Men Voting Referendum

Producers in the referendum are those who voted in the past 12 months in the FFA membership drive.

Representation on the board would be proportional to cattle production in each state or geographic area.

If the program becomes operational, the Agricultural Marketing Service of the USDA would monitor it, or serve in effect as a referee, to assure that it stays within the legislative authority, and accomplishes the goals of the program as voted on by producers in the referendum.

Should producers approve the program, the initial board meeting might be held in the late fall of 1977.

Thus, it likely would be 1978 before a research and information program for cattle and beef could be fully developed and first assessments begin on sales of cattle.

102 in Floyd County have registered to vote.

BARZA, a beautiful mecca. Chapels with neon lights and bright paint beckon tourists. The Yellow Pages list everything from courtesy limousine service and tuxedo and wedding-dress rentals to photography and receptions — all at a special rate. Most services accept major credit cards. In 1976 some 34,000 couples took advantage of no blood test, no waiting and the \$10 license.

"THERE MUST BE something to reincarnation," the man said to his wife. "I can't believe I could have gotten this far behind in only one life."

THE CECIL HAGOODS celebrated their 50th wedding anniversary with a trip to Europe and I think were on the Mediterranean aboard a luxury liner the day of celebration.

PRAYER FOR THE DAY... "God grant me the serenity to accept the things I cannot change, courage to change the things I can, and wisdom to know the difference."

MAYOR PARNELL POWELL says the people up in Iowa are mighty nice. His car broke down and he thought the fellow who got him back on the road was real reasonable on his charges.

Think he went all the way to Minnesota. I asked him if he found any of that 75 cent gasoline. He said, "no, but I saw some for 72 cents."

Wonder what brand of auto the Mayor was driving when he broke down?

I WAS OVER in the City power plant Tuesday night and the big V-12 power unit looks like brand new. The city has been a year or two getting this one ready to put on the line, and really has a bargain after "getting it all together."

...and it's needed, all power units were running full blast as there was a big electricity demand with all the air conditioners in the city going. The man in charge of the plant said that around ten o'clock the power demand would drop.

This is one of my brag points about living on the Plains. We may need air conditioners during the day, but the cool breeze at night only requires an open bedroom window.

GSPA Sides With Senate Target Prices

LUBBOCK, TX—Even with the threat of a Presidential veto, GSPA directors will ask Congress to pass a farm bill with price support levels equal to a minimum of the Senate version. Grain sorghum farmers feel that unless a farm program is passed, which would give them some real price

protection as they cut back on production, only a few farmers will be able to survive. With the high cost of production and a farm program geared to "fence to fence" planting, farmers throughout the U.S. are actually facing bankruptcy because of over production and low prices.

Sixteen FFAers Attend State Convention

Sixteen members of the Floydada Chapter Future Farmers of America will attend the 49th state FFA convention in Fort Worth July 13-15, in the Fort Worth Convention Center. Theme for the convention is, "FFA Agriculture's New Generation."

Jay Waller, president of the FFA chapter and O.L. Harris, James Cleveland and Don Stegall, chapter advisors will attend the three-day meeting of representatives of over 899 FFA chapters from throughout the state which will include the awarding of advances degrees, scholarships and the awards to outstanding members of the organization.

The following members will be voting delegates at the convention: Jay Waller, Greg Jones, Jimmy Covington, Carria Bursleson, Monte Lyons, Clinton Ware, and Adeana Morris. Other members attending include chapter treasurer, Caren Campbell and adults, Mr. and Mrs. Travis Jones.

A vesper Program will be conducted by the State FFA Officers on Tuesday evening. Keynote speaker for the first General Session Wednesday morning will be Bob Richards, former Olympic Track Star and now a rancher in Gordon, Texas. Thursday morning James Bode, National FFA President, Geary, Oklahoma, will address the Convention.

Friday morning O. Samuelson, Radio and TV Farm Director of WGN, Chicago, will highlight the program.

Ken Johnson, State FFA President, Nacogdoches, will preside. He will be assisted by Vice-Presidents, David Booth-Amherst; Dusty Thrash-Plains; Mike Mooney-Conroe; Greg Pope-Eula; Clyde; Heck Leake-Sherman; David Gates-Carriage; Scott Hofmann-Mason; Frank Robinson-Mexia; Jay Dreibelis-Pharr-San Juan-Alamo. Scott

One of the highlights of the Convention will be the awarding of the Lone Star Farmer Degrees to the following Floydada members of the Chapter: Jon Jones, Clay Hamilton, Kerry Pratt, Bill Starkey, Kenneth Griggs, Kenneth Cox, Hugh Miller and Jay Womack.

Among the important business matters to be transacted at the Convention will be the election of a state president from ten state officer nominees who have been elected by members in the ten areas of the state. In addition, delegates will elect a state sweetheart from the ten (10) candidates elected by each area and will select the top talent team in the state. More than 5,000 FFA Members, Advisors and Guests are expected to attend the Convention.

GSPA directors object to the Administration's logic behind its limitations on the commodity price supports to farmers while supporting the expensive food stamp program, which is included in the same farm bill. A \$2 billion limit has been set for the commodity price support programs and \$6 billion limit has been set for the commodity price support programs and \$6 billion for the food stamp program. If the farmers' protection portion exceeds \$2 billion, a Presidential veto is threatened.

The Senate bill, which already has passed, has a target price for corn of \$2.28 per bushel (\$4.07 cwt), and the House bill proposes \$2.10 per bushel (\$3.75 cwt). Grain sorghum will be set at 95-100% of corn.

The House of Representatives is scheduled to vote on the farm bill in July. At that time, GSPA representatives will be in Washington working to get the House version of target prices increased with an effective set aside program.

Dr. James Enters Dallas School

Doctor Terry James, who moved his family to Floydada a year ago and has been medical doctor at Cogdell Memorial Clinic moved his family to Dallas last week.

At Dallas he will attend a school to become an anesthesiologist. This leaves Floydada with only three medical doctors.

Dr. James will be going to school in Dallas for three years.

Anyone knowing of a medical doctor who might be interested in moving to Floydada is asked to notify the Chamber of Commerce office, 983-3434 and contact will be made with the prospective doctor.

Self Defense Course For Women

Trooper Burt Sinclair of the Texas Department of Public Safety will teach a self defense course for women and girls tomorrow (Friday) beginning at 7:30 p.m. in the Lockney First United Methodist Church Fellowship Hall.

High-school girls are encouraged to attend and if possible to have their mothers come with them. Anyone age 14 and up is welcome.

PIRATES-WHITE SOX

The White Sox stayed unbeaten for the year with a 8 to 5 victory over the Pirates. The Pirates had 4 hits, the Sox had 5 hits. Pitching for the Sox were Dale Nelson, Gilbert Cedillo, Cornelius Campbell, and Damon Pleasant. Pitching for the Pirates were Leif Younger and Freeman Jones. Shannon Barbee had outstanding night both on offense and defense.

CUBS-PIRATES

The Pirates won over the Cubs 7 to 4 by scoring 3 runs in the sixth inning. The Pirates only had 2 hits, but scored on walks and passed balls.

Leif Younger struck out 17 Cub batters in the six innings that he pitched. The Cubs outhit the Pirates for the night, but could never score enough runs due to Younger's outstanding pitching. Coy La Baume pitched 4 innings and J.D. Wilson pitched 2 innings for the Cubs. La

Baume had 11 strike outs and Wilson had 6 strike outs.

WHITE SOX-YANKEES

The White Sox and the Yankees played 3 complete innings before the game was washed out, with the Sox leading 6 to 4.

CUBS-WHITE SOX

The Sox continue their winning ways as they beat the second place Cubs 8 to 2. The Cubs had only 1 hit for the night as White Sox pitchers struck out nearly every batter they faced, pitchers for the Cubs were Coy La Baume (1 inning) and Jerry Don Wilson (5 innings). Campbell led his team in hits, he had 3 of their 7 hits.

Mail Rates Are Hiked

Mail rates go up this week for newspapers, magazines, books, records and non-profit mailings.

The raise for second class publications will amount to an average of 21 per cent higher than existing rates. The increase is the sixth annual step in a phased increase. Eventually, unless the law is changed, the

preferential rates allowed for newspapers, magazines, other publications, as well as books, records and non-profit mailings will be discontinued and full postal rates will be charged.

The rate hike will affect libraries mailing books and non-profit organizations who mail in bulk as well as newspaper subscriptions

Quick Action By Police Force Nets Stolen Car In Two Hours

In less than 15 minutes after a new 1977 Pontiac was stolen Sunday morning about 11:15 from Dick Lyons in South Plains, police forces from Floyd, Hale, Briscoe, Swisher, Motley, Randall and Potter Counties were on the hunt, and the car and its two occupants were halted on the road to Palo Duro Canyon Park within two hours according to Floyd County officials.

Floyd County dispatcher, Louise Newton, said the two men to be later apprehended in the stolen vehicle, were hitchhiking just outside Floydada on the Silverton Highway. They were picked up by a Floydada man traveling to South Plains who reported he let them out of his car near the Lyons home. Mr. Lyons noticed his car being driven off and

alerted his employer Don Marble, who contacted county officials. Within minutes the Marble plane and one other was in the air and deputies dispatched to apprehend the vehicle with a 21 mile head start, traveling toward Silverton. Before the chase ended two more planes were added to the search, the dispatcher reported.

The car was stopped in Tulia by a policeman but somehow the two outwitted the official and the chase was on again, the dispatcher reported. At 1:01 p.m. a message was received that Randall County 611 unit was in hot pursuit of the vehicle at 195 MPH on Highway 217 into the Palo Duro Canyon Park road. The driver of the stolen vehicle went through the ranger gate, realized where he was at, made a

sharp u-turn and started out. The patrol turned his car across the highway, blocking passage of the stolen vehicle, and after a grinding side swipe he was able to apprehend two Latin Americans in the car, despite a minor injury and over a \$1000 damage to his patrol car. He was assisted in the arrest by a patrol unit who arrived immediately after the collision.

Nineteen year old Plessie Charles of Silverton was jailed in Floydada and his brother, 21 year old Cervando (Sam) Charles of Floydada was jailed in Canyon where charges are pending. Local officials praised everyone who had any dealings with the apprehension of the two saying they had never received so much cooperation over a stolen vehicle before.

MRS. RUSSELL WILSON

Miss Laura Watson, Russell Wilson Pledge Vows In Garden Ceremony

Wedding vows were pledged Sunday evening in a garden setting by Miss Laura Ann Watson and Russell Gail Wilson.

The bride is the daughter of Mr. and Mrs. Roland Watson of Lockney, and the groom is the son of Mr. and Mrs. Floyd Jackson and Mr. and Mrs. Gail Wilson, all of Lockney.

Bobby Hise, a Church of Christ minister formerly of Lockney and now residing in Albuquerque, New Mexico, directed the 7:30 p.m. wedding ceremony. The wed-

ding party stood before a grape arbor for the exchange of marriage promises in the garden of the bride's grandparents, Mr. and Mrs. Glen Watson of Lockney. A hanging basket of pink gladioli accented the grape arbor.

Guests were registered by Miss Kristie Ford and were assisted in being seated by ushers Glen Watson and Danny Wilson.

A chorus from the Main Street Church of Christ sang the traditional wedding march for the processional,

and "We've Only Just Begun" as the recessional. Special songs were "Evergreen," sung by Reeda Kay Smith, and "Wedding Song," a solo by Rusty Thornton.

Also in the chorus were Janie Carter, Kathy Harris, Marilyn Smith, Keith Stansell, Janie Klein, Carol Lyon and Van Bradley.

Miss Christy Vincent was maid of honor. She and the flower girl, little Shana Kelley, cousin of the groom and daughter of Mr. and Mrs. Dan Kelley of Clovis, New Mexico, were dressed in

identical floor-length gowns of pink quiana. The dresses were fashioned with cap sleeves and criss-cross bodice which formed a "V" neckline. Both wore picture hats trimmed with pink ribbon streamers and accented with baby's breath. The maid of honor's bouquet was of pink silk roses and baby's breath. The flower girl carried a small white wicker basket of rose petals.

Aaron Wilson served his brother as best man.

GIVEN BY FATHER

The former Miss Watson was presented for marriage by her father, Roland Watson. The bride's gown of white organza was of formal length. A sheer yoke enhanced the scooped neckline of the dress and was trimmed at the neckline with a stand-up collar of chantilace. Two bands of Chantilace fell from the edges of the yoke to the center front of the empire bodice in a "V." The long, fitted sleeves were of chantilace, ending in a self ruffle over the wrist. The skirt had an apron effect, trimmed in chantilace and a narrow flounce. A matching flounce edged the hem of the dress and swept to the back to form a chapel train. Her fingertip veil of illusion was outlined in chantilace. The bride carried a cascade arrangement of white silk roses and pink silk rosebuds tied with white ribbon streamers.

Following tradition, the bride wore the wedding band of her great-grandmother, the late Mrs. W.C. Watson for "something old;" her "something new" was her dress, and she wore a blue garter and borrowed a ring from her maid of honor. In her shoe were pennies commemorating the birth years of both the bride and

the groom. A reception was also held in the garden. The serving table was covered in a white satin floor-length cloth. A soft fold of tulle outlined the top edge of the table and was caught at intervals by small arrangements of pink silk roses, greenery and long pink ribbon streamers. The centerpiece was an arrangement of fresh pink roses and baby's breath in an antique silver epergne. The tiered wedding cake was held by pedestals over a small fountain flowing with pink water. A bride and groom figurine topped the cake. Crystal and silver appointments completed the table setting.

Mrs. Mike Marble and Mrs. Ron Carthel served. They were assisted by Mrs. Wayne Bramlet, Mrs. Ted Carthel, Mrs. Kenneth Murdoch, Mrs. Mac Howard and Mrs. Tommy Montandon, aunt of the bride.

Special guests at the wedding were the bride's grandparents, Mr. and Mrs. Glen Watson of Lockney, and Mrs. V.A. Monnier of Dallas; the groom's grandparents, Mr. and Mrs. A.S. Jones of Sterley.

Out-of-town relatives attending were the bride's aunt, Mrs. Bob Smiler of Atlanta, Georgia; the groom's aunt, Mr. and Mrs. Carrol Briggs of Clovis, New Mexico; Mr. and Mrs. Paul Montandon and Shawn of Tyler, Mr. and Mrs. Dan Kelley and Shana of Clovis, Mr. and Mrs. Ted Bruce and Julie of Estelline, Mr. and Mrs. Jim Reynolds and Rhonda of Crosbyton, Mr. and Mrs. Carl Jackson of Plainview, Mrs. Mary Rosalea McLaughlin of Plainview, and Mr. and Mrs. E.M. Jackson of Floydada.

Also attending the wedding from out-of-town were Mrs. Bobby Hise and child-

ren of Albuquerque, and Mrs. Martha Evans of Lubbock.

WEDDING TRIP

Following a short wedding trip, the newlyweds will be making their home in Tyler where the groom is employed with Caskey & Montandon Building Contractors. Mrs. Wilson is a spring graduate of Lockney High School and her husband was graduated from the same school in 1976.

Prior to the wedding, the bride was honored at a luncheon Wednesday, June 29. Mrs. Ted Carthel was hostess, assisted by Mrs. Wayne Bramlet.

A rehearsal dinner in Rogers Cafe Saturday night honored the bride and groom and the wedding party.

BRIDESMAID'S LUNCHEON

A bridesmaid's luncheon Wednesday before the wedding honored Miss Watson and her bridesmaid, Miss Vincent. The luncheon was in the home of Mrs. Ted Carthel in Lockney, with Mrs. Wayne Bramlet assisting with hostess duties. Special guests were the mothers of the couple, Mrs. Roland Watson and Mrs. Floyd Jackson. The bride's colors of pink and green were used in decorations. Mrs. Tommy Montandon, aunt of the bride, said the blessing for the meal.

MRS. MARTIN WADE FINCHER

Sherry Teague, Wade Fincher

Miss Sherry Lee Teague of Hurst and Martin Wade Fincher of Tucson, Arizona exchanged wedding vows at a 7 p.m. ceremony Saturday, July 2 at the Richland Hills Church of Christ.

Eddie Gooch, youth minister, officiated.

Parents of the couple are Mr. and Mrs. Roy H. Teague 1032 Reed St., Hurst and Mr. and Mrs. Kenneth Fincher of Tucson, Arizona. The bride is the granddaughter of Mr. and Mrs. Riley Teague, and Mr. and Mrs. A.V. Womack and great granddaughter of Mr. and Mrs. Earl Bishop all of Floydada.

She wore a princess line dress of candle light organza that featured a scoop neckline and long fitted sleeves accented with lace and pearls. It was fashioned with a detachable float which formed a flowing train of alcon lace scattered with seed pearls. Her veil was a three tiered waistline illusion attached to a crescent-

**Girl Scouts To
Session In Wyoming**

Geological digs, fishing and nature study during their stay at the center.

The Wyoming Trek program is an event in which Girl Scouts, usually as patrols, meet at the center, come to NCW to participate in any number of outdoor oriented activities.

Five campsites with some permanent structures accommodate hundreds of Scouts during the year.

Core staff on the site are specialists in their fields serving as administrators in every facet of the program.

Miss Jody Morrison, formerly executive director of Permian Basin Girl Scout Council, Odessa, is director of the National Center West. This Trek is sponsored every three years by Caprock Girl Scout Council.

**Shower Honors
Mrs. Cummings**

A bridal shower, honoring Mrs. Kim Cummings, nee Miss Monica Gaydos of Glen Rose, was held Saturday afternoon, July 2, from 2:30 to 4:30 p.m. in the home of Mrs. Early Pritchett, near South Plains.

Yellow and white were featured throughout the entertaining rooms. The serving table was laid with lace over yellow linen, and centered with a bride doll dressed in delicate yellow tulle and white lace. Yellow candlesticks completed the table setting. Angel food cake balls with yellow mints, and gold colored punch were served from crystal appointments by Mrs. Margie Young and Mrs. Kathy Mulder.

Special guests present were a grandmother of the groom, Mrs. Zach Cummings of Lockney; his aunt, Mrs. Hilburn Casey also of Lockney; the groom's mother, Mrs. Sterling Cummings and his sisters, Mrs. Mark Sanders and Mrs. Robert Pyle of Floydada.

Mrs. Carlene Johnson presided in the gift room.

Hostesses for the bridal party with Mrs. Pritchett were Mmes. Philip Smitherman, L.T. Wood, E.J. Kin-slow, Travis Young, Glen Wood, Dean Stewart, Ursel Taylor, John Wilson, Ruby Higginbotham, Hansel Sanders, Grigsby Milton, Jr. Fred Blake, Kendis Julian, J.N. Johnson, Sylvan Kinnibrugh, and Murray Julian.

Their gift was dishes of the bride's pattern.

The bride and groom were here from Glen Rose, where they are making their home. They were married June 25 in Glen Rose, with Rev. H.S. Calahan Jr. uncle of the groom, officiating at the ceremony.

Intelligent, mature and outgoing, Louise Klasinski, 23, could have had her choice of jobs. But she is an ombudsman in Chicago's Cook County jail, serving as liaison between inmates and officials in one of the largest jails in the world.

Miss Klasinski is a familiar figure there. While still attending the University of Illinois, majoring in criminal justice, she ran a program involving volunteers who helped prisoners get jobs. On a state grant, she spent a summer in the jail doing research on revamping prison facilities. When the county offered her a job, she grabbed it, although it

meant leaving college.

The youthful ombudsman feels at home in jail. "My mother," she says, "was raised on Federal pen grounds." Her grandfather was a prison surgeon at Leavenworth and Atlanta penitentiaries. "When I went to visit him" she related, "I always had inmates around. I always felt they were the most neglected people in society." Though Cook County is a holding facility, many spend up to three years there, unable to make

bail. When inmates tell her their grievances about privileges denied or more serious problems such as physical assault, she listens. They can level with her. "You don't ever make promises you can't keep," she says. "You tell them straight out what they're up against." They trust her, she knows, or they wouldn't talk to her at all.

But Louise Klasinski is painfully aware of the poverty and illiteracy which underlie the problems of most inmates, of the need for change, for public funds and of the extent of public ignorance. This is beyond her.

This has been a quite week at the home. Monday we had our music therapy and the girls sang and played for the residents.

Wednesday we had a nice field trip. Looked at some beautiful crops but some of them are weedy because of so much rain. Taking the trip were Mr. Freeman, the driver and Florence Badgett, Docia Manning, Dora Langford, Agnes Anderson, Henry Love and myself.

Thursday was fun day with bingo. Top winner was Clara Williamson with four games. Pearl Carrick and Ray Reed won three each. Agnes Anderson and Hope Hammonds two games each and Hallie Bertrand one game. Everything had a real nice time. They always enjoy bingo.

The residents have also had some good domino games this week. Pearl Carrick, Agnes Anderson, Ray Reed, Hope Hammonds, and Mollie Jones all have played. Paul Westbrook (our Administrator) and family have been on vacation and we are happy to have them home again.

Agnes Adnerson's daughter and husband from Abilene visited with her during the weekend and Mary Plumlee's daughter and husband from California visited her last week.

The 4th of July was very quiet for most of our residents.

We appreciate all our visitors this week which have included: Viola Weems.

Mrs. Mary Helen Wilson, Mr. and Mrs. Hollis Payne, Hollis Jo., and Tammy, Mrs. George Wexler, Nevada Reynolds of Houston, Sue Moore, Mr. and Mrs. Clifford Wehl, desert Hot Springs, Calif. A food's natural acidity is one
factor affecting canning. High-acid

South Plains News

By Mrs. Murray Julian

July 4th in South Plains is a holiday for most of our people, with some spending the weekend on the Greenbelt Lake and other nearby lakes. Others are gone visiting, and some had just an ordinary work day, but with our people we stand just a little prouder, and just a little more proud when we hear the songs of this great country of ours. I for one, am proud to be an American.

and am glad to have the Stars and Stripes flying over our homes.

There are a number of anniversaries and birthdays in July in our vicinity, and among the birthdays are those of Sandy Powell, July 4th; Nathan Johnson, July 8th; C.V. Blake, July 13th; Kristi Julian, July 15th; Kendis Julian, July 18th; Troy Dee Johnson, July 20th. Anniversaries in July

are those of Mildred and Harold Hamm, July 3rd; Hazle and Fletcher Powell, July 4th, Doris and Tillman Powell, July 10th; Donna and John Rushing, July 12th; Kathy and Nathan Mulder, July 14th, and Dot and Kendall Cummings, July 22nd.

Mrs. Hand Dickens and little son, Henry IV, from Plainview, spent Saturday and Sunday here with her parents, Mr. and Mrs. Sylvan Kinnibrugh while Hank went on a fishing trip Saturday night.

Tuesday night our community received wind and rain coming from the north. E.J. Kinslow received .80 on

his farm, while here in South Plains we had about .30 or 1/2 inch in places. South of South Plains there was no rain to speak of. The cotton and maize are really growing. This 4th of July many of the farmers are turning on wells.

Three girls from our community graduated with others at a ceremony Friday, June 25th, at the Lighthouse Electric after a busy week learning cooking, nutrition, and other phases of housekeeping. Those from South Plains were Cindy Marble, Mitzi Julian and Cindy Mulder.

George Robertson, of Plainview was in the Central Plains Hospital in Plainview from Wednesday to Sunday. He is home and doing well at this time. He is the father of Mrs. Keith Marble of this vicinity.

Mrs. Ethel Powell from Van Alstyne, arrived here Saturday to spend this week with sons, Mr. and Mrs. Fletcher Powell and Mr. and Mrs. Tillman Powells. Others with the Fletchers Powells are their grandchildren, Vicki, Debra and Tonya, from Cedar Hill.

Mr. and Mrs. Frank McClure went to Lubbock Tuesday to visit in the home of his sister, Mr. and Mrs. C.R. Givnes. His youngest sister, Mrs. Melvin Hendrickson of Eastland was also there visiting.

Mrs. Lillian Marble is in Methodist Hospital in Lubbock, but has been doing much better since Saturday. She was taken there Tuesday of last week, suffering with a heart ailment. The families here, the Fred Marbles, the Keith Marbles, and the Don Marbles have all taken turns staying at the hospital with her. Mr. and Mrs. Marvin Wells arrived over the weekend and June is now staying with her mother during the days.

Wednesday morning of this week at 9:30 a.m. all members of the Dorcas Sunday School Class of the Baptist Church and other women of the church are invited to their quarterly meeting at the home of Mrs. Mamie Wood.

Sunday night, July 10th, there will be an ice cream and cake supper held at the South Plains Baptist Church for young people of the church.

Among visitors present at the South Plains Baptist Church Sunday morning were Mr. and Mrs. Zach Cummings, home from WT

at Canyon, for the summer; Mr. and Mrs. Kim Cummings of Glen Rose, newly wed couple; Mrs. Ethel Powell of Van Alstyne; and Debra, Vicki and Tonya Powell of Cedar Hill.

Mrs. Gary Gilbreath of Perryton and sons, Jeffrey and Jeremy, visited here Friday. Kathryn Powell went home with her to stay for some time.

Mrs. Sylvia Kinnibrugh left July 4th for Truscott, where she will spend several days with her sister, Mrs. W.H. Simmons.

Staff Sgt. and Mrs. Kenneth Powell from Fort Sill, Oklahoma, where they are stationed with the Armed Forces, arrived here July 4th to spend that day and Tuesday with his parents, Mrs. Fletcher Powell and family.

Mr. and Mrs. Alvin Nichols left last Tuesday for Sweetwater where they spent the night with Glen Whitfill and their daughter, Miss Cindy Whitfill, arriving at 5:30 a.m. Thursday morning. Miss Whitfill's fiancée, Terry Michaels of Dallas was also there to meet them. They all came home by way of Johnson City, and while there they took a bus tour of the LBJ Ranch, stopped at the house where LBJ was born and reared, went through the museum in Show Barn, and enjoyed seeing the ranch home. The group spent the night at San Marcos, and returned home Saturday. Mrs. Whitfill and Cindy had spent the past weeks touring Switzerland, Spain, France and Germany. The Nichols and Glen Whitfill spent some time in Austin, while gone, and enjoyed seeing the state capital.

Mr. and Mrs. Kim Cummings of Glen Rose arrived Friday to spend the holiday weekend with his parents, Mr. and Mrs. John Cummings and John.

PLAN FOR FALL LANDSCAPE COLOR—Consider four popular plants for fall landscape color—the chrysanthemum, candle tree, copper plant and Joseph's coat, says a landscape horticulturist with the Texas Agricultural Extension Service. Mums are the queen of fall flowers. Candle trees boast showy yellow bronzed foliage while Joseph's coat is famous for its colors of red, orange, green and yellow.

GI Home Loan Rates Up

Effective May 31, 1977, the interest rate on GI home loans for veterans became 8 1/4%.

Eligible for GI home loans are veterans who served honorably for 90 days or more at any time between September 16, 1940 and July 25, 1947. Also entitled are veterans who served honorably for 90 days or more during the Korean Conflict which began June 27, 1950, and ended January 31, 1955, or whose honorable service of 181 days or more occurred on or after January 31, 1955.

Also eligible are the surviving spouses of persons who served during the above mentioned periods and whose deaths are shown to have been caused by such military service. In addition, GI home loans are available to the spouses of military personnel

listed as missing in action or prisoners of war.

Most GI home loans are made by private lending institutions, with a portion of the loan being guaranteed by the government. Under present law, the Veterans Administration is authorized to guarantee 60% of the loan amount, up to a maximum of \$17,500. Persons desiring a guaranteed home loan under the GI program should discuss their needs and desires with a local private lending firm, who will assist in completing the necessary paper work. A veteran remains eligible until he or she actually uses the VA entitlement, as there is no time deadline involved.

Further information on GI home loans may be obtained from the local Veterans Service Officer.

Food Stamp Bonuses Increase To Meet Demands Of Inflation

WASHINGTON — Millions of low-income Americans will get larger government food stamp bonuses beginning July 1 to help offset higher grocery costs, and another increase is likely next year.

A typical family of four will get \$170 in food stamps each month under the new formula, a 2.4 per cent increase from the \$166 allocation that had been in effect since Jan. 1, 1976.

The \$4 a month increase is the first boost in 18 months.

The Agriculture Department adjusts food stamp allocations on Jan. 1 and July 1, with February's food costs dictating the July 1 rate and the August costs controlling the Jan. 1 adjustment.

Stephen J. Hiemstra, director of economic analysis and program evaluation in USDA's Food and Nutrition Service, said it is "very likely" there will be another increase next Jan. 1, depending on the August figures.

"Keep in mind, however, that there's a seasonal increase in food prices in the summer," he told a reporter Thursday. "So I think it's logical to expect some increase."

The \$5.4 billion program served 17.1 million people in April, down from 18.7 million a year earlier when unemployment was higher. This represents about 5.3 million households, using the agen-

cy's calculation of 3.2 persons a household.

The USDA uses a special "thrifty food plan" to compute food stamp benefits. Unlike the food prices used in other federal cost of living statistics, the USDA bases its estimates on food likely to be consumed by low-income families.

Its plan includes more cereal products and fewer meat and dairy items than more affluent families usually consume, but the USDA considers it a "nutritional-ly adequate diet."

Depending on its size and adjusted income, a family is required to buy a certain number of stamps but then gets bonus coupons to greatly increase its buying power at the store.

Nationally, food stamp recipients average about \$10 worth of coupons for each \$4 they spend on them.

For example, under the new formula a family of four with an adjusted income of \$190 to \$210 a month will pay \$53 to get a total of \$170 in stamps — a bonus of \$117 in free coupons. It has been paying \$53 to get \$166 in stamps each month.

The cost of the plan last February was \$169.30 a month for a family of four, including two adults and two school age children. Since the cost is rounded off at the nearest \$2 increment, the July 1 rate was set at \$170 a month.

Other USDA figures show that the

thrifty menu actually cost \$172.20 in May for the four-member household. If the August rate holds at near that level the Jan. 1 increase will be \$2 a month for a family of four.

Congress is considering proposals to remove the monthly purchase requirement and give the bonus stamps free to eligible families.

FARM EXPORTS PAY FOR IMPORTED GOODS

Because America exports more food and fiber products than it imports, the resulting "favorable balance of trade" pays for many foreign products such as cars, wines, cameras, and in particular, oil. To buy the foreign goods we want, we have to sell overseas to get the money to buy, points out a marketing specialist with the Texas Agricultural Extension Service. As long as our exports remain strong, the value of the U.S. dollar remains strong. Agricultural exports contribute greatly to this favorable trade balance, with a net total of about \$12.6 billion in 1976.

China May Become U.S. Wheat Mart

In an effort to enlighten the world a little more about China, the International Wheat Council in London has issued a survey of the grain economy of that nation. It doesn't tell the American farmer whether China will be in the market for wheat, but it does reveal some of salient facts about the country, which might tend to suggest its needs now and for the future.

The Wheat Council readily admits its survey is not based on "official information," but rather on information gathered from various apparently reliable sources.

To begin with, for many years China has been a regular importer of wheat, its

LETTER TO THE EDITOR

Banks use this \$400 million (which belongs to the people of Texas) without paying 1 cent of interest. Why should the banks benefit from this money rather than the taxpayers? Fortunately, something can be done about this scandalously inefficient money management. But it is up to the Governor to include appropriate legislation in the July 11th Special Session of the Legislature.

Texans who want to stop this senseless waste should write Governor Dolph Briscoe at the state capitol in Austin and insist that this money management legislation be included in the Special Session. If this revenue does not

come from interest, then it will come from the taxpayers' pockets.

During the regular session I introduced H.B. 1984, which would have saved the taxpayers \$42.6 million each biennium. Although the bill passed overwhelmingly (127-5) in the House, it died in the Senate.

Incompetent, inefficient investment can cease, if you are willing to invest your time in writing a letter.

You have the choice of saving now or paying later. Voice your support to the Governor now.

The Floyd Philosopher Discusses Confusion This Week Without Clearing It Up

Editor's note: the Floyd Philosopher on his Johnson grass farm discusses confusion this week, without clearing it up.

Dear editor: Americans, mostly, if given the facts, will act rationally, excusing some people here and there, mostly there, but getting the facts is the hard part.

I don't have any way of keeping score on this, but I suspect the big news outfits, like the television and radio networks, send out wire services and big newspapers, send out about as much misinformation as information. It's not intentional, they just don't know any better. They just report what somebody tells them.

Take the energy shortage. In the last few months I've read or heard on television that: (1) oil and gas will run out in 20 years, (2) they'll run out in 40 years, (3) next winter, and (4) the earth has 1,000 trillion cubic feet of natural gas, enough to last 2,000 years, and un-told barrels of undiscovered oil.

Only a Congressman could believe all four

Big' San Antonio Passes 'Little D'

SAN ANTONIO AP) — San Antonio newspapers were gloating Tuesday over U.S. Census projections that put this South Texas city ahead of rival Dallas in population as of July 1 this year.

The afternoon San Antonio News carried the story beneath a two-line headline that boasted in large type on the top line, "BIG S.A." and in tiny type below, "little d."

The morning San Antonio Ex-

press was more restrained: "San Antonio Breezes by Dallas." San Antonio's estimated population as of July 1, according to the census figures, will be 801,475, while Dallas will be 800,846. San Antonio thus will be Texas' second largest city, trailing only Houston.

TEXAS 4-H COUNCIL—Some 600 Texas 4-H youth will be learning about "Oceans of Opportunity" at the 1977 Texas 4-H Congress, July 19-22, at Corpus Christi. The youth will be learning what the sea is all about.

Or take that town in California where the people were told if they didn't start using less water they'd all run out. They believed it, till the city told them if they didn't stop saving so much their water bills would be doubled. And back when gasoline was selling for 30 cents a gallon and we had a shortage with cars lined up at service stations trying to get a few gallons, I heard a man say that when gasoline goes to 50 cents a gallon plenty of the stuff will show up. It did.

You see, the two laws of economics most people don't understand: (1) the higher the price of gasoline goes, the more there is, and (2) the lower the price of farm products goes, the more the farmers produce.

This problem could be solved if we'd put farmers in charge of gasoline and the gasoline people in charge of farming. It's not likely. The main trouble with the energy problem is that it's hard to get the facts when there aren't any.

Yours faithfully, J.A.

Hunter Safety Course Slated

Joe Davis, Civilian Hunter Safety Instructor with the Texas Parks and Wildlife Department will conduct a course in hunting safety July 11 and 12, at Plains Baptist Assembly, located 9 1/2 miles south of Floydada. The session will get underway at 7:30 p.m. on July 11th and last until 10:30 that evening. The July 12th session will be conducted from 1 to 5 p.m.

The charge is only \$1.00 per person for registration and books and those interested should register at the time classes convene.

A complete course in hunter safety will be taught, and those completing the course will receive hunter safety cards.

As It Looks From Here

WASHINGTON, D.C.—One of long experience and observation should never be surprised or amazed at some of the "goings on" here in Washington but it happens almost daily. Two pending proposals furnish perfect examples.

A bill has been introduced to slow the movement of Northern industries to the South which could pit the North against the South in a Congressional battle. The measure is called the National Employment Priorities Act. It provides that, if a manufacturing plant is considering a move which would cause as much as 15% of its employees to lose their jobs it would be required to notify the Secretary of Labor two years in advance; become the subject of a Government investigation at the request of the Secretary of Labor, a union, or 10% of the employees. After a public hearing, the Government would determine whether the move is justified.

The unions, of course, support such legislation and it is understood it has strong backing in the United States Senate. As a matter of fact, Vice President Mondale was a sponsor of the idea during his last term in the Senate. Another wild piece of legislation by Senator Proxmire of Wisconsin would require banks, savings and loan or other lending institutions to lend money more on the basis of political and social requirements than on economics. The Government would determine what the requirements are. It is called

'Excellent Opportunity' Seen For Cotton Producers In 1980's

RALEIGH, N.C.—An analysis of the world cotton market in the 1980s indicates that U.S. cotton producers have the potential for an expanding cotton market in the coming years.

Looking beyond the current market to 1980 and 1985, economists at Cotton Incorporated, the fiber company of American cotton producers, say several factors point to this conclusion.

These factors, they say, include:

-Continued growth in the world population.

-Further increases in standards of living in many areas of the world.

-The likely inability of foreign cotton producers to increase production at a rate equal to increases in foreign consumption.

-Rising prices for synthetic fibers, forced by high energy and other production costs, placing cotton in a better competitive position.

David Jordening, Cotton Incorporated associate director, economic research and development, says Ameri-

can cotton producers will be able to put as much land into cotton as is needed to meet the demand in 1980 or 1985.

"In these areas," he adds, "life styles and living standards favor cotton and will tend to slow the market penetration of synthetic fibers."

While economic expansion in most parts of the world in the late 1970s and early 1980s is not expected to match the rapid rate of expansion experienced in the mid-1960s, the growth is likely to restrict growth in use of synthetic fibers more than cotton, says Jordening.

He says these considerations, and the fact that cotton producers have turned back the thrust of the synthetic fiber producers in the United States, through the Cotton Incorporated program, point to a troubled outlook for world synthetic fiber producers.

He explains that as people's incomes and standards of living improve, they first fill their basic needs, such as clothing. At higher income levels, more and more fiber is directed into such non-cotton, non-apparel ends as tire cords and carpets.

Don Williams plays laid-back country

By MARY CAMPBELL
AP Newsfeatures

In America, country fans know Don Williams and pop fans don't, by and large. In May, his new single, "Some Broken Hearts Never Mend," was hitting No. 1 on the best-selling country charts as it was entering the pop charts at No. 100.

But in England, the BBC programs Don Williams a lot right along with the Eagles and other top pop groups and his records sell correspondingly better than they do in his home country. In America, where there are

feels comfortable in all day. His face and manner appear rural, not show business. He plays a guitar and travels with two backup musicians; his records generally use the same five studio musicians.

Williams says, "I get letters from people that are 80 years old or so and they say mine is one of the first really country sounds they've enjoyed for years. And I'll turn around and somebody that doesn't like country at all will come up and say they're a rock fan but like what I do because it's not country. I don't understand

could happen from me recording them as we would come out with some good demos. As it turned out, we started releasing some of them as singles and they started catching on. That was the last part of 1971, first part of 1972."

Williams made a second album on JMI also; all his albums are on the ABC-Dot label. But he had been in music before and that time, on a pop not a country road. "Lofton Kline and I had gotten together and were working around Corpus Christi doing little things, under the name of the Strangers Two. We were invited to a hootenanny in 1964 at Del Mar College in Corpus Christi. We met Susan Taylor and just from warming up and singing a little harmony in the dressing room, I called her for the next rehearsal and we kind of put it together.

"The three of us went to Houston, as the Pozo Seco Singers, and cut a record for an independent label. It did well all over Texas and Columbia Records picked it up and signed the group to a contract. "The music was supposed to be folk country but our first record, 'Time,' pushed us more in a folk pop direction."

The group broke up in 1970. Williams says, "We just kind of felt like we'd done it long enough." He didn't like pop music so much anyway. "Going in a studio to try to imitate what somebody else has done

was what we were doing. That never has made any sense to me."

Williams thought he could be freer and more original in

a lot of radio stations each specializing in a certain category of music, most pop stations' programmers don't even listen to the records they receive by country artists.

"In England they like the simple lines of Don's music," says his wife, Joy, "rather than a big band behind a country singer. They like the softness."

Williams' records are laid back and economical rather than overblown. He appears on stage wearing nonsplangled denim jacket and jeans and a hat, the same kind of clothes he

how everybody arrives at these decisions they make."

A new album, "Visions," on ABC-Dot Records, is Williams seventh. He recorded his first one, for JMI Records, because he was working for that company as a song writer and nobody was singing his songs. "There were songs some friends of mine had written and some I had written. I really believed in those songs. We sent them everywhere and couldn't get anybody to do anything with them."

country music. "I liked the songs. The form is very basic, which I like. Probably the reason I like it and understand it as much as I do is that I grew up listening to it.

"I felt that if I was going to have any success, I was going to do it the way I felt it and wanted it."

Williams, 37, born in Floydada, Tex. has high mechanical aptitude and has worked at various jobs in oil fields, driving a truck and hunting debtors for a...

He took a nonmusic job after the Pozo Seco Singers broke up but not for long; the family, including Gary, now 10, and Timmy, now 14, moved to Nashville, and she started at JMI.

Williams' best-known record is "Amanda," written by Bob McDill. He also has been in a movie, "W.W. and the Dixie Dance Kings," in which he was a bass player in a country band. It was an acting job; the soundtrack didn't use any of his music.

The picture's wardrobe man, whose hobby is making hats to suit a person's features, made a hat for Williams. At first he wore it off and on and now wears it all the time, including indoors. "I've come awful close to wearing it into the shower," he says.

"Hopefully, I can keep what I'm doing getting better. And stay loose enough that if something really interesting comes along I'll be able to do it," Williams says, "and just stay happy." If he does another movie, he thinks he'd most like it to be a Disney Western.

Would he like to be a giant star? He doesn't know. He likes his family life, 15 miles outside
