

# Country singer to receive key to the city

Williams, internationally famous singer, will return to Floydada September 30 to receive the key to the city.

Williams was born in Floydada but grew up in a nearby town. This is his first time back to his birthplace since he was a child. This is the first time his busy schedule has allowed him to return to his birthplace.

Williams is really excited about coming back to Floydada. He is very pleased that the city is honoring him.

Williams has declared that he will be in Floydada on September 30. In a brief 11 a.m. ceremony on the town square lawn the mayor will present the key to the city for the first time in its history.

The ceremony will be held by the Chamber of Commerce. Williams will be able to spend an hour in Floydada.

Williams is appearing at the South Plains Fair in Lubbock on Tuesday, September 24. He and members of the

band will stay in Lubbock that night and then must be in Arkansas for another performance Wednesday night.

Driving via touring bus, they will arrive in Floydada at 11 a.m.

"There won't be time, I'm afraid, for him to sign autographs," Kathy said. "He will have to be on the road at 12 sharp and it would be terrible if he is forced to leave with some still waiting for autographs."

Don Williams is rather unique in the entertainment field with a personal philosophy of being a "proponent of simple pleasures and old-time virtues" as was reported in the Tampa Tribune.

He says of himself that, "My family and my music are really the biggest things in my life."

John Lomax in the Journal of Country Music said, "The most unusual thing to me about Don Williams is that he is a superstar who does not enjoy talking about himself. He is an artist untouched by the personal turmoil common to many of today's biggest names. Few

country music artists have ever enjoyed the sort of worldwide popularity Don Williams has achieved. He is a quiet man who chooses his words carefully. He talks slowly, always to the point, and is not given to long-winded answers. Despite his mammoth successes he remains sincere, hard-working, religious and down to earth. Success may have spoiled many artists in the past, but it seems only to have strengthened the will of Don Williams. At heart I think he is a thoroughly decent Texas country boy who remains fully aware that he counts for no more or no less, in the eyes of his Creator, than any other person."

His instrument is the guitar, which Don began playing as a teenager. He would hurry home from school to try and pick a favorite tune he'd heard on the radio.

When Don was three years old he sang in a local talent contest, and won the first prize - an alarm clock.

In 1957 while in high school, Don and

a group of friends played and sang for the opening of the Billups Service Station in Taft, Texas. They received \$25.00.

Don has worked as a bill collector; he drove a bread truck, worked in the Texas oil fields, in the furniture business, in a smelting plant, and for Pittsburgh Plate Glass.

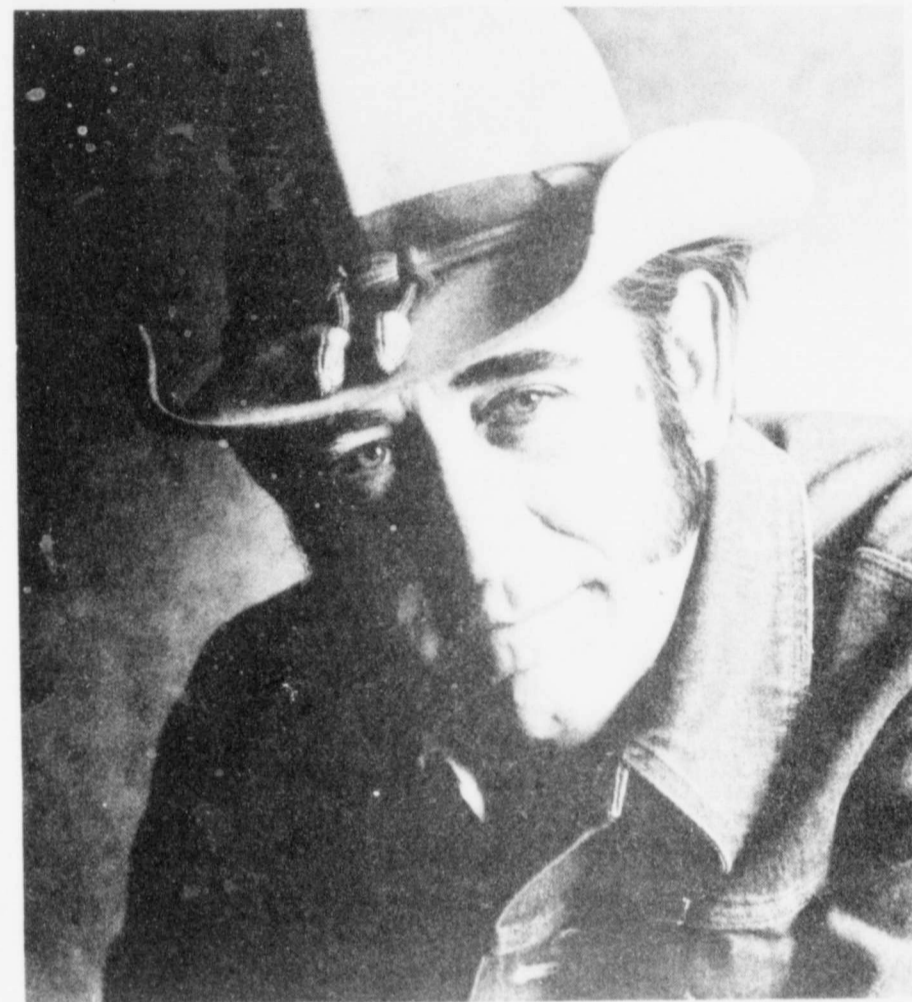

While in Corpus Christi in 1964 Don formed the well remembered Pozo Seco Singers, a successful trio (Lofton Cline, Susan Taylor and Don) that sang a variety of music from folk to pop and country. Their first single "Time" climbed into the top 10 nationwide, but the Pozos disbanded in 1971.

JMI released Don's first solo record (a single titled "Don't You Believe") on June 16, 1972. He signed with ABC-Dot on May 17, 1974. The Dot label was discontinued in late 1977 and Don continued to record for ABC Records. In March of 1979 ABC was bought out by MCA Records.

Concert dates fill 50% of each month. The Don Williams Show has headlined a variety of prestige venues from the Sporting Club in Monte Carlo to the Roxy in Los Angeles, from a sold-out Carnegie Hall in New York to the larger state fairs, dinner theatres and auditoriums nationwide. Don and the members of his group travel in a late 1970's customized Silver Eagle bus.

Don co-starred with Burt Reynolds in 20th Century Fox's "W.W. & The Dixie Dancekings." He also appeared in Universal's "Smokey & The Bandit II."

His trademark is denim Sedgefield jeans and jackets. "It's what I'm comfortable in," says Don. "I put on dress clothes, or whatever you want to call it, to go to church and a few things like that. But I'm just really comfortable in jeans."

LABOR DAY JERRY LEWIS TELETHON kept Floyd County volunteers answering phones for 21 1/2 continuous hours. The county went over last year's total with \$1252 of labor day alone. Seated left to right are; Carrie Bertrand, Kaye Powell, Don Morrison, Delmas McCormick, JoAnne Patterson and not pictured is Dink Eckert. Farm Bureau Insurance again donated their building and phones for the drive.

## Torres will be speaker at crusade

Luis Torres, New Hope Crusade evangelist, will be the speaker in services to be held at the First Assembly of God in Floydada. The crusade services will begin on September 13 with two separate services. The morning service will be at 10:45 and an evening service will be held at 6:00 p.m.

Luis Torres, who has been seen on the Praise The Lord program and 700 Club, has been a speaker for conferences and conventions through out the United States. Luis, a former drug addict and fugitive from the law, entered the TEEN CHALLENGE rehabilitation program in October, 1970. A heroin addict for almost five years caused him to spend time in and out of jails, break into homes, stealing from his parents, and doing everything a drug addict has to do to support his habit. Then a minister from Teen Challenge came to the jail where he was being detained and told him of Christ's changing power. Luis' life was changed.

Today in much demand, Luis makes his way to high schools, churches, college campuses, camps and conventions telling people about his New Hope in Christ. His pulpit ministry of the Word is ever changing young and old alike to a greater knowledge of Jesus Christ and his power to change.

The New Hope Team will lift you up with their music, as Randy Lynn, and Gail and Luis Torres, move with the Spirit of God in their music ministry.

Don't miss coming to one of the New Hope Crusade services while this young crusader and his team are in our area. It will be one service you will always remember.

## Development company organizes

Caprock Local Development Company will hold their organizational meeting, September 3. The 25 companies elected nine directors from the South Plains Region. Officers in turn elected officers and committee members. The

officers include: Medlin Carpenter, President, from Plainview; Eric Swenson, Vice President from Spur; Gloria Jackson Secretary from Littlefield and Mike Limer, Treasurer from Morton.

These officers and the remainder of the directors will make up the Loan

Committee. The remainder of the Directors include Bud Adderton from Lubbock, Giles Dalby from Post, John Russell from Matador, T.J. Taylor from Crosbyton and Glenn Thompson from Morton.

The remainder of the membership includes: Douglas Teague, Anton; Henry Rieff, Cotton Center; A.F. Ogle, Crosbyton; Benjamin Vera, Crosbyton; Gilbert Fawver, Floydada; Orville Marcum, Levelland; Emil Macha, Littlefield; and from Lubbock Theron Cole, Oscar Jones, Pete Lara and Martin Waters; Billy Jameson from Matador; H.I. "Bill" Young, McAdoo; Ray Scott, Muleshoe; James Warren, Muleshoe; and Sam Ellis from Southland.

The Caprock Local Development Company was organized by the South Plains Association of Governments for the purpose of promoting and enhancing the overall economic development of the 15 county area of Texas' planning region #2. Its thrust and objectives include, but are not limited to, identifying new and existing industries which will be expanding in the area and to coordinate and develop sources of financing.

Financing will be available following certification by the Small Business Administration. This certification is expected to take about 60 days. The company expects to be in business for the purpose of issuing loans sometime in December. A loan program will be a joint effort between C.L.D.C. and local banks. CIDC will only have available 50% of the entire financial package and will only help finance capital investments of land, buildings and equipment.

The first annual meeting of the CIDC will be held on Tuesday, October 13, at 3 p.m. at 1709 26th St., Lubbock. The entire membership as well as the officers and directors will meet at that time. The purpose of this meeting will be to confirm the officers and directors and to pass a resolution authorizing the Executive Director Jerry Casstevens to submit the application for certification to the SBA.

## This Week

Why Everybody! The Winds really started on the season right last Friday night against the Summit Bobcats with a 48-0 win. They really proved that they have what it takes to be a winning team, so let's all cheer them on. The game starts at 8:00 and the pep rally starts at 3:15 in the high school gym Friday afternoon. Everyone come and support the Winds while they show us some of that WHIRLWIND POWER! See ya there!

**Band boosters**  
Band Boosters will be having a meeting and pot luck supper at 7:30 p.m. Monday night at the high school cafeteria.

CONGRESSMAN JACK HIGHTOWER and his wife Colleen (left) greet Lockney and other businessmen at a joint meeting. "I'll help Lockney and Floyd County people anyway I can," said the congressman. Floyd County was recently added to Hightower's congressional district after the 1980 census.

MARY ANN RAINER, daughter of Mr. and Mrs. Rainer, Floydada.

## Hightower speaks

Something had to be done," said Hightower, "inflation is the number one concern of the American people, and government spending is one of the major causes of inflation."

"It's not easy to find the formula for fighting inflation," continued the Congressman, "but cutting government spending seems to be one necessary factor."

According to Hightower, high interest rates are another major concern of his constituents. The reason for high interest rates, said Hightower is that government is still spending more than it is bringing in from taxes and has to borrow money in the marketplace. This borrowing of money in competition with banks and other lending institutions drives up interest rates.

Yet, cutting government programs is hard. "For every federal dollar spent, there's someone who thinks that dollar is the most important money spent by the federal government. No one wants a program cut that benefits him, but everyone is willing to cut somebody else's budget."

Hightower explained, "In spending cuts we must set priorities. We cannot shut down the federal government."

The Congressman was not originally enthusiastic about a tax cut. "But we have cut spending sufficiently to justify a tax cut. We're not out of the woods yet so far as the economy is concerned though."

Hightower said, "I feel privileged to be serving as a Congressman in these critical times. I am privileged to be able to contribute to finding a solution for our pressing national problems."

## Penny Golightly is current guest artist at bank

The Dayne Golightlys live in the Lakeview community where their interests center around farming and horses. They enjoy water and snow skiing and racquet-ball.

The public is cordially invited to enjoy the current display at the First National Bank during regular banking hours: Monday, 9:00-5:00; Tuesday-Friday, 9:00-3:00.

Describing herself as "self-taught", the hard-working, young local artist has continually practiced and studied to portray on canvas her favorite subjects; western life, people and animals. She took a course through the Famous Art School, of which Norman Rockwell was a director and critic at the time; and she has conducted some classes for children who had a desire to learn the basics of art.

Displayed in the lobby of the bank are paintings in oil and acrylic. "I prefer to work with acrylic," said the artist, "because I can use so much more detail and the colors are bright."

Penny Golightly has entered a number of area shows, and her work has gone into other states through the hands of purchasers. Her most recent award was the purchase award in the Snyder Art Show.

## Chamber of Commerce

BY SUSAN GARMS

Beginning this week, your Chamber of Commerce will be printing a general to inform and enlighten the general public about the ideas and activities of the Chamber as well as items of interest to area readers that come from Washington legislation to local events. Ideas and comments are welcomed.

The program for the 1981 Small Business Exposition has been announced by the Lubbock Chamber of Commerce. An address by Robert T. Sakowitz of Houston and a presentation on the economic outlook for the 1980's featuring some outstanding business leaders will highlight this second annual exposition to be held at the Lubbock Civic Center on September 25 and 26. Many exhibits of business products and services will be on display in the civic center exhibit hall throughout the two day meeting. Seminars dealing with inventory control, cash flow, computers, personnel management, tax planning, advertising, and financing will be held at various time blocks throughout the meeting. Reservations for the conference may be made by calling your Chamber office at 983-3434.

Save money seven ways through the Economic Recovery Tax Act of 1981:

1. Delay income to 1982 or later, if you can. The tax cut is only 1.25% for 1981, but taxes fall 10% in 1982, 10% in 1983.
2. Crowd deductions into 1981. Pay in advance on 1982 contributions and other deductible expenses since they will save more at 1981's higher tax rate. (Chamber membership dues are 100% deductible as a business expense. Pay your 1982 dues by December 31, 1981, and SAVE.)
3. Individual Retirement Account — \$2250 (couples) may be put in this tax-free account even if you're covered by a pension plan.
4. Check your Keogh. The self-employed can put 15% of net earnings, up to \$15,000, into this tax-sheltered plan each year starting in 1982.
5. Re-examine savings and investments. Next year you can exclude only \$100 in dividend from taxable income. But for certain CD's bought after the 30th of this month, there is a \$1,000 lifetime interest exclusion.
6. Review gift or loan plans. After January 1, you can give a child or recipient \$10,000 in any year (\$20,000 for couples) without gift tax, present limits are \$3,000 and 6,000.
7. Look at your will. The estate tax drops sharply over the next six years, which may change financial considerations that dictated the terms of your present will.

Dateline Floydada: Eighty football fans will depart Floydada Saturday morning for Dallas for the Chamber sponsored Football Escape Weekend. They will attend the Cowboy-St. Louis Cardinals game Sunday, September 13. Now that the Membership Breakfast and Consignment Auction are over, the Chamber is continuing with September plans for rebroadcasting the Floydada High School football games each week and an insurance seminar to instruct agents on the Chamber's new Group Policy.

Last for this week, but not least — your Chamber Manager has been elected Vice President of the South Plains Association of Chamber Executives which is made up of sixteen South Plains area chambers from as far away as Hobbs, New Mexico. Meetings are held monthly in the Lubbock Chamber office to discuss problems, ideas and current events going on within the respective chambers.

## Letter to the Editor

The owners of Russell's Equipment & Supply Inc., and Thompson Pharmacy, wish to take this opportunity to express their sincere regrets for the misconception made by various members of this community on the selling of "Whirlwind Bumper Stickers."

We were under the impression that the proper people had been contacted on this project and would be pleased to receive the stickers as a gift to raise funds for certain school activities.

Certainly our firm's name appeared on the stickers, we are proud to say we support our school activities, as we have done for numerous years.

The Quarterback Club still has several of these clever stickers and would like to see the citizens of Floydada support this organization by buying one and let them know that we are completely behind our school and it's participants.

Sincerely,  
Roberta Russell

## McCandless hosts Alpha Mu Delta

The first regular meeting of the year of Alpha Mu Delta Chapter of Beta Sigma Phi was held at the home of Janice McCandless, September 1, at 7:00 p.m.

President Sharron Fulton called the meeting to order immediately following the installation of new vice-president, Duffy Hinkle, and recording secretary Barbara Anderson, with all members repeating the Opening Ritual.

Recording secretary Barbara Anderson called the roll and read the minutes from the May 19 meeting.

Corresponding secretary, Janice McCandless read the Chapter correspondence.

Treasurer, Tonya Marble gave the financial report.

Barbara Anderson read the minutes from the Executive Board meeting and president Sharron Fulton reported that the board would meet again September 14, 7:00 p.m. at the Farm Bureau Office.

The September 15 meeting

will be held in the home of Sherry Smith. Hostesses will be Sherry Smith and Debbie Bertrand. Duffy Hinkle will have the program on the topic "Marriage." A "Chinese Auction" will also be held at this meeting.

Social chairman Janice McCandless reported that Beginning Day was held August 30. Members met at her home at 5:00 p.m. for a short meeting and then traveled to Plainview and ate at the Far East Restaurant. This outing was enjoyed by all members. Janice also reminded members of a cookout to be held September 12 at the home of Donna Anderson.

At this point of the meeting Sharron Fulton reviewed the Chapter by-laws for the new pledges, and then the business meeting was adjourned.

The program was given by Sharron Fulton on "Family." Group discussion followed. Hostesses were Donna Anderson, Sharron Fulton, Hol-

ly Hendrix and Janice McCandless. Donna, Holly, and Sharron presented the chapter with boxes of candy announcing their pregnancies.

At this time members revealed and exchanged gifts with their Secret Sisters. After this members drew names for their Secret Sister for the coming year.

Members present were:

### Floyd Data

Avoid rush-hour or just-before-closing-time visits.

Expect the store to exchange or repair the item—or refund your money.

If results are not satisfactory, report the matter to the customer-service department or the manager.

### When To Write Company

If local action is not satisfactory, write to the manufacturer.

Find the address on the label, instruction booklet or the product packaging.

Do not send the product unless the manufacturer asks for it. They may have special locations for returned merchandise.

### How To Write Company

In writing a letter to the manufacturer, be as courteous and precise as possible. Keep a copy of the letter, and enclose your return address. Include product identification, brand name and model.

## Alpha Sigma Upsilon discuss projects

Members of Alpha Sigma Upsilon Chapter of Beta Sigma Phi met in Rhonda Guthrie's home September 1.

Several ways and means projects were brought up and discussed. Outstanding bills were paid and thank you notes were read.

Leaves of absence were approved and names submitted for rushes.

Service projects for the holiday season were discussed.

The next meeting will be September 15 at Rhonda Guthrie's. Lynn Daniel will

### How To Save Water By The Gallon

How much water does your washing machine use... your dishwasher... your morning shower?

Hard as it is to believe, a washing machine can use up to 60 gallons, the dishwasher 14, and a shower 12.

Now that we realize the value of water, everyone needs to know how much of this precious liquid their various appliances use. Here is some helpful information from a new Water Saver's Guide by Wet Ones® moist towelettes:

• The bathroom gobbles up some 75% of water in the household. To conserve, install a flow restrictor (costs next to nothing) in the shower head, and place a brick in the toilet tank to displace some water.

• A faucet half open delivers more than a gallon a minute. Shaving with running water can account for 15 gallons; brushing teeth, more than seven. To cut down, fill the basin or a cup with water, and never leave the water running.

• Keep a container of moist towelettes near every sink, and wash your hands with them instead of water. You'll save more than a gallon each time.

• To use the least water in your washing machine, run it only when full; the more clothes, the less water. If your machine has a medium or low water cycle, use it when possible.

The Water Saver's Guide, full of helpful hints about how to conserve, has charming illustrations by famed cartoonist Roy Doty. For a free copy just send a postcard with your name and address to Wet Ones, Box 454, New York, N.Y. 10163.

**HERE'S OUR MINT NEW PENNY WITH A FIGURE THAT MEANS SOLID GOLD**

*Dear Pat Walker's,*  
For years I made excuses for my large arms, saying it was because I'd used crutches for a long time. That was a real crutch! Now I have slender arms and a size 3 figure.  
I really do and...I lost a total of 50 pounds and 80 inches in 1 1/2 years and maintained it for 2 1/2 years. That changed my looks, wardrobe, attitude and career. Now I keep up easily with my 2 live wire sons and as an executive in a large international corporation.  
And does Ken, my husband, care? I'll say! Now instead of practical 'house' gifts I get very personal pretties, like my diamond ring  
Thanks Pat Walker's. We love you.

# Winds plow over Bobcats

BY COACH TOMMY BAXTER

Opening at home, scoring a lot of points and emptying the bench are things Thursday night dreams are made of for players, coaches and fans...and, that's exactly what Floydada was treated to Friday.

Even though the perfect first chapter to the 1981 football book was threatened twice in the early going, the Whirlwinds came alive to hurt Dimmitt 48-0 in an avalanche of touchdowns.

If a fan had a favorite type of scoring play, he had his chance to stand in the season opener at Wester Field. The Whirlwind ground game, led by Bruce Williams' 108 yards, rolled up 219 on the night and scored four touchdowns while quarterback Todd Beedy lived things up with a scoring bomb of 31 yards.

If this wasn't enough there was an interception returned for a score and a punt returned for six more points.

The evening lived through its first threat when the clouds seemed determined to drown things out before kickoff but this died away and only Dimmitt was left to deal with.

The Bobcats made their only major threat of the evening following Floydada's opening possession of the game.

After a FHS drive was halted at the Dimmitt 48, punter Donnell Weeks pinned the 'Cats on their own seven yard-line. The Bobcats promptly followed the slashing runs of Mark Bruegel and Jeff Watts to the Floydada 37 in six plays. However, the Winds' defense stiffened and a fourth down pass fell incomplete to turn the ball over.

Little did Dimmitt know it was through on offense for the night. The Whirlwind defensive corps, led by Norman Allen, Richard Vela, Wynsdell Davis, Mark Nutt and Billy Collins; never allowed the Bobcats to challenge again.

With the ball on their own 37, the Winds began their first grinding march of the season, going the 63 yards in 16 plays.

The drive was not without its anxious moments as twice it had to be saved on fourth down situations and twice more on fumble recoveries.

On the Dimmitt 23, things seemed to stall with the Winds facing fourth and six. Beedy solved the problem when he rolled right, pumped a fake and tucked away the ball to race to the Dimmitt 14 and a first down.

Nutt tried a charge into the line at the 14 and the ball squirted free, but an alert Whirlwind pounced on it at the Dimmitt six.

A couple of plays later Williams lost the handle on the ball at the five and Allen quickly recovered it.

After two more plays net-

ted a minus one, Nutt got the call on fourth and goal. The big fullback pushed to the Dimmitt three for another drive-saving first down. Three plays later, Williams and the left side of the Winds' line made everyone's efforts bear fruit by going over for a touchdown from three yards out.

From that point on, the door was open and the Winds rammed 34 points through it in an eight minute span.

On Dimmitt's next possession, Quarterback Phil King found himself backed up to his own five and attempted to roll out under heavy pressure from Davis and pass. The wobbly shot was picked off on the 10 by an alert Marty Covington and the fleet-footed cornerback raced up the sideline in heavy traffic for another TD and a 12-0 lead.

Dimmitt tried once more to unsettle things for the Winds when two possessions later the Cats blocked Weeks' punt and got the ball on the FHS 47.

Four plays netted nothing for Dimmitt and the Winds were back in business at their own 45.

Weeks and Williams got the five-play drive going with runs of 11 and 12 yards respectively. On third and seven from the Dimmitt 29, Weeks blasted through a huge hole, broke against the grain and high-stepped into the end zone for another six points with 2:59 left in the half.

Beedy got the Winds some extra points with a keeper around left end to run the score to 20-0.

Things continued to go sour for Dimmitt as the 'Cats fumbled and blundered into costly penalties on their next two possessions and the Winds capitalized on every miscue.

Following a series of penalties, Dimmitt was standing in the shadow of its own goal again when the ball popped free for Collins to claim for FHS.

On the ensuing play, the Winds' offensive line, led by Ricky Heflin, Chris Fulton, Davis and Allen; blew open a large gap for Williams. The speedy tailback followed Weeks through the obliging opening and tacked on another score.

Beedy put two more on the board with a pass to Grant Turner for a 28-0 lead.

Dimmitt coughed up the ball again three plays later. This time it was on the Bobcat 28 and Nutt picked it up.

Beedy wasted little time in getting in the end zone as he dropped back on the second play and found Ronnie Minner a step ahead of his defender. The senior quarterback dropped the ball over Minner's left shoulder and the quick receiver never broke stride in the 31-yard pass play for the final six

points of the first half.

Williams, twice more, brought the fans to their feet in the second half with long touchdown runs in the third quarter.

After the opening three plays of the second half, Dimmitt was forced to punt from its own 24 and Williams again capitalized on the opportunity. He gathered the ball in on his own 46, raced to the left sideline, picked up a wall of green blockers and turned up field for 54 untouched yards and another touchdown. Weeks kicked the point after.

After trading punts, the Winds got the ball back on their own 30 and took only two plays to punch the final hole in Dimmitt's sinking ship.

On the second play of the drive, Williams broke open again, and once in the secondary, he turned on the afterburners to outrace the defenders for 70 yards and six more points. Weeks kicked the final point after of the evening with 3:56 to go in the third quarter.

Coach L.G. Wilson then began to turn things over to the younger players for the remainder of the contest. The Winds threatened once more, but lost the opportunity with a fumble at the Dimmitt 12.

Defensively for the Winds, Allen had four unassisted tackles and eight assisted while Nutt had three solos and eight assists. Both had a fumble recovery.

Richard Vela had a big night with two tackles and nine assists. Davis added two more stops on his own and joined in seven others while Collins had two unassisted and five assisted tackles to go with his fumble recovery.

# Coach's Comment

BY L.G. WILSON

For the first game of the year we performed pretty good. I believe our offensive line came off the ball in mid-season form. The interior linemen, Norman Allen, Chris Fulton, Ricky Heflin, Robert Nixon and Wynsdell Davis looked exceptionally good for this time of the year. If this unit continues to improve they will be one of the best I've had.

Our backs were running hard. We need to improve our faking and blocking but I believe we have the type of young men who will work at this. Todd Beedy did a fine job of running the team and his passing game is improving. We still need to work a lot on that phase of the game both on the throwing and receiving end.

On defense we have a bunch of hitters. When your

hustling like our group your going to make mistakes but someone will usually cover for you. I thought Billy Collins, Mark Nutt, Wynsdell Davis and Richard Vela did outstanding jobs. Todd Beedy was his usual reliable self at safety and Norman Allen ran the defense good. We started off a little tentatively but improved as the game progressed.

I was disappointed and pleased with our kicking game. Donnell Weeks kick-offs are great, a vital weapon starting a team out on the 20 yard line. Our coverage was fair. Bruce Williams did a fine job on punt returns. Our entire team performed well.

but our punting team broke down and allowed a blocked punt or two and our extra point team did likewise. We will work on those two items this week.

Frenship is a much tougher team than Dimmitt. They are sounder both on offense and defense. Things won't come as easy as they did last week. They lost 3-0 to Denver City at Denver City, so they will be ready this week. We must be too.

Our line-up this week will be about the same as last week. We have a few boys limping around but all should be ready to go come Friday night.

Too many insects can kill off a crop of winter wheat. All-Risk Crop Insurance can save you.

## Annual Miss Mackenzie slated for September

L.O.A. Junior Study Club of Silverton will be sponsoring the Eighth Annual Miss Mackenzie Pageant at 8:00 p.m. Saturday, September 26 in the Silverton High School Auditorium.

Purpose of the pageant is to achieve unity between the four towns in the Mackenzie Municipal Water Authority, and to promote Lake Mackenzie.

A get-acquainted party will be held at 4:00 p.m. September 26 in the Pioneer Room at the First State Bank in Silverton. The Coke Party is hosted by the Century of Progress Study Club of Silverton, and at this time the contestants will be interviewed by the judges.

Contestants will be judged on appearance, poise and personality. Each is asked to submit a billfold size picture of herself (preferably black and white glossy photo) with

her entry form.

Contestants must be 16-18 years of age, single and never have been married, and an American citizen. She must be of good character and possess poise, and be sponsored by a civic organization, club, or business.

She will be asked to appear in formal and sportswear during the pageant. She

must be attending school in Lockney, Floydada, Silverton or Tullia. She will be expected to advertise and promote Lake Mackenzie.

Deadline for entering is September 12, and the girls must have their entry forms in by that date. Entries are to be mailed to Jealeta Baird, Box 462, Silverton, Texas 79257. For further informa-

## Social Security News

BY RAY PURCELL

Last week we covered two of the provisions of the Omnibus Reconciliation Act of 1981 that deals with social security. They were elimination of the minimum benefit and the reinstatement of age 72 as the cutoff of any earnings limitation for social security recipients.

This week I will continue by discussing changes in the student program and benefits paid to the parents of young children.

Student benefits under the old law were paid to the children of social security beneficiaries at age 18. These benefits continued until age 22 if the student remained in full-time attendance at an approved school.

Starting in August, 1982 children of social security

beneficiaries who are still in elementary or high school and are 19 years old will no longer receive benefits. For example, if a student is 19 in December 1982 and will graduate from high school in May, 1983, he or she will not receive any social security beginning with January, 1983.

Benefits will continue for those students who received a benefit 9-3-81 and will start college or a vocational school before May, 1982. However, they will no longer be eligible for cost of living increases and the amount of their benefits will decline. In September, 1982 benefits will be reduced by 25%. This will occur again in September, 1983 and September, 1984.

In addition, starting in May, 1982, no benefits will

be paid to students for the months of May through August. This will happen even if the student attends summer school. The first check received in the fall will be October 3 for the month of September.

Finally, if a child is first entitled to social security after August, 1981 and is attending college, his or her benefits will continue only through July, 1982.

As you can see, the student program has been changed drastically. Student benefits will be entirely eliminated after May, 1985 on this timetable.

The other change I will speak of briefly applies to benefits received by either a mother or father under age

62 with a child at home.

Under the old law, if John Doe starts receiving social security when he retires at age 62, his wife Mary, age 50, can receive benefits so long as their child, Susan, is at home and under 18 years of age. Mary is too young to receive benefits as a wife or on her own record, and is entitled to benefits only until the month of Susan's eighteenth birthday.

The amendments change the age of the child from 18 years to 16 years old. Now in our example, Mary cannot receive any benefits after Susan's sixteenth birthday. All parents who qualify after August 1981 because of a young child will be affected by this ruling. Parents cur-

rently receiving benefits with a child will be terminated after 8-83, if the youngest child is 16 or over.

If you have a severely disabled child, you previously did not apply for disability until age 18. Now you will want to check possible disability benefits on the parents record when the child reaches age 16.

An exception in the amendment allows a parent to continue receiving benefits if they have a disabled child under 18 years of age.

Next week we will discuss changes in the lump sum death payment and the other new provisions of the law. If you have questions, call our toll-free number, 1-800-392-1603 and we will be glad to help.

## TAHC gathers data on livestock brucellosis

The Texas livestock industry will be better informed about brucellosis because of the Texas brucellosis advisory committees, John Armstrong, Kingsville, chairman, Texas Animal Health Commission, said recently. He was speaker at a special orientation committee meeting.

Members of this area's brucellosis advisory committee are: (area 2), Rich Anderson, Gail; J.E. Birdwell II, Muleshoe; J.E. Birdwell III, Whiteface; Jim Boydston, Ralls; S.C. Burleson, Quitaque; Royce Collins, Olton; Travis Jones, Floydada; Roy Neely, Midland; Bruce Rigler, Plainview; Pinky Sellers, Sweetwater; Ellison Tom Jr., Andrews; and William Waldrip, Lubbock.

J.E. Birdwell II is chairman. There are 15 such committees in Texas, made up of persons actively engaged in the livestock industry. Each committee has 12 members. Names were selected from more than 600 persons suggested statewide from organizations and individuals.

"Purpose of the area brucellosis advisory committees is to establish better communication between the Texas Animal Health Commission and the Texas livestock industry pertaining to brucellosis regulations and the disease itself," Armstrong said.

Committee goals include: providing the TAHC with advice on program related matters from the producer viewpoint, and maintaining a working knowledge and awareness of the current program, especially as it relates within each area.

Commissioners of the TAHC met with the committees. TAHC Commissioners in addition to Armstrong are Bob Baros, Gonzales; Dr. Ben Hopson, Laredo; C.E. Knolle, Sandia; Charles Kooz; Mort Mertz, Eldorado; Jimmy Owen, Tyler; and J.D. Sartwell Sr., Houston.

Armstrong discussed federal-state relations regarding brucellosis. "What the Commissioners are doing is determining how the federal program can be made to fit Texas conditions. We are also charged with making sure the program is epidemiologically sound, yet affordable for the Texas cowman; it's like threading the eye of a needle oftentimes," Armstrong explained.

## High Plains Sorghum Producers will elect four directors

Four directors will be elected to the Texas Grain Sorghum Producers Board in an election which is currently underway. Ballots have been mailed to grain sorghum producers throughout the 29-county TGSPB area of the Texas High Plains.

Every two years, the terms of four members of the Board expire. Current members whose terms end this year are: Ralph Mabry of Lubbock; K.B. Parish, Springlake; C.P. Smith, Hale Center and Larry Witten, Olton. All are incumbent candidates. A fifth nominee on the ballot is Bob Gillsiepe of Gruber in Hansford County.

All grain sorghum producers within

the 29-county area of the Texas High Plains (served by the Texas Grain Sorghum Producers Board) are eligible to vote. Any producer who does not receive a ballot through the mail may obtain one at his county agent's office.

The biennial election deadline is September 15, 1981. Any ballot that is postmarked after that date will not be valid. In addition to the five candidates listed on the ballot, a producer may also vote for any grain sorghum producer who has agreed to serve on the Texas Grain Sorghum Producers Board by writing his name in the space provided for write-in candidates.

## Landscape & Gardening

By Ken Langley

The white grub is Texas' most important and most damaging lawn insect. The white grub occurs throughout the State and causes wide-spread damage in lawns and turf areas. Turf areas could also include golf courses, roadside rights ways, and other places.

The white grub is recognized as a C-shaped, white grub-like larvae found feeding on the roots of grasses. I think most everybody will recognize the adult — what we commonly call the June beetle.

During this time of the year, the June beetle is in the process of depositing eggs in the soil. Eggs are deposited, hatch, and the white grub develops. The white grub overwinters in the soil as the last larval stage, matures, and eventually emerges varied periods during the year.

The term critical-treatment period is the period about 2 to 3 weeks after the June beetles have laid their eggs in the soil for the next generation. This is the time that homeowners need to be particularly mindful and during this time, they will be able to decide whether they need some sort of control or not. The critical-treatment period

varies geographically in the state. For example, in Houston it occurs some time during July whereas in Floydada it may occur from mid-July clear through late August. However, the best way to determine if you have white grubs is to dig some 3 to 4 inch plugs or cores in your soil to a depth of 3 to 4 inches and examine the soil and the roots of the turf very carefully. If you find as many as 4 to 5 white grubs per square foot of area sampled, then this will indicate that something needs to be done to protect your lawn.

There are several insecticides on the market that are extremely effective for white grubs but their effectiveness depend for the most part on when they are applied and how they are applied. The applications need to be uniform, they need to include significant amounts of water such as 20 to 30 gallons per 1,000 square feet of turf area to wash the material down into the soil where it can be effective. Hopefully, this year we may escape serious white grub problems but it will be necessary for you to exercise these precautions in order to have a green, lush lawn growth.

FLOYD COUNTY IRRIGATION FIELD DAY AND FARM TOM TO BE HELD

The Floyd County Extension Service, in cooperation with the Floyd County Soil and Water Conservation District and Lighthouse Electric Cooperative, will hold its annual field crop demonstration tom this year on Wednesday, September 16, beginning at 9:30 a.m.

According to Jett Major, County Agricultural Extension Agent, a field day at one of the demonstration plots will be held this year instead of the traditional tom of several crop demonstrations and field tests. The field day will be held at the Warren Mitchell Cotton Demonstration plot located 1 1/2 miles west of Lockney on the Plainview highway. This demonstration plot, located on the south side of the highway, was chosen as the field day site because of the large variety of irrigation, growth and developmental tests being conducted on the cotton. Dr. James Supak,

Extension Agronomist from Lubbock, will be on hand to discuss the work being done at this and other similar cotton-Incorporated-Sponsored demonstration plots scattered across the South Plains. Dr. Supak and his assistants have monitored the "Cotton Profit" demonstration plot on a weekly basis throughout the growing season.

Those wishing to attend this year's field day can either go directly to the demonstration site west of Lockney or meet at the Lockney Co-op Gin parking lot between 9:00 and 9:15 a.m. and follow county agents Jett Major and Ken Langley out to the demonstration site.

All producers interested in learning more about the "Cotton Profit" demonstration or consulting Dr. Supak about any specific problem or questions encountered this year with a given crop are encouraged to attend this annual event.

BEEF CATTLE SEMINAR

The Floyd and Briscoe County Extension Services and Livestock Committees will be co-sponsoring a Beef Cattle Seminar in Floydada on Tuesday, September 15, at the Lighthouse Electric Cooperative Meeting Room, 7:30 p.m.

Speakers and topics selected by the Livestock Committees of the sponsoring agencies include: Dr. John McNeill, Extension Beef Cattle Specialist from Amarillo who will also explain the benefits of feeding whole cottonseed to cattle instead of the traditional cottonseed meal commonly used in this area. Dr. J.F. Cadenhead, Extension Range Management Specialist from Vernon, will discuss current brush control measures now being implemented in the High and Rolling Plains area; and Dr. Mart Brillhart, Veterinarian with the Animal Health Commission, will be on hand to discuss the new Brucellosis Program that has been implemented in Texas.

All livestock producers are encouraged to attend this informative beef cattle seminar.

The Rev. Michael O'Connor's

Perspectives

Stanley Marsh is a recognized eccentric millionaire who lives just outside of Amarillo.

He has a Cadillac grave yard, some free roaming llamas, and he owns television stations in Amarillo and El Paso.

Mr. Marsh has decided to end religious programming on his stations. According to the various reports of his decision, Mr. Marsh is upset with what he sees as religious hucksterism - people who claim religious aims but who seem to really be after making a buck.

He also feels that too many preachers are being political rather than religious. In an effort to remain "neutral," Mr. Marsh has said he will no longer sell air time to groups seeking time on his stations, and will not renew contracts of those programs currently on the air.

In every television market, there is always one station that seems to get the religious programming business: the prime time telethons for world hunger, Oral Roberts specials, etc.

Mr. Marsh's Amarillo station was not that station. In fact, during the time I spent in that reception area, Mr. Marsh's station was often openly antagonistic to religious groups in the area.

Mr. Marsh is not remaining neutral in deciding to end paid religious broadcasting on his stations. Instead, because he disagrees with the viewpoints of certain individuals who may or may not be masquerading under the guise of religion, he is discriminating against the entire religious community.

What about local churches that seek air time to broadcast their worship services for the benefit of those who are unable to attend in person? The majority of people involved in religious programming believe they are doing something legitimate. Are they to be punished simply because a few individuals abuse their privileges, if indeed they are abusing those privileges?

Mr. Marsh has made a grave error, the motivation for which is uncertain. I devoutly hope that he will see his error and reverse his decision.

Carol Lea Clark's

It's Not Easy

My little daughter cannot walk the three blocks from our house to the newspaper office without swinging on every lamp post and stop sign.

After a rain she must stop and make faces at her reflection in every puddle. If I don't watch closely, she will also jump into the middle of every body of water over two inches wide.

Needless to say, walking a few blocks with her can consume most of a morning.

I think it's great to find such enjoyment in simple things like lamp posts and puddles, so I try to be patient. But, almost every day I find myself trying to hurry her.

"Don't hurry Amber," she says as I urge her past one lamp post to another. I hate to squash any of her enthusiasm for life.

I hate to make her leave a playground because I know sliding down the slide and swinging on the swings are her favorite activities in life. Left to her own devices, though, she would stay at the park till she was half starved.

At her age there are so many things that she is not allowed to touch and so many ladders she is not allowed to climb.

It seems that every other word I say to her is "no." I try not to sound like a broken record, but I'm afraid I sound that way to her.

Sometimes I try to vary the sound by saying "negative" instead of "no," but the effect is much the same.

Little does she know, that I would love to let her run wild and do whatever she wants. Having to say no is probably my least favorite part of being a mother.

I could say that it hurts me more than it hurts her to say "no" to her, but she probably wouldn't believe it.

I have a fantasy, though, that someday she will be old enough that I have to say "no" only once or twice a hour instead of once or twice a minute.

If she can achieve that kind of record, she can swing on all the lamp posts she wants.

I'll even look the other way while she jumps into a few puddles.

Social Security News

BY JANICE ULMER

Before the Social Security law was changed in 1977, retired people who continued to be involved in self-employment could receive a benefit check for any month they did not render what was considered to be "substantial services" in the business.

It later became apparent that the limitations placed on the monthly earnings test adversely affected some individuals. Persons who continued to receive reportable income from self-employment, even though retired, could lose all their benefits under the annual test.

Some examples are farmers who sell "carry-over" crops in a year after retirement, "silent" partners and retired partners who only receive a distributive share of the business income.

One of the 1980 amendments to the Social Security law seeks to make the annual earnings tests more equitable, by providing that any self-employment income a retired person receives which is not the result of services performed in the business will not be counted toward the annual earnings limit.

A retired person who retains an ownership interest in a business which is being managed and operated by others can be expected to take some actions at various times, in order to protect his investment.

The intent of the new law is that self-employed persons not be penalized for receiving income that was earned before they became entitled to their social security benefits, nor for income after retirement which is the result of owning a business, or maintaining a ship share.

If you have a question about self-employment income after retirement, contact the Social Security office at 1401-B West 5th, Plainview, or call our toll-free number, 1-800-392-1603.

John Tower's

Capitol Update

One of the most urgent tasks awaiting Congress during the Labor Day recess will be passage of a new federal agriculture policy for the next five years.

The aim of a federal farm policy is to insure predictability into an inherently unpredictable market. Agriculture products are subject to some of the most predictable free market conditions prevailing. Prices fluctuate widely, depending on supply, demand and weather.

Yet, the farmer must rely on many other sources of income. The economy which are regulated -- labor, energy, and supplies. That means his costs do not fluctuate with the price he receives for his product.

In order to make it possible for the farmer to provide a minimum price floor, and to allow market forces to determine commodity prices.

Under this system, the farmer has assurance of a minimum price, which gives him a basis for intelligent market decisions.

This year, farm programs -- as all federal programs -- will be reduced somewhat and become subject of greater scrutiny.

The Senate Agriculture Committee has gone to work to produce a bill which maintains a farm program and still does not result in unacceptable federal outlays. This is essential, because if we are to control federal spending, the economic chaos which result will hurt agriculture just as it will every segment of the economy.

Both the Administration and the Congress are aware of the importance of agriculture, which continues to be the nation's largest industry. In fact, economic activity generated by agriculture accounts for 20 percent of the gross national product, employs one fifth of our workforce, and represents about one-fifth of all U.S. exports.

In Texas, every dollar in farm sales generates more than \$3 to the general economy of the state. Texas is the nation in production of cattle, cotton and sorghum and is the second-leading state in agriculture cash receipts.

Therefore, I can assure you I will work for the passage of the farm bill. Failure to pass this legislation by September 30 could cause chaos in agriculture as well as the overall economy, because on that date, the current law expires and without a new one we will revert to the act. Both the administrative headaches and the cost of going back to the old system make it unthinkable that that to happen. While stop-gap action likely would continue the status quo, Congress must not delay action on this vital issue.

What Shall We Do?

When John the Baptist appeared as Christ's forerunner, God's chosen people had lived under the Law of Moses for 1500 years but had not kept it. Hence John's call to repentance and baptism for the remission of sins (Mark 1:4).

John was in earnest, too, for when the thoughtless multitude came to him to be baptized, he sent them back, saying: "Bring forth fruits worthy of repentance" (Luke 3:7-8). Their lives were to be changed and they were to show it.

When the people asked: "What shall we do, then?" he told them to live for others rather than for self (Luke 3:10-11). When the tax collectors asked "What shall we do?" he demanded that they stop cheating the taxpayers and live honestly (vers. 12-13). When the soldiers asked: "What shall we do?" he told them to forswear violence, false accusation and bribery (ver. 14). Clearly, righteousness was demanded under John's message. His hearers were to repent, be baptized and bring forth the fruits of true repentance.

When our Lord appeared, He proclaimed the same message as John (Matt. 3:1,2; 4:17). A lawyer asked: "What shall I do to inherit eternal life?" and He replied: "What is written in the Law?" When the lawyer

recited the basic commands of the law, our Lord answered: "This do and thou shalt live" (Luke 10:25-28). God was still demanding righteousness. They were all under the law. (See Gal. 4:4; Matt. 23:1,2; etc.)

Some suppose that this was all changed after Calvary by the "Great Commission." This is not so. When, at Pentecost, Peter's hearers were convicted of their sins and asked "What shall we do?" Peter commanded them to "repent and be baptized... for the remission of sins" just as John had done (Acts 2:38). He did not tell them that Christ had died for their sins.

It was not until later that St. Paul was sent to proclaim the death of Christ as the payment for sin. He was the first to say: "But now the righteousness of God without the law is manifested... We declare His righteousness for the remission of sins" (Rom. 3:21-26). When the Gentile jailor fell on his knees and asked: "What must I do to be saved?" Paul replied: "Believe on the Lord Jesus Christ and thou shalt be saved" (Acts 16:30,31). This is God's message for sinners today, "for we have redemption through Christ's blood, the forgiveness of sins, according to the riches of His grace" (Eph. 1:7). "Believe on the Lord Jesus Christ and THOU shalt be saved."

## Selective Service registrants posted

A list of Selective Service registrants born in 1962 and the first part of 1963 has been posted in the Floyd County Courthouse.

According to Colonel Paul Dean Aikin, the State Director of Selective Service for Texas, the Military Selective Service Act requires that the names of Selective Service registrants be posted in a public place within each local board area.

Local Board tentative assignments have been made based upon the Zip Code of the registrants permanent

## Wayland schedules gymnastics class

Wayland University is offering a gymnastics class for all ages. The class will be held in Andrews Ward gym. At this time, the class is set up for 2 hour sessions from 4 to 6 p.m. on Tuesdays. The charge will be \$58.00 per 13 lessons plus gym expenses. The entire cost will be computed, hopefully, before registration. All costs will depend upon the number of students per class. At this time, registration will be held at 4 p.m. on September 15. At that time, the instructor will hold a class in order to determine skills and the number of classes that we will have.

The class will be taught by

home address. Colonel Aikin says the law (the Military Selective Service Act) still requires all young men to register with Selective Service at age eighteen.

Currently, men born in 1963 are required to register within 30 days before or 30 days after their eighteenth birthday. Registration forms may be completed at any United States Post Office.

If any young man failed to register on time, he may clear his record by registering as soon as possible.

## Sherman donates painting to museum

A local artist has responded to a request by the museum board for paintings of historical sites in Floyd County.

Effie Sherman donated an original painting of the J.E. Burns Blacksmith Shop in Lockney to be displayed at the museum.

"I remember passing the blacksmith shop on my way to town," Effie said. Her family lived on east Locust.

The original Burns Blacksmith shop was built in 1900 and was located on the site that is now the Lockney City Hall on Locust Street.

J.E. and Nancy Burns came to Floyd County in 1889 and lived here the rest of their lives.

There was a small black and white snapshot of the blacksmith shop at the museum. Effie used that photograph as a model for the oil

painting. Effie Sherman has had an art studio in her home in Lockney for the past 18 years.

She has attended the Froman School of Art, Cloudcroft, New Mexico, for the past five years. She studied under Roman Froman and many others.

She has also completed three courses in Calligraphy, and has studied decorative and tote art from Geraldine Hipp, Tulsa.

She is a member of the Lubbock Art Association. She is also a member of the Plains Art Association and has won two citations from that group. She has also won two purchase prizes from a show in Crosbytown.

Effie said that she enjoyed doing the painting because, "It brought back many memories."

A PAINTING OF THE J.E. BURNS BLACKSMITH SHOP by Elsie Meriwether Sherman has been presented to Floyd County Historical Museum as a part of the permanent art collection. As a child, Mrs. Sherman remembers walking past the old blacksmith shop and her memory aided her in reproducing the scene as she worked from an old photo from the museum collection. Mrs. Sherman presented the painting in honor and respect of the J.E. Burns family who contributed so much to the early development of Lockney and Floyd County. Visitors are welcome to view the painting at the museum on weekdays from 1-5 p.m.

## AVISO PUBLICO

Breves Declaraciones Explicativas De Las ENMIENDAS CONSTITUCIONALES PROPUESTAS ELECCION ESPECIAL 3 DE NOVIEMBRE DE 1981

### PROPOSICION NO. 1 EN LA BOLETA

Resolución Conjunta No. 8 del Senado propone una enmienda constitucional que permita a la legislatura autorizar a ciudades, pueblos y otras entidades fiscales conceder exenciones de impuestos por avalúo en una área no productiva, subdesarrollada o deteriorada para estimular su desarrollo. La enmienda también permitiría a la legislatura autorizar a una ciudad o a un pueblo emitir bonos o vales para financiar este desarrollo y enpeñar futuros aumentos en los ingresos de impuestos por avalúo sobre la propiedad en dichas áreas para pagar estos bonos o vales.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza a ciudades, pueblos, y otras entidades fiscales estimular el mejoramiento, desarrollo, o redesarrollo de ciertas áreas por medio de auxilio en los impuestos sobre la propiedad y la emisión de bonos y vales."

### PROPOSICION NO. 3 EN LA BOLETA

Resolución Conjunta No. 38 de la Cámara de Representantes propone una enmienda constitucional que autorice a la legislatura conceder a un comité estatal de administración financiera la autoridad de administrar fondos estatales por la constitución a fines específicos no estarían sujetos a la administración del comité. El comité estaría compuesto del Gobernador, el Gobernador Teniente, el Presidente de la Cámara de Representantes, el Presidente del Comité de Finanzas del Senado, el Presidente del Comité de Asignaciones de la Cámara de Representantes, el Presidente del Comité de Asuntos de Estado y el Presidente del Comité de Medios y Arbitrios de la Cámara de Representantes.

### PROPOSICION NO. 2 EN LA BOLETA

Resolución Conjunta No. 117 de la Cámara de Representantes propone una enmienda constitucional que autorice a una persona a recibir título de terreno del Comisionado de Terrenos bajo ciertas condiciones. La solicitud para el título se tiene que hacer dentro de cinco años a partir de la aprobación de la enmienda. El terreno tiene que ser terreno de las escuelas públicas libres, medido, y no previamente titulado. La persona tiene que tener una escritura del terreno propiamente registrada, que adquirió sin saber del defecto de título y que él y sus antepasados interesados han tenido por lo menos durante 50 años. La persona y sus antepasados interesados tienen que haber reclamado el terreno continuamente y pagado los impuestos por lo menos durante 50 años.

### PROPOSICION NO. 4 EN LA BOLETA

Resolución Conjunta No. 6 de la Cámara de Representantes propone una enmienda constitucional que disponga que la mitad de

los ingresos sobrantes de impuestos, sobre el límite de gastos dispuesto por el Artículo VIII, Sección 22, de la Constitución de Texas, sean depositados en un Fondo de Asistencia del Agua a ser usados como provea la ley, incluso en proyectos para el desarrollo y la conservación del agua, la mejora de la calidad del agua, el control de inundaciones o para cualquier combinación de estos propósitos.

La enmienda también provee \$500,000,000 del crédito general del estado para garantizar bonos emitidos en mercados comerciales por subdivisiones políticas locales, incluidos ciudades, condados y distritos especiales. La enmienda permite que se establezcan cantidades para disminuir o para retirar deudas del estado, las cuales se definen como deudas garantizadas por la plena fe y el crédito del estado. La enmienda aumentaría el interés que se puede pagar en bonos autorizados pero no emitidos, garantizados por la plena fe y el crédito del estado, de 6% a 12%.

### PROPOSICION NO. 5 EN LA BOLETA

Resolución Conjunta No. 49 de la Cámara de Representantes propone una enmienda constitucional que autorice a la legislatura conceder a un comité estatal de administración financiera la autoridad de administrar fondos apropiados.

### PROPOSICION NO. 6 EN LA BOLETA

Resolución Conjunta No. 81 de la Cámara de Representantes autoriza al cuerpo gobernante de un condado, una ciudad, un distrito escolar u otras subdivisiones políticas declarar libre de impuestos una porción del valor de mercado de un hogar de residencia. La porción libre de impuestos puede ser hasta 40% para el periodo 1982-1984; 30% para 1985-1987; y 20% para 1988 y los años siguientes. La cantidad de la exención no puede ser menos de \$5,000 a menos que la legislatura por ley general prescriba otras restricciones monetarias de la cantidad de exención. A un adulto elegible se le permite recibir otras exenciones aplicables previstas por la ley. Se hace excepción en caso de que los impuestos por avalúo hayan sido comprometidos previamente para el pago de deudas.

### PROPOSICION NO. 7 EN LA BOLETA

Resolución Conjunta No. 4 de la Cámara de Representantes propone una enmienda que autorice a la Junta de Terrenos para Veteranos poner en circulación y vender bonos adicionales en la cantidad de \$250,000,000 lo cual aumentaría de \$700,000,000 a \$950,000,000 la autorización total de circulación de bonos del Fondo de Terrenos para Veteranos. La enmienda aumentaría el interés máximo pagable por el estado por estos bonos de 6% a 10% y permitiría una tarifa aun más alta si fuera especificada por la legislatura.

### PROPOSICION NO. 8 EN LA BOLETA

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza la emisión de bonos adicionales para financiar el programa de terrenos para veteranos y que aumenta la tarifa máxima de interés que se permite en los bonos del fondo de terrenos para veteranos."

### PROPOSICION NO. 6 EN LA BOLETA

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 3, 1981

### PROPOSICION NO. 1 EN LA BOLETA

House Joint Resolution 81 authorizes the governing body of a county, city, school district or other political subdivisions to exempt from taxation a portion of the market value of a residence homestead. The portion exempted may be as much as 40% for 1982-1984; 30% for 1985-1987; and 20% for 1988 and after. The amount of an exemption may not be less than \$5,000 unless the legislature by general law prescribes other monetary restrictions on the amount of the exemption. An eligible adult is allowed to receive other applicable exemptions provided by law. An exception is made where ad valorem tax has previously been pledged for the payment of debt.

### PROPOSICION NO. 2 EN LA BOLETA

The amendment further directs the legislature to require that notice be given to property owners of a reasonable estimate of tax on their property in certain situations.

### PROPOSICION NO. 3 EN LA BOLETA

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing a political subdivision to provide property tax relief for owners of residence homesteads and changing certain property tax administrative procedures."

### PROPOSICION NO. 4 EN LA BOLETA

House Joint Resolution 4 proposes a constitutional amendment that would authorize the Veterans' Land Board to issue and sell an additional \$250,000,000 in bonds increasing the Veterans' Land Fund's total bond issuance authorization from \$700,000,000 to \$950,000,000. The amendment would increase the maximum interest payable by the state on these bonds from 6% to 10%, and permit an even higher rate, if specified by the legislature.

### PROPOSICION NO. 5 EN LA BOLETA

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of additional bonds to finance the veterans' land program and to increase the maximum interest rate allowable on veterans' land fund bonds."

resolve a boundary dispute. This amendment would not apply to land which has been determined to be state-owned by a court of competent jurisdiction or that has a productive state mineral lease on the effective date of the amendment.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years as of November 15, 1981."

### PROPOSICION NO. 3 EN LA BOLETA

House Joint Resolution 38 proposes a constitutional amendment that would enable the legislature to grant to a state finance management committee the authority to manage state funds. Funds constitutionally dedicated to specific purposes would not be subject to committee management. The committee would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman of the Senate Finance Committee, Chairman of the House Appropriations Committee, Chairman of the Senate State Affairs Committee, and the Chairman of the House of Representatives Ways and Means Committee.

### PROPOSICION NO. 4 EN LA BOLETA

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow the legislature to grant to a state finance management committee the power to manage the expenditure of certain appropriated funds."

### PROPOSICION NO. 5 EN LA BOLETA

House Joint Resolution 49 proposes a constitutional amendment that would exempt livestock and poultry from taxation. Currently, farm products in the hands of the producer and family supplies for home and farm use are exempt.

### PROPOSICION NO. 6 EN LA BOLETA

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for the inclusion of livestock and poultry with farm products as exempt from taxation."

above the spending limit provided by Article VIII, Section 22, of the Texas Constitution would be placed in a Water Assistance Fund to be used as provided by law, including projects for water development and conservation, water quality enhancement, and flood control purposes or any combination of these purposes.

The amendment also provides \$500,000,000 of the general credit of the state to guarantee bonds issued in commercial markets by local political subdivisions, including cities, counties, and special districts. The amendment allows amounts to be established to decrease or retire state debt, which is defined as that debt secured by the full faith and credit of the state. The amendment would be paid on authorized, but unissued, bonds guaranteed by the full faith and credit of the state from 6% to 12%.

### PROPOSICION NO. 3 EN LA BOLETA

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the use of a portion of the excess revenues of the state for water development, water conservation, water quality enhancement, and flood control purposes; and authorizing the use of the state's credit, not to exceed five hundred million dollars, to guarantee the bonds of cities, counties, towns, and other units of local government in the financing of projects for such purposes; increasing the interest rate that may be paid on previously approved, but unissued, state bonds; and authorizing a program to retire state bonds."

BY GRACE LEMONS

It is drizzling rain and 1/2 inch of rain fell Saturday. The weather is cooler and cotton is making boles.

Edna Gilly attended the farm sale Saturday of Gertrude Hammit in Plainview.

Friday Edna Gilly visited Charles Hammit and family of Holly, Colorado who was visiting his mother, Gertrude Hammit in Plainview. Donnie and Joan Hammit were also present. Donnie and Joan spent Saturday night in the home of Mark and Lori Gilly.

Mr. and Mrs. A.S. Mize visited Mr. and Mrs. W.N. Anderson Sunday afternoon.

Fred Conner of Amarillo visited his parents Mr. and Mrs. Jim Conner last Monday.

Viola and Jim Conner cele-

brated their 58th wedding anniversary by driving to Sherwood Shores and viewing the beautiful scenery around Clarendon and through the canyons. We congratulate them on the 38 years together.

Jerry Bradshaw and daughter Sheila of Plainview started to Cedar Hill last Friday evening to take his niece Jenese Lemons back home with them for the night when he was stricken by another vehicle about a mile east of Plainview. The pickup he was driving overturned and was totaled. He received many bruises and possible broken ribs while Sheila had many lacerations that required stitches and bruises also. They were released from the hospital after emer-

gency care.

Eula Mae Wilson of Ralls spent the day Thursday with her sister, Pauline VanHoose.

Danita Boone of Lubbock, granddaughter of Mr. and Mrs. Tom Fortenberry, left last Monday to enter college at Waxahachie.

Mr. and Mrs. Tom Fortenberry spent Saturday in Lubbock with their daughter, Patsy Boone.

Linda Lemons and children of Lockney and Linda Lemons and children of Cedar Hill, Jenese Lemons and her father of Seagraves were present to celebrate the birthday of Carl F. Lemons Saturday evening with a supper in his home.

Jenese Lemons returned to Seagraves with her father to

start school in Seagraves.

Jessica and Diana Lemons of Lockney spent several days with their grandparents Mr. and Mrs. Carl F. Le-

## WWII Submariners to meet

The National Convention of U.S. Submariners of World War II will convene in Sacramento, California on September 16 through the 20th, 1981. Upwards of 2000 submarine veterans and families will attend.

In addition to the normal convention activities, a full slate of tours and other entertainment will be provided. The USS Gudgeon (SS 567), one of the three remaining diesel boats in commission will be tied up for tours. The Saturday night

banquet and installation of officers is always the high point of the reunion. Last year in St. Louis more than \$25,000.00 in volunteer contributions to scholarships was donated in the "March to the Podium." That amount is expected to be exceeded this year. Interest and attendance is increasing each year and those desiring to attend should make travel and lodging arrangements immediately.
