Langley will begin work in the county Wednesday, July 16. He will assist County Extension Agent Jett V. Major in conducting educational programs in agriculture and in directing 4-H youth activities, Dr. Crawford said.

He is the son of Mr. and Mrs. Ralph Langley of Kerrville, where he was graduated from Tivy High School. Langley has completed work on his Bachelor of Science degree, which will be awarded him in August by Sam Houston State University at Huntsville.

Commissioners Approve Child Welfare Board By 3-2 Vote

A full morning of testimony, with legal council representation debating the closing of a street in South Plains, turned the regular Commissioners Court into an endurance test that ran until 4:30 Monday afternoon.

Last item on the agenda was the discussion of forming a Child Welfare Board in Floyd County. Motion was made by Aaron Carthel that the county agree to adopt a Child Welfare Board and that the county put \$300.00 into this coming budget with the understanding that the court can cancel the contract within 30 days notice. Grigsby Milton seconded the motion. Vote count showed Carthel and Milton voting for and Bob Jarrett and Jack Lackey voting against. County Judge Choise Smith broke the tie with a vote for.

Smith said, "My personal thought is that it will be insurance to the county. If he (an abused child) doesn't qualify for other programs it is my understanding that with the board, they (Human Resources) will take care of the medical bills." Carthel said, "I'd be willing to try it awhile, personally, and see if it works...if now we can get out from under it."

Jarrett expressed his usual suspicion of government programs. "In my experience they always come back and want more," he said. Lackey stood on his previously voiced opinion that the adult who abuses the child should be jailed and thus there would be no problem.

Milton said that, "I think we ought to try it to see what happens." The court agreed that at the next session the contract should be considered and all points clearly defined before signing.

The morning session involved I.H. Parks petition to close Brown Street on the west side of Highway 207 in South Plains. Contesting the closing was Marble Brothers. Testimony revealed that Marble Brothers have recently been using the 300 ft. long street to move their large farming equipment to their shop and lot located behind the Parks property.

Parks objected since they own lots on either side of the street, which they said had never been used as a street, and that they had in fact placed a metal building in the street right-of-way. Keith Marble stated that their operation had been using another street to bring in heavy equipment, but that an employees mobile home had been set up in the right of way of that other street and the heavy equipment posed a danger to the children living in the mobile home.

South Plains was dedicated in 1927 and streets designated at that time. Since then Marble Brothers have planted cotton over many of the streets. Fred Marble had a street closed adjacent to his home in South Plains. On one other occasion a street was declared closed. This is the first time that a street closing has been contested.

Marble Brothers lease the land adjacent to the Parks property from C.W. Bond. Bond testified in support of the contest and objected to closing the street leading from the highway to his property.

Another street can be used by the farming company, but it would mean pulling heavy equipment onto the highway for about a block to get back to the shop and maintenance area.

Decision seemed to hinge on whether or not Brown had actually been used as a street in the 53 years since it was dedicated. Contesting attorney, Tom Hamilton, stated that if it had, the closing would require due process and notification before it could be so ordered.

Petition Attorney, Ben Ayres, conceded that the street had been used as a parking area for stores since closed, but that "there had never been a traffic jam in South Plains to my knowledge," and the street had not been used for through traffic.

Motion was made by Grigsby Milton that Brown Street be closed on the west side of Highway 207 (Main Street) South Plains. And that the following order be filed as record. Lackey seconded the motion. The vote was unanimous in favor of the motion.

Mental Health Mental Retardation program with its center in Plainview fared well in their bid for funds from the court. Previous use of the center by county residents, the need for such a program as MHMR, and the good working relationship between the county and the center were the determining factors in the support given by the court.

Judge Smith stated that he sends an average of one patient per month to the center and last month there were two. "I've really appreciated having a place that I could send them," Smith said, "To doctors who know how to deal with them and have medication for them."

Retired Hale County Judge Abernathy, in speaking on behalf of the MHMR said, "This is not a fancy program...but its your friends and neighbors that need help."

Jarrett said, "Don't know that I have ever before voted for a government program for Floyd County." He then made the motion that \$3,200 be paid to MHMR for 1980. And that the court considered \$3,616 for the year 1981. This figure is based on population of the county and is Floyd County's portion for being a part of MHMR Center at Plainview.

The court had cut their usual \$3200 to only \$1500 for the 1980 year. The motion upped that figure for this year. Milton seconded the motion. The vote carried unanimously.

Other court business included allowing Motorola Radio to hang an antenna at the 300 ft. level on the county owned tower.

Over Coffee

By Shelly Harris Having been in West Texas four months now, I guess it's time to start a column. I really haven't felt knowledgeable enough about what's going on to make much of a comment. But since I can now properly pronounce Quitaque, know that those stock tanks I see everywhere are actually Playa lakes, and understand what "going off the cap" means, I feel ready to give my opinion on life in Floyd County.

First of all I must comment on the weather. I was terribly misled. Everyone warned me about the weather. Not so. I can vouch that it's beautiful. Clear crisp mornings, bright sunny days, and soft breezes at night. I know it's hot and dry, but we were in South Texas over the Fourth and it was hotter and dryer.

There was a little wind and dust in March; in April a soft gentle snow that stayed on the ground long enough for my 13-year-old to build his first snowman. The spring rains came as if someone had filled out an order form for them. Lightning and thunder danced across the sky enough to break the monotony. Even a small funnel peeked out of the clouds long enough for us to get a picture.

I admit it's getting time for us all to gather on the courthouse lawn and do a rain dance, but actually the weather here has been beautiful.

How about this weekend! Something for everyone is going on in Floydada. The museum is being all spruced up for the open house. Olin Watson is measuring the shady spots around the square for the arts and crafts booths to set up. The Brahma Bulls are lounging around the corals at the rodeo grounds gathering energy to give the cowboys a hard time. The carnival people are

FARM & RANCH NEWS

COTTON SUFFERING from heat begins blooming on top.

Floyd County Farm Report

BY NANCY CARTEL

Well, it's still dry. For the last two weeks, I've heard, "If we don't get a rain this week, the crop is lost." It is getting serious. Some of the dryland cotton is in very bad shape. The irrigated cotton is faring some better and some of it looks pretty good. The underground moisture is still there but we need some rain to make the crop.

Milo and corn damage is growing each day. The farmers are watering as fast as possible but even when wet, damage is being done.

But on the positive side, we are not having to face dust storms and we are not shoveling snow. The other, and most important positive thing to come out of the drought, is that the commodity prices are high. As long as the dry spell holds, the prices should stay up. The drought has also affected the midwest corn belt so most grain areas are hurting.

Commodity prices as of Wednesday afternoon are:
 Corn/cwt...5.90
 Soybeans/bu...6.65-6.73
 Wheat/bu...3.66-3.67
 Milo/cwt...5.20-5.25

Cotton prices on the Lubbock spot market are: 3.0-3.2 mikes 2025-2225 points over the 1980 loan. 2.7-2.9 mikes 2075-2275 points over, 2.6 and below 1950-2150 points over.

On the local onion market, yellows are selling for \$3.00-5.00 depending on size. The whites are selling for \$3.50-\$7.00, again depending on size.

Because of the large sale at Floydada Livestock Sales on Wednesday, a complete cattle market report was not available at press time. They sold 1275 head and reported a large number of buyers present.

The trend of the market was basically steady. Steers and heifers were off about \$1.00 from last week and pairs were down about \$50. The bull market was good and they sold some good stocker cattle.

We will publish a complete market report in next week's paper.

USDA Issues

Production

The Department of Agriculture has issued its annual crop production report. One's surprise the report shows a substantial increase in production.

Following are the production figures with 1979 first-crop prices: wheat, \$2.82/bu. and \$5.00/bu.; corn, \$3.05/bu. and \$3.05/bu.; soybeans, \$6.97/bu.; cotton, \$1.95 lb.; sorghum, \$3.76/bu.

If pending legislation is approved, the minimum loan prices would be \$4.07 on wheat, \$2.82 on soybeans, \$3.88 on corn, and \$2.56 on sorghum.

Secretary of Agriculture Bergland told the House Agriculture Committee he sees legislation and that he is studying the financing of the proposal and how it fits into the federal budget.

BINDWEEDS are doing well in the county despite the heat and are a growing problem along the roadsides and barrow ditches.

EXTENSION CLINIC
The Floyd County Extension office will sponsor a plant clinic Monday, July 21 from 2-5:30 in the County Extension office.

The clinic will feature an entomologist who will advise on insect protection, a plant pathologist giving information on diseases, and a soil chemist. Interested persons are encouraged to bring in their diseased or healthy plants, vegetables, or ornamentals for inspection and advice. There is no charge for the clinic.

LIBRARY FRIENDS

Friends of the Library meeting for July 22 will be held at 5 p.m. in the meeting room at Light-house Electric.

The program will be a book review given by Kay Powell. The book to be reviewed is **Winners Circle** written by Paul Conn. It tells the story of a man's close-up look at the success stories of many people who are building faith in the American dream.

Members and guests are invited to attend.

WHIRLERS

The Whirlers, Floydada's square dance club, will have their regular monthly dance tomorrow night (Friday) rather than the customary third Saturday night.

The dance will begin at 8 p.m. at the MAC. James Pettis will be the guest caller.

There will be no admission charge and the public is cordially invited.

SINGLE ADULTS

The single adults will have an outing Saturday night, July 19.

Floydada singles will meet at the First Baptist Church parking lot at 6:30. Lockney singles will meet at the roadside park west of Lockney.

The group will journey to Plainview and eat at Furr's Cafeteria. After supper, they will play miniature golf.

Hostesses are Georgia Finley and Willie McCormick.

In a sports-minded world, tennis takes first place with the Roy George Eudy family of Baton Rouge, Louisiana. And when John Eudy, father to Roy and former Floydadan, goes to see the family of four, tennis will most likely be the number one topic of conversation.

Roy's wife, Terry, recently won the women's 35 singles championship against Judy Powell, top-ranked Louisiana player, at the Bocage Senior Invitational Tournament after reigning as open club champion the last three years.

In April, Mrs. Eudy defeated Susan Starrett, ranked number one in the nation, in the feed-in consolation of the USTA Women's National Clay-courts Championships in Houston.

Roy, Jr. was number one seed in the boys' 12-year-old division of the Louisiana Qualifying tournament at Riverside last year, took the singles championship, and made it to the semifinals in doubles.

Teaming with husband, Roy, Mrs. Eudy also has won the mixed doubles title at Baton Rouge Country Club. Terry and daughter, April, have won the mother-daughter Bocage title.

Mrs. Eudy, who runs to stay in shape for tennis, has been a Gulf State champ and has entered tournaments in Hawaii, Memphis, Tennessee, and Alexandria, Virginia. In one out-of-state tennis meet of three days, she won 37 games and lost only one.

"Gymnastics is the best basis for any sport," Mrs. Eudy contends. She competed at the World Olympics in gymnastics in New York and also appeared on the Ed Sullivan TV show in her younger days. When she is not on the tennis court, she operates a gymnastics studio in Baton Rouge.

Terry's winnings have not as yet given her a Southern or national ranking, but the future looks promising along that line. Then, too, as a mother, she is passing her winning ways to the two Eudy children.

On his next visit to see Roy, a grandson of the late Mr. and Mrs. George Eudy of Floydada, John might be able to get in a few words about antiques and his antique store in Amarillo. John is retired and lives at 1309 Beverly in Amarillo, and his son is affiliated with Lincoln Insurance as vice president.

But he'll probably have to go to a tennis court to get any talking done.

Reception To Honor Student

A.F.S. student Lynley Hudson from Christchurch, New Zealand arrived in Floydada Wednesday for the 1980-81 school year.

There will be a reception for her Friday, July 18 from 7:30-9 p.m. at the Charles Tyer home, 904 South 4th where Lynley will be staying this year.

The Floydada High School student council and the Tyers want to especially invite all high school students and anyone else interested in meeting Lynley to come by and help welcome her to Floydada and Texas.

Cheerleaders Bring Home Top Honors

Penny Kirtley, daughter of Mr. and Mrs. Gordon Kirtley, was named the NCA All-American Cheerleader at the NCA Cheerleading Camp held in Big Spring. Only one girl from each camp is selected for this honor.

Penny was chosen for her excellence in cheerleading technique, jumping skills, general coordination, personality, and leadership displayed at the clinic.

The Varsity Cheerleading squad also came away with some top honors at the NCA clinic.

FLOYD DATA

Mabel Smith's guests over the weekend of July 4 were her son and his wife, Bruce Foster of Houston and her granddaughter, Cathy Brewer and sons Chad and Ashley of Sugarland.

They were awarded four blue ribbons for superior performance (the highest ribbon awarded), and one red ribbon for excellence.

The group won the spirit stick each night and got to bring home the spirit stick.

They also were voted winners of the Spirit award by the other squads at the clinic. This is the second highest award and qualified them to bring the spirit megaphone home.

Floydada was one of the five squads nominated for the awards of excellence.

FLOYD DATA

Mr. and Mrs. A.G. Hopkins of Lubbock and Mr. and Mrs. John Spatt of Plainview and children spent Sunday with Mrs. Alene Henry.

Bunch Appointed 1980

"Breath Of Life" Chairman

The Lone Star Chapter of the Cystic Fibrosis Foundation announces the appointment of Mrs. Ruby Bunch, as Chairman of its 1980 Breath of Life Campaign in Floydada.

Mrs. Bunch will be recruiting volunteers within the community to help plan and carry out a CF Breath of Life Campaign this fall.

The purpose of this Campaign is to provide the community with information about Cystic Fibrosis and to raise funds to support research, education and care programs for CF patients.

The number one genetic killer of children, Cystic Fibrosis is inherited and incurable. An estimated one in 20 Americans is a symptomless carrier of the recessive CF gene. One in every 1500 babies born in this country is a victim of CF. Currently, half of all

children born with CF will die before they leave their teens.

To volunteer for the Breath of Life Campaign, please contact Mrs. Bunch.

Kathy Green-Rodney Couch Unite In Double-Ring Ceremony

Kathy Green and Rodney Couch were united in a double-ring ceremony at 7:30 p.m. July 12 in the First United Methodist Church, Floydada.

Jim Smith, minister, officiated with James T. Couch, father of the groom and minister of the Ralls Church of Christ, assisting.

The bride is the daughter of Mr. and Mrs. Tommy Pearson and the groom is the son of Mr. and Mrs. James T. Couch.

Guests were registered by Kim Brumley of Canyon. Yellow roses accented the bride's book and plume pen.

Ushers were Bobby Green, brother of the bride, Zane Jones, and Marty Daniel, all of Floydada; and Ricky Grant and Monte Bevel of Ralls. They were dressed in light blue coats with dark blue pants and vests.

The wedding background was composed of a brass pyramid candelabra decorated in yellow gladioli, yellow billian daisies, and fronds of emerald foliage flounced by tall palms of foliage high in the choir loft. The sanctuary floor featured brass hurricane-type candelabra decorated in yellow daisies, and floor palms of emerald foliage decorated the altar. A few candelabra and brass hurricane candelabra on the aisles completed the wedding scene.

On her way down the aisle, the bride presented her mother with a long stemmed yellow rose, and upon leaving the ceremony, she gave an identical rose to the groom's mother.

Given in marriage by her father, the bride chose a floor length gown of organza over peau de soie and chantilly lace. The dress featured a molded bodice, Queen Anne neckline and graduated empire waist, all accented with lace.

Long fitted sleeves were scattered with appliques of chantilly lace.

The flared A-line skirt ended in a double flounce highlighted by three rows of lace cascading to full chapel train.

A double tier of bridal illusion fell from a lace-covered juliet headpiece to fingertip length and was outlined in matching lace.

Both the gown and veil were sprinkled with seed pearls and iridescents.

The bride carried a cascade bouquet in white silk camellia and silk baby's breath showered in white satin streamers.

Maid of honor was Lisa West. Serving as bridesmaids were Jayma Lewallen, cousin of the groom, and Cindy Carthel of Fort Worth. The attendants wore yellow chiffon floor-length dresses with white daisy insets. The gowns featured spaghetti straps and ruffles off the shoulder with lace trim. The dresses tied at the waist with lace and white ribbon trim. Adorning the hem of the skirts were ruffles with lace trim.

Attendants carried old fashioned colonial bouquets in mixed daisies and baby's breath. The groom was dressed in a formal white tuxedo with tails.

Best man was Bubba Lewallen of Lubbock, cousin of the groom. He wore a light blue tuxedo with dark blue trim. The groomsmen, David Heinrich of Ralls and David Meyers of Midland, wore light blue tuxedos.

Candlelighters were D'Lene Pearson, sister of the bride, and Randy Wideman, nephew of the groom.

Wedding music was provided by organist Penny Bertrand and pianist Kay Crabtree. Vocalist for the ceremony was Hope Crabtree. Songs featured were "If," "Three Times a Lady," "It's Time To Say I Love You," "The Lord's Prayer," "Evergreen," and "The Wedding Song."

For the traditional something old, the bride wore a 75 year-old ring belonging to her great-grandmother, the late Mary Jane Owens. Something new was her wedding attire. A handkerchief belonging to the groom's grandmother, Mrs. Ollie DeFreese, served as something borrowed. Something blue was the traditional wedding garter made by her great aunt, Mrs. Ethel Cross.

The bride wore pennies in her shoe bearing the birth dates of the couple. During the ceremony, the parents of the bride and groom participated in the lighting of the unity candle with their children.

RECEPTION

Following the ceremony a reception was hosted by the bride's parents in the fellowship hall of the church. Serving at the bride's table were Mrs. Lanny Glasscock of Floydada, and Mrs. David Heinrich of Ralls.

The table featured a yellow lining cloth with edging of yellow lace. A three-tiered wedding cake decorated with yellow and blue daisies served as the centerpiece. Candles and the bridesmaids' bouquets accented the table.

Blue lining cloth with edging of blue lace decorated the groom's table, which served a chocolate cake with whipped cream filling baked in a horse-shoe design. The cake was topped with fresh fruit. Accenting the table was the bride's bouquet. Pre-

siding were Mrs. Donnie Buck, sister of the groom from Lubbock; Debbie Thomas, sister of the bride; Mrs. Mark Wideman, sister of the groom; and Mrs. Joel Hendrix, all of Floydada.

Mother's Day Out Adjourns

The Mothers Day Out community service program for pre-school children sponsored by the First United Methodist Church in Floydada will not meet from July 16, through September 1.

The program which offers child care for children ages four months through five years of age has been in continuous operation for several years. The program is open to all children, regardless of race, color, or church affiliation. The purpose is to provide quality child care one day each week for a nominal fee.

During the first half of 1980, the Mothers Day Out program has declined in the number of children participating to the point

that it may not be feasible to continue its operation.

Parents interested in the continuation of the program are invited to express their interest to our Mothers Day Out coordinator, Mrs. Stan McClendon, 983-5470, or through the First United Methodist Church office, 983-3706.

The Church Council will be meeting in late August to review and discuss the future of the program. According to the pastor, Rev. Jim Smith, the church is willing to continue to provide the building, utilities and financial assistance to the Mothers Day Out program if there is sufficient need and interest across the community.

we left Floydada for Fort Worth, the Armstrong at the edge of There was a on a horse that the unwanted they were picked farmers and local were allowed to cut most desirable the beef but were to take a of. It was so dry the 300 mile trip not see a green the road.

morning of July purchased our a young man a small office in Hotel by the R.C. Smith. I dered many this is the same who is now of American

toilets that was open at the bottom and when you let go all your dinner it went out in the great blue yonder with a little suction added.

When we left Oklahoma City, I got rid of my breakfast. Our next stop was at Tulsa and I was feeling better but when we left Tulsa up came my supper of the night before. The co-pilot was very helpful in getting me to feel better but by now I just wanted to die.

When we left Tulsa for Springfield, Missouri, I looked to my right and saw a single-engine six passenger Stinson De- troiter passing to our right. I asked the Captain who it was and he said it was Tom Braniff, a pilot who has started a passen- ger line from Love Field Dallas. He had left Dallas two hours before we had left Fort Worth and he arrived in Chicago an hour before we did.

I believe today Braniff is about the largest carrier of passengers and at an early age, Tom, who was president of Braniff and the president of Capitol Airways, was killed near Lake Charles, Louisiana, while on a duck hunt in a Capital Airline plane.

We landed in Spring- field, Missouri to get gasoline and some rest from the heat. The tin goose Ford Tri-Motor had no ventilation except a small opening to turn as you wished to get air but it got very hot. The pilot said the inside temper- ature was 152 degrees. You started the motors by winding up a flywheel on the ground. When the three motors were start- ed, we were to jump in and head for cool air which we hit at 12,000 feet. It was very cool until we started to land in St. Louis where it was 112 degrees but getting close to sundown.

By the time we left St. Louis, it was dark and the air was smooth. We landed in Chicago at 11 p.m. making the trip from Fort Worth to Chicago in el- even hours.

I had made reservations two weeks before at the Stevens Hotel and was told the rate would be \$21 a day. When we arrived, we were shown a small inside room that hadn't been opened all summer. We went down to the assistant manager and asked for a fan or a cooler room. He told us there was none. My brother, Nuck, who was a machin- ist by trade was a power- ful man. He reached over the desk and picked up the man and told him to either give us a cooler room or refund our money.

The man told Nuck if he would let him loose and give him another dollar he would give us a very cool room. We got a room on the top floor over looking Lake Michigan and we spent several cool nights

there. I guess that this manager remembered that John Dillinger had been killed the night before. While we were in Chicago, we went by the theater where he had been killed.

At that time, I was all for International Harvest- er and we went there first. We registered and went outside where there were hundreds of people on a fence watching a little W-4 tractor perform with nothing but a two-foot aerial on the seat and a robot sitting in a chair on a little front porch drink- ing mint julep.

He said, "Well, there are the Martin Brothers from Floydada, Texas." He told this radio con- trolled tractor to start up and go over and show us how it worked. This tractor came over to us and it had no power steering but you could see the front wheels move.

Then the robot said, "Back up and hitch to a tandem and plow the south 40 acres," which it did. I have often won- dered if International Harvester had this 46 years ago what would they have today if all engineer- ing was turned loose to the farmer.

We spent three happy days in Chicago going through the Field's Mu- seum, the Ripley "Believe It Or Not," seeing things that just couldn't happen but all was in front of us. We saw the movie **Flying Down to Rio** starring Paul Redford trying to make the non-stop flight but was never heard of.

When we left Chicago, it had rained and the pilot climbed above the clouds where we had good flying. When we arrived in Tulsa for supper, there was a call for me from the Fort Worth Star Telegram and they wanted to have a reporter at the airport to tell our story of our trip because we were the first three from one family who had made such a trip on American Airlines. I told Mr. Smith it would be after 12:00 a.m. when we arrived in Fort Worth and we were tired, hungry and broke.

After leaving Tulsa, the only guiding lights the pilot had were the stars and a lighting beacon about every 20 miles to guide us to Dallas and on to Fort Worth as there was no radio to go by.

Since 1934, I have rid- den American on many trips. The only place my wife and I go now is to South Africa where our son and his family live. American Airlines does not go that route. We went to South Africa in 1973, 1976 and 1978 and we hope someday that we will be able to make the trip again.

Mark H. Martin.

Letter to Editor

There is one group of men in Lockney that I feel have not received the recognition they deserve. This is our local volunteer firemen. They are on call 24 hours a day.

They risk their safety, give up their spare time, and have to leave their jobs and businesses to help give our community a safe and efficient fire department. They also make all the ambulance runs and watch the clouds during bad weather.

We recently had a fire in our backyard. The fire department was on the scene in a matter of only a few minutes. This hap- pened on a Sunday after- noon. The men had been at home spending the afternoon with their fam- ilies. When the whistle went off, they came in force and put the fire out. They left covered with soot, grime, and water, and we had a renewed appreciation for these men and for their fam- ilies. It is comforting to know that they are here to help out in all situations.

In a time when we hear of so much apathy in the country, it is refreshing and encouraging to have this kind of people in our town.

I take this method to sincerely thank our fire department for the job they do and I know that I can speak for the entire area when I say we do appreciate you.

Agri-Facts
By Jerry Perry

How can half a pound equal less than three ounces? Sounds like new math, but it really just points up the difference in interpretation of statistics. Here's how it works. Those persons who claim Americans eat too much red meat quote figures from the USDA that say we each consumed 181.3 pounds of meat last year. That figures roughly the equivalent of one-half pound per day per person. Now what's left out is that the statistic refers to carcass weight basis. Carcass weight includes a whole lot of fat and bone that are never eaten. According to researchers at the Meat Board, the amount of cooked meat, actually consumed was really only 2.77 ounces per person per day. That missing five ounces makes a lot of difference when talking about nutritional differences since one is below recommended levels and the other slightly above.

Award-Winning Flim To Be Sh

NO LONGER ALONE, the British stage, her life was marked by a frantic grasp for personal fulfillment and love. Tormented by a past she was unable to forget, she succumbed to a series of nervous breakdowns; and, at one point, attempted to take her own life.

The film, a true story, takes a close look at a woman who was searching desperately for love and acceptance, but whose cries went unheard by those who surrounded her.

Originally released by World Wide Pictures in commercial theatres, the film is now one hour in length in preparation for its eventual presentation as a television special.

NO LONGER ALONE traces the life of an English actress, Joan Winmill Brown. Though she skyrocketed to fame on

some of the footage of his 1954 London Crusade, and also in the introduction and conclusion to the film, photographed recently for this special version.

According to William F. Brown, President of World Wide Pictures, **NO LONGER ALONE** was presented with the "Award of Excellence" from the Film Advisory Board of Hollywood, as well as the "Angel" award from Religion in Media in America, as the outstanding religion film

INSUR-MATION

Floyd County Insurance Agency Jerry Cooper

During the last six months we have had a few burglaries in our area. Items stolen were usually silver flatware. I got out my Homeowner's policy which stated a \$500 limit in coverage for unscheduled property. I feel I need better coverage for our silver. Is this easily done? Yes. A Personal-articles floater can be written as an extension to your Homeowner's policy. If you didn't have the Homeowner's policy a separate policy could also be written with the same coverage. Most insurance experts recommend floater coverage if you own any item which would cost more than \$500 to replace. That's current replacement value, not what it originally cost. A personal-articles floater can list any and all individual items of value including silver, jewelry, furs, paintings, etc., and covers all risks including theft anywhere in the world.

THESE FOUR "tin-type" beauties had their photo snapped while visiting in Denver this past May.

From left to right are: Evelyn Pierce, Floydada; Helen Brooks, Denver; Edna Patton, Floydada;

Charlotte Green, Fort Worth. As this is a professionally taken photograph, it is ineligible for

the HESPERIAN photo contest, but the staff felt it worthy of publication.

Days Of Yesteryear Still Linger On

"The photographer said to look snobbish and very serious," Edna Patton explained about the photograph that looks like a typical 1800's print, but was taken May 26, 1980. Edna, Evelyn Pierce and her daughter, Charlotte Green, Ft. Worth, were visiting an aunt, Helen Brooks, in Denver, Colorado. One evening the four ladies went to the Casa Benita Mexican Restaurant on Colfax.

The restaurant offers far more than fine Mexican dining. The novelty photographic studio is set up to make a modern print look like an old tintype. The dresses were copies of period costumes and were split down the back so they would be easy for the ladies to slip on. The hats might have been authentic, Edna thought. The set, expression on the ladies faces and camera process did the rest to

make the photograph look like something out of an old family album. There was entertainment going on at the restaurant all evening. Wandering musicians played Spanish music. Shops opened off the restaurant, selling Mexican gifts and curios. A huge waterfall emptied into a pool and divers dove off into the pool. The waiters wore Mexican costumes. "When we

went in a waiter took our order and didn't even write it down. Then we went and sat down and they brought the dinner to us." The Texas group spent four days in Colorado. They went up through Gunnison, Colorado Springs, spent two nights in Denver and another in Pagosa Springs. "Things not understood are admired." Thomas Fuller
