Justice Department OKs school vote plan

The "S-2" single-member voting plan for Floydada Independent School District, adopted Nov. 1 by the school board, has gained Justice Department approval. Superintendent Jerry Cannon said a Monday afternoon phone conversation informed school officials of the Justice Department decision.

The single-member system is being initiated this year and will be effective for the April 4 trustee election. In balloting that day, school board members from Precinct Three and one at-large position are to be named to three-year terms.

Under the "S-2" plan, five trustees will be chosen from single-member places or precincts and the remaining two trustees will be elected on an at-large basis.

FILING DEADLINE

Chamber banquet tickets available

Tickets went on sale this week for the annual Floydada Chamber of Commerce Banquet, scheduled for 7 p.m. Saturday, March 14, at A.B. Duncan Elementary School cafeteria. They are priced \$10 each.

Recipient of the Citizen of the Year award will be revealed at the banquet. This honor goes to an individual who is "active in all phases of the community."

Also to be revealed will be the Employer of the Year, sponsored by the Women's Division of the Chamber. Nominations may be made by securing a ballot at the CoC office and returning it by March 6.

Kenneth Wyatt of Tulsa, renowned western artist and speaker, will address the banquet gathering.

deadline for the school board election.

At press time, Adolfo Garcia and Bob Phillips had filed as Precinct Three trustee candidates.

Cyndiann Williams has filed as a

candidate for the at-large seat.

In the precinct elections, only residents of that respective precinct are eligible as candidates and only persons residing within that precinct are eligible

to vote.

Anyone in the Floydada school district may declare as a candidate for the at-large posts, and everyone within the district may vote.

108,811 county bales

Thirteen gins within the Floyd County boundaries have handled 108,811 bales of 1986 crop cotton, according to a survey conducted by the two county newspapers.

Totals from these same gins for the previous year were not available.

Area crop specialists believe that cotton in this county, particularly in northern sections, was among the best on the South Plains. For most of the South Plains, '86 production was well below normal.

Yields reportedly ranged up to and, in isolated cases, above two bales per acre in northwest sections of Floyd County. Despite devastating October rains, some producers in that area report producing their "best crop in several years."

Yields in certain other sections of the county were

reduced by hail, excessive moisture and an early freeze date.

According to information from the ASCS office, 143,726 acres were planted to cotton in this county.

However, production and ginnings will not parallel exactly because some cotton grown in adjacent areas of other counties was ginned in Floyd County and some crop produced in this county was processed elsewhere. Also, some planted acreage was "disastered" and not harvested.

Participating in the survey were: Brown Gin, Darty Gin, Floydada Cooperative Gins, Hendricks Barwise Gin, McCoy Gin, Scott Gin, Marble Bros. Gin, D&J Gin, Lockney Cooperatives, Lockney Gin, Sterling Gin, Crume Gin and Providence Gin.

Roster complete for city election

Three way race anticipated in District 4

With the passing of the final date for filing in the city election on February 18, the roster of candidates is now complete.

THREE WAY RACE ANTICIPATED

A three way race has developed in District 4 with Nancy Willson being opposed by Fred Thaxton and Wayne Dipton. This one year term is the only

position for which more than one person filed.

Current council members are seeking election to positions under the new specifications set forth in the single member district voting system being implemented in Floydada for the first time this year.

Don Green is on the ballot for the

council position in District 1, a one year post. Ginger Warren is seeking election to the council position in District 2 for a two year term and Leroy Burns is running for a two year term in District 3.

Parnell Powell has filed to run for the mayoral post. He has served as mayor of the community since 1973 and is unopposed in this bid for another two year term.

COSTS INCREASE

City officials point out that with the change to a single member election system and the separation of the city into four districts, expenses for the election will "nearly quadruple" due to having to maintain four polling places and four sets of election officials and supplies.

This added expense is the result of a minority lawsuit filed in December of 1985 to enable minority candidates in the city an equal opportunity to seek election to city offices and to allow minority voters the opportunity to elect a candidate of their choice to city post. These election expenses will be a factor in all future elections in addition to the

Now that things have settled down a bit, and now that people have found out what they can do when sufficiently aroused, we would like to put forward a suggestion or two for our citizen leadership, public and private. This will have to do with economic development, or at least steps in that direction.

But first some background: About a thousand years ago we started out in the newspaper world as a young reporter for the Cuero Daily Record. Cuero is the county seat of DeWitt County. Cuero had a population of about 8,000. DeWitt County had a population of about 20,000. Yorktown, in the same county and about 17 miles west of Cuero, had a population of about 3,500. Several smaller communities were spread around the county.

The adjoining county to the east was Victoria, with Victoria as its county seat. Victoria's population was some 12,000.

Settlement finalized in book suit

With the "order of dismissal" having been received from presiding judge Bill McCoy, final disposition has been made of a suit involving law books and legal publications. The suit, filed in 110th Judicial District Court, was billed as Jack Lackey, plaintiff, and Floyd County, intervenor, vs. George Miller, defendant.

The release and settlement agreement, initiated by defendant Miller, states that "Whereas, bona fide disputes and controversies exist between the parties, both as to liability and the amount thereof, if any, and the parties desire to compromise and settle all claims asserted in this case, and any other claim which might have been

asserted against defendant."

The defendant relinquishes "any right, title or claim which he has or might have to any and all law books and legal publications now in the possession of Floyd County in the Floyd County Courthouse."

The plaintiff (Lackey) and intervenor (Floyd County) agree to "release, acquit and forever discharge defendant George Miller from any and all claims, demands and causes of action of any kind whatsoever which all or any of the undersigned (members of Floyd County Commissioners Court) has or might have against the said George Miller arising out of or in any manner related to any act or omission on his part during his tenure as District Judge of the 110th District Court of Floyd County, Texas, or arising out of or in any manner related to the circumstances surrounding his resignation from such office and his removal of personal properties which he either owned or claimed from the Floyd County Courthouse, whether or not asserted in the above captioned suit."

According to records secured by this newspaper from the courthouse, the settlement included a \$5,000 check from the defendant to Floyd County. Legal and other expenses were incurred in the suit, all of which will be paid from this

sum. The total of these invoiced books was "just over \$10,000," according to information secured from the courthouse.

According to a Hesperian article on Nov. 6, \$10,197.76 in county funds were expended for the legal publications.

ORDER OF DISMISSAL

Judge McCoy's order of dismissal, received Friday by the district clerk, stated:

'Crack' found in speeding vehicle

An apparent routine stop of a speeding vehicle Friday night resulted in the discovery of 112 grams or "about four ounces" of a controlled substance.

Two California men riding in the 1982 Buick remained in Floyd County Jail early this week on charges of "possession of a controlled substance." Justice of the Peace Lowell Bilbrey set bond for each man at \$100,000.

DPS Trooper Dudley Speed of Motley County stopped the eastbound auto for excessive speed on Highway 70, about 16 miles east of Floydada. He became suspicious that more than speeding might be involved and searched the vehicle.

Under the back seat, officers found what was believed to have been cocaine or another controlled substance. It was individually wrapped and the blocks were in a single bag.

The Sheriff's Department and local DPS assisted with the investigation. Results of the analysis were returned Monday, and the substance was identified as "crack," according to Deputy Sheriff Raymond Hamilton.

\$112,000 STREET VALUE

An officer with the Drug Enforcement Administration, an agency of the federal government, told Floyd County Sheriff's Department that "crack" is purchased by dealers for "about \$400 a gram," compared with about \$150 per gram for cocaine. He explained that, after processing, "crack" is sold as "hits" — with a street value of approximately \$10 per hit. Each "hit" measures 100 milligrams and is consumed by smoking in a cigarette or pipe.

The DEA agent from Lubbock said each gram contains 100 "hits." Using this barometer, the California men's "crack" had a street value of about \$112,000. One of the newest forms of narcotics, "crack" is 95 to 98 percent pure. It is "much more potent than cocaine."

Local officers were told that a single "hit" of "crack" causes addiction. It is described as being "the most addictive drug known at this time."

WELCOME HOME — Dozens of friends welcomed the Rev. Earl Blair home Monday afternoon as he returned from Methodist Hospital in Lubbock, where he had been a patient since Dec. 2 and underwent surgery on six occasions. Friends placed yellow ribbons on vegetation from the canyon to the Blair residence and

erected "welcome home" signs on his garage door and house. The Rev. Blair, pastor of First United Methodist Church, is greeted by Jack McIntosh [arm around his pastor] and others as he prepares to enter his home. Mrs. Blair emerges from the couple's auto at right.

NO TEXAS TALE—Layne Kirk says this "famous horned rabbit of Floyd County" is authentic. The cotton-tail rabbit, recently shot by T.J. Coleman Jr., bore a horn on its head which "resembled a unicorn." Kirk, who photographed the rabbit which was held by Coleman, said it was "hard just like a horn." Coleman brought the rabbit into Kirk & Sons to show.

Victoria had aggressive community leadership, including a strong daily newspaper under a Publisher named Morris Robberts, and strong, progressive banks.

Back to DeWitt County: The war (WW II) was over and every little community in the county thought it was going to grow like a weed. Oil had been discovered in the county, in massive quantities, and many people thought that was all it took. As one might expect, they began to fight among themselves over every potential new business that might be drawn by the oil. While they fought each other Victoria citizens rallied around and landed one supply house after another.

By the time folks in DeWitt County realized what was happening to them the future growth of Victoria and Victoria County was assured. Now Victoria is over 50,000. But the point of this column is to note that they finally did realize what was happening and what they were doing to themselves. To cut down on some of the bickering and concentrate their energies they formed a county-wide Chamber of Commerce and Agriculture, made up of business and agricultural leaders from all over the county and all the communities. Each town continued to have its own Chamber of Commerce, as they should have. But they finally realized that they could get more done by pulling together than pulling apart. After all, a job 10 miles away is better than no job at all.

The enterprise worked well. The DeWitt County Chamber of Commerce and Agriculture became the umbrella organization under which many beneficial activities took place, particularly an effort to provide some degree of economic growth and stability to communities within the county.

We don't know whether the organization is still active as it once was or even if it still exists. Any organization is made up of people, and as the people grow old and tired the organization grows old and tired, unless it is continually refreshed by new people with new thoughts, ideas and energy.

But we have the feeling that something like that ought to be explored here. This county has an abundance of talent and leadership potential. By reaching out all over the county and bringing the very best we have to offer into an organization dedicated to improving the economic life of all our people, we just may make a difference.

Too we might be able to use an organization like that to support those elected officials who give leadership to efforts aimed at improving the economic condition of our community.

Without belaboring the point we would note that we are not the only community experiencing some economic difficulties. Down in Beaumont the other day a big rally was held to try to put some spirit into a community that has been suffering mightily. Beaumont's unemployment rate has been up around 12 percent for quite some time, one of the highest in Texas. The Mayor presided over the affair and it featured big shots from big corporations. Con-

gressmen, and just plain people. More than 6,000 citizens showed up to talk, listen, and pledge to do what they could to make things better. One of those called on to speak was a young fellow who began a nursery business from scratch only 7 years ago. He now has annual sales of over \$1 million per year. His name is Jung Thahn Doan. You have probably guessed it. He is a refugee from Viet Nam.

His message was simple. "I ask all of you here to believe in yourself and in our area."

I don't know what brought all this on, unless it was contemplating all those pictures of little folks in the recent "Valentine edition" of the Hesperian and the Beacon. They were a wonderful looking crop of youngsters, and one could not help wondering what they will face when they grow up. Will they have jobs? Will they have the support of a vibrant and growing community? Or will they have to go elsewhere to find some degree of financial security? Many of the answers, perhaps not all of them, but many of them, depend on us.

South Plains bus overturns

Minor aches and pains were the only complaints of the children riding in the South Plains school bus which overturned six miles north of Floydada on FM 207 on Thursday morning, February 19. The school bus, driven by Mrs. Staples, was transporting junior high and high school students into Floydada from South Plains.

According to Trooper Tony Arnold, "The bus started to slide on the slick roads, and the driver said when she hit the brakes the bus flipped over. One

City election

costs already incurred by the city in arriving at a settlement of the lawsuit in January of 1987.

No election was held in 1986 under a federal injunction obtained by the minority faction involved in the ongoing litigation. The now scheduled April 4 election is the first opportunity a minority candidate has had to run for election under the new system.

ABSENTEE VOTING

Absentee voting in the upcoming city election will begin on March 16 and continue until March 31. Anyone wishing to vote absentee can do so at City Hall during regular business hours during that period.

POLLING LOCATIONS

Locations within the four city voting districts where voters will be casting ballots on April 4 are:

- District 1 - Floyd County Courthouse
- District 2 - Firehall
- District 3 - First National Bank community room
- District 4 - Massie Activity Center.

The order was signed by Judge McCoy; Frank E. Murchison, attorney for plaintiff and intervenor; and S. Tom Morris, attorney for defendant.

Morris, who has an Amarillo law practice, replaced Plainview attorney David Teel as the defendant's attorney. Murchison is from Lubbock.

At the conclusion of a Nov. 3, 1986, injunctive hearing, Judge McCoy ordered the defendant to return all books previously removed to the courthouse. He issued an order that the county should match invoices with books and that Miller should make a strict accounting of all books he had previously removed from the courthouse.

Judge McCoy also ruled at that time that "any expenditure of public funds must remain with the public trust. All books paid for by the county must remain in the custody of the county."

Lackey's suit contended that "During Miller's term in office, Floyd County purchased certain law books and provided upkeep and supplementation thereof. These law books and publications were purchased at the request of Miller presumably for use in a county law library; however, these law books were housed in the Floyd County Courthouse in the judge's chambers under the executive control of then Judge Miller."

Miller served six years as district attorney and 10 years as district judge prior to his Oct. 3, 1986, resignation to enter private law practice in Plainview.

He contended that he entered into an agreement with the county governing body in February or early March 1976 that he would provide the original law library and that the county would purchase supplements and additions after that time. He contended that the agreement should have been expressed in minutes of the commissioners court meeting at that time.

The county paid for maintenance and updating of law books from March 6, 1976, through September 1986.

Miller said during the hearing that "As a matter of course," the books revert to the owner and not the person (or entity) responsible for their upkeep.

"I consider that I own the books and took them with me when I left (office)," Miller stated at that hearing.

Lackey, who served as county commissioner of Precinct Four until his recent resignation, filed the original suit. It was styled: "Jack Lackey, as an individual taxpayer and citizen of Floyd County, Texas, a county commissioner, Precinct Four, Floyd County, Texas, and as representative of the taxpayers and citizens of Floyd County, Texas, vs.

George Miller, Plaintiff's original petition for declaration and determination of ownership, reimbursement of funds, and injunctive relief."

The county later joined Lackey in the suit as "intervenor."

RELEASE-SETTLEMENT AGREEMENT

The "release and settlement agreement" states:

"WHEREAS, in the above styled and numbered suit JACK LACKEY, as an individual tax payer and citizen of Floyd County, Texas, as County Commissioner, Precinct 4, Floyd County, Texas, and representative of the tax payers and citizens of Floyd County, Texas, has asserted claims against Defendant GEORGE MILLER by reason of various alleged acts as set forth in his Original Petition and Supplemental Petitions; and

"WHEREAS, FLOYD COUNTY has intervened in said suit, has adopted the pleadings of Plaintiff, and has asserted claims against Defendant in behalf of Floyd County; and

"WHEREAS, Defendant GEORGE MILLER denies all of the allegations set forth in the pleadings of Plaintiff and Intervenor; and

"WHEREAS, bona fide disputes and controversies exist between the parties, both as to liability and the amount thereof, if any, and the parties desire to compromise and settle all claims asserted in this case, and any other claim which might have been asserted against Defendant;

"NOW, THEREFORE, IT IS AGREED AS FOLLOWS:

"1. In consideration of TEN DOLLARS (\$10.00) and other good and valuable considerations paid by Defendant to FLOYD COUNTY, the receipt and sufficiency of which is hereby acknowledged, and in further consideration of Defendant's relinquishment of any right, title or claim which he has or might have to any and all law books and legal publications now in the possession of FLOYD COUNTY in the Floyd County Courthouse, including specifically the following:

"a) Texas Digest, Volumes 10-B, 11, 17-A, 17-B, 21-A, 21-B, and the 1982 pocket parts to Volumes 1 through 42, and Volumes 23-A, 24, 29, 30, 33-B, 34 and

"b) Southwestern Reporter, 2d Series (Texas Cases), Volumes 525 through 706;

all of which rights, titles and claims the Defendant GEORGE MILLER does hereby expressly relinquish unto

FLOYD COUNTY; and in further consideration of the additional agreements hereinafter set forth, the undersigned hereby release, acquit and forever discharge Defendant GEORGE MILLER from any and all claims, demands and causes of action of any kind whatsoever which all or any of the undersigned has or might have against the said GEORGE MILLER arising out of or in any manner related to any act or omission on his part during his tenure as District Judge of the 110th District Court of Floyd County, Texas, or arising out of or in any manner related to the circumstances surrounding his resignation from such office and his removal of personal properties which he either owned or claimed from the Floyd County Courthouse, whether or not asserted in the above captioned suit.

"2. The temporary injunction entered in the above suit on November 10, 1986, shall be dissolved; the \$1,000.00 cash bond deposited by Plaintiff as a condition of said temporary injunction shall be returned to Plaintiff, and said suit shall be dismissed with prejudice with all taxable costs of court to be paid by Defendant GEORGE MILLER, which taxable costs he does hereby agree to pay promptly after the order of dismissal is signed and entered of record.

"3. It is expressly agreed and understood by all parties that this instrument is executed in compromise and settlement of disputed claims, and that the aforesaid relinquishment and payment of consideration by the Defendant GEORGE MILLER does not constitute an admission of liability, all liability being expressly denied.

"4. This instrument constitutes the entire agreement between the parties, and there are no collateral agreements, promises or representations by any party hereto or by any person representing or purporting to represent any party hereto.

"EXECUTED this 30th day of January, 1987."

Unreturned tape rental expensive

Rent for unreturned video tapes can be expensive.

A Crosbyton man, Anselmo Garcia Jr., reportedly rented three tapes on Feb. 2 from Ruben's Drive-In Grocery in Floydada and failed to return them until Feb. 18, when he was contacted by the Floydada Sheriff's Department.

Police Chief James Haie says Garcia was charged with \$118 in rental for the three tapes plus \$50 in court costs, a total of \$168.

Raul P. Mendoza was jailed of assault and being an illegal alien following "domestic violence" report at 114 W. Tennessee on Feb. 18.

Chief Hale and Deputy Sheriff Lennie Gilroy investigated the disturbance call.

Three cases of burglary of a motor vehicle have been reported to police within the past week.

Maximo Guzman of 226 W. Crockett (rear) told officers he discovered on that date that the stereo and two speakers had been removed from his '74 Ford van and the wing latch had been "broken off."

Guzman, who placed the theft and loss damage at \$225, said the vent window on the driver's side had been pried open.

Phyllis Harris of 128 W. Houston

found a garage door opener and a key to a Volkswagen car had been taken the night of Feb. 20.

The garage door opener was discovered by another woman in the back seat of her car the following morning and returned. It had been placed in the vehicle by an unknown individual or individuals, officers believe.

Brett Marble had an escort radar detector and a .22 single-shot rifle taken the night of Feb. 20 from his '79 Chevrolet pickup. Loss was placed at \$250.

Terry Neal Reeves had a 20 inch Sears "Free Spirit" 700 black and gold bicycle stolen from the garage of his residence, 429 W. Mississippi. The bike was valued at \$200.

A meter which controls the overhead entrance lights from the Ralls highway has been stolen from 114 W. Virginia.

Chief Hale noticed the lights were not operating Feb. 17 and Connie Galloway discovered that the city meter had been stolen. It was valued at \$100.

VCRs STOLEN

A woman, not believed to be a local resident, "rented" VCR machines from both Pay N Save and Shop Rite on Feb. 18. The VCRs were not returned when due the next day and the matter was reported Monday to police.

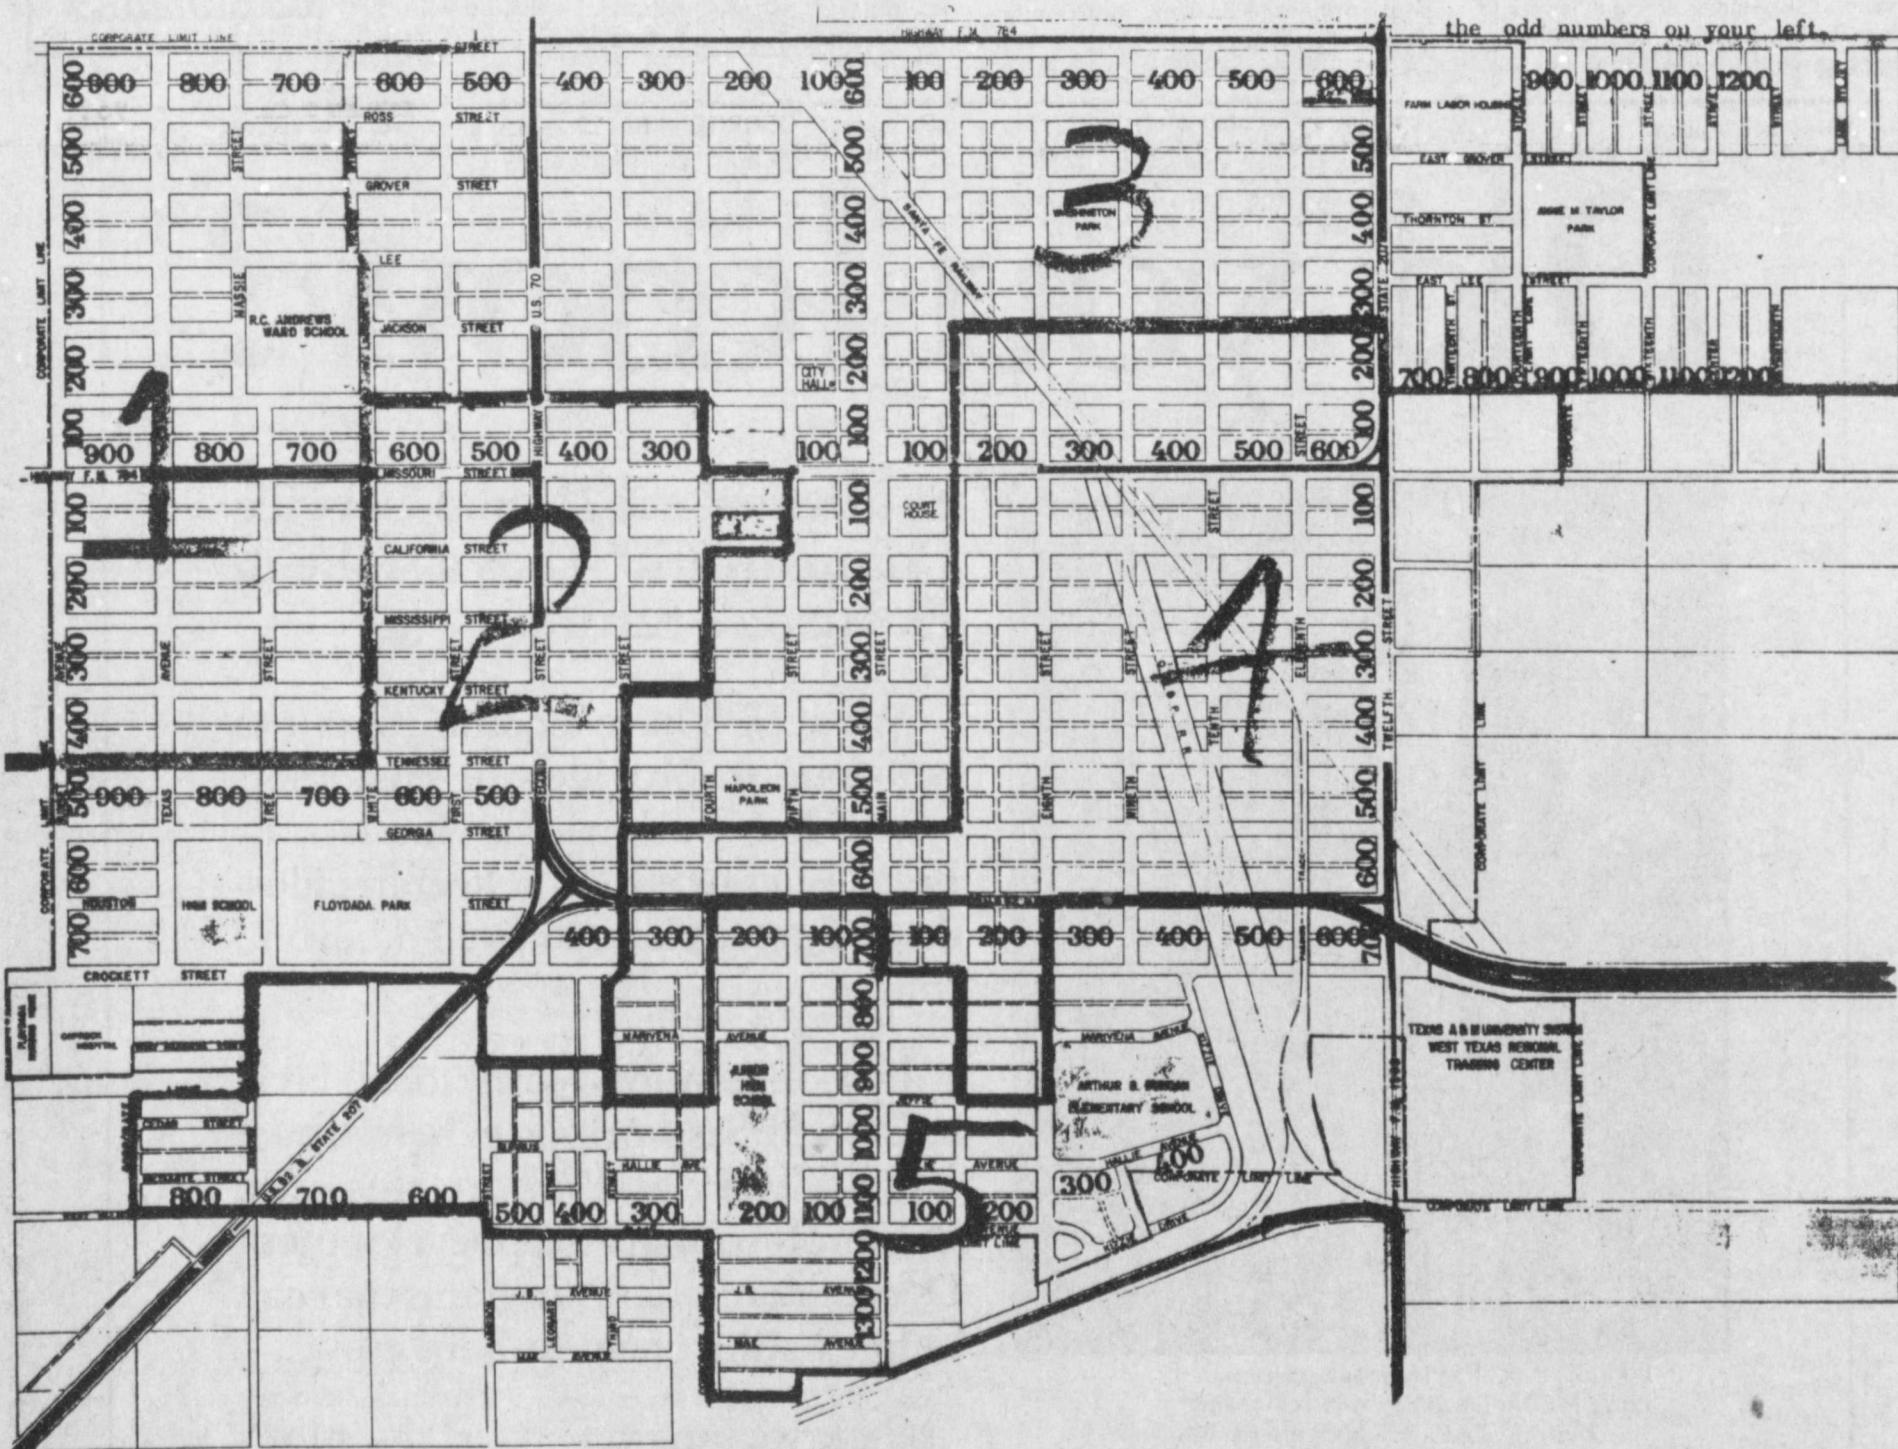

A tape also was "rented" at Shop Rite.

The investigation was continuing at press time. No arrests had been made at that time.

"That makes four (VCRs) rented and not returned in the last four months," Sgt. Harold Snell said.

Machines are valued at \$300 each and tapes at \$80.

Congressman Beau Boulter to donate pay raise to charity in 13th district

Congressman Beau Boulter (R-13) announced Feb. 19 that he is beginning the search for charities in the 13th Congressional District to which he will donate his recently-enacted \$12,000 annual pay raise. Boulter had previously stated that he would not keep the salary increase and would donate it to charities in the 13th Congressional District.

"Congress pulled a fast one on the people in allowing the pay increase to take effect," Boulter said. "I can not with a clear conscience, accept it. Rather than give the money back to the government to spend on programs I oppose, my wife and I want to give it to people in the District who truly need it and will use it for good purposes."

Boulter noted that his decision to

contribute the salary increase to charity would by no means deter him from his attempts to repeal the pay raise. Specifically, Boulter has become party to a suit challenging the constitutionality of the process employed to increase Congressional salaries. He has also become a co-sponsor of legislation calling for the retroactive repeal of the legislation.

Speaking of the Speech/Drama Club, many of the members are preparing for their upcoming trip to Odessa this Saturday. This group of students will be going to see the presentation of William Shakespeare's "Taming of the Shrew," which will be presented at Odessa's global theater.

Although the weather has begun to change, the ongoing activities at FHS have not. Students are still putting forth the energy required to make FHS #1.

Letter to The Editor

This letter is about the parking area at Duncan Elementary. I went to pick up my children from school the other day. I couldn't believe how everyone is parking now! I parked across from the school. Before I knew it I was surrounded by cars everywhere. Some cars were making two lanes and even three lanes. What concerns me is that I work and I can't go for my children every day! Sometimes, especially on warm days, they have to walk to their grandmother's.

As soon as that bell rings all the children are out and as soon as they get to their cars, the parent takes off making two or three lanes. Everything is moving so fast that I would hate to see what could happen if in an instant a child suddenly pulled out in front of a car! Especially my child!

At the beginning of the school year, each child was sent home with a pamphlet of all the school rules, also it had a diagram of the parking area. It explained how and where we could park and how we were to leave that area! It also said no one could double park! This was to protect our children from getting hurt!

Well, all this changed because of one city cop! (I won't mention his name but he knows who he is!) He decided he was above the law and he didn't have to follow any rules! The janitor went and told him, he couldn't make two lanes. He told the janitor he could park anywhere he pleased! To make a long story short, the janitor was told to let this cop park wherever he felt like it. Now everyone is parking wherever they feel like it too!

I'd hate to see one of my children get run over. This is why I'm writing this letter. This situation needs to be stopped before some innocent child gets hurt! If nothing or no one does anything

Oden manages Fast Freddie's

Judy Oden, the new manager of Fast Freddie's, is also soon to become a new resident of Floydada.

Judy, who became the manager of Fast Freddie's on Friday 13, will be moving this week from Plainview with her husband, Kenneth. Oden is a diesel mechanic in Plainview. Judy's two children, Kevin Ebeling 10, and Michelle Ebeling 13, will also join them in the move.

Fast Freddie's is also a newcomer to Floydada. The E-Z Mart, along with three other E-Z Marts in Plainview, was bought out by Gary Garrison in October. The stores are now under the supervision of the area supervisor, Witlaw Hunt in Plainview.

Mrs. Oden worked for Garrison in Plainview for a month before coming to Floydada. When she manages to find some spare time, Judy says she really enjoys fishing and sewing.

JUDY ODEN

Floydada and Floyd County meant a very great deal.

It has been 46 years since I graduated from Floydada High School and came to Plainview to attend Wayland College, but I still take the Hesperian and plan to continue to do so.

To the Hesperian, Mrs. Mayfield, Moore-Rose, Bro. and Mrs. Payne, Calvary Baptist Church, Park Florist and countless neighbors and friends: Thank you from the James E. and Fannie Green family. We shall never forget you.

Sincerely,
Victor E. Green

Have a good week!

School Week set for March 2-6

Texas Public Schools Week is coming up March 2-6, and Floydada Independent School District students are among more than three million young Texans planning activities to show off what they are learning.

"Parents are especially encouraged to visit the schools, have lunch with the children, and visit the classrooms," says Supt. Jerry Cannon.

This year, Texas Public Schools Week will mark the 133rd anniversary of the public school system in Texas and school districts will be using the statewide theme "Share Our Success."

Schools will also be open during regular hours for Public Schools Week visitors.

"More and more, we are coming to realize that the key to America's future lies in our schools," Supt. Cannon says. "We need successful, educated citizens to meet the challenge of the future."

"Public Schools Week is one way all citizens can participate in our local education system. It's our responsibility, as citizens of this community, to see that our schools maintain the highest educational level and that quality education for all students is continued," the superintendent adds.

'Work' in Overton's vocabulary

COACH EARL OVERTON

Staff Photo

The words "hard work" are not foreign to Earl Overton's vocabulary.

Overton, who has amassed a 141-54-6 record as head coach, stresses that "hard work" is important in the off-season program as well as during regular season. "It will be important for us, from now until the end of school, to improve our strength and quickness," says the recently hired Floydada school system athletic director and head football coach. "It will be important for each one (athlete) to make progress in those areas."

Coach Overton says he is "real enthused and glad to be back in this area. I am looking forward to working with Floydada kids and anxious to get started."

Asked his opinion about the athletic future in Floydada, he answered, "What I see, hopefully, is that we'll be very competitive in all sports and our program will be such that the kids will come away with a feeling of pride." He alluded to Floydada's "tradition."

The new Whirlwind mentor, who joined the system on Tuesday, Feb. 17 (that Monday was a classroom holiday) says it was important for him to assume his duties in Floydada as quickly as possible, although it involves being apart from his wife until this school term ends.

Ilius Overton will complete the 1986-87 school year in Port Isabel, where she is a public school English and business teacher. Mrs. Overton anticipates teaching in Floydada.

The couple are parents of two grown children — a son who works at Boys Ranch and a daughter who resides in Dallas — and have two grandchildren.

"We have a lot of loose ends," Coach Overton said after arriving in Floydada. One of those tasks, obviously, is getting to know the youngsters.

He had made no staff decisions at the time of the interview.

Coach Overton, who appears natural with a smile on his face, is a member of professional groups and First Christian Church.

He — and his successful record — are right at home in Floydada.

ALL-DISTRICT BASKETBALLERS — Four Whirlwinds have been selected to all-district basketball squads and three others have been given honorable mention. The cagers include: front row left to right, Ty Stovall, all-district; F.L. Williams, honorable mention; Chad Pernell, all-district; and Cornelius Campbell, honorable mention; back row from left,

Amanda McDaniel, honorable mention; Paige Cannon and Tana Perry, both all-district. Perry, Cannon, Campbell and Williams are seniors, and the other three are juniors. The complete all-district basketball squad will be announced when 2-3A squads have completed their playoff schedule.

'Please God, I'm Only 17'

By Andrea Reed

Since Springtime is just around the corner, many FHS students will be involving themselves in more and more activities, both school-related and non-school-related. Because many of them will be so involved, they will be driving more often. During the fun times that they will be active, they may tend to get a little reckless and pay absolutely no attention to what they're doing.

A while back, my grandmother gave me a particular article about a certain incident which was told about in the ever popular "Dear Abby" column. Naturally, I read the article and, when I finished, I did not have a dry eye. Because she gave it to me at a time when all I could think about was driving, it came to mean a lot to me. It was as if she knew that the time to give me the article had come.

Well, I hope that I am giving this article to you at the right time. I feel that it may help someone, someday to keep from having an accident due to recklessness. I hope that you will

encourage everyone else you know to read it and take it to heart like I did. The article which I am sharing with you is entitled "Please God, I'm Only 17" and it goes like this:

"The day I died was an ordinary day. How I wish I had taken the bus! But I was too cool to ride the bus. I remember how I wheeled the car out of Mom. "Special favor," I pleaded, "all the kids drive." When the 2:50 bell rang, I threw all my books in the locker. I was free until 8:40 tomorrow morning. I ran out to the parking lot, excited at the thought of driving a car and being my own boss. Free!

"It doesn't matter how the accident happened. I was goofing off—going too fast and taking crazy chances. But I was enjoying my freedom and having fun. The last thing that I remember was passing an old lady who seemed to be going awfully slow. I heard the deafening crash and felt a terrible jolt. Glass and steel flew everywhere. My whole body seemed to be turning inside out as I heard myself scream.

"Suddenly, I awakened; it was very quiet. A police officer was standing over me. Then I saw a doctor. My body was mangled and saturated with blood. Pieces of jagged glass were sticking out everywhere. Strange that I couldn't feel anything.

"Hey, don't pull that sheet over my head. I can't be dead. I'm only 17. I'm supposed to go out with the gang tonight. Besides that, I'm supposed to grow up and have a wonderful life. I haven't even lived yet! I can't be dead.

"Later I was placed in a drawer. My parents had to come in and identify me. Why did they have to see me like this? Why did I have to look at Mom's eyes when she faced the most terrible ordeal of her life? Dad suddenly looked like an old man. He told the man in charge, "Yes, he is my son."

"The funeral was a weird experience. I saw all of my relatives and friends walk toward the casket. They passed by, one by one, and looked at me with the saddest eyes I've ever seen. Some of my buddies were even crying. A few of the girls touched my hand and sobbed as they walked away.

"Please...somebody...wake me up! Get me out of here. I can't bear to see my parents so broken up. My grandparents are so racked with grief they can barely walk. My brother and sisters are like zombies. They move like robots. In a daze, everybody! No one, including myself, can believe this.

"Please don't bury me! I'm not dead! I still have a lot of living to do! I want to laugh and run again. I want to sing and dance. Please don't put me in the ground. I promise if you give me just one more chance, God, I'll be the most careful driver in the whole world. All I want is one more chance. Please, God, I'm only 17."

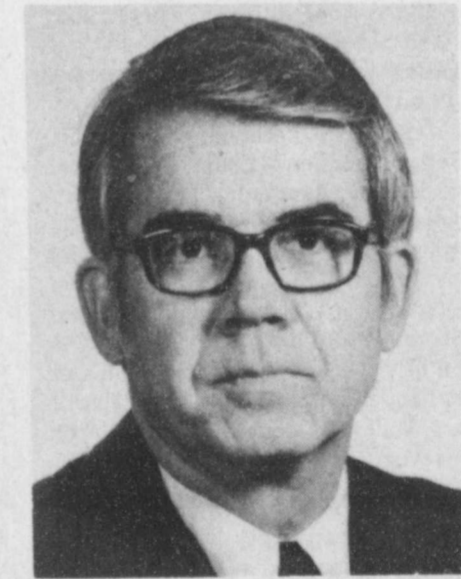

'Salute to Our Schools'

Howard R. Stewart, M.D., will present the keynote address as the Masons of Floydada commemorate Texas Public Schools' Week with a program at Floydada High School on March 6. Doctor Stewart, a Lubbock Radiologist, is chairman of the Board of Directors of the Scottish Rite Learning Center of West Texas, located in the Lubbock Scottish Rite Temple. The center's primary functions are the retraining of children with a learning disability known as dyslexia and the graduate-level training of teachers to meet the needs of these children.

In 1950, Freemasons of Texas created Public Schools' Week to recognize the contributions made by the free system of education in Texas. The involvement of the Masonic fraternity in Texas public schools actually predates the very existence of the state. Masons throughout Texas are justifiably proud of their unrelenting support for public education, and the members of Floydada Lodge No. 712 are honored to once again pay tribute to the school personnel of the community.

During this year's Sesquicentennial of the Grand Lodge of Texas, Ancient Free and Accepted Masons, Doctor Stewart is serving as the District Deputy Grand Master of the 93rd Masonic District.

His topic for the evening will be an interesting glimpse of Mirabeau B. Lamar, an early Texan Freemason and the second President of the Republic. Lamar is commonly referred to as "The Father of Texas' Public Schools." Others on the program will include Pam Lockwood and Alissa Wilson (piano selections), Rusty Galloway ("Our Constitution"), and several other notable guests.

Floydada Nursing Home Happenings

By D'Anna Westbrook

Monday morning our devotion was held by Manford Saunders. In the afternoon Rita Sauer brought our Bible study from the 3rd chapter of Ephesians.

Tuesday morning Bro. Neeley Richardson brought our devotion and bananas to all the residents. Later in the day we had our book club with Friends of the Library. Janice Lloyd read short stories to us.

Wednesday morning Bro. Russell McAnally brought our devotion. We played Bingo in the afternoon with Jo Bryant calling numbers. Those winning bananas and Bugles were Iva Wells, Myra Hall, Charley Spence, Gertrude Feuerbacher, James Taylor, Oda Birchfield, Estelle Eubanks, Opal Morrison, Thelma Hoffman and Della Halencak.

Thursday morning Tim Owens from Calvary Baptist brought our devotion. In the afternoon we celebrated birthdays for Iva Wells, Mamie Gray, Iva Simpson and Alta Marr. The City Park Church of Christ ladies brought cake and punch to serve the residents. Those serving were Lorilla Bradley, Elva Blum, Eunice Hardy, LaFaun Young and Vernola Hanna. We want to thank Williams Florist for providing corsages every month for the birthday residents

and the Hesperian for coming to take their pictures.

Friday morning Jo Bryant from St. Mary Magdalen Catholic Church brought our devotion. The snowy weather kept us from going on our bus ride, so we watched movies instead and ate popcorn.

We were sorry to lose J.P. Neasbitt this past week. Our sympathy goes to his wife and family. Olive Russell has moved to Plainview for further care. We will miss her. Don't forget our volunteer coffee Thursday night at 7:00 in the meeting room of Lighthouse Electric.

This week's visitors included: Winnie Neil, Lucille Daniel, Hazel Bradley, H.C. and Marge McElyea, Bessie Wilson, Janice Lloyd, Buck Galloway, Opal Kratzer, Rudolph and Iva McCurdy, Mr. and Mrs. Joyce Williams, Artie and Floyd Webb, Lucille Sisson and John and Christine Lyles.

BIRTHDAY CELEBRANTS—Floydada Nursing Home celebrated their February birthdays, Feb. 19. The honorees included: [l-r] Mamie Gray, Alta Marr, Iva Wells and Iva Simpson. **STAFF PHOTO**

February birthdays celebrated

By Lorilla Bradley

February is a month
Of love and hearts and flowers...
Let's add some happy birthdays
And spend some happy hours!

We greet our Mrs. Simpson
...Her years are 94...
May every one be better
Than those she's had before.

Mrs. Gray we're greeting
...She counts from '98...
For such a lovely lady
We wish a day just great!

We have another lady
...Her name is Alta Marr...
And may she keep on "hitching"
Her wagon to a star!"

For Mrs. Wells we're wishing
A very happy day...

With fun and friends and parties...
To cheer her on her way.

Let's serenade these ladies
With the same old birthday song...
So get your "vocals" ready
And sing out good and strong!

Thursday, Feb. 19, was party time at the Rest Home with ladies of the City Park Church of Christ hosting the festivities. The Hesperian photographer came for the picture taking after which all were ushered into the dining room. The table was laid with a white cloth and centered with an arrangement of silk flowers. Places for the honorees were marked with special birthday cards at the "honor" table. Each lady wore a fresh corsage, compliments of Williams Flower and Card Shop. The poem was read and all joined in singing the Happy Birthday song. A delicious

refreshment place of 7-up cake and angel food cake complimented with a delightful fruit punch was served to the honorees, residents and employees.

The next party will be Thursday, March 19, 2:30 p.m. You are invited to be with your friends and loved ones at this special time.
