Whirlwinds Looking For A Repeat At Dimmitt

Rock Chat

LAST TIME we played the Bobcats, we were the victor.... district champions. There's no sense how our Friday night game out. It's the first game we, so we would expect it to be a good game. My wild guess is that we will win at Dimmitt 8-0.

REMEMBERS: be sure to wear your white Friday so we'll beat the Bobcats. Number two reminder: be sure to register for the free trip for the Dallas Cowboy game. The drawing will be drawn Saturday.

WHIRLWINDS may be playing a former teammate Friday night. Naylor played freshman football a year or two ago just before he moved to the Dimmitt.

SOUTH PLAINS Derald baled some 60 to 70 acres of winter cattle feed. Actually he weaves out there pioneered the use of the "weed hay" which is alfalfa, but retains the bale and makes good feed.

There seems to be a problem in the type weed baled. I'm sure it's a weed that we used to use. Back in depression days the leaf of the weed like called it lamb's quarter. The Agent's office said the weed is similar to what they call the weed. There seems to be a doubt about the correct name.

MAN gets too old to set a record. He starts giving good

Attention MEAN

Green Boosters

Friday night the Mighty Green Machine will travel to Dimmitt to rally against the Bobcats. We the Varsity Cheerleaders want to encourage everyone to come and start the season off with a good attendance at both the pep rally and the game. The pep rally will begin at 3:15 followed by the game at 8:00. Support the team by wearing your green and showing your face. See ya' there!

Varsity Cheerleaders

New Mailing Schedule

On Hesperian

Effective with the Sunday edition of The Hesperian, persons who receive their mail by city or rural carrier will not receive the newspaper until Monday.

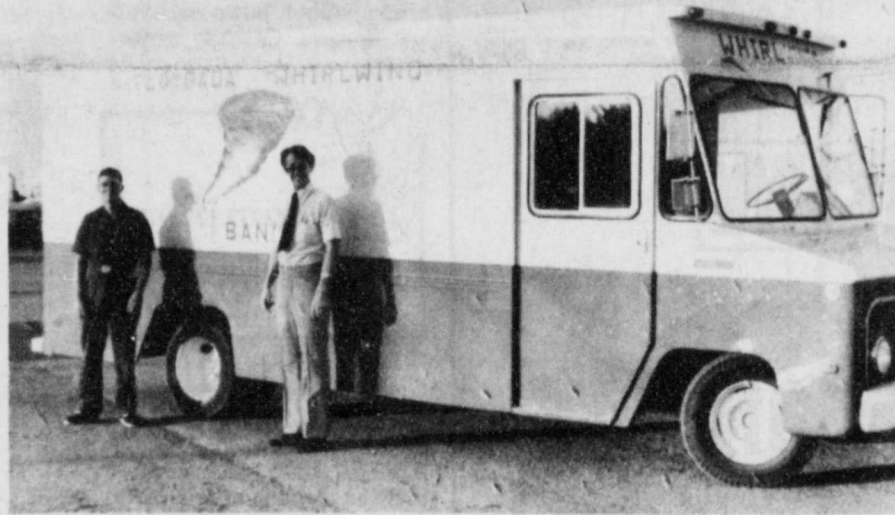

This is due to the fact that the Friday night football games require Saturday press runs and the Hesperian doesn't get to the Post Office until Saturday afternoon.

Of course the Sunday edition will go on newsstands Saturday afternoon and the Hesperian will be in the Sunday morning post office box mail.

FOOTBALL TICKETS TO BE GIVEN AWAY

All participating Floydada merchants are reminded that their registration boxes will be picked up Friday around noon.

Drawing for the winning ticket for the trip for two to see the Dallas Cowboys play St. Louis will be at 1 p.m. Saturday in front of the courthouse.

PRESIDENT OF THE BAND BOOSTERS Joe Max Harrison and band director Rusty Sherman with van. (Staff Photo).

Whirlwind Band To Show New Look

Football season is here! A tinge of excitement goes through everyone as they realize the meaning of the beginning of a new school. We all look forward to Friday nights, football games, cheerleaders, crisp fall air, and the anticipation of seeing the green and white on the gridiron.

The football season wouldn't be complete; however, without the excitement of the whirlwind band. According to band director Rusty Sherman, the band has several new additions this year. When we first see the band in the combined halftime show with the Dimmitt band in Dimmitt, we will be seeing our band in

Auto Crash Kills 13 Year Old Girl

A 13 year-old Floydada girl died Tuesday night after suffering extensive injuries in an early Monday Morning auto crash into the Adams Well Service building on the north city limits of Floydada.

Elvira Cortinas, who was riding in the rear of the auto died about 5:30 Tuesday night in Lubbock's Health Sciences Center Hospital. Elvira Cortinas was one of six teenagers in a 1976 Chevrolet Nova, which struck a building here about 12:30 a.m. Monday.

Four of the victims were rushed to Lubbock's Health Sciences Center Hospital and the other two were admitted to Caprock Hospital. All were from Floydada.

Labor Day was only 30 minutes old, Floydada Police Chief Royce Gilmore said, when the car, reportedly traveling at a high rate of speed, entered the north city limits on U.S. 70.

The driver, Esmerelda Rodriguez, 18 apparently failed to negotiate a curve in the road, lost control of the car and hit a cement tile building occupied by Adams Well Service.

Miss Rodriguez late Monday was under observation with multiple injuries at Health Sciences Center Hospital, and Adam Hernandez, 14 was in stable condition there with a broken arm and leg. Robert Cortinas, 17 was treated and released at the Lubbock hospital.

Janie Cortinas, 18, and Roy Guzman, 15 were admitted to Caprock Hospital following the mishap. A hospital spokeswoman late Monday described Cortinas' condition as fair and Guzman's as good.

By Wendall Tooley

The Floydada Whirlwinds would like to achieve a repeat performance of their bi-district championship game over Dimmitt of two years ago when they travel to Dimmitt Friday night for the season opener. The kick-off is 8 p.m.

The bi-district game was played in Hereford, so if you're wondering how to get to the Dimmitt stadium, go into Dimmitt like you're going to Hereford, turn west on the highway that goes to Friona off the northwest corner of the courthouse square. Out at the west edge of Dimmitt you'll see the stadium lights.

Dimmitt's head coach is Jerry Vance, who was assistant coach two years ago. He likes the "power I formation" and is boasting of the Dimmitt defense. He has moved all district quarterback Randy Roberts to full back and will be starting senior Jack Stewart in the signal calling spot. Stewart is a good passer and can run the ball when he needs to.

The Whirlwinds are keying a lot of their defense against Dimmitt's number 24, Dennis Veals.....he is fast and a cagey runner. Larry Bossett is also a good running half back.

Coach Vance has tabbed Tim Fewell as his roving "monster man" position. His offensive line averages 185 pounds and he has 12 lettermen, seven starters back from last year. He has 16 seniors and 13 juniors. He has nine players going both ways.

Whirlwinds

The Whirlwinds came out of a 1-1 scrimmage with Brownfield and a 2-2

scrimmage with Plainview's Junior Varsity. "We used a lot of our Junior Varsity at Plainview and gained a lot of valuable experience," Whirlwind coach L.G. Wilson said this week.

Coach Wilson said his Whirlwinds will go after the Dimmitt purple and white from the slot T offense and all the Whirlwinds are in good physical condition. Here's the starting lineup.

OFFENSE: Tight end Mark Beedy, split end Kary Helms, left tackle Keith Nixon, right tackle Mike Allen, left guard Paul Radloff, right guard Greg Jones, center Kenny Willis, quarterback Todd Vickers, right back Ricky Day, fullback Mac Collins, slot back Brad Feuerbacher, punter Junior Arredondo.

DEFENSE:

ends Danny Cedillo and Neal Becker, tackles Paul Radloff and Junior Cuevas or David Welborn, inside linebackers Greg Jones and Ricky Luna, corner linebackers Jimmy Jackson and Jay Waller, halfbacks Troy Marquis and Marty Daniel, safety Kary Helms, kick-off Tracy Womack and extra points Joey Luna.

Ladder Tennis

The Floydada Tennis Club's ladder tennis tournament began this week and the drawing for rungs on the ladders looks like this:

Women's Division: Lorrie Farris and Elaine Cluck, Anne Jones and Tana Probasco, Pat Barrow and Flo Davis, Trudi Gilly and Kathie McIntosh, Vickie Rainer and Eleanor Hendrix.

Men's Division: Frank Barrow and Jack Eubanks, Wendell Tooley and Turner Hunter, Richard Hale and Dwight Teeple; Jerry Neeley and Ricky Gonzales, Rudy Mendoza and Rick Vasquez, Craig Gilly and Kreis McIntosh.

Teams may challenge one or two rungs up and the tournament will be over September 30. Trophies will be given to the first and second place winners in each division.

Elvira Cortinas

Cortinas Love Fund

A Love Fund has been established at The First National Bank of Floydada for the Cortinas family. Four members of that family were injured in an automobile accident Monday morning.

One died, two remain in a Lubbock hospital, and one was treated and released.

Il Penseroso Members Host

Get-Acquainted Coffee

A get-acquainted coffee was held Tuesday morning at the Lockney home of Mrs. Van (Cheryl) Bradley. Hostesses were Il Penseroso Junior Study Club members Mrs. Don (Jan) Duvall, Mrs. Jim Bob (Kay) Martin, Mrs. Bill (Anita) Bigham, Mrs. Bradley and Mrs. Donnie (Judy) Jackson.

Indian corn and other dried items were used to form the table centerpiece. Coffee, soft drinks and various breads were served informally.

Guests included Mrs. Herbert (Sharon) Smith, Mrs. Jerry (Janie) Klein, Mrs. Bill (Kathy) Hunter, Mrs. Bill (Gayle) Howard and Heather, Mrs. Dart (JoAnn) Carthel, Mrs. Johnnie (Betonja) Belt, Mrs. Kenneth (Jackie) Holt, Mrs. Delvin (Sheryl) Bybee, Mrs. Audrey (Barbara) McCormick, Mrs. Jerry (Barbara) Cawley, Mrs. L.T. (Darlene) Cooper, Mrs. Phil (Vickie) Green, Mrs. Ernie (Adeana) Widener, Mrs. Wilma Poole, Mrs. Carolyn Whittington, Mrs. Buster (Linda) Terrell, Mrs. Paul (Delinda) Galsson, Mrs. Dan (Reeda Cay) Smith, Mrs. Eddie (Cheryl) Teeter, Mrs. Cliff (Elaine) Hardy, Mrs. Roger (Belinda) Stapp and Mrs. Bruce (Debbie) Griffith.

Other club members present were Mrs. Ray (Lynda) Gant, Mrs. Roy (Sharon) Kinard, Mrs. Ricky (Susan) Flippin, Mrs. Keith (Gayle) Jackson, Mrs. Jerry (Jessie) Johnson, Mrs. Louie (Cynthia) Bybee, Mrs. Mike (Ginger) Mathis, Mrs. Larry (Sandy) Adrian, Mrs. Ricky (Kathy) Kellison and Mrs. David (Janette) Workman.

Floydada Women C of C To Meet

The regular meeting of the Women's Division of the Chamber of Commerce will be Monday September 11 at 7:45 p.m. in the Community room of the First National Bank of Floydada.

All members are urged to attend.

Miss Mackenzie Contest Entry Forms

Entry forms for the Miss Mackenzie Contest to be held September 30, may be picked up at the Floyd County Hesperian Office in Floydada. Deadline for entries is September 22.

Society

Kelly Lyons, Rick Reddy Pledge Vows

The First United Methodist Church was the scene of a 6 o'clock candlelight ceremony that united in marriage Kelli Lyn Lyons and Joseph Rick Reddy Saturday, September 2nd. The Rev. James W. Smith pastor, directed the exchange of vows.

Graduated candelabras joined with satin ropes and holding arrangements of brown and yellow pompons, formed an arch of candlelight in the altar background. Brass baskets held arrangements of yellow gladioli and bronze mums which were complemented by spiral candelabras.

The bride is the daughter of Mrs. and Mrs. Richard Lyons of South Plains; and Reddy is the son of Mr. and Mrs. Lewis Reddy.

Given in marriage by her father, the bride wore an empire styled gown of white silk organza and Venice lace that featured a lace bodice with Victorian neckline and long full Juliet sleeves. The full silk A-line skirt featured a chapel length train bordered with daisy patterned Venice lace. A picture hat of embroidered Venice lace held a double illusion veil that extended to fingertip length.

The bridal gown served as

something borrowed. It was worn by her aunt, Mrs. Steve Weekley, in her wedding. Something old was a cameo pin worn at the neck of the gown that had belonged to a great-great aunt. She added the traditional blue garter to her attire. The bride carried a cascade bouquet of white sweetheart rosebuds and stephanotis showered with white baby's breath.

Nuptial music was presented by Terry Willson, organist, Melissa Payne, flutist, and Tammy Hale, soloist, accompanied by Shonda Fulton, pianist.

Maid of honor was Phyllis Johnson, and Tracy Reddy, sister of the groom, was bridesmaid. Mrs. Weekley of Dysart, Iowa and Mrs. Mike Hale of Lubbock, the groom's sister, were bridesmatrons.

Attendants A-line dresses of yellow qiana were fashioned with a ruffled off-shoulder neckline complemented with a satin ribbon and silk organza roses at the neck and yellow hats also trimmed with ribbon and silk roses. Wicker baskets holding cascade arrangements of yellow and bronze daisy mums accented in yellow were carried.

Mitzy Shuman of Lovington, N.M., cousin of the bride was flower girl. She wore a yellow eyelet embroidered dress fashioned with ruffled neckline complemented with yellow hat trimmed with ribbon and silk roses, and carried a lace basket of rosebuds.

Randy Fry was best man and Mike Gilly, Rex Rose and Mike Hale of Lubbock, the groom's brother-in-law, were groomsmen. Serving as ushers were the bride's brothers, Monte Lyons and Breck Stapleton, who were assisted by the groomsmen. Kyle Stapleton, the bride's brother, and Terry Westbrook were candlelighters. Male attendants wore brown tuxedos with yellow trimmed shirts carrying out the color scheme.

The mother of the bride wore a floor length gown of apricot chiffon to co-ordinate with the bride's chosen colors; and the groom's mother wore a floor length gown of brown chiffon to match the groomsmen's tuxedos. Corsages of white cymbidium orchids were worn to complement their gowns.

A reception was held in the fellowship hall of the church with Mrs. Larry Stovall registering guests. Assistants at the reception were Mitzy Hale, Jill Poage, Lisa Powell and Mrs. Mark Gilly. Music at the reception was presented by Terry Willson.

The Bride's table was covered with an ecru-cut-lace cloth with yellow underlay. At one end of the table was a crystal punch bowl and at the opposite end was a silver coffee service. Centered on the table was the tiered wedding cake which was accented with brown ribbon bows and yellow flowers. Cascade arrangements of yellow and bronze daisy mums completed the table decor. An elongated arrangement of white daisy mums and baby's breath was set atop the piano. The attendants' baskets of flowers in the bride's chosen colors were placed at vantage points in the room.

Special guests were the bride's mother, Carole Lyons of Huntsville, and her

MRS. RICK REDDY

grandparents, Mr. and Mrs. William Cranston of Dysart Iowa, Vera Lamprecht of Waterloo, Iowa and Mrs. Cora Shuman of Abernathy. The couple left on a wedding trip to Durango, Colorado, and will return to make their home in the McCoy Community.

Reddy is a 1977 graduate of Floydada High School and the bride graduated from

F.H.S. in 1977. She is employed by the Hesperian Office in the Community room of the First National Bank of Floydada. She is a member of the Homecoming Queens of Floydada and the Homecoming Queens of the Community room of the First National Bank of Floydada.

Becomings By Duffy

A definition. Worry: "the recycling of an ineffective approach."

Art Linkletter once said that he always worried (you know, the recycling of an ineffective approach) about getting older and not being able to do the things he had always enjoyed doing. He added, though, that once he arrived at the next stage in life, he found he did not want to do the same things any more, so he went on to something new and different with no regrets or desires to go back to the lost ages or the behaviors associated with those ages.

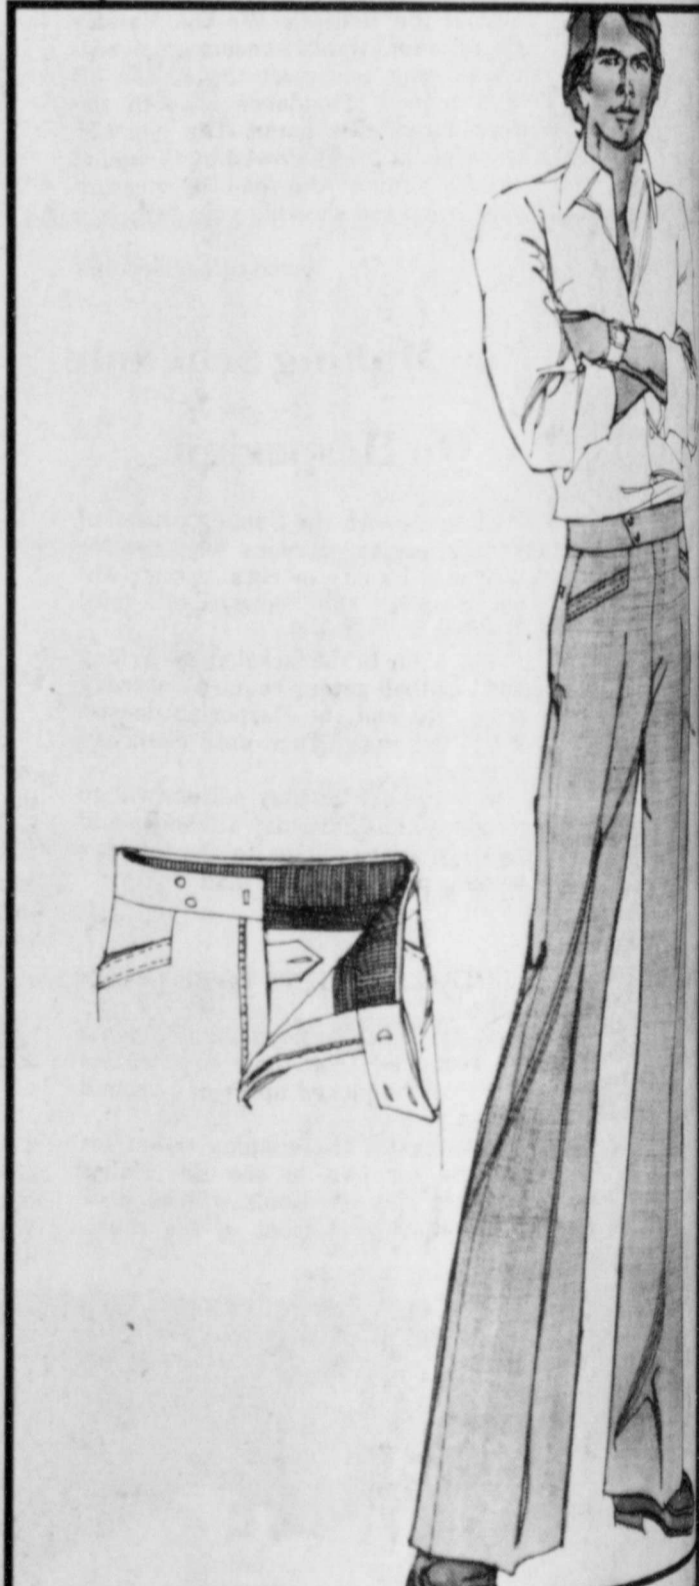

A better definition? Hope: "the recycling of creative life instincts."

...And speaking of cycles the seasons of the year are sometimes used to describe life cycles. A recent TV show explained life and death as a blade of grass coming out in the spring, being green through the summer and dying in the fall and winter...then the next spring another sprig takes its place...Well, that may all be well and good for explaining the continuing cycle of nature, but when it comes to me, I don't want another sprig coming along to take my place. I want to be here next spring myself!

And besides...in a football town like Floydada, the beginning of school and of football season seems to mark the time of "new beginnings" more than does springtime. So, I guess we could consider life as a football game: 1st quarter= spring= childhood and youth; 2nd quarter= summer= adulthood; 3rd quarter= fall= middle age; and 4th quarter= winter= old age. I guess halftime could be that time when people question "passages" and seek for new life meanings... But where do any of these clever or not so clever analogies get us? I'm still 42 and not holding.

Guess I'd better go recycle some of that hope stuff.

OBITUARIES

Joe Crouch, 89 expired
Sunday September 3 at 7:00
p.m. at Muleshoe. He was a
long time resident there. His
widow, 4 daughters and son
survive.

Mr. Crouch was employed
in Floydada many years ago
at Armour Creamery.
Woodrow Surratt and Wife
Ruby of Muleshoe visit here
often. Charley Berry, uncle,
attended the funeral Tues-
day September 5.

Herb Miller, area Hi Pla-
ins minister, will lead the
service, aided by the elders
and deacons of the congrega-
tion.

During the afternoon of
the same day, there will be a
reception honoring Dennis
and Susan Sweargin. Friends
from other local congrega-
tions are invited to come to
the Fellowship Hall of the
church between the hours of
2:30 and 4:30 p.m. to meet
and welcome the new family.

Edna Gilly attended the funeral services of her uncle, Doyce Smalley, Sunday at the Moore-Rose Funeral Chapel. Smalley, 73, is survived by his wife, Esther, one daughter, Mrs. Kenneth (Melba) Tate of Lockney, and one son Joe Smalley of Lubbock, three grandchildren and one great grandchild; three brothers, John of Floydada, Noah of Floydada, Odie West of Loco, Oklahoma, and Sue Thompson of Floydada.

Guests in the home of Mr. and Mrs. J.A. Welch Sunday and they visited Connie Welch in Canyon.

Mr. and Mrs. J.R. Kelley had guests in their home from Texline when Mr. and Mrs. John Nix arrived Sunday.

Robin and Ruth Fortenberry were among the attendants at the Fairview and Center reunion held in the Massie Activity Center in Floydada Saturday.

Mary Ann and Garland Tucker returned home Friday night after spending several days vacationing in New Mexico. They spent their first night in Levelland

with a brother and his wife, Bob and Thresa Tucker and traveled to Ruidoso spending one night, then to Claud Croft, White Sands Mountains and on to Carlsbad where they went through the caverns.

Wednesday Mr. and Mrs. Les Thompson arrived at the home of Rev. and Mrs. Jackie Thompson where they spent the night and Thursday morning. Both couples went to Waxahachie to see the Thompson children, Jackie and Robbie Thompson. Mr. and Mrs. Les Thompson spent the night in the home of Mr. and Mrs. Dallas Thompson. As they were returning home Friday they visited Jackie's sister Mr. and Mrs. G. E. Neighbor in Whitesboro.

Guests in the home of Mr. and Mrs. Junior Taylor Sunday were Agnes and Gus Wesley, Grace and Olan Keeter of Plainview and Mattie Davis of Floydada. Bud Taylor spent the weekend with a friend in Tulia.

Mr. and Mrs. J.R. Conner celebrated their 55th Anniversary with a dinner in Plainview. They later visited a granddaughter and husband Mr. and Mrs. Mike Pritchard who live in Plainview.

Rev. and Mrs. Jackie Thompson attended the Thompson reunion in Hereford Monday. There were around 30 present for the occasion which was their first reunion.

Mr. and Mrs. J.R. Conner visited their sister-in-law Opal Conner of Etchard, Colorado who is visiting relatives in Plainview Tuesday.

Mr. and Mrs. Tom Fortenberry helped their granddaughter Paula Vick celebrate her birthday in the home of Mr. and Mrs. Lafayette Boone in Lubbock Wednesday.

Mrs. Clay Muncy visited Miss Vera Meredith Friday-Mrs Green dropped by Sunday night.

NOTICE

Pioneer Natural Gas Company, a division of Pioneer Corporation, hereby gives notice of its intent to implement new rates for residential and commercial type, small industrial and large gas air conditioning and/or electric generating gas service customers in the rural environs of the 63 cities and towns on its West Texas Distribution System, effective upon the date and to the extent that such rates are finally approved for the said cities and towns. It is anticipated that the new rates will result in a 1.7% increase in Pioneer's gross revenues on its West Texas Distribution System. The increase in Pioneer's aggregate revenues will not constitute a "major change" as defined in Section 43(b) of Article 1446c, V.A.T.C.S.

A Statement of Intent to change said rates was filed with the Railroad Commission of Texas about August 18, 1978, and is available for inspection at the Company's Amarillo office, 301 S. Taylor Street.

CLASSIFIED AD THE PLACE TO LOOK

LEGAL NOTICE

PUBLIC HEARING NOTICE
The Texas Department of Water Resources will conduct a public hearing beginning at 1:30 p.m. - September 28, 1978
Brazos River Authority Board Room
4400 Cobbs
Waco, Texas

in order to receive testimony concerning Volume II, Plan Summary Report, of the Water Quality Management Plan for the Brazos Basin. This document is the second of two volumes which comprise the Water Quality Management Plan for the Brazos Basin. Volume II, Plan Summary Report, presents the recommended plans for water quality management and the legal, financial, and institutional requirements of each plan. Also included in Volume II are descriptions of feasible alternatives, an environmental assessment, and a summary of the public participation activities conducted during the development of the plan. The Water Quality Management Plan for the Brazos Basin has been developed to satisfy the requirements of Section 26.036 Texas Water Code, as amended, and Section 208 of the Federal Water Pollution Control Act, and pursuant to Title 40 Code of Federal Regulations Parts 130 and 131 and the State of Texas Continuing Planning Process. The public hearing shall be conducted in compliance with Section 26.037, Texas Water Code, as amended.

The study area for this plan indicates most of the Brazos Basin. This plan does not address the planning required in the Killeen-Temple Designated Area-wide Planning Area; detailed planning within that area is being provided through the development of the Killeen-Temple Area-wide Waste Treatment Management Plan and will not be considered at this hearing.

Copies of the Volume II, Plan Summary Report, are available for public inspection. Review of Volume II, Plan Summary Report, at one of the following locations is encouraged due to the limited number of copies available for distribution: Texas Department of Water Resources Office, Stephen F. Austin Building, 1700 North Congress Avenue, Austin, Texas; Texas Department of Water Resources District 1 Office, Amarillo Building, 301 S. Polk, Room 306, Amarillo, Texas 79106; Texas Department of Water Resources District 2 Office, 4819 Avenue Q, Lubbock, Texas 79412; Texas Department of Water Resources District 4 Office, 203 James Collins Blvd., Duncanville, Texas 75116; Texas Department of Water Resources District 7 Office, 2318 Center Street, Deer Park, Texas 77536; Texas Department of Water Resources District 9 Office, 133 West Concho, San Angelo, Texas 76903; Brazos River Authority, P.O. Box 7555, Waco, Texas 76710.

The public is encouraged to attend the hearing and to present evidence or opinions concerning Volume II, Plan Summary Report. The Department would appreciate receiving a copy of all written testimony at least five (5) days before the hearing. Requests for individual copies of the Volume II Plan Summary Report, questions about the report or the public hearing, and copies of written testimony should be addressed to Jackson H. Dramer, Texas Department of Water Resources, P.O. Box 13087, Capitol Station, Austin, Texas 78711, or call (512) 475-3454. When requesting a copy or sending a query by mail, please include your complete return address and telephone number.

The date selected for this hearing is intended to comply with deadlines set by statute and regulation. Any publication or receipt of this notice less than thirty calendar days prior to the hearing date is due to the necessity of scheduling the hearing on the date selected.

This public hearing may be continued in order to fully develop the evidence.

Issued this the 18th day of August, 1978.

Center News

By Mrs. J.E. Green

It was a good weekend. A lot of persons were visiting

out of town, and some stayed home unable to attend, but a goodly number enjoyed the yearly Center-Fairview Homecoming at the Massie Activity Center Sunday. We also enjoyed the heavy rain shower in the afternoon with water pouring of the roof. May there be many more.

Mr. and Mrs. Joe Conway of Irving arrived Sunday evening for a visit with her parents, Mr. and Mrs. Claude Carpenter and other relatives.

Mr. and Mrs. Earl Edwards visited Mrs. Battey Thursday evening.

Mrs. R.C. Ross spent from Friday till Tuesday with her daughter and husband Maxine and Buck Ragsdale of near Muleshoe, where she helped can peaches.

Mr. and Mrs. Neal Wright of Rotan came Friday to spend the weekend with her mother, Mrs. Ava Jackson. Sunday evening the Wrights went home by way of Lubbock where they had supper with old friends.

Mr. and Mrs. Bob Allred and Roger were Sunday dinner guests of the Thomas Warrens. Mr. and Mrs. William Bertrand came in the afternoon.

Mr. and Mrs. Milton Mensch and son David of Lubbock spent Friday night till Saturday evening with her parents Mr. and Mrs. Hal Thomas. Sunday till Monday nights guests were a nephew and wife, Mr. and Mrs. Wayne Gound of Dallas.

Mrs. J.D. Welborn and Mrs. Eunice Lewis were Sunday dinner guests in the home of Mr. and Mrs. Bobby Welborn and family. They visited at the Massie Center Sunday night. Corrine Mankins visited Mrs. Welborn Monday afternoon. Mr. and Mrs. Charles Fulkerson had as their holiday weekend guests their daughter and husband, Mr. and Mrs. Donald Finkner of Lubbock and Mr. and Mrs. Ronald Boening of New-Brunfels.

Mrs. Frank Dunn visited one day last week with friends in the Mennifee Apartments with Mrs. Ross, Mrs. Vinson, and Mrs. Jarbo.

Mr. and Mrs. John Watten and Daughter Melinda of near Lubbock spent Saturday night with his mother, Mrs. Elmer Warren. Grate Granddaughter Chrystal also spent the night with Mrs. Warren. Sunday the group, except Chrystal,

Love Green is getting that ol' Friday Night Fever.

Johnson, and Julie Morton are proud of these new flags and their new flag uniforms, which are green and white jumpsuits. Julie is also serving as one of the 78-79 Whirlwind cheerleaders.

So that out-of-town folks will know the Whirlwinds are coming to town, the band has a new green and white band van. This van was acquired this summer by the hard working band boosters. Many hours of hard work were contributed by interested parents with their proud organization in mind. The van was painted by Johnny Bill Sue of Quality Body shop and the time and materials were donated by Johnny Bill. The lettering and whirlwinds painted on the sides, front and rear of the van were donated by Jack Fuqua of Floydada. The side of the van has FLOYDADA WHIRLWIND BAND with a large green whirlwind; the front panel states WHIRLWINDS; and on the rear are the letters FHS with two small whirlwinds pointing toward the middle of the rear doors.

Drum major of the award winning Whirlwind Band is Miss Suzanne Dyess. Suzanne is a Senior at FHS and is also the President of the Band. Angie Turner is Vice-President, Trava Gentry is Secretary, and Kelly Sue is Treasurer. Twirlers of the band are Donnette Williams, Senior and Head Twirler; Debbie Dobbins, Junior; Rhonda Jordan, Junior; and Brenda Hicks, Freshman. Class Representatives are Kim Barnett, Senior; Becky Crabtree, Junior; Terry Lloyd, Sophomore; and Esmeralda Gonzales, Freshman. Treva Hambricht was named the Outstanding Freshman Marcher during summer band rehearsals.

The Whirlwind Band, winners of the Sweepstakes Award in 77-78, are looking for a tremendous year in 78-79 and as one can readily see, the year has definitely started off on the right foot. What would a football game be without the thrill of the familiar strains of the Fight Song and many other exciting marches, not to mention our school song. Football season is here!

Jay Womack

Playing Football for Tarlton State

Jay Womack, son of Mr. and Mrs. Bill Womack of Floydada, is enrolled as a sophomore student at Tarlton State University in Stephenville. He is an ag major and will be participating in the football program this fall in the position of quarterback. The opening game of the season is Saturday September 9.

"Saddle Up For Scouting" Meet

"Saddle Up For Scouting," which is this year's Round Up Theme, implies that all Scouters in the South Plains Council need to share their enthusiasm and belief in Scouting with their friends and the youth in their neighborhoods and communities.

The Floydada Units will all meet together at Duncan Elementary, Tuesday, September 12, at 7 p.m. The units participating are: Troop and Pack #355, with leaders Wilson Bond, Adolfo Garcia, Rudy Martinez, Ricky Gonzales and Carmon Soliz; Troop #357, Jim Word, Jerry Finley and Don Daniel and Weblo Leader Mac Wilson; & Pack #357-Doug Galloway, Cub Master.

Each Scout and Cub will wear his uniform to School Tuesday, September 12 and will invite his friends to join them to Saddle Up For Scouting that evening.

Town Hall Meeting

Friends of the Library Organization will sponsor the Floyd County Town Hall Meeting at 8 p.m. September 12 in the courtroom of the Floyd County Courthouse. Amy Marjorie Hollums will conduct the meeting, after which the library will be open for visitation and refreshments will be served.

Brochures explaining the aims for future library services may be picked up at the County Library or at the schools, and will be available at the September 12 meeting.

Floydada librarian Jackie Wall has arranged the library into various interest sections and has added many other features which help make the library an extra special place to be. One service that is offered which everyone may not be aware of is the Interlibrary Loan program with the public and academic libraries, which makes available media which are not in our county, but which may be borrowed through the local library.

Governor Dolph Briscoe has proclaimed September 12 Library Town Hall Meeting Day in Texas. His proclamation calls upon all Texans to participate in their local Town Hall Meetings, which will give them an opportunity to tell their librarians as well as local, state and national officials about their information needs and how libraries can meet these needs. Reports from these local meetings will be considered by the 200 delegates to the Texas Conference on Library and Information Services slated for November 16-18, 1978, in Austin.

The process that begins with the Town Hall Meetings and continues to the Texas Conference will culminate with a White House Conference on Library and Information Services on October 28 to November 2, 1979. At this time delegates selected at the 54 state and territorial conferences will gather to consider recommendations dealing with library and information services.

THE FLOYD COUNTY HESPERIAN

Published each Sunday and Thursday at 111 E. Mo. St., P.O. Box 700, Floydada, Texas 79235. Second class postage paid at Floydada, Texas 79235. Publication No. 202680. Wendell Tooley, editor. Subscription rates: Local \$9.50 a year, out of trade area: \$10.50

Hunting As A Sport

ROCK—Purchasing a new Texas hunting rifle is only the first preparation for the hunting seasons as equipment such as binoculars, boots, traps, stoves and essential gear should be examined and repaired prior to the season.

Shooting stored in a case or after that last season's equipment has not been cleaned or oiled.

The time to get the firing pin reworked and a new installed.

Shooting have a left from last season which shell should be purchased while the sporting season is having hunters consider a good target for the old shoot for quail, but a with a hand trap of rounds at the best course well worth the effort prior to the dove opening.

Examination of hunting equipment such as hunting suits, shell, gun-carrying and gun-carrying might indicate a change is in order. These changes for these are easier to find save you valuable time later.

citizen of Texas person except an alien has been a bona fide resident of Texas for six (6) months immediately preceding the date of application for a license.

of the Armed Forces in active duty at the time of application for a license.

more than thirty miles south of Albany.

Whirlpool dishwasher, tar, clothes for tall young men, etc.

LARGE GARAGE many new school tapes, t.v., tape recorders, Fri., Sat. 629 W. Missouri, Floydada, Texas

course and become certified safe hunters.

Texas does not require a hunter safety card prior to issuing a hunting license to either residents or non-residents, but the neighboring states of New Mexico, Colorado, and Kansas along with some 20 other states do require this training.

To sign up for a course, contact the nearest Texas game warden or P&WD representative in your area or a local volunteer hunter safety instructor.

What One Person Can Do

KATHLEEN O'HANLON, BATTLE-FRONT NURSE

There is a 47-year-old woman in Belfast who knows as much about the horrors of Northern Ireland's nine years of terrorism as anyone. And she knows suffering has no politics.

Kathleen O'Hanlon is a nurse at the Royal Victoria Hospital, located in a birched area between Roman Catholic and Protestant strongholds. It is she who meets incoming ambulances and makes instant medical judgements. "The minute

those people come through the door," says Sister Kate, as the ambulance drivers call her, "they cease to be instigator or victim. They become patients, and the ones who need treatment the most get the highest priority."

In this bitter strife in which nobody wins, Sister Kate ministers to the suffering. This is her life. Once in a while she takes a day to unwind and walk along the wild coast listening to the wind. But most of the time her ears are turned to ambulance sirens. Sister Kate tells of times when up to 150 people in shock come in within an hour. "This isn't a job where you can flap about and say, 'Oh dear, oh dear'."

"One tough cookie," someone has called her, "but a great lady."

One morning a policeman, blinded by a bullet, came in not long after his friend, a soldier with a shattered jaw. She put them side by side. "The soldier who couldn't talk wrote notes," she recalls, "and I read them to the policeman who couldn't see."

Queen Elizabeth II, head of the Protestant Church of England, has singled out the Roman Catholic nurse to be a member of the Order of the British Empire. The best reward for putting our hearts into our work is to know we are making the world a little better for everyone.

teenagers say there's nothing to do—and then are surprised to learn their big-city friends are

saying the same thing. A little town, when all is said and done, is a very nice place to live.

Sleep while you want ad works.

Some Facts About Shades

Did you know: (1) If you are in bright sunlight without sunglasses, you will tire faster. Glare causes squinting and fatigue; (2) Yellow lenses are to be used on cloudy days to sharpen contrasts, especially for sports; (3) If you can see your eyes clearly while looking in a mirror and wearing sunglasses, the lenses won't give adequate protection; (4) Experts recommended neutral gray or sage-green lenses for keenest vision and color perception.

Energy Idea

Due to the extremely severe winter, an Ohio state legislator has come up with a novel plan to help eliminate some of the drudgery. John Galbraith has introduced a bill to eliminate the winter months of January and February beginning in 1979. The 69 extra days would be divided up among June, July, and August. It sounds crazy, but if it would fool Old Man Winter, it may be just worth to try!

Schools In Castro Show Pupil Decline

First-day enrollment in all three Castro County schools showed slight declines over the 1977 figures, with the drop generally in the lower grades.

Dimmitt High School enrolled 424 students, 12 more than on the first day of school last fall, but the Middle School with 635 has 75 fewer pupils than the 710 last year and Richardson Elementary's enrollment was 555 compared with 566 a year ago, for an overall drop of 74.

The totals for Dimmitt schools are those of Aug. 28 both years, but were practically the same as for the actual first enrollment day, school officials said.

Total enrollment in Hart High School and Junior High grades 7-12, reached 236 Aug. 24, compared with 247 on the first day of the 1977 term, Supt. Ted Averitt reported.

However, in kindergarten through sixth grade the Hart school system enrolled 331 compared to 389 last year, for a total decline of 71 pupils.

The staff at Hart still lacks one full-time bus driver, Averitt said, and he is taking applications for that job this week.

Nazareth schools are short only eight pupils from this time last year, with 332 enrolled the first day compared with 340 in 1977.

This is in keeping with a downward trend in enrollment for that district, Supt. Johnny Mason said. For several years the school has enrolled "10 or 12 fewer pupils every year," he said.

Mason said about the same number of students enrolled in the senior class, where 33 graduated in the spring, but the drop is in lower grades.

Prices farmers get for products show decline

WASHINGTON — The prices that farmers get for raw products as they move into the consumer pipeline declined nearly 3 percent in August, the Agriculture Department said Thursday.

The department's Crop Reporting Board said lower prices for broilers, corn, potatoes, cattle and apples contributed most to the decline.

However, higher prices were reported for hogs, milk and eggs which

helped offset the price drop for other commodities.

It was the second straight month that farm prices dropped. In July, they declined one percent following nine consecutive monthly increases.

Changes in raw-product prices can take from a few weeks to more than a year to show up in changes in supermarket prices.

On Tuesday, the Labor Department announced that retail grocery

prices dropped 0.4 percent in July following average monthly increases of 1.6 percent in the first half of this year.

Although retail beef prices surpassed their old record almost four months ago, average prices at the farm for beef cattle are still shy of their August 1973 peak of \$51.70 per 100 pounds.

In August, cattle prices averaged \$48.80 per 100 pounds after edging

near the record in June with a \$51.30 national figure and slipping to \$49.80 in July.

Meat accounts for about one-third of what consumers spend on food, with beef responsible for half of that.

The overall beef supply is down because ranchers have been culling herds to overcome four years of losses and department experts say consumers can expect relatively high re-

tail beef prices for the next few years until herds are rebuilt.

Smaller supplies of meat, fruit and vegetables will mean an increase of up to 10 percent in food prices this year over 1977 averages, government economists say. Food prices last year rose 6.2 percent above 1976 levels.

The worst part of the spiral is over, however, the economists say.

The crop board said that overall farm prices in August averaged 20

percent higher than in June, they were at their lowest in almost five years.

Prices farmers pay for hogs, meanwhile, hit a record high last year but averaged 10 percent above 1976 levels.

The board said prices for eggs were down from July but were up from a year ago. From 1915-1914 period, August wheat

With the cotton harvest approaching, producers are questioning Plains Cotton Growers, Inc., Lubbock, about the loan program, the "import-triggering mechanism" in the 1977 Farm Act and other matters relating to marketing.

Thousands of acres of dryland cotton are to the point that additional rainfall won't help. Defoliation and harvesting in September could be advantageous. And that raises a question about the currently effective base loan rate of 44 cents per pound and the 48-cent rate that will take effect October 1.

In late 1977 Secretary of Agriculture Bob Bergland announced the 44-cent rate. Passage of the Emergency Farm Act of 1978 subsequently mandated a loan of 48 cents, beginning October 1. Cotton placed in the loan during September therefore will go in at the lower rate of 44 cents.

But Agricultural Stabilization and Conservation Service officials assure PCG that producers may request and get September loans raised to the October rate. However, as Lubbock County ASCS Director Walter Wells points out, most if not all producers will prefer to make loan applications after October 1 to avoid doubling up on paperwork.

Loans in 1978, as in 1977, will mature ten months after the first day of the month in which the loan was made, but in all likelihood loans can be extended an additional eight months beyond initial maturity.

Figures now show the loan rate for 1979 is almost certain to be 0.23 cents per pound, based on U. S. spot market quotes for the last five years as required by the Emergency Farm Act of 1978. The Liverpool "A" Index, now averaging over 71 cents, is not expected to enter the picture.

Will raw cotton imports affect this Fall's market prices? "Not under any circumstances we can imagine," says PCG Executive Vice President Donald Johnson.

As of the end of the 1977-78 marketing year July 31 the average U. S. spot market price for the previous 36 months was \$9.34 cents per pound, 130 percent of which is over 77 cents. That's the level U. S. spot market prices would have to reach for a 30-day period before raw cotton imports would be authorized under the 1977 Farm Act. "Spot market quotations in July averaged only \$6.99 cents," Johnson points out, "which means an increase of about 20 cents per pound will be needed before imports are triggered."

In the event U. S. spot market prices for any month should reach 130 percent of the 36-month average, Johnson continues, "a quota of raw cotton imports would be authorized, but cotton users would still have the problem of finding another country with cotton at a price low enough to buy and transport to the U. S. at a total cost below U. S. prices."

To complain about a particular product, first take the sales slip, product tags, label and instructions and return to the store where the purchase was made.

See the complaint department or manager, not the sales person who sold the item, says Linda McCormack, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Light colored draperies and curtains don't just look cooler in warm weather; they reflect sun and heat outward—and help reduce the load on the air conditioning system, says Pat Seaman, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"Each of these advertised items is required to be readily available below the advertised price in each store, except as specifically noted."

were up 42 percent from July... a record 6.5-billion-bushel crop in the fields, the report... the national average price from \$2.16 a bushel in July to \$2.58 in August, according to the survey figures.

bushel — 53 percent of the August parity price for wheat of \$5.30 a bushel. According to the report, the preliminary August index for all farm commodities at the farm averaged 209 percent of a 1967 base used as a standard. In July, it averaged 215 percent; in August of last year, 174 percent. The record high for the index is 221 percent, in August 1973. The report also said: • Hogs averaged \$46.50 per 100 pounds, compared with \$45.20 in July and \$42.80 a year ago. The record high is \$58.60, in September 1975.

• Wheat averaged \$2.79 a bushel at the farm nationally in August, according to preliminary figures, compared with \$2.80 in July and \$1.63 in August 1977. • Corn was \$1.99 a bushel, compared with \$2.16 in July and \$1.63 a year ago. • Soybeans were \$6.21 a bushel, compared with \$6.39 in July and \$5.48 in August last year. • Upland cotton was national average, compared with 56.5 cents in July and 58.3 cents in August 1977. • Eggs were 52 cents a dozen at the farm in August, against 48.3 cents in

July and 51.6 cents a year ago. • Broiler chickens were 28.7 cents

a pound, compared with 32.8 cents in July and 24.1 cents in August of last year.

HOT WEATHER MANAGEMENT FOR CATTLE—Proper management of the beef cattle herd is important during hot summer weather to avoid production losses and possibly even some deaths, emphasizes a Texas cattle specialist with the Texas Agricultural Extension Service. The main thing is to leave cattle alone as much as possible. Avoid movement, crowding and handling. Also, delay surgery, control flies, and make sure water is available. Hauling water may be necessary as creeks and stock tanks dry up.

Congressional Leader Endorses Fisher

Clarence J. "Bud" Brown, Congressman from Ohio's Seventh Congressional District, endorsed Bill Fisher, candidate for Congress in the 17th District, at a barbecue in Abilene, Friday, August 25. A leader in the Congressional battle for oil and gas deregulation, Congressman Brown discussed the national energy problem and its importance to Texas and the country. "I am disappointed with the Democrat-controlled Congress and the President who have demonstrated a lack of support for the interests of Texans. It is the Republicans in Congress from the oil and gas states who have fuel-

ly supported the free market in energy. We need more men like them. We need Bill Fisher", he said. Congressman Brown attended a gathering of Fisher For Congress County Chairman, to kick off a weekend of training seminars for the Fisher County organization.

Facts from a pro on driving to survive.

Q. To beat the rush hour traffic, I sometimes drink two or three hours before heading home from the office. Is it true that a few quick drinks can make me a dangerous driver?—D. F., Alief

A. Driving performance can be affected by even small amounts of alcohol. Your body weight, mood and tolerance to alcohol as well as how quickly you down your drinks determine the extent to which you will react. In general, it takes an hour for the effects of one drink to wear off in an average size man (150 to 180 pounds). If you must have something alcoholic, space your drinks and have some cheese and crackers or some peanuts with them. The protein will keep the alcohol from being absorbed as quickly into your bloodstream as it would be on an empty stomach.

Q. My mother is afraid to drive over railroad tracks. How can she be sure to avoid a collision, especially at crossings without gates?—R. C., Cleburne

A. There are several devices besides gates that caution motorists to slow down and be alert for trains. Most crossings are marked by the railroad crossbuck sign and light signals which flash when a train is coming. The approach to some crossings is marked with an X and the letters RR on the roadway. When there are no physical barriers like gates, it's up to you to prevent collisions. Always expect a train and be prepared to stop. Even if the train is far away, it is difficult and dangerous to estimate its speed. Stop and wait for it to pass. According to Texas law, you should stop within 15 to 50 feet of the nearest rail. And don't start moving 150 feet after the last car of the train goes by until you are certain that no other trains are coming on other tracks.

If you have a question on driving, send it to: Texas Office of Traffic Safety, P.O. Box 1165, Austin, Texas 78767

GRASS IN SHADED AREAS—To improve grass growth in shaded areas, prune trees so to allow some sunlight to filter through, says a landscape horticulturist with the Texas Agricultural Extension Service. Grass requires at least three to four hours of either direct daily sunlight or all-day filtered sun. To prune, begin at the top and selectively remove branches at their origin instead of topping or stubbing back large limbs. St. Augustine grass is a good choice for shady areas. Mow grass in shaded areas one-half inch higher than surrounding areas, and increase fertilizer applications since trees compete with grass.

Select only those frozen foods stored below the "load line" in the freezer to assure a quality, freezer frozen product, recommends Marilyn Haggard, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Active sportswear for all family members is increasing as a favorite sewing project, reports Becky Culp, clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

The first filmed presidential press conference took place in 1955.

As It Looks From Here

Omar Burleson, M.C.
17th District, Texas

WASHINGTON, D.C. - ON OTHER OCCASIONS WE HAVE DISCUSSED the ever-expanding rules and regulations of the Federal bureaucracy. When Congress passes laws, there is usually in the fine print, "under such rules and regulations as may be promulgated."

THIS IS AN INVITATION FOR THE REGULATIONS to say how the law should be applied and all the requirements for compliance.

THERE APPEARS TO BE A GROWING AWARENESS by the Administration and Members of Congress that this growth of Government is too over-powering and too costly. There are efforts at slimming down various agencies and departments, making Government more efficient, flexible and responsive. If this is accomplished to a significant degree, there is no question that it would relieve every sector of the economy which is touched by the growing hand of Federal regulations. These regulations have ballooned to more than 70,000 pages and, at the rate of growth, about 5,000 pages are added each year.

NO ONE WOULD CONTEND THAT ALL FEDERAL REGULATIONS should be abolished. Those dealing with anti-trust laws for instance, go back many years and so do regulations of one sort or another in interstate commerce. Reasonable provisions relating to safety and health are also years old but, in recent times, some pretty ridiculous requirements are being made.

MANY SEGMENTS OF BUSINESS want and need regulation. At the same time, a growing number feel they are being smothered and handicapped by unnecessary rules. There are now 41 regulatory agencies dealing not only with old style rules of a specific nature but there have been added the so-called social regulations of health, safety, and environment that pile costs of operation. It is estimated that the cost of complying with all regulations will be some \$90 billion in 1978 could exceed \$100 billion in 1979. While supposing that these sums represent protection for people, it means that it will cost \$470 for every person living in America.

OF COURSE, SUCH CALCULATIONS, TO BE MEANINGFUL, have to be measured against the total economic gains of regulations such as the creation of new industries and jobs as well as social benefits. Everyone knows how this bureaucratic operation is out of hand, besides inundating business with their welter of rules, it adds to inflation and many times erodes economic growth.

THERE ARE SOME SIGNS OF ENCOURAGEMENT in the direction of reducing the burgeoning amount of paperwork. For instance, a few months ago the Civil Aeronautics Board, by certain deregulation, reduced air fares and increased airline profits. Other Agencies are being studied, using the changes brought about by the CAB as a guide.

IT IS EASY TO OVERLY SIMPLIFY DEREGULATION because it is in the interest of some businesses to keep regulations which were placed on them at their request in the first place. To name one is the trucking industry. Generally, they want the Federal authority placed over them as a move for less competition than would otherwise be the case. Incidentally, the airlines first strenuously objected to lifting certain controls from them but have found, with a freer operation, their profits have increased.

THERE IS GROWING SUPPORT TO PUT TOGETHER SOME SYSTEM of better gauging future effects as to cost at the time legislation is being passed. In other words, before going off the deep-end, passing laws and not knowing their impact after being implemented got us where we are today and there should be a better method of measuring cost and effect.

STATE 4-H DOG SHOW--The State 4-H Dog Show will be held Sept. 16 at the Sul Ross Recreation Center in Waco. All entries must be received in the McLennan County Extension office by Sept. 5, announces the county Extension agent.

Some people believed that they could cure whooping cough or rheumatism by crawling under an arch formed by a bramble.

GIVE THE BACK TO SCHOOL KIDS A BRAKE.....

Field Day Focuses On County's Needs

The latest research on cotton varieties, corn, irrigation, and weed control will be featured attractions for the 69th annual field day of the Texas Agricultural Experiment Station for Lubbock and Halfway. The event begins at 1 p.m. Tuesday, September 12, at the research site here, 14 miles west of Plainview.

The annual field day alternates between the TAES locations at Lubbock and Halfway. Field tours will be conducted throughout the afternoon, with tractor-drawn trailers shuttling visitors to the field days. The field day is a cooperative presentation of TAES, the Texas Agricultural Extension Service, the High Plains Research Foundation, the Science Education Administration of the U.S. Department of Agriculture, and the National Weather Service.

Principal stops on the tour of the Halfway station will feature reports on irrigation effects on corn, tests of new cotton varieties, research on weed control, effective management of farm labor, and a new mobil trickle irrigation system.

During the stops on the tour of the 320-acre research site, Experiment Station sci-
