Dougherty Gin bought the cotton at a premium price of \$1.00 per pound and paid Covington \$110 a ton for the seed. The ginning was free on the first bale. Floydada Chamber of Commerce presented Covington with a check for \$25.00. ## Results Of Citizens Survey Presented

by Janet Lloyd

Editor's note: This is the second in a series of articles by Janet Lloyd, on the results of the citizens questionnaire survey conducted in August.

Does this town have anything for the kids to do? was asked in response to question five on the citizen's questionnaire that residents filled out in August. The question was joined by 61 percent of the citizens who said the community recreational facilities are inadequate. Only 30 percent replied that the facilities are adequate.

One resident responded, "Our teenagers need something creative to do with their spare time. What they are doing now is not very good. There is a need for more recreational activities."

"More fine arts training is needed."

"Our community is culturally neglected. You have to go out of town for any culturally oriented programs."

Another person commented, "I feel that the young people of the community are being deprived of a great deal of enjoyment in that there's very few sources of entertainment provided for the people of the area. The main thing is not having a movie theater. Also a bowling alley would be nice."

"There is a lack in recreational facilities for young and old," said another.

How do the teenagers feel?

"A comment from a teenager, there are not a lot of things to do at all, like no park for older people, bowling alley, skating rink or a good movie theater. The one we have now is out of town and has only one showing per week. It doesn't have an assortment of shows for kids, teenagers or adults, therefore, for entertainment we have to go out of town."

Some suggested a type of facility similar to a Y.M.C.A. be built to provide entertainment for local residents.

Another recommended that the old Perry's building be converted into a game room for all to enjoy.

### Community Activities

We also include in this area of the questionnaire a few of the comments concerning community activities.

"I would like to see more community-wide activities such as picnics, concerts on the square, etc."

It would be nice to have community activities besides Old Settlers - and have community meetings monthly or quarterly to discuss the problems of our town."

"I would like to see an opportunity for community gatherings, such as once every two months have a sidewalk sale downtown where stores stay open late and maybe a flea market is held or local talent gives a presentation."

"Floydada has very little leadership at the moment. What has happened to the Floydada Chamber of Commerce the last two years? It has accomplished so little - it must be closed."

"The Women's Chamber of Commerce and the Lions Club are the only alive organizations in town. The city must be making an effort with this survey."

"The Chamber of Commerce needs to: 1. Spotlight one existing business each week with appropriate awards or recognition of individuals, 2. Have strong manager, 3. Continuous promotion of city and county."

### School System

Of the 528 persons who answered the questionnaire, 32 percent had children in the school system with 67 percent not having school age children.

There were 175 elementary children, 64 junior high students and 114 high school students in the homes of those responding.

When asked, "Is the school system doing an adequate job in your opinion?" 47 percent said yes, 12 percent no and 41 percent did not respond.

A large number of those who did not comment on the schools said they did not have children or have just moved into the community and did not believe they were qualified to answer this question.

One mother answered, "adequate, but only fair" and went into detail on the comment sheet.

"Concerning the school system, there is too much time and energy spent on extra activities in the schools (especially in the lower grades K-3). This could very possibly be the reason why there are more that cannot read each year. Go back to the 3 R's and not spend so much time on migrant, library, music, art, bilingual education, career education, etc. The teacher would have her children for longer periods of time (as a group) in the classroom and could spend that time teaching reading, writing and arithmetic. (Then add other subject areas as time allows.)

"If it were available, I would send my child to a private school where I knew he would be receiving a complete education."

Others said that too much emphasis is being placed on sports, some want more emphasis on basketball and tennis, science, math, art and music. The need for better teachers receiving pay was also mentioned. Others believe the program is too slow for the bright kids and that students are not being prepared for college.

Adequate: "Yes, in most cases, I feel everyone is doing the best with what is available. More parental support is needed, however."

"I do feel more disciplinary power should be given school authorities and then the troublemakers would not be so plentiful."

## Around The County

By Jett Major

FLOYD COUNTY EXTENSION AGENT

### LATE FERTILIZER APPLICATION FOR WHEAT?

Recent rains in Floyd County have changed our wheat prospects. With a little more rain, our winter grazing situation should improve. Our Floyd County producers would certainly welcome this.

If you are or have planted wheat for 1981, you should have some idea about the nitrogen level in your soil. This plant nutrient is extremely important for both our dryland and irrigated producers. If (there is that word again) sufficient moisture is received for heavy grazing this winter, then additional nitrogen will be needed. For both the irrigated and dryland producers, a soil test is the best investment to understand your soil nitrogen level for 1981.

### Drought and Summer Tilled

Last year many of our producers have grazed out their wheat land and we also had cotton land plowed up due to the drought. Much of this soil will have carry-over fertilizer but a soil test will help reduce the

odds of running short on nitrogen this next year.

### Nitrogen Removal

With moderate grazing, wheat will remove about two pounds per acre of nitrogen per bushel harvested. Your yield goal dictates the total required nitrogen. Part of the required nitrogen can be obtained from our Floyd County soil. The remainder of our required nitrogen must be from applied fertilizer. If the soil has adequate nitrogen for stand establishment, our dryland producers may want to wait and top dress just prior to wheat joint. This usually occurs in late February or early March.

If you need information on soil test forms for sampling your wheat and contact me at the Floyd County Extension Office.

Educational program conducted by the Texas Agricultural Extension Service reach people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

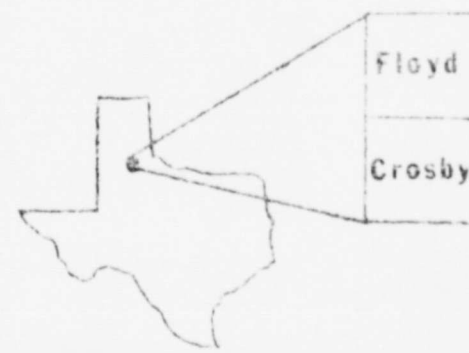

THE FLOYD COUNTY EXTENSION SERVICE held its annual county tour last Tuesday, September 16, with over twenty-five producers and USDA departmental representatives attending.

The first load of milo was delivered to Lone Star Grain on September 2 by Tommy Sherman off of the Herman King farm. The 16,920 pound load tested 12.6% moisture. The Lockney Chamber of Commerce gave Mr. Sherman a \$50 premium for having the first load in the Lockney area.

### COTTON

Our recent rains and unseasonably warm temperatures have prolonged the concern about insect problems this year. Some cotton is starting to green back up and produce squares again. In most fields the majority of bolls are past the point in their development that continued bollworm infestations should be a worry. Only in those fields that have a substantial number of half-grown bolls does the possibility of economic infestations exist.

While newly laid eggs and small scattered areas at this time survival of both eggs and worms has been low. Flights of bollworm moths have been noted during the daytime in some cotton fields. Increased natural beneficial insect activity has eliminated the problem in many cases. Infertility of bollworm eggs is increasing. With cooler daytime temperatures forecast for the next few days it looks like fall and the end of the insect season (at least in cotton.)

Emerging wheat has some problems. Some have been reported by the South Plains Extension Service. The wheat should be checked for INSECT AND NEMATODE PROBLEMS. SMALL GRASS MANAGEMENT APPROVALS at the County Extension Office help you with your management decisions for the

## Farm Bureau Urges Members To Vote In November

Floyd County Farm Bureau is joining other county Farm Bureaus across the state in an effort to get out a large rural vote in the coming November 4 general election.

Members who do not have valid voter registration cards are reminded to get them soon. The deadline for having the application for the card in the voter registrar's office at the Floyd County Court House is October 3.

Although Farm Bureau is strictly non-partisan, the organization encourages its members to become active in contributing money, time and work to the candidate of their choice.

The membership in the local county Farm Bureau represents a possible 1700 votes. The Texas Farm Bureau has more than half a million potential voters and the American Farm Bureau Federation represents a potential of almost seven million votes nationally.

## County Farm Report

BY NANCY CARTEL

Harvest is going on in the county for several crops. The first bale of cotton has been received in Lockney and in Floydada and the first load of milo is in. Corn harvest is still going on and a large number of acres of cotton have been defoliated and should be ready for harvest by the end of the month.

Wheat planting is underway with enough moisture present to get the wheat up in most cases.

The markets for grain on Wednesday after were:  
Milo/cwt. — 5.50  
Corn/cwt. — 5.90-5.95  
Wheat/bu. — 3.95-4.02  
Soybeans/bu. — 7.25-7.37

The cotton market has really fluctuated this past week. The government crop estimate came out on Thursday and the predictions were that the crop would be down about 20% from last year. The market went up in anticipation of this report and followed the trend on Friday. October futures hit 97.77 on Friday afternoon and contracts hit 3700 points over the 1980 loan. Monday, the buyers cooled off considerably and the market dropped the limit. On Tuesday, the market dropped 300 points and Wednesday it dropped 216 points. Contracts, if you could find one, were going for 3300 points over the loan.

Most feeling is that the reason for the drop in prices is because cotton was pricing itself out of the market for competition with the synthetics.

Floydada Livestock Stocker and Feeder sale on Wednesday and

were selling 200 head of cattle. They were unable to give a complete report but did say that the general trend was \$2-\$3 higher on all classes.

### Citizens Respond To Questionnaire

When asked to evaluate the health care facilities of the community, 68 percent believe they are adequate and 21 percent said they are not adequate. Seventy-two percent said they have not had any trouble getting to see a doctor and 24 percent answered they have.

When asked about additional health care facilities, 55 percent do not believe they are needed, but 29 percent do. Those who said yes see the need for more doctors, nurses and a free clinic.

### Health Care

When the citizens responded to the questions concerning electric, gas and phone service each received a large percentage reporting no problems. The 19 percent who do have problems with the electricity service said the bills are too high. Many complained that the power is off too often and for too long a time. The means of reading the meters for both electric and gas service was questioned by several.

### Utilities

Ma Bell was given a low percentage of problems with the residents, but some believe that when they do have trouble the service is too slow.

One person asked the question, "When do you become old enough not to have your parents sign in order for you to get a phone in your own home? On your first phone you either have to put up a deposit or have your parents sign for you. It is ridiculous when you are on your own and paying your own way."

Next week will take a look at housing problems, jobs and why residents shop outside of Floydada.

### Vocational Training

Vocational training needed for adults? (Vocational training is training to learn new job skills or improve job skills.) Fifty-eight percent answered yes and the types of training needed should include electrical, carpentry, welding, auto mechanics, nursing, and college level courses.

Sixty-six percent do not believe that this training is needed in our community.

There should be more available for the adults to do more than construction or farm labor," stated one resident.

Another suggested that a look be taken at the courses offered in Crosbyton by Western State College of Texas and work to develop this same type of program in Floydada.

# Mrs. Henley proved busy country housewives can be beautiful—she lost 39 pounds at Pat Walker's.

Caring for her husband and son, living in the country, doing her own gardening and canning... those are the things Mrs. Charles Henley likes best. But she doesn't think her casual lifestyle is an excuse for letting her appearance take second place.

That's why, several months ago, she decided to do something about her weight problem, something more effective than the half-way measures she'd already tried. At 150 pounds, she was wearing size 15 clothes, and felt especially self-conscious

Loose-fitting clothes couldn't disguise Mrs. Henley's weight problem.

about her waistline. Sometimes she was uncomfortably aware that strangers thought she was pregnant!

When a friend told her about Pat Walker's, she wanted to try it, although it meant she would have to drive 80 miles round trip to the salon nearest her country home.

After the first few trips, she knew that nothing—not even driving that far 3 times a week—could keep her away.

She was getting the results she'd hoped for.

Today Mrs. Henley weighs 111 pounds and wears a size 5. Her waist measurement has gone from 32 1/2 inches to 24 1/4 inches (goodbye, maternity look!). And she's working toward a new goal: 105 pounds. Her success story could easily be yours.

## Jr. Varsity Blanks Whirlwind Tigers

The Jr. Varsity team hit the field in the last Thursday night game. The game was pretty uneven but the 14 Jr. Winds were up against a squad of Tigers. The final score was 20-0 but it was the green who were in their way to a 20-0 victory over Frenship. The defensive team did a standing job of the Tigers away from the end zone. Their conditioning showed most of the players on both offense and defense. Their staying power was tested throughout the game as their T.D.'s were scored after the

third quarter, on play from scrimmage. Mike Salazar went to tackle for a 60 yard run. Marty Covington passed to Salazar on the two point play. The score was 14-0 in the third quarter. Coleman ran for a one yard gain over the goal line. PAT was not scored 14 to 0. In the fourth quarter, Turner intercepted a pitch out and ran for a 65 yard touchdown. PAT was

not good. The score held to the end of the game 20 to 0.

Jr. Varsity will play on their home ground tonight against Post. These future Whirlwinds are well worth watching and we hope as many as can will come out and see them in action.

## Whirlwind Squeaks By Whirlwind Freshman

Whirlwind Freshmen at Frenship last night. First mistakes and penalties worked against them but their overall play was good in both offense and defense. There is a good bunch of players to look for them to do a good job in the game. Coach Coca said. The game ended with Frenship leading 12 points to Whirlwind's 6. In the first quarter, Frenship scored a touchdown but missed the point leaving the game at halftime 6 to 0 in Whirlwind's favor. In the third quarter, Hatley passed to Faulkenberry and he was over for the T.D. point failed and the game was tied 6 to 6.

In the fourth quarter in the Frosh game, the ball over the head. They tried, but it left the ball in Frenship's possession. Frenship took it over for the extra point was good. Final score was 12-6. Whirlwind Freshmen

Bearden, Mike Wayne Morren, and Upham did a great defense. The offense standouts were: Hatley, Carlos and Max Bearden. Whirlwind's play here tonight: Start-up is:

## Whirlwinds Cage Tigers In Close Contest Friday

Friday night's game proved to be a defensive battle for both teams with Floydada offense dominating the 2nd and 3rd quarters but held to only one touchdown. The Winds defense had their hands full trying to cage two fast Tigers, quarterback, Gaston and halfback Johnson. The Tigers made a field goal from the 15 yard line in the first quarter and were deep in Winds territory when the final gun sounded. The score was 7 to 3 in Floydada's favor. Frenship kicked off to

the Winds. Floydada gave up the ball on their own 41 yard line. The Tigers moved the ball to the 4 yard line. On third down Carlos Rainwater knocked down a pass in the end zone. Tigers elected to try for a field goal on 4th down. The attempt was good and the score 3-0, Frenship's favor.

Floydada received on their own 30. Self carried to the 35. 2nd down and the Tigers recovered a fumble. They were 2nd down and on their own 37 yard line at the end of the quarter.

The Tigers were thrown for a 4 yard loss on the 3rd down and punted to Floydada's 2 yard line. Floydada took possession and began a 98 yard drive that used up most of the second quarter and ended in a touchdown and extra point kick.

Fullback, Jeff Rainey, plowed the ball from the 2 yard line to the 6. Halfback, Mike Self brought the ball another 6 yards. Halfback, Mark Nutt on a sweep gained the needed yard for a first down.

Self carried for 16 yards and another first down. No gain on the next play and Self carried for 9 yards. A measure showed the Winds less than a foot short of 1st down. Beedy carried for the needed yard. With 7:09 minutes left to play in the quarter a 15 yard penalty against the Tigers put the ball down on their own 44 yard line.

Norman Allen, fullback, carried for 5 yards, then 4 yards, and on a quarter back sneak, Beedy raked up another first down. Rainwater made it third down and 1 to go. Nutt picked up the yard and another first. Self was thrown for a 2 yard loss which put the ball on the 22 yard line.

Second and 12 and Beedy threw a pass that almost intercepted. Winds stayed on the ground with Allen picking up 5 yards, and then Self added 8 yards for a first down and goal to go. Ball was on the eight yard line. Beedy lateraled to Allen and he was over the goal line for 6 points. Donell Weeks kicked the field goal for 7-3 score.

The third quarter was typical of the tough bruising kind of football played throughout the game. The Winds controlled the ball most of the quarter but could get no further into Tiger territory than their 32 yard line.

The fourth quarter was as explosive as any football fan could ask for. Defense had their work cut out for them since both Gaston and Johnson were capable of going all the way any time they had the ball.

The last 52 seconds of the game the ball was in Tiger possession and they pushed to the Winds 10 yard line. Carlos Rainwater executed what could be termed a touchdown saving tackle as he pulled Johnson down. A 15 yard penalty against the Tigers moved them back to the 25 yard line. Beedy almost intercepted a pass. Rainwater again made a spectacular tackle in a game finish up that had the fans on their feet. The Tiger yardage gain was not enough for a first down. Floydada took the ball, Beedy fell on it and the clock ran out.

Jeff Rainey turned an ankle at the end of the first quarter and was out the rest of the game. He is expected to play in the Post game. Bruce Williams took his place and Norman Allen and Mark Nutt filled in in the back field. This ability to carry on is part of the depth talent that lets the Winds use almost a two platoon system and leaves the players fresher at the end of the game.

Mike Self and Todd Beedy did a fine job on defense as well as an outstanding job on offense. Tim Radloff at center did a good job blocking against the heavy Tiger line. "It was one of his better games offensively as a Whirlwind," Coach L.G. Wilson said.

Rainwater was cited for an outstanding defensive game. Allen as linebacker played a good game. This week's practice has been concentrated on the line backers. "They did a good job inside and we need to help move on the outside," Wilson said. He also said they need to improve the down field blocking this week.

## Coach's Comments

By L.G. Wilson

The Whirlwind came out of a very physical game with Frenship with apparently nothing serious injury wise. Several players were pretty well bruised up but should be ready for this week's game with Post.

Post has a young aggressive team. Drew Kirkpatrick, quarterback, gives them a fine experienced performer who is equally adept at running and passing the ball.

Mork Holly at end was his favorite receiver last year and has already caught two touchdowns passes this year. They will swarm you on defense. They lost 7-6 to Lockney and defeated Colorado City 7-6. They traditionally play the Whirlwinds tough.

There will be a few line-up changes for this week's game.

Visitors at the Roy Fawver home have included Jonelle and Leslie Fawver, Gail Fawver of Plainview, Mrs. Grace Hamilton, and Mr. and Mrs. William Anderson. Mrs. Weldon Hammonds left last Monday for Canyon, where she is helping care for her new grandson, born last Friday to Gay Lynn and Chuck Carpenter. Mr. and Mrs. Bob Alldredge went to Plains last weekend to visit their son, Steve, who teaches fifth and sixth grades science. After spending some time with Steve, the Alldredges went on to Hobbs, New Mexico where they visited Bob's sister and husband, Mr. and Mrs. Ralph Trice. Mrs. Roy Fawver took food over to her niece, Mrs. Lovene Moore, last week. Lovene has had dental surgery recently. Mary Lou Quilantan accompanied the Whirlwind band to Dimmitt last Friday. Mr. and Mrs. Jimmy McLaugh and family went to Roaring Springs Ranch Sunday where they are members. Mr. and Mrs. Smokey Quilantan took a birthday gift of new clothes to their son-in-law, Oscar Santos, Monday. Mike Bishop brought a friend from Texas Tech home with him Saturday. The boys went to the Bishop's ranch at Roaring Springs for a week-end of dove hunting. They came back by the house Sunday for a meal cooked by mama before returning to Lubbock. Ponderosa brought out a load of meat to stock it this week. Mrs. Odell Breed has been putting up squash, cream peas and okra from her garden this week. Dee and Mark Sanders and Shay, visited Mr. and Mrs. Robert Pyle Sunday afternoon. Mrs. Choise Smith and daughter, Jodi, attended a 4-H meeting Monday night. Mrs. Frank Fite of Abilene visited her parents, Mr. and Mrs. W. Earl Edwards from Monday to Wednesday last week. Mr. and Mrs. Armand Cardinal of Boling, near Houston, visited recently with Mr. and Mrs. Earl Edwards. Mrs. Cardinal is the former Ona Conway, and grew up in Lakeview. Mrs. Dolly Cardinal of Lockney came with the visitors. A farewell to summer was a trip to Pagosa Springs, Colorado for Dean and Hunter Smith, sons of Judge and Mrs. Choise Smith. The boys grandparents, Mr. and Mrs. Flukie Smith of Lubbock, took them during Labor Day weekend fishing in the cold mountain streams, the boys caught twenty-five rainbow trout. How's that for stocking the freezer? Rains started Tuesday and fell slowly during the week. Great for wheat fields and pastures.

THE EXPRESSION ON THIS BOYS FACE could be that of "pure joy" or it could be a state of shock. But needless to say people of all ages enjoyed the Floyd County Fair.

"HANGING ON" was the main objective here as Clint Jackson tries his hand in the calf riding event, which was held in the Little Wranglers Rodeo.

Mrs. Murry Julian

September 15: Fall will soon be here, but hot temperatures still keep in the high marks. The rains came on Friday of week before last and the first part of the week, but although they will help to get the ground ready for wheat planting, it was too late to help the cotton very much.

Rain last Tuesday September 9th about all day long cancelled the Hobby Club Day in Lubbock, with the trip to the museum and the Dutch luncheon. It has not been rescheduled as of now.

Mr. and Mrs. Sylvan Kiniburgh left here Friday morning for Vera, where they spent the weekend with his parents, Mr. and Mrs. J.A. Kiniburgh, helping take care of them over the weekend. They were glad to find his mother doing fine at this time. They were home Sunday evening.

Many farmers there at Truscott and Vera are plowing up their crops, as it has been such a bad summer for them. The cool front which came in Tuesday, September 9th, brought the rain, and it was our first norther. Temperatures were in the low sixties all day, and all the rain soaked in the ground.

Mrs. Louzila Nichols came home the past Monday after she had spent the past week down at Sweetwater and Dallas with her daughter and husband, Mr. and Mrs. Ruby Jewel and Glen Whitfill. She went down there on Monday, Labor Day. The Whitfills took their mother with them to Dallas to visit her grandchildren, Mr. and Mrs. Terry Michaels, and when they came back home they attended a concert in Sweetwater on Saturday night, September 9th, entitled "Up With People" with an International cast from 14 different countries.

Lindsey Lackey, Bud Taylor, Royce Bethel, Rogene Bethel and Bobby Ramsey left here on September 4th by motor bikes for a trip to Colorado and New Mexico. They visited at the Royal Gorge, and spent two nights at the Mesa Verde National Park, and they spent one night in beautiful Ouray, Colorado, and another night at Montrose. They camped out four nights, but it began raining, and after the third day they had to spend some of their vacation at museums. They enjoyed the museums there at Mesa Verde Indian Reservation, and visited all the ruins of the Indians homes which are carved out of the canyon. They arrived back home on September 10.

proval of a budget execution committee that would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman and Vice-Chairman of the Senate Finance Committee, and Chairman and Vice-Chairman of the Committee on Appropriations of the House of Representatives.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to grant the governor power to exercise fiscal control over the expenditure of appropriated funds as provided by law."

Proposition No. 6 On The Ballot: Senate Joint Resolution 8 proposes a constitutional amendment that would allow the Governor who appointed a previously confirmed official to remove that official from office subject to the advice and consent of the Senate; and if the Legislature is not in session, to call a special session of the Senate which may last no longer than 2 days for consideration of the removal.

Proposition No. 7 On The Ballot: House Joint Resolution 121 proposes a constitutional amendment that would authorize counties with a population of 5000 or less to construct and maintain private roads if they impose a reasonable charge for the work.

Proposition No. 5 On The Ballot: House Joint Resolution 86 proposes a constitutional amendment that would allow the Legislature to exercise fiscal control over the expenditure of certain appropriated funds, subject to any conditions and limitations provided by law and subject to the approval of the voters.

Proposition No. 8 On The Ballot: Senate Joint Resolution 36 proposes a constitutional amendment that would change the jurisdiction and authority of the State's appellate courts. The amendment would change the name of the Courts of Civil Appeals to the Courts of Appeal and provide that these courts have intermediate appellate jurisdiction over both criminal and civil cases.

# WTSU To Hold Homecoming Festivities

Students, faculty and staff members, friends and supporters and alumni through 70 years at West Texas State University will gather on campus during Homecoming week, September 29 through October 4.

"West Texas - Heart of America" has been selected as the theme for the celebration which will include a parade, carnival, bonfire, Pigskin Review, alumni activities and an afternoon football game.

Campus organizations will offer food and drink, games and other activities at the carnival from 8 p.m. to midnight, Tuesday, September 30, in the Activities Center All-Purpose Room. To reserve space for a carnival booth, campus organizations must submit an application form and \$5 by Friday, September 26.

Organizations which wish to sponsor the same booth as last year must apply before Monday, September 22. Application forms are available at the Activities Center desk.

First, second and third place awards will be presented to the most imaginative and popular carnival booths.

The Pugskin Review, which features campus organizations in musical and comedy performances, has been set for 7:30 p.m. on Thursday, October 2, and Friday, October 3, in Mary Moody Northern Recital Hall. Tickets are \$4 for the public and \$2 for all students and children. Reserved seats will be available.

Performing will be five winners of the All-University Sing which was sponsored in March by Phi Mu Alpha Sinfonia and Mu Phi Epsilon music organizations and the New Day Singers.

The winning campus organizations which will perform include Chi Omega social fraternity for women, Phi Delta Theta social fraternity, WTSU Herdsmen spirit organization, Latter Day Saints Student Association and Dance Club. Prizes will be awarded.

Following the Thursday evening performance of Pigskin Review, the Homecoming queen will be crowned and the mountain of lumber collected for the bonfire will be torched. The bonfire will be lit at 10 p.m. in the lot near the tennis courts and university police station.

Persons wishing to donate wood for the bonfire may contact John Hasse at Jarrett Hall.

The bonfire also will feature a pep rally.

Floats, area bands, antique cars and other entries will parade through the streets of Canyon and campus at 10 a.m., Saturday, October 4. Capt. Ralph Moglia, assistant professor of military science and chairman of the parade committee, has invited 150 units to participate.

Deadline for entering the parade is Friday, September 26, and application forms are available from Moglia in the military science department at WTSU.

Bob Crudginton of Amarillo who attended WTSU in 1917 will head the parade as marshal.

First, second and third place award winners and a sweepstakes winner will be selected from parade entrants and the winning entries will be displayed at Kimbrough Memorial Stadium during the football game.

Barbecue and the trimmings will be served at 11 a.m. following the parade. Until 1 p.m., the meal will be served on the lawn area between the Corsette Library and Terrill Hall. Tickets are \$4 for adults and \$3 for students and children. WTSU students with meal tickets will be admitted free.

For the 1979 Homecoming celebration, 1,800

pounds of beef were cooked during the night in a pit near the stadium. More than two cords of wood were needed to cook the barbecue.

The football game, featuring the WTSU Buffaloes and the Aggies of New Mexico State University at Las Cruces, will be

an afternoon game beginning at 2 p.m. Halftime activities will include the WTSU Marching Band and the Alumni Band under the direction of Dr. Gary Garner.

The Class of 1930 will celebrate their 50th year on Saturday. Alumni may register at 8 a.m. in the

Activities Center. Coffee and doughnuts will be provided. The general membership of the WTSU Ex-Students Association will meet at 9:30 a.m. on Saturday.

Also during Homecoming, 24 area artists will display and sell their works to raise money for

football scholarships. The show and sale, sponsored by the Quarterback Club, will be from 7 p.m. to 10 p.m., Friday, October 3, and 9 a.m. to 1 p.m., Saturday, October 4, in the Activities Center Ballroom.

Dr. Allen Early, WTSU assistant professor of eco-

nomics, is chairman of the Homecoming committee, which includes representatives from several campus organizations.

Ponderosa Meat Company was established in 1964 by Johnny Harris Sr. Two years ago Johnny Jr., who had been in partnership with his dad, bought out his interest. The senior Harris now owns a packing plant in Paducah. Both men have been in the custom processing business all their lives. "The only thing we deal in is USDA choice and prime cattle," Harris said. "It is one of the key successes of our business."
