## Blaze burns shed

At the risk of getting involved in another controversial subject, we would like to say a few kind words about the Floydada City Council.

Seriously, we do believe the Council deserves a pat on the back for their continuing efforts aimed at making our city more attractive by forcing the demolition of property that has been neglected to the point of embarrassment for all our citizens.

We've sat in on Council meetings and watched our city fathers wrestle with the problem. It cannot be a pleasant task to serve notice on a property owner that he, or she, is going to have to clean up, fix up, or face certain destruction of the property involved. Emotions can run rather high, and the councilmen, after all, do have to face re-election. It would be much easier to just look the other way.

But the ordinances are in place, and the councilmen are sworn to uphold them as responsible officials. From all we can determine they are doing a pretty fair job in this regard.

There are few things that "turn off" potential newcomers more than the sight of vacant, run-down, essentially abandoned buildings surrounded by junked cars and trash. It not only has a depressing effect on visitors, it has that same depressing effect on those citizens who go out of their way to create and maintain an environment in which their children can take pride.

We realize of course that there are times when the problems are caused by a lack of resources, sometimes financial, sometimes physical. In those cases we should find ways to extend help. But we also know that in some cases the problem is caused by a lack of interest, and in these cases a nudge from the Council can be most helpful.

Before we leave the subject, we would like to make one more point. A few vacant buildings around town, or some vacant office space, does not, by any stretch of the imagination, indicate that a town is on the ropes. Anyone who believes that should visit Dallas or Houston, or Lubbock, or even Austin. In any dynamic economic system there will be office space that becomes vacant from time to time, and buildings as well. This a result of many factors, changing traffic patterns, changing shopping habits and the growth or decline of certain industries. So there is no need to get into a hand-wringing state over something like that. The real problem comes when a community loses heart, and sits around moaning about the futility of the future. Fortunately we do not have that kind of a community. We have the kind of community that, while recognizing that we have some problems, is trying to do something about them. It is an example that could well be followed by other communities.

Meanwhile, back at the shop: I don't know about you, but I'm proud as punch about the improvements that have taken place here at the paper in the last few weeks. Our photographs are about 120 percent better than they have been in the past, the "layout", or design, of the paper is vastly improved, in my opinion, and our new features are being exceedingly well received by our readers.

For the past four editions of these papers, we have had a complete sell out, with the exception of those papers we have deliberately held back for the files. That is the first time that has happened in the past two years. Not only that, our rate of "new subscriptions" is running far ahead of normal. Public reaction to our "People at Work" photo feature has exceeded our fondest hopes and expectations. That feature, by the way, was designed to give a break to common ordinary people going about their daily tasks, people who would not normally get their picture in the paper. People who are contributing to the life of our community in various ways, large or small, but nevertheless contributing.

Sometime ago we mentioned that we were going to invite our area ministers to contribute articles for our church page. Those letters of invitation have gone out, and the initial response has been 100 percent positive, and enthusiastic as well. When we have heard from all those to whom letters were sent, and when we can get the articles programmed, that will also be a new feature we think the people will enjoy, and from which they will benefit.

I can say all these nice things because I had little to do with the improvements, other than putting the

A fire of unknown origin destroyed a large shed used for storage and damaged another building eight miles north of Floydada on highway 207. The property belongs to Robert Stovall, whose hired hand resides in the house adjacent to the damaged structures. No one was home at the time of the fire and there were no injuries as a result.

Floydada fireman Mike Reeves was first on the scene at approximately 3:00 p.m. on August 29. He found the shed already destroyed and used the water supply on the rural fire truck to hose down a propane tank adjacent to

the smoldering building to keep it from exploding. Apparently, wind borne embers from the shed ignited the second wood frame building and some old hay. This burst into flames just as the city fire truck arrived with a new supply of water. The second blaze was quickly brought under control.

Carroll Sims of the Fire Department stated, "We do not know how the fire started and it will be difficult to determine until we know what was in the shed. There was no electricity to the building and there is just no way to tell at this time. Damage estimates are also up in the air."

**SHED DESTROYED**—The smoking remains of a shed destroyed by fire on August 29 are evident in the foreground. The second fire was behind the barn in the center of the picture.

## Floydada ISD begins year with \$702,862

The Floydada Independent School District met in a special called session to approve the final version of the 1984-85 school budget. This budget, detailing the financial figures for the last school year, was approved as submitted and will be forwarded to the state as required by law.

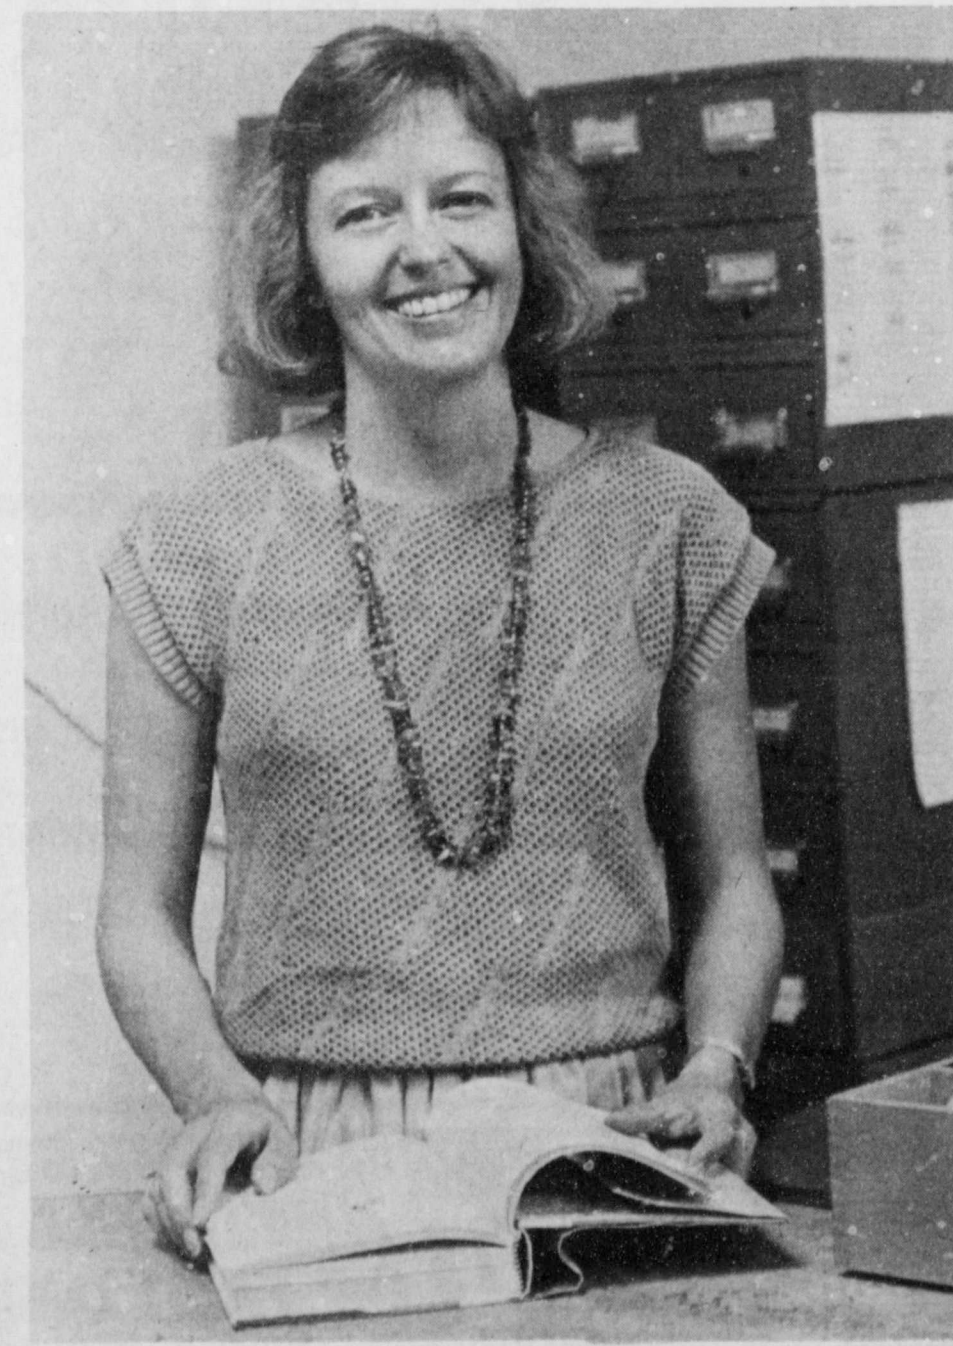

Ella Stapp, a member of the administrative staff, presented the amended budget which indicated total revenues for the year to be \$157,053.00 more than estimated at the time the budget was adopted. Final totals on all revenues put the figures at \$4,655,190.00. The extra revenue can be attributed to a larger average daily attendance than estimated and to the new formula for small

schools used to determine the state funds available to the district.

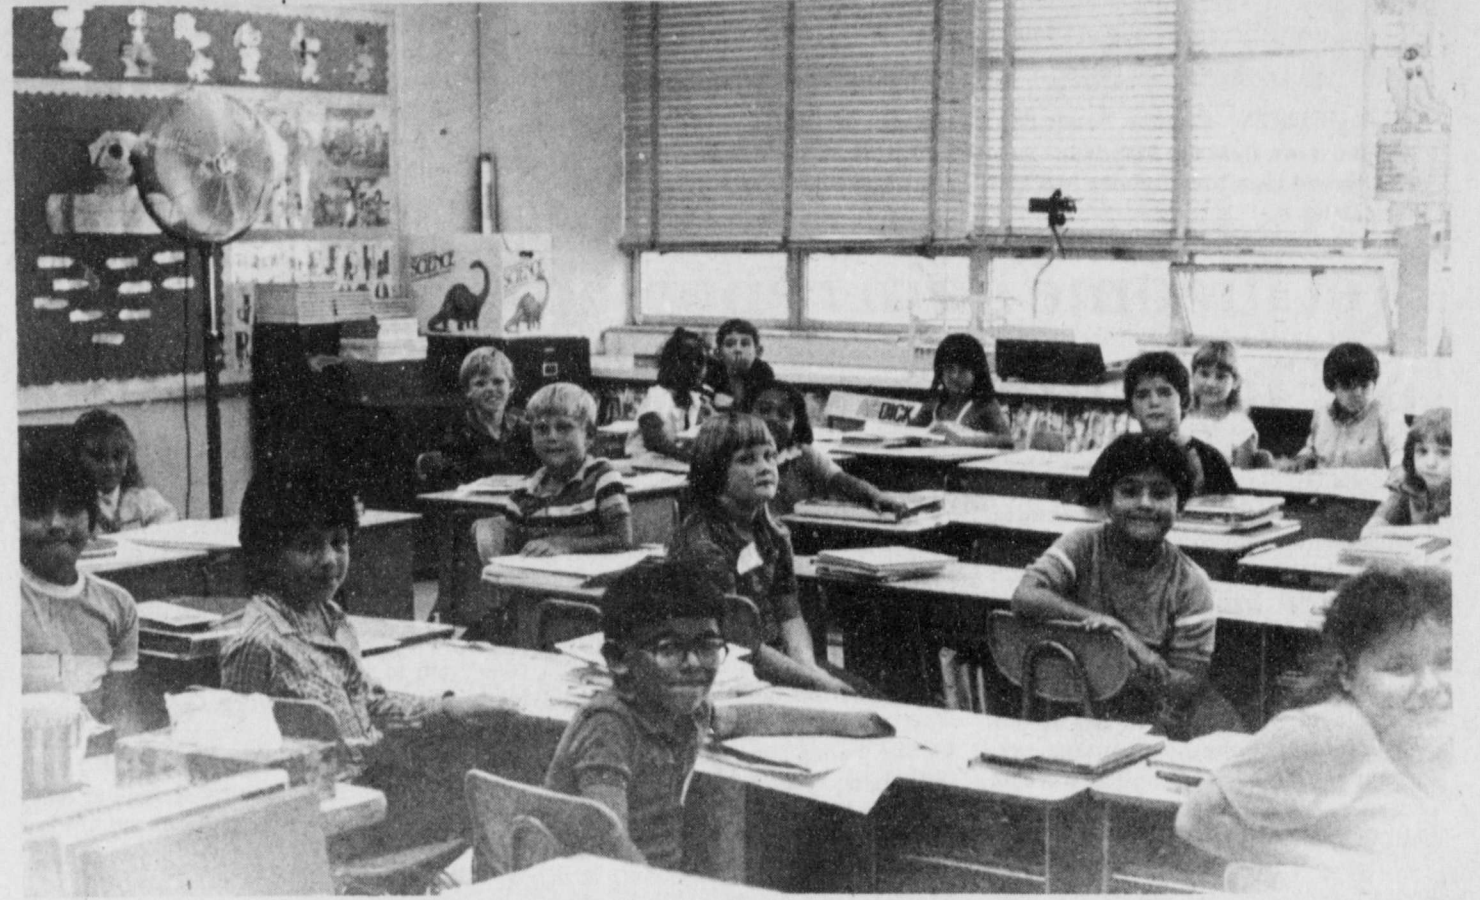

Expenditures for the year had been projected at \$4,158,572.00, but came in at only \$3,952,862.00. Added to the beginning balance last year, this savings has resulted in a carry over balance of \$702,328.00 to begin the 1985-86 school year. The funds are a combination of federal and state funds, many earmarked for specific uses such as special education, bilingual education, and etcetera.

The called meeting followed an early morning "welcome back" breakfast for all school personnel which was held at Duncan Elementary on August 29.

## DPS RESPONDS to Questions from Texas drivers about the Safety Belt Law

- Q.** Who must use safety belts under this state law?  
**A.** All drivers and front seat passengers are required to use them whenever they ride in safety belt-equipped cars or trucks of ¾-ton capacity and below.
- Q.** Can I be fined for failing to comply with this law?  
**A.** Yes. Effective December 1, 1985, an offense is punishable by a fine of \$25 to \$50.
- Q.** Did the child safety seat law change?  
**A.** No. Children under two years of age still must be secured in a federally-approved child safety seat system when they are riding in any seat equipped with a safety belt in a passenger car or light truck (¾-ton capacity and below). Children from two to four years of age must be secured by a safety belt or child safety seat system when riding in any seat equipped with a safety belt in a car or light truck.
- Q.** Who would be cited for a violation of the safety belt law?  
**A.** If the unbelted person is under 15 years of age, the driver will receive the ticket. If an unbelted person is 15 or older, that person will receive the citation for the violation.
- Q.** Are any persons exempted from complying with this law?  
**A.** Yes. The law does not apply to a person who possesses a written statement from a licensed physician stating that for medical reasons, the person is unable to wear a safety belt. Also exempt are U.S. Postal Service employees when they are servicing postal boxes or performing duties for their agency requiring frequent entry and exit from vehicles.
- Q.** What if the safety belts have been taken out of the car?  
**A.** If safety belt anchoring hardware came as original factory equipment on the car, the belts should be present and in use by front seat occupants riding in the vehicle.
- Q.** What about older cars and light trucks which came equipped with only lap belts or no safety belts at all?  
**A.** If the older model vehicle did not come equipped with a shoulder strap like the newer models, use of the lap belts alone by front seat riders is permitted. Vehicles not originally equipped with safety belt anchorages are not required to have safety belts.
- Q.** Can I be cited if there are more people riding in the front seat than there are belts for?  
**A.** No. The law states that each person occupying a seat equipped with a safety belt must be secured by the belt.  
 As an example, if three persons are riding in the front seat and three belts are provided, all must be buckled in. If only two belts are provided, the two persons in the belted positions must be secured by the belts.
- Q.** Can residents of other states be cited for breaking this law?  
**A.** Yes. The statute applies to anyone riding in the front seat of the specified vehicles while they are being operated on roads, streets or highways of Texas.
- Q.** What if the belt doesn't fit?  
**A.** Auto manufacturers have made belt extenders available for larger persons.

## Appraisal district to reprogram

The Floyd County Central Appraisal District voted to accept the single bid received for reprogramming the computer to accommodate the scheduled reappraisal 1986. YS Systems Consultant of Alvarado, Texas won the bid for \$15,000 plus travel estimated at \$1,000.

During the September 4 meeting, the board also learned that more disc space

will be needed to accommodate the records expected to be generated by the reappraisal. The purchase of extra disc capacity was approved. The estimated cost is \$12,500 and will be paid for with existing surplus funds.

Chief Appraiser Shiela Faulkenberry reported that resolutions had been received from the tax entities authorizing the appraisal district to maintain its fiscal year on the current schedule.

The board also approved forwarding a resolution to all taxing entities authorizing the Central Appraisal District to continue assessing and collecting taxes for two more years.

The board also authorized advertising for bids on the annual audit. Members present were Tom Duvall, Fred Zimmerman III, Adrain Helms, and Jack Lackey.

## Net income gain reported at Floydada Coop meeting

Floydada Cooperative Gins, Inc. members heard financial reports indicating a net income for the year ending July 31, 1985 to be \$280,569.00. This is a substantial gain over 1984 when income was \$60,436.00. The majority of this income was generated by local ginning operations according to Don Williams of Williams, Adair, Rogers and Company, Public Accountants. He also reported that the Coop has working capital of \$320,000 and no long term debt obligations.

Other reports given at the 13th annual stockholders meeting on September 3 indicate that members are experiencing a pretty good crop year.

## "Brown Bag Lunch" held

The Floydada Chamber of Commerce held its first "Brown Bag Lunch" on Friday, August 30 at the Old Settlers Pavilion. The event offered an opportunity for people downtown to meet and share their lunchtime with a background of country music. Rick Sudduth and friends provided the music, the chamber sold soft drinks, and those attending brought their own meal.

Nettie Ruth Whittle of the Chamber office says, "We hope to do this again before cold weather. It is a nice way to break up the day and visit with friends in the business community."

Sudduth and his musicians perform with the "God's Country" prairie drama being developed in Crosbyton. John Pinkston and Kevin Rainwater accompanied him for the lunchtime concert.

## P.O. pick-up time changes

The Postal Service has announced that effective September 14, 1985, the pick-up time for all mail leaving Floydada will be 4:55 p.m. daily except Sundays and holidays. This change is an effort to provide better overnight service to the 792 and surrounding area. All mail will be processed at Childress, Texas.

Postmaster Reckling states that it is important for customers to mail as early as possible, as any mail deposited after 4:55 p.m. will not leave Floydada until the next day at 4:55 p.m.

## Two persons sentenced

Ruby Ledbetter, 19, was found guilty in the 110th Judicial District Court of Floydada, of criminal mischief and placed on three years probation. According to Randy Hollums, District Attorney of Floyd County, "The evidence showed that Ledbetter diverted city electricity to reconnect electricity to her residence."

In other actions the court also revoked the probation of Rudolfo Esquivel, 19, and sentenced him to four years in the Texas Department of Corrections for burglary of a motel room. Esquivel was originally on probation for burglary of a vehicle. He also received a ten year sentence probated for ten years for escape from the Floyd County jail on July 30, 1985.

Hollums also stated, "A grand jury will convene on Thursday and Friday to hear approximately 15 cases which are currently under investigation."

## Motley County commissioner convicted of theft

Motley County Commissioner Billy Hand resigned from office following his conviction of a felony last Thursday, August 29. The felony, theft of a calf, occurred in April according to District Attorney Randy Hollums who prosecuted the case.

Hand, 63, of Roaring Springs, showed little emotion as he was assessed a two year probated sentence. The jury deliberated for more than 10 hours following the two day trial in Matador.

Testifying in his own defense, Hand stated that the calf he had taken was injured. He also admitted that he did not have permission from the Matador Land and cattle company to take the calf which was later shot and butchered in Roaring Springs. Other individuals testified that Hand had requested the ears and brand from the calf when it was butchered.

Hand had served as a commissioner for about three years before his resignation.

## Biscoe compliments Rotary

Rotary Governor Jack Biscoe complimented Floydada's Rotary Club on having the top attendance in District 573 for five years running. Biscoe said, "This club consists of doers. You are in Rotary because you want to serve."

Biscoe, a member of the Midland West Rotary Club, was guest speaker at the Floydada Rotary meeting on Wednesday, August 28. A longtime Rotary member, Biscoe served in many club

offices prior to his selection as Governor of District 573.

Biscoe explained the Rotary philosophy by saying, "Rotary has a great foundation. Rotary helps youngsters get an education. It comes to the assistance of countries devastated by disaster and works to get people back on their feet."

The governor's tour of the district included appearances at several Rotary functions in other area towns.

## Applications for insurance of crops due September 30

September 30 is the last day to apply for crop insurance for barley and wheat in Floyd County, Texas, according to Jackie Harris, a representative of the Federal Crop Insurance Corporation (FCIC).

Crop insurance covers unavoidable loss of production resulting from adverse weather conditions, wildlife, earthquake, or fire.

"Three coverage levels (50, 65, or 75 percent) are available for insurance protection. Additionally, FCIC offers three optional price elections for valuing production lost or damaged," says Harris.

A new crop insurance plan, called actual production history (APH), is available this year to producers of wheat, barley, and oats in addition to corn, grain sorghum, peanuts, cotton, rice and other crops. Producers of these crops may now qualify for higher yield guarantees by proving their yield history. Rates have been developed to

offer reduced premium for producers with above-average yields. "With the increased cost of producing a crop, it makes good sense to take a look at this new concept," says Harris.

To find out more about the APH Plan, producers should contact a local, authorized agent. To select an agent, producers may check the list of agents at their local ASCS Office. September 30 is the final deadline for applications.

# Floydada welcomes new teachers

Allan Akers has been employed as the new vocational agriculture instructor following the departure of Rodney Purswell and Tommy Hancock from the Floydada program. This is Akers' first teaching position and the self-assured young man says, "It's not what I do that scares me, but all the things I don't yet know to do."

Akers, the son of Robert and Doris Akers, hails from the community of Follett, Texas where he, along with two sisters and a brother, was raised with a heavy background in farming and ranching. After graduation from high school, he attended Clarendon Junior College for two years. He transferred to Texas Tech and graduated from there in December of 1984. He elected to remain at Tech for another semester in order to take "some courses I thought I ought to have." He also earned a private pilot's license during that time.

"I am familiar with both small schools like I come from and larger schools since I did my student teaching at Frenship High in Wolfforth, near Lubbock," says Akers. "I was also active in FFA all through school, serving as vice president of the collegiate FFA in 1984."

Akers has been working with local FFA students this summer. He accompanied a group to the leadership conference in Clarendon in June and another group to the state convention in Houston in July. He is presently working with local FFA supporters to organize a pig sale as a fund raiser in October.

"I am really looking forward to working with the community, the administration and my students," stated Akers. "I am from a small town and people here are exceptionally friendly and helpful. I already feel right at home."

Janet Cunningham is on hand this year to guide students in a variety of areas. She will be primarily teaching correlated language arts to freshmen students. In addition, she will have one class in sophomore english and one class in world history. Her extra curricular activities will include serving as one of the annual staff sponsors and as a Junior class sponsor.

As a first year teacher, Cunningham enthusiastically says, "I am very excited about teaching here. I love working with this age group of students."

Originally from Clovis, New Mexico, Cunningham attended college at Wayland Baptist University. After graduating in 1984, she and her husband, Tom, lived in Fort Worth for a year and she studied at UTA. They now live in Plainview where Dr. Cunningham is associated with the Plainview Chiropractic Clinic.

Cunningham was active in student and academic circles while at college. She was selected Miss Wayland in 1982 and competed in the Miss Texas Pageant the same year. She received the outstanding academic award from the English Department in 1984 and was listed in the "Who's Who" among colleges and universities.

"I want parents and students to know that I will be available to help in any way I can even though I will be commuting from Plainview," says Cunningham. "I also want them to understand that I am more than willing to work with them to make this a good year for us all."

Judy Gibbs, a resident of Floydada for six years, has returned to the teaching profession after a hiatus of several years in which she has been home to look after her family. Gibbs and her husband, Bill (who teaches at high school), have two children, a daughter Elaine, who is nine, and a son Brent, who is 12.

Gibbs substituted last year in the Floydada schools and says, "I really enjoyed it. I feel like I am ready now to return to teaching full time and this was my opportunity."

Sixth grade science and reading are the subjects Gibbs will be passing on to

her students. "I really like science, so I hope I can make the children want to learn about it," said Gibbs.

Gibbs received her degree from Texas Christian University in Fort Worth. She brings her own solid values to her new position. "I feel that it is very important for the parents and teachers to work together for the benefit of the student," stated Gibbs. "I am looking forward to meeting my students and their parents. This should be a great year for all of us."

Sharon (Shay) Johns is to be the new diagnostician at Caprock Plan A. Working out of an office at Della Plains, Johns will be charged with identifying children who have special difficulties in some areas and recommending methods of helping these children.

Johns comes to Floydada with 13 years of teaching experience, most of it in the field of remedial language arts. She has previously worked for schools in Lubbock, Breckenridge, Fort Davis, Odessa, San Antonio, and Abilene.

"I really love what I do," says Johns. "I am good at it and I enjoy doing something worthwhile."

After receiving her degree from Texas Tech, Johns studied at several other institutions including Sul Ross, SWTS, Angelo State, and Abilene Christian College. She has earned a masters degree and has state certification as a diagnostician.

Johns has two children, an 8 year old son named Chris and an 8 week old daughter named Brittany. She enjoys needlework, cake decorating, and collecting cookie cutters in her spare time. The family will be attending First Baptist Church in Floydada.

"I am looking forward to making a home here in Floydada," stated Johns. "Everyone here goes out of the way to make you feel welcome and to help. I think it will be a great place to raise my children and to work."

Dianne Mitchell, originally from Alvarado, Texas, has joined the staff at the junior high. Mitchell will be teaching eighth grade Earth Science and seventh grade girls basketball.

Mitchell received her degree from Texas Tech with a major in physical education and a minor in biology. This being her first teaching assignment, she is understandably anxious to get started.

"I really think I am going to like living and working in Floydada," says Mitchell. "I am from a small town and I like living in small towns."

Active in high school athletics, Mitchell went on to run track and throw discus in college. She competed in many meets and performed admirably. "I was no super athlete, but I did all right," she laughingly states.

Mitchell hopes to bring a few new ideas and some new methods and techniques for working with girls involved in athletics to Floydada. "Student teaching taught me a lot," she states. "I know some of the mistakes I don't want to make and I also know some of the things I would like to try."

"I am anxious to get acquainted and get into the school year," said Mitchell. "I would like to make this a good year for all of us."

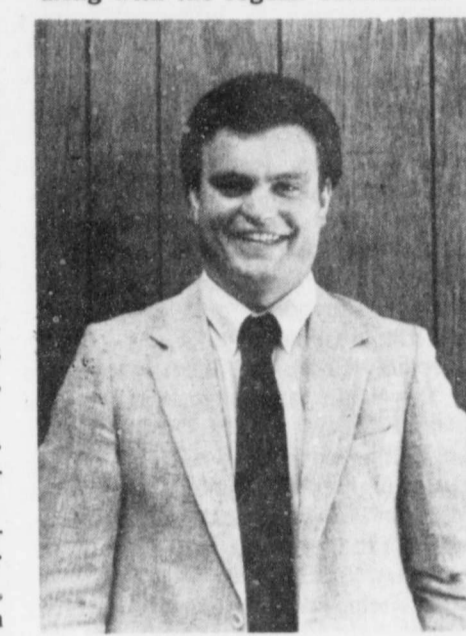

Returning to Floydada school system this fall is Gail Hale. She will be teaching art and spelling to fifth graders at R.C. Andrews Elementary. She will also be teaching reading, art, and spelling to fourth graders.

Hale received her degree from McMurry Methodist in Abilene and taught in Floydada before taking time off to add to her family. She enjoys swimming, gardening, and art in her spare time.

"I am very excited about getting back into teaching," says Hale. "I am especially enthusiastic about the art classes. I love doing creative things and working with the children should make it all the more fun. I like the freedom a creative class allows. It will be a good way to balance the structured nature of reading and spelling classes."

Hale has been a resident of Floydada for nine years. Her husband, Richard, is the assistant manager of the family business, Hale's Department Store. The Hales have two daughters, Christy, age 6 and Ashley, age 1.

"I am looking forward to exploring art with the students. I hope to broaden their horizons and develop some new thoughts for them," says Hale. "It can add a new dimension to their lives along with the regular curriculum."

## Local churches plan after game parties

Churches in Floydada have joined together to provide after game entertainment for Floydada students. The event is being called Football Fellowship and is scheduled to follow each home game this fall. The first party is being hosted by the First Baptist Church at 10:30 p.m. on September 6 following the game with Crosbyton.

Members of the Whirlwind football team, will be recognized along with their coaching staff, cheerleaders, and Whirlwind Band. Refreshments will be served and a film, "Football Fever", will be screened.

Future after game fellowships will be hosted by other participating churches. Skits and musical presentations will be offered for the enjoyment of local teens. First United Methodist Church will host the next fellowship, scheduled for September 13. City Park Church of Christ will host following the game on October 4 and Abundant Life Fellowship Church will host the party after the game on October 25. First Baptist Church will again be the host on November 8.

There is no admission charge and all Floydada youth are invited to participate. Floydada churches welcome the opportunity to support the local team and provide a positive fellowship experience for the city youth.

# Lawrence is September bank guest artist

The colorful landscape paintings on exhibit in the lobby of the First National Bank, Floydada, are the work of Ray Lawrence, September guest artist. "Some artists paint people, some paint animals, some paint objects," said the artist, "but I paint places! My paintings depict the places that I have seen, and some that I would like to see."

Lawrence's paintings seek to convey to the viewer the interesting and very pleasing colors of natural landscapes. He emphasizes the magnificence of nature's formations and the beauty to be found in a tree, a shrub, a rock, or a flower.

His subject matter includes buildings; not for the purpose of creating a photographic image of an old house or

barn, but to reveal unusual shapes and the interesting effects of light and shadow.

The artist doesn't claim the usual childhood interest in drawing or art. His wife and son are both well-known artists in varied fields. "I became an artist about 10-12 years ago by default, you might say!" said Lawrence. "At their urging and with their encouragement, I took up the brush and canvas and enjoy it immensely."

Lawrence began working with oils and still prefers that medium because of the color and effect he is able to achieve. He has enjoyed workshops on numerous occasions; but, the one that meant the most was a series in South

Fort, Colorado. In that area, he felt that the vibrant fall colors and the atmosphere had a pleasing effect on his work. He has exhibited in numerous juried art shows and has paintings in private collections.

Ray Lawrence is a senior partner in the firm of Lawrence, Littlefield, and Jacob, Certified Public Accountants. Semi-retired, he now looks forward to more artistic pursuits. He is active in the Lubbock Art Ass'n. and serves as treasurer of that organization.

Everyone is invited to come by and see these lovely paintings during regular banking hours. The lobby is open from 9 a.m. to 3 p.m. Monday through Friday.

RAY LAWRENCE is shown with one of his paintings, a depiction of a building framework, entitled "Rafters." Lawrence's work will be on display for the month of September.

MRS. SHERMAN LEE ATEN

## Evening ceremony unites Payne and Aten

Marriage vows uniting Tammy Leigh Payne and Sherman Lee Aten were said during a 7 p.m. ceremony, August 31, 1985 in the First Baptist Church of Floydada. Officiating the double ring ceremony were Hollis C. Payne, father of the bride, and John Loudat, pastor of the South Seminole Baptist Church.

The couple stood before a large brass candelabra with one candelabra on each side. Two heart-shaped candelabras with two other graduated candelabras were on the floor area. Also on the altar scene, were the unity candles, consisting of one large candle in the middle and two small candles on each side. The smaller candles were carried down the aisle, by the mothers, then placed on the unity candle stand. The candelabras were flanked with Woodwardia fern. Hanging plaques and palm trees highlighted the altar. The white satin bows accented the greenery.

Musical selections for the ceremony were presented by Mr. and Mrs. Chuck Batsell, of Albuquerque New Mexico, who sang, "After All Those Years" and "As For Me And My House" as duets. Mrs. Batsell sang, "The Lord's Prayer, and the mother of the bride Jo Payne, sang "God Hath Not Promised." Also, the groom played and sang to the bride a song he had written especially for her. At the close of the ceremony, they sang together dedicating their marriage to the Lord. Mrs. Mark Hodges of Plainview served as pianist and organist for the occasion.

Parents of the couple are Mr. and Mrs. Hollis C. Payne of Floydada, and Mr. and Mrs. Tommy G. Aten of Hobbs, New Mexico.

Given in marriage by her father, the bride wore a magnificent gown styled of white organza and lavishly trimmed in silk Venise and chantilly laces. The high collar was of schiffli embroidery, and the sheer yoke was also of schiffli embroidery richly adorned with seed pearls. The lower part of the yoke, in organza, was overlaid with Venise lace appliques and pearls. The low cut basque waist was overlaid in a row of Venise lace extending to the back, where covered buttons extended from the neckline to below the basque waist. The back of the bodice was also of sheer organza richly enhanced by Venise lace appliques. The full Victorian sleeves had a ruffle of chantilly lace at the elbow, and below the elbow, the sleeves were fitted, and Venise lace appliques and pearls were joined by covered buttons at the wrists. The sleeves were edged in Venise lace. The full skirt was also of sheer organza and had a row of Venise lace about midway of the skirt in front, extending around to the back. At points in the front, back and sides, the Venise lace swept up to a place where large Venise lace appliques enhanced the effect. A row of chantilly lace edged the bottom of the skirt which swept around to the back in a full cathedral train. Her small brimmed picture hat was covered in chantilly and Venise lace to match her dress, designed by the bride. It had a tiny ruffle of crystal pleating which extended over the edge of the brim. Both the brim and the crown of the hat were richly embroidered in seed pearls, with the flower design of the lace being centered with clusters of pearls. At the back of the hat was a pouf bow which had an extension that completely covered the hat and became a face veil. At the back of the hat, two streamers of the illusion extended shoulder length. For something old she wore her great-grandmother's wedding band. She carried a mother of pearl Bible attached to her

cascade bouquet of sapphire blue, white, lilac, and mauve silk flowers and baby's breath. The Bible was something borrowed from Frances Mitchell. She wore a pair of new pearl earrings. The traditional garter was something blue. Pennies bearing the birthdates of her and the groom were worn in her shoes. The pennies were presented to them by the grooms grandmother.

Fran Wright of Dallas was the maid of honor. Serving as bridesmaids were LaDelle Gowns of Muleshoe, Cheryl Harris of Millington, Tennessee, and Crystal Aten, sister of the groom of Hobbs, New Mexico. The bridal attendants wore tea length sapphire blue taffeta dresses with sweetheart necklines and puffed sleeves, with matching shoes. They carried bouquets of sapphire blue, white, lilac and mauve silk flowers. They wore combs in their hair which matched their bouquets.

Ashley Green of Plainview attended as flower girl. Ashley is the daughter of Debbie Green.

Lighting candles were Heather Wiley, daughter of Mr. and Mrs. Mike Wiley of Plainview, and Marletta Aten, sister of the groom and daughter of Mr. and Mrs. Tommy Aten of Hobbs.

Attending as best man, was Chris Jones of Hobbs, New Mexico. Groomsman were Jeff Noble of Plainview, Alan Collins of Midland and Charley Aten, brother of the groom, of Hobbs, New Mexico. Escorting guests were Alan Jones of Oilton, Claude Luck of Plainview, Russell Payne of Fort Worth, and Joey Payne, brother of the bride, of Floydada, Justin Massey, son of Mr.

and Mrs. Wes Massey was ringbearer.

A reception following the ceremony was held in the Wall Street Parlor. Mrs. K. Lin Noble of Plainview secured guests names at the register. Mrs. D'Ann Dickinson of Tatum, New Mexico provided music for the reception. Miss Athena Wiley, daughter of Mr. and Mrs. Mike Wiley of Plainview, handed out rice bags.

The brides table was highlighted with a three-tier wedding cake, featuring a fountain decorated with sapphire blue, lilac, mauve, and white flowers. Six heart shaped cakes surrounded the wedding cake. A miniature porcelain bride and groom stood on top of the cake. Completing the setting was a silver punch bowl, nuts with mints of cupid designs. Presiding at the brides table were Mrs. Kay Rainwater of Floydada and Mrs. Rick Covington of Iowa Park.

The grooms table featured a cake in the shape of a piano with four small cakes around it. An arrangement with fruit and toothpick snacks along with coffee were also served on the groom's table. Presiding at the grooms table were Shannon Stockstill, Gail Cockrell, both of Amarillo, and Paula Partain of Plainview. Mrs. Mike Wiley of Plainview also served in the house party.

For traveling, the bride chose an off white and yellow three piece suit. After a short four day honeymoon trip to Ruidoso, the couple will leave September 13 on an international crusade to Bolivia for two weeks. Upon their return, the couple will reside in Seminole, Texas where Sherman is minister of

music and youth at the South Seminole Baptist Church.

The bride, a graduate of Floydada High School, graduated from Wayland Baptist University with a degree in music education. The groom a graduate of Hobbs High School attended Wayland Baptist University.

A rehearsal dinner was hosted by the groom's parents on Friday night at the fellowship hall of the First Baptist Church. A bridal luncheon was held on Friday, by Mrs. Rick Covington, Iowa Park, and Mrs. Rena Turner, Floydada.

# McNeill and Hamilton say nuptial promises

Episcopal Church of the Heavenly Rest in Abilene was the site of a 2 p.m. wedding ceremony August 31 uniting Fonda Gail McNeill and Lt. Kirk Loren Hamilton. Reading the vows was the Rev. Richard Thayer of Abilene.

Parents of the couple are Mr. and Mrs. Troy McNeill of Abilene, former Floydada residents, and Mr. Walter Hamilton of Irvine, California and Mrs. Dorothy Johnson of Garden Grove, California. The bride is the granddaughter of the late Mr. and Mrs. Bill McNeill of Floydada.

Escorted and given in marriage by her father, the bride chose a Mori Lee gown of taffeta and alencon lace. Her scooped neckline was accentuated with sleeves of melon alencon lace, trimmed with beading. An alencon and beaded bodice formed a fitted dropped waist. Her full skirt, leading to a cathedral length train, was trimmed at the hemline with alencon lace. She wore a white ascot hat of silk venise lace accentuated with beading and pleated chiffon ruffle trim. A silk venise lace fingertip veil was attached.

The bride carried an impressive cascade bouquet with a beautiful blend of white lilies, white sweetheart roses, stephanotis and fressia for a lovely fragrance. This was complemented with English ivy and a touch of blue ribbon cascading down through her bouquet to complement her attendants colors.

Following tradition, the bride wore her great-grandmother's wedding ring as something old; her attire was something new; her mother's pearls and her grandmother's handkerchief were something borrowed; and her garter was blue.

Serving as matron of honor was Jana Rosenbach, sister of the bride of Abilene. Bridesmaids were Mary Malooly of Dallas, Jennifer Lee of Houston, and Robyn Bradley of San Antonio. Shulana Hamilton, niece of the groom of Greenbrier, Arkansas, served as flower girl.

Acting as best man was Jim Frazier of North Ridge, California. Groomsmen were Captain Mark Hamilton, brother of the groom of San Antonio, Randy Hamilton, brother of the groom of

Greenbrier, Arkansas, and Terry McNeill, brother of the bride of Lubbock. Seating guests were David Rosenbach, brother-in-law of the bride of Abilene and Bob Lala of Lubbock. Aaron Reese of Childress served as ring bearer.

A reception, hosted by the bride's parents, followed the ceremony. The rehearsal dinner was given by the parents of the groom in Abilene.

The bride is a 1981 graduate of Grand Island High School, Nebraska. She

received an advertising degree from Texas Tech University.

A 1979 graduate of Rancho Alamitos, Garden Grove, California, the groom received a degree in geography from the University of California, Los Angeles. He is a T-38 instructor pilot for the United States Air Force, stationed at Reese Air Force Base in Lubbock.

Following a wedding trip to Colorado, the couple will be at home in Lubbock.

## Sanders reunion held

The family and friends of the late Will and Cubie Sanders met September 1 in the Senior Citizens building, at Floydada for their first formal reunion. At noon a delicious home cooked meal served by the good cooks in the Sanders family, was enjoyed by the group. In a short business meeting during the afternoon it was decided to have an annual meeting. Curtis Sanders was chosen president, with Kit Sanders and Bennie Leibfried assisting him in contacting the kin.

Thirty-six persons registered their presence. Those present from Floydada were: Otho and Ophelia Sanders,

Richard and Nina Sanders and Layne, Stanley Sanders, Curtis Sanders and wife, Iva, and daughter, Crystal, Brian Sanders, Lisa Smith, David Main, Bret Turner, and Lorin and Bennie Leibfried.

Out of town guests were: Suzy Jackson, Holly Sanderson, Charles Cooley, Shawnda Sanders, and Mike and Sherry Williams, all of Lubbock; Reynolds and Johnnie Sanders, Raymond and Irene Holt, Kit and Judy Sanders, Wendy and Brad Sanders of Hereford; Verita Silvertooth, Jon Silvertooth and Jean Broadfoot of Amarillo; Roger and Doris Sanders and sons, Gary and Terry Sanders of Cotton Center.

Well, here we are again, the Summer has ended and school has begun. Thoughts turn toward a more structured schedule of activities, rather than the carefree vacation-attitudes of Summer.

Many organizations, schools, churches, etc. have activities that center around the arts, from time to time. We are hoping to bring you information about such events through this column. We will, however, be dependent upon our readers to supply us with information when such an event is "in the offing", so DO keep us informed. (You may call this columnist at 983-3834, or leave word for me at one of the newspaper offices.)

Events will be covered on a month-to-month basis, so that you may mark your calendar for one month at a time.

Coming up in September:

Floyd Co. Arts Assoc. will sponsor an all-day quilting workshop on Tuesday, Sept. 10 (9-4) at First Christian Church Fellowship Hall. Jackie Reis of Lubbock's Quilt Shop will be the instructor. The fee must be paid in advance (THIS WEEK) to participate.

Anyone interested in working on some area of the Arts Association's Fall Dinner-Theatre Production ("See How They Run", by Philip King, to be produced by special arrangements with Samuel French, Inc.), should plan to attend one of the following meetings:

Thurs., Sept. 12, 7:30 p.m., First Nat. Bank building, Floydada

Monday, Sept. 16, 7:30 p.m., Lockney Elementary School Cafeterium. Those interested in reading for a part in the play are invited to remain after the brief meeting. There will be 3 female roles and 6 male roles, between the ages of 20 and 60.

Floyd Co. Fair will be in progress Sept. 12-14 at the fairgrounds in Lockney. There will be a wide variety of exhibits, so plan to come and see them all.

Floyd Co. Sesquicentennial Committee will meet on Tuesday, Sept. 17, 7:00 p.m. at a place to be announced. If your organization does not have a delegate on this committee, please appoint one and encourage them to attend. Contact this columnist for more information, or to get your name on the notification list. Exciting plans are being made for events in Floyd County in 1986. Come help with the ideas.

Floydada Lions have sent out notices for reservation of booth space for their Fall arts & crafts bazaar. If you did not receive one and would like to have a booth, be sure to contact a member of that organization.

There are a number of exciting and interesting events going on this month outside of Floyd County. The following have come to our attention:

Texas Tech Art & Lecture Series  
Ben Vereen (best known for his

portrayal of "Chicken George" in the TV miniseries, "Roots") will be giving a one-man show of "magical song and dance," Friday, Sept. 20, 8:15 p.m., Lubbock Municipal Auditorium.

Martin Short, Canadian writer-actor (one of 3 writers of Saturday Night Live), comedian, Thursday, Sept. 26, 8:15 p.m., Allen Theatre (University Center).

Tickets go on sale Sept. 23 for the National Folk Ballet of Yugoslavia, an evening of folk dance, only performed twice before in America. Contact Tech University Center.

Cinematheque Film Series each Wednesday, Sept. showing are: "Mash", "Dr. Zhivago", and a double feature of Hitchcock's "Dial M for Murder" and "The Birds". In the Allen Theatre at 7:00 p.m. for double features, 8:00 p.m. otherwise.

Plainview Civic Theatre will present "The Butler Did It", at the Black-box Theatre on Wayland campus Sept. 19, 20 & 21 at 8:00 p.m. Tickets may be purchased at the door.

Ranching Heritage Day will be held this year on Saturday, Sept. 21 at Tech's Ranching Heritage Center in Lubbock. This annual event is a day filled with history, food, and enjoyment unique to our part of the world.

Here's a little Art-Trivia, for you buffs out there: According to an article by Robert Wernick in the May, 1985, issue of "Smithsonian" magazine,

"The fiddler of the roof, later to become a folk hero on Broadway and in the movies, appeared for the first time in 1908 in an early painting by a 21-year-old student in St. Petersburg (Russia) named Marc Chagall. The fiddler motif was one lasting element in an extraordinary career which ended only on March 28 (1985, when he died at age 97)...Chagall recalled a childhood memory of a day when everyone was disturbed because Grandpa had disappeared--he was eventually found seated up on the chimney contentedly chewing some carrots. If carrots, why not a fiddle, the favorite instrument of Uncle Neuch, though he played like a shoemaker?"

The world in which the Chagall family lived was not expected to follow logical patterns. They were all impregnated with Hasidism, the ecstatic set of mind which had taken possession of much of each European Jewry in the late 18th century...In such a world it was only normal to find fiddlers on roofs..."

It is interesting to note that many ideas for productions (both stage and screen) have their origins in paintings. More about this in next month's column. Watch for us, and in the meantime, think of the wisdom of this ancient maxim: "If you have but two pennies, spend one on bread for the body, and the other on hyacinths, for the soul."

## Mother's Day out scheduled

Tuesday, September 10, is the first day of Mother's Day out at the First United Methodist Church in Floydada. Mother's Day Out is a child care program open to the public for children ages 4 months to five years old, regardless of church affiliation.

This program is designed to provide a much needed community service as well as being fun for the children, and giving moms a day out for shopping or just to relax. Lots of activities are being planned to make the children's day a very enjoyable and fun one. They will have games, stories, art projects, cartoons, and special parties throughout the year.

New hours this year are 8:30-5:00 each Tuesday. Fees are \$7.00 per day for one child, \$9.00 per day for two children from the same family, and

\$12.00 per day for 3 children from the same family. There are also half-day rates and per hour rates if you just need to leave your child for one or two hours.

Children will be grouped in three age groups: Infants, 2 and 3 year olds, and 4 and 5 year olds. Each child attending must bring a sack lunch and a mat or blanket for nap time. All lunches, thermoses, blankets and clothing should be labeled with the child's name. Kool-Aid for lunch will be provided if you wish. Also there will be cookies and Kool-Aid for snack time in the afternoon.

If you need a babysitter for just an hour or two, or if you need a whole day out remember Mother's Day Out, each Tuesday from 8:30 until 5:00. For more information call 983-2967 or 983-3706.

By Mrs. Murray Julian  
South Plains, September 2nd:  
School begins Tuesday!  
Maybe our time for rain will come soon. We can hope so, as the cotton, maize and other crops suffer from drought. What rainfall there has been this summer has been very scattered.  
Visitors at the South Plains Baptist Church this past Sunday were Len Wood here for a visit from Dallas. We were all glad to see him home for a visit with his folks, Pat and Glen Wood. Others here for Sunday services were Mitzi and Kristi Julian from Lubbock who were visiting their folks, the Kendis Julians. They had brought Tim home after he had been visiting his sisters in Dallas.  
Many families have been gone over the weekend as it gave them an extra day for their vacation, since this Monday is Labor Day. Schools begin here Tuesday and teachers, the bus driver, and the cook will all be starting out on a new year of school.  
There was a surprise "Come As You Are" get together held at the home of Mrs. Mamie Wood. Drivers went out at 7 a.m. to go around the area bringing in everyone. There was much visiting and laughter. Hot doughnuts and coffee were served to guests, who came in all modes of early morning garb. The coffee was Tuesday morning of last week, August 27. They estimated there were about 30 present for the coffee.  
Mrs. Mamie Wood joined Juanel and James Teague and others of her family at Lake Brownwood this past Sunday, as they wanted to have another picnic and get together before the summer ended.  
Mrs. Annelda Staples, Stacey and Kevin went to Vernon on August 26, where they met Mrs. Becky McNeese, Van and Holly. They all went on a nice trip to Six Flags Over Texas in Fort Worth.

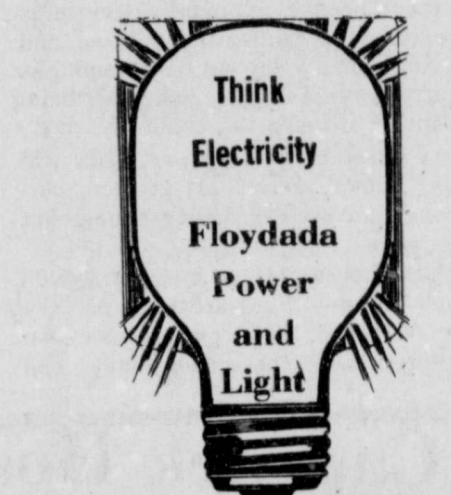

Mr. and Mrs. Harold Hamm went to Waco for the funeral of Irene Oliver Hunter on August 23rd. The funeral service was held at 10:00 a.m. She was the last one in Hamm's mother's family. She was 81 years old.  
Lockney Cooperative Gin held their 28th Annual Stockholders Meeting on August 24. South Plains residents who won door prizes included E.J. Kinslow, a set of wooden TV trays; and Zach Cummings and Ira Henderson, who also received prizes.  
Among the teachers this fall and winter from South Plains is Mrs. Kendis (Janis) Julian, who will be at Andrews Elementary this coming year.  
After having no meetings for the Hobby Club for several weeks of the summer, the club will meet for the September get together in the home of Mrs. Mildred Hamm at 2 p.m. Thursday, September 12, for their regular fall meetings. The program will be given by Don Probasco on "Household Security." Roll call is "How Safe Is Your Home?" and Thought for the Day will be by Jewel Fortenberry. Everyone come.  
The Rev. and Mrs. Fred and Genette Blake of Winslow, Arkansas, have been visiting here thru Labor Day, with most of their children, who live in and around this area. Only two daughters live in Denver, Colorado and in Arkansas. We are glad to hear they are well.

"Aw, Mom," protested the ten-year-old when his mother asked him to take his younger sister fishing. "The last time I took her, I didn't catch a single fish."  
"Well," replied his mother, "I'll tell her to be careful not to make any noise this time." "It wasn't the noise, Mom," the boy said. "She ate all the bait."

## Focus on Entomology

by James F. Leser

Our pest management period is rapidly coming to a close in many areas, especially north of Lubbock. Area corn continues to provide many bollworm moths to lay eggs in the surrounding cotton acreage but all in all, 1985 hasn't been that bad an insect year.

A second wave of bollworm egg laying activity is underway and must be watched closely to make appropriate management decisions. This activity is extending down into the more southern areas south of Lubbock. Remember that earlier pyrethroid applications can frequently control these latest infestations with their greater residual activity. Ten to fourteen day residual activity is not uncommon. It would be a mistake, therefore, to automatically retreat a field with lots of eggs or 1 day old worms. Experience indicates that many of these infestations composed of 1-3 day old worms fail to develop once they make contact with pyrethroid-treated areas.

A myth currently making the rounds is that pyrethroids do not kill larger worms. This is completely false. All sizes of bollworms are equally susceptible to pyrethroids. The reason larger worms are harder to kill is because of their locations in areas which rarely are covered by the insecticide application. Once the pyrethroid has dried on the treated surface, a bollworm must chew the treated tissue to get a lethal dose.

Another myth coming around is that vegetable oils significantly increase

residual activity and rain-wash off resistance of pyrethroids. I don't believe this. I have been very pleased with the results of pyrethroid applications using water as a carrier. Oil certainly reduces spray volume and increases the number of acres that can be sprayed by a plane per day. This itself can be a critical advantage.

Cotton aphids are still with us and in some cases fields need to be treated now. Those of you that opted to let this pest go made a major management blunder I believe. There are other instances where aphid numbers failed to explode and little black aphid parasites (wasps—not to be confused with the winged aphid adults) have controlled these lighter infestations.

Don't give up checking fields for pests just yet. We'll be through in most areas by mid-September at the latest. Very few management practices are left that can make a significant difference in your cost per unit production such as IPM can—so don't forget this. One last reminder. Furrow irrigation at this late stage is probably a major error and will most certainly increase your insect problems, management costs and decrease your production profits. So don't do it!

Boll weevils are just now beginning to appear below the Caprock in Motley, Dickens, Kent and Stonewall counties. Numbers are very low but will continue to build into September. This is certainly not an alert I'm providing but rather some timely information for those of you that track the weevil situation.

## Sorghum board sets rate

The recently expanded Texas Grain Sorghum Producers Board has set the Texas grain sorghum checkoff assessment at eight-tenths (.8) cent per hundredweight. The assessment will be collected on grain when it is purchased from producers by elevators, livestock feeders, seed companies and others. ASCS will collect the assessment on grain which enters the government loan program.

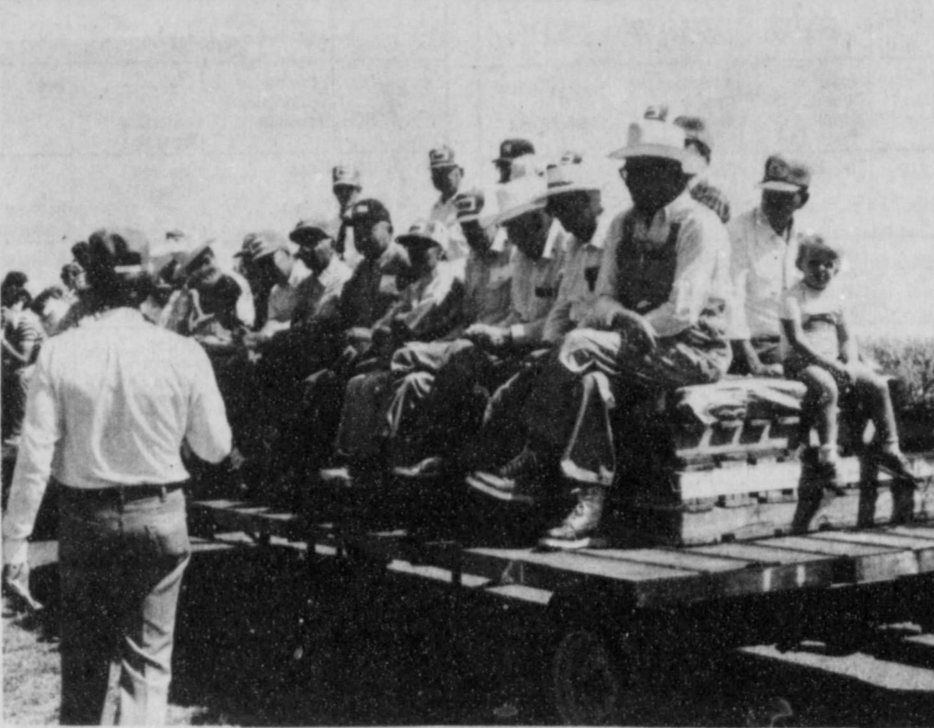

Processors will be notified by letter of the effective date of the assessment. Grain which has been sold or placed in the government loan prior to that notification will not be subject to the assessment. Producers who do not wish to participate in the checkoff will have their money refunded upon their written request, accompanied by proof that the assessment was paid.

The statewide sorghum checkoff was established in a recent referendum to expand the Texas High Plains program which has existed in twenty-nine counties of the Panhandle since 1969. In the recent election, the state's sorghum

producers named seven directors to fill positions on a fifteen-member board.

The board held its first meeting in Lubbock on August 23-24. New directors who were sworn in at the meeting are: Albert Scheele, Lockney; James Dyer, Weslaco; J.W. Bauer, Refugio; Howard Salge, Skidmore; Richard H. Perry, Robstown; Weldon Shelton, Lamesa; and Dennis Anthony, Friona.

## Paymaster Farms present annual field day

AREA FARMERS GATHER for field demonstration tours at Paymaster Farms annual field day.

More than 600 people toured Paymaster Farms for their annual field day Wednesday, August 28. Tours began at 10:00 a.m. and continued throughout the day.

Gary Duncan and Ronnie Morris led the corn demonstration. The sorghum demonstrations were given by Dr. Charles Berry, Dr. Nick Kramer, Dr. Matthew Ries, and Dr. Roger Monk. The demonstration talk on cotton was given by Dr. Delbert Hess, Dr. Jerry Rice, and Dr. Richard Sheetz.

Bill Nance, Donnie Helton, Rodney Carpenter, and Marcelino Hernandez led the tour of the production facilities. Danny's Catering fed the group on the home grounds of the farm.

Gene Cornelius was master of ceremonies for the door prize drawings assisted by Willetta Isom and Mike Isom. Winners were Keith Marble of South Plains, six bags Bounty 100 wheat seed; Max Jackson, Slaton, certificate for a pair of boots; Bobby Jones of Lockney, John Dunlap, Floydada, and Bill Quattlebaum, Plainview each received digital clocks. Warren Mitchell,

Lockney, James Pendergast, Wellmon, and Bernie Ford Lockney won caserole covers.

B.J. Terrell, Lockney won the Danny's Catering give-a-way. Indoor-outdoor thermometers were drawn by Herman Chenault, Plainview, Boyd Jackson, Lockney and Randy Bertrand, Floydada.

The cotton production department was on hand to show the visitors through the Aiken warehouse facilities on the Plainview highway.

## Panhandle South Plains Fair prepares

An entry deadline of September 9 has been set for the junior steer show, a popular feature scheduled to help highlight the 68th annual Panhandle-South Plains Fair here September 21-28.

General manager Steve L. Lewis said a non-refundable entry fee of \$5 would be charged for each entry.

The competition is open only to Future Farmers of America or 4-H Club members for the following counties: Bailey, Borden, Briscoe, Castro, Cochran, Crosby, Dawson, Dickens, Floyd, Gaines, Garza Hale, Hockley, Kent, Lamb, Lubbock, Lynn, Motley, Parmer, Scurry, Swisher, Terry and Yoakum.

Two steer entries will be permitted for each member. Entries must be received by September 9.

Premiums totaling \$6,595 will be offered, with payoffs ranging from \$20 for 10th spot to \$100 for first. The champion and reserve champion will receive \$200 and \$100 respectively, plus banners, in each of the British Breeds and crossbred/other breeds competition. The grand champion of the show will collect \$1,250 and a trophy while the runner-up will get \$1,000 and a trophy.

Dr. John Edwards of Fort Collins, Colo., will judge the show while Stanley Young and Denny Belew will serve as superintendent and assistant, respectively.

Top winners in 1984 were Paul Heinrich of Ralls and Julie Carter of Leveland.

Eight shows also are on tap on the stage of Fair Park Coliseum during the eight-day run, beginning with the return of George Strait for 7 p.m. and 9 p.m. shows on opening day. Tickets are \$10.

The remainder of the lineup includes the Vern Gosdin Show, 7 p.m. Sept. 26, \$8; the Judds and the Maines Brothers, 7 p.m. Sept. 27, \$8 and Janie Fricke, 7 p.m. Sept. 28, \$10.

All seats are reserved. Tickets may be purchased at Dunlap's, Lusky's Western Wear, Hemphill-Wells in South Plains Mall and at the fair office, 105 E. Broadway.

Mail order reservations may be sent to Show Tickets, P.O. Box 208, Lubbock, Texas 79408 and must be accompanied by a stamped, self-addressed envelope. Requests will be processed in the order in which received. For further details call 744-9557.

### We've got the Sesquicentennial covered

If you would agree that Ma Ferguson was a famous Texan or that Jose Antonio Navarro brought in the first Texas oil well, you may need a Lone Star history refresher course.

We will have many opportunities to review our state's proud past during 1986, when we celebrate the 150-year birthday, or sesquicentennial, of Texas.

By the way, as history buffs know, Ma Ferguson was the first and only woman governor of Texas and was elected in 1925. In 1836, Jose Antonio Navarro was one of two native-born Hispanic Texans to sign the Texas Declaration of Independence, which he helped draft, and was later elected to the Texas Republic's Senate.

Ma Ferguson and Jose Antonio Navarro, along with other famous Texans and symbols of our state's heritage, will be featured on the cover of about nine million Southwestern Bell phone directories for 1986. To commemorate our state's 150-year birthday, Southwestern Bell Telephone recently conducted a statewide art contest for the Sesquicentennial year directories. We received more than 500 entries.

### Statewide contest winner announced

And the winner is... Bill Hall of Arlington. Hall's colorful montage displays the rich texture of Texas. After much head-scratching, the six judges selected Hall's work as the best of many excellent entries.

At the end of 1985, Houston and Austin will be the first cities to receive new directories with the special artwork covers. Then, throughout 1986, the Sesquicentennial directories will be distributed to Southwestern Bell Telephone customers in more than 150 Texas cities.

Delivery of these special directories is just one event Texans may look forward to in 1986. Southwestern Bell Telephone will present a sneak preview of one major statewide Sesquicentennial activity at our exhibit at this year's State Fair of Texas, October 3-20 in Dallas. Hope some of you can pay a visit to our exhibit in the Grand Place (formerly called Women's Building) at Fair Park.

### New toll-free service aids Hispanics

Southwestern Bell Telephone recently inaugurated a trial of an important new service for our Spanish-speaking customers throughout the state.

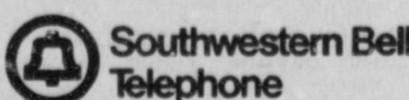

It is a toll-free number to give customers an opportunity to obtain general information and assistance from Spanish-speaking employees. If a customer needs specific information about an account, a bureau employee will call the customer's business office — with the customer on the line — and serve as an interpreter, if necessary.

The Spanish Service Bureau's toll-free number is 1-800-592-7726. If you forget the number, you can get it from an 800 Directory Assistance operator (1-800-555-1212).

Our business offices throughout Texas have always tried to help Spanish-speaking customers as much as possible. Sometimes, however, Spanish-speaking employees were not available. Now, we have specially trained employees dedicated to helping those who call the toll-free bureau.

Also to provide help for our Spanish-speaking customers, we have translated several booklets, including our popular series of Tele-Help (Tele-Ayuda) booklets, into Spanish. Those booklets cover such subjects as establishing local telephone service, using the telephone to make your home more secure, installing home telephone wiring and handling annoying phone calls. To order a Tele-Help booklet, in English or Spanish, customers may call this toll-free number: 1-800-325-2686, extension 86.

Although these booklets answer many questions, sometimes customers need the personal help of our employees. Meeting the telecommunications needs of all our customers is why we're in business. We are hopeful that the new Spanish Service Bureau will help us reach our goal of complete customer satisfaction.

By Florence Van Hoose

Monday morning devotions were by Trinity Church. The singers were the Rev. G.A. Van Hoose, Dartha Westbrook, Shirley Varner, and Lilly Cranford. The Rev. Van Hoose spoke about a Christians Wardrobe: love, goodness, compassion, kindness, humbleness, meekness, tolerance, and forgiveness. The afternoon was spent playing "42".

Tuesday morning devotions were by Brother Neeley Richardson. The residents enjoyed the devotions and also the banana break. We appreciate Neeley bringing bananas to all the residents and the staff each Tuesday. In the afternoon Ann Willson came and gave us a book review about Onesimus from the book of Philemon. We enjoyed it very much. Thank you, Ann.

Wednesday morning devotions were by City Park Church of Christ. The singers were Ruby Hartsell, Eunice

Hardy, Beulah Baker, Lula Teague, Lorilla Bradley, Eva Tackett, Evelyn Pollan and Mary Spears. In the afternoon Jo Bryant, Zora and Rilla Sue Woody came and played Bingo with us. Lucille Duncan and Bonnie Howard bingo'ed the most times this week.

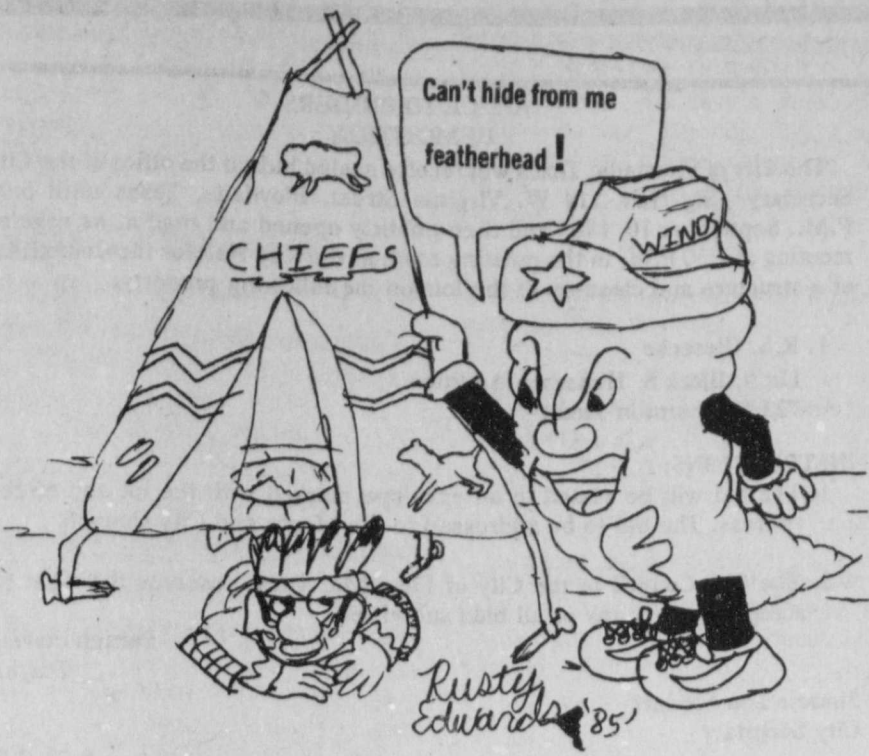

Thursday morning devotions were by Rev. Earl Blair. He spoke about King Saul and his jealousy of David, and how jealousy effects our lives. In the afternoon we went on the bus ride to Matador and were treated to ice cream at Billie Dean's. The residents who went on the ride were Florence Curry, Della Halencak, Opal Morrison, Faye McMahan, Addie Lindley, Beno Wilson, Una Clark, and Charlie Spence. They really had a good time and like the ice cream. We appreciate it much.

Friday morning devotions were by Letha Mulder, Virginia Cage, Mrs. Withers, Mary Coreley and Freida

Simpson. Freida spoke about the life of Paul. In the afternoon we watched movies and ate popcorn.

This week's visitors have included: Bobbie Rogers, Dore Kitchens, Allene Henry, Molly Burleson, Grady and Esther Freeman, N.B. and Jo Ann

Mooney of Dallas, Edna Patton, Lois Reynolds, Hazel Bradley, Gary Brashers, Lois Jones, Beulah Denison, Willie Merle Sandefur, Glenna Sue, Carolyn Sue, Harvie Saxton, Lucille Daniel, Sue Sewell, Doris Kitchens, Girthamae Vaughan and Bessie Wilson.
