I just got back from the Floydada town meeting on the Mackenzie Bond Election issue. It's cold outside, the streets and sidewalks are icy. There's basketball practice, play practice, and most likely several other activities.

There were 24 people at the meeting. Lockney's town meeting last Thursday night brought out 25 people.

There have been numerous meetings on this issue in an effort to give all the facts at hand to the eligible voters. So a lot of people have heard the issues involved and have asked questions.

But an awfully lot of people haven't. If this were a burning issue with loud and vigorous opponents the two town meetings might have been filled.

But everyone knows we need water. There has been no opposition to that. The question just seems to be "can we afford it?" And "do we need it now?"

Fellow citizens, the answer to those two questions should have packed the courthouse in Floydada tonight and the American Legion Hall in Lockney last Thursday.

We're talking about dollars, money out of your pockets. Whether you vote "for" the bond issue; whether you vote "against" the bond issue; or whether you don't vote at all...it is going to cost you to have water.

All indications at this time point to the fact that if the bond issue is passed, it will cost you less now than it will later.

I have gone back through the Hesperian files to see how the 1967 Bond Election went when the four towns were faced with the total project. At that time the dam had not been built. The lake had not proven itself as a water reservoir.

I thought it might be interesting to share with you the dilemma that faced the four cities 13 years ago.

April 27, 1967 edition of the Hesperian: "When the estimated cost of almost eight million dollars came through a week or two ago as an estimated cost on the Mackenzie Dam, the city councilmen of Tulia, Floydada, Silvertown and Lockney sorta lost their breath!

Now, as they take a second look, they're beginning to look around and make sure there are no other possibilities for future water for the city before proposing the bond vote to the residents of the city.

Tulia city council went home and immediately ordered a well driller to start digging two 1,000 foot wells to determine the strength of another strata of water.

The Floydada city council is making several areas of study into underground formations of water west of town."

The Floydada council realizes that it would have to put an expensive vote to the people. Water rates would almost be doubled and a property tax of 65 cents per thousand dollar evaluation for a period of 40 years would also be necessary to pay for Floydada's share of the almost eight million dollar project."

August 24, 1967 edition of the Hesperian: "Directors of the Mackenzie Water Authority Monday night approved a ballot which will be used in deciding the fate of a \$7.9 million lake, pipelines, pumping stations and treatment plants for the four member cities. The ballot offers only one issue for or against the whole project.

All cities voted for the "All or nothing ballot" except Tulia. The delegation from Tulia said that they were casting the descending vote because they felt their citizens would not approve the issue. They said that recently discovered deep water wells near Tulia will likely result in Tulia voters turning down the authority's bond issue.

Since the authority was created Tulia has found good deep water resources. Floydada people are looking at a \$400,000 bond vote to buy land five miles west of town that has water resources for the next 25 years according to the city engineer."

September 21, 1967 edition of the Hesperian: The board of directors of the Mackenzie Municipal Water Authority in a meeting here Monday night, set the election day on \$7,975,000 water bonds October 14.

Representatives of Silvertown and Lockney have indicated that their residents want the election to pass. The Tulia Chamber of Commerce has officially gone on record that they are not in favor of the complete job but that they are in favor of building the dam at this time, which is a cost of two and a half million dollars.

Floydada city council and chamber of commerce has not indicated how they stand on the election."

October 5, 1967 edition of the Hesperian: There was an in-depth article of the cost of the project that ended, "The Hesperian is not presenting these facts (high water costs and tax rate) in an effort to oppose the Mackenzie project. It could be that all our underground water might play out within a year, that some other communities might secure the water rights to the Tulia Creek watershed, that we would be left stranded here with the Canadian pipeline on the west and the Mackenzie reservoir on the north...but without a drop for Floydada.

"No one can be sure where wisdom lies."

October 19, 1967 edition of the Hesperian: "Mackenzie Municipal Water Authority, a plan to provide water for Floydada and three area cities, suffered a setback at the voting polls Saturday as two major cities in the Authority turned "thumbs down" on a \$7.9 million bond issue which would have established a complete municipal water supply from Tule Creek for the four cities of Floydada, Tulia, Silvertown and Lockney.

The issue was defeated in Floydada by a vote of 57 for and 88 against and in Tulia with 39 votes for and 456 votes against.

Both Silvertown and Lockney residents heavily favored the proposition and turned to the polls in strength. At Lockney 147 residents voted in favor with only 44 vetoing the issue. At Silvertown, 203 residents voted for the proposal and 13 against. Silvertown is almost out of water and Lockney may have to drill more wells in the near future."

November 20, 1980 And that's how it was in 1967. Now in 1980 we are faced with the same decision. Only now the total cost will probably be around \$18 million.

The wells that Tulia was relying on so heavily are, I understand now running half force and could turn to salt any time. Silvertown's in a desperate situation, and Lockney is needing water now.

Floydada is looking at from 10 to 15 years of water if nothing unforeseen happens to the water table. In '67 there was a 25 year projection.

Only 145 voters turned out in Floydada. Only 291 voters turned out in Lockney.

It is estimated that there are 2208 eligible voters this year. The absentee ballots closed on November 18th. 12 people voted absentee in Floydada and 2 voted absentee in Lockney.

It is foolish to berate ourselves for what has happened in the past. We would be very wise today if we could look into the future 13 years from now.

The value of history, however, is the lesson it teaches us.

4-H members to be honored

Two outstanding 4-H Club members from Floyd County will be honored at the South Plains District 4-H Gold Star Banquet at 6:30 p.m. Monday, November 24 in Lubbock.

Among the top 4-H'ers in the district being honored will be Karyn and Melanie Foster, daughters of Mr. and Mrs. Eddie Joe Foster of Lockney.

State Senator E.L. Short will address the banquet in the cafeteria of Coronado High School, 34th Street and Vicksburg Avenue. Master of ceremonies will be television personality Bob Nash of KAMC-TV.

The awards presentation will be narrated by Dr. John Pelham of College Station, state 4-H leader with the Texas Agricultural Extension Service. Making the presentations will be Dr. Catherine Crawford and Billy C. Gunter, district Extension directors.

Some 450 persons, including parents, distinguished guests and special friends of 4-H will attend the banquet to salute the county winners, Ken Langley, county Extension agent said.

To qualify for the Gold Star Award, highest 4-H honor at the county level, a 4-H'er must be at least 13 years old, have completed three years of club work and be active in 4-H. The award is intended to stimulate winners to higher achievement and to encourage other young people to participate in the county 4-H program, Langley said.

Migrant program meeting to be held

A meeting of the District Parent Advisory Committee (District PAC) for Title I/Migrant Programs will be held on Tuesday, November 25, 1980, at 7:30 p.m. in the A.B. Duncan Cafeteria. New officers will be installed. Parents of children who are enrolled in the Title I Reading, Title I Math, and Title I Migrant classes in A.B. Duncan School, Andrews Ward School, and Junior High School are encouraged to be present for this meeting.

Stock show entry meeting set

All Floyd County 4-H members interested in showing lambs, steers or barrows at many of the regional or state-wide shows are encouraged to attend the Stock Show Entry Meeting next Tuesday, November 25, at 7:30 p.m. in the County Extension Office meeting room.

All entries will be made and entry fees collected at this meeting. Any 4-H member that cannot attend the meeting should contact Jett Major or Ken Langley at the County Extension Office and arrange to have their animals entered before the entry deadline, which is usually the first week in December for most shows.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, religion or national origin.

Seniors to have bake sale

The Senior Class of Floydada High School will be having a Bake Sale Saturday, November 22, at Kuykendall Market, Buddy's Food and Pharmacy beginning at 9:30 and going throughout the day. Cakes, cookies, pies and other goodies will be sold. This is just in time for the holidays. Fill your holiday needs and shop at the Senior Class Bake Sale.

Don't Blame Your Age For Poor Hearing
 Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone requesting it.
 True, all hearing problems are not alike... and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real hearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.
 These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 72090 Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

Western Jeans get 'shot in seat'

Western jean's latest "shot in the seat" is the one stamped "celebrity."
 Spurred by the popularity of recent western movies, TV shows and music, many manufacturers have recruited an array of celebrities to endorse their product. Becky Saunders, a clothing specialist, says in talking about one of today's newest fashion looks.
 Celebrity endorsements may also extend to other western wear, such as sweat shirts, jackets, vests, shirts and hats. However, jeans are the most popular item.
 As one current fad, celebrity western jeans will offer variety to sportswear -- with a fun choice of backing your favorite star.

Mrs. Saunders is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.
 She points to examples of popular celebrities including Willie Nelson, Mickey Gilley, Loretta Lynn, Conway Twitty, Burt Reynolds, "J.R. Ewing," Larry Gatlin, Charlie Daniels, Hank Williams and Larry Mahan as part of today's jean-fashion trend.
 And there are some specialty labels even banking on past images, such as John Wayne and Buddy Holly.

The celebrity endorsement most often appears as a name or picture on the label, along with recognizable decorative word(s) or design(s) on the back pocket.
 As with designer jeans, prices often are higher for celebrity versions than the plain traditional jeans.

Floydada Nursing Home Happenings

We all want to thank Mr. Tom Porter for the beautiful bouquet of rust mums, everyone has enjoyed them being in the lobby.

The entire nursing home staff and residents would like to express our appreciation to the family of Elmer Norrell for the beautiful flower arrangement. Mr. Norrell will always have a special place in our hearts because of the many donations he gave to our projects in the nursing home.

The residents enjoyed the visiting and piano playing by the homemaking children this week. Mr. Reed also enjoyed playing dominoes with Steve Stringer, William Lerma and Kyle Stewart.

We had a bus load for our trip to Plainview Wednesday. The weather was real nice and warm. Those enjoying the trip were Emmit Lawrence, Verna McSwain,

and her daughter, Jean Kendrick, W.C. Cates, Victoria Asher, Docia Manning and Juanita Bailey.

Thursday was birthday party time, hosted by the City Park Church of Christ ladies, white cake with pink cool whip as icing and fruit punch was served to all residents and employees. We had three honorees, Mr. Henry Love, 91, Ray Reed, 94, and Icy Biggs, 87, everyone had a real nice time. Mr. Ray Reed was honored with a birthday party in Plainview, most all family members were present and everyone had a real nice visit and lunch.

We enjoyed two beautiful movies Friday, "White Mane" and "Faces West." Ice cream cones were served to all residents.
 Mrs. Ella Finley is still in Caprock Hospital, however she is recovering nicely from a broken hip.

We appreciate all our visitors and welcome them back anytime.
 Visitors were Flo Ella Jarboe, Deeqta Odam, Merlene Breeding, Beady Owens, Luther and Lorene Lancaster, Velma Stevens, Evelyn Crull, Lola and Earl Edwards, Lois Jones,
 John and Kate Fowler, Dana and Kim Ellis, Melvin Martin, Ginger and Jarrod, Sherry Colston, Audie and Ruth Noland, Kyle Stewart, William Lerma,

Shower given for Miss Bradford

On November 15, in the home of Mrs. Hollis Payne, many friends attended a bridal shower honoring Miss Connie Bradford, Floydada, bride-elect of David Lee, Aiken.

Miss Bradford is the daughter of Mr. and Mrs. Charles H. Bradford of Floydada.

Greeting guests in the receiving line were Miss Bradford, her mother, Mrs. Charles H. Bradford and Mrs. Johnnie Lee, mother of the groom-to-be, Aiken. They wore corsages made of fresh daisies in fall colors.

Special guests were Miss Lisa Payne, maid of honor, Lubbock; Mrs. Ethel Shaddox, grandmother of the bride-to-be from Richardson, Mrs. Jackie Noel, Plainview and Mrs. Bob Gibson, Lockney.

and cheese snappies.

Hostesses were Mmes. Roy Baxter, W.H. Bunch, Bob Copeland, Bill Hardin, Randy Hollums, Travis Jones, O.G. Mayfield, Hollis Payne, Parnell Powell, W.H. Jr. Simpson, W.H. McClung, Ricky Swearingen, Jerry Thompson, Ray Tiney, J.R. Turner, Wade Warren, H.C. Gilly, Ted Bell, Ralph Cogdell, presented Miss Bradford with a mixer and a silk flower arrangement.
 Connie and David plan a November 29 wedding at the First Baptist Church in Floydada.

Mickie Meeks honored with bridal shower

Jamie Lewallen's home was the setting of a bridal shower honoring Mickie Meeks bride elect of J. Don Jones on November 13 from 7:30 to 8:30, in Floydada.

Mickie's honored guests were her mother, Mrs. Margaret Lauzey; grandmother, Mrs. Lucy Bingham; J. Don's mother, Mrs. Jones; grandmother, Mrs. Lillian Devathese; sister, Mrs. Joe Mack Breed, and nieces, Branda and Jodie Breed.

The table was laid with a yellow cloth trimmed in yellow lace. The centerpiece was a wooden cake plate on a pedestal with an earthenware flower arrangement in the center and on each side were matching wooden candlesticks with yellow candles. This was given to her by the hostesses, along with a kitchen center.

Lori Gonzales honored on birthday

Lori Gonzales honored on her birthday with a birthday skating party Saturday afternoon, Nov. 15, in Plainview, in presence of her eighth birthday.

The theme of "The Wizard of Oz" was used in the decorations and the "Yellow Brick Road" birthday cake was made by her grandmother, Mrs. Minnie Mariscal.

After a skating period, birthday cake and orange punch were served to Michael Isom, Tandy Gant, Robin Marks, Kelly and Kyle Bush, Amy and Pauline Gonzales and her aunt, Dora Gonzales.

Cub Scout leaders to attend annual Pow Wow

Cub Scout Leaders across the south plains will gather in Lubbock on Saturday, November 22, for their annual Pow Wow. The indian training event is really a leadership course in Cub Scout training and will be held at St. John's United Methodist Church, 15th and University, in Lubbock. The learners will begin registration at 8:30 a.m. The program will conclude with a graduation at 3:00 p.m.

A Pow Wow is designed to give Cub Scout Leaders some indepth mini session on games, songs, crafts, and ceremonies that they might use during their meetings. A special midway exhibit will demonstrate a pinewood derby, space rocket derby, and a rain gutter regatta. The noon meal will exhibit a way to conduct the Cub Scouts family birthday supper that is normally held in February. This event is called a Blue and Gold Banquet.

The Pow Wow will include a separate session for Webelos Den Leaders and another group for Cub Masters, and the Pack Committee. Reservations may be made by contacting the Scout Service Center, 747-2631.

Channel Five Highlights

by Melissa Creamer

Channel 5, public television, has a strictly educational program. However that is the case. Each week, I J. Don's and Mickie's will come across an evening program on a subject that will interest you. We'll appreciate the support you give from the people in your County, and enjoy watching from you.

The renowned space exploration series "Cosmos" returns on Sunday nights 8:00. You may remember "Cosmos" host Dr. Carl Sagan on the cover of Time magazine weeks ago. Dr. Sagan is an expert on astronomy and he takes viewers through deep space toward the edge of the known universe aboard a "spaceship of the imagination." The special effects used in the program depict the grandeur, complexity, and order of the universe, from the smallest particle to the far-flung galaxies. It is a fascinating series—watch it on Sunday evening at 8:00 p.m. Channel 5, of course.

The preschool favorite Sesame Street begins its new season Monday the 24th. Channel 5 airs Sesame Street weekdays at 8:00 a.m. and 11:00 p.m. A survey was taken recently by several independent firms hired by PBS and showed 88 percent of the nation's two to five year olds are within the show's viewing area are regularly watching the series. Several new characters will be added to the program; however the new Muppet had to go through a strict audition process being allowed on the show. The judges? The three four year olds who watch Sesame Street. Treat yourself, sit down and watch the program with your child—find out why they watch it.

The story of Mark Twain's "The Mississippi" begins on Monday night at 7:00 p.m. Grand Performances films the program aboard a genuine Mississippi Steamboat. This

contains some of Mark Twain's finest writing. Its a special Thanksgiving week presentation.

Channel 5 will air one of our local productions Wednesday night, the 26th. Following a national story on adoption at 8:00, Channel 5 producer Claudia Wehrmann takes a look at adoption on the local level. Wehrmann contacts local authorities who give information and insight into the realities of adoption and what this area has to offer in the way of adoption services. Agencies included in the show are Buckner Baptist Benevolences, Catholic Family Services, Lubbock Children's Home, and others. It comes on at 9:00 p.m.

As each of you in Floyd County celebrate Thanksgiving in your special way, public television will present "America at Thanksgiving 1980." This is a special presentation which takes us to six different holiday gatherings across America to show how people celebrate this most traditional American holiday. Catch it on Thanksgiving Day at 1:00 p.m.

Another local series begins this week on Thursday at 9:00 p.m. Espejo presents a weekly showcase of the Mexican American community. Espejo takes a look at many citizens of the South Plains who are making their mark in art, literature, politics, history and other areas. Also, topics of interest to the Mexican-American community will be discussed.

Our good ole' Saturday night viewing continues with Vikings and Matinee at the Bijou. Vikings, at 8:00, tells the story of the ingenious battles fought to have the English throne occupied by a Viking.

Matinee at the Bijou continues this week with Submarine Alert (a real oldie), and Uncle Sal Solves It. It's one at 9:00 p.m.

Have a good week.

MARCIA FORTENBERRY, KEITH PHILLIPS

Fortenberry-Phillips announce January wedding plans

Mr. and Mrs. Eddie Fortenberry of Lockney announce the engagement and approaching marriage of their daughter, Marcia Ann, to Gary Keith Phillips, son of Mr. and Mrs. D.J. Phillips, also of Lockney.

The couple plan a January

17 wedding in the home of her uncle and aunt, Mr. and Mrs. Bill Sherman of the Lone Star Community, north of Lockney.

Marcia is a graduate of Lockney High School and West Texas State University with a degree in Animal

Science. She is presently employed at Lockney General Hospital.

Keith is a graduate of Lockney High School and attended West Texas State University. He is presently engaged in farming in the Lone Star Community.

Thanksgiving theme for service

A special Thanksgiving service will be held at First Baptist Church in Floydada Sunday at 11 a.m., according to Dr. Floyd C. Bradley, pastor.

The morning sermon, music and special testimonies will all center around the Thanksgiving theme. Congregational singing, the offertory and special music by the adult choir will be featured. Dr. Charles Overstreet will present the offertory music, and then the choir will sing "Turn Your Eyes

Upon Jesus."

Several members of the congregation will share their personal testimonies of what Thanksgiving means to them, and things for which they are particularly thankful. Dr. Bradley will conclude the service with a message of Thanksgiving.

The public is invited. Those who are unable to be present may view the service on cable channel 2.

New energy source found in desert plants

COLLEGE STATION — Research for alternate energy sources has led Texas A&M University and Texas Agricultural Experiment Station researchers to the desert.

Sturdy shrubs like guayule, yucca and euphorbia contain a rubber-like latex which scientists hope to convert into such commodities as rubber, lubricants and ethanol.

Such plants, which require little water and are among nature's most efficient solar collectors, are a key to any renewable resource money, say Texas scientists.

'Winds finish in third place tie

The Whirlwinds traveled to Tulia last Friday night to battle the Hornets for the runner-up position to Childress in District 3-AAA. When the game was over on a bitter, cold night, the Hornets owned 2nd place outright by defeating the Winds 22-6 and the Whirlwinds were relegated to a 3rd place tie with Idalou ending up 2-2-1 in District.

The game started with Tulia electing to receive and the Whirlwinds chose the wind. Most of the first quarter was a defensive battle

with Tulia getting on the scoreboard just on a 12 yard pass from quarterback Thompson to Flanker Smitherman. This score came after Tulia recovered a fumbled punt attempt by Floydada on their own 40 yard line. Tulia missed their extra point attempt and had 6-0 with 15 seconds to go in the first quarter. It took only 11 seconds for Floydada to tie the game as Mike Salazar took the kick-off and dashed 75 yard aided by two key blocks by Kelby Sue and Robert Nixon. Donnell

Weeks missed the extra point and the score was 6-6 after one quarter.

In the second quarter Tulia got another break when a Floydada punt lost five yards putting them in good scoring position. This threat was stopped briefly when Todd Beedy intercepted his eighth pass of the year on the eleven. But the Winds couldn't move and this time the Hornets moved from the

38 yard line to score with 1:20 left in the half. Extra point attempt for two was no

good so at half the score was 12-6 (Tulia.)

To start the second half Tulia received good field position when the Winds couldn't move after taking the opening kick-off. The Hornets moved in but were halted and had to settle for a 25 yard field goal. Score Tulia 15, Floydada 6. Bruce Williams took the kick-off and rambled 58 yards before being caught from behind on the Tulia 20. This threat ended when Floydada fumbled the ball and Tulia recovered and moved down the field and scored on a 12 yard run by Powell, extra point was good and at the end of the third quarter the score read 22-6.

Floydada made one more serious threat on a good run by Mark Nutt, one by Mike Self, and a pass reception by Carlos Rainwater but the threat ended on a 15 yard clipping penalty. The fourth quarter was scoreless and the final score read 22-6 Tulia.

Playing outstanding games on defense for Floydada were Robert Nixon and Benton Easter at tackles.

Twelve seniors closed out their career in this game but a good nucleus of 14 lettermen will be returning for 1981.

Harriers third In state meet

The boys cross country team placed 3rd at the state meet held in Georgetown this past weekend.

Team totals are as follows: Hondo, 1st, 27 points; Mathis, 2nd, 52 points; Floydada, 3rd, 77 points; Boys Ranch, 4th, 142 points; and Lockney, 9th, 218 points.

Individual places were: Troy Moore, 7th; William Lerma, 11th; Moises Reyes, 17th; Ralph Espinoza, 19th; Danny Chavez, 22nd; and Tino Gomez, 34th.

There were 91 participants and 12 teams.

South Plains News

by Mrs. Murray Julial.

Due to the deep snow and blowing winds, schools in South Plains, Floydada and Lockney are closed this Monday, after a weekend of blizzard-like weather, with drifts across rural roads and the main highways.

Because of the blowing winds, and drifting snow, South Plains came to a virtual stand-still Sunday and Sunday night. Sunday School and church services at the South Plains Baptist Church were very low in attendance as heavy snows blanketed the area. People got up Sunday morning to the blizzard-like winds and cold temperatures. High drifts make for little traveling. There is a six foot drift in my back yard, and blowing snow even as late as Monday morning kept piling up huge drifts. This is the first snow of this fall.

Plans were made for the Young Women's Ensemble of Plainview to appear at the South Plains Baptist Church Sunday evening, with Rev. H.S. Calahan Jr. and his wife, June Calahan, showing slides of their Missionary work in Liberia. Due to the snow and blizzard-like conditions, the evening plan had to be cancelled. Rev. Calahan and June are planning to visit relatives around the area the coming week.

Mrs. Letha Mulder went to Amarillo last week and got her granddaughters, Ronda and Candy Taylor, and brought them home with her to spend the weekend, and on Sunday evening she took them back home. She spent last week in Amarillo with the Jerry Taylor family, and returned home on Friday.

Halloween was celebrated at the South Plains School with a Halloween Carnival, which is an annual affair, sponsored by the South Plains PTA. A costume contest was held at the beginning of the carnival, and awards for the best costumes were given the following: Pre-School costume, Amanda Henderson; 1st and 2nd grades, Keith Teeple; 3rd and 4th grade prize went to Bryan Henderson; 5th and 6th grade best costume prize went to Van McNeecce, and the Adult prize for best costume went to Mrs. Neta Marble. Halloween booths were held all around the school rooms, and after the costume judging, Frito pies, cakes and pies were sold at the lunch room. A nice sum was made for PTA projects. The party was held Thursday night, October 30.

South Plains PTA is selling South Plains Tee shirts this fall, and the shirts are selling for \$5.00 each. If you are interested, please call the South Plains School or principal, Mrs. Charlene Starke.

Mrs. Corda Taylor, of Muleshoe, mother of Mrs. Cecil Osborne, is in the University Hospital in Lubbock, where they are taking tests.

Mr. and Mrs. R.V. Bartlett of Fort Worth have been here visiting relatives, the Richard Sanders, the Otho Sanders and the Curtis Sanders family, recently. They had Saturday night supper with Mr. and Mrs. Richard Sanders and boys and others there for the weekend were Mr. and Mrs. Bobby Craddock of Sundown.

We extend our sincere sympathy to Mrs. Kelvin Cummings (Jolene) whose younger brother was killed this past Friday, down near Corsicana. Mr. and Mrs. Cummings flew down there to the family home and attended services on Saturday for her brother. We understand the brother was injured fatally in a car wreck.

Zach Cummings Sr., is in Lockney Hospital and has been there several days with members of their family coming here to be with the family. We are sorry to hear of several instances of illnesses including that of Mrs.

Smith, mother of Mrs. June Calahan, who is in the Lockney Hospital, and Billy Bean of Winters brother of Mrs. Shelby Calahan, who is in the hospital in San Angelo. We hope to hear better news from them next week.

Mr. and Mrs. Frank McClure spent from Thursday to Saturday night up in Shamrock with their granddaughter and family, Rev. and Mrs. Jeff Messer and family.

The first Cub Scout program at South Plains for the newly started Cub Scouts was held at the South Plains gymnasium at 4:30 p.m. Monday, November 4, with Mrs. Darryl Dennis (Brenda) as leader for the group of little boys who are Brian Henderson, Bryan Teeple, Tim Julian, Cory Mulder, Cody Dennis, Tracy Johnson and Tracy Bailey. The little fellows are a group of little eager beavers as they meet for these programs.

Lindsey Cybert, little 3 year old great-granddaughter of Mr. and Mrs. Frank McClure has been in the Plainview Central Plains Hospital with a kidney infection. She is home now, but still is not out of trouble.

Mr. and Mrs. Raymond Upton, Mrs. Ruby Higginbotham and Mrs. Mamie Wood were presiding at the South Plains voting polls on Tuesday, November 4.

Members of the South Plains Baptist WMU plan to go to Silverton to the First Baptist Church on November 19 to attend the teaching of the mission book taught by Mrs. Cobb. Each one should take a covered dish to have at the supper served at 6:30 p.m.

Mr. and Mrs. Sylvan Kiniburgh left here Thursday for Oklahoma City, Oklahoma, where they visited until Saturday afternoon with their cousin, Mr. and Mrs. Horne.

Mrs. M.M. Julian left on Saturday of last week to go to Roscoe where she spent the week with her son and family. Mr. and Mrs. Terry Julian and Dickie, and on Sunday her granddaughter, Mrs. Bill Barnes of Commerce, joined them for the week. She attended Baptist Church services Sunday, November 9, at morning services where Rev. Randy Hughes is pastor, and Don Pesnell is music

leader and youth counselor. She also attended Royal Service meeting at the church Sunday evening. She came home Thursday.

Hobby Club of South Plains met Wednesday, November 12, in Lockney at the home of Mrs. Fred Fortenberry, with a program a talk on "Americanism" given by Mrs. Virginia Taylor of Lockney. Roll Call was "Something New I Have Made for Christmas." The Christmas party was planned, and time for the party was set for Thursday, December 11, at the home of Mrs. Fred Marble in South Plains with a supper for members and their wives. Mrs. Fortenberry served pimento cheese sandwiches, lemon cake and orange punch to Mmes. Grigsby Milton Jr., Kendall Cummings, Tillman Powell, Harold Hamm, Keith Marble, E.J. Kinslow, Fred Marble and hostess, Mrs. Fred

Fortenberry. The next meeting will be the Christmas party at the home of Mrs. Fred Marble in South Plains on December 11, Thursday, at 7:00 p.m.

WMU Baptist Women held their November meeting at the Baptist Church on November 4, with a study on Major City Evangelism in Hong Kong and Singapore, with Mrs. Joyce Osborne and Mrs. Doris Powell bringing the program.

Put a drop or two of a favorite scent in a medium-size bottle of baby oil for a hot-weather leg moisturizer, says Nancy Brown, a clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

FIRE CHIEF BOBBY WELBORN, right, received a check for \$600 from Lions Club President David T. Seay to be used for the purchase of the Jaws of Life rescue unit. Floydada Lions Club initiated the drive for the funds to purchase the unit and initially voted to donate one-half of the proceeds from the pancake supper. Instead the board voted last week to give 90% of the proceeds. As of Monday, the fund stands at \$2,230.

An Editorial

Most Important Vote

On Saturday, November 22, the citizens of Tulia will vote on what may well be the most important election in its history.

Approval of the Mackenzie Water Bond election means that Tulia, Floydada, Lockney and Silverton will have plenty of water for the future. If the issue fails, the four towns could very well dry up and revert back to 500 or less population towns.

We firmly believe that within the next 15 years, the towns that have water will continue to grow and prosper, while the towns that depended upon underground water for the future may no longer be around.

Here in Tulia we can look at hindsight and see that we have already missed two golden opportunities to assure water for the future. The Lake Meredith water is in a pipeline just west of Tulia and Tulia residents can't get a drink from it.

Then we can look back a few years ago when we had the opportunity to approve the entire Mackenzie project for eight million dollars... and we voted it down. Now, it looks like the project will cost nearly twenty million dollars.

Are we going to miss this last opportunity to secure water for the future?

MACKENZIE WATER IS A NECESSITY
...if we have any hopes at all of Tulia growing with new industry.
...if we hope to maintain any sort of a town in the future.
...if we feel any obligation to the people who succeed its present population.

All of us have enjoyed an abundance of water, cheap water rates. Now, are we going to selfishly say, "well, I won't be around much longer, so why should I care about water for my children and grandchildren?"

Some are concerned about the cost. Well, what price water, when you need a drink? Many pay as much per month for cable TV as the increased cost for Mackenzie water will be.

It is true that the timing is bad for this water bond election, but circumstances in getting the Farmers Home Administration loan at this time and Silverton's decision that must be made now, make it imperative that we make the decision now.

Once Congressmen Jack Hightower and Charles Stenholm see that the people in the four towns have voted they want Mackenzie water... their task in getting the million dollar grant and FHA loan will be much easier.

We hope our people can see the extreme necessity of this election Saturday... we really believe "IT'S NOW OR NEVER"... and we believe our people will approve the bond election.

It's True.

"I built a new home about two years ago and decided to use the heat pump because it is energy efficient. Number 1, I like the idea of electric heating and air conditioning because it's cleaner. The heat pump system is clean and I like to maintain a place that stays clean. My walls stay nice, my draperies stay nice and I don't have lint everywhere... and I've had other systems where I did have that problem. The heat pump is great because it is clean... we've been very satisfied with it."

Sydney Harrison Cooper

The things said about the heat pump are true. Find out more about the heat pump. It can save for you.

Lawrence completes his 100th owl plaque

EMMET LAWRENCE is pictured with the 100th owl wall hanging that he has made during the year. This owl has been framed and hangs in the sitting room at the Floydada Nursing Home where he is a resident. Next to the plaque is a certificate of recognition that was presented to Lawrence.

What started out as an arts and crafts activity for Emmet Lawrence has become a business enterprise for the Floydada Nursing Home. Lawrence has just completed his 100th owl wall hanging. He started making the owls a little over a year ago.

They have proven such a popular item that "We sell them faster than he can make them," Activity Director Dorothy Neff said. The materials are purchased from the activity fund. Dorothy or one of the other

personnel of the nursing home help with the cutting and then it's up to Emmet Lawrence.

The owls, ranging in colors to match any decor, sell well all year long.

Profits from the sales, after the cost of materials has been taken out to go to the activity fund.

The current project that will come out of the fund money is to buy new curtains for the lobby at the Nursing Home.

Lawrence celebrated his 91st birthday last month.

THIS MONTH'S BIRTHDAY CELEBRANTS at the Floydada Nursing Home are (l-r) Henry Love, Ray Reed and Icy Biggs. They were honored at a party Thursday afternoon.

Lockney Care Center happenings

is a little over a week before Thanksgiving. We all enjoyed decorating the home for Thanksgiving. Winners of Thanksgiving picture contest were: John [unclear], Grand Prize; Lewis

Roberts, first place; and Myrtle Burke, second place. Bill Holt was our overall winner in this week in bingo. Besides winning the most games, Mr. Holt also was the blackout winner.

We would all like to thank DeLinda Glasson for making ice cream and helping to make our ice cream party Monday afternoon so enjoyable.

We would also like to thank all the area churches for holding church services and the Rev. Jerry Klein for his bible study class every Thursday afternoon.

The residents and the staff had a tacky party and salad supper Friday night. Nell Ferguson was voted tackiest employee and Albert Poole was voted tackiest-resident. Judges were Mr. and Mrs. Marion Carpenter, DeLinda Glasson and Almada Phillips. Relatives and friends who came to our tacky party, salad supper were Mr. and Mrs. Marion Carpenter, Bessie Smith, Lena Brotherton, Geneva Stansell, Almada Phillips, DeLinda Glasson, Jerod Glasson, Vera Rogers, Debra Ferguson, Tommy Hutton, Karla Hutton, Tommy Hutton Jr., J.B. Mercer, and Annie Mae Mercer.

We would like to thank the GA from First Baptist Church in Lockney for bringing Thanksgiving decorations. Mrs. Claudine Conway of Dallas was here this week visiting with her mother Sally Carpenter.

This week's visitors were: Skeet Payne and Ruth West of Silverton, Marilyn Cates, Jamie Klein, Alma Baxter, Annie Smith, Mr. and Mrs. A.L. Vernon, Josephine Smith, Jerry Klein, Olive Myers, Ethel Knox, Bettie Counts, G.A. McCAda, Ann McCormick, Elva Perry, DeSeago, Roberta Seago, Mary Ann Kring, G.A. Girls, J.B.

and Annie Mae Mercer, Tommy Hutton, Karla Hutton, Tommy Hutton Jr., Geneva Stansell, Jerod Glasson, Mr. and Mrs. Marion Carpenter of Floydada, Bessie Smith, Vera Rogers, Debra Ferguson, DeLinda Glasson, Lena Brotherton, and Almada Phillips.

THE DIRECTOR OF NURSING at the Lockney Care Center, Shirley Stansell, turned out in a gingham dress and silver-haired wig for the center's tacky party last week. Nell Ferguson was voted the tackiest employee at the party which also featured a salad supper.

Floydada Nursing Home holds birthday party

What a month, November! It starts the happy season... Of days of "Thanks" and other things... Or fun for any reason!

We greet a lovely lady... Who counts from '93... Her friends all call her Icy, With Biggs the last, you see.

Mr. Love is with us... His years are 91... And when he's feeling "perky" He still likes having fun!

A very thoughtful person is one, our Mr. Reed... He loves to be a helper To those who are in need.

Lets serenade these people With the good old birthday song... And give them our best wishes To cheer them on along!

Thursday, November 13, was party time at the Rest Home with ladies of the City Park Church of Christ hosting the occasion.

Residents and guests were ushered into the dining room with the honorees being seated at the "honor" table. Their places were marked with special birthday cards. The table was laid with a white cloth and centered with a floral arrangement in fall colors. The poem was read and all joined in singing the "birthday" song.

Mr. Love had as his special guest his daughter and son-in-law, Mr. and Mrs. Lindsey Lackey, and Mrs. Mary Corley was a guest of her husband.

A delicious birthday cake iced in pink and a tasty pink fruit punch was served to the honorees, residents, guests and employees.

The Hesperian photographer came for the picture "taking" and the party ended on a happy note.

The next party will be Thursday, December 18, at 2:30 p.m. Please come and be with your loved ones or close friends who will be honored that day.

FARM & RANCH NEWS

Kiwanis seek Farm-city Understanding

This year's Farm-City Week focuses on farm and city people together as partners in progress as the key to the future.

Farm-City Week, November 21-27, is sponsored by the Farm-City Council and Kiwanis International.

"Farm and city people depend on each other for products and services that are essential to modern business and living," points out Dr. Carl Anderson, economist in marketing with the Texas Agricultural Extension Service, Texas A&M University System. "One group can't live without the other. Together they make the best food and fiber team in the world."

A basic ingredient for the economic, political and social success of a country is a highly productive agricultural base, believes Anderson. This gives a country the capacity to not only feed its own people but also to export for economic gain as well as for humanitarian purposes.

"One U.S. farm worker now produces enough food for some 45 people at home and another 25 overseas," says the economist. "At the turn of the century, one American farm worker could feed only seven people."

A dozen eggs, a sack of potatoes, a slab of bacon, a steak, a chilled fresh fryer, a carton of milk and hundreds of other items can be bought at almost any food store at almost any time and at a comparatively reasonable cost - reasonable, that is, compared with the cost of most other things.

"While the overall cost of living has advanced 13 percent from a year ago, food prices in the grocery store have increased less than 10 percent," Anderson explains. "Americans, on average, spend 17 percent of their income on food compared to 45 percent for people in Russia."

One out of every 25 Texans is a farmer or a rancher, yet 30 percent of the state's retail trade business is directly associated with agricultural production and selling of food and fiber products. Thousands of businesses are active in food and fiber production, transportation, processing, packaging, storing, advertising, distribution and other activities associated with feeding, clothing and, to some extent, housing people, notes the economist.

"In Texas, movement of food and fiber from field to factory to the family table furnished jobs and income for about a fourth of the working force," points out Anderson.

Preparations begin for Southwestern stock show

Almost 6,000 premium lists for the 1981 Southwestern Exposition and Fat Stock Show, scheduled January 28 through February 8, were mailed recently to potential exhibitors, reports W.R. Watt, Jr., president-manager.

Premiums for the 85th annual livestock show and rodeo exceed \$350,000," Watt said. "Exhibitors are urged to read the premium list carefully before mailing entries. Some rules have changed and exhibition times rescheduled from previous years."

Watt added that exhibitors who do not receive the book may request one at the Stock Show office, P.O. Box 150, Fort Worth, Texas 76101, or pick up one at the office, 3400 Crestline Road.

Exhibitors of cattle, sheep, swine, horses, donkeys and mules have until December 10 to enter. Deadline for poultry, rabbits and pigeons is January 15.

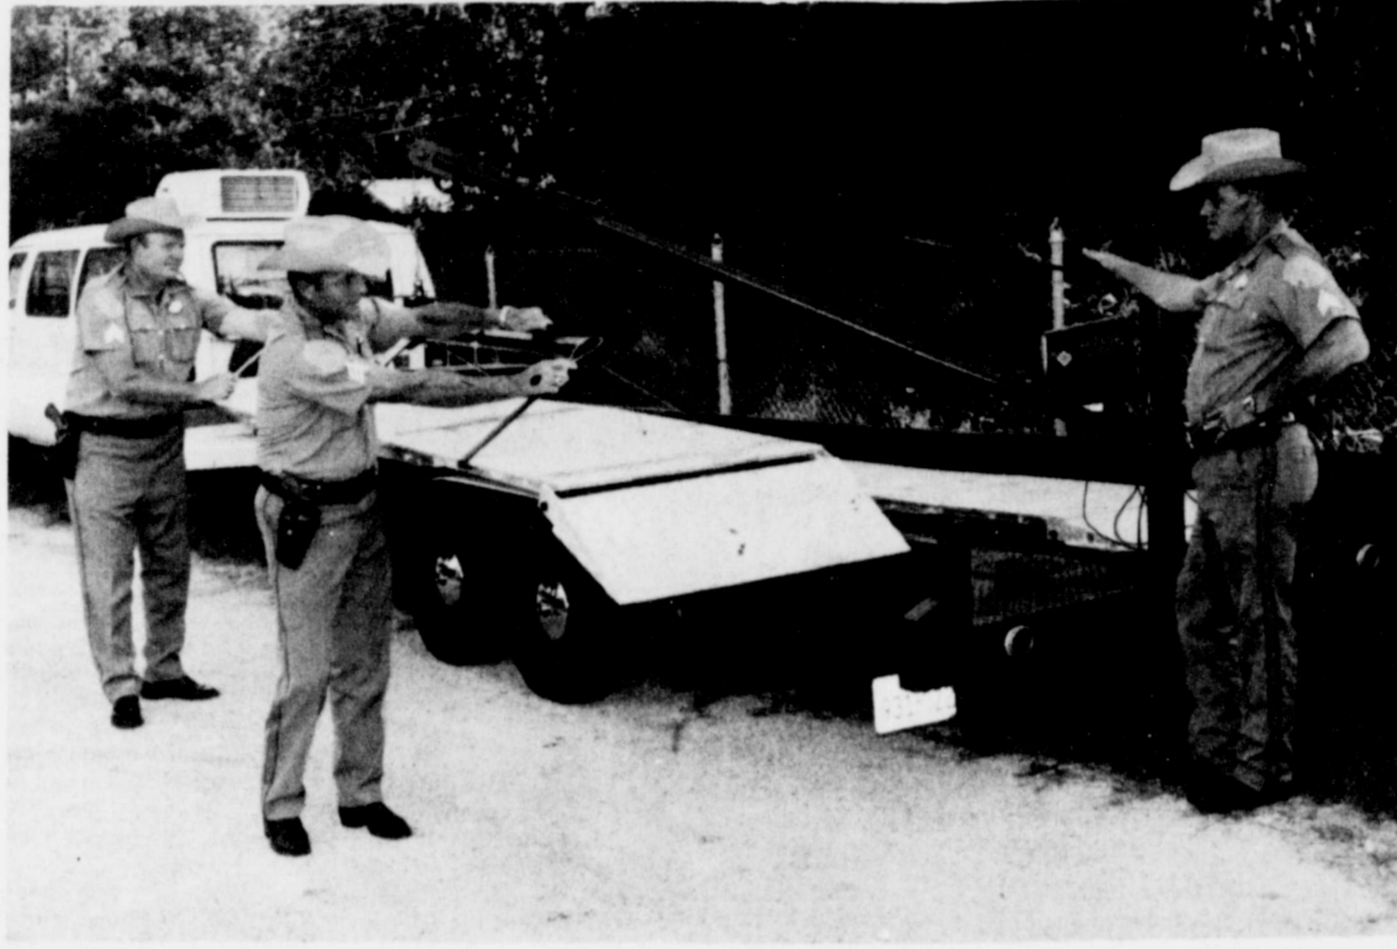

The Register of Merit Hereford Show this year will honor Henrietta rancher Bryant Edwards. Premiums for this prestigious event have been increased to \$15,000. The Stock Show will also host a Standard of Perfection Polled Hereford Show.

Premiums available to exhibitors in the junior division total \$51,536. All junior heifers must be registered in the exhibitor's name by November 1.

High quality cattle auctions planned this year include commercial Hereford females, selected Hereford bulls, Angus, Shorthorn, Polled Hereford, Brahman, Maine-Anjou and Simmental cattle, and Limousin range bulls.

Open and non-professional cutting horse contests will be held at the show, along with new classes in the horse division for junior and amateur exhibitors. Auctions also are set for Paint and Quarter Horses, and donkeys and mules.

Mail orders are being accepted for tickets to the 22 Rodeo performances. Rodeos are scheduled at 8 p.m. January 28 through February 8; at 2 p.m. January 31 through February 8; and at a special 10 a.m. matinee on January 31.

MOBILE WEIGHT—Colonel Jim Adams, director of the Texas Department of Public Safety, says 12 new vans with trailers containing semi-portable scales will be used by state troopers to weigh trucks and other heavy vehicles. The mobile scales will provide more flexibility in administering the license and weight laws and will result in a higher percentage of compliance with the statute while preventing additional

damage to the state highways from overweight trucks. State License and Weight Sergeants Wesley Johnson of Pecos, left, Harold Kornegay of Garland, center, and Bill Summerlin of Abilene check out one of the new items of equipment. The new equipment, which was funded through a federal grant by the Department of Highways and Public Transportation, will make the weight-enforcement program more effective.

1980 cotton crop declines, But Texas still leads nation

Cotton Crop Drops: The 1980 cotton crop will total 11,224,300 bales, according to the U.S. Department of Agriculture's November 1 estimate.

The total is down 365,000 bales from the October 1 estimate and 23 percent from the total in 1979.

Top states in production are Texas, 3.4 million bales; California, 3.0 million; Arizona, 1.3 million; and Mississippi, 1.1 million.

Arizona farmers lead the parade in estimated per-acre yields, with 1,062 pounds per acre. California is next with 983 pounds per acre. For the Cotton Belt, the estimated per-acre yield is 408 pounds.

Chairmen Named: Ed Breihan, general manager of the Plains Cooperative Oil Mill, Lubbock, will serve as general chairman of the 1981 Beltwide Cotton Production-Mechanization Conference, January 7-8, in New Orleans.

James Sanford, cotton producer and president of McQueen-Smith Farms, Prattville, Alabama, will be chairman of a session on new developments from agricultural chemical and equipment

industries, scheduled January 6 as part of the Beltwide Cotton Conferences.

The National Cotton Council will sponsor the general conferences in cooperation with other groups.

Texas farmers and ranchers by the thousands from about mid-November to early January will be receiving crop or livestock questionnaires from the Texas Crop and Livestock Reporting Service (TCLRS) or will be personally interviewed by the Service's field staff. And a high percentage of the questionnaires will be received by farmers in the 25 High Plains counties represented by Plains Cotton Growers, Inc.

That's why Joe D. Unfred of New Home, current PCG President, is urging that all farmers complete the questionnaires as accurately as possible and otherwise cooperate with TCLRS in every way.

The information gathered through the questionnaires and interviews provides the basis for determining final acreage, yield and production of crops and end-of-the-year livestock and poultry numbers for the state of Texas and for each county.

All the estimates published by TCLRS are based on the data provided by Texas farmers and ranchers county Extension Agents, ASCS offices and many others in agriculture. This cooperation provides the necessary data which is then returned to the farmers and ranchers and others in the form of estimates.

"Statistics sometimes make for pretty dull reading," admits Unfred, "but they are essential to producers seeking to make production and marketing decisions based on sound information rather than what otherwise would be mostly guesswork."

Estimates also are needed by farm organizations and legislators in promoting, planning, and enacting wise legislation and are used in establishing acreages and payment levels to producers under the various commodity programs. "And the more conscientious farmers are in supplying requested information," Unfred adds, "the more accurate and useful the estimates will be."

The collection and publication of agricultural statistics are a cooperative effort between the Texas and U.S. Departments of Agriculture. The operation avoids duplication of effort, promotes economy in government, increases the effectiveness of all agricultural reports. Individual farm and county information is kept confidential, and only state and county summaries come a part of the final publication estimates.

The U.S. Department of Agriculture's Farmers Home Administration (FmHA) now has the authority to make emergency disaster loans to farmers who are able to get credit from other sources.

The new authority, announced by Assistant Secretary of Agriculture Robert M. Mercer, was recently granted by the Federal court system. It will permit FmHA to serve credit to farmers previously served by the Business Administration (SBA).

Although SBA disaster loans will be severely restricted, and farmers will be unable to get credit elsewhere, they have been turned down for loans by FmHA because of restrictions. Also, loans to farmers for residential housing will be made by either the SBA or FmHA.

Thurman Davis Finishing touches figure foremost for professional-looking paneling. Molding is not only a great way to give a room a finished, tailored look but also to cover up any paneling imperfections. Locations which may require molding are usually those places where paneling problems (measuring, etc.) are most likely to occur. At the bottom of the wall, baseboard molding completes a good transition from wall to floor. Cove molding provides the same transitional function from wall to ceiling. Cove comes in many different designs and widths to match a room's style. Framing door and window openings, flat casing molding finishes those hard-to-measure places. Outside and inside corner molding covers ragged edges and irregular panel joints. Wood or plastic molding comes either prefinished or unfinished. All molding and trim should be cut with a miter box and backsaw to insure an accurate, tight fit.

Cotton is going to cost Representatives of the National Cotton Council industry leaders will be challenging, through the Federal court system, a ruling by OSHA which would cost the cotton industry the equivalent of 25 cents per pound. Purpose of the ruling is to severely limit the amount of cotton dust created in textile mills. OSHA gave an initial estimate of 500 million dollars in costs but cotton spokesmen say the real cost will probably total about \$1.5 BILLION dollars by the time the program is fully implemented. Officials of the national Council say the works out to about a quarter a pound for all cotton produced during the next years it will take to complete the dust control plan. Even though the regulations apply to the textile mill only, repercussions will undoubtedly be felt by the producer, and ultimately by consumers.

Miss Marlis McGaugh has been baby sitting for the children of Mr. and Mrs. Gene Smith after school.

Mr. and Mrs. Tony Soto, Sr., came Saturday to wish Mary Ann Quilantan Happy Birthday. The cake was decorated with thirteen candles for this youngest daughter of Mr. and Mrs. Reynaldo Quilantan. She received new clothes from the Sotos and her parents.

Mr. and Mrs. Wayne McHam and sons, Andy and Bruce, ate Sunday dinner with her parents, Mr. and Mrs. Neil Pierce, at their home north of Floydada.

Mrs. Lanny Glasscock met with other room mothers at Duncan in Mrs. Kay Dean Smith's class room Tuesday. Her daughter, Angie Glasscock, and other students are selling tree ornaments for the Duncan P.T.A.

Miss Mary Ann Quilantan and other members of the Junior High Pep Club went to Tulia last Thursday for the football game.

Mrs. Jimmy McGaugh and

other members of the Alpha Sigma Upsilon sorority met last Tuesday at the home of Mrs. Dwain Franklin. Mr. Dwain Franklin, Junior High art teacher, gave a demonstration of creating rope art.

Mr. and Mrs. Jimmy McGaugh worked in the band concession stand at the football game last Friday. They attended the band contest at Lubbock's Jones Stadium last week. Floydada's band received a second division.

Everyone is stripping cotton; working late; too tired to go anywhere. More news when the work's all done this fall.

In the meantime, Mrs. Wayne McHam and son, Andy, have been making Christmas decorations. It's only six more weeks until Christmas.

There are drifts of snow of up to 3 feet and we appreciate the efforts of Commissioner Jack Lackey for getting maintainers out to clean highways so that the farmers and people that work in town could get to work.

Jerry Pollan initiated

Jerry Pollan, son of Mr. and Mrs. Edwin Pollan, of Floydada, was among fourteen nurses who were inducted into Sigma Theta Tau, the national honor society for nurses. The initiation ceremonies were held Saturday, November 15 on the campus of West Texas State University.

To be eligible for membership in the WTSU chapter, persons must have completed at least half of the requirements for a bachelor's or master's degree in nursing and have maintained a 3.0 grade point average on a 4.0 scale.

Jerry received a bachelor's degree in nursing from WT in May and was on the President's list for having maintained a 4.0 grade point average in the Spring semester. He is presently working on a master's degree and plans to complete his studies at the University of Texas in Arlington.

THE ABILENE CHRISTIAN UNIVERSITY ALUMNI ASSOCIATION presented University president John C. Stevens (right) with a presidential chain of office. The presentation was made by Association president Don Hall of Jasper. The chain, worn during all formal ceremonies of the University, honors Stevens for his distinguished service to the school which is marking its 75th anniversary.

President receives recognition for distinguished service award

Abilene Christian University Alumni Association presented President John C. Stevens with a Presidential Chain of Office in recognition of his distinguished service to the university and to the Alumni Association during its 75th year.

appreciation for his distinguished and continuing administrative leadership at ACU, for his dedication to academic excellence in a Christian environment and for his exemplary service as a minister of the Gospel in the Lord's Church."

Stevens became president of ACU in 1969. His predecessors were A.B. Barret, 1906-1908; H.C. Darden, 1908-09; R.L. Whiteside, 1909-1911; James F. Cox, 1911-12 and 1932-40; Jesse P. Sewell, 1912-24; Batsell Baxter, 1924-32; and Don H. Morris, 1940-69.

Abilene Christian University is a four-year liberal arts institution founded in 1906 and enrolls approximately 4,500 each semester, with students coming from all 50 states and many foreign countries. The special celebration events during its 75th year are: Celebration of Allegiance, August 30 - September 1 (Academic Convocation and Opening of School); Celebration of Remembrance, October 23-26 (Homecoming); Celebration of the Spirit of ACU, December 30 (Purple and White Parties around the world); Celebration of Spiritual Commitment, February 20-25, 1981 (Lectureship); Celebration of Commencement, May 3 and August 14, 1981 (Graduation), and Celebration of Christian Service, July 19-22, 1981 (National Christian Education Conference).

The Jasper Chapter of the ACU Alumni Association had a unique interest in providing funds for the Chain of Office. John C. Stevens served as minister of the Jasper Church of Christ from 1938 to 1941 and still has many personal friends in this area. It was his first employment after college, and he was the first full-time preacher for the congregation.

Don Hall will be concluding 2 years as President of the ACU Alumni Association this fall.

Floydadian listed 'Who's Who'

The 1980-81 edition of "Who's Who Among Students in American Universities and Colleges" will carry the name of Floydada native Shannon Bell Hart, a senior at Wayland Baptist College in Plainview.

Mrs. Hart is one of 14 Wayland seniors who have been selected as being among the country's most outstanding campus leaders.

Campus nomination committees and editors of the annual directory have included the names of the 14 students based on their academic achievement, service to the community, leadership in extracurricular activities and future potential.

They join an elite group of students selected from more than 1,200 institutions of higher learning in all 50 states, the District of Columbia and several foreign countries. Outstanding students have been honored in the annual directory since it was first published in 1934.

A 1978 graduate of Floydada High School, Mrs. Hart is a history major and English minor at Wayland, where she has served as editor of The Trail Blazer, Wayland's student newspaper, for the past two years.

Mrs. Hart, the daughter of Mrs. Ted Bell of 907 Harrison, Floydada, is married to WBC Admissions Counselor Mark Hart.

She is a former dorm officer and vice president of Beta Phi Theta, and currently president of Phi Alpha Theta. She was Homecoming Queen second runner-up a year ago and a 1979-80 nominee to Spinning Wheels.

Before television, a person could go for years without seeing his Senator or Congressman and naturally a certain mystery surrounded them. You figured a U.S. Senator for example, to get that high up in the affairs of the nation, had to be something of a giant of a man.

Television has ruined that. You see them on the evening news and discover most Senators and Congressmen are just ordinary people like the rest of us. Don't know any more about what causes inflation and how to stop it than you and me.

You see an Attorney General on television hemming and hawing and dodging a question and find he's not any smarter than successful lawyers in thousands of small towns across the country.

You see the head of a big New York bank on television and find he doesn't seem any sharper than a banker here in Floydada or Lockney. The main difference is that when the New Yorker makes a loan it has more zeroes after it, like \$1,000,000 instead of \$5,000, but the soundness of

The Floyd Philosopher

Editor's note: The Floyd Philosopher on his Johnson grass farm looks at television this week, in a sidelong sort of way.

Dear editor: Some educators are saying too much television-watching is to blame for kids' goofing off in school. If I was in charge of graduating students who can't read or write I'd jump at the chance to blame it on TV or anything else I thought I could get by with.

I don't know whether television damages kids or not but it sure has damaged politicians and other prominent people.

Yours faithfully, J.A.

Thousands in schools Suffer eye injuries

Last year the eyes of a Texas high school student were severely burned when the d-natured alcohol he was heating exploded in his face. Also last year a first grader needed treatment because he bounced a large eraser into his eye. Both accidents resulted in days lost from school. Both are also just two of the nearly 10,000 school age accidents that the Texas Society to Prevent Blindness estimates occur each year.

"The causes vary," says Clymer L. Wright, Jr., Society president. "Some happen because students don't wear the provided safety eyewear. Some result from horseplay; one boy, for instance, was hit in the eye with a ballpoint pen shot from a rubber band. There are also an incredible number of youngsters who stick anything from their finger to a scissors - or an eraser - into their eyes."

"However, these accidents have one thing in common," he stressed. "Ninety percent of them could have been prevented if the students had some 'Eye-Q' - this is, some awareness of the basic rules of eye safety, an awareness that the Society hopes to develop through its new three-part 'Adopt-A-School program.'"

"The program is designed to bring eye care and eye safety knowledge to 500 children at specific grade levels and also to their families," he explained. "Each part consists of a 16mm film or film strip, a teacher's guide, wall charts, classroom lesson plans, and weekly take-home pamphlets."

"Program I is for grades K-4," he went on. "It is built around a short marionette film, 'The Eyes Have It', and is designed to make young children aware of such play-related yet potentially eye damaging items as darts and stick games."

"A second program is keyed to grades 5 and 6, a time when active youngsters need to be reminded that they must take care of their

eyes or chance losing "The Magic of Sight," the title of the program.

"Program III is for grades 7-12 and stresses the importance of proper safety eyewear," Wright said. "Even though a state law requires safety goggles in labs and shops, we read time and time again in Texas Education Agency accident reports of students who've been injured because they didn't have any protection or were wearing the wrong kind. This program, called an 'Option To See' will help teachers educate their students in safety techniques. We feel sure its innovative teachings will substantially reduce the number of eye injuries in secondary schools."

WINTER ARRIVED IN FLOYD COUNTY with a fury over the weekend as up to ten inches of snow fell on the area. The snow was accompanied by 25 mile per hour winds that caused three and four foot drifts and reduced visibility to less than a hundred feet at times.

those who care for infants. Mrs. Bennett succeeds Pat Bicknell as head of the project. Mrs. Bicknell is moving to Amarillo where her husband has been named dean of the Wayland College campus.

Complaints reviewed

Numbers of complaints about mail-order merchandise are second only to complaints about automobiles, says Nancy Granovsky, a family resource management specialist. Mail-order merchandise must be delivered within 30 days after the seller receives the order, according to the Federal Trade Commission's present mail-order merchant

rule, she explains. For delays longer than 30 days, the mail-order company must refund your money at the end of the first 30 days, if you request them to do so, the specialist adds. Mrs. Granovsky is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

Accidental hypothermia similar to other diseases

The next time a cold wind slices through your clothes, you may wish you could not feel the cold at all. But as many as one in 10 older people are in real danger because they are not sensitive enough to cold.

Sometimes people, especially those over age 65, have bodily malfunctions that keep them from noticing cold and regulating body temperature well. So when they stay in a consistently nippy atmosphere (sometimes no colder than 65 degrees fahrenheit) for a long time, body temperature can drop low enough to be fatal from a condition called "accidental hypothermia."

Since hypothermia's symptoms may be similar to those of some other diseases, no one knows positively how many people die from it yearly. But the risk is very obvious because thermostats are going lower as heating bills go up.

Instead of the often obvious symptoms (such as hard, white, numb areas) that can indicate frostbite, hypothermia symptoms can mimic other diseases and be less obvious. Meanwhile, the victim's body can slow down until unconsciousness occurs and ultimately the heart stops.

Once the core of the body has gotten cold enough to be hypothermic, several days can pass before unconsciousness occurs. In the meantime, symptoms may include bloated face, pale and waxy or occasionally oddly pink skin, trembling in one part of the body, slurred speech, dulled awareness and slow

response. (The victim usually will feel cold only before and not afterward.) Hypothermia symptoms are signs of other diseases and a physician should be called to make an accurate diagnosis.

Protection against hypothermia includes wearing warm, multi-layered clothing, especially protecting the head, hands, and feet. Warm liquids (not alcohol because it causes heat loss), proper clothing

keeping the thermometer reasonably high and checking room thermometer regularly. These are good ideas for anyone but are especially important for those people whose natural warming methods are weakened.

Sometimes the body's ability to shiver and blood vessels may not contribute body heat properly. Losing these two primary warming methods is especially serious for aged who often have muscle mass and chemical processes, which are two other heat producers.

To make matters worse, sometimes the aged get warm around very warm people and they do not properly so there is little for the bodily chemical processes to use to make heat.

Even with all these precautions, a minority of people are prone to hypothermia and need to live in a warm atmosphere. A few common sense precautions will get them through the winter just fine.

TOMMY HANCOCK
 Tommy Hancock, new high school ag teacher, moved to Floydada from Olton. He taught there for eight years and was in Canadian the two years prior to that. Among the duties of an ag teacher, Hancock enjoys stock shows, shop and judging contests...and about in that order he says. "I hope we can go to more stock shows this year. One project his classes will be working on for this year is to have a local stock show to give the students a little preparation before the County Stock Show. The local show will be on the Saturday before the County show on Sunday. It will be sponsored by the Chamber of Commerce. Another project going on right now is the remodeling of the ag building. Tommy's wife, Stacy, is a secretary at Duncan Elementary. The couple has two children; Keith, 11, and Cammy, 8.

CARDS OF THANKS
The kindness and sympathy of neighbors and friends during our recent sorrow will always remain with us as precious memories.

Our sincere thanks and gratitude for all those comforting expressions of love, for all the cards, flowers and food.

Our special thanks go also to the staff of Lockney Care Center and Lockney General Hospital and Rev. John Jensen.

The family of Maude Kellison

To those who expressed their sympathy in so many beautiful and practical ways during our recent bereavement, we express our heartfelt thanks.

May God bless each of you.
