

# School board allows three month tax discounts

by Beth Pratt  
Taxpayers challenged the Independent District School Board last week to explain the need for school taxes.  
The members voted to extend discounts to citizens paying their taxes. Taxes paid in December will be discounted three percent. A two percent discount will be allowed in January and a one percent reduction in February.  
The board did not raise the tax rate in 1979, according to Cathey.

"As a result, we did not bring in enough money to meet the budget last year," Cathey said.

Looking at the estimated tax base for 1980, Cathey said the district hopes to reduce the rate from \$1.20 to approximately 73 cents. Because of exemptions and equalization of the values on taxable property in the county, some will find their school taxes lower than in 1979. Others will experience an increase, he said.

"We figure our budget needs, add the income received from the state plus tuition charges and other income. We subtract this figure from the total budget requirement to arrive at the amount of income we must generate in taxes," Cathey explained.

Following the re-evaluation hearings, the tax base for the county will be computed and the school board will be able to set the tax rate for the Floydada Independent School District, Cathey concluded.

Adrain Helms noted that the district has adjusted tuition rates to reflect costs of educating students from outside the district and now charges rental for the use of the facilities at Della Plains.

School board members voiced appreciation for the interest of the public and expressed disappointment that no one attended the budget hearing held in September.

### Named Honor Board

The board was recently named one of four honor boards in Texas at the convention of The Texas Association of School Boards in San Antonio.

Martha Farris and June Ware were elected voting delegates from the Floydada board and all board members attended the convention.

Among recommendations approved by the convention delegates for submission to the State Legislature was a proposal to ask the state to allow local school districts to charge fees for a portion of transportation costs. The group also voted to ask for increased funding for the Education Service Centers and better review procedures of content in the Centers, the delegates reported.

Mrs. Farris said resolutions 36 through 45 dealt completely with Central Appraisal Districts — asking repeal or reimbursement by the state for costs incurred in supporting the districts.

Superintendent Jerry Cannon said approximately 150 parents and children attended a meeting at Floydada High School to learn about the program for gifted and talented students. Children from kindergarten through grade 12 are to be involved in the program. Initially, 49 students were selected through teacher nominations and committee review procedures, Cannon said.

The board authorized Cathey to borrow funds as needed to meet operational expenses. Tax statements ordinarily go out in September and the delay because of the re-evaluation is causing the district to be temporarily short of funds.

Board members present for the meeting were June Ware, Martha Farris, Adrain Helms, Robert Stovall, Travis Jones and Weldon Pruitt. Harvey Allen was absent.

# Rash of bike thefts reported

There has been a rash of bicycle thefts reported lately.

Bicycles have been taken from fenced-in yards and from under carports. Thefts have occurred in the daytime and early evening hours.

Police Chief Scott Newton said that the best way to secure a bicycle is to lock it in a garage or to chain it up. If the bikes are ridden to school they should be chained.

"All bicycles should be stamped with one of the parents Texas drivers license number. It is necessary to stamp the number deep in the bike frame.

"If you have a bike stolen immediately call the police department," Chief Newton said. "Give us the serial number of the bike and the Texas drivers license number as well as the description."

Bicycles that are stolen are often stripped down and the parts exchanged. They are then given away or sold.

With the license department can run the number through the computer and find the owner immediately after the bike has been recovered.

"We have bicycles at the station that have been recovered but they were never reported stolen so we have no way of knowing who they belong to," he said.

# New Lighthouse Electric facility to house total operations

Lighthouse Electric Cooperative, Inc. announced today that a new headquarters office, warehouse and service facility will be built by the utility at the intersection of State Highway 207 and U.S. 70 east of Floydada. The announcement was made by Alton Higginbotham, General Manager of the Cooperative.

The new, modern facility will enable the Cooperative to combine its operations from the Floydada office at one location. In the past, office and warehouse facilities were in separate locations.

Design for the entire area will incorporate the latest and most efficient energy saving concepts, with full insulation throughout, and an earthen berm to help shield the building. Heat pumps for heating and cooling will be specifically zoned into each area for the most efficiency and will have automatic controls to regulate the system whenever an area is not in use. Electric service to the new office will be provided by the Cooperative.

An expanded transformer and oil circuit breaker repair shop will allow the Cooperative to perform routine maintenance locally, rather than sending equipment out of town for extended periods.

In 1978, Lighthouse consolidated with Hall County Electric Cooperative, Memphis, to form one of the largest rural electric systems in Texas. Lighthouse has 44 employees based in Floydada and six at the branch office in Memphis.

Cecil Baxter of Floydada is President of the Board of Directors, Tom Porter of Floydada is Vice-President and Henry Scarborough of Petersburg is Secretary. Other directors are J.W. Jackson, Crosbyton; Louis Lloyd, Floydada; Wayne Hunter, Flomot; James Richburg, Lakeview; Harold Burk, Estelline; and L.B. Brandes, Providence.

"This move is a reflection of our confidence in the area we service and its future," said Higginbotham. "Lighthouse has experienced rapid growth each of the last several years, and our projections indicate this trend will continue. Since occupying our present offices in 1949, total number of members has increased from 2,000 to 7,100 miles of line has tripled from 1,200 to 3,700, and KWH sales are 400 times more in 1980 than in 1950."

# Mackenzie Lake meeting kicks-off bond election

SILVERTON — A supper meeting was hosted at Lake Mackenzie Tuesday by the directors of Mackenzie Municipal Water Authority for city councils and news media in Lockney, Floydada, Silvertown and Tulia, during which Joe Smith, bonding attorney, First Southwest Company, Abilene, presented a financial report and the latest information on the Mackenzie bond election to be held in the four cities Nov. 22.

Lon Davis of Floydada presided over the meeting.

"The purpose of the Mackenzie Municipal Water Authority," Smith said, "is, and always has been, to construct a reservoir on Tule Creek in order to provide a surface water supply for the cities of Floydada, Lockney, Silvertown and Tulia. The authority must also construct treatment and transmission facilities to order to deliver water to these cities."

THE AUTHORITY has constructed the reservoir on Tule Creek. Cost of the reservoir construction and

land was approximately \$3.3 million, financed by the issuance of general obligation bonds which were sold to the Texas Water Development Board in 1970 and 1972.

Elements required to complete the project so that water can be delivered to the member cities include a raw water pump station at Mackenzie Reservoir; a raw water supply line to the treatment plant near the reservoir; a 4.6 million gallons per day treatment plant with overload capacity up to six MGD during peak demand periods and a treated water pump station; a 24 inch by approximately 25,000 foot water supply main to transmit treated water to a junction point

near State Highway 86; and a 2 million gallon water storage reservoir at this junction. From this junction, three transmission systems are required; Tulia, Silvertown, and Lockney-Floydada transmission systems, together with the pump units and ground storage.

raw water delivery system, the treatment plant, and treated water pump station, the water supply line to the junction point and the treated water storage reservoir at the junction, is \$4.4 million.

Estimated cost of each of the three transmission systems is: Silvertown system — \$1,065,000 (transmission pump station at junction and approximately 44,000 feet of 12 inch supply line);

Tulia system — \$3,830,000 (transmission pump station at junction; approximately 100,000 feet of 20-inch supply line; ground storage and pump station at Tulia);

Lockney — Floydada system — \$6,431,000 (transmission pump station at junction; approximately 126,000 feet of 18-inch supply line to a ground storage and pump station near Lockney; approximately 5,000 feet of 12-inch supply line from

ground storage to Lockney; approximately 61,000 feet of 14-inch water supply line from ground storage to Floydada).

THE AUTHORITY has made application to the Farmers Home Ad-

ministration, for long-term loans to finance a major portion of the cost. In addition, the authority has applied for a \$1 million grant from FmHA to help fund the supply facilities. At this point, the authority has received no commitment from FHA that the loans or grant will be approved other than an acknowledgement that the project is eligible for consideration.

IF THE voters in all of the four cities do not approve the Mackenzie bond issue, it will be necessary for Silvertown to purchase land outside the city for water rights and add underground pipe. This would be costly since it would have to be done by Silvertown alone.

Silvertown faced a serious water shortage situation this summer even with water rationing.

Each city, if the bonds are approved, would be entitled to receive an adequate supply of water from the Mackenzie Reservoir, and might be able to make arrangements to sell some of its allotted water to help finance its part of the cost.

## Schepke to speak at Friends of the Library meeting, October 28

Jim Schepke will present the program for the Friends of the Library at their regular meeting October 28 at 5:00 in the Library.

Jim is the new Coordinator for the West Texas Library System and he comes to the job from a varied background in librarianship and book-selling. Until recently he had been the Administrative Assistant for the Lubbock City-County Library.

Included in his program will be information about current legislation concerning Texas libraries. Texas ranks 46th from the top in state support among the 50 states.

The WTLS serves 29 area counties and is one of ten systems of public libraries in Texas. Cooperative efforts

often make possible programs and services not feasible through individual effort. Systems of public libraries allow their members to share resources - materials, services, and the expertise of members.

Working together, member libraries hope to improve library services in their communities and their regions.

Some of the services include: Inter-library loan, 16 mm film program, collection development program, young adult book circuit, continuing education program, consulting services, public relations program, and filmstrip program.

Members and guests are invited to come by and meet Jim and ask any questions they may have about WTLS.

## Texas 4-H Center to host Harvest Happening-'80, November 4-7

Harvest Happening - '80, a camp for mature men and women, will take place at the Texas 4-H Center in Brownwood from Tuesday, November 4th through Friday, November 7th. Participants are advised to cast their vote for their favorite candidate on Tuesday morning and then to come to camp and watch the results come in at our Election '80 Campaign Countdown.

Freedom of Choice is the motto for the remainder of the camp as campers will be able to participate in four skill areas: Lapidary, Needlecraft, Ceramics and Basketweaving. Eight special features will be presented and recreation will be held every evening. Singing, good eating and fellowship will abound as campers choose their own activities. For those inclined to dominoes, cards or shuffleboard, space has been set aside for these activities at all times.

The 1.7 million dollar facilities of the Texas 4-H Center provide a resort-type atmosphere for Harvest Happening -

'80 participants. Ten lodges will house five men or five women to a sleeping area. Each has adjoining bathroom facilities.

To insure your comfort and convenience, only 100 registrations will be accepted.

For more information about Harvest Happening - '80, contact the Floyd County Extension office, 983-2806.

Buttons have been found in the tombs of Egypt and Greece, dating back 2,500 to 4,000 years. It wasn't until the 15th or 16th century, however, that the button-hole was invented.

## Methodists to hold Old Fashioned Church Bazaar

Do your Christmas shopping now! IF you're looking for a unique, special gift for that unique special person, the place to be is the First Methodist Church on Saturday, November 1.

Numerous and varying handmade items will be donated by members and will be sold at the Bazaar. Besides being lots and lots of crafts for sale, there will also be lots of baked goods and canned goods. It will begin at 9:00 a.m. and continue until 12:00.

At 11:30 - 1:00 a Thanksgiving style meal will be served, buffet style. Tickets for the dinner are on sale in the church office. Tickets can be bought at the door the day of the Bazaar, but it helps us to know approximately how many to prepare for if you buy ahead of time. Why don't you treat some friends to a delicious dinner, and buy some extra tickets? Price of tickets are \$3.50 for adults and \$2.00 for children age 12 and under. "Take Out" meals will be available also.

At 12:30 there will be an auction of all items that haven't sold previously and the "extra big and special" items. Door prizes will be given away after the auction.

Get your Christmas shopping done early and at the same time benefit the Methodist Church as it uses half of the money earned on various projects with in the church and the other half going out to the field of missions. Hope to see you there!!!

75% of the nation's wheat is grown on farms served by electric cooperatives. But rural electrification performs a myriad other services.

Rural electricity provides irrigation water to produce more nutritious foods. You'll find rural electric systems providing power for processing plants, poultry pickers, freezer plants, cotton gins, packing houses, compresses, grain elevators and feed lots, to name a few. The rural electric cooperative in helping to produce our daily bread provides enormous benefits to its members and to all America.

# Over Coffee

By Shelly Harris  
 It was a new one on me! I came into the Hesperian on Friday. There was to be a pep rally at the high school by the quarterback Club at 10:00. I took my camera with me for you'd never have believed it. The students are in their uniforms. Concentrating! Teachers are in hand, books in hand. The halls are hushed and the shouts break the silence of men and women storming the halls, banging on lockers, making in the air, the noise makes a megaphone, their voices raised in one unified cry, "CHILDRESS!"  
 The Whirlwind Spirit on the night force, churning, churning... the Whirlwind Spirit on the night force, churning, churning... it wasn't that dramatic, but a lot of fun and a nice way for us to share the excitement of the first game of the season.

THE QUARTERBACK CLUB staged a spirit rally at the high school, before the Childress game.

CHEERLEADERS go through their routines as the team members stand for the school song at Friday's pep rally.

## Love Fund started for Thomason

Concerned citizens have opened an account at Lockney First National Bank for Charles Thomason, who has often been a patient at M.D. Anderson Hospital and Lockney General Hospital. He has not been able to work in more than a year.  
 Any contributions will be appreciated.

## Carnival scheduled for October 28

There will be a Halloween Carnival October 28 from 6-10 p.m. at the Fair Building.  
 It is sponsored by the FHA/HERO chapter.  
 Other clubs in town and in school will be participating. There will be booths for all ages.  
 A costume contest will be held for all children under 12.  
 Any organizations interested in having a booth may contact Cindy Ford or Treena Aston at 652-3325.  
 There will be an admission charge of 25 cents for under 12 and 50 cents over 12.

## Halloween Fun Day declared by Chamber of Commerce

By Shelly Harris  
 We here at the Hesperian are going all out for Halloween.  
 The Chamber of Commerce has declared a Halloween Fun Day on October 31. Business decorations and costumes are going to be judged. The winning business will receive a prize. And we want that prize! The services of Chamber Manager Lance Barrow for a day.  
 Wow!! Lance could cover football for me one game. I was so excited I was encouraging everyone to come up with some original ideas.  
 Of course, Tom Burns came in and said that if we win he has a promotion in mind and has first dubs on Lance. We're still arguing about it.  
 It was suggested that Tom join the all female staff and come in drag. But he

hasn't been able to find any size 11 high heeled shoes.  
 When the pumpkin truck turned over and they were giving pumpkins away, Rosemary Gonzales brought us enough for jack-o-lanterns.  
 Our secret weapon won't be unveiled until Halloween Day. It is guaranteed to give you the scare of your life. Be prepared when you come by the Hesperian that Friday.  
 All children must be accompanied by an adult. A very brave adult.  
 The Gilliland's have got something cooking over at Script Printing that they think they'll win with.  
 Everyone is being very secretive about their plans for that day. But we have spies out.

## Police investigate weekend incidents

Floydada Police Officer Ray Macha answered a shots fired and disturbance call at 2:36 a.m. Saturday morning on East Tennessee.  
 On arrival officer Ray Macha observed a woman standing in the yard of a residence shouting. "they tried to run over my husband." She pointed toward a pick-up parked down the street.  
 The driver and passenger of the pick-up said that they had been shot at. The pick-up had two patterns of shotgun pellets one by the back tire, the other in the back of the tailgate.  
 Statements were taken from the suspects and several witnesses who were on the scene. No one was injured.  
 The male driver and male passenger of the pick-up were arrested. The passenger was released. The driver was held on a charge apparently unrelated to the incident. He appeared at County Court Monday morning.  
 Any charges of assault with a deadly weapon, whether with a gun or with a motor vehicle, must be made in district court.  
 District Attorney Randy Hollums said that he has not taken any complaints at this time, and that it is his intent to take the case or cases before the Grand Jury.  
 "It is a rather confused fact based on the statements that are in the possession of the peace officers," Hollums said.  
 There are tire marks on the street and in the yard of the residence. There are shotgun pellets in the pick-up body. Statements made by the suspects and witnesses are in conflict on several important points.  
 "The law enforcement officers are continuing their investigation," Hollums said, "and I anticipate that after the Grand Jury sorts the matter out there may be charges pending."  
 The police continue to get statements from witnesses. "But until we are able to get everyone under oath, we really

don't know what happened. Then we'll know how to read the law on the matter," Hollums said.  
 "The safe-guard for all parties is to go to the Grand Jury and testify before them," Hollums concluded.  
 Other police reports over the weekend include intoxication and driving while intoxicated arrests by various police agencies.  
 Sometime over the weekend the Tommy Wylie residence was burglarized. Guns a stereo were taken along with several other items.

## Fund Drive making progress

A total of \$349 has been raised as of October 21 in Floydada and surrounding communities for the Salvation Army fund drive. The drive is making good progress as it enters its last week. The fund drive is scheduled to end Tuesday, October 28.  
 A good many prospects have yet to be contacted by the workers involved in the campaign. Please respond generously when you are contacted by a volunteer worker.  
 Donations will be used during the current fiscal year for emergency welfare aid to needy families and individuals. Also, through the Service Unit Committee in Floydada, the community participates in statewide Salvation Army programs such as summer camp for boys, relief in disaster situations, and aid to families of prisoners and alcoholics.

## Nesa Jackson selected to Fashion Board at TTU

The Fashion Board of Texas Tech University recently completed Rush for new members for the Fall and Spring of 1980-81. Miss Nesa Jackson, a senior Home Economics Education major was one of the selections made to the board. A total of 200 young ladies went through the busy week and only 60 girls were selected to serve on the board.

Fashion Board is a very active organization. Fashion shows, workshops, and personal grooming seminars for younger girls are among the activities. Working with campus service groups and com-

munity projects are a few other busy responsibilities.

As an officer of the board we are very proud of our members and the hard work each displayed. We want to congratulate each girl and spread the good word and all hometowns. Nesa will be modeling in some of the shows and we would like to invite members of your community to join in on the look for Fall. Miss Nesa Jackson is the daughter of Mr. and Mrs. Jim H. Jackson of Route One, Floydada. "Fashion is Fun!"

## Monday Honorees enjoy festivities

A VERY dainty lady Who loves to "lend" a hand.

Mrs. Iris Colston Knows how to wear a smile... And friends she loves to visit So stop and chat awhile.

Lets serenade these people With the good old Birthday Song... So everybody join us And sing out good and strong.

Thursday afternoon was time for the Rest Home birthday party with ladies of the City Park Church of Christ hosting the activities. The Hesperian photographer did the picture taking prior to the party.

Honorees and guests were ushered into the dining room where the honorees were seated at a special table, their places being marked with individual cards.

The table was covered with a white cloth and centered with a floral arrangement in autumn colors.

The poem was read and all joined in singing the birthday song.

A special and most thoughtful treat was the birthday cake and ice cream provided by Mr. and Mrs. Charlie Hargus in special honor of his mother, Mrs. Ellie Hargus. Marvin Hargus was also a special guest of his mother. Mrs. McSwain welcomed as her guest Mrs. Jean Kendrick, Mrs. Freeman's guest was her husband, Merel, and with Mrs. Finley was her sister, Mrs. Stella Hart and a friend, Mrs. Mable Laminack.

Other guests attending were Mr. and Mrs. Elvis Childs of Farwell, New Mexico and Mr. Neely Richardson, visiting Mrs. Francis Childs, Mr. and Mrs. Lindsey Lackey visiting Mr. Henry Love, and Mrs. Mary Adams was the guest of Mrs. Ethel Collins.

A delicious refreshment plate consisting of the birthday cake, ice cream and a tasty pink fruit punch was served to residents of the home, guests and employees.

The next party will be Thursday, November 13 at 2:30 p.m. Please come and be with us as we are always most happy to have guests.

THE 1950 STUDY CLUB met October 7, in the Community Room of Lighthouse Electric Cooperative with the 1965 and 1929 Study Clubs. Guest speaker for the evening was Mrs. Don "Skeet" Workman of Lubbock who brought a very informative program on ERA and the Women's Movement. Twenty three members and guest were present.

## Pat Walker's presents: The Splendor of being Slender

"Pat Walker's is the Best and Wisest Investment you will ever make!"

Dee Middleton of San Antonio has lost 30 lbs and 59 inches the Pat Walker's way.

Dear Friends:  
Going to PAT WALKER was the best and wisest investment I ever made! My Happiness is LOSING 30 POUNDS and 59 INCHES!

I had gone to other reducing centers, but found I was exerting my strength too much, or that diet therapy alone was not effective after leaving the course — BUT going to PAT WALKER — FANTASTIC — I lie on a comfortable couch in complete privacy and just relax and meditate while the wonderful treatment massages away the inches and the pounds.

To add to the pleasure of belonging to this program, all of the attendants and the supervisors are very nice - cheerful, courteous and personal. Our problems are very important to them.

After just a few treatments, I lost my BULGE AROUND THE MIDDLE.

It is such a wonderful feeling of well being and pride . . . You feel so good because you LOOK GOOD.

Over 27 years of success in weight reduction

### Freshmen down Horns

The freshmen squad defeated Lockney 42-14 for their second district win Thursday afternoon at Lockney. A pass from Mark Hatley to Joe Faulkenberry gave the freshmen their first TD.

Carlos Baker scored on a 10 yard run. Mike Ruff came through for the extra point. Mark Hatley scored on a run. Joe Faulkenberry was successful on the PAT. Passes from Hatley to Faulkenberry resulted in two more touchdowns. A run by Max Bearden brought in another TD. Hatley scored the extra point. "The freshmen did a real fine job both on offense and defense," Coach Cocanougher said. Offensive standouts of the game were Joe Faulkenberry, Mark Hatley, Shannon Shurbert, Fernando Aruizu, Mike Ruff, Max Bearden, and Carlos Baker.

The coach named the entire defense as having done a "great job." Four or five fumbles were recovered during the game by the defense. The freshmen will play Idalou here Thursday at 5 p.m.

## Childress game shows Winds are ready for district play

When Coach L.G. Wilson predicted that the Whirlwinds would be looking at district play as the beginning of a new season he was right.

The Winds lost to Childress, the second ranked team in Texas, by a score of 14-3 Friday night, but the score doesn't tell the story of the game.

The Floydada defense continually bogged down the all-district Bobcat backfield. The Whirlwind offense threatened the cats territory with drives that resulted in 10 first downs against the undefeated team.

The Winds kicking game was outstanding with Mike Self getting away a 60 yard punt that Childress fumbled and Tom Potts recovered in the first quarter.

Self had kicked from his own 15 yard line with 2:05 left in the first quarter. The recovery by Potts set the Winds up on Childress' 32 yard line.

The quarter ended with the Winds knocking on the cats door from the 8 yard line.

An incomplete pass, a no gain run, and it was fourth and eight. Donnell Weeks kicked a 3 point field goal and the Winds were on the scoreboard 3-0.

With 3:59 left in the half Bobcat Berry Johnson sneaked over on a quarterback sneak from the three yard line. The kick was good.

The score at halftime was 7-3. The ball was on Childress' 15 yard line.

The Winds stormed back on to the field in receiving position. A Bruce Williams run of 25 yards was called back on penalty.

Third down and a pass from Self to Williams was good for 15 yards and first down.

Floydada fumbled. Childress took over and passed. Todd Beedy intercepted and put the ball back in the hands of the offense.

With 3:20 left in the fast paced third quarter Self hiked the ball to Williams. Williams started to his right, broke several runners, reversed his field and was finally tackled on the 20.

Fourth and nine situation and Self punted into the end zone but Carlos Rainwater raced the ball and in an outstanding play, batted the ball back out of the end zone. Childress fell on it on their own 8 yard line.

Three plays later the quarter ended with Childress in a fourth and 11 position.

The Cats punted to the 34 yard line and the Winds took over.

A five yard penalty for time made too much ground to cover for the Winds and they punted out on fourth down.

It was 8:04 left in the game and Sims broke loose finally for a running gain that put Childress deep in Winds territory.

Sims scored with 4:37 left in the game. PAT was good. Score was 14-3.

The Winds didn't let up. With only 33 seconds left Childress punted out and the green team took over on the 34 yard line.

Time out was called. The clock stopped at 1 second. Self threw a screen pass to Ronnie Minner good for 25 yards.

The Whirlwinds played tough to the gun.

## It's True.

"We installed the heat pump in our church over two years ago. The heat pump system has been very economical for us and they are able to keep our facilities much cleaner than we really expected. The statements concerning heat pumps being economical and clean have certainly proven to be true. Another feature that I like is that a heat pump can be used both summer and winter without anything being changed other than a flip of the switch. Because of our experience with the heat pumps in our church facilities, I've installed the heat pump system in my personal home."

## Around The County

By Jett Major

FLOYD COUNTY EXTENSION AGENT

### CRICKETS, CRICKETS EVERYWHERE

Hordes of field crickets have invaded parts of Floyd County, creating a nuisance in some areas and causing minor plant damage.

Large numbers of crickets usually occur in the fall following prolonged dry weather in the spring and summer. Cooler fall temperatures and rains often trigger cricket migrations to lighted areas around buildings.

Field crickets can damage ornamental and garden plants. Inside homes and other buildings they become a nuisance and may occasionally feed on fabrics, especially clothing stained with perspiration or food.

Cleaning the yard and garden areas will reduce cricket feeding and breeding sites. This includes destroying weeds and dense vegetation around homes and other buildings and removing piles of bricks, stones, wood and other debris

where crickets may hide. Also clean out trash dumps.

Eliminating outside lights at night also helps keep crickets away from buildings, and making sure that all screens and doors fit tightly will help keep the pests out of the home.

As far as insecticides are concerned, homeowners need to spray outside around foundation walls, window and door facings, crawl spaces, door thresholds, and in and around garbage cans and wood piles to keep crickets from moving indoors. Effective insecticides for outdoor use include chlorpyrifos (Dursban), diazinon, malathion, propoxur (Baygon), resmethrin, carbaryl (Sevin) and methaldehyde, the latter two as baits. Sprays and baits used on the inside need to be applied only to baseboards, under sinks, and around doorways and care should be taken not to contaminate food or water and not to stain walls or carpets with the insecticides.

### Windbreak Tree Seedling price lists available at Floydada SCS Office

The Soil Conservation Service in Floydada has received the new price list and application forms for windbreak tree seedlings from the Texas Forest Service. The species of bare root hardwood seedlings available are Honeylocust, Mulberry, Native Plum, Russian Olive, and Sawtooth Oak, which must be ordered in quantities of 100 or more and in multiples of 50 of any one species. All orders must be accompanied by full payment (check or money order) and received by February 9, 1981. Shipments will be made by either Parcel Post or Motor Freight, whichever is less expensive.

This year conifers, available in a container, are Austrian Pine, Arizona Cypress, Ponderosa Pine, and Red Cedar. Conifer trees are mostly evergreen trees which bear some type of a cone. Conifer orders must be for a

minimum of 30 trees in multiples of 30. Since the styrofoam containers are fragile they will not be shipped. For Floyd County residents they should pick up their trees at the Texas Agricultural Experiment Station on FM 1294 in Lubbock on March 17, 1981 between 8-5 p.m. with your receipt.

Orders are filled on a first come first serve basis and acceptance of these orders are subject to prior sales as the quantity of some species are limited. Persons purchasing trees agrees not to use or let others use these seedlings for landscaping or ornamental purposes.

For more information, price list, or application forms contact the Soil Conservation Service at 208 S. Wall St. in Floydada or phone 983-2352. All programs and services of the USDA and SCS are available to everyone without regard to race, color, creed, sex or national origin.

## Cotton growers may be eligible for 1981 upland cotton program benefits

Cotton growers have a high stake in the U.S. Department of Agriculture's proposal to require growers to plant within their normal crop acreage (NCA) to be eligible for 1981 upland cotton program benefits.

USDA announced the proposal in the Federal Register October 3.

National Cotton Council President Herman Propst, a grower of Anson, Texas, has asked producers and other industry members to petition USDA for re-consideration of the NCA proposal.

"USDA has already made NCA compliance a part of the wheat program announced in August, and there are indications it plans to do so for all the other program crops," Propst said.

"While not mentioned in the cotton proposal, we have determined that USDA will also demand cross-compliance among crops and compliance on all

farms owned and/or operated by a grower on which a program crop is planted," he explained.

Propst said the NCA requirement discriminates against cotton producers because crop acreage is a much higher percentage of the NCA in the Cotton Belt than in most other regions. In most cotton states, present crop acreage exceeds the official NCA by a substantial amount. NCA is the total of all major non-allotment crops planted in 1977.

"Besides the obvious problems NCA compliance creates for a farmer who is cropping land that was not in crops in 1977, there is another problem that many producers may not be aware of," Propst said.

He referred to the customary USDA reduction of field acreage in measuring row crops to allow for turnrows and other service areas, but said no such

## Pioneer Hi-Bred International honored Lockney Cooperatives, Warren Farms

Pioneer Hi-Bred International, Inc., recently honored Lockney Cooperatives, Inc., of Lockney and Warren Farms of Floydada for outstanding sales achievement in 1980 as a dealer for PIONEER brand seeds. They were presented a specially designed Silver Dollar Award for their accomplishments by Pioneer district sales manager Barry Love.

Jim Lindsey, president of the Southwestern Division of Pioneer, announced this year's recipients and said that all the award winners should be proud of their achievement.

"A lot of time, energy and hard work is necessary for a dealer to qualify for the Silver Dollar Awards," Lindsey

said. "I want to personally congratulate everyone with Lockney Cooperatives, Inc., and Warren Farms, for receiving this award and for serving the agriculture industry so well in their area."

The Southwestern Division of Pioneer is located in Plainview, and markets agricultural seed in Texas, Oklahoma and New Mexico, through approximately 850 dealers.

"Our dealers, just like our extensive research program, are a very important part of Pioneer. We appreciate the work the people of Lockney Cooperatives, Inc. and Warren Farms, have done, and know the farmers around Lockney and Floydada do too," Lindsey concluded.

STRIPPERS were able to get back in the field this week after recent rains.

## MARKET REPORT

Cotton harvest is in full swing over most of the county with the exception of a few areas where it is still too wet following the recent rains. The hail damage is really beginning to show up with many fields are showing a 40-50% loss.

The cotton market is climbing again and the contracts are at 3400 points over the 1980 loan. Local cotton is selling in the high 70's and low 80's. The grades are varied but much is grading SLM light and the staples are around 1". Most mikes are in the premium range. Wheat sowing is picking up since the

last rain. There is probably more wheat being planted in the county than there has been in the last 10 years.

Wednesday afternoon grain market were:  
Corn/cwt. — 6.20  
Wheat/bu. — 4.35  
Milo/cwt. — 5.80-5.85  
Soybeans/bu. — 7.60-7.66

The Floydada Livestock Sales reported a sale of around 2000 head of Wednesday. They had a large number of fall stocker calves, heifers, steers and good pairs.

## Good contracts may be available for next year's cotton crop

Farmers are getting good prices for their 1980 cotton crop, and if they play their cards right, they may be able to contract next year's crop at a good price as well.

"This year's drought-plagued cotton crop has left U.S. supplies short, causing a stronger market," points out Dr. Carl Anderson, cotton marketing specialist with the Texas Agricultural Extension Service, Texas A&M University System. "However, demand generally has been short, with U.S. textile mills considering more polyester in cotton-polyester blends."

As of September 1, the U.S. cotton crop was estimated at 11.7 million bales, down from 14.6 million last year. And the Texas crop was pegged at 3.6 million bales compared to 5.5 million a year ago.

The world crop at 63.4 million bales means a drop of about 2.1 million from 1979 levels. Both Russia and China have somewhat better cotton crops this year.

"While most producers are currently enjoying stronger cotton prices, the market's strength may soften once cotton users adjust their demand to higher price levels," says Anderson. "Some mills are already building up excessive inventories of unsold goods and have cut work weeks to three or four days."

Average daily spot prices for Strict Low Middling 1-1/16-inch cotton in mid-September were some 30 cents a pound above last year's prices, notes the economist. However, this year's drought has reduced the staple length of a lot of cotton, leading to price discounts of 10 to 20 cents under SLM 1-1/16-inch cotton.

While domestic use of cotton is expected to be off about a half million bales this year, exports may drop more than three million. This will put domestic use as well as exports at some six million bales each for a total disappearance of 12 million bales. U.S. cotton exports of 9.2 million bales during the 1979-80 season were the largest in 53 years.

With this year's expected crop of 11.7 million bales or less, carryover next August may be substantially under the three million bales remaining after the 1979 crop.

"Despite some slackening in the demand for cotton both at home and abroad, the market should remain strong for at least a few months," believes Anderson.

He urges producers to stay abreast of market developments and to try to anticipate future prices as influenced by changes in supply, mill use, export demands, farm programs and international trade developments.

## Applications now being taken by Project Upward Bound for the 1980-81 Academic Year

The Texas Tech University Upward Bound Program is now taking applications for its 1980-81 Academic Year Program from any interested

students who are in his/her junior year in high school.

The Upward Bound Program is designed to help high school students from families meeting the program's low-income criteria, as established by the U.S. Commissioner of Education, to develop the skills and motivation necessary for success in college.

Preference will be given to students who demonstrate academic potential and scholastic ability in their high

school courses. The students must be able to participate in student sessions that are held every Saturday morning from 8:00 a.m. to 1:00 p.m. on the Texas Tech campus.

Students must also be able to participate in a six-week on-campus program next summer. The summer program provides students with an opportunity to become better acquainted with college life.

Any junior student inter-

ested in becoming a member or wanting more information about the program should contact his/her high school counselor or the Upward Bound office which are loca-

ted in Room 304 West Hall on the Texas Tech campus and are open 8:00 a.m. to 5:00 p.m., Monday through Friday. The telephone number is 742-3616. Ask for the program counselors, Sandra Woodard or Marlene Hernandez.

## Many Hearing Problems Can Be Helped

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone requesting it.

True, all hearing problems are not alike... and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real hearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 62121 Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

AND WHEREAS, the Board of Directors hereby finds and determines an election should be held on the question of the issuance of bonds to finance the costs of the aforesaid project, as revised; now, therefore,

**BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE MACKENZIE MUNICIPAL WATER AUTHORITY:**

**SECTION 1:** That an election shall be held on the 22nd day of November, 1980 in the Mackenzie Municipal Water Authority for the purpose of submitting to the resident qualified electors of the Authority the following proposition:

"SHALL the Board of Directors of the Mackenzie Municipal Water Authority be authorized to issue bonds of the Authority in the maximum principal amount of \$2,150,000 for the purpose of providing a source of water supply for the Authority's member cities and other users for municipal, domestic, industrial and other useful purposes permitted by law by the construction of a raw water pump station and supply line, water treatment plant, treated water supply main, treated water storage and pump station; such bonds to be issued in one or more installments, to mature serially or otherwise not more than FORTY (40) years from their date, to be sold at such price or prices and bear interest at such rate or rates (provided the net effective interest rate of any issue or series shall not exceed Ten Per Cent (10%) per annum, as provided by Article 717k-2, V.A.T.C.S.) as shall be determined within the discretion of the Board of Directors at the time of issuance; and to provide for the payment of the principal of and interest on such bonds as the same mature by the levy of an ad valorem tax, sufficient without limit as to rate or amount, upon all taxable property within the Authority?"

**SECTION 2:** That paper ballots shall be used for said election which ballots shall be prepared in accordance with the V.A.T.S., Election Code, so as to permit electors to vote "For" or "AGAINST" the aforesaid proposition, which proposition shall be set forth in substantially the following form:

"THE ISSUANCE OF BONDS IN THE AMOUNT OF \$2,150,000 AND THE LEVY OF TAXES IN PAYMENT OF THE BONDS"

**SECTION 3:** That the corporate boundaries of each of the Authority's member cities shall constitute a separate election precinct for this election and the polling places for each of said election precincts and the persons hereby appointed to serve as presiding judge at each of such polling places shall be as follows:

**Election Precinct, Polling Place, Presiding Judge**  
 City Of Tulia, City Hall, Daphne Hale

 City Hall, 215 E. Locust St., Lockney, Texas  
 Deputy Clerk: Mrs. Emma Lee Duckworth  
 City Hall, 505 Broadway, Silvertown, Texas  
 Deputy Clerk: Jerry Patton

The word "FOR" and beneath it the word "AGAINST" shall be made to appear on the left of said proposition. A square shall be printed on the left of each of the words "FOR" and "AGAINST" and each elector shall place an "X" in the square beside the statement indicating their vote.

**SECTION 5:** That all resident qualified electors of the Authority are authorized to vote in said election, and this election shall be conducted and held in accordance with the provisions of the Texas Election Code, except as modified by the provisions of Chapter 277, Acts of the 59th Legislature, Regular Session, 1965, and, as may be required by law, all election materials and proceedings for this election shall be printed in both English and Spanish.

**SECTION 6:** That a substantial copy of this resolution shall serve as proper

notice of this election, and said notice, including a Spanish translation thereof, shall be published, once a week for two consecutive weeks, in each of the newspapers published in the cities contained in the Authority, the date of the first publication of such notice in each of such newspapers to be at least twenty-one (21) days prior to the date of the election.

**PASSED AND APPROVED,** this 14th day of October, 1980.

Emotional abuse is a form of child abuse much more severe than it sounds. It warps children's minds and creates mental problems that will affect them the rest of their lives. Thousands of children are emotionally abused every year. As are thousands who are physically and sexually abused or neglected. It's not hopeless. Most child abusers can be helped. We know what to do but we can't do it alone.

**SEXUAL ABUSE OF CHILDREN. NOT TALKING ABOUT IT WON'T MAKE IT GO AWAY.**

It's real. Tens of thousands of children are sexually molested each year. Generally by a close friend, neighbor, parent or other member of the family. The abuse of children, whether it be sexual, physical, emotional or a form of neglect, damages young personalities and oftentimes results in death. An estimated one million children suffered from child abuse in America last year. It can be prevented. But not talking about it won't help.

**Abused children are helpless. Unless you help.**

# Floydada sign posted in the Yukon

"People had told us about it, but when we did see it we just couldn't believe it," Loretta said.

The Portage Glacier was another that stands out in Loretta's memory. It is seen by train.

And there's a story to that. The moral of the story is that when you travel Alaska dur-

ing the tourist season you need to make reservations ahead of time. The Burns' and Smith's didn't.

There is a train that goes from Portage to Whittier. It carries passenger cars and also flat bed cars for automobiles, you drive up on the railway car. Stay in your automobile and are whisked

through the country side on the train.

This looked like a great idea to the local couples, but they were told that without reservations they would have to wait in a stand-by lane. They decided to wait for awhile just to see what would happen.

They didn't have much

hope of getting on the train since many people in line had been there for hours. But it seems that automobiles are loaded on to the train to fit the space available and the van was the exact length the loaders needed to fill up the last car.

So the local couples were boarded ahead of people who had been waiting all night.

The 30 minute train ride included going through a tunnel. Suddenly the darkness of the tunnel was broken by the gleaming ice front of the Portage Glacier, a blue sparkling lake lay at its feet. The train turned a curve and in moments the view was gone, but that short glimpse stands out in Loretta's memory.

After the train ride it was necessary to catch the Barlet Ferry to continue the trip. Again no reservations. Again the van was the exact needed length and the couples were on their way with only a 25 minute wait.

Loretta remembers the water fall cascading down into the bay and towering mountains surrounding them. Fishing is Portage's main industry and the docks were filled with people busily loading and unloading fish.

During the ferry rides, and there were many, the couples saw "all kinds of sea life while we were on the boat." There were porpoise, sharks, whales and killer whales, their water spouts making fountains in the lake.

Alaska's call Texas their little brother. Natives refer to it that way as do the brochure books.

Most of the lodging was very reasonable for what you

got Loretta said, but there was one very run of the mill hotel that was \$72 for a room for two.

There are mile markers along the highway and both food and lodging are reasonable at these points. "Places in between can get very expensive," she said.

Gas prices ranged from \$1.35 in the cities to \$2.00 a gallon along the highway.

Part of the Highway is paved, but many chuck holes make it rougher to drive than the graveled part. Quite a bit of the road was under construction. They drove from 15 mph to 70 mph depending on road conditions.

"Part of the land is very swampy," Loretta said, "We couldn't believe there weren't alligators in it. There are no snakes in Alaska either," she added.

Temperatures ranged from below zero around the glaciers to one balmy day of 89 degrees.

Though it wasn't the rainy season, there was rain almost every day they were there. In Ketchikan the average rainfall is 150.98 inches a year.

The cities were very mo-

dern. People dressed casually. They did dress up at nice restaurants and clubs, but otherwise wore jeans.

July is the biggest tourist month. Many couples and families were traveling alone. Many, many elderly people were on the highway. And many people were

camping out.

Everyone was very friendly particularly those who lived there. "Some of the places along the highway, the owners would talk until you just had to get up and leave," Loretta said, "they acted like it was a privilege to talk to you."

BLOCKS OF HOMETOWN MILEAGE SIGNS border the Alaskan Highway at Watson Lake, Yukon.

A SIGN GIVING THE 2938 MILEAGE TO FLOYDADA was added to the others this summer by [l-r], Neil and Joyce Smith, and Loretta and Leroy Burns.

## Young Farmers Hold Monthly Meeting

On Thursday October 10 Silverton Young Farmers met at the Silverton High School vocational agriculture department for their monthly business meeting.

Bill Reid presided over the meeting. The club discussed having the annual turkey shoot and voted not to sponsor it due to the high cost of the prizes and location.

The club will place tires on the elementary school playground. Rain had delayed doing it earlier.

Halloween carnival booths

were discussed. Members voted to have at least one booth, that being a money slide.

Members will be honored with a cook-out on Saturday October 10 with steak and all the trimmings.

Those attending were Reid, Clinton Dickerson, Rene Garcia, Tommy Bullock, Fred Brannon, Donnie Perkins, Tolle Riddell, Joe Garcia, Manuel Agullar, Rodney Bullock, G.W. Chappell, Wayland Fitzgerald, Gary Weeks and Wayne Stephens.

Mrs. Byron Kendrick entertained with a Home Interiors party in her home Saturday.

Mr. and Mrs. Jerry Bob Harrison and Amy, came over from Lubbock for the Floydada High School Homecoming and stayed at his parents, Mr. and Mrs. Don Harrison.

Last Thursday, Don and Ruth Harrison visited their son and family, Mr. and Mrs. Jerry Bob Harrison, and their daughter, Mrs. Kay McPherson of San Angelo. Kay's husband coaches at the John Glenn School in San Angelo.

Saturday guests of Don and Ruth Harrison included Ruth's brother, Mr. and Mrs. Roy Smith of Plainview, Mr. and Mrs. Foy Smith of Levelland and the Harrison's son and family, Mr. and Mrs. Max Harrison and Tracy, of Floydada. Their daughter, Debbie, is attending South Plains College at Levelland this year.

Mrs. Robert Pyle and Mrs. Jimmy Nichols and son, Brynn, attended the Running Water Draw Arts and Crafts Festival in Plainview.

Mrs. Larry Glasscock sold her wood craft and art wares at a booth at the Festival. She and her father, Weldon Hammonds, create the wood objects and Ann paints or stains them.

Mr. and Mrs. Smokey Quilantan sat with their little granddaughter, Tory Santos, while her parents, Oscar and Janie Santos, attended the

Floydada-Childress football game. Mary Lou Quilantan traveled with the band to the game.

David Pyle came home from his grandmother Hammond's funeral last month and went straight to Central Plains Hospital where he underwent an emergency appendectomy.

The following week, David's mother, Mrs. Louis Pyle had surgery at St. Mary's Hospital in Lubbock. Both were up and around in no time.

Mrs. Gene Mitchell and children, Laqueta, age 14, and Chipper, age 10, of Crosbyton, visited her parents, Mr. and Mrs. Charley Wright, Saturday afternoon.

Mr. and Mrs. Don Martin and sons, Terry and Charley, visited her parents, Mr. and Mrs. Charley Wright, last Sunday after attending the Primitive Baptist Church ordination services for Tom Porter and Gail McPherson. Last summer Charlene and Don and their boys enjoyed a vacation at Cortez, Colorado where they met Charley and Mary and two other families. All had their campers and enjoyed the outdoors together. The Martin boys visited their grandparents several times in Floydada during the summer.

Don Harrison three sisters have visited here the past three weeks. First, Mr. and Mrs. Dick Furrow arrived from San Diego, California, then Mrs. J.R. Evers of Miami, Florida arrived. They

were joined by their sister, Mrs. Vivian Hall of Amarillo. Last Sunday, Mr. and Mrs. Dick Furrow, and Mr. and Mrs. Don Harrison went to Lake Stamford for the Harrison's reunion. Don grew up around Rotan.

Dick Furrow's brother, S.J. Furrow of Kansas, came to Floydada to visit while Dick was here, and both brothers attended a Furrow's family reunion at Lubbock in the home of another brother, R.T. Furrow.

Mrs. Billy Kendrick visited her mother, Mrs. Verna McSwain for the latter's birthday party Thursday at the Floydada Care Center. Mrs. Q.D. Williams was one of the hostesses from the City Park Church of Christ who served cake, ice cream and punch to the honorees and guests.

Mrs. Dayne Golightly is keeping books at the Lakeview Gin. Mr. and Mrs. Duane McClintock went fishing at Lake Falcon before ginning season got started. They were accompanied by Duane's brother and wife, Mr. and Mrs. Durwood McClintock. It rained while they were at Falcon, but everyone caught lots of fish for their home freezers.

The late Mrs. R.C. Smith's house has been rented by her estate to Mr. and Mrs. Dee Moses and son, Jeremy. They moved here recently from Dallas. Jeremy is in kindergarten. Welcome to our community. Little Miss Joanie Dee

Wesley of Morton, who visits the Q.D. Williams' several times a year, showed a Black Poland pig at the State Fair at Dallas and won 10th place. She acquired the pig when the owner forgot and left it at Morton after a pig show.

having a trailer load of show pigs. When Mr. Wesley contacted the owner he said he didn't want to drive back for it and they could keep it. So Joanie fed it and showed it and carried home the tenth place prize.

# Woodrow Wilson. Ragtime. The Great Houdini. The year is 1913 and a new Bell telephone begins ringing throughout the land. Ah, those were the days...

Now you can relive those days with Southwestern Bell's new Country Junction\* telephone — a happy blend of yesterday's spirit with today's technology.

Lovingly handcrafted in natural oak and antiqued nickel trim, the Country Junction phone is a classic that blends with period settings and makes an attractive statement with the crisp, cool lines of contemporary taste.

No matter where the telephone is placed — kitchen, den, family room, living area — this is a phone that will be seen and admired. Because it has modular components, installing it is as easy as hanging a picture.

In a busy, bustling world, the Country Junction telephone is a pleasant reminder of those times when all phone conversations began with the voice that smiled.

## FAIRVIEW NEWS

by Mrs. Clyde Bagwell

October 20:  
We are having some real fall weather, very cool, at times and last mid-week we had around 1/2 inch of rain over most of the entire area, and this Monday we have a cool cloudy day.

Our heartfelt sympathy goes out to the Harvey Allen family on the death of his mother, Ocie Morrison. Harvey and Judy have been going back and forth all week to Plainview to be at the bedside of his mother who was in the hospital in Plainview and she passed away Sunday night.

In our news last week we reported a salad supper given by Mrs. Flora Warren for members of the Warren family and Mrs. Ethel Warren and Mrs. Leona Warren were also present for this get-together and their names were left off.

Also Mrs. Mattie Mulkeys name was left off when the brothers and sisters of Mrs. C.H. Wise were at the Wise home to celebrate his birthday.

Mr. and Mrs. Bill Beedy and Charles Beedy and Mr. and Mrs. Bill Tye spent the weekend at Lake Kemp with Mr. and Mrs. Bradford Beedy.

L.H. Blum is expected to come home in a day or so from Lockney General Hospital where he has been for a week. He entered the hospital for a check-up and tests.

Mrs. Flora Warren and Mrs. Leona Warren visited Mrs. Bud Warren Saturday afternoon.

Sunday Mr. and Mrs. Hubert Davis visited Mr. and Mrs. Bud Warren.

Mrs. and Mrs. Ollie Meek visited Sunday afternoon with Mr. and Mrs. C.H. Wise.

Mrs. Ray Cook visited Saturday with Lee Burton and daughter, Carolyn.

Bill DuBois visited Wednesday with Mr. and Mrs. A. S. Mize.

Friday Mrs. Ella Cummings of Weatherford visited Mrs. Kate Crabtree.

Mrs. Kay Crabtree visited Mrs. Kate Crabtree Monday and on Tuesday Mrs. Bertha Lee Finley of Plainview visited Mrs. Kate Crabtree.

Mrs. Ray Cook came by Monday for a short visit with Mrs. Clyde Bagwell.

Becky Crabtree of Texas Tech spent the weekend home and on Sunday she along with her parents and brother and sister, Mr. and Mrs. Kay Crabtree, Sam and Anissa, were dinner guests of Mrs. Kate Crabtree.

Early Sunday morning Mrs. Ethel Graham and Mrs. Jewell Teague drove over to Clovis, New Mexico and spent the day with their cousins, Mrs. Mertie Wall and Mrs. Hardy Rutherford.

Dona Reed visited Mrs. Jewell Teague one day last week.

Marc Caffee of St. Louis, Missouri, called his grandparents, Mr. and Mrs. C.H. Wise, Sunday afternoon. Marc is a part time student and part time teacher at the college there.

The Galapagos Islands west of Ecuador were named for the galapago, Spanish for "tortoise," because of the 200-pound tortoises found there that could carry the weight of a man.
