Mr. Pauley is a native of Charleston, West Virginia.

Caprock Chat

By Wendell Tooley

THE FIRST TWO years we lived in Floydada were neighbors with the Spences. Mrs. Spence was a neighbor and I'm sure she had many friends who will miss her...as will Charlie and the family.

WHILE OUR FARMERS were inching on they of course visited with neighbors from all over the United States. They talked to farmers who averaged an average of 30 to 40 inches rainfall per year.

WE ASKED at the beginning of the year for you, our readers, to write goals for 1978 for this community. The ideas we received include: Walkeer Spa, More industry, especially through processing and packaging Floyd farm products, More tennis courts, Business, improved selection of merchandise, modernization of facilities, more ideas?

HIS OUT OF TOWNER was spend the night at a Floydada Motel and asked the motel manager, "What can I do in Floydada tonight?" The motel manager said, "well, there's not much here at night, but there is a school basketball game scheduled tonight...why don't you go over to gym?"

The stranger attended the basketball game and when he returned to the motel he was asked who won the games. He replied, "well, the team that had the best I Hate Green won a game, and the team that had a banner that said 'I Hate Green' won the other game."

Make Abernathy Journey

Tuesday's clash with Abernathy's first half champion Antelopes and strong Lady Lopes team is not quite the grudge match as Lockney or possibly Tulia.

But the Antelopes are familiar enough around district 4-AA that the Whirlwinds and Whirlettes would like to prove something against them in a crucial encounter at Abernathy.

The Whirlettes will tip off at 6:30, the Whirlwinds at 8. The contests will be preceded by the JV boys' game at 5 p.m.

Abernathy's first meeting against Floydada teams was a successful one. At Graves Gym earlier this season, the Lady Lopes knocked off Lenden Weesse's troops by the score of 55-37. The Antelopes made the trip completely worthwhile by defeating the varsity Whirlwinds 61-34 in the second game.

Crusade Begins At First Baptist

The Wayne Bristow Evangelistic Crusade begins at 11 a.m. today at First Baptist Church, according to Dr. Floyd C. Bradley, pastor. A full week of activities is scheduled that will include every age group. The public is invited.

Lubbock evangelist Wayne Bristow will be preaching, and Jimmy Hodges of Lakeland, Fla., will lead the music and direct youth activities. Evening services will be at 7 p.m. nightly through Sunday, February 12. Noon services are set for Tuesday through Friday followed by lunch in the Fellowship Hall of the church.

Bristow, an ordained Baptist minister and graduate of Wayland Baptist College, will host a Hog Dog Supper for children in grades 4-6 at 6:15 p.m. Tuesday in Fellowship Hall, and, at the following workshop service, the children have been challenged to fill an assigned pew with members of their families, friends, relatives, and acquaintances. Bristow is also vitally interested in youth and will give one night to a special message for them.

Following the evening services, Hodges will lead the youth in a "Jesus Happening". At one of the services, he is expected to give a drum exhibition.

Dr. Bradley has extended an invitation to the citizens of Floydada and Floyd County to attend the services and activities of the crusade.

"Look for an evening of good food, fellowship, and humor," Chamber of Commerce president Gene Ehler said Friday as he put the final touches on the program for the annual Chamber of Commerce banquet Monday night.

The banquet will be in the Duncan Elementary Cafeteria and begins at 7 p.m.

Ehler will be master of ceremonies. Methodist pastor Jim Smith will give the invocation, piano music will be played by Sharron Huggins.

Ehler will also introduce the guests and directors.

President of the Women's Division of the Chamber Anne Willson will introduce directors.

Presentation of past president's plaque will be made by Rebecca Henry.

One of the highlights of the banquet will be the presentation of the "Employer of the Year" award.

Presidents will exchange the gavel after Chamber manager Doug Frazier speaks on "Anticipation."

Congressional Candidates Dusty Rhodes and Fike Godfrey of Abilene have indicated they will be in the Floydada Monday and attend the banquet.

SPEAKER

Grady Nutt, the featured speaker of the Floydada Chamber of Commerce Banquet on February 6, is often kidded about his last name. N-U-T-T.

"The second T is important—without it, I'm just like the rest of you."

For a man born in Amarillo, Texas, in 1934, a product of the Great Depression and with the unlikely name of Nutt, entertaining could not be far behind.

He sings, juggles, "handbones" and plays a dozen different musical instruments, including the triple A small, 10 string Spanish folk instrument that Grady describes as a "ukelele with thyroid trouble." In a word, Grady describes himself as a humorist.

"A humorist isn't a comedian. He's not just trying to crack jokes... a humorist is an interpreter of life. He takes a common experience—something that's happened to everybody—and filters it through his own way of looking at things until it comes alive for another person who can say, 'Oh, yeah! Right! That's the truth!'"

In his stories and tales, Grady shares his small-town boyhood and adolescence, his growing up in a poor family, a rural school, a small church and his frolic-filled college days at Wayland Baptist College in Plainview, Texas. With a whiffle of eyebrow, a twist of nose, a popping of eyeballs, a flip of hands, or a knowing flicker of forehead wrinkles, Grady embellishes these common experiences into moments of laughter and glimpses of truth. Tall friendly, easy moving and with twinkle in eye, Grady brings audiences hearty laughter and good will, insightful meaning and solid thought; he sends his newly made friends away chuckling and thinking.

"I haven't had to advertise. People just hear about me by word of mouth, and if they want me, they just call. Information After all, how many Grady Nutts are there in Louisville?"

The demand for Grady's humor has kept him grin gathering from San Jose to Palm Beach, from Boston to Seattle, and from Dallas to home-base Louisville. Averaging more than 200 appearances each year, Grady collects chuckles at conventions, convocations, Chambers of Commerce, church dinners, banquets for salesmen, farmers, teachers, funeral directors, civic club members and youth groups.

When Grady is not cross-country funny boning, appearing on television, writing, recording albums or narrating films, he pursues his hobbies of photography, cooking, music, and spends quality time with his family.

This is Grady Nutt—open and eager to unshell what is ordinary and allow the treasures of truth and humor to spill out to those who hear him.

American Agriculture Meeting Tuesday

Every farmer in this area, business people, individuals interested in the farming economy are invited to a meeting Tuesday night at 8 p.m. in the Massie Activity Center in Floydada.

Purpose of the meeting is to hear reports from farmers who have recently returned from Washington, D.C. and to discuss plans for future legislation and farming operations.

Downstate meetings of the American

Agriculture movement have concerned the 50% plow up of winter wheat and 50% planting of row crops this spring.

The 50% philosophy is based on the fact that the farmer will lose just half as much money this year as last.

...And there is the possibility that farm product prices will go up if production is cut 50%.

Burleson Introduces Ag Bill

WASHINGTON, D.C.—Congressman Omar Burleson today announced that he has cosponsored legislation known as "The Agricultural Trade Act of 1978." This legislation is designed to expand foreign markets for U.S. agricultural commodities which he feels is vital to the continued growth of agricultural exports.

In view of the disastrous economic crisis which farmers all over the United States are now facing, Mr. Burleson feels this Nation must reduce agricult-

ural surpluses by establishing an aggressive foreign marketing program such as that contained in his bill.

As introduced, the Agricultural Trade Act of 1978 would provide for the establishment of from 6 to 25 U.S. agricultural trade missions; a new medium term commercial credit program for financing exports; the establishment of an Under Secretary of Agriculture for International Affairs, an upgrading of the role of U.S. Agricultural Attaches; and other provisions.

Sales Tax Rep. Coming To Floydada

AUSTIN State Comptroller Bob Bullock announced he is sending a representative from his Lubbock office to Floydada on Thur. Feb. 9th to assist local taxpayers and answer questions about state taxes.

Bullock said Enforcement Officer Raymond Bogus will meet with local taxpayers at the Floydada Court House, Room 103 from 10 a.m. to 12 p.m.

"If Floydada area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing tax forms, Mr. Bogus will be there to assist them," Bullock

said. "We're trying to cut the red tape in this office and we believe these face-to-face sessions with taxpayers help do just that," Bullock added.

Bullock reminded those taxpayers who are unable to meet with his representative on Feb. 9th that they can still get their questions answered quickly by calling his TOLL-FREE tax information number in Austin. That number is 1-800-252-5555.

The Lubbock office, headed by Donald F. Paxton, serves Lubbock and surrounding counties.

Arts And Crafts Festival Deadline April 1

Applications for the fourth Running Water Draw Arts and Crafts Festival are now being accepted, according to Festival director Rob Strong. Co-sponsored by Llano Estacado Museum and Plainview Rotary Club, the annual event will be held at the Hale County Agriculture Center in Plainview from October 13-15. The 125 available booths will be assigned to artists and craftsmen from Texas, New Mexico, and Oklahoma. Only

handcrafted items are accepted. The 1977 Festival attracted more than 5,000 visitors. An equal or greater number is expected this year.

Booths are expected to be filled by April 1. Anyone interested in being considered should write for an application to Rob Strong, Running Water Draw Arts and Crafts Festival, Wayland College, Plainview, Texas 79072.

Spring Fabrics

Spring fabrics will offer a wide variety of colors and textures to suit every taste, says Margaret Ann Vanderpoorten, clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Fresh and exciting textures range from suedes to linen gauze, from towelling to seersucker, and from satin to silk tweed, she continues.

Damask and shot taffeta are the newest look for day wear, with silk jersey seen at night.

Combine fabrics and textures surprise combos are the newest, such as velvet with cotton knit, silk with leather, or cotton tweed worn with linen gauze and silk clip-dot shirting.

Try unusual color combinations for fun and fantasy, the specialist suggests.

True blue, white, hite, and many shades of brick, rust, wheat, mushroom, and ginger provide an interesting contrast for plum, tea rose, blush, saffron, and willow.

Submit Family Histories For Floyd Book

Floyd County Historical Museum Project leaders remind everyone deadline for submitting family histories is Feb. 15.

Following letter was received from over 5000 persons who have been or are now members of the county. This information is printed in the paper and there are many who did not receive it for one reason or another.

FLOYD COUNTY HISTORICAL MUSEUM

Floyd County Historical Museum is compiling a history of Floyd County. The history consists primarily of family histories. If the book is to be a true history of the county, we plan to include the history of churches, organizations, education, business and information. This book will be unique in that it will be written by all the people of the county who are writing their family history. We are emphasizing the history of the family in our history and in our heritage and in our future. If you are presently a member of the museum or have previously been a member in Floyd County, we want you to write your family history. We want your biography even if you are a part of the past. We want your story to be a part of the future. The history of Floyd County will only be as good as the extent we all contribute to. We want to include both pioneers and families who've just moved here.

Write your family history in the state or county from which your family came. The approximate date and the area where they settled in what is now Floyd County. Write the story as if you were in reminiscence. It will be interesting reading for others. The history should not be less than 100 words. Limit your generation to 100 years or less. Note the date of the simple history and please submit your double spaced and if possible, as hand written copy must be typed and being mailed to the editor. Sign your name to history and double copy for content.

In addition to sending the history, please send three photographs (fourteen or historical) and then in priority for inclusion in the book. We will use at least one photograph from every family if we have the space. We will use more. The photographs should be handled many times. Send photo-copies of valuable or irreplaceable photographs. Please include the approximate date the photograph was taken and the names of the people in the photograph or a caption for the picture. Your name will be returned to you after the book is completed.

There will be NO FEE for your history published in this book. The histories and pictures should be sent as soon as possible. Send your material to: Floyd County Historical Museum, P.O. Box 304, Floydada, Texas 79235.

The history of Floyd County (including 1876-1977) will contain approximately 60 to 65 pages, depending on the amount of biographies sent in and the number of books ordered. The more books ordered, the more pages we are allowed to be included in a book. The book will be bound in a cloth cover with gold stamped embossed lettering on the spine. If you have many personal items, they will be included in the book such as a family tree chart for record of your family's history. You may include 100 years from the time of your loved ones to the present. You may include historical photographs tracing your family tree. What a family tree to pass down to children, your grand children.

A nonprofit organization has been formed for the purpose of writing the history of Floyd County. The historical records of the education and the future genera-

many pages it will contain. All money will be held in escrow in the First National Bank of Floydada for payment to the publisher at a later date. This historical book is available on a pre-sale basis only. The price of the limited edition book is \$24.50 plus sales tax and your check should be made out to the FLOYD COUNTY HISTORICAL MUSEUM. Many families have expressed an interest in purchasing a printed memorial page to memorialize a member of their family. For information con-

cerning memorial pages or if you have any questions, please contact: Mrs. Pat Frizzell, Lockney, Texas 79241, Ph. # 652-3860. Mrs. Edell Moore, Floydada, Texas, 79235, Ph. # 983-5300. Sincerely, Mrs. Joe Taylor, President, FLOYD COUNTY HISTORICAL MUSEUM

Master's Four Quartet
Coming to Floydada

Another big feature of the "International Gospel Music Festival" scheduled for 8 p.m. Monday, February 13 in the Floydada high school auditorium will be the Master's Four quartet.

EXCITING, SPIRITUAL, ENTERTAINING, SOUL STIRRING... these are just a few of the words people are using to describe the ministry of The Master's Four. These dedicated young men are involved with concerts, church services, revivals, radio, television and any means to fulfill their goal of "Telling The World About His Love."

The fantastic Master's Four possess the rare ability to present a song with such impact that it can reach your heart. Through their God-given talents one hardly knows whether to shout for joy or cry.

First Baptist Church Media Center

HITCHING HOLES IN THE DARKNESS by Inanelle... is one of those special books you will want to read to others. It has just arrived in the Media Center. Each chapter is a brief story about someone the author's family came to know during their missionary work in Japan. These stories would make excellent material, private or public.

Her new book is Earl Allen's **PRAYERS THAT REACHED THE WORLD**. Dr. Allen illustrates prayers from the lives of several Bible characters. This is a good book for private or public devotional use. The prayers are well written, and I am sure those of you who know Dr. Allen would like to read this latest book. Grandparents and even more experienced ones, like Charlie Shedd's **GOD CREATED GRANDPARENTS AND IT WAS VERY GOOD!** This book has lovely illustrations as well as much sound advice about relating to your grandchildren. It focuses on the special influence you as a grandparent can have and warns about some of the pitfalls of overparenting.

TEEN AGE DRIVERS.....

HARTFORD, Conn., Jan. 24. Teen-aged drivers with driver education credit have fewer and less costly auto accidents than teen-agers without driver training, according to a three-year analysis released today by Aetna Life & Casualty.

Driver education course requirements, normally set by state education departments, consist of at least 30 hours class instruction and six hours actual driving. Courses are given in about 75 percent of all U.S. high schools.

The study compared frequency of claims per 100 cars and claim cost per car, for some 175,000 under 21 drivers insured by Aetna in all 50 states. The youthful operators were separated into two groups, with and without driver education training credit.

For the years 1974 through 1976, those with driver education credit averaged 13.7 personal liability insurance claims per 100 cars, those without the credit 15.7 such claims.

For the same three-year period, driver education-trained operators filed 16.7 collision insurance claims per 100 cars, those without such training, 18.7 such claims.

in the buggy with his father, the late Dr. J.H. Guthrie, A.E. Guthrie decided to be a doctor.

A.E. attained his goal and rode into Floydada in 1933 in a Model A Ford to set up a general practice that will have lasted 45 years this coming summer. He came here from Clayton, N.M. where he had doctored two years and prior to that had been in Happy one year.

It has been a long and successful career in which Dr. Guthrie, who was 75-years-old Friday, has served faithfully the people in his community.

BUT NOW he is taking life a little easier — he gave up surgery five years ago, two years ago quit hospitalizing patients and 10 years ago stopped delivering babies after bringing between 1,800 and 2,000 into this world. Now his load is reduced to office calls and a few house calls which he describes as "getting as scarce as hen's teeth in the medical profession."

"I use my extra time to go fishing," Dr. Guthrie smiled. He has fished all the way from Canada to Mexico. He and Mrs. Guthrie also have done worldwide traveling.

In earlier years Dr. Guthrie was too busy for such pleasant recreations. When he came to Floydada he purchased the only hospital here from the Smith brothers and operated it as Floydada Hospital until he closed it in 1952.

"**THE HOSPITAL** was run down and before I could get it in shape to be used, I delivered babies in peoples' homes and did much of my doctoring there and in my office," explained Dr. Guthrie.

Even after the hospital was reactivated in 1938, the doctor delivered some babies and did one hernia operation in homes because his patients did not want to go to a hospital. Neighbors of the expectant mother came to assist Dr. Guthrie at birthtime in the homes. He recalls how he often gave mouth to mouth resuscitation in order to save newborn babies from dying.

Dr. Guthrie was called out at all hours and never refused to go. "I sometimes spent part of the night in the middle of a lake," he said. "There were no paved roads and in the dark it was easy to make a wrong turn and end up in one of the lakes near here. I would walk to a farm house and the farmer would get his tractor to pull me out."

SOMETIMES IT was so difficult to get to a farmer's house, Dr. Guthrie would go as far as he could by car over the terrible roads and then be met by someone who would take him by tractor, pickup or on horseback for the remainder of the journey.

"When I first started doctoring, there was no treatment except home remedies and a few specific treatments until the sulpha drug arrived," recalled the veteran physician. "Many people died needlessly of pneumonia before we got penicillin and sulpha. I saw patients die and couldn't do anything about it because I had nothing to work with."

Dr. Guthrie attributes many recoveries to a person's own resistance and good health. He explained a doctor had no laboratories to help him make a diagnosis. "You just had to use your noodle — you only knew what you could see, feel and hear."

AFTER HE closed his hospital, Dr. Guthrie was on the staff of Peoples Hospital here and presently is a staff member of Caprock Hospital. He is an examiner of pilots getting or renewing licenses by authority of the Federal Aviation Agency. He is the local surgeon for the Burlington

Railroad

During World War II, he was appointed an examiner for the Selective Service System. "We received no pay — that was our contribution to the war," commented Dr. Guthrie, who was turned down for military service as he was essential in his home town.

Dr. Guthrie has been president of Floydada Rotary Club and of the Hale, Swisher, Briscoe and Floyd County Medical Society. He has been a Mason 43 years and is a member of Plainview Commandry and Khiva Shrine of Amarillo. In 1966 Floydada Chamber of Commerce presented him a certificate for his "invaluable service to the community."

A NATIVE of Franklin County, Dr. Guthrie lived in several towns in the Panhandle where he came to Ochiltree County with his parents in a covered wagon in 1907. After graduation from Texline High School, he attended the University of Texas, graduated from Baylor Medical School in 1929 and served his internship in Baylor Hospital.

His surgical nurse and assistant was his wife, the former Sue Brown whom he married Aug. 5, 1931. Born in Paducah, she grew up in Fort Worth and Dallas and graduated from Baylor Nursing School in 1928.

They have eight grandchildren and three children, Dr. A.E. Guthrie II, doctor in Hurst 17 years, Carrol Guthrie, in the building business in Bedford, and Mrs. Lee (Suzanne) Trautmann, who became the first women's basketball coach at Southern Methodist University two years ago but recently resigned.

Turkey Flock Cuts May Go Over 300,000

AUSTIN—Texas turkey flocks could be cut 3 percent this year if growers carry out their current intentions, Agriculture Commissioner Reagan, V. Brown has announced.

"Growers have indicated to the Texas Crop and Livestock Reporting Service that they will raise 8,300,000 heavy breed poulters this year," Brown stated. "This is a decrease of 300,000 from the 8,600,000 total in 1977. In spite of lower feed costs, producers are continuing to cut back slightly from the higher levels of 1976 in an attempt to keep prices up."

Brown noted that recent new turkey products should help to keep consumer interest in the product high.

OBITUARY

Louis Harvey Alldredge

Louis Harvey Alldredge, 84, died Friday February 3, 1978 at 7:45 a.m. at the Floydada Nursing Home. He was born December 22, 1893.

Services were Saturday morning at 11 a.m. at Moore-Rose Funeral Chapel, Dr. Floyd C. Bradley officiating. Interment was at the Denver City Cemetery, with Masonic graveside rites.

Mr. Alldredge was married to Mary Elizabeth Barrington, was a retired school administrator, and a member of the First Baptist Church, Denver City, and a member of the Masonic Lodge. He served as principal of the South Plains school from 1934-1939.

He is survived by two daughters, Mrs. J.H. Strickland, Roswell, N.M., and Mrs. Ralph Trice, Hobbs, N.M.; one son, Bob Alldredge, Floydada; one brother, James Alldredge, Palestine, Texas; two sisters, Belle Smith and Annie Mae Rouse both of Lubbock; eleven grandchildren and nine great grandchildren.

Mrs. Colston

Services for Christine Swepton Colston, 61, of the Dougherty community was at 2:30 p.m. Saturday in the First Baptist Church.

The Rev. Floyd C. Bradley pastor, officiated and Tilden B. Armstrong of Paducah assisted.

Burial was in Floydada Cemetery under direction of Moore-Rose Funeral Home. Mrs. Colston was dead at 12:30 p.m. Thursday on arrival at Caprock Hospital here after a sudden illness.

The Matador native moved to Floyd County in 1920, from Motley County. She married J.A. "Bill" Colston Oct. 15, 1939 in Plainview. Mrs. Colston was a member of First Baptist Church here.

Survivors include her husband; a son, Billy Don of Dougherty; a brother Hershel Swepton of Floydada; and three sisters, Ann Swepton of Hillcrest community, Lottie Belle Burns of Amarillo, and Betty Jean Campbell of Dougherty.

Pallbearers were Warren Mitchell, Lockney, Neil Mitchell, Lockney, Raz Ware, D.M. Cogdell, Harold Campbell, Matador, and Buster Terrill, Lockney.

Ludie (Pharr) Morris

Ludie (Pharr) Morris, long time resident of Gober, Texas was buried Tuesday, January 31, 1978 in the Gober Cemetery following an extended illness.

She was preceded in death by her husband Edward Morris. The Pharr and Morris families formerly lived on adjoining farms north of the McCoy community. Edward and Ludie were married in Floydada in 1922. Two years later the couple moved to Gober, where they farmed.

Survivors include four sisters: Mrs. Myrtle Allmon of Hereford, Mrs. Elber Ewing and Mrs. Lounette Chiddix of Amarillo, Mrs. Jewel Sparkman of Brownfield; two daughters: Karen Hopkins and Peggy Cummins of Dallas, one son, Rudolph Morris of Ector, Texas, five grandchildren. She was also a sister of the late Mrs. Charlie Berry.

Pastor of the Gober Baptist Church officiated.

Mrs. Spence

Services for Maylon Leona Spence, 89, of Floydada were at 3 p.m. in the First Baptist Church with the Rev. Floyd C. Bradley, pastor, officiating.

Burial was in Floydada County Memorial Park under direction of Moore-Rose Funeral Home.

Mrs. Spence died about 3:45 a.m. Thursday in Floydada Care Center after a long illness.

The Dalton, Georgia native moved to Floyd County from Crosby County in 1918. She was a member of the First Baptist Church. She married Charlie Spence Sept. 24, 1911, at Norton.

Survivors include her husband; two sons, Orvel of Sherman and Sam Adrel of Floydada; a sister, Mrs. Myrtle Caldwell of Petersburg; a brother, John Lollar of Winters; five grandchildren and six great-grandchildren.

Serving as pallbearers were Bill Daniel, Glen White, Art Ratslaff, Tommie Assiter, Aldine Williams and Roger Poage.

Key Weather Events In 1977 Compiled

AUSTIN — An analysis of 1977 weather in Texas completed by the Weather Modification and Technology Division of the Texas Department of Water Resources cites several unusual weather events.

The frequency and intensity of dust and windstorms provided numerous and memorable characteristics of 1977 weather in Texas. Hurricane force winds whipped up clouds of dust throughout the western third of the State in February and then transported the precious topsoil eastward, darkening skies and reducing visibility to less than one mile from Wichita Falls to Lufkin.

Twenty injuries and an estimated \$650,000 in damages were sustained in real and personal property in the El Paso area alone. Tractor-trailer trucks were blown off the highway at Guadalupe Pass (Trans-Pecos) and low humidity accompanying the high winds in North Texas prompted the issuance of fire-danger advisories.

A second severe dust storm preceded the invasion of a snowstorm into the

High Plains region in March. One-fourth of the winter wheat crop, having an estimated value of 25 million dollars, was destroyed in the High Plains, and property damages of one quarter million dollars were sustained in the El Paso area. The dust moved eastward into other sections of the State and reduced visibilities to one mile or less at many points. A third dust-storm pounded southern portions of the High Plains again in March, building up sand drifts as high as 10 feet near Littlefield.

Very heavy rains deluged much of the North Central and East Texas in March. Flash rains caused the worst flooding in the Dallas-Fort Worth area in 30 years.

Three drownings and property damage in excess of one million dollars were reported in Tarrant County alone. In Arlington, 290 homes were flooded, and heavy water damage occurred in Six Flags Amusement Park. Tornadoes were not as numerous during 1977 as during the previous year, but considerable destruction resulted nonetheless from several of the "cyclones" which struck at random

in various parts of the State. One of the most costly tornadoes of the year struck near downtown Houston on December 13, leaving one man dead and causing at least 37 reported injuries. The violent "twister" touched down at mid morning and travelled along a 300-foot path for five miles, snapping three-foot-thick pine trees, crushing mobile homes, and ripping off roofs of other homes in the Houston metropolitan area. It was also one of the most bizarre tornadoes of the year, for it struck during one of the least active months of the year for tornadoes.

Two tornadoes struck Monahans (Trans-Pecos) on April 19, destroying a hospital, convalescent center, and more than three dozen homes. No deaths resulted from the storms, although nearly a score of people were injured. Another damaging tornado hit the community of Quail Low Rolling Plains on May 16. Damages totaling nearly three-quarters of a million dollars were incurred from the storm; the Quail school and cafeteria, three homes, and ten vehicles were totally destroyed. On the following day a

Quail Season Almost Over

LUBBOCK—The annual quail season continues through Feb. 12 in regulatory counties of Texas and many hunters are winding up their 1977-78 hunting season on the West Texas quail hunt. The daily bag limit of 12 birds was easier to fill early in the season while the habitat was overabundant with birds, but winter hunters are still finding plenty of birds to shoot in most areas of the Panhandle and South Plains. Cold weather often kills or retards vegetation that provides needed forage, and populations can be reduced drastically when this occurs. According to Texas Parks and Wildlife field reports, there seem to be several areas that were dry early last fall which now have had either rain or snow.

Farmers' Tax Deadline March 15

COLLEGE STATION—While most taxpayers have

until Apr. 15 (actually Apr. 17) to file their 1977 income tax returns, the filing date for farmers and ranchers is much sooner.

"Agricultural producers who did not file an estimate of their income tax by Jan. 16 and did not pay the estimated taxes must file their tax returns and pay due taxes by Mar. 1," points out Dr. Richard Trimble, economist in management for the Texas Agricultural Extension Service. "However, if farmers filed an estimate, they have until the Apr. 17 deadline to file final returns."

Trimble notes that several changes were made in the income tax law during 1977 which should be of interest to Texas farmers and ranch-

ers. A major change was the elimination of the standard deduction and the low income allowance. These two items have been replaced by a flat amount called "zero bracket amount." This amount depends on your filing status.

"The zero bracket amount is not a separate deduction, but the equivalent amount is built into the new simplified tax tables and tax rate schedules," explains the economist. "This is true if you file the 1040A or 1040 income tax forms. However, a person who chooses to use the 1040 form and itemize deductions will need to make an adjustment if his itemized deductions exceed the amount allowed for his partic-

ular filing status."

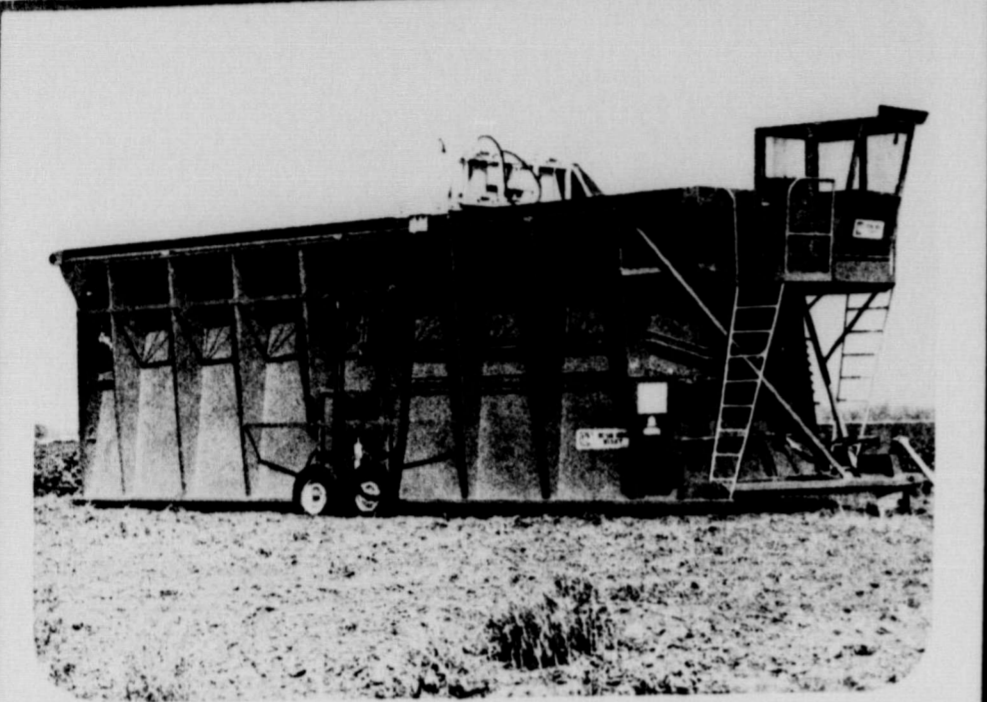

Another change is that the deduction of \$750 for each exemption and the general tax credit have been built into the new tables, so there is no need for the taxpayer to determine these. The general tax credit has also been revised to consider exemptions for age and blindness, adds Trimble.

Filing requirements have also been changed for the 1977 tax year. For example, an individual must file a return if his gross income is \$2,950 or more and a married couple under 65 years of age must file if their joint gross income is more than \$1,700. If both are 65 or older, they may make \$6,200 before being required to file a return.

There are many other minor changes, and Trimble suggests several publications that may be of help. One is publication No. 17, "Your Federal Income Tax," 1978 edition, from the Internal Revenue Service. Another, publication No. 225, "Farmer's Tax Guide," 1978 edition, is also available from the IRS or from any county Extension office.

Tuesday morning, what a beautiful snow we have this morning!

Frances Ashton called her parents Sunday p.m. and said they were having lots of snow there in Bloomville, Connecticut.

Carolyn Burton visited Miss Vera Meredith Saturday p.m. Mrs. Clay Muncy of Lockney came Friday p.m.

Mrs. Fred McDougle and daughter Sharon of Crosbyton visited Saturday afternoon with the mother's parents. Mr. and Mrs. Henry Brewer, Mr. and Mrs. Milford Watson of Mt. Blanco came Wednesday.

Mr. and Mrs. Milton Mensch and son David of Lubbock visited Saturday with her parents Mr. and Mrs. Hal Thomas. Bill Thomas of Lockney was a Sunday dinner guest.

Mrs. Annie Hicks of Gatlinburg, Tennessee and Mr. and Mrs. Bob Williams (a daughter and husband) of Knoxville, Tenn. left for home Friday. They had been visiting Mr. and Mrs. Hal Thomas.

Over the weekend visitors of Mrs. Ava Jackson were a daughter and husband, Mr. and Mrs. Neal Wright of Rowan.

Mrs. Elmer Warren spent Thursday with Mrs. Jackson.

Mrs. Ronnie Mahagen (Latonia) and baby daughter Providence visited Sunday with her grandmother, Mrs. Leo Frizzell.

Calvary Baptist and many more grieve with Clarence Foster at the passing of his wife, Georgia last Monday. We shall miss her at our church. She was such a nice person.

Trapping Season Winds Down

LUBBOCK The Texas trapping season will continue through January 31 and Panhandle and South Plains trappers have had plenty of cold weather, but only an average year collecting pelts.

The prices for raccoon have topped out at \$16 in the Panhandle. Coyote carcasses are bringing from \$20 to \$22 in most areas with more

finished pelts being handled according to one dealer.

"We have bought over 1500 coyotes this winter and most of the trappers are reporting just as many coyotes as last year although the animals are harder to spot or find due to the trapping and hunting pressure," the fur buyer continued.

The biggest decline in

number of pelts and prices is the bobcat which is bringing an average of \$50-\$55 in January. The export ban by the Endangered Species Scientific Authority (ESSA) on Texas bobcat pelts has caused less interest in bobcat hunting and trapping by comparing the \$55 per pelt price this winter with a \$100 price tag last winter.

Licensed trappers are reminded that they must dispose of their season inventory of fur-bearing pelts by Feb. 5 since it is unlawful to possess green or undried pelts after that date.

Fishing Requirements

LUBBOCK The license requirements for anglers have changed several times since the early 1970's with non-resident fishermen required to buy a 1977-78 Texas fishing license regardless of age.

As a result of S.B. 222, 65th Texas Legislature, R.S., nonresident anglers are required to have a nonresident fishing license to fish in any public waters of the state. A temporary nonresident fishing license

(\$4.50) may be purchased to fish for five consecutive days in lieu of the regular nonresident fishing license (\$10.50). Both Texas nonresident and resident fishing licenses expire Aug. 31.

Texas residents 65 years of age or older and 16 years of age or younger still are not required to have a fishing license. To be considered a Texas resident, you must live in the state of six consecutive months prior to purchasing a resident license.
