Youth Wins New York Trip

THE FOLLOWING piece was contributed by my Uncle Austin from Boston, or more precisely, Jackson, Tennessee. When you're facing a Monday (or a Tuesday) morning like most of us did this week, maybe this will make us all feel a little bit better:

SO YOU THINK YOU'VE GOT TROUBLES?

(The following unsigned letter apparently came from a bricklayer in the Barbados Islands to his contracting firm in England. It was later quoted by the Manchester Guardian as an outstanding example of ability to withstand hardships, or.....?)

Respected Sirs:

When I got to the building, I found that the hurricane had knocked some bricks off the top. So, I rigged up a beam with a pulley at the top of the building and hoisted up a couple of barrels of bricks. After I had fixed the building, there were a lot of bricks left over so I hoisted the barrels back up again and secured the line at the bottom.

I then went up and filled the barrel with the leftover bricks, came down and cast off the line. Unfortunately, the barrel of bricks was heavier than I. So, before I knew what was happening, the barrel started down, jerking me off the ground. Thinking fast, I decided to hang on and ride it out. Halfway up, I collided with the barrel coming down and received a severe blow on the shoulder. I then continued on up to the top, banging my head against the beam and getting my fingers jammed in the pulley. When the barrel hit the ground, it's bottom burst and all the bricks fell out.

I was now heavier than the barrel, so down I started--at high speed. Halfway down, I met the barrel coming up and received severe injuries to my feet and legs. When I finally hit the ground, I landed on the bricks, getting numerous cuts and scratches from the sharp edges. I guess at this point I must have lost my presence of mind, because I then let go of the line. The barrel immediately started back down, eventually giving me another heavy blow on the head, putting me in the hospital.

I respectfully request sick leave...

.....
An elderly man was looking at an exhibition of modern art by a local artist. "What's that?" he asked the artist. "It's supposed to be a cowhand and his horse." The oldster cut right to the heart of the matter. He demanded, "Well, why ain't it?"

Amy Blankenship, daughter of Dorothy Blankenship, is being sponsored on a tour to the United Nations by the Rebekah Lodges of District 5 consisting of Friona, Hereford, Dimmitt and Muleshoe.

Amy will leave June 16 on Southwest Airlines to join other junior students over the state of Texas and will leave Dallas, June 17. She will return July 3.

This tour is sponsored by Rebekahs and Oddfellows of the state of Texas and will give these young people the opportunity to visit historical spots in Washington, D.C. before going on to New York City where they will spend four days seeing the United Nations in action. This program brings the young people together in groups of 150 or more and they get the "feel" of the United Nations atmosphere and learn of its many accomplishments and problems.

This program originated in 1950 with a "pilot" group of 46 young people and adult counselors took part in the first "United Nations Pilgrimage For Youth" arriving in New York City on the day the Security Council was called into action at Lake Success to meet the Korean crisis. This program has grown since that time.

Some of the places of

educational, historical or scenic interest, will be Washington, D.C., Mount Vernon, Valley Forge, Philadelphia, Gettysburg and Hyde Park as well as Niagara Falls, lower Ontario, Canada or many other places of interest. While in New York City, they will also visit the top of the Empire State Building, shopping in the department stores of New York, visit St. Patrick's Cathedral, a gala evening at Radio City Music Hall with its spectacular stage show, including the Rockettes, a buffet dinner at Rockefeller Center, a visit to the Statue of Liberty, an opportunity to observe the New York Stock Exchange, a visit to the World Trade Center, a guided tour of the Performing Arts at Lincoln Center, and other points of interest.

While in New York City, they will stay at the Southgate Tower Hotel, 31st Street at 7th Avenue. This is in the heart of downtown Manhattan shopping areas and is across the street from Madison Square Garden. Breakfast will be served in the hotel area but other meals will be in the U.N. area.

On the trip to New York City, the students will be staying in the homes or facilities provided for

(Continued On Page 3)

Court Has Mostly Routine Business

Mostly routine matters were on the agenda at the Commissioner's Court meeting Monday, May 13.

A motion was passed to put \$200,000 into a Farm to Market fund certificate of deposit, to mature June 28, 1985.

Approval was granted paying Sherrill Lumber Co. of Bovina \$8,000 for renovation of the ladies' restroom at the courthouse. The balance of the bill is to be paid when the work is completed.

Right-of-way easement to General Telephone Co. was approved, subject to the company signing an agreement with the county.

An autopsy bill, in the amount of \$500, was approved.

Bills for foster children boarding care in the amount of \$1,470 were approved. This money is reimbursed the county by the State of Texas.

An attorney's bill from Richard Collard, acting as attorney ad item in two juvenile hearings, amounting to \$300, was approved.

Approval was granted to advertise for a new pickup for Precinct one.

Approval was granted to allow the courthouse lawn to be used for

Border Town Days activities July 27.

A bid from L.E. Oppermann of Midland to lease labors 3, 4, 7 and 13 of League 315 in Gaines and Andrews counties was approved. A similar bid from John Bettis of Midland on Labors 2, 12 and 14, League 315, was approved.

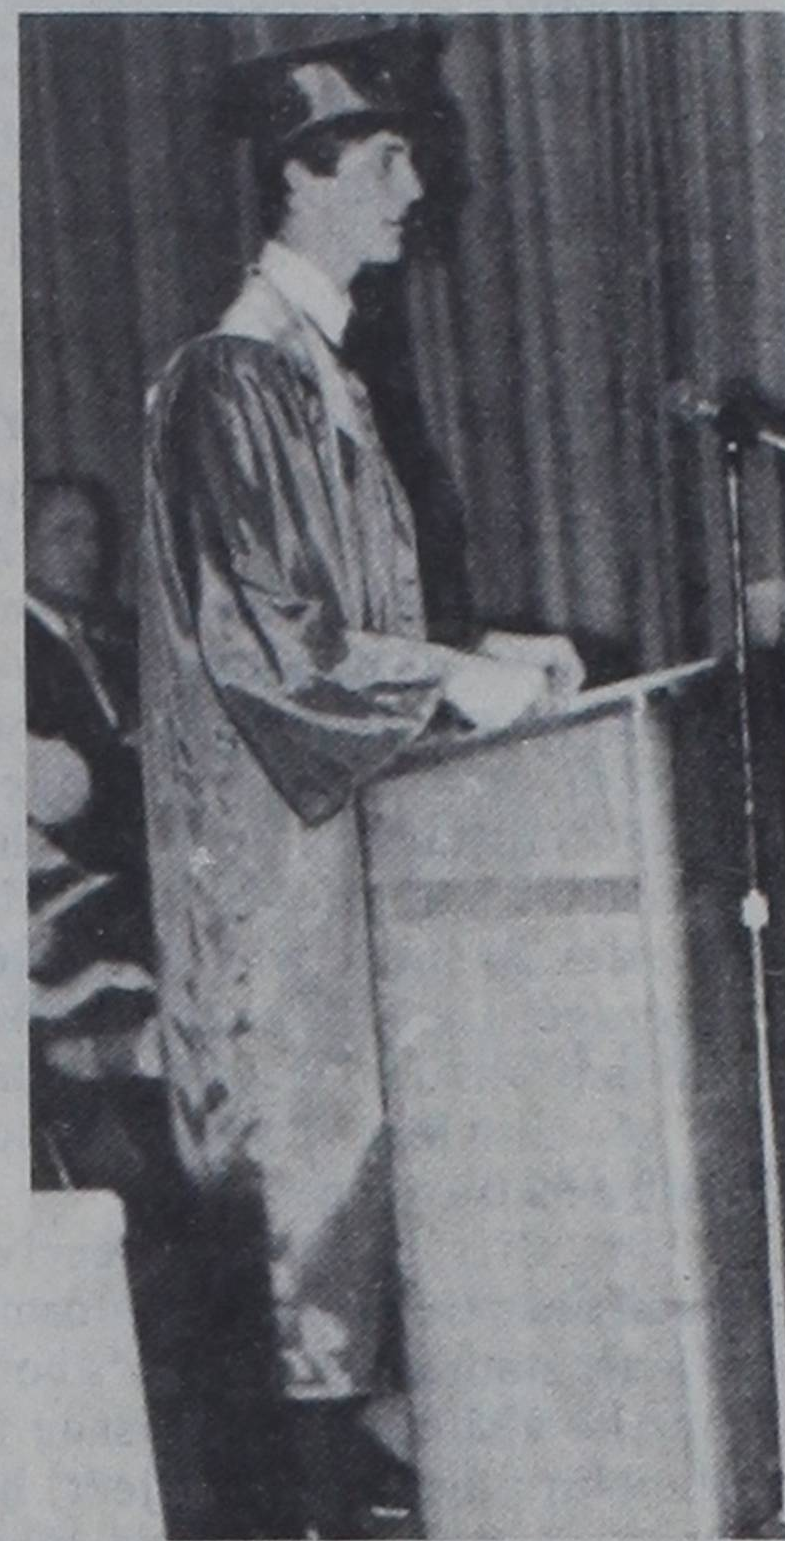

Motion was approved to pay a bill in the amount of \$2,020.59 to Bobby's Auto & Coach Clinic, for repairs to the sheriff's car. The car had been damaged recently in an attempt to stop a fugitive.

Gary Patterson and Janette Pierce, extension agents, met with the court and gave reports on programs and shows taking place in the county. Patterson asked the court for permission to rent a van to take the 4-H members to College Station for a horse-judging show on June 3-6. A motion was passed with commissioner Williams abstaining, that the van could be rented if the cost was no more than \$25 per day.

Approval was granted Friona State Bank for the substitution of securities in connection with county funds.

Motion was granted to advertise

BRENT HINKLE, top-ranking student in the 1985 graduating class, is shown giving his valedictory address at commencement exercises.

SARITA ELLIS, second-ranking student in the FHS graduating class, gave the salutatory address.

BILL CAUDILL, third-ranking student in the 1985 class, gave the class history at the commencement exercises.

NEXT FRIDAY

Country Caravan To Perform Here

Residents of Friona will have the opportunity once again to enjoy a special brand of country music when the successful road show *Country Caravan* rolls into town Friday, June 7 for a performance at 8:30 p.m.

The formula for musical success which *Country Caravan* has enjoyed for three seasons is a combination of not only excellent vocal and instrumental talent and top-of-the-chart country music hits, but also the masterminding of three talented South Plains College instructors.

Friona area country music fans will have the chance to sample the work of John Hartin, Tim McCasland and Leann Ellis when SPC presents its 90-minute country music revue in the City Park. Those attending may wish to bring folding chairs or quilts for seating. The show is being sponsored by the Friona Chamber of Commerce & Agriculture and admission is free.

"The contributions of these three have a tremendously positive effect on the whole production of *Country Caravan*," explained Dr. Marvin Baker, SPC president who also runs the lights for each performance. Hartin is general director; McCasland is music director; and Mrs. Ellis is stage director for the production.

As general director of *Country Caravan*, Hartin spearheads the efforts of other faculty members in music arrangement, selection of

material, choreography and other aspects of the show's production. He has the job of pacing the show and song selection.

Kathy Beard, chamber manager, says that any service club, church group or organization wishing to hold a concession at the performance may do so, but should contact the Chamber office, 247-3491, so they may be coordinated.

"I look for country music hits with a strong lyric hook, hits that have withstood being played 20 or 30 times a day on the radio and still remain on the top of the charts. Those have to be pretty powerful tunes," he says. "And I try to select standards that are as fresh and universal today as when they were first written 20, maybe 40 years ago."

Hartin grew up at a time when a formal education in country music was little more than a dream. By his early teens, Hartin was writing his own songs and had his own band. But college officials frowned on his choice of an electric guitar as his instrument in college, and he subsequently switched from music to business administration. He operated music stores and taught guitar clinics, but an ad in a national magazine changed his life.

The ad was for instructor in a brand-new degree program in country music being offered by South Plains College in Levelland. Hartin accepted the rare opportunity; since then he has engineered SPC's country and bluegrass music program into a worldwide phenomenon, with students from throughout the

nation and as far away as Korea enrolling in not only country and bluegrass music but a program in sound technology as well.

Music arranging is handled by music director Tim McCasland, who takes many of the top country music hits and adds musical phrases that give them a distinctive *Country Caravan* flavor.

McCasland grew up in the rock era of the early 1970s, playing with a number of Lubbock, Texas, bands as a high school student. He became interested in banjo and gradually became more and more aware of country and bluegrass music.

When he heard about South Plains College and its unusual program in country and bluegrass music, he immediately enrolled. McCasland was one of the first students in SPC's country and bluegrass music program, which is currently celebrating its tenth anniversary. After graduation, he returned as a part-time, then as a full-time instructor in the growing program.

McCasland also was a performer in the college's original summer show, the 1977 edition of *Texas: Cradle of Giants*, and he has performed in just about every version since then.

"Tim has introduced audiences to such unusual instruments as the tenor banjo and the five-string mandolin; he has a depth of talent on a number of instruments unexcelled by many musicians," says Hartin.

Costumes and the overall look of the show are the responsibility

(Continued On Page 3)

FLAG PRESENTED....Lee Story, standing, coordinator of the Texas Sesquicentennial, was in town to present the city's Sesquicentennial flag. Allo Reeve, left, and Beth Thompson, co-chairmen of the event for Friona, also received pins. Looking on is city council member Jim Zorns.

Slave Auction Saturday

The Slave Auction, which was "weathered out" on its first scheduled date, will be held Saturday, June 3 at City Park.

Beginning at 10 a.m., the Chamber of Commerce will serve free coffee and doughnuts for all interested participants.

At approximately 10:15 a.m., Larry Potts Auction Service will donate their time to auction off ten of the community's most eligible slaves.

These volunteers will be expecting to bring at least \$50 each on the auction block, with proceeds going toward the construction of a gazebo in the City Park.

Afterwards, the slaves will be doing their bit toward cleaning Main Street and spraying for weeds.

Everyone is invited to attend the slave auction.

WINS TRIP....Amy Blankenship, center, has been awarded a trip to New York where she will tour the United Nations, by Rebekah Lodges of District 5--Friona, Hereford, Dimmitt and Muleshoe. Local Rebekah officials shown with Amy are Lauretta Brookfield, left, and Wilma Wise.

Friona Flashbacks

....from the files of The Friona Star

55 YEARS AGO--MAY 23, 1930

The election here last Saturday for school bonds resulted in a victory for the bond issue with a count of 212 for and 110 against. The proposition is to issue \$60,000 in bonds for the purpose of building a much-needed high school building.

Miss Amelia Schlenker, daughter of Mr. and Mrs. F.T. Schlenker, whose home is 14 miles west of Friona, was pronounced by the judges in a tie for first place in the state oratorical contests for rural schools, in a contest at Austin.

50 YEARS AGO--MAY 24, 1935

The long and severe drought which was accompanied by the most severe dust storms this region has ever experienced, seems to have had its back completely broken by the arrival of good soaking rains that apparently covered the entire panhandle area last Friday and Saturday.

45 YEARS AGO--MAY 17, 1940

Harold Lillard, son of Mr. and Mrs. L.F. Lillard of Pure Bred Farm, seven miles northwest of Friona, placed his community and county on the map last week, when he won the banner and four ribbons on his entry of seven head of fine Shorthorns, on exhibition at the Plainview Dairy Show May 7-11.

40 YEARS AGO--MAY 18, 1945

The children of the Black School were taken to the Hereford Park Thursday, May 10, for an all-day picnic, where they enjoyed playing games and a basket lunch at the noon hour. Several of their parents accompanied them, and furnished transportation. They are Mesdames Calvin Martin, Otey Hinds, Chas. Cobb, Clyde Hays, Carl Brunken, Clifford Crow, Kermit Deaton, Truman Johnson, Clarence Ashcraft, L.A. Murphy and the teachers, Mrs. W.B. Stark and Mrs. Will W. Jones.

35 YEARS AGO--MAY 12, 1950

Vera Ann Jones, Friona High School student, returned from

Austin last week and the Interscholastic League typing contest after adding the state title to her growing list of typing accomplishments. Vera Ann surpassed all entrants in classes AA and A, chalking up a 96.69 accuracy score. Also competing in the state meet was Edmund Schlabs, in slide rule competition. Mr. Kelley and Mr. Robinson accompanied the students to Austin.

30 YEARS AGO--MAY 20, 1955

Announcement was made this week by Friona Superintendent-elect Dillie Kelley of the two notable changes in the local school faculty. Raymond Cook, present coach and popular faculty member, is being moved up to the position of high school principal. Coming to Friona to take over the head coach position will be the well-known Joe Means, past athletic ace at Phillips Junior College and West Texas State.

25 YEARS AGO--MAY 19, 1960

Three members of the Friona Squaws' basketball team have been chosen to play in the annual North-South all-star basketball game at the close of the annual Girls Basketball Coaches Association meeting this summer. Chosen are Lawana Houlette, Charlotte Brock and Jacquelyn Magness, all of whom were named all-state the past year.

20 YEARS AGO--MAY 20, 1965

Graduation exercises for Friona's eighth grade class will be held Saturday, and for the high school seniors next Monday. Honor students for the eighth grade class are Darla Perkins and Lowery Harper. Karen Osborn and Dennis Howell are the honor students for the 1965 graduating class at FHS.

15 YEARS AGO--MAY 21, 1970

The preliminary census figures announced last week by the Amarillo district offices bears out the fact that the three-county area of Parmer, Deaf Smith and Castro, often referred to as the "Golden Triangle" in recent years,

really is one of the flourishing areas on the High Plains. Deaf Smith County, as expected, set the pace with a population of 18,533, a healthy increase of 5,346 over 1960's 13,187. Castro County grew from 8,923 to 10,292, and Parmer County climbed from 9,583 to 10,374.

10 YEARS AGO--MAY 18, 1975

Honor graduates were announced Friday for Friona's eighth grade graduating class. Valedictorian of the class will be Donna Rector, daughter of Mr. and Mrs. Floyd Rector, with a yearly average of 96.5. Salutatorian will be Chris Barnett, son of Mr. and Mrs. Wesley Barnett, who had a 96.0 average. Historian (third place) student was Jan Mason, daughter of Mr. and Mrs. Thomas Mason, with a 95.0 average.

The City of Friona received good news this week in the form of a letter stating that the city's bonds on the \$350,000 bond issue for the Nursing Home project, had been given an "A" rating, which guaranteed an excellent interest rate by those who will be bidding on the bonds.

5 YEARS AGO--JUNE 8, 1980

A.W. Anthony, Sr., 90, died Saturday, May 31 at his home at 510 West Ninth Street, Friona. He has resided in the Friona area since 1943. Services were held June 2 in Friona United Methodist Church.

UNCLOUDED DAY.... Gospel favorites performed by fresh country talent are part of the 90-minute country music revue headed for Friona. South Plains College's summer production of "Country Caravan" is set for a performance Friday, June 7. Showtime is 8:30 p.m. in the City Park. The show features excellent vocal talent this season, including (left to right) Justin Mathias, a sophomore from Miami, Texas; Lee Ann Womack, a sophomore from Jacksonville; Tracy Brasell, a sophomore from Lubbock; and Marcia Miller, a sophomore from Duncanville. The gospel favorite, "Unclothed Day," is just one of more than 30 country music hits featured in the show. "Country Caravan" is being sponsored by the Friona Chamber of Commerce.

FOR HORSE OWNERS

Summer Forages Are Available Here

Many Parmer County horse owners are wondering what types of forages may be available under the open grazing and hay harvesting programs available to producers on set-aside acres in 1985, says Gary Patterson, county Extension agent for agriculture.

Many good forages are available, Patterson says. But he offered several cautions and suggestions to improve the picture.

"Many of the sorghum and sorghum sudan grass hybrids cause a problem called sorghum cystitis in horses," he cautioned. He said this can lead to kidney and coordination problems, as well as death.

The county agent noted that pearl millet is suggested by Dr. Kirby W. Huffman, III, Extension agronomist at Lubbock, as an adequate forage for use in this area. These materials do not cause prussic acid poisoning nor the sorghum cystitis problem, the agent added.

"Pearl millet can be planted about the same time as the other forage materials. Plant from five to seven pounds of seed per acre in 38- to 40-inch rows or drill 15 to 20 pounds per acre if using a grain drill. The seed should be covered from 3/4 to an inch of soil because of their small size.

"The millets can be grazed when they reach a height of 18 to 24 inches. This will give excellent quality as well as adequate

New York Trip....

(Continued from Page 1)

them by the Oddfellow and Rebekahs along the way. Personal spending money is the only expense to the student. All other expenses are paid by the local lodge.

Amy Blankenship will give an oral talk of her experiences on this tour and she will be available to any other organizations wishing to learn more about this program. There will be adult sponsors on the bus during this tour and these students are well supervised at all times.

The Friona Rebekah Lodge meets every Monday night at 8 p.m. during the summer and any interested persons are invited to join us in our work. The Oddfellows meet every Thursday night and they invite all Oddfellows to join in their work.

Each Memorial Day the graves of deceased Oddfellow and Rebekahs are decorated with a flag of the Order.

forage," he said. By utilizing rotational grazing, allowing livestock to graze pearl millet to a shorter height and moving to fresher forages, better quality can be maintained throughout the summer, he advised.

Excess forage can be cut at the boot stage to have a good quality hay that can be used during the winter and other times when forage is needed, he said.

"One disadvantage of pearl millet is that under drouth stress conditions where high fertility levels have been maintained, nitrate toxicity may occur," the Extension agent said. He urged producers to watch their livestock when stress conditions occur. Material can be cut and tested for nitrate levels so you know when to remove animals to prevent death due to nitrate toxicity, he said.

Pearl millet hybrids are sold by various companies and producers should check with local seed dealers for them, he said.

R.B., B&B Circus To Play Amarillo

The Greatest Show on Earth, America's legendary national treasure of live family entertainment, is coming to Amarillo, bringing a host of fresh attractions combined with traditional oldtime favorites in two-and-a-half hours of action, suspense, daring and hilarity.

The sparkling new Ringling Bros. and Barnum & Bailey Circus opens at the Amarillo Civic Center Coliseum on Tuesday, June 18 for four star-studded performances through Wednesday, June 19. It's the circus' first Amarillo appearance since 1976.

This season's Edition celebrates the 100th anniversary of the first performance of Ringling Bros. Circus. The hands of time are turned back a century as audiences travel down the rhinestone and sawdust trail to meet those five innovative Ringling brothers who built the biggest, boldest and best circus the world has ever known.

This season also marks the 125th year of the most romantic of all circus art forms--the, flying trapeze. In apt recognition, The Greatest Show on Earth proudly features Miguel Vazquez, the greatest trapeze artist of all times. Miguel is the first and only person ever to complete the once impossible quadruple somersault from the trapeze bar to the hands of the catcher.

READY FOR SUMMER CAMPING.... Dr. Jack and Betty Moncrief have been supervising construction of facilities at Moncrief Mountain Ranch, a specially-developed camp for medically-disabled children. First campers are expected in June at the camp, which is located near Lake City, Colorado.

Letter To The Editor

Dear Fellow Christians,

It has been 25 years since the founding of Calvary Baptist Church. We will be celebrating on July 14, 1985. We pray that you can make plans to be with and share in a time of celebration and of sharing what God has done through Calvary Baptist Church.

We invite you to join us in the morning worship service to begin at 11 a.m., during which we will be recognizing many of you who are visiting the services. That afternoon following a fellowship lunch, we will be celebrating our anniversary by having a very special time of worship together. During that time we will hear some words from charter members, a word from our Association, a word from some of the former

pastors, and a time of sharing memories.

We will be concluding our services with a challenge for the future and a time of commitment where as God's people we commit ourselves to a new age and a new day.

Yours In Christ,
Bro. Vergil and
The Anniversary Committee

Church Sets Bible School

"Discovering God's Love" will be the theme of the Vacation Bible School at the Sixth Street Church of Christ, June 3-7, from 3-4:30 p.m. each day.

Classes will be held for two year olds through sixth grade, and a nursery will be provided for one year olds. "Lots of singing, Bible stories, and games will be offered to help the children discover God's wonderful love. All youngsters of our community are encouraged to attend," said a spokesman for the church.

Refreshments will also be provided.

Workshop Offered To Area Producers

Cotton, corn and sorghum producers in Parmer County are again receiving a special invitation to take part in the annual High Plains Scout Training Workshop to increase the effectiveness of their pest management programs.

The first of two workshop sessions will focus on early and mid-season pests and will be held Tuesday, June 4, at the Hale County Agricultural Center in Plainview, Gary Patterson, county Extension agent, said. The center is on U.S. 87 Business Route south of the city.

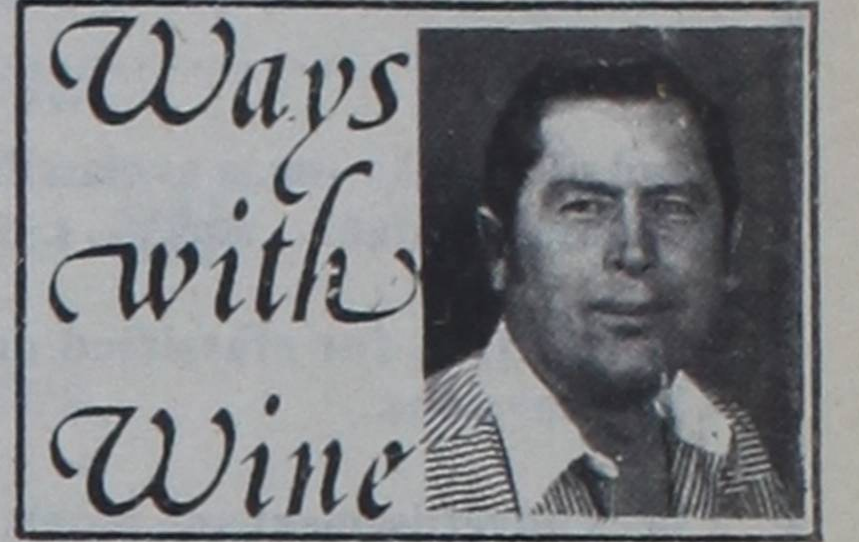

The second workshop is scheduled for July 9 in Plainview and will cover mid to late-season crop pests.

The workshop, conducted by the Texas Agricultural Service, was first held in 1973 to train scouts in the pest management programs conducted by Extension, part of the Texas A&M University System.

In subsequent years, it has expanded to include scouts employed by consultants, aerial applicators and others, as well as producers who want to learn how to scout their own fields for insects. The workshop focuses on perfecting skills in identifying crop pests and making timely pest management decisions which can protect investments and yields, and hold down production costs, Patterson said.

The workshop will begin at 8:30 a.m. with Dr. James Leser, Extension Entomologist, outlining the scope of the training and explaining general concepts of pest management, pesticide safety, and sampling. Leser will then open the cotton pest section with information on thrips. Cotton fleahoppers will be discussed by Greg Cronholm, Extension Agent-Entomology headquartered at Plainview. Dr. Pat Morrison will discuss sorghum pests.

The afternoon segment will open with a presentation on corn pests by Allen Knutson, Extension Agent-Entomology based in Dimmitt. Morrison will discuss pests of soybean and sunflower

by David Hutchins

CLARET CLARIFICATION

The word "claret" is used more frequently in England than in the United States. As a result, wine enthusiasts rarely see it on a California label. "Claret" has become synonymous with "red table wine." It is the adaptation of the word "clairet," which means a light red wine with little color. While the Bordeaux region of France was under English rule beginning in the twelfth century, the word "claret" found its way into the language. It has remained there ever since. As is the case with other generic wines, a claret is generally a blend of lesser grapes. It is always red.

Welcome to our weekly column!

At THE STORE you will find a selection of fine wines from around the world. Whether or not you consider yourself a wine connoisseur don't ever hesitate to ask our advice. We are located at 400 N. 25 Mile, 364-7802. Open: Mon.-Sat. 10-9, use our drive up door until midnight for beer and wine, on Sun. only beer and wine are available from 12-12.

Rites Set Saturday For Lee T. Morris

Funeral services for Lee T. Morris, 94, will be held Saturday, June 1, at 2 p.m. in the First United Methodist Church of Mobeetie with Rev. L.V. Grace of Pampa officiating.

Burial will be in the Wheeler Cemetery under the direction of Ellis-Blackwell Funeral Home of Friona.

Henderson of Pampa and Ruth Tucker of Friona; five grandchildren, nine great-grandchildren and eight great-grandchildren.

Pallbearers will be Mark Tucker, Carlos Smith, Dale Eslick, Bryant Black, Leon Black, David Daniel and James Ray Brezell.

Born September 12, 1890 in Love County, Oklahoma, he married Polly Whitt July 14, 1916 in Love County. He was a retired farmer and a member of the Methodist Church. Mr. Morris moved to Friona two years ago from Mobeetie. He died Thursday, May 30, in Prairie Acres Nursing Home.

Survivors include his wife Polly of Friona; two daughters, Opal

On The Farm

By GARY PATTERSON
Bagworms are one of the major pests of junipers and other trees and shrubs in Texas. Spring hatch began in early May in the Lubbock area this year and is now almost complete. Insecticide control is most effective in late May and early June when the bagworms are small, says Gary Patterson, County Extension Agent.

In the spring, bagworm larvae emerge from hatching eggs inside last year's bags and begin feeding on leaves. They soon begin to construct their own protective bag of silk, twigs and leaves, making them camouflaged and hard to see. As the larvae and their bags continue to grow, control becomes more difficult.

Bagworms feed throughout the summer months, building their bags until the bags are about 1 1/2 inches long, Patterson adds. In the fall, the bagworms become adults, mate and the females lay eggs inside their bags. They then

overwinter in these bags in trees and shrubs. Each overwintering female bag on a tree contains from 500 to 1500 eggs.

"Since the bagworm only completes one generation a year and spreads very slowly from plant to plant, picking the bags off infested plants in the winter will help a lot toward controlling this pest," says Patterson. "But if bagworms were present on the plant last year and control measures were not applied, chances are very good that an insecticide will be needed this spring."

Insecticides which can be used to control bagworms include sevin, dursban, diazinon, malathion, dylox and orthene. The biological insecticide Bacillus thuringiensis can also be used. To obtain effective control, thorough coverage of the foliage is important. Always read and follow label instructions when applying insecticides.

ASCS Preparing For Referendum

Conforming with permanent farm legislation until the 1985 farm bill becomes law, the U.S. Department of Agriculture recently proclaimed an acreage allotment of 54 million acres and a marketing quota of 1,955 million bushels for the 1986 wheat crop.

Unless new legislation prevents it, Martin L. Chandler, Parmer County Executive Director, said marketing quotas will be required if approved by at least two-thirds of the producers voting in a referendum to be held July 19-26. "While new farm legislation is being enacted, farmers need to know the program provisions that could be in effect," he said.

If marketing quotas are approved, the 1986 wheat program would include mandatory acreage controls with stiff penalties for overplanting of the allotment, a two-tiered price support system, a domestic and export certificate program financed by processors and exporters, and, under certain conditions, a mandatory land diversion program.

"If more than one-third of the eligible producers voting in the referendum reject marketing quotas, the basic wheat program would contain a price support loan program set at 50 per cent of parity. This would be available only to farmers planting within

their acreage allotment, with no acreage controls or penalties for overplanting, no domestic or export certificate program, and no land diversion authority."

Chandler said eligible farmers are those who have an interest in a farm with an established acreage allotment that will be derived from the wheat allotment history that has been suspended since the 1977 crop.

Used under large crop conditions, marketing quotas allocate the market among farms growing the crop. "They are made effective through farm acreage allotments and monetary penalties on production or marketings from excess acreage if the acreage exceeds the farm allotment," the ASCS official said.

According to USDA, all states will be considered commercial wheat-producing areas for the 1986 wheat crop.

5 Steps to a Great Vacation with Your Pet

If your pet is in good health and enjoys riding in the car, you can safely take it on vacation with you if you follow these guidelines:

Have your pet examined by a veterinarian and get health and rabies certificates. You normally won't need these within the continental U.S., but you should have them on hand. If you're leaving the country, be sure to check on quarantine and certificate requirements. **Make sure pets are welcome** wherever you'll be staying.

Remember to pack food and water dishes, bedding, leash and first aid kit. Your pet should wear a collar and ID tag at all times—the tag should carry the name and phone number (with area code) of someone who knows how to find you while you travel.

Feed your pet a light meal several hours before driving. Keep a bowl of ice cubes in the car to provide your pet moisture without allowing it to take big drinks. Stop frequently for exercise, but **never allow your pet to run loose**. A nylon cord with swivel snaps allowing a maximum length of 15 feet makes a good travel leash. (Cats should also wear harnesses.)

If your pet cannot be held by someone in the car or confined by a harness, get a solidly-constructed pet carrier with good ventilation for the pet to ride in. Several days before the trip, open the carrier and let the pet get acquainted with it. Cover the bottom with shredded newspaper for the trip. **Never allow your pet to ride with its head out the window.**

Never leave your pet unattended. If you leave it in a parked car on a warm day, it can suffer heat stroke in minutes—or it could become a target for dog thieves or pranksters.

Make sure you're prepared to take good care of your pet and to enjoy its company before you decide to take it on vacation.

chosen as one of eight orientation aides for Texas Tech's summer orientation program, was on the National Dean's Honor List, and was a student teacher in speech at Lubbock Coronado High School.

MICHEL SCHUELER received his bachelor of science degree in agricultural economics during the commencement exercises at Texas Tech University, Lubbock, on Saturday, May 11, held in the University Center Theatre. Mike graduated Magna Cum Laude. While at Tech, he was a member of the Agricultural Economics Association, Alpha Zeta (agricultural honors fraternity), and Phi Kappa Phi (national honor society). He is a 1981 graduate of Friona High School and the son of Herbert and Cecelia Schueler of the Rhea community. Mike is employed by the First National Bank of Amarillo.

Bailey REC Awards Three Scholarships

Three scholarships were awarded to area graduating seniors by Bailey County Electric Cooperative Association. These three scholarships were made available through the Cooperative by the First Bank of Muleshoe, Texas.

Those receiving this year's \$400.00 scholarships were:

Tamara Gore, daughter of Mr. and Mrs. James Gore, Star Route, Sudan, Texas, who is a student at Sudan High School.

Gena Pearcey of Three Way High School. Gena lives with her aunt and uncle, Mr. and Mrs. Jack E. Reeves of Sudan.

Becky Schacher, daughter of Mr. and Mrs. Vernie Schacher of Route 1, Friona, who is a student at Lazbuddie High School.

These scholarships may be used in any college or university of the student's choosing. They are paid in four checks, \$100.00 each semester for the first four semesters the students are in college. The scholarships can be used only if the student is enrolled in college, trade school or technical training institutes.

The scholarships were presented to the recipients at their respective school's awards assemblies and graduation exercises.

Do You Know An 18 Year Old Man?

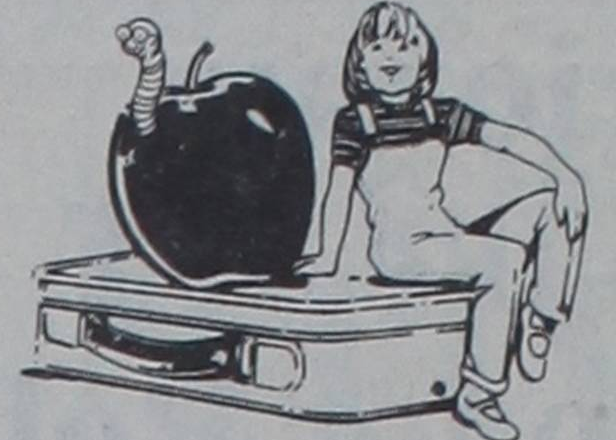

If you do, he should know that he is required to register with the Selective Service System. Young men born on or after January 1, 1960 must register within 30 days of their 18th birthday. All it takes is five minutes to fill out the simple form at the local post office.

Selective Service System

Library Corner

By DARLA BRACKEN

During the last few days of school this month, we had several groups of students and teachers to visit the Library. Donna Williams brought one group of students from Mrs. Caudill's class who recited the following poem for me. I loved it, and hope you will, too.

At The Library

By Marchette Chute
The library is a lovely place to be.
The books are everywhere;
And I can read them here,
Or take them home and read them there.

It's a kind of secret place
Where I can enter in.
And no one tells me where to stop
Or where I should begin.

The books are waiting on their shelves
As friendly as can be;
And since I am a borrower,
They all belong to me.

We appreciate all the teachers who've brought their classes to the Library this month and this year. We want the Library to be one of the most pleasant places for Friona's young people to visit. Speaking of visitors, 1,714 patrons borrowed 762 items during May, and we registered 12 new readers.

Story Hour ended May 9 with an attendance of 59 in two sessions. The Story Hour children visited kindergarten on May 10, our thanks to the kindergarten teachers: Mrs. Bettye Jarboe, Mrs. Judy Browning, Mrs. Mary Israel, Mrs. Lanham and Mrs. Tonya Gober for making the visit such a special time. Thanks to our volunteers Donna Schueler and Carol DeLeon and all the mothers who helped with the kindergarten visit, we couldn't have done it without you.

Frionans Make WT Honor Roll

West Texas State University has announced that 728 of its full-time students were named to the Spring '85 honor roll. A student must have a grade-point average of at least 3.25 (4.00 is the maximum) to place on the honor roll.

The 728 students represent 116 Texas towns and cities and 17 other states and Canadian provinces.

Named on the honor roll from Friona were: Andy Alexander, son of Dr. and Mrs. Robert Alexander of Friona and Mr. and Mrs. Bob Owen of Bovina; Kristi Britting, daughter of Mr. and Mrs. Lee Britting; Sherri Brown, daughter of Erma Brown; Judy Cross; Joyce Dickson; and Wendy Gresham, daughter of Mr. and Mrs. Wendell Gresham.

Also, Brenda Hicks; Cheryl Procter; Carrie Schueler, daughter of Mr. and Mrs. Herbert Schueler; Sandra Schueler, daughter of Mr. and Mrs. Herbert Schueler; Amber Smith, daughter of Jere Smith; Shane Smith, son of Mr. and Mrs. Jerry Smith of Lazbuddie; Penni Weatherly, daughter of Mr. and Mrs. Philip Weatherly; Deborah Wilcox, daughter of Mr. and Mrs. Roger Wilcox; and Dianna Wright, daughter of Mr. and Mrs. Jarrell Wright.

City Manager Gives Program

The Friona Woman's Club met Wednesday, May 22 for their regular meeting.

Nine members answered roll call.

Juanita Reed read an award that was presented to the club by the Texas Federation of Women's Clubs for their participation and support of Girlstown, U.S.A.

The program was presented by City Manager, Beelee Goodwin. He explained city government and community clean-up.

Refreshments were served by the hostess, Odessa Rucker.

The club adjourned and will not meet again until this fall.

Town Talk

By June Floyd

Call 247-3681 With Your News Item

This weekend is a very special one for me. I'm spending some very enjoyable time with my three sisters and two of their spouses. My older sister, Ola Bowers, who lives near Seagraves; a younger sister, Rena Vaughn and her husband, Homer, of Odessa and I drove to Dalhart together for a weekend visit in the home of the third sister, Mary Bell Clements, and her husband, Pete.

Since we rarely see one another for more than a few hours--or at the most, overnight--this weekend will be filled with visiting, playing games, walking, resting and eating.

Only persons who have sisters can fully realize the feeling expressed in the following bit of verse:

A sister is a heritage
Different from the rest
A sister is a blessing
That makes me doubly blest.

A sister is a segment
Of yourself a given part
That come what may of joy or storm
She's always near your heart.

Sisters are a special gift
God minted from the sun
What makes me know these things
so well?
He gave me more than one.

Last Sunday was an extra special day for one of Friona's finest senior citizens, (aren't all of us classified as senior citizens once we've passed 65?) Mary Harper.

Some time earlier she learned that her two sons, Bobby and Billy Ed Harper, both of Corsicana, Texas, planned to be here for her 78th birthday, which was Sunday. Both sons and Billy Ed's wife, Carol, came as scheduled and accompanied Mary to services at First Baptist Church Sunday morning.

After services the surprise began to unfold when the four went to

Friendship House instead of returning home. There Bill and Naomi Stephens, Mary's daughter and son-in-law, and their daughter-in-law, Ginger Stephens, had a birthday dinner almost ready to eat.

By that time other family members had arrived and Mary's birthday party began. After lunch, the group visited, sang and played games. Later a birthday cake, which was a gift from Jerry and Sylvia Stephens and son, Andrew, of Lubbock, was served with ice cream.

Others present included Bruce and Donna Harper and son, Douglas, and April Stephens, Amarillo; Kay and Charles Soehngen and Alta Harper and son, Ray, all of Hale Center.

Another bright spot in the day for Mary was the presentation of flowers at the morning church service, a tribute from Charles and Melba Allen.

Johnny and Elthie Hand flew down to Fort Worth Thursday and attended high school graduation at Fort Worth Christian School Friday evening. Their number two granddaughter, Heidi Williams, daughter of Jonnie and Kirby Williams, was a member of the graduating class.

The Hands returned home Saturday.

Randy Weatherley flew to Houston Friday. One of his brothers, Jerry, who lives in Celeste, Texas, has been a patient at M.D. Anderson Hospital there several months, and his condition is extremely critical.

Minnie Dickson of Friona is a medical patient at the local hospital. She was admitted several days ago and she doesn't show much improvement.

Glenda Procter is a patient at St. Mary's of The Plains Hospital in

Lubbock. She had major surgery Thursday morning and her condition is satisfactory.

Bud and Arvilla Elmore and Lucille Rockey spent the Memorial Day weekend in north central Oklahoma. Bud and Lucille attended a reunion of former classmates at Mooreland, Oklahoma.

These three also visited in the home of Mr. and Mrs. Art Robinson at Enid. They returned home Monday.

Mrs. Rudolph Renner Sr. was admitted to High Plains Baptist Hospital in Amarillo Tuesday. Her condition is satisfactory.

Two separate incidents involving Bill Johnson and Elvin Johnston, who both live out on West Sixth, caused some confusion last week. Elvin Johnston fell against a pickup or trailer and broke some ribs.

Later Bill Johnson had some difficulty with his car and the report was that he had broken some ribs. Having names nearly alike as Johnson and Johnston and living on the same street gives room for confusion.

Double Ring Ceremony Unites Robin Houston, Curt Smith

Robin Gaye Houston and Curt Travis Smith were married in Austin, Texas Saturday, May 25 at 8:30 a.m.

The Rev. Homer Weimer of Crestview United Methodist Church, Austin, performed the double ring ceremony before the stone arch in the rose garden of Zilkey Park.

Parents of the couple are Mr. and Mrs. Owen Houston of Lubbock and Mr. and Mrs. Travis Smith of Seattle, Washington and Turkey. The bride's grandparents are Mr. and Mrs. J.T. Gee of Friona and Mr. and Mrs. T.L. Houston of Stratford.

Honor attendants were Catherine Cecil of Irving and Shawn Marcell.

Family members and friends participated in the exchange of vows. "For A Modern Marriage" by Henry Van Dyke was read in the wedding rites. It was read also, at the weddings of the bride's parents and grandparents.

The bride wore a waltz length gown of ivory satin which featured long sleeves and a peplum. Her pearl trimmed hat was an original creation with a large soft bow in the back.

She carried a fan with an

arrangement of orchids in the center of peach flowers and English ivy streamers.

For something old, the bride used a gold ring that had belonged to her maternal great-grandmother. For something borrowed she wore pearls belonging to her maid of honor, and for something blue the traditional blue garter.

Following a wedding trip to visit the groom's maternal grandmother in Germany, the couple will go to other parts of Europe and Asia. In

late summer they will return to Austin.

The bride and bridegroom are graduates of the University of Texas and are employed at Shoal Creek Hospital, Austin.

A bridal luncheon at Paggi House honored the bride on Friday. Other courtesies for the couple included a wedding brunch following the ceremony, and a reception Saturday night at Woodscape Clubhouse.

Happy Birthday Friona Folks....

WEEK OF JUNE 1-7

Friona residents having birthdays next week are:

June 1--W.B. Fulgham, Brandy Jo Bell, David Spencer.

June 2--Tonda Clark, Jason Hesse.

June 3--Cara Brockman, Calvin Talley, Kiley Dee Gibson.

June 4--Lucy Villalobos, Gene Weatherly, Ruth Tucker, Cap Dennis.

June 5--Hazel Stowers, Dora Norwood.

June 6--Chris Mabry, Sylvia Gibson, Jennifer Smith.

June 7--Kevin Schueler, Raymond Euler.

If you or someone in your family has a birthday coming up soon, call the Friona Star at 247-2211 by Thursday noon and report it.

Mrs. Curt Smith

Drama Workshop Set July 21-Aug. 3

Dates for the Friona Fine Arts Council Summer Drama Workshop have been set for July 21-August 3.

July 21 will be the day for paying fees and/or auditioning. Everyone may pay fees that day beginning at 2 p.m. in the high school auditorium. "Grown-up kids" will begin auditions.

Tom Woosleys Add Baby Girl

Tom and Melodi Woosley of Amarillo announce the adoption of a baby girl, Mollijane Janell.

Mollijane was born Thursday, May 23, at 6:10 p.m. She weighed five pounds, thirteen ounces and was eighteen inches long.

Grandparents are Lyle and Marjorie Woosley of El Paso, Illinois and Jim and Jane Dixon of Friona.

Her great-grandmother is Mrs. Ella Jane Collier of Canyon.

Registration blanks may be picked up at 1615 West Tenth (Gaye Tannahill) or 213 West Eighth (Joy Morton). These forms need to be returned by July 15.

There will be two age groups, 10-13 and 14-older. The younger group will meet from nine to noon while the older ones will have both afternoon and evening sessions. Anyone of any age who would like to participate or help in any way is encouraged to call Gaye at 247-3144 or Joy at 247-3797. Fees are \$25.00 for one or \$40.00 for a family--two or more. Individuals, who are interested in supporting the Fine Arts program may do so by making donations.

Phillip Duggins and Lou-Ida Marsh are returning to direct this year. Lou-Ida will be doing "Shenandoah" and Phillip is still searching. Everyone young and older is invited to attend the workshop for two weeks of fun, fellowship and yep-even "larnin'."

TONS OF SUGAR

Holly, Growers In Gift To Africans

Holly Sugar Corporation and its 1,350 sugarbeet growers in the states of California, Montana, Nebraska, North Dakota, Texas and Wyoming have donated \$180,000 worth of refined sugar to the American Red Cross to be delivered to African famine victims, it was announced today.

Holly's president, John Bushnell, said the Company and its growers are donating 250 tons of refined beet sugar as part of a total gift to the Red Cross of 350 tons from the American sugar industry.

Holly and its 300 sugarbeet growers in West Texas have joined together to donate 100,000 pounds of refined white sugar in the humanitarian effort to relieve the starvation afflicting over 10,000,000 people in Africa, principally those located in Ethiopia, Sudan, Mauritania, Niger and Burkina Faso, according to Bushnell. The Holly growers participating are members of the Texas-New Mexico Sugar Beet Growers Association. This donation will contribute to three Red Cross programs to supply vital nutritional needs to citizens of these African countries.

"It will be used as a vital ingredient in oral rehydration therapy and as a source of essential calories in intensive feeding efforts and food staple programs," Bushnell said. "We also have assurance from the Red Cross that despite political and military problems in some of these countries, the sugar will reach those in need."

"Most of us take sugar for granted as a good tasting part of a well-balanced diet," Texas-New

Mexico Sugar Beet Growers Association President Bill Cleavinger said. "However, it may come as a surprise to most Americans that sugar is extremely valuable in treatment of severe infantile diarrhea, a serious problem that kills an estimated five million children a year in underdeveloped areas such as Africa."

Sugar is a key ingredient in oral rehydration treatment (restoring of liquids by mouth), which previously required expensive intravenous therapy and was only available in urban medical centers, Bushnell said. Then it was discovered that sugar provided an economical, stable alternative that was as effective as previously used oral glucose and intravenous treatment in retaining rehydration.

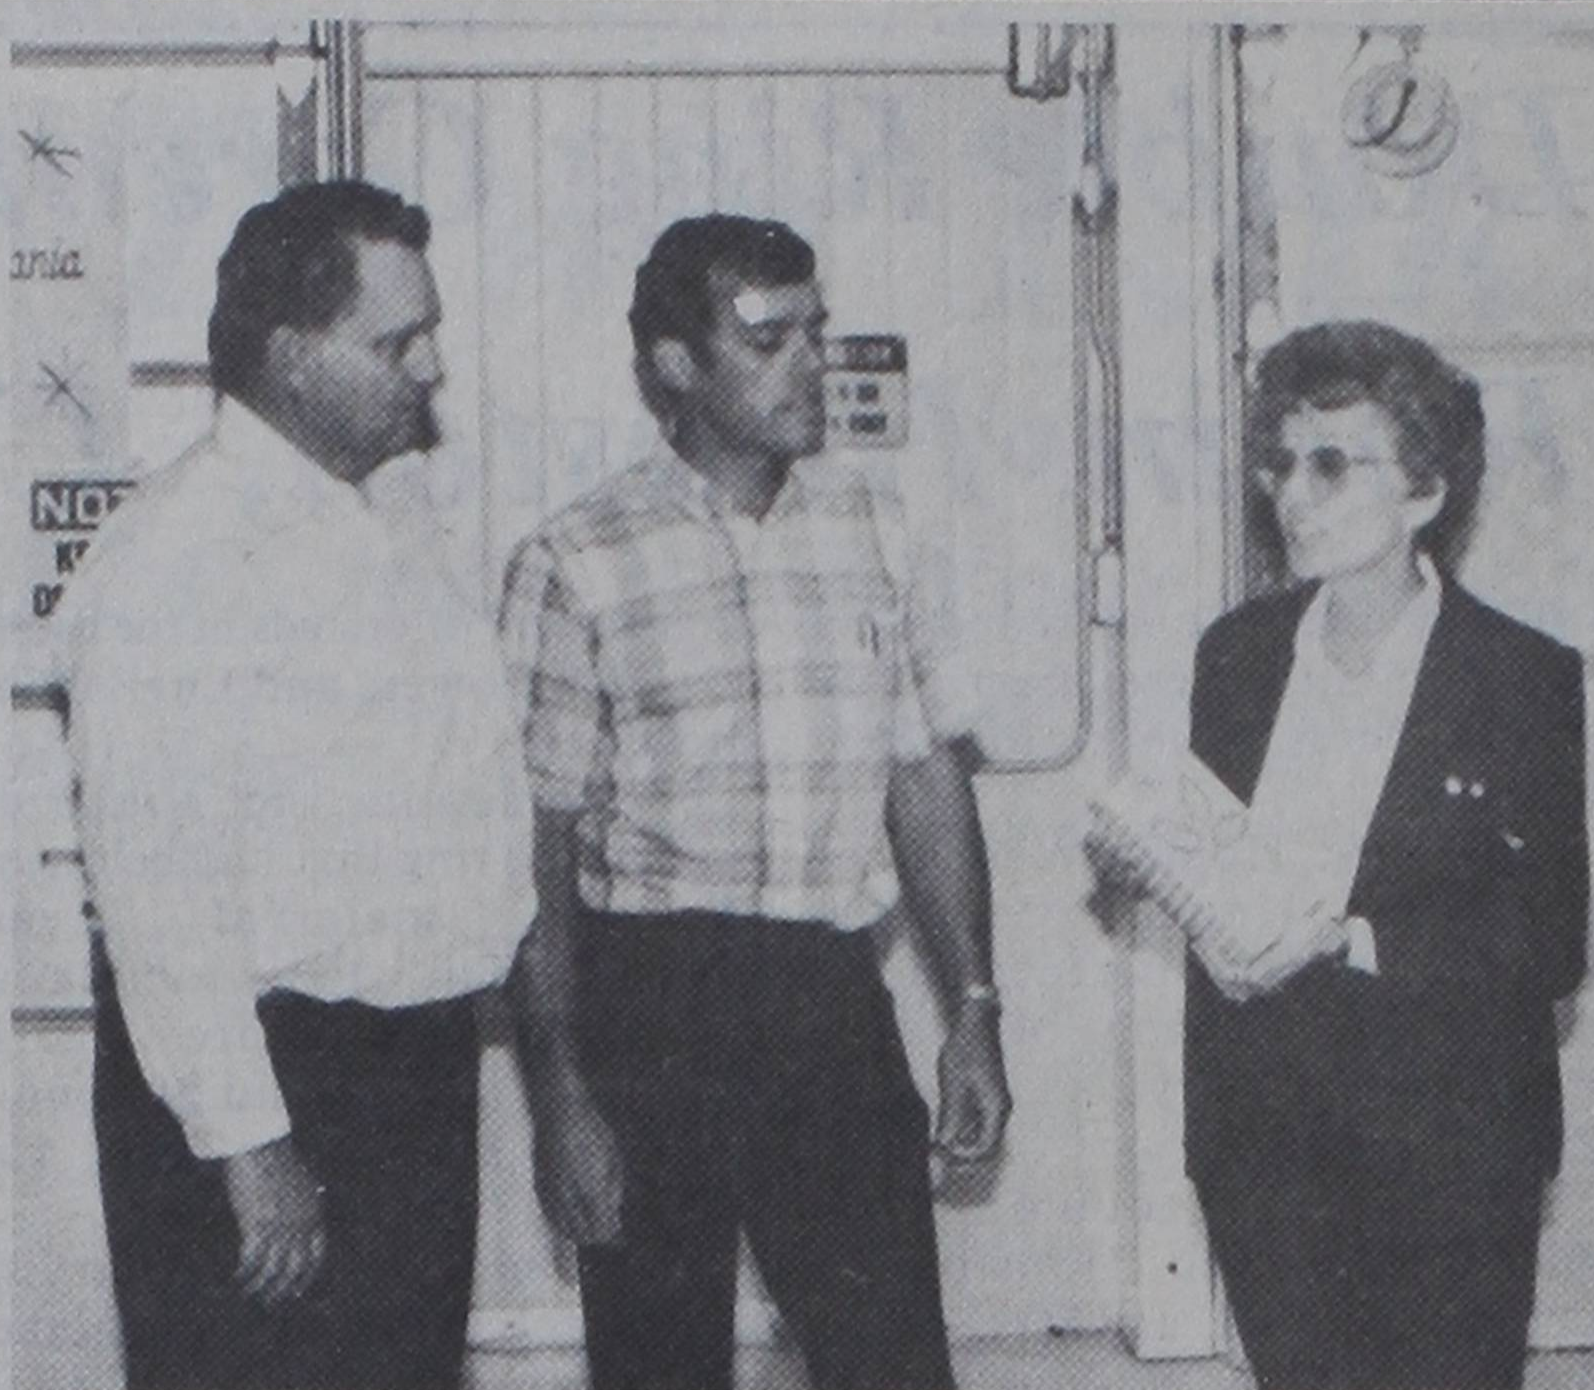

According to Dr. Thomas H. Jukes, a medical physicist at the University of California, Berkeley, the adding of sugar to a solution of salt and water for oral rehydration is "potentially the most important medical advance this century," and could save the lives of up to 13,000 children every day.

In Red Cross oral rehydration programs, native women are taught to measure sugar in the hollow formed by the forefinger of a clinched fist, to add enough salt to fill the dimple at the crook of the wrist and mix them in a liter container of water. This sugar/saline solution is saving literally the lives of hundreds of thousands of dehydrated infants and children. Jukes explains that in oral rehydration, "too little sugar or none at all means that the salt and water solution will pass directly through the child's body and there will be no rehydration."

"The Holly-grower donated sugar will also be used at intensive feeding centers," Bushnell said. Individuals whose body weights have dropped to a dangerously low level are fed a sugar-containing meal mixture three times a day. And in food staple programs, sugar is distributed along with milk powder and soy bean meal for home consumption. "Sugar is providing an essential source of calories for these people," he said.

Bushnell noted that it is nutritive sugar which is desired by the doctors in Africa and not artificial sweeteners such as aspartame and saccharin or high fructose corn syrup as a dietary supplement for the hundreds of thousands of malnourished African people.

"We in the sugar industry are proud to be able to contribute life-giving sugar to the famine relief program," Bushnell said.

SUGAR GIFT.... Bill Cleavinger, left, and Cal Jones, representing Holly Sugar, is shown with a representative from the American Red Cross, when Holly presented a gift of 250 tons of refined sugar designated for the famine victims in Africa. Holly Sugar Corporation and its 1,350 beet growers in six states are participating in the gift.

SAYS DPS

Drivers Urged To Watch For Children

Schools Out! The Texas Department of Public Safety wants to remind motorists to be especially watchful all day long for children playing in or around the public streets and highways.

"Schools out, warm weather is here and longer hours of day light all signal the start of summer fun for our kids," warned Major V.J. Cawthon, Regional Commander of the Texas Department of Public Safety in Lubbock. He said, "Kids will be out from early morning to late at night and drivers must be especially watchful in areas around parks and playgrounds for a child to dart into the street after a ball or frizbee."

Bicyclists need to be aware of laws regulating their using the public streets or highways. As

more bicycles than ever will be on our streets or highways now that school is out. Bicyclists are required to obey all the laws that drivers of cars have to obey. They must stop for stop signs, and red lights, yield at yield signs, make legal turns, and ride in the same direction as vehicular traffic.

Major Cawthon cautioned, "Motorists should be on the lookout for the kids on bicycles and be prepared to give the bicyclist the right of way to save a life."

Now that school is out, pedestrian and bicycle traffic will automatically increase. Drivers must be more watchful and alert for these dangers. Be prepared to stop all the time to avoid an accident with our children.

Rhea Church Sets VBS

A Vacation Bible School will be held at Immanuel Lutheran Church in the Rhea community June 3-7, from 9-11:30 a.m. each day. The theme for the week will be "Let's Share the Good News of Jesus," a program of witnessing and evangelism for all ages.

All children between the ages of three years and the eighth grade are welcome to attend. Something unique for the VBS will be teaching youngsters to share their faith through the use of a videotaped puppet program.

The closing program for the week will be held Friday, June 7 at 12 noon. Hot dogs for all the children and their family members will be served.
