FOR FLOYD FARMERS AND RANCHERS

Emergency Loans Available From FmHA

Emergency loans for farmers, ranchers, or aquaculture operators are available through county offices of the Farmers Home Administration (FmHA), Gary L. Brown, FmHA County Supervisor, said today.

Brown asked that those who need farm credit as a result of hail make their needs known at the Farmers Home Administration office at 107 W. California, Floydada, Texas.

Application for assistance in the disaster stricken counties will be accepted by Farmers Home until July 17, 1978, for physical losses and January 16, 1979 for production losses.

FmHA loans covering actual physical and production losses may be used to replace installations, equipment, or buildings, (including homes) lost through this disaster. Funds may be used to buy feed, seed, fertilizer, livestock, or to meet interest and depreciation payments on current real estate and chattel debts. Other loans, beyond actual losses, can be made for annual operating expenses or to make major adjustments in a farming or ranching operation.

"Funds can be used for essential operating and living costs," Brown

said. Loans covering actual losses are made at an interest rate of three and five percent and are scheduled for repayment as rapidly as feasible consistent with the applicant's reasonable ability to pay. Loans beyond actual losses have various maturities, depending upon the purpose of the loan.

The interest rate for short-term loans for farm operating purposes is 8 percent. Long-term loans are being made at an interest rate of 8 percent.

To be eligible for an emergency loan, an applicant must have suffered losses from the disaster and be unable to get credit from other sources.

Emergency loans can be used to help the farmer restore damaged farm operations and additional loans based upon the emergency designation can be used to reorganize the farm for greater efficiency and better production.

Gary L. Brown, FmHA County Supervisor for Floyd County states that there will be a county wide meeting on January 23, 1978 in the county court room in the Floyd County Courthouse. The meeting will be held

(See FmHA page 10)

GRADY NUTT

BANQUET SPEAKER

Some Kinda' Nutt!

Grady Nutt, the featured speaker of the Floydada Chamber of Commerce Banquet on February 6, is often kidded about his last name, N U T T.

"The second T is important - without it, I'm just like the rest of you."

For a man born in Amarillo, Texas, in 1934, a product of the Great Depression and with the unlikely name of Nutt, entertaining could not be far behind.

He sings, juggles, "handbones" and plays a dozen different musical instruments, including the tiple, a small, 10-string Spanish folk instrument that Grady describes as a "ukelele with thyroid trouble." In a word, Grady describes himself as a humorist.

"A humorist isn't a comedian. He's not just trying to crack jokes... a humorist is an interpreter of life. He takes a common experience - something that's happened to everybody - and filters it through his own way of looking at things until it comes alive for another person who can say, 'Oh, yeah! Right! That's the truth!'"

In his stories and tales, Grady shares his small town boyhood and adolescence, his growing up in a poor family, a rural school, a small church and his frolic-filled college days at Wayland Baptist College in Plainview, Texas. With a whiffle of eyebrow, a twist of nose, a popping of eyeballs, a flip of hands, or a knowing flicker of forehead wrinkles, Grady embellishes these common experiences into moments of laughter and glimpses of truth. Tall, friendly, easy moving and with twinkle in eye, Grady brings audiences hearty laughter and good will, insightful meaning and solid thought; he sends his newly made friends away chucking and thinking.

"I haven't had to advertise. People just hear about me by word of mouth, and if they want me, they just call for information. After all, how many Grady Nutts are there in Louisville?"

The demand for Grady's humor has kept him grim reaping from San Jose to Palm Beach, from Boston to Seattle, and from Dallas to home-base Louisville. Averaging more than 200 appearances each year, Grady collects chuckles at conventions, convocations, Chambers of Commerce, church dinners, banquets for salesmen, farmers, teachers, funeral directors, civic club members and youth groups.

When Grady is not cross country funny boning, appearing on television, writing, recording albums or narrating films, he pursues his hobbies of photography, cooking, music, and spends quality time with his family.

This is Grady Nutt - open and eager to unshell what is ordinary and allow the treasures of truth and humor to spill out to those who hear him.

The Floydada Chamber of Commerce is pleased to have Grady Nutt at their Annual Banquet on Monday night, February 6, 1978 at 7:00 p.m.

OVER A MILLION DOLLARS WORTH of tractors were parked near the Massie Activity Center Monday before beginning the downtown parade. (Staff Photo)

Big Crowd For American Agriculture Day

There was plenty of excitement in Floydada all day Monday, American Agriculture Day, and the events began at 4 a.m. as 4-felers arrived at the Massie Activity Center to prepare an early breakfast.

A big crowd attended the breakfast, and some 125 tractors, a cotton picker, a combine, a fertilizer applicator, an old tractor pulling a trailer with a couple of small pickups, began a parade around the high school, then headed its way up and down the

business streets of Floydada. Downtown Floydada looked like ghost town as all the merchants had closed their doors for the day in sympathy with the striking farmers.

At noon the MAC was running over with people. However, the farmer's wives served plenty of good hot chili and delicious cake.

PROGRAM

Following the meal a film was shown. "The American Farmer" and several introductions were made by J. W. Becker. Becker expressed the thanks of the farmers to the merchant's cooperation, the \$6500 travel to Washington money, the many persons who worked in making the day a success.

SPEAKER

Lorenzo farmer Moll Cherry mixed some humorous comments into a very impressive talk about the farmer's needs, the economic aspect of business all over America if the farmer goes broke, and the problem with swaying Congress toward 100 percent parity for farm products.

Highlights of his talk: The farmer has faced market problems ever since the depression of 1892. The farmer must speak straight, he

must speak hard to the people in Washington.

The farmer must behave himself in all aspects of the strike movement... no drinking, no foul language, no violence.

The American Bill of Rights gives

the farmer the right to speak out for what he must have to stay in business.

The farmer also has a responsibility

(See farmer page 5)

Basketeers Host

Antelopes

The Floydada Whirlwind roundball teams will host 4AA perennial power Abernathy this Friday, in hopes of meriting their chances to represent the district in this season's playoffs.

At 5 o'clock, either the JV boys or girls will hit the floor at Graves Gym, followed by the varsity girls at 6:30 and the Whirlwinds at 8 p.m.

In 1977's meeting here, the Abernathy boys team escaped with a 56-55 victory in the closing seconds when the Antelopes shut off Mickey Minnitt from scoring.

The girls' team from Abernathy also came away with a win.

All three contests should prove interesting since the Antelopes are again predicted to give opponents trouble in the well balanced 4AA race for the title.

Officers Arrest Man

Transporting Liquor

Floydada law officials under the leadership of Alcoholic Beverage Commission man Bill Austin, Friday arrested a Floydada man for transporting alcoholic beverage.

Arrested was Calvin Craver and charged with transporting 32 cases of beer and several bottles of alcoholic beverage. The arrest was made in northeast Floydada and the alcoholic beverage taken from the man's automobile.

In searching the auto officers found an 8 1/2 inch hunting knife and a sawed off shotgun. Then charges were also filed for possession of a prohibitive weapon.

Craver is out on \$4500 bond, pending hearing of the charges.

Robber In Jail

A man wearing a ski mask pulled a gun on Yvonne Romero and Anna Guzman in the Dixie Dog Drive Inn Saturday night and took approximately \$140.

However, he didn't run loose with the money very long. Before he could leave town, an alert city policeman made the arrest with the assistance of the Highway Patrol and sheriff officers.

The arrest came 23 minutes after the robbery.

Arrested and charged with aggravated armed robbery and possession of a substance thought to be marijuana, was David Clark Rolling, 23.

Officers found a cocked pistol with five live rounds in Rolling's auto.

Rolling remains in the county jail with bond set at \$17,500.

District Attorney Randy Hollums said there may be another charge.

Caprock Chat

MARY TOM AND I enjoyed dinner with the Senior Citizens in their new building yesterday. There were around 40 people and we enjoyed a lot of good food and fellowship.

I didn't have time to develop my photos of the big event, so watch the Hesperian for more about the opening of the new Senior Citizens' building.

CONGRATULATIONS to the winners in their exciting win over the boys. Let's go on and win district!

LITTLE TOMMY WAS telling his mother about his day in school. "Why did you ask me if I had brothers or sisters, and I said I didn't have any?" "And what did she say?" inquired the little boy.

"She said, 'Thank goodness!'"

The reason that the dog is such a cute creature is that his tail wags out of his tongue.

THE MASTER OF CEREMONIES at the American Agriculture Day in the MAC mentioned the community would miss Gerald McKay, and he was the type fellow who would have been working for the community's interests.

"I would have liked you as a nice guy. I liked you and appreciated him for his work in our community. He was looking forward, he would 'level with' you."

Sympathy goes to Gerald's family at this time.

WILL BEP YOU DIDN'T know that Gerald was represented in the Palo Verde Marathon Saturday. Although Frank Barrow didn't enter the race, he did run in the four mile and I believe, came in 12th of 30 runners.

If you want to see Frank running in Floydada, you have to be up and see him... or maybe earlier... but sure about this, because I have been out looking for him that day of the morning.

SO INTERESTING sidelights of American Agriculture Day here in Floydada, my first time I ever saw Post Office with all other businesses.

Second observation: the school had no place to eat downtown. Did they eat? Cateria reports that they didn't eat there. They went on a fast... or they had a quick lunch... or went home.

C.L. "MACK" MCKAY

C. L. McKay

Announces

For Sheriff

C.L. "Mack" McKay of Floydada has authorized this newspaper to announce his candidacy for sheriff of Floyd County subject to the May Democratic Primary.

McKay has 15 years of law enforcement experience in Euless, Floydada, and Lockney, Texas. He has graduated from schools in accident investigation, narcotics, and family disturbance problems.

At present McKay is a truck driver.

In his announcement statement he said, "I will certainly appreciate your influence and vote. If elected I will devote my best efforts to upholding the law, work with other law officials in the county and treat everyone fairly."

OFFICERS CONFISCATED these alcoholic beverages Friday in northeast Floydada. (Staff Photo)

Pizza Gold Grand Opening Begins

The Grand Opening of Floydada's new Pizza Gold business begins today and continues through Sunday.

The all new pizza business is located on the Wye and has been open since December 19.

The Pizza Gold also includes a modern ice cream parlor complete with 28 flavors of ice cream and many delicious ice cream confections.

Owners of the new business are Mr. and Mrs. Buddy Wilderer and Jack Bownds of Plainview. Manager is Jack Gregory, who managed Pizza businesses in Abilene while attending and after graduation at McMurry College.

The business is housed in a modern 90 x 40' structure building with seating to take care of 118 people. The interior is carpeted and a fireplace in the center of

the dining room adds a note of warmth to the atmosphere. Colorful wall paper accents the wall booths.

There is a spacious parking lot that surrounds the building.

All the latest pizza preparation equipment has been installed including two giant bake ovens and a microwave oven.

A page advertisement in this edition of The Hesperian tells of Grand Opening specials and the popular \$1.99 buffet.

It also tells opening and closing hours for the new business.

TAKE OUT ORDERS

Anyone desiring to phone in for take out orders should call 983-2781 about 30 minutes before pick up.

Interior Designer Presents Program For Study Club

The Athena Jr. Study Club met in the home of Sheree Cannon with Karen Koonsman as co-hostess. The program, "Grand Tour of Interior Decorating" was given by Pat Carthel, Interior Designer for Sears, Roebuck, and Co. Mrs. Carthel emphasized the importance of color in decorating. Color continuity from room to room will make a home seem larger. Choose from 2 to 4 colors to use throughout the house and then use 1 or 2 different colors for accent. Window treatment, especially draperies, can give the finished touch to a home more than any other item. Some new ideas for windows were open weave draperies, skinny blinds, verticle blinds, window shades, and woven wood shades. Mrs. Carthel illustrated her dis-

cussion with a variety of fabric and carpet samples. Following the program members and guest were served strudel cake. Plans for this year's G.F.W.C. Caprock Convention were discussed. Kathy Hunter was chosen for Outstanding leadership in Athena because of her roll in organizing the cystic fibrosis bake-a-thon, pre-school clinic, and the ice cream booth at the fair. Jan Mize was selected as Outstanding Club Woman in Athena because of her state G.F.W.C. offices. These women will be entered in competition on out district level in their respective categories. A program given to Athena by a drug investigator from Lubbock, will be nominated for outstanding club program. In this program,

the use of illegal drugs was discussed and the preventive measures being taken. Several teen agers attended this program and because of this presentation an Athena member, Virginia Owens, was asked to present a program on drugs to the 5th graders at Lockney Elementary School. After the benediction, club members were dismissed. The following women were present: Rita Burleson, Sheree Cannon, Sally Carthel, Peggy Hallmark, Kathy Hunter, Jamie Klein, Karen Koonsman, Martha Sue Lusk, Donnie Meriwether, Charlotte, Mitchell, Jan Mize, Virginia Owen, Sheila Poole, Sandra Turley, Lela Warren, Sue Zorger, D'Ann Belier, Ann Favor, and Judy Schacht.

Hobby Club Elects Officers

The Hook and Needle Hobby Club met Tuesday, January 17 in the home of Mrs. Woodrow Wilson for their first meeting of the year. Mrs. Glen White presiding.

Officers elected are: president, Mrs. J.B. Sue; vice president, Mrs. Nolan Turner; secretary, Mrs. Willie Bunch; scrapbook, Mrs. Glen White; and reporter, Mrs. Johnnie Cates.

Mrs. Sue appointed a sunshine committee: Mrs. Foy Gooch and Mrs. Harry Reeves; and a project committee: Mrs. Nolan Turner, Mrs. Clarence Denton and Mrs. Woodrow Wilson.

COTTAGE HAIR STYLES

Would like to introduce Judy Ogle to Floydada. She will give a Free Hair-cut with a shampoo & set this Thursday & Friday only, January 19th & 20th.

Call ins and drop ins encouraged
Call 983-3438 and ask for Judy.

ENGAGED... Mr. and Mrs. Ted Carthel announce the engagement and approaching marriage of their daughter, Cathy, to Ronnie Lynn Adams, son of Mr. and Mrs. Johnny Adams of Lubbock. The couple plan a small family wedding on March 18th in Lubbock. The bride-elect was graduated from Lockney High School and is attending Texas Tech. The future bridegroom was graduated from Coronado High School of Lubbock and is a senior at Texas Tech. Grandparents are Mr. and Mrs. Hershel Carthel of Plainview and Mrs. Sally Miller of Gonzales.

Adult Singles Announce Meeting
The Adult Singles will meet at Edna Gilly's home January 21, at 6:30 p.m. for a stew and corn bread supper. All are invited to come and bring a friend. Games and fellowship will follow the supper.

Whirlers Club To Dance Friday
Floydada Whirlers Square Dance Club will continue to dance each month, but has changed the dance night for January only. They will dance Friday, January 20, at 8 p.m. at the Massie Activity Center with Herick Allen of Amarillo calling.

Society

"We Care About America"
1934 Study Club Theme

"We Care About America" was the theme of the January 17 meeting of the 1934 Study Club meeting in the home of Mrs. J. R. Turner with Mrs. George Springer and Mrs. Fred Stewart serving as co-hostesses.

Mrs. J. S. Hale, Jr. introduced the speaker, Mrs. Loy Wylie of Petersburg, who spoke on "Women, You and the Red, White, and Blue." The speaker came dressed in a patriotic costume of the Bi-Centennial Era and spoke on women, famous, and infamous, and their contribution to the United States of America.

History during wars involving our country. Guests for the evening were: Mmes. Glenn White, Pete Switzer, Earl Crawford, Guy Gunn, Dallas Ramsey, and Ted Bell.

Members attending were: Mmes. Allen Bingham, Wilson Bond, Floyd Bradley, Dennis Dempsey, R. G. Dunlap, Leon Ferguson, Garland Foster, Kyle Glover, J. S. Hale, Jr., J. T. Hunkahay, Floyd Lawson, J. P. Moss, W. O. Newberry, Vernon Parker, John Reine, George Springer, Fred Stewart, L. B. Stewart, W. W. Trapp, J. R. Turner and O. M. Watson, Jr.

Kitchen Shower Honors Miss Frizzell

Miss Melanie Frizzell, bride-elect of Rick Bixler of Watonga, Oklahoma, was honored with a kitchen shower in the Max Smith home in Lockney on Saturday afternoon, January 14. Guests were served refreshments from a table covered with a white linen cloth with raised flowers in blue. The centerpiece was multi colored daisies. Other appointments on the table were of crystal. The honoree was presented a corsage made of feathered blue carnations and baby's breath.

Miss Frizzell and Bixler are students at Southwestern Oklahoma State University. Wedding vows will be exchanged March 12 in Lockney.

Guests present or sending gifts to the shower were: Misses Teresa Duvall, Marilyn Smith, Denise and Dineen Johnson, Jackie Carthel, Donna Spencer, Janis Marr, Kathy McCart-

Adult Oil Painting Classes Scheduled

Dwayne Franklin, Floydada Jr. High art teacher, will teach an oil painting class for adults. Pre class will be held in the Junior High School art room one day a week from 7:00 p.m. to 10:00 p.m.

One course will be 8 weeks long and the cost will be \$2.00 per lesson or \$16.00 for the entire course. Final enrollment date for the course is January 31. Classes will begin after that date. Call Kathy Green at the Floydada Multi-Purpose Center for further information, and for enrollment. One number is 983-3134.

Look Who's Here

Mr. and Mrs. Ernest Torres are the proud parents of a son, Eric Arthur, born December 20, 7:30 a.m., weighing 6 lbs. 8 oz., at Lockney General Hospital. The new baby was named after his uncle, Arthur Torres, of Hondo, Texas.

Mr. and Mrs. Deryl C. Evans are the parents of a baby girl, Mindy Deelen, born Wednesday January 11, weighing 7 lbs. 4 oz. in Central Plains Hospital in Plainview, Texas.

Grandparents are Mr. and Mrs. Jim Dee Smith and Mrs. Kress and Mr. and Mrs. Milton Evans, Floydada. Great grandparents are Mrs. Nora H. Smith of Blanco and Mrs. S.M. Chesher of Guanah.

To substitute for one cup of self-rising flour, use one cup of enriched flour plus one teaspoon baking powder and 1/2 teaspoon salt.

says Mrs. Mickey Sweeten, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

THE WAYNE BRISTOW CRUSADE

Around the world, people are crying for an abundance of Life, Liberty and Happiness.

Thousands of these people are daily discovering a full and meaningful life that sets them free and results in real Happiness. They are finding this through a supernatural relationship with Jesus Christ.

You have heard others talk about trying almost everything and finally turning to Jesus. You have heard them speak of the satisfaction, joy and peace they have found.

You may have tried some form of traditional religion and failed to find the answer.

Wayne Bristow has made the discovery that mere religion will not satisfy. He has, however, found personal satisfaction through a personal relationship with God through Jesus Christ.

Now YOU can enter into this relationship and supernaturally experience the qualities of life you seek.

Mr. Bristow has helped thousands of people in four continents experience LIFE IN A NEW DIMENSION and has shown them how to turn from frustration to fulfillment.

Wayne Bristow calls this help to get in touch with God, hear His vital messages for people at last!

TODAY YOU CAN EXPERIENCE
LIFE - LIBERTY - HAPPINESS

THE UPCOMING TEXAS ONION HARVEST is expected to be large this year, although production estimates are not yet available. We're hoping for a good harvest after onion growers ran into problems with wet weather last year. If the predictions are true, shoppers should find Texas onions to be excellent values in supermarkets. Look for them to start moving in volume around the end of this month.

Opaque white hose to match white ballerina slippers create a feminine look for Spring '78, says Margaret Ann Vanderpoorten, clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

In 1814 a Harvard education cost about \$300 per year.

FARM STRIKE TRACTORCADE roars in to downtown Floydada Monday. (Staff Photo).

TEXAS AGRICULTURE

PROBLEMS in 1977 not all of them the fault of the producers. But we enter the New Year and must look back too long and must look ahead.

Production-wise, 1977 was a year of great achievement. But it was that production which caused losses in many cases, and prices for the second year in a row. By early fall prices had fallen to their lowest point since the Depression.

I've said in hundreds of speeches throughout the state I believe that one of the most significant solutions to the current farm situation is to expand markets and improve marketing techniques for agricultural products.

I'm not talking about expanding our farm products to foreign countries, but the farmers and ranchers of Texas and this state deserve - must have - a fair market to sell their products and these profits must come from fair prices gained in an open market.

It seems senseless to me to see such large grain surpluses and dairy surpluses exist while babies are dying for food in the poorest countries.

An attempt to expand our markets for Texas agricultural products, the Texas Department of Agriculture is gearing up to hire specialists in foreign countries. These people will have knowledge about the demand in the foreign market, and can help Texas in major centers throughout the world.

Whirlwinds Nudge LHS; Tie For 4-AA Top Spot

By Doug Simpson

Quinn Coleman's driving layup with seconds remaining climaxed a fiercely excited last shot stall strategy and lifted the Whirlwinds to a 47-44 upset victory over archrival Longhorns last Friday night at Graves.

The win assured Floydada of a tie for 4-AA first half district lead with the Whirlwinds and was characterized by the team's ability to hold off a ferocious comeback by the Longhorns in the second half.

The win assured Floydada of a tie for 4-AA first half district lead with the Whirlwinds and was characterized by the team's ability to hold off a ferocious comeback by the Longhorns in the second half.

The win assured Floydada of a tie for 4-AA first half district lead with the Whirlwinds and was characterized by the team's ability to hold off a ferocious comeback by the Longhorns in the second half.

advantage by hitting 8 of 10 free throw attempts.

It was more free shots, combined with 5 successful attempts from the field enabled the Whirlwinds to take a respectable 14 point lead into the dressing room at the half.

It was more Whirlwind offensive tactics in the early part of the third stanza. Impressive scoring and rebounding underneath resulted in 8 quick points and a commanding 38-20 advantage.

It was then that Lockney regrouped and staged perhaps one of the more notable comebacks of the season.

Why the sudden motivation? As the Whirlwinds' head coach put it: "This is Lockney Floydada basketball! (Remember?)"

The Longhorns began working their offense through the heart of Floydada's defensive unit, using forwards Ray McMahon, Howard Moore, and Danny Clark to lead the way.

For the remainder of the third quarter, Lockney outscored its opponents 17-6 and took a mere 44-37 deficit into the fourth quarter.

The final period marked one of the most defensive and intense eight-minute periods witnessed this entire season.

For the record, the Horns outscored the Winds 19-4. But every person present knew that the final outcome would come down to that last shot and who could come up with the finest offensive strategy to win the game.

The first half of the final stanza was a frustrating one for Floydada. Lockney creeping ever closer to tying the game and finally took over the lead.

With 6:16 left, a basket by Howard Moore made it a 44-43 ball game, and moments later, Moore sank a pair of free shots to put Lockney in the lead for the first time at 45-44.

The next time down the floor, the Horns increased the lead to 47-44 on a jumper by McMahon.

Floydada hustled down the floor and cut the margin to 1 with less than 3 minutes to play on a rightside layup by Kary Helms.

The Longhorns came back down shot, and Tim Collins hauled down the rebound. There were two minutes and 23 seconds to play when the Winds called time out to set up a play that would turn out to be a work of art.

Coleman dribbled across the ten-second line and began exchanging passes with outside men Jimmy Jackson and Helms to stall time.

This type of maneuver continued till under a minute left. Lockney started to apply pressure, and Floydada used another time-out.

This time the pattern was designated. With under 20 seconds left, Helms made his move around, handed off to Jackson, who gave it to Coleman, who went straight up the middle between two defenders for the winning two points.

Lockney called time, set up a play, but missed the shot, and the Winds received the ball out of bounds.

Collins threw the ball in to Tim Vickers, who just hung on it till Todd had expired and the fans began rushing onto the floor, mobbing the players. It was over.

LADY WHIRLETTES OUT WHIRLWINDS

By Doug Simpson

Every person present at Graves Gym last Friday at the Whirlwinds' crucial showdown with arch-rival Lockney might have told you prior to the game that intensity is something you can't describe, or touch, but only feel, see, or taste.

But after the two teams had battled through 32 minutes of one of the most intensified and heated struggles of the season, you'd better believe those same witnesses had their doubts.

The contest ended with the powerful Lady Horns on top by 45-44. The loss left the Whirlettes with 9-12 season ledger and an 0-1 district slate, while Lockney currently shares the 4-AA first half lead with Tulia, which defeated Idalou on the same night.

Actually, Floydada had controlled most of the contest even up to the final couple of minutes, score-wise, that is.

But the Lady Horns benefited from Whirllette turnovers and fouls to overcome the deficit and come out victorious in a spine-tingling finish.

It was Sheila Hrbacek, Lockney's all-district forward, who turned the tide with her remarkable free throw shooting efficiency.

It was Hrbacek's free shots that tied the contest at 44 apiece with 1:10 remaining and another with less than a half a minute to play that eventually proved to be

the winning margin.

In a fairly evenly balanced first quarter, Floydada managed to post a 10-8 advantage. Free throws by Kim Curry and Kathy Davis proved to be the only difference.

The Lady Horns made it a completely different story in the second period. They outscored the Whirlettes 13-11 to take a narrow 22-21 lead into the locker room.

Lockney thoroughly dominated the third stanza. Floydada made only two field shots and three free throws for 7 points, but it was not a case of poor shooting percentage, but of Lockney's ability to control possession.

Floydada could not stay up enough shots to put even, as a result of turnovers and lack of rebounding.

The Horns took a 36-28 advantage into the final period.

Floydada applied a much more successful inside game in the fourth quarter, as Kim Curry, Kathy Davis, and Karen Turner each contributed field goals to help make up the deficit.

When Kim Curry fouled out of the game with 6:36 to play, most of the fans feared that the Whirlettes would lose much of its offense.

But while Curry wasn't underneath to score points, it was Lisa West doing most of the scoring with 7 free throws. West sank 6 of 7 attempts from the line in the quarter, and tied the game at 38 apiece with 3:53 left.

Turner scored on the next possession following a steal by Donnette Williams to make it 40-38, and West talked two more free throws moments later. Suddenly, it was a 42-38 ball game, with Floydada in front.

Kathy Davis responded to a free throw by Hrbacek that cut the disadvantage to 3 with a 10 rebound from the left side to make it a 5 point game, at 44-39.

That was when the magic that had shined for so long on the Whirlettes began to make its exit.

Hrbacek completed a 3-point play next time down the floor to cut it to 44-42.

Following an important steal by a teammate, Hrbacek tied the score at 44 with 1:18 left. She also sank the front end of a 1 and 1 to provide the winning point.

With 12 seconds left, Hrbacek stepped to the line again, in hopes of putting the game away. But the ball fell off the rim and Rosemary Barnes grabbed the rebound.

Williams advanced the ball to Poage across the 10 second stripe in hopes of setting up a late second shot, but the Whirllette forward missed the opportunity to win when her attempt fell inches short with 2 seconds left.

Hornets Destroy Whirlwinds, 78-41

By Doug Simpson

Tulia's Hornets made sure that they didn't miss a single opportunity to cash in on the many advantages they held Tuesday night in an easy 78-41 victory over the Whirlwinds, in a district 4AA match-up.

Led by 6-5 two year junior letterman Russell Webb, the hosting Hornets took command right from the opening tip-off destroying Floydada's outside shooting attack with their potent rebounding and shutting off the middle with their outstanding height.

Offensively? It was the same story. Tulia received a number of second shot opportunities and were awesome underneath, despite being a little cold from the outside.

The loss left the Winds with a 4-17 season record, but more importantly, it ruined their perfect district mark, which was evened at 1-1. Tulia and Floydada now share identical district records.

In the early moments of the first period, it was a fairly evenly matched contest. Floydada took the lead first 2-0, on a 22 footer in the corner by Quinn Coleman, but the Hornets responded with a layup by Jeff Wilkes to tie the clubs.

The two clubs exchanged buckets again, and that was when Tulia began to utilize its obvious height advantage to blow the Whirlwinds right out of the gymnasium.

Leading 17-6 with a minute to play in the quarter, the Hornets experienced an even greater offensive

surge, hitting 8 straight points and limiting Floydada to 4, to take a commanding 25-10 lead into the second frame.

Webb and the rest of his teammates took control a gain in the second period, opening up a huge lead, while playing tremendous defense.

The Winds were limited to only 6 points in the entire quarter. As a result, Tulia posted a commanding 48-16 lead at the midway point.

Although the visitors began from outside well, to come up with 11 needed points, the Hornets increased their lead again in the third stanza. It was 66-27 ball game when the Hornets had resounded.

The reserves on the Hornets' squad couldn't perform with quite as much impressiveness, but did score 12 points and just missed the 80-point barrier in the game's final period.

Floydada had its best quarter, meanwhile, tightening its defense and scoring 14 points.

FARMER from page 1

to his loved ones to make a living.

Ten representatives from Texas in the Omaha meeting with Secretary of Agriculture Bob Bergland...Cherry was one of the representatives.

41 states were represented at the meeting.

There was prayer before the meeting with Bergland.

Only eight got to see Bergland.

Hereford man was chosen as spokesman for the group.

Bergland was told of the critical farm situation all over the United States.

It was a very emotional meeting, as one man shed tears explaining he would have to quit farming if the program did not change.

The Secretary of Agriculture said he agreed with the farmer's principles, and he would visit with President Carter early Monday morning following the Friday meeting with the

farmer.

In summary Cherry said: "We must save the little farmer. We are set for a huge depression if the farmer goes broke. We must jump party lines, farm organization lines in order to get 100 percent parity. Make good government work for you...insist that the politician represent you and your needs. This message for the Secretary of Agriculture: 'Mr. Secretary you've betrayed the farmer...why don't you resign and let us build a program that will solve our problems.'"

CPA

Local CPA Fred Thayer was then introduced and he gave the farmers tips on management that would help them financially in the new year.

This paper will publish his tips in Sunday's edition.

Football Banquet Saturday Night

Floydada Football Banquet honoring the 1977 Whirlwinds, and cheerleaders will be Saturday night at 7:30 p.m. in The Massie Activity Center.

Bill Yung, head football coach at West Texas State University will be the guest speaker. The public is encouraged to attend. Tickets are \$3.50 each and are on sale at the high school.

Tony Goen, son of Mr. and Mrs. Dale Goen, has completed work for a B.S. degree in electrical engineering from the University of Texas at Austin.

Tony has accepted a job offer with Motorola in Scottsdale, Arizona, as an electrical engineer in the field of communications. He will begin work April 1.

Chamber Seeking "Boss Of The Year"

The Woman's Chamber Division of the Chamber of Commerce will present a plaque for the fourth consecutive year to the "Boss of the Year" at the Chamber Banquet to be held February 6, 1978. Letters of nomination to be in by the 1st.

Anyone desiring to nominate a favorite person for this honor is requested to write a letter explaining why the nominee should receive the

award.

Those eligible for the award include any person under whom another works. That person does not have to be the owner or supervisor of the company. He or she can be any person under whom another works.

Letters of nomination are to be sent to Box 291, Floydada, by February 1st in order that the anonymous committee may make its choice by banquet time.

JV Whirlettes Short, 34-25

Tulia's junior varsity girls' squad came out victorious in one of the more notable contests of the season Tuesday night at the Tulia Gymnasium, notable for nothing except defense.

A very patient and quick Hornette attack fought off a potential comeback by the JV Whirlettes, to score a 34-25 victory, before a sparse but enthusiastic crowd of fans.

To do it, Tulia had to make up for both clubs' lack of offense.

The Hornets posted a 4-1 first quarter advantage,

a 15-9 halftime lead, and a 19-14 lead at the end of three quarters.

In the final stanza, it was just a matter of defending a lead for the Hornets, that also was helped by an improved 16 point performance on the part of the hosts.

Whirlettes Upend Hornets, 60-50

By Doug Simpson

Floydada's varsity Whirlettes chase the district 4AA title three into shambles Tuesday night, in the same manner that had hurt them the game before in a heartbreaker loss to Lockney.

The Whirlettes, establishing control from the beginning, penetrated their opponents' defense better than they have been able to do all season. The result was a 60-50 victory before a large crowd of fans at Tulia Gymnasium.

Floydada is now 1-1 in district action, and 10-12 in the season.

On numerous occasions, the Tulia attack would find holes in the Whirllette defense and begin to play catch-up. Once, they pulled to within 4 points.

But, a calm and collected trio of forwards kept the game under control, utilizing the inside ability of Kim Curry and Kathy Davis to apply the finishing touches.

In spite of the fact that Tulia entered the all-important bonus situation with less than two minutes to play, the Whirlettes broke away from a 10-10 deadlock to lead by 7 points.

Jill Poage connected on a 3-point play with 19 seconds left in the first period to make that possible.

It was more of the inside penetrability that helped the visitors to open up a two-digit second quarter advantage.

In the period, Kim Curry connected in 3 inside field goals and a free throw

for 7 points. Kathy Davis contributed a pair of field goals from the outside and Jill Poage hit 4 points.

Going into the dressing room at the half, Floydada maintained a 31-21 lead.

Floydada had controlled the third stanza nicely, until about the final minute and a half, when the Hornets staged a late surge to pull them to within 8 points of the Whirlettes.

Going into the last period, it was a 40-32 ball game, with the momentum belonging to the Hornets.

Tulia put the heat on, and almost tied up the game in the closing moments, trimming the margin to 54-50.

But the Hornets suffered from a number of fouls that resulted in free shots for the Whirlettes, including 4 by Lisa West.

Floydada also did an excellent job of controlling the offensive boards, pulling down 5 in the fourth quarter.

Curry and Davis, with their inside play, were able to thwart the Tulia threat and give Floydada the points it needed just in time.

Learn To Listen

COLLEGE STATION—Learn to listen—and gain the basis for understanding others and strengthen relationships, says Jenny Reinhardt, family life education specialist with the Texas Agricultural Extension Service. The

Texas A&M University System.

“Few people have mastered the art of listening with understanding,” she continues.

“In fact, research shows that poor listening is a major family problem.”

“In addition, experts often cite lack of communication as a reason for divorce and children running away,” she says.

Ms. Reinhardt offers six steps to becoming a more effective and efficient listener.

1. Be interested in the other person. Thinking that each person has something helpful to say makes listening easier.

2. Accept “less than perfect” in others. Each person has something to offer regardless of age, dress, mannerism, or speech.

3. Learn to “act” not “react.” Hear all of what a person has to say and view the entire idea rather than its specifics—and do not make assumptions.

4. Recognize that others may use words and convey thoughts that are outside our circle of knowledge. Use these experiences to expand knowledge. Some helpful responses are: “Oh, that is interesting,” “I didn’t know

that.” “That is something I have often wondered about.” “Would you explain?”

5. Try to understand what the individual is saying. Sometimes words do not tell the whole idea.

6. Pay attention. Faking attention is disrespectful and causes the communication process to break down.

Family History Deadline Moved To February

The deadline for submitting family histories for the Floyd County history book has been extended to February 28.

Each county resident, past or present, may send in 500 word (maximum length) stories of their families in Floyd County.

County Histories should be sent to Floyd County Historical Society, P.O. Box 100, Floydada, Texas 79301. The history books will be published at a cost of \$24.50 plus tax and shipping. After that date the cost will be higher.

Grain Sorghum Price \$3.98

LUBBOCK, TX, Jan. 12—The White House officially announced the ‘77 target price for grain sorghum at \$4.07 per hundred weight. The ‘78 target price for sorghum will be \$3.98 cwt.

It is directly because of Grain Sorghum Producers Association’s (GSPA) work with Congress that the 1977 Food and Agriculture Act contains a provision establishing sorghum target prices in relation to the cost of production.

When the bill became law in September, GSPA was lauded as having won a major battle for grain sorghum farmers. However, OMB influenced the White House to hold up on final announcement of the target price until now.

The \$4.07 target insures sorghum farmers of over \$300 million in deficiency payments on their ‘77 crop. Deficiency payments (the difference between the target price and the government loan level) are estimated at 68 cents cwt. for sorghum, with the exact amount to be determined by the average price received by farmers from Oct. 1 through Feb. 28.

Using the 68 cent figure, a sorghum producer will receive \$6,800 in deficiency payments for each million pounds of sorghum being paid on the “farm projected yield” times the projected acres (not to exceed allotted acres in 1977).

GSPA has expressed relief at the President’s decision to abide by the law, but wonders why it took the President four months to verify the price supports when the law clearly states how they should be determined.

GSPA is also disappointed at the timing of the announcement. Coming only one month prior to planting in the southern sorghum

belt, this late decision does not give farmers enough time to prepare their plantings.

GSPA thanks Congressmen George Mahan, Jack Hightower, Bob Poage and Glenn English for their support in securing the sorghum target based on cost of production as a provision in the farm bill.

Pork Producers Plan Increase In Farrowings

AUSTIN—Recent higher pork prices and cheaper feed costs are good news to Texas producers, who plan to respond by stepping up breeding activity in the coming six months.

Agriculture Commissioner Reagan V. Brown has said. According to figures just released by the Texas Crop and Livestock Reporting Service, farmers indicated they intend to farrow 102,000 sows by May of 1978. Brown stated, “This is a four-per-cent increase over the same period last year, he added.

“These farrowing intentions follow closely the trend of other pork producers throughout the country,” Brown said. “Nationwide, farrowings are predicted to increase nine per cent over last year. With December inventories of both market and breeding stock five per cent above levels set in 1976,

FARM & RANCH NEWS

Great Program For Ag Info Day

County Agent Doyle Warren is pleased with the program for the Floyd County Ag Information Day, January 23 in the Massie Center.

The program is sponsored by the County Program Building Committee, Crisp Sub-Committee, Texas Cultural Extension Service educational programs serve people of all ages regardless of socio-economic levels, color, sex, religion or national origin.

Kevin Sartin, Area Economist, Management, TAEX Lubbock, will discuss budgets for major crops. Martin has worked out some comparison costs for corn, cotton and grain sorghum at our normal yield levels. This is rather revealing compared to high levels of cotton production.

James Supak, Area Agronomist, TAEX Lubbock, has worked several years on putting together

information on cotton varieties and those varieties that perform well in our area.

Dr. Zoel Daughtrey, Area Agronomist, TAEX Lubbock, will discuss weed control, especially highlighting those hard to control weeds and some combinations of herbicides newly labeled that can better combat our normal weed problems.

Two local producers will also be on the program to discuss the insights and experience of working with cotton modulating and circular sprinkler systems. Laron Fulton has used the cotton modulating system and will discuss the use, advantages and disadvantages for cotton production.

James Hinton, Dougherty farmer, has completed his investigation on sprinkler systems and is in the process of installing a circular system on the home farm. He will discuss some of the

problems including installations, and costs of sprinkler systems.

The program will be completed with talks about pest management, cotton profit and farm legislation.

Jim Leser, Area Entomologist, TAEX Lubbock will discuss major crop pests, economic thresholds and controls.

We will try to wind-up the program with insights on how to produce cotton at a profit and the latest information on new farm legislation. At noon the Women's Division of the Floydada Chamber of Commerce will serve a Chili Luncheon to participants sponsored by Floyd County Agri business.

J. W. Becker introduces Mell Cherry At American Agriculture Program. (Staff Photo).

Low Farm Prices, High Costs Put Pressure On Texas Agriculture

COLLEGE STATION—A combination of low farm prices and high energy costs, decreasing water supplies in some areas could substantially reduce Texas agricultural production, says an economist with the Texas Agricultural Extension Service.

Sixty percent of Texas crop production comes from irrigated land, notes Dr. Ron Knutson. Studies indicate that costs of production on irrigated land for Texas crops such as wheat, milo and corn are substantially higher than those on dryland. Higher yielding dryland land above current target prices as well as farm target prices.

For example, the economist indicates that total cotton costs on the Plains average 63 cents per pound and dryland cotton costs average 46 cents per pound while the target for cotton is 52 cents per pound. Irrigated wheat averages \$4.72 per bushel, dryland \$3.39, and target price is \$3. Milo in the Rio Grande region irrigated land averaged at \$5.20 per bushel, dryland are \$4.04. The target for milo has not yet been announced but is expected to be about \$4.

Knutson explains that the 1977 Food and Agriculture Act, the government pays producers the difference between the target price and the average market price whenever the market price falls below the target price. Market prices are currently substantially below target prices for all major Texas crops except rice. Target prices are based on the U.S. cost of production. Costs consider out-of-pocket costs, machinery overhead costs, a return on management and labor, and a 3.5 percent return to land. These cost figures indicate a trouble ahead

for many Texas producers, says Knutson. "While Texas production cost estimates cited here are not strictly comparable and substantial cost variation exists among producers a comparison of target price and average costs clearly indicates serious pressures exist on many producers to make ends meet financially."

A continuation of producer prices in the neighborhood of U.S. target prices over a period of years could result in a realignment of land values, increased risk of financial failure, increased consolidation of farm operations, conversion from irrigated to dryland production, and even a reversion from crop to ranching and cattle production in some areas of the state. The result could be an absolute reduction in Texas crop output, concludes the economist. The magnitude of these effects is not known and must await further study. What is known is that a further increase in energy costs, wasteful use of water supplies, and continued low prices will increase the severity of the problem.

Research has shown that through the use of new crop production systems, it is often possible to produce crops at lower cost using less energy, water, fertilizer and chemicals. Some drought and disease resistant varieties are also available. However, this research is just beginning and has not yet been applied on an extensive basis.

Are there any current solutions to the farmers' dilemma?

Knutson suggests that potential policy solutions to the problem might lie in higher target prices for higher cost production areas, subsidies on input prices used in agriculture, or substantially increased research and extension support for discovery and implementation of cost-reducing production techniques.

PIONEER

PIONEER HI-BRED INTERNATIONAL, INC.
SOUTHWESTERN DIVISION
BOX 788 • PLAINVIEW, TEXAS 79072 • PHONE (806) 293-5231

An Open Letter To Our Farming Friends--

Charges are being made to the effect that Pioneer Hi-Bred International, Inc., is not sympathetic to the financial difficulties you are experiencing. I want to emphatically state that such is not the case. Nothing could be further from the true stand of Pioneer Hi-Bred International, Inc.

No company or organization is more aware of the contribution American farmers make to the economic health of the U.S. and to the survival of the world's population. In fact, Pioneer has spent untold manhours and dollars telling this story to the general public and to economic and governmental leaders...NOT for just the past four or five months, but from our company's earliest beginnings.

No company or organization is more aware of the economic pressures put on you, either. In fact, our success is directly tied to you. You're not just a customer. Many of you participate in the research that develops our products. Others of you help produce our seed. And then many of you also help market Pioneer brand seeds. To understand your problems is as basic to our business as is the research, production and marketing of our planting seed.

The man who founded Pioneer Hi-Bred International, Inc., dedicated his life to the welfare of the American farmer. It was our founder, Henry A. Wallace, who first produced and marketed hybrid seed on a large scale...which may be the greatest individual contribution in the history of agriculture. To suggest that the company he founded does not understand or support you, the farmer, is a serious error and a supreme injustice.

A letter written by an individual of the Garst and Thomas Hybrid Corn Company of Coon Rapids, Iowa--an independent company which distributes Pioneer brand products in Southwestern Iowa, Kansas, Nebraska, Colorado and Missouri--is being circulated among farmers. The comments in that letter do not reflect Pioneer policy and attitudes. The letter was NOT written by an official of Pioneer Hi-Bred International, Inc. It reflects ONLY the views of its writer.

I will not speculate about who is spreading this charge among you...or why it is being done. Farmers who know Pioneer, and the work we've done to support your cause, will know this charge is NOT true. If you don't know already, we hope you'll recognize that, through honest error or malicious intent, you are being misled if told that Pioneer Hi-Bred International, Inc., is not the farmer's friend.

Sincerely,
James W. Lindsey
James W. Lindsey, President
Southwestern Division

Firebreak Trees And Seedlings Available

Soil Conservation Service in Floydada has the new price list for firebreak tree seedlings and for pine seedlings available for application from the Texas Forest Service. The species of tree seedlings available are Arizona Cypress, Pinon Pine, Ponderosa Pine, and several species of pine seedlings available from the Chinese Elm, Black Walnut, Black Wal, Red Ash, Mulberry, Orange, Horse Chestnut, Olive, and Pecan. Orders must be in quantities of 100 or more in multiples of 50 for one species. All orders must be received by

February 11, 1978 by the Texas Forest Service. Shipments begin about mid-December and continue through the first week in March.

Other kinds of pine seedlings must be ordered in bales of 500 or more. Planting recommendations will be sent to the applicant. No trees are to be furnished for landscaping or ornamental purposes.

For more information and for application forms contact the SCS office in the Agriculture Building on the Court House Square or phone 983-2352.

All programs and services of the USDA and SCS are available to everyone without regard to race, creed, color, sex or national origin.

Floyd Counts Quarterly Sales

AUSTIN—State Comptroller Bob Bullock said Monday that Texas tax permit holders reported gross sales totaling \$40.3 billion for the second quarter of this year.

This represents a \$6.3 billion or 18.8 percent increase over the same three-month period (April, May and June) last year.

Reported gross sales for the first three months of this year totaled just over \$36.8 billion, Bullock said.

The number of reporting outlets also jumped to 246,347 for the second quarter of this year, up from 228,571 for the second quarter of 1976.

Bullock's office released computer analyses breaking down the reported gross sales by county and by Standard Metropolitan Statistical Area (SMSA).

Harris County, the state's most populous, again led the state with reported gross sales totaling \$10.5 billion, up from \$8.1 billion for the second quarter of 1976.

Sales tax permit holders reported sales totaling \$6.1 billion in Dallas County, Tarrant County registered the third highest gross sales with \$2.4 billion and Bexar County followed with \$1.8 billion.

Swisher County for the

second quarter of 1977, ending Dec. 1, had 244 reporting outlets showing gross sales of \$14,534,862 and gross taxable sales of \$6,485,013. Deductions were \$2,996,101 and use tax purchases, \$31,432. Amount subject to tax was \$3,520,344.

Castro County for the same period had 195 reporting outlets; gross sales, \$24,147,247; gross taxable sales, \$18,123,939; deductions, \$14,121,196; use tax purchases, \$132,367; and amount subject to tax, \$4,135,110.

Floyd County had 198 reporting outlets; \$14,495,103 gross sales; \$4,710,121 gross

taxable sales; \$1,930,401 deductions; \$8,895 use tax purchases; and amount subject to tax, \$2,788,615.

Bailey County had 180 reporting outlets; gross sales, \$17,937,213; gross taxable sales, \$8,381,331; deductions, \$4,892,022; use tax purchases, \$40,247; and amount subject to tax, \$3,529,556.

Briscoe had 83 reporting outlets with amount subject to tax, \$674,861.

Nothing makes a person a worse driver than being behind the wheel of the car ahead of you.

Funeral services are set for 2 p.m. Friday at Lemons Memorial Chapel, Plainview, the Reverend Earl Cantwell of Rock Creek Church of Christ officiating. Burial will be at Plainview Memorial Park.

GERALD LACKEY
Gerald Lackey

Services for Gerald Dale Lackey, 57, of Floydada were at 2 p.m. Sunday in First Baptist Church with Dr. Floyd C. Bradley, pastor, officiating.

Burial was in Floyd County Memorial Park under direction of Moore-Rose Funeral Home of Floydada.

Lackey died Saturday in Methodist Hospital at Lubbock following a brief illness.

The Lackey native was a member of the First Baptist Church here. He married Janette Bratton May 25, 1941 at Floydada. He was past master of the Floydada Masonic Lodge 712, and a member of the Eastern Star. He also served as president of the Lighthouse Electric Cooperative and as director of the soil conservation district. He was past president

The Floyd Philosopher In Big, Wild Burst Of Imagination, Thinks He Has Solved All World Problems

Editor's note: The Floyd Philosopher on his Johnson grass farm tackles all the world's problems in one letter this week.

Dear editor:

Don't know if you remember it, but a few weeks ago I said I was going to solve the Mid-East problem.

Well, one thing and another kept coming up and I'm just now getting around to it. You know how it is, regardless of how large they are, very few world problems can get ahead at individual problems, like say a blizzard breaking down for you or, for me, a blizzard coming on and not buy in my barn and the water pipes busted.

But I got to thinking, why solve just the Mid-East problem and let it go at that? Why not roll up my sleeves and solve the South African problem, the Russia-China problem, the South Korea-North Korea problem, the Polish problem, the Panama Canal problem, and just for good measure throw in the farm problem, the school problem, the national debt, New York City and well why not go whole hog and throw in Congress too?

I can hear you saying, that's a pretty large order, he must be off his rocker if he thinks he can get the whole world to unite at last. How in the world is he going to get the

nations of this earth in the squabbling among themselves?

New I know it's that way, but before history began and before the beginning of civilization, the world was basically, if you get right, one big hunting ground.

As you know, Russia and the United States joined hands temporarily, then unclasped and backed up their guns against each other. It's something to get all political, political and religious and so on, but what I believe is the only possible solution.

What we need is a unity program to find some way to get there in the distant past, and then lead them into leading Earth.

With newspapers, television, radio, and the world in all directions, ATTACK FROM OVER SPACE, ENED, and I guarantee you will unite in 30 minutes.

Were you outside last night? Wasn't that a UFO sighting? The right of God?

Emergency Loans For Disaster-Hit Farmers

Congressman Omar Burleson announces that farmers in Baylor, Floyd and Stonewall Counties are eligible for emergency loans through the Farmers Home Administration to recover crop or property losses.

Beginning June 1 until December 12, 1977, drought affected crops and damaged cropland in Baylor and

Stonewall Counties. Hail storms in May, 1977 caused damages and losses to crops in Floyd County, and reports also disclosed damaged farm homes.

Farmers Home Administration emergency loans covering losses from designated disasters are made to farmers who cannot obtain necessary credit from other lenders in their local area.

The interest rate is three percent on the next \$30,000 and five percent on any amount exceeding \$40,000.

Emergency loan applications may be filed at local Farmers Home Administration county offices. Applications based on physical losses will be taken in three counties until July 17, 1978, and for production losses until January 16, 1979.

three percent on the next \$30,000 and five percent on any amount exceeding \$40,000.

Emergency loan applications may be filed at local Farmers Home Administration county offices. Applications based on physical losses will be taken in three counties until July 17, 1978, and for production losses until January 16, 1979.

OBITUARY

Russell King

Russell Clarence King, 65, a resident of the Bender Terrace Rest Home in Lubbock passed away January 18, 1978 at the rest home around 2 a.m. He was born in Floydada June 10, 1912.

Services will be held this afternoon, January 19, at 3 o'clock at the Moore-Rose Funeral Chapel with the Rev. Ted Dotts, Pastor of St. John's United Methodist Church in Lubbock officiating, interment, Floydada Cemetery.

Mr. King was owner of a dry-cleaning business and was a member of the Pres-

byterian Church. He is survived by one son, Dennis King, Arlington; two brothers, Raymond King, Lubbock and W.A. King, Ft. Worth; two sisters, Mrs. John Hill, Ottawa, Kansas, and Mrs. Blanch Enos, Lubbock.

Burial services will be Leonard Matsier, Keith Buhrman, Elton Goen, Ralph Rucker, Preston Watson, Dr. A. E. Guthrie and honorary: Brit Britton, Fred Warren, Grady Jenkins, Sam Fowler, and Carl Minner.

Survivors include four daughters, Mrs. Manel McWilliams, Plainview, Mrs. Harley King, Tulsa, Mrs. Paul Dillner, Lincoln, Nebraska, and Mrs. Dale Lewis of Amarillo; two sons, Robert E. McDonald of Plainview and Charley McDonald of Colorado Springs, Colo.; one sister, Mrs. Willie Wanda Gee of Amherst, thirteen grandchildren, 29 great grandchildren, and four great great grandchildren.

Mrs. McDonald

Mrs. John W. McDonald, 91, died at 12:20 a.m. Wednesday, January 18, in Central Plains General

Hospital. She was born February 6, 1886 in Iradale, Texas, moving to Floyd County in 1892. She attended school in Lakeview, Floydada and Lockney.

Following marriage in 1907 the couple moved to Lalande, New Mexico, and lived there until 1908 when they returned to Lockney.

The McDonalds moved to Colin County in 1910 and returned to Lockney in 1916. In 1934 they moved to Plainview where Mr. McDonald and son started McDonald's Trading Post.

Mrs. McDonald was a member of the Church of Christ. She was Sally Belle Walling before her marriage April 18, 1907, in Floydada. Mr. McDonald passed away December 14, 1973 in Plainview.

Survivors include four daughters, Mrs. Manel McWilliams, Plainview, Mrs. Harley King, Tulsa, Mrs. Paul Dillner, Lincoln, Nebraska, and Mrs. Dale Lewis of Amarillo; two sons, Robert E. McDonald of Plainview and Charley McDonald of Colorado Springs, Colo.; one sister, Mrs. Willie Wanda Gee of Amherst, thirteen grandchildren, 29 great grandchildren, and four great great grandchildren.

FLOYDADERS got up early to feed the farmers Monday morning opening event of American Agriculture Day.

of the Floyd County Fair Association, past president of the Floyd County Old Settlers Association, and past board member of the Massie Activity Center.

Survivors include his wife, two sons, Jay of the same and Terry of Cedarburg, and sister, Mrs. Lark

(Emogene) Stansell of Sleep while Floydada, and two grand daughters.

Law Enforcement Training In Floydada

COLLEGE STATION, West Texas law enforcement officers go into specialized training Monday, January 16, at Floydada.

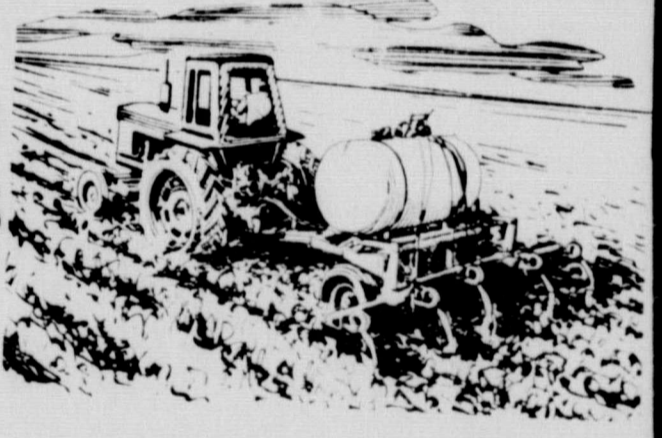

They will be in a six-week basic certification course instructed by Stewart Dickson of the Texas Engineering Extension Service—Law Enforcement and Security Training Division.

The 240-hour course equips rookie peace officers with basic skills and knowledge to carry out their duties. Instruction by Dickson and guest instructors will form a foundation on which trainees can build law enforcement careers through future training.

Dickson, based at the Texas A&M Research and Extension Center at Floydada, will start them with information on basic law, criminal justice and law enforcement ethics. Subsequent sessions will add police procedures, criminal investigation and other law enforcement specialties including proficiency areas such as crowd and riot control and defensive tactics.

NURSERYMEN'S SHORT COURSE - Texas nursery men will hear discussions on a wide range of topics at the annual Nurserymen's Short Course at Texas A&M University, Jan. 22-25, points out a horticulturist with the Texas Agricultural Extension Service. Topics will deal with employee motivation, nursery theft, growing succulents and ferns, new trends in foliage varieties, advertising, landscaping for energy conservation, and landscape bidding and pricing. There will also be a private applicator pesticide training session.

Fairview News

By Mrs. Clyde Bagwell

Following their marriage on Tuesday January 10, Mr. and Mrs. Walton Wilson took a tour of the Big Bend Country returning by Carlsbad where they went through the Caverns. They will return home for a few days, then they will go to Wichita Kansas to attend to business. Becky Crabtree was among the group going from

here to Dimmitt to attend the all region band tryout on Saturday.

Friday afternoon, Mr. and Mrs. A.S. Mize visited Mr. and Mrs. Bill Beedy, Sunday afternoon Mr. and Mrs. Woodrow Wilson visited in the Bill Beedy home. Amisa Crabtree spent Friday night with her grand mother, Mrs. Kate Crabtree, Jack Moore and children

visited Sunday night with Mr. and Mrs. E.W. Walls. Lee Burton visited Mr. and Mrs. Ray Cook Tuesday afternoon. Mr. and Mrs. R.B. Hatley and Burl Huekabee visited during last week with Mr. and Mrs. Lindsey Graham. January 13 was Mrs. Lindsey Graham's birthday and Jerry Pearson brought her a beautifully decorated cake with candles and a pantsuit. Sunday afternoon Mrs. Ray Cook went to Matador to visit Mrs. Lewis Bostiek who had recently returned home from the hospital in Quanah.

Charles Denton Wise took his parents Mr. and Mrs. C.H. Wise and his aunt, Mrs. Doris Kitchens, to Silvertown, Sunday afternoon where they visited a relative of Mrs. Kitchens, Mrs. Mae Vaughn. J.P. Denton of Littlefield went to Pampa Sunday to visit his son, Jerry Don Denton and family, returning by way of Floydada where he visited and had supper in the home of his sister and family, Mr. and Mrs. C.H. Wise and Charles. Mr. and Mrs. J.W. Gilbreath and Mrs. Wendell Graham of Floydada and

Mrs. Leo Brown of Lubbock visited Mr. and Mrs. T.L. Perry, Sunday afternoon. Mrs. Gracie Riggles returned to Methodist Hospital last Tuesday where she is having tests and treatment. Mr. and Mrs. Milton Brown of Victorville California who had been here a month with her mother, Mrs. Gracie Riggles left Friday for their home.

Sergeant Dirk A. Campbell, whose wife, Nellene, lives at 1101 E. First, Petersburg, Tex., recently was assigned as a tank crewman with the 2nd Armored Cavalry Regiment in Amberg, Germany. Sgt. Campbell entered the Army in 1971. He is a 1971 graduate of Floydada High School. He is the son of Mrs. Dorothy Kerr, 509 E. Grover, Floydada.

Lockney Swine Production Course Begins Monday

A Swine Production Short Course for adult farmers will be held January 23-26 under the sponsorship of the Lockney High School Vocational Agriculture Department according to Mr. W.H. Hallmark, Superintendent, and Mr. Monroe Shannon and Elvin Lyon, Teachers of Vocational Agriculture.

Dr. Robert S. Cohen, Swine Production Specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Animal Science of Texas A&M University, will be the instructor for the course. He is headquartered at Texas A&M University.

Dr. Cohen received a B.S.

degree in Animal Science in 1965, and a M. S. degree in Animal Nutrition in 1972 from Texas A&M University. He has also received the Ph.D. degree in Animal Nutrition from Texas A&M University, 1975.

He was raised on a swine and beef cattle ranch in Southeastern Llano County, Texas, and was very active in FFA and 4-H programs. During the early 1960's, Dr. Cohen was employed at the Texas A&M University Swine Center. Between periods of formal training, he worked for the Texas Agricultural Extension Service in Williamson and Eastland Counties and completed active duty with the U.S. Air Force Reserve.

The short course at Lockney High School is scheduled to begin January 23 at 7 p.m. in the Vocational Agriculture Building. During the course the short course is in progress, Dr. Cohen will be available to assist Swine Producers with individual problems and to provide on-the-farm instruction, according to Shannon and Lyon.

Producers interested in attending the short course should write or call the superintendent of schools, Mr. Hallmark, or the teacher of vocational agriculture, Mr. Shannon or Lyon. An enrollment fee of \$5 will be charged.

Swine Production Short Course certificates will be presented to each Swine producer who attends all the training sessions.

Dr. Cohen states that pork producers must make a serious effort to increase efficiency of production in the future. Increasing costs of equipment and services purchased, accompanied by fluctuating prices received at the market are contributing factors. The number of pigs produced per sow per year and the amount of weight gain from a pound of feed are two important measures of productivity to be evaluated. Dr. Cohen indicates the swine production short course will deal with methods to increase efficiency of production. He also states the course will include such important topics as swine selection and breeding programs, feeds and feeding, housing and equipment, herd health and sanitation, management for profitable production, marketing, and records.

Short courses in swine production, as well as in other areas, are now available to farmers throughout the state under the cooperation of the U.S. Air Force Reserve.

DR. ROBERT S. COHEN

Dr. Robert S. Cohen, Swine Production Specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Animal Science of Texas A&M University, will be the instructor for the course. He is headquartered at Texas A&M University.

South Plains News

By Mrs. Murray Julian

South Plains, January 17. Grigsby Milton Jr., flew Stanley Burleson and his mother, Mrs. Burleson down to Austin on Saturday. The Burlesons went to visit with George Sherrill, who formerly was a Floydada native, who is ill in an Austin Hospital.

We extend sympathy to Mrs. Ruby Higginbotham and all members of the Laekey family in the death of Gerald Laekey, who passed away Friday morning in Methodist Hospital in Lubbock, after a short illness. Services for Laekey were held in Floydada at the First Baptist Church. Many from here were present for the funeral services.

Mrs. Bonnie Moore is home and was at services at the Baptist Church Sunday after spending several weeks in Jacksonville, Florida visiting with relatives.

George Ray Powell was home with his parents, Mr. and Mrs. Fletcher Powell over the weekend, and returned Sunday evening to Midland where he now resides, having moved there recently from Houston.

Kindergarten classes began this Monday, January 16, at the South Plains Elementary School, and kindergarten pupils registered for the coming term. Around six pupils are expected to attend. The new teacher for the pupils is Miss Shirley Huse, who will commute from Plainview, where she resides. We extend congratulations and best wishes to Mr. and Mrs. Robert Allen Cole, who were wedded on December 10th, 1977, at the Faith Baptist Church in Anchorage, Alaska, and will make their home there. Mrs. Cole is the

former Mary Ann Allen, daughter of Dr. and Mrs. John H. Allen of Anchorage, Alaska, who were former pastor and wife here at South Plains, and now Dr. Allen is head of the State Missions Board in Alaska.

Mr. and Mrs. Hansel Sanders were hosts at a birthday dinner in their home Sunday evening in honor of their daughter-in-law, Mrs. Gary Sanders. Guests were Mr. and Mrs. Gary Sanders and her parents, Mr. and Mrs. Don Stout of Dalhart, and hosts Mr. and Mrs. Hansel Sanders.

Mrs. J.E. Woodson of Snyder was a house guest here from Sunday to Tuesday with her sister and husband, Mr. and Mrs. Frank McClure.

Mr. and Mrs. I.H. Parks arrived home from Dahlonega, Georgia on Tuesday where they had been visiting with his mother, Mrs. Parks since before the Christmas holidays. They report the weather was bad while they were there, and although they planned to fly home on Monday, weather conditions held them up until Tuesday. The Parks went back to Georgia for Christmas, as his mother is in delicate health, and they wanted to share the holidays with her.

We are glad to hear that George Weast is able to be home, after a long stay of many weeks in the Central Plains Hospital at Plainview with a broken hip. Mr. Weast had stayed with his daughter Mr. and Mrs. Robt Lee Smith in Sterley for some three weeks before coming home, and is now home since last Monday. A nurse, Mrs. Ruby Allison, is

taking care of cooking and caring for Mr. Weast during his convalescence.

Visitors at the South Plains Baptist Church Sunday morning included Mrs. Annie Hicks, a cousin of Bill Thomas of Lockney. Mrs. Hicks is from Marysville, near Gatlinburg, Tennessee. Other visitors included Candy and Ronda Taylor of Amarillo with Mrs. Arby Mulder.

HOBBY CLUB ELECTS OFFICERS

The first Hobby Club meeting of the year met in the home of Mrs. E.J. Kin slow on Wednesday of this past week with an election of officers at the business meeting. President is Mrs. Harold Hamm, vice-president, Mrs. Leighton Teeple, secretary treasurer, Mrs. Fred Marble, telephone committee, Mrs. Keith Marble, Mrs. Arby Mulder and Mrs. Kendall Cummings.

The members planned the program for the coming year, and the new books will soon be ready for distribution. Refreshments of finger sandwiches, fresh vegetable dips, and pumpkin bread roll with tea and coffee were served to guests and those who were present were Mrs. Arby Mulder, Grigsby Milton Jr., Leighton Teeple, Fred Blake, Kendall Cummings, Keith Marble, Harold Hamm, and Fred Marble.

The next Hobby Club meeting will be at the home of Mrs. Harold Hamm on February 8, at 2 p.m.

"NOTICE OF HEARING"

"Home Help Care, Inc. of Austin, Texas, Represented by H. J. "Doc" Blanchard, 613 Brown Building, 708 Colorado Street, Austin, Texas 78701 (THFC File # AS77-1213-001) is scheduled to appear at a hearing at 9:00 A.M. on March 14, 1978, in the offices of the Texas Health Facilities Commission, 1600 West 38th, Austin, Texas 78731, to petition the Commission for a Certificate of Need to establish a home health agency to serve all counties in Health Service Area 2. The services to be offered include: skilled nursing care, physical therapy, medical social services, home health aides, occupational therapy, speech therapy, respiratory therapy, diabetic education, and nutritional counseling.

A notice of intent to become a party to the application may be made by filing a sworn affidavit of intent to do so with the Commission using the format prescribed by the Commission by no later than 5:00 P.M. February 14, 1978, and by forwarding a copy by certified mail return receipt requested to the applicant and all other formal parties.

Note: If no notice of intent to become a party is timely received and granted, the Commission may proceed without a hearing on an application for Certificate of Need at any time after February 20, 1978."

Our Sincere Thanks

To the people of this area for helping make this outstanding growth during 1977 possible.

	12-31-76	12-31-77	Growth	Growth%
Total Assets	\$24,071,215	\$32,349,005	\$8,277,790	34%
Total Savings	20,939,087	27,469,595	6,530,508	31%

NEW BOOKLIST FOR THE YOUNG. Exciting Things to do with Wool and String, The Blue Whale, National Geo. Society, What Happens in the Spring, N.G.S., Lets go to the Moon, N.G.S., Babykins and His Family, Richard Scarry, FICTION.

Blodding Sorrow, Marilyn Harris, Westfield; Roderick Thorp, The Nice Murders; David Selman, The Hair-Christopher Keane, The Girl; Catherine Cookson, I Heard My Sister Speak My Name, Thomas Savage.

NON-FICTION: The Possible Dream, Charles P. Conn, How To Take Charge of Your Life, Mildred Newman, How to Be Born Again, Billy Graham, Peters Quotations, Lawrence J. Peter, Dear Me-Peter Ustinov, All Things Wise and Wonderful, James Herriot.

16MM FILMS AT KYOUR LIBRARY NOW:

Clay Or The Origin Of Species, 8 min. B&W, 1964. McGraw Hill Films. All ages. A lump of clay stars in this creative, lighthearted version of evolution from molecular ocean life, to animals that continually eat each other and change, to man.

Eye Of An Artist, 19' min. Color 1956. International Film Bureau. SH A Artist Dewey Albinson relates how he discovers nature on a New England farm. The film reveals his approach in studying and selecting subject matter.

Health And Your Body, 6 films, 4 min. each. Color, 1975. Encyclopedia Britannica. (Most Important Person series) Pre-El Contents: 1. Take care of your teeth, 2. The voice box, 3. Where does food go?, 4. Tell us how you feel?, 5. When you get hurt, 6. Visiting the doctor.

The Horse With The Flying Tail, 2 reels, 40 min. each. Color, 1960. Walt Disney Educational Media. El A Story of a spirited palomino who is moved from his New Mexican range land to become a cow pony and fox hunter, before he finds his calling as a jumper in equestrian tradition.

The Litterbug, 8 min. Color, 1962. Walt Disney Educational Media. El Don aid Truck hosts a graphic demonstration of that scourge of city, country, beach and highway. A hum-

orous attempt to change our attitude toward discarding the wastes of our popular culture.

Morris, The Midget Mouse, 8 min. Color, no date. Walt Disney Educational Media. Pre-El A lesson in cooperation and turning weakness into an advantage. Morris overcomes the ridicule directed at him because of his huge antlers and diminutive body.

No Tears For Kelsey, 28 min. Color, 1969. Paulist Productions. SH A A dramatization about a successful but hardened man and his confrontations with his daughter who runs away from home and rejects his materialistic values.

North From Mexico: Exploration And Heritage, 20 min. Color, 1971. Greenwood Press. SH A Traces the history of the Mexican American people from the time of Coronado to the present, explores their culture and points out the contributions made by the Spanish. Examines the Chicano of today and his struggle to win long denied human rights.

Let Plat Du Jour, 13 min. Color, 1976. Carousel Films. Humorous view of the clientele of a Paris restaurant during a typical (?) noon hour.

Silver Blaze, 31 min. Color, 1956. Learning Corporation of America. JH A A prize racehorse has disappeared and his trainer killed. Sherlock Holmes and Watson come into the case, and the classic detective deduces the unusual truth of what had happened. Christopher Plummer stars as Holmes.

CLASSIFIED ADVERTISING RATE: 10 CENTS PER WORD FIRST INSERTION; 7 CENTS PER WORD EACH SUBSEQUENT INSERTION. MINIMUM CHARGE \$1.50. CLASSIFIED DISPLAY RATE: \$1.20 PER COLUMN INCH CARD OF THANKS: \$1.50.

Free Washington Trips For Local Contest Winners

An all-expense-paid trip to Washington, D.C. next June will be awarded to two young people from this area by Lighthouse Electric Cooperative, according to Alton Higginbotham, manager of the rural electric system.

It's part of the National Rural Electric Cooperative

Association's annual Rural Electric Youth Tour that brings around a thousand rural youth to the nation's capitol each year.

Winners of an oratorical contest sponsored by Lighthouse will be awarded the trip which begins June 7 and runs for 12 days. All high school juniors in the sys-

tem's service area are eligible to enter the contest.

Contest entrants will be required to give a 5-8 minute speech on the subject: "The Energy Situation." Resource materials that may be helpful to contestants are available from the cooperative office, according to Kathy Burk, who is in charge of the

contest for Lighthouse Electric Cooperative.

Essays will be judged on the basis of (1) knowledge of the subject - 50%, (2) Speaking ability - 20%, (3) Poise - 10%, (4) Personality - 10% and (5) appearance - 10%.

Deadline for submitting entries will be January 23. Each school - Crosbyton,

Floydada, Lockney, McAdoo, Petersburg and Plainview will hold a contest to choose the boy and girl finalists from their school. Finalists will give their speeches for a committee of judges on February 13.

This is the fourteenth year that Lighthouse Electric Cooperative has sponsored an oratorical contest. The last year winners were Janice Rigby of McAdoo and Doug Simpson of Floydada. Lisa Patterson of Peters-

burg also went on the trip as a Willie Kid.

As participants in the Lighthouse Electric Cooperative Youth Tour, local contest winners will travel with other winners by bus to Washington, D.C. where they will spend 3 days visiting places of historical interest, visiting members of Congress and getting a first hand view of the "Government in Action."

Approximately 1,000 Youth Tour participants

from across the nation will meet June 14 for a special program coordinated by the National Rural Electric Cooperative Association. The program will feature congressional leaders and high government officials, a visit to the White House and a fun-filled "Happening" will highlight the day's events.

Silverton Young Farmer

In a speech to businessmen gathered at the activity center on Thursday, local CPA observations on county farmers.

He noted that many farmers had been able to provide a livelihood, however, reasonable returns and county farmers better than most average yields from McMinis.

He noted however, many farmers for rice stay the same, and only normal are attained.

Since the wheels often slow to turn, desires may not be sufficient amount to conservation will be
