

FARM & RANCH NEWS

TWPA meeting set for November 20, in Amarillo

Encouraged by stronger wheat prices brought about by increased exports and a projected sharp drop in world grain production, wheat producers from across the state of Texas will meet to discuss the wheat situation and draft positive policy direction for action in 1981. According to Otis Harman of Tula, farmer-elected President of the Texas Wheat Producers Association (TWPA), this year's Annual Meeting of the TWPA is set for Thursday, November 20, with registration beginning at 8:30 a.m. at the Hilton Inn on Interstate 40-East. This will be the 30th Annual Meeting of TWPA.

"Considering recent developments in the world involving international trade and reduced grain production, this meeting is especially important," Harman said. "Farmers must be aware of the problems in handling wheat for export, how they will be affected by the new federal rail regulations, and the new markets for wheat which could be made available to them in the future." Harman said that the main purpose of the meeting will be to discuss these issues and determine what must be done in the areas of agricultural legislation and expanded market development activities. The meeting will begin at 9:45 a.m. with an address by Frank Hemmen, General Manager, Cargill Inc. in Houston, Texas. Mr. Hemmen's topic will be "Grain Industry Economic Functions in Marketing and Handling Commodities For Export." About Hemmen's topic, Wheat Association President Harman said, "The wheat producer and the grain industry must work together effectively if we are to meet the demands of an increasingly hungry world—therefore it is in the farmer's interest to understand

how the international grain trade functions and how they handle U.S. grain for export."

The recent deregulation of railroads presents an issue to wheat farmers which looms extremely important. W.H. "Bill" Hollan, Vice President of Rail Traffic for Producers Grain Corporation in Amarillo, will discuss "Wheat Movements Under New Federal Rail Regulations" in an attempt to examine how the new rail deregulation will effect freight costs, farmer's prices and service.

With regard to the expansion of markets for U.S. and Texas wheat, Fred Schneider, Assistant to the President, U.S. Wheat Associates, Washington, D.C., will discuss "World Wheat Markets Today--And Tomorrow", a topic intended to alert farmers to the positive and negative aspects of where our wheat markets are made today and what the possibilities are for further wheat market expansion.

After a buffet luncheon, Jack Felgenhauer, farmer-elected President of the National Association of Wheat Growers, will discuss what NAWG has been doing on the legislative front and what the basic challenges of 1981 might imply. Mr. Felgenhauer's speech is entitled "Your National Association at Work--1980 Accomplishments and Challenges for 1981."

After Felgenhauer's speech, the business session will begin. During the business session wheat producers will adopt a series of resolutions to guide the Association's programs of the future. Also, wheat producers will elect a slate of officers to implement these programs during the coming year.

All sessions are open to the public with no registration fee.

Farmers maybe losing valuable topsoil

Farmers in the Floyd County area who plow up and down the hill over terraces may be losing a lot more topsoil to erosion than they realize.

So says Jon J. LaBaume, district conservationist for the Soil Conservation Service, at Floydada.

"Research indicated that plowing over terraces can double the amount of erosion as compared to farming with the terraces on the contour," LaBaume said.

The actual amount of gross erosion depends on several factors, including percent slope, length of slope, type of crop grown, amount of crop residue left on the surface, type of soil, and rainfall.

"All things being equal, there will be more erosion on land where cotton follows cotton than on land where sorghum follows sorghum," LaBaume said. "That's because sorghum produces more residue which, if left on the

surface, reduces erosion."

LaBaume said one reason some farmers plow over terraces is because their land was terraced several years ago when two-row equipment was standard. These terraces were built as economically as possible and left a lot of point rows...rows that are difficult to farm with 8, 10, or 12-row equipment.

"One solution to the problem is to replace these old terraces with modern terraces that are built an even number of rows apart," LaBaume said. "We call these parallel terraces and they're a lot easier to farm."

He said parallel terraces cost more than standard terraces, partly because more cuts and fills are usually needed to make them work properly.

"But they are a lifetime investment," LaBaume stressed. "And since they are so much easier to farm, few farmers ever plow over them."

"Program" safety into farming and ranching

Although poor work practices cause many farm and ranch accidents, poorly designed equipment and facilities can also create hazardous conditions that lead to accidents.

"Therefore, it's important to 'program' safety into your farming and ranching operation," contends Dr. Gary Nelson, an agricultural engineer in safety for the Texas Agricultural Extension Service.

"Hazardous conditions represent conditions of risk which could cause human and financial loss due to injury or damage to equipment. In addition, such conditions can also stifle agricultural productivity and lead to inefficient operations," points out Nelson.

"Farm and ranch workers should be on the constant lookout for hazardous physical or environmental conditions," emphasizes the Texas A&M University System engineer. "Such conditions

should be corrected on the spot or as soon as possible to reduce the potential for accidents. Special attention should also be given to the safe design of equipment and facilities when purchased or installed."

Among hazardous conditions that lead to accidents include unsafe basic designs; worn equipment; protruding objects; lack of storage space; poor arrangement, placement or storage of equipment; objects which may move unexpectedly; exposed sources of electricity; congestion and insufficient clearance; improper or loose clothing; presence of flammable, corrosive or toxic substances; excessive noise; inadequate illumination or ventilation; or the presence of such atmospheric substances as dusts, gases or vapors.

"Be conscious of accident risks at all times, whether planning, purchasing or working with facilities or equipment," cautions Nelson.

Crop cash receipts increased

Hale County ranked second in Texas crop cash receipts for 1979 with \$110 million, Agriculture Commissioner Reagan V. Brown has reported.

Hale was also fourth within the state with government payments of \$8.9 million and among the top ten counties with its total crops and livestock receipts of \$165.9 million. Crops, livestock and payments increased the total receipts to \$174.8 million.

Texas crop and livestock Reporting Service has recently published detailed

information on cash receipts of all counties. The booklet, 1979 Texas Agriculture Cash Receipts Statistics, is available from the Texas Department of Agriculture.

Nearby counties were also ranked among the top 10 counties.

Hockley County received the highest amount of government payments with \$10 million and Floyd County was second with \$9.6 million.

1981 ACP sign up to be held November 17-21 in Floyd County

1981 ACP Sign-Up: Floyd County has received \$48,955 ACP allocation for carrying out needed conservation practices. This is approximately 50% of the funds expected. A sign-up will be held Monday November 17 through Friday November 21.

Approvals will be issued on a priority basis taking into account the conservation needs and available funds. Maximum limitation is \$3500 per person. Cost share rates are 75% on constructing standard and parallel terraces, 60% on constructing diversion terraces, and 50% on systems, and establishing sod waterways.

Community Committee Election: Community Committees of the 9 communities in Floyd County met Tuesday November 4 to select slates of nominees for the communities. The following were selected:

A Bill Sherman, Warren Mathis, Gale McPherson, Jerry Williams, Wylie Nance, Bill Glasscock

B Don Bean, Nathan Johnson, John Dunlap, Deral Young, Dwight Teeple, Kendis Julian

C F.L. Montandon, Jr., Oscar Golden, Edwin E. Teeter, Ronnie Aston, Tom Duvall, Royce Latimer

D Floyd Jackson, Glen R. Cooper, John Dorman, Keith Stansell, Don Suttefield, Dale Galloway

E Roy Baxter, Woodrow Wilson, Steve Lloyd, Mark Gilly, Lee Burton, Billy Don Colston

F J.O. Dawdy, Edwin Nutt, Deryl Evans, Larry Adrian, Elmer Dean Williams, Steve Trowbridge

G

Louis Lloyd, Jakey Younger, Harold Norrell, Mark Whittle, Kenneth Pitts, Randy Bertrand

H Lewis Reddy, Eddie Smith, Leon Ferguson, Lynn Campbell, Craig Edwards, Teddy Porter

I Kent Covington, Maurice Campbell, Ray Lloyd, C.O. Lyles, James Hinton, Harold Bertrand.

Ballots will be mailed the week of November 17th and must be mailed or returned in person not later than December 1. Ballots will be tabulated December 8 at the ASCS Office. Those elected community committee members will meet in the ASCS Office on December 16 as delegates to the County Convention.

Holiday: This office will be closed on November 27 to observe Thanksgiving Day.

Farm income prospects to improve for Texas farmers and ranchers next year

Texas farmers and ranchers will have to "wait till next year" for any improvement in their income.

"Higher farm prices resulting from a sizable drop in crop production this year, smaller meat supplies, and strong export demand all point to an improved agricultural income picture in 1981," believes Dr. Carl Anderson, economist in marketing with the Texas Agricultural Extension Service, Texas A&M University System.

Crop producers will likely fair much better in 1981 because of this year's short crop and a rise in prices. And,

with meat supplies expected to slip under year-earlier levels, prospects look somewhat better for livestock producers as well.

Although production expenses will rise again, price increases are not expected to be as sharp as in 1980, says Anderson. During the past 12 months, fertilizer prices jumped 28 percent, fuel and energy prices and interest rates climbed 25 percent, and agricultural chemicals rose 21 percent.

"Texas agriculture suffered considerably from the extended dry, hot weather during late spring and summer. Dryland farmers, cow-calf opera-

tors and poultry producers experienced big setbacks. Irrigated crops were even stunted by the intense and prolonged heat wave," notes Anderson.

Despite the steep drop in crop production, cash receipts for 1980 are estimated by Extension specialists to total only a little less than in 1979. Crop inventories carried over from the bumper 1979 harvest and price increases for many commodities have helped maintain sales close to last year's level.

Livestock sales sagged a little as lower cattle and hog receipts more than offset increased sales of poultry and milk.

While overall agricultural income won't be down too much from last year, net income will be off sharply because of surging costs of running a farm ranch, says Anderson.

And, to make matters worse, purchasing power of income has been further reduced by this year's double digit inflation.

"Declining farm income is hurting businesses serving agricultural producers. As farmers and ranchers tighten their belts, they will be buying fewer production and consumption goods and services," notes the economist.

Markets

The grain markets on Wednesday afternoon were:
Milo/cwt. — 6.10
Soybeans/bu. — 7.84
Wheat/bu. — 4.40

Ted Roberts attends Agronomy seminar

Terra Chemicals International, Inc. announced that Ted Roberts, General Manager of Riverside Chemicals Company, Lockney, attended a seminar in Plainview October 23-24, 1980.

The agronomy seminar was conducted by Dr. Lowell Nelson of Terra Chemicals and Dr. Yates Smith of College Station, as a part of the company's continuing education program which can lead to professional certification of Retail Marketing Managers. Terra has developed this seminar program to enable each location manager to provide the professional and technical services to farm customers.

Riverside Chemicals Company, a subsidiary of Terra Chemicals International, Inc., which markets fertilizer ingredients, crop-protection chemicals and other farm supply products directly to farmers through its retail farm service centers in Midwest, South and Southwest. The company also sells nitrogen phosphates and potash to other customers throughout its market area.

Terra is a publicly held company with its common stock listed on the American Stock Exchange and the Midwest Stock Exchange—ticker symbol TCL.

EDITORIAL

By Shelly Harris

Everything I have done since I have been here I have tried to always deal fairly with you. I have taken my positions as editor/publisher most of the time. My one guiding rule has always been a positive outlook for Floydada and the Beacon. Both of these newspapers have a solid history of journalism. I take a stand on an issue I have studied the pros and cons to the best of my ability. I have sought answers to questions and have been reassured by the tremendous influence that a newspaper has on the community it serves. I try to print both sides of any issue as impartially as possible. I have taken a stand on an issue...the Mackenzie Water Authority bond issue...to be held November 22. I am convinced that the very future of our towns hinges on our ability to have a water source. We are in one of the most enviable positions of any town in the South Plains. A few other towns have the water shed possibilities that we have in the South Plains. Our neighboring towns do not have the topographical advantages that we have. I know how fortunate we are to be living on land sited within easy reach of a water source. The fact that we in Lockney and Floydada have a water source will give us a tremendous advantage in growth and development. I can see a danger. The ads and the brochures being passed out read "Or Never." I think that's too dramatic. If the bond doesn't pass and if the Mackenzie Water Authority Bond Election. But whether or not it passes will affect every person in Floyd County. The citizens that will be most affected by the outcome of this bond election are the children in cribs and playpens...our children and our grandchildren. This is an awesome responsibility for those who have a voting right. We will be responsible to these children 20 years from now for what we do nine days from now. We will be responsible for the water we drink today. Our fathers provided for us and their fathers provided for them. It is an inherited obligation for each of us to do all within our power to find out the facts, to study this issue closely, to inform ourselves about what we have at stake and then to go to the polls on November 22 and vote as our conscious directs. We vote not only for ourselves on the 22nd. We must consider ourselves responsible for those who have no vote.

Most important vote in history

Saturday, November 22, the citizens of Floydada will vote on what may well be the most important election in its history. That election hinges the very future of Floydada as a vital economic and social center for the area it serves. Registered residents with the city limits will be able to vote on the Mackenzie Water Authority Bond Election. But whether or not it passes will affect every person in Floyd County. The citizens that will be most affected by the outcome of this bond election are the children in cribs and playpens...our children and our grandchildren. This is an awesome responsibility for those who have a voting right. We will be responsible to these children 20 years from now for what we do nine days from now. We will be responsible for the water we drink today. Our fathers provided for us and their fathers provided for them. It is an inherited obligation for each of us to do all within our power to find out the facts, to study this issue closely, to inform ourselves about what we have at stake and then to go to the polls on November 22 and vote as our conscious directs. We vote not only for ourselves on the 22nd. We must consider ourselves responsible for those who have no vote.

FRED THAYER President of the Floydada Rotary Club presents Mrs. Edna Tye with a check for \$256 for the purchase of the heart monitor. Standing with them are Louis McDaniel, left, and Fred Zimmerman.

Lions Club art festival goes well

"Excellent response!" is how Bill Gray describes the upcoming Lions Club Christmas Arts & Crafts Festival. With the event still three weeks away, almost thirty reservations have already been confirmed. Area artists and craftsmen will be displaying their talents, featuring a wide variety of articles. The doors of the Massie Activity Center will open to the public at 10:00 a.m. on Saturday, December 6, (admission is free.) Again, the Lions Club extends an invitation to all to drop by, browse, and get in some early Christmas shopping.

LETTER TO THE EDITOR

Editor's note: This letter was received by Jerry Cannon and thought that it deserved to be reprinted.

Mr. Jerry Cannon, Superintendent
Floydada Independent School District
Route One
Floydada, Texas

Dear Mr. Cannon:
My husband and I, as owners of K-Bob's of Childress, and as individuals, would like to extend our sincere appreciation and congratulations to you on the conduct of your band students that we had the pleasure to serve while in Childress. We have been in the restaurant business for four years and have served numerous groups, but never a group as well mannered and well behaved as your band students. In our opinion this could not go unnoticed. Please convey this message to your band boosters, school board, faculty, and the citizens of Floydada. Do be proud, because we are proud for you.

Sincerely,
Glen and Donna Cain
K-Bob's of Childress

Rotary check for heart fund

Floydada Rotary Club President Fred Thayer presented a check for \$256 to Edna Beth Tye for the heart monitor at the hospital. This donation was raised by the Rotarians last Saturday at a car wash at Don Hardy's, put the Hospital Auxiliary over the amount needed to purchase the heart monitor. Other Rotarians helping were Fred Zimmerman, Louis McDaniel, George Miller, Floyd C. Bradley, Cecil Hagood, Roger Garms, Don Hardy and Mark Wideman.

Jr. High open house Monday

The Floydada Junior High School will sponsor a "Back to School" night for parents Monday, November 17. The parents will receive a copy of their students schedule. They will report to their first period class at 7:00 p.m. At 7:15 they will report to the second period class; third period at 7:30; fourth period at 7:45; fifth period class at 8:00; sixth period class 8:15; seventh period at 8:30, and at 8:40 there will be a pep rally in the Junior High Auditorium. The purpose of this "Back to School Night" is to give the parents an overview of the subjects being taught. This meeting is in conjunction with the American Public School Week which is November 17 thru November 21.

ORDER OF MORNING WORSHIP November 16, 1980

You are invited to worship at 10:50 a.m. This Sunday we will have a guest minister preaching. The Rev. Harry Burton-Lewis is a teacher in the University of Tokyo, Japan and a former resident of Tulia. We will also share a continued concern for our hostages.

SALLY BAGWELL

Bagwell-Allen Announce wedding plans

Mr. and Mrs. R.S. Bagwell of Floydada announce the upcoming marriage of their daughter Sally to Kris Allen, son of Mr. and Mrs. Harold Allen of Ralls.

The wedding will take place in the grooms parents home, on January 3, 1981. Sally is a senior in Ralls High School and is employed at the Flower Shop in Ralls.

Kris is a 1979 graduate of Ralls High School and is presently employed at West Texas Industries of Ralls.

December wedding planned by Cooper-Hudson

The engagement of Melissa Cooper and John Edward Hudson has been announced by her parents, Mrs. B.G. Chapman of Farmer's Branch and Jerry Paul Cooper of Lockney. The future groom is the son of Mrs. R.L. Hudson and the late Mr. Hudson of Rosebud.

Miss Cooper is a graduate of Lockney High School and North Texas State University with a Bachelor's and Master's degree. She is employed as a teacher and coach in the Rosebud-Lott Independent School District.

Hudson is a graduate of Rosebud High School and earned a Bachelor's degree from Baylor University. He is a teacher and coach in the McGregor Independent School District.

The couple plan a December 22 wedding at 7 p.m. in the First United Methodist Church of Rosebud.

Bean-Williams united in marriage October 23

Ella Louisa Bean and Albert Earl Williams were united in marriage Thursday, October 23.

Choice Smith, Floyd County Judge, performed the ceremony in his office.

Ella Louise is the daughter of Jimmy Lee and Ella Mae Bean. Williams is the son of

Norah Lee Williams and Mrs. Bertha Toney, all of Floydada.

The bride and groom both attended Floydada High School. He is employed by Producer's Co-op.

The couple is residing in Floydada.

Embroidery workshop to be held November 14

Are you interested in learning to do machine embroidery or make draperies? These skills will be taught in a special-interest workshop, Friday, November 14 beginning at 1:30 in the Agriculture Building, Floydada. The program will include demonstrations, with instructions and special tips for both skills. Presenting the training will be Blanche Chisum of Snyder and Lynda Fogerson of Silverton. This program is being sponsored by the Floyd County Family Living Committee and is open to everyone, regardless of Socioeconomic level, race, color, sex religion or national origin.

Energize Your Wardrobe--staying comfortable without adjusting the thermostat.

"Breast Cancer-How Great Is Your Risk?"--the importance of life-saving breast self-examination.

"The Economics of Food Preservation" and **"Master the Mixes!"**--use of homemade master mixes to save money and time in the kitchen.

If your club or organization would like to receive special information about programs that will be available in 1981, please call the Extension Office at 983-2806 and let us know! I would like to have your president's name and address so I can keep you informed of upcoming programs and leader trainings throughout the year. These are available to all individuals and nondiscriminating organizations regardless of socioeconomic level, race, color, sex, religion or national origin of its members. Topics that are being planned include:

"Setting Your Household in Order"--the importance of keeping good family records.

"Families and the Law"--an overview of many Texas laws that affect the family.

"Medicine Mix-up"--prevention of danderous drug interaction.

"Food for Little Folks"--preparing baby food at home

"Heat Pumps and Ceiling Fans"--value and selection of heat pumps and ceiling fans.

Society and Features

BIRTHS Patterson-Carpenter announce wedding plans

FAWVER
Ty Leslie was born Tuesday, November 4, at 11:18 a.m. at Community Hospital in Lubbock. He weighed in at seven pounds, and was 20 1/2 inches long.

The proud parents are Mr. and Mrs. Larry Fawver of Lubbock. Mrs. Fawver is the former Becky Bertrand.

Ty has one sister, Cassey Lave, who is 16 1/2 months old.

Maternal grandparents are Mr. and Mrs. Neal Bertrand, and Mr. and Mrs. Leslie Fawver are paternal grandparents.

Great-grandmothers are Mrs. P.F. Bertrand and Mrs. Roy Fawver.

Ty was born on his grand-

dad, Neal Bertrand's, birthday.

STENNETT
Debbie and Gary Stennett, Tulia, are the proud parents of a new son, Garrett Tucker, born Tuesday, November 11 at 7:40 a.m. at the Swisher County Memorial Hospital.

Garrett weighed six pounds, 11 1/2 ounces and was 20 inches long.

He has one sister, Brandy, who is four years old.

Grandparents are Mr. and Mrs. Jimmy Stennett and Mr. and Mrs. Archie Bybee, all of Lockney.

Great-grandmother is Mary Andrae of Plainview.

Patterson-Carpenter announce wedding plans

Cynthia Criswell of Hobbs, New Mexico and Charles Patterson of Abilene, announce the engagement and approaching marriage of their daughter, Cindy Diane Patterson, to William A. Wilks, son of Mr. and Mrs. Marion Carpenter of Columbia, Louisiana.

The couple plan to marry

at 7:00 p.m., November 25 at the home of Mrs. Criswell, Hobbs, New Mexico.

The bride-elect is a senior at Hobbs High School. The prospective bridegroom is a graduate of Gilbreth High School, Gilbreth, Louisiana.

He is employed by Crawford Well Service at Hobbs, New Mexico.

Connie Bradford feted with bridal shower

Miss Connie Bradford, Floydada, bride-elect of David Lee, was honored with a bridal shower Saturday, November 1, in the home of Mrs. Bert Elam.

Mrs. Elam greeted guests and presented them to Mrs. Charles H. Bradford of Floydada, mother of the bride-elect, and Mrs. Johnnie Lee, mother of the groom-to-be.

Corsages of silk flowers of maize and white tied with blue were worn.

Mrs. A.D. Lee, and Mrs. Robert Masse, both of Tulia, aunt and cousin of David and Miss Deizie Bradford of Floydada, aunt of Connie, were special guests attending the occasion.

lam, Ceta Turner, V.E. Taylor Jr., Roy Kidd, David Frizzell, Byron Ford, Elaine Gibson, Byron Brock, Bill Turner, C.H. McCluskey, Eddie Joe Foster, Jack Isom, Austin Rose, Lubbock; and Mrs. Kay Taylor, Georgetown, presented Miss Bradford with stainless steel cookware and stainless serving pieces.

Connie and David plan a November 29 wedding at the First Baptist Church in Floydada.

The serving table was covered with a floor length satin cloth with sheer white lace trimmed overlay. Centering the table was an arrangement of silk flowers.

Joy Elam, of Canyon, served from crystal and hand-painted China appointments. She served guests punch coconut rolled angel food balls, lemon pound cake and cheese straws.

Mrs. Ray Kidd and Mrs. Cleta Turner received gifts for the honoree.

Hostesses Mmes. Bert E-

Delta Kappa Gamma meets

Floydada members of Delta Kappa Gamma served as hostesses to surrounding town members Monday night, November 3, at the Methodist Church.

A Thanksgiving tasting supper was enjoyed by all who attended.

Members serving as hostesses included: Joann Cagle, LaVada Garrett, Roberta Hardin, Amy Hollums, Melva Seay, Sunny McDonald, Frances Mitchell, Norma Lou Rainer, Ella Reue, Dale Tyler and Sallye Lyles.

Love-Circle class holds meeting

The Love-Circle class of the First Baptist Church met in the home of Mrs. Clara Mize November 7, in their regular monthly meeting.

The theme for the evening was "Things we are thankful for" with Mrs. Nettie Adams presiding. Mrs. Iva Benson voiced the opening prayer. Mrs. Edna Phillipps gave a beautiful devotional. Clara Mize gave a book review and Flora Fawver conducted a Bible quiz and led those

present for the games as recreation.

The hostess served appropriate refreshments for the season to Mrs. Estella Eubanks, Iva Benson, Clyde Frizzell, Edna Phillips, Flora Fawver, Maggie King, Flora Warren, Kate Crabtree, Ava Jackson, Nettie Adams and Mrs. Newsome. Hostess was Clara Mize.

The Christmas party will meet at the home of Mrs. Nettie Adams.

Remodeled library scene for 1950 Study Club meeting

The 1950 Study Club met November 3 in the newly remodeled library at Andrews Ward Elementary School.

Following the program, President Jean Kendrick conducted the business meeting.

Members present were: Charlotte Campbell, Nina Copeland, Del Gray, Margie Fowler, Jean Kendrick, Doris McLean, Shirley Morton, Roberta Russell, Nell Abram; hostesses: Peggy Dyess and Marjorie Collins and two guest: Sally Galloway and Bobby Rainer.

Bobby Rainer gave an interesting and enjoyable musical program using video tapes of his 4th, 5th, and 6th grade classes filmed in regular class periods; also, Mr. Kenner's 6th grade band class.

Single adults announce Thanksgiving supper plans

Singles are having their Thanksgiving supper Saturday night, November 15, at 7:00 p.m. at Lighthouse Electric.

Bring a salad or vegetable and a friend.

Hostesses will be Willie McCormick, Pauline Pierce, Georgia Finley and Edith Marrs.

Scott hosts Harmony Extension Homemakers

The Harmony Extension Homemakers club met in the Community Center with Ruth Scott as hostess.

The meeting was called to order by the president Bess Carr.

The scripture, 2 Corinthians 5:10 was read by the hostess. Roll call was answered by, "Something I'm thankful for."

Plans were discussed and made for our annual Christmas party. We will have a Christmas dinner with all the

NURSES AIDES WHO FINISHED the 50 hour course were: Left to right; Molly Stringer, Joyce Williams, Marilyn Buchanan, Marie Jones, Lenore DeLaCruz, Eloise Irlas, Linda Guzman, Sherric VanHoose, and Mrs. Radloff, R.N.

Nurses Aids receive pins and certificates
after completing course

Thursday morning at eight Nurses Aides were presented pins and certificates after completing a three week course at the hospital.

Approximately 50 hours of training were spent in the classroom and on the floor putting skills learned in to practice.

Skills taught were: Taking blood pressure, pulse, respiration & temp., bedmaking, bedbaths, traction setups, physical therapy, oxygen and

suction set ups, cardio pulmonary resuscitation, care of patients in isolation and many other practical skills.

The course was taught by Molly Stringer, R.N. After pins and cards were presented by Mrs. Radloff, Director of Nursing, a reception followed in the hospital dining room.

Alpha Sigma Upsilon hold meeting

Members of Alpha Sigma Upsilon, Chapter of Beta Sigma Phi, met on November 4 in the home of Pat Franklin. Roll call was again answered with helpful hints. Our program for the evening was presented by Dewane Franklin on "Rope Sculpture"

Dewane gave a demonstration on the procedure of getting started and answered questions by the members on the techniques used in achieving different effects in the sculpture. There were several sculptures for the members to admire.

Our next meeting will be held at the Lighthouse at 7. Members are to bring their bazaar items to work on. For those interested, chances are still being sold at \$1.00 each

on the "Little Dutch Girl" quilt which will be on display at Chez Pat. The Quilt will be given away at the Art Festival on December 6.

Members present at the meeting were Donna Lipham, Rhonda Guthrie, Mary Emert, June McLaugh, Pat Franklin, Pat Rowan, and Barbara Cocanougher.

The club voted to contribute \$50 to the Hospital Heart Fund and members were notified that the annual sale is November 6-7, at the J.R. residence.

The book "Alice: The Life and Time of Alice Roosevelt Longworth" by Howard Tschmann.

Alice's life was filled with pageantry and tragedy, it had all the trappings of a great national drama. Mrs. Willson is a brilliant reviewer, making her listeners feel that they have a front row seat to history by offering, through Alice's story, revealing glimpses into the public and private lives of the Roosevelt clan from father Teddy, to cousins Franklin and Eleanor.

The members and guests present at the meeting were:

Mmes. Milton Ashton, Ray Smith, D. Alan Benson, Allen Bingham, Nell Swinson, Wilson Bond, Floyd Bradley, Jerry Ford, W.H. Bunch, Earl Crawford, Dennis Dempsey, R.G. Dunlap, J.B. Bishop, Garland Foster, A.E. Baker, Kyle Glover, Aaron Carthel, W.L. Davis, Floyd Lawson, M.J. McNeill, J.K. West, J.P. Moss, Orval Newberry, Vernon Parker, L.D. Simpson, David Seay, L.B. Stewart, G.W. Switzer, Ralph Cogdell, J.R. Turner, J.M. Willson, Jr., A.L. Wylie, and Ray Tinney.

The next club meeting will be November 18 in the home of Mrs. W.O. Newberry.

Alpha Mu Delta has Pledge Ritual

for new members

Members of Alpha Mu Delta Chapter of Beta Sigma Phi met on November 4 in the home of Sherry Smith. The meeting began with the Pledge for new members and a luncheon.

Donna Anderson concluded old business from the last meeting and ideas for Christmas projects were suggested and discussed.

Prose in literature and how it affects our lives was the subject of the program presented by Donna Anderson. The meeting was then adjourned and refreshments provided by Sherry Smith and Revis Pernel were served.

Visitor at the meeting was

Sue Williams, guest of Carrie Bertrand. Also present was Micah Lee Marble, new daughter of member Tonya Marble.

Members present were: Donna Anderson, Debbie Bertrand, Donna Henderson, Jo Ann Patterson, Duffy Hinkle, Carrie Bertrand, Sherry Smith, Debbie Ogden, Tonya Marble, Janice McCandless, Sharron Fulton and Sandra Crawford.

The next meeting will be November 18 in the home of Donna Anderson.

Robbs reunion held in Floydada

On Sunday, November 2, Milton Robbs and his wife, Rose, celebrated a family reunion in their home with a buffet dinner.

who attended were, Floyd Robbs and his wife Rose Mary of Willcox, Arizona; Marie Cline and her husband Lenard of Littlefield; Viola Noyes of Walsh, Colorado; Leora Spurlock of Temple, Oklahoma; Larry Robbs of Temple, Oklahoma.

Two sons not able to attend were R.L. Robbs of Willcox, Arizona, and Jerry Robbs of Dennison, Texas.

During the afternoon many family stories were reminiscenced and photos viewed. Everyone was delighted when Milton picked up his fiddle and began playing the old tunes he has played over

the years for many persons entertainment. Friends dropping by during the afternoon were Dowell Brewer and Gene and Lillie Simpson.

Wesley Ann Circle met in the home of Leibfried

The Wesley Ann Circle of the First United Methodist Church met in the home of Bennie Leibfried Monday, November 10.

questions of Love", "What being a Christian means" and "What being born again is". Read the 13th chapter of 1st Corinthians and the Book of First John. What speaks to us of God, the ocean, forest, nature, a rainbow, moon, stars, wheat, or cotton? Delightful refreshments

were served buffet style to Madames Elizabeth Armstrong, Diana Glover, Lula Green, Jewell Martin, Lorena McKinney, Cora Lee Shipley, Anne Smith and guest, Mrs. Jim Willson. Hostess was Bennie Leibfried.

Program on crocheted hand bags given

at Sandhill Hobby Club

The Sandhill Hobby Club met on November 4 in the home of Mrs. Walter Smith.

Hanna and visitors Mrs. Glenn Armstrong, Mrs. Ray

Smith, and Mrs. Burl Huckaby.

Program on crocheted hand bags was given by Mrs. Glenn Armstrong. Presentation was conducted by Mrs. Glenn Miller. Refreshments were completed for the Christmas luncheon.

Turkey Shoot sponsored by Petersburg Jaycees

Petersburg Jaycees will be sponsoring a Turkey Shoot Sunday, November 16 at 1:00. This will be at Brandon Spraying Service, 5 miles

east of Petersburg on Highway 54.

Ham and turkeys will be awarded. Shotgun shells will be for sale.

Floydada Nursing Home Happenings

It's hard to believe we are celebrating such beautiful warm weather. It's just another day for us until Thanksgiving. All the residents are looking forward to the holidays ahead because friends and relatives visit in our home more at this time.

Emmit Lawrence is enjoying a hard time keeping his mind. They sell as fast as they are made, but he makes every minute.

We are really enjoying the book of Acts. The residents are reading and studying ahead of time which makes it all so interesting for all.

Cookies were served to all residents.

This weeks guests included: DAVIS RUSHING, Ethel Carmack, Dena Myrick, Wiley Rogers, Sherry Colston and Zane, T.S. Brown, Josephine Bursiagio, Kathie Batey, Lori Jarrett.

Karla Ward, Angie Anderson, Paul Gonzalez C. Jr., Larry Hernandez, Ruben Zambrano, Ralph Espinoza, Dalfo Sistos, Luis Alaniz, Randy Wilson, Belinda Rodriguez.

Delia Delgado, Susie Irlas, Anna Arellano, Maria Ochoa, Missy Zarcla, Rosa F. Contreras, Hortencia de la Fuede, Mary Vargas, Eva Hernandez, Rachel Mendoza, Cindy Martinez.

Cinthony Ibarra, Salvador Cavazas, Rosie de la Fuente, Billy Collins, Fernando Arvizu, Wanda Rendon, Patsy Williams, Dalia Salazar, Margaret Ochoe, Slim Lorraine Williams, Renee Weeks, Gladys Collin.

Jo Lee Ellis, Kimberly Dawn Ellis, Mr. and Mrs. Noman Hamilton, Mrs. Dovie Rushings, Christine Robertson, Willie D. Hill, Burmah Probasco, Helen Johnson, Leola Lemons.

Cindy Marble, Susan Kimble, Christy Pate, Mary Ann Rainor, Pam Powell, Belinda Vailjo, Teresa Holbert, Vicki Powell, Anita Nichols.

Cindy Mulder, Mitzi Julian, Lori Beckham, Kamala Ford, Jana Finley, Donell Weeks, DeLyn Ramsey, C.L. Robinson, Robert Galvan, Tony Soliz, Corne and Murry Stewart and Ella Goodwin.

The reason our visitors list is so long is because Mona and her Homemaking class has visited the residents two days this week.

The residents always enjoy listening to the radio.

Clara Williamson and Emmit Lawrence tied two games each. Velva A.G. Eubanks, Ray Leona Bell, Geneda Asher, Victoria Asher, C. Cates and Juanita Bailey won one game each.

We would like to welcome

Mrs. Ethel New of Matador to our home. Mrs. New is the sister of Mr. Emmit Lawrence. She lives in room three down the South hall. We hope her stay will be a happy and comfortable one.

Many thanks to all our visitors for the week.

Juanita Bailey of Matador is living with us again and we hope she will be happy here. She is in room 9 down the North hall.

Twenty-three residents enjoyed two beautiful movies in the lobby Friday. "Grand Canyon" and "Umbria-Something."

Attending were Gen. Roberts, W.C. Cates, Lawrence, Myrtle Mamie Gray, Velva Clara McNeely, Francis Childs, and A.G. Eubanks.

Clara Murry enjoyed with her sister Mrs. Howard of Pueblo, this past week.

We had a perfect day for our trip Wednesday. We went to Lakeview, then east on the Dougherty highway, south to the McAdoo highway, then west to Cone.

We stopped along the highway to gather sticks for our cotton strippers at the turnips. There is nothing better at this time of year than turnips and corn.

Those making the trip were Mr. W.C. Cates, Emmit Lawrence, Verna McNeely, Iva Simpson and Don Manning.

The residents certainly thank Mr. Jim Price for the turnips. There is nothing better at this time of year than turnips and corn.

The reason our visitors list is so long is because Mona and her Homemaking class has visited the residents two days this week.

The residents always enjoy listening to the radio.

Clara Williamson and Emmit Lawrence tied two games each. Velva A.G. Eubanks, Ray Leona Bell, Geneda Asher, Victoria Asher, C. Cates and Juanita Bailey won one game each.

We would like to welcome

TEXAS INSURANCE AGENCY MANAGERS — [From left] Bill Carmack, Jeff Atwell, Marlin Terrell, and Joe Wetzel, sales leaders, received plaques awarded to them in volume production.

Carmack wins trip and receives plaque at Jackson, Mississippi

Bill Carmack, son of Mr. and Mrs. C.B. Carmack, was recently among 409 Texas Insurance Agency Managers who, accompanied by their spouses, won a trip to the Home Office of Southern Farm Bureau Life and Southern Farm Bureau Casualty in Jackson, Mississippi.

While in Jackson, they toured the new building, visited with the Home Office

staff, and attended a banquet in their honor. Mr. Bob Peacock, State Sales Manager, paid tribute to his sales team for their contribution toward the building of the modern structure.

Carmack was among four receiving a plaque depicting the new building. These plaques were awarded to the

sales leaders in volume production.

And you thought you had heard it all

The following statements are exactly as they appeared on actual car insurance claims:

"To avoid hitting the bumper of the car in front, I struck the pedestrian."

"An invisible car came out of nowhere, struck my vehicle, and vanished."

"I saw the slow-moving, sad-faced gentleman as he bounced off the hood of my car."

"The indirect cause of this accident was a little guy in a small car with a big mouth."

"My car was legally parked as it backed into the other vehicle."

"The pedestrian had no idea which direction to go, so I ran over him."

"I collided with a stationary truck coming the other way."

"I was sure the old fellow would never make it to the other side of the street when I struck him."

"A pedestrian hit me and went under my car; the other car collided with mine without giving warning of its intentions."

"In my attempt to kill a fly, I drove into a telephone pole."

"The guy was all over the road; I had to swerve a number of times before I hit him."

"Coming home, I drove into the wrong house and collided with a tree I don't have."

"The telephone pole was approaching fast. I attempted to swerve out of its way, when it struck the front of my car."

"A truck backed through my windshield into my wife's face."

"I had been driving my car for 40 years when I fell asleep at the wheel and had an accident."

"As I approached the intersection, a stop sign suddenly appeared in a place where no stop sign had ever appeared before. I was unable to stop in time to avoid the accident."

"As I approached the intersection, a stop sign suddenly appeared in a place where no stop sign had ever appeared before. I was unable to stop in time to avoid the accident."

"I pulled away from the side of the road, glanced at my mother-in-law, and headed over the embankment."

"I was on my way to the doctor's with rear end trouble, when my universal joint gave way, causing me to have an accident."

"I told the police that I was not injured, but on removing my hat, I found that I had a skull fracture."

"I had been shopping for plants all day, and was on my way home. As I reached an intersection, a hedge sprang up, obscuring my vision. I did not see the other car."

"I was thrown from my car as it left the road. I was later found in a ditch by some cows."

"I thought my window was down, but I found out it was up when I put my hand through it."

Try this one in your local traffic court: In a recent Saudi Arabian case, the defendant told the judge his car ran a red light and smashed into the rear of another vehicle because "It was the will of Allah."

LOOKS LIKE RAIN.

Both the Scots and the Japanese, in ancient times, believed that tortoise-shell cats could foretell storms.

VA News

Q--Is an unmarried minor stepchild serving in the armed forces still considered by VA to be a member of a veteran's household?

A--Yes, provided the relationship of the stepchild as a member of the veteran's household was established prior to entrance into the armed forces.

Q--I have completed both college and specialized training with VA educational benefits. Now I wish to go into business for myself. Does the VA make business loans?

A--The Veterans Administration does not make business loans. However, loans and business management advice for veterans are available through the Small Business Administration.

Q--I am a 100 percent service connected veteran receiving compensation. I am also attending school full-time and receive education benefits. I receive allowances for my dependents (a wife and two children) under both programs. One of my sons, aged 17, will begin college this fall. He will not be 18 until early next year. How long will I receive pay for him as my dependent?

A--He will be included in your compensation and education allowances until he reaches age 18. He will then become eligible for benefits under the VA dependents' education program.

Q--I receive retired pay as a result of military service and I also qualify for a VA clothing allowance for prosthetic devices I wear. Am I required to waive a portion of my retirement equal to the clothing allowance?

A--No. But you must waive an amount equal to any VA compensation you receive.

Q--My husband was killed in service. I am now financially able to purchase a home. Will the Veterans Administration guarantee a loan for me?

A--Yes. Call or visit the nearest VA regional office. Assistance is also available through veterans service organizations.

We Give Gold Bond Stamps Double On Wed We Redeem Food Stamps & WIC Cards We Reserve The Right To Limit Quantities

FACT SHEET ON THE MACKENZIE WATER AUTHORITY BOND ELECTION NOVEMBER 22

1. What is the purpose of the Mackenzie Municipal Water Authority?

The Authority's purpose is, and always has been, to construct a reservoir on Tule Creek in order to provide a surface water supply for the cities of Floydada, Lockney, Silvertown and Tulia. The Authority must also construct treatment and transmission facilities in order to deliver water to these cities.

2. What is the present situation and what elements are needed to complete the project?

The Authority has constructed the reservoir on Tule Creek. Cost of reservoir construction and land was approximately \$3,360,000, financed by the issuance of general obligation bonds which were sold to the State of Texas Water Development Board in 1970 and 1972.

Elements required to complete the project so that water can be delivered to the member cities include a raw water pump station at Mackenzie Reservoir; a raw water supply line to the treatment plant near the reservoir; a 4 million gallons per day treatment plant with overload capacity up to 6 MGD during peak demand periods and a treated water pump station; a 24", approximately 25,000' water supply main to transmit treated water to a junction point near State Highway 86; and a 2 million gallon water storage reservoir at this junction. From this junction, 3 transmission systems are required:

- The Tulia transmission system,
- The Silvertown transmission system, and
- The Lockney-Floydada transmission system

together with the pump units and ground storages that are necessary.

3. What is the estimated cost of the above facilities?

Supply Facilities

The estimated cost of the supply portion of the system which includes the raw water delivery system, the treatment plant, and treated water pump station, the water supply line to the junction point and the treated water storage reservoir at the junction, is \$4,405,000.

Transmission Systems

There are 3 separate transmission systems. The estimated cost of each of these systems is:

Silvertown system - \$1,065,000 (transmission pump station at junction and approx. 44,000', 12" supply line)	Lockney-Floydada system - \$6,431,000 (transmission pump station at junction; approx. 126,000', 18" supply line to a ground storage and pump station near Lockney; approx. 5,000', 12" supply line from ground storage to Lockney; approx. 61,000', 14" supply line from ground storage to Floydada)
Tulia system - \$3,830,000 (transmission pump station at junction; approx. 100,000', 20" supply line; ground storage and pump station at Tulia)	

4. How are these costs to be financed?

The Authority has made application to the Farmers Home Administration, United States Department of Agriculture, for long term loans to finance a major portion of the cost. In addition, the Authority has applied for a \$1,000,000 grant from Farmers Home Administration to be applied to the supply facilities. At this point, the Authority has received no commitment from FHA that the loans or grant will be approved other than an acknowledgment that the project is eligible for consideration. In the opinion of the Board of Directors, evidence of the member cities willingness to proceed with the project through a favorable result of a bond election to authorize the necessary general obligation bonds for the supply facilities would be of assistance to the Farmers Home Administration in determining their position on the Authority's application. In addition, the City of Silvertown is experiencing a water shortage and must have some indication of the Authority's intent to proceed with construction or in the alternative, attempt to independently develop a separate water supply.

Supply Facilities

The supply facilities (raw water system, treatment plant, treated water supply line and treated water storage) would be financed through the issuance of general obligation bonds. Assuming that the Authority receives a \$1,000,000 grant from FHA to apply to the supply facilities and deducting this grant from the supply phase estimated cost of \$4,405,000, the Authority would issue \$3,405,000 additional general obligation bonds. Of these \$3,405,000 bonds, the Authority has \$1,255,000 bonds previously authorized by election in 1969 but unissued. The question of the authorization of the \$2,150,000 balance is the proposition that will be on the ballot for the November 22, 1980 election.

The debt service on these \$3,405,000 general obligation bonds will be paid from ad valorem taxes levied against taxable property in the 4 cities in the Authority. The Authority's 1980 tax rate, 5 ¢ for maintenance and 13 ¢ for interest and sinking fund on its outstanding \$3,035,000 general obligation bonds, is 18 ¢ per \$100 assessed valuation. If the additional bonds are approved at the election and are issued in 1981, the Authority anticipates that its tax rate beginning in October, 1981 or October, 1982, dependent on FHA approval of the financing and the construction schedule, would be 33 ¢ per \$100 assessed valuation, an increase of 15 ¢. It is important to keep in mind that this calculation is based on a premise that the Authority will receive a \$1,000,000 grant from FHA, that the bonds would be financed by FHA on a long term, low interest cost basis, and that construction can commence in either 1981 or 1982. The tax table below demonstrates the effect of this tax rate increase at various levels of assessed valuation.

1980 Assessed Valuation (100% of Appraised Value)	1980 Tax	Estimated Tax Beginning 1981 Or 1982	Estimated Increase
\$ 1,000	\$ 1.80	\$ 3.30	\$ 1.50
5,000	9.00	16.50	7.50
10,000	18.00	33.50	15.00
15,000	27.00	49.50	22.50
20,000	36.00	66.00	30.00
25,000	45.00	82.50	37.50

Transmission Facilities

The transmission facilities, consisting of 3 separate transmission systems, will be financed through the issuance of 3 separate issues of special project revenue bonds, one each for Silvertown, Tulia and Lockney-Floydada. The bonds would be secured by water purchase contracts between each city and the Authority, and each city would make payments to the Authority sufficient to pay the maintenance and operating costs of its transmission system and its pro rata part of the cost of pumping water from the reservoir to the main pump station at the junction including treatment plus a sufficient amount to pay debt service on the revenue bonds issued to construct its transmission facilities.

5. How much water is each city entitled to receive?

Under the water purchase contracts with the Authority, each city is entitled to receive a maximum amount of water each year as follows:

- Tulia - 490,560,000 gallons per year at a rate not to exceed 6.4 million gallons per day.
- Silvertown - 86,140,000 gallons per year as a rate not to exceed 1.1 million gallons per day.
- Lockney - 150,745,000 gallons per year at a rate not to exceed 1.9 million gallons per day.
- Floydada - 273,750,000 gallons per year at a rate not to exceed 3.2 million gallons per day.

For purposes of estimating costs, the following projected annual deliveries have been assumed:

- Tulia - 400,000,000 gallons
- Silvertown - 50,000,000 gallons
- Lockney - 128,000,000 gallons
- Floydada - 292,000,000 gallons

6. What will water rates be?

Monthly water rate structures have been projected approximately as follows (note: these rates are not recommendations, but are intended for guidance):

Tulia

- First 3M gallons - \$9.00 (minimum)
- Next 7M gallons - 1.50/M
- Next 10M gallons - 1.25/M
- All over 20M gal. - 1.00/M

Silvertown

- First 2M gallons - \$13.00 (minimum)
- Next 3M gallons - 1.50/M
- Next 10M gallons - 1.25/M
- All over 15M gal. - 1.00/M

Lockney

- First 2M gallons - \$11.00 (minimum)
- Next 8M gallons - 1.50/M
- Next 10M gallons - 1.25/M
- All over 20M gal. - 1.00/M

Floydada

- First 2M gallons - \$10.50 (minimum)
- Next 8M gallons - 1.50/M
- Next 10M gallons - 1.25/M
- All over 20M gal. - 1.00/M

These estimated water rates vary from city to city since the cost of water delivery to each city differs depending on the distance of each city from the transmission station at the junction, the amount of water delivered to each city and the cost of the separate transmission systems. In addition, operating expenses and other costs in each city's waterworks system must be considered.

7. What alternative water supplies are available?

The only foreseeable alternative to the Mackenzie supply for the indefinite future is a continuation of reliance on ground water supplies, primarily the Ogallala formation and possibly the Santa Rosa formation. Definitive long range studies indicate that the Ogallala formation is being depleted of water with little or no recharge. Water from the Santa Rosa formation has been used by the City of Tulia but water from this formation is often of unsuitable quality and quantity.

8. What propositions would be on the ballot?

There will be only one proposition on the ballot: to authorize the Authority to issue \$2,150,000 general obligation bonds. The election must carry in each city for the bonds to be authorized. If the election is successful, the Board of Directors will continue to pursue construction of the entire project as outlined above.

9. Who is qualified to vote in the election?

Any resident of Tulia, Silvertown, Lockney or Floydada who has been a registered voter for at least 30 days prior to the election is qualified to vote.

10. Where and when will the election be held?

The election will be held on Saturday, November 22, 1980 from 7:00 o'clock A.M. until 7:00 o'clock P.M. at the City Hall in each city.

Absentee voting will be conducted beginning Monday, November 3, through Tuesday, November 18. Residents of each city may vote absentee by personal appearance before the City Secretary in their respective cities, by mail for absentee ballots must be addressed to Mrs. Barbara Cabe, City Hall, 201 N. Maxwell Street, Tulia, Texas 79088.

Ma Bell raises rates anyway

Southwestern Bell will implement increased rates under bond on November 11, but the increases will be significantly smaller than amounts recommended by the company in its original filing.

The rate increases under bond will be \$152.8 million. The company's request is for \$326.3 million.

The rates put into effect under bond are about 47 percent of the company's request. The bonded rates roughly parallel the PUC staff recommendation of \$152.8 million made in the hearings.

"We've documented a need for \$326.3 million," said Paul Roth, vice president of revenues and public affairs for Texas. "In no way do we concede we need any less. However, we feel the staff recommendation is a good reference point for implementing temporary rates to provide some relief until a final decision is reached."

The bonded rates will be in effect until the Texas Public Utility Commission makes a final decision on the full request. Based on its final ruling, the PUC could order the company to make customer refunds, with interest, on some or all of the bonded rates.

A continuing critical need for additional revenues prompted the Southwestern Bell decision to put in rates under bond, said Roth.

"Naturally, we'd prefer to have a final decision before implementing any rates for several weeks. Meanwhile, we need for increased rates has not diminished. Inflation continues at high rates, offsetting our gains in expense savings and sales. Interest rates are rising our earnings level. We still are missing huge sums to meet the needs of a growing Texas.

"The data on which this case is presented is seven months old, concentrating we do not have the ability to gain prompt pricing relief as other businesses have. The situation is improving. In the interests of maintaining good telephone service in Texas, we simply cannot wait."

Roth pointed out that Southwestern Bell has never before implemented statewide rates under bond in Texas. "We would prefer not to put in bonded rates now, but the unusual length of the hearings caused us to do so," he said.

Roth said the prolonged hearings resulted from introduction of some unusually complex issues. He pointed out that one of the most critical and complex issues, the cost study methodology to be used in pricing various services, is the subject of a separate hearing pending before the PUC. "It is our hope that the cost issue, and other complex points, will be resolved before the other rate case. If so, future rate hearings should be handled in a much shorter time frame, just as our other cases," Roth said.

Southwestern Bell filed the \$326.3 million request on July 7. Hearings began September 15 and ended October 7. Thousands of pages of testimony and exhibits were introduced by all parties in the case.

Hearing Examiner Philip Ricketts, who presided over the hearings, must make his recommendation as to the outcome of the case. Then, the full Public Utility Commission must consider the examiner's recommendation and enter a final order on the rate request.

The final decision process will continue beyond the bonding date, Roth said.

Texas law provides for putting rates into effect under the bond if the PUC has not reached a final decision within a specified time limit. The Southwestern Bell bonding date under the time frame is November 11.

The interim rates implemented under bond by Southwestern Bell on November 11 will affect:

- most basic local service
- most PBX equipment
- one time charges for moving or installing telephones
- Custom Calling features
- miscellaneous equipment
- TouchTone Lines
- most telephone instruments
- some CENTREX service
- key telephones
- private line services, including TELPAK

—Telephone answering services

The interim rates will not affect:

- measured service
- in-state long distance calls
- WATS charges
- Directory Assistance service
- coin telephone calls

The effect on residential customers will be slight. For example, under the temporary rate schedule, a one-party flat rate residential customer using a standard rotary dial telephone will face a total monthly increase of 80 cents, based on a 30-cent increase for the access line and a 50-cent increase for the instrument.

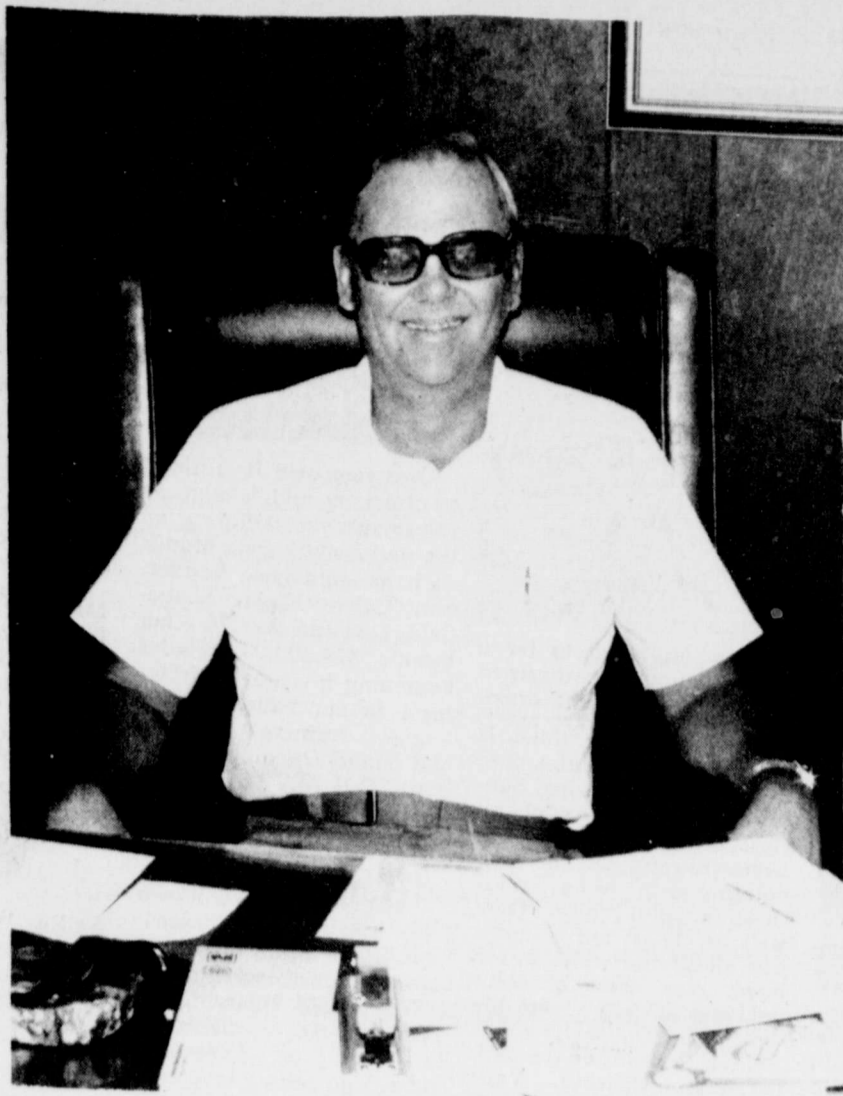

Rates for two, four and eight-party basic residential service will increase in the range of 65 to 70 cents per month, based on varying access line increases of 15 to 20 cents and 50 cents for a standard rotary dial telephone.

One-party flat business rates will increase in a range of 85 cents to \$1.30 per month in most locations, based on access line increases of 35 to 80 cents and 50 cents for a standard rotary dial. In Houston, Dallas, Fort Worth and San Antonio, only the instrument increase will apply to one-party business rates.

Four and eight-party business rates will increase from 60 to 90 cents per month, depending on location including the 50-cent instrument increase and varying access line increases of 10 to 40 cents.

The monthly TouchTone line rate also will increase by 20 cents for residences and 25 cents for businesses. The additional TouchTone line charge must be added to any monthly increases for access lines and instruments.

One time charges for moving or installing telephones will vary, depending on work requested by the customer.

JERRY COOPER

Floyd County Insurance Agency named Allstate representative

The Floyd County Insurance Agency, an established insurance agency in Lockney, since 1969, with an office at 116 S. Main, has been named the area representative for Allstate Insurance Companies in Lockney and vicinity.

The agency will continue to represent other insurance companies as it does now, in addition to representing Allstate.

Allstate auto, homeowners, renters, boatowners, theft, life and personal liability insurance, and business insurance for companies will be offered by the agency.

"I am pleased to add Allstate, one of the best known, most widely accepted names in the business, to our complete insurance lines for people in the Lockney area," Jerry Paul Cooper, owner of the agency, said.

Ophelia Cooper is a member of the agency staff.

Tribute to Eve Newson

The following poem was written by Shea Wimberly, eight-year-old great-granddaughter of Mrs. J.C. Newson. It has been printed as she wrote it.

GRANNY'S HOME
Granny's House is on a friendly block.
And Granny lives in a pretty house too.
She has a nice big family too. She loves and takes care of it too.
She's a Grandmother to some people.
Like Connie and Dee.

A Tribute to Eva Newson on her 93rd Birthday

"The golden years are privileges..."
Sunday afternoon, November 9, a celebration was taking place in the home of Mrs. Newsom

"For added years are gifts from God..."
Congratulating her on her ninety-third birthday.
"Do not wish for youth's return
Though you enjoyed each day
Think of the many compensations
You had along the way..."
(She has been privileged to have three children, eight grandchildren and four-teen great-grandchildren.)
"As the days and year began to mount,
Along came a deeper appreciation
Of things that really count..."
(Many old friends as well as new ones came by to wish her good health, spiritual comfort, and to express joy...)
"On the years she has trusted in Him implicitly,
And the way she has worn her years, gracefully..."
By Danette Tucker
Granddaughter

Fruit, Turkeys and Hams available through Ag members

From now until Christmas the Ag classes will be selling fruit, smoked turkeys and sugar cured hams.

The fruit, oranges, grapefruit and apples, and the smoked turkey have been sold annually. The hams are new this year.

An order placed by Friday, November 14, can be filled before Thanksgiving.

Orders placed by December 5 will be ready for Christmas. The Christmas orders will be delivered up to the nineteenth of December.

The turkeys are 8-10 pounds and are \$18 apiece. The hams are 14-18 pounds and are \$1.60 per pound.

The oranges and grapefruit are in 40 pound boxes and the apples in 18 pound boxes. The price is \$11.00 per box or \$5.50 per half box.

Buy direct from the Ag Shop or the boys will deliver to the homes.

Call 983-2340 before 3 p.m.

Allstate rates now 35%* lower than Texas state rates for Homeowners insurance.

Texas Homeowners: Allstate Homeowners Dwelling insurance helps you fight the cost of living—as we protect your home against loss from fire and many other hazards.

Just call or drop in, and compare. Bring your present Homeowners policy.

*Applies to policies with \$40,000 or greater coverage on dwelling.

Martin helped many others

Continued From Page 1

customers, no company would give credit to the city to have oil in the engines or diesel to fill the tanks, so I had a little money and I paid the \$420 to get started, which was repaid in sixty days."

The engine had a defective connection bearing and the people who had built the engine, Worthington Engine Co., were hard to convince about the defect. Martin on his own initiative flew to Buffalo, New York with the part that had failed. Now convinced the company would give credit to Floydada to correct the situation.

During the war years he served on the planning board and also the food and control board. He also was a Lieutenant in the Civil Air Patrol and served as squadron leader.

The original Floydada airport was built and operated by Martin. He established the field in 1941. It was located just west of the present municipal airport.

Fred Martin, only son, lives in Hilton, South Africa. Fred was able to take the last remaining seat on South African Airways Boeing 747 direct flight to New York. He arrived in Floydada on Monday. His wife and son are following this week.

Funeral services were held at 3 p.m. Monday in First United Methodist Church here with the Rev. James C. Seay, pastor, and Dr. Floyd C. Seay, pastor of First Baptist Church, officiating. Burial was in the Floydada cemetery under the direction of Moore Funeral Home.

Martin was active in the implementation up to the time of his death. He was a familiar figure around the square as he would stop and chat awhile by feeding the squirrels.

Martin has requested that there be a photograph in this issue. It is well known to so, for each of us carries our memory of this very special man.

SINGLE ADULTS DEPARTMENT is named the 1979-80 Department of the Year at First Baptist Church. Department director Nell Abram, center, receives the plaque from David T. Seay, right, Minister of Education. Workers in the department are, left or right, Gladys Jones, Melva Seay, and Travis Jones.

DIPLOMA RECIPIENTS at the Sunday School Workers Appreciation Banquet were, left to right, Gary Brown, Frances Weathersbee, Claude Weathersbee, Janet Lloyd, Julie Cathey, Charlene Brown, Ardis Daniel, Nell Ferguson, and David T. Seay. Not pictured are Kay Ford, Patsy Sawyer and Dolores Cannon.

OBITUARIES

ELMER NORRELL

Elmer Griffin Norrell, 58, Floydada businessman, died Monday night in Lubbock General Hospital following a brief illness.

Services were Wednesday at 2 p.m. in the First Baptist Church with Floyd C. Bradley, pastor, officiating. Burial was in Floydada Cemetery with Moore-Rose Funeral Home in charge.

Mr. Norrell was born September 17, 1922 in Cleburne. He moved to Floyd County in 1927 from Johnson County. He was married to Mattie Pearl Turner February 23, 1946 in Clovis, New Mexico.

Owner of Norrell Tractor Parts in Floydada, he was a veteran of World War II, a member of First Baptist Church and a member of Hub City Wheels Trailer Club.

Surviving are his wife Mat; two sons, James Lewis Norrell of Floydada and Keith Wayne Norrell of Lubbock; one brother, Harold Norrell

of Floydada; and two grandsons.

MARK H. MARTIN

Mark H. Martin, 82, died Thursday.

Services were at 3 p.m. Sunday in First United Methodist Church, with the Rev. James Smith, pastor, and Dr. Floyd C. Bradley, pastor of the First Baptist Church, officiating. Burial was in Floydada Cemetery by Moore-Rose Funeral Home.

Mr. Martin, born in Cooke County, moved to Floyd County in 1919. He was a long-time civic leader Floydada and was in the implement business for the past 60 years.

He married Mattie B. Slinker in 1921 in Valley View. He was a Methodist.

Survivors include his wife; a son, Fred Martin of Hilton, Republic of South Africa; three sisters, Elnora M. Clark of Ardmore, Oklahoma, Lola M. Collins of Red Oak, Oklahoma, and Mary M. Franklin of Marietta,

Oklahoma; two grandchildren and two great-grandchildren.

CLARENCE DAVIS

Services for Clarence Jacob Davis, 77, of New Deal were at 2 p.m. Monday in the First United Methodist Church in Abernathy with the Rev. Tommie Beck, pastor, officiating, assisted by the Rev. H.B. Coggin, pastor of the Lakeview Methodist Church here.

Burial was in the Abernathy Cemetery under direction of Chambers Funeral Home. Davis died at 9:30 a.m. Saturday in West Texas Hospital in Lubbock after a lengthy illness.

Born in Cookeville, Tennessee, he came to New Deal in 1928. He married Lillie Holland December 27, 1926, in McEwen, Tennessee.

Davis was a retired farmer and a member of the Abernathy Masonic Lodge, the Scottish Rite Temple and the First United Methodist Church in New Deal.

Survivors include his wife; two daughters, Mary Nell Taylor of Grants, New Mexico, and Shirley Ann Brown of Bowie, Maryland; two brothers, W.L. Davis of Floydada and Horace of Abernathy; two sisters, Mrs. W.C. Cochran of Groves and Mrs. B.M. Jackson of Abernathy; six grandchildren; and three great-grandchildren.

Pallbearers were Doyle Jenkins, Wales Dunlop, Demp Webster, Ralph Wiley, Norman Davis, Mark Gould, Joe Dolph Adkisson and Henry Davis.

MAUDE KELLISON

Services for Maude Ellen Kellison, 93, of Lockney were 10 a.m. Monday at First Baptist Church in Lockney with the Rev. John Jenkins, pastor, officiating.

Additional services were at 3 p.m. Monday at Patterson-Coley Funeral Chapel at Hollis, Okla. Burial followed at McKnight Cemetery under direction of Moore-Rose Funeral Home of Lockney.

Mrs. Kellison died at 1:50 p.m. Friday at Lockney Care Center.

Born at Proteim, Okla., the former Maude Ellen Shaffer married Homer Kellison Sept. 25, 1904, at Hollis, Okla. He preceded her in death. The housewife moved to Floyd County Dec. 2, 1970, from Holbert, Okla. She was a Baptist.

Survivors include four sons, R.C. of Pow, V.H. "Buck" and G.E. "Earl" both of Lockney, and Jess of Casa Grande, Ariz.; 14 grandchildren; 35 great-grandchildren; and 12 great-great-grandchildren.

Grandsons served as pallbearer.

Computer technology introduced by VA to reduce time

Administrator of Veterans Affairs Max Cleland recently announced completion of a three-year development program to bring the advantages of computer technology to processing claims for Veterans Administration compensation, pension and education benefits.

The new system--known as Target--will reduce claims processing time significantly and speed payment of checks totaling \$14 billion annually to veterans and their families, according to Cleland.

Target replaces many manual operations that were used in handling inquiries and claims. VA's 57 regional offices in the United States and Puerto Rico are now able to enter, modify and retrieve data via a sophisticated computer system that is currently capable of handling some 160,000 transactions daily. Part of the hardware used by the agency includes 3,000 video display terminals and 800 remote printers installed in the regional offices.

Service improvements offered by Target are many and the agency expects to realize operating savings of up to \$200 million over the next ten years, Cleland said. The system will provide faster adjustments to active claims payments and quicker action on new claims. Status inquiries from beneficiaries which previously required days and weeks to answer can now often be resolved in seconds.

The Target network is supported by nine large computers and 100 mini-computers that function in regional

processing centers located in Philadelphia, Chicago and Los Angeles. A central payment system in Chicago is linked directly to Treasury department check production facilities and VA's huge data processing center in Austin, Texas, maintains a computer index of basic beneficiary information.

Today's completion of current Target development culminates a \$40 million contract awarded in 1977 to Honeywell Information Systems. VA expects to invest additional funds to bring the system to its maximum cost-benefits capability.

The design and operation of Target includes strict controls on individual rights of privacy. VA employee access to the data system is on a "need to know" basis and requires the use of a password, a magnetic key card and appropriate security clearance. The agency monitors system security at each regional office and data processing location.

Drought Brings Crop Harvest Estimates Down

AUSTIN--The vegetable harvest for the last quarter of 1980 is expected to drop, one more lingering effect of the drought that in some areas of the state made it "too dry to plant," reports Agriculture Commissioner Reagan V. Brown.

Harvest of carrots, bell peppers, spinach, lettuce and cabbage will all be down, according to the Texas Crop and Livestock Reporting Service. Only cucumbers and tomatoes are expected to increase over the 1979 fall harvest.

"It wasn't disease or insects that got these crops," said Agriculture Commissioner Reagan V. Brown. "It was the hot, dry weather. In some areas it was too dry to plant."

Prospective harvest figures for the October-December quarter are 3,400 acres of carrots, down 11 percent from 1979; 4,800 acres of bell peppers, down 17 percent; 4,000 acres of cabbage, down 33 percent; 1,700 acres of spinach, down 37 percent, and 900 acres of lettuce, down 47 percent.

Around 4,600 acres of cucumbers, a 35 percent increase over last year, are expected for harvest. Tomatoes will increase from 500 acres in 1979 to 800 this fall.

Nationwide, harvest for 14 fresh market vegetables is estimated at 249,000 acres, down one percent from a year ago. Yields are projected at 2.06 metric tons, down four percent.

LAKEVIEW NEWS

by Mrs. Joyce Williams

Mrs. Randy Bertrand and Mrs. Kim Hinsley completed adult leadership instruction Monday, at the Ag building with their daughters 4-H food groups. The two girls, Angie Bertrand and Angie Hinsley, and other 4-H members of the co-ed group met each Monday after school for six weeks. They prepared milk shakes, taffy apples, chili con queso dip, brownies, and learned marketing tips. Miss Jodi Smith, junior leader, showed them how to make chili, as well as other foods. The countywide 4-H food show will be held December 6 at the Lighthouse Electric kitchen.

Lucille Custer entertained her niece, Mrs. Karla Womack, and son, Chris, for Sunday dinner this weekend.

Mrs. Ted Givens stopped by to visit her mother, Mrs. Milton Harrison, when she brought her little daughter, Jennifer, to the Methodist kindergarten last week.

Greg Bishop was home from Texas Tech University to help his father, Howard Bishop, strip cotton over the weekend.

Mr. and Mrs. Dean Watson and children visited her parents, Mr. and Mrs. Tom Moore in Floydada Sunday while Mrs. Watson's brothers, Bill of West Texas University and Steve, of Kilgore, were home for the week-end. Steve's guest was Miss Kathy Cudney of Pampa, and West Texas University. Steve works for an oil well supply company at Kilgore.

Judge and Mrs. Choise Smith and family visited his parents, Mr. and Mrs. Flukie Smith, in Lubbock Saturday evening.

Mrs. Q.D. Williams visited Mrs. Liz Rojas and daughter, Deborah, at Acuff Friday afternoon.

Miss Kim Harrison is enjoying teaching Home Ec. at Wellman, near Brownfield. The school has a six man football team, and Kim and her FHA girls run the concession stand for all the home games.

Miss Tammy Gentry was home for the week-end, visiting her parents, Mr. and Mrs. Travis Gentry, and

sisters. Tammy is a medical secretary at University Hospital in Lubbock.

Mrs. Roy Fawver accompanied her niece, Mrs. Lovene Moore, to Ruidoso, New Mexico, on Sunday to Tuesday, while Mrs. Moore looked over property for a resort home.

Mrs. Betty Howard, and daughter, Gail of Lubbock, visited her niece, Mrs. Howard Bishop for Sunday dinner.

Mr. and Mrs. Q.D. Williams visited their son and his wife, Monte and Kellie Williams, at Ft. Sill, Oklahoma, over the week-end. Monte took them on a drive up into the hills where they could see the beautiful fall foliage. A second lieutenant, Monte was recently made a platoon leader. Kellie was refinishing furniture and attending classes at the University of Lawton.

Mr. and Mrs. Billy Joe Hambright enjoyed having their children home over the weekend. Kathy and her husband, Jerry Green of Lubbock, and Todd Hambright of Texas Tech University came Friday and all attending the football game at Floydada, the last home game of the season.

Mrs. Roy Fawver was in Lubbock Saturday visiting the fifth generation, Leslie

Fawver, her new great great-grandson. Mr. and Mrs. Larry Fawver are the parents. There has been a Leslie Fawver for five straight generations.

Mrs. Dean Watson attended the Duncan School P.T.A. meeting last Monday. Her daughter, Amanda, was on the program with other kindergarten students.

Mr. and Mrs. Robert Pyle and children visited Paula's grandfather, Mr. Zach Cummings, in the Lockney hospital last week. Several of Paula's aunts were also there.

Mrs. Rex Harrison is working at the Lakeview Gin office during cotton harvest.

Mrs. Howard Bishop is getting her house straightened again after having her kitchen cabinets painted and wallpaper on the walls.

Mr. and Mrs. Earl W. Edwards visited Mrs. Roy Fawver Sunday afternoon.

Mrs. Roy Fawver joined Mrs. King, Mrs. Peach, Mrs. Poole and Mrs. Wester for eighty-four at Mrs. Mayo's home Wednesday.

The beautiful dry days make perfect weather for the cotton harvest. It is so dry the strippers can even work after dark. After the harvest the wheat and grass will be more than ready for a rain.

Lockney Care Center News

This was a very enjoyable week. Wednesday afternoon we had our November birthday party. The residents who's birthday are in November are Alvah Davis and J.D. Blankenship. We would like to thank the ladies of the Main St. Church of Christ for bringing the refreshments.

Bill Payne was our black-out winner this week during our bingo game. DeLinda Glasson was our caller.

At our popcorn party Thursday afternoon we had a special helper, Jarod Glasson.

Winners of our painting contest were: Alpha Kitchens, Grand Prize; Bill Holt, 1st place; Lewis Roberts, 2nd place; Albert Poole,

3rd place; and Myrtle Payne, 4th place. The judges were the 7-3 nursing staff.

We lost a special friend this week, Mrs. Maude Kellison. We will all miss her. Our deepest sympathy goes to the family.

Until next time...

Facial tattooing was originally used, historians say, not only to beautify the wearer but to conceal expressions of fear from enemies.

HALLOWEEN CLOWNS, GHOSTS, witches and wierd looking creatures at the Duncan Elementary spook house were Paula Pyle, Anna Wilson, Judy Rogers, Ann Glascock, Anna Ortiz, Wendell Jordan, and Rilla Sue Woody.

Today's Lifestyles

If your club or organization would like to receive special information about programs that will be available in 1981, please call the Extension Office at 983-2806 and let us know! I would like to have your president's name and address so I can keep you informed of upcoming programs and leader trainings throughout the year. These are available to all individuals and non-discriminating organizations regardless of socioeconomic level, race, color, sex, religion or national origin of its members. Topics that are being planned include:

"Setting Your Household in Order"—the importance of keeping good family records.

"Families and the Law"—an overview of many Texas laws that affect the family.

"Medicine Mix-up"—prevention of dangerous drug interaction.

"Food for Little Folks"—preparing baby food at home.

"Heat Pumps and Ceiling Fans"—value and selection of heat pumps and ceiling fans.

"Energize Your Wardrobe"—staying comfortable without adjusting the thermostat.

"Breast Cancer - How Great Is Your Risk?"—the importance of life-saving breast self-examination.

"The Economics of Food Preservation" and "Master the Mixes!"—use of homemade master mixes to save money and time in the kitchen.

Coming Soon!! Mark your calendar now and plan to attend a very special program on November 14! The program will include demonstrations on Machine Embroidery and Making Draperies for Your Home. The program will begin at 1:30 at the Agriculture Building in Floydada.

Furniture Fix-ups What can you do about wood furniture that's marred by scratches, dents and stains? You may have to do a complete overhaul, but sometimes you can make minor repairs yourself without refinishing. Here's how:

SCRATCHES—On walnut or walnut-stained furniture, rub scratches with the meat of a Brazel nut or black walnut. A brown crayon,

shoe polish or a commercial wax stick meant for furniture touch-ups may also work.

To camouflage scratches on red mahogany, apply iodine with a fine brush or cotton swab. Old iodine, dark with age, works on brown mahogany furniture. On maple, apply a 50/50 mixture of iodine and denatured alcohol.

GOUGES—Patch deep gouges with plastic wood. Shallow gouges may only need sanding, followed by touch-up staining.

CRAZED FINISH—Too much sun exposure can cause crazing, the formation of hundreds of tiny cracks in wood finishes. Rubbing with steel wool and polishing with paste wax may help.

WHITE BLEMISHES—Rings or blemishes can be caused by water residue or excessive heat. Cigar ashes mixed with a little oil such as salad or machine oil should remove these. Fresh water stains can be removed by wiping with ammonia. For heat caused blemishes, dampen the area with a cloth moistened with camphorated oil. Wipe and let dry, then rub with rottenstone or pumice and oil.

Try these remedies before you begin stripping your furniture to refinish it.

ATPE News

The Association of Texas Professional Educators (ATPE) has experienced a membership increase of more than 50 percent according to Executive Director Mike Morrow, who believes that Texas educators are leading a nationwide trend of teachers who are leaving the unionized National Education Association.

Morrow added that according to NEA's own membership figures, teachers from other states are "waking up, too." in 1979 NEA showed a loss of membership in 16 states including Texas where the decline reported was 9,704 despite the fact that nearly 5000 new teaching positions were added in the state that year.

ATPE, a group of educators led by state president Alafair Hammett, a classroom teacher with 30 years experience, favors grassroots control of education. ATPE does not support collective bargaining for public school teachers and has not endorsed political candidates.

"Many Texas educators do not subscribe to the philosophy that any education association should make across-the-board statements or assume that a few leaders speak for the entire profession," Morrow said. "On more than one occasion the Texas State Teach-

ers Association has said that it speaks for the Texas teaching profession. While this might have been the case in the early 1970s, it is no longer true," Morrow said.

"Having had their own pocketbooks pinched as teachers are being more professional, sheeplike, one organization which may or may not be their philosophies," Morrow said.

"Most education associations share many goals including better salaries and benefits for teachers, where we differ strongly. ATPE sends professional educators dedicated to the education of Texas children, and members will not allow the backs of these children to be further their own gain," Morrow, who has been both a classroom teacher and an administrator, stated.

The Association of Professional Educators organized its state offices in May, 1980 as a result of the consolidation of the ups of educators who organized in 1975 as a test to TSTA's affiliation with the National Education Association.

Senior Citizens News

Remember our luncheon Thursday November 20, Thanksgiving program.

The center is working trying to get a better piano. We have one King size quilt and two regular size quilts for sale.

Mrs. Roxie Covey of Amarillo visited our Center Friday.

Bingo is Monday nights at 6:30. Forty-two and 84 and dominoes are on Thursday nights at 6:30.

Mrs. Wynona Willis of Petersburg visited her parents, Mr. and Mrs. Geo. Smith, Monday. Mr. and Mrs. Harvey Tardy, LaNell and Thelma Jones

visited in Lubbock Sunday.

Mrs. Eldie Bryant visited the hospital recuperating from a broken hip and arm.

Locals to attend conference on aging November 12-14 in Oklahoma

Three delegates will represent rural Texas senior citizens during a regional conference on aging slated for November 12-14 in Oklahoma City, Oklahoma. Coming from the state of Texas is the theme for the conference convened by Green Thumb, Inc., an employment program for rural older persons. Delegates will discuss issues and concerns of rural elderly in preparation for the 1981 White House Conference on Aging which will be conducted in Washington, D.C. November 4, 1981.

Georgia Finley and Allen Reudon from the Floyd County Green Thumb will be attending these conferences as members of the Texas Delegation. Non-delegates representing individuals and organizations concerned with problems of rural older persons will also have the opportunity to attend. The resolutions that will be adopted from this conference will have effective input on the issues to be discussed next year in Washington. The Oklahoma conference is one of six rural mini-conferences being conducted around the nation. Green Thumb was selected by the White House Conference

committee to convene the rural meetings with participation and financial assistance from several federal agencies. These include the U.S. Department of Agriculture, U.S. Department of Labor, U.S. Department of Housing and Urban Development, U.S. Department of Health and Human Services, U.S. Department of Transportation and the Appalachian Regional Commission. Green Thumb, Inc. is an employment program for men and women age 55 and older to work in non-profit organizations to carry out community betterment and conservation programs. Green Thumb is sponsored by National Farmers Union and

is funded by the U.S. Department of Labor and local project sponsors. In Texas there are presently 952 Green Thumb workers in 107 counties. The workers acquire a new sense of dignity and self-esteem when they are allowed to use their skills and experience in helping their community. Many workers feel the program has added years to their lives through the rehabilitative effects of becoming active again. Green Thumb is an equal opportunity employer. For more information about the regional mini-conference on aging, contact: Texas Green Thumb, P.O. Box 7898, Waco, Texas 76710. Phone: 817-776-4700.

Cedar Hill News

by Grace Lemons

The farmers are all busy with cotton harvest and there is no time for pleasure this week.

The Assembly of God Church had several visitors in the morning service including a foreign missionary and his wife from Belize, South America. Rev. and Mrs. Ray Fairbanks, who have returned only two weeks ago. Mr. and Mrs. Troy Smith and sons, Wesley and Rodney of Dumas, were also present.

Bernie Mitchell's sister and husband, Sharon and Jay Green and Christina of Amarillo visited with Rev. and Mrs. Vance Mitchell from Thursday until Saturday this week.

Mrs. Carl F. Lemons and her sister and husband, Mr. and Mrs. S.A. Decker of

Amarillo, had lunch together in Tulsa last Wednesday. The occasion was to see Mrs. Lemons' great nephew, Shields Calvin Decker, who arrived in Tulsa hospital November 4th. He weighed 7 3/4 lbs. and was born to Mr. and Mrs. Shields B. Decker of Amarillo.

Rev. and Mrs. Albert VanHoose of Fort Stockton spent several days in the home of Mr. and Mrs. John D. VanHoose this week.

Pauline VanHoose and her sister, Eula Mae Wilson of Ralls, spent last Wednesday in Lubbock shopping.

Grace Lemons visited Sylvia Yearly in Lockney last Wednesday evening.

Garland and Mary Ann Tucker, Raz and June Ware, J.A. and Norma Welch, Jim and Viola Conner, Mark Gilly, Craig Gilly, C.L. Gilly and Stanley Burleson and possibly others attended the Mark Martin funeral held in the First United Methodist Church in Floyddada Sunday afternoon.

Mr. and Mrs. Troy Smith and boys of Dumas visited her parents, Mr. and Mrs. Cephus Fortenberry this weekend.

Rosie Perez and daughter and Rosie's mother of Lakin, Kansas visited Peat Kelly Thursday. They also visited relatives, the Arendondo's.

Mrs. J.R. Kelley had supper Thursday evening with Mr. and Mrs. Junior Taylor. Clara Mize entertained her S.S. Class of the First Baptist

Church in Floyddada Thursday. Sandwiches and dessert was served to the group.

Word was received that Jim Harper, former resident of Cedar Hill, is a patient in the hospital at Lubbock.

Mr. and Mrs. Junior Taylor visited with Mr. and Mrs. Gus Wesley, Mattie Davis in the home of Grace and Olan Keeter in Plainview Sunday.

Edna Gilly helped her mother, Mrs. W.M. Clark, with a garage sale in Floyddada Thursday and Friday.

Kay Bethel, Linda Lemons and Mrs. Carl F. Lemons attended the PTA meeting at Duncan Elementary Monday evening. The kindergarten classes presented the Program and Traca participated in it.

INSUR-MATION
Floyd County
Insurance Agency Jerry Cooper
LOCKNEY

In recent weeks my wife and I have been discussing the purchase of a new home. However, with the added expenses and responsibilities of a new home, I'm concerned what kind of position my wife would be in if anything should ever happen to me. A friend suggested I talk with an insurance agent. How can that help?

Life insurance can be bought for the specific purpose of paying any outstanding mortgage balance on your home. With the variety of policies to choose from, your agent should be able to find one to fit your particular needs and budget. Also, most companies offer replacement policies which will provide funds for mortgage payments should you become disabled.

Deer hunters to soon resume annual quest for big game hunt

Football may soon have serious competition. In a few weeks, deer hunters all across the state will relinquish their roles as armchair quarterbacks to renew their annual quest for freshly stocked freezers and handsome wall mounts. Many, however, will be on their first big game hunt and may be somewhat confused over the inordinate amount of hunting paraphernalia to choose from.

So, before taking to the countryside, it's a good idea for all hunters to make sure they have acquired adequate equipment and found it to be in good working order, says Dr. Dwight Guynn, a wildlife specialist based in Uvalde with the Texas Agricultural Extension Service.

First and foremost is the selection of firearms assuming, of course, that leases and licenses have been secured.

Guynn suggests choosing a rifle with sufficient caliber (firepower) for a quick, humane kill. He says it's important to match caliber with one's physical size and shooting experience. Hence, large, heavier men can probably handle larger caliber rifles more accurately than

small, petite women. The most popular deer rifles used today are .243, .270, .30/06 and .30/30 calibers. Selection, of course, varies according to hunting preference, but inexperienced or beginning hunters can choose between these widely used models in good confidence.

Selecting the type rifle "action" depends on the kind of hunting one expects to do. In heavy brush for shots at close range (100 yards or less), a fast handling rifle with pump, lever action or semi-automatic may be appropriate. Guynn says a bolt action rifle is most often considered for open country requiring long accurate shots.

Scope selection, often a critical factor in the successful hunt, is influenced significantly by the terrain. For open country with long distance shooting, Guynn suggests a six- to eight-power scope. Under heavy cover with close shots, an open sight or two-power scope is usually all that's needed. A four-power scope is popular because of all-around versatility. Variable power scopes such as the 2x-7x and 3x-9x are also versatile.

Binoculars are a highly underrated item that many hunters often neglect to include in their gear. It allows the hunter to identify parts of deer in heavy brush surroundings and distinguish bucks from does in dim light situations. Guynn says the 7 x 35 binoculars (7 power with 35mm objective lens) are the most common type used.

With so many knives on the market today, selecting the proper hunting knife can be confusing. Guynn says a five-inch blade is plenty large for dressing and skinning deer. Many hunters, in fact, use a small "pocket" knife for field dressing purposes. For skinning only, a curved blade is well suited. Top quality steel knives are usually more expensive than economy models but hold their sharp edge and are more durable.

Boots, too, are integral parts of the hunter's regalia. Guynn recommends comfortable boots that are well broken in. Vibram or crepe soles, he says, are good choices for providing good footing. Slick leather soles are fine for dancing to the "Cotton Eved Joe" or "Faded Love" after the hunt but are inappropriate and dan-

gerous while in the deer stand. Also, choose boots large enough to allow for heavy wool socks in cold weather, the specialist says.

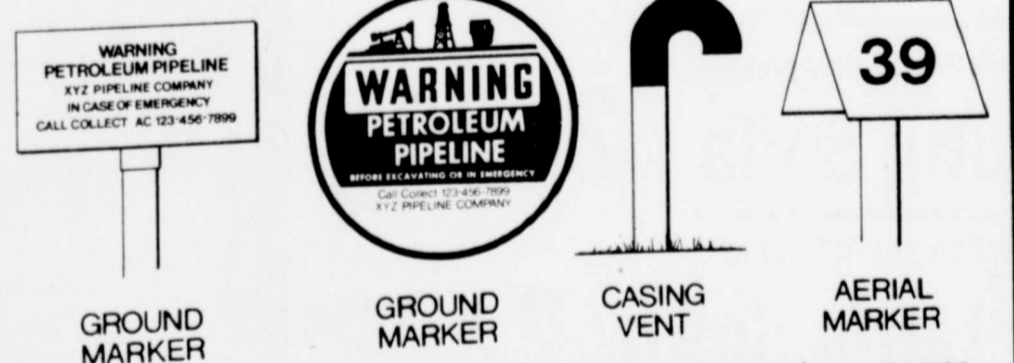

Clothes may well "make the man" (or woman) in the business world but not on a deer hunt. Guynn prefers the "layered approach" with sweater, vest and light jacket which can be easily removed or added as temperatures change during the day. Bright colors that can be easily detected by deer are to be avoided. Even though deer are color blind, they easily spot differences in color intensity such as white or bright yellow. Instead, wear muted colors such as greens, browns, camouflage, dull reds or red and black check which blend with brush cover. Guynn says blaze orange may be worn as a safety precaution where heavy hunting pressure exists.

Soft-textured clothing permits quiet movement for stalking prey. Brush scraping against stiff canvas pant legs can alarm deer as can the "swish-swish" sound of pant legs rubbing together as the hunter walks.

Pipelines... make good neighbors

America has over 220,000 miles of petroleum pipelines carrying crude oil and products to refineries and storage terminals across the United States. Each day, more than 1.5 billion tons of crude oil and products move through this network. These pipelines have a safety record second to none in the transportation industry... and we want you to help us keep it that way.

- liquids on or a mist above the ground in the area of a pipeline.
- Flames originating from an opening in the ground. If you become aware of a pipeline leak...
- LEAVE THE LEAK AREA IMMEDIATELY.
- Avoid driving into vapor clouds.
- Avoid direct contact with the escaping liquids.

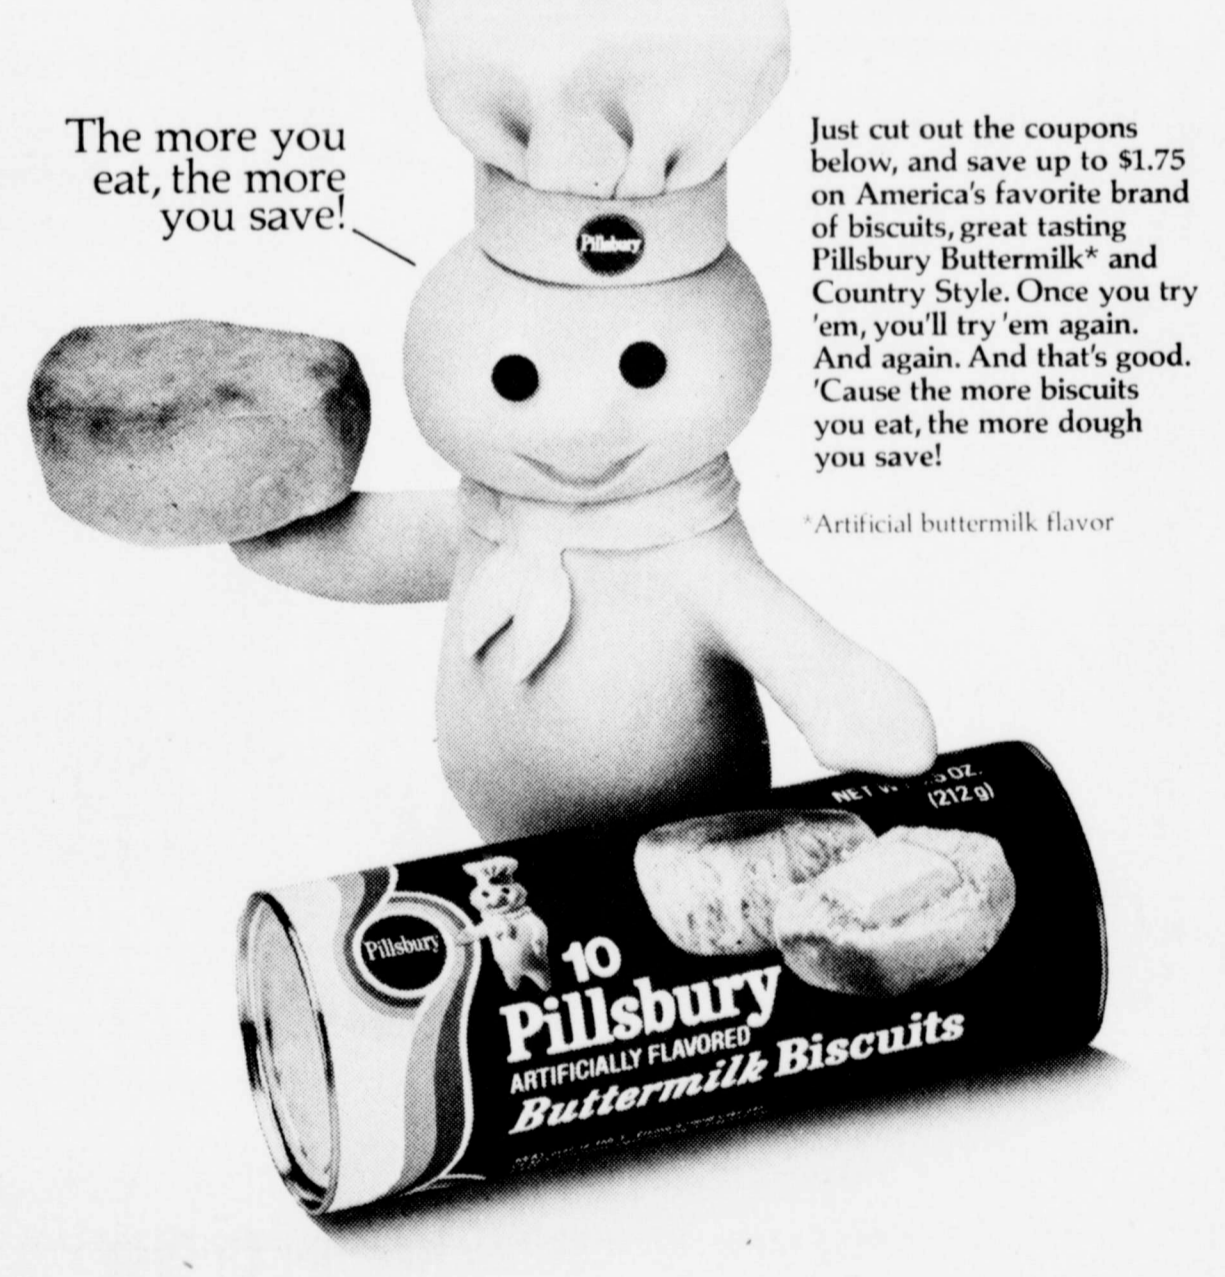

When you see signs like those shown above, they tell you that there's a pipeline nearby. If it's underground, you can't see it, of course. But it's there, working quietly to provide energy for you and other consumers throughout this nation. Some of these signs list the commodity transported in the pipeline, the name of the operator, and a telephone number where the operator's representative can be reached at all times. Although pipelines have an exceptionally good safety record, once in a while a leak can occur. Indications of a leak might include:

- A strange or unusual odor in the vicinity of a pipeline.
- A hissing or roaring sound (caused by petroleum or product escaping from a pipeline).
- A dense white cloud or fog.
- A spot of dead or discolored vegetation.
- An accumulation of petroleum

- Avoid creating sparks or sources of heat which could cause the liquids or vapor to ignite and burn. If you find yourself in a suspected vapor area, do not light a match, start an engine or even switch on an electric light.
- Notify the pipeline operator as soon as you reach a safe area. Call collect. Give your name, a description of the leak and its location. If you do not know who the pipeline operator is, call your local fire, police or sheriff's department, or the state police. Advise them of the nature and location of the emergency.
- If you see someone digging near a pipeline or doing other construction work... or if you plan to do such work near a pipeline yourself... please call the telephone number shown on the sign and let the pipeline company know so damage can be avoided. It's in your interest... and the nation's.

America's Petroleum Pipelines
Pipelines are the safest way to move petroleum and products and you can help keep it that way!

Save up to \$1.75 on America's Tried 'n True Biscuits.

The more you eat, the more you save!

Just cut out the coupons below, and save up to \$1.75 on America's favorite brand of biscuits, great tasting Pillsbury Buttermilk* and Country Style. Once you try 'em, you'll try 'em again. And again. And that's good. 'Cause the more biscuits you eat, the more dough you save!

Heart ailment could be connected with some disabled VA veterans

According to D.G. Ayres, Service Officer for Floyd County, some veterans who lost one or both feet, or one or both legs, during service in the Armed Forces of the United States, and later are found to be suffering from a heart condition, may be entitled to service-connection for the heart ailment.

Public Law 94-433, enacted by the U.S. Congress September 30, 1976, instructed the Veterans Administration to conduct an in-depth study to determine whether veterans with leg amputations were more likely to develop cardiovascular problems than veterans without such amputations. The results of this study, conducted over an extended period of time by the Medical Follow-up Agency of the National Academy of Sciences, was completed and sent to the Administrator of Veterans Affairs in 1979. This detailed report indicated that veterans who suffered an amputation of both legs or of one leg at or above the knee have significantly higher risk of suffering or dying from diseases of the cardiovascular system. As a result of this report, the VA Regulations were changed in August 1979 to indicate that service-connection could be granted for ischemic heart disease or other cardiovascular disease developing in a veteran who has a service-connected amputation of one leg at or above the knee or both legs at or above the

ankles. Any veteran whose leg or legs were lost due to a service-connected disability, and who later is shown to be suffering from, or who died from, a cardiovascular ailment, may be entitled to service-connection for the

disability or the resulting death. The veteran, if living, should contact his local Service Officer for assistance when needed. For deceased veterans, contact may be made by his widow or other next of kin, for the purpose of seeking VA benefits.

Arts-In-Action to be held November 22-23

Amarillo Chamber of Commerce Arts In Action officials urge area artists to get their entries in for the 9th Annual Arts-In-Action to be held in November. Inquiries have come from nine states at this point and the Arts-In-Action Committee, headed by Steve Messenger, is in the process of jurying artists and craftsmen for the show. "In a juried show artists and craftsmen submit their work for pre-screening. Only those whose work exhibits high quality in craftsmanship and creativity are elected for Arts-In-Action. We expect the final number of artists to be near 150 for the 9th annual show," Messenger said. "Space is fast filling up and we urge prospective entrants to send their appli-

cations in to the Amarillo Chamber of Commerce at 1000 S. Polk, in Amarillo as soon as possible." Donald L. Renner, Civic Affairs Manager for the Chamber of Commerce said. To enter the jurying process, entrants must complete an entry form available at the Chamber of Commerce offices, and send it along with photographs in color and black and white to the Arts-In-Action Committee for consideration. Arts-In-Action is a project of the Amarillo Chamber of Commerce Fine Arts Council headed by Bill Broilier. It will run November 22-23 in the Amarillo Civic Center exhibit hall. On Saturday it will run from noon to nine p.m. and on Sunday it will run from noon to six p.m. Public admission is free.

A body will float in quicksand much as it does in water unless the person makes a frantic struggle to release his feet.

TOP SALESMAN among Boy Scouts who sold tickets for the recent Floydada Lions Club Pancake Supper were Manuel Barrientos, first, and Bradley Saens, second. Lion Boss David T. Seay presented Barrientos with a Scout axe and Saens with a Scout knife for their efforts.

Facts of Interest

The other day we read some strange but interesting facts, or better said comparisons between Lincoln and Kennedy. Of course some readers might be aware of the facts but we are sure the majority, possibly never taking the time as in our case to investigate, do not know of them.

Both President Lincoln and Kennedy were concerned with the issue of Civil Rights. Lincoln was elected in 1860; Kennedy was elected in 1960. Both were slain on Friday and in the presence of their wives. Their successors, both named Johnson, were Southerners, Democrats, and had previously served in the U.S.

Senate. Andrew Johnson was born 1808; Lyndon Johnson was born 1908. John Wilkes Booth was born 1839; Lee Oswald was born 1939. Both Booth and Oswald were Southerners favoring unpopular ideas.

Both President Lincoln and Kennedy lost children thro-

ugh death while residing in the White House.

Lincoln's secretary was named Kennedy and advised him not to go to the theater. President Kennedy's secretary, whose name was Lincoln, advised him not to go to Dallas.

Written in the Tyler, Texas paper November 25, 1963 three days after President Kennedy was assassinated.

Hearing Loss Is Not A Sign Of Old Age

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. Aid of its kind will be given absolutely free to anyone requesting it.

True, all hearing problems are not alike and some cannot be helped by a hearing aid. But audiologists report that many can. Send for this free model now, and wear it in the privacy of your own home. It is not a hearing aid, but it will show you how hearing help can be. It's yours to keep. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 72089, Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

If Brooklyn were not one of the five boroughs of New York City it would be the third largest city in the United States.

It's True.

"After installing the heat pump in my own home and monitoring it very closely for two or three years, we were so impressed with the heat pump that we're using them in quite a few new homes that we are building. The heat pump is easy to adapt to different types of buildings and homes. We've run detailed comparisons of other heating and cooling systems and are very satisfied with the efficiency of the heat pump. I feel like the heat pump is the product of the future and the advantage of it is that it is available now."

Harold C. Keay

The things said about the heat pump are true. Find out more about the heat pump. It can save for you.
