wedding selections and accompanied Miss Christy Stringer as she sang "I Love Thee" and "Evergreen" preceding the ceremony and later, "The Wedding Prayer" and "Kneeling Dear Savior."

Martin Eastham, brother of the bride, and Melissa Eastham of Clovis, cousin of the bride, were candlelighters. He wore a pale yellow tuxedo and Miss Eastham wore a floor length dress of blue floral organza. After lighting the candles they gave the lighting torches to the mothers of the bride and groom who then lit a single candle on either side of the altar.

Behind the altar was a large arched candelabra with white tapers covered in palms, blue and yellow carnations and gypsophelia. Palm trees and brass cathedral shaped candelabras holding long white tapers enhanced either side of the altar. Brass potted palms standing on podiums near the outer edges completed the altar area decorations. Large bows of blue and yellow satin marked the family pews. An open Bible was the focal point on the church altar, flanked on either side by the single candle lit by the mothers. During the ceremony, the couple used these candles to light the Unity Candle together, symbolizing the two, from separate homes, were uniting as one to establish a new home. The large white Unity Candle stood in front of the open Bible in a ring of yellow roses, baby's breath and lily of the valley. To complete

the lighting of the Unity Candle ritual, the bride and groom presented their mothers with a yellow rose.

Mrs. Roger Coursey of Amarillo served as her sister's matron of honor. Bridesmaids were Miss Linda Norman and Miss Brenda Vickers, both of Dougherty, Miss Kathy Winders of Earth, and Miss Connie Nelson of Dimmitt. They wore identical formal length gowns of sunshine yellow polyester knit fashioned with scooped necklines formed by crisscrossing bands which accented the empire waistlines. The sleeves of their frocks were sheer, free flowing to the wrist. They wore matching yellow picture hats with fluted brims. Each carried a long stemmed yellow rose tied with long streamers of blue and yellow satin ribbon. Little Miss Jamie Eastham of Temple, cousin of the bride, was flower girl. She wore a long dress of blue dotted swiss with short cap sleeves and a wide blue satin ribbon at the waist. She carried a dainty bouquet of blue and yellow carnations and baby's breath in a white tulle and lace basket. Master Ethan Eubanks of Floydada was ring bearer. He wore a yellow suit matching the fabric of the bridesmaids dresses and carried a white satin and lace heart-shaped pillow holding the wedding rings.

James McGuire of Lubbock, brother of the groom, was best man. Groomsman were Donnie Combs of Lubbock, Stephen Thetford of Plainview, both brothers-in-law of the groom. Randy Free of Lubbock and Gordon Bond of Floydada. They, as well as the father of the bride, wore solid pale blue tuxedos with white and blue ruffled shirts. Their boutonnières were blue carnations. The groom's tuxedo was all white and he wore a yellow rose boutonniere.

Escorted by her father, the bride wore a formal length gown of white silk organza fashioned with a deep scoop neckline edged with scalloped chantilly lace. The full length sheer Bishop sleeves were caught with a narrow cuff of lace. A band of scalloped lace extended down each side of the empire bodice and onto the softly gathered A-line skirt. A chapel length train, accented with a large Dior bow, flowed from the center back waistline. Tiny white satin bows were scattered over the lace and down the center of the train. Her headpiece was a Juliet cap of matching lace holding a lace edged tiered cathedral length veil of illusion. Her bridal bouquet was a large colonial

101 Eighth Graders Graduate Into High School

The completion of the first major phase of their public school education for the one hundred one (101) members of this year's eighth grade class was symbolized by the annual commencement exercise held in the Floydada Junior High auditorium at 1:00 pm. Tuesday, May 24, 1977.

The program included the following class members: at the piano playing both the Processional and Recessional was Julianne Lipham; Hope Garcia led her classmates and others in attendance in the Pledge of Allegiance to our flag; the Opening Prayer was led by Sheron Weeks; Jeff Rainey gave the Welcome Address for his fellow classmates; performing probably the most important part of the program for the students—the Recognition of the Honor Students and the Awarding of the diplomas—was obviously an enjoyable task for Robert L. Alldredge, principal (assisted by Mrs. Dennis Dempsey, school secretary); the Benediction concluding the program was

given by Moody Younger. The simplicity of the ceremony did not minimize the previous eight years of diligent and dedicated effort on the part of many students (with the help and support of parents, faculty members, school administration, school board and the community) to maintain high levels of achievement and scholastic records. However, at the eighth grade level only those students who have maintained an average of ninety (90) or above in each of the five basic subjects—English, History, Mathematics, reading, and Science—are given special recognition as Honor Students. This year's honor students are Deann Fry, Lori Lyles, Jeff Rainey, Tana Tyer, and Moody Younger.

As these one hundred one potential 1981 graduates progress through the next four years, we, the faculty of Floydada Junior High wish them success and happiness in all their educational endeavors.

BEST WISHES TO THE CLASS OF 1981.

In *ALONE (A WIDOW'S SEARCH FOR JOY)* Katie Wiebe shares her struggle to survive her loneliness and loss of identity after the death of her young husband. While the book is addressed to the problems and adjustments of the widow, every woman will find this a valuable book to read. She deals with many kinds of loneliness and has suggestions for ways to help a widowed friend as well as words of wisdom for the single woman or the one searching for identity. The last chapter is written by her daughter, Christine, and is entitled "The Year Daddy Died." It could be very helpful in realizing the emotion of a child who loses a parent.

Teddy and Wyatt Heard have written *HOW TO OVERCOME STRESS AND TENSION IN YOUR LIFE*. You might like to turn to the back and read the epilogue so that you will know how the book came into being before you begin it. Judge Heard has done a beautiful job finishing the work his wife began. It is an up-beat, practical approach to living an abundant life. Rich with spiritual perceptiveness and sound psychology, it is a special book by a special lady. I met Judge Heard in Houston at an autograph party and promised to buy the book for the library when I arrived home. I wish that I had known his story at the time.

This week we purchased a cassette tape by Jerry Clower also entitled "Aint God Good." Many of you will want to listen to it and we will have it ready to be checked out today.

Open House At Wall Street Church Building

The public is invited to an open house and dedication of the building formerly used by the Wall Street Church of Christ. The property was recently purchased by the First Baptist Church.

The ceremony will be from 3 until 5 pm. Sunday, May 29th. Former members of the Wall Street Church of Christ congregation will be special guests.

The building has been completely redecorated throughout. Every effort

was made to maintain the outside appearance as it has been for the past fifty years. This structure is a genuine landmark in Floydada. The original light fixtures, fans, etc. have been retained and the decorations have been designed to maintain this atmosphere.

It will now serve as a church parlor and other usages. The single adult department will meet here for Sunday School each week. Memorial gifts have provided items for receptions that will be permanent fixtures of the building.

VA News

Students enrolled in Veterans Administration education programs are reminded that it will be a long time between paydays following receipt of their May 1 allowance check.

Some 1.5 million veterans, dependents and service members have received a notice with their May 1 checks telling them their May check is the last under VA's prepayment system.

The Veterans Education and Employment Assistance Act of 1976 eliminated prepayment of monthly allowances for VA trainees, effective June 1. The monthly check for June enrollment

will be issued July 1. Subsequent VA checks will follow each additional month of enrollment, according to Jack Coler, Director, VA Regional Office in Waco.

New procedures for advance payment also become effective June 1. Advance payments at the beginning of a school term for the first month, or partial month, plus the following month, will be made only if the student makes the request in writing to the school and the school agrees to process the advance payment. Previously, advance payment was automatic with enrollment.

The student's written request for advance payment must be included with the enrollment certification sub-

mitted by the school to the VA and must be received by the VA at least 30 days before the start of regular registration, Jack Coker stressed.

Following receipt of the advance payment, no additional VA check will be mailed for approximately three months, because of the elimination of the prepayment provision.

Students who receive an advance check in September covering enrollment through October, will not be eligible for an educational payment for November enrollment until December 1.

Disabled veterans enrolled in VA vocational rehabilitation specialist to discuss whether an advance payment is feasible.

Motley Widow Gets Pay

Widow of Motley County Sheriff "Link" Wilson recently received from the U.S. government under a new federal law which provides for payments to survivors of safety officers and firefighters in the line of duty.

She was shotgunned to death Nov. 11, 1976, just 49 days away from retirement as sheriff. Two months in the shooting currently face murder charges in connection

with the incident.

Wilson's wife, Geneva, is among the survivors of 25 other public safety officers and firefighters across the U.S. to receive such benefits. The funds are made possible through the Public Safety Officer's Benefits Act of 1976.

The payment to Mrs. Wilson and the other survivors was the first made under the new act. The total amount of benefit payments paid was \$1,250,000 with each officer's survivors receiving \$50,000.

Floydada Nursing Home Happenings

By Faye Walters

Well, everyone has been resting up this week after such a busy Nursing Home week, but I think all our residents really enjoyed every activity we had.

We have had real good devotions this week and beautiful singing. We appreciate everyone who came out.

Our exercise class is still growing. Pearl Carrick, Alta Probasco and Mollie Jones have attended most of the week. We welcome everyone.

Tuesday was manicure day and some nails sure

looked pretty when the day was over.

Wednesday the weather was too bad again for our field trip, so we played dominoes. Boy! What competition. It is so much fun watching the residents play. Pearl Carrick, Ray Reed, Mollie Jones, Agnes Anderson, Hope Hammonds and myself played every day except one this week.

Thursday the women from City Park Church of Christ gave the resident's birthday party of the month. They served punch and cake. Everyone had a wonderful time.

We had three with birthdays in May. Mary Plumlee, Willie Mae Stambough and Mark Jordan.

May the Lord Bless these women who are so faithful to come every month of the year and give this party. We have another new

resident, Gladys Simberly. We hope she will be happy here.

We appreciate all our visitors this week which included: Mrs. George Wexler, Alma Ruth Nelson, Mary H. Meeting Set For Beef Producers

A countywide meeting about the proposed Beef Research and Information Act has been called for 8:00 p.m. Thursday May 26 in the Massie Activity Center in Floydada by L. N. Johnson, chairman of the Floyd County Beef Development Task Force.

Details about the upcoming beef referendum will be explained, the chairman has announced.

The educational program, which is designed for all beef and dairy cattle owners of the county, will include two slide presentations about the Beef Research and Information Act—one prepared by the Texas Agricultural Extension Service—and the second by the Beef Development Task Force. There will be a period for questions and comments from producers.

Additionally, the BDT chairman, County Extension Agent, Doyle G.

Warren, and Extension Management specialist Marvin Sartin, will provide more detailed information about the forthcoming beef referendum.

The Beef Research and Information Act serves as enabling legislation and authorized the Secretary of Agriculture to conduct a referendum among beef producers to determine whether they want a beef development plan, developed by an industry-wide committee.

"The beef development plan is a proposed national checkoff program that would be financed by assessment as spelled out in the beef marketing order. If approved, the plan would provide some \$30 to \$40 million per year for beef research, consumer and producer information, promotion and market development," explains Johnson.

Bill King Retiring From Stock Show But He's Not Out to Pasture Yet

By MARVIN GARRETT
When they build a Texas Agricultural Hall of Fame, the name of W. A. (Bill) King should be in it. King, who is retiring as livestock show manager for the Southwestern Exposition and Fat Stock Show, a job he has held for 31 years, also retired about three years ago as agricultural manager of the Fort Worth Area Chamber of Commerce.

Another of his recent retirements is from ownership of an Angus ranch in Hood County which he had built up to a show place.

But all of those retirements doesn't mean that King is away from the agricultural and Chamber of Commerce scene. He will continue as a consultant with the Stock Show and also will work as a member of the Haltom-Richland Area Chamber of Commerce.

King began his agricultural career as a vocational agricultural teacher at Floydada and later was associated with a Texas Tech training school at Lubbock that trained agricultural teachers.

During World War II he had a hand in helping the war effort by increasing the food supply. He worked for the State Department of Education in supervising the installation of community canning plants and in setting up farm shops that kept farm implements going during the war years.

Even today, in his well-equipped home shop in Haltom City, where he has an abundance of metal and woodworking tools, you may hear him refer to his workshop as his "farm shop."

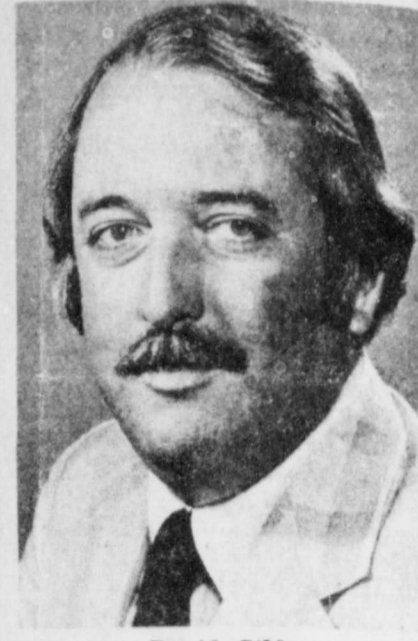

HE WORKED the Chamber of Commerce and Fat Stock Show jobs at the same time, devoting long hours to the Stock Show job during the show period. "I tried to be the first man at the show grounds in the morning," he said, "and I didn't leave until I turned it over to the night watchman."

The show has about 25 superintendents for the various departments, and his job was to help them keep everything running smoothly. Thousands of exhibitors know Bill King and many of them have called on him with their problems.

One of the unique features at the Stock Show is the Sunday School breakfast for members of 4-H Clubs and Future Farmers of America. A packing company has sponsored the breakfast and interest dwindled until the break-

Manager, W. R. Watt, and explained that such a breakfast was unique on the stock show circuit. "Many mothers are concerned about sending their young sons off to what they think is a big, bad Fort Worth," King said, "and if the mothers know their sons are going to attend Sunday School, it will take some of the edge off their fears."

Watt liked King's suggestion, and the First National Bank took over the sponsorship of the now-popular event which has continued for more than a quarter of a century.

King still feels good about having a hand in the breakfast, which always features a popular speaker, good music, participation by leading 4-H and FFA youths and the star who may be entertaining at the rodeo.

AFTER THE retirement of the late Walter R. Humphrey, editor of the old Fort Worth Press, the Fort Worth Chamber of Commerce took over the sponsorship of the Press Soil and Water Conservation Awards Program which had been in existence a quarter of a century.

King was named director of the state-wide program which continued for another five years. In that work, he arranged a state-wide awards dinner and five regional awards dinners each year to honor farmers, ranchers, business and professional people who had made contributions to farming, ranching and ecology.

King was a founder and charter

chairman for the state FFA Convention scheduled for Fort Worth's Convention Center July 13-15.

TAKING KING'S place at the Stock Show will be David Gibbs who has been associated with the show for 13 years. A Texas A&M graduate, Gibbs was livestock show announcer for five years before becoming arena director.

"There's no question about the importance of the Stock Show to Fort Worth," King says. "The money that it brings in is important, so is the advertising that the city gets from the show, and it gives the people coming here a chance to get acquainted with the town."

He believes, also, that the Stock Show is a good method of preserving the heritage and western flavor that people expect Fort Worth to have.

Fresh from his latest retirement, King, a veteran of banquets and English peas, was attending another Haltom-Richland CC ribbon cutting this week.

coming up a number of out of town visitors are expected. Hopefully the rains will let up by then, but we usually have a thunder head or two nearby, so bring your umbrella just in case. We must let Mother Nature have her way, since she understands her business better than we do.

RESEARCHERS at the University of California have come up with the following figures concerning the honey bees: The bee can carry only ten microliters of nectar per trip-she has to collect 42,000 microliters of nectar to produce one tablespoon of honey! (Honey is about three times as concentrated as nectar, so the bee has to collect 2.8 tablespoons of nectar for every tablespoon of honey) Thus, the poor little bee has to make 4,200 trips to flowers to produce one tablespoon of honey! Remember that the next time you pour the delicious sweetener over pancakes or biscuits!

FOR cooks on the run... hints for a successful dinner: Chicken: Cook at maximum speed. Plan on at least 150 miles at 55 mph. Cake: Bake slowly, about 40 mph; choose well maintained, smooth highway to prevent cake from falling. Oliver Batcheller, professor at California Polytechnic University, has come up with a mobile oven. Made of waste materials, it is attached to the tailpipe of his car. The hot exhaust gases pass around the oven and cook the food. Batcheller has prepared cakes, potatoes, and loaves of bread in his unique oven. "A person just needs to know the proper speed and cooking time," he says. Think of all the stewing that could be done during those hectic rush-hour traffic jams in the big cities. Batcheller has conceded that the idea of his mobile oven may not grab many people and he doesn't see auto manufacturers rushing to advertise his oven as an optional item on automobiles.

As It Looks From Here

Omar Burselon, M.C. 17th District, Texas WASHINGTON, D.C.— IF PRESIDENT CARTER'S PROPOSAL to adopt "instant" registration for voting in Federal elections is approved, it is a good guess it would not be long until it applies to primaries.

THE CONDUCT OF ELECTIONS in the States is not the business of the Federal Government. The President's proposal would eliminate any pre-registration to vote. A person would simply need to walk into a polling place on election day and present some form of identification to be able to vote. What this form of identification is, no one yet knows, but it certainly could not be made foolproof. At this very time, false identification used in various forms of fraud is a serious problem. It is estimated that the use of false identification costs the American taxpayers \$10 billion annually in cases ranging from welfare fraud to illegal immigration. There seems to be no problem at all in producing any kind of required identification. There would be no problem in producing the same to vote although such an elaborate effort would probably not be necessary.

The 571 points per pound (5.71 cents) increase in the national base loan rate for cotton, from 38.92 cents per pound in 1976 to the 1977 rate of 44.63 cents, will mean an increase on average High Plains cotton of only about 588 points (5.58 cents) according to calculations made by Lubbock-based Plains Cotton Growers, Inc.

Most cotton grown on the High Plains falls below the Strict Low Middling 1-1/16 inch, 3.5 to 4.9 micronaire base quality, and discounts on the lower grades and staples are an average of 27 points greater than 1976 discounts. However smaller discounts on cotton with below 3.5 micronaire will offset about 14 points of this, leaving a net loan value reduction from discounts of about 13 points.

PCG used the average of qualities produced on the Plains in the 1971 to 1975 crop years as the basis for its calculations.

PCG officials also note that 1977 is the fifth consecutive year for which the grade and staple discounts have increased on qualities below SLM 1-1/16 inches, and that it is the first time in the last five years that overall micronaire discounts have not increased.

Grade and staple discounts for 1977 on qualities that make up over 95 percent of the average Plains crop average to 542 points, 216 points more than the discounts that applied in the loan schedule of 1972.

Low micronaire discounts for 1972 and 1977, respectively are: 2.6 and below, 405 and 600 points; 2.7 to 2.9, 270 and 390; 3.0 to 3.2, 165 and 200, and 3.2 to 3.4, 70 and 65 points.

Premiums and discounts that apply in the loan schedule each year for the most part reflect spot market quotations for the period August through April of the previous year.

"Therefore the five year trend toward a greater disparity between loan values for High Plains cottons and the base quality," explains PCG Executive Vice President Donald Johnson, "means there is a similar trend in the marketplace where our cotton must eventually be sold."

The USDA announcement of premiums and discounts included a statement that freight differentials for various warehouse locations across the Cotton Belt would be released soon. The High Plains rate, considering past experience, is expected to be about 44.55.

When the exact High Plains rate is available, PCG will compute and publish the physical loan price of all cotton qualities eligible for the loan. The schedule of loan values will be a part of the second quarter issue of "The Cotton Review," PCG's membership newsletter.

THE NO PRE-REGISTRATION PROPOSAL is that many citizens are prevented or discouraged from voting by restrictive registration laws. The concern of low voter turnout is understandable. Only 53% of the electorate bothered to vote last November.

IT DOES NOT FOLLOW, HOWEVER, THAT UNIVERSAL REGISTRATION means universal voting. According to surveys, only 2% of last November's non-voters listed registration as the reason they failed to vote. It hardly seems that such a small number who say they were affected, would justify the spending of \$24 million every year which the proposal is estimated to cost.

THE AMERICAN POLITICAL REPORT shows that last November the farm belt and the Rocky Mountain

States had the highest turnout of any region. These States are mostly rural, and voting is not as easy where distances are involved as it would be in the cities. Fraud is frequently mentioned as an argument against no registration. No doubt, this method of voting would invite all sorts of cheating. The real fraud, however, probably lies in the fact that an "instant" voter who had not registered and who had not intended to vote could be herded to the polls by political machines and special interest groups.

VOTER APATHY IS A PROBLEM but a walk-in voter with no other qualification than his bodily presence hardly appears to be the solution. Participatory Government is meaningless unless citizens carefully weigh their votes. As the Dallas Morning News recently pointed out, "It is questionable whether the elimination of registration will spur many apathetic voters to go to the polls. But it should step up considerably the number of individuals voting more than once a voting day. The plan would thus produce more votes even if it didn't turn out more voters." The editorial went on to say, "If President Carter and his fellow electees in Washington really want to get Americans out and vote in great numbers in future elections, we believe that the best way would be for them to keep the faith with those who elect them."

THIS IS REALLY THE CRUX OF THE MATTER. Voting is a right and a privilege and people need to feel that their vote will once again have effect and meaning. Taming the bureaucrats and cutting Federal spending, hence restoring public confidence, would do more to spur voters to the polls than universal registration gimmicks. Such would demonstrate the recognition of the privilege, the right and the responsibility of having a real voice in choosing public officials.

No Ag Plan in Energy Program 'Disappointing,' Brown Admits

AUSTIN—Admitting his disappointment that plans for agriculture were not specifically included in President Carter's energy plan, Agriculture Commissioner Reagan V. Brown said he "would do all I can to help the President achieve his conservation goals."

"But we will be just as vigorous in championing the cause of farmers and ranchers," Brown added, "for in the final analysis, as the farmer goes, so goes the nation."

The new commissioner, named in March to fill the unexpired term of the previous head of the Texas Department of Agriculture, said he felt the President's message "was straightforward and sobering."

"There seems to me to be

a consciousness in all America that we must tighten our belts to conserve energy and move with all deliberate speed in developing new sources of energy."

Speaking of the admission of agriculture's role in the plan, Brown said, "I have great confidence that President Carter, himself a farmer, Secretary Bob Bergland, and Undersecretary John C. White are monitoring these developments to assure a supply of agricultural fuels at prices which will ensure that farmers and ranchers can stay in business."

"All Americans have a stake in agriculture's ability to produce," Brown added. "They are as close to forward and sobering."

The special ceremonies under the chairmanship of Frank Tritico, member of the Battleship Texas Commission and Program Chairman, also commemorated the 41st anniversary of the Battle of San Jacinto and the 29th anniversary of the presentation of the Battleship Texas to the state of Texas.

A bronze commemorative plaque was presented by Theodore Thompson, Deputy Director, National Parks Service, U.S. Department of the Interior. Principal speaker at the historical landmark dedication ceremonies was Mark White, Secretary of State, of the State of Texas.

The ceremonies were preceded by a concert of the Galena Park Junior High School Band, Miss Beverly Finley, Director. Speakers included Mrs. Joseph G. The program also included a memorial bell service and taps for Cruiser Houston and Submariners by the Ceremonial Detail, Veterans of Foreign Wars.

Special presentation plaques were presented by Battleship Texas Commission Chairman Ralph F. Block to Mrs. Viola Webb and Robert N. Aylin—former members of the Battleship Texas Commission. Special award presentations were also made by Chairman Block to four Texas citizens who had contributed greatly to the establishment and preservation of the Battleship Texas as a historical shrine and one of Texas' most popular

The men behind the man who minds your meter

A legion of workmen in steel mills, lumber camps, mining shafts, machine shops and oil fields make their living helping you get electricity. They produce the lines, poles, substations, fuels and wholesale power which are higher now than they used to be. LIGHTHOUSE ELECTRIC COOPERATIVE cannot control these prices.

But through careful management and greater efficiency the cost of distributing power has been kept under control. In spite of escalating prices, the men and women up front at the LIGHTHOUSE ELECTRIC COOPERATIVE are holding the line on the cost of delivering power.

Don't Miss the Pioneer Reunion Saturday!

LETTER TO THE EDITOR

Dear Sirs:

As an old timer of Floyd County I would appreciate if you would accept my letter to the editor, and I enclose \$1 for which, please send me the Hesperian for a week or two which will include our article.

I graduated from Floydada High School in May 1927 (Bessie V. Moore) then after one year in Wayland College, Clyde and I were married and moved to Pampa the same year and have made this our home ever since.

The last ten years or so, we have had a reunion for "us Moores" and every old timer-old or young are invited. We call it the "Cone-Starkey" reunion and have it at the Primitive Baptist Foundation, Cone, Texas. Everyone is invited.

Here it is, almost time for our "old Timers Get Together" again, which means everyone old or young who ever lived around or near Cone, Starkey, McCoy, Farmer, Lakeview, Mt. Blanco—on and on we could go, but most important is getting the word to all our friends and loved ones, to meet us at the Cone school house, which is now the Primitive Baptist foundation.

The date is Sunday, June 19. Bring a basket lunch, spread it with us, and we'll guarantee you'll never be the same. You will see old friends and new ones and have something to talk about for months to come.

Each time we all meet, we can't help wondering who will be the next ones to be promoted to Glory. Many are absent and are missed so very much, each year.

May God Bless and keep us all.

Sincerely,
Zora, Everett, Marion, Corene, Thula and Bessie.

A recent visitor in the G. Jack Armstrong home was Mrs. W. D. (Doris) Johnson of Riverside, California. She also visited her son, Nathan Johnson and family in South Plains. Her daughter, Jane Hild and Penny of San Antonio drove to Floydada and took her mother home with her before she returned by plane to California. Mrs. Johnson regretted she failed to visit her many friends in Floydada.

Last Saturday Mr. and Mrs. Armstrong drove to San Antonio to visit his niece, Jane Hild and family and also attended the Old Trail Drivers barbecue at the Museum Hall in Breckenridge. Mr. Armstrong is a longtime member of the Trail Drivers. The couple also enjoyed an interesting tour of the Texas Rangers Museum returning home Monday.
