### LITTLE LEAGUE

letters to the editor...

I would like to commend the Floydada Volunteer Fire Department for their speedy and effective help recently in controlling and putting out a fire in one of our patches of wheat. What could have been much worse resulted in loss of less than an acre of grain.

We can all feel a little better each day because of these dedicated men (and the support of their wives) of the Volunteer Fire Department.

Sincerely,  
Bob Allredge

I am writing to ask you to please let our loved ones and friends in Floydada and surrounding towns know that they are invited to:

The FIFTEENTH ANNUAL FLOYD COUNTY, TEXAS PICNIC held by former Floyd Countians now living in California.

Fifteenth Annual Picnic honoring Floyd County, Pine Grove picnic area, Balboa Park, San Diego, California 18 August, 1984 10:00 a.m.

would have been party to the rigging of an election for Ralph's benefit, as he did for Lyndon. And the Republic was not threatened, in my opinion, by Parr's "contribution" to Yarborough nearly so much as it is now by the massive "contributions" from Clint Manges to various and sundry judges and politicians. In my view Yarborough was neither the best nor the worst of politicians. In many respects he was and is a very decent man. He was somewhat paranoid at times, but any politician who got as many licks as Ralph did would probably end up feeling that everyone "out there" was trying to get him.

Indeed, that feeling on Yarborough's part led some of his staff to call him "punchy" behind his back. I once asked one of them why they referred to their boss in such fashion, and was told that one occasion he was "like a punch drunk prize fighter" who comes out swinging every time he hears a bell, even when he is not in the ring and when no danger is apparent. He saw Allan Shivers, or a Shivers surrogate, behind every bush, every shrub, every voting booth.

But his political downfall did not come about because of that. It came because, again in my opinion, Ralph finally forgot, or abandoned, his real political base. His base was always a coalition of liberals and organized labor, with liberals providing the intellectual underpinning and organized labor providing the muscle. In those days it was an uneasy coalition at best. The liberals were forever pushing "civil rights" and the rank and file of organized labor was never enchanted by that, despite the public posturing of their leaders. Finally, when the civil rights drive became the dominant force in democratic politics, Ralph began to follow the wrong beacon, and his union muscle refused to respond with the vigor it had previously shown. That happened to Carter in 1980. In politics, or at least in organizational politics, muscle spells victory, and its absence spells defeat.

At any rate, gentle reader, I don't know that Ralph took the \$50,000 from Billie Sol, or even that he took the \$18,000 from George Parr. But if he didn't do the latter, then one of his staunchest supporters and close friends was telling me a great big lie.

### Business of the Week

Darrell McCandless and his wife, Janice, the new owners of Rucker's OK Tire Store, located at 308 S. Main, bought the establishment on March 19.

Darrell, originally from Keller, moved to Floydada in 1977 with his family. McCandless formerly ran the Floydada Livestock Auction for ten years prior to this new business endeavor.

Darrell stated that at Rucker's they sell tires, mainly Michelin and Firestone and offer tire service. Janice added that they also have field and road service.

The McCandless' have two children Rain 7, and Camron, 2. Darrell and Janice have stayed in Floydada because they like Floydada and its people. Darrell also emphasized that he enjoys this new enterprise because he considers this business a public service. He also stresses that "Rucker's OK Tire will continue to specialize in prompt friendly assistance and offer competitive prices."

JO ANNA ARASIN, Curator of Textiles at Panhandle-Plains Historical Museum at Canyon, was the guest speaker at Mamie Woods' annual breakfast last week. She was assisted by Dot Cummings with the fashions she showed. Janice Julian and Peggy Roberts really made the presentation come alive when they modeled old corsets, and the audience of some 35-40 were shown how ladies used to obtain their desired size.

# Mamie Woods hosts breakfast at South Plains

By Mrs. Murray Julian  
South Plains, June 14:

What a wonderful rain that has fallen around the area! Wednesday, June 13, and Thursday, June 14. It has rained around here in varying amounts. How refreshing the moisture is, and how gently it has fallen around the thirsty land. The rain has stopped the wheat harvesting for the time being. There has been 1.30 at South Plains and lesser amounts have been reported to the east.

Prayer meeting services at the South Plains Baptist Church were not held Wednesday night, as water stood everywhere, and more was coming down. Many of the ones who do come to services would be coming over dirt roads.

Mr. and Mrs. Sylvan Kinnibrugh plan to go to Truscott to spend Father's Day week-end with Sylvan's father, J.A. Kinnibrugh who, despite his age, is very spry and can take very good care of

himself.

Ernest Smitherman is getting along well at his home, and they are hopeful that Mrs. Ruth Smitherman will be able to come home during the coming week-end. She has been out at the Floydada Convalescent Home while Ernest has been in the hospital.

For years the South Plains Hobby Club has enjoyed an event which, as years have passed, has become such a pleasant happening and guests have become visitors from all around the area--not just South Plains women. This year, the breakfast was held Wednesday, June 13th, at 8:00 a.m. in the home of Mrs. Mamie Wood with everyone enjoying the spacious backyard, the great trees, the bushes, lovely green grass and landscaping. You have to talk loudly to make yourself heard, sometimes over the birds happy singing. At 8:00 a.m., Mrs. Joyce Osborne gave the breakfast prayer, and guests served themselves with delicious hot biscuits, coffee cakes, jellies and jams, the sausage balls, and chili cheese squares as the main dishes with hot coffee and

other tempting dishes.

Co-hostesses with Mrs. Mamie Wood were Mrs. Letha Mulder, Mrs. Ruby Higginbotham, Mrs. Mildred Hamm and Mrs. Dot Cummings.

The main speaker for the breakfast was Jo-Anna Arasin, from the Panhandle-Plains Historical Museum at Canyon, where Jo-Anna is Curator of Textiles. She gave a wonderful program about fashions, beginning with fashions of the 1850 period. She also showed dresses and other fashions and clothes from the museum there at Canyon.

A wealth of knowledge was given us about women's fashions from 1850 down to the present time, as fabrics, hoops skirts, petticoats, and corsets, some displayed by guests, showing the kind of garments which were worn through the years. It was the fashion back then to have an 18 inch waist, and a 13 inch waist was ideal! At that time, around 1880, cleanliness came into fashion--before that the bustle, long hair and long skirts were not conducive to bath taking. With 14 petticoats sometimes worn, women were not very comfortable. Women of those years did not want to be tanned, so they wore sunbonnets and something on their arms. Little girls of 7 to 9 years old were put into corsets. This was along in the 1880's, as bustles came into fashion.

Those who came for the garden breakfast were Mes. Mary True, Grigsby Milton, Pat Stewart, Ruth Babb from Logan, New Mexico, Mary Corley, Lillian Smith, Lisa Roberts, Betty Howard of Lubbock, Peggy Roberts, Anne Hartmen, Lula Teague, Kathleen Thornton, Kathryn Ball, Eva Cresswell, Edith Clark, Lorena Dayton of Plainview, Betty Deavenport, Lavinia Brown, Joanne Cagle, Jane McCulley, Bonnie Julian, Ruth Trapp, Connie Sanders, Janis Julian, Neta Marble, Lou Burleson, Mary Sue Potts, Pat Wood, Gleyenn Earle Cummings, Dot Cummings, Ruby Higginbotham, Carolyn Marble, Margaret Kitchens, Mildred Hamm, Letha Mulder, Bonnie Moore, Nancy Marble, Joyce Osborne, Juanita Teeple, Carolyn Redding of Floydada, Jo-Anna Arasin of Canyon and the hostess for the lovely event, Mrs. Mamie Wood with her

helpers, Mildred Hamm, Letha Mulder, Dot Cummings, and Ruby Higginbotham.

A bridal shower which honors Tammy Bunch, bride-elect of John Cummings, will be held on Saturday, June 16th, from 2-4 p.m. in the home of Mrs. Mamie Wood at South Plains.

The grandchildren of Mrs. Ruby Higginbotham, Brett and Shea Higginbotham of Lubbock, have been visiting here with Mrs. Higginbotham this past week.

We extend congratulations and best wishes to Johnny Calahan of Stephenville, son of Mr. and Mrs. Shelby Calahan, and Mrs. Ann Kraatz of College Station, where she has just graduated, who were married at the home of Mrs. Kraatz's mother, Mrs. Margaret Bean in Winters, at 3:00 p.m. on Saturday afternoon, May 26, with the Rev. H.S. Calahan, Jr. of Abilene performing the wedding ceremony. The immediate family members were guests at the ceremony, and attendants were the children of Mrs. Kraatz, Kimberly and Jeff Kraatz.

A reception was held at the home of the bride's aunt, Mrs. Katty Brown there in Winters.

## Hardy students presented in 2 recitals

Piano and organ students of Elaine Hardy were presented recently in two different recitals.

First Baptist Church of Lockney was scene of the 4 p.m. recital held June 5. Mrs. Hardy announced the following honor students: Jody and Amy Ansley, tied for high point student; Amy and Anita McCormick, tied for most pieces of music learned. Kori Kellison, ele-

mentary; Tricia Steele, junior high; Laron Cheek and Andrea Bonner, tied for high school division, for highest grades among Mrs. Hardy's students who participated in the auditions held in Lubbock in May by the National Guild of Piano Teachers. The Chopin traveling trophy will be shared by these students for the next 12 months.

A special trophy went to Cherie Parrish for the most desire and best

attitude. She is moving to California. Students who participated in the auditions were presented certificates.

Appearing in the recital were Lockney students Amy and Jody Ansley, Cherie Parrish, Karen Ford, Kori Kellison, Aimee Green, Nancy Ryan and Rachelle Ford. Floydada students were: Tammy Leatherman, Mike Leatherman, Jamie Thayer, Laron Cheek, Amy and Anita McCormick and Andrea Bonner, and guests, Tony and Chad Cooper of Ransom Canyon.

Also participating in the auditions but unable to play in the recital were Tricia Steele and Amy Kring of Lockney and Shannon Edwards of Floydada.

Mrs. Hardy presented Mitzi Julian in a senior piano recital held June 8 at South Plains Baptist Church.

Mitzi's recital included "Jesus, Joy of Man's Desiring by Bach", "Sonata in D" by Haydn, "Liebestraume" by Liszt, "Missing" by Vangelis, and "Theme from the Apartment" by Williams.

The program also included a duet with her sister Kristi Julian, of "The Shadow of Your Smile", arranged by Ferrante and Teicher; a duet with her mother, Janis Julian, of "Tonight" arranged by Ferrante and Teicher, and a piano-organ duet of "We Are The Reason", by Meece with Janis Julian. Mitzi Julian's piano students, Josh Thayer, Amber Poole and Jayna Dunn also played during the recital. Mrs. Hardy presented audition certificates to them.

A reception was held following the recital.

## Immigration reform a solution? Continued from page 1

have the papers processed."

"Apprehended aliens can ask for a hearing before an immigration judge and deportation will be suspended." Teran said that "the Catholic Church offers such services. Many undocumented workers are not advised that they do have recourse, that they can have suspension of deportation. Even though they are here illegally, everyone on American soil has the right to procedural due process and are often discouraged from exercising those rights."

Teran is convinced that "there should be stricter enforcement against smugglers." Chief patrol agent Rushton reported that "the rate of smugglers operating in Texas has risen 100% within the last year. Smuggling is a felony and smugglers are being prosecuted. It has become a huge commercial venture of the worst kind because the smugglers are trading in human cargo. Sentencing for the first time offenders range from three to ten years." Rushton reports that "the Border

Patrol is now working on a Chinese smuggling ring. In a group of twelve illegal aliens apprehended near Van Horn, six were Chinese nationals who paid the smugglers \$8000 apiece to travel from Taiwan to New York."

Rushton points out that "the percentage of nationalities, other than Hispanics, is increasing everyday. Last month seventeen aliens from the Dominican Republic were seized near Van Horn. Aliens come from Pakistan, Bangladesh, all over Central America, and the Caribbean Islands."

According to the Federation for American Immigration Reform, four hundred Border Patrol agents guard the entire U.S. - Mexican border at designated stations, and those officers apprehend over 3000 illegals aliens stealing into the U.S. everyday. "When and if the President signs the law giving amnesty to illegal aliens, it will be a nightmare!" agent Vaughn exclaimed ruefully. "The incentive to enter the States illegally will be enhanced immediately."

### CENTER NEWS

By Mrs. J.E. Green

June 14, 1984:  
Sunday we went to church - all of us. There was dinner at the church afterward. Tuesday the girls, Annie and Nancy, went to Giorietta, where they met a group of Howard Payne students. We came home Wednesday.

We had a good time. But no matter how good a time I have I am glad to get home.

It was good to be back in Calvary Church Sunday.

After we ate dinner we visited a bit with Mr. and Mrs. Anthony Latta, and at the cemetery, then Nancy said good bye and left for Lubbock to visit her sister and family before returning to Hubbard.

Mrs. Lucille Custer is just back from "Dawn East" to visit her son.

The Henry Brewer had all their children home Sunday except one. 42 in all (including the grands.)

Mrs. Cora Hartline is to be in Plainview tonight to see a granddaughter graduate from high school - the youngest daughter of June and Bob Landry. (I did not get her name.)

The Thomas Warren's had all their children home for dinner Sunday and for the weekend.

Some of our people home today are the Marion Carpenters, Alma Dunn, Mrs. Meredith, and Mrs. Ethel Warren. Some I can't reach.

June 21, 1984:  
Just back from the Hollis Payne's 25th wedding anniversary celebration at First Baptist Church. So nice. Good to

Students named to the President's list included the following from Floydada, Norman W. Allen, 603 W. Mississippi; and Rebecca Crabtree, Route 4.

Floydada students on the Deans' list include, Martin G. Eastham; Monty D. Williams, Route 1; Melissa J. Morren, 822 W. Lee; Karen A. Turner; and Walter N. Davis.

### Calvary Baptist women meet

Baptist women of Calvary Baptist Church met in fellowship hall of the church at 6 p.m. for a delightful time of sharing and enjoying refreshments of cake and punch left from the Payne's twenty-fifth wedding anniversary on Sunday.

Afterwards the program from Royal Service Magazine for Baptist women was led by Mrs. Odum. Program theme was the need in Japan for God's work to be done. There are so few churches in Japan that the need is urgent for more missionaries there, as well as, the local people in Japan to see the need of one God.

Let us all pray for these people and their great need.

Nine ladies enjoyed the evening. Those present were Jo Payne, Hazle Powell, Mildred Haile, Irene Wexler, Beady Owens, Arlene Holmes, Edna Patton, Deota Odum, and Ivola Walters.

# LANDSCAPE AND GARDENING

by Benny Butler

Now that summer has arrived, you may be thinking about taking that well-earned vacation. If you are planning to take an extended vacation now or later this summer, be sure your landscape is in order prior to leaving. Lawns, gardens and landscapes left unattended and uncared for several weeks can be virtually ruined by our summer's sun, wind and heat.

Just a little extra effort on your part before leaving can make a big difference in the health and well-being of your plants. Here are some practical tips which should help to ensure that your home landscape will not suffer the post vacation blues.

- \* Water the home grounds well prior to leaving. Soak your lawn, gardens and all landscape plants deeply. In our hot, dry summers, soils can dry out rapidly even after heavy watering, so if you'll be gone over a week, plan to have a neighbor hook up your hose and do a little supplemental watering.

likely to get rangy by the time you return.

- \* Mulch to help conserve valuable moisture needed for plant growth while you are home or away. Choose a clean mulch, free of weed seed, and one which will remain loose and well aerated. Consider grass clippings, pine bark, compost, or a variety of other organic materials. Mulching will also reduce or eliminate the weeding problem.

- \* Check carefully and spray for insects and diseases to prevent a buildup of pests during your absence. Summer insects and diseases do not take a vacation, and will work overtime on your healthy plants. This goes particularly for chinch bugs. Make sure you have applied chinch bug control to your St. Augustine lawn, or you just might find it severely damaged by this little critter when you return.

Be sure that walks and flower beds

are neatly edged before your departure. A buildup of growth while you are away will be difficult to manage on your return.

- \* Take lawn and garden equipment
- \* Mow your lawn a day or two before you leave. Use the same cutting height that you normally do. Don't lower the mower blade for a "closer shave." Doing so could easily cause sun scald and damage. If you plan to be gone more than a week it would be a good idea to arrange to have a friend or neighbor mow the lawn for you.

- \* Prune hedges and other plants by the repair shop, if needed. They'll have it ready when you return.

- \* Harvest all ripe or nearly ripe fruit and vegetables. If you'll be gone over a week arrange for a friend to pull and use produce. Vegetables left unpicked will frequently cease to bear.

- \* Have a nice trip knowing that things at home will be in fine shape when you return, and don't forget to visit some gardens while you're away. There are many spectacular gardens to enjoy in just about any part of the country you may be headed.

- \* Arrange for a neighbor to pick up newspaper or ask the paper boy to hold them until you return. Newspapers scattered over the front lawn are a dead give away that no one is home. Lights on a timer also provide an impression that someone is home.

- \* Landscape preparation for a summer vacation may sound like a lot of extra work, well it's not really much more than the normal weekend chores in maintaining a healthy, well-groomed landscape.

## Charles Schur becomes new soil conservationist

Charles Schur is the new soil conservationist at the Soil Conservation Office, replacing Morris Houck, who was promoted and transferred to Leveland last week.

CHARLES SCHUR

Schur, a recent graduate from Tarleton State University at Stephenville, has worked as a student trainee in the Vernon field office during the summer of 82 and in the Quanah field office during the summer of 83.

A native of Vernon, Schur was raised in a farming community and his father, Charles V. Schur, continues to farm northeast of Vernon. Schur "likes Floydada, although it is smaller than Vernon. The terrain is flatter and there is more farmland in this area. The method of irrigation is also different. Floyd County farmers tend to use furrow irrigation and in the Vernon area, the pivot system is utilized."

Schur states that he's still training, writing farm plans and evaluating irrigation systems. Jon LaBaume says that "he is glad to have Charlie here. By working for the past two summers, he has more experience than most of the recent agricultural graduates."

## Public input on wheat sought

The U.S. Department of Agriculture is seeking public comment on provisions of the 1985 federal wheat program which, by law, must be announced no later than July 1.

Everett Rank, administrator of USDA's Agricultural Stabilization and Conservation Service, said USDA will consider these comments as well as the most current data on U.S. and world crop conditions and the supply and demand outlook before making final decisions on the program.

Rank said USDA wants comments on the following:

- the loan and purchase prices and the established target price. The minimum target price is \$4.38 per bushel.

- the level to be established under an acreage reduction program. This acreage reduction cannot exceed 20 percent of a farm's wheat acreage base and will be combined with an additional 10 percent paid cash land diversion program. The diversion payment rate must be at least \$2.70 per bushel.

- whether there should be an optional land diversion program with either payment-in-kind compensation or cash payments.

- whether to allow haying and grazing on acreage conservation reserve land.

- whether summer fallow acreage should be restricted for designation as acreage conservation reserve land.

- whether there should be offsetting compliance requirements for an acreage reduction program.

- methods for determining 1985 crop acreage bases for wheat.

- whether contracts that producers will sign to participate in the program should be binding after the sign-up period.

Rank also asked for comments on provisions for a farmer-owned reserve, commodity eligibility, premiums, and discounts, the establishment of county loan rates and other provisions necessary to carry out a loan and purchase program by wheat.

Comments, which must be received by June 11, may be sent to: director, analysis division, USDA-ASCS, room 3741-S, P.O. Box 2415, Washington, D.C. 20013.

In addition, a regulatory impact statement on 1985 wheat program options is available by writing to the same address.

CARRIE BERTRAND and Linda Seymour, Farm Bureau secretaries, attended a conference in Waco recently.

## Steer validation day set

All 4-H and FFA members planning to show steers at any of the junior livestock shows in the state of Texas in 1984-85 must have their steers validated before July 1, 1984.

The Floyd County Steer Validation Day will be held on Monday, June 25, 1984, beginning at 9:00 a.m. at the Brock's Feedlot, located 6 miles north of Lockney, on FM 378 (the Lone Star Highway). Approximate cost for the validation (which includes ear tag, nose-print, and photograph) will be about

\$3.00 per head. Please bring your checkbook with you.

If you are only planning to show at the County Show, this is still a good opportunity, because you never know how you will feel come this fall when entries are due. This is an effort to have all steers tagged that are on feed at the present time. If you know of someone who is feeding steers please pass the word, they may not have received a letter.

Remember, steers which are not validated on this date set by the Floyd County Validation Committee will not be eligible to show at any major stock show in Texas and we request that even county steers be validated at this time. Please make every effort to attend.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

## Bertrand, Seymour attend conference June 10-13

Carrie Bertrand and Linda Seymour, Floyd County Farm Bureau secretaries, attended the Texas Farm Bureau Office Secretaries' Conference June 10-13, at the Texas Farm Bureau state office in Waco.

During the seminar, they attended courses on various Farm Bureau office procedures and heard presentations by several Texas Farm Bureau staff members and guest lecturers. General sessions were held on state legislative affairs, T.F.B. commodity programs,

the Safemark program, the American Farm Bureau Federation and county newsletters. Specific sessions attended were on membership, claims, computer insurance, and underwriting.

The Texas Farm Bureau recognized the Floyd County Farm Bureau and Linda Seymour, office secretary, for their outstanding service to the members in the areas of health care and administration. Seymour also won an all expense trip to the State Farm Bureau Convention in San Antonio held in September.

*"I was surprised how quick the variety was ready to graze."*

"In fact, some of my neighbors tried to rent my pasture when they saw how much better established it was than others all around us."

Pioneer® variety 2157 gets off to a fast start, quickly establishing the kind of healthy, vigorous growing stand so necessary for good pasture. Its upright growth habit helps provide maximum available grazing.

And because 2157 has proven to be such a good yielder, you can count on it to deliver top-quality wheat at season's end. If pasture is part of your wheat program, new 2157 should be, too.

## New Wheat Variety 2157

Superior Yield • Excellent Standability • Outstanding Grazing

*"When I pulled my combine into the field, I knew for sure this wasn't an ordinary wheat crop."*

"That 2157 was standing out there good and straight. And when I moved down the rows, I could hear the cylinders running full."

Farmers who've seen this impressive new high yielding variety like its standability and tolerance to dry growing periods and severe weather. It has excellent resistance to leaf rust, stem rust, fungal leaf blights, soil borne mosaic virus and the Hessian fly.

In side-by-side comparisons, Pioneer® brand 2157 wheat has consistently out-yielded other popular varieties. And it has shown consistently high test weights.
