The Floyd County Hesperian

Volume 82 FLOYDADA, FLOYD COUNTY, TEXAS 79235 Sunday, August 27, 1978 14 Pages In Three Sections Number 69

Auditor Completes County Budget, No Tax Increase

County Auditor O.M. Watson Jr. has completed the proposed 1979 Floyd County budget and has filed it in the County Clerk's office for the public's study.

Although the budget is up around seven percent, there is no request for increased county taxes.

The budget will go before the County Commissioners during their September 11 meeting, specifically

at 2:00 p.m.

Watson made the following statement on completion of the proposed budget, which is also signed by the County Judge and County Clerk:

"We are submitting for your consideration a proposed budget for Floyd County for the fiscal year beginning January 1, 1979 and ending December 31, 1979. This budget for a county with an estimated population of 10,620, anticipates total receipts of \$990,218.00 and total expenditures of \$976,876.00. These figures represent an increase of 8% and 7%, respectively, compared to the budget of the current year. Fifty percent of the receipts will be realized through the proposed ad valorem tax of \$0.95 per \$100.00 of assessed valuation. The remainder of the receipts will come from local sources and various federal and state payments.

The increase shown in county income during the year is attributed to an increase in county assessed valuation of property estimated by the County Tax Assessor/Collector

and an increase in fees collected in the offices of the Justice of the Peace, County Clerk, Tax Assessor/Collector and other offices. This proposed budget includes a 7.5% increase in wages for county employees and officials. Of the total tax rate, none is to be applied to the servicing of outstanding debt as Floyd County does not have any outstanding warrants or bonded indebtedness.

More detailed information on the proposed budget, including comparisons with previous years, will be found in the schedules that follow.

We will be pleased to answer any questions you might have.

Respectfully submitted,
J.K. Holmes
County Judge
O.M. Watson Jr.
County Auditor
Margaret Collier
County Clerk

** Includes \$109,000.00 Revenue Sharing and \$35,000.00 Lateral Share money from state of Tex.

Danielle Joins Bean Family

Danielle Bievre from Lamadelaine, Luxembourg arrived Friday to start her year in Floydada. Danielle will make her home with the Donald Bean family at 905 West Mississippi Street. She will be a senior in Floydada High School. The Bean family has been making plans and looking forward to the date of Danielle's arrival for several months.

Watson shows painting of her homeland to Mr. and Mrs. Don Bean, Mike and Judi after arriving in the (Staff Photo)

Big Poisoners In South Floydada

Chief Royce Gilmore has two reports of dogs being in South Floydada and urges to be on the lookout for characters who might be throwing poison in yards.

Chief Gilmore points out that the penalty for this offense is up to a year in jail and a \$2,000 fine. If the poisoned dog is over \$200 value, the offense is a felony.

Should a child eat some of the poison and not die the penalty is two to ten years in the penitentiary and a \$5,000 fine. If the child dies the penitentiary term could be as high as 20 years and the fine \$10,000.

Chief Gilmore also reminds persons who have dogs sick or die, to get a vet to check them for poisoning, to determine kind of poison used.

OTHER POLICE WORK

The police force made three arrests of no driver's license, one failure to yield right-of-way, 1 red light arrest, one drunk arrest, one wreck Thursday night at second and Ross streets with two injuries.

Dougherty - SouthPlains School Registration Set

The Dougherty School will begin the 1978-79 school year with the registration of all students during the morning of August 31st. All new students should bring a birth certificate and a health record showing the dates of immunization for Diphtheria Tetanus, Polio, measles, and Rubella. Buses will not run on August 31st but will run the regular schedule beginning September 5th which will be the first day of instruction.

There is no change in the faculty for 1978-79 which consists of Juanel Farmer - K-2, Oetie Dennington, 3-6 Language Arts, Gertie P. Ed., Francis Mitchell, Special Reading, and A.O. Dennington, Principal, math-science, and boys P. Ed.

Registration for the 1978-79 school year will be August 31 in South Plains with classes starting on September 5. Faculty members are Alice Cooper, grades 1 and 2; Carol Arnold, grades 3 and 5; and a teacher for grades 5 and 6 is being sought.

4-H Achievement Banquet Saturday

The Floyd County 4-H Club's annual Achievement Banquet will be Saturday, August 26. Outstanding 4-H members and leaders will be recognized at the event, which begins at 7:30 p.m. in the Lockney Elementary School Cafeteria.

Catholic Church Giving Mini Van

Members of the St. Mary Magdalen Catholic Church are selling tickets to give away a Mini Van. The van will be given away at the church October 8.

Tickets may also be purchased at the Valle Record Shop. The van is displayed for some time in front of Rucker's OK Tire Store and may now be seen at 608 S. Main.

Important Senior Citizen Meeting

There is an important meeting of the Senior Citizens at the Center Monday afternoon at 2 o'clock.

Plans are to be made for enlarging the center with a complete kitchen and serving area, and the Senior Citizens will also be serving the area meeting of Green Thumbs.

All are urged to attend.

RECEPTION

On Sunday, August 27, the Student Council and the Floydada A.F.S. Chapter will host a reception for Danielle at her Texas home, the Donald Beans, 905 West Mississippi Street. All students of Floydada High School, members of the A.F.S. Chapter, and all individuals interested in the A.F.S. program are invited to come by and meet Danielle from 3:30 p.m. to 5:00 p.m.

Help!

The Floyd County Chapter of The American Heart Association needs volunteers to take blood pressure of people this year.

E.M.T. personnel, nurses, individuals who take blood pressure at home are needed to work in this program.

If you will help in a blood pressure clinic call Jenniss Smith at 983-3056 or Jan Thayer at 983-2489.

The Flashing Red School Bus Light?

Many people are confused about the flashing red "stop" light that appears on the school bus.

That flashing red light means that a school bus or light is getting on or off the bus. It means that you, the motorist must stop until the light goes off and the bus moves on.

turn out of Houston a block west of King's Restaurant instead of turning south on the second street.

Speed limit in front of schools is 20 miles per hour.

SCHOOL BUS ROUTES

There are nine rural and one city bus routes for Floydada school students. About 450 students ride the buses. The city bus route enables students to ride from school to school inside the city limits. This means the elimination of firing up a lot of autos to take children to school in the city area.

Floydada has an ample amount of school buses to start the term and two new buses are expected to arrive in December. They will be equipped with power steering and brakes, automotive drive, and school bus passenger capacity. Brand of school bus is determined by the low bidder to the state of Texas.

This law applies to all two lane or four lane non divided roads. The fine for not stopping is a minimum of \$53.50.

All buses are required to stop at railroad crossings.

IN TOWN SCHOOL TRAFFIC

The street in front of all Floydada schools is designated "one way traffic". All of the schools' traffic is one way going south except Duncan Elementary, which is one way north bound. If you are going to Duncan, better

Whirlwinds Looking Good!

By Wendell Tooley

The Floydada Whirlwinds would like to get back in that district championship spot this year and some forecasters say the Idalou Wildcats will win it again.

Coach L.G. Wilson reports two-day practices are going good and was looking forward Friday morning to the scrimmage with Brownfield here Friday night.

Some 15 lettermen, including 10 starters, are back from a 6-4 campaign that saw the Winds move over a year and let hard-hitting Idalou come through on its way to a perfect regular season and the league crown.

This time, the Wildcats are a slight favorite to repeat their 1977 championship, but Wilson's Whirlwinds could be the biggest obstacle in their way.

Three all-district selections, including one all-South Plains pick, will be relied upon heavily as Floydada attempts to get back in district championship picture.

LINEBACKERS Greg Jones (5-11, 185) and Ricky Luna (5-11, 170) on defense, and split end Kary Helms (5-9, 150) on the offense should give a young but aggressive Floydada squad the leadership it needs to fulfill the roll.

"Greg is strong and fast, and should be the best linebacker in the area," says Wilson, who carries a lifetime record of 133-56-7 as a head coach. "Rick isn't as strong as Greg, but he has good speed and is a tough performer."

Helms, an all-South Plains performer in 1977, could repeat that honor with another good season in '78.

"Kary has good downfield blocks, and is a tough mover and hunder," Wilson surmises.

Senior Mike Vickers (5-8, 150) returns to call the signals for the Whirlwind offense, which also boasts the likes of runningbacks Ricky Day (5-10, 150), Mac Collins (6-0, 190) and Tracy Womack (5-8, 140) in the Wing T backfield.

"Mike is not a flashy quarterback, but he's a good, heady individual and should do us a good job. Ricky is a fast elusive runner who runs low to the ground with good balance, and Mac could be a top runner with game experience."

OTHER RETURNING offensive starters who gained valuable experience last season are left guard Paul Radloff (5-11, 205) and tight end Mark Beedy (6-0, 165), and they'll likely be joined in the starting lineup by Juniors Keith Nixon (6-0, 190) and Mike Allen (5-11, 185) at the tackles, Jim Cornelius (5-9, 220) at right guard.

Joining Jones and Luna on the list of defensive returnees are Jay Waller (5-8, 145) and Jimmy Jackson (5-9, 150) at linebacker, and Danny Cedillo (5-10, 170) at end. Other top defensive performers include halfback Marty Daniel (5-10, 150), whom Wilson refers to as the "best utility man on the team", Troy Marquis (5-8, 145) at safety, David Welborn (5-9, 165) at tackle, and Neal Becker (6-1, 180) at end.

The Whirlwinds will likely miss the

efforts of all-district performers Larry Jones (halfback), and Jon Jones (guard), as well as quarterback-halfback Rusty Cagle, linebacker Rick Covington, and tackle Bill Starkey, all of whom were graduated from last year's squad.

For the Winds to regain that league crown in '78, Wilson says, some youngsters will have to fill those big shoes and gain the needed experience in a hurry.

"Our youth and inexperience at the key positions is definitely our weakness, but our depth and attitude should be a big asset," he says, foreseeing Idalou as the team to beat once more. "We have a tough schedule, but if we don't get whipped down, we could be fairly tough by district play."

Other senior Whirlwinds include Kenny Willis, Rodney Ratheal and Brad Feuerbacher.

WHIRLWIND BACKFIELD (l to r) slot back Brad Feuerbacher, fullback Mac Collins, quarterback Todd Vickers, running backs Marty Daniel and Ricky Day. (Staff Photo)

Miss Edith Reves, John Allen Cole Married Recently In Lockney Church

MRS. JOHN ALLEN COLE

John Allen Cole and his bride, the former Edith Darlene Reves of Lockney, are to live in Abilene following their marriage Monday, Aug. 14 and their wedding trip to Arkansas.

Mr. Cole, a graduate of Silvertown High School and of McMurry College, teaches in the math department in the high school at Merkel. His wife is a graduate of Lockney High School and is a junior student at McMurry where she is majoring in physical therapy.

The newlyweds are the children of Mr. and Mrs. Duard Reves of Lockney and the Rev. and Mrs. Hardy Cole of Amarillo.

The Aug. 14 wedding ceremony was read in First United Methodist Church of Lockney at 3 p.m. The groom's father, Rev. Hardy Cole, minister of Trinity United Methodist Church in Amarillo, officiated as the

couple repeated double ring vows.

The altar area of the church was enhanced by cathedral candelabra and formal baskets of white gladioli, blue lace carnations, white daisies, gypsophila and tropical foliage.

Blue satin bows and tropical foliage marked the pews where the couple's mothers were seated.

Guests were registered by Cindy Wall of Abilene. McMurry professors Dr. A.C. Sharp and Dr. Virgil Bottom served as ushers and candle-lighters.

Mrs. Bobby McCormick was organist for the wedding music. Soloist was Mrs. Steve Patridge of Plainview, cousin of the bride, who sang "The Wedding Song".

The maid of honor was Jill Symonds of El Paso, the bride's college roommate. The bride's sister, Peggy Reves, and Dianne Brewer

were bridesmaids. Their dresses were of blue floral print and were designed with scoop neckline, sleeveless bodice, and floor-length gathered skirt caught at the waist with a blue ribbon belt. Each attendant carried a nosegay of blue and white daisies laced with gypsophila.

The groom's honor attendant was Jim Pinson of Wheeling, Illinois. Groomsmen were Lynn Caton of Stamford and the groom's brother, Earnest Cole of Amarillo.

When given in marriage by her father, Duard Reves, the bride was wearing a gown of antique satin that was styled on princess lines. The gown was made by the groom's maternal grandmother, Mrs. E.A. Irvine, and worn by the groom's mother at her own wedding. The long, pointed sleeves were of satin and the bodice

featured a lace yolk. The skirt fell into a train. Tiny buttons fastened the dress in the back.

The bride's veil was three tiered and was fingertip-length. It was attached to a caplet and was edged with lace.

Her bouquet was an Edwardian arrangement of blue lace carnations and white daisies showered with bridal satin tied in lovers' knots.

A reception in the church fellowship hall followed the wedding service. Attendees were Tina Sparkman and Sharon Weber of Abilene.

In the houseparty were Algene Barker, Connie Sanders, Molly Huffman, Patty Tannahill, Mildred Jones and Marie Nigh.

The rehearsal luncheon was held at Strickland's Restaurant. Hosts were the groom's parents, Rev. and Mrs. Hardy Cole.

Karla Tooley Elected President Art Association

Karla Tooley has been selected president of the Abilene Art Education Association. She is art teacher in Franklin Junior

High School in Abilene. Besides teaching art, she also coaches the girl's volleyball, basketball, track and soccer teams.

Karla is a Floydada High School, McMurry College graduate, and the daughter of Mr. and Mrs. Wendell Tooley.

Miss Lake MacKenzie Contest September 30

L. O. A. is sponsoring the 4th annual Miss Lake Mackenzie contest to be held September 30 in the Silvertown High School at 8 o'clock. The purpose is to promote Lake Mackenzie dam.

There will be a get acquainted party at 4 o'clock.

September 30 in the Pioneer Room of the First State Bank of Silvertown. A rehearsal will be held Tuesday, September 26 at the high school auditorium.

Girls will be judged on appearance, personality and poise.

Entry blanks may be

picked up at the high school principals' office in Lockney, Tulia, Silvertown or Floydada or at the Floyd County Hesperian in Floydada or the Lockney Beacon in Lockney. Deadline for entering will be Friday, September 22. Entries may be called in to 806-847-2577, 847-2678, 823-2482 or mailed to Martha Millhollon, Route 1, Silvertown, Texas. A billfold size picture and a \$10 entry fee which is paid by the sponsoring club, civic organization or business should accompany the entry form.

The official rules are:

1. 16 - 18 years old
2. Single and never married.
3. American citizen.

Fairview and Center Reunion

The Fairview and Center Communities reunion will be Sunday, September 3 at the Massie Activity Center in Floydada.

Everyone is invited to attend and bring a picnic lunch to the all day meeting.

4-H Foods and Nutrition Workshop Slated

A weekend workshop especially for 4-H leaders and other adult volunteers who work with Youth in Extension Foods and Nutrition Projects will be offered at the Texas 4-H Center near Brownwood on Saturday and Sunday, September 17-18, 1978. County Extension Agent Birch L. Lobban notes that the workshops sessions, beginning at noon Saturday and ending at noon on Sunday, will deal with topics including "Planning a Foods and Nutrition Project;" "How to conduct a Foods and Nutrition Educational Tour;" "Ideas for making and buying Kitchen helpers;" and "How to teach Project Lessons". Instructors for the workshop will be Francis L. Reasonover, Foods and Nutrition Specialist, and Alma Bulard, 4-H and Youth Specialist, both of College Station. Also assisting will be Carolyn Gilbert and Jeanette Altenhof, of the Texas 4-H Center staff at Brownwood. For further details concerning this workshop, one of the agents may be contacted at the Floyd County Extension Office. Please come by or phone 983-2806.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

Becomings By Duffy

In recent decades various groups—racial, ethnic, sexual, educational—have taken the road of political activism in attempts to have certain needs (and in some instances, certain luxuries) brought to light so that something would be done by society to alleviate suffering and meet those needs. One of the more recent groups gaining attention is what some consider to be the largest movement ahead for us in the United States—Aging.

Evidence of this movement can be seen in renewed attempts to provide medical, psychological and housing

needs for older citizens. Senior Citizen groups are becoming widespread, providing means of transportation to many, plus other outlets for both utility and pleasure. The *Avalanche Journal* recently featured an eight part series on the subject of aging. Books are being written. Speeches are being made. Scientific data is being gathered.

Feedback Requested
Beginning in September, this column will feature a subject of the month during which we are asking for reader participation in the form of written responses. In light of the growing interest in the subject, Aging will be the theme for the month of September. Several responses will be selected during the month for publication in this column—with the names of respondents being published or withheld on request. Total response

should not exceed one double spaced typed page (8 1/2 x 11) or two handwritten pages.

Address correspondence to: *Becomings*, P.O. Box 79235, Hesperian, Floydada, Texas 79235.

Some suggestions might include: one "liner" definitions of Aging; sincere thoughts and feelings (meaning how you really feel about) the famous lines "Grow Old Along With Me, the Best Is Yet to Be" or perhaps "The process of aging is....." We are after some honest human experiencing here, so feel free to say what you think.

We hope to hear from all ages....Looking forward to hearing from you.

MR. AND MRS. TIMOTHY LEE BOYD

Boyd Vows Said In Tucson, Arizona

The church bridal aisle was roped with white satin ribbon, tropical foliage, and hurricane candle lights which led to the altar centered by a kneeling bench and a trinity candle entwined in greenery and white bridal satin. The background of the altar was arranged with formal candelabra. On either side of the kneeling bench were low spiral candelabra with blue votive candle lights. All the candelabra were of white wrought iron arranged with tropical foliage and satin bows. At the close of the ceremony, the newlyweds lighted the trinity candle.

The altar candelabra were lighted by groomsmen, Jack Garner and Bryan Benz. Wedding music was by Mrs. Lillian Caldwell, organist, and Mrs. Mary Belle McCorkle, soloist, who sang "Sometimes Alleluia" prior to the ceremony, and "Fol-

low Me" after the vows were exchanged. Other selections included "Annie's Song", "You Light Up My Life", "Wedding Song", "Lady", "At Dawning", "If Ever I Would Leave You", "Love Story", "Whither Thou Goest", and "Melody of Love".

Mrs. Jeannie Denton registered guests as they entered the church sanctuary. Preceding the bride down the church aisle were flower girl, Kimberly Ward, daughter of Mr. and Mrs. Dave Ward; ring bearer, Andy Ward, son of Mr. and Mrs. Michael Ward; bridesmaids, Miss Cindy Carroll, Farmington, New Mexico; Miss Kathy Boyd, Tucson, sister of the groom; and Miss Diane Tatman, Tucson, sister of the groom. Mrs. Diane Johnson, Lockney, cousin of the bride.

All the feminine attendants of the wedding party wore pale shimmering blue qiana formal gowns designed with A-line skirts and low circular necklines complimented by iridescent blue organza capelets.

The matron of honor and bridesmaids each carried a brandy snifter centered with a blue votive candle light, and arranged in a delicate cascade of white miniature carnations tipped blue, blue and white baby's breath, greenery, and white ribbon.

The flower girl scattered rose petals from a white basket arranged with white miniature carnations tipped blue, and blue and white baby's breath.

The ring bearer carried the bride's and groom's rings atop a white satin pillow edged in lace and ribbon.

Jeffrey Yeager was the best man; and groomsmen were Jack Garner, Bryan Benz, and Al Miller, all of Tucson.

All the male members of the wedding party were attired in white and black tuxedos with black vests and blue formal shirts.

The bride chose her uncle, Gene Belt, Lockney, to escort her to the altar where she was presented for marriage by her mother, Mrs. Calvin J. Pyle. Miss Pyle was attired in a formal Spanish style gown of white chantilly lace. It was fashioned with a molded bodice and a layered five-tiered skirt which extended into a chapel length train. The low circular neckline was encircled with a delicate ruffle or re-embroidered chantilly lace; and long fitted sleeves

also featured the delicate ruffles at the wrists. Her three-tiered veil of illusion was edged in chantilly lace.

Her bridal bouquet was a colonial design of all white with roses, stephanotis, button poms, baby's breath, greenery, and white satin ribbon.

Traditionally, for "something old", the bride wore a ruby ring belonging to her grandmother, Mrs. Clara Jeffcoat, and carried an 1882 coin given to her when she was five years old by her uncle, Gene Belt; "something new", her bridal attire; "something borrowed", pearls belonging to her cousin and matron of honor, Mrs. Diane Johnson; "something blue", a garter; and pennies of her and the groom's birth years.

The groom was attired in a white tuxedo with a matching vest and a formal shirt edged in black.

As the bride and groom left the church, the bride presented their mothers with a single long stem white rose.

Blue shimmering organza rice bags tied with white satin ribbon were distributed by the flower girl and the ring bearer.

Following the wedding ceremony, a reception was held in the Diplomat Room of the Executive Inn. All members of the wedding party received guests as they entered the room where tropical foliage, bridal satin, and spiral candelabra with blue votive candle lights decorated the serving tables for a buffet of hors d'oeuvres. Punch flowed from a silver fountain where it was individually served. Tables centered with votive candle lights were set in a cabaret arrangement with soft music in the background.

Focal points of the room was the bride's table centered with a seven-tiered wedding cake decorated with delicate blue and white flowers and topped with blue trimmed wedding bells. To complete the table setting, the bride's bouquet was flanked on either side by the attendant's brandy snifter-cascades.

Members of the house party were Miss Margaret Willson, Mrs. Lilah Regan, and Mr. and Mrs. George Yeager. Assisting were Mrs. Gene Belt, and Mrs. Byron Ford.

Gena and Tim honeymooned in Colorado, and will be at home in Tucson, Ariz.

zona where he is employed by Tucson Unified School District, and she attends the University of Arizona College of Nursing.

Special guests for the wedding activities from this area included grandmother of the bride, Mrs. Clara Jeffcoat; and Mr. and Mrs. Carlton Johnson, Mr. and Mrs. Gene Belt, Mrs. Byron Ford, Bernie Ford; and Mr. and Mrs. Tony Ford, Ft. Worth.

Mr. and Mrs. Russell G. Boyd, parents of the groom, hosted the rehearsal dinner party Thursday evening, August 10, at Sir George's Restaurant in Tucson.

The bride and groom were honored with a brunch Saturday morning, August 12, in the home of the bride's mother, Mrs. Calvin J. Pyle.

Pre-nuptial courtesies honoring the couple was a bridal shower in the home of Mrs. Jack Brown hosted by Mrs. Brown and her daughter, Mrs. Jeannie Denton, both of Tucson; a bridal shower in the home of Mrs. Bill Buntin hosted by Mrs. Buntin, her daughter, Jenny, and Mrs. Richard McCorkle, all of Tucson; and a groom's shower hosted by Jeffrey Yeager in his home in Tucson.

OBITUARY

Vernon Shaw

Services for Dr. Vernon F. Shaw, 76, of 710 Bluebonnet Drive, in Kerrville, Texas will be at 10:30 a.m. Monday, August 28 in the First Baptist Church in Ingram, Texas, with Dr. Fermon Weedon and Reverend Carroll W. Shaw officiating. Burial will be in Garden of Memories Cemetery under the direction of Grimes-Plummer Funeral Chapel of Kerrville.

Dr. Shaw died August 25 at Sid Peterson Memorial Hospital in Kerrville. He was born March 30, 1901 in Erath County and had resided in Kerrville since 1964. He was a retired Baptist minister and a member of First Baptist Church in Ingram.

Dr. Shaw had served as vice president of Decatur Baptist College, as Field Representative for Round Rock Childrens Home and had worked for Buckner Benolovance. He was a minister in Texas for 50 years, pastoring in San Angelo, Snyder, Temple, Kerrville, Hamilton, Olton and Floydada.

He was married on May 29, 1955 in Floydada.

Survivors include his widow, Virgie L. Shaw of

Kerrville; one son, Kenneth Shaw of San Angelo; one sister, Mrs. Lester Short of Vernon; two brothers, Otis Shaw of National City, California and Eugene Shaw of Vernon; and 3 grandchildren.

Memorials may be made to the Building Fund of First Baptist Church in Ingram.

Mary G. Campbell

Services for Mary G. Campbell, 67, will be Saturday, August 26 in the Wallace Funeral Chapel in Tulia. Reverend Bruce Parks, pastor of the First United Methodist Church of Tulia will officiate, assisted by Reverend Charles Davenport, pastor of First Baptist Church in Tulia. Burial will be in Rose Hill cemetery in Tulia under the direction of Wallace Funeral Chapel.

Mrs. Campbell was born Mary Gamble on August 31, 1911 in Floydada. She married L.F. Campbell on October 30, 1965 after the death of her first husband, Virgil Shaw. After their marriage, the Campbells moved to Tulia.

Mrs. Campbell died about 5:45 a.m. Thursday in Methodist Hospital in Houston after a long illness.

She was a former assistant superintendent of Floyd County schools for almost 30 years. She was a member of the First United Methodist Church here and a past president of the Tulia Sorosis Study Club.

Survivors include her husband; L.F., a stepdaughter, Sue George of Tulia; a stepson, Commander Don Campbell of Springfield, Va.; a sister, Erin Gamble of Newark, N.J.; a brother, John Gamble of Seymour, Ind.; an aunt, Edith Gamble of Lubbock; and four grandchildren.

Pall bearers will be E.W. Scheid, K. Crouch, Paul Murrell, John Stapleton, W. B. Ballard Jr. and John Ziegler.

Human beings are the only animals that regularly invite others to share their food.

The Floyd Philosopher

Wants A Scientific Laboratory To Find Out What's Wrong With Scientists

Editor's note: The Floyd Philosopher on his Johnson grass farm takes another look at scientists this week.

Dear editor:

I had thought that by now scientists had run out of something it could announce is bad for us.

No use going down the list completely, but over the last few years scientists have stuck their heads out of their laboratories, after first calling in the reporters, and announced that such items as sugar, salt, bacon, saccharin, tap water, white bread, fried eggs, hamburgers, potato chips, etc. are bad for us.

The list got so long that I figured scientists finally had run out of something we shouldn't eat or drink and would now have to figure out some other way to get their name in the paper and their research grants increased.

But just last week some scientists announced that, despite the fact people have been drinking it for hundreds of years, coffee and tea, if used by women, can cause birth defects in babies.

There's just one answer to this. Somebody has got to open up a laboratory to try to find out what causes defects in scientists.

We haven't got much time left. It's not that everybody is going to try to exist on a scientifically-endorsed diet of wheat germs and skimmed milk, but that scientists are going to be laughed out of business, and we need them. For example, if Russia invents a laser beam to knock down our guided missiles, we'll need a laser beam to knock down their laser beam, then another one to knock down the one they invent to knock down the one that knocked down theirs.... Make that cup of coffee strong and black.

Yours faithfully, J.A.

First Load Milo At Dougherty

Carmel Eastham of Eastham and Rainwater brought in milo to Dougherty's two elevators Thursday for possibly the first 1978 grain sorghum harvested in the county.

Thursday afternoon a load was marketed at D & P Grain that tested 13.80 moisture.

Around 7 p.m. Thursday night, a couple of loads were brought into Producers Cooperative Elevator that tested 15 and 10.90 moisture.

The milo was harvested southwest of Dougherty and manager of Producers, Bob Vickers said the market price was around \$3.50 per hundred.

Asking For Clean Indoor Air Act

Lubbock G.A.S.P. (Group Against Smoker's Pollution) is circulating a petition to our Texas Legislators asking for a clean indoor air act in Texas. Minnesota and Alaska have had this law for some time. Reports have been received on how great it is NOT to be assaulted by tobacco smoke in public places in these states.

Agribusiness Conference Slated

The High Plains Agribusiness Conference will open August 25 at the Lubbock Civic Center with an emphasis on the Texas Department of Agriculture and its services to the industry. The Conference will extend through Sunday, August 27.

First on the program at 11 a.m. will be a discussion in the Banquet Hall on exports and imports of agriculture commodities, lead by the Department's director of marketing, Ben Baisdon. Following an outline of TDA's participation in export programs will be a question-and-answer period on problems in exporting and the impact of imports on farming and ranching.

The importance of choosing the right seed will be the message from Don Ator, director of TDA's seed division, which maintains a seed analysis laboratory in Lubbock.

At 3:30 p.m. District office personnel, headed by Raymond Houtchens, will have an open house in the Banquet Hall to enable local industry conferees to meet those in TDA regulatory and laboratory work in the Lubbock area.

Pesticide use and regulations will be the topic of a short presentation at 4 p.m. by David Ivie, director of the agricultural and environmental sciences division of the Department. Recent changes in licensing, the shift of responsibilities from Federal levels to the state, and other current topics on uses of farm chemicals will be covered.

Next will be a session on grain warehouse inspection and auditing, only one phase of the consumer services division responsibilities. Ed Whitesides, director, will lead the discussion.

"We are very proud of the work of the Department and hope that those in the Con-

The voters of California, 600,000 strong, have reached their state's requirement for 312,404 valid signatures from registered voters to place an indoor clean air referendum on the state ballot this year. Several other states are making progress to protect the nonsmoker. Secretary of Health, Education and Welfare Joseph A. Califano is encouraging each state to pass strong laws to protect the nonsmoker in public places, which includes common public work areas. Texas' present law is one of the weakest in the Nation.

Many nonsmokers have large medical bills due to breathing the polluted air that smokers leave in public places. If you do not wish to breathe this "second-hand" smoke any longer and you do want a clean indoor air act for our state, please contact us at 1961 Texas Avenue, Lubbock, Tx. 79405.

FLOYDADA CHURCH OF THE NAZARENE
4th and Tennessee, Floydada, Texas
REV. WILLIAM E. CLARK, Pastor

EVANGELISTIC SERVICES

AUGUST 29 - Thru SEPTEMBER 3

7:00 Each Evening, Sun., 6 p.m.

REV. CHARLES WYLIE of Winfield, Kans., is an ordained elder in the Church of the Nazarene. He is a graduate of Bethany Nazarene College, Bethany Okla., and began his active ministry in 1968. After pastoring for several years, God led him into the field of full-time evangelism. The Wylies travel as a family, with each one participating. The children, DEANNA and DAVID, sing each evening. MRS. WYLIE presents readings and special music as well as leading the congregational singing. Rev. Wylie's messages are dynamic, biblical, and Spirit-filled, with an emphasis on the doctrine and experience of heart holiness.

As It Looks From Here

By Congressman Omar Burleson

WASHINGTON, D.C.—YOUNG PEOPLE FIND IT TOUGH TO BUY their first houses and older people find it tough to sell their last one. The plight for young people is inflation which has run up the price of all real estate. The problem for older people who wish to sell their home is also inflation but, in addition, the tax bite imposed on them through present tax law.

WE ATTEMPTED TO DO SOMETHING ABOUT THIS SITUATION in the tax bill passed by the House of Representatives a few days ago. It does not immediately help the young couple trying to purchase their first house but will protect them later when they may want to sell.

IN THE \$16.2 BILLION TAX CUT PASSED BY THE HOUSE and now going to the Senate are two provisions that would have the effect of eliminating, in most cases, the capital gains tax on the sale of a home. One provision would allow individuals on a one-time basis to exempt profits up to \$100,000 from the sale of their

principal residence, provided they have lived in it for as long as two years. Another section of the bill exempts

from taxation the inflated increase in the value of a home or other assets. This provision becomes effective in 1980 providing, of course, the senate agrees and the President signs the measure.

NO ONE KNOWS HOW MANY PEOPLE SELL THEIR HOME and face a tax which they didn't know existed. Some make a deal and then find that their tax liability takes away much of what they had hoped to gain. It is surprising how many people in their working years must move to another place because of their employment or of other reasons. Many elderly couples in many instances sell their house to seek other living accommodations because of their inability to maintain themselves in their home.

UNDER PRESENT LAW, PAYMENT OF CAPITAL GAINS ON PROFITS from the sale of a home is deferred as long as 18 months if another house which costs

controlling bollworm infestations when found to exist naturally in high enough numbers. Several people have inquired as to their usefulness when bought and released out in their fields.

There are two major problems that prevent lady beetles from being effective control agents when released in a cotton field: (1) When released, they frequently fly considerable distances from the release point even when ample food exists; and (2) There usually is not sufficient food in the field at the time of release to hold lady beetles in that field.

Research has demonstrated that we can control bollworms through mass rearing and release programs. However, considerably information is still needed before a recommendation can be made for practical application. At the present time, it is just not economically feasible to develop a release program that a farmer can afford.

This by no means implies that naturally occurring populations of beneficial insects have no value. Their presence on the South Plains probably represents millions of dollars saved in insecticide costs and yield losses. For the present, we have to be content with conserving these beneficials by avoiding the use of "hard" chemicals when uncalled for. Why not

give microbial insecticides a try instead of releasing beneficial insects? These materials can work if used properly and they do not kill any of your beneficials.

IMPROVING REPRODUCTIVE MANAGEMENT—Cow-calf producers need a written plan to improve reproductive performance in their herds, says a livestock specialist with the Texas Agricultural Extension Service. The plan should fit the situation and should include a review of the herd's reproductive performance, goals or objectives, inventory resources, a reconsideration of goals based on available resources, and methods and alternatives to reach the goals.

Boys and girls, ages 8 to 13, come to our dealership August 18 through September 29 to sign up. Bring your parent or guardian and, while you're here, pick up a free PP&K Tips Book. You'll find tips from the pros that may improve your skills and your chances for a trip to the PP&K finals to be held at the NFC Championship game to be played on January 7, 1979.

New Hunting Licenses Licenses Available

LUBBOCK -- The new 1978-79 Texas hunting licenses valid Sept. 1, 1978, are available at license vendors and Texas Parks and Wildlife Department offices across the state.

The licenses which are good for one year ending Aug. 31, 1979, are \$5.25 for a resident hunting license and \$8.75 for the combination/hunting/fishing license.

Non-resident/small licenses are \$37.75 and are required of out-of-state hunters after quail, prairie chicken, pheasant, dove and other small game species. Out-of-state sportsmen after bigger game such as turkey and deer will be required to purchase the \$100.75 license. This \$100.75 license will enable these hunters to hunt all legal Texas species during the regular open seasons.

All licenses will be printed on waterproof, tear-resistant paper and each license will contain buck, antlerless deer and turkey tags. The date and month of kill on all these tags must be marked out in ink or cut out and tags attached securely to the carcass prior to transporting or moving the carcass. The place and county of kill must also be filled in at this time.

There is also a space on the back of the hunting license to affix white-winged dove, archery and federal waterfowl stamps if required by the holder.

A resident hunting license is required of every Texas citizen hunting outside of the county of residence between the ages of 17-65 years old. Persons hunting on land where they reside or persons hunting deer and

turkey in county of residence must have an exempt hunting license available for \$1.25. Certain disabled veterans may hunt deer or turkey while in possession of a valid exempt hunting license.

If you use off-road vehicles or other means of transportation, a check of the battery, lights, tires, and lubrication systems is essential. If the vehicle is only driven during hunting season such as a jeep, but it will be operated on a public road, make sure the vehicle inspection sticker is current.

A successful hunt is impossible without close contact with the landowner. A call or personal contact at this time will insure a place to hunt and game population figures will help you set up areas to or skip over due to lack of

game. Half the fun of a successful hunt is the preparations and companionship among the hunting fraternity prior to the season opener. This might be the year you plan to take your son or daughter on their first hunt. Plan to put a hunter safety class in your schedule to insure a safe, successful season, long to be remembered by all participants.

P&WD AREA DOVE HUNT

PADUCAH--The annual dove season has been set for the Matador Wildlife Management area and the dates are Sept. 1-4, 8-10, 15-17, 22-24, 1978 and Jan. 6-7, 13-14, 20-21, 1979.

There will be no restrictions on the number of hunters during the

dove hunt on the management area located 11 miles north of Paducah on FM 3256 and the daily bag limit of dove will be 10 birds.

Hunting on the Matador WMA is by permit only and the \$5 daily permits will be issued at the check station. The fee will be paid when the hunters report on the area prior to the hunt each day.

Shooting hours will be one-half hour before sunrise to sunset daily. According to reports from the WMA manager Charlie Boyd, dove hunting should be good this year.

Hunters, whether successful or not, must check out at the station when the hunt is ended. Last year, dove hunters averaged seven birds per day which is considered excellent.

Additional information is available by calling the Matador WMA at 806/492-3405 or write Matador WMA, Box 46, Rt. 1, Paducah, Tx. 79248.

Piggly Wiggly now offers you Guaranteed Low Prices with our New Triple The Difference Policy

Everybody's talking about low prices, but we're doing something about it! We're so confident you'll save at Piggly Wiggly we guarantee you low prices with our new

TRIPLE THE DIFFERENCE POLICY

Here's how it works: First shop at Piggly Wiggly and buy 25 different grocery items. Then check the prices on the same 25 items in any other store. If their total is lower, bring in your Piggly Wiggly tape and the other store's prices and Piggly Wiggly will pay you TRIPLE THE DIFFERENCE IN CASH. At Piggly Wiggly we're committed to offering you quality products at competitive prices.

Meat and produce not included as quality and trim may vary from company to company.

WALLY WILLIAMS
President Of Piggly Wiggly

Piggly Wiggly is Determined to Fight Rising Costs!

PENNY THE PRICE WATCHER

To make sure that we are offering you the most competitive grocery prices we have a new team of Price Watchers. These people are just like you and have families of their own. They know what it's like to pay a grocery bill every week. Their job is to go from store to store in your town checking our competition's prices to make sure you save. Look for them around town in their Price Watcher Wagon. And meet Penny the Price Watcher. She is the symbol of this new PIGGLY WIGGLY effort. She and her "real life" team stand behind PIGGLY WIGGLY'S continuing drive to give you low prices you can believe in. Yes, PIGGLY WIGGLY is committed to saving you money...every day...in every department.

Trust us for Low Prices!

Men Attend Water Meeting In Paducah

Directors of the Paducah Soil and Water Conservation District at a summer meeting in Paducah. Directors attending were Gil King, Herman King, and Junior Taylor, also attending the meeting was Jon J. La Baume, district conservationist for the Soil Conservation Service in Floyd County.

Fishing Report

BEELT LAKE -- Improved with weather. Fishing white bass, largemouth bass, crappie fishing slow. Water temperature is 82 degrees F.

MACKENZIE LAKE -- The main boat ramp has been closed as an extension is being added. This P&WD project should be completed soon. Fishing has improved on sunfish and channel catfish. A few bass have been caught. The lake level is 101 feet and the water temperature at six feet is 77 degrees F.

LAKE THEO (Copper Breaks SP) -- Fishing has improved with cooler temperatures. A 10-pound channel catfish along with several smaller catfish have been caught. A few largemouth bass in the 3-to-3 1/2 pound class are being caught. Water temperatures are 75 degrees F.

by Roger Holley, SWCD director for Cottle County and also county judge for Cottle County.

Mr. R.H. Farris, president of the association called the business meeting to order with Bill Wilson, vice president from Big Spring calling the roll. 18 of the 22 districts were represented at the meeting.

Guest speaker were Mr. Carl Spencer, exec. director, State Soil and Water Conservation Board, Frank Gray, Lubbock, chairman of the Texas State Soil and Water Conservation Board and Charles Wood, Lubbock, vice president of the State Association of SWCD's.

Area resolutions were discussed that will be presented at the state meeting in October. Details of the state meeting were discussed by Bill Reese, area representative of the state SWCD board.

FLOYD DATA
Mrs. Carolyn Bo Hac and year old daughter, Jennifer, of Lake Elsinor, California, and Mrs. Shari Cain of Kileen Army Base spent Thursday and Friday with Charley Berry. Mrs. Cain's mother at Lake Elsinore was critically ill.

COLLEGE STATION -- Children can fix their own nutritious after-school snacks.

Raw cauliflower with a tomato catsup dip is an easy snack for kids to fix themselves, suggests Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

To prepare the cauliflower, wash the vegetable and place on a cutting board. Hold the head firmly with the left hand. Using the right hand, cut each flower off the stem with the point of a sharp knife being careful

Here's how it works: First shop at Piggly Wiggly and buy 25 different grocery items. Then check the prices on the same 25 items in any other store. If their total is lower, bring in your Piggly Wiggly tape and the other store's prices and Piggly Wiggly will pay you TRIPLE THE DIFFERENCE IN CASH. At Piggly Wiggly we're committed to offering you quality products at competitive prices. Meat and produce not included as quality and trim may vary from company to company.

Piggly Wiggly is Determined to Fight Rising Costs!

To make sure that we are offering you the most competitive grocery prices we have a new team of Price Watchers. Their job is to go from store to store in your town checking our competition's prices to make sure you save storewide at PIGGLY WIGGLY. And meet Penny the Price Watcher. She is the symbol of this new PIGGLY WIGGLY effort. She and her "real life" team stand behind PIGGLY WIGGLY'S continuing drive to give you low prices you can believe in.

Don Hill is attacking Budget waste...

Don Hill has already started my search for waste in the state budget. I want to be ready to overspend the budget. I take office as governor in January. My office already is down big state budget requests, spending within revenues. We'll live within our budget because I'll veto any new taxes."

because he knows taxpayers need relief from inflation.
