Autumn Sets Up Great Sowing

...rolling in from the Floyd county with some late Saturday...and seemed to get better the they drifted. Dougherty area up to reported. Downtown (Elevators) report- ed 1.4 of rainfall. Back on the west side of the county, Barwise reported only a quarter of an inch. McCoy area and the Floydada area reported around .6. The South Plains area received an inch of moisture. The moisture was greatly appreciated by wheat farmers, although some had already "dry sowed" their wheat crop, some were waiting for a good rain. (some are still waiting). It seems that few farmers will be using the expensive irrigation to water up the wheat crop, as the expected loan price at harvest time is only around \$1.90 per bushel. Of course the moisture delayed the cotton harvest a day or two, but the warm dry weather came back to fluff out the cotton crop by Monday.

NO FREEZE

Although frost has killed some cotton, the official weather chart at Pioneer Natural Gas in Floydada shows the lowest temperature this fall as 36 degrees on October 13.

YOU'RE SUPPOSED to run the clock back an hour at 2 a.m. Sunday in order to get off this Daylight Savings Time. Kelli and Leanne Ferguson, daughters of Mr. and Mrs. Ray Gene Ferguson want to do the clock setting in their home. They plan on setting the clock back two hours instead of one, so they can sleep late Sunday morning. (Staff Photo)

'Winds, Lopes Fight To Stay Alive In 4-AA

By Doug Simpson

At this point a week ago, L. G. Wilson's Whirlwinds, currently at 5-3 on the season, hoped to find themselves in the role of the spoiler to the Tulia Hornets and any chances they had of representing district 4-AA in the playoffs. But, as the Hornets handed Floydada a sound defeat of 12-0 and its initial district setback, its showdown time Friday night at Wester Field, beginning at 7:30 P.M. with the Abernathy Antelopes coming to town. It's do-or-die for both clubs, who each trail league-leading Idalou by a single game, and the victor tonight may still have a shot at a co-championship, a tri-championship, or at winning a possible coin flip to determine the 4-AA representative come November. The task the Whirlwinds have before them is not as easy as it seems to the fan who regards the Antelopes, 0-1 in district, as pushovers. Last Friday night, state-ranked Idalou struggled with Abernathy, 1-6-1 for the season, for three full quarters before finally getting untracked and going on to win at least halfway easily, 22-12, before lots of hopeful onlookers. And the contest is expected to be every bit as competitive as any game the 'winds have played this season. To help adjust to the 'Lopes' big defensive unit, last year, Floydada shutout the Lopes 14-0, and has won the last meetings between the two. Coach Wilson has made a couple of changes on offense during workouts this week. Rusty Cagle was moved to split end from his halfback slot, and Rick Covington will again start at fullback in place of Joe Covington. Ricky Day will fill the other halfback position left vacant by Cagle. Defensively, Marty Daniel will start at the safety position for the Whirlwinds. Abernathy's offensive attack is guided by sophomore quarterback Tony Heath, a 144-pounder and capable of making things happen, proved by the 'Lopes performance last Friday against Idalou. His throwing targets include Joe Barrera, at an incredibly small 112 pounds, and 161-pound senior Ted Heard. Roger Lindsey, a sophomore 138-pound fullback, and Len Manson, a 158-pound senior tackle the offensive backfield positions of responsibility. Abernathy's offensive line, which averages 180 pounds per man, is given leadership by tackles Mike Hill and David Hunt. The Antelopes' split-six defense is balanced up front by massive lineman Mark Pope, a 210-pounder, Ruben Olguin, also a 210-pounder, and Eric Harkey, a 206-pound tackle. Abernathy uses four linebackers in its formation, something rarely used in this area. Manning the spots are Jimmy Runnels, the big man Hill, Rusty Powell, and Scott Cunningham. The three man secondary is composed of quick and agile performers Micah

Last Home Game!

Hey gang this week we have our last big home game Friday against the Abernathy Antelopes. Each district game is important so let's really go out and support the Mean Green. There will be no classes Friday and the pep rally will be held downtown at 3:30. We ask all the students and towns-people to come out and Rope-a-lope! Let's go Winds! Get an Antelope! The Green Peppers

BULLETIN

An explosion at the Petersburg Cooperative Grain Elevator at 2:30 p.m. yesterday left Mack Morales seriously burned and Seaton Howard suffered a mild heart attack. Both were taken to Lubbock hospitals and there was no other information available at press time. Cause of the explosion was unknown.

Lions Club Arts And Crafts Show Slated

The 7th annual Arts and Crafts Show sponsored by Floydada Lions Club is scheduled for Saturday, November 19th from 10 a.m. until 5:30 p.m. at Massie Activity Center, 513 West Georgia. Arts, crafts, hobbies and foods all will be for sale under one roof. Early reservations will assure better locations for display for merchandise. Eight feet by eight feet spaces will be available at \$12 per space. Some long tables are available, but for your own convenience, you may wish to bring your own. Chairs will be supplied. The building has operative heating and cooling for comfort. Those wishing to enter arts, crafts, other hobbies or foods are asked to mail checks for reservations to Floydada Lions Club, 905 West Virginia, Floydada, 79235 or call 806-983-3573 for additional information.

Beat Abernathy

Abernathy uses four linebackers in its formation, something rarely used in this area. Manning the spots are Jimmy Runnels, the big man Hill, Rusty Powell, and Scott Cunningham. The three man secondary is composed of quick and agile performers Micah

4-Hers Selling Pecans

Floyd County 4-Hers are now taking orders for pecans. This is our major fund raising activity this year. We hope you will support your local 4-H club by purchasing your holiday pecans from them. The proceeds from this activity will be used to help secure projects, activities, camps, trips and community service projects for Floyd County's youth. The shelled pecans will sell for \$3.50 per pound. Please place your pecan orders as soon as possible with any 4-H member so that your pecans can be delivered prior to the holiday baking season. You may also place your order by calling the Floyd County Extension Office (983-2806).

No School Friday!

Since Friday is the day Floydada teachers go to Lubbock for the annual TSTA meeting, there will be no school for Floydada school children. However, Friday afternoon and night are jam packed with some big events. At 3:30 all Whirlwind Football fans are urged to be on the courthouse square for the "Beat Abernathy" pep rally. At 5:00 the annual Day Care Center spaghetti supper begins in the Jr. High Cafeteria. At 7:30 kick-off of the Abernathy-Floydada football game in Wester Field.

Pruitt Wins Contest

Greg Pruitt, of Route 3, Floydada, missed only the Lubbock Coronado-Hereford upset and came closest on the total points with 27 on the all-important tiebreaker to claim first prize of \$10 in this week's Hesperian football contest. Jim Curtsinger, of 5418 14th Street, Lubbock, claims second prize of \$6, missing also only the Hereford-Coronado matchup, but predicting a farther off total of 31 (total was 12). Claude Estes, of Box 201, Lamesa, Texas, takes third and the \$4 prize by missing only the USC-Notre Dame game and picking 32 total points on the tiebreaker. A number of contestants missed two games and qualify for honorable mention status. They are Lucio Vasquez, T.L. Holland, Larry Scott, Lubbock, W.L. Carthel, Mrs. W.L. Carthel, Mark Montadon, and Boyd Lee, all of Lockney, Debbie Galloway, Ricky Vasquez, Tom Hawkins, Odessa, Joy Allen, Dorothy Holland, Tommy Cathey, Jerry Cannon, Todd Denton, Gerry Norrell, Harvey Allen, W.O. Newberry, Dora Garcia, Cornelius Campbell, Cody Paty, Shannon Paty, Sammy Bradley, and Juan Garcia, all of Floydada.

DAVID GREEN of Grafado, Texas crashed two cars late Tuesday evening, bouncing the last one almost into the Floyd County Museum. He was going west, grazed the front of Donnie Morris' Thunderbird, then the rear of Joe Cisneros Jr.' Chevrolet. He is in jail and charged with DWI. (Staff Photo)

Mu Delta Tacky Party

Tacky!!! At members of Mu Delta thought host to "Hey or should it you?" Mem-

children and guests, dressed in Halloween costumes or their tackiest attire, enjoyed games of apple bowling and pin-the-leg-on the skeleton at its Halloween Tacky Party at Lighthouse Electric. All game participants were awarded apples, balloons and lifesavers with the door prize, a honey comb pumpkin going to LuAnn Collins.

Hostesses for this October Social were Vicki Allen, Pat Cates, Kaye Powell, and Diana Gross.

Refreshments of orange cookies, chocolate cookies, owl cookies, fresh apple cake, orange punch and hot apple punch were served.

Those attending were Brenda Leonard, Vicki Allen, LuAnn Collins, Pat Cates, Donna Henderson and daughters, Holly and Heather, Shanna and Ronnie Ferguson, guests of the Hendersons, Daphna Simpson and son Jonathan, Julie Hickerson and daughter Rhonda, Diana Gross and twins Kev-

in and Kyle, Kaye Powell and daughter Heather Ilene Kendrick and daughters Laura and Christy, and Jo Ann Patterson and daughter Chantal.

QUALITIES In Sound Little Known Facts

A sound idea when auditioning a speaker is to bring a familiar record with you to the store... a good piece of music that you've heard on a good system.

Don't judge a speaker by the way it looks, judge it by the way it sounds. Some of the best speakers on the market are designed with one purpose in mind—to duplicate live sound in the most efficient way.

ALPHA MU DELTA TACKY PARTY is pictured in their costumes at Lighthouse Electric Monday night.

GED Testing Center Open Tuesday Nights

Crosbyton GED Center will be open each Tuesday evening at 7:00 P.M. in Room 1 in Crosbyton High School.

GED tests are for persons 18 years or older or 17 year olds who have been out of school for one year. Proof of identification and social security numbers must be presented prior to testing.

The GED consists of five subtests at a fee of \$3.00 each. One subtest is recommended per night.

Persons wishing additional information may contact Mrs. Fusselman at the school 675-2201 or at home 675-2231.

Women should probably marry younger men. At present, reports Debby Johnson, family life education specialist with the Texas Agricultural Extension Service, the Texas A&M University System, life expectancy of women exceeds that of men by almost eight years.

as Agricultural Extension Service, the Texas A&M University System, life expectancy of women exceeds that of men by almost eight years.

I would like to express my gratitude to all my friends and family for all the nice things they did for me during my stay in Caprock Hospital. The flowers, visits, telephone calls and gifts were deeply appreciated. My special thanks to Dr. Ochoa, Dr. Jordan and the entire hospital staff for their concern and kind attention. May God bless each of you for your thoughtfulness.

Sincerely,
Mollie Burslen

Honey Offers "Sweet Deal" And Nutrition for Consumers

AUSTIN—Because of its high nutrient value and usefulness, one of the "sweetest deals" in Texas supermarkets today is honey, according to Agriculture Commissioner Reagan V. Brown.

"The rising per capita consumption of honey in Texas bears out its increasing popularity," says Brown. "Texas beekeepers are experiencing an increasing demand for honey by consumers who are becoming more interested in natural foods."

Brown explained that commercial honey is an unrefined substance composed mainly of two simple sugars which are easily assimilated by the body, and which require little digestion. In addition, he said, honey is rich in Vitamins B and C, dextrins,

amino acids, calcium and potassium.

Texas is one of the largest producers of honey in the United States, said Brown, and last year beekeepers harvested some 6,077,000 pounds. Production this year is expected to total 7,420,000 pounds. In addition, Texas beekeepers increased their apiaries by 3,000 colonies in 1977, bringing the total to 106,000.

"Although this has not been a particularly good year for beekeepers due to the hot, dry weather," Brown said, "total production is expected to be up."

Brown added that another of the important functions of bees, besides producing honey, is in pollinating vital agricultural crops, from alfalfa to watermelons.

High Speed Means More Accidents

AUSTIN—The director of the Texas Department of Public Safety today issued an appeal to Texas motorists to give better voluntary compliance to the 55 mile per hour speed limit on the state's highways.

Col. Wilson E. Speir said he is alarmed over the increasing percentage of drivers exceeding the speed limit, particularly in light of the increasing number of fatalities and major accidents in the state.

"From our own observations as well as surveys conducted by the Department of Highways and Public Transportation, it is indicated that the vast majority of vehicles on our roads are exceeding the legal speed limit of 55 MPH," he said.

"Meanwhile traffic fatalities are on the increase, showing an eight per cent rise over the same period last year. At last report traffic deaths have increased from 2,467 at this time last year to 2,675—an increase of 208 deaths.

"What's more, the percentage of increase in deaths is becoming greater with each passing week.

"The latest report indicates that some 74 per cent of motorists are exceeding 55 MPH. This compares to 69 per cent exceeding 55 during the calendar-quarter year ending December 1, 1976.

Speir noted that while the DPS enforcement effort has been increased tremendously—well over 100 per cent since the new speed law went into effect—shortage of highway patrol personnel makes the task extremely difficult when some three-fourths of the driving public is violating the speed law.

"We are therefore issuing this appeal to motorists in the hope they will realize that slower speeds will pay off in the saving of lives, suffering and money in the form of better gas mileage and insurance costs," he said, "in addition to extra wear and tear on vehicles."

Speir reported that there is an alarming increase of 50 per cent in deaths on the interstate system over last year, clearly indicating that excessive speed is a major factor in fatal accidents.

And he said the efforts of highway patrol troopers to remove dangerous drivers from the traffic stream will be continued.

"The ultimate solution to the problem of speeding above the limits on Texas highways will come only when the majority of Texas drivers accepts their responsibilities under the law," Speir added.

South Plains, Oct. 24th—We awoke to rain showers Saturday morning, and all during the day the skies were gray. Around an inch of rain fell over our community, with 80 reported in southern part of the area on the Alvin Nichols, Jack Smitherman and Sylvan Kinbrough farms.

Everyone remember to call your neighbor, bring your family, and come to The South Plains Baptist Church to help in the "Top of the Morning" gathering next Sunday, October 30, and come in time for Sunday School. Goal set for the day is 64.

Sunday morning, October 30, is time for your clocks to be set back one hour, so please remember this, and set your clocks back one hour when you go to bed Saturday night.

Mr. and Mrs. I.H. Parks (Sparky) got back home here on Thursday after they had spent the past two weeks in Dahlonega, Georgia, where Sparky's mother, Mrs. Parks, was ill with a heart attack. She was better when they left, and getting along well.

Mr. and Mrs. Sylvan Kinbrough left here Friday for their house on Lake Kemp, where they spent the weekend. It rained on them all the time they were gone, but Sylvan did a lot of fishing.

Parents of Mrs. Nathan Johnson, Mr. and Mrs. R.Q. Botkin from Levelland will be spending the coming week with Nathan, Connie, Tracy and Troy. Her brother, and wife Rick and George Botkin from Amarillo will arrive Saturday to spend that night.

Mrs. Shelby Calahan (Margaret) has her paintings in the guest spots at the First National Bank in Floydada this month, and she is sharing this spot with Teresa Hollums. Be sure to see her pictures when you are in Floydada.

48 people met at the Baptist Church Wednesday for prayer meeting at 8 p.m. The R.A.'s met at 4:00 p.m. with Rev. Nathan Mulder, G.A.'s with Mrs. Nathan Mulder and Mrs. Royce Bethel, Mission Friends with Mrs. Arby Mulder and WMU Royal Service with Mrs. Murray Julian which met at 2:30 p.m. They studied "Baptists in Secular Europe," and the countries of Belgium, France, Austria and West Germany were studied in particular. Present here with Mmes. M.M. Julian, Fletcher Mulder, Fred Blake, Tillman Powell and L.T. Wood. Remember the World Day of Prayer November 7, which will meet at Quitaque at the First Baptist Church. Women who go will carry a covered dish for lunch time.

Word was received here on Sunday that the Fairmont Baptist Church in La Porte, Texas, where Rev. H.S. Calahan Jr. is pastor, was burned Saturday night. The members met in the chapel of the First Baptist Church Sunday, but they hope soon to have a place of their own in which to meet.

George Weast, who has been in St. Anthony's Hospital in Amarillo, has been moved to Plainview to the Central Plains Hospital and is on second floor there, recovering from a broken hip. His wife, Mrs. Myrtle Weast is again in the hospital, and is on the 4th floor of the Central Plains Hospital.

The play, "The Man Who Came to Dinner," is scheduled to be held on November 12, at the Floydada High School, and in the cast of the play from South Plains are Kelli Lyons, Dwayne Marble, Rhonette Kitchens, and Kelly Marble.

Mrs. Jo Y'Blood, from Medford, Oregon, arrived here Tuesday by plane for a visit with her sister and members of the family, Mr. and Mrs. E.P. Pritchett. Wednesday morning Mrs. Pritchett and Mrs. Y'Blood drove over to the Pritchett home in Clouderoff, New Mexico, where they are staying while the allergy season is still with us.

Mrs. Alvin Nichols Father, E.C. Cox of Lockney is in the Central Plains Hospital in Plainview, and is a little better this week. He is in room #230 at the hospital. Sunday his grandchildren Mr. and Mrs. Glen Whitfill of Sweetwater came to visit him. This Monday Mrs. Whitfill went with Mrs. Margaret Abbott of Virginia, formerly of Floydada, to

Cost Share Funds Available

Cost-share funds not to exceed \$7,500 for irrigation pipeline, tailwater pits, and land leveling are now available under the Great Plains Conservation Program

WHEN other conservation practices such as parallel terraces, grassed waterways, grass seeding or other needed treatments are also installed. The Great Plains Conservation Program is administered by the Soil Conservation Service.

Irrigation pipeline is cost-shared at 50% of the footage of pipeline installed under the Great Plains Program. At present a farmer could install 7500 feet or more of 10 inch low head plastic or 10,000 feet or more of 8 inch pipeline.

Since the Great Plains Program is designed to treat all land on the farm a number of other practices can be cost-shared under the GP program such as diversions, parallel terraces, waterways, grass seeding, livestock water wells, ponds, tailwater pits, standards terraces, (under certain conditions terraces may be rebuilt), livestock pipeline, and many other practices.

UP TO \$7,500 FOR IRRIGATION PIPELINE or other irrigation practices may be cost-shared under the Great Plains Conservation Program when other needed conservation practices are also applied. In the above photo the irrigation pipeline to the pivot center could be cost-shared at 50% of the footage of pipeline installed.

Sweaters once guarded warriors from the rough leather of their armor, reports Marlene Odle-Kemp, clothing specialist with the Texas Agricultural Extension Service.

All programs of the USDA and SCS are available without regard to race, color, creed, sex or national origin.

Wood Burning Heaters Coming Back

COLLEGE STATION—Wood burning heaters are back, says Sue Young, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

these heaters—the best quality are of heavy gauge sheet metal lined with firebrick—may help to answer your heating and energy needs, especially if you have access to relatively inexpensive supplies of wood.

Besides supplementing their heating systems, Texas families can enjoy the warmth that only a wood burning heater can give, says the specialist.

Prices for wood heaters

begin at around \$200.00. They are now on the market in attractive designs and are much more efficient than the traditional masonry or more modern freestanding fireplaces.

Airtight wood heaters burn more slowly and evenly and the fire does not flare up when wood is added. When the heater has a flat baffle system, more heat is radiated into the room and not lost up the chimney.

Models which blow the heat into the room — by means of a small electric fan — utilize heat more fully.

A thermostat which controls the operation of the damper is desirable, Mrs. Young says.

Myadec[®] capsules had no equal—until they made a tablet.

The Parke-Davis Myadec capsule contains a high-potency vitamin formula with minerals—9 important vitamins and 6 minerals, to be exact. And now this same high-potency vitamin product is also available in an easy-to-take tablet. That's one reason doctors and pharmacists are recommending Myadec tablets more than ever before. If you're active and on the go, stop in today and buy a supply of Myadec Tabs.

On Buying Firewood

COLLEGE STATION—With winter weather just around the corner, homeowners will soon be making preparations for sitting by a glowing fireplace. But these dreams of a warm fire and a cozy fireplace may go up in smoke if the wrong type of wood is purchased, cautions a forestry specialist for the Texas Agricultural Extension Service.

"Since firewood purchases are not covered by consumer protection laws, it is the responsibility of the buyer to shop and choose the right type of wood," points out Bill Smith.

"Price comparisons may be difficult since firewood may be sold by the standard cord, the face cord or the truck load," he adds.

A standard cord is 8 feet long, 4 feet wide and 4 feet high, or 128 cubic feet. On the other hand, a face cord measures 8 by 4 feet on the face of the stack, with the wood cut into smaller pieces. The face cord measures about two-thirds less than the standard cord.

"The best way to compare prices is to calculate the cubic feet of wood. Measure the stack and multiply the length by the width and by the height," suggests the forestry specialist.

Following this advice will also keep the unwary buyer from making a mistake out of what happens to be a bargain. Cubic feet measurements should also be used on truck loads of firewood.

"Certain types of firewood also burn better than others," says Smith. "Hickory, white oak, red oak and pecan with excellent, long-burning woods with a high heat output. However, pine and cedar are softwoods that make excellent kindling but produce only short-burning fires.

A combination of softwood for kindling, hardwood for heat, and fruit or nut wood for aroma will make shopping around worthwhile, contends the forestry specialist.

"Always choose dry, light-weight wood over green wood," says Smith. "Drier wood can give up to 20 per cent more heat than moist, green wood."

Her From England Introduces Soccer Here

By Doug Simpson

Even sports enthusiasts may not be aware that the sport increasing in popularity the most is not football, basketball, track, or any other past-time that Americans have participated in for decades.

It is -- soccer!
And that is one of the major reasons why Robert Bell, a native of England, enjoys being a part of the Floydada High School system this term.

Bell and his wife, an American all her life, met in Snyder, Texas, where Robert was in the United States in an exchange program.

Bell comes from Sheffield, England, just about 75 miles from London, and is presently teaching physical education and is a teacher's aide in several of the classes.

His wife is the speech and drama coach at F.H.S.

When asked why he decided to install soccer into the P.E. program, Mr. Bell replied, "Because soccer is the native sport in my country and it is becoming more and more popular here in America."

Don't be surprised at all, if here in a few years, under Bell's influence, soccer becomes one of the major sports in Floydada High School.

Mr. and Mrs. Robert Bell

Floydada Teachers To Attend

TSTA District Convention

A delegation of Floydada educators will attend the annual fall convention of the Texas State Teachers Association October 27-28 in Lubbock.

The Floydada public schools will be dismissed on October 28 to allow teachers

and administrators to take advantage of the in-service training provided at the meeting.

The district convention, to be held at the Lubbock Civic Center, will include a general session for all educators in the district, section meetings for those in various subject-matter areas and interests, and a meeting of the District XVII House of Delegates. This district governing body is composed of elected representatives (one for each 25 members) from each local association in the district.

Elected delegates from the Floydada Unit will be Dale Tyer, Bob Copeland, Tom Powell, and Noma Lou Rainer. Jane Bean will attend as a voting delegate for District XVII.

The District XVII House of Delegates will meet at 6:30 p.m. November 10 at Coronado High School.

The opening general session of the convention begins at 9:30 October 28 in the Civic Center. Zig Ziglar of Dallas is the featured speaker.

Carolyn Harrell of Gonzales, president of TSTA, also will speak at the general session.

Section meetings for those in special fields such as English, math and school administration will be held at noon and in the afternoon of October 28.

OOMPHA BAND--Ranch Day 1977 was German Day at the Ranching Heritage Center of The Museum of Texas Tech University. Participating in the Oompha Band which provided traveling music was, left, Ray Foster, a junior majoring in sociology at Tech and the son of Mrs. F. E. Foster, 745 W. Grover, Floydada. Band members stand in front of Hedwig's Hill, originally owned by German immigrants near Mason and now restored at the center which depicts ranching history in America. (Tech Photo)

Tennis Club To Elect New Officers

All members of the Floydada Tennis Club are reminded to attend a meeting Wednesday night, November 2 at 8 p.m. for the election of officers.

On the nominating committee are Vickie Rainer, Jean Hale and Ricky Gonzalez.

Activities chairman Jerry Neeley is also expected to

give a report according to president of the club Turner Hunter.

CATTLE FEEDING PICTURE IMPROVING--The cattle feeding picture is brightening somewhat due to an improved fed cattle market and declining grain prices, says a livestock marketing specialist with the Texas Agricultural Extension Service. Thus, cow-calf producers might want to consider feeding their calves or yearlings this year. However, they need to remember to carefully price the feeders at current market prices, instead of at their actual cost. Due to reduced calf supplies, producers will likely be paying higher prices for light-weight feeders.

ADDITIONAL "VOODOO IDALOU" HALLOWEEN PEP RALLY SKIT...is exhibited by Jr. Leaders Tuesday at Idalou game pep rally. (Staff Photo)

Breezers Spank Idalou, 12-6

Runs of five and by quarterbacking lifted Breezers' 7th victory over Idalou Tuesday night at Idalou.

Donnell Weeks, Floyd High-towers, Calvin Coleman, and Dusty Burleson. The Breezers will close out the 1977 grid season next Tuesday at home against Crosbyton. Covington's initial TD run occurred midway through the first period on a 5-yard quarterback sneak. The Wildcats tied it up at 6 on the opening series of the second half, moments

Over 15,000 Head of Livestock Exported from TDA Facilities

after a crucial fumble recovery. The go-ahead TD came with 3:30 remaining in the game, as Covington went 15 yards around right end for the score. Coach Brownlee praised the performance of his entire team and mentioned that a number of other scoring opportunities in the contest were thwarted by penalties.

AUSTIN--The first eight months of 1977 saw some 15,768 head of livestock pass through the Texas Department of Agriculture's export facilities on their way to other countries, Agriculture Commissioner Reagan V. Brown has reported. A major portion of the total were cattle bound for Mexico. Of the 12,940 head of cattle exported, the majority were Holstein dairy stock being shipped to Mexico. Major shipments of Charolais, Brown Swiss and Hereford also went to that country. The export figures show a decrease of over 50 per cent from the same period last year, Brown pointed out. He commented that several factors contributed to this decline in livestock exports, adding that the drop in U.S. shipments is similar to decreases being felt by other major cattle raising countries. "In Mexico, one of the largest buyers of U.S. cattle, the recent devaluation of the peso and new governmental import regulations have certainly cut into our exports," Brown said. "In addition, the decrease is part of an attempt by Mexican ranchers to reduce their herds to more profitable levels. The second largest shipment of cattle this year

Brown Cites Danger From Salmonella

summer and insect activity in some areas, production is not expected to be as large as that of 1975, which was 68 million pounds," Brown explained. The news on salmon harvest, in a county that supplies much of the state's supply this year, Commissioner Brown has said. AUSTIN--Recent reports have spotlighted the danger of food poisoning in meats from salmonella, says Agriculture Commissioner Reagan V. Brown, but many people aren't sure exactly what salmonella is. Salmonella is a generic term applied to a group of about 1,600 closely related types of bacteria that cause food poisoning in humans. Salmonella is found in raw meats, poultry, eggs, milk, fish and products made from them, he says. Food contaminated by salmonella does not change in taste, odor or flavor, says Brown, therefore it is difficult to detect. The disease caused by salmonella is called salmonellosis. Although rarely fatal, salmonellosis causes headaches, diarrhea, abdominal discomfort and vomiting. Preventing food poisoning from salmonellosis is based on four principles: (1) Cooking foods thoroughly and serving hot; (2) Cleanliness in preparation and sanitary utensils; (3) Prompt cooling or freezing of foods after preparation; (4) Full reheating of stored foods to destroy bacteria. Americans consume 3,420,000,000 pounds of candy a year, about 18 pounds per person, according to World Book Encyclopedia.

went to Argentina, and were mainly Brahman, Polled Herefords and Santa Gertrudis. Guatemala, Venezuela and the Dominican Republic also shipped cattle through Texas. During the recorded period, 2,085 head of sheep were moved through the export pens. The major breeds shipped were Suffolk, Mouflon and Hampshire. Swine exports totaled 281 head, with the major breed being Yorkshire. Two-hundred-forty-six horses were shipped, as well as 216 goats. WHY BUM MUMS?--If your mums aren't doing too well this fall, there may be a good reason, says a landscape horticulturist with the Texas Agricultural Extension Service. Mums need full sunlight, good air circulation and well-drained soil. There should be no tree roots interfering with plant growth. And mums should not be planted where they will be affected by outdoor lights at night as this will interfere with their growth patterns. When buying mum plants, get the early flowering type.

Vocational Education Class Participates In Workshop

In a workshop for Early Childhood teachers the 21st of October the members of the Vocational Education Class of the Floydada Schools had an excellent opportunity to demonstrate for teachers some of the

techniques they have learned in dealing with young children. A new feature of the V.E.H. program this year is a weekly presentation by members of the class to demonstrate some phase of early childhood develop-

ment. They have conducted activities in auditory discrimination, gross motor skills, language development and color awareness. The class plans to continue this phase of their study throughout the entire school year.

The children of the early childhood program are eager for the weekly visit from the V.E.H. students and the early childhood teacher, Mrs. Joyce Williams and her aide, Mrs. Hilda Vasquez, enjoy the able assistance of the girls in the class.

CHILD DEVELOPMENT: In the above picture the members of the Vocational Education Class are giving a demonstration of techniques they are learning in their development portion of their instruction. Members of the class shown from left to right are: Sandy Powell, Simona Maldonado, Linda Irlas, Dorothy Ledbetter, Joyce Williams and Gean Christopher. The children are students in the Early Childhood Program of the Floydada Schools.

Caprock Plan A Sponsors Workshop

Friday October 21, Caprock Plan A was hostess to teachers from Petersburg, Lockney, South Plains for a Workshop featuring the following agenda:
9:00-10:05: Teaching cognitive concepts and motor skills in song by Joyce Williams, Hilda Vasquez and Gean Christopher.
10:15-10:45: Gross motor

skills in ball activities demonstrated by Vickie Schaefer and Maria Arrellano.
10:45-11:15: Auditory discrimination activities by student aides directed by Gean Christopher.

11:30-12:00: Question and answer session.
1:15-1:45: Appropriate materials from Service Center presented by Jo Sudduth.
1:45-2:00: Discussion of lesson plans.
2:00-2:30: Great new songs by Carol Arnold.
2:30-3:00: Bubble play demonstration by Jeannie Slocum and Lynda Ginn.
The workshop was under the direction of Mrs. W.E. Brown, Jr.

Fairview News

By Mrs. Clyde Bagwell

Last week we had beautiful warm sunny days until Friday and a nice rain fell over all of the area - our Fairview way rain reports are .9 of an inch at E.W.

Walls on the north side to near one inch at Edell Du-Bois and C. W. Payne's on the south side. Ann Swepston had one inch of rain and at Ray Cooks they had 1.3 inches and on the L. H. Blums farm they had 1 inch this is all on the east side. Farmers have been held up with their cotton harvest due to the rain and are getting ready to sow wheat. Our sympathy is with the family of Wade Warren whose funeral was held Thursday at First Baptist Church. Wade lived many years in the Fairview and Center Communities before moving into Floydada.

Friday night supper guests of Mr. and Mrs. Bill Tye were, Mr. and Mrs. A. S. Mize, Mr. and Mrs. Woodrow Wilson, Mr. and Mrs. Bill Beedy and Greg Pruitt. Greg spent the night at his grandparents, the Bill Tyes. Mr. and Mrs. Clyde Bagwell enjoyed a nice visit, by phone, Sunday afternoon from their brother and sister, Mr. and Mrs. P.L. Joiner of Creswell, Oregon, they reported weather nice there, with some rain Saturday night, and no frost as yet in that part of the country. Saturday night, Mr. and Mrs. Bobby Cozby and Kara were supper guests of his parents Mr. and Mrs. L. B. Cozby. Luther Sullivan and Edith Goodloe of Wellington visited last Monday with Mr. and Mrs. Ray Cook, they are cousins of Mrs. Cook. Mr. and Mrs. E. W. Walls visited in Plainview last Monday with his brother and wife, Mr. and Mrs. E. R. Walls. Thursday Mr. and Mrs. E. W. Walls visited in the home of Mrs. Grace Jarboe and to see Mrs. Jessie Pope who was visiting here from Norman Oklahoma. C. W. Payne spent the day Thursday at Lake Theo fishing. L. L. Denton of Lubbock visited Saturday afternoon with his sister and family, Mr. and Mrs. C. H. Wise and family. Mona Dell Wise of Amarillo spent the weekend at home with her parents. Thursday afternoon Mrs. Brenda Eckert and baby Robert visited Mrs. C.H. Wise. Mrs. Gracie Riggles attended the meeting of the Senior Citizens Wednesday and on Thursday, Mrs. Riggles kept her great grandbaby, Krystal Wilson. Large crowds attended the revival at First Baptist Church last week. Leaves on the trees are all turning yellow and begin-

Harrington-O'Hair debate series ended

NEW ORLEANS (AP) - An uproarious series of "debates" between the Chaplain of Bourbon Street and the nation's best known atheist has been cut off in the middle of its run.

The Rev. Bob Harrington, the hustling Baptist evangelist whose headquarters is the New Orleans French Quarter, said Monday the series had ended because he "won a 32nd round TKO in our fight to the finish."

In Austin, Tex., where she operates the American Atheist Center, Madalyn Murray O'Hair said she walked out on the tour because her opponent persisted in equating atheism with un-Americanism.

ing to fall, soon the trees will be bare.

Mr. and Mrs. Bud Warren went to Lubbock Sunday and were dinner guests of their son and daughter-in-law Mr. and Mrs. Randall Warren while there they also visited their other sons and their families.

"I am not going to be a party to giving anybody a platform from which to resurrect McCarthyism," she said Monday. "I will not permit Bob Harrington to impugn the patriotism of American Atheists."

The blowup came in Bryan, Tex., on Oct. 20 at the 32nd appearance on a road show that had drawn sizeable crowds at nearly every stop. Expenses were paid by collections taken at the end.

Mrs. O'Hair said the minister had agreed not to get into issues of patriotism and that he would not lead the audience in fervent pledges of allegiance to the flag. When it happened again in Bryan, she said, she walked off the stage.

During the tour, Mrs. O'Hair has ripped pages from Bibles, the Rev. Mr. Harrington has called her vulgar, and the crowds have been free with cheers and jeers.

"I had to cancel six dates over the rest of October, another six for November and six more in December."

This weekend, call both far for practically the price of

It's true! This weekend - and every weekend between 11 p.m. Friday and 5 p.m. Sunday - you can place two Long Distance calls for practically the price of one weekday evening call, when you dial the 1+ way.

For example, a 10-minute call to someone a thousand miles away weekday evenings (5 p.m. to 11 p.m., Sunday-Friday)

would cost you \$2.44, but

you'll admit, isn't bad. But for practically the same price, you could make two eight-minute calls over the same distance...any weekend.

It's almost like getting one call free. So this weekend, a couple of Long Distance calls will be happy.

Long Distance. What else is so nice for the price?

Diabetes: The Quiet Killer

American children will have to have insulin injections for the rest of their lives. The most common, and less severe form, maturity-onset diabetes, generally appears after the age of 40. Only 10 to 15 percent of maturity-onset diabetes must use insulin, others most take oral medication, but all must strictly balance diet, exercise, and rest. Research investigators are working constantly to

find a cure for diabetes but at the moment early detection, prompt treatment, and life-long control are the only ways to save lives. Dr. Varma concluded, "A firm diagnosis of diabetes cannot be made without a glucose tolerance test. But it's only playing it smart to know the symptoms of diabetes. Particularly when you're forty or overweight because one's chances of developing the disease double with every

decade of life, and doubles with every 20% or more of excess weight." If diabetes is detected early and treatment is begun promptly, the chances for a long, full life and better and the risks of serious complications are lower. It's as simple as that. So if you have any of these symptoms, see your doctor right away. And for more information, contact Greater Lubbock Chapter.

What One Person Can Do

Brother Booker Ashe never gives turkeys at Thanksgiving. He knows that when people celebrate they like to do it in their own way. Brother Booker directs the House of Peace in Milwaukee's inner city. In 1968, when the Capuchin monks felt the need to become a more intimate part of the

community, they picked the big, hearty black man to start a store-front agency. He was a good choice. Before the agency opened, he spent some weeks on the streets, he says, "getting to know the people, finding out what their needs are." The House of Peace is a happy place. With a warm smile, its director sees that people who come there are given shelter, food or what assistance they need. He also seeks to give spiritual aid, but he never forces it. He doesn't ask people to join his faith or attend services. "Our first goal here is to

humanize. Christianity will flow from people who are cared for," he says. He reaches out to people where they are. It was that way last Thanksgiving. No turkeys. Some who had gotten them in the past, says Brother Booker, couldn't cook them because they weren't accustomed to such fare or didn't have an oven. "Was that really a good gift for them?" But he gave food stamps to 1,000 families. Then he gave them a chance to give.

When he asked them in turn to give what they could to help others he collected a small sum; he noted, "It meant a lot to give that 'widow's mite.'" The best gift is the gift that says, "I understand a little of what you want or need, I'm sensitive to who you are." It's a gift of love. For a free copy of the Christopher News Notes, "Build Up, Don't Tear Down," send a stamped, self-addressed envelope to The Christophers, 12 E. 48th St., New York, NY 10017.

OBITUARIES

Casey Don Cornelius

Funeral services were conducted Wednesday, October 19, in Bartlesville, Oklahoma, for 18 year old Casey Cornelius. The youth was a senior at Sooner High School in Bartlesville where he was a teacher's aide in the aerospace Mathematical Science program, member of the wrestling team where he was a champion wrestler, a 1977 delegate to Oklahoma Boys State, an officer in FFA, nominee for Sooner Youth Performance Award, and a member of Jesus Christ of Latter Day Saints Church.

At the time of his death, approximately 12:20 p.m. on October 16, Casey and 20 year old Larry Lucas, also of Bartlesville, were flying in a Cessna 150 aircraft owned by the school system and used by the Math and Science Uplift program. The program enabled students to take flying lessons, at their own cost and also program additional education in aviation and space technology. Cornelius had left the Bartlesville Airport, with authorization from the school, alone, at 7:33 a.m. Sunday and flown to Coffeyville, Kansas, to take an examination for his private pilots license. He passed the test with a perfect score and returned to Bartlesville about 10:15 a.m., where he washed and serviced the aircraft. He asked airport personnel if he was legal to take a passenger up in the plane and was told he could. He and Lucas left the airport and 8 minutes later the plane apparently stalled in the air and crashed six miles east of Dewey, Oklahoma, and approximately three miles northeast of his father's home.

According to Federal Aviation Administration official of Tulsa, the left wing hit the ground first, driving the main fuselage into the ground and bringing the tail section over the top of the wreckage. The plane burst into flames upon impact and both bodies were burned beyond recognition. The official also noted that both boys died instantly in the crash. Casey had checked weather conditions and filed a flight plan with Tulsa airport before taking off for Coffeyville. The plane was thoroughly checked by airport officials at Bartlesville and was served with five hours supply of fuel before taking off. A member of the National Transportation Safety Board said that the plane apparently stalled out while making a steep left turn at a very low altitude. He also stated that it does not matter if the plane is a Cessna 150 or a Boeing 707, if it stalls out, it nose-dives into the ground after gravity takes over.

Casey is survived by his father, Don Cornelius; his mother, Mrs. Lee Young; two brothers, Marty and Kelley; one half-brother, Paige Young; a step-mother, Nancy Cornelius; a step-sister, Cindy Jones, all of Bartlesville; grandparents, Mr. and Mrs. Ralph Ingram of Neptune Beach, Florida; and E.L. Cornelius of Floydada.

E.L. Cornelius, grandfather; Mrs. Ora King, great-aunt; and Mrs. Doris McLain, aunt, left Floydada on Monday, October 17, to be with the family and attend memorial services. They returned home on Friday, October 21. They were joined in Bartlesville by Marilyn (McLain) Weems of Pleasanton, Texas, and Alison (McLain) Campbell of Lubbock, Texas; both cousins of the deceased.

Pauline Bryant

Services for Wanda Von (Pauline) Bryant of Odessa were held Wednesday in the First Baptist Church in Lockney with the Rev. John Jenkins, pastor officiating. Burial was in Lockney cemetery under direction of Moore-Rose Funeral Home of Lockney.

Mrs. Bryant died about 11:50 a.m. Monday in Medical Center Hospital in Odessa after a long illness.

The 49-year-old former Lockney resident was a native of Brownfield. She married G.L. Bryant in Portales, N.M., in 1953. She was a member of the Baptist church in Lockney.

Survivors, in addition to her husband are one son, Darrell Wayne of Odessa; one daughter, Molly Viola of Odessa; three brothers, Wayne Mullins Jr. of Brownfield, James Mullins of Pampa and Carl Mullins of Houston; three sisters, Ouida L. Denton of White River, Ariz., Rita Webster and Barbara Cunyus both of Lockney.

Billy Johnston

Billy G. Johnston, 48, of Plainview, died at 11:50 a.m. Services were conducted Wednesday in Wood Dunning Colonial Chapel in Plainview. Officiating were the Rev. Richard Grisham, pastor of Date Street Baptist Church, and Gene Polvado, minister of Ninth and Columbia Streets Church of Christ. Burial was in Plainview Memorial Park directed by Wood Dunning Fun-

The Floyd Philosopher
Thinks He Has The Answer To
EPA Miles Per Gallon

Editor's note: The Floyd Philosopher on his Johnson grass farm discusses investigative journalism this week. Think. Dear editor: Some people are saying that newspaper and TV reporters are too investigative, they ask too many questions, and if they don't stop probing into public officials' pasts we're not going to have anybody left to run the country. I'm not sure about this. Most of us I think had rather have the reporters investigating politicians than us, just as some reporters wouldn't be interested in being investigated themselves. But they shouldn't confine their investigation to public officials. Take something as simple as ratings on miles per gallon a car is supposed to get, like say 35 miles on the highway, 24 in the city. What highway are they talking about, one through the mountains or one out on the plains? Which way was the wind blowing? How many kids did they have in the car and how many uncoordinated rest stops did they make? Nobody has ever been able to synchronize his car's gas stops with his kids' rest stops. What made in and when the afternoon rush hour morning when the whole lot was building? Or take horse power. A 30-year-old tractor rated also on the highway to produce 40 horsepower. Or take interest rates. The Panama Canal Authority running the world's largest quadrupled in the 1970s. Treaties are still written on. Some people say man's word is still a lie referring to Civil War.

REPORT OF CONDITION

Consolidating domestic subsidiaries of the

First National Bank in Lockney of Lockney, Texas City
 Name of Bank City
 In the state of Texas at the close of business on September 30, 1977

Directors

Texas Sheep Hunt Coming

LUBBOCK—Sportsmen will have an additional week to bag an elusive aoudad sheep when the season begins November 5 in the Texas Panhandle. Eight counties will host the season which continues through November 18 in Armstrong, Briscoe, Donley, Floyd, Hall, Motley, Randall and Swisher with a season bag limit of one sheep per hunter by permit only. A total of 444 aoudad permits will be issued to 100 landowners this month prior to the season and hunters must obtain this permit from the landowner before hunting sheep. Last year, 323 permits were issued to landowners

Dunlap Infant

Graveside services of Leanna Dunlap, infant daughter of Mr. and Mrs. Danny Dunlap of Aiken, were conducted at 10:30 a.m. Wednesday in Lockney Cemetery. Moore-Rose Funeral Home of Lockney was in charge of arrangements.

Other survivors besides the parents are the grandparents, Mr. and Mrs. Bill Thompson of Lockney and Mrs. Arcey Dunlap of Plainview, and great-grandparents Mr. and Mrs. Ivan Thompson and Mr. and Mrs. Lonnie Scott of Aiken.

Mary Jackson

Services for Mary Jackson, 85, will be conducted Friday at 3 o'clock in the C.M.E. Methodist church with the Rev. G.W. Martin officiating. Interment will be at East Mound Cemetery. She died in Caprock Hospital Tuesday, October 25 and resided at 404 East Ross, Floydada. She was born July 29, 1892.

She moved to Floyd County in 1941 from Hearne, Texas. She was a homemaker and a member of the C.M.E. Methodist Church. She is survived by four sons; Andrew Campbell, Floydada; Rev. C.C. Campbell, Jacksonville, Texas; Rev. W.C. Campbell, Quanah, Texas; and Theodore Tony of Floydada; and one daughter Rachel Jenkins of Floydada; 22 grandchildren, 67 great grandchildren, and 16 great-great grandchildren.

Dutch Holland

Services for Robert Lee (Dutch) Holland Sr., 77, of Lockney will be at 3 p.m.

FANCY THINGS

Garbage could be a major national resource! Rather than pile up into problems for our cities, it can provide a new source of raw materials. Garbage also can be reclaimed as reusable steel, tin, aluminum, paper, and glass. All but 10 per cent of Milwaukee's remaining household garbage is being reclaimed for these uses.

LEGAL

Lockney Independent School District 1966 International school bus bids will be opened on November 14, 1977. Envelopes to be identified as "bus bid" and mailed to W.H. Hallmark, Independent School District, P.O. Box 9241.

Center News

By Mrs. J.E. Green

Today is a day of joy and we enjoy showers. Reports that the whole test made on a...

Or take horse power. Cars are rated also on their horse power. You're talking about 30 horsepower. The Panama Canal treaty for that matters, it's what the world is running the world 25 years from now. Despite the fact that the treaties are still not written on...

Some people say it used to be a man's word was as good as his. Still is, only a lot of people referring to Civil War books.

Yours faithfully,
J.A.

Sunday p.m. the Manuel Suar's had company a bunch of cousins. The youngsters, accompanied by Dawn Atteberry, came over to visit Ma Green. These were Janie Sylvia, Lupe and Gebby; and the boys: Manuel, Joe, Jimmy, Jesse and Frank. Made me think of the school room many years ago at recess.

The Senior Citizens had the record crowd last Wednesday. Counting our 18 guests from Roaring Springs over 50 attended.

Mrs. Clara Haile of Adrian visited Sunday with her mother, Mrs. Rose Jones.

Mrs. Green visited Mrs. Atteberry Friday afternoon.

Mrs. Brenda Atteberry at the Sale Barn Wednesday was helping Corral a frantic animal, and made contact coming out with a fractured bone in her foot. After two nights in a Plainview hospital she came home with crutches.

On Friday, October 14 (Don Clark's birthday), my grandson Donny, a sophomore at Texas Tech, had a collision with a drunken driver, wrecking Donny's new car. He called home and his mother and Dad hastened to Lubbock to pick up the pieces. But they, and all of us, are thankful Donny was not hurt.

Then last Tuesday Donny's mother, in a hurry slipped on a curb breaking a bone in her foot. A night in the hospital and a pair of crutches and Betty Lou plans to lose not much time from her teaching job.

Many prayers are going up for our Hesperian Peggy's daughter, who is very ill in an Oklahoma hospital, but we hope will come out victorious in her fight for life.

We sympathize with the family and all loved ones of Wade Warren whose last rites were held last Thursday in the First Baptist Church.

Accepting Applications

Police Trooper

Department of Public Safety is now accepting applications for the position of Police Trooper. Applicants must be 20 years of age and have a high school diploma or GED. Training at the Texas State Trooper Academy is required. The position is a full-time position with a salary of \$848.00 per month. Upon completion of the 18 weeks training, the commissioned officer will draw \$968.00 a month, plus uniforms, firearms, insurance benefits and per diem allowances while away from his assigned duty station. State Employees Retirement System provides for the retirement of law enforcement officers after 20 years of service at age 50. Social Security benefits are provided aside from the regular retirement plan. Major Ibell said, "Among the many benefits that Troopers enjoy are two weeks annual vacation and all holidays provided for by the State Legislature. For additional information concerning the position of Trooper, training, and benefits, contact the nearest DPS Trooper or the DPS office located at 1302 6th Street in Lubbock. You will receive complete information in regards to the application and employment procedures on becoming a Department of Public Safety Trooper."

For additional information concerning the position of Trooper, training, and benefits, contact the nearest DPS Trooper or the DPS office located at 1302 6th Street in Lubbock. You will receive complete information in regards to the application and employment procedures on becoming a Department of Public Safety Trooper."

Department of Public Safety is now accepting applications for the position of Police Trooper. Applicants must be 20 years of age and have a high school diploma or GED. Training at the Texas State Trooper Academy is required. The position is a full-time position with a salary of \$848.00 per month. Upon completion of the 18 weeks training, the commissioned officer will draw \$968.00 a month, plus uniforms, firearms, insurance benefits and per diem allowances while away from his assigned duty station. State Employees Retirement System provides for the retirement of law enforcement officers after 20 years of service at age 50. Social Security benefits are provided aside from the regular retirement plan. Major Ibell said, "Among the many benefits that Troopers enjoy are two weeks annual vacation and all holidays provided for by the State Legislature. For additional information concerning the position of Trooper, training, and benefits, contact the nearest DPS Trooper or the DPS office located at 1302 6th Street in Lubbock. You will receive complete information in regards to the application and employment procedures on becoming a Department of Public Safety Trooper."

Farm survey predicts sharp drop in income

The gross income of American farmers "will sharply decrease" from last year and producers will be forced to defer major purchases until the income improves, a nationwide farm hot line survey shows.

The farm line, conducted earlier this month by Secretary of Agriculture Bob Bergland and agricultural journalists across the nation, drew about 400 calls during a five hour period and a substantial number of callers were unable to get through.

K.B. Parish, of Springlake and national director of Agriculture Council of America, said each caller responded to a special questionnaire designed to assess opinion on his economic situation and gauge reaction to the new farm bill.

About 80 percent of the 400 farmers said their income would drop from 1976, 8 percent said earnings would remain the same, and 4 percent income would increase.

About 82 percent said the current farm price situation had caused them to lower their standard of living.

A whopping 96 percent of the callers said they will use caution toward

future purchasing, and would purchase only items necessary. They said they will stop major purchases until farm income improves.

Asked whether the new farm bill would assist them, 48 percent of the caller said "no," while 32 said "yes," and 20 percent were undecided.

About 44 percent said they would participate in the wheat set-aside program, 23 percent said no, 19 percent were undecided and 14 percent were not applicable.

More than 75 percent of the farmers said their banks would be able to provide only enough assistance to keep them in agriculture, while 15 percent said bank funds would allow them to maximize production opportunities.

Concerning the farm strike, 45 percent said the strike would be effective, 42 percent said it wouldn't and 13 percent were undecided.

The majority of the callers said their major concern with farm economy is that government has too much control, said Parish.

The second biggest problem in the food stamp program being under direction of the U.S. Department of Agriculture.

The Floyd Philosopher Thinks He Has Found The Perfect Place To Fight The Wars Of The Future

Editor's note: The Floyd Philosopher on his Johnson grass farm proposes a new battleground for the next war.

Dear editor:

At first, when I read that there are now 970 satellites circling the earth and more on the way, I said they're going to do to space what they've done to cities with traffic, although I guess if man puts his mind to it and gets a big enough appropriation he can produce parking meters for outer space and maybe even stop lights.

But then I read another article saying Russia has perfected a satellite that can shoot down another satellite, and we're working on the same thing too.

This may be the answer mankind has been looking for ever since one group of cavemen got in a war with the cavemen on the other side of the mountain, on down through better organized tribal wars, the fall of Jericho, the 100-years War, the Peloponnesian War, the Roman Wars, the Battle of Bull Run, the Boer War, all the European wars so numerous nobody can name them all, right on down through World War I, World War II, Vietnam, and World War III, whenever it's scheduled.

Sleep Disorders May Cause Morning Moans

At least 40 million people in the U.S. who feel bad in the morning may have a better excuse than a big night on the town or the late movie on television. They may have one of several disorders that affect sleep, the Texas Medical Association (TMA) says.

Most of the 40 million who complain they have troubles sleeping are plagued by insomnia that can have a variety of causes. Emotional disturbances and sudden life style changes can cause periods of sleeplessness. If insomnia lasts several weeks, then a person may want to check with a physician.

There are a number of things an insomniac can do to improve sleep, the director of the Sleep Disorders Center at Stanford University says. Techniques can include exercising during the day and relaxing at night; avoiding heavy meals at 7 p.m.; drinking malted milk at bedtime; setting up a regular schedule of going to bed and getting up; sleeping in a quiet, comfortable place; decreasing alcohol consumption, and changing sexual activity to a time when it would not interfere with sleep.

Even these techniques will not help more than two million people who have sleep apnea, a disorder that causes the body to stop breathing for short periods of time during sleep. An article in the October issue of Texas Medicine, the TMA monthly journal, says major symptoms of the disease may include loud snoring and extreme daytime sleepiness. Fatigue, frequent movement in sleep, early morning headaches, depression, anxiety and unusual behavior also may be clues to sleep apnea. However, this particular disease can be diagnosed only while the person is asleep.

Fear of being labeled "lazy" may make someone uneasy about discussing a sleep problem until it threatens their social or physical well-being too much. One sleep apnea victim was constantly drowsy during the day and even fell asleep while walking. Another patient had to have someone drive him everywhere and attend meetings with him because he never knew when he would fall asleep, say the authors, a team from the Baylor College of Medicine in Houston.

Narcolepsy is a similar disease that causes people to fall asleep unexpectedly anytime anywhere. Sometimes a strong emotional reaction can trigger a narcolepsy attack that may also include hallucinations and a feeling of being paralyzed.

Another disease that makes people feel tired during the day is nocturnal myoclonus. This disease causes the limbs to jerk fairly often during sleep so the person seldom can fall into a deep sleep.

All these diseases often are treatable with methods that might include diets, medication, counseling or surgery. However, treatments for individual problems can be very different. For instance, pills given for narcolepsy might endanger a sleep apnea victim so a physician always should be consulted for the correct treatment of a serious sleep problem.

Yours faithfully,
J.A.

As It Looks From Here

Omar Burleson, M.C.
17th District, Texas

WASHINGTON, D. C. - WHEN WE WERE GROWING UP THERE WERE only five national holidays observed - or at least these were all we knew about - Christmas, Easter, 4th of July, Armistice Day (November 11th) now Veteran's Day (occurring last Monday), and Thanksgiving.

WE ARE ALL AWARE OF THESE SPECIAL DAYS BUT NOW THERE IS getting to be a day, week or month for all seasons and all reasons.

COLUMBUS DAY WAS TWO WEEKS AGO FOLLOWING THE NEXT DAY BY General Pulaski's Memorial Day. Just ended is National School Lunch week and here we are in the middle of Country Music Month.

ALONG AT THIS TIME IS NATIVE AMERICAN AWARENESS WEEK which runs at the same time as Drug Abuse Prevention Week and National Forest Products Week. On Saturday, the 15th was White Cane Safety Day and also on Monday of this week was United Nations Day.

SUPPOSEDLY THE ONLY PERSON WHO KNOWS about all these specially designated days, weeks, and months is the President of the United States whose duty it is to issue proclamations in the name of events, industries, heroes, institutions, and causes. For instance, there is Farm Safety Week and the President proclaims with a sort of admonition that "all who live and work on the Nation's farms and ranches, commit themselves to safe conduct in all activities."

During National Poison Prevention Week everyone is urged "to remember the dangers of accidental poisoning."

THERE ARE REMINDERS FOR BEHAVIOR during Emergency Medical Service Week, Steelmark Month, and Pan American Aviation Day. Some get a bit bunched up - maybe planned that way. Starting May 1st

there is Law Day and Loyalty Day, National Farm City Week, National Family Week, as is Mother's Day and Peace Officers Memorial Day. It is likely no happenstance that Father's Day and National Little League Week are paired. While save your Vision Week is in March, it is also Red Cross Month.

MAY IS A BUSY TIME FOR OBSERVANCES. Besides Mother's Day, Law and Loyalty, there is Older Americans Month, Police Week, Armed Forces Day, World Trade Week, Small Business and National Transportation.

ALL THESE ARE NATIONAL DAYS OF SPECIAL NOTE (not mentioned yet is Election Day, Labor Day, Flag Day, and religious holidays). Surely no Nation has as many days, weeks, and months to celebrate. In addition, there are all the State holidays, most of which are not heard of outside that particular State. Occasionally, one of these are dropped off as was the case of Arbor Day but, for every one which may disappear four or five are ready to be added. New special groups spring up constantly. As soon as the Society of Gingers in Hollywood think of it they may lobby for a place on the calendar. It seems that ginning is contorting one's face for a laugh.

A RESOLUTION IS PENDING IN THE CONGRESS TO MAKE NOVEMBER 15TH Continental Congress Day. On this day in 1777, the Articles of Confederation

were signed in York, Pennsylvania, a historical landmark in our history. Who could say it is not worthy of observance.

THERE'S NOTHING PARTICULARLY WRONG WITH ALL THIS - no more than all the ideas for a commemorative postage stamp. The only thing is that we may not have time to work it we celebrate all these occasions. We might have to cut some into half days, one for a morning and another starting at noon. Nights might be used for something other than Hall-oween but this would be a problem with Ground Hog Day.

HOPE ALL HAD A HAPPY MOTHER'S DAY LAST SUNDAY, the 23rd.

GREENHOUSE GROWERS TO MEET

Greenhouse growers of flowers, bedding and foliage plants are invited to attend the Texas Greenhouse Growers Conference at Texas A&M University, Nov. 8-10, says a landscape horticulturist with the Texas Agricultural Extension Service. Discussion topics include growing media, greenhouse sanitation, tissue culture, pruning costs, chemical pruning, growth regulators, energy sources and plant rental services.

Adults who complain about the ways of children should remember that children learn what they know from adults.

Litton Breakthrough!

Introducing the exclusive Meal-In-One Microwave.

Model 540 suggested retail price

For the first time, cook 1, 2, 3 different foods, all at once.

All at the touch of a finger. Just put one, two, three foods — even a complete meal — into the oven. Then, program the solid-state memory to change temperature or time and cooking speed, automatically as it cooks. And, with the exclusive Meal-In-One™ cooking system microwaves surround and cook the food more evenly; everything is done at once. It's microwave cooking like never before.

More Advanced Litton Features.

- Exclusive Meal-In-One™ cooking system
- Large 1.5 cu. ft. easy-clean oven interior — 25% bigger than most microwave ovens
- Vari-Cook™ variable power oven control
- Vari-Temp™ automatic temperature control with food sensor
- Solid-state touch control
- Memorymatic™ microwave program cooking
- Automatic defrost
- Removable oven rack
- 99-minute digital timer
- 192-pg. "Complete Meal Microwave Cooking" cookbook
- Family-size Micro-Browner™ grill seats, grills, browns.

MacArthur Mitchell Promoted

SAN ANTONIO—McArthur Mitchell, son of Mrs. Minnie E. Mitchell of 610 N. Price, Floydada, Texas has received his first promotion in the U.S. Air Force. Mitchell, promoted to airman, recently completed training at Lackland AFB, Texas and is now assigned at Kelly AFB, Texas. He serves as a security specialist with a unit of the Air Force Logistics Command. Airman Mitchell is a 1975 graduate of Floydada High School.

FLOYD DATA
Mike Burk, son of Mr. and Mrs. Newell Burk underwent an appendectomy in Lubbock Sunday and returned home on Tuesday. He is a teacher in the O.L. Slaton school at Lubbock and expects to be back at work in two weeks.

Floydada Nursing Home Happenings

By Dartha Westbrook

We are less than a week from our Halloween Party at the Nursing Home. Remember it will be Monday October 31 from 6:30 to 7:30. I hope we will have lots of children in their costumes to come by the Home for a special treat. This will be a special treat for the Residents if they can see their grandchildren and great-grandchildren in their costumes. I believe everyone will enjoy this special night, including our employees who are busy getting their costumes ready. It would probably be worth it, just to come to see what they look like.

Monday Oct. 17, we played games, dominoes, dart game, etc. We had a good time, and had 16 residents to participate in the games. Tuesday was manicure day, and they always enjoy getting their nails done. I sure could use some help on this day, as I just can't get around to all the ladies and gentlemen who want their nails done. If anyone would like to help, just let me know. Wed. we took our

field trip out to the Cedar Hill area. Those making the trip were Hope Hammonds, Agnes Anderson, Florence Badgett, Dora Langford, Henry Love, and Mollie Jones; along with driver Grady Freeman and myself. I don't know which they enjoy the best, the ride or the ice cream. Thursday was Bingo again. Big winners were Hope Hammonds and Pearl Carriek with 3 games, Ray Reed, Agnes Anderson, and Mollie Jones with 2 games, and Willie Stambaugh with 1. Clara Williamson had to go to the doctor and couldn't play. We missed her.

A special thanks to all who took part in the devotions for the help. They were such a help to our residents. God bless you. We would also like to thank the visitors who came by.

FLOYD DATA
Mr. and Mrs. W.B. Parrack of Anson visited Mr. and Mrs. C.W. Denison several days last week and attended the revival at First Baptist Church also.

Mr. and Mrs. B. Parrack of Lubbock also attended the services Wednesday night after services the Parracks and Mr. and Mrs. Bob Kendrick visited the Denisons.

FLOYD DATA
Mrs. W. J. Wilks and Mrs. Pearl Cowand left Floydada October 4 for a visit with relatives. Miss Cowand visited her sister-in-law in Fort Worth, while Mrs. Wilks traveled on to Irving for a visit with her daughter, Mary Day and children Kevin and Karrie. They returned to Floydada October 14.

The following day Mrs. Wilks, joined by her sisters Mrs. Wilma Davis of Amarillo and Mrs. Boyd of Knox of Hereford, went to Carlsbad, N.M. to visit another sister, Mrs. Bluford Burnett. All four sisters then went to Devine, Tex., where they visited with yet another sister and her husband, Mr. and Mrs. Frank Peterson. They then returned to Carlsbad last Thursday, and Mrs. Wilks returned to her home in Floydada Sunday.

ATTEND THE RELIGIOUS SERVICE OF YOUR CHOICE THIS WEEK

Today's Love

By Rev. Richard T. Casey, Administrator of St. Mary Magdalene and San Jose Churches

No doubt everybody likes a story. And any story having to do with love will have the greatest audience. There is something about this greatest of all emotions that attracts our attention. Just consider the number of songs, poems and plays that have that theme.

The same thoughts can be applied to our relationship with Christ. The same elements of sacrifice, duty, mystery and the like are to be found in our relationship with Him...How else can we begin to understand His love for us in any other way? In fact the love of Christ for us and we for Christ serves as a model for us to imitate in our contacts with each other...sacrifice, duty and the like.

It is only when we start to drift away for other things that

the meaning of love starts to elude us. Have you ever watched a boat drifting on the water? It goes this way and that way; no direction at all. Christ starts to be a word instead of a Person Who loves us very much. We let the world take the place of Christ and thus love is lost to us. Our marriages, relations with others, a disregard for the truth too is to be traced to our loss of Christ.

Every love relationship must start with faith. The same with Christ and us. He asks us to accept Him in His teachings as well as in seeing His image in our fellow man. When love begins to wane chances are it is to be found in weak faith. Through acceptance of Christ not only in His teachings but faith in Him and our fellow man can only lead to a firmer and deeper love in today's world.

 (WELL, ALMOST NEVER)

If We Make Any Classical Errors... Let Us Know!

Nobody's perfect... but we try to be. And, as our customer, you know that most of the time we are! Most of the time you'll get all the news reported accurately, ads placed just the way you requested, reliable deliveries, and courteous service. But on those rare occasions when you do spot an error, we want to know about it. And if you should have any complaints about our service... we want to know about that too! After all... when you're happy... we are too!

The Floyd County Hesperian or The Lockney Beacon

Let's Keep In Touch... We're Always Glad to Hear From You!

IT'S NO TRICK -
