HAPPY BIRTHDAY BOYS — Thursday morning, Anthony Guerrero was born in the Caprock Hospital, (left photo) while at the same time, N.W. Williams, (right photo) celebrated his 92nd birthday. Williams is a retired postman who has made Floydada his home for many years. Anthony is the new son of Mr. and Mrs. Ricky Guerrero of Crosbyton. Pictured with Anthony and mother is Wayne Campbell, the Caprock Hospital RN who delivered Anthony. **HAPPY BIRTHDAY BOYS!**
 [Staff Photo]

No, We Don't Deliver But...

Anthony Guerrero was born at 9:29 a.m. Thursday in the emergency room of the Caprock Hospital, just 19 minutes after his mother arrived at the hospital. The seven pound, four ounce baby boy was the first baby born in Caprock Hospital since March of 1978, after the doctors quit making deliveries, according to a hospital spokesman.

Wayne Campbell, the RN on duty who delivered Anthony, said that when 19 year old Mrs. Sylvia Guerrero arrived at the hospital, she was too far along to send her to another hospital, but everything went smoothly and there were no complications. Jack Jordan, doctor of Mrs. Guerrero, arrived shortly after the delivery.

Campbell expressed special thanks to the aides and LVN's who assisted him in the delivery.

Railroad Abandonment Hearing Tuesday

The community is invited to a meeting scheduled by the Texas Railroad Commission to be held at Light-House Electric Cooperative Tuesday at 7 p.m. The commission is inviting public comments on a proposed abandonment of some Texas railroad lines.

Of interest to area residents and business is the re-filing for abandonment of the railroad line running from Floydada to Quanah by QA&P. Commission rail planners have written studies on the economic impact of these abandonments, gathering comments from rail users and community governments; but the public hearings are designed to gather comments from others who might be affected in the proposed abandonments.

According to Roger Poage, who has studied a draft prepared by the Texas Railroad Commission, three possible alternatives are recommended. They are as follows: 1. The state or Federal government assist with temporary operating subsidies. 2. Continue service with an independent short line operator. 3. QA&P keep the railroad between Acme and Paducah. The line between Roaring Springs and Floydada could be acquired by Santa Fe and the line between Roaring Springs and Paducah would be abandoned.

Bank Deposits Up Over \$5 Million

Economic indicators shown through the Floyd County bank deposits and loans seem to express 1978 as a very prosperous year for Floyd County. Floyd County banks reported a total of \$4,578,386.69 in deposits at the end of business Dec. 31, 1978. This is over five million dollars more than the previous year's record, according to the State bank call.

The First National in Lockney was up in deposits from last year's \$14,644,999.81 to \$16,528,634.69 while loans increased from \$5,613,832.46 to \$6,527,982.84. The First National in Floydada was up in deposits from last year's \$25,238,141.93 to \$28,049,752.00 while loans increased considerably from \$10,508,617.00 to \$12,814,889.15.

Gregory Baby First At Plainview

The son of a Floydada couple, Mr. and Mrs. Britt Gregory, has been named winner of the annual "First Baby Contest," sponsored by the Plainview Herald.

The baby has been named Nathan James. He has two brothers, Alex, 4½, and Jonathan, one year old.

The child was born at 4:34 p.m. Wednesday at Central Plains Regional Hospital. His weight at birth was 7 pounds, 13½ ounces. Last year's New Year's Baby was born on Jan. 2.

Gifts for the new arrival and the proud parents are being supplied by 14 Plainview merchants.

Grandparents are Mr. and Mrs. Howard Gregory of Floydada and Mr. and Mrs. Henry Hettinga of Muleshoe.

Chamber Elects New Members

Ballots submitted by Floydada Chamber of Commerce members were tallied last Tuesday to name the new chamber directors for 1979-1981 which take office at the C of C banquet in February.

Those chosen as directors are Don Hardy, Joe Cluck, Alton Higginbotham, Carolyn Stovall and Anne Willson.

Director's of the Women's Chamber, elected in December for 1979-1981 are Gail Ramsey, Louise Turner and Nancy Willson.

Chamber officers will be elected by the new directors, according to Linda Matsler.

Pancake Supper January 12

The Lockney Lions Club has scheduled its annual pancake supper. The Lions will serve pancakes and the trimmings in the school cafeteria from 5:30 to 8 p.m. Friday, January 12. During the pancake supper, Lockney and Floydada high-school basketball teams will be playing across the hall in the LHS gym.

County Gins Report Almost 140,000 Bales Ginned

In a survey of the 19 Floyd Cotton gins Friday morning, it was learned that approximately 139,061 bales have been ginned this season.

Although there is some cotton still in the fields, it is estimated that the total cotton yield for Floyd County will not reach last year's total of 185,000 bales.

Just before noon Tuesday, High Plains Marketing Services Offices graded this season's one millionth cotton sample, according to Paul R. Dickson, Area Director at USDA's Lubbock office.

Around 192,000 samples were graded

this week bringing this season's total to 1,121,000. This compares to 2,697,000 graded by December 29 last year, Dickson said.

Predominant High Plains grades this week were grade 41 at 15 percent, grade 51 accounted for 14 percent, grade 42 amounted to 37 percent and grade 52 was 21 percent. Twelfth-four percent were reduced one grade because of bark.

Staple lengths were mostly staple 31 at 33 percent, staple 32 was 37 percent and staple 33 accounted for 12 percent, according to USDA's Agricultural Mar-

keting Service. Micronaire was mostly in the desirable 35 to 49 range at 68 percent of the total. Thirty-two percent was lower.

High Plains cotton prices were \$1.25 to \$3.00 per bale lower the week ending December 28. Growers sold mixed lots of mostly grades 42 and better, staples 30 to 33, mikes 35 to 49 around 55.30 cents per pound. New crop lots of mostly grades 43 and 53, staples 30 and 31, mikes to 35 to 49 brought about 51.00 cents per pound. Gins paid High Plains growers \$115 to \$130 per ton for cottonseed.

WINTER WEATHER — This roving skunk seen on a Floyd County highway Tuesday morning seems to express the sentiments of many locals who are tired of the cold weather and slippery roads. Weather predictions for the weekend are for more of the same. (Staff Photo by Brad Tooley)

VARSITY ROUND BALLERS—These Whirlwind roundballers who are preparing for upcoming district play, are from left to right, [front row] Kary Helms, Jimmy Jackson, Troy Marquels and Todd Vickers. Standing are coach Mike Cocanougher, Tim Collins, Mac Collins, Neal Becker and Moody Younger. (Staff Photo)

Social Events

Double-ring Ceremony

Unites Collins, Turnbow

Sheri Lynn Collins and Roy Dan Turnbow were married December 30 in the First Methodist Church of Floydada with Reverend James W. Smith officiating. The double ring, candlelight service began at 7 p.m.

The bride is the daughter of Mr. and Mrs. Wayne Collins of Floydada and the groom is the son of Mr. and Mrs. Royce Turnbow of Lubbock.

Given in marriage by her father, the bride wore a white Qiana magic knit gown featuring a high neckline with keyhole effect and trimmed in Venise shiny lace and seed pearls. The long fitted sleeves also featured Venise lace trim and seed pearls. The empire waist was outlined in lace as was the full skirt and chapel length veil. She carried a cascade bouquet of white sweetheart rose buds and white daisies on a white bible given to her by her grandparents, Mr. and Mrs. Walter Collins. In addition to the six pence in her shoe, she wore a pearl necklace that belonged to her aunt, Mrs. Ersel Matthews, a blue garter that belonged to an aunt, Mrs. Floye Gosch and an opal ring that was given to her by her grandmother, Mrs. Floyd Massey.

A large altar arrangement of fresh holly, peppermint carnations, and red glads in the background flanked by brass candelabra decorated in noble spruce, formed the wedding scene. The aisles were decorated with arrangements of noble spruce and red velvet streamers; and the unity candle complemented the scene.

Penny Bertrand provided special music selections before the wedding and played the "Lord's Prayer" during the service.

Bridesmaids for the occasion were Mrs. Tina Mason of Wolforth, Mrs. Elizabeth Parks of Lubbock, Miss Frances Turnbow and Miss Karen Turnbow, the groom's sisters of Lubbock. Mrs. Charlotte Carpenter, the bride's sister of Claremore, Oklahoma, was the maid of honor; and D'Ann Gosch, the bride's cousin of Choctaw, Oklahoma, was the flower girl.

Bridal attendants dressed in red, floor length dresses featuring an empire waist, long sleeves and small collar. Each carried a brandy snifter holding a red voice candle. The snifters were decorated with garlands of fresh holly and red velvet ribbon. Each wore fresh holly, baby's breath and a red velvet ribbon in her hair.

The flower girl carried a white basket holding fresh holly and peppermint stripe carnations.

Floydada. The public is also invited to send in their nominations. Letters should include the woman's position held, qualifications and why you feel she qualifies for this honor. We appreciate the interest shown last year and hope for the same turn out this year.

Send nominations to: Kaye Powell, 123 Mae Avenue, Floydada, Texas 79235. ATTN: First Lady of the Year Committee.

Only the committee members will know who the nominees are. The nominators will be kept confidential as well.

Best man was Paul Mason of Wolforth. Groomsmen were cousins of the groom, Don Davis, Mac Hill, and Carmon Turnbow, all of Lubbock and Andy Turnbow of Littlefield.

The father of the bride and other attendants wore black tuxedos with red ruffled shirts and peppermint striped carnations. The groom wore a white tuxedo with a red ruffled shirt.

Ushers were Leslie Davis of Lubbock and Rance Powers of Post. Ty and Grant Stovall were candlelighters; and David Davis, cousin of the groom of Lubbock, was ring bearer.

Following the wedding ceremony, a reception, hosted by the bride's parents, was given in Fellowship Hall, with Mrs. Robert Stovall registering guests. The bride's table was laid with a white cutwork cloth and the centerpiece was of noble spruce, fresh holly and red velvet streamers. The three tiered cake was decorated with green holly leaves and red berries.

Those serving at the bride's table were Cindy Simpson of Austin and Mrs. Eddie Don Davis of Lubbock; and those at the groom's table were cousins of the bride, Mrs. Larry Denman of San Antonio and Mrs. Keith Matthews of Portland. The

MRS. ROY TURNBOW

MRS. DALE PIERCE

Afternoon ceremony in the sanctuary of the First United Methodist Church at 3 p.m. Saturday, December 23, united in marriage Miss Katie Owen and Dale Pennington.

Ushers were Bob Utey, pastor of the First Baptist Church of Lubbock, and the groom's father, Mr. J.P. Taylor. The bride's father, Mr. A.R. Pierce, officiated.

The bride wore a white silk gown with a high neckline and long sleeves. She carried a bouquet of white flowers. The groom wore a white tuxedo with a red tie.

The ceremony was held in the Fellowship Hall. The bride's table was decorated with white flowers and silver appointments. The groom's table was decorated with white flowers and silver appointments.

The bride's table was decorated with a formal arrangement of the bride's chosen flowers in a silver candelabra. The silver punch-bowl and the silver appointments were used.

The table was covered with a white lace cloth over an emerald green cloth. At the groom's table a red candle was surrounded by holly and fir. Coffee was served from a silver coffee service and other silver appointments were used.

Mrs. Charles L. Record was organist and accompanied Mrs. Eugene Tannahill as she sang "The Wedding Song". Mrs. Joe Taylor gave a reading from Kahil Gibran's, "The Prophet."

Mrs. Fred Seal of Dallas and Miss Rise Taylor of Lockney registered guests.

Following the ceremony a reception was held in the Fellowship Hall.

The bride's table was decorated with a formal arrangement of the bride's chosen flowers in a silver candelabra. The silver punch-bowl and the silver appointments were used.

The table was covered with a white lace cloth over an emerald green cloth.

At the groom's table a red candle was surrounded by holly and fir. Coffee was served from a silver coffee service and other silver appointments were used. The table was covered with off white cloth and emerald green runners.

Assisting with the reception were Mrs. Byron Brock of Lockney, Mrs. Gail Gregg of Afton, Mrs. Donald Taylor of Colorado Springs, Colorado, Mrs. Jody James of Floydada, Mrs. Charles Bell of Lubbock, Mrs. Truman Merrell, the Misses Cheryl and Jayne Merrell of Quitaque, Mrs. Jane Welch of Silverton, Mrs. John E. Wise of Plainview.

For travel the bride changed to a beige Quiana knit peasant styled top with gathered attached skirt. She wore a shoulder corsage of a Joffett orchid and holly tied with velvet.

The bride is a graduate of Floydada High School and Texas Tech University. She is now a kindergarten teacher at Lockney. The groom is a graduate of Slaton High School and Texas Tech University. The groom is employed as a field auditor for A.C. Neilson Company.

Floydada First Lady Of Year To Be Chosen

A local woman will be recognized for accomplishments in her special field with the title of First Lady of the year. A certificate of Recognition will be presented to her on March 11, 1979, by Alpha Mu Delta and Alpha Sigma Upsilon Chapters of Beta Sigma Phi. The women nominated should be of high character; qualified, and recognized in her field; and an asset to the community. Names of local women will be submitted to the nominating committee and they will turn the names and qualifications over to the judges. Members of the sorority will not be eligible for the title.

Women are increasingly making important contributions in community life, business, government, social welfare, research and education. The sorority's honorary membership includes such distinguished names as: Margaret Chase Smith (Former U.S. Senator), Mrs. Lillian Carter (Peace Corps),

Mrs. Ernestine Nobles, Amarillo, Texas (Community Service, YWCA Counselor).

Beta Sigma Phi is an international cultural and social organization with approximately 240,000 active members in about 10,500 chapters throughout the United States, Canada and twenty-two other countries and territories around the world. The sorority was founded in 1931 and maintains its International Headquarters in Kansas City, Missouri.

Through the Beta Sigma Phi International Endowment Fund, chapters have contributed more than \$280,000 for cancer research and more than \$750,000 for other projects including Cystic Fibrosis research, Literacy Village in Lucknow, India, Girlstown, U.S.A., scholarships and other worthwhile projects. New projects are approved by the over-all membership from time to time.

The First Lady of the Year committee will be sending out letters to the different women's organizations of

Miss Tyer, Hawkins Vows Pledged In Floydada

MRS. THOMAS BUNTON HAWKINS

Baskets of pink and white flowers flanked the altar of the First United Methodist Church in Floydada, as Tammy Lyn Tyer became the wife of Thomas Bunton Hawkins. Dr. Charles Lutrick, minister of First United Methodist of Midland, officiated at the 7 p.m. ceremony on January 5.

The bride is the daughter of Mr. and Mrs. Charles Tyer of Floydada and the groom is the son of Mr. and Mrs. T.M. Hawkins of Odessa.

Escorted to the altar by her father, the bride wore a gown of white organza and Brussels lace. The flowing princess line gown featured a peasant style bodice and collar with a pleated flounce trimmed in Brussels lace. The full, billowy sleeves were delicately sprinkled with Venise lace motifs and seed pearls. The cuffs repeated the style of the pleated flounce trimmed

in Brussels lace. The full circular skirt featured Venise lace motifs with tiny seed pearls. The skirt was swept to back fullness forming a chapel length train. A soft flounce of Brussels lace encircled the entire hemline and train.

Tammy's veiling was caught to a lace covered Camelot capulet. The silk illusion lace and fell to fingertip length. For "something old" she wore a pearl necklace loaned to her by her grandmother, Mrs. Lloyd Wells. "Something new" was her wedding gown and attire; "something borrowed" was her grandmother Mrs. Charles Tyer's engagement ring; and "something blue" was a blue garter. In her shoe she wore a penny from the year, 1958, signifying the births of her and the groom; and a lucky sixpence

given to her by the First National Bank of Odessa.

The bridal bouquet was an Edwardian nosegay of white cushion poms and pink daisies showered with German statice and tied with bridal satin tied in lovers knots.

Bridal attendants, Matron of Honor Mrs. Scott Brown of Lazbuddie; bridesmaids Tracy Tyer and Tana Tyer, sisters of the bride, and Chachi Hawkins, sister of the groom, of Dallas, wore floor length princess style dresses trimmed in Brussels lace. The chelsea pink dresses were accented with baskets of silk flowers carried by the attendants.

Flower girl for the occasion was Shayla Moore of Floydada. Candlelighters were Judi Bean of Floydada and Glenna Wells, cousin of the bride of Las Cruces, New Mexico. At the organ was Mrs. Bob Copeland. Solist was Mrs.

Terry Steele of Shamrock, sister of the groom, who sang "The Wedding Song" and "The Lords Prayer."

Best man was Mr. T.M. Hawkins, father of the groom, of Odessa. Ushers were Terry Brent, Odessa; Donnie Rhoads, Odessa; Lee Wells and Mike Wells, cousins of the bride from Las Cruces, and Craig Mann, Odessa.

After the wedding ceremony, a reception was given by the bride's parents. Guests were registered by Charlene Franklin, cousin of the bride from Bedford. Serving at the bride's table were Terri Tyer and Tanya Tyer, cousins of the bride of Hale Center; Sharon Wadlington, also a cousin of the bride, of Barrington, Illinois. Cheryl Wadlington of Tyler and Diane Brent of Odessa did the honors at the groom's

table. Eden Moore, daughter of Mr. and Mrs. Vernie Moore of Floydada, handed out rice bags to guests.

The bride chose a pink pant suit for travel and wore a diamond necklace given to her by her grandmother, Mrs. Lloyd Wells which had been worn as a pin by her late grandfather, Mr. Lloyd Wells. After a wedding trip to Hawaii, the couple will be at home in Odessa.

Tammy is a 1976 graduate of Floydada High School and a 1978 graduate of Midland Junior College and is attending U.T.P.B. in Odessa. Hawkins is a 1976 graduate of Odessa High School, attended Midland Junior College and is now attending Odessa College and working for Hawkins Construction Company in Odessa.

ENGAGED — Mr. and Mrs. George A. Sparkman of Lockney announce the engagement and approaching marriage of their daughter Tina Kay to Henry G. Presley III, son of Mr. and Mrs. Hank G. Presley, Jr. of Richardson, Texas. The couple plan a May wedding in the First Baptist Church in Lockney. They will reside in Waco and complete their education at Baylor University.

Athenians Celebrate Christmas

The annual Athena Jr. Study Club Christmas Party was enjoyed by seventeen Athena members and their husbands on December 15, 1978. The event took place in the home of Mr. and Mrs. Paul Hrbacek. Co-hostesses were: Barbara Mathis, Ann Favor, Kathy Hunter, and Martha Sue Lusk.

Jan Mize read the story of Christ's birth from Luke, chapter two, for the evening devotional. A delicious turkey dinner was served, and everyone enjoyed the atmosphere of a burning fireplace.

Just as everyone finished eating, two surprise guests appeared: Mr. and Mrs. Santa Claus (really, it was Barry and Algean Barker pretending!). Santa and Mrs. Claus passed candy canes to

everyone and proceeded to distribute gifts for the gift exchange.

After the tables were cleared, Patti Tannahill led the group in playing several fun games. To close the evening, the group sang Christmas Carols.

Those attending the party were: Sheree Cannon, and Sally Carvel, Larry Jill Golden, Paul and Kathy Hrbacek, Bill and Kathy Hunter, Jerry and Jan Klein, Karen Koons, Raymond and Martha Lusk, Warren and Barbara Mathis, Doug and Doreen Meriwether, Wilbur and Jan Mize, Gene and Virginia Owens, Clar and Judy acht, Roy and Sandra Tannahill, Eugene and Pattie Tannahill, and Maxine Loran.

Youth Ski in Colorado

A number of youth skiers left Floydada at 4:30 p.m. on December 26 bound for the Colorado ski slopes. The trip was sponsored by the First United Methodist Church of Floydada. The group stayed at a lodge near Park City, Utah, and returned to Floydada on December 30.

Participants included: la Assiter, Caren Campbell, Julie Faulkenberry, Judi Bean, Danielle Biever, Jonna West, Shawnda Fulton, Lori Lyles, Lisa Noland, Michelle Poteet, Amy Jones, Shelly Bearden, Dee Ann Fry, Tracy Tyer, Tana Tyer, Kay Faulkenberry.

Other participants: Carlos Rainwater, Rick Covington, Jim Covington, Martin Eastham, Brad Feuerbacher, Greg Jones, Rodney Rathaal, James Hale, Joey Hale, Jack Carthel, Chris Fulton, Jim Waller, Jay Walker, Brad Fulton and Troy Neeley.

In spite of the large number involved, no one sustained any injuries...there was some kind of tale about a pair of long johns, though....

JR. VARSITY WHIRLWIND ROUNDBALLERS—These Floydada Jr. Varsity basketball players, coached by Daniel Coward are from left to right [front row] Michael Self, Andre Ledbetter, John Fortenberry, Simon Herrera and David Cochran. Standing are Coach Coward, Bart Patzer, Daniel Edwards, Kevin Noland, Jeff Rainey and Monty Seymour. [Staff Photo]

Farm Population Increases On Large Farms

WASHINGTON, Dec. 27-- While total farm population is declining, more people are living on the larger farms which produce the bulk of the nation's food and fiber, according to a study released today by the U.S. Department of Agriculture.

Although the total farm population declined during the 1970-75 study, the number of people living on farms with annual sales greater than \$40,000 increased by 76 percent, said demographer Vera J. Banks of the department's Economics, Statistics, and Cooperatives Service (ESCS).

A substantial but undetermined part of this increase was associated with inflation of farm product prices during the period. The farms with over \$40,000 in sales account

for about 80 percent of total U.S. farm receipts but only 24 percent of the U.S. farm population.

Banks said in 1975 farms with under \$2,500 in annual sales contained a third of the

U.S. farm population, or about 2.8 million. This compares with 3.6 million in 1970. Operators of these farms usually earn most of their money income from off-farm sources.

In 1975, two-thirds of the total U.S. farm population lived on livestock and cash-grain farms.

Single free copies of the report, "Farm Population Trends and Farm Characteristics" (RDRR-3), are available from ESCS Publication, 0054-S, U.S. Department

Cotton Takes Heavy Blows

Cotton took several heavy blows in 1978. An announced in June that a number of mills to be closed. The market went into the tank and production of cotton fell more than 40 percent. Textile imports are down 30 percent to an estimated 1.8 million bales, three-quarters of which is foreign cotton.

dently built a consumer base strong enough to withstand such hardship.

Cotton Incorporated has been promoting the comfort, performance and natural beauty of cotton for 9 years. After more than two decades of sick, uncomfortable, snagging synthetics, consumers were receptive to these messages. Thanks to adequate cotton producer dollars, consumers are now hearing these messages with far greater frequency.

Through research at Cotton Incorporated, improved

cotton products such as Natural Blend TM shirts and sheets were developed to keep pace with consumer demand. A new 100 percent cotton durable press shirt will be on the market by spring of 1979 which will surely increase this demand. All these market forces, which would not have been possible without producer contributions, have prevented catastrophic market share losses for cotton in a very difficult period.

But what about the future? What are the prospects for improvement as 1978 draws to a close?

The National Cotton Council continues to lead the political and legal efforts to moderate the cotton dust standard, resulting in several key Congressional votes regarding OSHA handling of the standard until judicial review is completed. These developments are obviously encouraging and the ultimate solution lies within reach.

Cotton Incorporated has been heavily involved in cotton dust research but the severity of the new standard calls for a redoubling of this effort. The crying need is to identify the problem agent in cotton dust and this can only be accomplished by more research. A promising lead on "washed" cotton is now being investigated by Cotton Incorporated, USDA, and the textile industry.

Also to the favor of cotton producers, the weak denim market has been due more to working off over-production than to falling consumer demand. There are now signs that excess stocks have been largely depleted. In October, the biggest denim producer announced a price increase for the first quarter of 1979 after sharply reducing prices earlier this year. There is talk that denim mills may be back to full work weeks by as early as December.

One thing is certain. Producer investments in cotton research and promotion have paid off and this is no time to allow market development to slacken. Every possible dollar is needed to increase cotton markets and to fund research to cut farmers' costs and increase their profits.

Guest Editorial: Homosexuality Constitutional Right, "Life Style," or Abnormality

HOMOSEXUALITY: CONSTITUTIONAL
by
Robert R. Reilly
Mr. Reilly is National Director of
Intercollegiate Studies Institute,
inc.

"The only thing our children need protection against is ignorance, bigotry, fear and dishonest politicians!" says a politician, evoking shades of FDR. Are we at a PTA meeting of concerned parents?

"As a religious person I want to thank God for this victory tonight. We are tired of religious hypocrites....We are moral people." Is this a fundamentalist religious revival?

"Once one group's rights are endangered, then all groups are endangered...If we start with one group, where will it stop?...the Jews, the Blacks..."

A civil rights rally for ethnic minorities?

No. We are here on election night, November 7th, in the Grand Ballroom and Salon of the Beverly Hilton Hotel with thousands of homosexuals who are anxiously awaiting the election outcome of Proposition 6, which would allow the firing of homosexuals teachers in the California state school system.

The speakers I have just heard are, in order, an L.A. city councilman, the homosexual leader of the anti-6 campaign, who treats us to an introduction on stage of "my brother, my mother, my lover," and an L.A. city attorney. We also hear from State and Assemblyman Herschel Rosenthal, who exults, "I am convinced God is on our side."

Apparently, the author of Proposition 6 did not write a very good proposition. The opposition to it was bipartisan; Reagan, Ford, and Carter all were anti-6. As a piece of legislation, it appears to have allowed too many opportunities for abuse.

By 9:30 p.m., the voting trend is clear. Proposition 6 is going down to defeat. The crowd is ecstatic, hysterically emotional, tears are running, there is great hugging and kissing. Near me standing two fellows accoutered in their "On the Waterfront" leather outfits and holding hands. They are pop-eyed with stimulants and cheer gustily. Fists are raised as signs of homosexual power.

But the crowd here tonight is not celebrating the victory of judicial prudence; they are celebrating the public vindication of homosexuality as a "life style" and they see the anti-6 vote as a message to America to that effect.

Now one of the leaders of the San Francisco lesbians, a plump middle-aged woman, takes the stage. She begins with a Janis Joplin-like whooping sound that has the crowd screaming. She is more demonstrative than her male predecessor who was content simply to introduce his "lover" to us. She explains, "I have been accused of flaunting my homosexuality and I have learned to live with it." She brings her "lover" on stage. They embrace and give each other a prolonged kiss. The crowd roars its approval.

An hour of this hysterically emotional scene is enough for me. I decide not to wait for Mayor Bradley's arrival and retire to reflect upon this new nadir in American political life. I later watch the TV coverage of the event. It is done with the typical cool detachment of TV news reporters: just another happening in this wonderful pluralistic society of ours. And now, the weather.

The justification of homosexuality by Assemblyman Rosenthal and the other non-homosexuality politicians who appeared to collect political chits, rests upon the inability to make distinctions, the quintessential liberal affliction. True distinctions are differences founded in nature. When we

speak of man's nature we mean those ends toward which man's being is ordered. It is the fulfillment of those natural ends which makes man fully human. If nature is gone as a rational guide, each person can decide these things for himself only on the basis of arbitrary will. Each person invents his own happiness, creates his own "good." The way one lives then becomes a matter of "life style". The elevation of the words "life style" to their present prominence is an indication of the total loss of any serious meaning in one's choice of how to live. What used to be man's most profound ethical concern has been reduced to an element of fashion.

This trivialization of life has inevitably resulted in the degradation of sex as the source of life. Indeed, we would hardly see the argument being publically made today for homosexuality had there not been a preceding set of distinctions obliterated. Go into almost any grocery store newsstand and you will see side by side on the shelf **Playboy** and **Good Housekeeping**. What does any sensible person learn from seeing this odd juxtaposition? Certainly the way of life espoused by **Playboy** is inimical to good housekeeping. Yet there they are together, take your pick. In other words, the person learns, if only by osmosis, that is a matter of public indifference as to whether one properly used or abuses sex. More accurately, legal commerce in pornography teaches that no such distinction exists. Once this teaching has been learned, where does one draw the line? If heterosexual sex is only a form of play or recreation, what could be wrong with a little sodomy? Or even incest? Indeed, why not even defend and promote homosexuality as a basic American right? Surely it must be guaranteed by the **Constitution**. Through a dizzying feat of biblical interpretation, we may even end up with "God on our side."

And here we finally arrive upon the supreme irony which makes the display of the politicians at the Beverly Hilton so grotesque. Here are men whose occupational duty is to guard and maintain the principles upon which our system of rights is based. These rights are founded firmly in and are fully dependent on the existence of "The Laws of Nature and of Nature's God" which the **Declaration of Independence** appeals to for our justification as a new nation. Yet they are supporting a cause which can succeed only by obliterating that very understanding of "Nature" upon which our existence as a free people depends.

My attack on homosexuality is not an attack on homosexuals. I do not believe that they should be persecuted. However, I would never do any of them (among whom I number of some friends) the disservice of telling them that homosexuality was perfectly normal, anymore that I would tell an alcoholic that I thought his excessive drinking was just fine. But when homosexuality is elevated to and advanced on the level of moral principle, (as was just done by the new mayor of San Francisco, Diane Feinstein, who announced her moral obligation to appoint a homosexual in the late Harvey Milk's place as city supervisor; then action must be taken to defend the health of the community--not because this would mean wholesale defection to the ranks of the homosexuals or that more children would be corrupted (though more of both would inevitably happen), but because the teaching itself is pernicious and will affect and form the attitudes of the body politic in other matters as well. Each distinction we erase makes it harder for us to see or make other distinctions. The ability to discriminate is, of course, essential to the ability to choose. If we lose it, the charge in our own character cannot help but profoundly change the character of our government. And what sort of government do you suppose it would be?

AAM Wants To Attain Major Lobbying Status

The American Agriculture Movement, a group of rural activists trying to save the family farm, wants to establish itself as a major lobbying force in Washington.

A nationwide tractorcade to Washington this month will kick off the 1979 campaign.

A tractorcade will leave from Lubbock on January 13, and two more will head out January 15 from Amarillo and Abilene enroute to Washington, according to Arnold Schwertner, a Floyd County farmer.

A survey by the AAM's Darlene Harrison of Moberge, S.D., asked delegates about the future of the movement, which a year ago began farm strikes, rallies and tractorcades.

Many agreed with Ed Osborne, a Tulelake, Calif., farmer.

"American Agriculture will get parity for their products, or the rest of the economic sectors in this country will fall with us."

"The American Agriculture Movement is here to stay," said Georgia delegate Tommy Kersey. "The movement for the first time has involved dirt farmers in the full business of agriculture.

Farmers will never again be content to let other people speak for them."

Gene Schroder, Colorado's delegate, said, "When the goals of this group begin to be achieved, the movement can become one of the most important organizations of the country. It may be the only group that can bring about economic stability."

Virginia delegate Don Patterson said, "The country as we know it is at stake. We believe we are working for the good of all Americans — not just to save a few thousand farm families from bankruptcy."

The goal for which the AAM was founded is 100 percent parity, which its members call the "farmers minimum wage." It provides

for cost of production and then some.

"If we do not achieve 100 percent parity, the American family farm cannot exist," said Alabama delegate Buddy Rose.

Without the family farm, Rose said, corporations eventually will control agriculture. "Then the consumer will better realize what the

farmer has been doing this year with tractorcades and his efforts in Washington," he said.

The AAM January tractorcade to Washington will be from cities in the Dakotas, Nebraska, Colorado and Texas.

Organizers said the protest calls on the government to set loans levels for basic

commodities at 90 percent of parity. They also want an improved set-aside program and laws to protect U.S. farmers against foreign imports.

As the tractorcade moves eastward at 100 miles a day, it is meant to cause traffic jams through such cities as Chicago, St. Louis, Memphis and Indianapolis.

Culligan Soft Water

Now Under New Ownership
And Management
TED PATTON

"Hey Culligan Man!" This is a familiar sound when there's trouble with YOUR water softening system. Your Culligan man can be expected to respond to your problem and take care of it in an absolute minimum of time because "Culligan Men" are the leaders in the soft water field, and they know they

must do a better job! In Plainview, your Culligan man is the CULLIGAN SOFT WATER located at 3408 Olton Road. Just phone 296-2104 for fast service on all Culligan soft water units. With a famous Culligan water softening unit installed in your home, you can experience a new sensation in cleaner washing, softer skin

every time you bathe, and longer lasting pipes and drains due to the lack of minerals in the water. There are many other benefits, too, and to find out about all of them...call Ted Patton TODAY! The editors of this 1979 Consumers Message suggest that you call now for a water analysis today!

H & R Block Tax Service

The World's largest tax return specialists, H&R BLOCK, has become synonymous with quality and a high standard of efficiency when it comes to preparing your personal, farm and business returns.

In Plainview, the H&R BLOCK offices are located at 1800 W. 19th (corner of 19th and Quincy), phone 296-

6265, and in Floydada at 106 W. Missouri (the first door west of the Square), phone 983-5233, and they're just waiting to help you with your tax problems.

Whether you're filing an individual, joint or business return...they have the experience and the ability to get it done faster and better. H&R BLOCK is, of course, fully bonded and insured, and in

the event that your taxes are figured incorrectly and you are assessed a penalty charge...H&R BLOCK will pay that for you! It's simply the best way to make an easy job out of the mountainous task of filing out your tax returns.

The editors of this 1979 Consumers Message urge all area residents to see H&R BLOCK this year at tax time.

Nabors Automotive

clean electric energy will power progress in 1979

Electric utilities have been one of America's fastest-growing industries, normally doubling capacity every 10 years. The rapid growth of this industry has made possible the tremendous industrial capacity of our Nation... It has lightened the burdens of homemakers... It has made our offices and commercial establishments more comfortable and more attractive.

There is every indication that your electric energy requirements will continue to grow. And, it is the responsibility of your electric utility and others throughout the country to meet the needs of their consumers.

be the means to stimulate the abundant, year-round crop growth needed to feed a growing world population.

...and for years to come!

OBITUARIES

Thomas L. Graham

Services for Thomas Lindsey Graham, 83, were at 2:30 p.m. Saturday in First Baptist Church. Dr. Floyd C. Bradley, pastor, officiated. Burial was in Floyd County Memorial Park Cemetery by Moore-Rose Funeral Home. Mr. Graham died January 4.

Remember your loved ones and friends with a memorial to Lockney General Hospital Memorial Fund. These memorials go toward equipment to help serve our community in the best way possible.

COMPUTERS are adding a new dimension to popular old games.

New Name For 'HD' Clubs

A new name for "home demonstration" clubs—Extension Homemakers Clubs went into effect Jan. 1, across Texas, and Floyd County clubs have joined the effort.

For their new names, Floyd County clubs have changed the words "home demonstration" to "Extension Homemakers."

These include the Lone Star Extension Homemakers Club, the Homebuilders Extension Homemakers Club and the Harmony Extension Homemakers Club.

This change is affecting the statewide network of Extension Homemakers Clubs at all organizational levels—including community, county, district and state, according to Mrs. Gordan Mayfield, Floyd County Extension Homemakers Council Chairman.

To create the new name, members of the statewide

Texas Home Demonstration Association recently voted to change the state organization of community club members from across Texas.

Throughout Texas, each club and county council will be considering a local name change to coincide with the state organization name.

Their new name reflects the state association's affiliation with the National Extension Homemakers Council, Mrs. Mayfield added.

Dr. Eisner, Art Educator, To Speak at Tech

LUBBOCK—Dr. Elliot W. Eisner, nationally recognized leader in art education and general curriculum, will deliver a presentation in the Coronado Room of the Uni-

versity Center at Texas Tech on Thursday, Jan. 11, 3:15 p.m.

Eisner will speak on "The Uses of Qualitative Evaluation for Improving Educational Practice."

Professor of education and art at Stanford University, he is editor of "Confronting Curriculum Reform," co-editor of "Readings in Art Education" and "Conflicting Conceptions of Curriculum," and author of "Educating Artistic Vision."

His articles have been published in "The Harvard Educational Review," "The School Review," "The Teachers College Record," "Art Education," "The Elementary School Journal," "Studies in Art Education" and "The Encyclopedia of Educational Research."

Eisner had served as chairman of the Research Committee of the National Art Education Association and as consultant to the National Institute of Education. His research interests include the study of children's artistic development and uses of

art criticism as tools for evaluation of educational settings.

The College of Education at Texas Tech is the sponsor for Eisner's presentation. The public is invited.

4 Hers Beat Lunch Blues

Fixing tasty snacks and lunches for kids to take to school doesn't have to be daily drudgery. Why not organize a sandwich freezing session?

Wait until some day when the kids feel creative, then help them make and freeze enough sandwiches for a month's supply, suggests Birch Lobban, county agent with the Texas Agricultural Extension Service.

They'll enjoy creating new combinations with cheese spreads, canned tuna, peanut butter or cold sliced meat. These are all foods that freeze well.

4-H's Tackle Conservation Concerns

Soil erosion is one of the toughest problems facing ecology-conscious Americans today. But young 4-H conservationists are gearing up to work toward a solution, points out Birch Lobban, county agent with the Texas Agricultural Extension Service.

Letting land heal itself by lying dormant rehabilitates the soil but removes it from its valuable role as cropland. The answer seems to lie in modern soil conservation techniques, but reclamation takes money and a lot of knowledge.

Young people from 9 to 19 in the national 4-H conservation program, supported by John Deere, are learning-by-doing to acquire that know-how. Their projects and activities, supervised by the Extension Service, also address such concerns as forest conservation, maintenance of fish and wildlife, populations, air and water pollution, and waste disposal.

The program encourages 4-H members to appreciate social and economic values of natural resources, to learn effective conservation methods, and to explore career opportunities related to conservation, notes Birch Lobban.

(Lobban Notes: Here is an excellent opportunity for you to mention what some of the 4-H'ers in your county are doing in the conservation of natural resources program.)

Each year, Deere provides \$1,000 scholarships for six national winners in the program. In addition, 50 state winners receive expense-paid trips to the National 4-H Congress in Chicago each year. Four 4-H'ers per county can earn medals of honor.

The company also offers a \$50 cash award to one county in each state reporting the most outstanding 4-H conservation program. Ten clubs per state and four clubs per county are eligible for certificates.

Awards are arranged by

the National 4-H Council winners are chosen by Extension Service.

Recent winners in the gram have included a nois 4-H'er who single-edly planted more than trees in his county con-tion district with the help of mechanical tree plant-

Another youth conducted search on a little-known fish in his county which has potential as a forage fish for trout.

Young people can learn more about the 4-H conservation program by contacting county Extension office, Birch Lobban.

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socioeconomic level, color, sex, religion, or other factors. 983-3261.

Lessen Wear On Stair Carpet

Take steps to protect carpet on stairs.

The edge of stairs take the heaviest blows.

(1) Install the carpet an extra foot of length under against one or risers at the top of the stairs.

Then, make a shift of an inch or two in the carpet on the stair needs a rest.

A clever homemaker have the shifting done before—not after—the carpet looks worn.

Several shifts are possible before the day arrives new carpet.

As these shifts are made the excess carpet at the top of the stairs will fold against the lowest riser.

(2) Use an underlayment carpet cushion heavier than the type recommended for other areas or double the padding of lighter cushions.

Particular attention to stair steps and edges.

Lions Set Pancake Supper January 12

The Lockney Lions Club has scheduled its annual pancake supper. The Lions will serve pancakes and the trimmings in the school cafeteria from 5:30 to 8 p.m. Friday, January 12. During the pancake supper, Lockney and Floydada high-school basketball teams will be playing across the hall in the LHS gym.

CARDS OF THANKS

We would like to express our appreciation and thanks to the Lockney volunteer firemen for their good work in putting out the fire under our house Tuesday night and keeping the house from burning down.
Mr. and Mrs. Oscar Golden
Aiken
L1-7c

We extend our thanks to all those who helped in any way during the tragic time of the loss of our house by fire. A special thanks to Dorothy McClendon who reported the fire and Mr. Charles Higgs who so quickly rescued Hallie King from the burning house. To the Lockney volunteer firemen, we are grateful for the excellent job they did in extinguishing the flames, and saving as much furnishings as they did. We extend special thanks to Tommie Sherman, Keith Phillips and Willie Rose who helped salvage personal treasures from the frozen ruins.

LEGAL NOTICES

PUBLIC NOTICE

The City Council of the City of Floydada will hold a public hearing concerning the request of Pioneer Natural Gas Co. for a rate increase at its next regular meeting on January 9th, 1979 at 7:30 p.m. in the City Council meeting room at the City Office. L-7c

OPPORTUNITY FOR PUBLIC HEARING

The City of Floydada has filed Application No. 0030 with the Division of Water Hygiene, Texas Department of Health for a variance to the following Maximum Constituent Level: CONSTITUENT MCL Fluoride 1.6
The City of Floydada is currently supplying water containing 3.2 mg/1 of fluoride. The water system serves the following area in Floyd County, Texas: The City of Floydada. Pursuant to this Department's "Drinking Water Standards" and Section 1415 & Section 1416 of Public Law 93-523 (USC), the Texas Department of Health is proposing to issue a variance for the fluoride at the following level 3.2 mg/1. A summary of the proposed variance follows:
1. Customer notification will be issued quarterly.
2. All physicians and dentists in the area will be notified of the fluoride content.
3. The City of Floydada will continue its membership in the MacKenzie Municipal Water Authority and will obtain an alternate source of water as soon as it is available.
The Division of Water Hygiene will hold a public hearing on the variance for the City of Floydada if a valid request for a hearing is received by February 10, 1979. A valid request may concern the following:
The variance results in unreasonable risk to the public health.
A copy of the complete application may be reviewed at the Division of Water Hygiene, Texas Department of Health, Austin, Texas, the Public Health Region 2 Office, 3411 Knoxville, Suite 100, Lubbock, Texas 79413 or by contacting the aforesaid applicant.
Issued this 28th day of December
Raymond T. Moore, M.D., Commissioner
Texas Department of Health L-7c

LEGAL NOTICE

OPPORTUNITY FOR PUBLIC HEARING

The City of Lockney has filed Application No. 0019 with the Division of Water Hygiene, Texas Department of Health for a variance to the following Maximum Constituent Level: CONSTITUENT MCL Fluoride 1.6
The City of Lockney is currently supplying water containing 2.9 mg/1 of fluoride. The water system serves the following area in Floyd County, Texas: The City of Lockney. Pursuant to this Department's "Drinking Water Standards" and Section 1415 & Section 1416 of Public Law 93-523 (USC), the Texas Department of Health is proposing to issue a variance for the fluoride at the following level 2.9 mg/1. A summary of the proposed variance follows:
1. No treatment technique for the removal of fluoride is economically feasible.
2. A water source meeting the fluoride MCL is not available at this time.
3. Public notice concerning the fluoride level has been given.
4. The City of Lockney will jointly proceed with the construction of the Lake MacKenzie surface water treatment plant and transmission mains.
The Division of Water Hygiene will hold a public hearing on the variance for the City of Lockney if a valid request for a hearing is received by February 10, 1979. A valid request may concern the following:
The variance results in unreasonable risk to the public health.
A copy of the complete application may be reviewed at the Division of Water Hygiene, Texas Department of Health, Austin, Texas, the Public Health Region 2 Office, 3411 Knoxville, Suite 100, Lubbock, Texas 79413, or by contacting the aforesaid applicant.

Y & T.V. Lockney

Center News

By Mrs. J.E. Green

Tuesday, January 2, 1979 — We didn't have a white Christmas, but we had a white New Year's — And it had been a long time since we had zero nights and frozen water pipes. The sun is shining today, but the wind, how it blows!

The Clarence Ashtons had their children home for Christmas. Francis came from Connecticut and Bobby and family from League City. Francis left Thursday for the northeast.

Bro. and Mrs. Clay Muncy spent Christmas day with Miss Vera Meredith, and Floyd and Florence Montgomery of Plainview came in the afternoon.

Mrs. Ross spent Christmas day with Buck and Maxine Ragsdale, the daughter and husband near Muleshoe.

Mr. and Mrs. Claud Carpenter of the Lockney Nursing Home spent Christmas day with their son and wife, Mr. and Mrs. Marion Carpenter. Others present were their daughter, Mrs. Norma Wilcox and her two sons, Jamie and Barry of Dallas; also Joe and Claudine Conway and daughter of Irving.

Wednesday the Marion Carpenters went to Wichita Falls where they visited the Fred Cones, Foy's sisters, Mrs. Malissa Pitts and Mr. and Mrs. H.H. Garrett. They reached home Sunday in time to make a quick trip to Lockney to visit the parents, the Claud Carpenters.

The James E. Greens had their holiday get-together Thursday and Thursday evening. The Ryman's stayed till Saturday. Present were Mr. and Mrs. Victor Green and Steve of Plainview; Mr. and Mrs. Don Clark Green of Big Spring; and Mrs. Margaret Ryman and five of her children, two of whom arrived Friday. Also present were Mr. and Mrs. Anthony Latta and their sons David and Sam and their families.

Ma Green sustained a sprained back one day last week.

Floyd Fuqua, Mrs. Clarence Ashton's brother, is in Methodist Hospital in Lubbock.

Mr. and Mrs. C.W. Denison and their son Gilmer and wife of Lubbock visited a while Christmas eve with Mr. and Mrs. W.B. Parrack of Anson. They were on their way to Georgetown to visit with their son and brother, the C.W. Denison Jr's.

The Gordon Mayfields reached home Sunday, New Years eve, after spending Christmas week in Little Rock, Ark. with their son, Gene and family.

Mrs. Mayfield received a long distance call from California from Margaret Tubbs Fisher stating that a sister-in-law, wife of her brother, Mutt Tubbs, had passed away. We all remember that talented and loved Arthur Tubbs family of Center who moved to California 25 or 30 years ago.

Mr. and Mrs. Hal Thomas

KAY JONES
Teacher
Of The Week

Kay Jones is a kindergarten teacher in Floydada and has taught kindergarten in Silvertown.

Kay is a graduate of Roosevelt High School, where she played basketball and volleyball. She has a Bachelor of Science Degree in Education from Texas Tech University in Lubbock, where she was on the dean's list.

Kay is not married. In addition to teaching related interests, she enjoys sports and various arts and crafts.

visited Mr. and Mrs. Elco Frizzell while Friday evening.

We all regret the passing of Paul Murff last week after a long illness. The Murffs are special people to old Centerites. They lived in the teacherage at Center for 5 years and she taught the primaries. Mrs. Green and Don C. visited Mrs. Murff while Thursday. Our sympathy is with all who lost loved ones recently.

The Floyd Philosopher

TV Network News To Report On

People's Political Investments

Editor's Note: The Floyd Philosopher on his Johnson grass wants the stock market report enlarged, or something.

Dear editor:
Just before a break for a commercial, the TV network news evening gives a brief report on the stock market...stocks on the New York Exchange rose 1 point or fell 8, the Dow

Jones reported such and such, gold prices rose or fell, etc.

People with investments in such things naturally are interested, just as I'm interested in the weather report. Farmers sometimes have more invested in the weather than others in stocks and bonds.

But what puzzles me is why the networks never report fluctuations in one of the biggest

financial investments around — political investments.

Here's the thing: a lot of people have got a lot of money tied up in politicians. It's nothing for a U.S. Senator to spend two, three, four or even five or six million dollars getting re-elected. Even a Congressman sometimes spends as much as \$500,000 to \$1,000,000 on a race. Big city mayors spend a couple of hundred thousand dollars frequently. And a Presidential race? Chalk up 20 million, anyway. Maybe 40 million.

Over all, it's estimated that at least 200 million dollars were spent by candidates throughout the country in the elections last November.

Now as everybody knows, that money, except in a few isolated cases, didn't come out of the candidates' pocket. They don't have that kind of money. One candidate, for example, with a net worth of only \$50,000, spent over \$4,000,000.

The money for all these investments came from individual and professional investments in politics.

What I want to know is, what networks don't report on how investments are doing? Can't they get the words right after the stock market the rise or fall of returns on investments? Like, Congress today, state legislators weak and steady, mayors down 14, governor enterprise are bound to want their investments are turning
