## This Week

### Game Spirit

They all you Whirlwind fans! The Winds beat Lockney last week and now have their minds on Idalou. So everyone come to the pep assembly downtown at 3:15 and show the Winds you're behind them all the way. With school out on Friday we are really going to need everyone to come out to the downtown pep rally. Then go on to the game at Idalou at 8:00 and watch the Green Machine roll over the Wildcats! Come on Winds — you can do it!!!  
**BEAT IDALOU!!!**

### Election Party

Join the Hesperian's "Election night party" on Tuesday night as we report the results of the election. Boards will be displayed in the windows with a tally of votes from each of the Floyd County precincts. The Cable TV company is giving us a special one night look-up so that we can have televised election coverage nationwide. The coffee pot will be on and everyone is invited.

### No School

There will be no school in the Floydada School District on Friday, October 31. The teachers will be going to Lubbock for a Work Day. Nine weeks also ends this Friday. Report cards will come out Wednesday, November 5, for all schools except Duncan Elementary. That school is on a six week schedule.

### Bazaar Saturday

Methodists have been working for months on the craft items to be sold at their second annual Bazaar this Saturday. Beautiful handmade items will be sold from 9 a.m. till 12. A Thanksgiving style dinner will be served from 11:30 till 1 p.m. At 12:30 there will be an auction. Nursery will be available for shoppers.

### Contest Winners

This week's contest winners are: 1st place, Jean Hale; 2nd place, Katie Sanders; and 3rd place winner was Paiga Cannon.

### UIL Contest

The Whirlwind Band will compete Wednesday, November 5, in the Region 16 UIL Marching Contest to be held in Lubbock at Jones Stadium on the Texas Tech University campus. The local band will be performing at 4:50. The public is invited.

### Mexican Supper

The Floydada High School DECA Club will have its second annual Mexican Dinner, November 7, at the Jr. High Cafeteria, prior to the Whirlwind vs. Abernathy game. This year's menu has been changed slightly and will include a heaping platter of enchiladas, chalupas, Spanish rice, chili beans, tostitos, coffee and tea. Serving time will be from 5 till game time. Everyone is invited for good food and lots of fun.

### Upcoming

Artists and craftsmen from throughout West Texas are mailing in their reservations for space at the 1980 Floydada Lions Club Arts and Crafts Show. The show will be held on December 6 at the Massie Activity Center. Each display space will be 8 feet wide and 8 feet long and will cost \$20.00 each. Checks should be mailed to the Floydada Lions Club, 905 West Virginia Street, Floydada, Texas 79235. Bill Gray is Chairman of the 1980 show.

ANNUAL PUMPKIN PICKIN' PICKERS—Four and five year olds from the Floydada Day Care Center are shown here getting their share of the orange ripe in demand Halloween vegetable from the Scott Faulkenberry farm.

## Future communications main topic at joint meeting

Communications of the future is the topic of Southwestern Bell's new science demonstration, "The Knowledge Business: Looking Back at the Future." The company's veteran science demonstrator, Bill Haehnel, will address the Floydada Rotary and Lions Clubs Thursday at 12:00 noon at the Massie Activity Center. Using a variety of state-of-the-art devices, Haehnel will illustrate how the Bell System unraveled the communications problems of the past to bring America to its most exciting point in technological development.

Telephone systems that manage heating, cooling and lighting are being made available for businesses as technology continues to advance the role of the telephone in business operations. While home telephone users have not been exposed to technological advances as extensively as have their business counterparts, within the next few years, the situation will change dramatically.

The same advanced telephone systems that currently allow hotels to save money and energy by controlling their environment also will be available to home users. Telephone customers will be able to control other appliances and program the telephone to perform specific functions whenever needed 24 hours a day.

For instance, some telephone subscribers within five years will be able to program a telephone to turn on lights at night while away from home. The telephone will even be able to make sure the fire and burglar alarm systems are working. Technology is available now to bring these conveniences to the home telephone customer.

"Communications technology is advancing at an incredible rate," said Jim West, Southwestern Bell's manager-business office. "As a result, many so-called futuristic products and services are on our customer's doorstep now," he said.

## Spoooner to be guest speaker at appreciation banquet

First Baptist Church of Floydada will hold its third annual Sunday School Workers Appreciation Banquet on Wednesday, November 5, in the dining hall of Plains Baptist Assembly. Guest speaker will be Dr. Bernard M. Spoooner, director of the Sunday School Division, Baptist General Convention of Texas. The banquet begins at 7 p.m. with a buffet dinner. Several special recognitions and honors to individual workers and to departments will highlight the evening, according to David T. Seay, minister of Education. Fifty-five workers who have served for 10 or more years in the church's Sunday School will be honored. Service by these workers total more than 1,400 years. Mrs. R.A. Garrett, who has served more than 50 years, will present a personal testimony, "What Working in Sunday School Has Meant to Me." In addition, 12 workers who, in 1979-80, earned the Sunday School Leadership Diploma from the Baptist Sunday School Board in Nashville will be presented their diplomas by Dr. Spoooner. A highlight of the banquet will be the announcement of the 1979-80 Sunday School Department of the Year. The 12 School Departments which were named Department of the Month during the year are eligible to receive this annual award.

"Custom Calling Services such as call forwarding and three-way calling are just two examples of 'futuristic' services available right now," West said. Haehnel points out that Southwestern Bell will spend some \$1 billion in Texas this year to improve its system and keep up with demand. "The Bell System's productivity is running about four times the overall rate for business in the United States. Where this higher productivity really pays off is in better service and rates that don't increase nearly as fast as the overall cost of living," said Haehnel. "Haehnel's program vividly demonstrated the increasingly important role in the home and business," said West. The program for adult groups is presented in a nontechnical, entertaining manner for audience enjoyment and information.

## Open house election day

First Christian Church, Floydada, will be holding an early morning prayer service on Election Day, Tuesday, November 4. The Prayer Service will begin at 7:00 a.m., and the service will be followed with coffee and doughnuts in the church's fellowship hall. All community members are cordially invited. The serving of coffee and doughnuts will continue until noon. People are welcome to come by on their way to or from the polling places. "There will be no attempt made to tell people how to vote or to lift up any issue or position as the Christian issue or position," said Pastor Dennis Swearingin. "This will be quite simply a service of prayer for our nation at a critical time in our history. We intend this service to be one in which anyone concerned with our country's well-being would be comfortable."

REAPPRAISAL AND EQUALIZATION HEARINGS were completed at Floyd County Courthouse Tuesday. Case files indicate many citizens contested reappraisal on their property.

## Merchants go all out for Chamber Halloween fun day Friday

Be sure and come to town Friday morning if just to see your dignified business people dressed up in outlandish costumes. Stores and businesses will be decorated. Special savings sales will be going on as Chamber members go all out for their Halloween Fun Day. An anonymous judge will pick the winning business. Prize will be the services of Chamber Manager, Lance Barrow for a day.

WHISPERING WHIRLWIND is checking out the square before Friday's downtown pep rally at 3:15.

## Presidential race tops general election

From Alaska to Texas and from New York to California, millions of United States voters will visit the polling sites next Tuesday, November 4, to elect a president to serve the nation for four years. Four presidential-vice presidential candidates are listed on the ballot. One glaring error is that Anderson has chosen Patrick J. Lucy as his running mate. However, Milton S. Eisenhower was registered as the candidate, and his name appears on the ballot instead of Lucy's. Since there are no local races this year, voter turnout is expected to be normal for a presidential election in Floyd County.

Absentee voting is expected to be about 100 when the County Clerks office closes at 5 p.m. Friday, October 31. That is the final hour on absentee voting there. Mail ballots must be postmarked no later than midnight Friday and must be received by the County Clerk no later than 1 p.m. on election day. Floyd County has 4808 registered voters eligible for the November election. Sample ballots can be found on page three of B section in this paper.

Polling places and judges are listed on page two of B section. Straw votes taken at local service organization meetings, schools and general tallies show Ronald Reagan to be ahead of President Jimmy Carter in Floyd County. Election watchers have predicted that the South Plains will vote Republican on the national level. The metropolitan areas of Texas still seem to be Democratic strong holds. Whether the debate sponsored by the League of Women Voters Tuesday night will make a difference in popularity between Carter and Reagan remains to be seen.

## Amendments are important voter choice

There are nine constitutional amendments that will come before the voters on Tuesday. Some of those issues will directly effect Floyd County and some won't. The first amendment has gotten more publicity in this area than the others. It has to do with authorizing banks to use unmanned teller machines.

In the small town banking of Floyd County this is not a burning issue. General feeling is that the Savings and Loan Companies already have the ability for unmanned teller machines and that the passage of this amendment would put the banks on a more competitive level.

Number two is granting the state the right of appeal in certain criminal cases. Both District Attorney Randy Hollums and County Attorney Kenneth Bain are against the amendment. They think that it would further clog the already congested appeal system. Generally speaking the defense attorneys are for the amendment. The prosecuting attorneys are against it.

The third amendment on county appraisal and equalization doesn't apply to Floyd County since our commissioners "wisely" have already joined the central taxing units. This amendment would make it mandatory for other counties, who did not vote to join, to now have to participate.

Some feel that the fourth amendment of authorizing charity Bingo would open doors to gambling in Texas. Both attorneys are leery of the number 5 amendment giving the governor control over appropriated funds. Bain wonders if it might not have an adverse effect on some funds appropriated for the county. Hollums describes it as a 50-50 proposition for or against.

The number 6 amendment giving the Governor the right to remove appointed officers with Senate approval is another proposal that they feel could possibly be misused. The Governor should have the right to remove executive appointed offices. Hollums is concerned that the removal right could go into the judiciary offices if a judge disagreed with the Governor.

Since Floyd County is not in the 5000 population bracket the seventh amendment proposal does not effect us. Bain feels the in counties made up of large ranches that they are paying most of the taxes anyway and ought to be able to use county road equipment for private roads on that theory.

The number eight proposal is the one that the attorneys come closer to disagreeing on than any other. In talking to both of them the enormity of the backlog of cases in the Supreme Court is hard to believe. What the amendment is set up to do would spread out the criminal appeal cases and shorten what is now a three year wait for the Appeals Court to hear those cases.

Hollums said that he would much rather try a case in Amarillo than have to wait on the 900 to 1000 waiting list for Austin. This amendment could shorten the waiting time to something like nine months. Bain agrees that that part of the proposal would be good. But he is very concerned that a passage of the amendment would then clog the civil appeals courts as badly as the criminal appeal courts are now. "I agree that the criminal appeal court needs some relief but I wish they'd figure out a way to do it without over burdening the Court of Civil Appeal," Bain said.

The Texas District and County Attorneys Association voted in favor of amendment number eight.

The ninth amendment on the ballot having to do with spouses designated income and property from separate property is a complicated issue. Right now Texas has community property laws. This would enable one spouse to singularly retain property. There would be tax consequences if the amendment were passed. Bain said that we already have a complicated property system and that this would complicate it further.

Continued From Page 1

Nine amendments are to come up before Texas voters Tuesday. Pros and cons are further discussed here.

**Amendment No. 1: UNMANNED BANK TELLER MACHINES**

The amendment would permit the legislature to authorize banks to use unmanned teller machines within the county or city in which they are located on a shared basis to serve public convenience.

FOR:

1. Unmanned teller machines allow customers to transact business at convenient locations and at any time.
2. Because each bank has the right to share in the use of the machines, a bank will be able to serve a larger area than it currently serves. Competition among banks will increase.
3. The use of unmanned teller machines allow banks to better compete with savings & loan associations, which currently may have more than one business location while banks are restricted to a single location.

AGAINST:

1. The cost of installing a network of unmanned teller machines would be passed on to the consumer.
2. The amendment circumvents the long standing prohibition on branch banking in Texas.
3. The use of unmanned teller machines will let large banks serve the entire community and force smaller banks out of operation.

**Amendment No. 2: STATE RIGHT OF APPEAL**

A constitutional amendment to grant the state the right of appeal in criminal cases from certain rulings of the trial court.

FOR:

1. Granting the state this limited right of appeal provides the only effective way of testing the constitutionality of certain statutes and the legality of certain pretrial practices.
2. The amendment will provide a criminal defendant with a method of ending criminal action at an early stage if appeal is worthy.
3. Granting the state a right of appeal will eliminate to some extent the tendency of some judges, when in doubt, to rule in favor of the defense to avoid appellate review of their rulings.

AGAINST:

1. The duration of a criminal trial will be substantially lengthened when the state takes an appeal.
2. The caseload for the court of criminal appeals will be significantly increased.

**Amendment No. 3: EQUALIZATION BOARD FOR AD VALOREM TAX**

Proposing a constitutional amendment to require a single appraisal and a single board of equalization within each county for ad valorem tax purposes.

FOR:

1. Single appraisal districts and boards of equalization are needed to fulfill legislative intent in the passage of the Property Tax Code.
2. The creation of single appraisal districts eliminates duplication of property tax administration.
3. Such districts would prevent conflicts in appraisals, thus promoting uniformity and equality.

AGAINST:

1. Preventing county commissioners from direct involvement in property tax administration will vest too much tax authority within one non-elected board.
2. Property taxes will probably increase at the county level.

**Amendment No. 4: LOCAL CHARITABLE BINGO GAMES**

Proposing a constitutional amendment to authorize bingo games for charitable purposes on a local option election basis.

FOR:

1. The charitable purposes for which churches, synagogues, religious societies, and many other organizations engage in bingo are of great benefit to society.
2. The proposed amendment would allow each community to decide whether to permit bingo games.
3. Bingo games provide an opportunity for entertainment, social gatherings and relaxation.

AGAINST:

1. Fraud in bingo games would not be easy to prevent by local law enforcement.
2. Organized crime would become involved in bingo games since profit margins would be as great as in criminal activities.

**Amendment No. 5: BUDGET EXECUTION**

A constitutional amendment authorizing the legislature to grant budget execution powers to the governor, subject to approval by a budget execution committee.

FOR:

1. Since the Legislature meets every two years in regular session, there is a need for more budget execution authority vested in an elective office.
2. With the approval of a budget execution committee, the chief executive could closely monitor agency expenditures and insure accountability of tax dollars.

AGAINST:

1. Additional controls on spending are not needed in Texas as the citizen's tax burden is among the lowest in the country.
2. Such authority would allow a free-spending governor the ability to increase expenditures, just as a frugal one could decrease them.
3. Agencies are managed by appointed or elected boards that are accountable to the people now; there is no need to change a system that is considered one of the best in the country.

**Amendment No. 6: REMOVAL OF CERTAIN APPOINTED OFFICIALS**

Proposing a constitutional amendment to authorize the governor to remove appointed officials with the advice and consent of the senate; and allowing the governor to call a special session of the senate for this.

FOR:

1. Allowing the governor to remove appointed officers of the State gives the governor the ability to insure the promotion of his/her policies.
2. This ability would make board members and other appointees more accountable to the needs of an elected official.

AGAINST:

1. Appointees should have the ability to make independent judgments concerning the operations of their agencies, boards, and offices.
2. Such an added governing power would be a move away from control by the Legislature, which represents citizens at a district level.
3. The governor has no need for day-to-day control over appointed officers of the State.

Continued On Page

**Amendment No. 7: COUNTY ROAD WORK ON PRIVATE ROADS**

Proposing a constitutional amendment relating to the authority of a county to perform private road work.

FOR:

1. It is unfeasible to hire a private firm to perform private road work in many remote areas of Texas when the county can do the same at a reasonable charge.
2. Small counties must maintain expensive road construction and maintenance equipment even though not required on a full-time basis. Part of their investment could be regained with the revenue received from private road work.

AGAINST:

1. Provisions of the Texas Constitution prohibits the use of public funds for private purposes and public funds would be squandered by this amendment.
2. Counties would be in direct competition with private construction.

**Savings bonds**

**interest rate to be increased**

The Treasury Department has raised the interest rate paid on all new issues of U.S. Savings Bonds by one percent effective November 1, 1980. Lewis McDaniel, District Manager of Southwestern Public Service Co., said today. McDaniel is the Savings Bonds volunteer chairman for Floyd County. In addition, all Series E, EE, H, and HH Bonds and Savings Notes now outstanding have had their interim yields increased by one percent to their next maturity, McDaniel said. More than \$70 billion worth of Savings Bonds are now outstanding.

The new interest rate is eight percent for Series EE Bonds held to a nine-year maturity. The interim yields on these Bonds have also been improved to 5.5 percent after 1 year and 7.5 percent after 5 years. Series HH Bonds will now earn 7.5 percent to their 10 year maturity.

The rate increase was made possible by legislation permitting the Secretary of the Treasury, with the President's approval, to raise Savings Bonds interest rates by up to one percent during any six-month period. The rates previously in effect were seven percent on EE Bonds held 11 years, and 6.5 percent on HH Bonds held 10 years. Depending on market conditions, the Treasury says, a further rate increase of up to one percent may be made as early as May 1, 1981.

According to Lewis McDaniel, "The Treasury Department's actions in raising the rate on Savings Bonds and shortening the maturity period for EE Bonds make what was already an attractive savings medium even better. "The many thousands of our county's citizens who regularly buy Bonds through the Payroll Savings Plan or at their bank are now receiving an interest rate that is almost unbeatable on amounts as little as \$25. Bond buyers will also continue to get the tax advantages, safety, and convenience they always have enjoyed. I am certain that even more of our county's citizens will take stock in America and buy Bonds."

**SBA to assist drought losses**

The Small Business Administration's (SBA) declaration #1900 for drought has brought much needed assistance to the agriculture industry in Texas.

"The disaster victim is eligible for crop losses sustained during the 1980 growing season providing the crop was in the ground during the incident period of the declaration, regardless of the harvest date," stated Russell R. Berry, Lubbock District Director of the SBA. "and partial crop losses will be computed only after harvest and determination of actual yield."

The following formula will be used to compute eligible loss:

Acres planted X established yield X percentage of loss X market price (less insurance received, less ASCS low yield payment and other recoveries) = eligible loss.

**Football... small-town Texas style**

Bill Gray

The excitement of big-time football, be it collegiate, or professional, is but a short drive from Floyd County, but the games played are light years away from the contests we see on Friday nights.

Oh, both "games" have their similarities — each is played on a 100-yard field (even if one of the fields has to be treated occasionally with "Scotch-guard" and vacuumed instead of mowed); each team involved has eleven men on the field; a touchdown counts six points. Other than the other basic rules of football, the two "games" start to take on different characteristics at this point.

In the pros, gone are the days of the excitement of Lou Groza making a key block on a sweep for the Browns...then, following the TD, Lou "The Toe" adding the PAT. Or Frank Gifford capping a Giant comeback with a sparkling interception and a few moments later hauling in a Y.A. Tittle pass for the winning TD. Or E.J. Holub putting on a devastating block from his center position then remaining in as a stalwart of the Chief's defensive unit

(being the only man to have ever lined up on both sides of scrimmage in a Super Bowl).

In college, the pros, and even a lot of high school ball today, there are specialists for this or that, a 3rd-down offense, a 4th-down defense, a 2nd-and-short platoon, etc. Most of the teams are so computerized and follow such definite patterns on "certain situations" that most fans (and opponents) can pretty well predict when and what is coming next.

Not the case with...Football — Small-Town Texas Style! The brand of football played on the South Plains gridirons is more exciting from the standpoint of fan involvement than the big-time game of the pros, the colleges, and many high schools.

If a fan wants theoretical or computerized football games, there are many on the market he can buy through the courtesy of Japanese ingenuity.

On a cold and wet September night, a weary linebacker downs an opponent... then takes a pitch-out from a teammate a few plays later. It's a busted play resulting in an 8-yard loss, followed by a

well-executed touchdown toss to the end who moments earlier was defensive safety. It's a caravan of band buses driving seventy miles to an opponent's field, with the often outnumbering the hosts. This is this writer's opinion, is what the game is all about.

The spirit and charisma of "Small-Town Texas Football" is hard to find anyplace else. Our brand of football is special...our boys, coaches, and who are special. Take it from someone who has seen the "other"...a championship game between two urban rivals whose student bodies each exceed that of the entire population of Floyd County. The ideal Southern California weather, prayer...no National Anthem...no time show to speak of!!!

I hope the sports-minded folks of Ohio's, and the California's, don't find out what we really do have. If they do, there wouldn't be enough room in the Caprock to the Permian Basin to accommodate them! We can thank lucky stars we have what we have...grass is not always greener!

**Vote for Greater Banking Convenience**

Passage of Proposition 1 on the November 4th ballot will open the door to even greater banking convenience. This simple change in the law will allow Texas banks to place unmanned teller machines at convenient locations for faster service, night or day. These teller machines are becoming a convenient option for handling routine banking business.

"Round-the-clock banking at unmanned tellers is convenient, safe and a positive step toward avoiding unnecessary credit card use... moreover, it is an energy saver — instead of traveling across town to a bank, an unmanned teller can be built in your neighborhood."

— San Angelo Standard-Times

Proposition 1 "will make life easier for bank customers... (it) will eliminate many, if not all, of the tortuous lines seen clogging drive-in bank lanes."

— Houston Chronicle

Proposition 1 "has gained widespread support as the amendment faces voters Nov. 4."

— Orange Leader

"Off-premises unmanned teller machines should be approved by Texas voters."

— San Antonio Light

People in forty other states already have this convenient banking choice. It's time Texans did, too.

The norther that blew in Monday and got down to 32 degrees at night finished off the vegetables and flowers. Now cotton harvest will really get into business.

Mrs. Brice Allen, and Mrs. McDonald of Crosbyton visited Mr. and Mrs. Blanton Hartsell for vegetables Friday. The Hartsell's say this is their last year to raise vegetables, as Blanton plans to retire from farming.

Mrs. Carolyn Lamberth of Carlsbad, New Mexico, visited her parents, Mr. and Mrs. Blanton Hartsell, for the Crosbyton High School Homecoming recently.

Dennis Taylor died in his home at Grinnell, Iowa, Sunday evening. His wife, Rachel, told family members he had preached at church, then when he arrived at home, sat down in his chair for a nap. Later she tried to wake him up and discovered he had

died in his sleep. A peaceful way to go, for this good man who helped raise a fine family, and was a friend to so many people. He grew up in the Mt. Blanco community, preached in the Primitive Baptist Church in Texas and Iowa.

Georgia Mae Smith Erickson returned to the land of her grandfathers people last month, when she visited friends in Germany. She also visited with relatives of the late Hank Smith, returning to Texas in October.

Mr. and Mrs. Bob Alldredge joined other relatives for Sunday dinner with Mr. and Mrs. Thomas E. Warren. Others present included Mr. and Mrs. Olin Watson Jr., and Mr. and Mrs. William Bertrand.

Bob Alldredge's sister, Mildred, and husband, Mr. and Mrs. Hossler Strickland, visited him recently from

Lubbock. Mrs. Joe Dunn received a good health report from Dr. Mattison at the clinic at Lubbock this week.

Mrs. W.T. Barnett drove out from Crosbyton Saturday to visit on the edge of the canyon at the home of her friend, Mrs. Viola Brown.

All the Neff ladies helped with the garage sale at Mrs. Annie Neff's home Thursday, Friday and Saturday. Helpers included Mesdames Buell Neff, Lavada Neff, Mary Neff, and Mrs. Wynola Galloway. Shorty and Ed helped load things.

Miss Alice Mooseberg was here visiting her parents, Mr. and Mrs. Carl Mooseberg, over the weekend. She teaches at Perryton.

Mrs. Roy Fawver, and Mr.

and Mrs. Leslie were in Dallas over the weekend visiting Mrs. Fawver's daughter and her husband, Mr. and Mrs. L.D. Golightly. Then, about thirty miles on each direction, they visited Mrs. Fawver's grandson and family, Mr. and Mrs. Robert Golightly, and Jonell and Leslie's daughter, Mrs. Bruce Francis (Eileen) and husband. All had a good visit.

Mrs. Roy Fawver visited Mrs. Nettie Adams Monday. On Sunday Mrs. Ham Smith and Mrs. V.D. Turner came to visit Flora.

Almost every landowner in Lakeview has been waiting their turn in the courthouse this week as farmers protested the tax assessment on their property. Commission-

er Jack Lackey has represented his constituents and been on hand faithfully to plead their cases.

## Lower Red Meat And Poultry Output Expected

During the rest of 1980, supplies of pork, broilers, and eggs will fall short of year-earlier levels as production cutbacks planned earlier in the year--plus the impact of this summer's heat and drought--begin to take effect. Beef production, on the other hand, will be slightly higher than last year.

The September 1 inventory of hogs and pigs (in the 14 major producing States) showed market hog numbers down 2 percent from last year, but still 15 percent larger than in 1978. Farrowings during June-August and farrowing intentions for September-November were both down 10 percent, implying that pork production in the first half of 1981 will fall substantially below year-ago levels.

Farm commodity prices have been rising much faster than input prices in recent months, this improving farm income prospects for 1980 relative to earlier expectations. The index of prices received by farmers gained 12 percent from June to September, while the index of prices paid rose only 3 percent. Despite this improvement, prices paid by farmers were up 12 percent from a year ago in September, while prices received were up 9 percent. Higher feed prices have continued to squeeze livestock producers' margins. In addition,

farmers who lost most or all of their crops to this summer's drought and heat will not share in the improved income situation.

With improved market conditions, total feed grains have shown net movement out of the farmer-owned reserve in recent months. Corn, which is in release status, has shown the largest absolute drop in farmer-owned reserves, while oats, which are in call status, have shown the largest percentage drop. Barley is the only feed grain for which net movement has been into the reserve. Wheat has been moving into the reserve in recent weeks, although at a slow pace.

Retail food prices, as measured by the Consumer Price Index (CPI-U), increased 1.5 percent in August--the largest monthly rise since February 1979. The major contributors to the August increase were poultry, pork, beef, and fresh fruit. With food prices having risen relatively slowly in the first half of 1980, the total gain this year is expected to be about 9 percent--the smallest increase since 1977.

Foreign production of most crops is expected to turn out better than last year. Foreign output of grains and cotton are forecast up, but oilseed

production is not expected to increase. Western Europe is expected to harvest larger crops despite the damage caused by wet weather in June and July. Grain production in Eastern Europe and the Soviet Union is also expected to be up, while China's grain output is expected to fall.

## Top Replacement Heifers Important

### To Cow — Calf Producer

Stay on top of beef production in the fast-moving and complicated industry, a cow-calf producer must maintain a top-notch cow herd. Ideally, he must start with a good herd, use proven sires and select performing replacement heifers to place of poorer producing cows from the herd each year, says Dr. Boleman, beef cattle specialist at the Texas Agricultural Extension Service, Texas A&M University system.

A producer can improve and upgrade his breeding herd through selection of sires and selection of parents to be bred. The goal in beef production is to improve the average performance of the herd through selection of economic traits such as calving interval, birth and weaning weights, cow mothering ability and pasture gain, efficiency of gain, yearling weight (feedlot or carcass), weaning and yearling conformation scores, carcass grade, rib-eye area and outside carcass fat thickness. To make rapid and accurate improvement, all information to make maximum response should be used. Pedigree, performance, individual performance data and visual appraisal are all used in selection of heifers.

Pedigree information when used alone provides low accuracy in estimating the breeding value, and is of almost no consequence if we go beyond the parents for information, says Boleman.

Individual performance information is a requirement to effectively select beef cattle for genetic progress. No single selection plan fits all breeders and producers, but any profitable selection program must be based on the ability of an animal to perform in a given environment.

Properly measured performance is the best estimate of the animal's breeding value. It should include such traits as growth characteristics, reproductive ability, longevity and the ability to produce acceptable quality meat at a minimal unit cost, points out the livestock specialist.

Although objective information is most important in the overall selection process, visual appraisal also remains an important tool for selecting animals for many functional economic traits. The trained eye is still needed to assist in determining composition of gain, degree of or type of muscling, skeletal dimension, structural correctness, masculine (testical size and shape) and feminine (udder and external genitalia development) characteristics, believes Boleman.

The most economically important beef cattle production trait is that of reproduction. The young heifer has to sexually develop and calve as a two-

year-old and continue to calve every year of her productive life to be considered a proficient breeder.

When selecting a heifer, ask for maternal information of the cow, suggests the specialist. An exceptional performance record in itself will not totally insure that the heifer in question will be a productive breeder, but it sure will go a long way to success. Also use visual appraisal and try to select those heifers that look feminine, with a more refined head and neck, properly developed udder with correct sized teats, and a well-developed vulva. Combine performance information and visual appraisal in selecting a reproductively sound heifer.

In a nutshell, then, Boleman offers these suggestions for selecting top replacement heifers:

--Study performance pedigrees and individual performance information of the parents of heifers in question.

--Select only those heifers from cows with demonstrated reproductive ability, longevity, and proven milking and mothering ability.

--Select heifers that are over the 100 percent weaning weight ratio (above the average of the group.)

--Select heifers on the basis of sound and functional conformation.

What do the following events have in common? A Chinese businessman in Beijing decides it's time for a new pair of shoes . . . a housewife in Brussels buys a bar of soap . . . an Italian merchant orders a case of candles . . . and a musician in Venezuela discovers he needs violin strings. The common element in all these events is the strengthening demand for American beef by-products. In its first full trading year the PRC (People's Republic of China) is buying nearly 150,000 cattle hides. Two years ago when the beef industry had total exports of about 1.6 billion dollars worth of beef . . . over 80 percent of the total dollar volume was from by-products. So as our cattle producers provide us with steaks and hamburgers they also provide shoes in China, soap in Brussels, candles in Italy, violin strings in Venezuela, and thousands of other needed items world wide.

## Crop And Livestock Questionnaires To Be Sent To Texas Producers

From mid-November to early January, thousands of Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service or will be interviewed by the Service's staff. The information gathered through the questionnaires and interviews provides the basis for determining the final acreage, yield, and production of crops and end-of-the-year stock and poultry numbers for the state of Texas and for each county.

Some of the estimates published by the Texas Crop and Livestock Reporting Service are based on the date provided by farmers and ranchers. County Extension Agents, ASCS offices, and others in agriculture. This cooperation provides the necessary data which is, in turn, returned to farmers and ranchers and others in the form of reports, estimates, which are so essential in making the wisest production and marketing decisions. Accurate estimates are also essential to farm operations and legislators in promo-

tion, planning, and enacting wise legislation and are used in establishing acreages and payment levels to producers under the various commodity programs.

The collection and publication of agricultural statistics area a cooperative effort between the Texas Department of Agriculture and USDA. This cooperation avoids duplication of effort, promotes economics, and increases the effectiveness of statistical reports. All individual farm and ranch information is kept confidential, and only state and county summaries become part of the final published estimate.

County estimates for 1979 and January 1, 1980, are available on Livestock, Poultry, Dairy, Field Crops, Small Grains, Cotton, Vegetables, Fruits and Pecans, and Cash Receipts from the Sale of Texas Farm Commodities. Sale of Texas Farm Commodities Bulletin can be obtained from the Texas Crop and Livestock Reporting Service, P.O. Box 70, Austin, Texas 78767, or by writing Reagan V. Brown, Commissioner of Agriculture, P.O. Box 12847, Capitol Station, Austin, Texas 78711.

**Amendment No. 8: JURISDICTION AND AUTHORITY OF THE COURT OF CIVIL APPEALS**

A constitutional amendment to change the names of the courts of civil appeals and the names and qualifications of the justices of the supreme court and to prescribe the jurisdiction and authority of the appellate court.

**FOR:**

1. It is unrealistic to expect only one criminal appellate court in Texas to administer criminal justice that is needed speedily and is a deterrent to crime.
2. The heavy workload of appeals in criminal cases that is presently handled by one court of criminal appeals would be shared by the 14 regional courts of appeal.
3. Appellate courts with jurisdiction in civil and criminal matters may attract and develop better judges that have benefitted from experience with a variety of legal problems.
4. This amendment would clarify such questions as qualifications of a justice of the supreme court and a vacancy in the office of chief justice.

**AGAINST:**

1. Our present system is the most efficient system to achieve criminal justice.
2. The addition of a large number of criminal cases to the civil caseload of the civil appeals courts will create another caseload problem.

**Amendment No. 9: CONVERSION OF MARITAL COMMUNITY PROPERTY INTO SEPARATE PROPERTY**

Proposing a constitutional amendment relating to the conversion of marital community property into separate property.

**FOR:**

1. A system for marital property should provide general rules for determining rights and allow for persons to make alternative property arrangements in their best interest.
2. Benefits derived from property should be owned by the spouse who owns the property.
3. The amendment would reduce the complexity of the process of converting community property to separate property.

**AGAINST:**

1. The present community property system has served the best interest of the citizens of Texas.
2. The community property system, as permitted by the amendment, could foster the creation of an entirely different way of settling property matters.

The triplets were born August 11 in the Lady Chancellor Maternity Home in Salisbury, Rhodesia, Africa.

# ATTEND THE RELIGIOUS SERVICE OF YOUR CHOICE THIS WEEK

**A HABIT TO CULTIVATE**

Speaking well of those who disliked him was one of Gen. Robert E. Lee's outstanding qualities. When he paid generous tribute to the ability of a certain colleague, a fellow officer remarked:

"General, how can you speak so highly of one of your bitterest enemies, a man who never misses an opportunity to malign you?"

"My friend," Lee replied, "the President asked my opinion of him, not his opinion of me."

Robert E. Lee was a man of dignity. His self-discipline in speech is worthy of emulation. Speaking well of others in all circumstances was a practice he began early in life. Only after years of practice does such a state of mind become habitual. It takes determination to develop nobility of character.

By cultivating the habit of thinking and speaking well of others, regardless of their attitude towards you, you make an investment that will one day bear rich dividends, not only here, but hereafter.

It is a sign of strength rather than weakness to follow Christ's teaching: "Love your enemies, do good to those that hate you and pray for those who persecute and calumniate you." (Matt. 5:44) Some people feel incapable of attaining this level of virtue, but they forget about divine grace. With God's help all things are possible. By praying for the grace to follow the Lord's advice, you will begin to bring peace to yourself and others.

We live in a world in need of peace. Take Jesus at His word, return good for evil. Look for the good in others; speak of the good and not the bad. A more charitable world begins with you. Edward Everett Hall put it this way:

I am only one

But still I am one.

I cannot do everything

But still I can do something

I will not refuse to do the something that I can do.

Control of the faculty of speech is a first step on the ladder of holiness. Set your goals high.

Mary Jo Lester is a new fourth grade teacher at R.C. Andrews Elementary School this year. She taught six years at her hometown of Wichita Falls in the Jr. High School.  
In August, she and her husband, Mike, and two daughters moved to Plainview. Mike is men's buyer for Morris and Sons.  
"This is a very friendly town," Mary Jo said. "The people here at the school have made it easy for me to adjust to a new environment, grade and town."  
She is enjoying teaching fourth graders. "They are still so eager to learn and they want to please the teacher. It's different from teaching eighth grade," she said.

**Young Farmers Hold Meeting**

On Thursday, October 23, the Silverton Young Farmers met in the vocational agriculture department of the high school with Bill Reid presiding.

A letter was shared with members concerning the October 7 Briscoe County 4-H pig sale. The thank you letter was for the support as well as help given during the annual sale.

Members voted to have a money slide booth and a BB Shoot at the Halloween Carnival to be held Saturday, November 1, at the Briscoe County show barns. The Silverton High School Student Council is sponsoring the carnival.

Calvin Shelton, recreation chairman, reported on the annual club Christmas social. Members voted to have the party on December 20 at the Gulf Station.

The club's annual consignment sale will be held the last weekend in March.

Attending the meeting were Donnie Perkins, G.W. Chappell, Orville Turner, Tobe Riddell, Rick Hester, Clinton Dickerson, Manuel Aguilar, Rodney Bullock, Bill Reid, Abel Asebedo, Fred Minyard, Wayne Stephens and Jack Davis.

**HOOP HISTORYMAKERS**

Larry Kenon of the San Antonio Spurs set an NBA record in 1976 for most steals in a regular season game when he stole the ball 11 times from Kansas City.

**Quick Apple Squares Are Easy As A-B-C!**

Preparing to go back to school isn't only for kids! It's also time to collect a supply of baked goods recipes. Easy Apple Squares is just the recipe for upcoming PTA bake sales, homeroom parties and extra-curricular activities. It will become first on your list for baking without a fuss.

What could be simpler than using oatmeal cookie mix as the main ingredient. Besides being convenient, it contains the classic rolled oats which are high in B vitamins and minerals. Just combine all ingredients and spread into a large baking pan for delicious cake squares.

Why fuss over complicated baked goods when this easy recipe tastes like it belongs on the honor roll! Easy Apple Squares will become an assignment you'll enjoy doing all year long!

**Easy Apple Squares**  
 One 18-oz. pkg. oatmeal cookie mix  
 2 cups peeled chopped apple  
 1/2 cup chopped walnuts  
 1/2 cup raisins or chopped dates  
 2 eggs  
 3 tablespoons water  
 1 tablespoon lemon juice  
 1/8 teaspoon nutmeg  
 Heat oven to 350°F. Combine all ingredients except 1/4 cup nuts in large bowl; mix well. (Batter will be very stiff.) Spread into greased

13x9-inch baking pan; sprinkle remaining 1/4 cup nuts over batter. Bake at 350°F. for 35 to 40 minutes. Cool completely on wire rack; cut into squares. Makes 13x9-inch pan of cake squares.  
**MICROWAVE OVEN DIRECTIONS:** Fill 16 to 18 paper muffin cups 3/4 full; sprinkle the remaining 1/4

**SHOW 'EM WHERE YOU STAND**

**Light Up Your Whites**

It's a widely known fact that age, rust and the use of chlorine bleach on some fabrics can turn your washable whites yellowish or dingy off machine and let stand gray. But did you know that all it takes to restore original whiteness of your favorite whites and linens is RIT Color Remover? Even drab wash and worn looking sneakers turn bright again.

Along with whitening your washable whites, color remover removes transferred dye stains from white clothing items, removes staining on white materials caused by hard water minerals and removes the yellowish or grayed discoloration on white fabrics caused by time during storage periods without use.

Using color remover in your washing machine is easy, safe and economical. Just place the clean article in

washer at the hottest setting. Make sure the material is not crowded. For a small wash load, add one or two packages of RIT Color Remover to moving water (not directly on fabric) and agitate 2 to 3 minutes. Shut off machine and let stand for 30 to 60 minutes with lid closed. Agitate a few minutes; drain water, and re-color. Wash and rinse thoroughly. If you prefer, use a range top method. Fill a large stainless steel or enamel pot with hot water. Heat the water to a simmer and add one package of color remover. Immerse clean, wet article in pot, making sure the material is not crowded.

Stir for 2 to 3 minutes. Remove the pot. Let the article cool. Wash and rinse fabric thoroughly in hot tap water.

For more stubborn stains, especially rust, wet the article with hot water. Immediately place powder in the stain. Rub in and wash with either the range top instruction.

Available where fabric is sold, Color Remover is not a bleaching agent. It does not weaken fibers. It's easy way to brighten favorite washable whites.

**WATERFOWL SEASON OPENS**

The Texas fall duck/goose seasons are set to open at 7:03 a.m. (CST) Lubbock/Amarillo time on October 28, 1980.

The duck season and bag limits are similar to last year as the season on the High Plains Mallard Management area extends through January 18, 1981 west of a line from Del Rio to San Angelo to Albany and to Vernon.

The daily duck bag limit is reached when the point value of the last bird taken added to the total point value of all other birds taken reaches or exceeds 100 points. Possession limit is the maximum number of birds which can be taken legally in two days.

The daily bag limit is from one to ten depending upon which duck you bag and in what sequence. The ducks are given points as follows:

- 100-point - canvasbacks
- 70-point - Hooded mergansers, mottled ducks, Mexican-like ducks, mallard hens, redheads and wood ducks
- 10-point - Gadwells, mergansers (except Hooded), pintails, scaups, shovelers, all species of teal and wigeon.
- 20-point - All other species and sexes not listed above. This includes the popular mallard drake.

Shooting hours are from 30 minutes before sunrise to sunset. It is fairly easy to determine the exact sunrise/sunset on your hunting area.

Draw a North/South line through Amarillo and Lubbock. For every 17 miles east of this line, subtract a minute from the Amarillo/Lubbock time. For every 17 miles west of this line, add a minute to the Amarillo/Lubbock time as listed in the local newspapers.

Most Texas game wardens allow a few minutes variance when hunters are after game, but it gives many hunters peace of mind to know exactly when the sunrise and sunset times are for his area.

**10-gauge; and, similar shooting hours.**

The bag limit for geese in this western region is five geese, not to include more than two Canada or white-fronted geese in the aggregate.

The cold weather has pushed ducks down into the playa lakes of the Panhandle and South Plains, but not many geese have been reported.

**SANDHILL CRANES ARRIVING**

Many flocks of sandhill cranes have been spotted in northwest Texas and the fall crane season opens in ZONE A on October 31, 1980.

The ZONE B season does not open until December 5 and both seasons will continue through January 31, 1981.

ZONE A is that area of Texas west of a line from Del Rio to San Angelo along U.S. Highway 87 to Dumas and along U.S. Highway 287 to the Oklahoma state line.

ZONE B is that area east of this same line and west of a line from San Angelo to Albany, north to Vernon and along U.S. Highway 183 to the Oklahoma state line.

The daily bag limit is three cranes per day and six in possession. In addition, crane hunters are required a special sandhill crane permit which can be obtained free by writing the Texas Parks and Wildlife Department, 4200 Smith School Rd., Austin, TX 78744. Please include name, address and county of residence.

**BRITANNY FIELD TRIALS SET**

The Top-O-Texas Brittany Club will hold its annual fall A.K.C. licensed field trial, October 25-26 on the Haynes ranch southeast of Pampa.

The field trials are limited to britanny spaniels except in the Open Gun Dog class where all A.K.C. registrable pointing dogs are eligible.

Judges for the various classes will be from Plainview, Pampa, Panhandle, and Borger.

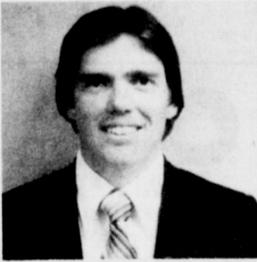

The field trials will be held under the rules and procedures of the American Kennel Club.

More field trial information is available by contacting Sara Leverick, Field Trial Secretary, 1824 Christine, Pampa, TX 79065.

# South Plains News

Mrs. Murry Julian

**South Plains, October 27:**  
Dust is flying this Monday morning, after a light rain and dust storm Sunday night, which held lightning, thunder, and lots of hard wind. A cold front is expected to come in this Monday night.

Members of the South Plains Baptist Women and WMU members are planning to go to Floydada next Monday morning, at 9:30 a.m. for the World Day of Prayer and a program at the First Baptist Church.

Be a good American citizen and use your right to vote next week on Tuesday, November 4, and if you are undecided by now, remember you are like many others. Please pray for the knowledge of who to vote for, and for the hostages safe return.

Mrs. Jerry Chappell (Darla) of Duncan, Oklahoma was home with her folks over the past weekend and also visited other relatives. Her parents are Mr. and Mrs. Grigsby Milton, Jr.

Mr. Earl Norman, who resides at the Prairie Acres Home in Friona, suffered a light stroke last Monday, and his daughter and husband, Mr. and Mrs. Sterling Cummings went to see him and spent Tuesday night there. He is doing fine now, with no apparent bad results.

Visitors at the South Plains Baptist Church Sunday morning for church services included Mrs. Jerry Chappell of Duncan, Oklahoma, Rev. and Mrs. Ronnie Somers and children, Jaime and Jennifer, L.A. Garner and David Wilson, among those who came. It was High Attendance Day, and we were happy to see many we have been sorely missing from church. Rev. and Mrs. Somers are from the Indian Creek Baptist Church in Mineral Wells, where he is pastor, and they have been guests at the parsonage, where her father Rev. Cecil Osborne is pastor.

Speakers at the South Plains Baptist Church Sunday morning were visitors L.A. Garner, and David Wilson from the Gideons International. This is a group which operates out of Nashville, Tennessee, with 60,000 Gideons around the world. The Gideons are in 21 countries, putting out millions of Bibles every 16 days. They put them in motels, hotels, colleges, Doctors offices, nursing homes, business places, and they do a mighty work. Garner spoke to the congregation, and told about the work.

There has been many illnesses around the neighborhood of those who have relatives here. Kelly Bowers of Plainview, father of Mrs. Glen Wood, had been ill; Lewis Blum, father-in-law of Ronnie Upton has been in the hospital but is now at home; Mrs. Zach Cummings (Oma) of Lockney has been in the Lockney hospital for a week, but was allowed to go home on Saturday, and Mrs. J.P. Taylor (Trudie) was allowed to come home from the Methodist Hospital in Lubbock on Saturday, and has had a rough time of it, as she was allergic to some of her medication.

Mr. and Mrs. Pat Huff and son, Duane, of Amarillo, left this Monday for their home after Mrs. Huff (Arlaine Hamm) and Duane had spent the past week here with her parents, Mr. and Mrs. Harold Hamm. Pat came on Sunday to get them and take them home.

Hobby Club will meet on Wednesday, November 12, in Lockney at the home of Mrs. Fred Fortenberry (Jewel) with a program on crafts. Roll call will be: Something New I Have Made For Christmas. Time for the meeting is 2:00 p.m.

Friday afternoon Mr. and Mrs. Sylvia Kinnibrugh left for Gilliland to spend the

weekend taking care of his parents, Mr. and Mrs. A.J. Kinnibrugh, who are now getting along fine. They were accompanied by their daughter, Mrs. Teddy Horne and Melissa of Plainview, and they all came home Sunday night.

South Plains had the first light frost of this fall on Thursday, October 23rd, with defoliation taking place in most places. Although some tomatoes and other vegetables were not hurt, the low temperatures were in the thirties and most of the farmers are ready for frost. This is a busy time.

Mrs. Tillman Powell and Mrs. Tommy Powell of Floy-

dada went to Pampa Tuesday and brought Nikki Powell, daughter of the Warren Powell's home to stay awhile with the grandparents, Mr. and Mrs. Tillman Powell.

Mr. and Mrs. Mike and Tonya Marble are proud parents of their first baby girl, born October 21, at the Methodist Hospital in Lubbock. She weighed seven pounds and nine ounces, and has been named Micah Lee. Micah has an older brother, Justin, and they are now living in Lockney. Grandparents are Mr. and Mrs. Fred Marble and Mr. and Mrs. Robert Daniels. The mother and baby got to come home Saturday evening, and Mrs.

Fred Marble stayed the night with them, and reported the baby doing fine.

Mrs. Trudie Taylor got to come home from the Methodist Hospital Saturday, and her daughter, Mrs. Dale Pierce of Lubbock spent the weekend with her, as she is recuperating from major surgery. We are all hoping that she gets along fine and can soon be fully well.

Deral Young is in the Central Plains Hospital in Plainview at this time, and we are hoping that he can soon be home again.

Mrs. Letha Mulder left Saturday morning in the company of her sisters and

brother for Fort Worth where they were going to visit their sister, Mrs. Lora McDaniel. Going on the trip were Mr. and Mrs. Pete Land of Clarendon, Mrs. Inez Minyard of Littlefield and Mrs. Mulder.

We are sorry to report the passing of Rufus E. Young, of Floydada, who with his family lived in South Plains and we have been so sorry about the prolonged illness which he has suffered. He had been in the Central Plains Hospital for a few weeks prior to his death Wednesday, about 11:30 a.m. His son, Deral Young and family, live here in South Plains, and his lovely family

are scattered in Lockney, Floydada, Lubbock, Silverton and Charleston, South Carolina. We send our sympathy to them. Funeral services were held on Friday, October 24, at 2:00 p.m. in the First Baptist Church of Floydada.

Visitors at the South Plains Baptist parsonage the past week have been Mrs. Corda Taylor of Muleshoe visiting here with her daughter and family, Rev. and Mrs. Cecil Taylor. Others who shared the week with their parents were Rev. and Mrs. Ronnie Somers and little daughters, Jaime and Jennifer of Mineral Wells, who left this Monday for their home.

## INSUR-MATION

Floyd County Insurance Agency Jerry Co...

My uncle has an individual Retirement Account which he invested in life insurance. I asked him and he said he felt it was the safest road. Why? Protection and stability are the key words. Why? savings invested in an annuity or in a life insurance policy or retirement contract can guarantee retirement income for life. If a \$50,000 endowment retirement policy is purchased it will provide life insurance to protect your family and waiver of premium cash value to be paid in a lump sum or spread over years. As opposed to many other types of investments will not be affected by the state of the economy, keeping you a comfortable retirement.

## If a President doesn't even know what parity means, how's he going to protect the family farmer?

### Mr. Reagan, where do you stand on parity?

"I wish I could... I wish I could answer the question for you that I know is a technical question... 100 per cent of parity, ah, I have to confess to you that, ah, I am not as familiar with some things as that..."

\*Response to a question during a March 23, 1980 campaign appearance in Wichita, Kansas.

You can expect that, when a candidate's knowledge on a subject is so weak, he'll turn to his advisors.

Whom does Ronald Reagan listen to? Over half of his farm policy advisors were Nixon appointees.

They're among the ones who stopped grain exports to deflate prices and put price controls on meat. (In contrast, President Carter moved aggressively this year to cushion farmers from the effects of the Russian grain embargo imposed in response to the Afghanistan invasion.) The Republicans opened the floodgates on beef, dairy, and sugar imports and nearly decimated our beef industry. (The Carter Administration has worked closely with the cattle industry to protect it from unfair imports.)

### 9th Annual Arts-In-Action to be held in Amarillo

Amarillo Chamber of Commerce Arts in Action official urge area artists to get their entries in for the 9th Annual Arts-In-Action to be held in November.

Inquiries have come from nine states at this point and the Arts-In-Action Committee, headed by Steve Messenger, is in the process of jurying artists and craftsmen for the show.

"In a juried show artists and craftsmen submit their work for pre-screening. Only those whose work exhibits high quality in craftsmanship and creativity are elected for Arts-In-Action. We expect the final number of artists to be near 150 for the 9th annual show," Messenger said.

"Space is fast filling up and we urge prospective entrants to send their applications in to the Amarillo Chamber of Commerce at 1000 S. Polk, in Amarillo as soon as possible," Donald L. Renner, Civic Affairs Manager for the Chamber of Commerce said.

To enter the jurying process entrants must complete an entry form available at the Chamber of Commerce offices, and send it along with photographs in color and black and white to the Arts-In-Action Committee for consideration.

Arts-In-Action is a project of the Amarillo Chamber of Commerce Fine Arts Council headed by Bill Brollier. It will run November 22-23 in the Amarillo Civic Center exhibit hall. On Saturday it will run from noon to nine p.m. and on Sunday it will run from noon to six p.m. Public admission is free.

### Tax Practitioner Workshops to be held in Lubbock

The Texas Agricultural Extension Service is cooperating with the Internal Revenue Service in offering 37 Tax Practitioner Workshops across the state reports Marilyn Tate. The nearest general workshop to our area will be held in Lubbock, on the 1-2 of December. The nearest Advanced Workshop will be in Lubbock on December 3-4. These two day workshops area specifically designed for tax practitioners who work extensively with farmers and ranchers.

Topics to be covered in the general workshops are: What's new-including the windfall profits tax; Divorce, separation, child support, alimony and property settlements; Capital gains and losses; Repossessions; Oil, gas and coal; Filing and processing; Corporations; Partnerships.

For the first time this year eight advanced programs will be offered stressing tax preparation for businesses. Topics to be discussed in the Advanced workshops are: What's new-including the windfall profits tax; 351 transfers; Dividends, Calcul-

ating earnings and profits account; The subchapter S election; Fringe benefits; Pensions and profit sharing; Corporate liquidations; Liquidations (continued); Questions and answers.

These are popular Extension programs. Last year the 2,995 people that participated in this state-wide series reported filing over 637,000 tax returns. For additional information, please contact the Floyd County Extension Office for a brochure explaining more about the program and registration information.

### Child Food Program Announced

The Texas Migrant Council, Inc., announces the sponsorship of the Child Food Program. All children in attendance will be offered the same meals with no physical segregation of, or other discrimination against any child because of race, color, sex, national origin or ability to pay. This statement applies to the center listed below.

### 1000 enlistees wanted by the Air Force for the upcoming 12 months

Force recruiters will seek some 5,000 men and women to enlist during the next 12 months. This is the number of former people the Air Force recruited last year. According to Lt. Colonel Lombardi, Squadron

Commander in Arlington, Texas, former Air Force members must have been out of the service not more than five years. Those out less than three years may get back all their stripes. Former members of other branches must have served not more than five years and have been out of the service less

than five years.

Most enlistees are assigned duties in the same career area in which they previously trained; others may select training in a specialty for which they are qualified. Additionally, all prior service volunteers must meet normal Air Force enlistment standards.

## Fairview News

Mrs. Clyde Bagwell

October 27:

Some out Fairview way have reported a light sprinkle of rain Sunday night and this Monday morning finds us with a cold dusty wind from the west. Farmers are still very busy in wheat land and cotton harvest. The frost and light freeze of last week only touched vegetation, not enough to really kill anything.

Mrs. Edna Phillips and Mrs. Kate Crabtree were luncheon guests Tuesday of Mrs. Mable Smith.

Sam Crabtree was in the High School marching band in Lubbock Saturday.

Becky Crabtree of Texas Tech spent the weekend at home with her parents Mr. and Mrs. Kay Crabtree.

Mr. and Mrs. Edwin Polan visited Sunday afternoon with Mr. and Mrs. Bud Warren. Edwin is a nephew of Mrs. Warren.

Anne Swebston spent Tuesday and Wednesday in Amarillo visiting her sister and brother-in-law, Mr. and Mrs. Bob Burns.

Saturday afternoon visitors in the home of Mr. and Mrs. C.H. Wise and Charles Denton were: Mr. and Mrs. Frankie Buchner, Christal and Angel of Olton and Corey, Craig and Wendy Forbes.

Thursday Sam Crabtree ate lunch with his grandmother, Mrs. Kate Crabtree.

Friday visitors with Mrs. Kate Crabtree were, Mrs. Johnny Kelley and Mrs. Norma Welch of Cedar Hill and Mrs. Carrie Crase of Crosbyton, later that afternoon Mrs. Kelly Colston visited Mrs. Crabtree.

Mr. and Mrs. W.B. Parrock visited Mr. and Mrs. E.W. Walls Sunday afternoon.

Mike Allen of Texas Tech spent the weekend at home with his parents, Mr. and Mrs. Harvey Allen.

## Halloween Safety Reminder

### TRICK OR TREAT SAFETY

Think about the costumes your children will wear this Halloween. Here are some tips for safe and happy haunting.

-Consider using make-up to decorate the face rather than wearing a mask which may block vision.

-Sew or glue reflective tape to both front and back of the costume. Be creative and incorporate the tape into the costume design.

-Check labels or packaging on purchased costumes for flame retardant finishes.

-For home sewn costumes, select fabrics that have a flame retardant finish, or apply a commercial aerosol or homemade finish at home. Commercial aerosol finishes may not be effective on all fabrics, so check the aerosol label.

To make a flame retardant finish at home, dissolve three ounces of boric acid in two

quarts of hot water and stir in seven ounces of borax. (Boric acid and borax are available in drug stores.) Soak the costume in this solution for about five minutes, then wring out and hang. When the costume is only slightly damp, iron until dry.

This flame retardant finish will work only on costumes made of muslin, burlap, old sheets, or other cotton, cotton blends, or natural fibers. It is not good on synthetics or resin-treated cotton.

The solution will not appreciably change the fabric, although any fabric that will shrink or discolor in water will be affected by the solution. This will not fire-proof a costume, but it will help it to resist ignition and spreading the fire. It will be effective until the costume is laundered.

**HALLOWEEN GREASE PAINT**  
White formula

2 teaspoons white shortening  
5 teaspoons corn starch  
1 teaspoon white flour  
glycerin  
food coloring

Using a rubber spatula blend first three ingredients on a white plate to form smooth paste.

Add three or four drops glycerin for a creamy consistency. This should be enough for one child's face. Add food coloring, one drop at a time to form different colors.

**Brown formula**

1 teaspoon white shortening  
2 1/2 teaspoons unsweetened cocoa  
Mix as in white formula above.

## Bazaar to be held in Petersburg

The First United Methodist Church of Petersburg is having a Bazaar at the Fellowship Hall on November 8 from 10 a.m. until 4 p.m.

There will be handmade items such as quilts, knitted and crocheted throws and afghans, and clothing. Also, home canned fruits, pickles, vegetables, jellies and jams will be for sale.

A raffle will be held for a very unusual antique quilt. Tickets will be for sale at any time and also at the Bazaar. For further information call the church office between 8 and 12 a.m., 667-3391. You do not have to be present to win.

A Silent Auction also will be held on a beautiful painting by Ginger Ellison whose works are widely known.

Mr. and Mrs. Durrel Fortenberry visited Mr. and Mrs. Cobb at the Samford Lake last week.

Mr. and Mrs. John D. VanHoose celebrated their 43rd Anniversary with a very colorful trip visiting relatives for the past seventeen days. On the 7th they went to Purcell, Oklahoma and visited John D's sister and family, Mr. and Mrs. Harvy Cox. Then they went to Oklahoma City and visited their son and family, Mr. and Mrs. Alfred VanHoose and visited another sister, Mr. and Mrs. Dennis and family. From there they went to West Point, Missouri and visited Paulin's sister and husband, Mr. and Mrs. Williams. As they were returning

home they stopped in Purcell, Oklahoma again and then to Denton to visit their daughter and family, Mr. and Mrs. William Hensley and then to Kingsland to visit their son and family, Mr. and Mrs. Cecil VanHoose. They spent several days fishing and report a splendid fishing trip with plenty of delicious fish to eat and bring home. While they were in Missouri they made a shopping tour to Harrison, Arkansas and report a beautiful scenery with trees changing color from gold to a beautiful red and the sight was something to remember. They returned home Friday evening.

Mr. and Mrs. Alfred VanHoose of Oklahoma and Mr. and Mrs. Dan Whatts who

are moving to Oklahoma had supper with Mr. and Mrs. John D. VanHoose on the 19th. Wayne and Sherry VanHoose and baby also had supper with them.

Rev. and Mrs. Vance Mitchell visited Mr. and Mrs. John D. VanHoose this week. Fred Conner of Amarillo visited his parents, Mr. and Mrs. Jim Conner Thursday.

Funeral services for Tempest A. Phillips, 71 were held in the First Baptist Church in Lockney Monday at 2:00 p.m. with Rev. G.C. Applewhite officiating. Burial was in the Lockney Cemetery under the direction of Moore-Rose Funeral Home. Tempest was married to Joseph McKinley Phillip February 4, 1928 in Plainview and they

moved to Floyd county the same year. He preceded her in death. Tempest died Saturday morning in the Lockney General Hospital from a short illness. She is survived by one sister, Geneva Leonard of Amarillo and several nieces and nephews.

Mr. and Mrs. Marvin Wells and daughters of Denton spent the weekend with Marvin's mother, Mrs. Mildred Wells in Lockney and also visited her relatives, the Marbles.

Carrie Craze of Crosbyton and Peat Kelley accompanied Norma Welch to visit Kate Crabtree Friday afternoon.

Mrs. J.R. Kelley visited Mrs. Alto Warren in Lockney Friday afternoon.

Mr. and Mrs. Tom Fortenberry had dinner with her sister and husband, Mr. and Mrs. George Taylor in Lockney Sunday.

Grace Lemons visited Sylvia Yeary in Lockney Sunday afternoon. Mr. and Mrs. C.W. Leonard were house guests in the home of Mrs. Yeary and Betty Mizer and family of Pampa also visited with them Sunday afternoon.

Gladys Fortenberry is reported to be much improved after an illness where she spent several days in Lubbock last week.

Mr. and Mrs. Garland Tucker visited Durrel and Latricia Sunday evening.

Mr. and Mrs. Fred Fortenberry and Mr. and Mrs. Garland Tucker left last Monday on a fishing trip to Stamford Lake and returned home Thursday. They report a very good fishing trip and recreation.

Todd, Michelle and Terry Harris of Floydada spent several days with their grandparents, Mr. and Mrs. Cephus Fortenberry. Phyllis and Johnnie joined them for dinner Sunday.

## Center News

By J.E. Green

Monday, October 27:

We had a cold nite and strong west wind this morning, but the sun in the p.m. is warm.

Sunday was "Everybody come" day at Calvary church. Nearly all did and brought dinner - a good service, as usual, and surely all had a good time.

Mr. and Mrs. Marion Carpenter have returned home from Dallas where they left her brother doing nicely after surgery. Today they are in Lockney to see his mother, Mrs. Claud Carpenter and then on to Plainview.

The Henry Brewers spent last week in Dallas and Wichita Falls visiting relatives. In Dallas they visited in the home of a son, DeWayne and family, and in Wichita Falls attended on Saturday the Brewer Reunion at the home of Mr. and Mrs. Joe Musgroves. Saturday nite they spent with a

niece and husband, Mr. and Mrs. Claud Draper. Sunday they were met at Wichita Falls by Mr. and Mrs. Millard Watson and reached home Sunday nite. They had a good time, but today Mrs. Brewer reports a headache.

We are glad to know Mrs. Hal Thomas is at home since Sunday p.m. from weeks in Lockney and Methodist Hospitals. I guess we all feel there is no place like home.

Mr. and Mrs. Mike Carroll of Plainview dined Sunday with his parents, the Morris Carrolls. Mr. and Mrs. Brooks Carroll of Lubbock came for dinner with his parents, the Carrolls, today.

Mrs. Green dined Sunday with the Anthony Lattas. Others present were their children, Sam Latta and family of Mt. Blanco, Carol of Plainview and David, city. Vickie and the son, Jason, were absent - Vickie was home with a virus, but they also shared the delicious

dinner.

Sunday dinner guests of the Thomas Warrens were Mr. and Mrs. Bob Aldredge, Mr. and Mrs. Olin Watson Jr., and Mr. and Mrs. William Bertrand.

Miss Vera Meredith's company, Mrs. Mize and Sunday Bro. and Mrs. Clay Muncy.

Our sympathy is with the family of John Callihan a pioneer of Lakeview and long time resident of McAdo. He was laid to rest Sunday in Floydada cemetery with other members of his family. Last rites were said in McAdo Baptist Church.

And our latest news of Dennis Taylor, years ago of Mt. Blanco, but for many years a pastor of a Primitive Church in Iowa.

Our sympathy is with his wife Rachel and family. Services we understand will be Thursday in New Salem Baptist Church.
