Merchants Salute Fat Stock Show Board

Editor's Note: This feature is the 12th of a series about the most important organizations and boards in this community and county. The series is intended to be highly informative about the responsibilities of each board its goals, achievements, and the individual opinions of each board or council member.

There will be one feature a month for 13 months and the civic minded firms who sponsor this series are: Perry Brothers Inc. Oden Chevrolet-Olds, Inc., Dyson's Boot Shop, Solomon's Jewelry, Piggly Wiggly, City Auto, Inc., Quality Body Shop, Buddy's Food, Beall's Department Store, Thompson Pharmacy Mize TV, Collins Implement, Bishop-Ramsey Pharmacy, Dairy Queen, Adams Well Service, Baker Insurance Agency, Farm Bureau, Floydada Cooperative Gins, Floydada Real Estate & Insurance, Plainview Savings & Loans-Floydada Branch, Ponderosa Meat Co., Gilbreath Exxon, Wayne Russell Implement, Norrell Tractor Parts, and Martin & Company.

By Wendell Tooley
This month the salute goes to the men and women who work in the Floyd County Junior Livestock Show board. They not only put in a hard week's work in the spring of the year when the

show comes off, but meet during the year to make plans for the next show. The show is one of the smoothest running and one of the biggest in this part of the state. This year 407 animals were weighed in...50 steers, 176 lambs, 181 barrows. The show is staged each year to encourage boys and girls in learning the livestock business, as well as how to be showmen. 4-H and FFA boys and girls keep records on profits and losses, enjoy a good experience of working with their advisors, their parents and the fat stock show board.

MERCHANTS SUPPORT
The keen interest Floyd County merchants have in the success of the show is evident in the thousands of dollars of prize money donated each year. Many individuals also donate to the premiums.

Money-wise, the auction sale each year on Wednesday is big. Over \$85,000 were paid to the young showmen this year in floor bids, premium and auction money.

No doubt about it, the show is the big event of the year in Floyd County and highly successful because of the men and women who devote long hours of hard work to see that rules are followed, schedules maintained, and improvements made every year.

Farm Folk Attend American Agriculture Meeting In Oklahoma

Louis Reddy, Connie Bearden, Arnold Schwertner and Grace Ashley joined area farmers on a chartered bus and attended the national meeting of American Agriculture in Oklahoma City Monday.

Out of the meeting came the following resolutions:

Resolved that A.A.M. continue to keep a national office in Washington and keep pressure on Congress to pass legislation that bears merit to A.A.M. in keeping with five points.

Whereas A.A.M. has expended much time, effort and money in an extensive parity lobby effort in Washington and whereas the Congress of the United States of America ignored this effort, now therefore be it resolved that A.A.M. accept the discipline of self sufficiency. Be it further resolved that the National Body of A.A.M. request its individual members to pledge commodity by commodity not to sell that commodity for less than 100% parity. Such pledge will be null and void if less than 60% of the production of that commodity is pledged.

Resolved to appoint a committee to investigate our constitutional rights and possible legal action that can be taken from the stand point of civil rights and price fixing by the federal government as well as other handlers of our commodities.

Resolved it is our goal to have 100% parity.

-We need a national economic bill. This bill must be developed by national consumer, labor and political leaders along with A.A.M.

-These leaders will have to be educated to the necessity and end results of 100% parity.

-It will take a nationally recognized person or persons to get credibility with the leaders and the people.

-After a bill is written - get ready to introduce by both sides of the aisle.

-Start mass education with telethons, talk show, etc. (visual aides)

-Be prepared with labor and A.A.M. to put pressure on Congress for 2/3 vote.

Resolved that as a prime prerequisite for qualification a national delegate be required to verify that he or she receives 90% of his or her gross income from active farming.

Resolved that we will continue discussion of methods of structuring of funds and methods of handling funds.

Resolved to urge all sympathetic with A.A.M. to explore gasahol (grain alcohol 10%) that has been suppressed by major fuel interests which influence the present Administration.

Solves dollar loss and devaluation of U.S. Clean air - virtually solves big city pollution. Stabilizes national economy including farmers could produce 100% crop and not meet 10% of U.S. needs.

Resolve to impress other agriculture organizations join us in our efforts that we as an organization unite nationwide to bring pressure by either withholding dues, check-off monies or whatever other financial support they receive from us as individual farmers and ranchers.

Resolved that A.A.M. shall seek and

promote the defeat of those senators and congressman who do not support our goals of a strong agriculture bill to guarantee a sound future for the family farm and our country.

Whereas the need to continue lobbying in Washington has been recognized, be it resolved that each state active in A.A.M. plan to keep a delegation of its state people in Washington at all times when the Congress is in session and that these individuals assist on a

rotating basis in staffing the national strike office in Washington and that in particular, provisions be made to maintain a regular flow of information pertaining to A.A.M. concerns from the Washington office to the national media center and to all state offices. Further, be it resolved that we continue to lobby in Washington with actual farm people and not paid lobbyists.

EMT Pledges Support For Ambulance Service

In a meeting at Lighthouse Electric Thursday night some 30 individuals entered into a lengthy discussion about the future of the ambulance service which is now owned and operated by Caprock Hospital.

President of the hospital board Doyle Walls assured the people present that the hospital would continue to operate the service although it was operating at a large deficit.

The replacement of the worn out ambulance was one of the big topics of discussion. Walls said about \$19,000 had been set aside and was making interest for the purchase of a new ambulance. Walls said the hospital board discussed purchase of a new ambulance at its Thursday night board meeting during which time two bids were reviewed, also one ambulance representative was present for the discussion. After viewing the bids it was noted the ambulance fund would need another \$3,000 for the purchase. It is hoped by the board that this

amount could be acquired as soon as possible.

Judge J. K. Holmes represented the county, Wayne Russell the city council. Both organizations contribute monthly to the support of the ambulance service.

Roger Mitchell from the Texas Department of Health Resources, emergency medical service division, was also present.

Paul Westbrook of the Floydada Nursing Home said the ambulance service was very important for his business and complimented the Emergency Medical Technicians for a good job in operating the emergency ambulance service.

Tom Simmons gave \$100 donation to the ambulance fund and anyone wanting to contribute to the fund may do so at the hospital office or to a member of the board. Aldine Williams and William Bertrand, both members of the hospital board were present.

Considerable discussion centered around the problems of only collecting about 50% of charges billed out for ambulance service.

The meeting wound up with most everyone expressing satisfaction with the service the way it now operates, except for the need of a new ambulance. Estimates of cost for a new ambulance were voiced from \$21,000 to \$30,000.

YOU KNOW A MAN BY THE FRIENDS HE MAKES —AND KEEPS

Dolph Briscoe was born and raised in Uvalde County. He has lived there all his life, worked with the people of his community, and been a leading rancher and businessman for many years. He and his wife, Janey, raised their three children in Uvalde and sent them to school there.

What do his neighbors, of all creeds and colors, think about Dolph Briscoe?

In 1972 and again in 1974 they gave him more than 90% of their vote for Governor.

In 1978 they are backing him strongly again.

That tells you something about Dolph Briscoe as a good neighbor—and a good Governor.

Girl Scout Review Held

Four Girl Scouts went before the board of review Wednesday, April 26th. The four are Pamela Lipham, Debra Allen, Margie Cuevas and Vicki Keener. The board of review precedes the awarding of First Rank of First Class Girl Scouts which will be held in May.

On the board of review were Mrs. Dewey Parson, Mrs. James Spurlock, Mrs. Jerry Finley and Mrs. Gary Pate.

Mrs. Phillips organized the club in June of 1975 and served as president for two successive years meeting at Lighthouse Electric once a month.

Mrs. Phillips is a retired school teacher of 52 years. On retiring she received a golden bell from the State Department congratulating her for services rendered in the teaching profession.

She also taught juniors in Sunday School for 40 years, then was drafted to teach senior women which she is still doing.

Mrs. Phillips serves as senior advocate for Floyd County which gives her the opportunities to aid the aging in housing, welfare, social security, transportation and referral work.

Carl Plumlee was elected to represent the outstanding man for services rendered to Floyd and joining counties for 1978. More than a year ago he was appointed advisory counselor over a 15 county area, by Betty Shannon, project director of South Plains. In the function of this work he spends much time traveling, and preservation is required to make all the meetings.

Mr. Plumlee served as Floyd County commissioner overseeing roads for six years, and as commissioner in the court for 30 years. His influence with the commissioners court had aided the transportation of the mini bus in securing funds to cover the taxes, tires, and gasoline for Floyd County's bus.

Since the Senior club has moved to 301 E. Georgia he has been the promoter of repairman, painting, building tables, and securing the sign for the club. His work for the club is unnumberable. His pleasing personality reaches out to Senior Citizens' in such a way that he was able to secure volunteer help from Green Thumb workers and others in repairing the club house. He has been the problem solver for the Senior citizens' club since its founding.

The beginning of Senior Citizens was slow, starting with no funds. Lighthouse Electric offered their meeting room to them and Kathy Green at the Community Center lent a helping hand. The organization grew however in time and later was able to raise enough funds to purchase a former church building at 301 East Georgia. They moved in several months ago and now have a membership of 50 people with visitors attending regularly.

The Center is open five days each week offering recreation, quilting, Bible study, exercises and other activities.

Alpha Mu Delta Founders Day

Members of the Alpha Mu Delta Chapter of Beta Sigma Phi met to celebrate the 47th Anniversary of Beta Sigma Phi, Thursday, April 27, at the First National Community Room.

The Ritual of Jewels was held first, installing 6 new members into the chapter. They were Pat Cates, LuAnn Collins, Julie Hickerson, Daphna Simpson, Brenda Leonard, and Diana Gross.

Vickie Latta offered the blessing before a salad supper prepared by the team which sold the least amount of items on the Christmas packet sales in December.

The banquet table was covered with daisy tablecloths and beautifully decorated with candelabras, flanked by greenery and an arrangement of yellow roses

(the official flower of Beta Sigma Phi) at the head table. At each girls place was a program, the cover designed by Julie Hickerson with gold torches on a black background. Ilene Kendrick prepared the programs, including highlights and events of the night.

To begin the program Kaye Powell led the girls in singing the National Anthem, and Brenda Watson, president, led them in the opening ritual.

After welcoming everyone, Brenda Watson turned the program over to Vickie Allen who told of the highlights of Alpha Mu Delta this last year.

Entertainment was presented by Kaye Powell as she played "Light Another Torch" and "Song of Friendship" on her flute.

JoAnn Patterson led the girls in the "Founder's Day Pledge," which was followed by a message from International.

Ilene Kendrick read this

message from Bill Ross, which included the theme for next year, "Seek New Horizons." At this time Brenda Watson revealed the traveling plaques which have been added, to be presented to all award winners. The plaques include all past winners of Alpha Mu Delta and the new winner. This year's winner will keep the plaque until awards are presented next year at Founder's Day. The "Girl of the Year" award is one presented to the girl giving her best to the sorority, through the eyes of her fellow members. Brenda Watson presented this award to Ilene Kendrick, 1977-78 winner. Donna Henderson, vice-president and membership chairman then presented the "Pledge of the Year Award" to Pat Cates. Pat was chosen by the members as the Pledge giving her most to learn about Beta Sigma Phi and become an asset to the Chapter. "Program of the Year Award" was presented by Lynn Dancy, chapter president, to Kaye Powell, who was voted best program. Vickie Allen presented the "Heart of the Chapter" award to Kaye Powell for her traveling plaques. The program was presented by the new officers and staff led by Kaye Powell.

El Progreso Meets

"Fear not that your life shall come to an end, but rather fear that it shall never have a beginning" by Wilfred A. Patterson, was the feeling of the members of the El Progreso Study

Club if they had not been in the home of Jeanette Marr for a travelogue of England given by LaVerna Sams, Wednesday, April 26, 1978. Delicious refreshments of sausage balls, cookies, coffee and punch were served to nineteen members.

In a business session presided over by president Juanita Jenkins, three new members were welcomed to the club membership. Roll call was answered by many interesting facts about various states. The final meeting of the club year was announced to be a salad luncheon in the home of Dorothy Smith, May 13, 1978.

LaVerna Sams, with her sister Ruth, has spent several weeks in England as a guest of a nephew and his family. She gave a most interesting account of her trip to various tourist attractions in and around London. Especially interesting were visits she had to several homes for tea and being able to visit with English

women.

A tour through the home and grounds of Winston Churchill was the highlight of the trip. The Easter holidays was spent in Paris. As a result of an unfortunate accident her sister had to remain in an England hospital two weeks and Mrs. Sams had to come home alone, but found everybody most helpful.

Those present for the delightful meeting were Juanita Jenkins, LaVerna Sams, Dimon Schacht, Faye Ferguson, Ann Brock, Cornelia Johnson, Bobby Kellison, Josie Taylor, Anna Dell Quebe, Polly Gilbert, Kathryn Ball, Alice Mitchell, Dorothy Smith, Marie Brock, Arla Copeland, Hazel Johnson, Pauline Sams, Faye Holmes and Jeanette Marr.

Mrs. Ruth Trapp reported on the crepes luncheon which was a great success in attendance as well as a pleasant change from everyday foods.

Nominees to council as delegates to the T.H.D.A. State meeting are Mrs. Lillian Smith and Mrs. Ruth Trapp. Mrs. Dovie Rushing will receive honors as a 50 year member.

Mrs. Norrell, recreation chairman, led in exercises that help in blood circulation.

Mrs. Blanch Williams gave the program "Choosing material for floors and walls." Choosing material for quality and beauty shows you care enough to buy the best for your home. Be sure to choose the right material for walls or floors to receive the best service in each room.

We thank Mrs. Mac Willson for conducting a training meeting for our program leaders.

Refreshments were served by hostess to Mmes. Ruby Evans, Inije Walker, Blanch Williams, Dovie Rushing, Frances McClure, Lillian Smith, Ruth Trapp and Mattie Norrell.

Next meeting will be May 9.

VA NEWS

Students may not be any more mobile than other people, but it seems so when you are mailing checks to some one million of them monthly, Jack Coker, Director of the VA Regional Office in Waco, says.

Some 160,000 GI Bill students filed change of addresses with VA last month and VA computer programmers are happy about it. It's those who failed to notify the agency after a move that Coker worries about.

"A late check can be disastrous to a veteran-student's budget," Coker said. "The risk of missing a check can be avoided with a change of address notice." "Students who move,"

Coker said, "and alert their VA on-campus reps or local VA office will get their checks at the new address."

The biggest problem in misdirected checks come at the end of a semester. For example, if the semester ends in May, the student may leave campus before his check arrives. A change of address notices can solve this problem.

VA takes pride in its overall record of getting benefits to the right person, at the right time, at the right place, according to Coker.

"Veterans can help us trim our mistakes," Coker said.

Confederate Memorial Day Held In Childress

The Childress Chapter #1845 of The United Daughters of The Confederacy and Sarah Elizabeth Underwood chapter #670 of Children of Confederacy commemorated Confederate Memorial Day, April 26th, with a beautiful memorial program at the Calvary Baptist Church Sunday, April 23rd. The program was dedicated to the Confederate ancestors "Who Fought For The Things in which They Believed."

Whether known or unknown to fame, they died and wore The Gray." Boone Adams, member of Sons of Confederate Veterans Camp, Floydada gave the invocation. Pledge of Allegiance to U.S. Flag was led by Miss Maudie Coffee; salute to Confederate Flag by Heather Efrid; salute to Texas Flag by Mrs. George Finley. Greetings were extended by Miss Roijon Adams, president of Sarah Elizabeth Underwood Chapter of Children of Confederacy and by Miss Tops Gilreath, president of Childress Chapter of United Daughters of Confederacy.

A playlet "Discovery at Gettysburg" was presented by pupils of sixth grade Jr. high school: Karen Quisenberry, Scott Court, Sarah Henley, Kim Shanks, Alva Massey, Lenna Lowrance, Shawn Garrison, and the announcer Stacy Holtman. The Honorable Harper Knight, judge of Childress County, was introduced by Mrs. L.L. Baker. Judge Knight gave a very inspiring talk to the group and some interesting facts about the federal government gaining inroads into our local communities, counties and state. He advised if people ask for federal monies, the federal government is going to control said money; the judge advised those listening to vote when there was an issue to be voted on and gave some statistics about the apathy of Americans and local counties in going to the polls.

Judge Knight urged the U.D.C. Chapters and local women to use their influence in putting over good measures and defeating others. He encouraged women to write letters, send telegrams and to talk with congressmen and senators about political issues. It was the opinion of Judge Knight that local organizations composed of women as the U.D.C. could exercise much influence if pressure were put on officials.

Mr. and Mrs. George Finley, Floydada, rendered a beautiful old song of the Southern Army "Dear Mother I have Come Home To Die". Miss Roijon Adams was the accompanist. "The Drummer Boy" was played by Kody Hardin dressed in Confederate suit, while Jacky Don Martin of Lakeview played the violin and Mrs. Ruth Ann Shaefer played the accompanist. "The Yellow Rose of Texas" was also rendered.

Mrs. B.B. Martin acted the part of the grandfather telling his story to his grandson played by LeAnn Efrid in "When Grandfather Followed Lee". The narration was given by Mrs. C.O. Bodine and the finale was a poem by LeAnn.

In memoriam to Mrs. M.H. Turner (nee Edith Myrtle May) who died August 2, 2977, Mrs. L.L. Baker presented the heroic story of Emma Sanson, the Alabama

girl who when the bridge on Black River had been burned by the Yankees mounted behind General Nathan B. Forrest and showed him a foard where his command crossed. He pursued and captured that enemy and saved the city of Rome, Georgia. Then Mrs. C. E. Voyles read the resolution of respect to Mrs. Turner and a wreath of flowers was placed in her memory by Heather Efrid and then read a poem of memoriam.

Roll call of United Confederates of Joseph E. Johnston Camp No. 259, organized June 4th, 1892, Childress, Texas, was made by president of Childress Chapter in absence of Sharon Steelman. The roll of the thirty-six Confederate veterans who organized the camp was called to honor the memory of all Confederates in the U.C.V. Camp.

As each name was called by the chapter president a Confederate battle flag was removed from a container by Heather Efrid and handed to the color guard to the mem-

ory of the departed soldier and in honor of the one hundred-four Confederate soldiers in the Childress, Tell, Kirkland, Newlin, Dodson and Olympus Cemeteries. Wreaths were placed by Mrs. C.V. Johnson and Miss Maudie Coffee in memory of the Gray soldiers. Mrs. Ray Russell, accompan-

"Let's Keep The Government (At All Levels) Out Of The Cattle Business"

SAYS FOSTER WHALEY
Democratic Candidate For State Representative

MATURITY OF JUDGMENT A PROVEN RECORD OF ACCOMPLISHMENTS

FOSTER WHALEY as County Agricultural Agent used his boots on a couple of bureaucrats; one tried to close down a cotton gin, the other tried to sell compulsory soil and water conservation to the local soil conservation district.

FOSTER WHALEY was the first to alert Texas' major farm organizations of this statewide effort. He wrote the resolution for his local farm organization's opposing compulsory soil and water conservation.

IN THE PEN ABOVE, Foster Whaley hedged the first cattle ever hedged in Gray County, and among the first ever hedged south of the Canadian River. He then taught this technique to thousands of feedlot managers, cattle feeders, farmers and 4-H members. Many 4-H members attended college on profits they earned from his help.

FOSTER WHALEY, as State Representative, will continue to boot any bureaucrat in State Government who gets over zealous in regulating our industries, organizations and agriculture.

Floydada Baptist Church Library NEWS & REVIEWS

Tim LaHaye is the author of a popular book entitled SPIRIT-CONTROLLED TEMPERAMENT. He discusses the mixture of weaknesses and strengths that make up each person and suggests ways to fortify the strengths and minimize the weaknesses. Dr. LaHaye states that temperament is the combination of inborn traits that subconsciously affects man's behavior. He says that many are acting a part today on the basis of what they think a person should be, rather than what they really are. Understanding one's inherited temperament is the first step in changing that temperament for the better. Chapter three introduces the four temperaments Sparky Sanguine, Rocky Choleric, Maestro Melancholy and Flip Phlegmatic. Dr. LaHaye gives a psychological profile of the different personality types and then expresses with Biblical references and personal experience the belief that God's Spirit can release an individual from a life of anger, fear, depression, indecisiveness, instability, and restlessness; giving a new freedom of peace, purpose, self-control, and dignity. Those of you who have read another of his books, HOW TO WIN OVER DEPRESSION, will certainly want to add this to your reading list.

Two books of particular interest to men are GARY PLAYER, WORLD GOLFER and PUT YOUR BEST FOOT FORWARD by Michael Speer. PUT YOUR BEST FOOT FORWARD is a guide for men on how to dress with tips on grooming, physical fitness, and other related subjects. There have been many books of this kind written for women but very few for men. If you have wondered when trying on clothes, whether they fit properly, there is a chapter entitled "Suit Yourself" which tells how to examine the fit of pants, vest and coat.

Godfrey Speaks To Floydada Lions

U.S. Congressman Fike Godfrey spoke to the subject of "Get Back To America" to a group of about 75 members of the Floydada Lions Club at a luncheon here last night.

Godfrey, who has visited 77 countries in the past 7 years, said he has made many trips to every kind of Government known to man.

When we get back home we are always convinced that we are in America still have the best country in the world. If we can keep it.

During the past 7 years I have made many trips to Washington to work on legislative matters and federal agency regulations. In testifying before the Congress and the Washington agencies and in our related work on these issues I have been disturbed and worried by what I have seen and heard.

We have seen and heard a growing number of people and organizations working to change our systems of government to a system that has failed everywhere it has been tried...Socialism.

We have seen these people doing this by moving America away from the basics. The basics of our democratic system that has made America great.

America needs to get back to the basics. The basics of the Declaration of Independence and the Constitution. We have won with these basics and we can continue to win with them if we stay with them.

There are practiced in the world today only two basic different economic systems by nations. They are free enterprise and socialism.

What is the American Free Enterprise System? The West Texas Chamber of Commerce has defined it as: A system that must be honorable to succeed, it re-

wards hard work, encourages the profit incentive that built an American Economy which has given an unexcelled standard of living to Americans, requires a government that exists to serve, not to rule, puts personal liberty and freedom of choice as an inalienable human right and believes that pride in my country, and love for it, can never become old fashioned.

In America, Free Enterprise has been a success for 200 years and 200 Years of Success Can't Be Wrong.

The American Free Enterprise System's heart and soul is the fact of "individual Americans personal and economic freedom."

Individuality is the keynote of the free enterprise system. The margin between what we can do, and what we actually do, is so great that a system that urges us on to action and helps us to develop our own individual enterprise and initiative is preferable to any alternative. No other system offers a better alternative.

the power of government. But today, at the pinnacle of its success, Free Enterprise has its back to the wall. It seems as though many Americans—the sponsors of National Economic Planning prominently among them—have lost faith in the economic system that has made us more free and more prosperous than any other people on the face of the earth.

More than half of the economic activity in the entire history of man has taken place under American auspices, and most of that in this century!

This is the nation people all over the world long to come to!

The only alternative to free enterprise is government ownership, you can call that socialism, or National Economic Planning.

Some people regard private enterprise as a predatory tiger to be shot. Others look on it as a cow they can milk. Not enough people see it as a healthy horse pulling a wagon loaded with all the people of this nation.

Fike Godfrey

Many people have found this exciting new way to be heard has inspired them to express their opinions more and to form more opinions to express, and so to become more interesting.

THE FOUNDERS OF OUR COUNTRY FAVORED FREE ENTERPRISE

1976 was also the 200th anniversary of the publication of the *Wealth of Nations* by the Scottish economist Adam Smith.

In *Wealth of Nations*, Smith sparked a revolution in economic theory which is still benefiting the world. At the core was Smith's "system of natural liberty," which Karl Marx later called "capitalism" and which we call "free enterprise."

Smith said the well-being of society is best promoted by leaving people free to promote their individual welfare in the ways they considered best. The nation as a whole would prosper as each individual within it works to increase his own wealth.

This nation's Founding Fathers wholeheartedly shared Smith's views.

They purposely set out to protect the right to life, liberty and property from their principal oppressor—

MY PLEDGE:
NO TEXAS INCOME TAX
NO NEW TAXES AT ALL

Dolph Briscoe
GOVERNOR

Date: April 15, 1978

the BRISCOE record

- ☆ Dolph Briscoe became governor a little more than five years ago, and shortly thereafter, the Texas Boom began. During the Briscoe years, the income of the average Texan has risen 52 percent.
- ☆ Before coming to office, Governor Briscoe promised improved Government services without a penny's increase in the taxes Texans pay. It was a promise he had the know-how and skill to keep.
- without raising taxes,**
Governor Briscoe increased public school spending by \$3 Billion. The result: improved vocational, technical and bi-lingual education.
- without raising taxes,**
Governor Briscoe found the money to expand programs for the aging by 200 percent.
- without raising taxes,**
Governor Briscoe was able to increase medical education funding by 250 percent.
- without raising taxes,**
Governor Briscoe increased the amount of money devoted to the care of the mentally ill and retarded by 174 percent.
- without raising taxes,**
even the Texas gasoline tax — which is still the lowest in the Nation — Governor Briscoe funded the first long-range highway program in the State in 22 years.
- without raising taxes,**
Governor Briscoe established a comprehensive anti-crime program aimed at violent, habitual criminals.
- ☆ The Governor's record is a reflection of Dolph Briscoe's philosophy of government, which is built around a central, unshakeable tenet: government's job is to serve citizens without intruding unduly into their lives and pocketbooks.

DEAR DR. GRAHAM: I have become fascinated with the subject of reincarnation. Why are people like you so opposed to this idea? — I. F.

DEAR I. F.: As a Christian I take my stand on what God has revealed about life after death in the Bible. I therefore reject reincarnation, because it is clearly rejected by the Bible, God's Word.

What does the Bible teach? It tells us that we have been created by God, and He has placed us on this earth. It also tells us we only have one life, and after this life is over there will never be a second chance to prepare ourselves for eternal life. Instead, we will be brought before God for judgment.

The Bible says, "And as it is appointed unto men once to die, but after this the judgment" (Hebrews 9:27). God told Ad-

am and Eve, "For dust thou art, to dust shalt thou return" (Genesis 3:19). There is not one passage of Scripture that gives any support to the theory of reincarnation.

I wonder if you have asked why you are fascinated by this. Perhaps it is because you have a deep yearning for eternal life and do not deserve it. You hope that in other lives you will get nearer to God. Whatever you, and He wants you to be with Him through Jesus Christ. He loves you so much that He might deliver us from this world, according to the will of our Father" (Galatians 1:4). I receive a rich welcome into the kingdom of our Lord and Savior Christ" (2 Peter 1:11, New Version).

Charity Begins At Home

It's going to be easier than ever to help in the fight against a killer disease.

More than 30,000 real estate brokers across the country are joining a massive home-to-home fund raising campaign—"A Day in May for MDA," for the "Fight Against Muscular Dystrophy" on Sunday, May 7th from 1 to 5 p.m. This gives you a chance to join the fight right at your door.

SAFETY CORNER

INSTRUCT FARM HELP
Good instructions to those that work on your farm or ranch—your own family or hired hands—can pay big safety dividends. Train new workers so they will learn the job and the proper method of doing it. Four steps in instructions—(1) Put worker through a safety course, (2) demonstrate the job, (3) have the worker repeat the steps and (4) follow up on performance. Have workers study operator manuals and equipment they will run.

SAFETY TIP

Wool is a factor to be considered in the type of clothing to be installed in your home. Wool, either fiber or wool, is incorporated in many types of clothing. How it is used in facings, linings and blankets should be considered in your selection.

a letter to the President

The following letter was sent to President Carter earlier this year:

Pampa, Texas
March 6, 1978

President Jimmy Carter
The White House
Washington, D.C.

Dear Mr. President:

For over three decades the American farmers and ranchers have been the victims of a bi-partisan cheap food policy. Now double digit inflation caused by government has the American farmer on his knees.

I have some suggestions for immediate relief. Cost to the government would be insignificant.

Since we are the only surplus-producing nation in the world that does not have a central grain and agricultural products board to speak for the best interests of farmers, let's form one. Let's man it with farmer-appointed representatives for each of the commodities. Then work out trade agreements satisfactory to American agricultural interests. I see the need of appointing an agricultural trade expert in the State Department with full authority to erase some unbelievably bad trade agreements.

Today the Japanese government sells American wheat to the Japanese millers for a \$2.00 profit over their cost, while the American farmer is losing about this amount on each bushel he produces. This \$2.00 should be going into the pockets of American farmers with proper trade agreements. Wouldn't this help erase the seven billion dollars trade deficit we now have with Japan? Wouldn't it improve the value of our dollar abroad and steady a stock market that has the jitters?

We don't need new markets for our agricultural products as badly as we need higher prices. We sell well over fifty-five percent of all world grains. Why can't WE set the market instead of letting five major grain companies [some of which are foreign owned] do it for us?

Why do we allow European Common Market countries to send their foreign cars into our country for a 3% duty based on wholesale cost at point of manufacture, while they charge an import duty of 150% on a bushel of our wheat going into their country? As of January 17, 1978, import duties on a bushel of wheat was \$3.45. The farmer got \$2.25/bu and took a \$1.50 to \$2.00/bu. loss producing the wheat.

What benefit is a farmer-held grain reserve program that has as its goal dumping three hundred million bushels of wheat [1/2 year's U. S. needs] on the market...before wheat price had even hit the cost of production!

You have all the tools you need to make our farm products bring parity price in the world market. You could return from five to ten billion dollars more to this country to help erase the twenty-seven billion dollar trade deficit created by poor foreign trade negotiation. Sure, you will raise the price of a loaf of bread four cents in this country. But this seems like a small price to pay for such tremendous benefits to people that hold common stock, farmers, ranchers and laborers.

Erasing the world trade deficit will end the massive land and real estate purchases by such people as the Shah of Iran and Mercedes Benz people of Europe.

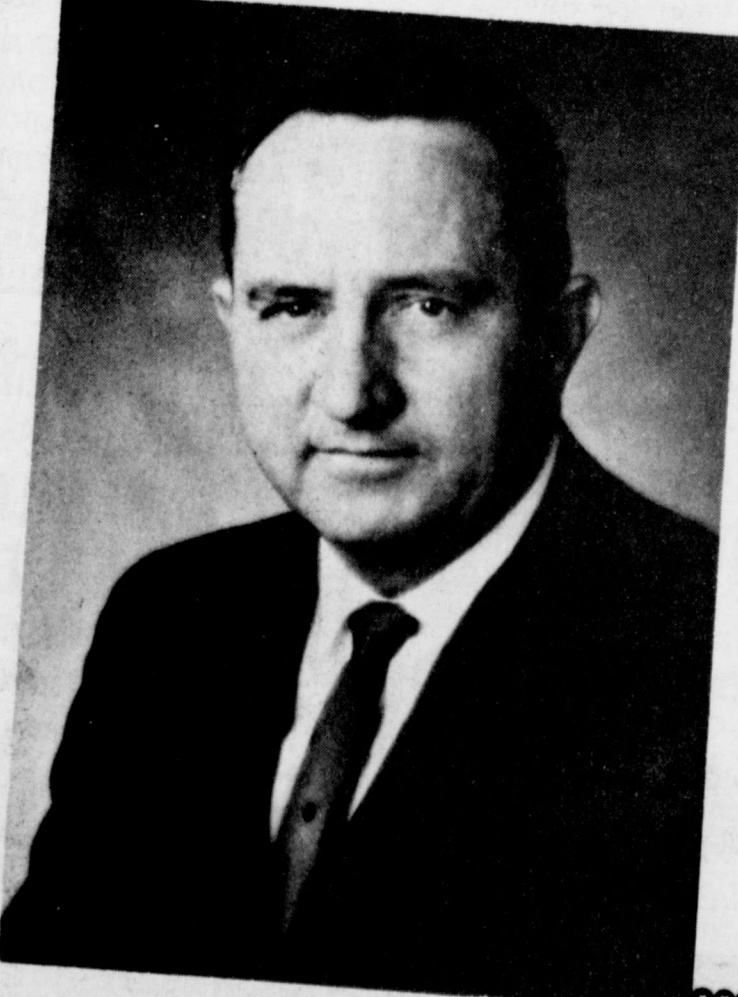

Mr. President, I've farmed and ranched most of my life. I served twenty-seven and one-half years as a county agricultural agent. Farmers and ranchers are in the most severe economic plight I've seen in my 57 years.

PLEASE HEAR THEM.

Sincerely,
Foster Whaley

By Mrs. J.E. Green

By Mrs. J.E. Green

April 25. It has been chilly today. A north wind and cloudy, but still no rain. Several of us from Calvary Baptist—the Adams,

Mrs. Owens, Bro. and Mrs. Mattox and myself attended the Workers' Conference at Crosbyton Tuesday evening of last week. It was such a good meeting. Mt. Blanco and this area were my

youthful "stomping ground" and I enjoyed seeing old friends as well.

The weekend revival at Calvary was also great. We are happy to have the Hollis Paynes resume their role as pastoral family. But we also hate to lose the Jack Mattox who have been our interum pastoral group for some six months, and are scheduled to leave soon for the great northwest. S. W. Oregon-as Home missionar-

ies. Our prayers and good wishes for their happiness and success in their new work go with them.

Mrs. C.M. Meredith, Mrs. Helen Patterson and Mrs. Helen Solomon drove to Dallas Thursday where they visited Mrs. Meredith's daughter and family as well as others. They returned home Monday.

Mrs. Meredith reports that her brother and wife, C.D. and Hope Rutledge of Weslaco, formerly of Center, have reached home after a stay in Houston where C.D. had heart surgery for the second time. He seems to be feeling fine.

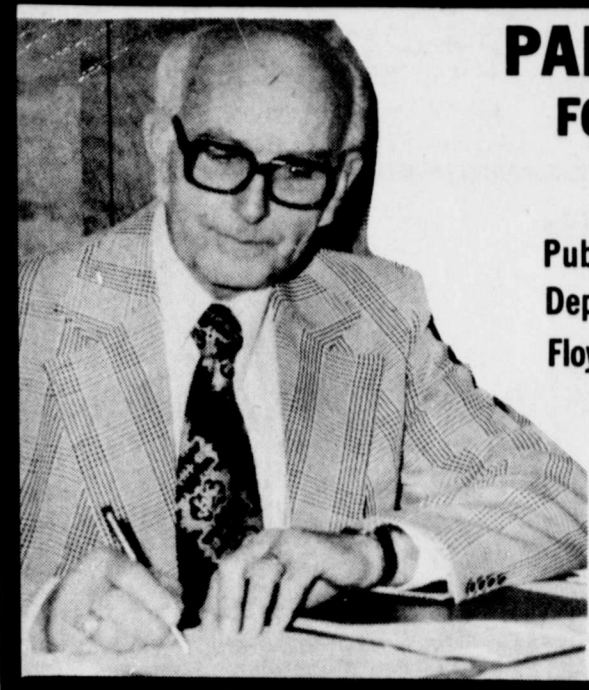

Mrs. Henry Brewer attended a Tupperware party Tuesday morning at the Mt. Blanco home of her daughter, Mrs. Millard Watson.

Irving Brewer and family of Lubbock were Sunday dinner guests of his parents, the Henry Brewers. A daughter from Crosbyton, Mrs. Fred McDougle and her daughter Sharon of Crosbyton came in the afternoon.

Mrs. Fred Battey visited Mrs. Marion Carpenter Friday afternoon.

Mrs. Green visited Mrs. Troy Leonard briefly Friday on the way home from the rest home and Mrs. Leona Bell awhile Saturday.

illustrates many different ways that water can be conserved.

The distribution of this comic book begins an educational program recently adopted by the board aimed at school children in the area. The first phase of the program is designed, through the use of the educational booklet to reach children in elementary grades four through six.

NEW EDUCATIONAL TOOL

Through the use of Chief Running Water's Story, teachers in area schools will have a new educational tool to aid them in presenting a basic knowledge of water conservation to their students.

In the comic book, Chief Running Water and his horse, Thunderhead, take two present day school children on a ride back in time to the dawn of history where the book explains how the Ogallala got its water and retains it in its subsurface "sponge" area.

Irrigation history is touched on and is covered from the early settlers' efforts, through the "dust-bowl" years and on up to today with its conservation practices. Such farm practices as contour plowing, bench-leveling, stubble mulching and using cotton burrs to help soil soak up and hold more water are briefly discussed.

The book introduces the students to the hydrologic cycle and brings information about city dwellers' use of

WARDENS INTERVIEW APPLICANTS

LUBBOCK - The Texas Parks and Wildlife Department is in the process of selecting the final 25 students that will be allowed to enroll next fall for the game warden school in Austin.

The P&WD accepted 1424 applicants for interview around the state April 11, 12, and 13. Lubbock region applicants numbered 107 with district supervisors and Regional Director Weldon Fromm chairing the screening review board.

Fromm said the three-year lag between schools and widespread publicity were the main reasons for the large number of applicants.

The backgrounds of the most highly recommended applicants will be thoroughly investigated, and the top 10 percent of each region will be brought to Austin for final interviews during June.

The five-month school to be conducted in Austin will consist of about 1,000 classrooms hours in law enforcement, hunter and water safety, disaster procedures, firearms training, public speaking, wildlife identification, and radio techniques.

Fromm said the next opportunity for anyone to apply for game warden training will be in July, 1979.

SOCIAL SECURITY

With all the talk nowadays about Social Security's financial problems, isn't SSI an added cost to the trust funds?

No. SSI payments are made from general revenue and not social security trust funds. The two programs are completely distinct.

water into the story by means of average gallons used for various activities. The main thrust of the book is at the conservation practices needed to insure that we will continue to have water for agricultural, business, industrial and recreational uses in the future.

BOOKLET DELIVERED

During the month of April members of the district staff delivered copies of Chief Running Water's Story to 25 schools in the district's service area.

Schools requesting copies of the booklet which have been delivered include: Amherst, Anton, Bledsoe, Crosbyton, Dimmitt, Friona, Hale Center, Hereford, Lubbock State

School, Morton, Oton, Paterburg, view, Ralls, Slaton, Spade, down, Tabaka, and Whitaker. All these booklets will be in classes before the current school year.

These books are distributed free of charge to those school districts in the Water District's service area. Other schools or individuals who receive copies of Chief Running Water's Story should contact the District Office, 2930 Avenue C, Lubbock, Texas 79405, for arrangements for distribution to be made.
