

Lubbock Architect FHS Graduate

By Wendell Tooley
The opportunity for employment is greater today than when I graduated from Texas Tech in 1938" Lubbock architect Marvin Stiles said while visiting in Floydada last week.

Elementary school, cafeterias at Junior High and Andrews Ward, joined other Lubbock architects on the \$12 million addition to Methodist Hospital, the \$11 million Wiggins Dormitory Complex and has worked on many of the Texas Tech buildings through the years.

At present the Stiles are working on the Agriculture Pavilion.

REARED IN BAKER COMMUNITY

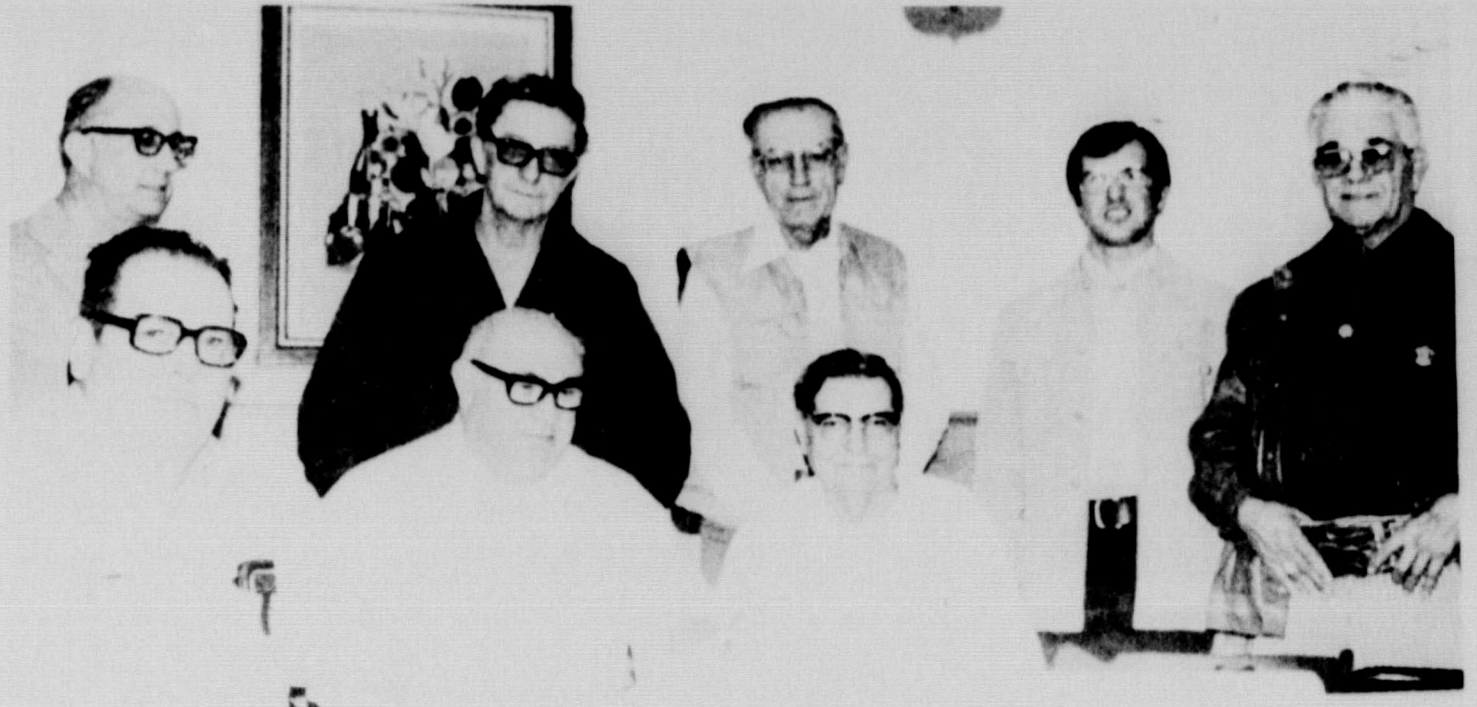

"We lived sorta on the east side of the Baker Community and moved to Floydada during my school days, so I

wouldn't have to ride a horse 12 miles to school," Marvin said. His parents were Mr. and Mrs. Ed Stiles.

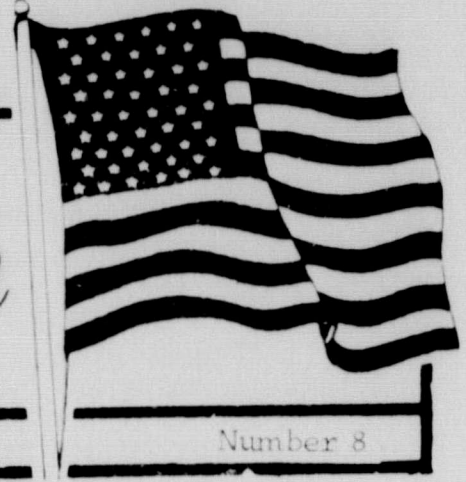

Marvin has two sisters, Winnelle in Arlington and Billie in Lubbock.

The graduating class of 1934 was just about as large as graduating classes now at Floydada High School, about 90 graduates. "We were part of the baby boom after World War I" Marvin added.

Some of his graduating class still living here include Margaret Ginn, Ray Lloyd, G. W. Smith, Gladys Badgett, and Maurice Campbell.

Whirlwinds Cops Top Award At Annual Grid Gala

By Doug Simpson
Larry Jones, whose explosive tactics with offensive halfback and defensive cornerback helped enable the whirlwinds to bring home six victories this season, captured the coveted "Whirlwind" Award at the Annual Football Banquet Saturday night at the Massie Activity Center.

Jones was flanked by fellow teammates Jon Jones and Sheldon Sue, winners of the "Outstanding Linebacker" award, and by Rusty Cagle and Covington, honorees for the "Outstanding Back" award.

In his senior year at FHS, Jones gained 886 yards total offense, 675 on the ground, and 311 via the air.

Jones served as top scorer for the whirlwinds with 56 points, off 9 touchdowns. He also averaged 38.5 yards per kick each time he dropped into the backfield to punt.

Senior cheerleader Mitzi Hale was named Football Sweetheart, and the presentation of roses and a kiss was made by Jones, who was flanked by Rusty Cagle, Covington, Sue and Jon Jones.

Jack Covington was recipient of the "Outstanding Booster" award in memory of Joyce Hart.

Featured speaker for the affair was Texas State University head football coach Bill Yung, Yung lectured on the concept of "team love," and stressed the importance of teamwork and giving the glory to God.

Master of ceremonies for the occasion was head football coach and whirlwind director L.G. Wilson. The

football players presented each of the coaches with gifts of appreciation, and first, a beautiful plaque with a listing of Coach Wilson's 10 year record, to the head coach.

In 1968, Wilson's rookie season at Floydada he guided the Whirlwinds to a 7-3 ledger. In his sophomore year here as coach, his troops went 11-1, and captured the bi-district championship trophy over Freshup.

In 1970, the "Winds" were 10-1, and tied for the co-championship with Littlefield the following year.

In perhaps his finest season, 1972, Wilson engineered his Whirlwinds to an 11-1 record, a thrilling upset of #1 ranked Childress, and the Regional Championship.

In 1973, Floydada copped its 4-AA title again. In '74, the Whirlwinds went 9-1 and shared the crown with Lockney, and Tulia, and in '75, Floydada regained district supremacy once again, with a district crown.

In 1976, the Whirlwinds captured another bi-district trophy, and finally, in '77, with state-ranked Idalou to contend with, finished 6-4.

Wilson's overall coaching record here is 82-22-1.

Quarterback Club President Bill Womack presented Mr. and Mrs. Bill Cagle with a special award, for being selected as "Outstanding Boosters" for the season.

The awards section of the banquet was closed with the presentations to Outstanding Quarterback Club members, Robert Stovall, Jo Ann Cagle and Gordon Hambricht.

The cheerleaders closed the event with the leading of the school song.

Beedy Boys Show Grand Champion Steer At Amarillo

Floydada 4-Hers Mark and Todd Beedy received \$3000 for their grand champion crossbred steer in the Amarillo stock show auction Monday.

The 1,175 pound steer brought about \$275 per pound and was considered to be three fourths Maine-Anjou. It was purchased at the Amarillo Top-O-Texas call sale from the Wyoming Thunder Basin Ranch.

The Amarillo Clearing House, representing all Amarillo banks, was the high bidder on the Grand Champion.

The black baldy steer was declared winner before some 2,000 PRCA rodeo fans at the Tri-State Fairgrounds Coliseum. The steer was Angus number one over 418 Hereford, Angus and cross-bred steers.

The Beedy boys have been showing steers for five years and have shown some champions at the Floyd County show.

The Beedy boys are sons of Mr. and Mrs. Eugene (Buttons) Beedy of Floydada.

Floydada Students Named To All Region Bands

Seven Whirlwind High School band members were named to the Region XVI All-Region band in tryouts held at Dismitt on January 14. Named to the elite organization from Floydada were Melinda Morton, clarinet, Kelly Turner, tenor saxophone, Terry Lloyd, bass clarinet, Suzanne Dyess, french horn, Becky Crabtree, baritone horn, Jeff Cheek, trombone, and Troy Marquis, trombone.

In addition to the high school band members, Treva Hambricht was named to Junior High All-Region Band and Tommy Holcomb was named 2nd alternate in tryouts held in Littlefield on January 21.

All the students were in competition with area schools throughout the region, being named to the group implies the students to perform with the All-Region band in concert to be held at Monterey High School in

Lubbock on January 28. The students will rehearse with the band on Thursday night, all day Friday, and Saturday morning prior to the concert.

The high school band will perform *The Fairest of the Fair March* by Sousa, *Begin the Beguine* by Osser, *Flsa's Procession to the Cathedral* by Wagner, and *Joyance* by Claude T. Smith. Smith will also serve as clinician for the band. The junior high band will perform *The Flickertail March* by Plochar, *Tocatta for Band* by Erickson, and *Jesus Christ Superstar* by O'Brien.

Whirlwind band director, Rusty Sherman, stated he was very proud of the members who made the band, and was also very proud of the students who participated in the tryouts but did not make the band. "Competition at the regional level is very keen, and the only way to learn to compete is by competing," Sherman added.

Caprock Chat

By Wendell Tooley

JANUARY 24 marked 77 years of Clarence Foster came to the area in a covered wagon from Illinois. Think Clarence is 90 years old and probably a resident of Floydada for some 70 years.

You really want to know what the pioneer life was like in this area? Clarence can tell you. He is in good health and very alert for his age.

Clarence needs your sympathy at this time as his wife died Monday.

THREE GREAT TENNIS players defeated Sunday...while Jimmy Jones was losing on TV. Wendell Tooley and Turner Hunter were also playing. We had the misfortune of losing to a couple of youngsters, Dwight and Craig Gily.

Do you have all heard that there is an advantage when the home team plays at home. So...Turner and I will play this for our excuses, we were playing in the new South Plains school gymnasium where Dwight and Craig usually practice eight or nine hours a week.

The new gymnasium at South Plains is truly beneficial for all the people in our community, and as one fellow said out there Sunday... "Somehow we should have built many years ago."

CONGRATULATIONS to the Beedy who showed the grand champion steer at Amarillo and Larry Jones who received the coveted "Fighting Whirlwind" award at the football banquet.

CAPROCK HOSPITAL reports business...some 20 patients one last week. Of course there is a lot in our community at this time. But some people in the hospital. For nobody else gets sick, but in you do. Caprock has another 20 available.

I HAVE SAT in on two Commissioner Court meetings concerning the rebuilding of the jail house. Although nothing is official and the Commissioners have not voted what they want to do, it appears that the 4,428 square foot jail will be remodelled and 2,486 square feet, new building will be added to the south and east sides of the jail.

The foundation will be reworked, as there has been some shifting of the west wall of the jail. The architect has declared the Agriculture building not feasible for a jail.

I'm not going to say anything about the cost estimation at this time, except this plan will be much less expensive than a brand new building and will meet the state jail standards.

It will have a capacity for 27 persons.

The present jail has served for a little over 50 years. How large a jail will be needed for the next 50? Although state officials don't predict much population increase for Floyd county, they seem to think that more people will be jailed all the time as we have stricter law enforcement.

Evidently they don't expect people to be nicer, gooder, or better in the future.

THIS LITTLE DAB OF SNOW showed .1 moisture content. I don't want to live in New York where they have been literally submerged in snow all winter, but would love to have a foot or two of it. Fact is, I just wouldn't want to live in New York. If New York pays the government back the money it has been borrowing to keep from going bankrupt, it will take a tax increase for the people of New York. I surely don't want in on any tax increases.

ROY HALE lost his black billfold in Floydada Saturday and surely needs to get it and his credit cards back. He will pay a reward, or you may keep the money and give the billfold and cards back. Roy can be reached by mail, Route 1, or phone 983-5077.

Banquet Depicts Farm-Business Dependency

"The American Community," the relationship between Floydada business and the Floyd County farmer, will be the theme of the Chamber of Commerce Annual Banquet on Monday, February 6, 1978.

The banquet theme will emphasize the economic interdependency between the interests of everyone who lives and makes a living in this community. Banquet decorations, constructed by members of the Womens

Division, will feature small models of Floydada businesses, and a variety of the crops and products grown in Floyd County.

Featured speaker at this year's banquet will be Grady Nall, a professional after dinner speaker and humorist. His message will be one that all will enjoy.

Tickets for the banquet are being sold by members of the Chamber's Board of Directors and are priced at \$7.00 each.

Smith Announces For Judge

County and District Probation Officer Choise Smith announced his candidacy Wednesday for the office of Floyd County Judge, subject to the May Democratic Primary.

Smith, who is currently serving as both the District Juvenile Probation Officer for the 110th Judicial District and as the Adult Misdemeanor Probation Officer for the Floyd County Court, believes that his close conduct and work with both the County and District Court has helped him to gain greater appreciation and understanding of our judicial system.

A resident of Floyd County for twenty five years, Smith received his education at Crosbyton High School and West Texas State University before serving in both the U.S. Army and the National Guard.

He and his wife, the former Kay Dean Gamble, have three children: Jodie, a seventh grader at Floydada Junior High School; Hunter, a third grader, at Duncan Elementary; and Choise Dean, a first grader at Duncan. The family lives on their farm near Lakeview, and are members of the First Baptist Church of Floydada. Kay Dean is a second grade teacher at Duncan Elementary School in Floydada.

Prior to serving as Probation Officer for the Floyd County and District Courts, Choise Smith worked for eight years as a health inspector for South Plains Health.

When asked why he wanted to be Floyd County Judge, Choise Smith

answered, "I enjoy working with both people and our juvenile system. My experience in working with both adults and young people, and with both the courts and the criminal judicial system, has helped give me greater appreciation of our judiciary and of the needs of the people of our community."

"If elected, I will do my best to work closely with the Commissioners Court, and with the city, county, district and state officials. I will strive to be a full-time judge, and to work with the people of both the rural areas and of the towns of Floyd County. I would appreciate your vote and influence."

Fair Board Officers Named

The board of directors of the Floyd and Surrounding Counties Fair Association held an organizational meeting Monday night Paul Koonsman's house in Lockney.

Koonsman was elected president of the fair board, Warren Mitchell vice president, Clar Schacht treasurer, and

Mrs. Jonnie Jameson of Matador secretary.

New directors are Schacht, Jonnie and Bill Jameson, and Lanny Barnett. Officer directors will be selected later.

Outgoing directors include James Hare, Van Bradley, Kathy Burke, Chuck Wilson, and Mrs. Floyd and Mrs. Burton, both of Flomot.

THIS STACK OF "STASH" was taken from the automobile of Buddy Jenkins Tuesday night after Sheriff's officers, city police, and highway patrolman chased him on the snow covered roads six miles east of Floydada. He was first pursued in the city limits of Floydada. There are five cases of beer, 34 bottles of wine, nine bottles of whiskey and eight bottles of bourbon. Jenkins was in jail Wednesday morning and charged with transporting alcoholic beverages, running stop sign, and expired driver's license.

"Fiber In The Diet" Theme
Of Harmony H. D. Club

Vivian Curtis was hostess for the Harmony Home Demonstration club Monday January 23, at her home. Council recommendations were read and adopted.

Vivian Curtis, who is the new president, was elected as nominee for delegate to attend the district spring meeting to be in Dimmitt, April 6. Lucille Miller was elected as alternate.

Ruth Scott brought the program on "Fiber in the Diet," telling of the difference between crude fiber and dietary fiber. She said interest in fiber has increased since 1970 because studies indicate that Amer-

icans and Western Europeans consumed less fiber than East Africans living in the Sahara and that they had higher incidence of several diseases than the Africans.

Fiber in diet helps prevent Constipation, and Diverticulitis. About 40 percent of all Americans over the age of 40 suffer from diverticular disease and it is even more common in older people. It is believed that the modern methods of processing food may contribute to the disease.

The basic four food groups are a good guide to follow when considering fiber in-

the diet. The hostess served finger sandwiches, using whole wheat bread, bran and coconut cookies, coffee and tea to Lucille Miller, Doris Snodgrass, Wanda Turner, Anna Maude Hopper, Blanche Williams, Juanita Pool and Ruth Scott.

Baby Shower Honors
Mindy Deeleen Evans

A baby shower was given for Mindy Deeleen, infant daughter of Mr. and Mrs. Deryl Evans, Saturday, January 21, in the home of Mrs. Connie Bearden, co-hostess. Mrs. Victor Smith, The serving table was laid with milk glass appointments.

Special guests were grandmother of the infant, Mrs. Dee Smith, Kress and Mrs. Milton Evans, Floydada; Mrs. Robert Lee, Whitewater and Mrs. S.M. Cheship, Quanah.

L. C. C. Associates Meet With Mrs. Arwine

The Floydada Chapter of the Lubbock Christian Associates was hosted by Mrs. J.A. Arwine, in her home, on Tuesday evening, January 17. The meeting was called to order by the president, Mrs. Sam Lide. The prayer was voiced by Mrs. Lloyd Hardy.

During business meeting plans were discussed as how to best help the College and it was decided to be applied to their most urgent need. Mrs. W.A. Massie reported on the results of the pecan and bake sales and gave a full financial report. The Chapter has LCC cookbooks and they can be purchased at Arwine Drug or from Mrs. Arwine at 901 West Virginia.

Mrs. Jon LaBaume was guest speaker for the even-

ing and she had a very interesting and lovely display of items from her HOME INTERIOR collection. She grouped and regrouped the accessories in interesting ways to accent focal points in a room. She stressed the idea that the first thing a visitor sees upon entering our homes will likely be a lasting impression so we should have an eye-catching and pleasing decor near the entry. Candles give an aura of warmth and friendship and should be used when entertaining, whether formally or informally as well as for a family dinner.

Guests present were Mrs. Hardy and Mrs. LaBaume and members included Mmes. Lide, Massie, L.H. Blum, Grady Walker, Ned Bradley and the hostess Mrs. Arwine.

Lockney B&PW Club Has Dinner Meeting

The Lockney Business and Professional women's Club met Tuesday, January 17 at 7:30 in the dining room of Strickland's Restaurant for a dinner meeting. Jo Ann Clements of Plainview, past state president, spoke on "Personal Development."

She stressed that "Personal Development" does not necessarily mean the way we keep our body and dress, (although that is a part of it) but how we conduct ourselves and how we get along with other people.

Other guests were Vaneta Cross, Wilma Courtney, Lou Ella Scarborough of Plainview, and Freda Mild.

Members present were Estelle Powers, Edith Coop-

er, Elizabeth Riley, Dorothy Thomas, Gladys Ragle, Ruby Kiser, Dorothy Shipp, Louise Weathers, and Loretta Graham.

Wanderings

If you find new in the neighborhood could you find yourself?

It has been called to our attention by an interested citizen that ALL City homes need house numbers. She had been out visiting the other day and in order to locate the correct house on a block, she had to find the nearest home with a number and count to approximate the house for which she was searching.

The citizen called to my attention that Ann Landers had something in a letter to her in her Tuesday column concerning the importance of house numbers.

So, we might all take a look at our house number...is it hidden, rusty or weather beaten, partially missing or no number at all?

It is a courtesy to others and may be very advantageous to you to have your home clearly numbered.

Featured on the front page is an appeal from Linda Epps for volunteers as well as for items needed by individuals right here in Floydada.

After talking with Linda I recalled the story I read many years ago. A patient had been to doctor after doctor looking for a cure, and finally went to a specialist, who following a few minutes of conversation and examination simply said, "I prescribe as your cure that for three months you do something for someone every day." The patient was surprised at the prescription but more surprised with the bill for \$50.00. I

expect that the psychology in the bill is that we pay that much, we do as the doctor orders. Needless to say, when we're thinking of others we get our minds off ourselves and usually we do feel better. If not, we see other's needs as compared to our own and feel ashamed that we even complained. Either way, we're cured.

I sat one day listening to the old antique clock on the mantel chiming the hour and I began to think about time.

We've all heard and quoted the old adages about time... "A stitch in time saves nine," "Never put off until tomorrow what you can do today."

I guess time is one of the most used words in the universe, either someone is saying "if I had more time", "when I get the time", or "I just have time on my hands..."

But who do you know who seems to have a perfect amount of time?

I once heard a man say, "Never say I don't have time, simply say, there's something I'd rather do." Because we all have the same amount of time. And each of us chooses how to invest it.

I'd like to suggest that the most important time we spend in a day is the time we spend in solitude and perfect quiet to preview the day and then, to just tune into the creative flow of life. Who knows, our whole schedule might take new form.

There's a quality of time we can enjoy...the quantity's not really that important. So spend it wisely!

"In truth, it would take

points out.
There are two types of
food quacks: those who re-

port misinformation about
nutrition intentionally, she
says.

ACCIDENTAL QUACKS
The accidental quacks
are those such as a scientist

Farm Bureau President Visits With Bergland

WASHINGTON, D.C.—Texas Farm Bureau President Carrol Chaloupka said that Secretary of Agriculture Bob Bergland has promised a number of actions to help alleviate the current farm income depression. Chaloupka, a beef and grain producer from Dalhart, met Jan. 5 for an hour Thursday in private audience with the Agriculture Secretary in Washington. The Texas farm leader said Secretary Bergland promised to move on a number of fronts—including increased farm credit, expanded dollar exports, more food for peace shipments, and changes in the meat import law to help farmers and ranchers during the present income crisis.

Secretary Bergland felt that the best way out of our current problems would be expanding farm exports and the movement of surpluses overseas under Public Law 480, the food for peace program," Chaloupka said. The TFB president said Secretary Bergland promised to do everything within reason to make available Farmers Home Administration loans to keep farmers in business. Chaloupka said that Bergland agreed to have the U.S. Department of Agriculture work with Farm Bureau and other organizations to expand dollar sales abroad. The secretary reported that the United States is now working to lower tariff barriers on American beef coming into Japan.

Under Public Law 480, American farm products—primarily surplus grain—is moved to needy nations on a subsidized basis. Chaloupka said Secretary Bergland agreed to step up such shipments. Chaloupka said Bergland agreed to help get legislative changes in the meat import law to assist cattle producers. The Texas farm leader said what is needed is a formula that reduces red meat imports during periods of high beef production in this country and that Secretary Bergland agrees with this.

total domination by the federal government. "I told him that we would appreciate it very much if he would take a real strong stand for the farmer instead of being a champion of the consumer, and he agreed with me," Chaloupka said. "He understands our problems, and it's nice to talk with a farmer who heads up the Department of Agriculture."

Soybean Growers To Hold State Meeting At Plainview

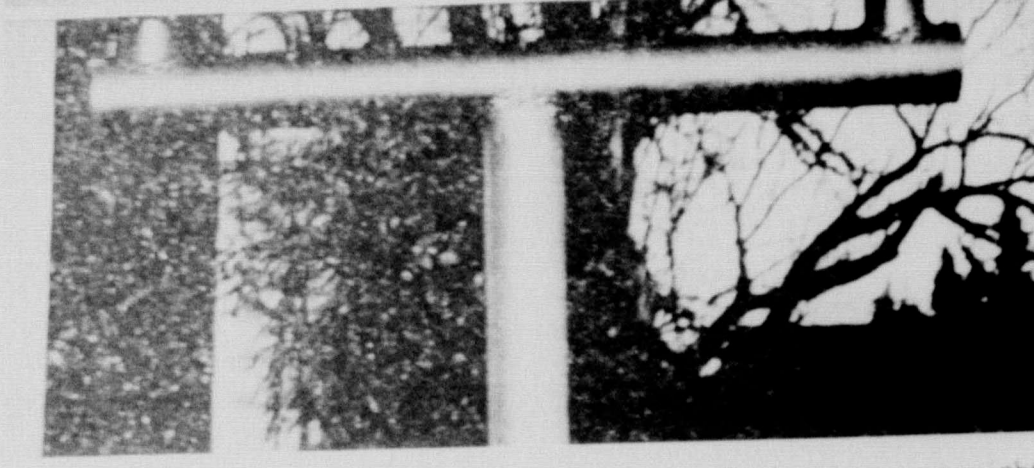

PLAINVIEW — Texas soybean growers will get the latest production and marketing information at the upcoming meeting of the Texas Soybean Association here Jan. 27-28.

and the High Plains of Texas; and a panel of producers who will tell of their experiences in growing soybeans.

Main speakers will be Dr. Raymond Brigham and Dr. John Abernathy of Lubbock, Dr. John Shales of Amarillo and Dr. John S. of Beaumont, all with the Texas Agricultural Experiment Station, and Leon Now of Lubbock, with the Texas Agricultural Extension Service. On the producer panel will be Wesley Schumacher, New Britain, Don Dickman, Freeport, and the 1977 Soybean State Contest will be held that evening at 7 p.m.

The second day of the program will feature reports from Jeff Gann with the American Soybean Association and Robert Hott with the Texas Soybean Association. Then "Strategies for Marketing Soybeans" will be discussed by Martin Sarim, Extension Area Extension at Lubbock. Award winners in the Texas Soybean Yield Contest will be presented by Hodges.

MACKENZIE LAKE 3.1

NEW SPELLING? — Maker of this sign that spells Mackenzie wrong might defend himself by saying "you can't be right all the time." The sign directing motorists to the new man-made lake and dam is at the east edge of Tullia on State Highway 96. Another sign with Mackenzie misspelled the same way is at the intersection of U.S. Highway 87 and Northwest 2nd Street in Tullia.

The American Agriculture strike movement to develop an improved all-risk federal crop insurance and provisions of the current farm program topics of discussion at the Plains Cotton Growers' quarterly Board meeting January 18.

The group also heard a membership and financial report from PCG Executive Vice President Donald Johnson reported expenditures well within the membership dues coming in at a rate comparable of the same date in 1977.

Two actions resulted from the American Agriculture discussion. First adopted was a resolution which the Board feels must be met by any program at improving cotton producer income. This is scheduled a special meeting January 26 to which from each of the 25 PCG counties are expected prominent members of the American Agriculture. The meeting will begin at 10:00 a.m. at the Inn, Lubbock.

"PCG and American Agriculture obviously have common goals," said one director after the meeting. "The 26 meeting will give us an opportunity to discuss goals and to dispel any misunderstandings that exist."

The complete resolution adopted by the Board reads: "WHEREAS Plains Cotton Growers, Inc. has the responsibility with the responsibility to promote and interests of High Plains cotton producers; and WHEREAS Plains Cotton Growers, Inc. has consistently used and continues to use its disposal to achieve maximum net returns to management and labor investments of High Plains producers, be it hereby

RESOLVED: That PCG support and assistance in the implementation of any program which will (1) raise price levels for a reasonable volume of High Plains cotton and (2) will sustain both price and volume in support of a period of time necessary to protect current investments in productive capacity; and

RESOLVED: That the PCG Board of Directors at the earliest possible date to consider the proposals submitted to PCG by any individual or individuals purporting to have knowledge of a program which will meet these criteria.

Clayton Water Speaker

AMARILLO, TEXAS — House Speaker Bill Clayton will be featured speaker at the 1978 Annual Membership Meeting of Water, Inc., Feb. 11 in the Amarillo Quality Inn.

Clayton, known as the "Water" man for his support of water resource development, is a joint time advocate of water impoundment. He is a former executive director of Water, Inc., a nonprofit corporation dedicated to seeking alternative water resources for the High Plains.

He has served in the Texas House of Representatives since his first election in 1962. Currently, he is in his second term as House Speaker and he has announced he will seek a third term.

About 200 people are expected to attend the Water, Inc. meeting which is being sponsored by retiring Congressman Jack Riffe. Riffe will also participate in the program and dedication.

Beef Supply Demand Up In 1978

FEEDERS' STATION — There should be plenty of beef available to satisfy the nation's demand for beef during the year ahead, and consumer demand should be high.

"The picture on a whole is pretty good," says Jim Ed Hester, livestock marketing specialist with the Texas Agricultural Extension Service, Amarillo.

The amount of beef beef fed to the nation last year was 10.5 billion pounds, up from 10.2 billion in 1976. This year, Hester predicts, the amount will be 10.8 billion pounds.

During the first quarter of the year, beef production is expected to be about 1.5 billion pounds, up from 1.4 billion in 1977. "What should be done to meet the demand for beef?" Hester asks. "Feed early prices must be maintained during the first quarter, but should be reduced by the middle of the second quarter."

Low feed prices could come by late March and higher prices in June or July. Feeder cattle should follow about the same price pattern. "Twenty million head of beef cattle are expected to be marketed in 1978, up from 19 million in 1977. This year, Hester predicts, the amount will be 20 million head."

JANUARY BIRTHDAY HONOREES at Floydada Nursing Home (l to r) Agnes Anderson, Viola Weems, Dora Langford, Francis Childs, Bessie Pierce, (front row l to r) Orla Farrow and Pearl Carriek, Maylon Spence pictured.

FLOYDADA Rest Home Birthday Party

Jan. 19, 1978
Another year we're starting...

So happy let us be... With birthday party "fixins" And hearts just full of glee.

We welcome one called Frances... The last name being Childs... She keeps herself quite happy By always wearing smiles!

We greet our Mrs. Carriek

...She counts from 94... And plans to KEEP ON counting For many years, and more.

Mrs. Orla Farrow... Who tends with loving care Her doll she calls her "baby" Childs... While "rocking" in her chair.

A lady named Viola... We call her Mrs. Weems... Just loves a birthday party by Luke.

QUINN COLEMAN makes a lay-up shot in a recent basketball game. (Staff Photo).

Or ANY FUN, it seems Mrs. Dora Langford... Whose years are 88... Is a kind and gentle lady With an "outlook" that's still great.

Mrs. Pierce is with us... To celebrate her "day"... And WHAT a celebration It she can have her way!

Now Mrs. Agnes Anderson... Counts back to 95... Her years have been quite happy And she's GLAD to be alive!

Mrs. Maylon Spence we welcome... She counts from '89... May days for her be pleasant And life be more than kind.

GLEN JARNAGIN'S VOCATIONAL EDUCATION BUILDING CLASS...demonstrates one of their new projects at the Della Plater week. (l to r) Andra Ledbetter, Albert Resio, Jesse Maldonado, Marmolejo, Glen Jarnagin, Ricky Johnson, and Miguel DeLafuente.

Now for these lovely people Let's sing the birthday song... So get your "vocals" humming And join the sing-along.

Ladies of the City Park Church of Christ hosted the monthly birthday party at the Rest Home on Thursday, January 19. Eight ladies were honored.

Hesperian photographer made pictures of the group in the living room after which all were ushered into the dining room with the honorees being seated at a special table, which was covered with a white cloth and centered with a floral arrangement in yellow and orange. Places were marked with special birthday cards and all were able to be present for the party except Mrs. Spence.

Praying To A Mighty God

"Call unto me, and I will answer thee, and show thee great and mighty things, which thou knewest not." Jeremiah 33:3

Outside of salvation, God has not given us a greater blessing than the privilege of prayer. I have a little note written in the front of my Bible that reads like this, "We have really learned to pray when we realize that prayer is a privilege rather than a necessary duty." The Lord wants us to pray. As an earthly father is desirous to answer the request of his children, so much more so is our Heavenly Father anxious to hear and answer our prayers. Jesus points out this idea very emphatically in his own words as recorded by Luke.

"Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you." Luke 11:9

As we look to the Word of God as recorded in Jeremiah 33:3 we immediately see four things that He tells us.

First, He would have us see the simplicity of prayer. "Call unto me." There are so many mistaken ideas about form, eloquence, much talk, emotion, and other things concerning prayer. It seems that this is about as simple as God could make it for us. Simply speak to Me.

Second, the certainty of prayer. "I will answer thee." It has been pointed out that the answer God gives to our prayers may not be as we had expected it. Sometimes He answers yes sometimes no-and sometimes not yet, later on. One thing, however, we may be certain that He is a responsive God. He hears. He knows our needs. He answers for our good and His glory.

Third, the discoveries in prayer. "And shew thee great and mighty things." We discover strength and courage, in and through prayer, that we never knew before. As we read God's Word and secular history as well, we see that truly great men were men of prayer. Prayer unleashes the power of God to work through us.

Fourth, the mysteries of prayer. "Which thou knowest not." No man understands all about prayer, but those who have prayed know of its results. Paul said on one occasion, "Hereby, do we know." He knew by experience. God will do for us through Christ what man cannot do for himself. Man's greatest potential is through prayer. Try it. God will bless your life through this fellowship.

Zig Ziglar To Present Seminar At Auditorium

The first annual personal growth and development seminar in Lubbock is scheduled 7-10 p.m. Feb. 28 in Lubbock Municipal Auditorium, and will be conducted by one of America's top motivational speakers, Zig Ziglar.

The seminar is the outgrowth of a series of positive thinking rallies, sponsored across the nation in recent years, and featuring nationally known speakers. Ziglar is the author of "See You At The Top," which has 200,000 copies in print, and has been translated into Japanese, French and German. He has authored two other books, "In Search of Agreement" and "The Fine Art of Doing Better."

His latest book, "Confessions of a Happy Christian," is scheduled for release this month.

Ziglar is a nationally known positive thinker and recently was on the program of a positive thinkers' rally in Fort Worth, sharing the podium with such speakers as Paul Harvey, Art Linkletter, Dr. Norman Vincent Peale, Ronald Reagan and Gen. Chappie James.

The event was attended by 12,000 businessmen, salesmen, doctors, accountants, farmers and homemakers, and was referred to by a Dallas newspaper as an "eight-hour pep rally."

The Lubbock rally will be sponsored by Teague Trampoline, Inc., of Lubbock, with Mrs. Juanell Teague, president.

Ziglar, who appeared here in October will discuss such topics as foundations of greatness, establishing proper relationships, setting and reaching goals, eliminating "stinkin'" and succeeding in America.

ZIG ZIGLAR

The Seminar is not limited to these groups, however, and is open to the general public. Ticket information may be obtained by contacting Mrs. Wood at YU3 2608.

CEDAR HILL NEWS

By Grace Lemons

Our farmers are participating in the agriculture movement in Floyd county and several went to Washington to try to impress upon the Senate and higher officials the high cost of farming and the lowest cost of production. Among those who went are Durrell Fortenberry, Royce Bethel, Lindsey Laekey, Max Yeary, Rex Yeary, Mark Gilly and Ray Ford.

Our Heart felt sympathy goes out to the Laekey family in the loss of Gerald Laekey, a life time resident of our community, who moved to Floydada about a year ago. Funeral services were held in Floydada at the First Baptist Church Sunday afternoon with Floyd Bradley officiating. He is survived by his wife, Janette, two sons Jay of the home and Jerry of Cedar Hill, two grand daughters, and one sister, Imogene Stansell of Floydada.

Houseguests in the home of Rev. and Mrs. Jackie Thompson for Sunday were Rev. and Mrs. R.L. Owens and son Lowell of Plainview. Rev. Owens preached Sunday evening.

Hazel Moore of Lorenzo spent the weekend with Glenda Kay Thompson. Mattie and Guy Davis

went to Amarillo Wednesday on a business trip.

Edna Gilly visited Janette Laekey in Floydada Saturday. She was a guest for supper Tuesday night with Mr. and Mrs. Leighton Teague at South Plains.

Connie Welch, Kim Laekey, and Bud Taylor returned last week end to resume their studies in West Texas State University in Canyon and South Plains College in Levelland respectively. Bud Taylor was honorably mentioned in Who's Who.

Norma Welch visited Mattie Davis Tuesday evening.

Mr. and Mrs. J. R. Kelley ate lunch with Mr. and Mrs. J. A. Welch Sunday.

Mr. and Mrs. Cephus Fortenberry and Mr. and Mrs. Garland Tucker visited Mr. and Mrs. Fred Fortenberry in Lockney Sunday afternoon. The Fred Fortenberrys had just returned from a week camping and fishing trip on the coast near Brownsville. Mrs. Fortenberry is recuperating from injuries she received from a fall while she was away.

Tom and Gladys Fortenberry spent Wednesday night with their daughter, Mrs. Lafayette and family in Lubbock. Pamela left Thursday to attend college in Waxahachie.

W. E. Laekey, son of Grand Laekey visited his grandparents, Mr. and Mrs. W. E. Laekey Sunday and Wanda DuBois of Floydada visited with them Tuesday.

Marvin Lemons of Lockney visited with his parents, Mr. and Mrs. Carl E. Lemons Monday.

Mr. and Mrs. W. T. Cooper of Lockney visited with their daughter and family Mr. and Mrs. Phil Lemons Saturday evening.

Jarboe Re-Elected To Water District Board

Malvin Jarboe

The unofficial results of the 1978 election of the High Plains Underground Water Conservation District No. 1, held January 21, have been announced by the District's Lubbock office.

Malvin A. Jarboe of Floydada has been re-elected to his second two-year term in office as representative of District Director's Precinct Five (Floyd and Hale Counties). His original term began in January 1976. Jarboe was unopposed on this year's ballot.

Also elected to the five-man Board were James P. Mitchell of Wolforth and Selmer Schoenrock of Levelland. They join A. W. Gohar of Farwell, and Ray Gerk of Hereford.

Four men were elected County Committeemen to represent the two counties comprising Director's Precinct Five.

The winners are as follows: Floyd County: Charles Huffman, Lockney, and Gilbert Fawver, Floydada. Hale County: Jaydon Groce and Bill John Hegi

of Bothsburg. The Board will meet on February 21, to canvass the votes and officially declare the winners.

TWO FLOYDADA STUDENTS ON HONOR ROLL

Two Floydada Students have been listed on the Dean's Honor Roll at Wayland Baptist College for the fall semester.

Sonja Curry, the daughter of Mr. and Mrs. Johnny Curry of 510 E. Grover, is a senior majoring in physical education and minoring in English.

Christy Stringer, sophomore, is the daughter of Mr. and Mrs. Bill Stringer of the city.

FED BEEF SUPPLIES, DEMAND UP—

There should be plenty of fed beef on hand for consumers during the year ahead, and consumer demand should also be up, believes a livestock marketing specialist with the Texas Agricultural Extension Service. Demand should be boosted by increases in Social Security payments, proposed tax reductions, changes in the Food Stamp Program, a substantial gain in minimum wages, and continued economic growth.

Floydada Nursing Home Happenings

The date for our next noon buffet will be Tuesday, February 7, so plan now to bring a covered dish, and eat with us.

We had a large number of residents to attend devotions, and exercise classes every day last week. It makes me feel good to see the residents take an active part in our programs.

We thank each lady from the City Park Church, who served cake and punch for our birthday party Thursday. We had eight birthdays to celebrate this month. Pearl Carrick, Francis Childs, Viola Weems, Maylon Spence, Olla Furrow, Agnes Anderson, Dora Langford and Bessie Pierce.

We would like to thank Ruth McIntosh for the grape fruit and oranges. The residents have really enjoyed

the grapefruit for breakfast.

Bingo winners last week were: Hope Hammonds, Clara Williamson, Agnes Anderson, and Pearl Carrick with two games each. Ray Reed and Willie Stambough with one each. We send our get well wishes to Mark Jordan, who is in Caprock Hospital.

Fred Brown is in the hospital and we hope he is feeling better.

Thanks to all our visitors, Josephine Hamilton, Matador, Ollie Russell, Matador, Micky Lewis, Matador, Pete & Dorothy Knight, Matador, Verlin Reeves, Matador, Mr. and Mrs. Hubert E. Davis, Mrs. M. A. Late Surge Nabs 46-44 Whirllette Victory

By Doug Simpson

Forward Kim Curry took an inside feed from teammate Lisa West and turned it into an easy two points to give the varsity Whirllettes a come-from-behind 46-44 win over Idalou, in a district 4-AA battle Tuesday.

The West-Curry offensive combination happened with exactly 3 seconds remaining at Wildcats' Gymnasium, and climaxed Floydada's second district triumph of the first half. The Whirllettes are now 2-2 in league action, and 10-13 on the season.

The late heroics of the Whirllettes did not come easy. To do it, Linden Weese's troops had been forced to battle back from a 42-32 fourth period deficit.

But in that 6-minute span, a tremendous offensive charge, coupled with some key defensive steals and rebounds turned the contest around. In the six minutes and nine seconds remaining, Floydada had outscored the hosts, 14-2.

Idalou did a fine job of controlling the game and the lead for the major part of the game, including the first quarter. The swift-paced Wildcats' attack insured an early 15-10 advantage.

During the second stanza, Idalou led by five or more up until about the last three minutes when Floydada staged a

temporary turnaround.

A free throw by Kathy Davis with 1:33 left in the first half trimmed the hosts' advantage to 2, and Idalou managed to take a narrow 25-22 lead into the dressing room.

The third quarter was not one for offenses. At least it didn't appear to be that way. The 'Cats outscored the Whirllettes 13-8 for a 38-30 advantage, but it was mostly through turnovers, few second-shot opportunities, and defensive struggles.

In the early part of the third stanza, Idalou began executing well on that end of the floor, and it looked as if it might run away with the game, with a 10 or more point lead.

But Floydada's guards suddenly seemed to slow down the Idalou offensive machine and give the Whirllettes a chance to do some shooting.

Floydada got hot in that department with about 4 minutes left to play. A 15 footer by Jill Poage made it a 42-37 ball game and a free shot later by Poage narrowed the score again, to 42-38.

The tension started to mount as the Whirllettes instigated the first few sparks of their comeback.

With 2:29 left, Davis hit a 10 footer from the right side to cut it to 42-40. Suddenly, an alert Poage picked off the ensuing inbounds pass and sailed

straight to the bucket for an easy two. It was a 42 ball game with 2:00 left. Moments later, West picked off another badly thrown pass and soon set up a free throw for Davis to put Floydada ahead for the first time, at 43-42.

Poage made it 44-42 on another free shot attempt, but the Wildcats regrouped, hustled down the floor, and drilled home a layup with under a minute to play to set up the tiebreaking play, with the count tied at 44 apiece.

Floydada inbounded the ball, crossed the midcourt line, and displayed a very patient offense, waiting for Curry's move to the hoop for the winning shot.

Soon, West spotted the waiting arms, and an easy tap off the glass finished the Wildcats.

Wildcats Win "Battle Of Defenses" 28-17

By Doug Simpson

Whirlwind head coach Mike Cocanougher was sure to have wondered Tuesday night why he neglected to pack his offense along with his towels, medicines, and scorebooks in a trip to meet with 4-AA opponent Idalou.

The hosting Wildcats, patiently, coolly, and confidently, broke away from a 6-4 first quarter deficit, a 16-9 halftime advantage, and 5-point third quarter lead to spoil Floydada's upset hopes and escaped with a hard-fought 28-17 win before a large crowd of witnesses.

The loss dropped the Whirlwinds' season mark to 4-19 and closed out the first half with a 1-3 district mark. Floydada will open the second half with a road trip against Lockney Tuesday night.

In a punchless first quarter, neither of the clubs really had any intentions, it seemed, of making the affair a high-scoring one.

Good outside shooting by Mac Collins, Danny Emert,

and Quinn Coleman enabled the visitors to post an early 6-4 advantage in the initial period.

It took a full minute or longer, but the Wildcats gradually evened the count and regained the lead in the second quarter, by utilizing good rebounding strengths and an improved defense to pave the way.

A late offensive surge insured a 16-9 halftime lead for Idalou.

The third quarter, in a sense, belonged to the visiting Whirlwinds, who outscored and out-rebounded their opponents to cut the margin to a 5-point ball game, going into the last period, at 22-17. At one spot in the third period, Floydada had a chance to go ahead by 1, with the Idalou lead standing at 18-17, but Danny Emert's jump shot bounced off the rim, where the 'Cats rebounded, took it down the floor, and scored, to make it a 3-point battle once again.

The final period was not a difficult story to tell. Floydada 0 for 10 from the field;

0-1 from the line; overall 0 percent shooting; 8 turnovers.

Idalou pounced on a lackadaisical Whirlwind offensive attack mostly through its improved defense, to provide enough momentum to carry the Wildcats to an 11-point win.

7th Grade Breezers Demolish Lockney, 47-25

Floydada's 7th grade Breezers, helped by the double-figure scoring performance of Donnell Weeks and Bruce Williams, easily disposed of district 4-AA rival Lockney by the score of 47-25, in a contest played Monday night at Graves Gym.

The win improved the Breezers' season mark to 6-3 and left them with a 5-1 league mark.

In that contest, Donnell Weeks finished with a 21-point effort, and Williams chipped in another 14 points.

In previous games played this season, the 7th graders were nudged by 4-AA opponent Abernathy by a 30-28 count. Weeks led the scoring with 12 points, followed by Williams with 10, and Marty Covington, with 6 points.

Wildcats Stop JV Whirlwinds

Short, 51-46

By Doug Simpson

The Idalou Wildcats' JV squad broke away from a 9-9 first quarter deadlock and fought off a temporary second half comeback, to hand the JV Whirlwinds a 51-46 loss at Idalou Gym Tuesday.

The defeat left Floydada with a 6-8 season mark.

Following a fairly defensive first quarter, in which both clubs scored 9 points apiece, the Wildcats' offense came alive, and opened up a 26-19 advantage.

The Whirlwinds turned the contest around in the third stanza, making it a 2-point game at 36-34.

Idalou regained its offensive supremacy in the last period, and managed to hold off a late surge engineered by Joey Luna, Neal Becker, and Troy Marquis, for the 5-point victory.

Antelopes Crush Varsity 'Winds, 61-34

By Doug Simpson

Abernathy's Antelopes displayed their very positive intentions to defend their district 4-AA crown to the hilt Friday night by demolishing the varsity Whirlwinds 61-34 before stunned witnesses at Graves Gym.

The loss by Floydada mathematically destroyed any chances they might have had in capturing the first half district crown.

The Winds are now 4-18 on the season, and 1-2 in district 4-AA play. They completed their first half slate Tuesday night at Idalou.

In the initial period, the visiting Antelopes fought off occasions where the Winds would tie the score up at various counts, including 6-6 and 8-8.

Abernathy's late surge, brought about by an improved defense and running game enabled it to post a 16-9 advantage going into the second period.

The Whirlwinds shooting percentage told the story in a sluggish third quarter effort. The hosts connected on just 2 of 12 shots from the field. Abernathy, on the other hand, responded with a 14-point performance and a more comfortable lead, at

47-25. Floydada began to hit from outside with a little more ease in the final period, but it proved to be too little and too late. Abernathy had escaped with a 27-point win.

WILSONS ACCEPT TEN YEAR (Top Photo) Coach L.G. Wilson and his display the beautiful plaque commending excellent coaching career at FHS given to the 77 Whirlwinds. (Lower Photo) Mr. Cagle received this award for being "Outstanding Boosters" for 1977.

Lady Lopes Spoil Whirllettes' First Half Hope

By Doug Simpson

A strong Abernathy varsity girls' squad brought to Graves Gym on Friday night a very patient and poised ball club—one in which count attacked a previous first quarter disadvantage and narrow lead at halftime to explode for 31 second half points and the wrapping up of another district win, at the expense of Floydada's Whirllettes, by 55-37.

The loss by Coach Linden Weese's troops left them with a 9-13 season ledger and a 1-2 district slate for the first half title chase.

Ironically, in a first period defensive struggle, the hosts had come out on top of the visiting Lady Lopes, by the count of 10-8.

Jill Poage contributed 5 points to that cause, as Kim Curry added 3, and Karen Turner chipped in a field goal, and another 2 points.

But in the second quarter, Abernathy took the floor, a much more patient and executing ball club. The result

of its newly found poise and defensive prowess was a 24-20 advantage at intermission.

The Lady Lopes displayed more of the same in the third stanza, widening their lead to 34-23. Floydada, while scoring 3 points in the entire 8 minutes, shot a miserable 10 percent.

Once again, it was an improved fourth quarter performance by the Whirllettes, but it was not enough to slow down the determined

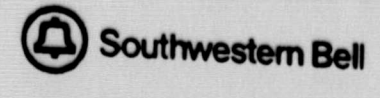

This weekend, call both families for practically the price of one.

It's true! This weekend—and every weekend between 11 p.m. Friday and 5 p.m. Sunday—you can place two Long Distance calls for practically the price of one weekday evening call, when you dial the 1+ way. For example, a 10-minute call to someone a thousand miles away weekday evenings (5 p.m. to 11 p.m., Sunday-Friday)

would cost you \$2.44, plus tax. Which, you'll admit, isn't bad. But for practically the same price, you could make two eight-minute calls over the same distance... any weekend. It's almost like getting one call free! So this weekend, enjoy a couple of Long Distance calls. And make three families happy!

Long Distance. What else is so nice for the price?

telecommunications Wizardry Enters The Home

The last half of the year seeing telecommunication wizardry move from laboratory into the home, according to the vice president of the company, general manager for Western Bell in San Antonio.

ern Bell approximately \$1 billion throughout Texas in 1978," the vice president said. "The company spent \$950 million in new construction and other capital expenses in 1977."

as Call Waiting, Three Way Calling, Speed Calling and Call Forwarding. "Call waiting alerts a customer using a telephone that another caller is trying to reach him," Todd said. With three-way calling a customer can add a third party to an existing conversation, while speed calling allows one to place calls to frequently used telephone numbers by dialing two or three digits instead of an entire number. Call forwarding lets the subscriber forward or transfer all incoming calls to another telephone number.

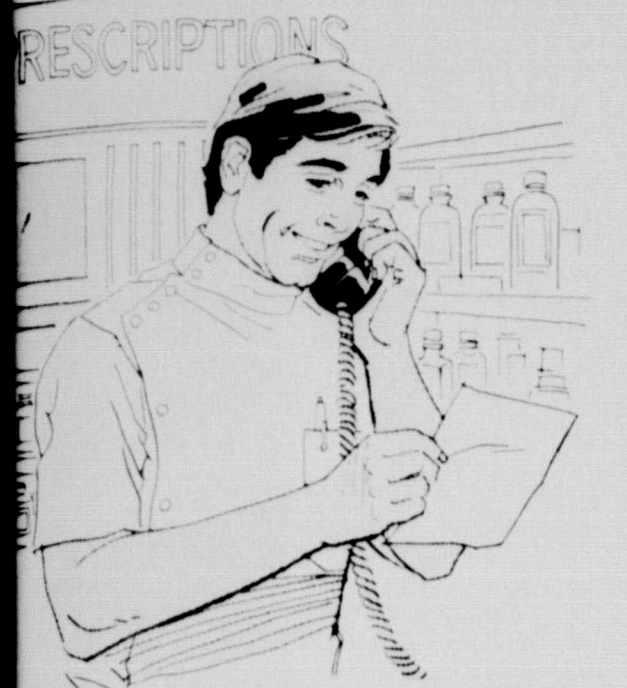

Another major ongoing project, the vice president said, is bringing zero-plus dialing to a city. "This service enables the customer to dial direct all person-to-person, collect, credit card and third number-billing calls," Todd said. "As the call is completed, an operator comes on the line to take the necessary billing information."

Zero-plus dialing enables the company to take advantage of major technological advances that hold down costs," Todd said. "These savings are a hedge against inflation and will help minimize any future increases in basic rates."

economic than the equipment it replaces. The result is a cost savings, Todd said. "Southwestern Bell plans to have ESS in virtually every Texas city sometime in the 1980's."

telecommunications needs of a vigorous Texas economy," he concluded.

METHANE PRODUCT ION SEMINAR Livestock feeders, farmers and agribusinessmen who want to acquaint themselves with the facts about methane generation from livestock manure are invited to a special seminar on that subject Feb. 15 at the Seward County Community College in Liberal, Kan. Featured will be discussions on methane technology and methane's economic potential in commercial livestock feeding. There will also be a tour of a large-scale manure-to-methane plant, says an agricultural engineer with the Texas Agricultural Extension Service.

LITERALLY THOUSANDS OF MILES of Southwestern Bell cable went into the ground in Texas in 1977 and more will be going in during 1978. Approximately \$1 billion will be spent by the company this year in new construction and other capital expense. Last year the cost to the company to provide dependable service and build for the future was \$950 million.

The "How To" On Estate Planning

COLLEGE STATION
Estate planning is a concern of everyone, and people must depend on professionals in the field to handle their estates as efficiently and effectively as possible. That's why the Estate Planning Seminar is being conducted at Texas A&M University to help professionals "hone up" on the latest information relating to estate planning.

The two-day seminar set for Jan. 30-31 will feature discussions on such areas as changes in estate taxation, insurance in estate planning, trusts, estate tax liabilities, and the use of gifts to minimize estate taxes, says Tom Prater, economist with the Texas Agriculture Extension Service and seminar chairman.

The first session of the seminar will deal mainly with the 1976 Reform Act Estate Taxation. Speakers will include Ralph Gary, Sr. and Cecil Canmark, Jr., both with the Internal Revenue Service, and Lorence Braxton, professor of accounting at Texas A&M University.

A work session is planned that evening to allow seminar participants to get some practical experience in dealing with trusts, tax considerations, IRS procedures, and insurance in estate planning.

The second day's program will feature discussion on estate tax liabilities, trusts in estate planning and administration, farm and ranch management of trust, gifts in minimizing estate taxes, and business organization and estate valuation. Speakers will include Mike Garner with Southern Farm Bureau Life, Shirley Clark and Robert Walsh, both with the First National Bank, Fort Worth, Robert Korney with Hewitt, Johnson, Swanson and Barbee, Dallas, and Don Levi and Larry Crumbley, professor of agricultural law and professor of accounting, respectively, at Texas A&M.

Training Retreat At Plains Baptist

Plains Assembly Baptist Encampment near Floydada will be the location of a training retreat Feb. 10-11 for people who serve in the River Ministry of Texas Baptists.

The River Ministry is a program through which

Baptists minister to people in the Rio Grande Valley. The Christian outreach offers Bible study, agricultural training, and medical assistance to Mexican American people.

The annual train-

ing retreats prepare church groups, families and individuals to work in the River Ministry. Elmin Howell, River Ministry coordinator, said that the 1978 retreats are designed to involve more Mexican American Baptists as leaders of ministries.

"That All May Know Him" is the theme of the Christian training retreat at Plains Assembly camp. The River Ministry is part of the State Missions Commission of the Baptist General Convention of Texas. Additional information on the River Ministry and the retreat is available from River Ministry office, 101 Baptist Building, Dallas 75201.

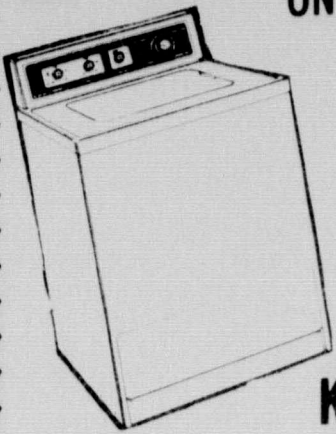

Several bilingual seminars at the retreat will especially equip Mexican Spanish speaking persons to work in the River Ministry. Seminars will include Vacation Bible Schools, evangelism, medical ministries, literacy training, puppetry communication, and music.

Save money and energy in the kitchen-unplug the coffee maker and use kitchen fans only when needed, advises Claudia Kerbel, consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Take advantage of solar energy-raise blinds and pull back drapes on windows facing the sun during cold weather, advises Sue Young, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

The Floyd Philosopher

Calls For A New Scientific Study To Prove Humans Have Taste Buds

Editor's note: The Floyd Philosopher on his Johnson grass farm strikes a blow for food this week.

Dear editor: As you know, research scientists who don't seem to have anything else to do are spending millions of dollars finding out that nearly everything we eat is bad for us.

The list is too long for me to remember, but over recent years scientists have announced at one time or another that some of the things that're bad for us are sugar, salt, eggs, bacon, milk, white bread, hot biscuits, thick steaks, mashed potatoes, chewing gum, tap water, city air, hair coloring, cough drops and toe nail polish. I could go on but that's far enough. Oh, I did leave out hot dogs and potato chips.

In view of all these findings, I'm proposing a new study needing only a few thousand dollars but requiring some pretty sharp scientists who are unafraid of the unknown and have the courage to throw back their ears and announce their findings regardless of where they lead.

The purpose of this study will be to discover and prove beyond argument the existence of taste buds in the human animal. Probably use teenagers as guinea pigs.

It is a well known fact that taste buds exist in other species. For example, cows, all of whom are illiterate and graze uneducated by any studies on the nutritional superiority of one grass over another, will, if turned loose in a good pasture, pick the right plants to keep them fat and healthy, strictly by the dictates of their taste buds. Oh, occasionally one will sample some bitter weed or loco weed, but there are odd-balls in every species and there's no point in putting the whole herd on a diet just because a few miss fits have unreliable taste buds.

If we can just get this scientific study to prove that nature has given not only cows, donkeys, birds, elephants, giraffes and even kangaroos taste buds, but has endowed man also with a set located somewhere on the tongue and palate, I'm not sure where and don't care, then we can all go back to eating happily whenever we get hungry. Personally I like potato-chips but never cared for catsup on my eggs.

Yours faithfully,
J.A.

What One Person Can Do

Ellen O'Meara, Prison Reformer

When Ellen O'Meara talks about prison reform, her words have a ring of authenticity. In organized crime for seven years, she served three years in New York's Bedford Hills Prison. Once boss of a "steal-to-order" ring netting \$250,000 a year, she now works with State Senator Karen Burstein on bills to equalize the treatment of prisoners.

"I couldn't have come this far without Senator Burstein and Senator Carol Bellamy," says Ms. O'Meara. "I have this whole new life now and I owe it all to them. I feel like I've been reborn."

After she left prison in 1974, Ellen O'Meara did office work, considered selling real estate, but found she was returning every few days to Bedford Hills to visit friends and plan prison activities. Through her growing involvement in legal reform, she met Senator Burstein, long a champion of prison reform.

Ever since, the two have worked together, with Senator Bellamy. The three have researched and actively supported parole reformers.

"Justice does not have blindfolds," Ms. O'Meara in-
