JERRY CANNON
Rock Chat

Wendell Tooley
 conclusion of a very long and
 school board meeting Tues-
 day night, Jerry Cannon, Director
 of Special Education (Plan A) was sel-
 ected to succeed the late A.E. Baker as
 superintendent of Floydada Indepen-
 dent School District.
 The decision came after two called
 meetings, many personal telephone
 calls to individual board members, and
 a delegation who met with the board
 earlier in the meeting.
 The board was considering four local
 applications for the position: Cannon
 and principals Bob Alldredge, Bob
 Copeland and Charles Tyer.
 In a statement to the Hesperian, the
 board said, "Mr. Cannon has the full
 support of the school board and it is
 their sincere hope that he will have the
 full support of the faculty and the
 school district."
 As director of Plan A the new super-
 intendent is well acquainted with Floy-
 dada people and school personnel. He
 has served in this position (which is
 headquartered in the Della Plains
 School) for the past five years.
 Prior to this he was head football
 coach and athletic director at Lockney
 High School. He also taught history
 and driver's education there.
 Before coming to Lockney, he was as-
 sistant coach at Artesia, New Mexico
 and Fannin Junior High in Amarillo.

He began school work as assistant
 coach at Hereford after graduating
 from West Texas State University
 with a B.S. degree in government.
 He was head coach and athletic direc-
 tor at Claude for five years after leav-
 ing Hereford.
 He received his Master's Degree
 from Southwestern State University in
 Oklahoma with a major in education.
 He also completed 60 hours at Texas
 Tech University for his Administration
 certification.
STATE ORGANIZATIONS
 The new superintendent is imme-
 diate past president of the Council for
 Exceptional Children for West Texas,
 state credentials chairman for special
 education, is on the educational service
 center advisory board of special educa-
 tion for region 17, serves on the special
 education advisory board at Texas
 Tech and is a board member of MHMR
 in Plainview.
FAMILY
 The Cannon family includes wife,
 Sherree, who is school counselor at
 Lockney, two daughters; Sherese 12
 and Paige 9. They belong to the First
 Baptist Church in Lockney.
 Cannon is a native of Amarillo and a
 graduate of Palo Duro High School
 there.

STATEMENT
 "I am delighted to have this oppor-
 tunity to carry on the tradition of the
 outstanding accomplishments of the
 Floydada School District. I feel that I
 am already well acquainted with Floy-
 dada people and school personnel, and I
 look forward to moving my family to
 Floydada as soon as we can find a
 home," Cannon told the Hesperian
 Wednesday morning as he began his
 duties in the new position.
 His salary will be \$2500 over state
 base pay for a superintendent's posi-
 tion.
**CANNON'S POSITION TO
 BE FILLED**
 President of the board Jones said
 Wednesday morning, "We will begin
 taking application for a new director of
 Plan A immediately."

Commissioners Table Sheriff's Request For Reserve Deputies

In the September County Commis-
 sioner's meeting Sheriff Fred Cardinal's
 request for the deputization of Rickie
 Pernell, Weldon Emert and Thomas
 Wylie was voted down.
 Sheriff Cardinal again appeared be-
 fore the Commissioners Monday and
 again requested the Commissioner's
 approval of the reserve deputies.
 Sheriff Cardinal pointed out that the
 men had attended the A&M certifi-
 cation school at their own expense, and
 the county would have no liability or
 expense involved should the men be
 approved.
 He also stated that the Texas High-
 way Patrol needed the reserve depu-
 ties at various times as well as the
 Sheriff's department.
 The reserve deputy program is com-
 pletely voluntary.
 In the Monday meeting the Commis-
 sioners tabled the sheriff's request.
OTHER BUSINESS
 The commissioners voted to pur-
 chase a crystal for a radio to be used by
 the Liquor Control board at a cost of
 \$65.00. All commissioners voted for the
 purchase except Jack Lackey.

The commissioners adopted the reve-
 nue sharing budget as printed in this
 newspaper last month and as present-
 ed by the County Auditor.
 The Commissioners also voted to in-
 vest \$75,000 of revenue money in certi-
 ficate deposit for a six month period to
 draw interest. They also approved a six
 month C.D. deposit from precinct 3 of
 \$20,000.
 They approved the employment of
 J.W. Permenter for precinct 1 effective
 September 21 with a salary of \$682.50
 per month.
 They approved the purchase of a
 1971 International pickup for precinct
 3.
 They voted that the county adopt the
 Texas Youth Council Community assis-
 tance program contract application.
 They granted permission for The
 First National Bank of Floydada to
 withdraw certain securities securing the
 County school funds. The securities
 will now be deposited in the independ-
 ent districts of South Plains and
 Dougherty.

THE MIGHTY WHIRLWINDS
**Set To Snuff
 Out Skyrockets**
 By Wendell Tooley
 At left halfback is speedster, senior,
 148 pound James Thomas. Another
 back field runner, and all district
 player is number 33, 186 pound senior
 Ricky Jones.
WHIRLWINDS
 Coach Wilson said there would be
 very little change in his starting lineup.
 He did say that three players who have
 been on the injury list (Ricky Day, Junior
 Arredondo and Mike Allen) will
 probably be back in action Friday
 night.
 It has been several years since Floy-
 dada played Wellington. Former Whirl-
 wind coach Preston Watson said the
 last game was played back in the 1950's
 with Floydada winning in a game
 played at Wellington.
 The Skyrockets are ranked number
 three in the state A teams. They have a
 3-1 season's record, losing only to state
 ranked AA Childress. Floydada is now
 4-1.
 The Skyrockets are a strong team,
 some 200 pounders on the line and a
 fast backfield. Quarterback Carl Taylor
 is an all district three year starter, a
 good passer, and excellent quarter-
 back. At center is another all district
 player, 191 pound senior Kirk Peter-
 son.
 Hey all you Mighty Whirlwind fans!
 Last week the spirit was really good in
 the stands and this helped the Winds
 win their third straight game. Friday is
 our sixth game.
 We play the Wellington Rockets
 here at Wester Field. The pep rally
 starts at 3:25 in the High School gym.
 Come out and watch the Winds get a
 Rocket at 8:00 p.m.

School Board Studies Leaky Roofs

Before declaring an "executive ses-
 sion" for the selection of a new school
 superintendent, the Floydada School
 Board in its regular monthly meeting
 Tuesday night studied needs for some
 leaky roofs.
 Roofs at Andrews Elementary and
 Junior High have been leaking for
 sometime. Leaks have been patched at

Duncan Elementary and roofing work
 was recently completed at the high
 school. The board decided to take bids
 for the roofing job and bid notice is
 published in this edition of the Hes-
 perian.
 In other business the board accepted
 a check from Flo Davis, president of
 the Floydada Tennis Club for \$2600 to

be applied on tennis court repair.
 Board president Travis Jones ex-
 pressed the board's thanks to the club
 for the donation and said everything
 possible was being done to get the
 plexi-pave coating put on the junior
 high school courts.
 Before going into the executive
 session the board met with several
 citizens and school teachers who voiced
 their opinion that high school principal
 Charles Tyer should be selected school
 superintendent. President Jones asked
 for each person to express his personal
 feelings and then invited any ques-
 tions they might have concerning the
 selection of a new superintendent.
 All board members were present
 except Martha Farris.

Bank Deposits Up

Floyd County's two First National
 banks continue to reflect a strong and
 healthy economy as both showed an in-
 crease in bank deposits according to
 the September 30 state bank call.
 The two banks were up \$2,697,000.00
 in comparison with last year's end of
 September state bank call.
 Since very little crop money has
 come in, it was surmised that the in-
 crease was due to a good cattle econ-
 omy and government checks to farm-
 ers for set aside, deficiency and
 disaster.

Some cotton is beginning to com-
 into the gins, the grain harvest money
 hasn't come to the banks, and the grain
 harvest will be down from an average
 size acreage and crop.
 The Lockney bank was up in deposits
 from last year's \$12,602,904. 65 to this
 year's \$13,808,148.08. The bank's loans
 were also up from \$7,554,861.14 to
 \$8,026,381.95.
 The Floydada bank was up in de-
 posits from \$21,587,270.31 to \$23,078,
 276.53. Loans were also up from
 \$11,829,640.11 to \$13,570,903.40.

Estes Wins Contest

Former Floydada school tax collector
 Claude Estes, Box 201, Lamesa, missed
 only five contests and will receive the
 \$10 first prize in last week's football
 contest.
 Estes was a winner several times
 when he lived in Floydada and always
 submitted his entry in the contests. It's
 a habit that still pays off for him.
 Tommy Montandon, P.O. Box 93,
 Lockney, is winner of the second place
 \$6.00 prize and missed six contests.
 Also missing six contests and winner
 of the third place \$4.00 prize is Bill
 Sanders, P.O. Box 114, Hart, Texas.

Neal Becker also missed six contests,
 but failed to indicate winner on the tie
 breaker Littlefield-Floydada game.

 breaker Floydada-Littlefield game.
 Honorable mention goes to Dorothy
 Holland, Sherree Cannon, W.O. New-
 berry, Keith Marricle, Mrs. Bill Tye,
 Bill Kincaid, Nell McClung, John Camp-
 bell and Carl Lewis who missed seven
 contests.
 Another big contest appeared in last
 Sunday's Hesperian, so fill it out, you
 may be in the winner's announcement
 next week.

Mostly About People

Becomings By Duffy

When the Founding Fathers framed the U.S. Constitution, a battle began over the question of ratification by the states. Those who were afraid of too strong a central government wanted a "bill of rights" spelled out in the form of amendments to the original document. Federalists, who were more in favor of a strong central government, did not feel that an amendment was necessary because equality and rights were already included in the constitution itself (that is, of course, if you were not black or female). They felt that the addition of the amendment was not needed. However, the Bill of Rights was eventually added to ensure anti-federalist support and ratification.

Last week, Congress granted supporters of the Equal Rights Amendment of the Constitution three additional years to secure ratification. The Senate voted 60-36 to extend the time limit from March 22, 1979 until June 30, 1982. The House had voted 233-189 to extend the time. The equal rights amendment reads: "Equality of rights under the law shall not be denied or abridged by the United States or by any states on account of sex."

The proposed amendment has caused many to fear the abolishment of any allowed sex distinctions which will result in the fall of the home and the sharing of all public facilities. The cons also fear loss of liberties rather than gains. They argue that equality is already provided and that the amendment is not needed and should be fought because it strikes at the heart of the democratic system.

Others, including President Carter, approve the time extension and the amendment itself. Anti-amendment Phyllis Schaeffly says the extension will be fought in court on constitutional grounds. The question has also caused debate on whether or not states which have ratified should be allowed to rescind.

Thirty-five states have ratified the amendment. Those who have not include Alabama, Arizona, Arkansas, Florida, Georgia, Illinois, Louisiana, Mississippi, Missouri, Nevada, North Carolina, Oklahoma, South Carolina, Utah and Virginia.

On the question of rescinding ratification, the Justice Department has said the validity of rescindments should be decided by Congress.

Caprock Hospital Auxiliary Hear P

The Caprock Hospital Auxiliary met on Thursday October 10 in the hospital dining room at 9:30 a.m. with five members and two guests present.

Mrs. Dezane Carter, one of the seven psychologists who work from the Central Plains office of Mental Health and Mental Retardation Center in Plainview, presented the program. Using a series of slides she showed some of the activities and helped us to better understand the work being done in the nine counties and six outreach centers. Since its opening in 1971 its services have been used by more than 900 people.

Confidentiality on the part of the counselors is mandatory. Many types of programs are utilized to meet the needs of the emotionally disturbed and those with learning disabilities and are

offered from infancy through old age. Both in-patients and out-patients are cared for. Occupational recreational, group therapy, and other disciplines are used as are indicated. Efforts are made to keep emotionally disturbed in home communities rather than being sent to mental hospitals.

A MHMR bus runs a daily regular route to pick up retarded adults to bring them in to spend certain days working (they are paid for their work and enjoying recreational opportunities at the Center). They look forward eagerly to this opportunity to socialize.

While the Center is largely supported by government funds, each county makes a financial contribution. Also, clients paying sliding scale based on income.

Local Teacher Consultant For Textbook Publisher

Sue Crow, a first grade teacher at Duncan Elementary, recently completed an assignment as teacher consultant on the preparation of a social studies textbook published by Scott, Foresman and Company. Sue's name was submitted by Max Harper of Lubbock, who is a consultant for Scott, Foresman...She and one other teacher were selected from across the nation to represent grade one. Pre-publication versions of lessons were critically read and/or tried out by classroom teachers and curriculum developers through-

out America. The consultants provided comments and recommendations. The publication, Scott, Foresman Social Studies, is to be considered as a text for the local school system beginning in the 1979-80 school year. Seven broad themes, representing universal human concerns, provide the organizing structure for Scott, Foresman Social Studies. Sue's responsibility was to critique the material and to try out the ideas in actual classroom situations. The book was authored by some 13 educators and was published in Glenview, Illinois.

Sue graduated from high school in Baird and from Texas Tech in 1970 with a BS in education. She has also done additional study and has bilingual certification. She also worked with blind children at the Abilene State School while in college. She taught first grade in Petersburg before moving to Floydada. She and her husband Richie, and two daughters Jennifer, four, and Jamie, one, live in Floydada. Richie works with Grower's Seed in Crosbyton.

Floydada Nursing Home Happenings

The week's activities have been good. We had a large number of residents each morning for singing and devotions. I think everyone enjoys Mr. Emmett Lawren-

ce's bass voice. He can sing so beautifully. Jewel McCormick and Shirley Varner have been out three days this week helping us with crafts. It makes my job a lot easier when I have volunteers who are so willing to share their time with our residents.

We want to thank Mr. Freeman for his kindness and patience with us on our bus trips. Each Wednesday he carries us anywhere we want to go. This week we went to the Crosbyton Museum. Victoria Asher and Anis Franks had family heirlooms in the museum. Others who made the trip were Docia Manning, Will Mooney and Henry Love. Everyone enjoyed the trip. Big winners in bingo this week were Mamie Gray and Victoria Asher with three games each. Ray Reed, Anis Franks and Clara Williams with two games and Hazel Ginn one game. Hazel didn't get to play very long. All talk around the home

BILL CLEMENTS WILL CUT TAXES AND GOVERNMENT SPENDING

Texas was built by men with the vision to look ahead and the grit to get things done. Bill Clements is the man to keep this tradition alive for the future of Texas.

Bill Clements will bring a strong, fresh and tough approach to our government in Austin. He is a businessman, not a politician. Bill Clements started with nothing and built a successful, worldwide company with hard work and the skill to manage men and money. And now Bill Clements wants to preserve the future of our state and he wants the working people of Texas to have the same opportunities he had.

With his proposed "Taxpayers' Bill of Rights," Bill Clements is committed to protecting Texans from excessive taxation and runaway government spending. He is pledged to cutting taxes and returning that money directly to the taxpayers.

As former Chairman of the Southern Methodist University Board of Governors, Bill Clements knows how to make education in Texas the best in the Nation. He's for discipline in the classroom and "back to basics" quality education.

As the son and grandson of farmers, Bill Clements knows the frustrations that an indifferent government can cause people who make their living off the land. He will use the strength of the State Government to fight burdensome Federal restrictions.

"I believe that Texas has always had more promise than problems,

but the balance is more delicate each year. We need to get to work now."

Shannon Bell In Wayland Honors Program

Wayland's Honors Program is off to a fine start according to curriculum chairman Dr. Donn Taylor. "We have 16 students enrolled now and expect more in the spring." Shannon Bell of Floydada is among the students enrolled in the program.

This is the first semester for the program which has been provided for educating the capable and well-prepared student across a broad spectrum of the liberal arts or natural sciences, explained Taylor.

This semester honors courses are offered in Western Civilizations, philosophy and ecology. English, Old Testament history and natural history will be offered in the spring. "All are honors versions of regular freshman courses," explained Taylor. Most honors courses will be taught by Ph.D. holders in opposition to many colleges where lower-level courses are taught mostly by graduate students, he said.

Dr. Taylor emphasized that the classes will maintain a structured atmosphere but will be balanced by individualized instruction. "This will enable the exceptional student to experience intellectual challenge while satisfying his curiosity about subjects that interest him."

The four-year program is designed so that the first two years are devoted chiefly to foundation courses in which the student develops broad knowledge in a variety of subject areas, while the final two years are given over to tutorials and electives.

Taylor cited the additional feature of the program being available within a Christian environment. "To the best of my knowledge, Wayland is the only Baptist school offering an honors program. Others offer honors courses but no others have a complete program leading to a bachelor of arts or bachelor of sciences degree."

American Agriculture A Year Old

SPRINGFIELD, CO.—A year ago this month, 600 farmers and ranchers met in this southeastern Colorado town of 2,000 and decided to pressure Congress and the Carter administration for legislation mandating 100 per cent of parity for agricultural products. They didn't get that in a year's time. But, they did achieve a lot of other things.

Perhaps the most important accomplishment of the American Agriculture Movement, according to a founder, is the fact that it has in such a short time opened the eyes of other farmers and ranchers, farm organizations, the public and politicians to the agricultural situation in this country. "Politicians are now taking stands on agriculture," said Eugene Schroder, national spokesman for the AAM. "Farm organizations that were supposed to be representing farmers in the first place are now becoming more responsive since the American Agriculture Movement was started a year ago."

Schroder added that the AAM has not only educated the American consumer about the plight of the farmer and rancher, but it has also exposed the fact that Americans are eating chemically contaminated produce imported into this country with misleading

labeling so the consumer thinks it is domestically grown. Farmers and ranchers in the AAM also brought to the attention of the USDA the fact that imported meat was being used in the school lunch program, and it has subsequently been withdrawn. "Politicization," is the word political scientists would use to label the change in the farmer/rancher. Farmers and ranchers are now reading papers and magazines more voraciously and more carefully, are watching newscasts and news programs, and have vowed to become a viable political force, not only by demonstrating and lobbying, but by voting as a bloc.

The American Agriculture Movement has formed an informal coalition with the AFL-CIO for the purpose of determining which candidates support agriculture and labor, and to work to defeat those who don't.

"We have demonstrated that the individual can still have a voice in government," Schroder said.

For example, Schroder said it was the pressure of the AAM which caused Congress to improve on the 1977 Farm Bill by making \$2 billion more in farm aid available to financially strapped farmers and ranchers. The price of wheat during the last year has risen from approximately \$1.90 a bushel to

\$2.75 a bushel, and price of wheat from \$1.80 a bushel is a direct result of the AAM's action.

The AAM has also caused the deficiency payment to be recomputed on storage payments for wheat, and extension of hay and alfalfa prices while most other prices are down.

"It's amazing how things have changed in the last year," Schroder said. "We still want more recognition for the farmer and rancher."

"Anything else we can do to help the farmer and rancher is worth a try," Schroder said.

Mrs. R.C. Ross' weekend guests were a daughter, Mrs. Norma Robinson and family of Amarillo.

Mrs. Elmer Warren spent some of Sunday afternoon with Mr. and Mrs. Elco Frizzell and returned home to find her son Johnny and his wife and daughter waiting for her.

Visitors at Miss Vera Meredith's the last few afternoons were: Thursday, Mr. and Mrs. Hal Thomas; Friday, Carolyn Burton; and Sunday afternoon, Mrs. Clay Muncy, Mrs. C.M. Meredith and Mrs. Green.

Charley Spence received a phone call recently from

somewhere in Michigan from his son Orville of Sherman. He stated they are visiting a daughter and family including the new baby girl. So Mr. Spence has a new "great grand".

Mrs. Henry Brewer is home again taking it easy after a heart attack a week ago and a few days in the hospital. Our sympathy is with Henry Brewer who received news of the passing of a sister who died in a Wichita Falls Nursing home after a long illness. Sunday several of the sons and daughters were in the Brewer home where some were planning to attend last rites of their aunt, Mrs. May Kutch.

Our sympathy is with local relatives and family of Otis Huckabee who died in Weatherford last Tuesday. Those attending funeral services of Thursday were Mr. and Mrs. Thomas Warren, Mrs. Ola Warren, Mrs. Fred Battey, and Mr. and Mrs. Burl Huckabee and daughter.

We regret the passing of another of our dear ex-Centerites, Mrs. Carrie Cumbie of the Nursing home. What good neighbors were the family! There were many former Center residents among the crowd at church and elsewhere to pay homage to a fine Christian mother.

To all who have lost loved ones, we must say with them "Goodbye for Now!"

Melinda Dillon as Jillian Guiler and Cary Guffin as Richard Dreyfuss, Francois Truffaut and Ten Little Indians.

SYNOPSIS

"Close Encounters of the Third Kind" begins when Roy Neary (RICHARD DREYFUSS), a power repairman, witnesses unidentified flying objects in the skies near his Muncie, Indiana home. This encounter sets into action a startling chain of dramatic events. Neary tries desperately to understand what he has experienced. He is baffled by the governmental cover-up that blocks his efforts, however, and finds himself increasingly driven to the emotional edge. His wife (TERI GARR) cannot understand what is happening and finds her relationship with her husband disintegrating.

In his quest, Neary clings to an ally in Jillian Guiler (MELINDA DILLON), who has witnessed with her own eyes the encounter. Neary's mysterious flying objects are now in the hands of a government agency. As Roy Neary struggles to understand the meaning of his experience, he is joined by a group of other individuals who have also experienced the phenomenon. Neary's quest leads to a startling discovery that will change the world as we know it.

Hill backs tax relief on ballot November 7

"We've got a great opportunity Nov. 7 to take a significant first step toward tax relief in Texas. I'm urging everyone to vote for the proposed constitutional amendment to give tax relief to our farmers and ranchers, homeowners, and elderly. After this amendment is adopted, I'll be ready to take the lead in the 1979 legislature to follow through on this first step."
