

Burglaries Cleared Arrests Made

Floydada Police Chief Scott Newton said that there was no connection between these burglaries and the rash of burglaries cleared up with the arrest of Jimmy Lara and several juveniles two weeks ago.

IN 1927 BAKER STREET was designated in South Plains. In July the County Commissioners ordered the street closed. A suit against the commissioners has resulted.

Commissioners To File Answer To Suit

Mr. and Mrs. L.H. Parks and their attorney met with the County Commissioners at regular court session Monday morning. Petition filed in District Court by C.W. Bond and the Marble Brothers against Mr. and Mrs. Parks and the Commissioners was discussed.

Suit results from a Commissioners Court decision to close a portion of Brown Street in South Plains at the July 14 court.

said that their position is that the court did have the authority to close the street.

Court discussed the coming budget and set tentative hearing for September. It is doubtful, however, that the tax assessment figures will be ready in time for the court to set it's rate and have a budget figure they can work with by that date.

Mr. Paul Shawyer, Child Placement Director Child Welfare Services of the Texas Department of Human Resources met with the Court to give information required for a contract between the

County and State Department of Human Resources for participation in a Service Program for Families and Children. A contract will be signed by the Commissioners Court when it is sent from the State at a later date.

Deputation of Donald Pennington as a Deputy Sheriff for the county was approved.

Commissioner to be, Sam Spence, attended the court session.

After court was adjourned, Judge Smith, Lackey and Spence left to attend the meeting in Childress on the West Texas Legal Aide program.

Johnstons See Mountain Erupt

Mount St. Helens erupted for the fifth time in four months on August 7, spewing a cloud of ash and steam that shot up nearly 44,000 feet before spreading out and heading east.

pened to be flying by at the time.

The Johnstons had boarded a Boeing 727 in Dallas and were en route to Seattle, Washington. The plane had been diverted by way of Portland, Oregon because the mountain had erupted at 4:28 p.m. and then tapered off. But airline officials were being cautious.

At 7:22 p.m. the mountain erupted again. This time in full view of the planes passengers.

"It really blew it's top," Emily said, "It looked like you would think hell would look."

The pilot flew three-fourths of the way around the mountain in order to give the passengers a more complete view of the scene.

"The destruction around it was hard to believe," Ralph said. "It was utter desolation. All the trees were gone, and the rivers and lakes were gone."

Merchant Appreciation Week

The business firms of Floydada/Lockney appreciate the loyalty and patronage that you have shown over the years. They praise you, the customer for helping them make this the best shopping district in this area.

Read this week's special section of values and services available here. Don't fail to visit all of them for a pleasurable experience.

Floydada and Lockney has everything to offer to fulfill your every need. There are more different business firms in Floyd County than there are in the average shopping center.

Read about them in the Hesperian/Beacon every week.

Every firm is interested in you, personally.

The petition was filed in District Court on July 23. Defendants named in the suit were L.H. Parks and wife, Maurine Parks and Choise Smith, Aaron Carthel, Bob Jarrett, Grigsby Milton Jr., and James C. (Jack) Lackey in their capacity as members of the Commissioners' Court of Floyd County.

Kenneth Bain, county attorney, was asked to file an answer to the petition on behalf of the Commissioners Court. Commissioners answer will be filed separately.

Annual Festivities Begin Saturday

The annual Old Fashioned Saturday Night on August 16, should be one of the biggest and best ever held in downtown Lockney.

At five o'clock Saturday afternoon, Main Street will be blocked off. The northern end of the street will be roped off from Southwestern Public Service across to Miller's Insurance, Locust Street, because it is a highway, will remain open. The south end of Main Street will be blocked off from Allsup's to Thomason's Grocery.

Chamber of Commerce members Sam Fortenberry and Gail Kring will be handling the games for the children. They will begin at 6:30. Some of the games planned are water balloon fights, boot races and three-legged races.

At 8 p.m., a drawing will be held. Most Lockney businesses will have gifts or services to be given away at the drawing (check the ads for a partial list of the prizes.) Only one prize per family will be given and you must be present to win.

The watermelon feast will be at 8:30. The Chamber of Commerce will furnish the melons and ice and members of the Rotary Club will serve.

Urgent Appeal To Those Who Have Not Been Census Counted

By Shelly Harris

"I likened taking the census to trying to count kids in a swimming pool," Gail Jackson, Floyd County census director, said. "Then someone said it was like trying to count sheep in a pen, and I liked that description even better. People keep moving around and it's hard to keep up with them."

Anyone who knows the bouncy energetic Gail will agree with me that anything she heads up will be run in the most competent manner possible.

"We've counted everyone that wanted to be counted, and even some of those who didn't," she commented laughing. But there is always the human element involved.

There were people who received the long form and either didn't know how to, or didn't want to fill out the entire sheet. There were those with a large family that just got tired of listing all members.

Each of the mail out questionnaires were coded to an address. If the house was vacant the post office gave that form to someone else. "So we might end up with a Mr. Jones coded into a house he's never lived in," Gail said.

There were those who picked up the form at the post office and dropped it in the basket on their out of the building.

Phase I and Phase II of the census schedule has been completed. Phase III, the spot check is being conducted.

It is now up to the individuals who were not counted, who did not fill out a form, to come forward.

ward. We are running the questionnaire on the front page at the request of County Judge Choise Smith. Both the Lockney and Floydada city mayors have requested that we run the form.

At this point we are pleading with those who have not filled out a census questionnaire to use this form. It can be

turned in to the county courthouse, or to the City Hall in either Floydada or Lockney.

Gail has asked that those on the rural routes be very specific where their house is located. Just a route address is not enough. Give exact directions on how to get to the house.

Government funds and programs that benefit all

of the Floyd County residents are directly related to population. Revenue sharing depends heavily on population.

Any business or industry interested in locating in Floyd County will take population figures into consideration.

The entire county will be penalized for every person who remains uncounted.

### COTTON

Bollworm egg laying activity has increased sharply in Crosby and Floyd Counties over the past several days. The highest activity has been noted in portions of western Floyd County. Up to 90 white eggs per 100 plants were being detected Monday in that area. Of those fields monitored, average egg counts per 100 plants was 35. A slower, but definite, increase is being noted in scouted fields in Crosby County. Private consultant and pest management program scouts have detected up to 24 eggs per 100 plants with most fields averaging about 100 at this time.

The cooler temperatures and overcast days coupled with light to moderate beneficial populations in most fields will result in increased worm survival. While fields are being found each day that require treatment due to previous egg lays we can expect more widespread problems shortly.

Continue making whole plant observations at several field locations to monitor insect activity. Eggs are being found lower on the plant in many cases. Bollworm infestations have varied greatly from one field to the next. Determine the need for control measures by determining the per cent infested plants in each field.

White eggs that are found singly laid on the lower surface of the leaves are likely to be those of the Cabbage Looper. Looper eggs can be separated from those of the bollworm by their flatter appearance on the top and are much more finely ribbed.

After any initial treatment with harsh insecticides at the 10 per cent infested plant level the treatment level should be reduced to 5 per cent of the plants with treatable sized worms. This is due to the reduction of beneficials and the resultant higher survival rate of bollworm eggs and small larvae. About two weeks after initial treatment beneficial numbers may have increased and should be monitored. If key predators can be found on 20 per cent or more of the plants the 10 per cent treatment level should be used.

**HOW MUCH IS A BOLL WORTH?** Producers need to know the answer to this question if they

are to make sound insect control decisions. Several factors influence the value of a boll. These include, among others, market value of lint, number of bolls to make a pound of lint, percent turnout and yield potential. Early in the season, yield potential is high and we can afford to lose more fruit to weather and insects than we can later in the season when days are cooler and a killing frost is just around the corner. This same cool weather will also increase the number of bolls needed to make a pound of lint. Assuming a 22% turnout, this number could range anywhere from about 400 to 650.

If we assume cotton is going for 50 cents a pound and 450 bolls are equal to a pound of lint, then 900 bolls are worth 1 dollar. This works out so that if roughly 1 boll per 13 row feet (1/1000 of an acre) or 1 boll per 50 or so plants is lost to insect damage, 1 dollar per acre was also potentially lost. This means a producer can pay the spray pilot of 5-10 bolls per 13 row feet or 1-2 bolls per 10 plants are saved from insect damage. Actual numbers depend on chemical and rate used and application cost for bollworm control.

Individual bolls are worth a lot more than you probably guessed. This lesson in economics also demonstrates that scouting (even at \$3.00/acre) is one of the cheapest but smartest crop management investments a cotton producer can make. It doesn't take very many bolls (up to about 3000 per acre) to pay to have your field checked.

Just because a producer can make some money on the surface and still pay the aerial applicator does not necessarily mean that an application is economical. Bollworms have tremendous appetites. One bollworm will consume or destroy approximately 6-8 squares, 1 bloom and 1 boll during its developmental period. Early in the fruiting cycle, when mostly small bolls are found, bollworms can destroy more than 1 boll during its life time. More bolls and fewer squares would be damaged later in the season when squares are hard to find. But, bollworms generally damage only a few locks on full-sized bolls.

### SORGHUM

Greenbugs and mites continue to be a problem in sorghum. Cooler temperatures may tend to slow down increases in these pests for a while. Headworms (bollworms and fall army worms) are present in most fields. A convenient way to check for number of heads infested is to shake 20 sorghum heads into a bucket at several field locations.

## Floyd County Farm Report

BY NANCY CARTHEL

We are still hoping for some rain. It did look promising for a while. Some very light showers were received but not enough to do anything but smell good and to cool things off.

A late rain would still help some of the dryland fields of cotton. The irrigated fields are in good shape moisture wise and are looking good. What doesn't show is the insect damage. The farmers are having to fight bollworms, army worms and leaf loopers. The army worms have

moved into several fields and are stripping on those plants.

If you are detaching your cotton, you might want to see the article by Paul Treptow in the article by Paul Treptow.

Most corn fields are in good shape but for the most part, the late spraying was sizeable.

The local grain market was steady Tuesday afternoon. Corn/cwt. - 5.75  
Wheat/bu. - 3.80-4.10  
Milo/cwt. - 5.20-5.50  
Soybeans/bu. - 6.50-6.75

Cotton was being sold at 2600 points over the bid Wednesday. It had been Tuesday.

The cattle prices at Floydada Livestock Market:

Steers:  
300-400 lbs. - 65-90  
400-500 lbs. - 75-90  
500-600 lbs. - 75-85

Heifers:  
300-400 lbs. - 70-75  
400-500 lbs. - 65-75  
500-600 lbs. - 65-68  
600-800 lbs. - 62-65

Springer Cows - 47-55  
Packer Cows - 38-47  
Packer Bulls - 30-37  
Pairs - \$350-\$725

They sold around the market was \$2.00 classes.

## Band Drum Corps To Appear On Channel 5

Band director, Bruce Kenner, has asked that all band members watch the 1980 Drum Corps Championship which will be televised on Channel 5 (PBS) Saturday evening.

However, there is an inconsistency in T.V. logs as to the exact viewing time. The Lubbock log lists the program as beginning at 7:30 p.m. The T.V. Log we subscribed to by this Hesperian lists the program time at 8:30 p.m.

The marching style used by the drum corps will be initiated this year by the Floydada Band.

"It's a very popular style that many, many bands in this area are beginning to go to including Texas Tech and West Texas State," Kenner said.

The Drum Corps involved students from 10 to

21 years old. "They literally give up one year to join the corps," he said.

The Drum Corp's compete throughout the nation. They practice eight hours a day in preparation for the annual championship.

Rita Moreno will be the television color commentator this year.

The schedule for the high school band's rehearsals for the week of August 18-22 is as follows:

- Monday - Friday mornings
- 9:00-9:45 Woodwinds
- 10:00-10:45 Brass
- 11:00-11:45 Percussion
- Monday, Tuesday, Thursday, and Friday nights: 7:00-9:00 Full Band Rehearsal

## WTC Registration To Be Held August 21

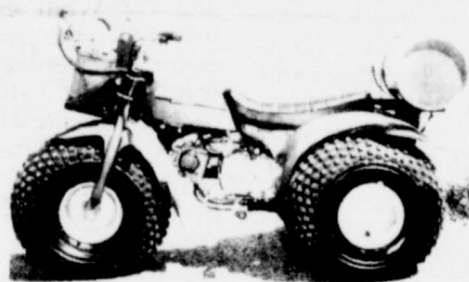

Registration for fall semester classes at the Crosbyton extension center of Western Texas College will be held August 21, with classes beginning August 27.

Students are to register between 6-8:30 p.m. Textbooks will be available on the night of registration. Classes on the fall schedule are Agricultural Eco-

MRS. MARK HART

### Shannon Bell-Mark Hart United In Double-Ring Ceremony

The First Baptist Church of Floydada was the setting for the wedding of Shannon Bell and Mark Evans Hart on Saturday afternoon, August 9.

The double-ring ceremony was performed by Dr. Floyd C. Bradley, pastor.

The bride is the daughter of Mrs. Ted Bell of Floydada and the groom is the son of Mr. and Mrs. Marvin Hart of Stinnett.

Guests were registered by Dena Hart, sister of the groom.

Tall palms of graduated sizes in brass containers formed the background. They were centered with an arched brass candelabra decorated in yellow gladiolas and white killian daisies and accents of ice blue satin ribbon. Hurricane type candelabra marked the entrance to the wedding scene. The bridal aisle was decorated in brass hurricane candelabra holding garlands of silk lily-of-the-valley.

Given in marriage by her brother, Rex Bell, the bride wore a formal length gown of candlelight organza fashioned with a Queen Anne neckline edged in venise lace. The empire bodice had lace motifs and full bishop sleeves. The A-line skirt had scattered lace appliques and flowed into a chapel length lace edged train. The fingertip headpiece was a juliet cap of matching lace holding two tiers of lace edged illusion. The bride's jewelry was a heart-shaped necklace, which was a gift from the groom. The bride carried a cascade type bouquet of white sweetheart rose buds and showers of stephanotis and gypsophelia with candlelight satin ribbon showers.

For the traditional something old, the bride wore the wedding band which was worn by both her maternal great-grandmother and her mother. Something new was her wedding dress. Something borrowed was a linen handkerchief belonging to her maternal grandmother, Mrs. Sim Reeves of Memphis. The wedding garter was blue. The bride wore pennies in her shoe bearing the birthdates of the couple.

Rosemary Hardin of Floydada was maid of honor, and serving as

bridesmaids were Kara Copeland of Floydada and Barbara Rhodes of Friona. They wore identical floor length gowns of light blue floral shirtnit fashioned with a scoop neckline. The blouson bodice had split sleeves and tiny bows at the shoulders.

The attendants carried old-fashioned colonial type bouquets of yellow and white daisy pom-poms showered with white gypsophelia with accents of ice blue satin ribbons.

The groom was dressed in an ivory tuxedo trimmed in brown.

The best man was Charles Hart of Stinnett, brother of the groom. Groomsmen were Bobby Hart of Wimberley, brother of the groom, and Dusty Dobbs of Dimmitt. Groomsmen were dressed in dark brown tuxedos. Guests were seated by Kevin McClellan of Borger, brother-in-law of the groom, Randy Covington of Plainview, Jeff Anderson of Mill Valley, California, and Marvin Ward of Plainview.

Wedding music was presented by Mrs. Bill Hardin, organist, and Mrs. Bob Copeland, pianist. Selections preceding and during the ceremony included "Somewhere My Love," "Edelweiss," "Twelfth of Never," "Jesu, Joy of Man's Desire," "Saviour, Like A Sheperd Lead Us," "Love Divine," and "Joyful, Joyful We Adore Thee."

Vocalists for the ceremony were Bill Sloan of Roswell, New Mexico, and Bobbie Miller of Floydada. Mr. Sloan sang "He Has Chosen You for Me," and Mr. Miller sang "The Wedding Song," and "The Lord's Prayer."

Following the ceremony a reception was given by the bride's family in the Wall Street parlor of the First Baptist Church. The bride's table was

covered with an ecru lace cloth. The three tier ivory wedding cake was highlighted with yellow and white daisy pom-poms. A six branch candelabra with the attendants' bouquets placed around the base and a silver punch bowl service completed the table arrangements. Serving at the bride's table were Dena Hart and Thetta McClellan, sisters of the groom.

The groom's table was covered with an ecru lace cloth and held a copper coffee service. Serving chocolate cake and fresh fruit from a carved melon basket were Rhonda Hart of Stinnett, sister-in-law, of the groom, and Kerri Morris of Albuquerque, New Mexico.

Rice bags were distributed by Barbara Hart, niece of the groom.

For a wedding trip to New Mexico, the bride chose a bluish-gray three piece silk suit with a white linen collar accenting the jacket. The suit was worn by the bride's mother on her wedding trip in 1956.

The bride is a senior at Wayland Baptist College. The groom, a 1979 graduate of Wayland, is presently assistant Admissions Counselor at Wayland.

They will reside in Plainview.

**REHEARSAL DINNER**  
A rehearsal dinner was hosted by the groom's parents August 8 at K-Bob's Restaurant in Plainview.

**COURTESIES**  
Showers for the bride included courtesies in the homes of Mrs. A.C. Pratt of Floydada, Mrs. Edgar Brown of Plainview, a lingerie party given by Shawnda Heflin of Floydada, and a miscellaneous shower in the parlor of the First Baptist Church of Stinnett.

A bridesmaids' luncheon was given in the home of Mrs. Bob Copeland of

### Margaret Jones says, "The Inches Really Make a Difference", ... After She Trimmed off 35 Pounds and 47 1/2 Inches in a few short months at Pat Walker's.

Margaret Jones, Floydada, Texas states:

"Having been overweight all my life, I find it hard to believe that I actually "feel skinny". Many times I have gone on diets, but these usually come out with me gaining back all the pounds lost, plus some extra. The reason Pat Walker's is such a success is that a new way of eating is formed. Nothing is forbidden; only the time of day or in certain combinations with other foods. In nine months I have trimmed off 35 pounds and 47 1/2 inches. The inches really make a difference. This is something other programs don't do. The passive exercise is so relaxing and the inches just seem to melt away and in the right places. Thanks to Pat Walker's program,

my eating habits will be changed from now on! I never knew "feeling skinny" could be so much fun!"

#### HOW TO AVOID HOT WEATHER PROBLEMS

If you become overexposed to the sun or overexert during extreme heat and humidity this summer, you may get heat cramps, heat exhaustion, or possibly even the rare but serious heatstroke. Avoiding these hot-weather complications is more than simply a matter of staying in cool or air-conditioned areas and walking on the shady side of the street—as important as those precautions are. You'll also need to pay attention to medically sound preventive steps.

1. Wear loose-fitting, light-colored clothing that reflects the sun's rays and allows for better sweat evaporation, and wear a wide-brimmed hat for added protection.

2. Avoid sudden changes of temperature, such as dashing from an air-conditioned building to a hot sidewalk or car. Before getting into a car that's been parked in the sun, open it up for a few minutes.

3. Stick to cool drinks and food and salt your food liberally. Salt tablets are seldom necessary if you have a well-balanced diet. If you feel the need for salt tablets, check first with your doctor. (see #12)

4. Don't over-eat. Don't over-indulge in alcoholic drinks. Your body system needs extra water in hot weather, whether or not your thirst sensation increases. Drink water often, even when you don't feel the urge.

5. Acclimate yourself by limiting exposure to the sun or strenuous outdoor activities to just 15 minutes on the first hot day, adding 15-30 minutes each day over a week or 10 days.

6. Avoid outdoor physical activity between 10 a.m. and 2 p.m. whenever possible.

7. When you exercise in the heat, take a 5-10 minute break every half-hour. Don't exercise just before or after meals.

8. Drink plenty of water or salted lemonade when you're exercising. You may have heard that drinking water when

you're hot and active will bring on stomach cramps, but it is not true; you need to keep your water intake to replace what you're losing in sweat—so drink when you're thirsty.

9. Also take extra precautions whenever the humidity is high during a heat wave. When the relative humidity gets above 60 percent, the air won't absorb as much as sweat as your body needs to get rid of, and by 75 percent relative humidity, it won't absorb any. This, coupled with high temperatures, is particularly dangerous.

10. If the weather is hot and dry, you may not feel sweaty, but in high temperatures you indeed are sweating; the dry air is evaporating the sweat so effectively that you don't get damp skin or soaked clothes. Drink plenty of water; don't be lulled by the false idea that you're not losing any.

11. Take extra care when the official temperature is higher than 85 degrees F. If the official temperature is, say 95 degrees F, it may be well over 105 degrees F on a tennis court or in your backyard garden, even in the shade. Official readings are often taken from towers or high buildings.

12. If you are on a low-salt or salt-free diet, or if you have a chronic disease (heart disease, hypertension, diabetes, or lung disease, for example) high heat and humidity will put an especially heavy burden on you. Consult your doctor before engaging in any unusual activity or changing your salt intake.

13. If you do feel the effects of the heat and humidity—unexplained stomach or arm and leg cramps, extreme fatigue, nausea, headache, or dizziness—get medical attention as soon as possible. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

### Boy's Ranch 36th Annual Be Held Labor Day

The young cowboys at Cal Farley's Boys Ranch are getting ready for their thirty-sixth annual rodeo that will be held over the Labor Day weekend.

About 150 contestants will be seen in the riding events, competing for the best times on bareback broncs, Brahma bulls, steers, calves and stick horses. It is the only rodeo of its kind in the nation. The only contestants are boys riding professional rodeo stock under R.C.A.

The rodeo is also a traditional homecoming for the Ranch's graduates. More than 3,000 have lived there since 1939.

Most sections of the rodeo arena were covered with a roof last year to provide protection from the elements, and the general admission sections were enlarged to accommodate an extra 150 people. For those wanting to eat lunch before the

### Registration For Classes To Be Held August 21

Registration for fall semester classes at the Crosbyton extension center of Western Texas College will be held from 6:30 to 8:00 p.m. Thursday, August 21, in the School Administration Building.

Courses on the schedule are: Agricultural Economics, Chemistry, English, History, Math, Psychology, Speech and in the occupational technical field, management courses taught by Betty Sandel.

Persons wishing details about courses or registration may contact Chet

Dye, coordinator of the center at 675-2618, or the office of Dr. Duane Hood, dean of Student Services at WTC in Snyder (915) 573-8511, Ext. 207. High School students who will be seniors in the Fall of 1980, are invited to check into the Early Admissions Program.

Seniors who have the permission of their high school principal may enroll for college credit courses. College hours earned will be added to the student's transcript following high school graduation.

### Floydada Nursing Home Happenings

I would like to thank Faye Walters for working with the residents while I was gone. Everyone enjoyed having Faye here to visit with again.

Mrs. Clara Murry had a nice visit with her sister-in-law, Mrs. Melvin Day of Ralls, this week.

We went to Cone then cut through the country to Lakeview. We also stopped to see Victoria Asher's old home place, just east of the Hank Smith place.

Those enjoying the trip were Victoria Asher, Docia Manning, Iva Simpson and Emmitt Lawrence.

We would like to thank Rick Carthel for sharing his beautiful films of The Holy Land with us. It was something new for the residents and they really enjoyed the talk.

We would like to thank the Free Spirit S. S. Class of the First Baptist Church, for the beautiful pot plants. We have them on a table in our lobby and the residents are helping care for them.

We lost a dear resident this week, Mrs. Jewell Jackson. "Granny," to me because I lived neighbor to Granny for years and enjoyed visiting with her. Everyone at the home will miss her sweet smile. We extend our deepest sympathy to her family.

Mrs. Ida Martin is still in Caprock Hospital. We send her our prayers for a speedy recovery.

#### CORRECTION

The names of Maedella Davis, of Amarillo and Alma Ruth Nelson of Floydada, were accidentally left out of the Lakeview Reunion attendance list, in last Thursday's paper.

Now 200 years old, the Iron Bridge over the Severn River in Shropshire, England, was the first bridge to be constructed entirely of iron.

### Spurlock Participates In Exercises On The Indian Ocean

Navy Seaman Apprentice John T. Spurlock, son of Bee Spurlock of 608 W. Ross, Floydada, Texas, recently participated in exercise "Multiplex 1-80" in the Indian Ocean.

He is a crew member aboard the aircraft carrier USS Constellation homeported in San Diego.

The two-day multi-threat exercise placed emphasis on U.S. and British Royal Navy joint anti-air and anti-surface warfare tactics. The exercise was the first of a series con-

ducted with the British force during his ship's deployment to the Indian Ocean.

The Constellation is 1,072 feet long, displaces over 80,000 tons and carries a crew of 2,800 officers and enlisted men. It can accommodate approximately 85 aircraft and more than 2,150 personnel assigned to an aircraft wing.

A 1975 graduate of Floydada High School, Spurlock joined the Navy in November 1977.

## Thorntons Return For From Nova Scotia And East Coast Tour

By Dottie Stansell  
Kathleen and Owen Thornton and Roy and Oleta Thornton, of Clovis, New Mexico, returned July 21, from a twenty three day bus tour of 22 states and two Providences in Canada. This is their second tour to make with Roy and Oleta. Last year they toured the Pacific Northwest and the Canadian Rockies.

"We left Amarillo June 29 by Continental Trailways bus and went to Springfield, Missouri and spent our first night there and continued on to Indianapolis, Indiana, for the second night. We spent our third night in Pittsburgh, Pennsylvania and stayed across the river from Three Rivers Stadium. The next day we went to Lancaster, Pennsylvania and toured thru the Amish and Pennsylvania Dutch farms. We had dinner that night on an Amish farm.

July 4, we stopped at Hyde Park at Poughkeepsie, New York and visited the home and burial gardens of Franklin D. and Eleanor Roosevelt. Also nearby we visited the Vanderbuilt home, built in 1896, at a cost of 2 1/2 million dollars. After leaving there, we crossed Vermont and New Jersey and spent the night at Concord, New Hampshire.

The next day, July 5, we went to Bangor, Maine and continued thru the rugged North woods of Maine then crossed into New Brunswick, Canada and drove along the St. Andrews by the sea and along the Bay of Fundy. We spent that night at St. Johns, New Brunswick. While we were there we visited the reversing falls rapids. We continued from New Brunswick to Halifax, Nova Scotia. The two days we spent there, we wore our coats buttoned up as the highest temperature was 46 degrees. We had a guided tour of the city and visited "Old Fort" that was built on the highest hill in Nova Scotia. While we were in Halifax, we went to a fishing village, complete with a lighthouse, that is the favorite meeting place for the artist. It was called Peggy's Cove.

From Halifax, we went thru Evangeline country and spent the night in Yarmouth. From there we took a ship, the "Caribe," from the Bay of Fundy and had a 10 hour boat ride and docked at Portland, Maine.

We boarded the bus and went to Boston, Massachusetts where we spent the next two nights. While we were in Boston, we visited the Boston Common, the old South Church, the old North Church, Bunker Hill, Harvard Square, Harvard University, Cambridge Common and then drove on to Plymouth. In Plymouth, we saw the Miles Standish Monument, the John and Pracilla Alden Monument, and a house built by Alden in 1653 that is still preserved and owned by one of his descendants. We saw Plymouth Harbour, the Mayflower II, and Plymouth Rock. The next day we drove across Connecticut into New York City.

In New York City, we saw the Statue of Liberty,

Chinatown, the Bowery, Wall St., 5th Avenue, Central Park, and the Cathedral of St. John Devine. We went to Radio City Music Hall, and attended a play, "Manhattan Show Boat," featuring the Rockettes. We tried to get tickets to see "Annie" or "Oklahoma," but they were not available.

When we left New York City, we drove down to Philadelphia and visited the Liberty Bell, Independence Hall, and the home of Betsy Ross, then drove on into Washington, D.C. that night. We spent two nights there and toured the city and visited the Capitol Building, the White House, Arlington National Cemetery, and went to Mt. Vernon to see the home of George Washington. While we were in Washington, D.C. we rode the Metro system, which is underground and circles the whole city. It has the longest escalator in the world and when you reach the bottom, it's the equivalent of three miles underground. The people and employees use the Metro 90% of the time, as parking spaces are not available. They have shopping centers and all sorts of shops for the convenience of the people. The trains run every 15 minutes.

After we left Mt. Vernon, we went to Richmond, Virginia and visited the capitol building, which was designed by Thomas Jefferson, then on to Jamestown, which was the first permanent English settlement in the New World, settled in 1607. We spent two nights in Williamsburg, Virginia and went thru Colonial Williamsburg, which has been completely restored.

The next day we crossed Southern Virginia into Winston-Salem, North Carolina where we stopped and had lunch and continued to Asheville, North Carolina. When we left Asheville, we crossed the great Smokey Mountains and went into Maggie's Valley. Kathleen thought that was the most beautiful place that she had seen on the whole trip. From Maggie's Valley, we went to Cherokee. That is the place where the Indians were driven out of the country by the settlers after their raids and attacks on the early pioneers.

We went on to Gatlinburg and continued to Knoxville into Nashville. We attended the new Grand Ole Opry and saw Earnest Tubb, Grand Pa Jones, Roy Acuff and many other country and western performers.

We spent the next night at Ft. Smith, Arkansas, where we had our farewell

banquet. Kathleen and I were asked to put the program on for the banquet, so Kathleen planned the program and wrote a poem about every person on the bus and I acted as M.C.

The next day, July 21, we drove to Oklahoma City and had lunch then drove on to Amarillo, which was the end of our 23 day tour of the historic East Coast.

## Open House To Be Held At Reese Air Force Base Saturday And Sunday

Reese Air Force Base, Texas, will sponsor its annual Open House on Saturday and Sunday, August 16 and 17.

The festivities will honor Reese's thirty-first year of service as an active Air Force base.

The two day event will offer a variety of activities that will be of interest to people of all ages.

The featured activities on both Saturday and Sunday will be aircraft

flying demonstrations by the West Texas Wing of the Confederate Air Force. More than 40 Confederate Air Force World War II vintage aircraft are expected to both fly and be on static display.

During the weekend, the second reunion of military and civilian personnel who served during World War II at either Lubbock Army Air Field or South Plains Army Air Field will take place. Most

## Floyd County Library News

**Alcoholism: Out Of The Shadows.** 30 min. Color. 1971. Xerox Films. SH-A

A penetrating documentary of our number one health problem. This film includes facts about the disease and visual narratives by recovered alcoholics. Various treatment methods for alcoholism are also shown.

**Angel And Big Joe.** 26 min. Color. 1975. Learning Corp. of America. EL-A

Considers the various aspects of responsibility in a story about a young migrant worker who must decide whether to help his family in Arizona or make a new career for himself with a friend in New Jersey.

**Check It Out.** 13 min. Color. 1972. McGraw-Hill Films. Pre-El

Shows how easy it is to misjudge a person you do not know. The library is shown as a place you can "check it out."

**Conquista.** 20 min. Color. 1974. Xerox Films. JH-A

The culture-changing moment when an Indian of the Plains first confronts a horse left by a Spanish conquistadore is recreated in this film photographed in the foothills of a Western mountain range. Narrated by Richard Boone.

**Dinosaurs: A First Film.** 10 min. Color. 1978. BFA Educational Media. EL-JH

Animated introduction to appearance of plant and animal life on the planet Earth. Entertaining and informative.

**Discovering American Indian Music.** 24 min. Color. 1971. BFA Educational Media. JH-A

Presents the songs and dances of tribes from various parts of the country performed in authentic costumes. A varied presentation.

**Eyewitness.** 22 min. Color. 1977. Esmeralda Films, Inc. JH-A

Deals with our illusions about people stemming from preconceptions and assumptions about them. Story of a young Chicano college student in search of a father he's never known. As seen from four

different points of view, we follow a day in the life of Manuel Vargas.

**Father/Daughter.** 19 min. Color. 1975. Telekinetics Films. SH-A

A documentary using the interview technique that explores the past and present relationships of a man and his oldest daughter, now a member of a Hari-Krishna religious commune. Any groups discussing present parent/child relationships would find this film a stimulant to discussion.

**The Growth Of Intelligence In The Preschool Years.** 30 min. Color. 1972. Sterling Educational Films. Adult

Shows how children's level of logical classification develops from the age of three to six. Clarifies Piaget's theories and terminology.

**In Defense Of Rome.** Part II. B&W. 1964. McGraw-Hill. JH-A

One of three films in which classical scholar Moses Hadas and political analyst Eric Sevareid describe the legacy of Rome. Part II: Roman Law.

**Kitty Hawk To Paris: The Heroic Years.** 29 min. Color. 1976. Learning Corp. of America. JH-A

The formative years of American aviation are recalled in the flights of its special heroes, Wilbur and Orville Wright and Charles Lindbergh among others. Quite interesting.

**Magic Book.** 10 min. Color. 1963. Pre-El

Uses animation to show how to care for books.

**Olympics: The Eternal Torch.** 27 min. Color. 1974. Paramount-Oxford. JH-A

Uses footage of each Olympiad dating back to 1896 to highlight American participation in the modern games. Also dis-

cusses political climate associated with various Olympiads.

**The Owl Who Married A Goose.** 8 min. Color. 1974. Bosustow Productions. EL-A

Using an animation technique of moving stained sand on white background, filmmaker Caroline Leaf creates a stunning interpretation of an old Eskimo allegory. An owl tries to live as a gander after he marries his love.

**Planned Pethood.** 10 min. Color. American Veterinary Media Association. Pre-El

An animated film using clay figures that advises the viewer on holding down the birth rate to our pets and dealing with the problems of abandoned cats and dogs. The film concludes "pets are a joy, unwanted animals aren't."

**Rosie's Walk.** 5 min. Color. 1970. Weston Woods. Pre-El

The fox is after Rosie, the hen, but she doesn't know it and unwittingly leads him into disaster after disaster, each funnier than the last.

**Scram.** 22 min. B&W. 1932. Eastin-Phelan. EL-S

A taciturn judge orders vagrants Laurel and Hardy out of town by nightfall. But on their way they help drunk Arthur Houseman home. They find out that the home is the judge's and the woman they are with his wife.

**Will Roger's 1920s: A Cowboy's Guide To The Time.** 41 min. Color. 1976. Churchill Films. JH-A

A chronicle of the major events in America from 1919-1931 as seen through the eyes of the country's most loved humorist. Includes interviews with re-

latives and friends about the man, his working habits and home life.

**35 MM Film Strips:**  
1. The Big Snow  
2. The Farmer in the Dell (songs of childhood)  
3. Little Red Riding-hood (stories of childhood)  
4. Monsters and other creatures: filmstrip #2

5. Musicians of Bremen (tales from the Brother Grimm.)  
6. Pete and Pennys pet care: Part 2  
7. Tales from silver land  
8. The Tortoise and the hare (tales from Aesop)  
9. Twinkle, twinkle little star. (poems of childhood)

## LETTER TO THE EDITOR

Dear Editor:

Very recently I have begun working on a history of my family, and I have learned that my great grandparents were early settlers in Floyd County. I know they were living there in 1900, but I haven't yet been able to determine exactly when they arrived in your area. Their names were Isaac and Rachel Willhoit.

There is a possibility that they spelled the last name in this way: Wilhite. I also know that their daughter Mary married a man in Floydada by the name of William Surginer. The grandparents died in the 1930's; Isaac, in 1938; Rachel, in 1934. Mary Surginer died, perhaps, in the 1960's. My great grandparents lived to be quite old. In fact, Isaac was either 104 or 105 years old when he died. One of my family members dimly remembers some type of celebration that the city of Floydada held to honor them on their 75th wedding anniversary. This probably, too, was in the 1930's.

Now to the point of this letter. I am wondering if there would be any information on the Willhoits in

the back issues of your paper? If so, is there anyone available to supply me with this information? I would be most interested in corresponding with anyone who could supply me with any remembrances of my family. I truly appreciate your time. Thank you.

Sincerely,  
Virginia Demic

## CARDS OF THANKS

To Address Update Committee Members:  
Thank you on behalf of the officers of Homecoming 1980 for a job well done-the updating of your class' address lists. It takes time and perseverance to hunt all these folks down-and I personally say, "Thank You." The letters to out-of-Floyd County exes will be mailed August 25. Your efforts in this behalf will help make our 1980 Homecoming a great time to remember.

Nacogdoches, Texas arrived by bus at Crosbyton last Saturday for a weeks visit. The ladies toured the museums at Crosbyton, Floydada, Plainview and Lubbock.

They drove to Carlsbad and toured the caverns. They especially enjoyed the new program at Carlsbad Caverns, dispensing with the guided tours and lectures. Now visitors are given cassettes with verbal descriptions of the formations and discoveries and people can stroll and look at their own pace and not be left somewhere in the dark if they miss the ranger. Also the lunch room has people arriving and departing all the time instead of the old way where a tour party descended on the place all at once. Rangers stand around the caverns ready to explain and answer questions.

Mrs. June Sherman, of Lockney, came over to visit the Moosberg's guests while they were here.

Mr. and Mrs. Donnie Winslow, of Duncan, Oklahoma, were here this weekend visiting Carla's parents, Mr. and Mrs. Moosberg and guests. Donnie, whose father died a few weeks ago in Midland, went on to visit his mother, Mrs. Y.G. Winslow, to see how she was getting along.

Mr. and Mrs. Howard Bishop were visited at their ranch at Roaring Springs, Friday evening, by Mr. and Mrs. Norman Muncy, Mr. and Mrs. Holt Bishop, Mr. and Mrs. Mike Giesecke,

Mr. and Mrs. Dee Adams, Bob and Robert Cooper, Mrs. Holt Bishops daughters, Margaret and Verda Mae and families, Mr. and Mrs. Leslie Nixon, Gary, Keith and Robert, and Greg Bishop.

Everybody is busy in their fields and gardens these days. We will be able to reach more people when the weather changes and people come indoors closer to their telephones.

Dr. and Mrs. Ted Givena, (the former Sue Harrison) were in Nashville, Tennessee this past week for the Cargill Company.

Mrs. Rex Harrison returned from Amarillo where her grandmother, Mrs. Junell, is still in the intensive care unit with pneumonia.

Mrs. Dee Adams' sisters visited here recently. Clara Jetton of San Antonio, and Bonnie Craft Spann of Nuerenberg, Germany came and spent a week with Nita. They also visited in Roaring Springs with their father, Mr. W.L. Craft.

Mr. and Mrs. W.M. Hambricht's grandson, Craig, will teach band at Gorman, Texas this year.

Mr. and Mrs. S.L. West of Sulphur, Oklahoma, visited relatives in Floydada recently, and came out to Lakview to visit Mr. and Mrs. Dee Adams on Friday. Irene got sick while they were at Floydada and had to go to Caprock Hospital for treatment.

### Hearing Tests Set For Floydada

Electronic hearing tests will be given at the Senior Citizens Center on Wednesday, August 20 from 10:00 to 12:00 noon.

J. Wampler, factory-trained Hearing Aid Specialist will be at 301 E. Georgia to perform the tests.

Anyone who has trouble hearing or understanding speech clearly is welcome to have a test using modern electronic equipment to determine if his loss is one which can be helped. Some of the causes of hearing loss will be explained, and diagrams of how the ear works will

be shown. Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Free service is available for all makes of Hearing Aids. Everyone wearing a hearing aid should have it serviced regularly.

The free hearing test will be given Wednesday from 10 a.m. to 12 noon at the Senior Citizens Center. If you can't get there on Wednesday, call 983-2032 and arrange for an appointment at another time. In-home testing is also available.

CONGRESSMAN CHARLES W. STENHOLM is pictured here on the steps of the United States Capitol with members of the 16th Government-in-Action Tour group which visited the Nation's Capitol on June 10. This Youth Tour to Washington, D.C. was sponsored by the rural electric cooperatives of Texas. They are as follows: Miss Kim Arrien, Stephenville; Miss Jill Whitfill, Lockney; Mr. Evan Kramer, Lockney; Miss Nettie Moss, Snyder; Mr. Kevin Huddleston, Snyder; Miss Karen Moore, Abilene; Mr. Mark Bland, Merkel; Miss Denise White, Tahoka. They spent much of their time on Capitol Hill, because it is their one opportunity to observe Government-in-Action.

### Veterans Administration Offers Student Financial Aid

Veterans planning to enter college this fall who are finding it hard to accumulate the extra money they will need to supplement their GI Bill education benefits are urged by the Veterans Administration to investigate its work-study program.

GI Bill students can work up to 250 hours per semester for VA and receive \$775 in addition to regular education assistance allowance.

Priority for participation in the work-study program is given veterans who have a 30 percent or greater service-connected disability and consideration is given to financial need, motivation and the nature of the work to be done.

Veterans are not required to work the full 250 hours. They may work any portion of the time that meets their financial needs and fits their individual study programs.

Jobs are available for VA-related work on a given campus or at a VA facility.

An advance of up to \$310 is available as soon as the employment agreement is processed. The advance covers the first 100 hours of work.

After the first 100 hours, VA pays work-study students after each 50 hours of work.

Veterans desiring to participate in the work-study program or those who want additional information or assistance should contact their nearest VA regional office or veterans counselor on campus.

# Because you're picky, pick Mickey.

The Mickey Mouse Phone. Walt Disney Productions. Housing produced by American Telecommunications Corp.

A certain kind of person shops for quality first. And if something's a little unusual, a little different, so much the better. If that's you, then it's time you discovered your Bell Business Office.

We've got phones in all styles; antique, ultramodern, warmly nostalgic. Phones that help make your life easier. From a simple extension, to one that'll dial the number for you.

But even more important, at Southwestern Bell you'll get genuine Bell. That means the working parts remain phone company property, so you can be sure they'll work. Or we'll fix them free. It's a level of quality—and service—you've come to expect from Southwestern Bell.

So when it comes to phones, come to your Bell Business Office. Because although you love Mickey Mouse... why waste your time with mickey-mouse details?
