Grand jury indicts 7

On Thursday, September 5, a Floyd County Grand Jury convened and handed down seven indictments. The following people were formerly charged by the grand jury:

Alvin Ray Cooper, 18, was charged with a third degree felony of criminal mischief-diverting electrical power. He was also charged with a 1st degree felony in the burglary of the Darrell McCandless residence, on July 19, 1985.

Antonio Garza Garcia was charged with escape from the Floyd County jail which occurred on July 30, and the burglary of the home of Ricky Vasquez on July 19th, a first degree felony.

Joyce Owens, 39, a recent arrival in Floyd County was charged with a 3rd degree felony of forgery of a check at a local grocery store.

Raymond Joe Perez, 29, was charged with sexual assault of a child, a 2nd degree felony.

Jose Luis Quilantan, 29, was charged with a 1st degree felony in a burglary of a building belonging to Bob Simpson on February 8, 1985.

Juan Segura Jr., 22, was charged with the 1st degree felony of aggravated assault of a child.

Jack Wickware, was charged with criminal mischief-diverting electrical power, a 3rd degree felony.

From the Texas Penal Code Sec. 12.32-12.34, a person adjudged guilty of a felony of the first degree shall be punished by confinement in the Texas Department of Corrections for life or for any term of not more than 99 years or less than 5 years.

An individual adjudged guilty of a felony of the second degree shall be

punished by confinement of not more than 20 years or less than 2 years in TDC, and in addition may be fined up to \$10,000.

If found guilty of a 3rd degree felony

an individual shall be punished by confinement in TDC for not less than 2 years or more than 10 years and in addition to imprisonment can be fined up to \$5,000.

Weekend violence is investigated by police

Weekend violence kept Floydada's police and deputies busy with two separate shooting incidents and a stabbing death incident in Hale County, that spilled over into Floyd County.

According to James Hale, Acting Police Chief of Floydada, "On Saturday, September 7, at approximately 4:00 a.m. a fight broke out in front of the residence of 400 West Grover. Two men, Jesus Pallares and Joe Delgado were shot as a result and a third man, Juan Gonzales received head injuries from a brick."

Jesus Pallares, of Mexico, was shot in the back with possibly a 25 automatic. He was treated at the hospital and released. Joe Delgado, of Floydada, was shot in the abdomen and the bullet lodged in his body. He is in stable condition at this time at Lubbock General Hospital. Juan Gonzales, of Mexico, was treated for head injuries and released.

In a separate incident on September 8 around 10:00 p.m., a fight broke out between two brothers, at the labor camp. Shots were fired, but no one was injured. After questioning by police and the sheriff's department, one man was

arrested. According to Hale County District Attorney's office, 18 year old Thomas Delgado of Floydada was charged in the slaying of Jimmy Velasquez outside of Ruby's Palace in Plainview. An altercation broke out at approximately 1:10 a.m., Sunday at the nightclub and Velasquez was fatally stabbed. Delgado left the scene and returned to Floydada where he surrendered to Sheriff Fred Cardinal at approximately 9:00 a.m. and then later to Hale County authorities. Delgado was arrested, taken before a magistrate and charged. He was freed on a \$10,000 bond pending the Grand Jury hearing on September 23rd.

Water problem is discovered

Final results of the Engineering Analysis of Lake Mackenzie water were released today by the Authority. The "culprit" has been identified as a large growth of fungus known as Actinomyces.

Actinomyces especially likes to feed on plants like Duckweed, Lemna, Chara, Najas and Typha, plants that are normally terrestrial, but that have been recently inundated by an inflow of water such as the sudden rise in the lake level due to the rains in July. Control and removal of such growth can greatly reduce the problem, however this kind of control is virtually impossible and too expensive for more surface water operations.

The more cost effective method is already being employed by the Authority by adding granular activated carbon and alum to the filtering process.

An excerpt from the report summary states, "...In general it appears the Lake Mackenzie Water Treatment Plans is a well designed and well operated facility. This problem with Actinomyces is just something they are going to have to live and cope with."

Jim McAlister, General Manager for the Authority said, "these reports don't always tell you what you want to hear, but I'm satisfied the plant operators are doing all that can be done to solve the problem with available resources. Mr. McMorris, our consulting engineer, said the first frost can do much to check the growth of the fungus."

"Actinomyces can enter the lake from varied sources," noted McMorris, "it can come in on water fowl from other lakes, turtles, even boats."

A natural phenomenon for lakes like Mackenzie can also compound the problem, and that is when a lake literally turns over. As the surface temperature of the lake becomes colder than the deep water, the lake flips and the sediment on the bottom rises to the top creating additional problems in the treatment process. "The good news in all of this," said McAlister, "is despite all these actions and reactions, the water remains of good quality and safe for human use."

"Veterans who have much experience with lakes advise me that after a lake turnover a few times in its early life, it eventually 'stabilizes' and the resulting problems are not as perceptible," he noted. "The long term benefits of surface water will far outweigh short term difficulties."

Contest winners named

The first week of the annual Football Contest yielded some interesting results. First prize of \$10.00 went to Pam Woody who missed 5. She chose Crosbyton as the winner to break a tie, making Don Warren winner of second prize, \$6.00. Warren also missed 5, but had selected Floydada to win.

Third place was a close call. Tiffany Gentry and four other entrants each missed 6, but Gentry chose Crosbyton to win with a total score of 17 to assure her third place to win. She will receive \$4.00. Hector Zavala, Paige Cannon, Cornelius Campbell, and Amy McCormick all came close. Better luck next time.

Winners may pick up their prizes at the Hesperian office on Friday, September 13.

FIRST BALE OF COTTON—Floyd County farmer Babe Jones was presented with a \$100.00 bonus check by Chamber of Commerce President Jerry Thompson on September 11. The cotton was grown near Lakeview Community and ginned by Floydada Co-op Gins, Inc. The bale weighed 451 lbs, 880 on

the seed with a 23.5% lint turnout. Ray Gene Ferguson manager of Floydada Co-op Gins, Inc. and Nettie Ruth Whittle, Chamber Office Manager, are pictured on the left.

County adopts '86 budget

Floyd County Commissioners made one additional cut in the proposed \$1,817,860 1986 budget before it's adoption during the regular September session on Monday.

The final budget adopted at the September 9 meeting totals \$1,817,806, with operating expenses of \$582,705, personnel expenditures of \$773,710, and capital expenditures of \$461,445.

The court voted unanimously, on a motion made by Bob Jarrett and seconded by Jack Lackey, to remove the \$10,000 allocation for the cannery in Lockney from the budget.

The cannery does not appear to be utilized fully by Floyd County residents and has become economically unfeasible the past couple of years. Cans can no longer be obtained from American Can Company unless an excess of 30,000 are purchased according to Judge Choise Smith. "We are not equipped to handle that number, plus the cost of the cans and transporting them is prohibitive," said Smith.

The cannery will continue to operate this year if it is possible for customers to bring their own jars and preserve their food in them. The present supply of cans is nearly depleted and no more are obtainable this fall.

The court set a tax rate equal to last years, \$0.31 per \$100 valuation. These taxes account for approximately 53% of the total income for the operation of the county. The remainder comes from licenses and permits, the federal government, the state government, and other miscellaneous sources.

Members of the court approved an order allowing both Justices of the Peace to remit their funds on a monthly basis after the firm which audited the Revenue sharing funds recommended that such remittances be made on a weekly basis. County Auditor Bobbie Hamilton agreed that monthly reports were more convenient for her to audit than weekly ones would be.

Fred Thayer, CPA also recommended

that postage for items of county business be handled with a county postage meter instead of issuing stamps as a means of conserving funds. This was approved but a third recommendation for a central purchasing agent was not.

Darrell Glenn of Dougherty is leaving the Welfare Board and Regi Gross, representing the Department of Human Resources, came before the court to ask that Polly Campbell be appointed to fill his unexpired term. Campbell was appointed and will serve until December of 1986.

A two year contract was signed allowing the Central Appraisal District

Energas Company files suit for gas overcharge

The Energas Company of Amarillo, suppliers of gas for users throughout Floyd County, has filed with the Texas Railroad Commission a request for "interim relief and a refund" of approximately \$23.7 million from the Westar Transmission Company, alleging overcharges of that amount between October 1984 and June, 1985.

Energas says if it is successful in its suit, the refunds will be prorated among its customers, with the city of Floydada receiving \$111,796. Lockney would receive \$51,231. Irrigation customers throughout the county would also be included in the refund, a company spokesman told the Hesperian this week.

The request to the Railroad Commission by Energas stems from a complaint case filed by Energas against Westar and its parents, Cabot Corporation, in December of 1984 before the Railroad

Commission. The suit is still pending. In that complaint, Energas claims that higher priced gas purchased from "affiliated producers or suppliers" of Cabot or Westar was delivered to Energas instead of lower priced gas that may have been available. Energas says information gained during the "discovery" phase of the suit substantiated their claims of overcharge, and therefore they were asking for the immediate relief and refunds.

Also alleged in the complaint was that Westar and Cabot may have transferred certain utility property and gas supplies supply contracts from Westar to an affiliate. Any refunds based on this charge will be addressed at a later date, according to the company spokesman.

A pre-hearing conference in this case has been scheduled for Friday, September 13, at the Railroad Commission offices in Austin.

Accident claims young boy

An unfortunate farm accident claimed the life of a nine year old boy, Archie Harris, near Floydada Wednesday, September 4. The death was the result of asphyxiation due to a crushed windpipe after a tractor tire fell on the boy.

Justice of the Peace Lowell Bilbrey was called to the Mickey D. Hammonds farm southeast of Floydada on the Lakeview Highway at about 7:40 p.m., arriving at 7:50 p.m., where he ruled the death as accidental.

According to Bilbrey, "An outside dual rear tractor tire on the rim fell on the boy crushing him. The tire had

apparently been leaned up against something in the barn and he evidently tried to climb on it, causing it to fall on himself."

Harris, son of Clara Harris, was the nephew of Hammonds and had been the object of a family search after it became apparent that he was not with other family members on the evening of the accident.

Harris, his mother, and two sisters, Ila Alexis and Lillian Jane, had moved to Floyd County in May of this year from Palatka, Florida. His father, Michael Harris still resides in Florida. He was the grandson of Ila Hammonds of Floydada.

People At Work...

LEONARD MATSLER, a fifty year veteran of the restaurant business, still comes in each day to help with the lunch rush at Leonard's Cafe. SPS requests rate increase

Lewis McDaniel, manager of the local Southwestern Public Service office met with the Floydada City Council regarding the approval of a new franchise allowing SPS to operate in the city. This was authorized for a period of 20 years with SPS paying the city 2% of their gross sales on all customers except industrial accounts within the city limits.

The second matter McDaniel brought before the council was not as easily handled. McDaniel informed the council that SPS is requesting not only an adjustment in the fuel cost, but also a rate increase. According to McDaniel, the fuel cost is to be adjusted downward due to overcharging during the past year. The charge per kilowatt hour for electricity used is to be adjusted upward with "each class of customer standing on its own." This could mean an increase of as much as 5.38% to local gins and 4.67% to local schools. Council members were reluctant to authorize such action without further study and

requested a 90 day extension in which to investigate the request.

Local users of sewer and sanitation services may face an increase in the city's charges for these services. The city proposes raising rates by \$0.75 for each service. The matter was tabled until the full council is present at the next regular meeting to be held on October 8. Councilman Wayne Russell was the missing member.

A new traffic light is to be installed at the Main and California intersection following a vote to that effect by the council. The estimated cost is \$990.00. The light is expected to arrive in 60 days and will be a 4 way, 3 function light.

City Police Officer Roy Muniz has resigned his position on the force and will be leaving on Friday. He has obtained employment in Harlingen. The council authorized the hiring of an officer to fill the vacancy.

A demolition bid was awarded to Vernon Wickware. The city will pay \$850.00 to demolish and clear the lot at

729 E. Thornton Street. The property belongs to R.L. Giesecke of Lubbock.

A public hearing was held before authorizing the beginning of demolition procedures on the property at 208 E. Marivena. This property is listed as belonging to Juan E. Rodriguez of Granite, Minnesota.

David McGowan met with the council to request that demolition procedures be stopped on the property at East Missouri Street and N. 9th Street. McGowan stated that he had recently purchased the property and was in the process of improving it. The council voted to grant his request.

Demolition on the property at 818 W. Ross Street was halted by order of the council after Mayor Parnell Powell reported that improvements had begun on the site. This property belongs to the L.A. Lane Estate and is supervised by Dorothy Lloyd of Plainview.

Toby Williams requested a tap into the city waste lines north of Mike

School attendance figures running close to last year

Superintendent Jerry Cannon reported to the local school board that attendance figures for the year are running close to last years with 1230 students enrolled in the system as of

September 10. There are 393 students at A.B. Duncan Elementary, 312 at R.C. Andrews, 185 at the Junior High, and 340 at the High School.

The board approved a new contract for the assessing and collection of taxes with Floyd County Central Appraisal District. The term of the contract is 2 years.

The resignation of Jan Richardson, a third grade teacher at Duncan was accepted. Sheri Turnbow was hired to fill the vacancy. Also hired was Gale Hale who will be assigned to fourth grade at Andrews and Josephine Torrez was employed as migrant recruiting aide.

Anderson's. This was approved. Ten of the fourteen residents on the west side of the Ralls Highway just past the city limits submitted a request that the city provide garbage collection service to them. City Attorney Steve Hale advised the council to check the legal status of the alley before agreeing. The matter was tentatively approved, pending investigation of the status of the alley.

Nine missing lights at the airport will be replaced by the city. The lights were not re-installed following the completion of the airport renovation project. The council will bill the responsible party, Appian Construction, for the cost of the lights (\$453.15) plus wiring and installation charges. They will also request that damage to areas adjacent to the project caused by heavy equipment operating on rain soaked ground be repaired.

Peggy Probasco presented a request that the city secure an easement from the state allowing her to install a water line from the city limits to her home, approximately a mile and a half out the Sandhills Road. The council declined to do this. Councilman Leroy Burns stated, "I think we have done our part in agreeing to furnish her water if she installs the line. If we obtain the easement, maintenance of the line will fall to the city and have to be paid for with city taxpayers money. I do not

think our residents should bear the cost of providing water to a resident out of the city."

Approval was granted to purchase several new garbage containers at a cost of \$225.00 each. The council also approved applying for a MasterCard credit card for city use. A new contract authorizing the Floyd County Central Appraisal District to continue assessing and collecting taxes for the city for another two years was signed.

11 employees recognized for safe driving records

Eleven employees of the Floydada Maintenance Section of the State Department of Highways and Public Transportation have been honored for their safe driving records in state owned vehicles. Floydada employees receiving recognition were: Coy Smith, 18 years; William Finley, 14 years; Paul Atterberry Jr., 13 years; Gonzalo Gonzales, 12 years; Donnell Gowens, 10 years; Gordon Hambright, five years; Morris Graham, five years; Randy Fowler, three years; Michael Anderson, three years; Gary Vick, two years; and Jerry Powell, one year.

"Our department employees set a fine example for motorists they encounter during the work day," said William M. Pope, District Engineer. "It is significant when our employees receive these awards because they are exposed

to a lot more than the average driver, often operating large vehicles under inclement or other hazardous driving conditions."

In addition to the safety awards, Atterberry received recognition for 15 years of employment and Graham received a 10 year service pin. Fidel Martinez was singled out for his operation of heavy equipment for three years without mishap and the maintenance section was recognized for going one year without loss of time due to an accident. The Floydada supervisor is Donnell Gowens.

"We are really proud of our employees in Floydada," stated Pope. "They are to be complimented for their long term commitment to providing Texans with the best highway system for the money and for the safe manner in which they do their job."

Public Notice

Southwestern Bell Telephone Company, in accordance with an order of the Public Utility Commission of Texas, hereby gives notice that on August 20, 1985, the Company filed tariffs which propose revisions to the Joint User Tariffs and implementation of Shared Tenant Services Tariffs.

If the tariffs are approved by the Public Utility Commission, the Company will grandfather existing customers to the Joint User Tariffs and totally withdraw the Joint User Tariffs one year after the date of approval of the proposed tariff revisions, with one exception. Even after the one year period, existing single-line customers subscribing to Joint User Tariffs may continue their service under certain conditions.

Also, if the tariffs are approved, the provision of shared tenant services will require partitioned switching equipment.

No new rates are being proposed in the aforementioned tariffs. As a result of the partitioning of switching equipment, some existing customers may require additional PBX trunks. If so, the Company's revenues may increase. The Company is unable, at this time, to estimate the additional revenues, if any, which would result therefrom.

The Commission received these tariffs as Docket 6450 and a prehearing conference will be held at 10:00 A.M., Monday, September 23, 1985, at the Commission's offices at 7800 Shoal Creek Boulevard, in Austin, Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. Motions to intervene should be filed with the Commission on or before 4:00 P.M., Friday, September 20, 1985. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223, or (512) 458-0227, or (512) 458-0221, teletypewriter for the deaf.

Aviso Público

De conformidad con una orden de la Comisión de Servicios Públicos de Texas, Southwestern Bell Telephone Company anuncia el registro de nuevas tarifas, las cuales proponen ciertas modificaciones de las Tarifas para Usuarios Mancomunados (Joint User Tariffs) y la implementación de Tarifas para Servicios Compartidos por Inquilinos (Shared Tenant Services Tariffs).

De aprobar la Comisión tales tarifas, la Compañía mantendrá vigentes los acuerdos con usuarios actuales en lo que respecta a Tarifas para Usuarios Mancomunados, pero discontinuará tales tarifas a partir del primer aniversario de la fecha en que se aprueben las nuevas tarifas. Sin embargo, existe una excepción; aún después de tal aniversario, los clientes con líneas sencillas que actualmente cuentan con el servicio para Usuarios Mancomunados podrán seguir con tal servicio sujeto a ciertas condiciones.

De aprobarse las nuevas tarifas, las disposiciones correspondientes a los Servicios Compartidos por Inquilinos requerirán el uso de conmutadores separados.

Las citadas tarifas no proponen nuevas cuotas. Sin embargo, es posible que debido a la separación de equipos de conmutación, algunos clientes actuales requerirán nuevos troncales PBX. De ser así, los ingresos de la Compañía podrían aumentar. En la actualidad, la Compañía no puede determinar el monto de ingresos adicionales que resultarían de tales tarifas.

La Comisión ha registrado este asunto bajo el Docket 6450. Se llevará a cabo una audiencia preliminar para discutir todo asunto relacionado con el Servicio Compartido por Inquilinos el lunes 23 de septiembre de 1985, a las 10:00 de la mañana, en las oficinas de la Comisión, 7800 Shoal Creek Boulevard, en Austin, Texas.

Toda persona que desee intervenir o participar en el presente proceso debe notificar a la Comisión lo antes posible. Las solicitudes de intervención deberán presentarse ante la Comisión antes del viernes 20 de septiembre de 1985 a las 4:00 de la tarde. Las solicitudes de intervención, participación o información deben dirigirse a: Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Para obtener mayor información debe llamar a Public Utility Commission, Consumer Affairs Division, (512) 458-0223, o (512) 458-0227, o al (512) 458-0221 si requiere teletipo para personas con impedimentos de audición.

Leonard Matsler marks 50th year

Friday, September 6, marked fifty years in the restaurant business for Leonard Matsler. Matsler, a resident of Floydada since 1941, began his career in 1935 as a dishwasher at the Quick Lunch Cafe in Plainview. The cafe still does business a block north of the Hale County Courthouse. "The first day I worked there was a circus in town and I worked 23 hours. I started at 5 a.m. and got through at 4 a.m. the next morning," says Matsler. He earned the grand sum of \$2.30 for his marathon stint at the dishpan. In 1936 he was promoted to cook, earning 25 cents an hour.

Matsler was born in 1914 and attended schools in Happy Union and Ellen, graduating from Plainview High School in 1933. His parents, Alvin Taylor Matsler and Annie Flo Lackey

Matsler, farmed in Hale County. The elder Matsler also worked as a cook and chuck wagon driver for XIT and Yellowhouse Canyon Cattle Company as well as raising cattle and hauling freight between Amarillo and Canyon.

1941 found young Leonard and his wife, the former Lahoma Moore, expecting and looking for a way to provide for a growing family. The opportunity came to purchase an out-of-business cafe in Floydada for \$400. The cafe, located downtown between what is now Thompson's Pharmacy and the Chamber of Commerce office, needed "a little painting and fixing and we were in business," according to Matsler.

Leonard's Cafe has continued to provide tasty home cooked food since opening. Two major changes have occurred, the cafe moved to the present location on Highway 70 in 1959 and Matsler "retired" in 1977, selling the business to his son Gary.

Says Gary "He may have retired from getting a paycheck but he still comes in and works with us everyday."

Matsler says he continues to work in the cafe because, "I enjoy being with the customers. People seem happier when they are eating and enjoying their food." He also stated, "I have never served a plate of food I felt was too good for a customer. None of us are perfect and there is always a way to improve on what we do."

Along with duties at the cafe, Matsler always found time to contribute to the community. He served as a volunteer fireman, was a city councilman for five years, and mayor for four. He also taught Sunday School at the First

Baptist Church for several years. Mrs. Matsler worked as a registrar for the Floydada Public Schools for 21 years.

"I have always felt that a person owes something for being able to live in such a wonderful country. I have tried to return something to the community as a way of paying that debt," said Matsler.

Carrying with him the sound values of a farm childhood, Matsler continues to raise livestock and farm with his son Gary and grandson Jeff. "I have always been proud of my heritage and hope to be able to pass the same influence on to my family," says Matsler.

In addition to Gary, the Matslers raised another son, Mike, who is a bank manager in Orange, California, and Jill, who with her husband Larry Golden, lives in the Aiken Community near Lockney. During the 1963-64 school term they also provided a home for Maria Antolini, a foreign exchange student from Rome, Italy. They stay in touch and enjoyed a visit from her youngest daughter this past summer.

Even after traveling extensively in the United States, seeing Rome, Italy, and Hawaii, the Matslers prefer the serenity of Floydada. They enjoy just being healthy and happy as they continue to work and spend time with their children and eight grandchildren.

"Floydada has been good to us," says Matsler. "Life has been good to

us. It really doesn't seem like I have lived 71 years. When I look back and remember, the time seems to just pass away."

PUBLIC NOTICE
 BRIEF EXPLANATORY STATEMENTS OF PROPOSED
CONSTITUTIONAL AMENDMENTS
 GENERAL ELECTION
 NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, chloride control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court"

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment and would provide that reapportionment

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

Latona Belt and Davis recite vows

Mr. and Mrs. Joey Todd Davis are at home southwest of Lockney following their September 5 wedding and honeymoon trip to Aspen, Colorado.

Mrs. Davis is the former Latona Gay Belt, daughter of Johnnie and Betonia Belt of Lockney. Parents of the groom are Jerry and Dovie Davis, also of Lockney.

Scene of the wedding was the patio of the home of the bride's parents. Jay Henderson of Amarillo Street Church of Christ in Plainview directed the exchange of wedding promises in a 5 p.m. service.

The newlywed's grandparents are Mr. and Mrs. Gene Belt, Mr. and Mrs. Embre Douglas, Mrs. Mason Davis, all of Lockney, and Mr. and Mrs. Audvie Barnett of Plainview.

The patio was decorated with jardiniere of blooming garden flowers and tropical plants. Formal baskets of robinetta gladiola, white ball mums, daisies and tropical foliage flanked the nuptial area, which was centered with double heart wreaths of grapevine entwined and enhanced with coordinating flowers and foliage. The bridal aisle was marked with white satin bows and

roping. Taped piano selections played by Joyce Wilson were used.

The bride was given in marriage by her father. She chose a tea-length gown of taffeta. The bodice was designed with a portrait neckline worn off the shoulders and edged in Venise lace. The short puff sleeves were tied with satin ribbons and Venise lace flowed over the elbows. The bouffant skirt was ruffled at the hemline. Completing her ensemble, she wore a matching hat accented in lace and satin ribbon roses. Bridal illusion was caught in puffs at the center back over the wide brim.

The bride's bouquet was a crescent sweep of bridal white roses, jaffet orchids and gypsophylla defined with a flair of rose-trimmed chlorophyllum plantlets. Included in her bouquet, for "something old," was a lace doily, a cameo brooch, white antique lace and a birthstone ring, all of which had belonged to her four great-grandmothers. "Something new" was her wedding attire, "borrowed" was a ring from her mother, and "blue" was a garter made by her great-aunt, Jean Fowler.

The maid of honor was the bride's cousin, Miss Shellie Belt of Quanah. Her dress of pink taffeta was of tea-length and was designed similar to the bride's dress. She carried a grapevine wreath accented with gypsophylla and pink Gaza roses and tied with satin ribbons. In her hair she wore a satin heart comb accented with roses.

Best man was the groom's brother, Randy Davis of Albuquerque, New Mexico. Ushers were the bride's brother, Kevin Belt, and uncle, Lanny Barnett.

A reception in the Belt home followed the wedding. Attendants were the groom's sister, Miss Julie Davis of Lockney; and their sister-in-law, Mrs. Randy Davis. The table was covered with a white Quaker lace cloth underlined with pink. Centerpiece was the bridal bouquet. The three-tiered cake was adorned with tiny pink flowers cascading from bouquets of roses in the center of each tier. The cake was topped with wedding bells.

Both Mr. and Mrs. Davis are graduates of Lockney High School. He is engaged in farming.

Those attending from Floydada were Mrs. W.A. Lovell, Mr. and Mrs. James Lovell, Mr. and Mrs. Clyde Lovell, Mr. and Mrs. Lloyd Soudelier, Mr. and Mrs. Dan Nixon and Scott, Mr. and Mrs. Mike Collins, John and Jim, Maria, Blanca, Martha, Sylvia and Jesse Hernandez.

Mr. and Mrs. Embre Douglas came

from Lockney, Jimmie Lovell, Mr. and Mrs. Clarence Lovell, Mr. and Mrs. James King, Jimmie Douglas, Donald Taylor, Bessie Taylor, Edna Hudgins, Juanell Newton, and Evelyn Hudgins all attended from Plainview.

Others attending were Joan Kernell, Lubbock; Marie Cox, Beeville; Gladys Fitch, Louisiana; Mr. and Mrs. Henry Bates, Willis Point; Marie Lowe, Garland; Jonelle Raud, Kaufman; and Mr. and Mrs. Duke Wallace, Arizona.

A good time was had by all.

1929 Study Club meets

The 1929 Study Club started the year's activities with a luncheon, September 5 at Mrs. Roy Fawver's with Mrs. Nettie Adams as co-hostess.

After the delicious meal, a discussion of "What I Wish I Had Done This Summer" was interesting and amusing.

Mrs. Joyce Williams presented the program for the year which looks to be very educational, entertaining, and beneficial to the community.

The club was saddened by the illness of their president, Miss Anne Swepston and are praying for her quick recovery. The next meeting will be October 3 with Mrs. Nettie Adams.

Those attending were: Nettie Adams, Carrie Cline, Beulah Denison, Flora Fawver, Cleo Goens, Vada Meredith, Eula Parrack, Emma Whitaker and Joyce Williams.

Mosley fetes Wilson with shower

Mrs. Rick Mosley of Lockney was hostess Saturday morning for a layette shower honoring Mrs. Aaron Wilson.

Special guests were the prospective grandmothers, Mrs. Warren Mathis and Mrs. Floyd Jackson; and great-grandmother, Mrs. Hershel Carthel of Plainview.

Corsages made from a baby feeding spoon, comb and brush, or teething ring were tied with baby's breath, fern and ribbon and given to Mrs. Wilson, Mrs. Mathis and Mrs. Jackson.

The serving table was laid with a blue pintod cloth with a deep ruffle edged in eylet at the hem. Centerpiece was a

natural basket holding yellow silk daisies and a Teddy bear, tied with a blue helium-filled balloon. Fruit punch was served from a ceramic bowl. Other refreshments were miniature cinnamon rolls, cheese cookies, sandwiches and fruit.

The hostess gift was a stroller. Sharing hostess duties with Mrs. Mosley were Miss Connie Coffman and Mmes. Tom Coffman, Johnnie Belt, Ronnie Aston, Dan Smith, Rick Kellison, Boyce Mosley, Phil Cotham, Johnny Dorman, Travis Thornton of Plainview and Ed Marks.

Katie James of Matador is a great-grandmother.

PARKER
Bill and Rhonda Parker of Marrero, Louisiana are proud to announce the arrival of a new baby boy, Andrew "Drew" Teeple Parker, born September 9. He weighed 8 lbs. and was 20 1/2 inches long.

He is the grandson of Mr. and Mrs. Leighton Teeple of South Plains and Bob and Dean Parker of Georgia.

Two new teachers profiled

Continuing the series on new educators in the community, a profile of Early Childhood Special Education instructor, Ellen DeLeon Enriquez, is next on the list. Enriquez has literally come home to teach this fall. "We had lots of reasons for coming back to Floydada," says Enriquez. My parents and grandparents are here and my husband's family as well."

Enriquez received a BA degree in Elementary Education from West Texas State University following her graduation from Floydada High School. She also has a kindergarten endorsement and a bilingual certificate. The past seven years, she has taught fourth grade in Hereford, Texas.

"Moving back to Floydada is really coming home for us," says Enriquez. "My husband, Abe, is working in the meat department at Shop Rite, and everywhere we go, we see people we know. The schools are good and people are friendly. We are looking forward to raising our daughter, Analisa, in a wholesome atmosphere here among family and friends."

"This year will be a learning experience for me, too," said Enriquez. "I have been working with older children and will now be working with special children who are younger. They are in a first time learning environment and it is quite different. So far I am enjoying the experience."

In the absence of Polly Cardinal, who suffered a fall requiring surgery just before school began, Anne Carthel will be substituting in some of the high school English classes. Carthel has previously worked for schools in Lockney and Floydada. "It has been hard work, but I have enjoyed the first few days," says Carthel. "My students are very cooperative and hard working."

Carthel received her degree from Wayland Baptist University in 1980. She is certified to teach English or Physical Education. Always a busy lady, Carthel is fond of needlework and sewing, as well as snow skiing. She hosted the Caprock Chats program on KKAP Radio this past summer and plans to teach an aerobics class at ShipShape Salon this fall. She is also involved in the style show and judging of needlework at the Floyd County Fair this fall. Carthel also operates Anne's Sewing Basket.

The Carthels have three children, Casey, Corey and Cienna. The family farms and Carthel's husband, Hulon, is a member of the school board.

"I truly believe that if a teacher gives 100% and exhibits the proper attitude and enthusiasm for the subject and her students it will rub off on the students and they will return 100% to you with their efforts," said Carthel. "I am looking forward to being here until Mrs. Cardinal can return to her classes."

Wiley and Cox wed Aug. 28

Mr. and Mrs. Richard Wiley announce the marriage of their daughter, Melody Mae-Zell to Jon Cody Cox, son of Mr. and Mrs. Gary Cox of Seagraves. Wedding vows were exchanged August 28 in the Lubbock home of the groom with Dr. Gary Manning of Wayland Baptist University officiating.

The bride is a graduate of Lockney

High School and Wayland Baptist University. She is now teaching second grade in Wellman.

Cox graduated from Wilson High School and attended Texas Tech. He is employed with Radio Shack in Lubbock.

Probasco attends state convention

Recently Don Probasco, owner and operator of Pro-Lock Shop and member of the New Mexico Locksmith Association, attended the 30th Annual state meeting of the NMLA in Las Cruces, New Mexico. During the three day meeting, Probasco attended a class on the new Ford locking system. Members of the class learned how to decode a door lock and decode an ignition lock so as to make a key for the car when no key is available. This new type lock is now used on Lincoln, some models of Mercury, Thunderbird, and some other deluxe models of the large Ford automobiles.

The second class attended by Probasco was a class on impressing. This is the skill whereby a person is able to take a key blank and by correctly notching it with a file, make a key that will unlock the lock. Some locks of a very high security type as well as General Motors door, trunk, and ignition locks do not lend themselves to this method. Almost

all other locks do, if the locksmith has the proper training and skill. Instructor for these two classes was Steve Spiwak of Chicago, locksmith shop owner, writer, and teacher in the locksmith industry.

During the NMLA meeting, wholesale locksmith suppliers displayed their products as well as donating prizes for drawings held during the awards meeting. Some 65 members from western Texas and New Mexico attended.

'Winds drop season opener 14-0

By Bill Gray

An apparent touchdown on the opening kickoff, erased by a penalty, pretty well set the stage for the season-opener on September 6 at Wester Field in Floydada. The large, enthusiastic crowd barely had time to relax after the opening ceremonies when David Mullins, of the visiting Crosbyton Chiefs, fielded the initial kickoff deep in his own territory, veered once to his right, cut

back against the grain, and skirted down the left sidelines for what appeared to be a quick 6-pointer. A flag was dropped in Whirlwind territory and the penalty was stepped off against Crosbyton, nullifying the score.

The lightning-quick play seemed to awaken Floydada. After "dodging the bullet," outstanding defensive play by Robbie Covington, Juan Segura, Jeff Matsler, and Joey Kemp, forced Crosbyton into a punting situation. Taking over deep in their own territory, the 'Winds were unable to move the ball with any consistency and were forced to punt.

Turnovers and penalties then turned the remainder of the first quarter and most of the second into a comedy of errors. Opening-game "jitters" seemed to cast a spell on both squads. Midway in the second quarter, Crosbyton's Brian Owens found David Mullins all alone and fired a 50-yard "bomb," scoring the first points of the year for the Chiefs. Mullins' PAT was good and the visitors led 7-0. The 'Winds' offense still couldn't get untracked and failed to capitalize on several Chief penalties. With only seconds remaining in the first half, a scrambling Owens rifled a 70-yard scoring strike to Rene Bustamante. Again, the extra point was good, giving Crosbyton a 14-0 halftime lead.

A fine halftime show by the Whirlwind band really got the crowd "pumped-up." The long hours of hard work and practice is paying off, and director Paul Stapp is to be complimented on the marked improvement of the band. In the second half, it wasn't the Crosbyton defense that held Floydada in check as much as it was the 'Winds' own miscues and penalties. Floydada played inspired defense throughout the remainder of the game as Crosbyton failed to mount any serious scoring threat. Offensively, the 'Winds moved the ball well, mixing the slashing running of Younger, Brocato, and Flores with the passing combinations of Haney Robertson to Joey Kemp and Noe Soliz. However, a well-executed drive in the fourth quarter was stopped by a costly fumble, ending the 'Winds'

only sustained march of the night. As time ran out, Floydada was in Crosbyton territory, but was unable to put any points on the board.

At times, the 'Winds looked sharp, especially on defense, with Noe Soliz and Leif Younger making key pass interceptions. The elimination of mistakes, missed blocks, mental errors, and costly turnovers and penalties will be utmost on the minds of the coaching staff as they prepare the 'Winds for Friday's encounter with Clarendon (a 0-20 loser this week to Canadian).

Junior Varsity upset Crosbyton Chiefs 50-0

The Floydada Junior Varsity emerged victorious from a confrontation with the Crosbyton Junior Varsity Chiefs on Thursday, September 5. Playing in Crosbyton, the Winds served up a whopping 50 to 0 over the Chiefs.

Floydada's defense allowed only two Crosbyton first downs. Defensive standouts were Greg Lawson, Jeff Smith, Rene Soliz, Chad Pernell, and Roel Enriquez.

Offensive standouts included Raymond Gutierrez, Darin Martinez, Randy Enriquez, and Pat Hazlett. Offensive scoring was as follows: Rupert Enriquez made 6 points on a touchdown, followed by a 2 point conversion by Julio Flores. Ray Morales scored another 6 points on a touchdown, followed by two more touchdowns, scored by Ty Stovall and Julio Flores, before Ray Morales made another 2 extra points. Joe Collins and Shannon Vinson each scored a touchdown, then Sylvester Mendoza racked up 2 extra points. The final scores were made by Ray Morales and Joe Perales. Morales made the last touchdown of the game and Perales blocked a punt out of the end zone to earn another 2 points.

The Junior Varsity next plays Clarendon on September 12 in Clarendon. Game time is 6:30, as the boys attempt to bring their record to 2 wins and no losses.

NATIONAL FARM SAFETY WEEK

Survey mailed to members

Lighthouse Electric Cooperative and Floyd County Farm Bureau, working in cooperation with the Texas Engineering Extension Service, recently mailed a survey to their members asking for their opinion on the feasibility of a hands-on equipment maintenance and safety program in this area.

Changes in Workmen's Compensation insurance and spiraling farm equipment costs have placed increased financial pressure on farmers. One way to help control these costs is through

effective maintenance and safety training. The survey polled interest in a free short course on equipment maintenance and safety, and asked for ideas on the type training respondents would be interested in.

Anyone who would be interested in such a course for themselves and/or employees, and did not receive a survey, may contact the Safety Coordinator of Lighthouse Electric Cooperative, Floyd County Farm Bureau, or the Texas Engineering Extension Service in Floydada for more information.

Survival changes outlined

What must a farmer do to survive financially into the 1990s?

Dr. Bill Black, an economist in marketing and policy with the Texas Agricultural Extension Service, The Texas A&M University System, outlines a few key points for economic survival in farming as he views changes in the coming years.

"First, become part of an integrated system—the most common way to forward contract," Black advises farmers. "Find a home for what you produce before you plant. Make your products more consumer-ready. And let the buyer finance part of your production."

"Learn to manage a business, not just a farm," Black emphasizes. "You can't rely on land appreciation for equity accumulation."

The economist also advises farmers to "be on top of technological changes in biotechnology and management and economic developments. Be an early adopter."

In addition, "be outlook-oriented—futuristic," Black emphasizes. "Plan for the future. Seek information and analyze what information you get. Be aggressive but sound."

"Control risk and exposure—either by selling ahead or pricing ahead," adds the economist.

"Grow as fast as your equity permits, and remember, increased equity won't come from rising land prices."

"Finally, spend more time managing than riding the tractor. Don't produce for an unknown market," says Black.

In the years ahead, farmers will be faced with increased price variability, Black points out. World market prices will fluctuate and loan rates will not carry farm prices.

Because of tight credit and competition from other countries, both domestic and export markets for agricultural products will experience slow growth, adds the economist. U.S. farmers will be influenced primarily by world markets and conditions.

"Surplus conditions will continue to

plague U.S. farmers, thus keeping farm prices down," says Black. "And real interest rates will remain relatively high while land values will continue stagnant."

He also foresees a move toward more integration in agriculture, with fewer farm products passing through the open market.

The economist says that fewer and fewer farmers will produce most of this nation's food and fiber in the years ahead. Most of these will be the ones who take early advantage of rapid technological changes in both crop and livestock production.

And efforts will continue to be made to take the government out of agriculture, but these will likely have little success, Black notes.

Pecan management system improved

By Robert L. Haney
TAES Science Writer

Producers of Texans' favorite tree nut, the pecan, have an improved integrated pest management system that will warn them when the pecan nut casebearer reaches levels that endanger the nut crop.

The pecan nut casebearer is the number one insect threat to the Texas pecan crop which is worth 50 to 120 million dollars each year, according to Dr. Marvin Harris who heads the Pecan Entomology Research Team in the Texas Agricultural Experiment Station (TAES).

Past research by this TAES Team has resulted in a computer model that predicts when pecan nut casebearer larvae will begin to destroy significant numbers of pecan nutlets, if the larvae are present.

Personnel with the Texas Agricultural Extension Service (TAEX) have made this prediction model part of their pecan integrated pest management program for Texas, in cooperation with TAES personnel, Harris says.

The predictions have been made for orchards and groves throughout Texas for the past several years and have been instrumental in ensuring that insecticidal treatments were applied at the correct time.

"However, the model in its present form," Harris says, "only predicts when a treatment may be needed and does not indicate if a treatment is needed."

Soybean prices predicted

Soybean growers in Texas and the U.S. will likely see prices around the \$5 per bushel mark by the time their crop is ready to harvest this fall.

This projected low price is due to an expected good U.S. soybean crop as well as a good crop in Brazil, this nation's chief competitor in the export market, points out Johnny Feagan, economist with the Texas Agricultural Extension Service, The Texas A&M University System.

"A good crop along with reduced demand and a sluggish export market will mean larger carryover stocks," Feagan says. "And that can only mean lower prices to growers."

U.S. soybean oil had been selling at around 35 cents per pound until Brazil-

PROCLAMATION

By The
County Judge of Floyd County
TO ALL TO WHOM THESE PRESENTS SHALL COME:

I, Choise Smith County Judge of Floyd County do hereby declare the week of September 15-21, 1985 as FARM AND RANCH SAFETY WEEK in Floyd County, for the following reasons:

WHEREAS, the President has proclaimed the 42nd annual National Farm Safety Week (co-sponsored by the National Safety Council and the U.S. Department of Agriculture) and the Governor has proclaimed the same period as Texas Farm and Ranch Safety Week; and

WHEREAS, during this week, a statewide farm and ranch accident/illness prevention education campaign is being undertaken by the Texas Farm Bureau; the Texas Farm and Ranch Safety Council; the Texas Safety Association; the Texas Agriculture Extension Service and 4-H Clubs; the Texas Education Agency through the Texas Future Farmers and Future Homemakers of America, the Young Farmers and Young Homemakers of Texas and the Floyd County Farm Bureau with the theme, "Health + Safety = Success"; and

WHEREAS, the National Safety Council estimates indicate that in 1984 farm work accidents resulted in approximately 1,700 deaths and 180,000 disabling injuries. An undetermined number of farm residents and workers suffer from work-related illnesses which can cause disability, permanent health damage and often death. The direct economic costs of these problems exceed \$5 billion annually. Farm/ranch accidents and illnesses are an unnecessary drain of time, energy and money. Farmers and ranchers must be even more vigilant to prevent such losses which can jeopardize the survival of the enterprise.

THEREFORE, I urge every man and woman engaged in farming/ranching or its related services; especially those training inexperienced or young workers -- to establish safety procedures and instill dedication and commitment to safety and health care in all those who can be influenced by their good examples.

Focus on Entomology

By James F. Leser

The month of August has finally come and gone and most pest management decisions have been made for cotton--for the better or for the worst. We potentially have a good crop, even some fields with an early set boll crop. I have even seen some open bolls! But—a sizable acreage of cotton is still in the bloom and small boll stage. This later cotton does not need any expensive inputs at this time.

Bollworm egg laying activity persists and at times is quite heavy. Most fields will receive a trickle type egg lay rather than the heavy "dump". Eggs will be found in every conceivable location and at times in groups of 2 or more eggs per site rather than the customary single egg-laying pattern. While this can be disturbing, it's actually a good sign—a sign that the end of our bug checking season is at hand.

Some folks are buying these little egg parasitic wasps to control this latest egg laying activity. In my opinion this is a poor decision indeed. Chemicals are cheaper, necessitate less fields being treated and certainly are not going to disrupt the "beneficial" situation in your field at this late date. Personally, preservation of beneficials in September cotton is the furthestest thing from my mind—boll protection is the only issue anymore. If you want to manage bollworms properly—learn to scout fields and use insecticides wisely—

don't use those silly trichogramma wasps. They're not suited to our area.

Bollworm treatment levels must be elevated. A field with full-sized hard bolls could certainly survive 15,000 small bollworm larvae at this time—maybe even 20,000 per acre. However, once established and growing to sizes of 1/4 inch or larger—drop down to 9,000-13,000 per acre. A late crop will be tricky indeed. The 9,000 per acre worm level would normally be appropriate. What you'll have to decide is whether you can afford to shoot for those late fruit.

Cotton aphid numbers are holding their own but generally not increasing to previous high levels. There will be a few instances—especially in dryland fields—where aphids may still need to be sprayed! I do have another aphid control test this year and will let you in on the results later on. Also a couple of bollworm control tests.

Watch out for spider mites over the next several days. They're present and in some instances dangerously close to needing control. When do you spray these pests? That's anybody's guess—there are no mite experts here. Azodrin works the best on cotton but 2 applications probably will be necessary, making this an expensive proposition.

Junior lamb show planned

All regularly enrolled 4-H Club and Future Farmers of America members are eligible to compete in the junior lamb show at the 68th annual Panhandle-South Plains Fair in Lubbock September 21-28.

General manager Steve L. Lewis said premiums totaling \$6,220 would be offered in the competition and the entry deadline is September 9.

All entries must be certified by the supervising county agent or FFA instructor.

A non-returnable entry fee of \$5 per

lamb will be charged and only 600 lambs will be accepted for the show. Health papers also are required.

Preston R. Faris of Sonora will judge the competition. Lee Roy Colgan will be the superintendent and Billy Roach and Marvin Ensor will serve as assistants.

There will be 15 classes of judging. Premiums of \$500 plus a banner and trophy will go to the champion fine wool, champion fine wool cross, champion medium wool and champion South-down or Shropshire. A banner, trophy and \$250 cash will go to the runners-up in each class.

Volunteers building local church

By Juanita Stepp

Trinity Church is receiving a lot of help in the construction of their new church building. Besides the members of the congregation who are laboring on the project, a group of Baptist volunteers are adding their expert assistance.

According to E.D. Morgan, coordinator of the volunteers, "We saw the need and are trying to fill it." The dozen or so retired men are part of the Texas Baptist Retirees Camp Ministry Builders who work out of the Texas Baptist General Convention in Dallas.

"These retired gentlemen feel the need to contribute to the world around them and have chosen this as the means of doing so," said Morgan.

Principally involved in the renovation and construction of church youth camps, the volunteers build churches and homes for ministers if they have the time. The group came to Floydada after Morgan, who managed the Plains Baptist Youth Camp south of Floydada for many years, and Alton Moore, one of our church elders, visited with each other a few weeks ago. The subject of the new church came up and help was offered and accepted.

G.A. Van Hoose, pastor of Trinity Church, says, "With all this good help our building will be finished several months ahead of schedule." Very

excited at the prospect he adds, "We hope to hold an interdenominational community Thanksgiving celebration in the new facility."

The volunteers each have their own mobile home and most travel with their wives. They receive no monetary compensation, although they are provided with a place to park their trailers and the ladies of the Trinity Church serve them a meal at noon. The wives serve refreshments to the workers and are doing personal missionary work in the community while their husbands work on the church. The local Baptist church has also been very supportive to the volunteers.

Ranging in age from 57 to 75, the Texas Volunteers come from all walks of life and from all professions. Retired pastors work alongside retired electricians, carpenters and businessmen. The motto of the workers is "Building for the Glory of God" and they feel that they work in the "greatest mission field in the world." "Which is" according to Morgan, "our own back yard."

"The builders decide where they will work for themselves. Most seem to think they are doing what God means for them to do as they travel the state spreading their talents and faith. They furnish their own tools and equipment," Morgan said.

When the need for a new air compressor arose a few days ago in Floydada, the Trinity Church congregation took up a collection and provided about half of the necessary funds. Said Pastor Van Hoose, "We all felt that was the least we could do since they accept no pay."

The building volunteers plan to host a revival the last few days of September and the first few days of October. The event is planned to acquaint the community with the new building and to spread their faith and joy in this life. Persons of all faiths are expected to participate in the interdenominational activities.

The work of the volunteer builders is greatly appreciated by the Trinity congregation. Says Pastor Van Hoose, "If we had paid for the work these dedicated men do, our building would have cost us twice as much. We are extremely appreciative of their time and labors." Van Hoose also opined, "I think these people serve God in a very worthwhile manner."

After working all year on youth camps plus building three or four churches, the members of the group will return to their own hometowns for a few weeks of rest before beginning other construction projects.

Overweight trucks in Texas pay big bucks

Attorney General Jim Mattox has announced that the state of Texas has obtained \$1,682,730 in fines from overweight truckers and shippers since the program started in November 1984.

Most recently, the state received a check for \$32,655 in fines from Cory Transportation and Construction of Houston, after one of their trucks was stopped near Lamesa for being overweight.

The truck was traveling from Houston to Hereford when it was stopped by DPS officers. According to DPS reports the truck weighed approximately 520,000 pounds. Cory Trucking had obtained a permit that allowed it to transport 198,000 pounds.

The overweight program was started in November 1984, in cooperation with the Department of Highways and Public Transportation and the Department of Public Safety. A study conducted by the University of Texas' Center for Transportation Research estimated that the

damage caused by overweight trucks to Texas highways would cost the State approximately \$261 million in repairs and administrative costs over the next 20 years.

Since the program started, 64 lawsuits have been filed against truckers and shippers. Ten other companies have paid fines without being sued for carrying overweight loads.

Enjoy "Toll House" Taste All Year 'Round With "Pan Cookies A La Mode" In Summer

Any cookie monster will agree that Toll House Cookies are just perfect all year round. This variation — Pan Cookies A La Mode — is especially nice for summer. Made with Nestlé Toll House morsels for that tried and true great Toll House taste, the recipe calls for spreading the batter in a baking pan (rather than dropping by rounded teaspoons). The results yield a giant cake-like cookie that can be cut into 3" squares and of course topped with a scoop of ice cream.

Cookies and ice cream without hot fudge sauce, though, will never do for true chocolate aficionados. Though the recipe is optional, this is one fudge sauce that may well become "mandatory" in your house.

Here are the recipes as developed in the Nestlé Kitchens.

- Pan Cookie:**
- 2-1/4 cups all-purpose flour
 - 1 measuring teaspoon baking soda
 - 1 measuring teaspoon salt
 - 1 cup butter, softened
 - 3/4 cup sugar
 - 3/4 cup firmly packed brown sugar
 - 1 measuring teaspoon vanilla extract
 - 2 eggs
 - 12-oz. pkg. (2 cups) Nestlé Toll House semi-sweet chocolate morsels
 - 1 cup chopped nuts
 - Ice cream, softened

- Hot Fudge Sauce (optional):**
- 1/2 cup heavy cream
 - One 6-oz. pkg. (1 cup) Nestlé Toll House semi-sweet chocolate morsels
 - Dash salt
 - 1 measuring teaspoon vanilla extract

Preheat oven to 375°F. In small bowl, combine flour, baking soda and salt; set aside. In large bowl, combine butter, sugar, brown sugar and vanilla extract; beat until creamy. Beat in eggs. Gradually add flour mixture; mix well. Stir in Nestlé Toll House semi-sweet chocolate morsels and nuts. Spread into greased 15"x10" baking pan. Bake at 375°F. Time 20-25 minutes.

Cool; cut into 3" squares. Top each square with 1 scoop ice cream. Drizzle Hot Fudge Sauce on top, if desired.

HOT FUDGE SAUCE: In small saucepan, combine heavy cream, Nestlé Toll House semi-sweet chocolate morsels and salt. Cook over low heat until morsels melt and mixture is smooth, stirring constantly. Remove from heat; add vanilla extract. Makes about fifteen 3" squares and 1 cup sauce.

Crime in Texas is on the increase

The crime rate and number of major crimes reported in Texas during the first half of 1985 increased, according to statistics furnished by the Texas Department of Public Safety.

"Compared to the first six months of 1984, the crime rate for the first half of 1985 was up eight per cent to 3,111.7 crimes per hundred thousand population," said Colonel Jim Adams, DPS director. "The number of major index crimes reported for the same period was 497,524, an increase of almost 10 per cent."

All major crime categories showed increases in the number of offenses reported.

Rape led the four violent crime categories, increasing 13.8 per cent. Aggravated assault, murder and robbery were up 9.6 per cent, 8.7 per cent and 3.1 per cent respectively.

"Motor vehicle thefts rose 12.4 per cent," Adams pointed out. "Burglary increased 8.3 per cent and theft was up 10.6 per cent."

Of the total index crimes reported, 21 per cent were cleared by arrests in the first half of 1985. The value of property stolen during the commission of the index crimes was estimated at over \$85 million dollars, with approximately 230

million dollars in stolen property recovered by police.

"Two Texas law enforcement officers were killed in the line of duty by criminal action in the first six months of this year," Adams said. "Two officers lost their lives in duty-related accidents."

The DPS also said a total of 1,733

Statewide Totals	Jan-June 1984	Jan-June 1985	Volume Change
Murder	975	1,060	+8.7%
Rape	3,413	3,883	+13.8%
Robbery	13,352	13,771	+3.1%

Motor Vehicle Theft	40,748	45,815	+12.4%
Total	452,825	497,524	+9.9%

assaults on officers were reported.

DWI arrests in the first half of 1985 were up 2.6 per cent, totaling 68,717. Drug arrests increased 14.4 per cent to 31,913.

The crime statistics were derived from reports submitted by 790 law enforcement agencies in the state.

SOUTH PLAINS NEWS

by Mrs. Murray Julian
South Plains, September 9:
Remember Hobby Club is this coming Thursday, September 12, at 2:00 p.m. in the home of Mrs. Harold Hamm, east of South Plains. Don Probasco will bring the program for the afternoon. This is the first program for the beginning of the fall and winter club meetings, so you will want to be there.

Mr. and Mrs. Early and Nell Pritchett of Ruidoso have been here since last week. Nell is going to Lubbock several times to see a special physician.

Mrs. Joyce Osborne and her mother, Mrs. Corda Taylor of Muleshoe, are back at home from Dallas after they visited the Osborne's children and families for several days last week. Mrs. Taylor is at her home in Muleshoe, too.

This Monday, September 9, we are sad to hear of the passing of Mrs. Mary (Clarence) Cobbs of Floydada. She was the mother of Mrs. Jane Bean and the sister of Mrs. Letha Mulder of Floydada. She had lived for a long time at the Floydada Rest Home. She formerly lived in Tulia, where she had been an invalid for many years. Mrs. Cobbs will be laid to rest in Clarendon. Funeral plans are pending at this time and arrangements will be announced at a later time. A brother, Dan and family will not get to come from California.

A sparkling new roof at Nathan and Connie Johnson's home here in South Plains was put on August 28, 29 and 30th. Jack Gregory of Floydada and helpers did the new roof last week and finished Saturday. This makes two new roofs here at South Plains, that of Sparky and Maurine Parks and this one of Nathan and Kathy Johnson.

Mr. and Mrs. Kendis Julian were surprised with an ice cream social and gathering in the South Plains Baptist Church this Wednesday night after evening services at the church. The occasion was their 25th wedding anniversary. There were around thirty guests there to enjoy cakes and homemade ice cream along with an evening of fellowship.

Mr. and Mrs. Lon Colvin returned recently from a wonderful vacation which took them through several states. They drove 3600 miles while they were gone. They returned week before last and report that it was pretty dry in most places they had seen. They toured about nine days as they went through many of our beautiful states, including Idaho, Utah, Montana, Wyoming, and others of this area. All in all, it was a great trip. Well, here at South Plains, the sunflowers were harvested this Monday, September 9th. Now there are just

bare old stalks out around my house.
Mrs. Ginger Warren was recently appointed to the city council vacancy. She will begin her duties and attend her first council meeting on September 9. We are proud of and for Ginger and wish her the best.
We are pleased to announce the birth

of a new grandson in the Teeple family. It is a little boy born Monday, September 9 to Rhonda and her husband in Louisiana. We have no details, so we will have to wait and get hold of family members who can tell us the name, weight and everything. Congratulations to them.

The weather is still hot and dry. Farmers are watering cotton, while the women arc busy canning fruits and vegetables.

It is reported that Es Yeary is improving and responding to treatment. He has been very ill in the intensive care unit of Methodist Hospital in Lubbock.

Goldie Cyfert sustained a broken hip as she was coming out of church Sunday morning and is a patient in Methodist Hospital. We trust that she will soon gain her strength and have a fast recovery.

Funeral services for Fred Randolph were held in San Angelo Tuesday and graveside services were at 4:00 p.m. Tuesday in Lockney Cemetery. He died in San Angelo from a lengthy illness.

Eula Mae Wilson underwent ear surgery at Methodist Hospital Wednesday morning. She returned home on Friday. Her sister, Pauline VanHoose and husband, John D. of Kingsland are with her while she is recuperating. She is reported to be improving satisfactorily.

Mr. and Mrs. Carl F. Lemons visited John and Cindy Fortenberry Sunday evening. Later they visited Mr. and Mrs. Junior Taylor.

Fred Connor of Amarillo visited his parents, Mr. and Mrs. Jim Conner Wednesday afternoon.

Grace Lemons visited Eula Mae Wilson in Floydada last Monday and later visited Mr. and Mrs. Marvin Lemons and family.

Clara Mize visited Jim and Viola Conner last Monday afternoon.

Clara Mize accompanied Edna Patton to Earth Friday to attend funeral services for Clara's friend, Alma Chapman.

Cecil Fyfe and Syble Teeple visited Clara Mize one day last week.

Edna Gilly visited her mother, Ruthie Clark Thursday in Plainview and the two of them then visited Gertrude Hammit, who was ill.

Recently, Max and Vikki Yeary and

family joined her parents, Mr. and Mrs. Billy Hinkle for a week of fishing at Possum Kingdom. They stayed in the Hinkle cabin.

Mychelle and Terry Harris spent the week-end with their grandparents, Imogene and Cephus Fortenberry.

Ruthie Clark and Mildred Anderson of Plainview visited Edna Gilly Friday.

Floydada Nursing Home Happenings

By Florence Van Hoose

Monday morning devotions were by Trinity Church. The singers were Rev. G.A. Van Hoose, Ira Sullivan, Francis Rose, Shirley Varner, Clara Redd, Mildred Thrasher, Eula Mae Wilson, LaVada Garrett and Lillie Cranford. Rev. Van Hoose spoke about the christian way. In the afternoon the residents had self-directed activity since it was a holiday.

Tuesday morning devotions were by Brother Neeley Richardson. Neeley spoke about grace. In the afternoon we had an ice cream party served by the Companions 'n' Caring. The ladies who served were Lula Teague, Ola Smith, Dorothy Neff, Leona Neff, Dolores Cannon, Sabrina Varner, Zula Mae Emert, and Shirley Varner, and Hazel Bradley. The residents all enjoyed the ice cream. Thank you ladies for serving it. After the ice cream Charlie Spence, Myra Hall, Ova McPherson and I played "42".

Wednesday morning devotions were by City Park Church of Christ. The singers were Mary Spears, Beulah Baker, Eunice Hardy, Lorilla Bradley, Elva Blum, Claude Holiday, Eva Tackett, Ruby Hartsell, and Vernola Hanna. In the afternoon Jo Bryant came and played Bingo with us. Bonnie Howard and Myra Hall bingo'ed the most times. The prizes were bananas, candy, and

cheese crackers. Bingo is one of the most favorite activities of the nursing home.

Thursday morning devotions were by Rev. Earl Blair. He spoke from Isaiah 40:31 and 26:3 about strength from God and peace and trust in God. In the afternoon we went on the bus ride to Plainview and were treated to ice cream at McDonald's. The residents who went on the ride were Florence Curry, Della Halencak, Faye McMahan, Addie Lindley, Opal Morrison, Una Clark, Beno Wilson, and Charlie Spence. Thank you McDonald's for the good ice cream.

Friday morning devotions were by Virginia Cage, Nettie Adams, and Mrs. Withers. Nettie spoke about seven ducks in a dirty pond. It was about Naaman. She also told about the Good Samaritan and told the story about Jonah. In the afternoon we watched a good movie about the Yellowstone Cubs, and ate popcorn. We want to welcome our new resident to the Nursing Home. She is Mary Belle Jordan.

This week's visitors included: Dorothy Neff, Ola Smith, May Sue, Hazel Bradley, Sue Sewell, Ava Crump, Lucille Daniel, Nora Hatley, Mary Lou Bullock, Mary Coleman, Hope Coleman, Jay Coleman, Bobbie Sue, Edna Patton, Evelyn Pierce, Deeta Odum and Winnie Neil.

Tips on buying chickens

Boneless chicken products can be a good buy—Whole chicken generally costs less per pound than cut-up chicken parts and boneless meat and products. But it may not always be the best buy in terms of cost or convenience. "Boneless chicken products have been a welcome addition to the market which suit today's lifestyle," says Marilyn Haggard, a Texas A&M University Agricultural Extension Service nutritionist. "They cook quickly, go well in casseroles, skillet and one-dish meals and make it easier to cater to the family's preference for certain parts of the chicken." Although the cost per pound for these products is higher than whole chicken, you have to consider that

you're not paying for bones, skin and fat that will be discarded, she says.

Chicken product vary in edible meat—Different chicken products vary considerably in the amount of edible meat they provide, says Dr. David Mellor, Texas A&M University Agricultural Extension Service poultry specialist. For example, you get approximately 54% edible product from a pound of chicken wings; 67% from drumsticks; 70% from either a whole broiler or whole cut-up broiler; 79% per pound of thighs; 80% from split breasts; 85% from whole breasts; and 100% of edible product from a pound of whole boneless broiler, breast filet or boneless thigh.

FFA OFFICERS—Pictured left to right in the back row are Matthew Redding [reporter], Shannon Barbee [vice-president], Hane Robertson [president], Jeff Matsler [secretary], and Hunter Smith [treasurer]. Troy Don Faulkenberry [sentinel], and Jon Garrett [student advisor], are standing. Club members enjoyed a watermelon feast at Floydada Park on Monday, September 9.

CENTER NEWS

By Mrs. J.E. Green

Here I am home again. This time from the Clyde Greens of Peralta, New Mexico, 15 miles south of Albuquerque. I was in Albuquerque once this time, last Sunday. This is when I accompanied the parents to the plane, where they left their daughter, Annie to begin her first lap to Brownwood. There she begins her Junior year at Howard Payne. That was our first goodbye trip. This was before church.

The son, Kenneth Mark, was scheduled to leave for another school year. This time for a PhD at Cincinnati, Ohio.

The parents were to take him, leave home Friday, drop me at home, spend the night with me, and then go on Saturday to visit more on the return trip.

It is sad when the last child leaves home or any of them. He was a very successful young people's leader in the home church for the three years since he finished Baylor University.

The Henry Brewers dined Sunday in Crosbyton with a daughter and family.

I was glad to be in Calvary Sunday though I enjoyed Bosque Farms last Sunday, too.

Congratulations to Tammy and her choice! We missed her Tuesday, September 8.

The 2nd Sunday in September 1985; church was good as usual. The weather? Clear, windy. A good day to stay in after church. But Mrs. Payne was absent-at home sick.

Mrs. Roe Jones is at home. Her Amarillo daughter, Clara, spent the week-end with her. She went home today.

Mrs. Lucille Pope visited me this afternoon.

Miss Francis Mitchell has been visiting in Pampa. Mrs. Fred Battey, Mrs. Oia Warren and The Thomas Warrens are doing O.K. Mrs. Frizzell is well at home. Mrs. Plumlee is at home doing very well.

We would love to see some rain.

Ma Green is having eye and ear trouble. Saturday afternoon Vic and Sue Green of Plainview visited Mrs. Green.

Our deepest sympathy is with the family who lost their 9-year-old son in an accident. I do not know the family but let us remember them in our prayers, also those who are sick.

Mrs. Evelyn Latta visited me briefly Monday morning.

CARD OF THANKS

The family of Nesa Jan Nixon wishes to express a very special Thank You to everyone who showed so much kindness to us during our recent loss.

For all the visits, phone calls, cards, flowers and plants, food, and contributions, we are truly grateful. Thank you again.

G.T. BREWSTER

Former Lockney resident G.T. "Skeet" Brewster, 61, of Long Beach, California, died August 21 after a lengthy illness.

Brewster was born in California but came to Lockney at the age of three years. He was raised by his grandmother, Martha Ellen Brewster, who operated the Brewster Rooming House (now the home of Tommy Hutton) in Lockney. Skeet attended Lockney schools and was employed at Jackson Tire Company. He returned to California to live in the mid-1940's. He was employed with Essix Manufacturing Company for 38 years, retiring in 1979. Survivors include his wife Grace; a son, Donald; two daughters, Jerri and Sandy; several grandchildren, and a brother, Monty Brewster of Long beach, California.

MARY O. COBBS

Services for Mary Ollie Cobbs, 84, of Tullia were at 10:30 a.m. Wednesday, September 11, at the Robertson Chapel of Memories in Clarendon with the Rev. Earl Blair, pastor of the First United Methodist Church in Floydada, officiating.

Burial was in Rowe Cemetery in Hedley under direction of Robertson Funeral Directors in Clarendon.

She died Sunday, September 8, in Caprock Hospital in Floydada after a lengthy illness.

She was born in Johnson County, Oklahoma. She married Clarence G. Cobbs on August 17, 1926, in Memphis. She had been a resident of Tullia for more than 30 years. She was a member

of the First United Methodist Church in Tullia.

Survivors include her husband; a daughter, Mrs. Mary Jane Bean of Floydada; a son, Jack of Tullia; five sisters, Mrs. Eunice Land and Mrs. Lavoice McGaugh, both of Clarendon, Mrs. Letha Mulder of Floydada, Mrs. Inez Minyard of Littlefield, and Mrs. Laura McDaniel of Fort Worth; two brothers, Wayland Fitzgerald of Silverton and Dan M. Fitzgerald of Escondido, California; and four grandchildren.

ARCHIE HARRIS

Services for Archie Theodore Harris, 9, of Floydada were at 2 p.m. Friday, September 6, at the First Baptist Church in Floydada, with the Rev. Hal Farnsworth, pastor, officiating.

Burial was in Floyd County Memorial Park under the direction of Moore-Rose Funeral Home.

He died Wednesday, September 4, in a farming accident near Floydada. Justice of the Peace Lowell Bilbrey ruled the death accidental.

The boy moved to Floyd County in May 1985 from Palatka, Florida. He was a member of the Calvary Baptist Church.

Survivors include his father, Michael of Palatka; his mother, Clara of Floydada; two sisters, Ila Alexis and Lillian Jane, both of Floydada; and two grandmothers, Ila Hammonds of Floydada and Mrs. Thomas Christie of Clearwater, Florida.

MRS. J.G. SLATER JR.

A recent funeral for Mrs. Rebecca Shoemaker Slater, 37, of Little Rock,

Arkansas, wife of Dr. John G. Slater Jr., was held at Pulaski Heights United Methodist by the Rev. James B. Argue. Burial was in Forest Hills Memorial Park by Ruebel Funeral Home. In lieu of flowers, memorials were made to the Pulaski Heights United Methodist Church Choir.

Mrs. Slater was associate music director and director of the Children's Choir at Pulaski Heights United Methodist Church and served on the Music Board.

She was born at Abilene, daughter of Hart C. and Dorothy Stovall Shoemaker. She was a 1969 graduate of Texas Tech University, receiving a bachelor's degree in music education, and she did postgraduate work at the Peabody College for Teachers in Nashville, Tennessee. Mrs. Slater had taught school at Nashville, Tennessee, and Birmingham, Michigan.

She was an active member of the Junior League of Little Rock and served on the Junior League Board of Directors, and was director of the Happiness Singers. She was a member of the Pulaski County Medical Auxiliary, Opera Guild Board, Symphony Guild Board, Arkansas Chamber Singers Board and Kappa Kappa Gamma Sorority.

Survivors in addition to her husband and parents are three sons, John H., William M., and Gary S. of Little Rock, Arkansas; and one sister, Nancy Honey of Houston.

She was a niece of Polly Gilbert of Lockney, a cousin of Robert Stovall of Floydada, and a granddaughter of the late Mr. and Mrs. E.F. Stovall of Floydada.

DOSIA WEBB

Services for Dosisa D. Webb, 90, of Floydada were at 10 a.m. Saturday, September 7, at the West Side Church of Christ with Grady Dunavant, minister, officiating.

She died at 10:45 a.m. Wednesday, September 4, at Floydada Nursing Home following an illness. Survivors include five grandchildren.

Burial was in the Floydada Cemetery under the direction of Moore-Rose Funeral Home.

Remember your loved ones with a living memorial to the Caprock Hospital Auxiliary Memorial Fund. Mrs. Jane Pruitt, Treasurer, 983-2040.
