SPS purchase offer rejected

Floydada City Council members voted to reject the October 14 offer Southwestern Public Service tendered for the purchase of the city electric facility. This action came during an October 22 evening session of the council.

All members were in attendance with the exception of Wayne Russell, who was absent due to health reasons.

A formal motion rejecting the bid was made by council member Leroy Burns and seconded by council member Don Green. Council members Ginger Warren and Frank Breed joined Burns and Green in rejecting the offer.

Reason given for rejecting the offer were that no offer to purchase properties belonging to taxpayer entities may be considered without the opportunity for public bids being offered or without the consent of the voting public.

CONSULTANT SPEAKS

Points which surfaced during the extensive discussion preceding the motion and vote included a

statement by city consultant Glenn Reddick to the effect that "an acceptable minimum range for pricing the facility would be in the \$3 million and up" area. Reddick stated, "This range is considerably above the range offered by SPS."

"It would be unconscionable for the city to sell for less."

Reddick offered suggestions for alternate courses of action the city could pursue. One idea proposed was that the city counter the offer to purchase with an offer to buy SPS's interest in Floydada. Reddick told the council that he could formulate a counter offer in approximately 45 days.

Reddick also told the council that they should consider consumer education and renovation of the system if they elected not to sell. In that vein, the council authorized an advertising and consumer education program for inclusion in the next budget to be developed. A stepped up ad campaign is planned for the next few weeks to promote the city owned facility and its employees as well as encourage new customers to take advantage of the

city services available to them according to city manager Bill Feuerbacher.

A new airport lease was discussed and approved at the session. The new lease will be offered to current airport tenant Doodle Milton whose contract will expire at the end of this year.

CONTRACT PROVISIONS

Among the new provisions of the contract will be the length of the contract. The expiring contract was for a period of twenty years. The new contract will run for a period of five years with the rental fee increasing from \$1.00 per year to \$50.00 per month which will be channeled into the airport fund.

Council approval would be required should Milton decide to sell his interest in contract. Council would also reserve the right of approval on any buildings or other structures before they could be located at the airport facility.

Congressional and gubernatorial races features of general election

Local residents will see several familiar names on the ballot when they turn out to vote on November 4.

County offices up for election this fall include county judge, district clerk, county clerk, county treasurer, two county commissioners and two justices of the peace.

All running unopposed on the Democratic ticket, incumbent county judge Choise Smith heads the list. Other incumbents seeking re-election include Margaret Collier for the post of county clerk, Glenna Orman for the position of county treasurer and Jack Lackey for commissioner of Precinct 4.

Newcomers to the political arena include Barbara Edwards who is seeking the position of District Clerk in the 110th Judicial District post which is

being vacated by Mary McPherson at the end of her current term.

Floyd Jackson will also be running for an office for the first time. He is declared as a candidate for the Precinct commissioner in Precinct 2. Bob Jarrett is leaving office at the end of this year, vacating the post.

Both Floyd County Justices of the Peace are running for election for the first time. Lowell Bilbrey, Precincts 1 and 4, and C.L. (Mike) Mooney, in Precincts 2 and 3, were appointed by the commissioners court during the interval since the last election.

Newly appointed District Judge David Cave will also be standing for election for the first time. He defeated his opponent, George Miller, in the Democratic primary in May and was appointed

to the judgeship in early October following the resignation of Miller to enter private practice.

The single national race on the general election ballot is for U.S. Representative from District 13. Incumbent Beau Boulter will be meeting the challenge of Doug Seal for the district, which includes Floyd County.

At the state level, the governor's race

will be the main attraction. Governor Mark White is being challenged by former governor Bill Clements and the Libertarian Party has Theresa Doyle on the ballot opposing both major candidates.

There are three names listed for Lieutenant Governor also. The Democratic candidate is Bill Hobby, the

School single-member district vote plan due adoption on Saturday

After weeks of planning, discussion and public hearings, a nine-member task force will recommend to the school board a plan for converting Floydada Independent School District to a single-member district system for electing trustees. The recommendation is due during an 8 a.m. Saturday meeting in the school's administration office.

Either a "7-0" or a "5-2" plan will be suggested. This means that the recommendation will be either for a seven member at-large system or one comprised of five trustees being elected by districts and two other board members chosen at-large.

Both proposals have been presented — complete with maps — during Oct. 13 and Oct. 18 public hearings.

School board is to present the proposal "to consider entering an order that trustees of the district be elected from single-member trustee district or that not fewer than 70 percent of the members of the board of trustees be elected from single-member trustee districts with the remaining trustees to be elected from the district at large."

Either plan would virtually guarantee the election to the board of two minority representatives.

According to Superintendent Jerry Cannon, "Registered voters of the Floydada Independent School District are invited and encouraged to attend (the Saturday meeting) and shall be given an opportunity to comment on whether or not they favor the election of trustees in the manner proposed by the board."

Copies of the two separate plans — "7-0" and "5-2" — are available at the administration office, 226 West California, "for viewing and study by the public. All registered voters are encouraged to study those plans."

After the school board has accepted the single-member plan, it will be submitted by the school district's attorney, Paul Lyle, to the U.S. Justice Department for its approval.

School officials point to the time factor involved, anticipating that Justice Department approval will be gained in time to conduct an April 1987 election.

Adrain Helms serves as chairman of the task force. Others named to the task force by the school board are: John Campbell, vice chairman; Fred Thayer, secretary; Randy Bertrand, Hulon Carthel, Adolfo Garcia, Mary Martinez, Tino Morales and Mary Muniz.

Drew Lloyd produces county's first bale

Drew Lloyd pulled onto the Floydada Co-op Gins yard "about noon" Monday with 4,540 pounds of seed cotton, and a couple of hours later Floyd County's first bale of 1986 cotton had been placed on the courthouse lawn.

Lloyd's "first bale" was produced on the Dewey Parsons farm, "about a half mile" south of Floydada. It was a 522 pound bale, and a second bale from the same load tipped the scales at 515 pounds.

Despite having received hail, the cotton's turnout was 22.8 percent, according to a gin spokesman.

Floydada Chamber of Commerce has awarded Lloyd with \$100, which traditionally goes to the first bale's producer, according to Nettie Ruth Whittle, chamber's secretary.

Lloyd said he planted the land to Paymaster 145 seed on May 14, using a "two-in, one-out" pattern. It was pre-watered but not again irrigated.

The producer says the yield on the first bale was approximately 500 pounds per acre.

Winds in 'must' game at Littlefield

Friday night victory essential to retain playoff hopes

Who would have figured that Floydada's footballers, relegated to the lower echelons of district standing in

recent years, would still be alive in the District 2-AAA title picture eight games deep into the season after being given no chance in pre-season polls?

And who would have guessed that the Mean Green is still in a position to control its own destiny entering the ninth outing?

After a few lean campaigns, the Whirlwinds are again beginning to believe in themselves and that's what counts even though the Floydada grid-ders don't claim for a minute that their task during the next two Friday nights will not be monumental.

They will line up at 7:30 p.m. Friday against a Littlefield squad which is ranked among the state's top ten AAA crews. To make matters even more difficult, the contest is scheduled in the Wildcats' back yard.

"In the past we've played awful at Littlefield," admits Coach Joe Paty. But he quickly adds that "It's nice to have a team that can compete with them, and I

feel like our kids are going to do that."

"We (coaching staff) decided after the Post game (Littlefield's '86 season opener) that they're (Wildcats) for real. And they definitely still are," the Whirlwind mentor says.

As usual, the Wildcats have a horn-of-plenty filled with talent, in addition to their record and tradition.

AWESOME LINE

One of the first things to catch Paty's — and every other opposing coaches' — eye is the Littlefield offensive line. "They've got good size, but they do not have as large individuals as Dimmitt. They are just a real good offensive line."

Quarterback Mark Ellis, a junior, is described as "a tall kid with a good throwing arm. He's not far from (Tulia's superstar signal-caller Todd) Lacy. He throws well and he's very elusive, but he's also not afraid to run. He runs with power, but when he gets outside he has

speed." Ellis has "oodles and gobs of running backs" to complement him. Steve Lair has been "their most productive runner the last year or two." Tommy King "may have more break-away speed, but Lair has more experience."

Williams, "a quality kid who starts at nose guard on defense and plays some on offense," is another Wildcat threat. "He's real quick, like the Roosevelt nose guard, and he's real strong...and he's just a sophomore."

Littlefield is primarily "run oriented" on offense. Paty says "They threw quite a bit against Abernathy, but most games they depend mostly on the run...and they run well."

On defense, the Wildcats deploy a "5-2" and variations. "They probably do a little more stunting than they used to. They've shut people down."

When Jerry Blakely, one of the area's

FHS band, twirlers earn recognition

The Floydada High School Marching Band and its twirlers competed in UIL events in Lubbock at Texas Tech University on Saturday, October 25. Both earned good scores on their performances.

The twirlers were part of the morning competitions, earning a first division for their line and a chance to perform at state later in the school year. The line performs as the Batey Trio.

Competing as individual, Jane Willson earned a first division

rating and will be entering state competition for individuals. Also competing in individual competition were Ludustria Leatherman and Lonna Batey.

The marching band and flag corp combined to present an entertaining display of their skills before judges in Class AAA competition at the University Interscholastic League District XVI meet.

Among 51 area schools entering the competition, the Floydada representatives acquitted themselves

well. The group earned second division ratings across the board. Possible scores ranged from a low of fourth division to a high of first division.

The band is under the direction of Paul Stapp with Jett Cheek serving as assistant band director.

Both Stapp and Cheek joined drum major June Willson in congratulating the band members on their success and wish to express their appreciation for all the support and hard work that made the performance a success.

Congressional and gubernatorial races features of general election

Continued from Page One
Republican candidate is David Davidson and the Libertarian candidate is Bill Howell.

On the ballot for the post of state attorney general are Jim Mattox (Democrat), Roy R. Barrera Jr. (Republican) and Mike Stephens (Libertarian). The incumbent comptroller of public accounts, Bob Bullock, a Democrat, is being challenged by George Meeks on the Libertarian ticket.

Democratic incumbent to the office of treasurer, Ann Richards, also faces an opponent on the Libertarian ticket. Robert F. Reid is running against her.

A three way race for the post of general land office commissioner has developed with incumbent Garry Mauro facing a Republican opponent, M.D. Anderson Jr., and a Libertarian opponent, Honey Sue Lanham.

The current commissioner of agriculture, Jim Hightower, also faces two opponents. Bill Powers is mounting the Republican offensive while Rebecca Reed represents the Libertarian Party.

Railroad commissioner John Sharp is again representing the Democratic Party in the race for that office. His opponents are Milton E. Fox on the Republican ticket and Libertarian Chloe (Jack) Daniel.

Four positions on the state Supreme Court are up for election this fall. Candidates for Place 1 are Democrat Oscar Mauzy and Republican Charles Ben Fox. Candidates for Place 2 include Robert M. Campbell, Democrat, and Nathan E. White Jr. on the Republican side. Place 3 is being sought by Democrat Jim Wallace and Libertarian Wiley H. Rawlins.

The fourth position on the court, Place 4, is an unexpired term. Raul A. Gonzalez is seeking the post as a Democrat and John L. Bates is running on the Republican ballot.

Three seats on the court of criminal appeals are on the ballot. The positions are being sought by unopposed Democratic candidates Rusty Duncan, Mike McCormick and Marvin O. Teague.

Foster Whaley is again running for State Representative from District 84. Whaley is unopposed in his bid for re-election.

Carlton B. Dodson is an unopposed Democratic candidate for Justice of the

Court of Appeals in the 7th District and appears alone on the ballot.

PROPOSED AMENDMENTS

There are four proposed constitutional amendments on the ballot along with the public offices this fall. Voters are asked to vote for or against the following proposals:

1. "The constitutional amendment to allow the legislature to provide by general law for apportionment of the value of railroad rolling stock among counties for purpose of property taxation."

2. "The constitutional amendment requiring each house to include in its rules of procedure a rule that each bill contain a title expressing the bill's subject, and providing for the continuing revision of state laws."

3. "The constitutional amendment allowing political subdivisions the opportunity to engage in and transact business with authorized mutual insurance companies in the same manner as with other insurance companies."

4. "The constitutional amendment to provide that a bank may offer full service banking at more than one location within the city or county where its principal facility is located, subject to limitations and restrictions provided by law."

Convenience Banking?

What's So Convenient About:

PAYING
higher interest on your loans?

EARNING LESS
interest on your savings?

PAYING HIGHER
service costs at banks?

LOSING
local control over banking?

SACRIFICING
service to the big banks' benefit?

YOU WILL HEAR A LOT FROM THE SO-CALLED CONVENIENCE BANKERS ABOUT PROPOSITION FOUR BUT YOU PROBABLY WILL NOT HEAR THIS:

The big banks of Texas hope to create a bank monopoly at your expense. Proposition Four has disguised branch banking as "full service banking". Whatever they call it - Branch Banking is a bad idea for Texas, and Texans will end up footing the bill for the big Texas bank holding companies to get bigger.

You especially don't want this to happen now since the Texas Legislature just passed a law permitting the large banks of New York City to purchase some or all of the large Texas bank holding companies. Not only can this legally happen now, but is almost certain to take place in the immediate future.

For all these years, Texans have never wanted or allowed the big banks of New York City to own and control the Texas Banking industry. We are sure that this position by the people of Texas still has never changed.

Lackey files suit against former judge in 110th District Court

In a suit filed Friday in the 110th District Court, Jack Lackey filed a "plaintiff's original petition for declaration and determination of ownership, reimbursement of funds and injunctive relief," naming George Miller as defendant. Miller served as judge of the 110th District Court prior to his recent resignation to join a Plainview law firm.

Lackey "brings this suit as an individual citizen and taxpayer of Floyd County, Texas, as a county commissioner, Precinct 4 of Floyd County; and as representative of the taxpayers and citizens of Floyd County, Texas." The plaintiff charges that during Miller's tenure, which spanned from 1977 through October 3 of this year, "Floyd County purchased certain law books and provided upkeep and supplementation thereof" and that Miller removed the law books from the county courthouse.

"Despite the fact that Miller has acknowledged (via his representative) an indebtedness to Floyd County for use of said facilities and services, the Floyd County Commissioner's Court to this date refuses to take action to collect said indebtedness," the suit charges.

Lackey also charges in the suit that during "a bitter Democratic primary election campaign" this spring, Miller "utilized Floyd County facilities and services to conduct portions of his election campaign effort, and Miller has not to this date reimbursed Floyd County for the cost of those services or use of facilities."

The plaintiff seeks "injunctive relief," according to the suit, "requiring Miller to immediately return to the Floyd County Courthouse all law books, publications, magazines, periodicals or other legal research and reference material which Miller has at any time

previously removed from the Floyd County Courthouse."

Lackey also filed for a temporary restraining order against Miller. A \$1,000 deposit bond was placed by the plaintiff.

MILLER DECLINES COMMENT

When contacted by the Hesperian on Tuesday, October 27, former 110th District Judge George Miller stated, "I have no comment to make at the present time."

Attorney refuses commissioners meet due to conflict of interest

A special session of the Floyd County Commissioners Court was held on Monday, October 27, for the purpose of interviewing attorney Frank Murchison in reference to the current difficulties being experienced over the county law library.

County Judge Choise Smith informed the court that Murchison had contacted him and declined to attend the meeting as he had accepted the job of legal counsel for Jack Lackey, Commissioner of Precinct 4, in a legal action against George Miller. (The lawsuit is further detailed in an accompanying article).

Judge Smith attempted to call a closed session of the court to discuss this litigation, but was prevented from doing so by an opinion from the Texas Attorney General's Office. The A.G. representative informed Smith that the court was legally bound to not consider any item not on the posted agenda for a meeting. Any other items to arise can only be stated and placed on a later agenda according to the A.G.'s office.

Commissioner Bob Jarrett from Precinct 2 first submitted a hand written resignation from his post effective immediately, then withdrew the resignation after no legal opinion could be obtained from the A.G.'s office as to the propriety of accepting the resignation at this time or placing it on an agenda for a later meeting. County Attorney Kenneth Bain was unable to advise the court, stating only "I don't know the answer to that question."

Judge Smith read the lawsuit and an accompanying restraining order obtained by Jack Lackey to the open court. Jane Bean, a visitor to the court asked "Who will be responsible for the cost of this lawsuit since Mr. Lackey describes himself as 'an Individual Tax Payer and

[Editor's note: Commissioner Jack Lackey has asked The Hesperian to print the letter he forwarded to County Judge Choise Smith after the commissioner had filed a suit against former District Judge George Miller, as outlined in accompanying article.]

Dear Judge Smith,

I have received notice for a special meeting of the Court set for October 27,

1986. It is my opinion that it will not be possible to conduct the meeting as set out in the agenda.

Mr. Frank Murchison told you when you, Mr. Warren, and I met with him in Lubbock several days ago that he had agreed to represent me in the controversy with George Miller in the event that you and Mr. Warren did not choose to employ him. You know that Mr. Jarrett and Mr. Spence were asked to go with us to talk to Mr. Murchison and declined to go. As you know, you and Mr. Warren did not agree to employ Mr. Murchison, so he is now representing me and has filed a lawsuit for me against George W. Miller. This suit was filed for me as a derivative action on behalf of the taxpayers of Floyd County, as a member of the Commissioners' Court and in my capacity as a Floyd County taxpayer.

The suit which I have filed can be fairly described as an action to recover title and possession of all money and property from George W. Miller that the Floyd County taxpayers are justly entitled to receive.

I take the position that other taxpayers and I have a right to expect the support of you and the other members of the commissioners in this effort.

I think that you have received enough legal advice from the Attorney General's office and other attorneys that you are convinced that the Commissioners' Court may not legally give away the property of the county or forgive an acknowledged debt due to the county or to sit idly by and fail to do your duty to take action to recover the same.

I think this situation requires that I be frank with you and point out to you that you, more than anyone on the Court, should be doing all that you can to recover the property and money for the taxpayers. It was you who was present when George Miller was loading the books; you failed to call all the commissioners and tell them about this.

You were the one that failed to call a special meeting of the Court so they could assist in stopping George Miller from taking the books. You checked the Minutes of the Court and knew they contained no agreement to let Miller have these books. You were informed that neither you or the Commissioners' Court had authority to give these books to Miller. You know that I demanded that you stop him from taking them. You knew that thousands of dollars of the taxpayers' money had been spent for law books and supplements. You did not call the Sheriff and complain to him about what Miller was doing, and you know you should have demanded that the books be kept in the Courthouse until the controversy was resolved.

You also know that you kept the Commissioners' Court from even considering Miller's offer to pay the County for services paid for by the County and used by Miller in his campaign for re-election. You know that the only way I could get you to put this matter on the agenda was to threaten to file a lawsuit.

It should be clear to you that the time has come for you to do your duty for the taxpayers by supporting the allegations and relief which I have asked for in the lawsuit.

Yours truly,

Jack Lackey

COUPLE TO CELEBRATE 50TH — Mr. and Mrs. W. W. Brints will be celebrating their 50th wedding anniversary with a reception Sunday, November 2, in Crosbyton. The event will be from 2-4:00 p.m. in the Senior Citizens building, located one block north of the Crosbyton bank. Stella Fay Bingham and Woodrow Wilson Brints were married at Benjamin, Texas on October 29, 1936. The children of the couple, who are hosting the event, include Christine and Don Edwards of Cloudcroft, N.M., Sydney and Norman Brints of Vernon, Texas and Susan and Calvin Brints of Lubbock. The couple have 10 grandchildren and four great-grandchildren. An invitation is extended to all friends and relatives of the couple.

Deweys to appear in local concert Tuesday

Levoy Dewey, and his wife Cleon; SESAC Song of the Year recipients, will be in concert at the Abundant Life Fellowship, located here in Floydada, at 701 W. Missouri, and will make their guest appearance Tuesday, Nov. 4, starting promptly at 7:30 p.m. A nursery will be provided free of charge to the public. The free concert is open to the public, and a free-will love offering will be received.

Levoy Dewey, is one of Gospel's Music's finest tenor singers. His rich, melodic sound, is unique and lifts the audience up with positive, powerful lyrics. Levoy and his wife Cleon, have been ministering in song throughout America for more than 20 years. They have made appearances in 33 countries around the world. The Deweys have recorded with the LONDON PHILHARMONIC ORCHESTRA, Levoy has recorded a solo album with the internationally known, STATESMEN QUARTET, and Levoy and Cleon's song, "Heaven's Sounding Sweetener," as recorded by JIMMY SWAGGART, was recently picked by CNN news & Worth Associates of New York, as one of the all time Gospel hit songs ever recorded. The song has sold over 2 million copies, and has been recorded by Gospel artists

the world over.

As songwriters, the Deweys are known for their extraordinary talents in the city of Nashville. Their song, BECAUSE OF YESTERDAY, was recorded by country superstar, Connie Smith for CBS records and became the SESAC Song of the year. Songs written by Levoy and Cleon Dewey have been recorded by the Thrasher Brothers, the Florida Boys, the Rex Nelson Singers, Mike Murdock of PTL Network, Kenneth Copeland, Governor Jimmie Davis, Jimmy Swaggart, and others too numerous to mention. Levoy Dewey is not only a tremendous singer and songwriter, but is an expert choral arranger, having graduated from the AMARILLO CONSERVATORY OF MUSIC.

Levoy Dewey is proficient musically on the saxophone, valvetrombone, stringed instruments, clarinet and the bassoon. His lovely wife is an expert keyboard player having recorded together a total of five instrumental albums for release. The excitement always builds, as Levoy and Cleon begin to perform their songs instrumentally during the concert.

Levoy's clear and distinctive tenor voice, has been heard on television programs throughout the United States.

Levoy and Cleon have been featured on the 700 CLUB with Pat Robertson, have been the guests of the JIM BAKKER SHOW, as well as being regular telethon guests in California with TBN and PAUL AND JAN CROUCH.

As an author, Mr. Dewey is concluding a book about his personal ministry entitled, "HAYSTACKS & BARB-WIRE FENCES." Another book is in the developmental stage, about the Christian Family; and a special book about music and the church is called, "HARMONY & MUSIC IN THE CHURCH!" Mr. Dewey was born in Pampa, Texas and raised on the plains of Nebraska farm-land. He attended Kearney State University, and later graduated from Southwestern University in Dallas, Texas. He has taught voice, band, and also church choir. Levoy has had his own musical group the past 20 years, traveling throughout the United States and Canada.

Levoy and Cleon have many interests

that have allowed them to speak to businessmen and women's groups through the years. Levoy studied to be an draftsman and engineer, and was involved in retail sales prior to his commitment to the ministry. Mrs. Dewey has her own jewelry business.

Both Levoy and Cleon have served as Assemblies of God missionary evangelists for many years. This past year, Levoy was appointed as the "Official Ambassador" for the Lillian Thrasher Orphanage in Egypt. They have sponsored many children in feeding programs both in Egypt and in India through Mark Buntain of Calcutta, India. You will thoroughly enjoy this family event. Every moment of the concert, you will hear the great hit songs of Levoy and Cleon Dewey as only they can perform them. There is limited seating available, so please call 983-2887 for information on the concert. Pastor Dezotell cordially invites the public to attend.

We Salute...

FHS graduate returns as professional actor

Question: How do you get a team of professional Houston actors to bring a play to Floydada?

Answer: Just ask!!!

It wasn't simple but the results are still the same. The Floyd County Arts Association is bringing a performance of James Prideaux's, *The Housekeeper*, to Floydada on Friday, November 14. The two-act comedy stars Ms. Billie Duncan and Mr. Wes Johnson of Houston. The one-night performance will be held at the Floydada High School auditorium at 7:00 p.m. Ticket price is \$5.00.

Wes Johnson is also directing and producing the play and says he is

excited about this performance in particular. "That's because I graduated from Floydada High School in 1964. This will be my first time back here as a professional actor. To be performing on the same stage 22 years later is quite a thrill," said Johnson, who has been a professional actor for the last two years.

Since moving from Floydada in 1969, Johnson has worked as a radio news reporter and anchor in Houston. During his radio career Johnson has interviewed all Presidents of the United States who are still living and all Vice-Presidents who are still living. He has also interviewed the likes of John Travolta,

Donny and Marie Osmond, Willie Nelson and many other stars.

Johnson also covered the first three space shuttle launches. The former reporter was the person selected from among applicants nationwide to escort a and present a live registered Brahman bull to the People's Republic of China a few years ago. In appreciation, the Chinese government took Johnson on a 9-day tour of that country before he returned to Houston.

Earlier this year Johnson decided to produce plays and take them to small towns around Texas. "I wasn't planning to take plays this far from Houston, but the Floyd County Arts Association

representatives I talked with were very sincere and I felt moved to help," said Johnson. Johnson says he feels very good about the play and hopes to see a lot of old friends and neighbors at the show.

There will also be a reception following the performance for those wishing to meet and/or visit with the cast.

For those wanting more information on ticket availability, you are urged to contact any member of the Floyd County Arts Association, the Floydada Chamber of Commerce, 983-3434, or Nancy Willson, 983-3113.

Counts celebrates 90th birthday

The family of Bettie Counts held a reception in the Lockney Methodist Church fellowship hall Sunday, Oct. 26 from 2-3:30 for her 90th birthday celebration.

Guests signed a register book decorated with a big heart trimmed in lace, and pink ribbon.

Refreshments were served from two tables. One held the silver punch bowl with strawberry punch and a silk flower arrangement using shades of pink iris, roses, and daisies.

The second table was covered with a

crocheted tablecloth, made by the honoree approximately 40 years ago. It was laid over pink. A heart-shaped tiered cake and pink candles, pink heart-shaped mints and nuts finished the decor.

Mrs. Counts first came to Lockney with her mother in 1907 at the age of 11.

In 1912 she was married to John W. Sams. They had two sons, Gerald Lee and Garland Henry.

He passed away in 1923 in California. Two years later she married Hugh Counts. The couple were married 44 years. He passed away in 1968.

Mrs. Counts has been a member of the Lockney Methodist Church since 1910 and is still very active. She has seen them build three churches since she has been in Lockney.

Approximately 80 people attended.

Out-of-town guests included: LaDelle and David Gowens, Muleshoe; Kevin Noland, San Angelo; Mark Noland, Clifton; Patty Anderson, Edna Jacobs and Heather Mena, Lubbock; Gerald and Betty Sams, Evelyn and Dave Worrall, Ft. Worth; Eunice Vick and Maurine Vick, McGregor; Rhonda, Jennifer and Bryan Kelly, Loraine; Elroy and Betty Boedeker and Charles, Shallowater; Darrel Boedeker, Big Lake; Buddy and Jody Pennington, Houston; Elder Joe and Hortense Jackson, Rachel Nance, Cone; Jessie Lee Catlin, Plainview; Jerrold and Ima Jean Powell, Ralls; Zonell Maples, J.R. and Mary Jo Brown, Dimmitt; and Karen Boedeker, Odessa.

Attending from Floydada were: Elder Jim and Barbara Jackson and Ernestine Gilly.

1934 Study Club begins club year

The 1934 Study Club started their new club year on September 17 with a dinner in the home of Lorene Newberry and the yearbook committee as co-hostesses. Prayer was offered by the new president, Faye Benson.

Yearbooks were presented and reviewed by Queen Annie Lawson. The club voted to meet at 7:00 instead of 7:30.

The first meeting on October 7 was with Evelyn Latta and Mae Emert co-hostesses. The club collect was led by Frieda Simpson.

Queen Annie Lawson introduced the program, "Famous Trees of Texas." Wanda Turner gave a very interesting talk and showed pictures of the lovely old trees that have had a place in the historical events of our state.

October 21 they met in the home of Jettie Moss with Jo Y'Blood, co-hostess. After a short business meeting conducted by president, Faye Benson, Jettie Moss introduced the guest speaker, Anne Willson, who presented a very interesting review of the book "So it Goes," the life of a TV reporter, Mrs. Linda Ellerbee.

Club members who enjoyed the meetings and refreshments were: Elizabeth Armstrong, Faye Benson, Mamie Bunch, Jo Davis, Betsy Dempsey, Mae Emert, Effie Foster, Diana Glover, Kay Hale, Helene Holt, Evelyn Latta, Queen Annie Lawson, Flora McNeill, Jettie Moss, Lorene Newberry, Eva Parker, Frieda Simpson, Evelyn Sparks, Margaret Springer, Jo Switzer, Ruth Trapp, Wanda Turner, Madge West, Margarette Word, Mildred Wylie and Jo Y'Blood.

Winds lock up second 2-AAA win, 16-3 over Dimmitt

Dimmitt's goalline was hard to crack, but the Whirlwinds were able to push across on half of their threats Friday night on Wester Field — plus a fourth quarter safety — and the Mean Green defense handled the rest as the Whirlwinds racked up a 16-3 decision over the Dimmitt Bobcats, their second consecutive district victory.

The triumph pushed the Winds' record onto the plus side for the season: 4-3-1.

Just as they did the previous Friday in Muleshoe, the Green and White rapidly rebounded from a deficit to grab the lead, 7-3, in the initial stanza. They never looked back.

After Todd Durham's 25 yard field goal sailed through the uprights with 9½ minutes gone to send the visitors to the front, 3-0, Floydada struck quickly.

Following the field goal, Julio Flores returned Durham's kickoff out to the Floydada 27. Flores took a pitch from quarterback Ty Stovall and sailed 14 yards around left end. Fullback Joe Collins, a rapidly improving junior like two of his backfield mates, bulled his way for 5 before Julio burst free on a 37 yard jaunt to the 17. Collins found a hold right up the middle cleared by interior lineman David (Tater) Pyle, Darin Martinez, Greg Lawson, Jeff Smith and Roel Cisneros and sprinted 17 steps to put a "6" on the home side of the scoreboard. Smith, who has been virtually flawless on recent PAT kicks, made it 7-3 with his boot, which came

with 73 seconds remaining in the initial quarter.

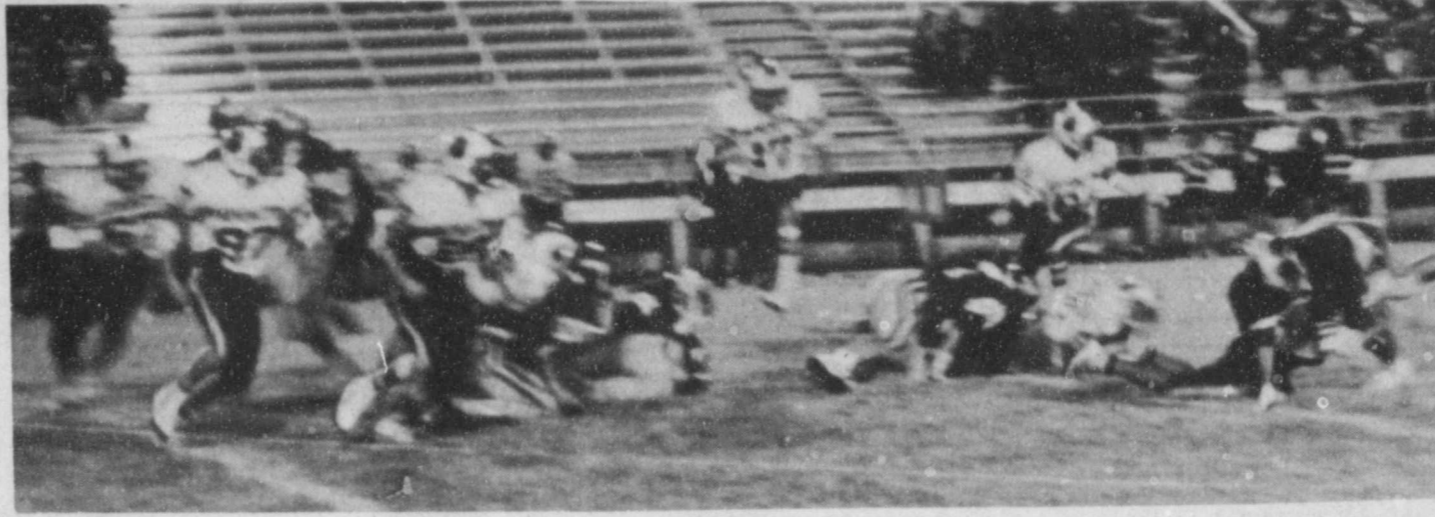

STOVALL SCORES

After twice being halted inside the enemy 10 in the middle two periods, Coach Joe Paty's crew added an insurance touchdown with 4:11 left in the game. Stovall faded to pass from the 5½ found his receivers covered and tucked the ball under his arm before slipping past two defenders enroute to the end zone. Smith again kicked true and it was 14-3.

Julio Flores set the final drive in motion with a 25 yard punt return immediately in front of the Dimmitt stands. After he had returned to the 41, Flores took off around left end on a 17 yard jaunt to the 24. Stovall gained 1 and Julio lost 1 before a Dimmitt off-side penalty and a 4 yard Stovall-to-Hector Flores aerial brought up a fourth-and-6 at the 15. The Bobcats again were offside, but it didn't matter as Julio stepped off 9 yards to the 6 for a new series. Three plays produced exactly nothing, and Stovall took matters into his own hands for the TD.

Pinned deep in their own territory, the Bobcats sent quarterback Ruben Martinez into shotgun formation from their 14. A low snap rolled into the end zone, and three white shirts were zeroing in on Martinez when he fell on the ball to surrender two points rather than six. The scoreboard went to 16-3 with 2:32 showing on the clock.

NEAR MISSES

Thanks in part to a sack by (defense end) Collins, the Bobcats punted early in the second quarter to the Floydada 27. Three big plays — a 19 yard gain by Collins, an 18 yard run which Stovall almost broke for a TD and a 20 yard scamper by Hector Flores — set the Whirlwinds up with a first down just outside the 10. Two attempts netted 7 steps to the 3, but consecutive losses forced the green shirts to walk away empty handed, back at the 10½.

The Whirlwinds squandered another golden opportunity to pad their lead shortly after intermission. End Anthony Brocato sacked Dimmitt quarterback Jerry Gonzales and stripped him from the ball, which Collins claimed at the

Bobcat 23.

Julio Flores took 13 steps around left end for a first just inside the 10. Stovall kept for 2 and 5½ to about the 2½ before the white shirts stormed Julio for a third down loss. Smith's attempted 23 yard field goal was wide right with 7:53 remaining in quarter number three.

The only two first downs produced in the second half by the youthful Bobcats came late in the third quarter on runs of 15 and 10 yards by sophomore Kevin Petty. A good hit by Brocato was instrumental in halting the effort at the Floydada 44.

WIND DEFENSE SHINES

This was the only time the Mean Green defense — led by linebackers Pyle and Noe Soliz, ends Brocato and Collins and cornerback Ray Morales — allowed Dimmitt to penetrate its terri-

tory in the final 24 minutes. Other defensive starters were tackles Ruben DeLeon and Leonard King, corner David Medrano, halfbacks Chad Pernel and Daniel Medrano and safety Ralph Casillas.

Pernel defended masterfully against a Dimmitt pass attempt into the end zone before the first quarter field goal. This was the Bobcats only serious threat of the night.

Soliz and Pyle had consecutive second quarter sacks.

The 1986 reversal of their grid fortunes by the Whirlwinds has totally fooled sports experts. Eight games into the season, they own a 4-3-1 record, are 2-1 in district warfare and remain in contention for 2-AAA honors.

Wind JV drops

In a Thursday defensive battle, Dimmitt junior varsity outlasted Whirlwind JV by a 6-0 count. This evened the locals' record at 3-3.

Whirlwind JV clashes against the Littlefield JV at 6:30 p.m. today (Thursday) on Wester Field in Floydada.

"Other than two long pass plays, the JV defense played an outstanding game," says Coach Mike Vickers. Defensive standouts, according to coaches, were Jacob Gaivan, Dana Cooper, Rolando Cisneros and Oscar Esquivel.

Coach Vickers says, "Offensively the Winds moved the ball inside Dimmitt's 10 three times but were unable to push it across." He termed Jason Brown, Rod Davis, Dana Cooper, Chad Quisenberry and Heath Robertson as offensive standouts.

Dimmitt wins seventh contest

Floydada seventh grade Breezers "drove the ball well" offensively but were unable to cross Dimmitt's goalline and dropped a close 14-0 match. "The whole offensive team played a good game," according to Coach Rex Holcombe.

The Breezers defense also performed well, only allowing scores on long runs, according to Coach Holcombe. He cited Kenneth Davis, Ruben Chavarria and Henry Hernandez for their defensive performances.

He said "The Breezers played a tough football game only to lose by a score of 14-0."

Floydada seventh grade plays this (Thursday) afternoon at Littlefield, with game time slated for 5 p.m. The eighth grade game follows.

FOOTBALL CONTEST

CONTEST RULES

Any Hesperian subscriber or individual above the age of 7 who purchases a Hesperian from a newsrack is eligible to enter this newspaper's weekly football contest, except employees of this newspaper.

To play, circle on official entry form the numbers of teams you believe will win this week's game. To indicate a tie, circle both teams playing a particular game. In addition, indicate in the tie-breaker football your guess on the total number of points to be scored by the two teams listed. Bring your official entry form to The Hesperian office or have mail entries postmarked before 5 p.m. Friday.

Three cash prizes are offered weekly. In the event of ties — the same number of correct games and equal scores on the tie-breaker — prize money will be shared among those involved in the tie. The tie-breaker score will be utilized only in the event of a tie.

In the contest to determine the season winner and the recipient of two tickets to the Nov. 27 Dallas Cowboys-Seattle Seahawks game in Dallas, each contestant will receive one point for each correct game selected on an official form.

Print name and address plainly on official entry form and double check that your choices of winners have been circled.

Enter one entry per person per week. Weekly winners limited to one per household.

SEASON WINNER Earns:

Winds in 'must' game at Littlefield

Friday night victory essential to retain playoff hopes

Continued from Page One
 most successful coaches, was named superintendent of Littlefield schools beginning this year, his longtime assistant, Lewis Boomer, was elevated to head football coach. Boomer went to Littlefield with Blakely 12 years ago.
 "We've just got to have this game," Coach Paty realizes. "But we know that any mistake can cost us six points against a team with Littlefield's talents."
 Littlefield owns the league lead with a 3-0 record, while Floydada, Friona and Tulia are 2-1 following the 28-21 upset of Tulia by Friona. On the final night of the regular season, Littlefield goes to Tulia and Floydada hosts Friona.

IMPROVING SQUAD

Although Coach Paty admits that his chargers were "a little flat" against Dimmitt last Friday, he believes "We've been playing good ball and are improving."
 Reviewing the Dimmitt match, he

says "We knew going into the game how big they were and that it would be a physical game. It (the 16-3 victory) was not that pretty from a spectator's standpoint, but we're happy to win and be in our present position. It's nice to win and not be sky high."
 The Whirlwinds "ran our options about as well as we can, all three of them," the Mean Green mentor points out.

Floydada's gridders continue to be plagued by injuries. "We're hopeful to have Clay (defensive tackle Lowrance) and Joe (offensive lineman Gonzales) back for Littlefield, but we're not sure yet. We feel Clay probably will be ready, but we're not sure about Joe."
 Lowrance sustained an ankle injury against Tulia. Gonzales has been out of action since early in the Lockney match.

Another lineman, Raymond Gutierrez, was injured against Dimmitt and, in Coach Paty's words, "we could ill afford it." Raymond appears to have a severely sprained ankle and he is very

doubtful" for action this week.
 The Whirlwinds are expected to call on "pretty much the same lineup" for their crucial Halloween night matchup in Littlefield.

COMPARATIVE SCORES

Comparative scores between the Friday night opponents verify that Littlefield will be a solid favorite. In fact, area daily newspaper sportswriters still are giving the Whirlwinds little attention in the title chase.
 The undefeated Wildcats waxed Post

34-0 to start their season and have not looked back. They rubbed out Abernathy 28-0, and followed with these victories: 52-12 over Slaton, 21-20 over Dalhart, 14-13 over Hobbs, N.M., 28-0 over Dimmitt, 23-3 over Friona and 28-6 over Muleshoe.

Whirlwinds had a strong performance despite a 20-14 setback at the hands of Abernathy on a fluke final play. They tripped Muleshoe 28-7 and Dimmitt 16-3, other common foes with Littlefield. Their lone district loss was 28-7 to Tulia.

Sherry Hale wins \$10 for grid contest win

Sherry Hale clipped other contestants' wings as she missed only three of 22 games to capture the first place check of \$10 in last week's Hesperian football contest.

Four other contestants submitted strong entries bearing only four incorrect winners: Heather Henderson, Bill Gray, Dell Gray and Paige Cannon. Based on the tie-breaker score of 19 (Floydada 16, Dimmitt 3), Miss Henderson earns the \$6 second place check. Her tie-breaker guess was 30 points. Bill Gray, with a prediction of 34 points, received the \$4 third place prize.

Mrs. Gray guessed 37 points and Miss Cannon predicted 38.

Receiving honorable mention with five incorrect winners of their tie-breaker guesses were: Blanco Crew (27); Bob Alldredge, Andy Hale and Franklin Harris (28); Leesa Brooks (33); Shannon Barbee, Pam Woody, Laura Hale, Deneen Marricre and Joe Copeland (35); Sheree Cannon (42); and Kasey Vickers (45).

Race for the overall season championship remains about the same. Jim Curtsinger, who has 131 points, retains a three-point lead over runner-up Sherry Hale, who has 128.

Staying close with 127 are Trudy Hazlett, Jean Hale and Paige Cannon.

Other contestants with season totals of 115 and above include:

- 125 — Dell Gray, Lisa Mosley
- 124 — Amy McCormick
- 123 — Bill Gray
- 122 — Weldon Emert, Sheree Cannon, Tiffany Gentry
- 121 — Dolan Hanna
- 120 — Wes Campbell, Brent Sanders, Bob Alldredge, Sheree Covington, Franklin Harris, Deneen Marricre
- 118 — Andy Hale, Rilla Sue Woody
- 116 — Steve Brooks
- 115 — Gene Lowrance, Keith Marricre.

FOOTBALL CONTEST

An error in the Oct. 9 issue scoring has been called to the attention of this newspaper by a contestant. It involved the St. Louis-Tampa Bay game, which was erroneously graded as a Tampa Bay victory instead of a St. Louis win.

In regarding that week's contest, Sheree Cannon — who missed only two games — was elevated from second to first place. Bryan Emert, previously termed as the winner, slips to second with four misses.

Moving into third is Don Warren, also with four misses.

Second and third places were decided on the tie-breaker, in which the Whirlwinds and Tulia scored 35 points.

Emert guessed 30 points. Warren listed 41 and Duncan Woody, who also

THIS WEEK'S GAMES

Thursday: Freshmen and JV host Littlefield, frosh game at 5 p.m.; seventh and eighth grade Breezers to Littlefield, seventh game at 5 p.m.
 Friday: Whirlwinds at Littlefield, 7:30 p.m.

Eighth remains undefeated, 7-0

Scoring on their first play here Thursday, the eighth grade Breezers remained undefeated with a 22-6 victory over Dimmitt. Kenneth Collins went around the right side for the touchdown. Harvey Espinoza made two-point conversion on a sweep around the left side. This was the only scoring in the first quarter.

Breezers own a 7-0 record.

Dimmitt scored during the second quarter on a 15 yard pass. The extra point attempt came up short, leaving the score 8-6. During the second quarter Collins intercepted two Dimmitt pass attempts and returned one 80 yards for a touchdown which was called back for blocking below the waist. Halftime score was 8-6.

In the third quarter the Breezers took the opening drive 60 yards to paydirt. The touchdown came on a 13 yard run

by Collins. Two-point attempt failed.

In the fourth quarter the Breezers added 8 more points to their total. A 1 yard run by Collins was good for the touchdown, and Collins passed to Brad Emert for the conversion.

Espinoza intercepted a pass to stop a Dimmitt drive during the fourth quarter.

The Floydada defense held the Bobcats scoreless during the second half.

"I was real pleased by the way the entire team came out and played the second half," says Coach Tim James. "They showed me that they weren't going to lay down and quit. It was a team effort in the second half."

Kenneth Collins, Harvey Espinoza and Brad Emert were named by their coach as offensive standouts. Defensive stalwarts were Collins, Pete Billegas and Chad Williams.

Wind frosh bow to Shallowater

"Our kids played really good" against a much larger opponent, Freshman Coach Mike Cocanougher says about his squad's 18-6 setback Thursday at the hands of Shallowater junior varsity. The contest was played in Shallowater, with the home team suiting out of 25 sophomores and 20 freshmen.

After a scoreless first half, Shallowater tallied to claim a 6-0 edge. Then the Whirlwind freshmen evened the score at 6-all before the Mustangs returning the following kickoff all the way for the go-ahead TD, late in the third stanza.

A long fourth quarter pass set up the final Shallowater TD, a one yard plunge.

Coach Cocanougher says Shay Heaton, who blocked a punt; Harvey Soliz, who intercepted a pass; Jay Mendoza and Adam Cates were defensive standouts. Center Ray Garcia, halfback Frank Suarez, fullback Soliz and quarterback Grant Stovall shined on offense.

Cross country

Manuel Suarez and Brad Saens paced the Whirlwind male varsity cross country team to a third place overall finish Oct. 11 in the Lubbock Invitational. Suarez finished eighth in a time of 17:41.83 and Saens was ninth with a clocking of 17:43.09.

Other members of Coach Mike Vickers' varsity squad and their times were: 22nd, Pedro Segura, 18:41.22; 29th, Daniel Medrano, 19:03.43; 30th, David Medrano, 19:08.12; 36th, Joe Suarez, 19:27.96; and 41st, Junior Dehoyas, 20:02.49.

The three junior varsity performers for Floydada were: Jesse Cervera, 20:12.46; Leif Younger, 21:19.74; and Roger Gonzales, 20:20.64.

Floydada girls finished fourth in the Lubbock Invitational cross country meet on Oct. 11 behind Muleshoe, Hart and Nazareth. Twelve schools participated.

FHS finishers included: 8th Angie Bertrand, 13:42; 10th Blanca Medrano, 13:47; 27th, Lori Christian, 14:32; 32nd, Gloria Vargas, 14:36; 71st, Trish Hanna, 16:26.

In the junior varsity race, Maria Lativa represented FHS with a time of 19:35.

Calculations and miscalculations of

Whirly and Windy

WINDY'S OPINIONS

Four right, none wrong and Whirly is hunting nuts to feed the squirrels. Seems they just can't get him the right answers. Found out the crystal ball he ordered and paid for has 3 holes in it. Recon some bowler couldn't get it to knock down pins so he found a cash market for it. (Might have been J.R.)

The Winds continue to show improvement week to week and are beginning to convince people they can win. All phases of the game will be tested this week at Littlefield, but look for there to be a surprise score at the final whistle. Winds keep hopes alive for playoff spot.

The Horns playoff picture may have about faded out, but they will be a factor in determining who is going to be the district's representatives. Horns win again.

Maybe a little more orange in my blood than I thought. Even though there are moving vans parked in front of Freddie's house, he is able to get a win when he needs it. What will the exes think if he gets to Dallas on January 1. Raiders still dream about going to some kind of a bowl, but the dream will become a nightmare by Saturday night. Horns get by.

Dallas looked very tough Sunday, but remember the team they were playing is 1 and 7. Offense will have all kinds of problems against Giants

defense. Giants offense will struggle but running game will be good enough to get the win. Giants will be in first place by Sunday night.

Whirly, if you will plug 2 or the 3 holes in your head and not listen to J.R., maybe you can do better.

WHIRLY'S OPINIONS

Too bad, Windy, the season is winding down and I hear you're only half through with that correspondence course on how to predict football games. Maybe you can finish it next year. Some kid called me on the phone last week and said that he was a fourth grader. He said that he had been consistently beating my record and then proceeded to offer his help. So, if I don't do well this week, I'm blaming him.

"Winds played a very good game against Dimmitt. I'm picking them to surprise Littlefield, as they continue to improve each week."

Lockney continues to keep themselves in the race with solid play. They still have a chance at the playoffs if things fall in place. Olton should be no match.

I'll have to go with the Longhorns over Tech, mainly because of Simmons return to the line-up for the Horns.

Should be really close with the Giants, but I believe the Cowboys will find a way to win again.

OF THE

Floydada Independent School District

The Board of Trustees of the FLOYDADA INDEPENDENT SCHOOL DISTRICT will meet at 8:00 a.m., on Saturday, November 1, 1986, in the Administration Office of the school district located at 226 West California Street, Floydada, Texas, to consider entering an order that trustees of the district be elected from single-member trustee districts or that not fewer than 70% of the members of the board of trustees be elected from single-member trustee districts with the remaining trustees to be elected from the district at large.

Registered voters of the FLOYDADA INDEPENDENT SCHOOL DISTRICT are invited and encouraged to attend and shall be given an opportunity to comment on whether or not they favor the election of trustees in the manner proposed by the board.

Heretofore, the school district board of trustees has appointed a Task Force of citizens in the district to study the single-member district issue and to devise a plan to propose to the school district board of trustees for adoption. The Task Force has met and has devised two separate plans, one of which it will present to the school board at the November 1, 1986, meeting noticed above. Both of those plans are available at the Administration Office at 226 West California, Floydada, Texas, for viewing and study by the public between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. All registered voters are encouraged to go by and study those plans.

At the school board meeting scheduled above for November 1, 1986, all registered voters will be given an opportunity to comment on whether or not they favor the election of trustees in the manner proposed by the board.

Mexican diet is risky and even deadly

The person who wants to lose weight fast, relatively cheaply, without exercise or attention to nutrition may think his dream has come true on hearing about the "Mexican Diet." Unfortunately, the rumors about this popular weight-loss plan from across the border often neglect to say that some people may have died from it, according to the Texas Department of Health (TDH).

Bob Henna, Director of the TDH Food and Drug Division explained that the plan actually is not a "diet," since the Mexican doctors who prescribe the plan seldom, if ever, discuss nutrition. What thousands of Texans pay for, Henna said, are prescriptions from the doctors in Mexico, and pills from Mexican

pharmacies. Patients have to buy the pills in Mexico since the drugs are not FDA (Federal Food and Drug Administration) approved in this country.

The cost for prescriptions and a month's supply of pills is between \$20 and \$25.

With some variations, the drugs are a mixture of stimulants, antihistamines, depressants, laxatives, diuretics, and a thyroid-type hormone. They usually are combined in three pills. Most often prescribed are Mexican brand names Redotex, Ponderex, and Moduretic. The predictable effects are loss of appetite, increased metabolism, and more frequent elimination — all leading to rapid

weight loss. The unpredictable side effects can be extremely high blood pressure, irregular heart beat, drug dependence, diarrhea, cramps, or metabolic upsets which can be life-threatening.

"Some people who were lucky enough to have had no other effects than loss of appetite and unwanted weight have made this plan popular. They are the ones who urge their overweight friends to try the plan, not realizing that another person, maybe one who already has heart trouble, diabetes, allergies to some drugs, or any of a number of other illnesses, might die from taking the pills," Henna said.

At least three deaths in Texas have been associated with the drugs, he said.

The doctors in Mexico are under no legal obligation to screen patients for dangerous conditions before prescribing the drugs, which are legal in Mexico. "Some of (the doctors)," Henna said, "require the patient to bring results of a physical exam from his own U.S. physician, but whether the results of that physical are heeded is sometimes questionable. We have reports of some doctors writing prescriptions for whole waiting rooms full of people at one time, without even talking to individuals," he added.

Quality control of both the suitability

of the drugs for a given patient and the condition of the drugs at purchase are outside the jurisdiction of U.S. authorities. There have been reports of parasites found in some pills patients have brought back to Texas. And although some of the drugs are manufactured by American-based companies in Mexican plants, FDA standards do not apply.

"Opinions over whether it is legal to bring the drugs into the United States vary," Henna said. "To our (TDH's) knowledge no one yet has been charged with possession of illegal drugs in connection with the weight-loss plan, but that doesn't mean it won't hap-

pen." The non-English packaging of the drugs, is by itself, a violation of FDA regulations, and at least one of the drugs is classified as a controlled substance.

"Legality is not the issue now," Henna said. "What matters is that some people become very sick and even die after trying this weight-loss plan. The least of victims' worries would be prosecution, but for them it is too late. The Mexican diet can be dangerous, and persons wanting to lose weight should follow their own doctor's advice, which is likely to mean a more healthy routine of exercise and eating the right foods."

Letter to The Editor...

Dear Mrs. Gilroy,

In response to Mr. Mike Reeves' letter published October 23, 1986 in the Hesperian, I would like to share with the community the FACTS regarding the hospital administration and Board's alleged "ignoring" of ambulance repairs.

I know of no single case in which an ambulance repair problem has been reported and not investigated and repairs made. Caprock Hospital District, through an agreement with the City of Floydada and Floyd County in 1975, agreed to operate and be responsible for the ambulance service. At that time the Hospital District purchased, from Moore-Rose Funeral Home, a '68 Pontiac Station Wagon and a 1971 Chevrolet for use as Ambulance Vehicles. In 1978, the Hospital District replaced the 1968 Pontiac Station Wagon with a 1977 Chevrolet Modular Ambulance, retaining the 1971 Ambulance unit as a back-up unit.

I think everyone who owns a motor vehicle knows that an older vehicle requires more care and more inspection. This is even more imperative if the vehicle costs in the neighborhood of \$35,000, as did the Ambulance purchased new in 1978. The purpose behind buying a modular unit was for the hospital to be able to dismount and repair, up-date, or replace the modular unit (patient compartment) when needed. The expected life of this unit was anticipated at 10 to 15 years at purchase.

During the fiscal period 10-1-84 through 9-30-85, the Hospital District expended \$736.00 on Ambulance repairs. This does not include another \$1,827.87 spent during the same period for fuel, oil, oil change, routine lubrication and routine inspections, plus an additional \$3,181.28 spent on new requirement and new equipment installation.

During the fiscal period 10-1-85 through 9-30-86, the Hospital District expended \$2,881.92 on Ambulance repairs and equipment installation. This does not include another \$2,025.64 spent during the same period for fuel, oil, oil changes, routine lubrication and routine inspections, plus an additional \$1,055.45 spent on new equipment and new equipment installation.

During these two and prior fiscal periods, the Hospital District has been quick to investigate and respond to any repair needs reported by the public, the ambulance volunteers, the ambulance coordinator, or routine service vendors.

The two ambulances owned and operated by the Hospital District have adequately served the needs of the Hospital Ambulance Service during the past decade. The most numerous complaint we receive regarding the 1977 Modular Ambulance, is its rough or stiff riding characteristics. During the 1984-85 fiscal year, the 1977 unit module (patient compartment) was dismounted and remounted using new heavy rubber bushings and new bracket bolts. New tires, tire balancing, and new shocks were purchased for the ambulances during the period October 1, 1984 through September 30, 1986. Most of the stiff riding characteristic is due to the suspension design of the vehicle chassis which must support about 10,000 lbs.

In the past month, ambulance volunteer workers have reported some problems with the 1977 Ambulance. This indicated to us that a thorough engine and/or drive-train inspection be made. On October 2, 1986, the 1977 Ambulance was taken to City Auto for an estimate of repairs to "any thing that might effect dependability or safety." On October 9, 1986, the 1977 Ambulance was taken to Oden Chevrolet-Oldsmobile for the same inspection and estimate. Both inspections and estimates did not reveal any thing that would affect highway safety. For dependability reasons, an engine, and drive-train overhaul was recommended based on over 65,000 miles and parts wear based on heavy commercial-type use. The Board of Directors met and approved the repairs on October 16, 1986, awarding the bid to Oden Chevrolet-Oldsmobile. The work has been scheduled with the repair department supervisor at Oden, Mr. L.B. Stewart, to begin on November 3, 1986.

The responsibility of operating and maintaining the ambulances is an important one, and an expensive one. The Hospital Administration or Board

has never ignored, much less "completely ignored" ambulance repairs called to either party's attention. Repair needs have been investigated and action taken in a timely manner with patient care and safety first and foremost in our minds.

The Hospital District has been actively soliciting donations from individuals, funding increases through patient revenue increases, and city/county subsidy increases for the past two years with much success of increasing patient revenues and the city/county subsidy. The cost of a new ambulance would be in the neighborhood of \$45,000. If the Hospital District were to purchase a new unit in the future, the 1977 Modular unit would most likely become a back-up and would still require routine maintenance and repairs.

The replacement of the 1977 Modular Ambulance was an item of discussion and study by the Board of Directors at the October 16, 1986, Meeting. The Board, at that time, decided to table the matter for further study and future consideration mainly because of the cost of new equipment.

A special thank you is due to the Hospital's Board of Directors for their gift of their time and energies to the betterment of your hospital, for their consideration and review of items of great technical/medical detail, for their tolerance of public opinion. A special thanks should go to them also for being able to operate a growing hospital with new programs on one of the smallest tax rates in the history of the Hospital District—.1648/\$100 evaluation.

A special thank you should go to

those who work together as a team in serving as Volunteer Ambulance Attendants and Technicians for donating your time for a vital community service. A special thanks to the Ambulance Volunteers and Workers who have also donated their time for fund-raising and for working the baseball concession this summer.

Anyone interested in making a special contribution specifically for a new Ambulance should contact the hospital Administrator or send their donation to the Attention of the Hospital Administrator.

Sincerely,
/s/ Guy Hazlett

The Therapy of Thanksgiving

By Earl Blair

As we approach this Thanksgiving season Paul's instructions in 1 Thessalians 5:16-18 are especially timely and meaningful. Paul asserts that the will of God is for us to have a grateful spirit - "Be joyful always, pray at all times, be thankful in all circumstances."

Just think of a few things for which you can be grateful: Daily bread, Christian friends, deliverance from anxiety and worry, victory over temptations, the love of God.

A pastor tells of a man who was on the verge of a nervous breakdown. He was an empty shell. Some one suggested that the way for him to avoid another breakdown was to practice the therapy of thanksgiving. He was told to make a list of all the people who had helped him throughout the years, and then he was to fill his mind with thanksgiving for all these people had done for him.

The third step was to sit down and write a letter of thanks to a person who had especially blessed his life. He thought of a school teacher - a very old lady. He wrote her and expressed how much he loved and appreciated her. Some days later, he received this reply: "Dear Willy, as I recall all the children I have taught over the years, you are the only one who ever took the time to write and thank me for what I did as a teacher. You've made me very happy."

The man was so thrilled by the reply that he wrote another and another until he had written in the neighborhood of 500 letters of thanks to different people. He discovered that during these months he had become a changed man. The therapy of thanksgiving had lifted him above himself and opened to him the secret of real living.

Let us be thankful.

Worth Mentioning

By Worth Howard

Halloween originally was a festival confined almost wholly to the church. The name means hallowed, or holy evening. Halloween--the eve of Saints on October 31st.

So in keeping with this Autumn festival, St. Mary Magdalen Catholic Church will be host to an All Saint's Carnival Friday, October 31 from 6:30 p.m. till about 10? Contests, fun and games with lots of food for sale. A door prize will be given and all are invited to share in the festivities. Costumes will be biblical dress or as one of the saints.

Customs and superstitions of Halloween have changed from the druid ritual of witches, ghosts, and eerie spirits

abroad. To our present "Trick or Treating," masking and costumes. Quoting from *The Customs of Mankind* by Lillian Eichler, published in 1924 long out of print; "ancient Druids believed the great lord of death, Saman, called together all wicked souls to inhabit the bodies of animals." Huge bonfires were lit to ward off the evil spirit.

"If the conscience gives rise to fear, and fear, to superstition." Watch out for all black cats who belong to witches!

For what its Worth, I have it from reliable "Sorcerers" that fun will be The Pass word at St. Mary Magdalen Church's carnival.

Happy Halloween

Senate confirms Tower, Brenner to CPB board

The Senate in a Saturday night session October 18, confirmed Ken Tower of Austin, Texas, and Daniel L. Brenner of Los Angeles to the Board of Directors of the Corporation for Public Broadcasting (CPB). They were nominated to the 10-member CPB Board by President Reagan.

CPB is a private, nonprofit corporation that develops noncommercial radio and television services for the American people.

Towery previously served on the CPB Board from November 1981 to March 1986, and Brenner, former senior advisor to Federal Communications Commission (FCC) Chairman Mark S. Fowler, succeeds Howard A. White. Their terms will expire in March 1991.

Since March 1986, there have been only five directors serving on the CPB board. The two appointments bring the board compliment up to 7 out of 10.

Ken Tower served as vice chairman of the CPB Board from September 1984 until March 1986. He was chairman of the Audit Committee from 1982 until 1984 and has served on the Finance, Budget and Development, and Mission and Goals Committees.

Towery is president and founder of the Sentinel Corporation, a Texas business and political consulting firm. He has broad experience in government, academics and journalism. From 1976 to 1979, he was assistant to the chancellor of the University of Texas System. He was assistant director and deputy director of the United States Information Agency from 1969 to 1976. Towery also served as press secretary and administrative assistant to U.S. Senator John Tower (R-Texas) from 1963 to 1969.

Prior to joining Senator Tower's staff, Towery served as capitol correspondent

with Newspapers, Inc., from 1956 to 1963, and as reporter and then managing editor for the *Cuero Daily Record*, a daily newspaper in Cuero, Texas, from 1951 to 1956.

Towery won a Pulitzer Prize in 1955 for his series of stories exposing fraud and corruption in the Texas Veterans Land Program. He is publisher of the *Floyd County Hesperian*.

A veteran of World War II, Towery served with the U.S. Army in the Philippines, where he was captured and interned as a prisoner of war for three and one-half years. Among other decorations, he holds the Purple Heart and Presidential Unit Citation with two Oak Leaf clusters.

Towery attended Southwest Texas Junior College and Texas A&M University. He is a native of Smithville, Mississippi.

One September mishap in Floyd County

Capt. L.A. Reinhart, District Supervisor of the Lubbock Highway Patrol District comprising of 21 counties said, "For the month of September, our troopers investigated four fatal accidents, 62 personal injury accidents and 65 property damage accidents. There were four persons killed and 62 persons injured in these accidents."

Sgt. Glenn Fant of Crosbyton stated, "In Floyd county, our troopers investigated no fatal accidents, one personal injury accident and two property damage accidents in the month of September. No persons were killed and one person was injured in these accidents."

'Mutual aid agreement' pact signed by Floydada, Lockney

Cities of Floydada and Lockney have signed a "mutual aid agreement" which would allow police officers to respond to "undercover or any type of assistance" which might be needed in an emergency situation.

Termed a "law enforcement interlocal assistance agreement," officials of the two Floyd County towns entered into the pact this Monday.

Pursuant to the stipulations allowed

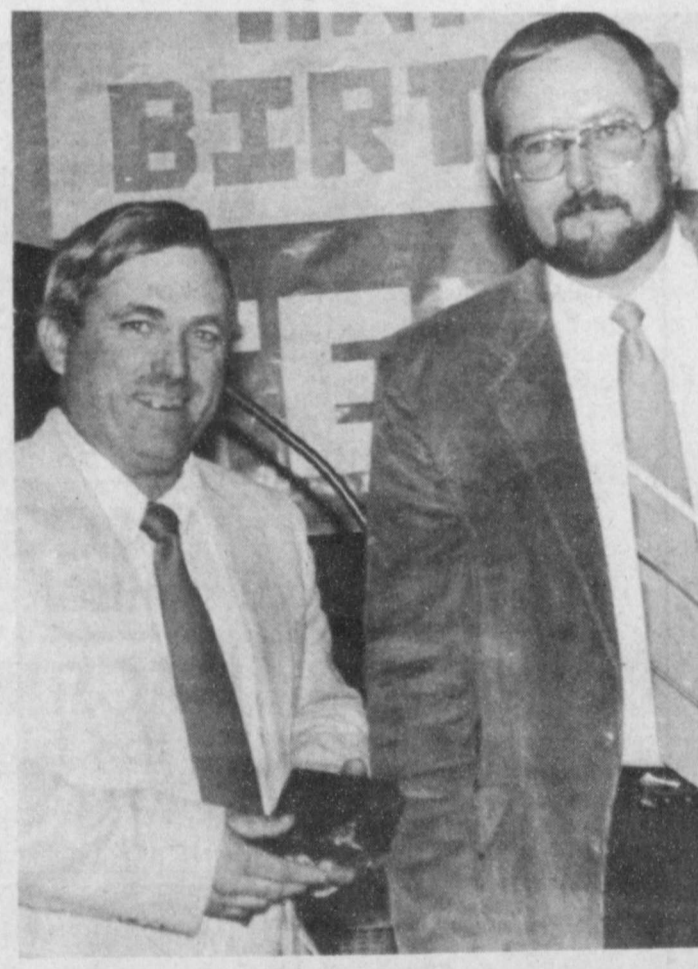

by state law, it allows for municipalities to "form a mutual aid law enforcement task force to cooperate in the investigation of criminal activity and enforcement of the laws of this state, and to provide additional law enforcement officers to protect health, life and property against riot, unlawful assembly accompanied by the use of force and violence, and during times of natural disaster or man-made calamity."

BALLOON FOUND — One of the approximately 100 helium-filled balloons released Oct. 7 by first graders at Duncan Elementary School during a science project was returned Monday morning by Joseph E. Simpson of Matador. Simpson said he discovered the deflated balloon Oct. 17 — 10 days after it was released — near a garden on his farm, four miles south and three miles east of Matador. Each of the balloons had an attached card which bore the name of a first grader, and the one found by the Matador man carried the name of Valerie Taylor, a student in Mrs. Farmer's 1A classroom. Balloons traveled in a north-northeasterly direction upon release, but Simpson remembers that a "cold front" the following day, Saturday, Oct. 8, caused a wind shift which apparently brought the balloon over the Matador area. This is the lone balloon returned to date. — Staff photo

South Plains News

By Mrs. Bonnie Julian

Oct. 21:

Mr. and Mrs. Jerry and Darla Chappell of South Plains went to Fort Worth, October 4, for the funeral of Loyce Hunt, Jerry's aunt, and the parents of Jerry, Mr. and Mrs. Ozell Chappell, of Floydada, accompanied them there for the funeral on Saturday morning.

Vicki McCormick is the new director of nurses at the Lockney Rest Home. Alice Leal is moving to Amarillo and Vicki will be the new director to take her place here at the rest home.

Mrs. Frances Kellum from up near Silverton visited Mrs. M. Julian at the rest home Friday afternoon of last week.

There was a meeting of the South Plains Church at the Lockney Rest Home on Sunday afternoon at 3:00 p.m. with a lovely service for everyone. Kendis Julian led the singing and Dr. Fred Howard gave the sermon. It was such a nice afternoon.

A visitor last week at the Lockney Rest Home was Mrs. Margaret Calahan on Monday afternoon.

Mrs. Bessie Jackson was in the Lockney Rest Home all last week. She was ill with a kidney infection.

Several members of the Lockney Rest Home worked at decorating the Lockney Rest Home walls all week. The place looks all frightful and scary now.

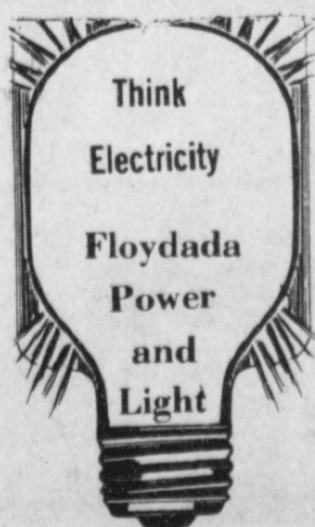

Mitzi Julian who attends Texas Tech University in Lubbock, was a weekend visitor here with her parents, the Kendis Julians. She attended Sunday school and church with them Sunday at the South Plains Baptist Church.

A new employee at the rest home in Lockney is Nina Thomas of Lockney.

Last Tuesday Diane Galvan and Laverne Munoz went to Lubbock where they attended an activity directors' meeting at 11:30 a.m. at the Western Sizzlin', while Laverne went to the 50 Yard Line Restaurant for an administrators' meeting Tuesday at noon. Saturday Diane went to an activity directors' class at South Plains College from 8-4 in Lubbock.

The rain which fell in Lockney to South Plains in our area was heavier that way to South Plains. All the lakes ran over and in South Plains Nathan Johnson's place looked like an isolated boat house. It was days before the rain all subsided. It was good that the farmers had cut most of their corn and the frost got the cotton all nipped.

South Plains Hobby Club met Friday, October 17, and went to Plainview for

Smokeless tobacco is popular among young

At a time when more Americans than ever before are breaking the cigarette habit, an alarming number of young people are turning to "smokeless tobacco," according to the Texas Department of Health (TDH). The long-term effects of this trend, health officials say, is expected to be a dramatic increase in the incidence of oral cancer, dental problems, and other serious health conditions.

The upsurge in popularity of snuff

and chewing tobacco use follows a period when it steadily lost its public appeal. From 1944 to 1968, smokeless tobacco production declined by more than 38 percent. However, tobacco companies regained 36 percent of their lost production between 1970 and 1985.

Ron Todd, Program Coordinator of the TDH Office of Smoking and Health, explained that research shows long-term users are at increased high risk of

developing oral cancer, and usually suffer receding gums. As their gums recede, users develop tooth decay, or teeth loosen without the support of surrounding gums.

A 1983 survey of 5,392 Texas school children who use chewing tobacco or snuff revealed that about 55 percent began regular use before age 13, and 88 percent had developed the habit by age 15. A national survey shows the average age when users first try smokeless tobacco is less than 11.

Commissioner of Health, Dr. Robert Bernstein said, "One of the most disturbing factors in the available statistics is that children in increasing number seem to believe that smokeless tobacco is not harmful. Being ignorant of the possible health threats of snuff and chewing tobacco, they are most susceptible to peer pressure and advertising promoting these products."

A recent national survey of smokeless tobacco users at the junior high level showed that six out of ten believed that

there was little or no health risk associated with snuff and chewing tobacco. Among high school users, four out of 10 thought they were taking only a slight health risk. About 81 percent of the users said they thought smokeless tobacco was a safer alternative to cigarettes.

Todd said the health risks associated with snuff and chewing tobacco were until recently overshadowed by "macho" advertising, primarily on television. "Since August, TV ads such as those featuring ex-athletes in western costumes in the great outdoors, have been banned from the airwaves as part of the Federal Comprehensive Smokeless Tobacco and Health Education Act," he said.

Congress passed the act in 1985, to become effective Aug. 28, 1986. Besides banning electronic media advertisements for smokeless tobacco, the act further requires warning labels on the products and in print advertisements, effective Feb. 28, 1987.

Floydada Nursing Home Happenings

By Florence Van Hoose

Monday morning devotions were by Trinity Church. The singers were Rev. G.A. Van Hoose, Mildred Franks, Clara Redd, Francis Rose, Lilly Cranford, Shirley Varner and Dartha Westbrook. The Rev. Van Hoose spoke from the 23rd Psalms. In the afternoon we had ceramics class and painted pretty pumpkins. The residents who painted were Iva Simpson, Addie Lindley, Gertrude Feuerbacher, Opal Morrison, Mavis Willson, Lucille Duncan, James Taylor, Myra Hall, Maude Galloway, Iva Wells, Charlie Spence and Faye McMahan.

Tuesday morning devotions were by Brother Neeley Richardson. "Thank you, for the devotions and also the

banana break." In the afternoon we had a good time of Bible study, sharing and prayer. We talked about miracles. We want to thank Ruth Duncan from Sunshine Sunday School class of First Baptist Church for bringing refreshments to all the residents and visiting with each one.

Wednesday morning devotions were by the Rev. Earl Blair. In the afternoon we had the weekly Bingo game. Jo Bryant came and called the numbers for us. "Thank you, Jo."

Thursday morning devotions were by Florence. Brother Curry was unable to be here. In the afternoon we watched a couple of good movies. We want to thank girls from First Baptist for making and bringing door decorations for each resident.

Friday morning devotions were by Letha Mulder, Lillian Ross and Mrs. Withers. We are enjoying Mrs. Ross talking to us about birds. In the afternoon we went on the bus ride to Plainview and were treated ice cream at McDonald's. The residents who went on the bus ride were Iva Wells, Faye McMahan, Opal Morrison, Della Halenck, Maude Galloway, Addie Lindley, Una Clark and Florence Curry. We appreciate Wilma Payne for taking us on the bus ride each week. We also appreciate all the ice cream donated to the residents.

This week's visitors included: Ruth Duncan, Bessie Wilson, Bobbie Rogers, Drea Kitchens, William Conwell Moneey of Springer, N.M., Mary Coleman, Ben Galloway, Peggy Medley, Pat Rucker, Loyse and Dusty Bradshaw of Lorenzo, Lucille Sisson, Frances Badgett, Justin Marble, Hazel Bradley, Helene Holt and Bill and Dell Gray.

Concert season begins tonight

Plainview Community Concerts for the 1986-87 season start Thursday, Oct. 30, with a performance by the Tennessee River Boys, country music at its finest, at 8 p.m. in Plainview High School Auditorium.

These seven young men have become one of the most sought-after attractions of Nashville's Opryland. Whether performing to live audiences, recording in the studio or making one of their major network TV appearances, the experience is always electrifying.

The second program for the season follows closely on the heels of the first with the presentation of The Gordons, duo-pianists, at 8 p.m. Tuesday, Nov. 4, in Herral Auditorium at Wayland Baptist University.

Admission to both concerts is by membership card from the Plainview, Dimmitt or Hereford Community Concert Associations.

lunch at Furr's Cafeteria and then visited the Running Water Arts and Crafts Fair.

Those attending were Mildred Hamm, Annelda Staples, Gleyne Earle Cummings, Dee Earle Sanders and Dee, Juanita Teeple, Helen Teeple, Rhonda Parker and son Drew of Marrero, Louisiana, Lillie Mae Milton, Jewel Fortenberry, Darla Chappell, Navolia Kinslow, Carolyn Marble and Neta Marble.

Lakeview News

By Joyce Williams

October 23, 1986:

The hurricane from Mexico has brought more rain to our community. Tuesday dawned cool and foggy and became heavy with rain by mid-morning.

Little Misses Alyssa and Ashley Core of Lubbock spent the week-end with their grandparents, Joe and Alta Thurston, while the girls parents, Sandy and Rob Core attended a church retreat. Joe and Alta will keep more grandchildren next week when all their daughters attend Homecoming at Abilene Christian University.

Mr. and Mrs. Carl Mooseberg attend-

ed the Sunday evening fellowship at the City Park Church of Christ last week-end.

Several farmers got their feed cut before the rain, including Greg Bishop on the Adams farm. The big round bales are ready for winter feeding.

D.C. Harrison reports about 1/2 inch of rain late Tuesday evening at his place.

Mrs. Riley Teague was also present Sunday evening for the church fellowship.

Roger and Gay Lynn Wineinger and Cody of Amarillo visited Saturday with her parents, the Weldon Hammonds. Keep your umbrellas handy, it looks like a wet week.

NOTICE OF PROPOSED REDUCTION IN AT&T's TEXAS RATES

The Public Utility Commission of the state of Texas has entered orders in two recent cases that would substantially reduce the charges which AT&T pays to the state's local telephone companies and which could allow AT&T to reduce prices for most of AT&T's customers on calls placed within the state of Texas.

The total amount of the reduction to AT&T's customers is expected to be between \$115.3 million and \$120.6 million. This is in addition to the \$19.8 million reduction in AT&T's Texas basic long distance prices that went into effect on March 1, 1986 and is in addition to the approximately \$2 billion in AT&T interstate price reductions that took effect earlier this year.

If the changes are approved, all of AT&T's direct dialed long distance, directory assistance, WATS and 800 service customers would be affected, and would experience a decrease in their prices for these services when calling within the state of Texas. The following tables show the anticipated impact of the changes on AT&T customers by service category:

Class of Service	Approximate Overall % Reduction	Approximate Overall Dollar Reduction (in millions)
Long Distance	9.2	\$ 68.4
Directory Assistance	20.0	1.0
WATS	29.1	29.7
800	19.9	21.5

The rate reductions are presently anticipated to occur in two phases on or about October 22, 1986 and November 12, 1986. The matter has been assigned as Docket Nos. 6926 and 7113. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene or participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf. A complete copy of the tariffs reflecting the potential rate reductions will be on file with the Commission on or before October 23, 1986.

Convenience Banking?

What's So Convenient About:

PAYING
higher interest on your loans?

EARNING LESS
interest on your savings?

PAYING HIGHER
service costs at banks?

LOSING
local control over banking?

SACRIFICING
