man of the First National Bank of Floydada has announced the election of Kelton Shaw to the board of directors and Ted Jordan as vice president and loan officer.

"In our continuing effort to serve the surrounding area as well as our local community, we feel that Kelton Shaw's knowledge of business and agriculture throughout the area will be a valuable asset," said Farris. "He shares our vital interest and belief in the future of Floyd County.'

A resident of Floyd County for thirty-one years, Shaw has farming and land interests, is owner of Patterson Grain Co., Lockney, and has an interest in Southwest Grain Co., Plainview. His business experience includes cattle and ginning operations.

A native of Vernon, Texas, Shaw graduated from Texas A&M University in 1949 and served in the U.S. Air Force during World War II.

Shaw and his wife, Sally, have two children. They are members of the First Baptist Church, Lockney.

Ted D. Jordan assumed the duties of vice presi dent and loan officer of the First National Bank of Floydada, on Monday, September 15, replacing Joe H. Cluck.

A native Texan with a background in farming, Jordan received a B.S. degree in Agricultural Education and Farm Finance from Tarleton State University, Stephenville, in 1973.

ets to the noon luncheon and plan to meet and greet these many out-oftowners. Make your plans now for this fun weekend. A complete schedule of all activities is listed elsewhere in this issue.

Another Foreign Exchange Student is planning to attend, that being Ana Maria Sonehara of Brazil. She contacted her Floydada parents, the Martin Easthams, just last week that she was coming home for Homecoming. A reception is planned for Ana Maria at the Community Room at First National Bank from 3:00 - 5:00 Saturday afternoon. The class of 1976 and other friends of Ana Maria are invited to attend and welcome her home. This reception is being given by Lucy Eastham and Jodie Eastham McGuire, assisted by Julie Ratheal Womack and Judy Chappell Lloyd.

Registration for Homecoming will be held in the foyer in front of the High School auditorium. Lunch tickets purchased through the mail will be distributed in the hall by the main trophy case, as well as some being sold at that time. It is preferred that every one buy your lunch tickets ahead of time so that the caterer can be given an accurate number of plates to prepare for. Dance/breakfast tickets will also be sold at \$5.00 each from the same loca-

Floydada Citizens **Look At Community**

22 Pages In Two Sections

By Janet Lloyd

EDITORS NOTE: This is the third article written giving the responses of the residents of Floydada to the Citizen's Questionaire compiled by the South Plains Association of Governments under the direction of the Women's Division of the Floydada Chamber of Commerce.

When 528 residents of Floydada took time to respond to the Citizen's Questionaire in August, they rated the housing situation in our community as one of the top ten areas that need improvement.

"Is housing readily available in your community?" Yes responded 28 percent, but 58 percent arswered no. "Is housing affordable in your community?" Forty-eight percent said yes, 31 percent answered no

and 21 percent did not respond.

"The housing is very poor here. You can't find anywhere to live or to rent and most of the time when you do it isn't decent for the price they want,' commented one resident.

Another person said, "If our city is to prosper and grow we need housing as bad as anything to attract workers to Floydada.

'Floydada needs apartment houses that people like me can afford. My house is too big for me, the yard is too much, bills are too high. There are so many widow women in this town who I feel are in the same boat. Are we going to be forced by the high cost of living to leave here and find smaller and less expensive places?" asked one woman.

' Liveable' housing (rental property) is very scarce, but I have no answer to the problem," said another. Thirty-six percent of those responding said that they

own their homes and six percent rent the home they live in. Of those who rent houses 36 have two bedrooms, 26 rents three bedroom houses, eight rent apartments, three rent one bedroom houses, three trailers and two rent four bedroom homes.

The largest number of those who own their own home, 243, have three bedroom houses, 109 own two bedroom houses, 24 own four bedroom houses, 17 trailers, three one bedroom houses and three own an apartment.

When the survey asked how many people live in your household, the responses were: one person lives in 93 of the homes responding, two live in 201, three live in 93, four in 81, five in 35, six in 55, seven in seven and eight or more in 10 of the homes.

"How many people are employed from your household?" In 129 households no one is employed, in 183 households one person works, two persons are employed in 140 households and three are more are employed in 30 households.

Sixteen percent of those who work commute to their job, this includes those farmers or agricultural workers who responded that they commute out of town to work. Seventy-nine percent said they work in Floydada.

Where do those who work outside Floydada go? The two cities that are benefiting the most from the Floydada work force are Plainview and Lockney.

Ninty-seven residents responded that they work less than 40 hours per week, 223 answered that they put in 40 hours a week on the job and 195 persons work over 40 hours a week.

The primary source of income for 143 of the 528 respondants is Social Security. Welfare recipients totaled five, 118 were involved in farming and 207 persons are employed at non-farm jobs.

New Businesses

When asked, "What kinds of new business, if any are needed in Floydada," the answers were as varied as those who responded.

Among those new businesses mentioned were: a restaurant, discount store, shoe store, another bank, TV repair, gas station, repair store, grocery store, to name just a few.

Appraisal Office Open In Floyd County Court House

It's given name is "Property Tax Code." It's legal name is S.B. 621 and it says among other things that every county in the state has to reappraise the property in their counties by 1982.

Also prior to 1982 the county is to name an appraisal board and that board is to "prepare for the district's operation by establishing, equipping, and staffing the appraisal office.'

The appraisal office has been established in room 107 of the Floyd County courthouse. Shelia Faulkenberry has been appointed as Deputy Appraiser for the Floyd County Central Appraisal Dist-

Since all counties in the state are under the Tax Code, the appraisal companies are being booked solid. Therefore the appraisal district contracted

with the taxing units within the district under the Inter-local Cooperation Act. Eleven different entities were included in the reappraisal of Floyd County. The reappraisal has just been completed.

Each of the taxing enti-

ties have set a tentative tax rate. The reason it is tentative is that the reappraisal figures are only tentative. Letters are being sent to taxpayers advising them of the appraised value of their property, tax rate, and taxes due. This is not a tax bill. It is to give the property owner a chance to appeal the appraised value of his property if he feels it is not correct. The letters will give meeting times with representatives of McMorries and Company, the appraisal

company. If a taxpayer is still not satisfied with the appraised value of his property he may meet with the Equalization Board.

After the meetings have been held, the taxes adjusted or not as the case may be, a final appraisal figure will be given to the entities and their tax rolls will be correct. At that time a final tax rate will be agreed upon and the tax statements will be sent

The appointment of the Appraisal Review Board has also been made. The board serves the functions of today's board of equalization. The review board consists of three members: J.R. Turner, chairman; Dorris Jones, and Chester Carthel. Jimmy Wilson was appointed as alternate.

The board of directors for the Floyd County Central Appraisal District will appoint a chief appraiser at a later date.

FARM & RANCH NEWS

Desiccating Dryland Cotton May Pay This Year

Premature opening of dryland cotton on the South Plains, brought about by the prolonged summer drouth, could cause significant losses of seed cotton, an Extension cotton agronomist warns. As a result, it may pay growers this year to make prompt and proper use of harvest-aid chemicals on the crop, he said.

"Most of the area's dryland cotton is opening rapidly because of the hot, dry weather," said Dr. James R. Supak, area agronomist with the Texas Agricultural Extension Service. "Most of this is premature.

"When this happens, cottons tend to lose a lot of their inherent stormproof characteristics. There is a danger that a lot of this cotton will fall out on the ground.

Because it still is far from the normal frost date for this area, which usually occurs between late October and early November, this year it appears it would pay producers to use harvest-aid chemicals, the cotton specialist said.

There are two types of harvestaid chemicals: defoliants and desiccants. True defoliants are relatively mild materials that act slowly and cause leaves to drop off. In contrast, desiccants kill the entire plant

'I'm sure that for much of the yland crop, with low yield potenmany growers will seriously consider harvesting without desic-cating," Supak said. This has been successfully done in the past when the bolls have matured under more normal climatic conditions, he said.

But with the drouth conditions this year causing premature opencontent in the harvested cotton can reduce the ginning efficiency; stain the lint, thereby reducing the grade, and result in heating which could further reduce seed quality, he cautioned.

'The best advice we can give growers is to check with their ginners to see if they'd be willing to gin cotton that hasn't been desiccated," Supak said.

Defoliants probably won't be of nuch value under current dryland

onditions, he added.

Desiccants cleared for use in this area are arsenic acid, Paraquat and sodium chlorate.

They should be applied when 80 to 85 percent of the bolls are open. "In many cases, the decision won't be cut and dried as to when to desiccate," Supak said. "Low spots in a field will appear greener and have a lower percentage of boll

Farm Bureau **Urges Members To** Vote In November

Floyd County Farm Bureau is joining other county Farm Bureaus across the state in an effort to get out a large rural vote in the coming November 4 general election.

Members who do not have valid voter registration cards are reminded to get them soon. The deadline for having the application for the card in the voter registrar's office at the Floyd County Court House is October 3.

Although Farm Bureau is strictly non-partisan, the organization encourages its members to become active in contributing money, time and work to the candidate of their choice.

The membership in the local county Farm Bureau represents a possible 1700 votes. The Texas Farm Bureau has more than half a million potential voters and the American Farm Bureau Federation represents a potential of almost seven million votes nationally.

open than does the majority of the

"In some cases it may pay to desiccate the portion of a field that's ready, and leave the remainder for later," he said.

The agronomist suggested that initially, producers stay with the recommended rates for the desiccant they are using. But he also recommended that the growers do a little testing to find the chemicals and rates most effective for their particular fields.

Rains such as occurred last week will stimulate regrowth, especially in heavily drouth-stressed cotton, he cautioned.

Lower rates of desiccants that were doing a good job before the rains will probably be inadequate as the cotton begins regrowth, Supak

Arsenic acid, at one to one-and-ahalf quarts per acre, would be the best chemical to use in this case, he said. If using Paraquat, start at the suggested rate (one to two pints per acre) and be sure to add a surfactant, he said. "If this rate does the job, you may want to try a lower rate to reduce expense."

Combinations of chemicals may also be used. He suggested a tank mix of arsenic acid (one to one-anda-half quarts per acre) plus Accelerate (one-and-a-half pints), an additive to enhance the desiccant activity. Also, the tank mix of Paraquat (one-and-a-half pints per acre) plus Accelerate (one-and-a-half pints per acre) has been effective in some

In rank cotton with heavy foliage,

coverage is essential for good desiccation, he said.

With ground applicators, use rigid drops on booms and increase spray volume, Supak advised. Use three nozzles per row if cotton is lower than 24 inches tall and five nozzles on taller cotton.

An alternative would be split applications of Paraquat (a half to one pint per acre) made seven days apart, or first apply a defoliant (such as Def-6 or Folex) plus Accelerate and follow that five to seven days later with Paraquat. That removes top leaves and allows better spray coverage of remaining

If applying arsenic acid with a ground rig, he recommended a higher gallonage of total spray be used (20 to 25 gallons per acre) and that only 20 to 30 pounds per square inch of pressure be maintained to produce larger droplets.

With Paraquat, he noted that spray volume could be reduced (10 to 15 gallons per acre) and pressure be increased (40 pounds per square inch) to decrease droplet size.

Also, arsenic acid requires warm, sunny conditions for maximum effectiveness, whereas Paraquat is less sensitive to temperature and humidity.

'With all chemicals, avoid application during windy conditions to reduce drift," Supak urged. Further information can be ob-

tained by visiting your county Extension agent and requesting Extension publication L 145, "Cotton Defoliation Guide," the agronomist said.

ing of bolls, excessive green plant "Cattlex" Computerized **Marketing For Cattlemen**

A new computerized cattle marketing project called "Cattlex" (for Cattle Exchange) has been launched by the Texas Agricultural Extension Service and Texas Agricultural Experiment Station of the Texas A&M University System and the U.S. Department of Agriculture.

Cattlex is currently in the demonstration and experimental stage for the purpose of developing trading techniques and operating procedures for computerized cattle marketing. The test project will run daily for nine months. Computer terminals have been set up at 18 different locations over the state to link together feedlots, order buyers and auction markets. Locations were selected based on cattle volumes and density as well as economy of operation.

To use the system a producer requests a grader from a computer terminal location to list and describe the cattle he wants to sell. The description and listing fee is about \$1 per head payable before the lot is offered over the computer system. Included in the description are such things as sex of the cattle, age, grade, breed, weight and flesh condition. A seller may also put a "no-sale price" on the lot which means that he does not want to sell for less than a certain price.

This information is then consolidated and transmitted by way of a cathode ray tube (CRT), a television-like screen which is a part of the computer terminal. The terminal can also produce a printout of the information.

Each day before the sale begins, buyers gather at the terminal site to review the day's listings on lots of cattle offered for auction. When a sale is made, a printout at both the buying and selling terminals will present a confirmation of sale. Both buyer and seller will also receive a copy of the individual description of the lot. Title transfer is at the time of official weight for ranch cattle and after the sale for delivered

With Cattlex, buyers still bid competitively and sellers still seek the highest possible price. However, the system expands the scope of trading and reduces transportation and stress through more direct movement. Sellers have the advantage of more purchasers while buyers have more lots of cattle from which to choose without scurrying over the countryside.

Recent trends toward more local auction sales as well as direct selling on farms and ranches has resulted in more dispersed, lowvolume markets too small to attract large numbers of buyers. However, Cattlex centralizes the price negotiation process in marketing livestock without the costs involved in physically centralizing buyers, sellers and livestocks.

An added benefit of Cattlex is that it provides fast, up-to-date market information. Interested parties can watch the market as it occurs over the state or nation by simply viewing the CRT at the terminal site.

For more information on Cattlex, call the Floyd County Extension Office at 983-2806.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national

The grain markets on Wednesday afternoon were: Milo/cwt. - 5.60 Wheat/bu. — 4.10 Soybeans/bu. — 7.20 Corn/cwt. — 6.00

There were no cotton contracts offered today. The October futures were at 88.53.

your attention to our views. Toby & Jean Williams Capada Theatre Floydada, Texas Dear F.H.S. Exes

Homecoming, 1980 is this weekend. Events will be on Thursday, Friday and Saturday, with the main activities scheduled from the same of the activities scheduled for all day Saturday.

Over 2400 letters were mailed to exes who live outside Floyd County. Approximately 475 of these folks are returning to Floydada for the weekend activities. A lot of money was spent mailing these letters, and the exes will be out the expense of traveling home to Floydada. We local exes owe it to them to turn out in large numbers to greet them - for they are coming home

Make your plans now to attend these activities. Surely we can set aside one day if the out-of-towners can spare the entire weekend for travel to and from Floydada. Tickets are still available luncheon if you desire to eat with the gang.

Thank you, Floydada. Tickets are still available for the noon

Your Ex-Student Association

Over Coffee By Shelly Harris

This issue contains the last of the citizens survey results and it's a long one. We have reported the questions and their answers in the order they were listed on the questionaire. The questions were aimed at the needs in Floydada. The last part of the form dealt with the things that people like and admire in our town. So Janet Lloyd has done the wrap-up of the survey so that we could include the positive along with the negative. Janet has

our neighbors about the questions that concern us Many people have worked hard on this project. The point we're at now is only the beginning. It is going to require more work. Each one of us is going to have to look into the matters that we personally find remiss. Then we are going to have to see where we fit into a

worked very hard to bring

all of us the thinking of

weaknesses. After the Women's Chamber of Commerce meeting in which the South Plains representative gave the compiled results and the questionaires to the group, Janet came by the Hesperian. We discussed how to present the findings to you. We agreed that the only way to go was to "tell it

program to strengthen our

like you said it." The comments that Janet used were the most representative Some comments weren't used because there were not enough of that opinion to make it representative. Some weren't used because they were frankly slanderous.

There were many suggestions that are just not financially possible to carry out within the economic limits of a small town. No one suggested that we have a daily newspaper here, that is obviously impossible. Yet, I'd like nothing better than to give you fresh news every day, and to have the staff to gather that news. But

we are limited. Recreation was shown to be a major need in this town. A theatre that's open every day was sugrested. Jean and Toby Williams have submitted a well written letter to the editor explaining the restrictions placed on them by the film companies and why it is just not possible

for them to provide the billing that say, Plainview can. They stand almost alone in trying to provide entertainment for our town. It is up to us to support them.

Many of the civic projects suggested are not within the realm of possibility for a small town. The past two weeks I have sat in on meetings of the School Board, the City Council and the Commissioners Court and watched as they labored over their budgets. They were cutting where ever they could, worrying that they wouldn't be able to provide the services the community needs and still keep the tax rate within limits. (They all pay taxes too.) Their hands are so tied with governmental regulations and expensive required government programs it is hard to be-

You expressed a desire for better housing, merchandising, health care and all of the other needs that are so hard to fill in a small town. And yet we all prefer to live in a small town. To us its advantages far out weigh its disadvantages.

So what do we do? Resign ourselves? Shrug our shoulders? Figure that's the way it has to be? The greatest enemy of a small town is apathy.

Sure the survey results caused a stir. It was meant to. There are things we can do in a small town to make it even better. Statistics prove that, the better the town the more anxious they are to find their own faults and correct them. The stronger the town the more ready they are to mend their weaknesses. That's why a town like Floydada responded to the questionaire. That's why you "told it like it

was. We are limited only by our imaginations. Restricted only by our own energy level. If you can't hear the tornado warning system, go the to the City Council and tell them. Push for animal control. Find out what your schools are doing and work with them. Vote in November. If you want a certain kind of merchandise tell the store owner that if he'll provide it, you'll buy it. Write letters to the editor. Now that we're all stirred up let's get this cake in the oven

Floydada Citizens Look At Community

Continued From Page 1

Shopping At Home

Price and variety were given as the main reasons why many shop outside of Floydada. One hundred forty-six persons said they purchase

groceries outside of town because of the price, but only 46 believe better variety lures them to larger cities in the area. Nine persons responded that the service is better at out of town grocery stores.

Two hundred twenty-six people said that they buy their clothing out of town because of price, and 197 for variety. Eighteen believe that the service is better. When 112 people purchase an appliance out of the city they believe that the price is better, 51 said the

variety is better and 29 believe service is a factor. Vehicles purchased outside Floydada are believed to be cheaper by 101 persons, 48 are looking for more

variety and 31 more service. Farm equipment is purchased out of town by 12 persons who said the price is better, two for variety

and two for service. As we look at the results of this question on the survey, we see that the merchants of our community are offering good service to the majority of those who

responded to the quesionaire. One person would like to know why the price of gasoline in Floydada is higher than in surrounding

Another commented, "I enjoy shopping here-merchants and salespersons are friendly and helpful. Personal attention and better service after the sale. Merchants act as if they really want your business-not like you are just another 'chore'.'

"I think there should be a 'shop-at-home' campaign. We lose good businesses (such as Beall's) because so many people go to Lubbock and Plainview automatically, (as a habit) without looking for what they want in Floydada. Sure, we may pay more here, but it's very expensive to drive 30 minutes or an hour to shop. Even more important, it takes so much time. I would like to see the 'downtown' area buildings utilized rather than see new buildings go up. Empty storefronts are a negative factor in appearance and attraction," responded one resident who also answered that "we buy 90-95 percent in Floydada.'

The last page of the questionare was left blank so that the citizen's of this community could express any comments that they felt were appropriate. (This is the page many of the comments in the three articles have been taken from. They were written by you the residents of this community.)

We would like to share other comments which may not have been covered in the articles.

Stray Animals

Of great concern to many residents in all sections of the city is the number of stray dogs that roam the

One person said, "Floydada is full of dog problems. They have the regulations, just need to be enforced."

We need to get rid of the stray dogs. It gets old to have them in your yard and use it for a bathroom, also it is bad when you can't get out and walk for them. If people want a dog they should keep it in their own yard or on a leash," commented another.

"People who work hard all day, don't want to listen to barking dogs all night," said another.

Several believe that some form of light manufacturing, preferably non-agricultural is needed. One person had two suggestion, "An onion

dehydrating plant and a gasohal plant. "Factories that will bring more people to our city, a business that will employ more persons," commented

one resident. "Factories where you can earn a decent living, like a sewing factory or something like a meat packing place. State schools for mentally retarded people,"

As we looked at the comments regarding new isinesses those remarks related to jobs could not be overlooked.

One resident responded, "We need more job opportunities for women. There are few jobs for women in our community and even when one opens up it is taken in a matter of hours.' "The jobs are poor."

"The prices most of the employers want to pay are so cheap until you don't make anything after working all the week and killing yourself."

"These cafes won't pay the minimum wages and most other people won't either," commented another. "We need to create more jobs in our community. We are growing, but there aren't enough jobs to keep

people here for very long," believes another.
"Wages in certain occupations for women should be comparable to those paid in surrounding communities" said another.

"It would be a lot better for young mothers on welfare to have a job. There are lots of women who can't work and are not getting a dime but they're trying to work... Consider me please about the jobs. Thank you.'

City's Appearance Several persons remarked that the overall appearance of Floydada needs to be improved.

"Generally, Floydada is a nice clean city and community, with the finest and friendlist people that can be found."

Our Town

Elementary Duncan PTA will be having an Open House Monday, October 6, at 7 p.m. This will be a time for

parents to visit classrooms and become acquainted with teachers. Refreshments will be

served by executive committee.

Adult basic education classes will begin October 6 at 7 p.m. in the High School at 618 S. Tree.
Detailed information

will be in next week's Hesperian or you may get more information by calling 983-3337 after 4 p.m. weekdays.

The Friends of the Library will meet Tuesday, September 30 at 5 p.m. in the Floyd County Library.

This will be the first meeting of the year and new members are invited to attend. The program will be a

panel discussion on "A Look at where we are Where we are going."

LOCAL FHS EXES

Remember that out of town exes come to Homecoming to see YOU. Attend the events of the day and greet those coming long distances to renew your friendship.

"There needs to be a lot of old unsightly cars and junk removed and cleaned out of the city," commented one person.

Another believes "The town needs a sharper look. It looks drab and dirty when you drive through.

Tear down old houses along the highways. Take a good look at weeds and trash. If this was not your home would you want to live here?" asked another.

"I think old houses that can't be lived in should be torn down by the owners."

There is only two comments I would like to make. 1. Is about all the tall weeds in town. They need to be cut down so we can have a cleaner town. 2. The street over by Cedar Street needs to be paved.

There are alot of people that use it, so it should be paved," wrote another. "I wish more people in our town could paint and

improve their houses, but I'm afraid this is due to financial problems. Also, many yards are not cared for adequately which is probably due to the fact that people cannot afford hired help and are unable to do it themselves.'

One person commented about a tradition in the community which has disappeared.

Years ago a bench sat in front of the bank. When the bank was remodeled some years ago, the bench was removed. It happened that this was a meeting place for all the old timers who were retired. We need a bench again for those old people to meet and talk and for them to greet young people. It seems that progress must always hurt someone. Why the bench was a problem I will never know. This was the only thing some of those old men had and it seems sad to have taken that away from them. Senior Citizens has helped but it does not provide daily contact which someone alone needs,'

wrote a resident of 20 years. Another resident of almost two years asked, "Why ne parking in center of streets?"

The transportation of alcohol needs to be stopped! After all this county is dry, but no one could tell by spending one weekend here," wrote another citizen.

Things People Like

"Today I lost an air conditioner on a busy street-before I could get the car stopped, two boys stopped to help me load it. Things like that. I'm not afraid of being mugged," wrote a resident of 17 years in response to the question, "What are the things you like about Floydada?' In response to that same question another said

Floydada is in the middle of fishing country. Another said, "The newspaper, friendly people,

businessmen who are truly interested in the customer," are the things he likes about Floydada. Commenting on the newspaper, one person wrote, "Our paper has improved and is really very good!

Shelly Harris is doing an excellent job. "Floydada is a very small nice place to be. Even though it's small it has a little of everything," believes

one resident of only five months. "I feel many of the services provided are above the usual for a town of any size and I feel if I were dissatisfied with the services that I could talk to the responsible party and possibly get an answer and improvement," another said.

Floydada, what are the things you like about your city? The people, it's a small town, honest, clean, friendly, has less crime, less traffic, is close to your work, with good schools, churches, friendly merchants and a safe place to live.

Community Needs

What do you feel are the needs of your community? You responded with more recreational activities and new industry and businesses from restaurants to barbers. You would like to have more doctors and nurses with better faster ambulances in the way of health care. The elderly need a retirement center and cheaper medical care. Some believe the emergency room could give better care.

Many said they cannot hear the tornado siren, that we need to move the library and look for new water sources. The need for more community activities and municipal groups are desired by some residents.

The need for a bus stop and service can be seen by several. Downtown renovation of old buildings and a general city-wide clean-up by all is believed needed by

Activate the Industrial Development Committee and get the city out of the light business were pleas from

Care for the elderly, providing Meals on Wheels and a Day Care Center for children.

Some see the need for overnight camper hook-ups and more services for minorities. When all the needs were tabulated the ten that stood

out the most as voiced by you were: street repair, housing, the tornado system, recreation, industry, health care, school system-vocational training, insect control, animal control and water.

Comments

We have tried to give you some of the comments concerning each of these ten areas as we have gone through the citizens' survey question by question. It is the desire of the Hesperian that the people have a chance to read the results for themselves, realizing that none of the needs can be corrected without the cooperation of each citizen, business, the mayor, City Council and all the civic organizations of our city.

h o i

We also recognize the fact that many of you may believe the questionaire was a "grip sheet." But, must we be like the ostrich with our heads buried in the sand, not willing to recognize the cry of our neighbor who wants and needs a job that can only be provided if we, the citizens of Floydada, actively recruit a new industry for our community.

With inflation running ever higher, the fact that more and more women are entering the work force of America, can only mean the loss of families for a community the size of ours if the wife must work and faces a closed job market.

The survey revealed a large number of Floydada residents who are living on Social Security or pensions. These people have needs that must be met, but often

they remain quiet. Yes, Floydada has problems, but none to great that working together we cannot overcome them.

"I'm just so thankful for Floydada and for the great folks that are here. It's great to know that someone cares enough to have a survey like this. Makes me feel better just to know some of you. Thanks gals, you do great work," was the belief of one resident.

We join another resident who wrote, "Floydada is a good place to live. Thank the good Lord he has let us

Next week we will look at the survey that the businessmen responded to.

MR. AND MRS. ROB EVEREIT

Chandler, Everett United In Home Ceremony

FLY RIGHTS You can be compensated by the airline if you are involuntarily "bumped'' from an overbooked flight or if your luggage is

The Civil Aeronautics Board says that passengers involuntarily "bumped" from overbooked flights are due denied boarding compensation of up to \$200. And that compensation doubles if you cannot be rebooked to arrive at your destination (if in the United States) within two hours of your original schedule.

A new procedure allows airlines to ask for volunteers to give up their reservations for a payment from the airline. The amount of this payment is negotiated, so you may want to accept less than another passenger to give up your seat, or you may want to hold out for more money. Those left behind after volunteers relinquish seats are due "denied boarding compensa-

Lyles-Acridge Repeat Vows

Mr. and Mrs. Marvin Lyles of Benton Ville, Arkansas are pleased to announce the marriage of their daughter, Deborah, to Michael Lee Acridge, son of Mr. and Mrs. M.L. Acridge of Bartlesville, Oklahoma.

The ceremony took place September 5 at 6 o'clock, with only immediate family members attending.

The bride wore an offwhite street length dress trimmed with navy and rust, and carried a fall bridal bouquet. For something old she wore a gold band which had belonged to her grandmother, and for something new, she wore a pair of earrings given to her by the grooms parents.

The bride is director of New Store Merchandising at the Wal-Mart general office and the groom is manager of the Highway 71 Wal-Mart store in Bentonville. The couple will reside in Bella Vista.

Deborah is the granddaughter of Mr. and Mrs. C.B. Lyles of Floydada and the late Mr. and Mrs.

Christian Women's Fellowship Hold Meeting

Double-Ring Ceremony Unites Terri Dunn And Jay Amburn

Dunn, daughter of Mr. and Mrs. Gary Dunn of Tulia, became the bride of Jay Amburn, son of Mr. and Mrs. Glen Amburn of Tulia, Saturday, September 6, in the First Baptist Church of Tulia. The Rev. Charles Davenport officiated the double-ring cere-

The candlelight ceremony was performed before an archway of greenery and pink silk roses centered before a table laid with the Amburn family Bible and the unity candle. A pair of fifteen candelabras flanked by baskets of pink and burgandy silk roses and eight individual candles completed the altar setting. Pews were marked with ribbons of the bride's chosen colors, pink and burgandy.

Organ music was presented by Mrs. Tom Davenport. The couple's chosen songs, "Sunrise, Sunset," "Twelfth of Never," "We've Only Just Begun," and "That's The Way," were sung by Tommy Stewart.

Escorted down the aisle by her father and given in marriage by her father and mother the bride wore a formal gown of white silk organza with an underlay of peau de soie, fashioned bodice of Chantilly lace over organza with a sweetheart neckline edged with Chantilly lace encrusted with pearls and sequins and long tapered sleeves with bands of lace over ruffles. The bell shaped skirt with a flowing chapel length train was edged with a band of Chantilly lace over a ruffle. Her mantella was of silk illusion bodered with Chantilly lace medallion highlighted in the crown with pearls and sequins. To complete her wedding en-

semble she carried a bou-

quet of pink and burgandy silk roses and a red rose for her mother and the

groom's mother. In keeping with tradition she wore the engagement ring of her late grandmother and carried a linen handkerchief of her great-great grandmother for something old, her wedding dress was new, she borrowed diamond earrings from her aunt, and a garter for something blue. In her shoe she wore pennies minted in the years of the

couples' birthdates. Sammie Choate of Levelland attended the bride as maid of honor. Bridesmaids were Leslie Doty of Levelland, Cinde Roderick of Amarillo, and Kerrie Kelley of Dallas. Dressed identical to them in a dress of pink silk organza overlaid with peau de soie and matching pink picture hat was the flower girl, Tyneal Simon.

Attending the groom as best man was his brother, Ronnie of Mineral Wells. Groomsmen were Terry Amburn of Amarillo, brother of the groom, Warren Cope and Brent Mate, both of Tulia. Dressed identical to them in white tux and pink shirt was the ring bearer, Jeff-

ery McClendon. Allen Parsons and Kelly Dunn, brother of the bride, served as ushers. Dressed like them in burgandy tux and pink shirts were the candlelighters

Steve and Jeff Brown.

RECEPTION A reception was held immediately following the ceremony. The bride's table with a centerpiece of pink and burgandy silk roses was laid with white chiffon overlaid with white lace. The wedding cake trimmed with pink roses was topped with the traditional bride and groom. The groom's table laid with a beige eyelet cloth held two heart shaped chocolate cakes.

Jana Barns and Deborah Finney served at the bridal table. Kathy Amburn, sister-in-law of the groom, served at the groom's table. Dressed identical to them in a dress of burgandy with pink rose background was D'Fawn Marshall at the registration table.

In addition to the bride's grandparents special guest for the wedding were the groom's grandparents, Mr. and Mrs. Foster Amburn of Cany and formerly of Floydada. Other out-of-town guests were Mr. and Mrs. T.W. Amburn of Amarillo; Mr. and Mrs. J.L. Amburn of Lubbock; Mr. and Mrs. T.W Lafayette of Fort Worth; Mr. and Mrs. R.C. Henry of Waco; Mr. and MRs. R.F. Jones of Waco; and Mrs. Lynn Ely of

After a wedding trip to San Antonio the couple will reside at 622 N.

open mind.

Breezers Loose To Post

The eighth grade Breezers faced Post for their first game of the season last Thursday at Post. The first half was an unscored contest. In the second half Post rolled up two touchdowns to Floydada's one and the game ended with a 12-6 score in favor of Post.

Breezers moved deep into Post territory at the first of the third quarter. With the ball on the one yard line a series of penalties against Floydada used up the downs. A quarterback roll took Derrick Jenkins out of the game with a bruised elbow.

David Morren filled in as quarterbak, but the game plan changed. With 40 seconds left in the third quarter Post scored with a 30 yard pass. The PAT failed. Score was 6-0. Post racked up another TD, missed the PAT and the

Breezers trailed by 12-0. With two minutes into the fourth quarter, Darrell Martinez on a kick off return, broke four tackles and ran 80 yards to score for the Breezers. Try for the extra point was no good and the game ended 12-6.

Coach Jeeters commented that Conditioning was their biggest problem, "they just ran out of steam the last half" he said. This weeks practice will concentrate on conditioning routines. "With only three weeks of practice it's hard for the boys playing both ways," he said.

Coch Jeeters said that he will be using more players in this weeks game with Olton to keep the team fresher. Quarterback Jenkins "is back in top shape" for the game to be played in Floydada following the seventh grade game Thursday night.

President Alton Higginbotham will conduct a business meeting about 11:00 Saturday morning followed by the Memorial Service. Anne Swepston is in charge of the memorial service. Various class meetings and organization receptions will be held all during the afternoon and many parties will be held in homes after the activities finish at High School.

An aftergame party for the classes of 1966-1967 will be held at 112 Mae Ave in the Gene Smith home following the game Friday.

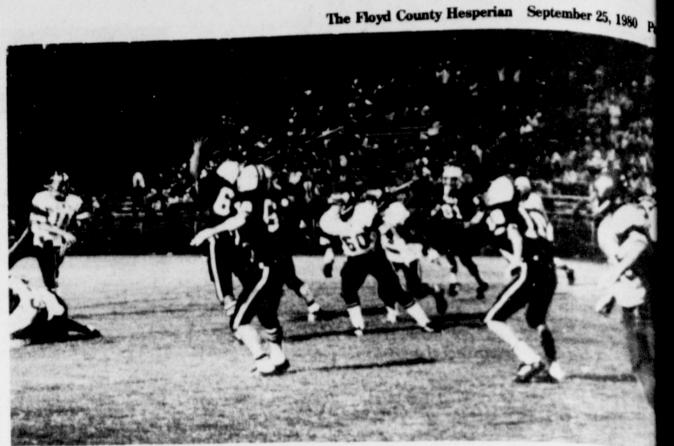

Remember, our 1980 Homecoming will be a success only if people come to renew acquaintances with these out-oftown exes. See you Saturday, FOR SURE.

COME OVER & SAVE

He cited the recent football trip promotion and the Chamber sponsored **Be A Winner** televised showing of the Whirlwind football games as examples of Chamber activity. He said that he had not With Lucky Stars seen the actual survey questionaires. The survey Barrow referred to was the one conducted by the Women's Chamber of Com-At Buddy's Food merce at the request of the City Council. 588

TODD BEFDY PASSES TO CARLOS RAINWATER in the corner of the end zone for a Whirlwind touchdown against Post.

Winds Score On Pass Play

The Winds took their first loss of the season against Post last Friday night in their home stadium. Final score was

The first quarter started out slow as the teams tested each other. Half way into the quarter the Winds took possession of the ball on their own 35 yard line and began a 60 yard march that ended the quarter with the Mean Green on Post's one yard line.

It was a fine down field march with Mike Self or Norman Allen battling for short yardage each play. Exception was a fine broken field running play by Bruce Williams for a 23 yard gain.

Start of the second quarter and Self was over but the touchdown was nullified because of a 15 yard penalty. Another five yard penalty for too much time put the ball on the 20 yard line in fourth down position. An incomplete

pass and the Winds surrendered the ball. end of and Flo

On the last play of the second quarter Post went across for a touchdown. They attempted a conversion but a penalty called for another kick. This one was good and score at the

end of the half was Post 7 and Floydada 0.

A 15 mph southwind bothered kickers and passers on both teams. Post scored another touchdown in the first part of the fourth quarter and picked up the extra point for a 14-0 score.

Floydada pushed Post territory. B passed to Rainwateri end zone for the W touchdown. Self ran ball across the goal for a two point conver Game ended with a cof 14-8.

Coach's Comments

By L.G. Wilson

"We were flat," Coach L.G. Wilson said of the Whirlwind game with Post, "just not mentally up for the ballgame."

He went on to say that anytime a team isn't ready for a ballgame it results in injuries. There were several bruises and

ankle injuries.

Darrell Gooch, tackle, suffered a knee injury that may keep him out for the rest of the season.

rest of the season.

Most of those who suffered ankle injuries will be

back next week.

Jeff Rainey probably

Olton. The injury he suffered two weeks ago was aggravated last week.

Wilson said that Olton has the best team we've played this year. They are a veteran team with 15 seniors in their club. They have eight starters on both offense and defense back from last year.

"They have gotten off to a real good start this year. They have confidence and are built up." Wilson said. "There is no danger of them letting down. They always get up for Floydada regardless of what their record is." They are a real defensive team. This ses concern for the V wind team since they had trouble moving

ball this year.

"The boys seem of mined to iron out problems that have fronted us this year.

Wilson said. "We had real good wor preparing for the Head of the seem of the se

Floydada JV's **Humble Post 26-0**

Floydada JV's are trying to act humble this week after their 26-0 sweepover of Post last Thursday. Game was played on their home ground.

In the first quarter Mike Salazar scored off left tackle from the one yard line. The PAT failed.

A 15 yard run around left end put Salazar over another outstanding game the goal line again in the second quarter. A Marty Covington pass to Salazar for the PAT gave the JV's

Grant Turner barreled his way up the middle for one yard and a touchdown in the fourth quarter. The PAT failed.

A 40 yard pass from Covington to Salazar chalked up another score for Floydada. PAT failed. Final score was 26-0 in the JV's favor.

The defense played by not allowing Post inside the 30 yard line. The Jr. Varsity goes to Olton this Thursday.

of Lubbock who will be flying a custom built clipped wing cub and Mark Danielson of Lubbock who will be flying a powerful steen skybolt biplane.

Vintage World War II aircraft will be on hand including a rare navy Corsair fighter. Members of the Experimental Aircraft Association will have a variety of aircraft on display as well as in the air.

An army special forces team from Ft. Sill, Oklahoma will put on a mock helicopter assault. Skydivers, hot air balloons, and radio controlled model aircraft will add to the crowds pleasure. Antique, classic and homebuilt aircraft will be on static display.

The show is sponsored again this year by the Plainview Kiwanis Club and the Experimental Aircraft Association. Admission will be \$2.00 for adults and \$1.00 for children under 12.

OBITUARY GEORGE L MYERS Services for George L

Myers, 68, were at 10 a.m. Saturday in First United Methodist Church, with the Rev. Charlie Lummus, pastor, the Rev. Ray Copeland, a retired Methodist pastor and the Rev. Ron McMullen, pastor of Faith Baptist Church of Amarillo, officiating.

Graveside services were at 3 p.m. Saturday in Lockney Cemetery in Lockney. Arrangements were by N.S. Griggs and Sons Funeral Directors of Amarillo.

Mr. Myers was born in Lockney and was a retired bricklayer. He was a member of the First United Methodist Church and of the 32nd Scotish Rite of the Masonic Temple.

Survivors include his wife, Elizabeth Myers of Groom; two daughters, Sandra Cole of White House and Mary Wood of Groom; a sister, May Mudgett of Lubbock; and five grandchildren.

EUTIQUIO OCHOA

Services for Eutiquio Ochoa, 75, of Floydada were at 10 a.m. Tuesday at St. Mary Magdalene Catholic Church with the Rev. Joe Bixenman, pastor, officiating.

Burial was in Floydada Cemetery under direction of Moore-Rose Funeral Home.

He died at 2:30 p.m. Sunday at Caprock Hospital in Floydada after an illness.

He was a native of San Fernando, Tamaulipas, Mexico and had lived in Floydada since 1963 moving here from Weslaco.

Ochoa was married to Alifonza Sanchez, August 28, 1928, in Edinburg. He was a retired barber and a member of the Catholic church.

Survivors include his

children.

He was a lifelong resident of Floyd County. Fawver was married to Flora Anderson October 8, 1916, in Floyd County. He was a retired farmer and a member of the First Baptist Church of Floydada.

Survivors include his wife; two sons, Leslie and Carlton, both of Floydada; a daughter, Evelyn Golightly of Dallas; three brothers, Claude and G.L. both of Floydada, and Marvin of Arkansas; a sister, Annie Jewel Willis of Abilene; seven grandchildren; and 11 great-

grandchildren. Grandsons served as pallbearers.

FREDRIC DEVRIES

Fredric deVries, 78, of Amarillo, died Wednes-

Services were at 10 a.m. Monday in Black-Memorial burn-Shaw Chapel, with Lyndon Latham, of West Amarillo Church of Christ, officiating. Graveside services were at 2 p.m. in Lockney Cemetery in Lockney.

Mr. deVries, born in Benton Harbor, Michigan, moved to Amarillo 20 years ago. He retired from Greyhound in June.

He was president of Art Enterprises Inc., a member of West Amarillo Church of Christ, the Amarillo chapter of American Business Club and the area Professional Photographers Club. He was a graduate of the University of Wisconsin.

Survivors include his wife, Lera; a daughter, Dora Ann Walber; a stepson, Dr. Thomas E. Jackson of Wilmington, Delaware; a stepdaughter, Dorothy Jackson of Wilmington; a sister Agnes Martin of Whittier, California; and a grandchild.

Scholarship Competition Announced

All high school seniors in the State of Texas have an opportunity to compete for cash scholarships to be awarded the winners of a statewide essay contest sponsored by the Air Force Association of Texas. Three scholarships of \$1,000, \$750 and \$250 value will be presented to the authors of the top three essays respectively that are written on the topic: "National Defense Whose Responsibi-

The AFA-Texas/Earle North Parker Scholarships are awarded annually. This year's essays should be original, and from 500 to 600 words long.

Any high school senior

wishing to enter the contest should contact First Lieutenant Norma L. Holland, 64th ABG/CCE,

Reese Air Force Base. Texas 79489. Telephone (806) 885-3520 or 3655 for an official contest entry

All entries must be submitted by November 30, 1980. Each essay will be evaluated by the scholarship awards committee of the Lubbock AFA Chapter. The winner will

REMEMBER loved ones with a living memorial to the Caprock Hospital Auxiliary Memorial Fund. Mrs. Ben White aker, Treasurer

be announced in mid-January 1981. The Lubbock AFA Chapter winner will receive a \$100 Savings Bond, and the winning essay will be forwarded to the Texas state office where it will represent the Chapter in the state-wide competition with the other eighteen chapter winners.

'Unsung, the noblest deed will die.

REMEMBER oved ones and friends with a memorial to Lock ney General Hospital Memorial Fund. These memorials go toward equipment to help serve our community in the best way possible.

Facts Va Jerry Perry

One of the problems faced by any farmer keeping laying hens may be solved as the result of new processing a marketing research recently completed in New York State. The problem is the insignificant market value a hen has after her laying days are over. Traditionally, its only been about five or ten cents a pound. Now researchers say they have developed a processing method where a tough old bird becomes a likely candidate for a chicken burger. Frozen Minced Chicken was sold successfully in a testmarketing drive in two areas of New York at prices comparable to hamburger. Promoters of the minced chicken say it can become the main ingredient in dishes such as: chicken tacos, chicken noodle casseroles, chicken burgers and chicken chili. It could also be an important ingredient in increased profits for our egg

the Village

John Knox Village of West Texas, the only nonprofit life care community operating on the South Plains, opened its doors to new residents on October 5, 1975. The huge six wing building had been designed in 1964 to be a dormitory for students attending Texas Tech. Student housing requirements were altered soon after its completion, thus reducing the need for this

facility to be used for

student housing.

The building stood vacant until February, 1973 maintained by only one man, Bill Johnson, and his police dog. Mr. Johnson his police dog. Mr. Johnson continues to direct

security at John Knox Village of West Texas. In 1973 an attempt was made to use the building as the Matador Retirement Home. This attracted few people who soon found themselves stranded. They appealed to Dr. Kenneth Berg of Christian Services International, Inc., to take over and redirect the course of this Retirement Community.

This has been accomplished. Where only 245 living units were originally visualized there are now 429. Capital improvements during the past five years have been six mildollars. Approximately one hundred men and women, with an anpayroll of over there.

\$900,000., are employed to serve the almost five hundred retired persons

living in the Village.

Jewel Reeves, Wanda O'Neel, Mr. and Mrs. Harry Marckle, Norman and Louis Hamilton, Maurice Burton, Mr. and Mrs. Carl Minor, Louelle James, Ruth Williams, A.D. Cunningham, J.B. and Maurne Jordon were former residents of Floydada. They will welcome old friends to come to John Knox Village of West Texas' fifth birthday celebration.

FLOYD DATA Maggie King left from Lubbock, by plane, on the 18th for Fort Collins, Colorado to visit her son and wife, Mr. and Mrs. Earl Bates. She plans to be gone two weeks.

When she talked to Earl the morning before she left he said it was snowing

Hints That Help

AVOID GETTING BITTEN BY A BARGAIN

IN A BOX A lot of mail order promotions these days

don't tell you the name of the outfit making the offer. All you know is what's for sale, the price, and the box number you're supposed to send your money to. If you're queasy about buying something without knowing who's sellingparticularly if it's an item costing \$10 or \$20 or more (and many offers are for this much)—here's what to do: Write the postmaster at the post office where the box is located and ask for the name of the box renter. The law now states that the postmaster must reveal the party's business name. Then, if you want to learn more about the seller, check in a business directory like Dun and Bradstreet's at the library. The more tempting the offer the more it would pay to look into it before you put down your money.

WORK HINTS FOR HOMEMAKERS WITH RHEUMATOID

ARTHRITIS Energy conservation and joint protection are important aspects of health care. Moderation is the key word in planning your activities and day. Space your work throughout the day, doing only, a little at a time.

A few rules about joint protection should be observed:

1. Never hold an object or tool so that it forces the hand towards the little finger side. 2. Don't wring out

sponges or clothes. 3. Extend fingers when washing dishes and open-

ing cabinets. To conserve energy, plan ahead and start preparation a few days ahead for a special meal or

occasion. Learn to sit down to complete tasks such as ironing, preparing vegetables, folding clothes, and cooking on the range top. Invest in a stool chair

with a good back support. Educational programs conducted by the Texas Agriculture Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

several hours and then

Water-damaged books and valuable family papers or records may be one of the problems facing persons after floods or other weather disasters, but there is hope, says a home economist.

It's important to dry books and papers slowly, advises Dr. Lillian Chenoweth, a family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Follow this process: Place books on end with leaves separated.

When they are partially dry, pile and press books to keep the pages from crumpling. Alternate drying and

pressing until books are thoroughly dry. This helps prevent mildew. Use a fan to hasten drying.

If books and papers are very damp, sprinkle cornstarch or talcum powder between the leaves to

Because you're picky, pick Mickey.

A certain kind of person shops for quality first. And if something's a little unusual, a little different, so much the better. If that's you, then it's time you discovered your Bell Business Office.

We've got phones in all styles; antique, ultramodern, warmly nostalgic. Phones that help make your life easier. From a simple extension, to one that'll dial the number for you.

But even more important, at Southwestern Bell you'll get genuine Bell. That means the working parts remain phone company property, so you can be sure they'll work. Or we'll fix them free. It's a level of quality-and serviceyou've come to expect from Southwestern Bell.

So when it comes to phones, come to your Bell Business Office. Because although you love Mickey Mouse ... why waste your time with mickey-mouse

To serenade these people Lets do the birthday song....

So get your "vocals" ready And sing out good and News

According to D.G. Ayres. Service Officer for Floyd County, some veterans of the U.S. Armed Forces will receive an increase in their Veterans Administration disability compensation payments beginning September 1, 1980. This increase was one of the future provisions of Public Law 96128, signed into effect by the President on November 28, 1979.

The increase applies to veterans who are receiving VA compensation un-der Section 314(k) of Title 38, U.S. Code, Veterans Benefits and commonly referred to as "Satutory award." Such veterans have been receiving \$56 per month for each service-connected anatomical loss or loss of use of a limb, eye or creative organ. Effective September 1, 1980, the monthly payment for each such service-connected loss will be increased to \$62, and will appear in the disability checks dated October 1,

The increase in these VA payments should come automatically on October 1, with no application required from individual veterans. Anyone entitled to the Statutory award payment who does not receive the increase in their October 1, checks should contact the local Veterans Service Officer, who will assist in determining why it was not included.

partment. A short business meeting followed the supper. Members elected officers for the 1980-81 club year. Officers are Bill Reid, president; Clinton Dickerson, vice president; Rodney Bullock, secretarytreasurer, Wayne Stephens, reporter; Abel Asebedo, TV-Radio publicity. George Martin is the club advisor.

Jerry Bean reported on the Area I YFT convention Associate

There were forty-five members and guests present for the supper. Members that attended were George Martin, Bill Reid, Clinton Dickerson, Rodney Bullock, Abel Asebedo, Calvin Shelton, Tobe Riddell, Fred Brannon, Jeff Tiffin, Tommy Bullock, Manuel Aguilar, Jerry Bean, Rene Garcia, Joe Garcia, G.W. Chappell, Donnie Perkins, Fred Hill, Rick Hester, Claude Jarrett, Wayland Fitzgerald, Fred Minyard and

and banquet held in Amarillo at the Villa Inn on September 6. A Silverton member, Calvin Shelton, received the Outstanding Member Award, while the Silverton Chapter captured the Outstanding Chapter Award and the Publicity Chapter Award. Eleven members attended from Silverton and the club received the Wayne Stephens. award for most members

Hickory, Dickory, Dock. Save on Pillsbury Biscuits. Then, save on a clock.

It's that simple. Just cut out the coupon below left and save 15¢ when you buy four 10-biscuit size cans of Pillsbury Buttermilk* or Country Style Biscuits. Then, send all four labels along with the order form below right, plus cash register receipt and \$13.99, and we'll send you a beautiful porcelain wall clock of your choice-retail value from \$24.00 to \$27.00!

So if you haven't tried Pillsbury tried 'n true biscuits, now's the time!

Worried About How You'll Look With A Hearing Aid?

ijeago. III. - A free offer of special interest o those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone requesting it.

True, all hearing problems are not alike . . and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real nearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free. The actual aid weighs less than a third of an

ounce, and it's all at ear level, in one unit. These models are free, so we suggest you write for yours now. Again, we repeat, there s no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

THE ATHENA STUDY CLUB placed first in the Community Float Division in the Elfie parade opening the Floyd County Fair.

While there's nothing funny about the fuel cost adjustment on your electric bill, it has been a part of utility charges for the past 75 years. It's only in the past few years that it has commanded our attention. Nobody noticed it when natural gas was plentiful and cheap.

Although it is called by different names in different parts of the state, the fuel cost adjustment shows up on everybody's electric bill. It's a part of the cost of generating electricity and it seems to increase each year. Conservation is our only defense. Your member-owned electric cooperative wants to help

Mrs. Murry Julian

Milton went to Lubbock last

Mrs. Alvin Nichols had her sister, Mrs. Letha Davis from Irving visiting here with her this past week. She came on Wednesday and left Friday to visit other relatives around Lockney

Little Tracy Johnson was taken to the Methodist Hospital in Lubbock on Wednesday where he had ear trouble and received treatment for that. He is getting along well at this time. He is the older son of Mr. and Mrs. Nathan Johnson.

Mr. and Mrs. Glen Whitfill of Sweetwater came for the Lockney Homecoming on Saturday and they visited here until Sunday afternoon with her mother, Mrs. Alvin Nichols.

Mr. and Mrs. Leighton Teeple and Mr. and Mrs. Dwight Teeple and boys will be in Boutte, Louisiana this Thursday, September 25 for the wedding of their daughter and sister Sherlene Teeple and William Parker. The wedding is to be held at 3:00 p.m. in the afternoon at the Boutte Assembly of God

Church in Boutte, Louisiana. This Monday a cold front has pushed down our way taking our temperatures down in the 60's, and promising us rain. Combines have been running on many

and some of the farmers have already started stripping their cotton. Many farmers have defoliated at least part of the cotton, and fall work has started in earnest.

The Regional Sunday School Convention will be held in Lubbock, on September 23, at 1:30 in the afternoon at the First Baptist Church. Mr. and Mrs. Kelvin Cummings plan to attend the convention, as he is Sunday School director of the Baptist Church at South Plains.

The Lockney Cooperatives held a luncheon fish fry at the South Plains Coop Elevator, Tuesday noon and around 60 were present to partake of the delicious fish

Carlton Johnson got bitten by a wasp on Tuesday of last week, and was very sick for allergic to the bites before. but a shot soon put him back on his feet, we are glad to

Mrs. Letha Mulder ac companied her sisters and a brother to Lake Texhoma. Oklahoma on Friday of this past week, where they were to have an outing and enjoy a weekend at the lake. Those who went were Mr. and Mrs. Pete Land of Clarendon, Mrs. Inez Minyard of Littlefield, Mrs. Dale McGaugh of Plainview, and Mrs. Mulder.

Floydada High School band members and many of the parents went to Lubbock this Monday where the Whirlwind Band was marching in the parade at the South Plains Fair. Among those from here who went were Cindy Mulder, Mitzi Julian and Cindy Marble.

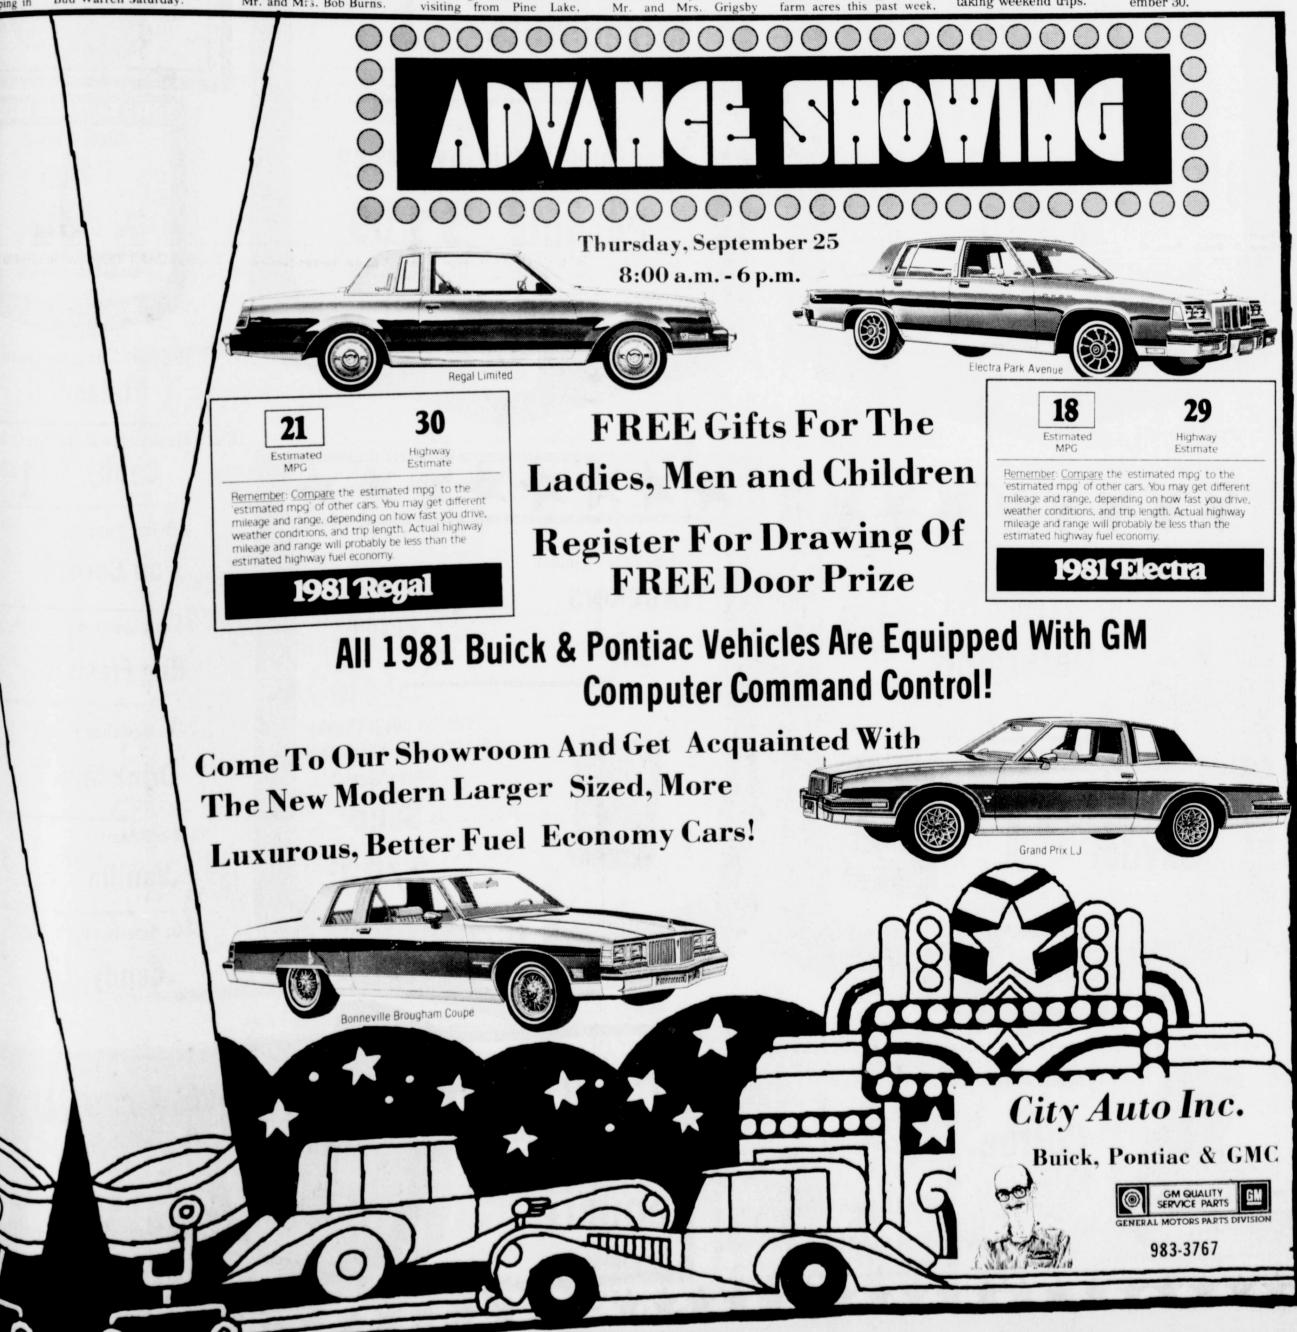

awhile. He had never been Fall Season To Begin At Six Flags Over Texas

Six Flags Over Texas begins its fall season this weekend with more than two million visitors already counted. General Manager Ray Williams said, "We're quite optimistic about prospects for an exceptional fall period.

'The heat wave which hit in late June caused many families to alter their vacation plans, and, with the advent of cool weather, we anticipate that those folks will be taking weekend trips."

Williams said attendance so far this season is off about eight percent compared to last year. "The dip corresponded with the onset of the heat wave," he said, "and we have every reason to expect a rebound now that temperatures are modera-

ting. Williams said the park will open at 11 a.m. every Saturday and Sunday through November, with closing hours varying. The season will end Nov-

LAKEVIEW NEWS

by Mrs. Joyce Williams

Roy Fawver died Sunday afternoon at the Floydada Rest Home, after a long illness. He and Mrs. Fawver had lived in Lakeview Community and raised their children here before moving to "Lakeview Street" southwest Floydada.

Barney Mason of Plainview, visited Mr. and Mrs. Grady Dunavant for Sunday dinner and visiting in the afternoon.

Mrs. Buell Neff recently helped move her daughter, Patricia and husband, Bill Smith, to Littlefield. Bill will work as assistant manager of the Coop Gin there.

Mrs. Hester Hammonds of Thalia died a week ago Friday in the Crowell Rest Home, after a long illness. Floydada relatives include her son, Weldon Hammonds and family and Mrs. Virginia Pyle and family. Attending the funeral service at the Thalia Methodist Church were Mr. and Mrs. Weldon Hammonds, Mr. and Mrs. Lanny Glasscock and children; Mr. and Mrs. Robert Pyle and children; Mr. and Mrs. Louis Pyle and Mr. and Mrs. Gene Smith and child-

Miss Alice Mooseberg came home from Perryton Saturday to get the rest of her clothes. She had been waiting for the summer occupants to move out of her apartment before moving everything. Her parents, Mr. and Mrs. Carl Mooseberg helped her move. She reports she has only twenty-one stu-

dents in her classroom. Mrs. Norma Lee of Farmington. New Mexico visited her sister, Mrs. Joyce Williams, Monday afternoon. She had been visiting their father, Edgar Jones at Trus-

Don Harrison, Don Chessir Bill Smith, and Mr. and Mrs. Will Martin came out to visit Mr. and Mrs. Grady Dunavant Sunday afternoon.

Mr. and Mrs. Charley Wright visited Mrs. Kenneth Martin Sunday in a Lubbock hospital. She recently had open heart surgery.

Mr. and Mrs. Joe Thurston went to Lovington, New Mexico Saturday to be with their daughter, Annella, and family when her son, Jeff Andrews underwent an emergency appendectomy.

Miss Angie Glasscock won a belt buckle as first place winner in the pole bending event at the Lockney Junior Rodeo during the Floyd County Fair. Her brother, Tate, won a ribbon as first place prize in the goat ribbon race. They are the children of Mr. and Mrs. Lanny Glasscock.

Jason Pyle, son of Mr. and Mrs. Robert Pyle, entered the wild Shetland race, and boot scramble.

Miss Cindy Burk went to Planview Saturday for a tennis dual with the Floydada High School tennis teams. She won two games.

Randy Burk visited his mother, Mrs. Verlon Wright, last weekend. His guest was Miss Sherri Harlason of Lub-

Lakeview and Floydada people attending the Ranching Center barbecue and business meeting Saturday at the museum ground at Lubbock included: Mr. and Mrs. Edmund Brown, Mr. and Mrs. Norman Muncy. Mr. and Mrs. R.H. Farris. Mrs. Joyce Williams, Mrs. Georgia Mae Smith Erickson, also Mr. and Mrs. Ron Davenport of Friona. Mrs. Davenport is the former Edwina Overstreet. Ron is on the Board of Directors for the Ranching Heritage Center. Mrs. Erickson was elected

Secretary of the Board. Hot weather last week was replaced Monday with cloudy skies and occasional sprin-

Grace had been ill with an

ear ailment. Mrs. Kelley also

visited Mr. and Mrs. Tom

and Mr. and Mrs. Cecil VanHoose Friday.

Mr. and Mrs. Jim Conner and Bruce attended the Denton family reunion at the home of their sister, Jean and Roy Outcult, at Monte Vista, Colorado, September 15-18. Others attending were two brothers, Calvin Denton, Pleasant View, Colorado and Horace and Esther Denton. Portland, Oregon; sisters,

Grand Junction, Colorado. On Tuesday, Jean's son and wife. Raymond and Jean Wallendorff and son, Mike joined them for dinner, also Bess' grandson, Tom Perry of Ship Rock, New Mexico. The youngest brother, Roy and his wife, Verna, Hemet, California, were unable to attend due to Roy's massive stroke in March. However,

Willie and Archie Turner,

Mrs. J.R. Kelley and Norma Welch attended the Lit-

early arrivals on Sunday.

tlefield family reunion in Soda Springs Tabernacle near Weatherford Sunday. September 14. Families brought a basket lunch and enjoyed being with relatives and friends. They also visited relatives in Weatherford, Stevenville, Millsap and Gra-

New Faces To Be Seen At The 63rd Panhandle Fair

Forty-two classes of competition have been scheduled for the beef cattle portion of the livestock judging events on tap during the 63rd annual Panhandle South Plains Fair here Septem-

Judging will begin at 9 a.m. on September 23 in the Fair Park Livestock Pavilion arena. Allen Poe of Waxahachie will select the winners and Joe Wise will act

as superintendent of the

ber 20-27.

registered Angus show. Total premiums of \$7,570 are being offered. Premium rates vary according to classification, but the grand champion bull will net an extra \$75 and banner while the reserve grand champion bull will collect \$25 and a

banner, according to

Steve L Lewis, general manager.

The show is sanctioned by the American Angus Association. It is one of six livestock judging events on the fair slate this year. In addition, free enter-

and a free fiddlers contest will help launch the fair on its eight-day run on opening day. Afterward, seven shows have been booked for Fair

tainment will be provided

daily on the outdoor stage

Park Coliseum, including: Merle Haggard and Susie Allanson, September 21; the Oak Ridge Boys and Joe Sun, September 22; Marty Robbins and Little David Wilkins, September 23; Eddie Rabbitt and Susan Raye, September 24; Moe Bandy and Joe Stampley, September the Gatlin Brothers Band, September 27.

Shows will be at 5 p.m.

and 8 p.m. daily except for an 8 p.m. show only for Bandy and Stampley. All seats are reserved and tickets are priced at \$4, \$5 and \$6. Tickets may be purchased at the Fair Park Coliseum Box Office or at

Dunlap's, Luskey's West-

ern Wear, Sears and Hemphill-Wells stores in

South Plains Mall or at Ed's Wagon Wheel Western Wear Store. The final show set during the fair is "The Golden Year of Country Music," staged by South Plains College, the Maines Brothers and South Plains Bluegrass. Scheduled at 7 p.m. only on September 25, tickets for the show are set at \$2 and
