AT THIS POINT in time, it is difficult to tell whether the national truckers' strike will affect our area, or even if any truckers located in this area are participating in the strike.

Remarks on Monday by wholesalers in Amarillo predicted that our area would be virtually unaffected, especially in regard to fresh fruits and vegetables and groceries of all kinds.

Early in the week, the only thing that appeared to be affecting delivery trucks was the inclement weather, but the trucks were doing their best to make their rounds.

The striking truckers are protesting the increase of federal and state highway use taxes, which will go up by ten times in some cases, along with the proposed five-cent per gallon increase in gasoline taxes and a new tax on tires.

The proposed increases could virtually put a number of truckers out of business, it is argued. However, some leading truckers in this area say they feel the money going into (or lost by) the truckers' strike might be put to better use.

The area leaders say that truckers should call or write their state and national leaders and protest the increased taxes, and that this would be a more effective means of seeking aid, rather than the strike, which has been accompanied by violence in some areas.

Hopefully, the truckers will receive some help from congress in repealing at least a part of the proposed tax increase, which would also affect many farmers in our area who operate trucks, tandems or anything using rubber tires.

WHAT IN THE WORLD is going on, in regard to the weather??? As of Friday of the current week, Friona has recorded over 36 inches of snow this winter.

This may not be a record, but as the old saying goes, "It's a pretty darned good average."

And if the Old Farmer's Almanac turns out to be right, we "Ain't Seen Nuthin' yet!" The almanac says we'll get another 30 inches of snow in February. Skeptics can take note that the snows of this week amount to ten inches on that "goal," so we're well along in that regard.

If we had only known, and had've stocked in snow shovels, we could've been rich—but that's the way it always is—hindsight is better than foresight.

Warm weather fans take heart! It's only 145 days until July. And by then we'll probably be complaining about how hot and dry it is.

## Chili Meal Slated Here

A chili supper has been scheduled for Friday, February 11, prior to the Friona-Dimmitt basketball games at the high school cafeteria.

Serving will be conducted from 5-7:30 p.m.

Admission will be \$3.50 for adults and \$2.50 for students. Included in the meal price will be homemade pie and drinks. Tickets are available at the door.

The games afford local fans the chance to see the defending state champion Bobcats, unbeaten this year as well (25-0 as of this week); and the Squaws-Bobbies game, which Friona won at Dimmitt in double overtime.

## Snow Wipes Out Games

Last Tuesday's district basketball games against Tulia, which were cancelled due to snow and bad roads, were re-scheduled for Saturday here with JV games beginning at 5 p.m. and varsity games at 6:30.

As of press time this week, however, the weather was again threatening Friday's games as well as the make-up games. Friona was to have visited Muleshoe Friday night.

**CHAMP BARROW....**Beth Johnson, Friona 4-H member, exhibited the Grand Champion Barrow at the 1983 Parmer County Jr. Livestock Show Thursday. Miss Johnson won the title with her heavyweight Hampshire. It was the eighth time for a Hampshire barrow to win the title, a new show record.

**CHAMPION STEER....**The Grand Champion Steer for the 1983 Parmer County Jr. Livestock Show was entered by Corrie Lundy, far right. Helping Corrie get the steer set up for its picture are Leroy, Jeff and Louise Lundy, and Jimmy Walker, who judged the steers at Friday's show.

## Snow Blamed In Three Fatalities

Another winter storm struck the Friona area this week, dumping six to seven inches of snow.

However, the big factor with the snow of Tuesday, February 1 was the fact that a gusty north wind caused drifts of up to several feet in places. This was the worst example of drifting from the snows of this winter, causing the storm to be near blizzard in nature.

A total of seven inches of snow was registered in Friona on Tuesday, February 1, and another three inches had fallen as of 7 a.m. Friday, February 4.

The week's snow had melted down to a moisture content of .69 inch, according to Rodney Dunnam, official weather recorder. Friona's low temperature was 18 degrees Friday morning.

School was dismissed in Friona on Tuesday due to the snow and bad roads and again on Friday. When school was in session, buses were confined to the highway. "As wet as it is getting, it may be some time before the buses can get back on the dirt roads," said Superintendent of Schools Tom Jarboe.

The storm was blamed for three deaths in Parmer County, and spawned a number of highway accidents.

Killed in an accident late Monday afternoon were Rose Rodriguez, 30, and her two sons, Armando, five, and Rodolfo, nine months old. Raymundo Rodriguez, the driver, was hospitalized with injuries at the

Clovis High Plains Hospital, along with another son, Alvaro, three.

DPS officials said that the Rodriguez family's automobile was travelling west on U.S. Highway 60 when the driver lost control. The vehicle turned sidewise and was hit broadside by an automobile driven by Charles R. Bronaugh, 58, of Muskogee, Oklahoma.

The accident happened near the intersection of U.S. 60 and FM 292 just east of Farwell. Bronaugh sustained a broken nose and facial lacerations. He was kept overnight at the Clovis hospital.

In another weather-related accident, Edwin A. Womack, Jr., of Deming, N.M. was slightly injured when his 1979 Freightliner cabover went off the road on U.S. 60 about 4.6 miles northeast of Bovina Monday night, after hitting a slick spot.

## School Sets Make-Up Day

Superintendent of Schools Tom Jarboe said this week that although no long-term plans had been made to make up lost days of school, that one in-service day had been cancelled due to recent bad weather.

Monday, February 14 had been scheduled as a holiday for students and in-service for teachers. This has been cancelled as such, and will be a regular school day.

## Friona 4-H, FFA Youths Dominate Jr. Stock Show

Friona 4-H Club and FFA youngsters won three of four of the major titles at the 36th annual Parmer County Junior Livestock Show, which was completed Friday in spite of 12 inches of snow which fell on the Friona area during the week.

Corrie Lundy won the Grand Champion Steer honors to conclude the judging Friday. Her entry was a 1350-pound Maine-Anjou cross, which won the jumbo class in the steer division.

Miss Lundy is a member of Friona FFA. Her brother Jeff had exhibited the Grand Champion Steer at the show in 1982. It was the 18th steer title for Friona exhibitors in the annual show.

Roddy Berend exhibited the Grand Champion Heifer, a 648-pound Limousin which won the lightweight division of the heifer show. Berend is a member of Friona FFA.

Berend was a double winner, also having the Reserve Champion Steer, a 1277-pound Angus-Chianina which won the banner in the show's heavyweight division.

Jeff Lundy had the Reserve Champion Heifer, a Chinina which also won the heavyweight division of the heifer show.

Beth Johnson, a 13-year-old Friona 4-H Club member, exhibited the Grand Champion Barrow on Thursday, a 242-pound Hampshire.

Reserve Champion Barrow was

entered by Glenn Shirley, Friona 4-H Club member, with a crossbred barrow. The top two barrows and the Yorkshire breed champion, shown by Shannon Cochran, were all raised locally.

Miss Johnson's barrow had earlier won the breed championship of the Hampshire division. Her animal competed in the heavyweight class in the Hampshire division.

She becomes only the seventh Friona youngster to win the Barrow county title in 36 years, and first since 1978 when Joe Reeve's Duroc won the honors.

The win was the ninth since 1948 for a Hampshire breed, giving that breed the lead by one over Durocs, who have been tapped eight times. Crossbred barrows have won seven titles.

Reserve barrow champion honors were won by Glenn Shirley, another Friona 4-H youngster. Shirley's barrow was a crossbreed.

Friona 4-H Club youngsters won the lion's share of honors in the 1983 county show, taking six of the eight trophies awarded. A Friona FFA entrant won one of the other two banners.

Other breed champions were exhibited by Chad Rhodes, Berkshire; Thomas Merritt (Friona FFA), Chester White; Jennifer Cass, Spots and Polands; Shannon Cochran, Yorkshires. All but Merritt are members of Friona 4-H Club.

The other breed champion was exhibited by Danna Ralston, Farwell 4-H Club member, in the Duroc division. Miss Ralston had the Grand

## 1983 First Baby Latest On Record

For 31 years, there had always been a "New Year's Baby" born at Parmer County Community Hospital within the first 15 days of January.

This record came to a halt with the 1983 baby, which did not make her appearance until the final day of the month—January 31.

A check of the records reveals that prior to 1983, in the 31 years for which records are available, the first baby of the new calendar year had been born within the first week—in fact within the first five days—in 25 of those years.

In the seven other years, the year's first baby had been born during the

second week of the year (January 8-15) each time.

Up until this year, the latest first baby on record was in 1972, when Clifford Webber was born January 9. (Alan Faulkner was listed as the first "Friona" baby in 1968, born January 12; Holly Tatum on January 11, 1979, and Ben Neelley on January 10, 1967, but in each case a baby whose parents lived outside Parmer County had been born prior to January 10).

So technically, the 1983 "first baby" arrived 22 days later than any previous January on record at the hospital.

**GOSPEL TRIO....**A gospel trio of Sammy Fuentes, Charlie Brown and Country Roland, Jr., will be in concert Wednesday, February 9, at 7 p.m. in the Templo Bautista Church of Friona. Fuentes, a radio and T.V. evangelist, gospel singer and composer, has sung and lead crusades in seven different countries. Charlie Brown, singer, musician and composer is from Mexico City. ### 55 YEARS AGO--FEB. 3, 1928

Quite a number of our people representing the musical talent of our town, journeyed to Amarillo Friday afternoon, where they broadcasted a musical program from Station WDAG. (Editor's note: This station was the forerunner of KGNC.) Among the number were Mr. and Mrs. T.J. Crawford and daughters, Mary Katheryn, Helen and Dorothy, Miss Virginia Lillard, Miss Harris, Prof. J.A. Conway, Prof. Armstrong and Miss McCary of the local faculty.

### 45 YEARS AGO--FEB. 4, 1938

"Smoky" Price reports that he has finally been prevailed upon to part with Artesia, his 11-gallon-a-day milk cow. Smoky has long claimed that she was the champion milk producing cow in this country, and as an indication of this claim, he narrates the fact that one time she fell into a large and deep well, from which it looked impossible to lift her. Undismayed, Mr. Price descended into the well, attached a life-preserver to Artesia, and began milking her, and soon had her safely floated to the top of the well and on solid ground again.

### 40 YEARS AGO--JAN. 29, 1943

In a low-scoring game Friday night, the Friona Squaws outscored the Lazbuddie girls, 13-7. High point player for Lazbuddie was Rink, with three points. The Squaws' high-point player was Massie with 11 points. McFarland also scored high for the Squaws. The Chiefs also downed the Lazbuddie Longhorns by a score of 33-25. High-point man for Lazbuddie was Barnes with 10. Treider, Friona's star forward, had 17 points.

### 35 YEARS AGO--JAN. 30, 1948

Tim Magness, first saxophone player in the Friona Band, is the band's newly elected president and assistant director. Vice president and assistant directors are Betty Louise McLellan, trombonist, and Alta Mae Wilkins, French horn player. Secretary-treasurer and reporter is

Joyce Ann Miller.

### 30 YEARS AGO--JAN. 29, 1953

The Friona diversified agriculture area has again scored a first--with a potato processing plant under construction here this week. The facilities afforded by this shed will expedite potato growing locally, observers believe, ushering into the area a relatively new crop for this county, but one that has been successful in Deaf Smith County.

### 25 YEARS AGO--JAN. 30, 1958

David T. McReynolds joins the staff of The Friona Star next week in the capacity of editor and advertising manager. He succeeds Leland Boyd, who is moving to Bovina to become publisher of the newspaper there.

About 30 persons were added to the temporary population of Friona this week. A construction crew that will lay about 23 miles of natural gas line moved into town, and more are to come, according to the foreman of the crew, L.L. Stewart of Pampa. The change will be made along the highway from Friona to six miles north of Muleshoe.

### 20 YEARS AGO--JAN. 31, 1963

Parmer County law enforcement officers apprehended a 20-year-old man Sunday in Muleshoe who confessed nine break-ins in Parmer County recently, the latest being at Lazbuddie Saturday night. Barton Fish, who has been living at Hub, was arrested in Muleshoe after attempting to cash in dimes which supposedly were taken from the Treider '66' Station in a break-in early Sunday morning. Fish admitted the Treider break-in, as well as one at Neel's Grocery at Hub, the West Hub Gin, and six break-ins in Bovina.

### 15 YEARS AGO--JAN. 25, 1968

Rare January showers during the past week gave Friona area farmland its best soaking since late last summer, and gave the area its best January moisture in several years. Gentle, soaking showers which had

residents trying to remember when they had seen that type of moisture this time of year, fell most of Saturday, Sunday and Monday. The three-day total as measured by the City of Friona came out to 1.33 inches, although many farmers in the outlying area apparently got up to two inches of the beneficial moisture.

### 10 YEARS AGO--FEB. 1, 1973

Around 10,000,000 pounds of cotton burrs went up in smoke last weekend at the PACO Feed Yard near Hub. High winds compounded the job of extinguishing the burrs, and in the end were responsible for the loss of most of the company's burr supply.

Rex Minshew and Sharon Smith were honored as Basketball King and Queen at Friona High School in a presentation between games here last Friday. They are senior members of the Chieftain and Squaw teams.

### 5 YEARS AGO--FEB. 12, 1978

Lawrence Fithen and Cindy Smiley were honored this week as Basketball King and Queen at Friona High School.

The 31st annual Parmer County Junior Livestock Show will be held next Thursday through Saturday, February 16-18, at the Parmer County Community Center-Showbarn.

The sign-up and playday will be re-scheduled at a later date.

Surprisingly, a puddle under your car can be a good sign. If you have air conditioning, you should see a puddle of clear water under your car on warm days. If not, your air conditioner may not be dehumidifying the inside of the car properly.

Most of the time, however, a puddle can mean trouble. The experts who wrote the Reader's Digest Complete Car Care Manual suggest you learn what else can drip from your car. Clear, green or yellow fluid with a faint, sweet odor could be antifreeze. Reddish light oil could be automatic transmission fluid or diesel fuel, depending on odor. Clear, slightly oily liquid with a distinctive odor could be brake fluid. Dark colored, light oil could be shock absorber fluid. Black, brown or tan, heavy oil could be gear oil.

Gases can leak from your car, too. A muttering sound and a distinctive odor in the car could mean an exhaust gas leak. It's dangerous to breathe the exhaust gas. Get out of your car as soon as you can. Almost any leak is a good sign it's time to fix the car. You can learn a lot about dealing with leaks from the Reader's Digest manual. It makes a great gift, too. Available at your bookstore.

# Teams Drop Pair Of Games At Abernathy

Friona High School basketball teams lost a pair of district games to tough Abernathy teams last Friday at Abernathy.

The Squaws, beginning the second half of district play, dropped a 62-47 decision in a game that was much closer than the final score indicated. The Chieftains dropped their game to state-ranked Abernathy, 84-50.

The girls game was a close game for three quarters, before the hometown Lady Lopes, district runners-up the first half, staged a fourth-quarter rally.

The game started off a bit slow in the scoring department. Each of the Squaw starters scored one basket in the first quarter. Cara Brockman's goal late in the quarter gave Friona its first lead, 10-9. But Abernathy countered with a basket before the buzzer for an 11-10 first quarter lead.

Sherry O'Brian had a good scoring quarter in the second period, but unfortunately for Friona, only one other player scored as much as two points. That was Wennetter Jackson, whose basket tied the score at 16-all midway through the quarter. This was to be the last time Friona was even in the game.

Baskets by Miss O'Brian kept Friona close at 14-15, 18-19, and 22-23. Abernathy countered each time, including again before halftime for a three-point edge at intermission, 25-22.

Reserve post-forward Amanda Perez came on in the second half for some timely baskets. She scored her first goal midway through the third quarter to pull Friona to within a point at 31-30, and repeated a minute later for a 33-32 score. Abernathy held a 37-34 lead at the end of

the quarter.

Miss O'Brian received her fourth foul to begin the final quarter, and had to slow her pace somewhat.

Abernathy outscored the Squaws, 11-2 in the first 2:30 of the final quarter to open up a 48-36 lead. Although O'Brian and Perez scored baskets to cut the margin to 48-39, Abernathy kept up the scoring barrage.

Miss O'Brian paced Friona with 19 points, Miss Brockman scored ten and Miss Perez added nine.

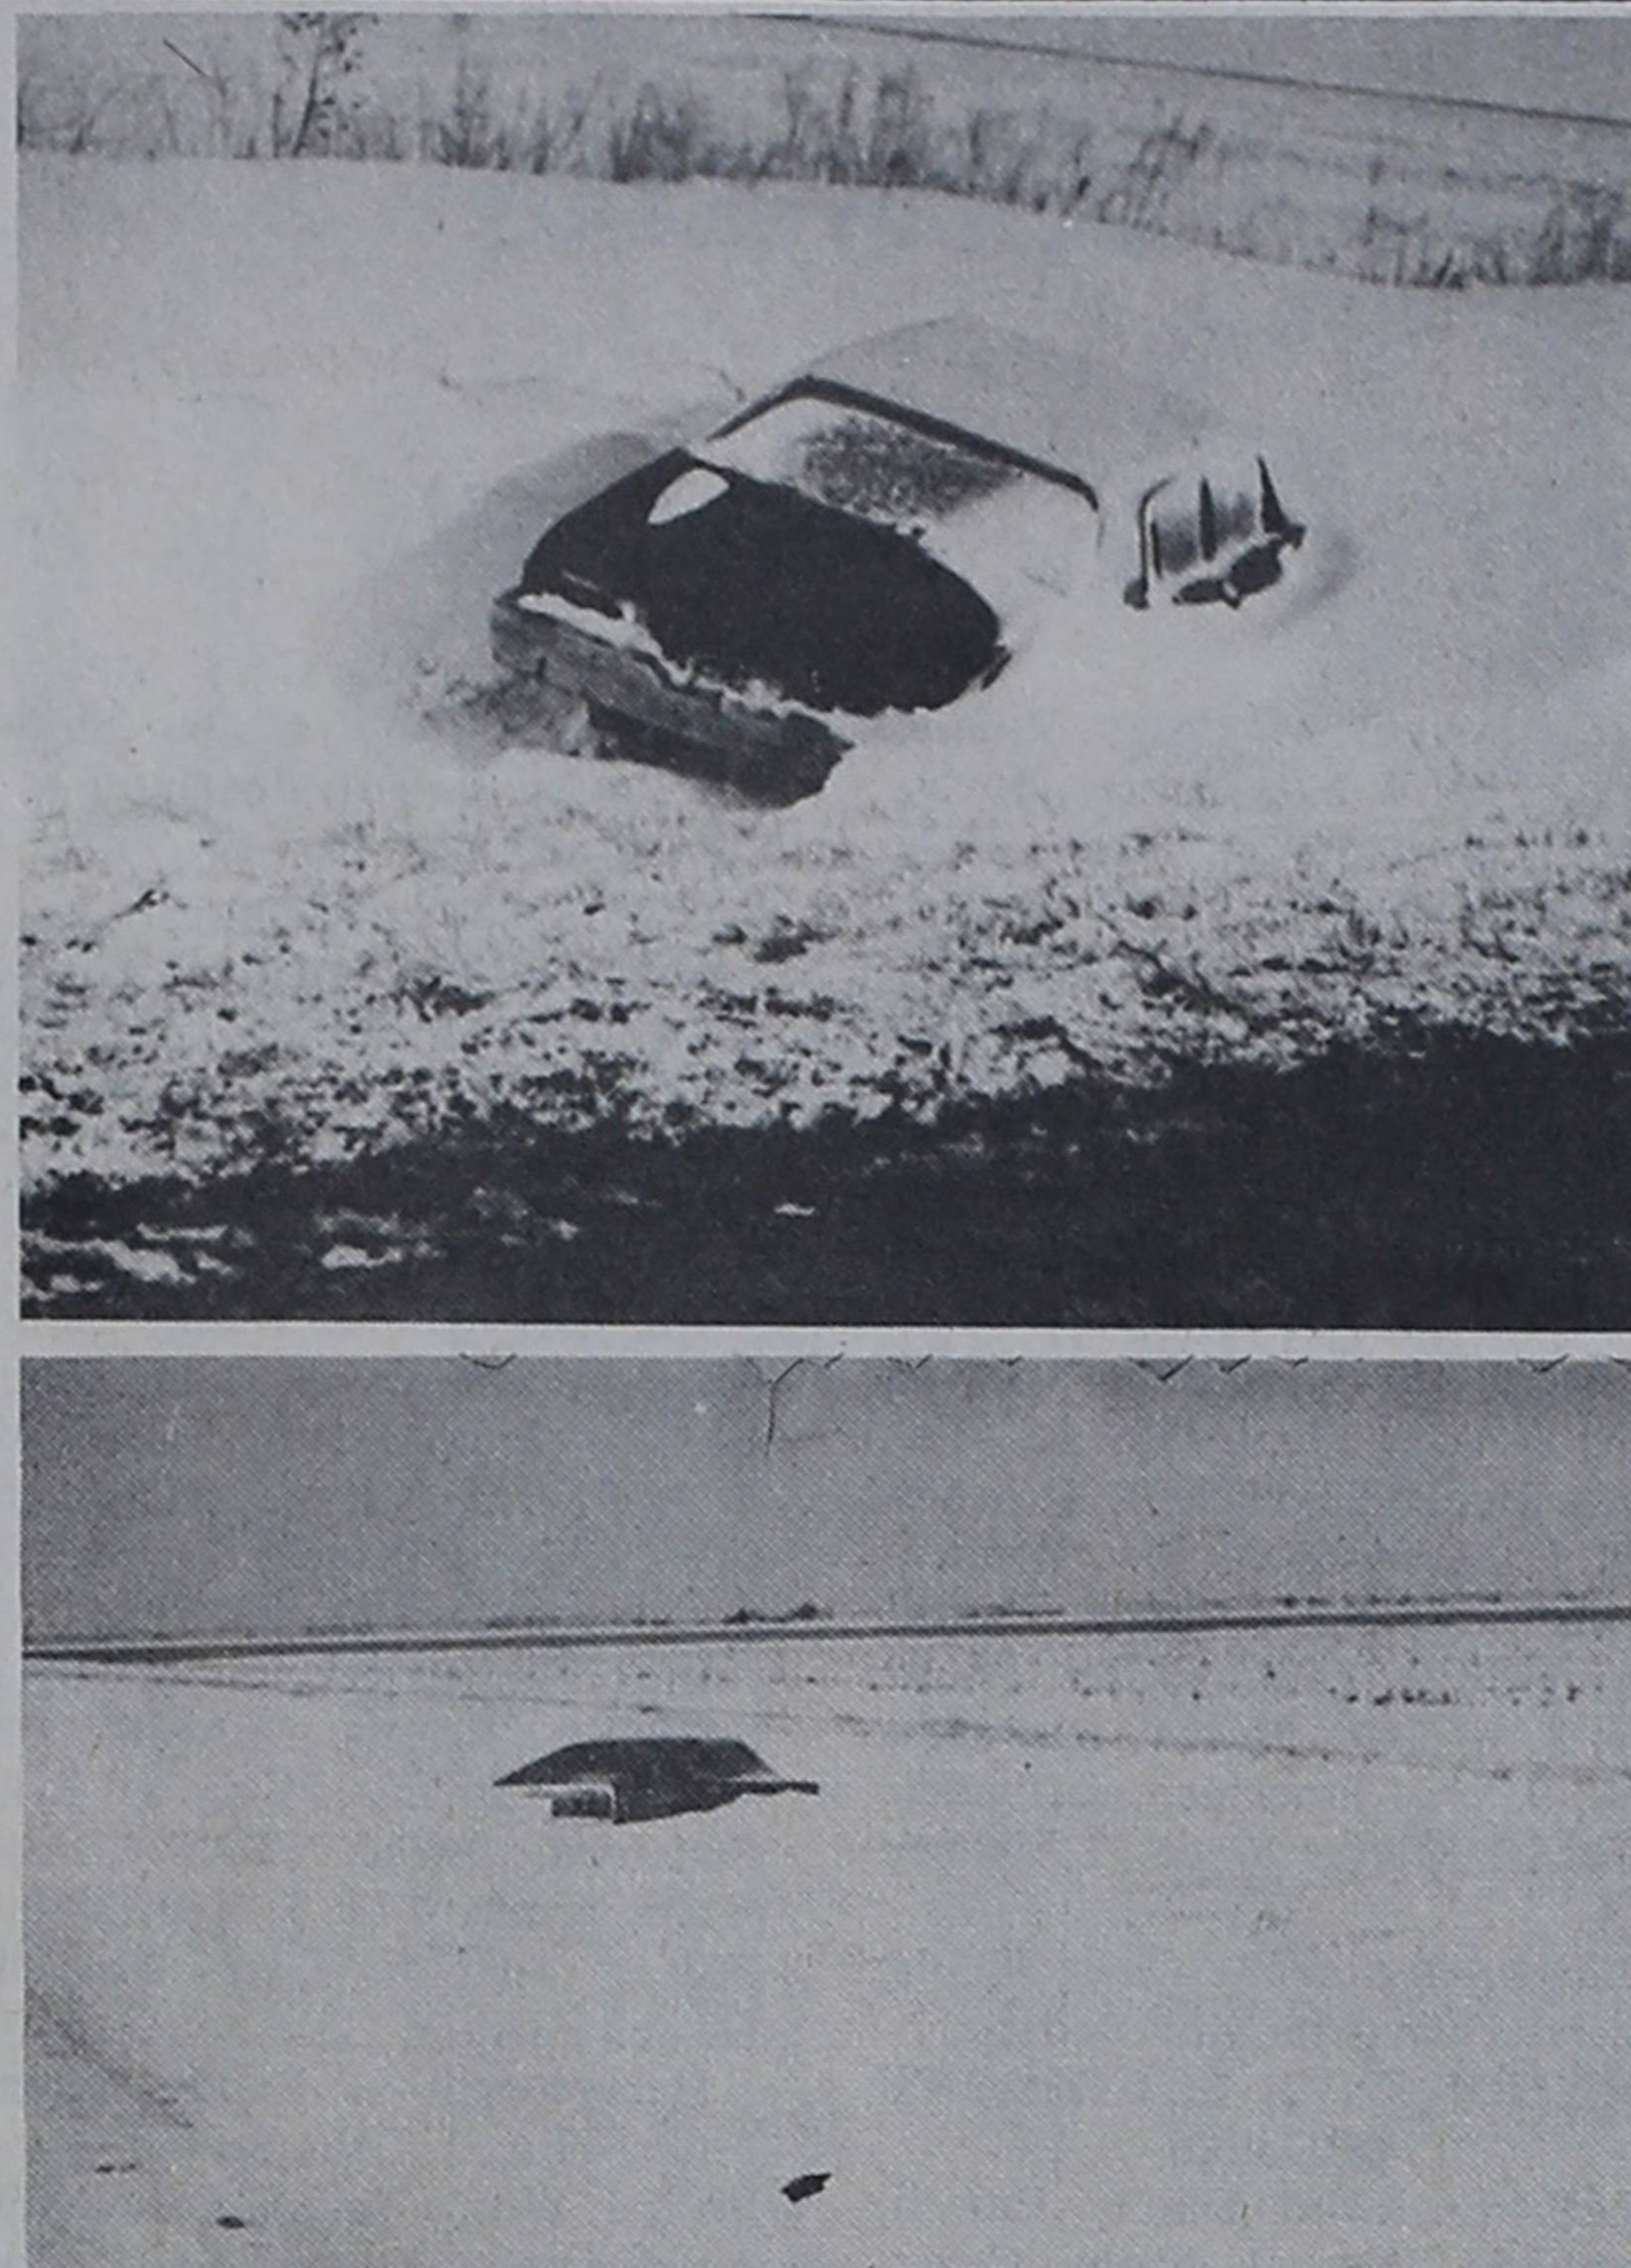

Abernathy jumped out to a quick 10-2 lead in the boys' game, and the Chiefs were playing catch-up the rest of the way. In defense of the Chieftain players, they never gave up and were still hustling at the final buzzer.

The Lopes held quarter leads of 21-9, 44-22 and 65-32.

Leading scorer for Friona was Scott Straw with 14 points on five baskets and four of five from the line. Joey Howard scored eight, Rich Malouf and Charlie Morgan seven points each.

**WILD WEATHER....**An idea of what the travelling public has had to deal with this week can be seen in the two pictures above. Two vehicles are shown stuck firmly in the ditch off U.S. Highway 60, between Friona and Bovina. At the time the pictures were made, 11 vehicles were in the ditch between the two towns.

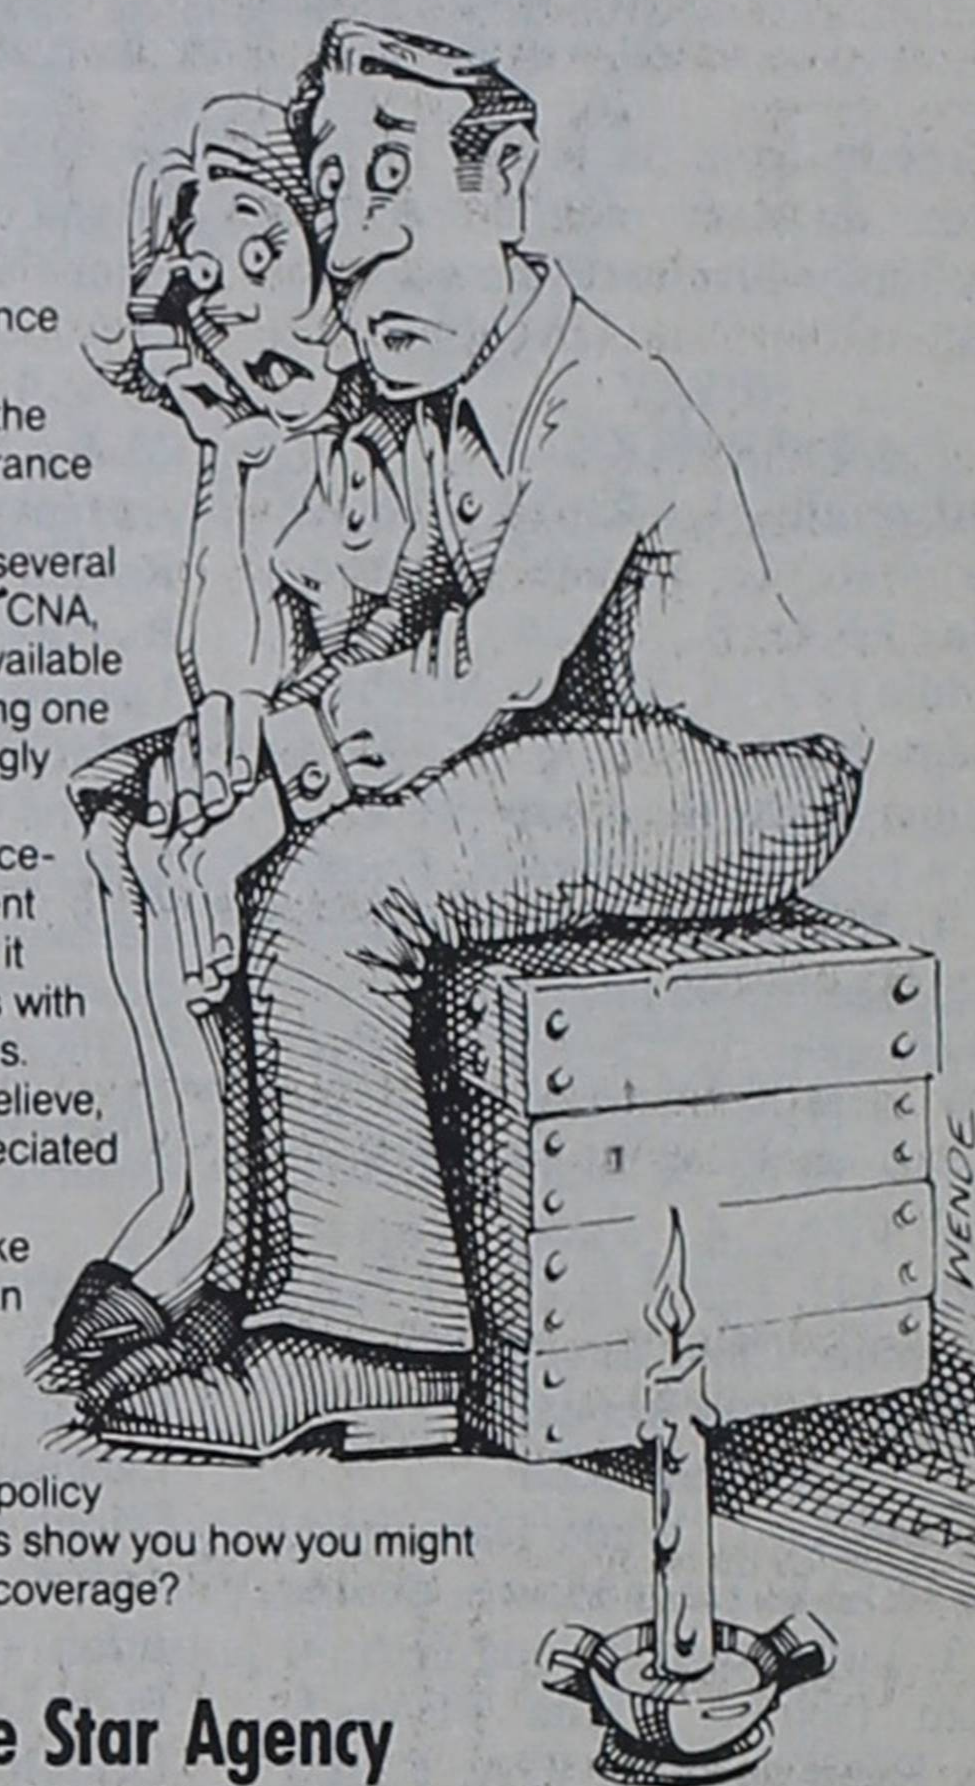

## What if you had to depend on your present insurance to replace your possessions?

As an independent insurance agency, we help provide a variety of homeowners in the community with their insurance protection.

Because we represent several insurance companies, like CNA, we know all the options available to you. We're recommending one of these options very strongly to our clients.

It's called contents replacement insurance. In the event of a loss, it pays you what it costs to replace lost items with new items at today's prices. Much more realistic, we believe, than paying you the depreciated value of lost items.

Through suggestions like this one, we believe we can be of great value in helping you properly protect your home, auto, or business. Why not bring your policy in for our review and let us show you how you might improve on your present coverage?

Remodeling can be an effective way to update a home with regard to space, convenience and appearance as well as energy efficiency. Remodeling should be undertaken only after considerable thought and planning has taken place.

First, the home should be evaluated as to its suitability for remodeling. Will the value of the home be increased? What are the alternatives?

The Extension Service has a guide which can help you get started. "Remodel Rationally" is available free of charge to anyone without regard to age, socioeconomic level, race, color, sex, religion or national origin.

Call and request a copy at 481-3619 or come by the Extension office located on the second floor of the courthouse in Farwell.

I would be more than happy to help you with your remodeling plans!

# Christy Lundy, Kelwin King United In Church Ceremony

Christy Lundy and Kelwin King, both Friona residents, exchanged wedding vows Friday, December 31 at 3 p.m. The ceremony was performed in Friona's United Methodist Church by

Archie Echols. The bride is the daughter of Mr. and Mrs. Leroy Lundy of 606 Etta, Friona.

The bridegroom is the son of Mr. and Mrs. D.T. King of Route 2, Friona.

Vows were exchanged before an arched candelabrum holding apricot tapers with spiral candelabras on either side. The candelabras held apricot candles and were decorated with arrangements of apricot carnations and daisies and apricot bows. Votive candles with apricot bows decorated the windows to complete the church decorations.

Sheri Taylor of Friona, organist, accompanied Linda Murphree, vocalist, as she sang "Endless Love" and "Ice Castles."

As the bride was escorted and presented in marriage by her father, she wore her mother's wedding gown of formal candlelight silk completely enhanced with chantilly lace. It was designed with sheer front and back yokes and cap sleeves. The back of the full skirt alternated tiers of English net and chantilly lace, which swept into back fullness cascading into a chapel length train.

Her Juliet cap of matching candlelight silk held her fingertip length veil of bridal illusion.

Her bouquet of apricot and rust

silk flowers entwined with baby's breath and dried flowers, was carried atop an antique lace fan which had originally belonged to her great-grandmother.

She wore the traditional blue garter and a string of pearls given to her mother on her wedding day.

Louise Lundy of Friona served her daughter as matron of honor. D.T. King of Friona, served his son as best man.

Ushers were Jeff Lundy, brother of the bride, and Ted Prosser, both of Friona.

Casey Blalock and Jenny King, nieces of the groom, served as flower girls. Aaron King, nephew of the groom, was the ring bearer.

Cindy Cook of Amarillo and Corrie Lundy of Friona, sisters of the bride, lit the candles.

The feminine attendants wore apricot quiana gowns trimmed with apricot lace. The gowns featured quiana lace sleeves. They carried long stemmed carnations.

The groom wore a candlelight tuxedo and boutonniere of apricot carnations.

The best man and father of the bride wore chocolate brown tuxedos.

The reception was held at the church in the Fellowship Hall.

Jeff Lundy presided at the guest register.

Cindy Cook served the wedding cake. Punch was served by Corrie Lundy.

The bride's table was covered with a white crocheted cloth over white satin, made by her grandmother, Mrs. Earl Lundy. The table was centered with the bride's bouquet, candles and her grandmother, Dora Nittler's silver service. The three tiered wedding cake was decorated with apricot flowers and bells topped with sugar bells and love birds.

Mrs. Leroy Berend, Mrs. Leon Massey and Mrs. Max Wells were in charge of the reception.

Rice bags were apricot and rust flowers made into an arrangement.

Mr. and Mrs. Kelwin King

#### IS PRESBYOPIA A DISEASE?

NO! Presbyopia is a normal physiological change which takes place in the crystalline lens (the lens in the eye which focuses for near vision) somewhere between the ages of 38 years to 45 years of age.

Most people somewhere around the age of 40 years begin to notice that they have difficulty focusing on near objects or small print and that more and stronger light is required to make near tasks easier. Many times the patient will try holding things further away--maybe at arm's length in order to focus more easily. This is not a disease but only part of the aging process and it continues on through the seventies. Regular changes in your eyeglasses will return clear vision that nature has taken away.

When you notice yourself squinting to read, holding your reading further off than normal, wanting more light on your reading material, or avoid reading because of headaches of other discomfort, it is time to consult your Optometrist for a thorough visual examination. Chances are it is the beginning of Presbyopia which can easily be corrected with the right lenses. Simple reading glasses may solve your problem or your Optometrist may recommend bifocals; and, he will rule out the possibility of any disease condition being present to ease your mind.

This message is brought to you in the interest of better vision by Drs. Armistead & Smith, Optometrists, Littlefield, Texas.

Rarely ever does the Texas Panhandle have anything weather-wise in little bits. Whatever we have seems to come in large doses, whether it is wet weather, dry weather, hot weather, cold weather, sand storms or snow.

Monday's snowfall drifted more than any we've had this season. School was dismissed, meetings were cancelled and a lot of people stayed home until the storm was over.

Farmers are more optimistic than ever and most of those who irrigate are already ruling out the necessity of pre-watering.

It is possible, of course, that 1983 may turn off dry later, but the first month really got off to a good start as far as moisture is concerned.

Jinx Snead arrived home Tuesday afternoon. She has been down to Port Arthur to visit her mother, Mrs. Ivan Gray, who has been hospitalized, and other relatives.

### WEEK OF FEBRUARY 5-11

February 5--Heath Procter, Sofie Vega, Kevin Sifford, Thelma Watkins.

February 6--Judy McBeth, Elizabeth Rieken, Pam Perez.

February 7--Nikki Osborn, Sandra Vega, Wade Hinkle, Judy Chandler, Cindy Lopez, Shirley Harris.

February 8--Nancy Roden, Kenna Lynn Emerson, Troy Finley, Micah London, John Noland.

February 9--Randa Allen, Deke Kendrick, Marlene Drake, Mona Campbell, Renae Monroe.

If you or someone in your family has a birthday coming up soon call the Friona Star at 247-2211 by Thursday noon and report it.

She had to stay one day longer than she had planned--not because of our weather, but due to the fog down on the coast--the plane scheduled to bring her to Lubbock Monday was unable to get off the ground.

Mr. and Mrs. Irvin Henderson spent the weekend visiting in the home of Mrs. Opal Silvertooth and daughter, Judy, in Amarillo.

Mrs. Henderson and Mrs. Silvertooth are sisters.

Things have quieted down very much at the home of Mr. and Mrs. Bud Elmore and Mrs. Lucille Wilson. For several weeks little Lexie Elmore of Jefferson, Texas, has been visiting in this home.

Late last week Bud and Arvilla took Lexie to Comanche, Texas, where they met her parents, Tim and Debbie Elmore, at the home of Mr. and Mrs. Dale Spivey and daughters, Regina and Deena.

Mr. and Mrs. H.A. Poindexter of Miller, South Dakota, and Mrs. June Cruse, who lives in Pierre, South Dakota, spent several days last week visiting in Friona.

They are all former Friona residents. Mrs. Poindexter, the former Doris Moody, and June are sisters.

The trio spent some time in the home of Mr. and Mrs. David Moseley, Mr. and Mrs. Herschel Johnson and Mrs. Blanche Boyle. The Poindexters drove from here to San Antonio and June flew from Amarillo to Kansas City, where she will spend some time visiting with one of her daughters and her family.

Mr. and Mrs. Ray Bailey and daughter, Debbie, who live in Carlsbad, New Mexico, were weekend guests in the home of Mr. and Mrs. Bob Welch and children, Ben and Katie.

Bailey, administrator of the Lakeview Christian Home for the Aged, was guest speaker at Sixth

Street Church of Christ Sunday morning.

The Baileys are Mrs. Welch's parents.

Ann Martin, my favorite ex-Iowan and good Texas neighbor, shares my hobby of crocheting. She and her husband, Calvin, have had to spend a great deal of time inside this winter, so have had a lot of time for doing handwork. Calvin makes rugs and pictures and does string art.

His most recent creation is a butterfly wall hanging and it is beautiful. Seeing it makes me wonder if perhaps a hand craft show

including both men and women might be an asset to our next Maize Days celebration.

Ann has been busy making baby afghans--she makes one for each of their great-grandchildren. Their newest great-grandson was born Saturday at Walsh, Colorado.

He's the son of Lisa and Roylin Jackson, who live at Campo, Colorado, where his maternal grandparents, Eugene and Marilyn Martin Nidey, also live.

He was twenty-one inches long, weighed nine pounds, one ounce and was named Sheldon Vonn.

We received a nice letter from Bennah (Burton) Pratt of Graham, Texas this week. She had dropped a line to let us know of the death of Mrs. D.W. (Letha) Hanson. Burial was in Inglewood, California on December 28, 1982. She was 93 years, seven months.

Mr. and Mrs. Hanson moved to Friona in 1911 and lived here off and on until 1936, when they moved to California. She was the mother of Dayton, Janet, Martha and Harold, who all reside in California.

Opportunity isn't nearly as rare as the ability to recognize it.
