## Drought over: 'Winds defeat Muleshoe

**By Bill Gray**  
Floydada's version of the "Dust Bowl Days" finally came to an end last Friday, as the Whirlwinds downed the visiting Mules of Muleshoe 13-6, snapping a victory drought that had seen the 'Winds suffer seventeen straight losses over three seasons.

Floydada received the opening kickoff, starting their first possession in good field position on their own 32 yard line. Overcoming a procedure penalty on the first play, the 'Winds opened with their most impressive offense of the season. Keeping the ball on the ground during the 73 yard drive, Shannon Barbee handed or pitched to Clay Lowrance, Leif Younger, and Hector Flores, chewing up large chunks of yardage behind some good line blocking. Displaying some fine ball handling himself, Barbee accounted for about 20 yards in the determined effort to put the ball into the end zone.

The drive was capped by Hector Flores' scoring burst from 22 yards out. It was not only the first score of the contest - it was the first time the 'Winds had crossed the goal line in 1985! Barbee's conversion kick was good and the hungry 'Winds were on their way.

Following the ensuing kickoff, Muleshoe was unable to move the ball against a strong 'Winds defense, led by James Burns, Noe Soliz, David Pyle, and others. Floydada took over the ball on its own 29. On first down, Clay Lowrance popped wide for a gain of 16 yards. Two plays later, a Barbee-to-Younger pass came up just short of a first down. Lowrance punted, with the Mules taking over on their own 6. On 3rd down, James

Burns caused a Mule fumble, with Noe Soliz coming up with the ball deep in Mule territory. The second quarter was only about a minute old when Clay Lowrance got the call. Taking a wide pitch and breaking several tackles, Lowrance broke into the clear and scored from 15 yards out. The PAT attempt failed and Floydada took a 13-0 lead into the dressing room at halftime.

On the first play from scrimmage in the second half, Floydada fumbled, with the Mules taking over the ball deep in Whirlwind territory. However, two plays later, the 'Winds regained possession when Rendon jarred the ball loose. Again, Noe Soliz recovered the fumble. The remainder of the third and most of the fourth quarters was dominated by both defenses.

With three minutes left in the game, a blocked FHS punt put the Mules in scoring territory. A well-executed screen pass moved the Mules to Floydada's 9 yard line. Three plays later, Mule QB Mike Holt found Michael Dunham all alone in the end zone. The 8 yard scoring toss was Muleshoe's first touchdown of the year, and it came with only 38 seconds remaining on the clock. Muleshoe's 2 point conversion attempt came up short. Floydada took over the ball after Muleshoe's attempt to execute an onside kick failed and the last few seconds ticked away. Final score: Floydada 13, Muleshoe 6.

The victory was a total team effort for the 'Winds, particularly in the first half. The offense really jelled for the first time this year and the defense responded equally well. This writer's nod for the

outstanding offensive players of the game are Clay Lowrance, Hector Flores, and Shannon Barbee. Defensive standouts included James Burns, Noe Soliz, Richard Rendon, and Haney Robertson.

The 'Winds travel to Friona this week and will be hard-pressed to extend their winning streak to two. The Chiefs suffered their first defeat of the season last week to Morton and they will be trying to rebound. Another strong, total team effort by the 'Winds could dampen Friona's hopes. The Whirlwinds need all the support they can get and are looking for a loyal following to make the trip for this important game.

### Cannon wins football contest

An interesting tie developed when the entries for this week's football contest were checked on Monday. Four entries missed only one game, the Littlefield-Idalou contest. Floydada High School student Paige Cannon was declared the first prize winner with the tie breaker score of 20, choosing Floydada to win.

Another high school student, Shannon Barbee, won the second place prize. Shannon, who is on the varsity team, picked Floydada to win and figured the tie breaker score at 21.

The third place winner was also interested in football as he is the 8th grade coach, Tim James. James chose Floydada to win, but calculated the tie breaker score to be 27.

The fourth entry with only one error was from Jean Hale. Hale picked Floydada to win with a tie breaker score of 10, thus rating an Honorable Mention.

Winners may pick up their checks for the prize money at the Hesperian office on Friday, October 11.

### City increases sanitation rates

In action taken at the regular session of the Floydada City Council on October 8, council members voted unanimously to increase sewer and sanitation rates by \$0.75 each. This action will result in each customer paying an additional \$1.75 per month for these city services. The rate increase was made necessary by the loss of over \$12,000 posted by the sanitation department during the last budget year and the loss of \$18,000 in revenue which resulted when the council elected to discontinue taxing personal vehicles. The new rate will become effective as soon as it can be programmed into the computer, hopefully by November 1.

A second financial transaction will also be programmed into the computer. Floydada Power and Light will be returning to customers the amounts they were over charged for fuel adjustment costs during the past year. The credit for this will appear in the "arrears" column of the monthly bill. The credit will be based on the number of kilowatt hours used over the previous year and will be calculated on the difference between the original charge of \$0.030824 per kilowatt hour and the actual cost of \$0.027560 per kilowatt hour. The average household using approximately 625 kilowatt hours per month will receive a credit for the year of about \$24.00. The council stressed the fact that the reason for the overcharge was the rates used by Southwestern Public Service. Floydada basis the city charge for fuel adjustment on the SPS rate and SPS has been operating with an inflated rate. Local customers will be paid 11 1/2% interest on the amounts they were overcharged, adding about \$1.00 to their credit.

SPS was the subject of other actions taken during the session. In the first, Mayor Parnell Powell was authorized to draft a letter to be forwarded to SPS rejecting their offer to purchase the local power and light company. SPS will be notified that the offer has received careful consideration, but the facility is not for sale at this time. The mayor was also authorized to ask Mike Simmons of Shirley, Simmons, and Zeppa law firm in Austin to intervene at the Public Utility Commission for FP&L concerning the SPS rate case. There is no charge to the city for this.

Motions to pursue were made and passed for several items on the agenda. Among these were the installation of wet valves and fire hydrants in several locations around the city. Such facilities at 2nd and Mississippi, Grover and 3rd, S.W. Crockett and Wall, and at the alley between Missouri and California will aid in providing fire protection around the city.

The city will also pursue the demolition action on the property at 208 E. Marivena listed as belonging to Juan E. Rodriguez, Granite Falls, MI. Bids will be advertised for and will be opened at the next regular session on November 12 if no action is taken by the owner to clean up the property and repair the building before that time.

A new ordinance, #682, was passed. The new ordinance amends ordinance #592 regarding junk cars. The new

definition of such vehicles is as follows: Section 1: Sec. 2 (d; of Ordinance No. 582, passed and approved July 11, 1978, is hereby amended to read as follows:(d) Junked Vehicle means any motor vehicle as defined in Section 1 of Article 6701d-11, Vernon's Texas Civil Statutes, as amended: (1) that is inoperable; and (2) that does not have lawfully affixed thereto either an unexpired license plate or plates or a valid motor vehicle safety inspection certificate, that is wrecked, dismantled, partially dismantled, or discarded, or that remains inoperable for a continuous period of more than forty-five (45) days.

The council ratified changes in salaries for the police department raising Harold Snell to \$1200.00 per month and Darryl Gooch to \$1100.00 per month. Also approved was the purchase of three additional electric garage door openers for the Fire Station. This will make all doors open automatically at the station. The cost will be \$400.00 each plus the wiring.

A resolution was passed authorizing a contractual agreement with Peggy Probasco, doing business as PEGRO Water, Inc. The contract will obligate the city to provide water to a meter at the city limits and to charge the prevailing out of city rate for that water. PEGRO will be responsible for installation and maintenance of lines from the point of supply at the meter.

The council discussed a bill submitted by Neil Muncy for medical care following her fall at the fire station during a commodity distribution last summer. City liability coverage has declined to pay the claim. The mayor and all council persons went on record as being in favor of submitting the request again under the belief that the insurance carrier is obligated to pay the claim.

Along the same vein, the council authorized the hiring of Bill Stephens, SMC, to review the insurance coverage

the city carries in all areas. He will assess the coverage and make recommendations concerning changes or additions which need to be made. It is hoped that such a review will result in better coverage at less cost.

The final FAA inspection has been made at the airport and the finished project has been approved. The three faults discussed at last month's meeting have been corrected and a bill has been submitted to the contractor for those damages. As yet, Appian Corporation, the contractor has not paid the bill of approximately \$600.00. Final payment of around \$100,000.00 on the airport project is being withheld until payment is received from Appian.

City Manager Bill Fauerbacher will be appearing in Austin on the 15th to make an oral presentation regarding the grant application for federal funds to install a new low intensity lighting system at the airport. The grant, through the Texas Aeronautics Commission, would provide \$28,000.00 of the necessary \$38,000.00 for the installation. The city will pay the remainder with funds already set aside for the project.

Council members approved a resolution allowing the Floyd County Central Appraisal District to place delinquent taxes from 1980 and all prior years on a dead role as uncollectable. The district believes that they have made all possible collections.

Following the public session, the council entered an executive session to discuss the pending lawsuit for reapportioning voters into single member districts from the present at large system. When asked about the status of the case, Mayor Powell replied, "The discussion is on-going and I believe that some progress has been made. It is a matter of reaching a solution that is amicable to all parties concerned." No action was taken after the executive session.

### JV continue winning streak with 38-6 win

Neither Floydada nor Muleshoe was able to get across the goal line during the first quarter, but Floydada came back strong for the second quarter. The first points scored came on a 16 yard run by Julio Flores during the second period. A pass from Ty Stovall to Randy Enriquez cinched the two points conversion, making the score 8-0. Julio Flores added another 6 points with a 7 yard run and Ray Morales made the extra points on a 3 yard run to close the half with the score Floydada 16, Muleshoe 0.

The Flores-Morales combination hit again in the third quarter to raise the point total a third time. Domingo Robledo scored on a 3 yard run, but the extra point attempt failed and Muleshoe posted a touchdown to make the score

30-6 going into the fourth quarter. Rupert Jimenez returned a pass interception 45 yards to score Floydada's fifth touchdown during the fourth quarter. Ray Morales made a 3 yard run to add 2 extra points for a final score of 38-6.

Coach Mike Vickers named Joe Starkey, Rupert Jimenez, Wally Rodriguez, and Joe Collins as this weeks outstanding defensive players. He named Ray Morales, Julio Flores, Randy Enriquez, and Pat Hazlett as offensive stand outs and complimented Jeff Smith, Rene Soliz, and Brad Saens for their performance on the special teams.

The JV record now stands at 4-0. They will face Friona in Floydada on Thursday, October 10 at 5:00 p.m.

### FISD heads meeting by passing resolution

The Floydada Independent School District met for its regular board meeting, Tuesday, October 8 at 7:00 p.m. and passed a resolution allowing penalties and interest to be waived in some instances on delinquent taxes. If an error on the part of the Appraisal District has been made in calculating taxes due, penalties and interest may be set aside at the discretion of the school board. This would allow the taxpayers to pay only the taxes due.

The board approved the erection of a pre-fab building at Andrews Elementary to be used for storage of lawnmowers, dollies, etc. Currently such items are stored everywhere in the school building, it will be put alongside the rear of the building on the northwest side. The cost of the 10x24 building would be approximately \$1,600. The board also discussed buying a pre-fab building for A.B. Duncan to relieve the classrooms for the Title 1 reading and Computer Program. The money that would be used for this building would come from a federal grant of which 15%, or \$33,000, could be used for this building. The board elected to look into this matter and vote on it at a later date.

Superintendent Jerry Cannon presented for the boards approval three new employees. The board approved the hiring of Susan Smith as a 2nd grade teacher at A.B. Duncan, to maintain the student ratio of 1:22. The board also approved the hiring of Sandra Bradley as an aide for Della Plains, in the early childhood and special education class, and Jan Richardson was hired as a 3rd grade teacher at A.B. Duncan, to replace Donna Harmon who requested a leave of absence for a year.

Language Proficiency Assessment Committees (ALPAC) for each school were also approved by the board. ALPAC committees will be formed at each facility consisting of the school administrator, a bilingual teacher or teacher of English as a second language, a parent of a bilingual student, and a foundation teacher. The purpose of

**At Press Time:  
It's Raining!**

Rainy skies covered Floydada on Wednesday with about an inch on the ground by mid-day according to a representative of Energas. The county remained under flash flood warnings as more rain was expected.

ALPAC is to designate the status of all bilingual students and to track their progress.

The value of the school buildings had not been updated since 1981-82, so for insurance purposes, the board voted to utilize the Texas Association of School Boards (TASB), consultation services to reevaluate the current value. The consultation services are free. This evaluation will provide an accurate basis for bids when insurance coverage comes up for renewal in January according to Cannon.

### People At Work...

**BILLIE CAMPBELL** of Billie's Hair Salon displays the friendly smile that her customers have learned to love. Billie has been styling hair for ten years, the past 3 1/2 years here in Floydada. She has had her own salon since January and shares the work with her sister-in-law, Vicki Christian. "I consider all my customers my friends," said Billie. "We are always busy and I love my work." The customers seem to feel the same way about Billie judging from the smiles you see on people's faces, as they get the 'royal treatment.'

## Hansel & Gretel perform

Floyd County Arts Association will be bringing Hansel & Gretel to the elementary-school children of Floyd County on October 14th and 15th. These performances will be scheduled as a part of the regular school day, and will satisfy part of the performing arts requirements for the Floydada and Lockney elementary schools. Admission will be free of charge to students and teachers, as the Arts Association's gift to the children of Floyd County!

The performances will be produced by **Adventure Theatre, Inc.**, a new professional children's drama company based out of Amarillo. The manager and director are Bryan Lake and Rena Newton, respectively. They founded and

ran Penguin Productions in Dallas from 1979 to 1985. They bring with them a tradition for quality theatre for children. This musical version of Hansel & Gretel will tour Texas, New Mexico, and Kansas for four weeks and will be performed approximately 35 times.

Actors chosen to tour with **Adventure Theatre, Inc.** go through an audition and interview session conducted before each production. The actors share the responsibility of setting up the sound, lights, and scenery at each new location. Bryan Lake, who also serves as touring Stage Manager, is joined by five other actors in the cast of Hansel & Gretel. The various actors come from Amarillo, Dallas, Ft. Worth, Houston and Arlington.

**BALLONS GALORE**—5th graders at R.C. Andrews released helium filled balloons on Monday, October 7, bringing to an end a special "Balloon Math Unit" in their studies.

## Students release balloons

Balloons! Balloons! Balloons! This seems to be the big word with the 5th grade students at R.C. Andrews Elementary School the past two weeks.

A special "Balloon Math Unit" containing various worksheets and class projects on estimation, measurement, addition, subtraction, multiplication and division was compiled by JenniSu Smith, 5th grade math teacher. The students learned a great deal while enjoying the balloon fun.

As a culminating activity a "balloon lift" was conducted Monday morning on the playground. Each child had completed and attached a self-address-

ed post card, containing pertinent information, to his/her helium-filled balloon. Finders of balloons are asked to complete the card by sharing who they are and where and when the balloon was found. The card is then to be returned to the student by mail.

One final contest will continue to determine which child's estimation is the closest to the actual distance his/her balloon travels.

As a result of the project, students were able to expand their knowledge of math as well as their knowledge of balloons.

Most of all, many children were able to see that even MATH can be fun!

## Stenciling demonstrated to club

Il Penseroso Study Club met October 3 in the home of Sandra Cummings. Assisting Mrs. Cummings with hostess duties were Charlianne Burson and Kay Martin.

Kay Roach from Plainview presented an interesting program on stenciling. She demonstrated three types of stenciling including the new rainbow method. To open the business meeting, roll call was answered by telling what each person had purchased from "Accessory Lady" in Lubbock.

The farm sale was a big success. The farm sale committee members were Reeda Cay Smith, Marilyn Biggs, Karen Quebe, Sandra Cummings, Robin King and Jami Kemp. Peggy Lambert, Ginger Mathis and Lynda Gant were given special recognition for work they did at the farm sale.

In other business, a book on auctioneering was donated to the local library in memory of Jack Dulin. A donation will also be given to the Elaine Hardy Scholarship fund in her memory. The club voted to buy a cook stove which will be given to the Lockney Community Center. Funds will also be given to the Basadula Love Fund for George Basadula who is critically ill. Discussion was held on the possibility of having a blood drive, but it was decided to wait until after the first of the year.

Club will participate in the Cub Scouts Halloween Carnival scheduled for Saturday October 26 by selling carmel apples and having a Go-Fishing

Pond. Before adjournment everyone was encouraged to help the drama group from Amarillo unload and set-up their props for the play Hansel & Gretel to be presented Tuesday, October 15 at the elementary school. The play is sponsored by the Floyd County Arts Association.

Attending the meeting were Sidney Jackson, who was welcomed as a guest, and the following members: Karen Quebe, Treena Aston, Jami Kemp, Kay Martin, Sandra Cummings, Kathy Kellison, Kim Lambert, Robin King, Marilyn Biggs, Cindy Ford, Katy Durham, Julie Hancock, Jessie Johnson, Liesca Durham, Brenda Mangold, Peggy Lambert, Reeda Cay Smith, Patti Purser, Rhonda McCain, Ginger Mathis, Robin Stoerner, Lisa Mosley, and Charlianne Burson.

## Sorority holds meeting

The 190th meeting of Texas Alpha Mu Delta came to order on Tuesday, October 1, at 7:00 p.m. in the home of Laura Turner. Members stood for the opening ritual and president Kelli Reddy called the meeting to order. Debra Graham, recording secretary, called the roll and read minutes from the previous meeting.

During the business meeting, Beth Eckert, Ways and Means chairman, discussed having a taco supper on November 8 before the Tulia-Floydada football game. Motion was made and seconded to have the taco and bean supper.

Also, Laura Turner, service chair-

man, made motion to give money to the ceramic fund at the nursing home. Motion was seconded and approved.

The program was then given by Donna Anderson on "Fun With Flowers, Floral Decoration and Uses."

Hostesses, Barbara Anderson, Debra Graham and Laura Turner, served baked potatoes with an assortment of toppings, tossed salad and cake to the members, Kelli Reddy, Brenda Heflin, Jeanine Helms, Duffy Hinkle, Holly Hendrix, Beth Eckert, Barbara Anderson, Donna Anderson, Linda Phillips, Abby Battey, Debra Graham, Tonnia Kitchens, Mitzi Nixon, Penny Ogden, Wendy Pierce, D'Lee Powell, Laura Turner and Dara Ware.

## Letter to the Editor

Dear Mr. Towery,

Regarding "Lampplighter" of September 26 you seemed somewhat hostile toward mail-order business. Although what may be true, it would seem that you have taken only one view of the matter. For example: "Why the popularity of mail order sales?...prices." It has been my observation that many of the items featured in mail order catalogs are available in large cities for about the same price as shown in the catalogs, but without the added shipping and handling charges. (In fact, many of the larger mail order companies maintain retail stores in major cities where one may shop at will.) My answer to your question would probably have been "Convenience".

Your next statement, as to the reason for their "comparatively good prices", seemed to be a little misleading. True, mail order businesses "pay no sales tax". Businesses never do. The sales tax is an add-on tax, which is paid entirely by the consumer. Businesses merely collect the tax and remit it to the state and city governments, as required by law. How many of your readers realize that whether a business is required to remit sales tax to state and city is really of little financial concern to the business? While such businesses do not pay property taxes in every community where their products are sold (or ordered) many do pay such taxes, have work forces, and "plow...back into the community" the moneys received at their base of operations, plus paying property taxes, etc. on all goods warehoused at their "home base". Since regulations do not require other methods of paying taxes (or distribution of taxes at each point of ordering), do you blame these businesses for not seeking new ways of paying more taxes and of doing more paperwork for the government?

On the other side of the fence: how many of us have been guilty of purchasing through the mail partly to AVOID payment of the very taxes to which you allude?

Your statement that "they are free loaders, draining every small community in America and enriching...Chicago, Atlanta, New York..." showed that you must not receive the same mail order catalogs that I do. Many come from small towns scattered all over the U.S. Many originate in communities such as ours, providing a source of income for craftsmen and homemakers who might otherwise be unemployed. (There has, in fact, been talk of organizing a "Cottage Crafts" mail order business in Floyd County, to help market some of the fine arts and crafts that abound in our own "back yard".)

Something that you seem to overlook is the terrific positive impact that mail order business has had in rural communities through the years. What would people of a generation or two ago have done, had it not been for mail order catalogs and door-to-door salesmen? In this wide-spread land of sparse population the mail order catalog has repre-

sented a source of information about the world beyond, as well as being a "Wish Book". (What family has not depended upon the old familiar Sears & Roebuck Catalog for one thing or another?)

As a civic-minded business person, I can appreciate some of the concerns which you have expressed. To prevent a loss of local revenues, perhaps we would each resolve to never purchase elsewhere what we can obtain from our local merchants. If this doesn't solve the problem, then let us form our own mail order businesses and bring the property tax and sales tax payments into our own coffers. Meanwhile, in our zeal to garner more tax money to feed governmental appetites, let us be careful, lest we condemn a form of free enterprises and entrepreneurship that we have welcomed into our homes in the past, now that this form of marketing has grown into a successful, money-making venture for someone else!

In these trying economic times, we all need to beware the subtle invasion of envy into our thoughts and actions.

Sincerely,  
Sara Probasco

# Breezers take Muleshoe 26 to 6

On Thursday, October 3, the Muleshoe Mules faced a tough Breezer team in Floydada. This was the first home game of the season for the Breezers and they got off to a great beginning.

**VCR WINNER**—Barbara Edwards and her son Tyson were on hand to help celebrate the 25th anniversary of City Auto last weekend. Edwards was rewarded handsomely when she was announced as the winner of the VCR given away at the end of the festivities. Ricky Burns is shown here making the presentation. Staff Photo

game. The score came on a 5 yard run around the right end by Frank Suarez. The two point conversion failed and the Breezers led 6 to 0 with 4 minutes remaining in the first period.

The mules received the kick-off, but were unable to move the ball on the tough Breezer defense. They were forced to punt and the Breezers took over on their own 40 yard line.

On a second down, Frank Suarez took a pitch from Grant Stovall and hit Shay Heaton for a 34 yard touchdown pass. Steve Caballero went over the left side for the two point conversion. The Breezers were ahead at the end of the first quarter by 14 to 0.

During the second quarter, the Mules were still unable to advance the ball against the Breezers. The Floydada team managed to add 6 more points to their total before the half. The score came on a very impressive 91 yard touchdown run by Frank Suarez. Suarez went around the right end and cut back across the field, breaking at least 3 tackles on his way to the end zone. The two point conversion failed, leaving the Breezers in the lead 20 to 0 at the half.

of the Breezers. Neither team was able to post anymore points on the board during the third quarter.

The ball changed hands several times during the fourth quarter as the Breezers kept the Mules from scoring deep in their own territory. The only score of the last quarter was made on a gadget play by the Floydada boys.

The Breezers had the ball on their own 18 yard line with a fourth down and 3 yards to go. Grant Stovall dropped back and hit Harvey Soliz on a pass, then Soliz pitched the ball to Frank Suarez around the left end. Suarez raced 82 yards to strike pay dirt, proving that the tried and true flea flicker still works. The two point conversion failed, making the score 26 to 6.

The Mules had possession of the ball one more time during the game, but were unable to score.

The 8th grade Breezers record now stands at 3-1 for the season, and 1-1 in District play. Outstanding players on the offense were Frank Suarez, Andy McDowell, Steve Caballero, and Jay Mendoza according to Coach Tim James. He chose Grant Cage, Adam Cates, Zach Nutt, and Harvey Soliz for that distinction on the defense.

"I thought the team played their best game of the year so far," said James. "Our offense moved the ball well and our defense put a great deal of pressure on their quarterback, not giving him much time to operate. I really do appreciate the support we have been getting from the Floydada fans. It helps a whole lot to have fans in attendance cheering for these young players."

The Breezers will face Friona's 8th grade in Friona on Thursday, October 10 at 6:30 p.m.

**FHS FRESHMAN TEAM**—Members of the Floydada 9th grade football team are as follows: Back Row [left to right] Tim Julian, Jim Ritchie, Joe Barrientos, Leonard King, Dale Cooper, Dean Smith, Bryan Thomas, and Steve Gutierrez; Middle Row, Wade Brooks, Chad Quisenberry, Cory Muldar, Shane Orman, Jim Bob Hambricht, Danny Caballero, and

Rusty Edwards, Manager; Bottom Row, Travis Bishop, Armando Morales, Mark Thompson, Robert Casillas, Abel Sanchez, and Rene Jimenez. Not pictured were Freddy Toney, Isidro Sanchez, Jacob Galvan, Cory Jones, Lannie McMurrin, and Rolando Cisneros. Names were unavailable for #'s 67, 26, 69, and 84. Photo by R Photography

## Freshman slip by Shallowater

The Floydada Freshman football team traveled to Shallowater on Thursday, October 3 to take on the Shallowater 9th grade team. The first half was dominated by Shallowater, with two touchdowns to their credit before the half. Both of their extra point attempts failed, leaving them ahead 12-0.

Floydada made their first score at the end of the second quarter as Freddy Toney crossed the goal line from 8 yards out. The extra point attempt on a pass from Chad Quisenberry to Dale Cooper

was successful, making the score 12-8 at the half.

Floydada scored again during the fourth quarter on a run by Danny Caballero. The extra point attempt failed, leaving Floydada the winner 14-12.

Coach Mike Cocanougher complimented Freddy Toney, Danny Cabal-

ero, Dale Cooper, Abel Sanchez, and Isidro Sanchez for their outstanding offensive playing. He also complimented defensive players Wade Brooks, Rolando Cisneros, and Leonard King.

The Freshman team now has a 3-1-1 record. They will meet Friona here on Thursday, October 10, at 6:30 p.m. following the J.V. game.

## Annual bazaar scheduled

On Saturday October 26, the First United Methodist Church of Floydada will hold its 7th Annual Bazaar and Bake Sale. The annual event will begin at 10:00 and continue until 11:30 a.m.

This year's bazaar and bake sale will feature many unique and interesting items that are all handmade by church members. Another feature this year is a special room just for children's gifts.

Again this year a Thanksgiving style dinner will be served from 11:30 to

12:30. The tickets, which can be purchased at the door or in advance from the church office, will cost \$4.00 for adults and \$2.00 for children 12 and under.

A fun packed auction will begin at 12:30. All items not sold during the bazaar and bake sale will be auctioned off by Tom Assiter. He will be assisted by the McCandless family.

The proceeds from the days activities will go to mission and church projects.

### THIS WEEK

#### LOVE FUND

Amanda Malone has been able to continue on the apnea monitor because of the donations from friends and the community. She has not had another apnea episode in about two months. The apnea testing will be run again this month at Lubbock General Hospital. We are in hopes that she has outgrown the apnea and will be able to discontinue using the monitor. Medicaid will pay for the apnea test but is not funded to pay for the monitor. They would like to thank everyone who has donated for their help to keep the monitor. Also thank you for the prayers. Another month's payment is needed. The love fund is set at the First National Bank.

#### CHRISTMAS IS COMING

Floyd County has two children in foster care who will be looking for Christmas presents under their tree. Clothing and toys will be purchased for the two children ages three and five years old. If you would like to donate to the foster care children's Christmas Fund please make checks payable to the Floyd County Child Welfare Board at the First National Bank or mail to the Texas Department of Human Services, 125 E. California, Floydada.

#### WHIRLWIND FANS.

Friday night the Winds take on the Friona Chieftains at 7:30 at Friona. There will be a pep rally shortly following the Junior Varsity games at the football field on Thursday. Everyone come and support the Winds! Drum Friona!

MRS. JETT RYAN CHEEK

## Sumner and Cheek say nuptial promises

First United Methodist Church of Lubbock was the site for the 4:00 p.m. wedding ceremony October 5 uniting Nancy Kay Sumner and Jett Ryan Cheek. The double ring ceremony was officiated by Dr. Sam Nader, pastor.

Parents of the couple are Delbert and Willie Sumner of Lubbock and Mrs. Carolyn Cheek of Floydada.

Given in marriage by her father, the bride chose a formal gown of white diamond organza. The sweetheart neckline was outlined in silk organza lace and seed pearls with English net decalé and pearls in center, with a gathered ruffle over the sleeve. The sleeves were full gathered with chantilly lace cuffs and ruffle with silk flower and satin bow trim also covering the buttons and hooks. The fitted bodice was covered in front with silk Venise lace. The back had a long dropped back finished with covered buttons and outlined with silk Venise lace holding a full gathered ruffles of chantilly lace and white satin bows and flowers at the centers. Attached was a chapel length train finished with a chantilly lace ruffle.

For her headpiece, the bride chose a cap of silk roses and seed pearls attached to a fingertip veil finished with a scalloped pencil edge.

The bridal bouquet consisted of silk

roses, a variety of white carnations and miniature pink silk carnations all enhanced with pennant shaped pink and white streamers.

Attending the bride as matron of honor was her sister, Leah Daves of Ira, Texas. Bridesmaids were Sylvia Garcia of Lubbock, Ramona Finestead of Granger, Iowa, Tasi Henagar, cousin of the bride of Paris, Texas, and Kim Moore of Floydada. Bridal attendants were attired in formal dresses of pale pink saturday satin with a complete overlay of pink lace. They carried long stemmed pink carnations arranged with baby's breath, greenery and streamers.

Acting as best man was Alan Barnett of Alice, Texas. Groomsmen were Ken Barr, Tony Pierce, Blake Bagley and Layne Kirk.

Seating guests were Brian Sumner, Derek Cheek, Don Cheek and Lane Cheek. Candles were lit by Laron Cheek.

The best man vocalized the selection "How Great Thou Art" as arranged by the groom. The groom also wrote the processional and recessional and sang to the bride an original composition, "Take My Hand." He also wrote the "Interlude" which was played during the candlelighting ceremony.

During the ceremony, the bride and groom exchanged red carnations, repre-

sented their hearts, then placed them with a white carnation symbolizing placing their hearts with God.

A reception in the church parlor followed the ceremony.

The bride is a graduate of Monterey High School and Texas Tech University.

She is currently a kindergarten teacher for the Ralls Independent School District.

The groom is assistant band director at Floydada. He attended Monterey High School, Texas Tech and North Texas State University.

**GOLDEN ANNIVERSARY**—Mr. and Mrs. M.C. Smith will be honored with a reception celebrating their Golden Wedding Anniversary at the community room of First National Bank on Sunday, October 13, between the hours of 3 and 5 p.m. Hosts will be their sons and family, Mr. and Mrs. Donald Smith and Holly and Mr. and Mrs. Kenneth Smith, Lisa and Ashley, all of Lubbock.

## Worley and Reves wed

Carrie Meshel Worley and George Michael Reves were united in marriage on Saturday, September 14, 1985, in the Trinity United Methodist Church in Plainview with the Rev. Doug Stenberg, pastor, officiating.

The altar was decorated with a brass archway encircled with ivy greenery and tied with pink silk rosebuds and tied with a large pink bow at the center top. A circular brass stand attached to each side of the archway, held arrangements of pink silk roses. They were flanked on each side by candelabras holding white tapers and tied with pink bows. The bridal aisle was marked with pink bows.

Music was furnished by Mrs. Doug Stenberg of Plainview.

Escorted to the altar by her father, the bride wore a street length dress of pink brocade satin with gray accessories. A wreath of off-white silk flowers with streamers fell down the back of her hair.

Her bouquet was pink silk rosebuds encircled by gray lace outlined with streamers and love knots.

Her wedding dress was used for something new; something borrowed was a single string of pearls. A blue garter for something blue and pennies were worn in her shoe for the years the couple was born. The groom and his attendant wore white and gray tuxedos with pink rosebud boutonnieres.

Attending the bride as matron of honor was Darlene Sandifer of Lubbock. She wore a street length dress of gray dacron jersey with matching accessories. Her bouquet was of pink silk rosebuds.

### Friends discuss future projects

The Friends of the Library met October 1 in the Floyd County Library to discuss future projects and set goals for the upcoming year. The Friends will be sending a newsletter and conducting a membership drive. Watch for your newsletter and join the Friends of the Library in supporting the county library.

The next meeting will be Monday, November 4, at 5:00 p.m. in the Floyd County Library.

Randy Calahan of South Plains served the groom as best man. Preston Worley of Hereford and Rodney Worley of Jacksonville, Arkansas lit the candles and acted as ushers. They are brothers of the bride.

Other special guests were: Verline Worley, mother of the bride; Connie and Hansel Sanders, aunt and uncle of the groom; La Vern Worley of Hereford, grandmother of the bride; and Mr. and Mrs. G.E. Reves of Lockney, grandparents of the groom.

Following the ceremony a reception was held. Guests were registered by Penny Lloyd of Plainview.

The brides table was covered with a pink broadcloth table cover made exactly to fit the top and a deep ruffle that extended to floor length. This was made for the occasion by Mrs. Mark Sanders of Floydada. The table was laid with a three tiered wedding cake topped with wedding bells. Pink rosebuds flowed down the bells and on each layer of the cake. The bridal bouquet served as the centerpiece. Banana punch was served from a crystal punch service and gray napkins were used carrying out the bride's chosen colors of pink and gray.

The groom's cake was german chocolate and in the shape of a pair of boots. A silver coffee service was used to serve at the groom's table.

Parents of the couple are Verline Worley of Hereford and Dwain Worley of Jacksonville, Arkansas and the late Mr. and Mrs. Douglas Reves.

The bride graduated from Hereford High School in 1981 and is employed at the Golden Corral restaurant in Plainview. The groom graduated from Floydada High School in 1975 and from West Texas State University in 1980, with a degree in Plant Science. He is employed by Central Plains Health Agency of Plainview.

The couple left for a honeymoon in New Mexico. They will live in Plainview.

Mr. and Mrs. Floyd Murry

## Anniversary reception will honor Floyd Murrys

The children of Floyd and Marie Murry of Canadian will honor their parents at a 50th wedding anniversary reception on Saturday, October 19. The reception will be held in the Fellowship Hall of the First United Methodist Church from two to four in the afternoon.

Floyd Murry and Marie Mitchell were married in a double wedding ceremony with Floyd's twin brother, Lloyd, and Kay Smith in Floydada on October 19, 1935. The wedding was held in the home of W.H. and Rebecca Smith, with J.J. Day, grandfather of the bridegrooms, officiating.

Floyd has coached in the Panhandle area most of his life, at Perryton, Canyon, Floydada and Plainview. He came to Canadian in 1971 as High School counselor, retiring in 1979.

The couple's children are Dr. and Mrs. Mitchell Murry of Canadian, Mr. and Mrs. E.W. Holland of Pampa, Mr. and Mrs. Gary Autry of Canadian and Mr. and Mrs. Al Rupperecht of Amarillo.

The reception hosts invite their friends to share the special occasion with Floyd and Marie. They request, "No gifts, please."

Grandchildren of the couple are Tammy Murry of Wyoming, David Murry of Amarillo, Becci Holland of Pampa, Ami Rupperecht and Micah Rupperecht of Amarillo, Toni Rena of Canyon and Jimmy Autry and Johnny Autry of Canadian. There are also two great-grandchildren, Brendon and Michael Rena of Canyon.

## Moss home hosts '34 Club

The 1934 Study Club enjoyed an evening in the home of Jettie Moss with Jo Y'Blood as co-hostess.

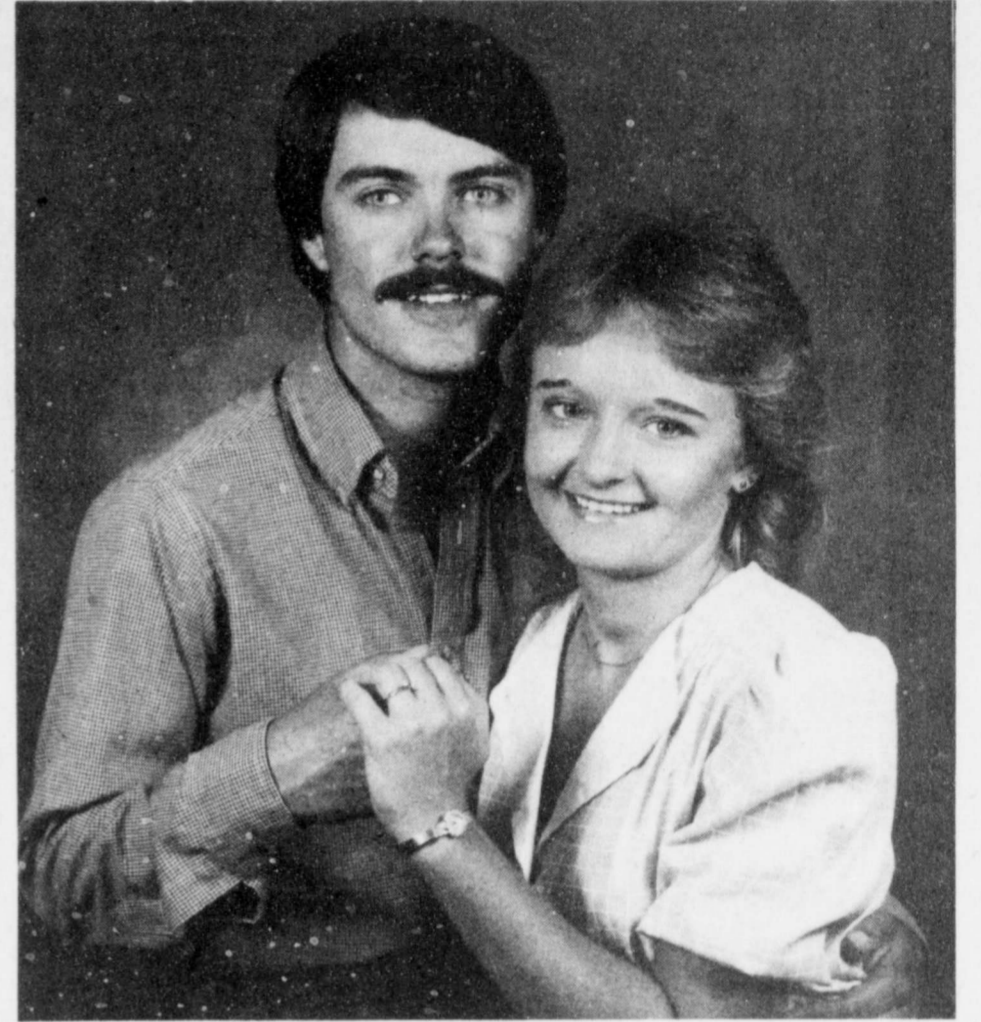

President Flora McNeill conducted the business meeting and welcomed guests and members.

Wanda Turner introduced the program and guest speaker, Mrs. Nelda Howard, who gave a very interesting demonstration on "Changing Colors." Choosing Margarette Word as a model, she gave a color analysis for clothes as well as makeup.

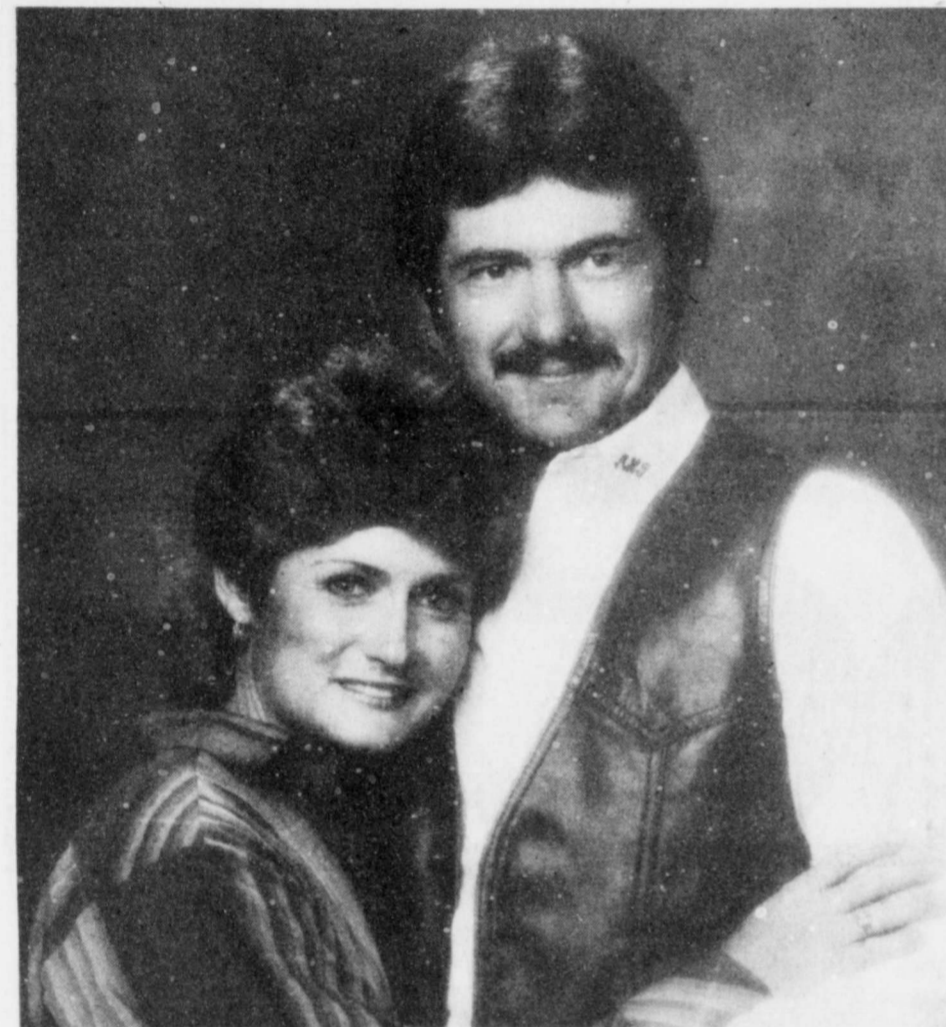

She said that knowing the color best

for you makes a person feel and look their best. You will be more color conscious and save money by not buying something that does not blend with your complexion.

Refreshments were served by the hostess to Elizabeth Armstrong, Betsy Dempsey, May Emert, Effie Foster, Kay Hale, Helene Holt, Evelyn Latta, Flora McNeill, Margaret Springer, Wanda Turner, Margaret Word, Jo Y'Blood, Jo Switzer, Ruth Trapp, Mildred Wylie and Nelda Howard.

**HILL AND KINARD ENGAGED**—Mr. and Mrs. Earl Hill of Lockney wish to announce the engagement and forthcoming marriage of their daughter, Terri Rene Hill to Edwin Roy Kinard, son of Roy and Sharon Kinard of Lockney. Miss Hill is a 1985 graduate of Salem High School, Salem, Arkansas, and is employed at the Dairy Queen in Lockney. Kinard is a 1982 graduate of Lockney High School. He is engaged in farming in Lockney. The couple will be married in Lockney on November 23 at the Main Street Church of Christ. They will reside in Amarillo.

**COUPLE ENGAGED**—Rex and Wanda Davey of Plainview would like to announce the engagement of their daughter, Penny Ralston to Bud Taylor of Floydada. He is the son of Junior and Martha Taylor. The bride-elect is a 1975 graduate of Plainview High School. Taylor is a 1976 graduate of Floydada High School and a 1978 graduate of South Plains College. The couple plan to marry on October 17 at the First Assembly of God Church in Plainview. Photo by R Photography

## Citizenship program given

The Buffalo Grass Chapter, Daughters of the American Revolution met October 1 in the community room of First National Bank. Fourteen members and three visitors were present.

Janis Julian, vice regent, presided over this meeting. After the ritual opening, a memorial for Anne Swebston was read by Loretta Denning.

The message from the President General was read from the current DAR

magazine after which Susan Dunavant presented the program on "Citizenship." She cited the responsibilities of citizens to their country, that everyone should be aware of the problems of government and have a willingness to work for the betterment of our country. This, she stated, all begins with the private citizen and on a local level. The Preamble to the Constitution was read by all present.

During the business session, Susan Dunavant was elected Regent to fill the remaining term of Anne Swebston.

Hostesses Jeanette Wilson, Venoy Sanders and Margaret Wheeler served refreshments to: visitors, Nailene Bowden, Grace Zabelaski and June Sherman; and members, Eugenia Bethard, Ozena Norris, Susan Dunavant, Emma Lou Whitaker, Janis Julian, Ona Ruth Neff, Nancy Marble, Mamie Yeates, Gladys Jones, Sherry Colston and Loretta Denning.

The next meeting will be Tuesday, October 22, at Lighthouse Electric. Jim Word will speak on "The Flag of the U.S." and Mrs. Nancy Marble will present a paper on "Means of Conservation."

Nancy Marble and Mary Lou Bollman will be hostesses for this meeting.

## Alpha Sigma meets

Alpha Sigma Upsilon met at Lighthouse Electric at 7:00 p.m. October 1. President Vikki Yeary called the meeting to order and opening rituals were repeated.

Roll was called and minutes of the previous meeting were read and approved. The treasurer's report was given and all bills were paid.

There was no further business and the meeting was adjourned. Everyone repeated closing rituals and mizpah.

Everyone enjoyed a salad supper for guests. Those attending were Vikki Yeary, Sheryl Derryberry, Neva West, Barbara Edwards, Ginger Warren, Karen Elliott, Sheri Turnbow, Rhonda Guthrie, Janice Potect, Jan Nichols, Alice Ogden, and guests, Kathy Himes, Drew Ann Welborn, Mary Ann Kelly, Debra Bailey and Carla Fortenberry.

## Floyd and Hale County water committees meet

On September 24, the Floyd and Hale County Committees of the High Plains Underground Water Conservation District met in a dinner meeting to discuss the upcoming January election, changes that are necessary in the election procedures to comply with House Bill 332, and other matters of interest to the committeemen. Currently, Floyd County residents are represented on the county committee by: John Lee Carthel and Charles W. Huffman, both of Lockney; and Cecil Jackson, D.R. Sanders and Kenneth Willis, all of Floydada.

During the meeting, staff members informed the committeemen that in order to comply with legislation passed during the last legislative session, changes would need to be made in the years in which the committeemen were elected. In its action, the board stated that the purpose of these changes was to re-establish staggered and overlapping terms of office for committeemen.

The staff explained that on August 5,

the District Board of Directors approved an amendment to Rule 4, which modifies current election policies. This rule states that beginning in 1986, each county shall elect committeemen only in years when District Directors are chosen for the precinct in which the county lies. The amendment to this rule states that counties in Precincts No. 3 and No. 4 will elect committeemen in Presidential Election years beginning with 1988, and that counties in Precincts No. 1, No. 2 and No. 5, will elect committeemen in the even-numbered years between Presidential election years beginning in 1986.

Additionally, the staff discussed the up-coming general election on November 5 and information concerning the passage of Constitutional Amendments No. 1 and No. 2. Staff activities related to supporting the passage of these amendments as well as other programs and activities of the District were also on the agenda.

## Combination of factors is responsible for farm woes

A combination of national economic policies, farm management decisions and farm legislation have caused most farm failures, according to Texas Tech University agricultural economist Dean W. Hughes.

"If farm failures today were simply the result of poor management, then the effects of continued stress on that sector of the economy would be minimal and might even help the industry," Hughes said. "But if good managers are being forced out of agriculture because of public policies, the effects are substantially different."

Hughes said fiscal and monetary policies of recent years have generated prices and interest rates that have decreased economic returns in capital intensive and export sensitive industries such as farming.

Hughes has conducted research on the effects of sustained financial stress on the financial structure and performance of the farm sector with James W. Richardson and M. Edward Rister, professors in the Department of Agricultural Economics and the Agricultural and Food Policy Center, Texas Agricultural Experiment Station.

But, not all farm problems can be blamed on government policies, he said, because many farmers have contributed to their own financial problems by overextending themselves during the 1970s when land and credit were easily attainable.

"Some farmers overcommitted themselves because they assumed favorable economic conditions would remain stable. They didn't," he said.

Hughes said federal policies changed in the late 1970s. Beginning in 1979 the Federal Reserve Board placed heavy restraints on growth in money and credit and that has hurt farmers, he said. Since 1982, those policies have been relaxed somewhat, but the federal government's continued high budget deficit has kept real interest and

exchange rates high, he said. Farm policy is heavily affected by the other federal economic policies, Hughes said. There is currently considerable discussion on whether to continue the present farm program or move to a more market-oriented policy, he said.

The effects of either type of farm legislation depends greatly upon the fiscal policies the government adopts in the next few years, Hughes said.

Under current farm policy, stronger money growth coupled with continued high deficits will result in an average annual net farm income decrease of from 13 to 71 percent, depending on the type of farm, he said. A representative Texas cotton farm would experience a net cash income loss of about \$19,000, Hughes said.

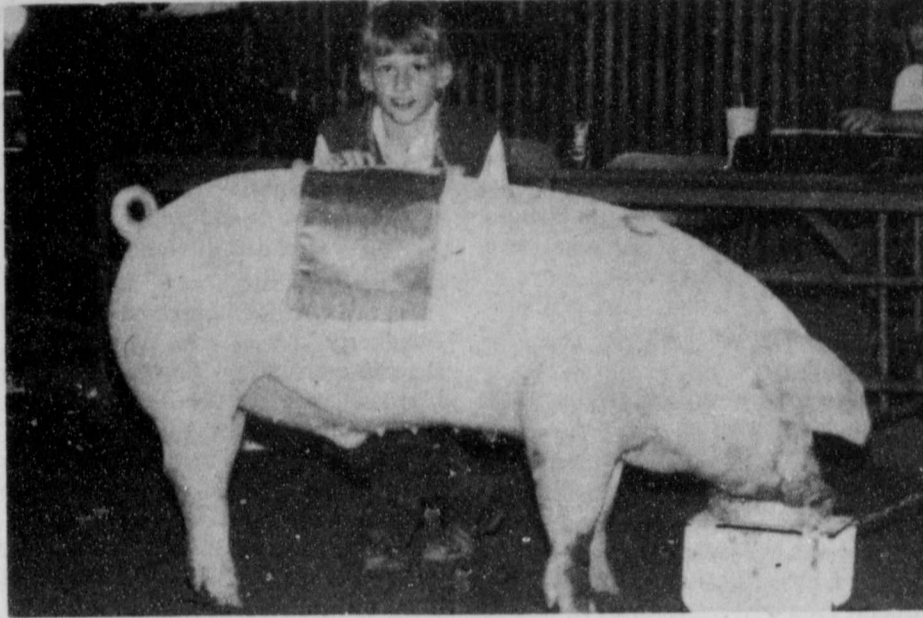

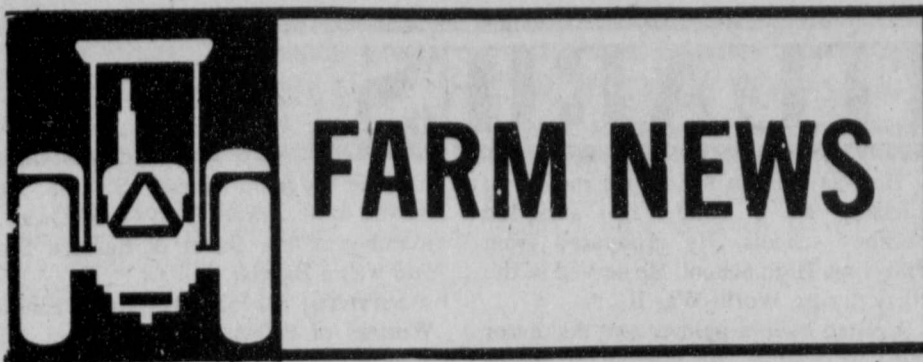

In Hughes opinion, the best policy for either the current farm policy or a market-oriented program would be a move to a low deficit and moderate money growth. This type of policy would result in an average increase of annual net farm income from 3 to 28 percent for all producers, Hughes said.

Hughes said while the current farm economic problems are important, many wonder if they are sufficient to justify public action or outcry.

"While no one can completely disregard the human suffering represented by a farm failure one has to ask if that suffering is greater than that of a nonfarm family business failure," he said. "Why should the public care more about financial stress in farming?"

The answer, according to Hughes, is complex because when a farm fails, many others outside the farm sector are affected.

While it is unlikely there will be a point where asset values suddenly reach zero and production of any commodity stops, there could be a point when production levels will decline meaning higher prices or a dependence on imports, Hughes said.

## 1985 Farm Bill amended

Without any objection from the House of Representatives, Texas Congressman Beau Boulter (R-13) amended the 1985 Farm Bill. Boulter's amendment requires the Secretary of Agriculture to announce the annual wheat program on May 1 rather than the current July 1 announcement date.

"It was a simple amendment that will be a tremendous help to our wheat farmers", Boulter said. "By having the USDA announce the program earlier, this amendment will make it easier for Texas wheat farmers to plan the next year's crop."

"It was a simple amendment that will be a tremendous help to our wheat farmers", Boulter said. "By having the USDA announce the program earlier, this amendment will make it easier for Texas wheat farmers to plan the next year's crop."

Speaking on the floor of the House of Representatives, Boulter noted that because Texas wheat farmers have "25% of the wheat harvested by June 1, and 75% by July 1", the current announcement date was clearly too late.

"Many farmers", Boulter continued, "follow the combine with a plow, getting the fields ready for the next crop as soon as the current crop is harvested. They

need to know, when that crop is being harvested, what the next year's program will be. My amendment will get that information to them while they can make good use of it."

Boulter's amendment was considered during debate of the Wheat and Feed Grains title of the Farm Bill. It was voted on by a voice vote, with no objections being heard on the floor of the House.

"Needless to say, I'm proud of the amendment", Boulter said. "I am proud of anything I can do that will help our farmers make the kinds of prudent business decisions they need to make."

Boulter, whose amendment had the support of the National Association of Wheat Growers, the Texas Farm Bureau, the American Farm Bureau Federation, the American Agriculture Movement, and the National Farmers Union, said he was pleased by the wide support among his colleagues. "It shows that we are getting through, and that the voice of the farmer is being heard in Washington", Boulter said.

The debate on the Farm Bill is expected to be concluded by the end of the week. Boulter said that he was hopeful it would be a package that "provides help to our farmers as we begin making the transition toward a market economy."

## Cool snap may cause cotton desiccation

Cotton farmers across the High Plains may be in for a shock in the next few days as a result of the unique weather patterns September 13-16, cautions a plant pathologist with the Texas Agricultural Extension Service.

A sudden warmup following several days of cool, moist, overcast weather may cause cotton leaves to turn red and dry out, said Dr. Robert Berry, the plant pathologist. It could precipitate a significant loss in yield, he added.

"Conditions are almost identical to an occurrence here in September, 1975," Berry said. Then, as this month, an unusual cold spell of several days was accompanied by cloudy skies, showers followed by light rain and drizzle, fog and humidity levels above 90 per cent. In the incident a decade ago, sharp drop in temperatures occurred the first day. A rapid warmup began after noon on the fifth day, and continued for several more days before stabilizing. Solar radiation was greatly reduced—reaching only 19 per cent of its possible amount—during the cool period.

"In 1975, a pronounced leaf discoloration and desiccation, similar to that normally caused by frost, became evident on the affected fields by the second day of the warmup," Berry recalled.

The appearance of affected plants was similar to those defoliated by harvest-aid chemicals or Verticillium wilt, but regrowth occurred more quickly and was more abundant on the physiologically defoliated plants, the pathologist said. "Leaf desiccation occurred in a very short time and there were no typical leaf vascular discolorations as would be seen with Verticillium wilt," Berry said.

Berry said it is believed the leaf abnormalities were caused by transpiration demands exceeding the uptake of water by cotton roots in cool but relatively dry soils. A review of crop moisture history and weather conditions for that period showed that temperatures were high and soils were relatively dry in August and early September; many cotton fields were moisture stressed. The four days of cool, cloudy

weather reduced the plants' photosynthetic activity to a minimum, and plant sugar levels probably were low.

The sudden warmup and increase in light intensity probably resulted in an equally sudden increase in transpiration, the pathologist said. But soil moisture and temperature were still below optimum for root activity and water uptake, so insufficient water was available to meet the plants' need for transpiration, causing leaf tissue to die and subsequently drop from the plants.

Conditions of the 1985 season have followed very similar patterns except that the crop is more mature this year. The physiological defoliation may not occur this year, but cotton farmers will be able to better understand the cause if it comes, the Extension specialist said.

Berry said there isn't anything farmers can do to counteract the problem, but if desiccation and defoliation of cotton leaves occur quickly following a warmup, producers can blame it on the weather which started on Friday the 13th.

The Cotton Board charged with administering Cotton Incorporated's research and promotion program has accepted and sent to the Secretary of Agriculture for approval an \$18.5 million budget for 1986, up just over two percent from the \$18.1 million budget in 1985.

The budget, funded by a voluntary producer assessment of \$1 per bale plus six-tenths of one percent of bale value, was adopted at the Board's 19th annual meeting September 23 and 24 at South Padre Island, Texas. Although the Cotton Board has only 19 cotton grower members and 19 alternates, the meeting was attended by over 100 producers and industry leaders.

Board members from the High Plains are Ray Joe Riley of Hart, a past president of Plain Cotton Growers, Inc., and S.M. True of Plainview, president of the Texas Farm Bureau. Another Texan, Tommy Funk of Harlingen was named chairman of the Cotton Board at the Padre Island meeting. Funk succeeds Glen Stevens of Fresno, California.

For 1986, 65 percent of the budget, \$12.03 million, will be directed toward U.S. promotion and overseas technical assistance to mills that buy U.S. cotton,

with 26 percent or \$4.31 million going for research. This compares to Cotton Incorporated's 1985 budget which allocated 60 percent and 28 percent, respectively, for comparable activities.

The shift in emphasis reflects continuing efforts to control costs, a realignment of operations and a reallocation of limited resources into research and promotion areas which offer the greatest opportunities, Stevens said.

CI is trying "to match grower needs and priorities," he continued, explaining that an expansion of market development is needed "to help move this huge crop through to the consumer."

Stressing that cotton continues to enjoy strong consumer demand, CI President Bob Boslet said cotton's market share of all fibers excluding carpets totals 41 percent in the first six months of 1985 compared to 40 percent in 1984, 39 percent in 1983, and only 34 percent 10 years ago in 1975.

"This budget will allow us to move ahead with our highly successful research and promotion projects and will help keep cotton's gains on target," Boslet stated.

## Whirlwind Sams visit Colorado

The Floydada Whirlwind Sams departed Floydada September 27 on their way to Vallecito, Colorado, where they stayed a week at the Blue Spruce, managed by H. and Loene Nelson, former Floydada residents. Members taking this trip under the direction of J.W. and Betty Gilbreath, Wagonmasters, were: Mr. and Mrs. Floyd Lawson, Mac McElyea, Fred Thaxton, Milton Harrison, Boone Adams, Paul Westbrook, Alan Benson, Kenneth Willis, W.B. Cates, John Cockrell, Claude Weathersbee and George Miller. Due to an emergency message regarding the illness of his father, the McElyeas left shortly after arrival.

A Sunday morning devotional was given by Paul Westbrook. Guests for the devotional and potluck dinner were Mr. and Mrs. Gene Hilton of Denver, Colorado, and Dr. and Mrs. Andrew McCulley of Floydada, with the Nelsons joining the group for the potluck dinner.

Members enjoyed games and fellowship throughout the week, with side trips planned each day. Some rode the train to Silverton, drove to Mesa Verde to observe the ancient Indian dwellings, drove to Silverton, Telluride and Ouray, enjoying fall colors, and took a two day trip to Moab, Utah. Several members reported seeing the writer, Louis L'Amour, on a trip into Durango. Some stayed a few days longer at Vallecito, while others drove to Albuquerque, New Mexico to the Hot Air Balloon Festival to join spectators and campers view six hundred hot air balloons ascend over a two hour period.

## '29 study club discuss care

Mrs. Nettie Adams was hostess to the 1929 Study Club on October 3. Roll call was answered with "A Home Remedy."

Mrs. Donna Staus presented the program explaining the Caprock Hospital District Home Care services. This service, covering eight counties, consists of nursing care given to patients who need further care after being dismissed from a hospital. This care is provided at the request of a doctor. Lou Ann Brittain, R.N., who is in charge of the service, accompanied Mrs. Staus. The two women took the blood pressure of all members present at the meeting.

A business meeting conducted by Mrs. Williams followed the program. Minutes of the last meeting were read and approved. It was decided to give a memorial to the Anne Swebston English student scholarship fund.

A letter was also read from the Vernon State Hospital about gift suggestions for Christmas. Gifts are to be collected at the next meeting.

Refreshments were served to Carrie Cline, Beulah Denison, Cleo Goins, Vada Meredith, Eula Parrack, Mary Smith, Lou Ann Brittain, Donna Staus and Joyce Williams. Emma Lou Whitaker assisted Mrs. Adams in the hostess duties.

...and this is the kind of thanks I get

Air conditioning and heating contractors are making a lot of friends by recommending a heat pump. People who take their advice appreciate the heat pumps economy, comfort, and cleanliness. And, considering the heat pump's long life and low maintenance, the contractor's and the customer's friendship will be a lasting one.
