Consignment Auction

The Floydada Rodeo Grounds will be the site of the Chamber's first Consignment Auction on Tuesday, September 1, at 10 a.m.

Consignment items will be taken beginning Wednesday, August 26, at the rodeo grounds by committee members and key contacts.

Whirlwind bumper stickers for sale

Thompson, President of the Quarterback Club, and Bill the Floydada Band Boosters, a unique bumper sticker will be sold by the two organizations.

Gray's cartoon feature, "Whirlwind Gibes." The booster sticker packet will sell for \$1.25 each and the sales will start around September 1.

Linda Morris chosen as outstanding equine breeder

woman has been selected as... the thirty outstanding breeders... race owners to represent the group travels to the British Isles.

Morris, whose Floydada bred... have been gaining recognition... impressive win record in the big stakes, is also gaining respect with her blood line of her stock.

TRACTORS on the front and back of this truck were necessary to pull it through the still wet field at the Carl Bailey farm.

Public hearing September 14 Proposed budget is unworkable

The proposed 1982 budget for Floyd County was filed with the county clerk this week. However, the county auditor, Olin Watson Jr. says he is not satisfied with the budget at it stands.

A highly placed official also said that the court would be looking at the Veterans Office expenses since so many services of that office are now duplicated in Lubbock.

1981 is \$304,699,067 according to the Floyd County Central Appraisal District. The proposed budget's tax rate is 31 cents per \$100 valuation.

It includes increased expenses for office supplies, utilities, postage, the trapper, feeding county jail prisoners and a few other items.

The budget will be presented in public hearing September 14 at 2 p.m. in the county courtroom.

At that time every expenditure and every service provided by the county will be reviewed by the commissioners court before it is approved.

According to Watson expenditures, and county services will have to be cut or additional income provided.

In the last court meeting the commissioners voiced the usual politician's reluctance to raise taxes.

It was generally agreed at that meeting that some of the county services would have to be cut back. Discussion about the increased money for a trapper, from \$500 per month to \$700, led to speculation that this might be one of the areas of cutback.

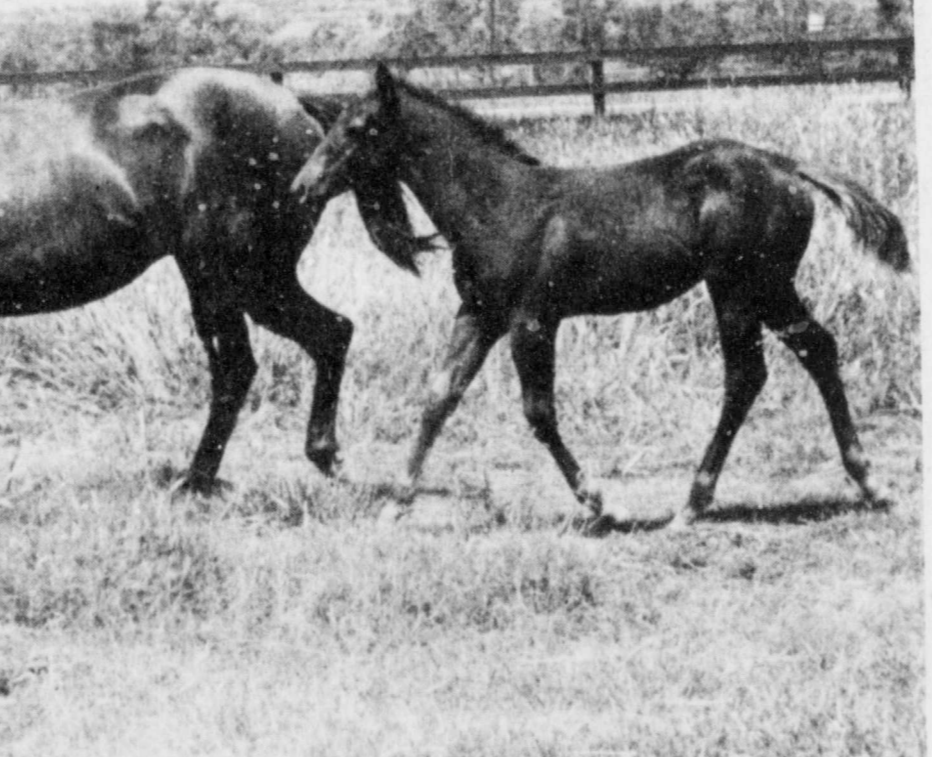

Bunjes is new Christian minister

Karl J. Bunjes will begin his ministry this Sunday, August 30, at the First Christian Church, Floydada.

The son of a minister, Karl is a native of Houston, spent some early years in Greenville, and graduate from high school in Denver, Colorado.

The son of a minister, Karl is a native of Houston, spent some early years in Greenville, and graduate from high school in Denver, Colorado.

Church particularly," they said. "We are already enjoying the hard-working, but more reasonable pace of life in a small town."

STIMASEA, who won in California with a S.I. of 95, is now retired to the broodmare band. Her colt is the son of thoroughbred Crafty Actor.

"Breeding your own and being successful takes so much time," she said, "but, to me, it's like fitting pieces of a complicated puzzle together. It is the greatest challenge as well as the greatest feeling of accomplishment and satisfaction to actually see your work become a reality."

Linda's father breeds and races horses so she grew up in the business. But within the last seven years she has followed her own individual breeding program, and at times differing in breeding and racing procedures with her father, and her brother who is a trainer.

Linda and her husband, Dean, who works with her as time will allow from his cotton business, began the line a few years ago with the purchase of a mare from Linda's father.

"Few people here realize the quality stallions we have made available to them right here at home...without hauling to large breeding farms, failing to get their mares in foal, and being exposed to disease," Linda said.

The filly, Stimasea, won in California and has a speed index (S.I.) of 95 and has now retired to the broodmare band. The speed index number is an average running speed of race horses.

He is a very proven sire with only 45 foals which have gone to the track and earned over \$750,000.

This year full brother, Manosea, is undefeated for the season. He won the rich Maturity Hopeful in Ohio against older horses with a S.I. of 100 Manosea was voted best three-year-old and horse

The Morris' purchased their house and pasture land last December. They have fenced four pastures and have also redecorated the large two-story house.

Perspectives

What do Coca-Cola and Procter and Gamble have in common? They both recognize the economic potential of boycott threats. They will both garner quite a bit of criticism for "knuckling under" to these threats, albeit the shots will come from opposite sides. They have also shown the discrepancy in the way we do much of our thinking.

Of course both companies insist their actions had nothing to do with the boycott threats. Procter and Gamble told us they had intended to withdraw their advertising from questionable shows before the Coalition for Better TV announced its boycott plan.

And the people from Coke tell us that they are just trying to respond to the President's call for big business to take over some of the functions of the government.

Still the most obvious reason the companies gave in to the demands of pressure groups was the possibility of losing money. Money has become the prime bargaining tool. Take away their money and watch 'em squirm.

The problem with boycotting is that in some instances people think it is just the ticket for effecting change, and other look at it as an attempt to force one's beliefs or morals or whatever on others.

Where you stand in that regard depends on which side you're on. If you think the change is good, then the boycott is okay. If you do not agree with the change, somebody is trying to force his morals, beliefs, etc. on you.

Another problem is related to the number of people you have on your side. We live in a democracy, and so, as a general rule, what the majority wants determines what we do.

The exception to that rule is that occasionally we have particularly vociferous groups who disagree with the majority and quickly point out that the majority is not always right.

While that may be so, after awhile one gets the impression that what they really mean is that the minority is always right.

Is there no way out of the morass?

In days long gone by, people called prophets sought and received a clear word from God and proclaimed it. They spoke without regard to the popularity of their message, were often in the minority, and were often told what they had to say was "just their opinion."

Yet they spoke what they were convinced was the truth. Time has shown the validity of what they had to say, and were we to give ourselves to honest evaluation of their message, we could find much to help us in these days.

Social Security News

BY RAY PURCELL

This is the time of the year that many area farmers are hiring summer workers, and they should know the rules concerning social security coverage.

It is important that farm employers keep the proper records and report their employees' name, address, social security number, wages paid, and their own employer identification number. This information is needed so that if reports are required, they can be made promptly and accurately.

If the workers' wages are covered, then social security taxes must be withheld. Agricultural wages are covered if the employee is paid \$150 or more in cash wages during the year.

Also, if an employee is paid on a time basis—by the hour, day, week, or month—all of his or her wages are covered when the employee works on 20 or more days during the year.

Should the employer withhold social security tax from an employee's wages and then finds out that the wages are not covered because neither test is met, the social security tax should be reported by the farm employer after the end of the year in which they were paid.

More information about coverage of agricultural labor can be obtained by calling our toll-free number 1-800-392-1603 or by contacting the social security office at 1401-B west 5th Street in Plainview.

John Tower

We are seeing encouraging signs that the Administration and the Congress are beginning to take serious steps to aid in the revitalization of the economy. Yet, whenever discussion of the economy comes up, the nagging question of interest rates continues to stand out as a sore point.

While we are seeing signs of health in many areas of the economic picture, interest rates remain stubbornly high. This stubborn high rate of interest has made the financial community wary, and could present a serious roadblock to economic recovery.

Interest rates remain high today largely because of psychological factors. These factors center on the expectations of continued inflation.

Lenders expect to be repaid in depreciated dollars and loan demand is artificially stimulated because borrowers figure they will come out ahead by paying their loans with funds that are worth less in real dollars.

As a result, we pay a "premium" for inflation when we borrow. When neither borrowers nor lenders believe that inflation can be controlled, this "inflation premium" tacked on to interest rates remains high.

But while we now suffer from high rates, we must remember two things: many lenders have suffered from earlier loans made during periods of relatively low inflation, and, what may be the even greater factor, the expectation that future inflation will remain high.

But I now believe the business community will pressure the current Administration and most members of Congress to be finally serious about tackling the large role the government plays in creating inflation.

In every way, President Reagan has demonstrated a necessary resolve to reduce federal spending and costly government regulations. The business community has been burned in the past by artificially low interest rates that shot up as soon as the next election was over.

President's and the Congress' resolve will set an example that will gain credibility as time goes on.

The President's tax package also includes incentives for savers, a long neglected step in our economic program. Savings provide the pool from which capital can be loaned out to businesses and individuals. When this pool shrinks, the old law of supply and demand forces prices for money up.

Most industrialized nations have long realized that they have taken steps to encourage savings. Finally, we have too. The President's plan provides higher tax incentives for savings and dividend income, and allows individuals to have vastly greater freedom to set up tax-free individual retirement accounts.

What's more, one can't overlook the fact that the general public will probably be putting away more money in savings simply because the President's tax package is the courageous step of letting Americans keep more of their hard-earned income through the largest tax cut in the history of the country.

While these interest rates are troublesome today, believe these steps will serve to lower inflation expectations, increase savings and, eventually, force down the steep interest rates.

Viewpoints

Carol Lea Clark's

It's Not Easy

As an expert parent of two-and-one-half-years, I am now much more sensitive to what my parents must have gone through in my growing up years.

I have also discovered that parenting does not stop when the child reaches the advanced legal age of 18, though any parent may occasionally wish it did.

After expert analysis of my own parents' attempt to cope with the ups and downs of their "adult" daughter, I have some advice for other parents who may find themselves in the same situation.

Don't panic. Not even if your daughter calls you long distance at 11:30 on a weeknight and tells you that she's marrying somebody you haven't even met.

Remember when you find out that he has long hair and a beard that many worthy people like Lincoln and Moses had long hair and beards.

Never refuse a collect call. It may not be good news, but any news is better than no news.

Try to retain a little composure even if your off-spring changes from a premed major to basketweaving and then to psychology. Remember she's finding herself.

When she finally does get married and produce a child long after you've given up hope, you can finally smile a

little, but not too much. The next thing you know, she'll have a baby and husband, but she'll be living in a camper somewhere in the wilds of Utah.

Then she'll turn up in the middle of a snowstorm driving a "partially restored" 1961 Lincoln that only has two brakes that work.

If you have any hopes that life will ever settle down to a dull roar, forget it. After all, this is your kid, remember. You raised her.

Someday when my daughter reaches the magic age of 18 and the world calls her an adult, I hope I will remember what my parents had to cope with. I hope that I can love and accept, and not tear my hair.

I hope that I will be willing to babysit on a moment's notice, and also be willing to pick up and deliver. I hope that I can listen to my daughter's problems and remember that better days are just around the corner, even when she's forgotten.

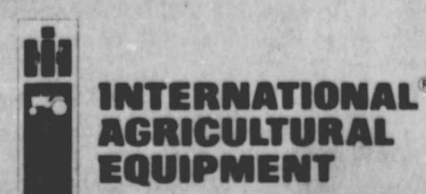

I hope that I'll always make her feel wanted and welcome, but let her go her own way.

In other words, I hope that I can do half as well as my parents have done.

INTERNATIONAL AGRICULTURAL EQUIPMENT

Preparations for the County Fair continue

Residents of Floyd and surrounding counties can enter competitions at the Floyd and Surrounding Counties Fair in areas of interest to almost everyone including livestock, arts and crafts, tractor driving, educational exhibits, community exhibits, a pet show, textiles, and canned-fruits and vegetables.

Community exhibits are exhibits from each community and are confined to products grown in the area in 1981.

Each exhibit must show 15 different kinds of agricultural products, selected from a fair committee list, and will be judged on the basis of neatness, attractiveness and general arrangement.

Agriculture exhibits are limited to one sample in each category, from the same farm or individual and must have been grown in 1981.

Categories offered are cotton, heads and ears (corn), grains and seeds, cured bundles for forage, bales, vegetables, fruits, and stalks.

Educational exhibits may be submitted by adult clubs or organizations and youth clubs or organizations.

These exhibits are judged on the basis of effective title, suitable subject, ability to hold interest, message conveyed, general appearance, and workmanship.

A junior showmanship contest is open to boys and girls eight years of age or younger. Entries may be beef cattle, sheep and swine under one year of age. Judging will be on showmanship only and not on the condition of the animals.

A general livestock competition is open for the showing of sheep, heifers, steers, and lambs. All entries must be owned, fed, and shown by 4-H and FFA club members.

The pet show, sponsored by Il Pendero Study Club, is for children aged 12 or under to show their pets.

All animals must be in a cage or on leash and the child must be able to handle the pet.

Ribbons will be given in the following categories: smallest pet, largest pet, longest tail, shortest tail, curliest tail, happiest face, saddest face, longest ears, furriest pet, roly-poly pet, most unusual pet, most spots, best trick, biggest eyes, best showmanship, best pet costume, and pet and master look alike.

The tractor driving contest is held in four categories: grade school age, high school age, above high school age, and men and women. The entrants must drive a marked course around stakes and be timed. Judging is on the basis of both elapsed time and penalty points for touching stakes.

Art competitions are open for teachers, adults, youth, and children. All entries must be less than three years old, and all must be the work of the exhibitor.

Textile competitions are offered for embroidery, knitting, crochet, tatting, infant clothing, sewn clothing, accessories, applique, needlecraft, crewel, weaving, and latch hooking. All entrants must be amateurs in the category entered, and all entries must be the work of the exhibitor.

Canned fruits and vegetables can be entered for competition including pickles, relishes, and jellies. All entries must be submitted in sealed standard glass canning jars, and labeled as to contents.

Culinary products may be entered for judging such as breads, cakes, candies, pies, and cookies. Open half dozens of single such as candies, cookies, biscuits, rolls, cupcakes, etc., and whole cakes or pies are entered.

In the youth department entries can be taken only from leaders of organized groups such as 4-H, Girl Scouts, homemaking teachers, etc.

Competitions are offered in household linens, clothing, canned fruits, canned vegetables, pickles, preserves and jellies in culinary goods.

The craft department accepts entries in both adult and youth divisions. Categories include leather crafts, ceramics, reed weaving, jewelry, macrame, and decorative arrangements.

Deadlines for entries in the fair contests are September 10 in most cases.

Either cash prizes or ribbons are awarded to winners in each contest.

Entries in most of the competitions will be on exhibit throughout the fair, September 10, 11, and 12.

Floydada. They will be in the pulpit on Sunday morning.

Dorothy Campbell honored

will be held at the Floyd County Office, 211 E. Missouri Street, Monday, September 4 between 1:00 and 5:00 p.m. to honor Dorothy Campbell who is retiring from the Floyd County Office on Friday, September 27.

She has been employed in the Floyd County Office since January 1958. She started to work following the death of her husband, Mr. Wason, who was killed in a plane crash in 1957.

Paymaster plans field day, September 1st

New releases of cotton, corn, grain and forage sorghum will be the topics of discussion during the annual field day Tuesday, September 1 at Paymaster Seeds located 3 miles north of Hwy. 70 on FM 2301 between Plainview and Lockney.

Farmers, dealers, agribusinessmen and wives from the local area as well as from all Texas, Oklahoma and New Mexico are invited to the field tours.

Guided tours will be held from 9:30 a.m. until noon with additional tours in the afternoon for those who arrive late or want to make a second tour.

A free catered-barbecue lunch will be served under the trees for those who attend the field day.

Plant breeders involved in cotton, corn and sorghum research will be discussing products for the benefit of farmers from throughout the Southwest area.

Agronomy technical service information will be available for sunflowers and soybeans.

Door prizes will be awarded at a drawing to be held after lunch.

A discussion concerning the newest greenbug, biotype "E" will be held during tours of the grain and forage sorghum demonstrations.

The new greenbug biotype has been attacking previously resistant sorghums during the 1980 and 1981 growing season.

Dr. Charles Berry and Dr. N.W. Kramer have spent a great deal of time and effort in the study of the new biotype and are prepared to discuss their findings with farmers at this time.

An update on hybrid cotton will be discussed by Dr. Delbert Hess.

Also cotton varieties adapted to both the High and Rolling Plains will be introduced on the tours. Two new cotton varieties will be shown on the tour along with discussion of their adaptability. Dr. Rice will be prepared to discuss the insect and disease situation in 1981.

New corn varieties will be on display as well as varieties adapted to double cropping or late planting due to hail out. The economics of corn growing on the High Plains will be discussed by Gary Duncan.

In addition to normal research studies and breeding nurseries, date of planting studies involving corn, sorghum and sunflower hybrids will be reviewed.

Home wedding unites Laurel Linn, Jay Jones

Laurel Ellen Linn and Jay Wesley Jones were united in marriage August 15 at the home of the groom's parents east of Floydada. The Rev. James Carter of Polk Street Methodist Church of Amarillo, officiated.

The bride is the daughter of Mr. and Mrs. Kenneth W. Linn of Klamath Falls, Oregon. Parents of the groom are Mr. and Mrs. Travis Jones.

Matron of honor was Mrs. James Shepard, Cedar Rapids, Iowa, sister of the bride.

Best man was Travis Jones, father of the groom. Candles were lighted by

Lisa Linn, Houston, sister of the bride.

The bride received her bachelor's degree in biochemistry and a doctorate in veterinary medicine from Texas A&M.

Her husband received his bachelor's in animal science from West Texas State University and his doctorate in veterinary medicine from Texas A&M.

They are making their home in Lubock where Dr. Linn is associated with Acres North Veterinary Hospital. Dr. Jones is associated with South Plains Veterinary Hospital in Slaton.

Hunter hosts Athena Study Club meeting

Athena Study Club met recently in the home of Kathy Hunter for their regular monthly meeting.

Mary Ann Kring was co-hostess.

LaDonna Auffil, high school teacher, presented the program on a recent innovation in Lockney schools, the gifted and talented program. She had Athena members make a list of everything they could think of that came in threes. After these were thoroughly discussed, she had each person name five more items. This was to exemplify some kinds of exercises she has her students do. Mrs. Auffil went on to explain other aspects of the program and showed some of her teaching aids.

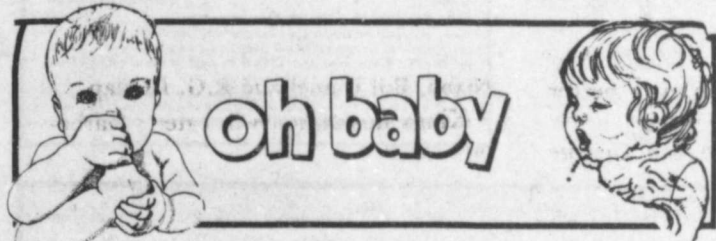

In the business meeting,

plans for Old Fashioned Saturday night were discussed. Cindy Smith agreed to be in charge of the Sno-cone booth.

The teachers tea was also discussed. Each member was reminded to bring cookies. Vida Hrbacek is in charge of arrangements.

Plans for the Floyd County Fair were brought up. Cindy Smith and Kathy Hunter are in charge of a float for the parade. Mary Ann Kring is in charge of the ice cream booth.

Those present for the evening were: Jill Golden, Peggy Hallmark, Kathy Hunter, Janie Klein, Mary Ann Kring, Martha Sue Lusk, Donnie Meriwether, Virginia Owens, Judy Schacht, Ophelia Cooper and Cindy Smith.

MILLER

Jerry and Sheri Miller of Lockney are the parents of a baby girl born August 18 in Plainview.

Lindi Leighann Miller weighed seven pounds, three ounces at birth.

Maternal grandparents are Mr. and Mrs. Bill Roberts of Farwell.

KENNER

William David Kenner is the name given to the newest arrival of Bruce and Kay Kenner of Floydada.

The 6 pound, 12 ounce baby boy was born at 7:24 a.m. on Thursday morning, August 20, at Cogdell Memorial Hospital in Snyder. He was 18 3/4 inches long.

Grandparents are Mr. and Mrs. Ford Kenner of Snyder and Mr. R.W. Frick of Seazy, Texas.

STEEN

Capt. and Mrs. Brad H. Steen proudly announce the birth of a son, Samuel Franklin. Sam arrived August 16 at Homestead AFB Hospital in Miami, Florida and weighed 8 lbs., 3 oz.

Capt. Steen has just completed training in the F-4D Phantom jet fighter. He leaves next month for Torrejon AFB, Madrid, Spain. He is the son of Mr. and Mrs. Maurice Steen of Lubbock.

Mrs. Steen and baby will be with her parents, Mr. and Mrs. W.F. Wamsley in Tulsa, Oklahoma, before leaving for Spain.

Mrs. Alva L. Sparks is the proud great-grandmother and Mrs. Golden Nabor is a great aunt of the new baby.

Society Features

Candlelight ceremony joins Penny Taylor, Kenneth Lockridge

First Baptist Church of Aiken was setting for the Saturday evening, August 22, candlelight ceremony that united in marriage Penny Renee Taylor and Kenneth Ray Lockridge. The Rev. Richard Clymer, church pastor, officiated.

Parents of the couple are Mr. and Mrs. Verne Taylor, Jr. of Lockney and Mr. and Mrs. J.W. Lockridge of Plainview. The bride is the granddaughter of Mrs. Des-sie Graves, Lockney.

The altar was centered with a kneeling bench, decorated with a unity candle and greenery. Twin spiral candelabra decorated with greenery and yellow check bows completed the arrangements.

Music was presented by Mrs. C.H. McCluskey of Friona, organist. She accompanied Mrs. Ted Wilson of Wichita Falls as she sang, "The Wedding Song" and

the "Wedding Prayer." Given in marriage by her father, the bride chose for her wedding a formal length gown of white crepe overlay with silk organza. The bodice was sheer at the shoulders and gathered onto a full gathered skirt which fell to a chapel length train. The wedding ring collar, full gathered lace sleeves and band at the waist were accented with seed pearls and Chantilly lace. The chapel length train had a ruffle around the bottom with lace.

To complete her ensemble the bride wore a fingertip veil attached to a Juliet cap of lace and seed pearls. The veil was edged completely around with lace and seed pearls matching the lace on her dress.

She carried a bouquet of sweetheart yellow silk roses and baby's breath with long streamers of rose buds and yellow ribbon. The traditional

something old, new, borrowed and blue were used.

Something old was a lace edged handkerchief belonging to her grandmother, Des-sie Graves, and has been carried by all her daughters and her granddaughters in their weddings. Something new was her wedding attire and something borrowed was a string of pearls belonging to Mrs. Larry Golden, Aiken. Something blue was the garter her mother wore in her own wedding.

Attending the bride as matron of honor was Mrs. Delaurie Blackburn of Lubbock. Flower girl was Donna Kay Smith, cousin of the bride from Hollis, Oklahoma.

Best man was Rod Blackburn of Lubbock. Serving as ushers were Terry Taylor, of Lockney and Randy Summers of Plainview. Rings were carried by Clay Golden of Aiken on a heart shaped pillow fashioned from material and lace like the dress.

Attendants and soloist dresses were identically made of yellow check gingham featuring a low rounded neckline with a wide ruffle and lace. The full gathered skirts were floor length with a wide ruffle and lace around the bottom. The matron of honor carried a bouquet of yellow and white silk daisies accented with baby's breath and yellow ribbon.

RECEPTION

Fellowship hall of the church was the setting for the reception which followed. The table was covered with an antique cut lace tablecloth over yellow.

The three tiered all white cake was accented with bouquets of yellow and white silk daisies on each tier. Lone birds under an arch of silk flowers adorned the top.

Crystal appointments were used to serve yellow punch and mints. Brown napkins were used.

Serving were Peggy Reeves, Abilene and Kathy Hill, Lockney. Other members of the house party were Mrs. Arlie Willis, Lubbock; Mrs. Don Smith, Hollis, Oklahoma; and Mrs. Weldon Graves, Lockney, aunt of the bride.

After a honeymoon trip to Santa Fe and other points of interest the couple will make their home in Plainview.

A backyard cookout was the scene for the rehearsal dinner.

MRS. KENNETH RAY LOCKRIDGE

Senior Citizen News

BY MARY P. COWARD

Ethel Cross underwent surgery in Central Plains Hospital in Plainview Sunday. She is in room 211 and will appreciate cards, calls, and visits from her friends. We will try to struggle along

and keep the program going at the Senior Center but the building seems empty without Ethel.

Mrs. Hill visited a daughter in Arizona last week.

Edna Patton visited her brother at Marble Falls last

Lakeview News

BY JOYCE WILLIAMS

Flora Fawver was honored at a series of celebrations... On Saturday night, her children took dinner at Plainview... she had been the luncheon guest of... as her gift. Then on Saturday Mrs. Bonnie Moore... over for watermelon... Mrs. Moore and... Fawver are birthday... Mrs. Fawver reciprocated... taking Sunday luncheon... Mrs. Moore and... Fawver are birthday... Mrs. Fawver reciprocated... taking Sunday luncheon... Mrs. Moore and... Fawver are birthday...

Hattie Fuqua, in the nursing home. The rainy weather prevented the girls from seeing as many friends and relatives as they would have liked to have seen, but gave them more time to visit at home. Mr. and Mrs. William Bertrand and Mr. and Mrs. Orville Newberry were in Midland Saturday for the wedding ceremony of the Newberry's granddaughter, Roxanne Jones, daughter of Mr. and Mrs. Rex Jones, at the home of the bride's parents. The Bertrands went to Tahoka on Friday and spent the night with their daughter's family, the Martin Warrens, who also attended the wedding the next day.

Mrs. Lovene Moore took her daughter, Charlotte's baby to visit its great aunt, Mrs. Roy Fawver, last week. Mr. and Mrs. Flukie Smith of Lubbock took their Floydada grandsons, Hunter and Dean, fishing at Angel Fire, New Mexico last week.

Cheryl and Donnie Guess and children, Amy and Bryan of Levelland visited her sister and family, Mr. and Mrs. Dayne Golithly, over the weekend. Donnie formerly was a photographer for Shugarts, now works for an oil company. He photographed the wedding of Beverly Burleson at the First Christian Church in Floydada Saturday night. Mrs. Bob Teal of Lubbock and her father, Mrs. Sid Brown of Floydada visited her sister, Mrs. Howard Bishop at the Bishop ranch at Roaring Springs Saturday morning. They stayed for lunch along with other guests, Mr. and Mrs. Bob Cooper.

Mrs. Choise Smith and daughter, Jody, returned home Sunday evening from a weekend visit at Spearman with her mother, Mrs. Dorothy Gamble.

Mr. and Mrs. Henry Price and Mr. and Mrs. Joe Dunn celebrated the two ladies' birthday with dinner at Plainview Sunday.

Mr. and Mrs. Randy Bertrand and daughters, Angie and Misty, attended the wedding of their cousin, Roxanne Jones, at Midland Saturday.

Holt Bishop was host for a family dinner in his home Saturday evening. His daughter, Shirley, and her husband Jim Pegram of

Dimmitt were there, as well as Mr. and Mrs. Howard Bishop.

Rance Golithly and Brandon Harrison, are looking forward to the end of vacation and starting school on Thursday.

The autumn haze that hovers over Blanco Canyon each morning has veiled the prairie sky all day long this week. There is a still, slow, waiting feeling fortelling the end of summer, and a new season beginning.

Mrs. Sousee Mobley and infant son, Montana, of Plainview, visited her aunt, Mrs. Q.D. Williams Friday. Mrs. Mobley will be employed at the Plainview Public

Schools this year as a teacher aide for Ms. Judy Jameson, formerly of Floydada. They will teach special education. Ms. Jameson is the daughter of Jody Jameson and the late Ruth Jameson, (formerly of Floydada.)

If your garden or freezer has more food than you need of this year's produce or last years, then take it to the Day Care. Those little children will put it to good use. Our local day care center does not get government aid. Many Lakeview working women have benefitted from the excellent child care Mrs. Fuller and her ladies have given over the years.

Bible Baptist ordains four new deacons

On Wednesday, August 19, the Bible Baptist Church of Floydada held a special service to ordain four new deacons. The four candidates were: Johnny Bill Sue, Joe Max Harrison, Vaudie Holbert and Bobby Welborn. These men have been longtime members of the Bible Baptist Church along with their families.

Following the song service, Cecil Taylor, ordained deacon, led the opening prayer. The deacon candidates and their wives were then introduced to the congregation by Bro. Bob Chapman, pastor. The candidates were then questioned by Bro. Chapman on the church's doctrine and articles of faith. The church's present deacons, Cecil Taylor and W.H. Taylor, then made their comments to the candidates and their wives.

Bro. Bob Chapman brought the message and charge to the candidates from II Timothy 2:1-26, along with several reference scriptures. Following the message and charge there was the laying on the hands by the present deacons and the pastor. A scripture reading was read from Acts 6:6,7. The deacon candidates each took a few moments to say a few words to the church. Bro. Chapman then asked for a motion to ordain the candidates. A motion was made by Clinton L. Fawver. Cecil Taylor seconded the motion. The motion was then voted on with a unanimous Amen.

Lockney Co-op Gin nets over \$1.4 million

The Lockney Cooperative Gin paid out \$1,144,000 in dividends in the fiscal year that ended last March 31.

The report was made at the 24th annual Coop stockholder's meeting and dinner held last week at the Lockney Elementary School cafeteria.

Coop general manager Gail Kring said the 1980-81 fiscal year was, "a very nice year. It can always be better but we felt like it was a good year."

Kring said the Coop had a net profit of \$899,151 for the last fiscal year. The dividends paid out were broken down as:

- \$82,949 cottonseed rebate.
- \$320,740 paid out as a 35 percent cash dividend.
- \$741,149 paid for the retirement of feedyard debentures and first preferred stock on the gin, elevator and feedyard.

Kring said the 1981-82 fiscal year could be even better.

"It depends on the weather," Kring said, "We have the prospects for a big cotton crop. It depends on if we get some warm weather, some sun, and the rain quits and the bollworm doesn't eat us up. But it should be an even better year, hopefully."

New directors elected are George Taylor and Charles Huffman.

The keynote speaker for the annual dinner meeting was Dr. Jerry Miller, dean of the school of business at West

Chamber breakfast

Interested individuals and buyers from as far away as New Mexico and Oklahoma are expected.

Shifts will be manned by Stan McClendon, Roger Dawdy, Jon LaBaume, Jett Major, Gary Brown, Larry Barbee, Tommy Hancock, Louis Pyle, Jack Stansell, Laron Fuller, Rob Hefflin, John Dunlap, Melvin Lloyd, Travis Jones, Eddie Smith, Kent Covington, Adrain Helms, Louis Lloyd, Leslie Nixon, Bill Daniel and R.G. Dunlap.

Kings Restaurant will cater a barbecue lunch.

A concession stand will be provided by the Women's Division of the Chamber of Commerce. They will sell fruit pies, brownies, cokes and coffee.

Mexican photos to be exhibited by Tom Chambers at the TTU Museum

A photographic essay depicting the scenery and peoples of Mexico, prepared by a Crosbyton photographer, will go on display August 29 (Saturday) at The Museum of Texas Tech University.

"Mexico: A Package Tour," like a travel agency's usual two-week tour, offers glimpses of Mexico through 14 black-and-white prints, photographed by Tom R. Chambers of Crosbyton.

Chambers said photographs of inanimate objects are interspersed with photographs of people in the exhibit to "break the humanness of the exhibit."

The exhibit focuses on the lower classes of Mexico and deals with a realistic environment of the country, often neglected in colorful package tours, Chambers said.

Floydada School Menu

August 27-28
Thursday: Breakfast — Juice, dried cereal, milk
Lunch — Ham, potato salad, green beans, pineapple crisp, hot rolls, milk.
Friday: Breakfast — Juice, hot rolls, jelly, eggs, milk
Lunch — Pizza with cheese, blackeye peas, tomato, lettuce salad, fruit cup, milk.

FLOYD DATA
Mr. and Mrs. Johnnie Parrack from Austin have spent a week with his parents, Mr. and Mrs. W.B. Parrack. While here Johnnie and Mrs. Parrack were honored with a birthday dinner in the home of her sister, Mr. and Mrs. C.W. Denison.

Residents celebrate birthdays

The "honor" table was laid with an ecru cloth and centered with a floral arrangement in blue, with special matching birthday cards marking their places. Also seated with them was Dorothy Copeland who is employee of the month and celebrates her birthday along with that.

Dorothy Neff made a number of pictures of the group and after the reading of the poem all joined in singing the "Happy Birthday" song.

Dovie Rushing had as her guests her sisters, Emma Lou Whitaker and Elizabeth Armstrong. With Mrs. Kreis

Whirlwinds to start season September 4th

BY L.G. WILSON
With teachers meeting and school starting this week, the Whirlwinds are having only one workout a day for this week. Workout continues to be spirited although Monday several of the boys were slowed because of a touch of flu several of them had. However, they bounced back for good workouts Tuesday

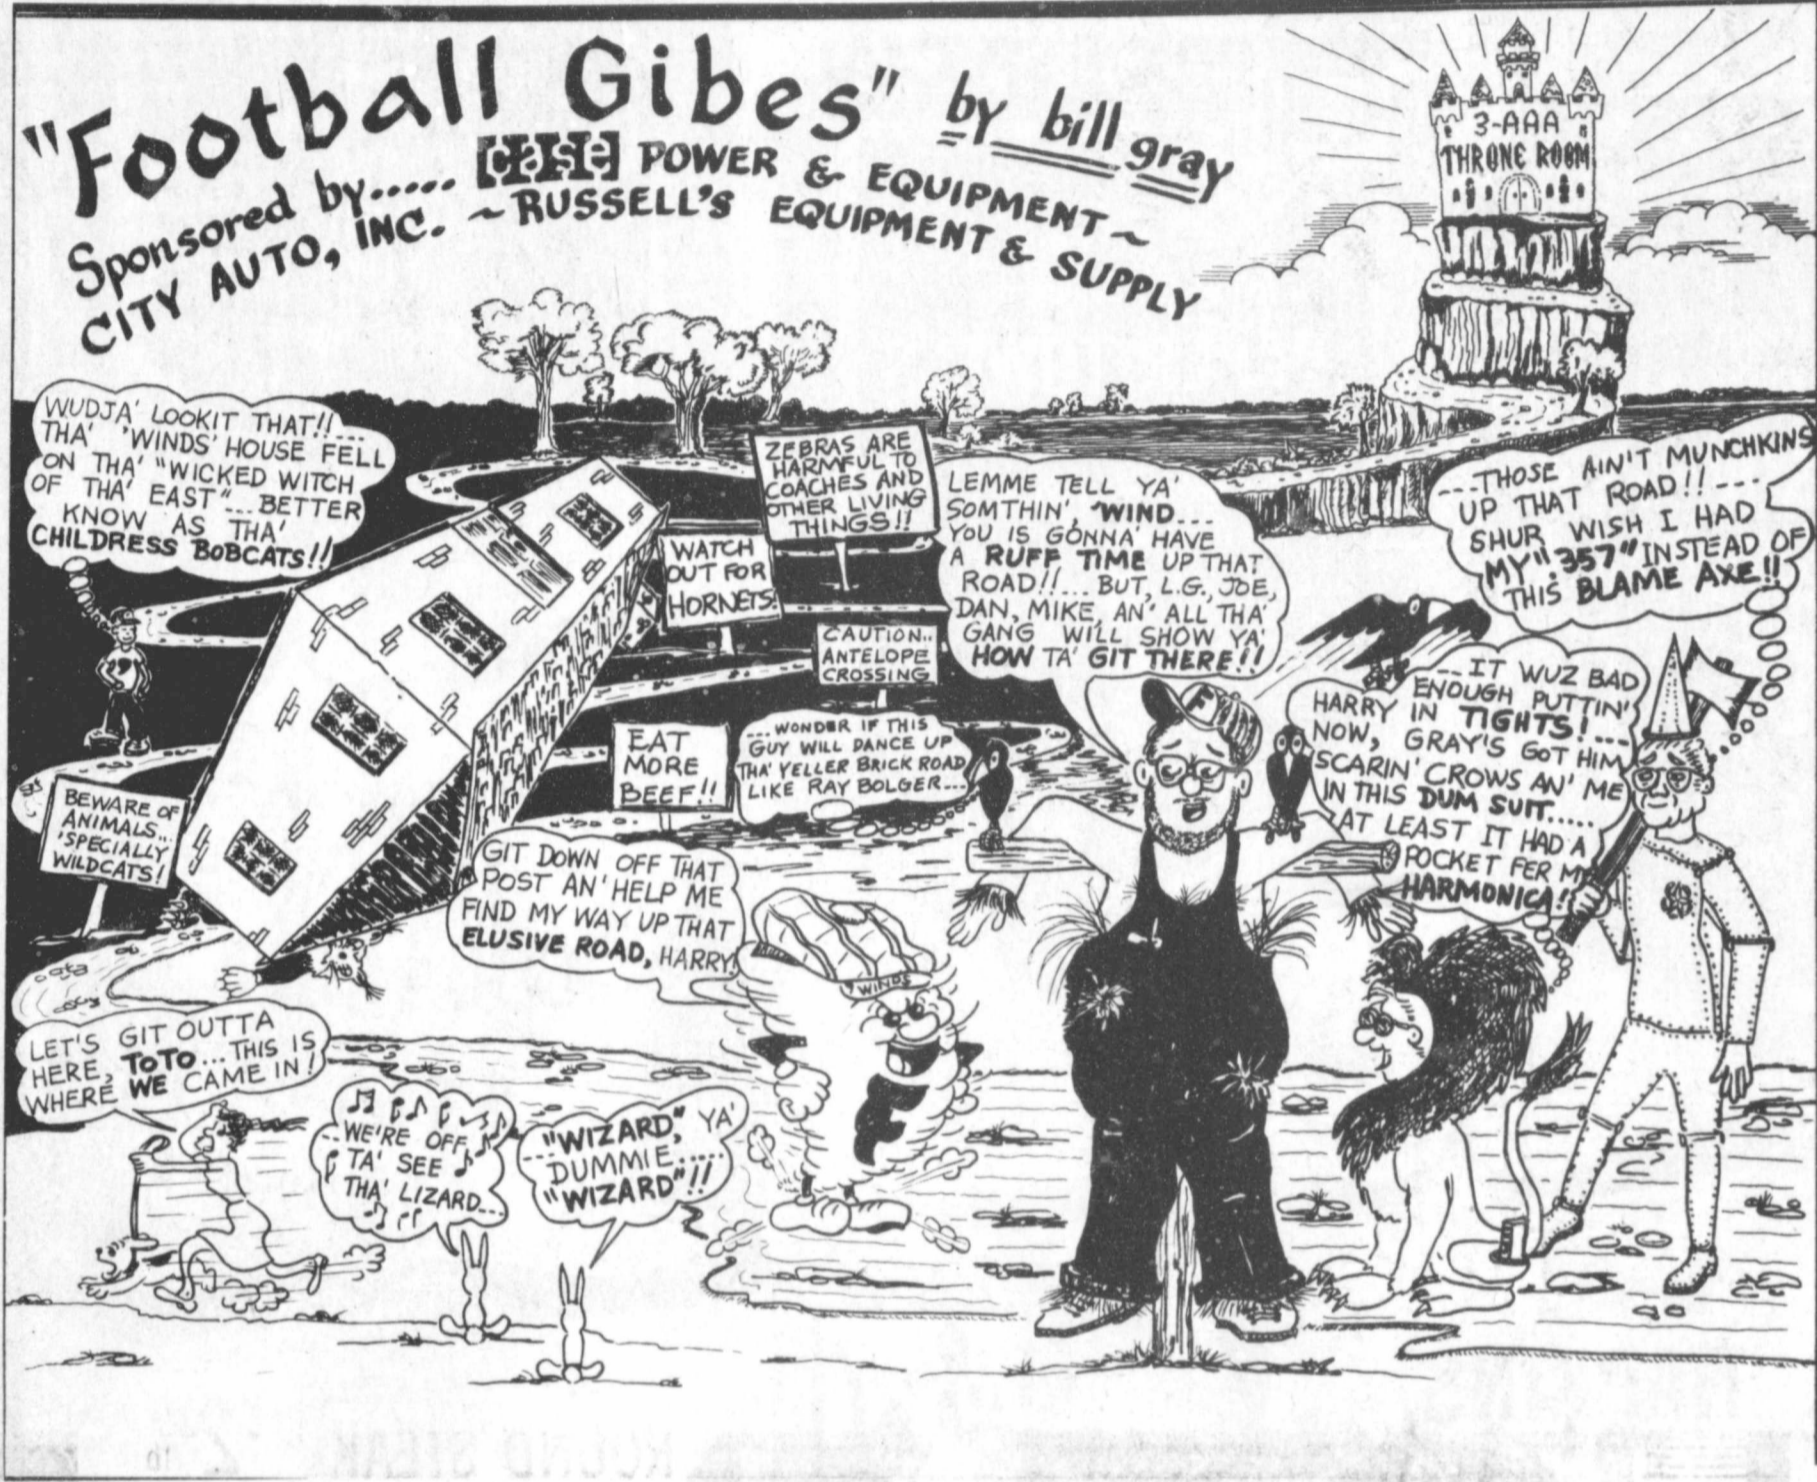

and Wednesday. In the scrimmage against Petersburg, our defense was moving real good. Our quickness is good and several boys showed they will be capable of seeing that the Winds will once again have a top defensive team. The offensive unit operated real good in spots but showed a little in consistency.

We hope to have that worked out by the time of the first game with Dimmitt. The Winds will scrimmage Plainview at 3:30 Thursday on Wester Field. We hope to correct some things both offensively and defensively in that scrimmage and become a smoother, better operating team. We still have a few reserve seats for sale and with six

home games this year and with the prospect of an exciting team, we encourage you who haven't bought your seats to do so soon. We would like for you to also consider joining the Quarterback Club to help support the Winds this year and fellowship on Monday night as you view the previous week's film.

Floydada Whirlwinds 1981 Schedule

Grace Abounding

In a letter to his spiritual son Timothy, Paul wrote some 1900 years ago about his conversion: "I was before a blasphemer, a persecutor, and injurious, but I obtained mercy because I did it ignorantly in unbelief. AND THE GRACE OF OUR LORD WAS EXCEEDING ABUNDANT..." (I Tim. 1:13,14). And he follows this with the now famous declaration: "THIS IS A FAITHFUL SAYING AND WORTHY OF ALL ACCEPTATION, THAT CHRIST JESUS CAME INTO THE WORLD TO SAVE SINNERS, OF WHOM I AM CHIEF" (Verse 15). Upon reading these words of Paul, those who know their Bibles will immediately recall the words of Romans 5:20,21: "...The law entered, that the offense might abound, BUT WHERE SIN ABOUNDED, GRACE DID MUCH MORE ABOUND, THAT AS SIN HATH REIGNED... SOMIGHT GRACE REIGN..." These two passages from the pen of Paul have a closer connection than may appear on the surface. The Apostle Paul, once Saul of Tarsus, had led his nation and the world in rebellion against Christ. "As for Saul," we read in Acts 8:3, "he made havoc of the church," and he himself testified to the Galatians: "Ye have heard... how that beyond measure I persecuted the church of God, and laid it waste" (Gal. 1:13). Yet God, in infinite mercy, had saved Saul, not only for Saul's own sake, but to make him the living demonstration of his grace. Thus, in writing to Timothy, the apostle goes on to explain: "Howbeit, FOR THIS CAUSE I OBTAINED MERCY, THAT IN ME FIRST JESUS CHRIST MIGHT SHOW FORTH ALL LONGSUFFERING FOR A PATTERN TO THEM WHICH SHOULD HEREAFTER BELIEVE ON HIM TO LIFE EVERLASTING" (I Tim. 1:16). Let's take our places with Saul, the sinner, and find salvation by grace through faith in Christ, the Savior. "Believe on the Lord Jesus Christ and thou shalt be saved."

OBITUARIES

Probasco "picks locks" for a living in area

BY TERRY WILLSON

A Floydada man has returned home and established a locksmith business. Don Probasco, who left Floydada in 1972 has opened Pro-lock Shop at 109 Ollie. "Being a locksmith is fascinating and interesting, yet sometimes frustrating work," said Probasco. Probasco became interested in locksmithing several years ago when he read a magazine advertisement. "Many people don't realize that home locks do not have to be replaced," said Probasco, "but can be changed to avoid the problem of an extra key."

Probasco said re-keying costs are very reasonable. Probasco said deadbolt's can be installed with same brand as regular key-in-knob

lock and be fitted with one key for both locks. He received his training from the Belsaw Institute. He is a Bended Certified Locksmith.

Probasco has various equipment that allows him to change locks, make keys, repair locks and do any other locksmith work that is necessary. He has over 2,000 blank keys in stock and has access to many more through several wholesalers. He also stocks key rings, wallet-contained key holders and security key chains. Probasco said that 50% of all burglaries are the result of unlocked houses. "Secured doors make the thief take more time to get inside, so his chances of getting caught increases with the proper locks and equipment," said Probasco. Probasco is on call 24 hours a day for professional locksmith service.

Frances and Harold Berry of Amarillo spent Saturday with his father. Both were raised here and seemed amazed at all the fine new homes here. They were surprised at the number of recent graves at the cemetery.

lock and be fitted with one key for both locks.

COMPANY

April 1946 from Austin. She
married James H. Word
January 1, 1938 in Austin.

A member of First United
Methodist Church, Mrs.
Word was on the church's
memorial committee. She
was a homemaker and a
member of the Texas Ar-
cheological Society. Mrs.
Word was past president of
the American Heart Associa-
tion in Floydada and past
president of the Women's
Division, Floydada Chamber
of Commerce.

Survivors are her husband;
three daughters, Ann Carr
of Floydada, Mary Garrett
of Kansas City, Missouri, and
Elizabeth Arnold of San An-
tonio; one brother, R.B. Cousins
of Dallas; and seven
grandchildren.

Pallbearers were James L.
Willson Jr., William M.
Staniforth, Don Malcolm
Daniel, Howard Gregory,
Charles Tyer Jr. and S.E.
Sparks.

CLAUDE FAWVER

Claude Fawver, 81, of
Floydada died at 4:44 p.m.
Tuesday, August 18, in Lub-
bock General Hospital after a
brief illness.

Services were at 2:30 p.m.
Thursday in First Baptist
Church, Floydada, with Dr.
Floyd Bradley, pastor, officiat-
ing. Burial was in Floydada
Cemetery directed by Moore-
Rose Funeral Home of Floy-
dada.

Mr. Fawver, a Floyd Coun-
ty native, was a farmer and
rancher. He married Notie
Belle West September 22,
1924 in Floydada. He was a
member of Dougherty Bap-
tist Church.

Survivors are his wife; a
daughter, Mrs. Floyd Brad-
ford of Floydada; two bro-
thers, G.L. Fawver of Floy-
dada and Marvin Fawver of
Stephens, Arkansas; a sister,
Mrs. Willard Willis of Abi-
lene; two grandsons and
three great-grandchildren.

HARLIN C. WALL

Harlin C. Wall, 70, a well-
known eastern New Mexico
rancher, died Sunday in Red
River, New Mexico where he

had been injured August 13
in a two-vehicle accident.

Services were at 10 a.m.
Wednesday in First Baptist
Church, Logan, New Mexico.
Burial was in Tucumcari
Memorial Park Cemetery by
Dunn Funeral Home of Tuc-
umcari.

Mr. Wall was born in
Lockney, and moved to New
Mexico in 1912 when his
parents settled at Tatum. He
ranchled south of Vaughn for
25 years before moving to
Logan 10 years ago.

Surviving are his wife; two
sons, three brothers; and five
grandchildren.

J.H. HUDGINS

J.H. (Pete) Hudgins, 58, of
Lubbock, formerly of Plain-
view, died at 3 a.m. Wednes-
day, August 29, in Lubbock
Methodist Hospital after a
brief illness.

Services were at 2 p.m.
Friday in Lemons Memorial
Chapel. Officiating was the
Rev. W.P. Brian, retired
Baptist minister of Crosby-
ton, assisted by the Rev.
Merle Stephens, pastor of
Seth Ward Baptist Church.
Burial followed in Parklawn
Memorial Gardens by Le-
mons Funeral Home.

Hudgins was a brother-in-
law of Mrs. Randall (Doris)
King of Floydada.

Mr. Hudgins was born
January 23, 1923 in Plain-
view and grew up there,
attending Plainview Schools.
During World War II, he
served in the Air Force and
afterward returned to Plain-
view. He operated Hudgins-
Phillips Drilling Co. there.

In 1969 Mr. Hudgins
moved to Lubbock where he
was foreman of the City of
Lubbock Water Department,
retiring in May of this year.
He was a member of Seth
Ward Baptist Church and
Ray Blakemore American Le-

**REMEMBER your
loved ones with a
living memorial to the
Caprock Hospital Auxil-
iary Memorial Fund.
Mrs. Ben Whitaker,
Treasurer.**

gion Post.

He married the former
Dorothy Mauldin June 3,
1954 in Clovis, New Mexico.

Survivors are his wife; two
brothers, Earl and Carmel
Hudgins, both of Plainview;
and two sisters, Opal Phillips
and Beulah Faye Cox, both of
Plainview.

LILLIE GOODMAN
Lillie Goodman, 89, of
Denver City, who died at
2:22 a.m. Thursday, August
20, in Yoakum County Hospi-
tal in Denver City after a
lengthy illness, was the
mother of Mrs. Johnnie Kel-
lison of Lockney.

Services were held at 10
a.m. Friday in the Assembly
of God Church, Denver City.
Graveside rites were con-
ducted at 3:30 p.m. Friday in
Bailey County Memorial
Park in Muleshoe directed by
Singleton Funeral Home of
Denver City.

Mrs. Goodman had been a
resident of the Good Samaritan
Nursing Home in Lovings-
ton, New Mexico for the past
six years. She previously
lived in Muleshoe. The former
Lillie Helm married Calvin
Goodman November 16, 1915
in Milburn, Oklahoma. He
died in 1970.

Also surviving are two
sons, another daughter, a
sister, nine grandchildren,
seven great-grandchildren
and a great-great-grand-
child.

SALLY AUSTIN REEVES
Services for Sally Austin
Reeves, 82, of Memphis

were held at 4:30 p.m. Mon-
day, August 24, at the First
Baptist Church in Memphis
with the Rev. O.K. Bowen,
pastor, officiating. Bobie
Miller, minister of music of
the First Baptist Church in
Floydada, provided the mu-
sic.

Burial was at the Fairview
Cemetery in Memphis under
the direction of Spicer Fun-
eral Home.

She died Friday at her
home seven miles northwest
of Memphis.

Mrs. Reeves was born Oc-
tober 4, 1898 in Wilbarger
County, Texas. In 1917 she
moved to Floyd County with
her parents, Edward Cole
Austin and Elizabeth Hull
Austin. The family settled in
the Fairview Community in
northeast Floyd County. She
graduated from Wayland
College in 1920 and also at-
tended Simmons College in
Abilene and West Texas
Normal in Canyon. She
taught school in Abernathy
and in the Fairview Com-
munity in Floyd County.

In 1924 she married Sim
Tillman Reeves, and they
made their home in the
South Plains Community un-
til 1961 when they moved to
a ranch in Donley County.
After her husband's death in
1969, she continued to live
on the ranch until her death.

She was a member of the
First Baptist Church in
Memphis, the Delphian
Study Club, and the Blue-
bonnet Club.

Survivors include one

daughter, Carol Bell of Floy-
dada; three sons, John T. of
Canyon, Raymond O. of
South Plains, and Robert W.
of Silverton; one sister,
Glennie Bullard of Hitch-
cock; two brothers, Vern
Austin of Mena, Arkansas
and Truitt Austin of Lub-
bock; 12 grandchildren and 2
two great grandchildren.

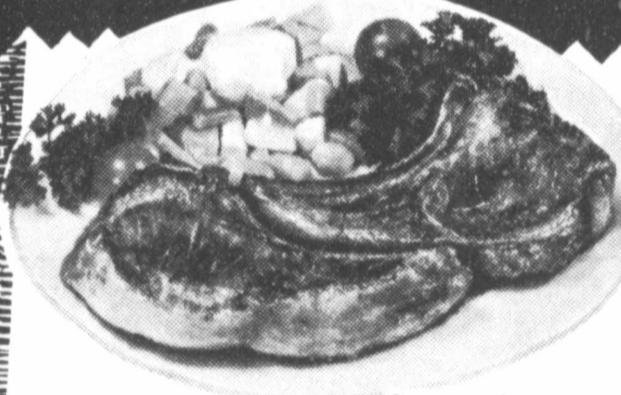

Pallbearers were Leonard
Wilson of Clarendon, Garnet
Reeves, R.E. Twilla, and
Tom Austin of Lubbock, Don
Bullard and George Bullard
of Dell City, Texas, Austin
Ruddick of Pampa, Dr. Brad-
ford Reeves of Wichita, Kan-
sas, and Joed Forbus of Bor-
ger, all nephews of the de-
ceased. Honorary pallbear-
ers were the deacons of the
First Baptist Church of
Memphis.

The family requests that
memorials be made to a
scholarship fund at Wayland
Baptist University.

Earned income credit received in two ways

Persons qualified for the Earned Income Credit may continue receiving the credit in paychecks or as a part of their tax refund at the end of the year, according to the Internal Revenue Service.

Before the 1979 law change, qualifying persons received Earned Income Credit in the form of a tax refund after they filed their Federal income tax return. Now, eligible taxpayers can receive the credit in the same way, or, may choose to get it in advance payments each payday. Qualified persons must present a signed Form W-5, "Earned Income Credit Advance Payment

Certificate," to their employers, if they choose the paycheck option.

The law change raised the base amount to 10 percent of earned income up to \$5,000, for a maximum credit of \$500. In other words, the closer earned or adjusted gross income gets to \$10,000, the smaller the credit, until it reaches zero at \$10,000.

For additional information on the Earned Income Credit and advance payments, taxpayers may telephone IRS. The number is located in the telephone directory under "Federal Tax Information."

Card of Thanks
We want to express our appreciation for all the prayers, flowers, cards, food, and kindness shown during the illness and death of our loved one.

Our special thanks to the Caprock Hospital staff and doctors, and to Dr. Floyd C. Bradley for all his visits and prayers and the beautiful service.

May God bless each of you.

PUBLIC NOTICE

Floyd County Day Care Center Inc. announces sponsorship of the Child Care Food Program. All children in attendance will be offered the same meals with no physical segregation of, or other discrimination against any child, because of race, color, sex, national origin, or ability to pay. This statement applies to the center listed below: Floyd County Day Care Center Inc., 601 E. Ross, Floydada, Texas 79235.

NOTICE

Energas Company, a division of Pioneer Corporation, hereby gives notice of its intent to implement new rates for domestic and commercial type, small industrial and large air conditioning/electric generating customer classes residing in the unincorporated areas (environs) of its West Texas System. It is anticipated that the new rates will result in a 1.6% increase in Energas' gross revenues on its West Texas City Plant System, which increase is a "major change" as defined in Section 43(b) of Article 1446c, V.A.T.C.S. A Statement of Intent to change said rates was filed with each of the cities and towns (listed below) on or about July 31, 1981, and is available for inspection at the Company's Amarillo office, 301 S. Taylor Street.

NOTICE TO PROPERTY OWNERS Weed Ordinance No. 590

This is to notify owners of property within the City of Floydada to keep property free from weeds. If weed conditions are not corrected after this notice, the City of Floydada may see that such work is done and charge the expenses incurred in doing or having such work done to the owner of such property. Such expenses shall be assessed on the real property upon which such expense is incurred.

If the amount of such expense is not paid by the real property owner, the City of Floydada will file a statement of such expenses with the County Clerk of Floyd County, Texas and a lien shall be recorded.

By order of the City Council of the City of Floydada, Texas.

A regular meeting of the Board of Directors of the County Central Appraisal District will be held on September 2, 1981, 9:00 A.M. in the appraisal board room, room 107, County Court House.

NOTICE TO BIDDERS

The City of Floydada, Texas will receive bids for the office of the City Secretary at 114 W. 11th Street, September 8, 1981 and they will be publicly read at the City Council meeting at the meeting room at the City Hall for the following:

- INSURANCE - Comprehensive General Insurance
- Comprehensive Automobile Liability Insurance
- Automobile Medical Payments Insurance

INSTRUCTIONS:

1. Coverages, Limits of Liability, List of Exclusions covered may be obtained from the City Secretary, Virginia, Floydada.
2. The City Council of the City of Floydada reserves the right to accept or reject any bid submitted.

Jimmie Lou Stewart
City Secretary

NOTICE AS TO BRAND REGISTRATION

Every resident of Floyd County, having a brand covered may be obtained from the City Secretary, Virginia, Floydada.

Relving on an erroneous interpretation of the law, applicants for brand registration, or re-registration or re-registration of a brand within the City of Floydada, Texas, August 30, 1981, would be effective to preserve for 10 years after August 30, 1981, or until August 30, 1991. The Attorney General has now ruled that brands registered or re-registered prior to August 30, 1981, must be re-registered within 6 months after August 30, 1981, to preserve it until August 30, 1991.

To avoid the unintended consequence of incurring expense to brand registrants resulting from an interpretation of the law, on which we acted in approval of the Commissioners Court, we hereby approve to show all brands registered, or re-registered, on or after February 28, 1981, that is, within 6 months prior to August 30, 1981, as having been registered or re-registered September 1, 1981, which will preserve such brands until August 30, 1991.

Accordingly, if you have registered or re-registered a brand on or after August 30, 1981, at any time subsequent to August 30, 1981, you must re-register it on or before February 28, 1981, to preserve it. If you have not re-registered a brand since February 28, 1981, you must re-register or re-registration is now effective September 1, 1981, and will preserve your brand until August 30, 1991.

South Plains News

Classes begin today at South Plains public schools

BY MRS. MURRY JULIAN
South Plains, August 24:

South Plains Elementary School begins this Thursday, August 27, at 8:45 a.m. with principal, Mrs. Charlene Starke. Cook for the year will be Mrs. Nina Sanders (Richard), who will see to the healthful needs of the pupils and teachers. Teachers: 5-6th grades, Mrs. Wayne (Jimmie) Hunter, 3rd and 4th grades, Miss Carol Arnold; 1st and 2nd grades, Mrs. Rance (Nancy) Young, and kindergarten, which will start later in the year with teacher Mrs. Charlene Starke.

1981 PTA: The South Plains PTA will hold their first meeting of the year on Monday, August 31, at 4:00 p.m. in the school cafeteria. Starting in October the meetings will be scheduled for every first Thursday of the month. This year's officers for PTA are Connie Johnson, president; Annelda Staples, secretary; Helen Teeple, treasurer; and Janis Julian, party chairman.

Sunday night visitors at the South Plains Baptist Church from Plainview were Mr. and Mrs. Wallace Cannon, Mr. and Mrs. Gene and Kay Gaylor, and Terry Babcock. Morning visitors at the church for Sunday School and church were former members, Mr. and Mrs. Doris and Tillman Powell, who moved to Howe, near Dallas, last year. We were glad to be able to visit with them, and they report it is very dry in Dallas at this time.

Rev. Cecil Osborne went to Floydada all last week where he attended the School Bus studies. The school was over with at 12:30 p.m. on Saturday.

September 6th, the South Plains Baptist Church will visit the nursing home in Lockney to visit and entertain the people there. Time for the meeting will be 3:00 p.m. Please make plans to go and see all those in the Lockney Convalescent Home.

Mr. and Mrs. Richard Sanders and boys were in Ruidoso, New Mexico for a vacation trip over the weekend before this past one, August 13. This past Saturday Mrs. Nina Sanders and her mother Mrs. Mary Gresham from Plainview went to Sundown to spend the day with their children, Regina and Bobby Craddock, who reside in Sundown.

Mr. and Mrs. Cecil Osborne Sr. from Tulia were Baptist Church visitors Sunday morning, and they spent the rest of the day with their son and wife, Rev. Cecil and Joyce Osborne, with the occasion a special one, since it was the 57th anniversary of the Osborne's marriage.

Mr. and Mrs. Tillman Powell and Sandy of Howe visited over the past weekend with their children, Tom and Kay Powell of Floydada. They returned back home Sunday evening.

Workers Conference for the Baptist Churches will be held for the month of September on September 8, at the South Plains Baptist Church, two weeks from this coming Tuesday. At 6:30 p.m. there will be a business meeting and at 7:05 dinner will be served to everyone attending. A program follows this. Get in touch with Mrs. Ruby Higginbotham for dishes to bring for the meal.

Mr. and Mrs. Tom and Billie Cherry of Lubbock, who formerly lived here in South Plains, visited on Saturday, September 8 with Mr. and Mrs. Raymond Upton. The Cherry family are now retired and enjoy life in Lubbock.

Mr. and Mrs. Vera and Roy Burks of Dallas were visiting in Ruidoso, New Mexico last week with friends Mr. and Mrs. Early Pritchett. Early came home here to see about field work on Monday. We miss Mrs. Pritchett here, and will be glad when frost comes, so she can be in her South Plains home.

Sunday, September 9, Mr. and Mrs. Leighton Teeple entertained at dinner, friends Mr. and Mrs. Rex Davey, their pastor and family, Rev. and Mrs. H.R. Summers, Christy and Stacy, and their assistant pastor, Dave Short, and all the guests were from Plainview.

Mr. and Mrs. Sylvan Kinnibrugh and other members of their family were at Lake Kemp for a weekend stay, August 8 and 9, where they enjoyed swimming, fishing and boating, at their lake cabins. They had blistered faces and legs from the outing! This past weekend the Kinnibrughs kept their grandson, Latham Dickens, four year old, who resides at Plainview. Mrs. J.A. Kinnibrugh, mother of Sylvan is in the hospital at this time at Seymour Hospital, and hopefully she may get to go home this week. Mrs. Kinnibrugh's brother, Grady Spivey, of Navasota, is also in the hospital there after suffering some heart trouble.

Mrs. Ruby Higginbotham left Friday the 21st for Lubbock to stay the weekend with her son, Bud and his children. She had spent a week with him and the children during the first part of August, on the 8th.

Former South Plains resident, pioneer Mrs. Sally Reeves died

A wonderful pioneer ranch woman and dear friend, Mrs. Sally Reeves, of Memphis, where she resided on her ranch, was taken in death on Friday, August 21st. Her granddaughter, Jean Reeves and Carol Ann Bell had been staying with her during the week. Jean was the last one to be with her and she was feeling fine when she left. Many friends from here are going to Memphis today, August 24, where services

will be held at the First Baptist Church, at 4:30 p.m. Mrs. Reeves will be laid to rest beside her husband, Sim Reeves, who preceded her in death several years ago.

Fitzgerald reunion held at Lake Mackenzie

43 members of the Fitzgerald family spent the past weekend at Lake Mackenzie, where they enjoyed cook-outs, picnics, boating, and visiting from Friday evening to Sunday evening at dinner. Mrs. Letha Mulder was present with her family from here, and Mr. and Mrs. Nathan Mulder, Cindy, Penny, Cory and Jimmy spent Saturday there with the family.

Friday night many families attended the Lockney Co-operatives banquet and evening of enjoyment at the Lockney school house in Lockney. During the evening, prizes were awarded at the door, and those from here who received lovely gifts were Mr. and Mrs. L.N. Johnson, who won a microwave oven, Mrs. Janis Julian won a beautiful brass lamp, and Elmo Reeves won a copper coal bucket.

Bill Thomas was in the Lockney Hospital on August 8 and 9. He is out and about now, and was present at Baptist Church services here Sunday.

Mr. and Mrs. Royce Bethel and little girls, Shelli and Jamie, were in Red River, New Mexico the first part of August for a vacation, and enjoyed the cool and beautiful mountain resort, where they visited a fish hatchery at Questa, and took a jeep trip of 3 hours, over the mountains around Red River, among the many things they enjoyed.

Mrs. Mamie Wood, Mrs. Letha Mulder, Mrs. Gertrude Smitherman and Mrs. Bonnie Julian left here on Tuesday, August 11 to spend the night in Amarillo, and then left for Nashville, Tennessee, for a bus tour on Wednesday, August 12 and returned Tuesday, August 18. They went to Tulsa, Oklahoma where they saw the Oral Roberts complex, a very beautiful campus, and went up into the prayer tower. They toured Memphis, Tennessee the next day, and visited all the sights there, and it is a city where everything is "Elvis." Reaching Nashville, they saw the sights there, and on Saturday visited "The Grand Ole Opry." Their last day, Sunday, they visited Opryland, and Monday night they reached Russellville, Arkansas, where they had a delicious banquet, and spent the night at a Holiday Inn. They were in rain a great deal of the time, but it did not dampen the spirit of the 42 people on the Nashville Adventure trip. At the Grand Ole Opry they saw Porter Wagoner, Roy Acuff, Four Guys, Hank Snow, and doz-

ens of others, mostly newcomers to us. The bus was new, the escorts were wonderful, and the bus driver kind and thoughtful. All had a wonderful week with the Trailways Tours.

Mr. and Mrs. Harold Hamm and their daughters and family, Dr. and Mrs. Tom Aufdemorte and Christy of San Antonio, accompanied them on a trip to Estes Park, Colorado for a vacation three weeks ago, and spent about a week up there, returning August 8. Another daughter, Mrs. Mike Berkes of Dallas, met them in Amarillo and came here for a visit with them.

We extend congratulations to Mary Elizabeth Kinnaird and Dr. William Bledsoe, of Dallas who have announced their intention to wed on October 24, in Hot Springs, Arkansas. Bill grew up in South Plains community and attended schools here. They will make their home in Dallas where Bledsoe is a dentist.

Sunday, August 9, Mark Morris filled the South Plains Baptist pulpit, taking Rev. Osborne's place while they were on a vacation to Dallas, and then to Shreveport, Louisiana, where they attended a friend's wedding. Rev. Osborne and wife, Joyce, are busy this month putting up vegetables, and fruits, and they have had her mother, Mrs. Cody Taylor of Muleshoe here a week with

them, and their daughter, Mrs. Ron Sommers and Jennifer and Jamie here with them from Mineral Wells.

Mrs. Alvin Nichols reports her grandson, Lt. Commander David Allen is on sea duty now on the Ship Forrester. 14 planes are under his command, and he is near Libya at this time.

John Cummings left Saturday and with friends Tyke Dipprey and Roy Moody, of Lockney. They attended the

Cowboy-Pittsburgh Steelers football game in Dallas Saturday night. Sunday, John, who is the son of Mr. and Mrs. Sterling Cummings, went on to Henderson County Jr. College, where he will be attending college class for the coming year.

Visitors in the home of Mr. and Mrs. Bob and Janelle Reeves, August 15, were Mr. and Mrs. Kerry Reeves, Kellas and Kristi, Mr. and Mrs. Daryl Le

Boeuf, Mrs. Jim Hayes, Julie Hignight, Mark Reeves and Jean Reeves. Mr. and Mrs. Kerry Reeves are moving to Idabel, Oklahoma and Kellas and Kristi have been visiting their grandparents the last two weeks.

Mr. and Mrs. James E. Hignight, 6253 Wheaton Drive, Fort Worth, announce the engagement and forthcoming marriage of their daughter, Julie Jeanean, to Mark Paul Reeves, son of

Tyer honored with scholarship

More than 1,000 entering freshman students have received the WTSU President's Honor Scholarships.

Following the latest of three financial gifts from the Don and Sybil Harrington Foundation, the WTSU President's Honor Scholarship program was renamed the Don and Sybil Harrington Honor Scholarship program. Don and Sybil Harrington Honor Scholars who score high on the American College Test and the Scholastic Aptitude Test, which are college entrance examinations, will receive an additional \$100 scholarship and be recognized as President's Honor Scholars.

The additional scholarship will be awarded to the students who have scored at least 28 of a possible 36 on the ACT and 1,220 of a perfect 1,600 on the SAT entrance examination.

Students from states other than Texas who receive at least \$200 in competitive scholarships to WTSU are allowed to pay resident costs. Out-of-state tuition costs often are 10 times greater than resident charges.

Scholarships are awarded from the interest on the \$600,000 which has been invested.

Mr. and Mrs. Janelle Reeves, The Center West Texas University in the fall of 1981, as freshmen have received the Don and Sybil Harrington Honor Scholarships.

Scholarships of \$200 have been awarded to west High School graduates who are members of high school National Honor Societies in seven states. The WTSU Developmental Honor Society, awarded to students in 115 communities in Alabama, New Mexico, Colorado, Ohio and New York.

Scholarships have been awarded to graduates from Floydada High School are Terri Suzenty, daughter of Mrs. Travis Gentry and Wanda Smith; Mrs. Charles Tyer of Floydada High School; and Mrs. Muriel Whitfill of Murrillville High School.

graduates from Sul Ross

C. Pufal of Floydada among 148 graduates from Sul Ross State University during commencement ceremonies in the Main Auditorium.

Ms. Pufal received her Master of Education degree in education.

SLICING THE WATERMELON—Jack Samford, top photo, slices another watermelon at the Old Fashioned Saturday Night in Lockney. Free watermelon was given to the public that evening. Wynona Allison, lower photo, examines the baked goodies at a bake sale held at the Old Fashioned Saturday Night.

Bettye L. Poole among 341 WT graduates

During summer commencement ceremonies at West Texas State University, 341 graduates have been awarded degrees.

Degree recipients include 220 graduates earning bachelor's degrees and 121 master's degree recipients in eight areas of specialty.

Degree recipient from Floydada is Bettye L. Poole, Master of Education in Counseling.

Nursing Home residents enjoy fruits, vegetables

BY DOROTHY NEFF

We went to Roaring Springs Ranch Wednesday afternoon. It was so pretty and green, not a bit like the South Plains at this time of the year usually.

Mamie Daniels went with us for the first time and she enjoyed every minute.

Mamie loves to go places and see the pretty flowers.

Before entering the home, Mamie entered her home grown flowers in Fairs and flower shows in several different counties.

Others enjoying the trip were Mr. W.C. Cates, Emmitt Lawrence, Iva Simpson, Juanita Bailey, Verna McSwain and myself.

Clara Williamson was top winner in bingo with four games. Vera Duke, W.C. Cates, Emmitt Lawrence and Clara McNeely won two games each.

We certainly want to thank Lois Walls for the 100 pound sack of potatoes. The residents have enjoyed baked potatoes several times since she brought them.

We would like to thank the Floyd County Library for the use of their projector Friday. Residents gathered in the lobby to see this movie, "Shane" and eat oatmeal cookies brought to them by Evelyn Crull of Lubbock.

Visitors this week were: Dana, Kim and Jo Lee Ellis, Lynn and Orville Marler, Jennifer Grundy, Evelyn and Jack Crull, Allene Henry, Marie Baxter, Lois Jones, Leona McNeill, Miles Meredith, Keith Teeple, Cory Mulder, Bryan Henderson, Tim Julian, Chad Williams, Bryan Teeple, Helen Teeple, Gail Henderson, Curtis Julian, Kathy Mulder, Curtis Meredith.

Marion Bailey, Gary and Emma Pate, Lucille Sisson, Lewis and Ona Peach, Dana, Kim and Jo Lee Ellis, Cindy Covington, Burmah Probasco and Charley L. Berry, Sr.

After the races the Cub Scouts helped their Mother, Gail Henderson, Janis Julian, Kathy Mulder and Helen Teeple serve cake and punch to about thirty residents who enjoyed the races very much.

Curtis Meredith was also a guest at the derby.

Mrs. Sue Thompson is in Caprock Hospital with a broken hip which she received in a fall last week. We send her our love and prayers for a speedy recovery.

For additional TSTI-Amarillo program information, call (806) 335-2316 or write to Admissions Office, TSTI-Amarillo, P.O. Box 11197, Amarillo, Texas, 79111.

The program is the only Transport Refrigeration Mechanics program approved by the Texas Education Agency in the State of Texas.

The new Computer Science Technology Program's course offerings for the fall will include introduction to computer technology, introduction to computers and programming, data entry and computer operations and introduction to computer math.

Students can earn an Associate degree after six quarters (18 months); however, students not electing to receive an Associate degree can obtain a Junior Programmer certificate after four quarters (12 months) or a Programmer certificate after five quarters (15 months).

Refrigeration, Computer, programs new at TSTI

This fall, TSTI-Amarillo will offer two new technical/vocational programs: Transport Refrigeration Mechanics and Computer Science Technology.

TSTI-Amarillo's Transport Refrigeration Mechanics Program will train students in all phases of refrigeration repair, including inspection, evacuation, charging, troubleshooting, engine service, welding, soldering, refrigeration theory, electrical controls, schematic reading and metering.

The program is the only Transport Refrigeration Mechanics program approved by the Texas Education Agency in the State of Texas.

The new Computer Science Technology Program's course offerings for the fall will include introduction to computer technology, introduction to computers and programming, data entry and computer operations and introduction to computer math.

"Make It With Wool"

Forms available

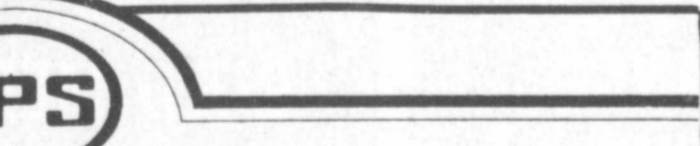

Forms are available in the district "Make It With Wool" contest November 1-15 at the Texas Tech Home Economics Department.

The contest is a promotion of the total fashion look is the main goal of the fashion competition, Timmons said. Contestants will model their own clothes before judges who will look for coordination of the fabric to the pattern, poise and suitability of the garment to the contestant's age and way of life.

Age divisions for the contest are pre-teen (through 13), junior (14-16), senior (17-24) and adult (over 24).

District winners will compete for scholarships, vacation trips and sewing machines at the state contest December 5 in Denton.

The contest is sponsored by the Women's Auxiliary of the National Wool Growers Association.

Service power plants. Coal is being used more now because other fuels cost too much.

In Wyoming alone, there's enough coal that some areas of Black Thunder won't be mined until the year 2013. That's a lot of electricity. Coal. It's good to know there are some things you can depend on.

SOUTHWESTERN PUBLIC SERVICE COMPANY

THE NEW ENERGY FRONTIER: Coal, America's new energy frontier. Black Thunder Coal Mine near Hulett, Wyoming, sits on part of 50 billion tons. Tapping this huge new reserve of raw energy is a task that takes a combination of resources and pioneering spirit. The kind that fuels booms of opportunity. And we're here helping.

Last year, 3 million tons of this coal was used as fuel to make electricity at Southwestern Public

ENERGAS

Gas water heating saves 73 percent!

Efficient gas water heating saves you 73% over electricity. Modern gas water heaters, with improved design features, use 1/4 less energy than earlier models and can still supply all of the hot water you need. A gas water heater combined with good conservation practices saves energy... and money. At Energas, we are committed to keeping you in hot water the most efficient way.

Farm News

Shorter season increases defoliant needs

In their process of shortening the cotton season to complete harvesting before the late summer storms, Texas farmers are increasing their need for a chemical defoliant at harvest time, cotton specialist say.

"We want to get the cotton harvested as soon as possible," explains Dr. Robert Metzger, extension cotton specialist at Texas A&M University. "But, desiccants used to prepare the plants for harvest, such as paraquat or arsenic, require a 75 to 80 percent open boll count to be economically effective and also the prevent yield reduction."

To help beat the bad weather, Metzger says, growers can use a defoliant before the desiccant to hasten opening of the mature bolls. The defoliant should be applied when 60 percent of the bolls are open.

Weather conditions are important for this application, according to Doug Nail, Mobil Chemical Company's product manager for Foxel defoliant.

"The ideal weather conditions for applying defoliants are warm and sunny days with night time temperatures above 65 degrees F," Nail told the Farm American News Service. "Average conditions — 55 to 65 degrees — may require a higher rate of defoliant for good results."

A desiccant is ensured better coverage on large plants when a defoliant is applied first. Once the desired defoliation has taken place, which may range from four to seven days, then a desiccant is applied.

Spray coverage is crucial with both defoliants and desiccants to get the full effect of the chemicals. The materials don't translocate, so they have to reach each leaf at application. Experts recom-

mend five gallons of spray per acre minimum for aerial application.

At least 15 gallons of spray per acre should be used with ground equipment, and up to 12 gallons by air or 30 gallons on the ground for a tall, rank crop. Large spray droplets help to get the defoliant down into the plants, where it can knock off bottom leaves as well as the upper canopy.

One important rule of thumb Metzger

stresses is: don't defoliate acreage faster than you can harvest it. "For example, you shouldn't defoliate 500 acres at any given time," Metzger points out.

If the harvest is delayed, there's an opportunity for regrowth. The second growth adds excess moisture which hampers storage and ginning, and may even impart a green stain to the cotton, which lowers the lint quality.

Government-held grain unfair to producers

Concentration of government-held grain on the High Plains of Texas is unfair to Texas producers who are about to harvest one of their best crops on record, Texas Farm Bureau President Carrol Chaloupka said.

"Farm Bureau has asked Secretary of Agriculture John Block to avoid dumping this stockpiled grain on the market because of the price-depressing effect," Chaloupka said. "We assured the Secretary that Farm Bureau backs his promised efforts to liquidate the grain — mostly corn from the midwest — in an orderly manner over a period of time to avoid disrupting grain markets."

The grain was bought by the government in 1980 in an effort to shore up grain prices following the embargo of 17 million tons of feed grains to the Soviet Union.

"The government shipped about 45 million bushels of this surplus grain from midwestern states to elevators in the Texas Panhandle," the farm leader said.

"This heavy concentration of surplus grain has had a depressing effect on

grain prices in West Texas for some months now," he said. "As we face harvest of good to record crops in the area, the stockpiled grain not only affects our markets, but we are likely to have a shortage of elevator space in the area."

The farm leader, who raises livestock, wheat and feed grains near Dalhart, said the emergency in West Texas points up the danger of having the government own grain.

Any time the federal government buys up commodities with the idea of helping farmers, the ultimate result is lower prices for farmers because this grain either overhangs our markets or is dumped deliberately to depress farm prices," Chaloupka said.

"Farm Bureau opposed the embargo of the grain shipments to Russia in the first place," the farm leader said. "If it weren't for the embargo, we wouldn't be faced with the present emergency in Texas. We believe any politically-inspired embargo should include all exports of everything."

Field Day to focus on sorghum research

The breeding nurseries, hybrid testing sites and insect and disease resistance screening areas will be featured tour stops for farmers who attend DeKalb's research field day, September 10 near Lubbock.

The farm, located seven miles north of Lubbock on FM 2528, serves as DeKalb's southwestern U.S. grain sorghum breeding headquarters.

Among the displays planned for field day participants are the nursery fields where breeders select plants to enter the research program and the testing plots where the researchers evaluate the finished hybrids.

Special emphasis at the Lubbock research farm focuses on developing grain sorghums which can fight stress from disease, drought and insects, particularly by biotype E greenbug and sorghum midge.

Dr. Bruce Maunder, DeKalb vice president of agronomic research, and Larry Lambright, research farm manager, will be on hand to guide farmers through the farm and answer questions about breeding sorghums for grain and forage.

The field day begins at 5 p.m. and supper will be served.

USDA studies new sales policy for CCC corn

Southwest sorghum and corn producers have recommended to Agriculture Secretary John Block that corn shipped into the Texas High Plains from the upper Midwest be restricted to export sales only.

Officials of Grain Sorghum Producers Association (GSPA) and Texas Corn Growers Association (TCGA) and their legal counsel met with Block and other USDA officials to discuss the effect of sales of the corn by Commodity Credit Corporation.

The CCC purchased more than 200 million bushels of corn last year after President Jimmy Carter announced the embargo of grain to the Soviet Union. More than 45 million bushels of the corn was shipped from the northern corn belt to the Texas High Plains for storage, where it is now being offered for sale on a bid basis.

Noting that very little of the corn has been sold in recent weeks because CCC has refused most bids, GSPA-TCGA spokesman Elbert Harp said, "CCC's self-imposed limits offer farmers little assurance as long as the official policy is to sell the corn for unrestricted use. The threat of sales," Harp observed, "depresses prices just as much as actual sales."

The plan which GSPA-TCGA proposed to USDA was endorsed by 15 state and national farm organizations which

represent grain farmers in the Southwest. Their recommendation was that the corn which CCC shipped to the High Plains from the northern corn belt and has now marked for sale be restricted to the export market. If USDA must sell any of the CCC corn because it is out of condition, it should be replaced with purchases of corn in the area of sales.

The GSPA-TCGA plan was endorsed by the National Association of Wheat Growers and the Texas Wheat Producers Association. The state Grain Sorghum Producers Associations in Nebraska, Kansas and New Mexico, Texas Grain Sorghum Producers Board, South Texas Cotton and Grain Producers Association and the Cotton and Grain Producers of the Lower Rio Grande Valley also were co-signers of the proposal.

The commodity organizations were joined by general farm organizations of the area: Texas Farmers Union, New Mexico Farmers Union, National Women Involved in Farm Economics, the state W.I.F.E. organization in Texas and New Mexico, the National American Agriculture Movement and the New Mexico A.A.M.

Harp said USDA made no commitments but agreed to study the proposal and would give the group an answer soon.

PRETTY WEATHER is aiding area crop dusters in their attempts to rid the county of bollworm infestation.

Moisture helps cotton prices but could encourage bollworms

(Editors Note: This article by James F. Leser, Lubbock Extension Office, is being published by request of the Floyd County Agent, Jett Major.)

The heavy rains of the past several days have greatly improved cotton prospects. If you don't believe this, you haven't looked at cotton prices lately. Most fields have yet to start adjusting their fruit load. For now, with excellent moisture conditions, this is good. This added fruit load will discourage plants from going vegetative and will provide a lot of expendable fruit for bollworms to feed on before moving to your valuable bolls.

Aphid numbers are down since the rains and any that remain should not cause trouble for the cotton crop for the time being. Besides, aphids feeding on plant terminals may actually be a blessing. These aphids may prevent plants in some fields from going vegetative. My advice at this time is to avoid treating fields for aphids. If a field requires a bollworm treatment, most insecticides labeled for bollworm control will adequately suppress aphid numbers. Don't add any additional chemicals.

Bollworms are the big news now and until the end of the season. Bollworm activity continues to be heavy north of Lubbock and around corn producing areas. In fact, egg laying activity has escalated dramatically in many areas since the rain. Heaviest numbers are being reported from parts of Lamb, Bailey, Parmer, Castro, Swisher, Hale, Briscoe and Floyd counties. In Floyd County, heaviest bollworm, pressure is occurring in the western and northern portions of the county. Spotty infestations are being found in Lubbock and Crosby counties. While very little bollworm activity which would cause concern is occurring to the south of Lubbock, there are bollworms in fields in Terry, Gaines and Yoakum counties. Other counties may also have some bollworm activity, but they haven't reported in. Almost all, if not all, bollworm activity south of Lubbock has not produced economically damaging infestations.

What about the computer bollworm egg laying predictions (MOTH ZV)? Well, they don't seem to be telling us the whole story. Most county predic-

tions indicate that egg laying activity should be on the decrease, but in fact, egg numbers have increased dramatically in many areas over the last several days. I don't know why we don't have good correspondence between predicted and actual activity at this time. However, the recent rains and cooler temperatures could have a lot to do with this. At any rate, based on past experience, I expect egg laying activity to remain high in many areas on into the first week of September, so don't let down your guard!

If you find yourself behind in field checking at this time, you may want to try short cutting your scouting procedure. Many eggs are being laid below plant terminals and on bloom petals. This makes scouting very tedious and time consuming. If enough eggs are laid down low on the plant, considerable damage can occur to full-sized bolls. Look closely for the evidence of small worm feeding on bolls. These small worms may not actually enter these bolls, but rather take "little bites" here and there on the boll. Also, worms hatching from eggs laid on blooms will move into blooms and are essentially "safe" from insecticide control. Remember that fields with very low or very high infestations don't need to be inspected as closely as those borderline fields.

These recent rains have delayed aerial applicators considerably in some areas. Earlier in the week, some applicators were as much as 14,000 acres behind. Make sure you select the right chemical and rate to handle an infestation that is going to be treated late. There are fields out there right now that have sustained heavy bollworm damage, with some standing a good chance of being total "wipe outs" by the end of the season. Remember 1979?

The pyrethroids have been providing excellent results in the fields I have inspected. Also, the oil and pyrethroid treatments have looked promising. From what I have observed, oil plus pyrethroid applications have delivered better coverage, better canopy penetration and slightly better rain washoff resistance.

Many of you have asked me what I considered to be a light, moderate or

heavy bollworm infestation. I prefer the use of per acre use of descriptive terms. Light: 0-5000 per acre. Moderate: 6000-20,000 per acre. Heavy: 30,000-70,000 per acre. Beneficial insect and some others have been highly variable. Many have zero bollworm pressure. The majority of some others have 25,000 per acre. The majority of making it difficult at the microbial insecticides.
