Jay Waller, Bobby West, and Kevin Turner placed in the Horse Team competition, and Mike Allen, Norman Allen, Kenny Willis, and Chris Fulton achieved 14th place in the rifle team category. The group was coached by Harvey Allen.

The 4-H members were accompanied on the trip by Mrs. Kenneth Broseh, Mr. and Mrs. Jerry Williams, Mr. and Mrs. Billy Turner, Mrs. Buster Terrell, Mrs. Virginia Taylor, Mrs. Violet Cooper, Harvey Allen, Sharon Hillis, Birch Lobban.

ADVENTURE DAYS AT FLOYD-METHODIST CHURCH

"Adventure Days" begin Tuesday at the Floydada Methodist Church and will continue each Tuesday through July 25.

Certified teachers will be in charge of youngsters from kindergarten through second grade age.

The charge is \$3.50 per child and the Tuesday schedule will run from 8:30 a.m. until 4 p.m.

Tuesday is also "Mother's Day Out" at the church.

Sheriff's Department Enforcing Law On Harrassing Phone Callers

Have you ever had your phone ring, pick up the receiver, and hear some obscene language.....or perhaps hear nothing. It may be that it will ring several times, and each time you say "hello" there is no response.....or perhaps only the sound of heavy breathing.

The penalty for this type of tele-

phone call harassment is 180 days in jail and/or \$1,000 fine.

This year the Floyd County Sheriff's office has investigated three telephone call complaints.

With Bell Telephone's new "tap system" it is not hard to trace the call immediately to the caller and the arrest can be made.

Plainview Bell Telephone executive Jim West says this type call has led to many arrests in Hereford and Plainview.

In next week's paper, more details from West's office will explain how the obscene caller's number is traced.

Special Fund To Supplement Boll Weevil Control

Floydada-Cotton producers in this area are being given an opportunity to join in a special effort to combat boll weevil damage to their crops.

The project will ensure additional insecticide treatments, as needed, beyond the applications which may be available through the regular Diapause Boll Weevil Control Program, Doyle G. Warren, Floyd County Extension agent said.

To provide the supplemental treatment for cotton in the established diapause control zone below the Cap-

rock 90 percent of all cotton producers in the control zone must agree to pay \$3 per land of cotton. The money must be paid by June 15 in order for the U.S. Department of Agriculture's Plant Protection and Quarantine agency to secure insecticide and contract for the application, if needed.

Plains Cotton Growers, Inc., has agreed to serve as the collection agency, as it has since 1964 for the diapause control program. This special fund is in addition to the 50 cents a bale collected for the diapause program. It

will be administered on the same basis as the regular funds, and used exclusively below the Caprock.

In this area, money for the special fund can be left at Quitaque, Texas, Warren said.

The special fund will be deposited in a bank account separate from any other account, Ed Dean, director of field services for PCG, said. If additional applications of insecticide aren't needed this season, the special funds shall be carried over for the same express purpose the following year.

If it is apparent by Nov. 1, 1979, that the funds will not be used by that season, they will be refunded to producers upon request.

If 90 percent of all cotton producers in the control zone below the Caprock don't participate in the special fund by June 15, those who have contributed will receive their money back and the special project will be abandoned.

Some Of The 205,000 Cotton Hailed Out

By Wendell Tooley

In Thursday's paper it was reported that Floyd farmers signed up at the ASCS office to plant 205,000 acres of cotton.

Right now, it's anyone's guess about how many of the 205,000 acres of cotton are still up and growing.

County Agent Doyle Warren says some 5,000 acres of row crops were hailed out in the Providence, Lone Star and Rock Creek areas in the north part of the county Saturday night a week ago.

Then this past Tuesday evening a thunderstorm blasted in from the west, went right across Floydada and began to drop hail along with rain east of Floydada. The hail took a pattern of following the Matador highway, beginning with Cecil Baxter's farm just east of Floydada. Most of the hail was north of the Matador highway, but at times the hail cloud veered south of the highway.

When it got north of Dougherty, it worked a little south of the highway to

hit 200 acres of cotton owned by Howard Drysdale....then moved on to the Caprock.

Adrian Helms estimated about 400 acres of cotton received hail, A.C. Pratt had 80 acres of dryland cotton hailed out. Kent Covington received some hail damage on his crops, Kenneth Willis reported a light hail, and it was thought that Leslie Nixon may have received a light hail.

County Agent Warren said the cold damp weather was creating some

blight and seedling disease and the cotton crop needs a lot of hot dry weather at this time.

Allen Rendon Oldest Green Thumb Worker In County

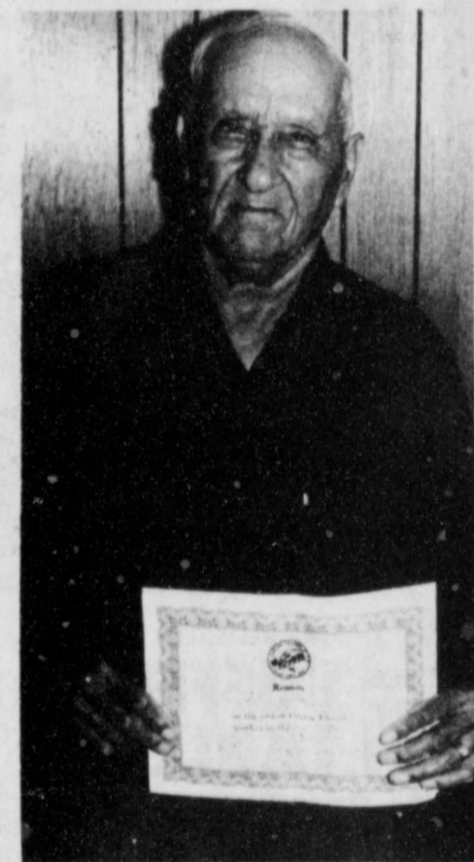

Supporting President Jimmy Carter's proclamation of the Month of May as Older American's Month, the Texas Farmers Union Green Thumb program is recognizing the oldest Green Thumb worker in each Green Thumb county throughout the State of Texas.

Texas Green Thumb, sponsored by Texas Farmers Union, provides a part-time work opportunity for older workers in rural communities. Individual Green Thumb workers and Green Thumb work crews assist local community sponsors in the following areas: maintenance and repair for public schools, weatherization of homes belonging to elderly persons, public park improvement, modification of county and city buildings, home care aides, van drivers, telephone reassurance callers, nutrition aides in the meals programs, and provide other vital services which benefit rural senior citizens.

Texas Green Thumb recognizes Allen Rendon of Floydada as the oldest Green Thumb worker in Floyd County. Rendon serves as Crew Foreman.

Rendon has been a Mason for 30 years, a member of the First Baptist Church since 1951. He has been a "Green Thumb" ever since the program began in the late 1960's. He is 77 years old and "enjoying working in the Green Thumb program."

The Rendons have four children: Pat and Aaron live in the Floydada

Allen Rendon community, Victor is principal of Jr. High School in Littlefield and Josie lives in Robstown.

Dougherty Children Drown In Cone Lake

Two children from Dougherty and one from Ralls drowned in a lake about a mile west of Cone Wednesday and funeral services were held for all three Friday in Ralls.

The dead were identified as Joe Munoz Jr., 12, of Ralls; and Gloria Munoz, 10, and Ray Munoz, 7, both of Dougherty.

Ralls Police Chief L.T. Starkey said apparently two teen-age youths at the Munoz residence noticed the children were missing and walked a mile to call for help.

Volunteers from the Ralls Ambulance Service and the Ralls Fire Department received the call at 10:30 a.m. By the time they reached the site, located on the Tom Campbell farm, the bodies of the two boys had been pulled from the lake.

The volunteers then swam out into the pit, which was about seven feet deep, and about 30 minutes later recovered the girl's body.

Justice of the Peace W.E. Easter of Ralls pronounced the three children dead at the scene and ruled the deaths accidental.

Most of the lake area was shallow, and apparently the youngsters did not realize there was a deeper pit area, Easter said.

Recent rains have brought the area about seven inches of moisture, so the lake was "pretty full," Starkey said. Services for the three children were at 11 a.m. Friday at St. Michael's Catholic Church in Ralls with Father Harold Waldo, pastor, officiating.

Burial was in Ralls Cemetery under the direction of Carter-Adams Funeral Home.

Joe Jr. was a student in the Ralls School System. He was a native of Uvalde and had lived in the Ralls area most of his life.

His survivors include his father, Joe Munoz Sr. of Ralls; his mother, Ruby Munoz of Plainview; three brothers,

Fred of Roscoe, Jesse of Plainview and David of Ralls; and eight sisters, Mary Ramirez and Margarita Munoz, both of Plainview, Alice Moreno and Dora Munoz, both of Dallas, Josephine Esparza of Dougherty, and Aida Munoz, Olivia Munoz and Diane Munoz, all of Ralls.

Gloria and Ray were students in the Dougherty school system. She was a native of Richmond, and he was a native of Fort Myers, Fla. They attended Floydada school two years ago.

Survivors of the brother and sister include their parents, Mr. and Mrs. Miguel Esparza of Dougherty; two brothers, Louis Munoz and Mike Esparza, both of the home; and their grandparents, Joe Munoz Jr. of Ralls; Ruby Munoz of Plainview and Arcelia Esparza and Miguel Esparza, both of California.

EVERYONE ENJOYS A NICE AFTERNOON GOLF MATCH....as linksters in photo discover. Participating in this Thursday afternoon golf game at the Floydada Country Club include Jack Stansell (putting) Doyle Moore, Raymond Meriwether, Robert Stovall, Al Harrison, and James Leftwich, of Ralls. (Staff Photo)

Donnette Marble Named To Texas Tech Basketball Team

LUBBOCK--Donnette Marble, 5'11" from South Plains Junior College has signed to play for Texas Tech University's basketball team for the 1978 season.

Gay Benson, Texas Tech basketball coach, said Marble would be playing as a forward and center for Tech. "She possesses outstanding credentials from both high school and South Plains Junior College," Benson said. "She would be a real asset to our program."

While at South Plains, Marble received All-Conference and All-Region honors during her two seasons with the team. She was named Region Five Tournament Most Valuable Player in 1977.

In her junior college career Marble averaged 15 points and seven rebounds per game. Her game high was 37 points.

Marble attended Floydada High School and lettered three years in basketball. She also lettered four years in tennis and in 1975 won the state championship in doubles competition.

She was named to "Who's Who in American Junior Colleges" and the Dean's Honor Roll for three terms at South Plains. She was graduated with an Associate of Science degree in accounting and will pursue that at Texas Tech.

Her parents are Mr. and Mrs. Don Marble of South Plains, Texas.

Mr. And Mrs. Willie D. Rose To Be Honored On Anniversary

The children of Mr. and Mrs. Willie D. Rose will host a reception honoring their parents on their silver wedding anniversary, Wednesday, June 14, at the home of the couple, 502 West College, Lockney.

Friends of the couple are invited to attend the reception, scheduled from 2 to 5

p.m.

Loveta Weir and Willie D. Rose were married June 14, 1953 in her parents' home in Lockney.

Hosting the reception will be Lonita and Dwight Cox and children of O'Donnell, Michael and Susan Rose of Lockney, and Ricky Rose of Lockney.

MR. AND MRS. WILLIE D. ROSE

NEWS 'N' NOTES

(by Sharon Hillis)

OKRA--a popular crop--makes a delightful gourmet item--pickled okra. The first recipe is the longer fermented method and is the favorite of Ernestine Edmundson, Ellis County Extension Agent.

The second recipe, a quick method, is the standby of Mrs. Lyndon Baines Johnson.

PICKLED OKRA

Wash okra, leaving small amounts of stem on the pods, and drain. Make brine:

- 1/2 cup plain salt
- 2 quarts water
- 1/2 cup vinegar
- 1 tablespoon sugar

This amount covers one gallon of okra.

Place--in bottom of appropriate size jar--a layer of dill and two tablespoons mixed pickling spices.

Add okra, then another layer of dill and a like amount of spices.

If desired, add a few cloves of garlic.

Pour brine to top of jar. Keep okra under brine at all times. A stem of dill or some grape leaves added for color will keep okra from floating.

Fermentation will begin within three days. Remove the scum that forms on top daily.

If possible, keep the pickles at even room temperature (70 to 86 degrees F. is best for brining). Fermentation is faster in hot weather (10 days to two weeks).

When fermentation stops, pickles are ready to eat. Seal airtight in brining liquid for

storing, or rinse pickles and pack into sterilized jars and cover with fresh brine if desired.

Commercial dill seeds do not give the flavor that fresh dill or dried dill heads with stems give.

Note: Carrot strips, green beans, onions, green tomatoes, blackeyed peas and other vegetables may be pickled by same method.

PICKLED OKRA

Fresh okra

- 1/2 cup water
- 1 tablespoon salt
- 1 teaspoon dill seeds for each pint jar
- 1 hot red pepper
- 1 hot green pepper
- 2 cloves garlic

Place one-half teaspoon dill seeds in bottom of each sterilized jar.

Wash okra and pack as tightly as possible in jars being careful not to bruise.

Add one-half teaspoon dill seed, red and green peppers and garlic.

Bring vinegar, water and salt to a boil and pour this hot mixture over the okra.

Seal the jars and allow to stand two weeks.

Serve icy cold. Makes approximately four pints.

PROCESSING

Process sealed jars of okra from either recipe for five minutes in boiling water bath while hot--immediately after putting it in the jar.

THE AGENT SAYS. Processing destroys any bacteria, yeasts or molds which occur in the air and cause spoilage, SHE ADDS.

WEDDING SET

Mr. and Mrs. Robert Lockney announce the engagement of their daughter Donna

Miss Spencer is a graduate of Lockney High School and a junior education major at Southwestern State University. Miller, a 1975 graduate of Oklahoma State. The couple will be married August 13 in the Bible Mennonite Brethren Church.

Maedell Jackson, of Lockney, announces the engagement of her son to Joyce Worcester to Gary McCormick, son of Mrs. Bud McCormick of Plainview. Miss McCormick is employed by KVOP in Lockney. The couple plan to be married on July 29 in the First Baptist Church in Plainview.

Boone Adams Makes Official Visit To Tulia Masons

Boone Adams made his official visit as District Deputy to Tulia Wednesday night from Council Masonic Bodies here.

A good crowd was present to see Bro. Jess Nave Baptist Minister of Petersburg

Senior Citizens

The Senior Citizens of Floydada will entertain the club from Roaring Springs in the Senior Citizen Center at 301 E. Georgia, Thursday, June 15.

The program will begin at 11 o'clock and the lunch will be served at 12 noon. Following the luncheon an important business meeting will be conducted.

Floydada Seniors are asked to bring a covered dish and a little more for the luncheon.

Frank Potts Honored On 50th Anniversary

Mr. and Mrs. Frank Pratt were honored with a reception celebrating their Fiftieth Wedding Anniversary on June 4 in the Wall Street Parlor of the First Baptist Church. Children of the couple, Mr. and Mrs. Beal Ferguson, Mr. and Mrs. Weldon Graves and Mr. and Mrs. A. C. Pratt hosted the reception.

A white lace over yellow table cloth was centered with a tall yellow candleabra surrounded by yellow mums and white daisies with white candles. The three tiered cake was served by granddaughters Katherine Graves Burley and Debra Ferguson. Bobbye Graves Howard served the punch from a crystal punch bowl and Sandra Ferguson registered guests.

A surprise guest from out of town was Mrs. Pratt's sister, Margaret (Mrs. Earl) Stockman of Bell Gardens, California. Others registering from out of town were Mr. and Mrs. R. V. Pratt, Ralls; Florence Merriott,

Clara Pratt, Leona Willis, Irene McNeill, Jay O'Rand and Mr. and Mrs. Keith Burley, Lubbock; Mrs. Desie Graves, Frank Graves, Mr. and Mrs. Verne Taylor and Terry, Mr. and Mrs. Carl Howard and Billy Joe, and Mr. and Mrs. Weldon Graves, Lockney.

Births

Mr. and Mrs. Garre Stowe are the parents of a baby boy, Winston, born June 7, 1978, weighing 8 pounds, 4 ounces at Central Plains Hospital in Plainview.

Grandparents are Mrs. Marjorie Hollums of Floydada and John Hollums of Fort Worth.

Open Heart Club Meet Sunday

The annual full membership meeting of the Open Heart Club of the Southwest will be held at 2 p.m.,

Sunday (June 11), at Methodist Hospital to elect new officers, to discuss a major fund-raising project to pur-

chase open heart surgery and treatment equipment and for other business.

Dr. Mr. Martin L. Dalton, Jr., Lubbock cardiovascular surgeon, will be the principal speaker.

More than 2,000 persons

who have undergone open heart surgery in Lubbock and their spouses are eligible for membership in the organization, according to Frank W. Row, president. Annual membership dues are \$5, and spouses are eligible for associate membership at \$5 per year.

Row said plans for a garage sale to be held in August will be discussed. The club conducted a garage sale last year which netted more than \$7,000. The funds went for the purchase of

hospital equipment for use in the cardiac surgery and treatment facilities.

A program of musical entertainment will be presented by the Singing Plainsmen, a group of some 25 men who specialize in Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., harmony. Marvin Robinson, a member of the Open Heart Club of the Southwest, is a member of the Singing Plainsmen and will perform with the group.

County's Sales Tax Rebate Is Analyzed

AUSTIN — State Comptroller Bob Bullock reported Friday that gross sales in Texas last year totaled \$170.3 billion, up a healthy

19.6 per cent from calendar 1976.

Sales for the last three months of 1977 totaled \$51.7 billion compared to \$43.3 billion for the last quarter of 1976.

Computer analyses released by the Comptroller break down reported sales by county and by Standard Metropolitan Statistical Area (SMSA).

Totals for the state's 25 SMSAs are further divided into 21 classes of sales, such as agricultural, mining, manufacturing and retail.

Harris County, the state's most populous, recorded sales totaling \$43.5 billion for the year, up 21.8 per cent over 1976. Sales in Dallas County were up 20 per cent for a total of \$26.4 billion last year.

Swisher's 305 reporting outlets reported gross sales of \$22,343,658 for the fourth quarter of 1977; gross taxable sales, \$6,596,025; de-

ductions of \$15.7 million. The purchase tax on the amount of \$4,147,985. Castro's 205 outlets reported sales of \$17,432,000, up 20.4 per cent over 1976. The amount of purchases, \$4,643,822. Briscoe's 185 outlets reported sales of \$1,125,776, up 18.5 per cent over 1976. The amount of purchases, \$285,038. Floyd's 205 outlets reported sales of \$5,953,000, up 20.4 per cent over 1976. The amount of purchases, \$1,537,317. Bailey's 205 outlets reported sales of \$8,297,700, up 20.4 per cent over 1976. The amount of purchases, \$2,211,000. Hall's 205 outlets reported sales of \$3,821,000, up 20.4 per cent over 1976. The amount of purchases, \$1,000,000. Deaf Smith's 205 outlets reported sales of \$2,408,000, up 20.4 per cent over 1976. The amount of purchases, \$624,000. Hale's 205 outlets reported sales of \$55,783, up 20.4 per cent over 1976. The amount of purchases, \$11,125,776.

Bergland optimistic on wheat agreement

WASHINGTON (AP) — Agriculture Secretary Bob Bergland says he is optimistic that a new International Wheat Agreement can be shaped up in the next few weeks.

Bergland also predicted Tuesday that the Soviet Union will sign the new agreement after it is negotiated among wheat ex-

porting and importing countries.

"I believe we are on our way in getting an agreement, at least in principle, agreed to informally by all parties by the first of July or thereabouts," he told reporters.

The agreement would provide that participating countries

share in world wheat supplies when grain is scarce and "accept certain disciplines" for managing reserve stockpiles when large surpluses exist.

"The Soviets are going to be a party to that agreement. I am convinced of that," he said. Bergland returned last week-end from a 3-week trip abroad

which included the Soviet Union and several other Eastern European countries.

The Soviet Union, as with the other Eastern European countries he visited, including Poland, Hungary and Rumania, appears firmly committed to increasing production of livestock to put more meat, poultry and dairy products on consumer tables, Bergland said.

But he said the Soviet Union is limited by its northern climate and short growing season in producing enough corn and other feed grains for livestock.

"They are never going to be able to feed these animals with homegrown feed stuffs in the quantities which I think they are building up to," Bergland said.

Thus, he said, Russia will continue to be an important grain market for American farmers.

Bergland said that an important objective of the trip was to impress the Soviet Union and the other countries of the necessity of providing information on long-range grain requirements so that the United States can shape its agricultural policy and production to help meet foreign needs.

Bergland said that agricultural officials in each of the countries "promised to do their best, without getting specific" on food statistics.

BUILT-IN ACCIDENT POTENTIAL—Faulty design or installation of toods and equipment can lead to many accidents, contends a safety engineer with the Texas Agricultural Extension Service. When a designer builds or installs equipment without taking into account a host of common human characteristics such as size and strength as well as such things as his perception capabilities, habits and customs, he is setting a trap for the equipment user's eventual and inevitable accident.

ACCIDENT CONTROL—Does wearing a helmet impair a motorcycle rider's ability to hear warning signals such as sirens? On the contrary, a study at the University of Utah found that, because helmets reduce wind noise, test subjects could more easily detect a siren with the helmet on, reports the Texas Agricultural Extension Service.

White Sox, Red Sox Win Idalou Nips Floydada

By Doug Simpson
The Red Sox of the Little League and White Sox of the T-Shirt League claimed hard-fought victories in baseball action on the Floydada diamond Thursday night.

Behind the clutch pitching of Jerry Dale Nelson and hitting of Cornelius Campbell, the White Sox snapped a 5-5 deadlock and went on to post a 7-5 triumph over

the Pirates. Wayne Lipham's troops are now 2-0 on the season.

Nelson earned winning pitcher honors, and Campbell came on in relief. Shannon Barbee and Leif Younger shared the mound duties for the Pirates, now 1-1 in league play.

In tri-county league action Idalou's Reds withstood a heated Floydada attempt and managed to salvage a

7-4 victory despite an early deficit.

Tony Hutcheson claimed winning their honors, and Floydada's Tracy Womack was the losing hurler. C.O. Woody's troops are now 2-3 on the season.

For Floydada, Larry Westbrook and Duncan paired to score three runs on stolen bases, and Brad Feuerbacher singled home Womack from third for the final tally.

Rod Enriquez and Bill Hicks' Red Sox overcame the Dodgers 15-10 in the season opener for both Little League clubs.

J.D. Wilson was winning pitcher, and Frankie Morales took the loss on the mound for the Dodgers. Joe Scott Faulkenberry relieved Wilson. C.L. Roberson, Mark Hatley, Martin Morales, and Skipper Hicks contributed hits for the Red Sox. Alvin Cooper, Jeff Arnie, Brad Rainer, Morales, and Scott Neely contributed power at the plate for Mike Reeves' and Eddie Muniz' Dodgers.

TRACEY DE ANN PUCKETT, daughter of Mr. and Mrs. S.E. Puckett of Ruidosa Downs, received a \$500 Oral Roberts University Women's Club Scholarship this spring, to be used toward expenses for the 1978-79 academic year, according to Mrs. Keith (Linda) Nordberg, President of the ORU Women's Club. Scholarships were awarded to 12 ORU women students selected by the Club for their academic achievements, community contributions, and financial need.

Oral Roberts University, Tulsa, Oklahoma, is a fully-accredited arts and sciences institution recognized as having one of the fastest-rising academic programs in the nation. Degrees are offered in 29 fields on the undergraduate level, and in business administration, theology, and divinity on the master's level. Medical and dental schools are scheduled for this fall, with schools of law, education, and graduate nursing to open by 1980. The City of Faith Medical and Research Center, a \$250-million complex including a clinic, hospital and research center, has a target completion date of 1981.

ORU advocates an education for the whole person, with equal emphasis placed on the development of mind, spirit and body. Current enrollment is 4000 students.

Students On WTSU Honor Roll

WTSU--West Texas State University has announced the students on the President's and the Dean's Honor Rolls for the spring semester, 1978.

Students named to the President's Honor Roll have earned a semester grade point average of 3.85 (4.0 = A) or higher for a completed minimum semester load in residence of 12 semester hours.

The Dean's list represents students who have a semester grade point average of 3.25 to 3.84 for a completed semester load of 12 semester hours or more.

Two Floydada students made the honor rolls. Ellen Enriquez made the President's Honor Roll. She just graduated with a degree in elementary education. She resides at 329 W. Jackson St.

Robert Kirk, a business major, is listed on the Dean's Honor Roll. Kirk will be a sophomore when school starts. He is the son of Layne Kirk of 821 W. Mesquite.

Petersburg Pirates Down Floydada A's

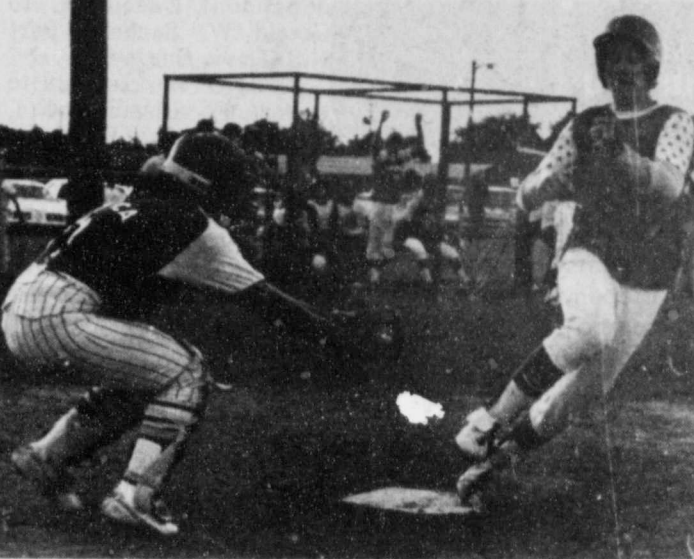

By Doug Simpson
Petersburg's Pirates of the Farmer's League installed a relentless hitting attack, and managed to withstand a temporary opponent rally, as the A's fell 6-1 in a Tuesday night contest at the Floydada diamond.

The loss left Johnny Soliz' troops with an 8-6 season

ledger, and set the stage for Sunday's matchup here with Lubbock's twice-beaten Wheelers.

Petersburg pounced on A's starter Steve Westbrook in the third inning with a 2-run home run blast.

Floydada staged a temporary comeback in the 4th, but the lone run the hosts

AVOIDING THE TAG...Tri-county team member Duncan Woody (right) escapes the home plate tag of Idalou catcher during Floydada's 7-4 loss Thursday. Woody was safe on the play and scored a run. (Staff Photo)

VALUE OF HOMEGROWN PRODUCE INCREASES - The value of homegrown fruits and vegetables in the U.S. last year reached \$14 billion, up from \$10 billion in 1976, according to a recent Gallup poll. This increase has come mainly from larger gardens and improved production practices rather than from an increase in the number of family food gardens, notes a horticulturist with the Texas Agricultural Extension Service. The national figure is based on some 32 million home or community gardens having an average size of 770 square feet.

could manage was off a single by Todd Vickers, scoring Rod Enriquez from third during a bases-loaded situation.

Carmen Soliz relieved Westbrook on the mound, but to no avail, as the Pirates nailed down a convincing victory.

A Sincere "Thank You" From Dusty Rhodes

The people in the 17th Congressional District are the best in the world. To those of you who worked so very hard during my campaign, and to those of you who voted for me, I say "Thank You" so very very much.

To those of you who helped and voted for Mr. Stenholm, I commend you for your active participation in the political process. I believe in the Democratic party, and I pledge to everyone my support of it's elected nominees. Thanks again.

Sincerely
 A.L. (Dusty) Rhodes

How To Handle Emergency Aboard Your Boat

BOATS

LUBBOCK - How well you handle an emergency aboard a boat may mean the difference in whether or not you survive a boating accident.

Anyone can have an accident and the most common are: man overboard, capsizing, taking on water during squalls, collisions and fires. When a person falls overboard, swing the stern quickly away from the person in the water if the boat is underway. If he is close to the boat, stop the motor so he won't get cut by the prop. Even though he can swim, throw him a life preserver, extend him a paddle or throw him a line. Act quickly and do what the situation demands.

If your boat capsizes, stay with the boat, don't try to swim to shore unless there is a good reason to do so. Modern boats will hold up passengers even when full of water. Remember, it is easier to spot a large boat than a swimmer's head in the water.

Put on a life preserver if not already wearing them. Coolers, gas can and water containers can be used to help keep you afloat. Towels and extra clothing can be used to protect you from sun and wind. Paddles can be used to wave for rescue, to rig shelters, or to reach people in distress.

Sudden storm and squalls are common in Texas and everyone should put on a life preserver and fasten it before the storm hits. Get to the bottom of the boat and stay low. Secure all movable objects and bail out water as fast as it comes in. Head for shore or the lee side of an island if it is not too far away or the water is not too rough. Use motor to head boat into the wind while moving ahead.

Collisions on a lake are more common than most boaters realize. When the

hull is rammed, stop or reduce speed immediately. Stuff anything available into the opening to stop the water from coming in such as blankets, bedding or cushions. Do something and do it quickly to stop the flow of water.

Another critical situation is a fire onboard your boat. Stop the boat at once to keep from fanning the flames. When the burning object is portable, try to get it over the side without burning your hands or igniting your clothing.

When the fire is in a confined space, close all hatches, vents, or ports to keep oxygen from feeding the fire. Fire must have fuel, oxygen and heat to burn, take away any one of these and the fire will go out.

Panic also should be included in any list of accident causes as it can be the

biggest killer of all. Panic-stricken people cannot think, act instinctively, and many times, endanger the lives of everyone around including the rescuers.

An emergency aboard a boat can quickly become a life-or-death situation, so be prepared to handle it.

FISHING LICENSE

LUBBOCK - While you are packing the picnic lunch and arranging the fishing gear in the camper, be sure to check the expiration date on your fishing license. If you bought your license on June 1, 1977, or before, you may need a new license. If you bought it after that date, your license will be good until Aug. 31.

The reason for such double-checking is that 1977-78 was the first year of a changeover to a system based on Aug. 31 expiration.

Precisely, the licenses expired one year from the date of purchase.

A resident fishing license is \$4.50 and is required for all persons who fish in the waters of Texas with the exception of those: under 17 years of age; over 65 years of age; fishing in private waters; fishing in county of residence with trotline, throwline or ordinary pole and line having no reel or winding device attached; holding a valid Texas commercial fishing license or holder of an exempt fishing license (\$1.25) available to disabled veterans or the blind.

An annual non-resident fishing license is \$10.50 and a non-resident five-day fishing license is \$4.50.

injured, making the decision more difficult. Early maturing cottons are Cascot B-2,

Early Cot 31, Paymaster Dwarf, Paymaster 792 and Dawson E-10.

COLLEGE STATION — Despite prospects for a much smaller cotton crop than last year, little improvement is seen in the current market price for the 1978 crop.

That's the assessment offered by Dr. Carl Anderson, economist in marketing with the Texas Agricultural Extension Service.

"World supplies of cotton will need to drop substantially below current levels before a bullish market will

develop," contends Anderson. "Global stock on August 1 are expected to be some 20 percent larger than a year earlier."

U.S. cotton in public storage on April 1 was the largest since 1969. Carryover of the 1977-78 crop this August 1 is expected to be near 5.5 million bales, almost double the amount on hand last August 1, notes the economist.

"Although cotton acreage will be down this year, near

average yields should boost 1978 production to about 12 million bales. This would be near the expected disappearance of cotton for 1978," says Anderson.

While exports are strong, domestic mill use remains weak. In the first eight months of this season, exports have risen 210,900 bales over the same period a year earlier to a total of 3,085,000. At the same time, domestic mill use has fallen 163,600 bales to a total of

4,289,100. Yet consumption of manmade fibers for this period rose an equivalent of about 250 million bales, or 9 percent.

"Competition between manmade fibers and cotton remains intense," adds the economist. "Cotton's share

of the growing U.S. fiber market slipped to a record low of 26 percent in 1977, down from 33 percent only five years ago. And in 1960, cotton accounted for 65 per-

cent of the fiber market.

"The U.S. fiber market is equivalent to about 25 million bales. Clearly, the cotton industry's greatest opportunity for growth and stability in the demand for cotton lies in the steady expansion of the domestic fiber market," contends Anderson. "This means that industry leaders must give special impetus to market development and promotion."

SPERRY AND HUTCHINSON 7331K

What's up in foreign visitors

Americans are playing host to more and more foreign visitors each year. More than 17.5 million foreigners — including tourists, business people and students — arrived in the U.S. for temporary stays in 1976. Preliminary figures show an increase in 1977.

Most of these visitors didn't have to travel far; they came across the border from Canada and Mexico. But 4.5 million crossed the seas to pay us a visit.

According to The World Almanac, the top 10 countries-of-origin of visitors in the first 10 months of 1977 were:

Country	Arrivals
1. Canada	10,974,217
2. Mexico	1,707,097
3. Japan	637,481
4. Britain	457,795
5. Germany	319,990
6. France	186,211
7. Venezuela	167,886
8. Australia	135,983
9. Italy	99,487
10. Netherlands	90,351
11. Bahamas	79,618
12. Switzerland	77,405

Farm income is improving

WASHINGTON (AP) — Rising prices of some commodities, including livestock and grain, have helped improve prospects for farm income this year, according to the Agriculture Department.

In a new outlook report Tuesday, the department said that 1978 net farm income could range between \$25 billion and \$26 billion, up from \$20.4 billion in 1977.

The farm income projection was included in a report which showed that retail food prices are expected to increase an average of 8 percent to 10 percent this year, compared with an estimate of 6 percent to 8 percent the USDA announced in late March and a forecast of 4 percent to 6 percent it initially made last fall.

Officials said that the supply of red meat, mainly beef and pork, is smaller than had been anticipated and that bad weather has reduced production of some fresh vegetables.

Other food price factors include a thriving export market for U.S. farm commodities and brisk demand among American consumers, officials said.

REPLACEMENT HEIFERS FOR EARLY CALVING — Select replacement heifers that will calve early their first year and reproduce regularly, advises a livestock specialist with the Texas Agricultural Extension Service. Heifers that calve early normally have fewer rebreeding problems, produce more calves during their lifetimes, and wean more pounds of calf per year

than late-calving cows. To calve near two years of age, a heifer will have to reach puberty by 13 to 16 months. Heifers of most breeds will reach puberty by this age provided they have sufficient weight.

It Takes 42 Minutes To Catalog Library Book

"It takes 42 minutes to catalog one book for the County Library," Anne Willson told Floydada Rotarians at their noon luncheon Wednesday. Anne was speaking on behalf of the Friends Of The Library Association and was accompanied to the luncheon by librarian Jackie Walls.

"We need a library on the ground level in Floydada.... and when the library was started 26 years ago on the second floor of the courthouse, it was considered a temporary location," Anne said.

Anne said there are 26,000 books in the library, 17,000 circulated in 1977. She expressed thanks to County Judge J.K. Holmes for his dedication to the library's needs. Books for the library are selected by the librarian.

In a question and answer period, she said the library was not open on Saturdays and nights because the Courthouse is not open at those times. She added this is one reason the library needs to be in another building in Floydada.

She was introduced by Rotarian Doyle Walls.

NEWSLETTER FROM FRIENDS OF FLOYD COUNTY LIBRARY

A group of interested persons of Floyd County recently formed the "Friends of the Floyd County Library." This organization is interested in the promotion, growth, and further development of our County Library and the branch library in Lockney, Texas. We are interested in the expansion and relocation of the present library here in Floydada to make it more accessible and useable to the public in general.

The Floyd County Library is a great resource to the people of this area. Through the years it has expanded greatly and has outgrown its present location. Many fine additions are added each year. Last year some 23,000 volumes were checked out and used by the county readers. The library is a source of reading for pleasure and a depository for books used to further education, enrich knowledge and improve local school programs.

Examination of the physi-

cal facilities of the main library shows that it is overcrowded and needs to be expanded and moved to street level to encourage its use by everyone, especially our older citizens and those with handicaps.

Our library has affiliation with District 9 Resource Center in Lubbock. Through this source, non-fiction publications can be secured for use by our local library without cost to us — again space is a factor. The film library is also well received.

The Friends of the Library

MUMS FOR FALL COLOR — If you want colorful mums to adorn your fall landscape, there is still time to set out rooted cuttings, notes a landscape horticulturist with the Texas Agricultural Extension Service. Plant mums in a well-drained, fertile soil in a sunny location. Sidedress plants with fertilizer in about six weeks and again in mid-August. Water throughout the growing season. A mulch will help conserve moisture and reduce weeds. Pinching out the ends of new shoots produces a compact plant with many flowers. Complete pinching by late July.
