

... QUILTS, be- to Mrs. Travis ... part of the ... to be shown at the Museum July 17-19. The tulip pattern was made by Talitha Wood in 1879. "Little Dutch Boy" was made in 1934 by Mrs. Jones mother, Mrs. H.W. Roberts. A penny is sewn into the pocket of each Dutch Boy.

Unique Quilts Shown At Museum

If necessary, someone will be available to pick up and deliver the quilts following the show. The quilts will be returned on July 21. Mrs. Jones especially requested quilts with a history. If there are any questions, call Mrs. Jones at 983-2771. The quilt show is part of the three day museum celebration, which includes Senior Citizen's Day on Friday, the Floydada Rodeo Thursday through Saturday, and the Sidewalk Arts and Crafts Show on July 19. All artists and craftsmen are invited to bring their paintings and crafts. Concession booths are encouraged. Sidewalk space for displays will be available at no cost. The museum committee suggests participants bring their own display equipment, chairs, tables, and possibly an umbrella. The show will commence at 10 a.m. Saturday and last until 5 p.m.

Multiple Burglaries Plague

... & County Officials had been driven 16 miles. The radios are still missing. That same night, four windows were shot out of the body shop with a pellet gun. Tuesday night 10 more windows were shot and two windows had something thrown through them. Also on Monday night three new cars on the south side of the building had the tail lights knocked out. Tuesday night four more new cars had the tail lights broken. Parker Studio was broken into Monday night. A skylight was slipped off to gain entrance. "One pane was loose up there and they found it in the dark," Vernon Parker said, "to find that one pane in the Continued On Page 15"

Council Hears

... AG Program Council decided that this would be one of the questions presented to the people through the S.P.A.G. questionnaire to get the input of the citizens on such a project. In order for the city to keep its key rate for insurance, three firemen must attend the yearly Fire School at A&M. The fire marshal must go and two other firemen go with him. The council approved to pay \$325.00 for this expense. The school will be held July 20-25. Five more houses have been selected for rehabilitation. July 14 was the date set for bids on those houses. Next month city council meeting will have an open hearing on five other houses to be demolished. Purchase of an air conditioner for a front loading garbage truck was approved. Council voted to change the health insurance for city employees to Blue Cross and Blue Shield for the next 12 months.

Top Cowboys Headline Floydada Rodeo

Cowboys from three states will team up with some of the best stock in the Southwest next week to give Floyd County rodeo fans a top rate show. Stock producers are the C-T Rodeo Company out of Lubbock. "They are one of the best," Don McCandless, president of the Rodeo Association said, "A lot of the stock has been used at the National Finals in Oklahoma City." Cowboys will be coming from New Mexico, Oklahoma, Colorado and all parts of Texas to compete. Prize money will be awarded after the Saturday night competition. Another rodeo highlight will be the kids' calf scramble each night. Three calves will be turned out with blue ribbons tied to their tails. The youngster that can chase the calf down and get the ribbon will win \$5.00 prize money. Charley Thompson, Lubbock, will be the announcer for the three night event sponsored by the Floydada Rodeo Association. Performance will begin at 8:30 p.m. each night July 17, 18 and 19. The association will be serving barbeque sandwiches at the concession stand each evening. "We sure hope everyone comes out," McCandless said, "The proceeds from the rodeo go back to the association to keep up the grounds and to pay for the next year rodeo." Rodeo queen entrants are Carrie Woody of Floydada, Darla Dempsey of Cedar Hill, and Tiffani Duvall of Lockney. The girls are selling chances on a handmade saddle by Alvin Durham. Drawing for the saddle will be during the rodeo. "If anybody wins the saddle and doesn't want to keep it, I have a standing offer to buy it back for \$1000," McCandless said. There will be an open air dance after the performance Friday and Saturday nights on the slab at the rodeo grounds. Rodeo admission is \$3.00 for adults and \$2.00 for children. Books open for the cowboys at 12 noon and close at 6:00 p.m. July 16. Events include: bareback riding, saddle bronc riding, bull riding, calf roping, team roping, and bull dogging. There will be a girls' barrel race jackpot each night. Club roping finals will also be held each night. "Nearly all businesses have supported this rodeo and we would like to thank them for their support," McCandless said.

WAYNE P. STURDIVANT, District Governor of District 573, Rotary International will visit the Floydada Rotary Club.

District Governor To Visit Rotary

Wayne P. Sturdivant, District Governor of District 573, Rotary International will visit the Floydada Rotary Club 15th and 16th of July. Governor Sturdivant will be stressing the program of Rotary International President Rolf J. Klarich from Helsinki-Helsingfors, Finland. President Rollie likens the team work of Rotarians to a time piece that shows the correct time because its many cog wheels work in unison. The absence of a single cog, however, could stop the clock. In face of this, all Rotarians are encouraged in the year ahead to reexamine their priorities and be sure to TAKE TIME TO SERVE. A busy man, by using his time wisely, can find time for those things that are worth doing, and can invariably accomplish what he sets out to do, President Rollie believes. Governor Sturdivant will be meeting with President Fred Thayer and Secretary Jimmy Willson Tuesday afternoon and this will be followed with a meeting of the Board of Directors of the Floydada Club and Committee Chairmen at 7:30 p.m. at the Lighthouse Electric. On Wednesday noon he will address the Floydada Rotary Club. Governor Sturdivant graduated from the University of Texas Law School in 1954 and since has been practicing law in Amarillo. He is a past president of the Amarillo Bar Association and a Fellow of the Texas Bar Association. He is married to Ann Sturdivant and they have five children. Three have graduated from University of Texas, one whom is presently enrolled in college, and one is still attending Amarillo High School. He will be accompanied by his wife Ann who will be honored by a coffee on Wednesday morning by Rotary Ann Jan Thayer and other Rotary Anns.

Kendrick Installed Monday

Bob Kendrick was installed as Worshipful Master of the Masonic Lodge Monday night. Installing officer was Jimmy Willson, Jr., Grand Senior Warden of the Grand Lodge of Texas. he was assisted by Doyle Walls. A reception was held following the installation. Hostesses were the wives of the officers. The fellowship hall was decorated as an old time ice cream parlor. Approximately 95 members and guests attended the ceremony.

Commissioners To Vote On Child Welfare Board

Two items dealing with health programs will be presented to the County Commissioners at the regular court meeting Monday, June 7. At 1 p.m. the court will discuss and vote on forming a Child Welfare Board for Floyd County. Misconceptions about the duties of the board and the financial advantages to the county by forming a board have been discussed at the last two court meetings. County Judge Choise Smith has stated that he is in favor of forming a Child Welfare Board in Floyd County. This particular program has been of interest to many Floyd County citizens. Both the Hesperian and the Beacon are editorially also in favor of forming this board in Floyd County. At 10 a.m. Seth Halbert of Central Plains Mental Health-Mental Retardation Center will meet with the court to discuss the MHMR program for 1981. In the past the county has allocated \$3200 for the Floyd County citizens who used the program. Last year it was cut to \$1500. "I am in favor of going back to the \$3200 in the 1981 budget," Judge Smith said, "we need it to take care of the alcoholic and mental patients here in our county." Other items on the agenda include: Jonelle Fawver who will meet with the court to ask for a Chief Deputy salary and a second deputy for the County Tax Office; Steve Rampey will ask for space for an antenna for Motorola radios on the county owned tower.

Ma Bell To Ask Increase

Inflation and the continuing need to pour billions of dollars into Texas telephone growth are prime factors in Southwestern Bell's request for \$326.3 million in new rates filed recently with the Texas Public Utility Commission. "Our need for new rates is basic," said Doyle E. Rogers, the company's vice president for Texas. "As a utility company, we have no choice but to stay up with Texas' rapid growth. Billions of dollars are essential to meet that growth. We cut expenses. We gain revenue through increased sales. But soaring double digit inflation eats up all the gains we make. We're at the point where a request for additional rates is our only alternative. "The \$326.3 million is our full financial need," Rogers said. "Our case presented to the Commission supports that need." If the request is approved, Southwestern Bell would net an overall increase of 11.65 percent in intrastate revenues. "Percentage increases for individual services will vary," Rogers said. "The 11.65 percent increase applies only to the overall revenue increase for the state, and not to specific services."

Convention Delegates Return

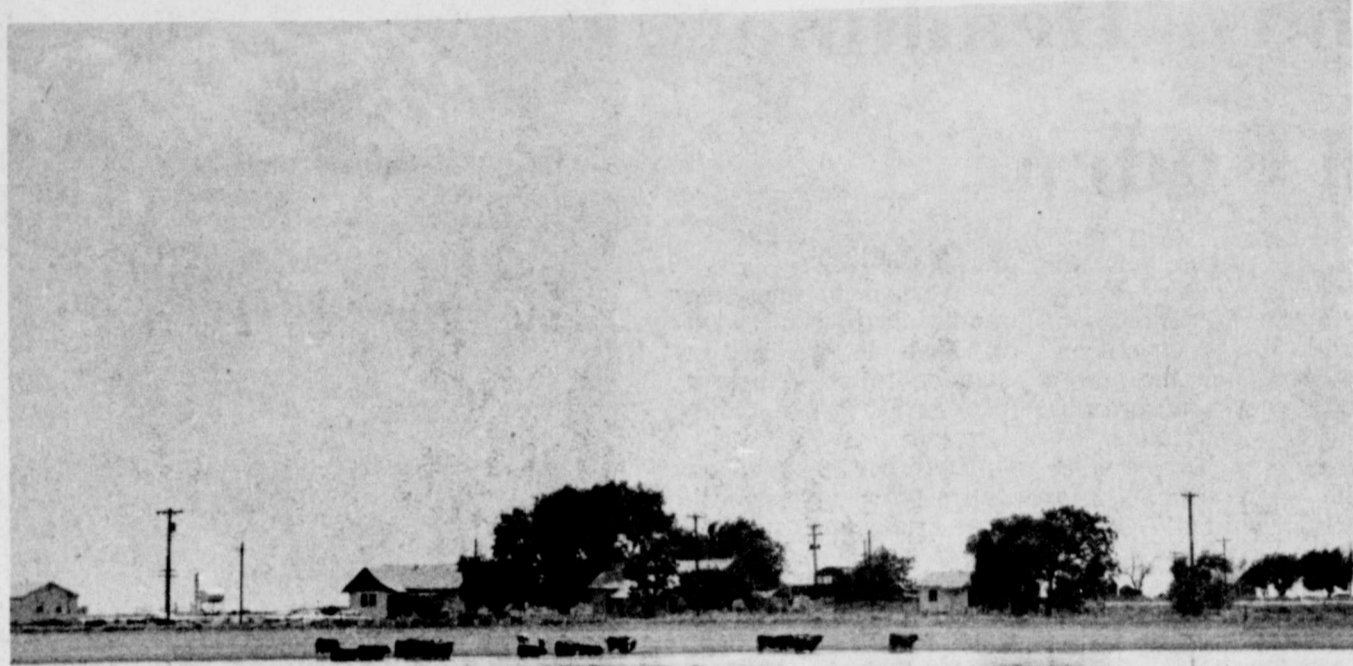

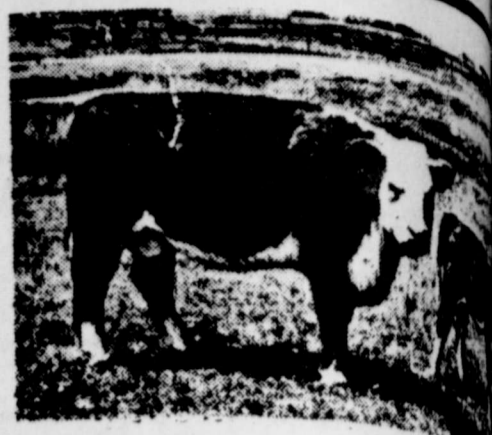

Four delegates from Floyd County attended the Democratic State Convention in San Antonio: Mr. and Mrs. Randy Hollums, Floydada, and Mr. and Mrs. Bob McWilliams, Flomot. Hollums stated that this convention was the most unusual he had ever attended in that a delegate was elected to the National Convention from the 30th Senatorial District to represent an uncommitted vote. Under party rules there must be 15% or over of the delegates voting uncommitted to be able to elect a delegate representing that vote. In times past this has been done when there Continued On Page 15

FARM & RANCH NEWS

REMEMBER WHEN? This picture was taken one year ago, the same lake is dry this year.

Heat Wave Affects Texas Crops And Stock

Crops, animals and people all wilted in one of the longest recorded heat waves in Texas' history.

But it's no reason for farmers and ranchers to reach for the panic button, agree two Texas Tech University professors and a meteorologist at the National Weather Service office in Lubbock.

"The quality of the rangeland is going down, but there's nothing critical yet," Dr. Donald F. Burzlaff, chairman of the Department of Range and Wildlife Management, said Monday as temperatures again soared to the century mark.

Most rangeland "got a reasonably good start" this year and matured early, he said. But continued dry weather created low-quality forage. This caused declining weight gains for cattle, down from a normal 1 1/2 pounds per day to about three-quarters of a pound, he said.

If the heat wave were to continue for a couple more weeks, Burzlaff said, cattle would require supplemental feed or would be marketed early. An early break in the heat wave would produce "no noticeable loss" in weight gain, he said.

Crops held their own, although cotton is better able to withstand a continued heat wave than either corn or sorghum, said Dr. Dwane G. Miller, chairman of the Department of Plant and Soil Science.

"So far, crops are not hurting too much," he said. Irrigated crops would fare better than dry-land crops during a prolonged dry spell, he said. But "the dry spell is definitely going to have an effect on yields."

Corn, with its broad leaf area, would be first to be hurt during a prolonged heat wave, Miller said. Next to be hurt would be sorghum.

Cotton, with its smaller leaf surface now, was in better shape to withstand June's dry spell, he said. "With a prolonged dry spell, cotton's deeper rooting system will help it better survive dry stress than corn or sorghum."

When the mercury zipped past 100 degrees Monday for the eighth straight day, Lubbock tied the record for the second longest heat wave on record. The record was in 1924, when the temperature reached 100 degrees 10 days in a row. In 1928, the mercury also reached three figures for eight straight days.

Last month was either the hottest June on record or one of the hottest across the state, said Ken Wigner, special programs meteorologist for agriculture at the National Weather Service. High daily records were recorded throughout West Texas and in North Central Texas. Dallas-Fort Worth recorded the all-time high — 113 degrees — two days in a row. Wichita Falls set an all-time record of 117 degrees. El Paso had more than 20 days of 100 degree or higher temperatures — a new

record of consecutive 100 degree days.

Lubbock missed its all-time record during the heat spell by only one degree — the record high is 109 degrees. But nearby towns did set new daily records: the temperature peaked at 111 degrees in Matador, Spur and Paducah, Wigner said.

Although many farmers and ranchers claim Texas and a large adjacent area of the Southwest are suffering another cyclical drought, similar to those of the 1930's and 1950's, Wigner is hesitant to call the present dry spell a major drought. The weather service only has data going back 70 years, he said, not a long enough time to indicate whether drought cycles exist.

Reason for the heat wave, Wigner said, was a high pressure system "in all levels of the atmosphere except for the surface." This high pressure forces air toward the surface and the air warms as it descends, he said.

The high pressure settled over Texas because the jet stream shifted to the upper Midwest. "As a result, we can't get any moving systems" such as a cold front or an upper level impulse that could bring rain.

Wigner said he does not expect any widespread rain for at least two weeks. This is reflected by the National Weather Service's extended July forecast, which calls for below normal rainfall and higher than normal temperatures.

Through June Lubbock recorded 7.48 inches of rain for the year, compared to a normal 8.97 inches.

Those looking for relief from the hot, dry spell can take comfort from the fact that, on the average, the last two weeks of June and the first two weeks of July are the warmest of the year.

Many people believe August is the hottest month, but Wigner said that is not so. The greater average humidity during August just makes the month seem hotter.

Marketing Course

Scheduled At SPC

A one-night course on commodity marketing is scheduled July 29 at South Plains College in Levelland.

The class will meet at 7 p.m. in Room 12 of the SPC Physical Science Building.

The course will cover cotton, grain and cattle, along with discussion of advantages and risks of hedging. Questions will be en-

couraged. Instructors will be Charley McQueen and Jean McQueen, associated with Heinold-Commodities and Securites Inc., a part of Dekalb Agri-Research Corp. Together they have over 40 years experience in commodities.

"We need an approximate count of the number of people planning to attend," said Don Yarbrough, dean of continuing education at SPC. "A large demand will bring additional consultants from New York and Chicago."

Formal registration will be at the class. Cost is \$1 a person.

For more information, contact the SPC Continuing Education Office at (806) 894-9611, ext. 243.

Around The County

By Jett Major

FLOYD COUNTY EXTENSION AGENT

By Jett V. Major, CEA

Wheat harvest in Floyd County was all but completed this past week with over 98 percent of the crop in to date. Yields have been very favorable on both irrigated and dryland acreage, especially in the southwestern part of the county where the most rainfall was received.

Sunflowers and cotton, like wheat, have fared well under the recent record-high temperatures and hot, dry winds, but even these desertous crops have begun to show signs of heat stress. Some late sunflowers have already had the heads turn back down. Cotton stands are excellent throughout the county and the recent heat wave has forced roots deeper into the soil profile where they should be for optimum utilization of soil moisture; however, if there were ever a critical time of need for rainfall on cotton, it would be now. Many producers gave up on the possibility of receiving rainfall in the near future and as a result began watering cotton almost two weeks ago. Insect activity in cotton has been light all across the area with some minor problems being reported with thrips, fleahoppers, leafhoppers as well as grasshoppers.

High temperatures and hot dry winds have sapped both moisture and vigour out of all of the corn and sorghum as well as some of the soybean

acreage. Most of the corn is in the pre-tassel to tassel stage in the earlier planted corn has begun; however, the hot weather has kept the corn out so much that most producers are reporting poor yields in much of the corn. This could mean a tremendous loss in yields for many farmers if the temperatures don't stay below 90 degrees the next few weeks. A high humidity is also needed for optimum corn.

Corn earworm and corn borer problems are present in most of the fields, but the largest threat to the corn at the present time is spider mite infestations which are unusually high this year due to hot weather.

There are numerous miticides that can be used, but the most effective is Azodrin for corn on the High Plains in Azodrin.

We received notification from David Ivie of the Texas Department of Agriculture that Azodrin has been cleared for use on the High Plains in corn on the High Plains. But, there are restrictions: (a) 10 days between last application and harvest, (b) 3 pounds of active ingredients total per acre, (c) 60 days from application and grazing of stubble, (d) Azodrin is cleared for use on corn but not corn for silage.

Some fields of grain sorghum are already beginning to show signs of insect damage.

It appears that damage resulting from insect problems in corn and soybeans will be minor this year compared to the damage in 1979 and high temperatures and lack of rainfall if some relief is not received.

Producers across the county have their crops in good shape and could be in at this time of year, but to keep them in good shape soaking rain within the next week to week and a half is desired.

Floyd County Farm Report

BY NANCY CARTHEL

The main thing I hear throughout the county is "When is it going to rain. If we don't get some moisture soon, this crop isn't going to make it." The corn and milo are being affected most adversely. Cotton, except in some dryland fields, is still holding its own but is beginning to hurt. The column by Jett Major gives a much more in depth report on the county crop situation.

On the local onion market, yellows are selling for \$3.00-5.00 depending on size. The whites are selling for \$3.50-\$7.00, again depending on size.

At the Floydada Livestock Sale on Wednesday, 900 head were sold. The market was generally steady.

In addition to the dry weather, the farmers in the northern part of the county had to contend with another problem this week. An overload on the electric lines caused low voltage and power failures. The electric flow was reversed causing the electric well motors to reverse their direction and many of them burned up. The power company had engineers here to try to find the cause of the problem and think that they have the problem solved.

Steers:
300-400 lbs. brought 80-85
400-500 lbs. brought 75-80
500-600 lbs. brought 70-76
600-700 lbs. brought 67-70
700-800 lbs. brought 65-67.50

Heifers:
300-400 lbs. brought 70-80
400-500 lbs. brought 64-70
500-600 lbs. brought 62-64
600-800 lbs. brought 58-61

Springer Cows brought 45-54
Pairs brought 550-700
Butcher bulls brought 52-58.50
Canner and Cutters brought 43-46.50
Breakers and Boners brought 41-43.

Wheat/bu. — 3.50-3.51
Milo/cwt. — 4.85
Soybeans/bu. — 5.80-5.95
Corn/cwt. — 5.55

On the Lubbock spot market, cotton prices were: 3.0-3.2 mikes were 1875-2075 points over the 1980 loan; 2.7-2.9 mikes were 1725-1925 points over and 2.6 and below mikes were 1600-1800 points over.

Soybean Contest

Soybean producers have an opportunity to win top honors in the Soybean Yield Contest.

The 1980 contest is sponsored by the Texas Department of Agriculture and El Paso County in conjunction with the National Agricultural Extension Service, Texas A&M University Extension Service and R.J. Hodges, Extension Economist.

"The contest is an educational tool to help rest in soybean production," Hodges said. "Benefits include development of better information, cooperation in the industry to increase efficiency, and recognition of individuals who achieve high yields."

Interested producers contact their county extension agent for contest rules and entry points must be in the county.

Each entrant must have at least 5 acres in soybeans. There may be only one entire farm operation on the land, harvesting of the soybeans will be by a three-man team. Contest Committee.

According to Hodges, the contest is presented to producers in the Northeast Texas area. Then the state selects winners. Winners will receive appropriate plaques and a check for \$1000 depending on their state champion with two to Acapulco.

CRIME SCENE — Sheriff Fred Owen [white shirt] and Deputy Paul Stone gather evidence soon after the shooting death last Wednesday night of a man. The dead man and his 13-year-old son were talking with Trinidad Aguilar inside the later man's auto when another man reportedly opened fire on them from point-blank range. Note the bullet holes in windshield and car body.

Put My Arms Around My Father, And I Was Sure He Was Dead'

A brown and white Pontiac was a relic from the "shoot-out" on Wednesday night. Its grisly, blood-stained seats and bullet-riddled door bore grim evidence of a shooting that occurred Wednesday night at the home of a man and his 13-year-old son.

The youngster told how his father had sat outside in the hot night when he entered the house and told his son he was "going to Trini's (Aguilar) house for a while." The lad went along.

Espinosa was believed to have been armed with a .25 calibre automatic pistol and Borjon with an automatic .22 rifle.

The time was between 10:30 and 10:45. It was now dark.

A 1978 Chevrolet pickup drove up near the car. The driver allegedly said, "You all sell any beer?" Zuniga answered, "No, we don't sell beer here."

A crowd of other barracks residents and other neighbors gathered at the scene shortly after the shooting.

Zuniga, who brought his to the Cone area about a year ago to hoe cotton for the consecutive summer, was the victim. The Zuniga family is living in a house near the barracks.

The eye witnesses recalled that after his father was struck by the gunfire, Aguilar then suffered facial wounds. The boy said he ducked down in the back seat.

MURDER CHARGES FILED
Murder charges have been filed against Borjon and Espinosa. Both men were said to have been "drinking" at the time of the incident.

Five bullets which entered his body could have resulted in death. One passed through his eye and entered his right arm and penetrated the heart. The other three were wounds in the stomach.

The barn is located "about 15 or 20 yards" from Borjon's residence on the Bob Kimbrough farm near Cone. Espinosa lives on the same farm. Both men reportedly are employees on the Kimbrough farm.

ESPINOSA RECAPTURED
Espinosa was erroneously dismissed from Lubbock General Hospital about 6:30 p.m. Monday. About 30 minutes later, hospital personnel realized that the man had been a prisoner and notified the Crosby County Sheriff's Department.

Investigating officers said Borjon took Espinosa to the hospital in Floydada, then returned to his home "on back roads." He presumably hid the two weapons about three-fourths of a mile west of his house in irrigation pipe and other equipment before deserting the pickup in a field on the farm.

ESPINOSA RECAPTURED
Espinosa was erroneously dismissed from Lubbock General Hospital about 6:30 p.m. Monday. About 30 minutes later, hospital personnel realized that the man had been a prisoner and notified the Crosby County Sheriff's Department.

Car Wash Slated

The auxiliary units of the Floydada Bands will have a car wash this Saturday, July 12, from 9 a.m. until 5 p.m. at Cornelius Conoco.

The auxiliary units are made up of the drum majors, flag bearers, and the junior high and senior high twirlers.

The money received will help defray the various expenses required of them for the coming year.

Prices for the car wash will be \$3 for cars and \$4 for pick-ups and vans.

THE 4-H EXCHANGE group from Beatle County, South Dakota is visiting in Floyd County this week. They are, front row, [l-r]: Jeff Wood, Lois Wood, Sponsor; Beth Buckley, Dawn Boetel, Duane Moody, Sponsor; Tod Tollefson, David Mattke, Nick Cihak. Back row [l-r]: Tammy Wood, Carol Olson, Adele Peterson, Judy Smith, Ann Krutzfeldt, Dolores Moody, Sponsor; Jeff Hamilton, Scott Hamilton, Heidi Krutzfeldt and Ronda Jungemann.

Slow Pitch July 10-12

The Quitaque Firemen's Women's Auxiliary is sponsoring a slow-pitch softball tournament July 10-12.

Thursday and Friday, games will begin at 6:30 p.m. Saturday, they will commence at 7 a.m.

Concessions will be available, with all proceeds going to the Quitaque Volunteer Fire Department.

Family

Amusement

Big Attraction

An amusement park in Plainview that features water type rides will be having its grand opening Tuesday. The Family Fun Park and Restaurant is located at 1001 West 5th Street.

"Wet Willie" is one of the new water slides that has been so popular in the cities. The park also has Bumper Boats for the older set and small speed boats for the kiddies.

Discounts on rides and miniature golf will be in effect the day of the grand opening on July 10.

The restaurant will be open. There is also an amusement arcade in the same building.

Other kiddie rides include a roller coaster and a surry ride.

Beatle County Exchanges 4-H Visit

An exchange program began last year with the Beatle County, South Dakota 4-H Club, when seven Floyd County 4-Hers went to the South Dakota county for a week's visit.

The exchange group will depart for home early Saturday morning.

While in Floyd County, the exchange group will be staying in the homes of 14 host families. These families are Jerry Williams, Kenneth Broseh, Eddie Foster, G.L. Hight, W.E. Whitfill, Albert Scheele, all of Lockney.

On Tuesday, the group, including host families and county 4-Hers, left for Palo Duro Canyon to tour the canyon, eat barbeque, and attend the performance of "Texas."

No activities were planned for Wednesday.

MELODY POWELL, RICKY SWEARINGEN

Powell-Swearingen Announce Engagement

Mr. and Mrs. Parnell Powell of Floydada and Mr. and Mrs. Cled Swearingen of Plainview would like to announce the engagement and approaching marriage of their children, Melody Ann and Ricky Lea.

Jenkins Presents Program

The Women's Missionary Society of the First Baptist Church of Lockney met at the church on July 7.

Juanita Jenkins presided at the business meeting and Ann Handley presented the program, "Entering New Mission Fields."

Emma Thomas gave some history highlights and the location of each place in the new mission fields.

The calendar of prayer was given by Agnes Frizzell.

Faye Ferguson gave a review on the book "To Ride A Magic Carpet" by George W. Braswell, Jr.

Present for the meeting were Ann Handley, Faye Ferguson, Agnes Frizzell, Bobbie Kellison, Neva Smith, Ruth Mitchell, Melba Atkins, Helen McLeod, Pauline Sams, Elvira Stewart, Jewel Fortenberry, Emma Thomas and Juanita Jenkins.

JULIANNE LIPHAM

Lipham Selected Sweetheart

Julianne Lipham, 16 year-old daughter of Mr. and Mrs. Julian Lipham, has been selected as Rotary Sweetheart for 1980-81.

Julianne will be a senior this fall in Floydada High School.

She is a member of the FHS band, has served on the flag corp three years, and was named Outstanding Junior Band Member. She has also received honors in the speech and drama department and is currently serving as president of the Drama Club.

Other honors include the Miss Floyd County title, runner-up in the Miss Mackenzie Pageant, and a selected finalist in the Miss Texas National Teenager Pageant held recently in Fort Worth.

Julianne is a senior representative on the FHS Student Council, plays on the varsity basketball team, and is a photographer for the annual staff.

Double-Ring Ceremony Unites Carlen Young, Randy Beedy

The First United Methodist Church in Floydada was the setting for the wedding of Carlen Young and Randy Beedy on Saturday evening, July 5.

Tom Pauley, minister of the City Park Church of Christ, officiated at the double-ring ceremony.

Mr. and Mrs. Deral Young are the parents of the bride and the groom is the son of Mrs. Ron Durmon of Amarillo and Charles Beedy of Claude.

Guests were registered by Mrs. Rex Rose. A single pink rosebud accented the bride's book and plumed pen.

An arch of candlelight formed by several candelabra decorated in spring flowers of daisies, pom mums and raspberry gladioli and graduated sizes of palms formed the background of the wedding scene. Floor baskets holding arrangements of raspberry gladioli, killian daisies and brass hurricane candelabra completed the wedding scene.

The bridal aisle was lit by brass candelabra decorated in garlands of silk lily of the valley.

Given in marriage by her father, the bride wore a formal length gown of white organza fashioned with a high Victorian neckline of ruffled chantilly lace. The sleeveless bodice had a sheer V-yoke and was edged with a deep ruffle of scalloped lace.

The full A-line skirt flowed into a chapel length train. A deep band of lace formed the hemline of the skirt and train. The headpiece was a picture hat of Brussels lace.

The bride carried a cascade bouquet of white sweetheart rosebuds, white starburst pom mums and stephanotis showered with double white baby's breath.

Something old and something borrowed was a pin fastened in the bride's bouquet. The pin had belonged to the bride's maternal great-grandmother, Mrs. A.R. Hanna. Something new was her bridal attire. She wore the traditional blue

garter and a six-pence in her shoe.

The groom was dressed in a white tuxedo while the groomsmen and ushers wore black tuxedos.

Mrs. Mark Gilly was maid of honor. Other attendants were Mrs. Fred Parsons and Mrs. Rance Young. Their gowns were of raspberry-colored voile fashioned with a deep scooped neckline edged with a flare ruffle. The full A-line skirt flowed from the empire bodice. The skirt was accented with a ruffle that extended up the back giving an apron silhouette.

They each carried old fashioned colonial-type bouquets in all silk flow-

ers of mixed shades of pink with raspberry trim.

Cheree and Chris Monden, niece and nephew of the groom, were flower girl and ring-bearer.

Best man was Rex Rose. Groomsmen were Mark Gilly and Rick Reddy. Guests were seated by Rance Young, brother of the bride, and Mark and Todd Beedy, cousins of the groom.

Mrs. David Battey sang "You Decorated My Life" accompanied by Mrs. Mike Giesecke at the piano.

Other traditional wedding selections were presented by Mrs. Bill Hardin, organist and Mrs. Giesecke.

RECEPTION

Following the ceremony a reception was held in the fellowship hall.

The bride's table was covered in bridal satin with an organdy overskirt. Tulle puffs around the top edge of the table were tied with pink satin ribbons. A silver candelabra, circled by the attendants' bouquets, formed the centerpiece.

The four tiered wedding cake, topped with pink satin bells, was served by Mrs. Don Shurbet and Mrs. Douglas Meriwether, aunts of the bride. Mrs. Rick Reddy served punch from crystal appointments.

Lori and Shandra Young, cousins of the bride, attended the groom's table. Chocolate cake and coffee were served from a pewter service.

Guests at the reception were presented with rice bags by Ange Shurbet, cousin of the bride.

After a wedding trip to Colorado, the couple will be at home near Amarillo.

BRIDAL COURTESIES

The bride was honored with showers in the homes of Mrs. Sam Baker, Floydada and Mrs. Fred Marble, South Plains. Other pre-nuptial activities included a rice and spice party given in the home of Mrs. Rance Young.

A rehearsal dinner was hosted by the groom's family at the Elks Lodge in Plainview. Later in the evening, after-dinner refreshments were served in the home of Mr. and Mrs. Eugene Beedy, aunt and uncle of the groom.

MRS. RANDY BEEDY

Aerobic Students!

The Wayland aerobics class, taught by Bobbie Weir, has been moved from Lighthouse Electric to the Fellowship Hall of the First United Methodist Church. The class will meet at the same time (7 p.m.)

Turner Honored Bridal Shower

Miss Angie Turner, bride-elect of Rick Covington, was honored Saturday, June 28 with a gift shower in the home of Mr. and Mrs. Wayne Rainwater, Dougherty.

Angie is the daughter of Mr. and Mrs. Nolan Turner of Floydada, and Rick is the son of Mr. and Mrs. Kent Covington of Dougherty.

Receiving guests with Mrs. Rainwater and the honoree were her mother, Mrs. Nolan Turner, and the groom's mother, Mrs. Kent Covington.

Mrs. Rainwater also registered guests. The serving table was covered with a white lace tablecloth centered with

Bon Voyage Coffee For Vel Simpson July

Vel Simpson was honored with a bon voyage coffee Wednesday morning, July 2, in the home of Judy Dunlap.

Vel and daughter Cindy, along with friends from Louisiana, left July 8 for Paris, France. From there, they will be touring five other European countries. They plan to be

home near Amarillo.

Selections for Brenda Turner bride elect of Bruce Kinast are available

Hills, Stowes To Celebrate Golden Anniversaries July 20

The children of Mr. and Mrs. Clyde Hill and Mr. and Mrs. Clyde Stowe invite their friends and relatives to attend a reception honoring their parents on their fiftieth wedding anniversary. The celebration will be Sunday, July 20 from 3-5

p.m. in the fellowship hall of the First United Methodist Church of Lockney. On July 19, 1930 the two couples were wed in a double ceremony in Clovis, New Mexico. Mrs. Hill is the former Miss Maxine Cunningham of

Lockney and Mrs. Stowe is the former Miss Lona Maye Hill, sister to Mr. Hill. The Hills and the Stowes have lived in Lockney since they were young children. The Clyde Hills have one daughter, Clydelle Jack of Lockney and three

grandchildren. The Clyde Stowes have one son, Bill Stowe of Wichita Falls and one daughter, Mrs. F.G. Jones, Jr. of Plainview. They also have five grandchildren and four great grandchildren.

At Age 69, Agnes Bond Felt She Had Gone 'The Last Mile Of The Way' Then She Discovered Pat Walker's.

She Has Lost 40 Pounds And 57½ Inches And Feels Great!

MRS. BOND, PLAINVIEW, TEXAS

AGNES BOND STATES:
"I can't thank Pat Walker's enough. At age 69, I weighed 182 pounds and still gaining rapidly. It seemed as though I had gone the 'last mile of the way'. My circulation was very poor and arthritis had made my joints so stiff that I couldn't take any exercise. I also had kidney and bladder trouble and had broken ribs on both sides. With the encouragement of my sister-in-law, I decided to visit Pat Walker's for my courtesy treatment and figure analysis. After the one treatment, I was convinced this was what I needed and wanted. It was hard for me to get on the machines at first due to arthritis in my joints, but after a few treatments, it was no task. The Pat Walker food program is simple and easy to follow, and with the help and encouragement from the counselors; it was indeed wonderful. After 8 months, I have lost from 182 to 140 pounds with an inch loss of 57½ inches. My dress size has gone from 20½ to 14 and I feel better than I have in years."

Fairview News

Mrs Clyde Bagwell

We continue to have dry weather but the past three days we have had a small break in the heat wave. It was several degrees cooler Saturday, Sunday and Monday, but the weather report says the temperature will climb back up before the week is out.

Mr. and Mrs. Clyde Bagwell received a phone call Monday night, June 30, from their niece, Mrs. Bill Pierce of Everett, Washington. She reports they had not been bothered by any of the ash from the St. Helen's volcano. We also had a call Saturday night from our nephew, Preston Lee Joiner Jr. who lives in Eugene, Oregon and he reported they had only seen a bit of dust-like ash. There not enough to worry about.

Mona Dell Wise of Amarillo came down Wednesday and spent the night in the home of her parents, Mr. and Mrs. C.H. Wise.

Mr. and Mrs. Dean Walls of Plainview visited Saturday afternoon with his parents, Mr. and Mrs. E.W. Walls.

Sunday afternoon Mrs. E.W. Wall's two nieces visit-

ed in the Walls home. They were Mrs. Don Reecer of Lockney and Mrs. Virginia Gann of Mesa, Arizona.

Mr. and Mrs. Richard Abel of Amarillo spent Saturday and Sunday here with her grandparents, Mr. and Mrs. L.H. Blum.

Mrs. Layland Bagwell of Los Angeles called his brother and sister-in-law, Mr. and Mrs. Clyde Bagwell Saturday afternoon. Wayland said he was not feeling very well—he has been in failing health for sometime.

One thing in his favor was that they were getting an apartment on the ground floor and then he could get outside more. For a number of years they have lived in an upstairs apartment in the same building.

Mrs. Ethel Graham visited Sunday afternoon with Mr. and Mrs. Joe Dunn.

Mr. and Mrs. Walton Wilson spent Saturday and Sunday at Brownwood attending the Horton family reunion. They returned home Sunday night.

Mr. and Mrs. Woodrow Wilson attended the wedding

of Randy Beedy and Carlen Young, Saturday evening at the First United Methodist Church. Saturday night after the wedding, Woodrow and Bessie visited Mr. and Mrs. Son Jackson.

Ones that were in and out at different times during the July 4 holiday in the home of Anne Swepston were, Mr. and Mrs. Danny Swepston and children of Alpine, Mr. and Mrs. Bob Burns of Amarillo, Doyle Ray Burns of Carrollton and Mr. and Mrs. Vance Campbell.

Mrs. Bill Beedy and Mrs. Bill Tye were in Plainview June 30 and visited Mrs. George Beedy.

Sunday was the birthday of Mrs. A.S. Mize. Mr. and Mrs. Bill Tye, Mrs. Bill Beedy and Charles Beedy went out to visit Clara and Albert and to help her celebrate her birthday.

Wednesday Mr. and Mrs. J.W. Sullivan of Berger and their grandson, Perry Sullivan of Phillips, spent the day in the home of Mr. and Mrs. Ray Cook. J.W. Sullivan is Mrs. Cook's brother.

On Thursday Ray Cook Jr. of Austin came and stayed until Saturday in the home of his father, Ray Cook and Mrs. Cook.

Sunday Mr. and Mrs. Frank Cook of Sentinel, Oklahoma spent the day in the home of his brother, Mr. and Mrs. Ray Cook.

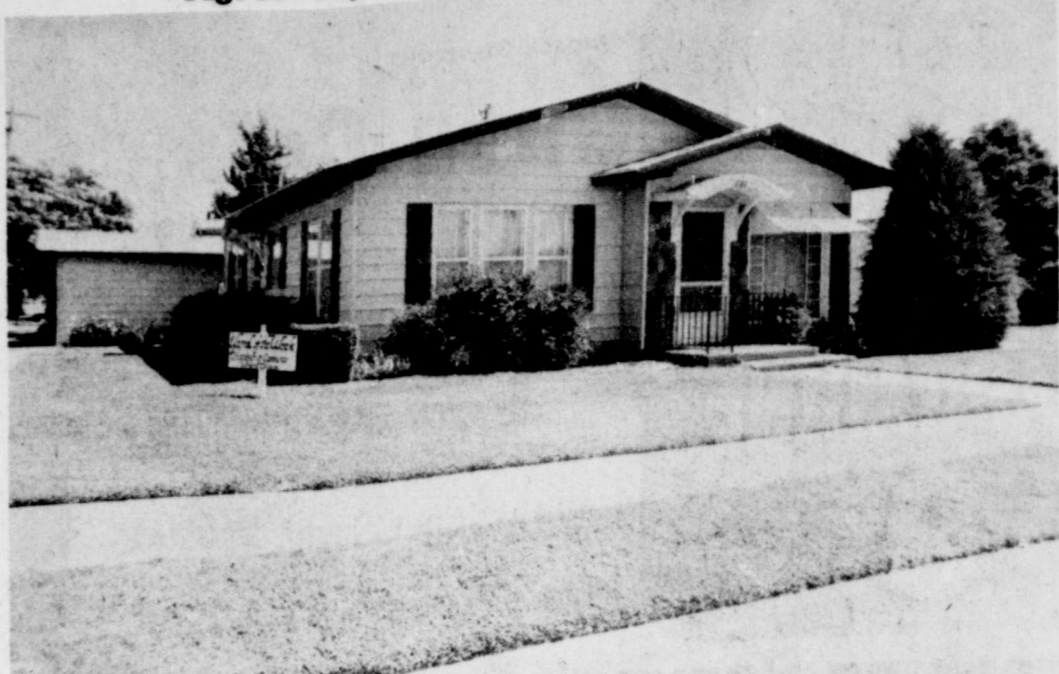

Mr. and Mrs. David Wise spent Friday night with his grandparents, Mr. and Mrs. C.H. Wise and his uncle, Charles Denton Wise. David and his wife were through Amarillo and spent Thursday night with his aunt Mona Dell Wise. They were on the move from Los Angeles back to Ft. Worth.

Mr. and Mrs. T.C. Goodman of Lubbock visited Sunday afternoon with Mr. and Mrs. T.L. Perry and Mr. and Mrs. Eugene Watts and family. Mrs. Goodman is the former Clara Cozby.

Mr. and Mrs. Eugene Watts and family visited Sunday morning with Mrs. J.W. Gilbreath who had just returned from Central Plains Hospital in Plainview, where she had surgery.

Mr. and Mrs. Bradford Beedy and Kyle of Spearman, Charles Beedy from near Claude, Mr. and Mrs. Jeff Beedy and Blake of Spearman, Mr. and Mrs. Scott Beedy of Amarillo and Mr. and Mrs. Mike Monden and family of Smettett were all here to attend the wedding of Randy Beedy and Carlen Young Saturday evening. They all spent the weekend here with Mr. and Mrs. Bill Beedy and other relatives.

Our sympathy goes out to the family of Mrs. Homer Steen whose funeral was held Monday afternoon, July 7. Her late husband was editor of the Hesperian for many years.

YARD OF THE WEEK—The beautifully manicured lawn of Mrs. E.E. Hinson,

230 W. Marivena, wins this week's honor. The contest is sponsored by

Women's Division of the Floydada Chamber of Commerce.

Floydada Nursing Home Happenings

by Dorothy Neff

Top winners in bingo this week were Clara Williamson, Ray Reed and Clara McNeely, who won two games each. W.C. Cates, A.G. Eubanks, Velva Pricer, Emmitt Laurence and Mamie Gray all won one each.

Bonnie West baked a pound cake and brought to the residents Friday. They really enjoyed the cake and would like to thank Bonnie for her time and love.

Mr. W.C. Cates spent the weekend in Ft. Worth and Denton visiting his son Lonnie and family and a sister-in-law, Betty Smith, who is 92 years old and in the hospital.

Mrs. Velva Pricer spent the fourth at home with her husband.

Leo and Mary Jackson and Myrma Gail Lancaster of Irwin spent most of the week with Mrs. Jewell Jackson.

Mrs. Clara Murry reported that her son, Floyd of Canadian, is home doing fine following kidney surgery.

Mr. and Mrs. Alvin Childs of Farwell spent the holidays with his mother, Mrs. Francis Childs.

We are proud to have Mrs. Mollie Jones home from the hospital. Mollie is resting comfortably.

Mr. Emmitt Laurence had a busy weekend. His son, O.J. of Dallas, came up and bought eight owl hangings.

We certainly thank our many visitors who visited in our home over the holidays.

They included: T.S. Brown, Josephine Bursi-ago, Joyce Lipham, Mrs.

Dena Myrick, Otis, Dana, and JoLee Ellis, Myria Dade, Mamie and Ella Goodwin, Doris Snodgrass, Elayne Reed, Beulah Baker, Myrtle Switzer, Vonceil Colston, Clara E. McNeely, James L. Asher, Jewell Price, Estelle Hinkle, Charley L. Berry, Sr., Jicente Flores, Mr. and Mrs. O.J. Laurence, Joey Johnson, Corene Stewart, Sammy and R.T. Furrion, Lucille Sisson, Elvis and

Lovelle Childs, Ocie Morrison, Carol Martinez, Benita Martinez, Margie Cisneros, Maria Delgado, Tony Delgado, Kathy Martinez, Rolando Cisneros, Norma Cisneros, Jennifer Martinez, Burmah Probasco, Billy Probasco, Cephus and Imogene Fortenberry, Rodney and Wesley Durham, Mr. and Mrs. Fay Hart, Mr. and Mrs. Vallie McNeill, and Marie Baxter.

CEDAR HILL NEWS

By Grace Lemons

It is very hot and dry in Cedar Hill and the wheat has been cut. Cotton is not progressing fast enough in the hot wind for blooms yet.

There were several visitors at the Assembly of God Church Sunday. Wesley and Rodney Durham and children, Stephanie Sanders of Dallas, of VanHorn, and Steve Fortenberry of Hereford helped make the 33 present.

Sandra Mitchell is at camp at the Assembly of God camp at Roaring Springs this week. Virginia Mitchell, Sandra Mitchell, Tonya Powell and Twyla Lemons accompanied Martha Taylor to Roaring Springs last Friday and stayed until Saturday attending the missionette retreat.

Virginia Mitchell spent last week in Amarillo with her aunt, Sharon Green. Rev. and Mrs. Vance Mitchell went up on Friday and brought their daughter back Saturday.

Tuesday of last week the women of this area met at the Assembly of God Church for a Woman's Ministry Rally. A salad lunch was served to around 20 women.

Millard Fourn of Phoenix, Arizona visited the Cedar Hill Baptist Church Sunday. Jenese Lemons of Seagraves was also present.

Saturday evening Fred Conner's daughters visited in the home of Mr. and Mrs. Jim Conner. They were Roxanne and Curtis Furnish and sons, Brat and Beau of Liberal, Kansas and Ronda Pritchard of Plainview.

Robert and Guen Conner and daughters, Holly and Robin of Amarillo, joined Millard and Margaret Fourn of Phoenix, Arizona who arrived in the home of Mr. and Mrs. Jim Conner Wednesday for lunch Sunday. Millard and Margaret left Monday morning to visit his mother, Mrs. Harold Smith in Columbus, Missouri. They will make their way back around Amarillo to visit with Margaret's brothers and their families there before returning home.

Junior and Martha Taylor, Bud, Lindsey and Bill Lackey, Phil and Linda Lackey and children, Janette Lackey of Floydada, Bama and Daniel Coward, Max and Vicki Yearly, Durrel and Latricia Fortenberry all enjoyed watching fireworks at the home of Jerry and Leah Lackey Friday night. Refreshments were served later.

Lindsey and Bill Lackey visited their daughter and husband, Kim and Kelley Mixon in Hereford Sunday.

Joy and Kenneth Penrod of Lubbock, Mr. and Mrs. Henry Randolph and children of Alabama, Winnie Beedy and Charles Beedy, Edna Beth and Bill Tye helped Clara Mize celebrate her eighty-second birthday in the home of Mr. and Mrs. A.S. Mize Sunday. Ice cream and cake was served to the group.

Christy and Casandra Harrison of Shreveport, New Orleans flew to stay until next Saturday with their grandmother, Edna Gilly and other relatives.

Friday they took a lunch and enjoyed the day shooting fire crackers at Mackenzie Lake.

Edna Gilly and granddaughters, Christy and Casandra visited Mrs. W.M. Clark in Plainview Saturday.

The Cypert and Lackey reunion met at the home of

Ruby Lee Higginbotham Thursday. Mr. and Mrs. Warren Cypert of Austin were there earlier before she became ill and they had to return home. Ruth and Larry and daughters of South Dakota, Mr. and Mrs. Albert Cypert of Hawaii, Mr. and Mrs. Mack Cypert of Columbus, Georgia were all honored guests. Those from Hereford who attended were Ruth and Robin Fortenberry, Imogene and Cephus Fortenberry and grandsons Wesley and Rodney Durham, Mary Ann and Garland Tucker, Lindsey and Billie Ruth Lackey, Norma Welch and Peat Kelley and Mr. and Mrs. A.S. Mize. L.N. Johnson furnished and prepared the barbecue for the occasion.

Thursday, Ruth and Robin Fortenberry met their granddaughter, Stephanie Vick and children, Monica and Travis who had been visiting their grandparents, Mr. and Mrs. C.W. Vititow in Plainview and she will visit the Fortenberrys for a few days.

Saturday morning Ruth and Stephanie and children went to Idalou and visited more grandparents, Mr. and Mrs. Sam Sanders.

Steve Fortenberry of Lubbock spent Saturday night in the home of Mr. and Mrs. Robin Fortenberry.

Nelda and Eldon Fortenberry of Hereford had lunch with the Fortenberrys Sunday.

Mr. and Mrs. Billy Hinkle are expecting his sister, Mr. and Mrs. Bosco and family of Houston, to visit with them a few days.

OBITUARIES

THOMPSON
 Services for Albert C. Thompson, 90, of Floyd, were at 1:30 p.m. Tuesday in Moore-Rose Chapel with Dr. Floyd C. Thompson, pastor of the Baptist Church, officiating. Burial services were at 10 a.m. Tuesday in May Cemetery near Wood, with burial in direction of Moore-Rose Funeral Home.

STANDIFER
 Services for John Osval Standifer, 74, of Route 7, were at 2 p.m. Tuesday in Idalou First Baptist Church with Rev. Howard, minister, officiating. Burial was in Resthaven Memorial Park in Lubbock in the direction of Moore-Rose Funeral Home. Standifer died at 11:55 Saturday at St. Joseph Hospital after an illness.

field, then Lubbock, where he lived for over 52 years.

He was a member of the Idalou First Baptist Church and a mason. He was a retired employee of Piggly Wiggly and United Supermarkets. He married the former Catheryn Crump on May 26, 1965 in Lubbock.

Survivors include his wife; a son, Dick of Amarillo; a daughter, Mrs. Modean Clayton Sorensen of Lubbock; two stepsons, Wayne Prather of Lubbock and Jim Prather of Grand Prairie; a stepdaughter, Mrs. Louise Monagaf of San Antonio; five brothers, A.J. of Amarillo; Landon of Missouri; Rois of Fremont, California; Fred of Roswell, New Mexico and Harvey Bishop of Littlefield; four sisters, Ila Belle McPeak of Floydada, Vera Thompson of Levelland, Mrs. Ted Martins of Tucson, Arizona, and Oleta Morton of Modesto, California; 11 grandchildren and 10 great-grandchildren.

TARA NICOLE MERCER
 Tara Nicole Mercer, infant daughter of Mr. and Mrs. Dan W. Mercer of Canyon, died at 6:27 a.m. July 2 in Lockney General Hospital.

Graveside services were at 9 a.m., July 3 at the Lockney Cemetery with Rev. Bob Ward, pastor of Calvary Baptist Church in Canyon, officiating.

Survivors, other than her parents, include paternal grandparents, Mr. and Mrs. W.C. Mercer, Lockney; maternal grandparents, Mr. and Mrs. Richard Lomax, Hobbs, New Mexico; paternal great-grandparents, Mr. and Mrs. Hilburn Casey of Lockney; and maternal great-grandmother, Mrs.

Mae Turner, Hanford, California.

EDITH ELIZABETH TINSLEY
 Edith Elizabeth Tinsley of Route F, Lockney, died July 3 at 11:25 a.m. in the Lockney Care Center.

Services were held at 10:30 a.m. Saturday, July 5 in the First Baptist Church, Lockney, with Rev. DeWitt Seago of the First United Methodist Church officiating. Assisting was John Jenkins of the First Baptist Church, Lockney.

Burial was in Plainview Memorial Cemetery under the direction of Moore-Rose Funeral Home in Lockney.

Mrs. Tinsley was born August 13, 1900 in Tarrant County. She married Roy H. Tinsley on January 12, 1927 in Tarrant County that same month.

Mrs. Tinsley was a homemaker, a Baptist, and a charter member of the Fair Board.

Surviving are a daughter, Mrs. Kenneth (Juanita) Broseh of Lockney; two brothers, Horace Downe of Ferndale, Michigan and Hubert Downe of Justin; and two grandchildren.

EDNA PRUETT

Mrs. Edna Pruett, 96, of Burk Burnett died July 3 in a Burk Burnett nursing home.

Services were at 4 p.m. July 5 at Burk Burnett Assembly of God Church. Rev. M.F. Hankins, pastor, and Rev. Lonnie Finney, Denison Assembly of God minister, officiated.

Burial was in Burk Burnett Cemetery under the direction of Owens and Brumley Funeral Home of Burk Burnett.

Born June 11, 1884 in Lawrenceburg, Missouri.

Mrs. Pruett moved to Randlett, Oklahoma in 1925, then to Burk Burnett in 1950.

Survivors include three sons, Houston Turner and Virgil Turner, both of Lubbock, and Carl Turner of Randlett; six daughters, Artie Ward of Floydada; Lillie Jenkins and Lois King, both of Burk Burnett; Clara Pruett of Moore, Oklahoma; and Gladys Hill of Wichita Falls; two stepsons, Jay Pruett of Randlett, and Jess Pruett of Mead, Oklahoma; a stepdaughter, Gertie Green of Randlett; 44 grandchildren, 108 great-grandchildren, and several great-great-grandchildren.

ANITA NUNCIO

Anita Nuncio, 49, of Weatherford, Texas died June 27 in Weatherford. Burial was in Greenwood Cemetery. She was born August 22, 1930 in Fort Davis. She had lived in Weatherford for 14 years and was a member of the St. Stephens Catholic Church.

Survivors include: her husband Pat Nuncio, Sr.; four daughters, Mrs. Josie Serna, Delores Nuncio, Mary Leana and Diana Nuncio; two sons, Joe Pat Nuncio, Jr. and

Johnny Nuncio; two grandchildren; three sisters Mrs. Felix Nuncio, Sr., Fidela Nuncio and Carmen Aguilar all of Lockney; two brothers, Manuel Alcaraz of St. John, Michigan and Ramon Alcaraz of Brady.

MADLINE ELIZABETH STEEN

Services for Madeline Elizabeth Steen, 86, were at 4 p.m. Monday in Moore-Rose Chapel with Rev. C.B. Melton, former pastor of First United Methodist Church, officiating.

Burial was in Floydada Cemetery under direction of Moore-Rose Funeral Home.

Mrs. Steen died at 1:44 p.m. Sunday in Methodist Hospital in Lubbock after a short illness.

The Graham native was married to Homer Steen August 11, 1911. Mr. Steen established and operated the Lockney Beacon from 1907-09. In

REMEMBER your loved ones with a living memorial to the Caprock Hospital Auxiliary Memorial Fund. Mrs. Ben Whitaker, Treasurer

REMEMBER your loved ones and friends with a memorial to Lockney General Hospital Memorial Fund. These memorials go toward equipment to help serve our community in the best way possible.

January, 1911, he became editor of the Hesperian, and remained in that facility until retiring on May 1, 1962. Mr. Steen preceded his wife in death on December 12, 1971.

Madeline and Homer Steen Day was proclaimed on May 31, 1962. The couple was honored with a banquet on that day.

Survivors include two sons, Maurice of Lubbock and Phil of Arvada, Colorado; a daughter, Mrs. Golden Louise Nabors of Amarillo; seven grandchildren, and seven great-grandchildren.

Nesa Jackson On Dean's List

The Home Economics Department of Texas Tech has chosen another student to be included on the Tech Dean's List.

She is the daughter of Mr. and Mrs. Jim H. Jackson of Floydada.

This qualified student is Miss Nesa Jackson.

Nesa was selected for the spring semester of 1980.

INSUR-MATION
 Floyd County
 Insurance Agency Jerry Cooper
 LOCKNEY

I know I need better health insurance. A friend suggested a Major Medical policy but I don't know what areas to consider in comparing different policies. Investigate the current rates for hospital, surgery and physicians. Use these figures to compare policies. What will each policy cover? Do benefits consist of a flat amount or a percentage of the actual cost? Are both illness and accident covered? What miscellaneous costs are covered? How does the deductible apply... per family, per person, per condition or per year? Which expenses may be applied towards the deductible? How long does the benefit period run? What is the maximum benefit payable? In all these considerations, a qualified insurance agent can be your greatest asset.

Carthel Tours Holy Land

Living "many miles from nowhere" in this part of the country, many of us West Texans have yet to see the other side of the Caprock, much less another state or country.

But Rick Carthel, son of Mr. and Mrs. Ray Gene Carthel of Floydada, has seen the other side of the world. He recently returned from a tour of the Holy Land with the Trinity Fellowship in Amarillo.

The group left on June 7. They reached Cairo 29 hours later by plane.

It was a different atmosphere from the beginning. The sun rose at 3:30 a.m. and didn't set until 10 p.m. "Desolation," said Rick, "is the only word for that area."

Two days were spent in Egypt. There the group toured the Museum of Artifacts in Cairo, and also got a look at King Tut's tomb.

Other tours included viewing the pyramids, camel rides, and "fights with peddlers." Rick said the nerve of the peddlers was unbelievable. "They would just nearly mug you trying to sell you something."

Boat rides on the Nile were taken, and the ancient city of Memphis, where paper is still made from papyrus, was toured.

The group spent a night in Ammon, Jordan. According to Rick, the area was also very sandy and desolate, "sort of like Midland-Odessa."

They took a bus into Israel. Rick stated that Customs was very strict, as there was a tremendous risk of bomb threats and smuggling bombs.

As soon as they arrived in Israel, "we could just feel the peace of the Lord. We felt like we were really in God's country."

Jericho was the first city visited. The mountain where Jesus was tempted by Satan was viewed, and Rick said temperatures there reached as high as 135 degrees. "It is a rich land, full of fruits and fruit trees, but no grass."

Caesarea, the ruins of an ancient civilization, was toured. The group visited the Roman Theatre, which Rick described as a "half dish." He said it has almost perfect acoustics, and concerts are still being performed there.

The next day, a tour was conducted of Mount Carmel, the highest point in Israel. The neighboring valley, Armageddon, stretches for over 230 miles. "Israeli fighter planes were visible over the valley, practicing," he related.

Nazareth was another city visited. Rick was amazed at the hatred displayed between the Jews and the Arabs. "One Arab built a house shaped like a pistol. It is aimed directly at the Jewish Government headquarters."

The land of Canaan impressed Rick as having "very smart people. It's all they can do to make a living, but they stick together. They have been through so much, they have a special bond between themselves."

A boat ride on the Sea of Galilee was the next excursion. This is the site where Peter and Jesus walked on the water. Rick stated, "I can see how Peter would have become frightened. Waves of 20-25 feet in height are not unusual."

A tour was taken of the Golan Heights mountain range. They went to the border of Lebanon, and "joked around with the guards on the border. They were really friendly and we had a good time." All the water in this region is furnished by the mountains.

The tomb where Jesus was believed to have been buried was visited. Rick stated that he believes it is the place of the resurrection. The Shrine of Books, where the Dead Sea Scrolls are kept, was an object of their tour. The scrolls, Rick said, are enclosed in glass, which is surrounded by water to prevent the documents from burning in the event of a fire.

A memorial to the six million Jews killed in World War II was seen. It boasts a model city of Jerusalem built on a scale of 50' = 1". "It looked exactly like the city, and took nine years to build."

While visiting the Dead Sea, the group decided to take a swim. As Rick said, "There was no way anyone could sink in that water. It is so full of salt and deposits that I read a newspaper while floating on my back. I'll bet the world's loneliest job is being lifeguard at the Dead Sea."

Other sites of interest included the tomb of Lazarus at Bethany, the Garden of Gethsemany in Jerusalem, and the Upper Room (site of the Last Supper), where a church service and communion were held.

If there was one bad aspect of the trip, Rick said it was the food. "They offered us camel meat in Egypt. I think everyone in our group went on a fast that day. Other than that, the citizens were fantastic. There were always about eight people ready to do something for us."

"Everyone works there. It doesn't matter if all they do is sweep the streets, they work. There are a lot of street sweepers in that part of the world. Poverty is everywhere, but the people are happy. They would break into a dance anywhere at anytime."

With the descriptions of their living conditions versus their love of life, maybe there's a lesson hidden inside which tells us where the most important things in life are. Rick is a disc jockey with radio station KFLP in Floydada and invited listeners to tune in from 6-9 p.m.

Los Lingos Creek Bridge To Be Rebuilt

The State Department of Highways and Public Transportation is planning to proceed with the development of the proposed reconstruction of Los Lingos Creek Bridge, 6.1 miles north of F.M. 97 and Quitaque Creek Bridge, 5.1 miles north of F.M. 97, both on F.M. 1065 in Floyd County.

Since the Administration of the State Department of Highways and Public Transportation approved the location and design proposed for this project, the State Department of Highways and Public Transportation will begin work on the next phase of engineering necessary for the development of this project.

This proposed bridge reconstruction will consist of replacement of the total structures between present abutments. The proposed bridge widths will be 34 foot clear roadway.

Maps, drawings showing geometric design, environmental studies and all other available data concerning the development of this project may be inspected and copied at the Resident Engineer's Office in Post.

Today's Lifestyles

By Marilyn Tate
County Extension Agent

The human foot is one of the strongest, and most intricate and sensitive parts of the body. Many of us devote much time to grooming, but give little attention to routine foot care. Think about how many steps you take each day. Don't your feet deserve some pampering?

Foot problems can affect the entire body system, causing pain in the legs, undue fatigue and irritability. Today's awareness of the body and the popularity of sports focus even more attention on the feet.

Although almost everyone is born with perfect feet, more than 70 percent of American adults suffer from foot problems. Most of these ailments can be prevented by following good foot-care programs at an early age. The tips below are based on the idea that feet play a part in both looking good and feeling well.

Selecting Shoes—It takes only one pair of ill-fitting shoes, worn long enough, to develop a foot problem that will last a painful lifetime.

A well-fitting shoe should be 1/2" longer than the foot, and should fit snugly at the heel and instep. The sole should be as wide as the foot, and with the widest part at the second joint of the big toe. Allow room for the toes to move freely when walking.

Because there is no ideal heel height, alternating types of shoes is a wise idea. By varying heel heights, ankle and leg muscles stay strong and healthy.

Foot Hygiene—An important rule to follow in a general footcare program is to keep feet as clean as possible. The feet get less air than most other parts of the body, and they pick up dust, dirt and odor more easily. To keep feet groomed and cleaned follow these steps:

Wash your feet at least once a day in warm, soapy water. Just showering is not enough. Scrub vigorously between toes and heels.

At least once a week, treat the feet to a long soak. If desired, use a foot bath formula.

Dry feet thoroughly after wash. To keep feet dry, spray or dust on foot powder, or use powder in shoes.

Change footwear daily.

For longer wear and more comfort, alternate shoes so that they can dry out between wearings.

Exercise—Proper exercise, done in moderation, can help to relax feet and build stronger muscles. Here are some simple foot exercises:

While sitting, rotate each foot to stretch cramped muscles.

Walk on the outside of the feet for a few seconds.

Pick up marbles, one by one, with the toes of each foot.

Indoors, walk tiptoe in bare feet, stretching upward.

Singing Convention To Be Held

A Singing Convention will be held at the United Methodist Church in Dickens next Sunday, July 13.

The celebration will begin at 2 p.m., with "lots of singers there." There will be no admission charge of any kind.

Dimms Clifton is president of the organization.

Judge Smith Attending Meeting On The MX Missile

County Judge Choise Smith is attending a meeting in Lubbock at the request of Congressman Charles W. Stenholm. The meeting is for informational purposes only and will concern the location of the MX Missile site in West Texas or Eastern New Mexico.

General Forrest McCartney, Air Force, will explain in detail the MX system, its development, deployment and its possible ramifications for the surrounding community. Nevada-Utah is still the preferable site location for the full MX System. They are, however, considering

Introduction To Rural Community Planning

West Texas is a growing, ever changing region in the United States. In the South Plains Region, there are 40 towns with a population under 10,000 people. Some smaller towns are growing in population while others are declining and there is fear for their future. Few of these small towns are able to afford a private planning service to help them plan for their future. Without some form of plan, these cities may be forced to maintain their present course and be caught up in numerous financial as well as growth problems.

Planning of small communities and large urban areas is of the same importance, though the complexity may be greater in urban areas. The small city must carefully manage its funds because income from taxes and other sources is limited. Only through careful management can the community afford to operate over a period of years. In

many cases, the quality of management in city affairs will determine if there will be growth or decline in population.

Small communities have to provide water and sewer services, streets must be built and maintained, and some type of community recreation facility must be provided. They must plan residential growth so that housing will be in safe attractive areas and commercial and industrial lands in locations harmonious to living, working and shopping areas. Finally, much thought must be given to planning of community facilities, such as the city hall, fire stations, and the city park, because these all cost money, which, in a small town, is in short supply.

While the local elected officials of these small communities are faced with the same or comparable responsibilities for services as larger cities, they are placed at a disadvantage. The major

ity of pertinent statistical or historical data on small communities is limited in scope or non-existent. Data is needed to determine priorities and directions for community development. Lack of this information highly complicates management and policy making decisions of the small communities by their elected officials.

Another complicating factor is that most elected officials of small communities are non-paid and function in other occupational capacities during the regular working day. They cannot research the needed basic statistical data themselves. Therefore, many of the elected officials of small communities are not even aware of the basic historical facts and current statistical conditions of their communities.

South Plains Association of Governments has designed a program whereby small communities can afford a planning program. This is accom-

plished through local citizen involvement. The city itself determines its specific needs. A planning committee establishes goals and objectives, priorities for implementation, and direction as to the contents of the plan. SPAG provides the professional guidance and research in putting the plan together.

The SPAG Director of Regional Services supported by the FmHA III program, provides technical assistance to the local committee so that an evaluation of present and future problems can be made. This is accomplished by a community inventory. The planning committee then considers the problems and decides upon the best direction for the community. This information is incorporated into a plan which identifies problems the community may anticipate. Possible solutions to these problems are also suggested by the plan, which includes projections of

future population, housing needs, and community facility needs.

The local planning committee is the key to the entire program because its members make the decisions and determine the quality of the plan through the amount of time and effort they devote to it. SPAG staff provides answers to technical questions, does necessary research, and provides assistance with drafting and printing.

One point that must be strongly emphasized is the plan will not guarantee any federal or state grant or aid money. However, such a plan will be of advantage to the city when applications for grants or other aid are reviewed by respective funding agencies.

The Rural Community Plan is intended to be a general guide for the community. By becoming aware of its problems, the city can plan for itself on a continuing basis.

STEP-BY-STEP OF PLANNING PROCESS

Step 1
SPAG will meet with City Manager or Mayor to explain the rural planning proposal and answer any initial questions. The proposed time frame and who will be responsible for what, will be explained.

Step 2
If the city chooses to participate, a planning committee will be appointed.

SPAG will begin collecting demographic information and characteristics on the city.

Step 3
The first planning committee will be held to explain the program. During this meeting, an inventory will be handed out to committee members. The Committee will be responsible for completion of the inventory.

Step 4
The planning committee will circulate and collect the inventory and send all forms to SPAG.

SPAG will compile the inventory results into an orderly written form. This information will be used as the base on which to develop the plan.

Step 5
A second meeting will be held in the form of a public meeting. By using the results from the inventory survey, a "problem area list" will be compiled. This list will identify the problems which the citizens feel should be considered during the planning program. A priority ranking will be given to the most critical problems.

Step 6
The information from this meeting will again be compiled into written form by SPAG.

Step 7
A third meeting will be held with the planning committee. The priority listing of the problem areas will be discussed. Goals and objectives will be developed so that the City may work to gradually eliminate and prevent

ATTEND THE RELIGIOUS SERVICE OF YOUR CHOICE THIS WEEK

Isaiah the prophet revealed God's loving heart to us in preparing us for the coming of Christ. Listen to his words:

"Thus says the Lord: Fear not for I have redeemed you; I have called you by name. You are mine because you are precious in my eyes and because I love you."

Jesus repeated this message many times. "Why are you afraid, oh you of little faith... Come to Me you who labor and are burdened and I will refresh you."

The idea that God really cares about each one of us, individually, is at the heart of the good news of the Gospels.

The great Cardinal Newman fleshed out the degree of our intimacy with God in his description of Divine Providence:

"God calls you by name. He sees you and understands you as He made you. He knows what is in you, all your peculiar feelings and thoughts, your dispositions and likings, your strength and your weakness. He views you in your day of rejoicing and in your day of sorrow. He sympathizes in your hopes and your temptations... He hears your voice, the beating of your heart and your very

breathing."

The message is always the same. God is love and Christ crucified is the proof of it.

In my book, "Enjoy the Lord," I discuss the happy art of contemplation. Many prayerful people have experienced contemplation but they may not call it that. To contemplate is to enjoy God. All actions of the mind cease. It's not an intellectual process or the act of thinking about God. The idea is to bring yourself to advert to His loving Presence, and to love in return.

Once you understand that God's personal union with you begins with His pursuit of you, and that the relationship is initiated through His action, then the rest is easy. Your union with God depends more on His love for you than on your love for Him. By your loving acceptance you begin to enjoy His love. This is the contemplative state.

People who want to surrender fully to God but fail constantly can still be contemplatives. St. Paul understood the problem: "The good I would do, I do not do and that which I would not do, that I do."

Delegates

Continued from page 1

was a "favorite son" candidate and the uncommitted delegate would support him. This is not the case this year. Marvin Meek from Plainview will be attending the National Convention in New York as an uncommitted delegate.

Hollums said that the San Antonio Convention favored Jimmy Carter with a majority and that about one-third of the delegates were split between Ted Kennedy and the uncommitted vote.

The two other delegates from the 30th District are both Carter supporters, Margaret L. Darden and Dr. Jim Alexander, Wichita Falls. The National Convention will be held in New York City August 11-14.

The most heated items dealt with two resolutions on gay rights. The first resolution was that there would be no discrimination because of sexual preference. The second was to remove any kind of criminal penalty because of homosexual conduct. Texas now has a class C misdemeanor law against homosexual activity that is punishable by fine only.

Both resolutions were defeated in roll call votes.

The second dispute was over Corin Patterson's unsuccessful attempt to replace one of the eight delegates to serve on the National Committee.

"There was no incumbent governor directing the show this year," Hollums said. "It was a new experience for me. It didn't appear that anyone had as much say-so. Certainly not as much as an incumbent governor has."

Hollums said that it is getting harder and harder to draw the lines that separate the liberal democrat from the conservative. "When I first started the lines were drawn much clearer."

Ma Bell

Continued From Page 1

percent on its Texas operations. "We need to earn in the range of 12.5 percent in Texas to provide the incentive for investors to pour in the dollars necessary to provide continuing good phone service for the state," Rogers said.

Rogers pointed out that telephone rates have gone up at a much slower pace than other goods and services. "In the last decade, the Consumer Price Index has increased almost three times as rapidly as telephone rates," he said.

Rogers said that the Bell System continues to be committed to compliance with President Carter's anti-inflation program. "The present guidelines expire on September 30, 1980, and guidelines for the following year will not be issued for some time. Therefore, no guideline amount is cited in the 1980 filing. However, we have assured the Commission that we intend to comply with the principles of any new guidelines which may be issued before a decision is reached on our rate request," Rogers said.

AREAS OF INCREASE OR CHANGES PROPOSED BY SOUTHWESTERN BELL

- Southwestern Bell's rate request includes proposed increases for:
 - flat rate basic local service
 - Centrax service
 - private line service
 - TEPAK
 - Other Common Carrier rates
 - telephone instruments
 - PBX equipment

- TouchTone service
 - custom calling services
 - miscellaneous equipment
- The company's proposal also includes:
- changes in charges for moving or connecting telephones
 - modifying the existing optional residential and business measured service plans
 - reducing the call allowance to Directory Assistance and increasing the charge for calls over the allowance.

- No increases were requested for:
- coin telephone calls
 - in-state long distance calls
 - WATS service
- Southwestern Bell proposes across-the-board increases in access line charges for flat rate services in all 10 Texas rate

groups. As approved by the PUC in the company's 1979 rate request, basic local exchange rates new specify only the charge for an exchange access line for connection to the telephone network. Every customer pays an access line charge.

A telephone instrument is not now included in the rate quoted to a customer. The customer has the option of using a Southwestern Bell instrument, or providing his or her own instrument. If the customer chooses a Bell-provided instrument, the appropriate monthly equipment charge would be added to the monthly access charge.

- The proposed flat rate access line increases include:
- One Party Residence: \$1.25 per month
 - Two Party Residence: 80 cents per month
 - One Party Business: \$3.75 per month.

The proposed monthly access line increases for measured service include:

- Residence, a range from 65 cents per month

in the smallest city where it is now offered to 95 cents in the largest city.

—Business, either \$2.40 or \$2.45 per month, depending on the location.

Proposed increases in telephone instruments include:

- Standard Rotary Dial Set: 50 cents per month
- Standard TouchTone Set: 60 cents per month
- Rotary Dial Princess: 40 cents per month

TouchTone Princess: 75 cents per month

—Rotary and TouchTone Trilines: No change

In addition, TouchTone line charges would increase 20 cents per month for residence service and 25 cents per month for business service.

For a flat rate one party residential customer using a Bell standard rotary dial set, the increase would total \$1.75 per month...\$1.25 for the access line and 50 cents for the instrument. A one party, flat rate residential customer using a standard Touch-Tone set would have an increase of

\$2.05 per month...\$1.25 for the access line, 60 cents for the TouchTone instrument, and 20 cents for the TouchTone line.

In the proposal to modify the optional measured service offerings, Southwestern Bell would change the monthly allowance from number of calls to dollar amount.

Currently, depending on location, residential and business measured service customers pay a specific monthly rate. For that rate, measured residential customers receive 25 monthly calls, while measured business customers receive 100 monthly calls. Any calls over the allowance are charged for at 8 cents per call.

Under the proposal, measured service customers would continue each month to pay a specific rate, depending on location. However, instead of the 25 or 100 calls, residential customers would receive \$1.85 monthly usage allowance while business measured customers would receive \$3.80 monthly usage allowance.

EDITORIAL

is asking for a raise. If the telephone gets what they are asking for it is going to hit us in every area of phone use except long

Lockney and Floydada are in rate group one. Proposed increase would make a residence phone, on line, cost go from \$4.90 a month to \$6.15. The line rate would go from \$12.20 per month to \$14.00.

The two-party residence rate would go from \$4.00 a month to \$5.00. A standard rotary dial phone would go from \$2.10 to \$2.50 per month.

Monthly assistance calls would go from 20 cents per call to 25 cents. Also, the number of calls allowed per month would be reduced from 10 to 5.

The biggest rate increases will be on long distance charges. The service ordering charge on a long distance call will go from \$11.75 up to \$21.35. A \$10 increase also applies to business

or not Southwestern Bell will get the rate they are asking for remains to be seen. In the past, they have not been approved for the total amount they need they will not have to request so often. The rate would remain to be seen.

It is from me to make any intelligent comment on the figures to back up the necessity for an increase. But then it's a well known fact that you can't get figures show almost anything you want it

ever it goes, one thing is for sure, we will be paying more for phone service next year.

LETTERS TO THE EDITOR

Dear Editor:

My daughter, Jeanne Brannan, subscribed for the Hesperian while living in Virginia. So she read and recorded the hometown news on cassette tape for me.

My sight had deteriorated from Macular Degeneration and I could not read.

I heard on television of a German optometrist who had discovered aids

whereby low-vision people can read.

At the optometry clinic of the University of Houston, I obtained aids whereby I can now read the paper. So please continue to send it to me.

I appreciate the new improvement in articles and local news about people. I have also enjoyed letters to the Editor.

Mrs. W.S. Simmons

Burglaries

Continued From Page 1

dark it seems like they would have had to have been on that roof before."

They took "all the money in the till," two cameras, and flash power units, camera bag, and accessory equipment, calculator, and a clock radio.

"They took what was handy to get a hold of and then took off," Parker said. They left through the back door.

The desks had been searched but there was no vandalism, not even any broken glass.

The burglar light alarm was tripped at Daniel's Automotive next door to Parker Studio, but there was no break-in.

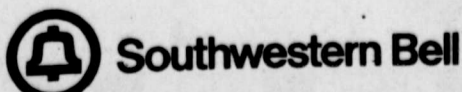

The Floydada Livestock Co. was also broken into Monday night. Vandalism was apparent as the desk had been torn up, a fire extinguisher was discharged in the cafe. An office window was broken out to gain entry. Most of the damage was done to the cafe. Items stolen were cash, candy and cigarettes.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective August 12, 1980, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish an 11.65 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

Floyd Philosopher Comes Up With A Suggestion

Philosopher on his grass farm is some more anxious this week on bugs.

up on a beach, gobs of oil or gobs of bugs?

Let's bug off and change the subject. The Republican party is arguing for a 20-billion-dollar tax cut right now, the Democrats are suggesting maybe a 25-billion-dollar cut sometime next year.

This is the best argument I know of for a two-party system. What could be nicer than a 20-billion-dollar cut now and a 25-billion cut next year? If a third party develops it'd have to wait its turn but surely could be allotted a 15 billion-dollar tax cut sometime next spring.

The trouble with most tax cuts however is they almost invariably come in a party's platform, not on Form 1040.

To sum it up, I guess it's important that a scientist has invented and patented a bug that eats oil but now that he's done it you reckon we could get him to turn his endeavors toward inventing a bug that'll knock out all those bugs that are eating taxes in Washington? They're worse than an oil slick.

Yours faithfully,
J.A.
