## Big Crowd Greet Governor

By Wendell Tooley

Floyd folk gave Governor Dolph Briscoe and his wife Janie a very warm welcome here Monday, although a dry Norther was blowing. The hot music of the Whirlwind Band and the enthusiastic response of the crowd made the occasion a huge success.

The Governor's plane came in right on schedule. He and Janie were greeted by Mr. and Mrs. Hubert Frizzell, Mr. and Mrs. Kinder Farris, Parnell Powell, Mr. and Mrs. Claude Brown, Mr. and Mrs. Aldine Williams, Mr. and Mrs. Malcolm McNeill, Judge and Mrs. George Miller, Judge J. K. Holmes, Sheriff Fred Cardinal, Gene Collins, Deputy James Hale, Highway Patrolmen Bill Dawson and Keith Gross led the motorcade to the courthouse.

FHS graduate Maurice Steen was pilot of the "press plane" that followed the Governor's plane landing at the Floydada Airport. Press representatives were from Dallas and Houston.

### PRAISES BAND

Governor Briscoe was most appreciative of the Whirlwind Band and praised them two or three times before he spoke.

Actually, he didn't speak long, he and Janie devoted most of their time to visiting with the people.

The governor was introduced by Frizzell.

### TALK HIGHLIGHTS

The governor, very briefly outlined the strong points of his year's of service to the state:

\* There has been a 53% increase in teacher's salaries the last five years..... and he wants more money appropriated for state education.

\* A great need for outside state water to be imported.

\* State administration has not raised taxes, there is no state income tax, this is the strongest economy of any major state in the nation.

\* "I say no to any new taxes...which

means yes to economic progress."

\* Working for more state funds for training medical doctors...174% increase on this goal in the past.

The speakers stand was set up on the west side of the square facing east. Art Ratzlaff was in charge of the speaker's stand and loud speaker system.

## Riding Club Wins

### At Paducah

The Floydada Riding Club consisting of Harry Reeves president, Olin Lyles, G. L. Fawver, Sid Waller, Wanda Dubois, Brenda Attebury, Hillery Polvadore, Johnny Cates and David Cates won third place at the 36th annual Cottle-King Horse and Colt Show parade.

If you own a horse and would like to join in on this type of riding fun, please call Harry or David for the next meeting time and parade.

## Help!

Only three persons attended the youth baseball program meeting Tuesday night. Therefore, another meeting has been set at 7:30 p.m. May 4 in Andrews Elementary school.

Coaches are needed, officials needed, parents need to attend and bring \$6.00 for each player.

There will be a door prize.....so you better attend....

BUT THE BEST FOR THE GOVERNOR...and the sweepstake winning Marching Band From [unclear] is congratulated by the Governor when he visited Floydada Monday morning. (Staff Photo)

## Well-Represented In Regional Meets

be decided at presstime.

Curry achieved the ultimate goal of a trip to Austin on May 13th by landing first place in the discus and second in the shot.

Curry's performance in the discus achieved a new record for this region, as the junior 2-year Whirllette letterman threw 112 feet, 10 inches to outdistance the old mark of 108-0 by Pam Hillard of Ballinger.

Lisa Noland's third place finish in shorthand competition earned a berth in the state literary meet, and Hale qualified for state as the Region 1 golf medalist. Tammy Gentry placed fourth in newswriting (top two compete at state).

Jill Poage and Tracy Tyer just missed a chance to compete at Austin in the girls tennis competition, as the FHS duo captured third place before bowing to top-seeded opponents.

Lisa West and Donna Reid were defeated in the first round by the pair that eventually played for first place. Kara Copeland was eliminated in the opening round of singles play by the eventual first place winner also.

In track, Caren Campbell placed third in the high jump and narrowly missed a chance to compete at state, while teammates Rosemary Barnes, Donnett Williams, and Paula Ratliff

performed well also.

Zane Jones and Bobby Whitaker will participate in the regional tennis competition at Tech on Friday and Saturday.

In boys track, Paul Radloff and Junior Cuevas will throw the discus, as Rusty Cagle and Kary Helms vie for a berth in the pole vault. Junior Arredondo will compete in the long jump, and Robby Thrasher will participate in the mile run.

## Fike Godfrey Here Today

Fike Godfrey of Abilene, a conservative rancher, businessman and engineer, will bring his campaign for Congress to Floydada today, Thursday, April 27.

Godfrey will speak to the Lions Club at noon.

In seeking the 17th District congressional seat being vacated by U. S. Rep. Omar Burleson, Godfrey said he

believes this area should continue conservative, common-sense type of representation which reflects the thinking of most people living in the district.

"This is the viewpoint I have represented for the past seven years as executive vice president of the West Texas Chamber of Commerce," said Godfrey, who resigned from that post last November to run for Congress. My election would mean that effective representation could continue without interruption, because I would not need any on-the-job training."

Godfrey says he believes the voters of this district want a mature, broadly experienced man with a proven record

**THE ENGAGEMENT** and approaching marriage of Miss Rhonda Holmes of Lockney and Richard E. Hardin of Plainview is announced by her parents, Mr. and Mrs. W. C. Whitlock of Rt. Q, Lockney. Hardin's parents are Mr. and Mrs. J. T. Hardin of Plainview. Miss Holmes is a graduate of Lockney High School and is employed at True Value Hardware in Plainview. Hardin is employed by Plainview Independent School District. The couple will be married June 3 in the bride's home.

### Sun Tanning Rules Listed

Take it easy the first few days. Tan slowly. Start with 15 minutes the first day and increase the time by 10 minutes each day. The sun is hottest during the middle hours. Suntan lotions and creams can screen out some of the burning ultraviolet rays and thus reduce burn. They can't speed up tanning. Protect your hair. Too much sun can make it brittle and

hard to manage. Lubricate the skin with cream or lotion after a day in the sun to help offset the excessive drying effect. Protect your eyes with dark glasses or with gauze pads.

"Nature will castigate those who don't masticate" was the motto of the followers of Horace Fletcher, a "medical" man of the 19th century. He claimed that food was bad for you unless you chewed it 30 to 70 times.

### Floydada Odd-Fellows Honored

Floydada Rebekah Lodge honored members of Odd Fellow Lodge with a turkey dinner and all the trimmings on Saturday night in observance of their lodge anniversary. The Odd Fellows and their wives, and the Rebekahs and their husbands were seated at beautifully decorated tables with three links, symbolizing "Friendship, Love, and Truth".

Mr. and Mrs. Jim Fullington, of Petersburg entertained the group with singing and testimonials. Jewell Reeves presented the welcome address giving the history of 159 years since the Old Fellow Lodge was organized in the United States.

Laules Parkey closed the program by reading an eulogy to an Odd Fellow.

### LCC Associates

Mrs. Ned Bradley hosted the Floydada Chapter of the Lubbock Christian Associates in her home on Tuesday evening, April 18. Mrs. Sam Lide, chapter president, called the meeting to order and the prayer was voiced by Mrs. Grady Walker. Mrs. Lide introduced Mrs. Norman (Mary) Ferguson who was guest artist for the meeting. She displayed a number of her lovely pieces, including a clock. She does Tole and Decorative painting and uses many types of wood for her designs. As she explained the technique of the art she painted a beautiful daisy motif on a previously prepared piece of plywood. She conducts classes in the media and plans to begin a new class in September. She has studied under several expert teachers and is quite adept with the oils and brush, herself.

A refreshment plate of cake, ice cream, nuts, coffee, tea and spiced cranberry punch was served to guests. Mmes. Carl Moosberg, Sam Graham, Tom Pauley and Mrs. Ferguson. Members included Mmes. Lewis Blum, Lide, Walker and the hostess, Mrs. Bradley.

In northern England it was once considered unlucky to leave the house on the first day of the new year until someone else had come in.

Mr. and Mrs. Johnny Roberts, former Floydada residents, announced the birth of their daughter, Robin Gay to son of Mr. and Mrs. A.C. Pratt of the Methodist Church in Floydada on July 1. Miss Roberts is a 1977 graduate of the School and her fiancé graduated from from Floydada High School. Both are senior and Miss Roberts a sophomore.

### Political Candidates Of Senior Citizens

The University of Delaware, conclude that 12 million American men have been physically abused by their wives! The researchers found that some 1,000,000 U.S. husbands, of this number, have been severely beaten. Of course, men seldom report this abuse. Nor do shame—because of pride or shame—usually report mental abuse. This unpublicized situation doesn't argue for lessor effort to halt wife-beating or any abuse of wives. But it shows that American women are not all that downtrodden, mistreated, and home-confined as radical speech and "liberation" tongue imply.

# Whose Dollar Bills Will Turn Most Votes In Congressional Race?

By H.V. O'Brien  
EASTLAND-It'll be interesting to see on May 6 whose dollar bills turn into the most votes in the hotly-contested race for the 17th Congressional District seat to be vacated by Cong. Omar Burleson on his retirement.

And dollars a plenty there are being pumped into this campaign, from contributors and from the individual candidates.

Two candidates, according

to their April Report of Receipts and Expenses, show contrast in their money sources.

The report by A.L. (Dusty) Rhodes, defense attorney, shows that he's had some \$50,000 in contributions, and personally loaned his campaign \$133,640.29 of his own money, and has been quoted as saying he will spend "whatever it takes" to win.

The report of another candidate, Charles Sten-

holm, farmer and businessman, shows that contributors have put about \$100,000 into his campaign. Stenholm originally put \$30,000 of his own money into the race and his finance committee has since returned \$10,000 to him.

Dallas Times Herald Political Writer Ron Calhoun, recognizing the importance of this race with the retirement of many Texas regulars from the nation's capitol, reviewed the campaign to date and reports that Fike Godfrey has spent more than \$50,000, Jim Baum has spent about \$20,000, but

gives no figures for Jim Snowden, Crews McCulloch, James Sharp or Republican Bill Fisher.

This week two of the candidates took opposing views on theories for stimulation of the economy. Rhodes issued a seven-point proposal for developing job opportunities and boosting the economy. Stenholm said in response in a Camanche appearance that he favors a Congress that will work to create an environment favorable to business, and leave the industrial prospecting to regional and individual chambers of commerce and industrial foundations.

## RECORD YEAR FOR WALLEYE EGGS

FRITCH - Fishery personnel of the Texas Parks and Wildlife Department have just completed their walleye egg procurement operations at Lake Meredith near Fritch bagging a record 30,000,000 eggs for state hatcheries.

"The walleye were spawning late this spring, but the trapping operations with nets furnished us with plenty of eight-to-ten pound females and a total figure of 30 quarts of eggs (150,000 eggs per quart)," said Joe Kraai, fishery biologist from Canyon.

"We handled more large walleye this year than any other season and the fish are still spawning with anglers picking up many walleye in the six-to-eight pound class," Kraai continued.

After the walleye are stripped of their egg and milt, they were released back into the lake. Only a small percent of the spawning walleye were netted by the P&WD personnel. Lake Meredith continues to have a stable, healthy population of mature fish.

The eggs were then fertilized and mixed with a clay solution to help eliminate the tendency of the fertilized eggs to stick together. Walleye eggs are naturally sticky as they cling to rocks in Texas lakes, but clumping eggs in a state hatchery means a disease potential and eventual loss due to fungus.

RECEPTION COMMITTEE at the Floydada Airport greets Commissioner of Agriculture Bryan V. Brown and his wife Janie.

San Angelo hatchery were brought to the South Plains lake. Fisheries personnel are conducting creel census studies on several Texas lakes including Lake Meredith where on April 23, 1978, 30 walleye hatchlings were released into the channel.

## Firearm Accidents Can Happen Anytime

AMARILLO - Two Panhandle hunters are officially listed as hunting fatalities by the Texas Parks and Wildlife Department as the March reports from across Texas are compiled in Austin.

Texas game wardens investigating the two fatalities and one injury have found that mishandling a gun was the major factor of each shooting.

One hunter attempted to remove a loaded rifle from a pickup gun rack and was hit in the chest by the discharging gun.

Another hunter was holding a friends loaded gun when it discharged striking him in the upper leg causing fatal results.

A third hunter was injured as his rifle discharged while being unloaded, hitting him in the calf of his leg.

All three hunters were under 22 years of age and all

violated the cardinal rule of gun safety by pointing a loaded gun at someone or something they did not intend to shoot, namely, themselves.

The P&WD recorded 17 hunting fatalities during 1977 as compared to only 11 in 1976. This year has started with a bang and the fall hunting season will not even begin until September.

But on Sunday afternoon, the big bats of DeLeon, Rick Carthel, and Keith Marrielle powered four home runs as Floydada triumphed easily, 12-2. Steve Westbrook made it a sweep by coasting to a 14-1 victory over Crosbyton. In that contest, which improved the A's mark to 4-2, Carmen Soliz limited Crosbyton sluggers to just one hit, as the A's forced withdrawal in the fifth inning. The A's will host Lorenzo tonight at 8:00 p.m.

### A dollar earned is a dollar saved . . .

As State Treasurer, Warren G. Harding has increased earnings from the investment of state funds. These earnings represent savings to Texans by reducing the need for tax increases.

- \$1.8 billion in state funds invested in interest bearing accounts in over 1,300 Texas banks
- 90.4 percent of available funds invested at the end of March—the highest monthly average in Texas history
- 24 percent increase in earnings from October through March compared to same period in the previous year
- \$126 million estimated interest earnings for Texas this year—highest in history of state.
- More than 25 years experience as Dallas County Treasurer. Past President, National Association of County Treasurers & Finance Officers. Recipient of Outstanding Treasurer's Award of the United States.

### A's Baseballers Improve Season Mark

Floydada's A's baseball club boosted its season record above the .500 mark last Sunday with a two-game sweep of Tulia and Crosbyton.

Thursday night, a poised Lorenzo team had defeated the A's by 6-4, to even their record at 2-2, with Carmen

Soliz, Linden Weese, and Ruben DeLeon sharing the pitching duties.

son, Mollie Burleson, Jim D. Bright, Dorothy Kerr, Mrs. J. E. Green, Mrs. George Wexler, Alma Ruth Nelson, Daralyn Williams, Mr. and Mrs. Hubert E. Davis, Mary Wilson, Odell Stout, Mabel Epperson, Mary Carlez, Ethel Carmack, Frances Badgett, Burmah Probasco, Hazel Bradley and Kim all of Floydada.

Evelyn Carroll, Lubbock; Mary Emma and Ersel Matthews, Corpus Christi; and Rena Barris, Clovis, New Mexico.

Renee Younger, daughter of Mr. and Mrs. Rory Younger of Whitney and niece of Mr. and Mrs. Jake Younger of Floydada, was chosen "Miss Lake Whitney" on April 15th. She was selected from a field of 25 beauties, and was definitely the choice of spectators and other contestants. They were judged on beauty of face and figure in both evening wear and swimsuit and also on personality, poise and grace. The Lake Whitney Association beauty Pageant is franchised by the Miss Universe Pageants, Inc., and the winner of the title of "Miss Lake Whitney" is eligible to compete in the Miss Texas Universe Pageant later this summer in El Paso. The winner of this pageant will represent Texas in the Miss USA contest. Miss Younger is a senior in Whitney High School and plans to attend Baylor University.

THE GOVERNOR was pretty impressive, but more important to Mrs. Homer Steen was the pilot of the press plane, her son Maurice, of Lubbock. (Staff Photo).

Victoria Asher, Albert and Bessie Martin, Hope Hammonds, Bernice Knight, Dora Henderson, Anis Franks, Molly Jones and Robbie Bratton enjoyed the trip to Silver Falls Wednesday afternoon.

Victoria told us of her childhood days in the canyon, and of having a picture of Silver Falls before the dam was built. Bessie Martin's first school days were at Crosbyton. The conversations were endless! Henry Love, Green Bostic and Agnes Anderson were not up to making the trip with us.

It's nice to have Alta Probasco back from the hospital.

Willie Stambough spent four days in Lockney General Hospital last week. She is back and feeling better.

Agnes Anderson was taken to the University Hospital in Lubbock Thursday afternoon.

According to family report, Agnes suffered a light stroke but is improving nicely.

Bingo winner this week was Clara Williamson with four games. Hope Hammonds, Pearl Carrick and Henry Love with two, Anis Franks, Victoria Asher with one.

If you've met Glenn during this campaign you noticed that you did most of the talking.

Glenn decided to run for the Statehouse more than a year ago. Since then he has been covering the 66th District to determine if his views are representative of the people. Now he knows that he can represent us with conviction and persuasion.

Glenn Conrad is the kind of man who takes the time to listen, and when he speaks, others listen.

### FLOYDADA FUTURE HOMEMAKERS ATTEND STATE MEETING

Representatives of the Floydada Future Homemakers of America Chapters attended the 1978 state meeting of the Texas Association of FHA, along with over 7,000 members and advisors from across the state.

Attending from the Rose Chapter was Barbara Schwertner. Rosebud representatives were Terri Gentry and Terri Lloyd. From Della Plains was Dorothy Ledbetter and HERO representatives were Susan Stovall and Connie Bradford. Advisors were Gean Christopher, Phillis Hamilton, and Mona Dean.

"New Dimensions of FHA/HERO" was the theme of the 1978 meeting, which was held at the Convention Center, Dallas, April 20-21. Lewis Timberlake, member of Help Inspire Someone, challenged the delegates to grow and develop in leadership.

Bert Jones, quarterback of the Baltimore Colts, also was a guest speaker. Workshops on topics of concern to young people such as careers, assertiveness, communications, and

issues such as abuse of children and the elderly involved all members.

The business of the Texas Association will be conducted at the House of Delegates session Thursday evening, followed by a talent show. Installation of the 1978-79 state officers climaxed the Friday evening session.

### FLOYD DATA

## Strong, Weak Points Of Cattle Picture

COLLEGE STATION--The current beef cattle picture looks bright as prices have generally been strong. But how long will it last? "There are a number of factors at work that will have a direct bearing on the cattle market for the rest of 1978," points out Dr. Ed

Uvacek, livestock marketing specialist with the Texas Agricultural Extension Service. "Cattlemen need to keep these in mind as they plan ahead." What will help keep the strength in beef cattle prices? Uvacek lists these factors:

--Per capita disposable incomes are rising rapidly, boosting the demand for beef.  
--Cow and non-fed cattle slaughter is down sharply even though fed cattle production is up.  
--Much less pork is available this year than earlier

expected. Pork supplies will probably be up only about 1 percent for the year.  
--Lamb and mutton production is down sharply and should be 11 percent below the 1977 level.  
--Improved feedlot profits are boosting the demand for feeder cattle.  
--Feeder cattle and calves available for feedlots are down 9 percent this year.  
--The breeding herd is much smaller, so this year's calf crop should be smaller.

On the other hand, factors that could cause some weakening in cattle prices are these:  
--Seasonal increase in pork supplies are still coming.  
--Current retail beef prices are at record highs.  
--Recent \$50-plus prices for fed beef have not yet been reflected at the retail level.  
--Further reduced cow slaughter should cause a scarcity of manufacturing beef, pushing hamburger prices up sharply.  
--Broiler and turkey production is expected to increase substantially in the next few months.  
--Large placements of cattle into feedlots during the past quarter of 1977 have still not been marketed, particularly from the Midwest.  
--Break-even prices for cattle currently moving into feedlots will be about \$52

per hundredweight in the August-September period. If fed cattle prices falter, there will be losses, just at the time most feeder cattle will be marketed.

Weighing all these factors, Uvacek calls for some weakness in cattle prices during April and May followed by a strong recovery in June. The July-September quarter should show another downward trend followed by some improvement by November and December.

## THE SHERIFF'S JOB

Now this Sheriff's job is a curious one; Like the housewife's work, it's never done. Calls come by night and come by day, They may be near, or miles away. Do hurry up, says the voice of the caller; You're badly needed in Possum Holler. Paw's on a rampage; he's got a gun; Been looking for Maw since half-past one. So we jump in our flivver and hit the trail; And drive like a streamliner carrying the mail. Our only hope and all we can figure, Is to be on hand before Paw pulls the trigger. We finally arrive and amid confusion-- We learn the affair was a simple delusion. Paw with his gun and just hunting squirrels. Maw had gone to school with the two oldest girls. Next day we're hunting a mottle-face cow; That night we referee a nice family row. Now, that's just a sample of what we do; An endless variety of the old and the new. It may be a prowler, a burglar, a drunk; He may steal your billfold, your watch or your trunk. We set out to catch him, and we do our best; We catch our percentage and lose the rest; We can't catch them all, for some leave no clue-- They don't leave their cards, like the candidates do. Sometimes they plead guilty, and the judge will scold. Then half the county will want them paroled. They blame the depression, the new deal, the tariff-- But most of the folks put the blame on the Sheriff. So, it's quite a game, if you stay right in-- You'll get a pat on the back, and a sock on the chin. But, I like it, and I'm shedding no tears-- And I'd like to be your Sheriff for the next two years.

Your Vote And Influence Will Be Greatly Appreciated

Sheriff Fred A. Cardinal

(Pd. pol. adv. by friends of Fred Cardinal, Fred Cardinal Sec.)

## The Floyd Philosopher Says The Panama Canal Treaty Is A Literary Masterpiece Of Words

Editor's note: The Floyd Philosopher on his Johnson grass farm takes a final look at the Panama Canal treaty this week.

Dear editor: For a while it looked like it was going to take as long to decide the Panama Canal issue as it took to dig it, but now that it's settled it looks like the terms of the treaty are a masterpiece of writing as great as the engineering feat required to dig the thing in the first place.

For example, some Senators said they'd vote against the treaty if the U.S. didn't have the right to send in troops to keep it open in case somebody tried to close it. Panama in turn said it wouldn't accept such a clause. The literary scholars in the Senate then went to work and came up with the internal affairs of Panama, no sir, but does retain the right to "unilaterally keep the canal open, operational, secure and accessible."

whether the recipe's old-fashioned or new-fashioned, you can always count on its being good!

For your copy of this recipe collection, send \$1.25 (no stamps) with name and address, including zip code to: Maxwell House Coffee "Cora's Country Cookbook," Box 9073, Kankakee, Illinois 60901.

In the bathroom, "non-slip strips" should not only be applied to bathtubs and shower but also to ramps and steps to make them less slippery, advises Glenda Moore, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Cotton's No. 4 Crop  
Cotton is the nation's fourth leading crop in terms of farm revenue.

In 1977, it was grown on 13.6 million acres in 17 states from the Carolinas to California. Production inputs cost \$2 billion, and more than \$11 billion was invested in land and equipment to grow cotton. Billions more are tied up in gins, oil mills, warehouses, textile plants, and merchandising establishments.

## Preserving Farmland Emphasized During Soil Stewardship Week

COLLEGE STATION -- Without question, land is a limited natural resource. The same can be said for good farmland. Yet some five million acres of rural

land are lost to non-agricultural use each year in the United States, about a million acres of this being "prime" farmland. "The indiscriminate use of

farmland for non-agricultural purposes is of concern to many people and is being given special attention during this year's observance of Soil Stewardship Week, April 30-May 7," points out Dr. B.L. Harris, soils and water use specialist with the Texas Agricultural Extension Service. The Extension Service is cooperating in the observance with the National Association of Conservation Districts and Soil and

Water Conservation District throughout the State. Theme of the weeklong observance is "Compelling Ventures" and is designed to instill in all Americans the need to venture forth to take care of the valuable land, water and other natural resources God has put on the earth. Along with the issue of preserving farmland, Soil Stewardship Week is also designed to stress the importance of controlling water pollution caused by runoff from unprotected farms, ranches, roadsides and construction sites. "America's good farmland is one of our greatest gifts. SEE SOIL PAGE 8

# Trotters, Raiders Take Basketball Tourney

The first Floydada Junior Athletic Assn. Basketball Tournament was not only entertaining but also exciting. Fans were not disappointed who wanted to see great games and really enjoy watching young people play an active sport.

In the girls championship game Saturday night the Raiders won over the Dribbling Dragons 28-15. Donna Pena and Kristi Rainey split the points for the Raiders with 14 points each. The Dragons lead scorer Marilyn Smith netted 12 points, Misti Orman 2 and Cindy Marble 1. Coaches for the Raiders are Vicky Rainer and Sandra Rainer. Judy Lloyd, Julie Womack and Jody McGuire are the Dragons coaches.

The Trotters and Warriors squared off against each other for the boys championship. Roger Poage's Trotters defeated the Warriors 24-17. Scoring 16 points for the Trotters was leading scorer Mark Hatley, Richard Mitchell had 4 points and Brad Rainer and Quint Anderson netted 2 points each. Wayne Morren led the Warriors scoring with 10 points, Skipper Hicks tossed in 5 points and Ricky Poole added 2. Coaches for the Warriors are Rick Carthel and Larry Jones.

In girls consolation place play the Queens defeated the Road Runners 26 to 21. Ruby Ledbetter scored 11, Christy Pruitt 7, Kelly Pitts 6 and Anna Leta Bradshaw 2 for the Queens. Villa Mae Acy led the scoring for the Road Runners with 7 points. Tammy Galloway and Sarah Dickson netted 4 each and Rita Lara and Maricella Cisneros added 2 each. The Queens were coached by Janie Synatzke and Julie Cathey. Peggy Self and Faye Dickson were the coaches for the Road Runners.

The Celtics came out on top for the boys consolation place when they won over the Dust Devils 26-31. Sam Crabtree was the leading scorer for the Celtics netting 10 points. Patrick Lloyd scored 8, Shannon Shurbet 3, Rudy Galvan 2, Laine Cheek 2 and Tim Burns 2. Coaching the Celtics are Junior Martinez and Brent Sanders. Timothy Lipham led James Spurlock's Dust Devils with 12 points. Joe Lipham netted 6 points, Shane Bearden 4 and Joey Kemp and Dale Minner 2 each.

Other boys games that were played in the tournament were:

Game #1: Green Machine 29 and Dust Devils 26. Cliff McLain scored 12, Joe Scott Faulkenberry 12 and Jonny Jones 6 for the Green Machine. Timothy Lipham made 9 points, Joey Kemp 6, Toney Soliz 4, Shane Bearden 3, Joe Lipham 2 and Dale Minner 2 for the Dust Devils.

Warriors 36 and Eagles 22. Wayne Morren and Raul Contreas led the Warriors with 8 points each; David Morren and Ricky Poole 4, Skipper Hicks 3, Frankie Morales 2, and Joey Payne 1. The Eagles were led by C. L. Roberson's 14 points, Carlos Baker had 6 and Mike Seans 2.

Game #3: Trotters 31 and Celtics 24. Mark Hatley led with 10 points, Quint Anderson posted 5, Richard Mitchell 4, Brad Rainer 4, J. D. Wilson 4, Mike Bearden 2 and Joe Medrano 2. Sam Crabtree scored 14 for the Celtics with Patrick Lloyd and Shannon Shurbet netting 4 each and Oscar Garza 2.

Game #4: Dust Devils 20 and Eagles 9.

## Miss Hale Initiated

LUBBOCK--Texas Tech University's chapter of Beta Gamma Sigma, national business administration honor society, has conducted ceremonies for 57 spring initiates.

A student from Floydada, Mary K. Hale of Rt. 1, Box 63, was among the initiates.

Election to membership in Beta Gamma Sigma is the highest scholastic honor that a student in business administration can achieve.

To be eligible for membership students must rank in

the upper five percent of their junior class or upper 10 percent of their senior class. Membership is granted to doctoral candidates on the basis of scholastic performance.

The purpose of the society is to encourage and reward scholarship and accomplishment among students of business administration, to promote the advancement of education in the art and science of business, and to foster integrity in the conduct of business operations.

## Tennis Club Schedules Round Robin Doubles

The Floydada Tennis Club will sponsor a round robin doubles play day on Sunday, May 20 and all members are invited to participate. Kreis and Kathy McIntosh will be

in charge of the play schedule.

Other business the club voted to give two tennis awards each year for outstanding high school players.

## Senior Citizens Fun Day Set

Senior citizens of 17 Plains counties are meeting in Lubbock at Fair Park Coliseum May 17 at 9:30 a.m.

Each senior group is encouraged to prepare a number for the program such as a sing-song, dance routine, skit, or poem.

Each family is asked to bring their lunch, drinks, and if possible, a folding table.

The activity program begins at 10 a.m. consisting of a walking marathon, wheel chair race, hula hoop contest, bean bag throw, and balloon burst. Also a group entry of five persons and other individual events with a sing along to close the days event.

Those going will need to meet at the museum in Floydada by 8:00 a.m.

Some Australian tribesmen believed they would lose weight if they stood in shadow.

## Senate Hearing On Auto Repair Problems

AUSTIN...State Senator Ron Clower (D-Garland), announced today, that the Senate Subcommittee on Consumer Affairs will be in Houston, on Friday, April 28th, to obtain testimony on automobile repair problems.

"Automobile repair problems continue to lead the list of all consumer complaints, not only in Texas, but throughout the United States," Clower noted. "Our interest in coming to Houston is to meet with consumers and representatives of the automobile repair industry in an effort to hear all perspectives on this important issue."

The figures reportedly show that \$20 billion annually in the United States is wasted because of fraudulent, incompetent or unnecessary automobile repairs and that 40 cents of every dollar spent on car repairs is wasted because of faulty and fraudulent repair work, poor owner maintenance, and new car design.

"I do not want to comment on these figures because I understand that some in the automobile industry have questioned these exact amounts," Clower said. "But I do know that, whether these figures are entirely accurate or not, the automobile repair problem is very serious to consumers and one that should be addressed."

Clower, Chairman of the Consumer Affairs Subcommittee, indicated that the Houston hearing will be the second auto repair hearing for the Subcommittee this year. In March, the Subcommittee was in Dallas to review the impact of an ordinance in that city, which is the only example of regulation of the automobile repair industry in Texas.

Senator Clower also mentioned recent figures announced by the director of the National Highway Traffic Safety Administration.

**Why Should Dolph Briscoe Be Governor for 10 Years?**

**There is no good reason.**

No other Texas Governor has ever asked for so much less than 10 years. Dolph Briscoe's record does not merit 10 years in office.

- Yel Briscoe has spent more than \$2 million on a campaign — including \$900,000 his supporters paid — to get 10 years in office.
- Property taxes have increased by 1 BILLION since Briscoe was elected; so far, he has done nothing to provide property tax relief.
- Welfare costs have more than doubled without a fair increase in benefits for those who deserve them. The reason is waste. The waste is Briscoe's own Office of Migrant Affairs, which for each person it helps find a new job.
- Utility rates have skyrocketed while Briscoe, as governor, without a single sign of concern by the

happy in mud shacks, and get just as hungry, just as sad, as anyone else anywhere" has given Richard Fuller a goal in life.

Mr. Fuller, 41, has decided that helping people to have livable communities is one of "the new frontiers in Christian missionary work." Holder of a law degree from the University of Alabama, he has worked closely with the late Clarence Jordan, founder of Georgia's "Koinonia Partners" project in which local poor families built 56 low-cost housing units.

In 1972, he decided a similar program might work in Africa. Memories of the filth and squalor he saw in 1966 on a visit to Africa remained deep in his mind.

Mr. Fuller, his wife and children flew to Mbandaka, Zaire, to begin their work. The population of that city has grown from 10,000 to 120,000 in seven years, and most of its laborers lived in mud hovels. The government gave tracts of land for 162 houses and Don Mosely of Koinonia, did the survey work. In three years, 115 homes were begun. Mortgage payments ranged from \$4 to \$112 monthly. The houses cost between \$1,500 and \$4,000.

The project in Mbandaka has proved so successful that Mr. Fuller plans a second housing development 100 miles south of the city.

"We are capable of doing technical things and can't solve human problems we're surrounded with," is how Millard Fuller sums up his efforts. "but I believe we'll have a breakthrough in human relations as in the technological realm."

God's law of love may lead in any of thousands of directions. Each gives us a way to show that we care.

## SAFETY CORNER

**TAKE A BREAK FOR SAFETY**  
 Non-stop work can be hazardous. Take a break to help fight fatigue and reduce accident-producing errors. Stop for coffee or other refreshments mid-morning and mid-afternoon. Stop and rest when you feel drowsy or exhausted. Pace yourself when doing hard work in hot weather; stop for rest; drink plenty of fluids, and NO extra salt without your doctor's o.k. Stop for meals, relax. Working through without food can hasten fatigue.

**PRESERVING FARM-LAND**—Special emphasis is being given to preserving farmland in the U.S. during Soil Stewardship Week, April 30-May 7, notes a soils and water use specialist with the Texas Agricultural

Extension Service. About a million acres of "prime" farmland are lost to non-agricultural use each year. The weeklong observance with the theme, "Compelling Ventures", is designed to instill in all Americans the

need to venture forth to take care of the valuable land, water and other natural resources God has put on the earth.

"Exports" has been chosen as the theme for the 21st Annual Membership Meeting of Plains Cotton Growers, Inc., Lubbock. The meeting will begin at 2:00 p.m. on Wednesday, May 3, in the Aztec Room of Lubbock's South Park Inn, South Loop 289 and Indiana Avenue.  
 "It is our intent that the meeting give PCG members an opportunity to hear from authoritative sources what needs doing to increase our cotton sales to foreign countries," says PCG President Lloyd Cline of Lamesa.  
 The first scheduled speaker on the program is Ernst Haecker, Senior President of the largest integrated textile company in Germany and the largest open-end spinning operation in continental Europe. Haecker heads up Textilgruppe Hof, of Hof, W. Germany, a company that consumes some 120,000 bales of cotton annually. Textilgruppe recently ordered a small quantity of High Plains cotton on a trial basis, the first U. S. cotton bought in many years.  
 Western Europe imported about five million bales of cotton in 1977, of which only 11 percent came from the United States; but Cline believes this percentage can be substantially increased

with additional sales of cotton from the Texas High Plains, especially for the open-end spinning system.  
 The expense of bringing Haecker to the United States for the meeting is being paid by Elanco Products Company as a follow-up to a West European Cotton Export Forum sponsored by Elanco in conjunction with Cotton Incorporated last January. Haecker was one of seven European textile executives participating in the forum. He will be introduced by past PCG President Donnell Echols of Lamesa who attended the forum representing High Plains producers.  
 The other speaker on exports will be John McNutt, Director, International Marketing Division, Cotton Incorporated. He will speak on "Export Opportunities for High Plains Cotton." PCG officials believe that sharing McNutt's broad knowledge of foreign cotton markets and his ideas on what can be done to increase this area's share of those markets will be highly beneficial to PCG members.  
 The third "outsider" to appear on the program will be Millard Townsend, described as humorous and challenging. Townsend is an ex-High Plains ginner who by his own admission went broke in 1968. He has delighted audiences all across the United States with his stories about American business and how not to succeed while fighting for a place at the top of the heap. His address is entitled "The Drumbeat."  
 There will also be a report from President Cline and from Executive Vice President Donald Johnson, and cotton door prizes will be awarded throughout the meeting.  
 Following the membership meeting, the PCG Board of Directors will meet for election of 1978-1979 officers. Current officers of the organization are Cline, Vice President Joe D. Unfred of New Home, and Secretary-Treasurer Gary Ivey of Ralls.

## DENTON REPORTS ON BOND SALES

March sales of Series E and H United States Savings Bonds in Floyd County were reported today by County Bond Chairman Clarence Denton. Sales for the third-month period totaled \$17,401 for 38% of the 1978 sales goal of \$200,000.

Texas sales during the month amounted to \$26,644,081, while sales for the first three months of 1978 totaled \$77,564,628 with 25% of the yearly sales goal of 306.6 million achieved.

**ACCIDENT CONTROL**—When using garden and farm chemicals, select the right product for the job, follow label directions, wear needed protective gear, and keep children out of the work area, advises the Texas Agricultural Extension Service.

## AN IMPORTANT MESSAGE FROM-----

# AMERICAN AGRICULTURE

WE WANT TO AGAIN EXPRESS OUR THANKS TO THE MANY MERCHANTS AND INDIVIDUALS WHO CONTRIBUTED TO THE EXPENSES OF THE MOVEMENT.

WE WANT TO URGE EVERYONE TO VOTE IN THE MAY PRIMARY AND TO BE ESPECIALLY CAREFUL TO VOTE FOR CANDIDATES WHO FAVOR THE AMERICAN AGRICULTURE MOVEMENT.

WHEN THE OPPORTUNITY ARISES WE HOPE YOU WILL CAMPAIGN AGAINST CONGRESSMEN COLLINS, WRIGHT, MILFORD, MATTOX AND JORDON, ALL WHO VOTED AGAINST THE FARM BILL.

WE WOULD ALSO LIKE TO POINT OUT THE SUCCESSES WE HAVE ACHIEVED SO FAR.....SOME INCREASES IN THE PRICE OF WHEAT, GRAIN SORGHUM AND COTTON.

WE FEEL THAT WE HAVE ACQUAINTED THIS ENTIRE NATION WITH THE FARM PROBLEM IN A GOOD MANNER.....VERY LITTLE OR NO VIOLENCE WAS NECESSARY.

## NOW, WE ASK EVERY FARMER TO WORK WITHIN HIS FARM ORGANIZATION FOR OUR FIVE POINT PROGRAM

1. 100% OF PARITY FOR ALL DOMESTIC AND FOREIGN USED AND OR CONSUMED AGRICULTURAL PRODUCTS.
2. ALL AGRICULTURAL PRODUCTS PRODUCED FOR NATIONAL OR INTERNATIONAL FOOD RESERVE SHALL BE CONTRACTED AT 100% OF PARITY.
3. CREATION OF AN ENTITY OR STRUCTURE COMPOSED OF AGRICULTURAL PRODUCERS TO DEVISE AND APPROVE POLICIES THAT AFFECT AGRICULTURE.
4. IMPORTS OF ALL AGRICULTURAL PRODUCTS WHICH ARE DOMESTICALLY PRODUCED MUST BE STOPPED UNTIL 100% OF PARITY PRICE IS REACHED THEREAFTER, IMPORTS MUST BE LIMITED TO THE AMOUNT THAT THE AMERICAN PRODUCERS CANNOT SUPPLY.
5. ALL ANNOUNCEMENTS PERTAINING TO ANY AGRICULTURAL PRODUCING CYCLE SHALL BE MADE FAR ENOUGH IN ADVANCE THAT THE PRODUCER WILL HAVE ADEQUATE TIME TO MAKE NEEDED ADJUSTMENTS IN HIS OPERATION.

cattle prices depends on a number of factors, says a livestock marketing specialist with the Texas Agricultural Extension Service.

Strengthening factors include increasing per capita disposable incomes, decreased cow and non-fed cattle slaughter, reduced

pork and lamb production, improved feedlot profits, lower feeder cattle supplies and a smaller breeding herd. Price weakening factors include seasonal increases in pork production, high retail beef prices, increased turkey and broiler production, large feedlot placements that have not yet been marketed, and high break-even prices for cattle now going into feedlots.

Don't get high-pressured into buying something you don't want or need—just say "no", advises Claudia Kerbel, consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

**As It Looks From Here**

Omar Burleson, M. C. 17th District, Texas WASHINGTON, D. C.—More than ten years ago, we attempted to call attention to the fact that the United States is either totally lacking or woefully deficient in nine of the fifteen basic minerals on which we depend.

Our country produces no magnesium, an essential ingredient in making steel. Most of it comes from Africa and Latin America. We produce no cobalt, necessary for electro-magnetic devices, electronic systems and for health purposes. We depend largely on Zaire in Africa for our supplies of cobalt. We import 90% of the nickel used in making stainless steel and other products and must import most all our copper, an essential metal for numerous uses.

It is not premature to consider our absolute dependence on other imported resources and our trouble, should the supply be jeopardized either through exhaustion of natural deposits, embargos or attempts to manipulate the world market and price. If the United States had awakened sooner to the implications of dependency on imported oil, we would not be in the situation in which we find ourselves today.

Ten years ago, there was assembled a law of the sea conference in Geneva. Our representative to that Conference now is Elliott Richardson who testified before the Ways and Means Committee a few days ago on legislation designed to implement any agreements that may be reached by that Conference. There is also legislation to deal with situations, should no agreement emerge, and Mr. Richardson believes that the odds are not favorable for any solution in the immediate future. The hang-up hinges on the demands by the undeveloped nations to create an international commission with power to oversee the mining operations of the ocean floors.

Although the United States and other industrial nations concede that all Countries should share in the benefits, possibly through a royalty on the minerals, the Third World or undeveloped nations want the actual production to be under international control. It is conceded in principle that the wealth in international waters is the "common heritage of mankind" and that all nations should share in the revenues produced in the mining of minerals from the ocean floor. Only the United States and a few other nations have the technology for such operations. Some arrangement has to be made if these much needed minerals are to be mined. The Geneva Conference has reached agreement on many of the details but not on a formula for distributing the revenues. Of the 150 nations involved, there are, of course, many more of the so-called Third World countries than those able to develop these valuable resources.

**Here's How Farm Costs Have Gone Up Compared to Wheat**

Just about any farmer can tell you he's caught in a cost-price squeeze. But, Delynn L. Peterson, an NFO member from Kimball, Nebraska, can show you in black and white how costs have risen while farmers' prices have fallen in the past years.

Peterson accumulated all his old records and, with the help of his neighbors, some of his town's merchants and data from other sources, has published a booklet showing exactly how he has been affected by the cost price squeeze.

The booklet, "The Purchasing Power of a Bushel of Wheat", shows how Peterson's costs have risen sharply on just about everything needed to carry on everyday farming operations — including costs for equipment, energy, transportation, water, land, taxes and others.

The publication also shows that, according to a 1978 extension report, production costs for a bushel of wheat will be \$3.20. The 1977 average cash price for wheat at Kimball, however, was only \$1.93. That means if wheat prices remain in the \$2.00/bu. range this year, Peterson and his neighbors will be losing well over \$1.00/bu. if they decide to produce any wheat this year.

The Nebraska NFO'er uses his figures to support a point: "If we, as farmers, are not permitted to price our products at cost plus a reasonable profit the same as other industries do," he says, "it will not only destroy the American Farmer, but also the other segments of Agriculture that supply us, and the people to whom we supply the food."

"The American Farmer must learn to keep his Purchasing Power equal to the rest of the economy or lose his ability to supply food to the American Consumer."

Below is a list, compiled by Peterson, comparing the number of bushels of wheat it takes to purchase farm operational items in 1973 against 1977. bushels of wheat needed to purchase the following items

- Outstanding performance even under stress.

**Why plant certified cotton planting seed from Pioneer?**

Research has consistently shown certified cotton planting seed yielding 10 to 25 percent more lint per acre than farmer-saved or non-certified varieties. Certified seed from Pioneer has not undergone genetic deterioration in the field. Volunteer plants and undesirable cross-pollination are eliminated. And the certified seed you buy from Pioneer is free from pests and weeds which often accompany non-certified varieties. By planting dependable, certified cotton planting seed from Pioneer, you can be sure of purity and uniformity in the seed and crop it produces.

Ask your ginner or Pioneer seed dealer about Lockett 77.

**Harry Ledbetter's Money Management Program**

As a fiscal conservative, I have developed a comprehensive program to effectively manage the \$2 Billion dollars on deposit in the State Treasury. Here are aspects of it:

**Rate of Return:** The State Treasurer should not play politics with our tax money. I pledge to put the taxpayer's money to work earning the highest interest available.

**Cash Flow Forecasting:** Using modern management techniques, we can accurately determine how much money the state needs in liquid funds. The state's obligations must be paid on a timely basis at minimum administrative cost.

People all over Texas are responding enthusiastically to my campaign. I appreciate your support. I know that the public trust must be earned, and it is a responsibility I accept. I ask for your vote on May 6th. If you share my concerns, encourage your friends and neighbors to vote for Harry Ledbetter for State Treasurer in the Democratic primary election May 6th.

**South Plains News**

By Mrs. Murray Julian

Remember the time change Sunday, April 30. Daylight Saving Time will be here, and we spring forward one hour. Get to

Sunday School and church services one hour earlier than usual.

Monday, May 1, the Associational Vacation Bible

School Clinic will be held in the First Baptist Church in Lockney, beginning at 10 o'clock a.m., going through 2:30 p.m. Please attend and find you a place in Vacation Bible School work, as more volunteers are needed to fill places.

Sunday, April 30, there will be a TANE speaker at the South Plains Baptist Church for morning service at 11:00 a.m. He is Rev. J. O. Scheer, from Odessa.

We extend our heart felt sympathy to Mr. and Mrs. Tillman Powell and Mr. and Mrs. Fletcher Powell and their families in the untimely death of a nephew, Roger Powell 28, of Clovis, New Mexico, who was killed about 3 a.m. Thursday morning near Albuquerque, New Mexico, in a head on collision of two trucks. Roger was taking the place of a regular driver when the tragedy occurred. Services were held at the Funeral Home in Clovis, Friday at 4:00 p.m. All the Powell families attended the services.

Mrs. Ethel Powell from Van Alstyne flew from Dallas Friday for the funeral of Roger and she is spending the week here with Mr. and

Mrs. Tillman Powell. She is the mother of Tillman and Fletcher Powell. Mr. and Mrs. Karl Craig of Lubbock with their children, Shelley, Wanda and Rance came Sunday to spend the day and have dinner and supper with her parents. Mr. and Mrs. Raymond Upton. All attended morning services at the South Plains Baptist Church.

Sixth grade students of South Plains School enjoyed a visit to Floydada Junior High last Monday. They were taken on a tour of the school by Principal Alldredge and received a folder with rules they are to adhere next year. They saw Junior High's one Act that was given in U. I. L. competition, and enjoyed it along with Dougherty and Floydada students. Those who went from here were Junior Gonzales, Ricky Alvarez, Pam Powell, Renee Mulder, Mitzi Julian and Cindy Marble with Mrs. Jean Yates.

Mrs. Prof Patrick, mother of Mrs. Royce Bethel, was hospitalized in Central Plains Hospital last week and went home Thursday to Quitaque.

C. W. Ramsey, father of Bobby Ramsey of South Plains, has been suffering with a foot ailment the past two weeks.

Rev. and Mrs. W. Fred Blake went to Crosbyton Tuesday night to attend the Caprock Associational church meeting held at the First Baptist Church.

Mr. and Mrs. Nathan Johnson went to Floydada on Sunday, April 16th, where they attended the golden wedding reception honoring Mr. and Mrs. Tate Jones, held in the Wall Street parlor of the First Baptist Church.

Women of the South Plains Baptist Church met at the church Wednesday afternoon at 2:30 p.m. for Bible study. Mrs. Fred Blake was leader of the program on "Growing in Truth and Honesty." Mrs. Mamie Wood, Mrs. Tillman Powell and Mrs. Murray Julian discussed the breakdown of truth and honesty in our country, and prayers were said for leaders, and heads of state and country that the trend might change for the better. Mrs. Powell brought the Calander of Prayer for missionaries who have birthdays on this date, and gave this prayer.

Mr. and Mrs. Early Pritchett arrived home Saturday from Clouderoft, New Mexico where she had spent several weeks, and Early had been a few days. Prayer meeting time at the South Plains Baptist Church has been changed to 7:30 p.m. on Wednesday night, for the time being. The meeting time has been at 7:00 for several months.

Fifth and sixth grade children with their teacher, Mrs. Jean Yates, and Mrs. Kendis Julian went to Floydada Monday morning to welcome the Governor of Texas and his wife. The children got to shake Governor Dolph and Mrs. Briscoe's hands and the governor spoke to the assembled

group. Fifth graders in the class are Ruben Gonzalez, Bill Staples, Meredith Kitchens and Amy Arredondo. Sixth graders getting to see Texas' First Family were Junior Gonzalez, Ricky Alvarez, Pam Powell, Renee Mulder, Mitzi Julian and Cindy Marble.

Mrs. Frank McClure remains in Central Plains Hospital in Plainview, and this Monday has been there five weeks. Frank is staying at the hospital with her.

George Weast is still in Central Plains Hospital as well, but he hopes to get to come home this week, if he continues to get along well.

Melissa Horne, daughter of the Ted Hornes of Plainview, and granddaughter of Mr. and Mrs. Sylvain Kinnibrugh, underwent a tonsillectomy at Central Plains Hospital Monday morning, having gone into the hospital Sunday afternoon. She is doing well and may get to go to her home Tuesday.

Mr. and Mrs. Frank McClure's granddaughter, Mrs. Jeff Messer of Quail, where her husband is pastor at the Baptist Church, has been in Shamrock in the hospital the past week. She is home and doing well at this time.

This is how FOSTER WHALEY and his wife, Lois, farmed over 1,800 acres of farm & ranch land last year by themselves.

"FOSTER WHALEY used this 16 hour day and conservative approach to be recognized as one of the top ten county agricultural agents in the nation in 1967. I knew him when he started from scratch in 1949. He has been the prime mover in the development of our two most important products in Northwest Texas. These two being our youth and our agriculture. He is an achiever in community affairs. He has the experience and background to give us the kind of legislator this area needs," So says Leo Forrest, retired Manager of the Deaf Smith Electric Cooperative, Inc.

Foster & Lois have leased out much of their farming interests so they can devote the necessary time to the duties of State Representative.

FOSTER WHALEY will use this 16 hour day and conservative approach to become one of Texas best legislators in representing this District.

Many communities consider themselves real winners because they have an active, properly functioning airport

and all the benefits that includes.

One thing they can win, say experts at the National Business Aircraft Association, Inc., is a better chance to grow and prosper. Airports pay taxes (if they are not so steep as to put the airport out of business), provide jobs for people in the community and customers for local merchants.

Places that have airports also win reassurance against isolation, the availability of quick emergency medical transport and the potential for quick shipment of cargo, including food and medicine.

## Followers At Lockney Baptist Church Saturday

The Followers, a musical evangelistic group, will sing at the Lockney First Baptist Church Saturday, April 29, at 7:30 p.m. Everyone is welcome to attend, according to the Rev. John Jenkins, pastor of the church.

### THE FOLLOWERS

Over 15 years ago in a revival in Fort Worth, Texas came a burning desire which molded a family into an evangelistic group known as The Followers. Their intent to win lost souls to Christ as well as strengthen the lives of Christians through testimony and song is still growing each day.

The family group which is now active in The Followers include the oldest son, Larry Sinclair. Not only does he sing in the group, but also shares his testimony and does scriptural, lighted chalk drawings. Terry Sinclair, Larry's younger brother, surrendered to full-time music evangelism after being involved with full-time music teaching, choral work, and professional singing. Terry's wife, Mona, also surrendered to full-time evangelism after a career in teaching public school music. Adding his talent to the group is Larry's oldest son, Tony. He sings and adds instrumentation on the bass guitar. Rounding out the vocal sound of the group is Ollie Mears, singing bass. Ollie, along with Terry and Mona, studies voice in college, and ties together the smooth, quality sound of The Followers. Accompanying them on the piano is Dennis Warner. Raised in Oklahoma Dennis has studied voice and piano for years including attending the Southwestern Theological Seminary.

Altogether The Followers have one intent in mind, spreading the Gospel of Jesus Christ through word and song. In 1977 alone they sang in over 250 churches, in services and revivals, as well as many concerts, schools, and city auditoriums all over the United States. They have also made several radio and television appearances including their one-hour T. V. Special for cable T. V., involving their Christian Music School held every summer in Fort Worth, Texas.

Over all, The Followers have gained the recognition of their music and testimony by many well respected pastors, church leaders and evangelists in our country today.

**PSYCHOLOGY**

Many experts on child behavior say that young people are more likely to grow up self-reliant if they spend more time with peers than with parents. Many parents find that sending their children to full-time, private, sleep-away camps is a good way to ensure this.

**FLOYD COUNTY NOXIOUS WEED CONTROL DISTRICT ATTENTION ALL FARMERS**

Due to increased cost of operation, effective May 1, 1978 the FLOYD COUNTY NOXIOUS WEED CONTROL DISTRICT will add a minimum service charge of \$5.00, afterwards the service charge will be \$5.00 per acre. THE FLOYD COUNTY NOXIOUS WEED CONTROL DISTRICT was founded in 1957. Since that time there has been no increase in revenue to support the District. We regret the addition of this service charge, but it is absolutely necessary for the continued operation of your WEED CONTROL DISTRICT. In a recent meeting of the Board of DIRECTORS of the FLOYD COUNTY NOXIOUS WEED CONTROL DISTRICT voted unanimously to add this service charge. Other local WEED CONTROL DISTRICT are making a similar charge.
