## More new Christmas decorations prepared for Floydada streets

A sample of Floydada's yule decorations was erected Monday morning in front of First National Bank by the city's electric department.

The public — businesses and individuals — is again being given an opportunity to assist with the decorations by purchasing one for \$15, says Nettie Ruth Whittle, manager of Floydada Chamber of Commerce. The CofC is coordinating the Christmas decor project. Anyone willing to assist financially is asked to contact the Chamber office.

Southwestern Bell Telephone and Bishop-Ramsey Pharmacy have "kicked off the campaign with generous donations," Mrs. Whittle says.

Connie Galloway, head of the city electric department, which has once more volunteered to design and install the decorations, says 47 ornaments — Christmas trees, candles and canes — have been made. These and "about 70" other decorations made during the past two years will be installed

"probably starting the week of Nov. 23." They are to be erected in the downtown area and along the highway.

All previously used decorations, except for those made during the past two years, have been discarded.

Mrs. Whittle points out that all of the '87 decor has been financed by the community's citizens.

### YULE OPEN HOUSE

Floydada merchants are planning a Christmas open house, along with the first appearance of Santa Claus, on Wednesday, Dec. 2. Bill Smith, minister of music at First Baptist Church, will be directing the children's choir.

The new Miss Floydada, who will be crowned Nov. 21, is to have the honor of switching on the tree lights on the courthouse square late that afternoon.

The Chamber is planning to sponsor the traditional residential-commercial Christmas decorations contest.

## Administrators say high number of failing pupils non-participants

"We're having more non-participating (extra-curricular activities) students failing," in Floydada High, according to Principal Ronnie Wood.

When considering that 81 of the 325 students at the end of the first six weeks were failing and that a small percentage of these were involved in extra-curricular events, it is easy to agree with Wood's assessment.

Eight band members, one junior varsity football player, three ninth grade gridders and one ninth grade girls basketball player became scholastic casualties. No varsity girls basketball, varsity football or cross country

participant appeared on the failing list. This percentage is far below the 25 percent of the overall high school student body who failed to make a passing grade in one or more subjects.

Wood believes that youngsters who are involved in extra-curricular activities take pride in their participation, which gives them added incentive to maintain passing grades.

The FHS principal is mystified why the percentage of students failing one or more subjects at the end of the first six weeks is higher than last year. "I don't know that I could give a reason why," he says.

The failing list included 18 percent of the student body last fall, compared with 25 percent this year. However, records reveal that 26 percent of the students were on the list after the first six weeks in 1985. Perhaps the '86 fall was unusually low.

To further substantiate Wood's view about involvement, no varsity football player has been ineligible for the past two falls.

By classes, the failing list after the initial six weeks of the 1987-88 school year show 10 seniors, 11 juniors, 24 sophomores and 36 freshmen. Last fall, it was 10 seniors, 12 juniors, 17 sophomores and 19 freshmen.

## Ralls lads involved in auto thefts, burnings

Thefts of two vehicles in this county and one in Ralls last week is no longer a mystery. Two Ralls juveniles have been apprehended in the cases and have been turned over to juvenile authorities. One of the lads is 16 and the other is 15.

Yet another auto, a late model Ford, was stolen Friday night in Crosbyton and taken to Lubbock. It reportedly was wrecked. The two youths involved in the other thefts and three companions were involved.

A 1984 Ford LTD, owned by Johnny Riojas who resides 5 miles south and 1½ miles east of Floydada, and a 1976 Buick stolen in Ralls were both totally destroyed by fire. The other vehicle taken was a 1978 Buick Electra owned by Ebert

Parvin of Floydada.

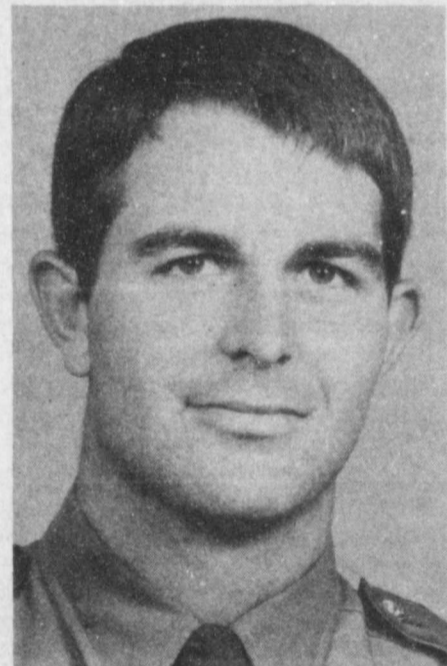

The Parvin vehicle sustained damage to its right side, apparently having been involved in an accident following the theft. The juveniles attempted unsuccessfully to burn it. Damage was estimated at \$1,300.

Ironically, the two vehicles stolen in Floyd County was discovered in Crosby County, and the auto taken in Ralls was found in this county.

Sheriffs departments from the two counties believe the autos were burned to eliminate fingerprints.

Sheriff Fred Cardinal says the vehicles apparently were picked at random. Each was unlocked.

Investigation continues in recent county burglaries. At least one suspect has been questioned.

## Postmaster Reckling assigned to Bonham

Continued on Page Two

Geary Reckling, the Floydada postmaster for three years "almost to the day," is being transferred to the same position in Bonham. He will officially assume duties there on Nov. 21.

Mr. and Mrs. Reckling will be closer to their children and grandchildren at Bonham, which is located 70 miles northeast of Dallas.

In addition, the Post Office is slightly larger, being a Level EAS 20 and serving 10 routes. Floydada is a Level EAS 18.

Bonham's population is estimated at 7,200. This is a "growth area" with several industries headquartered in or near the town.

Reckling says normal procedure is for an officer-in-charge to be assigned to a Post Office for approximately three

GEARY RECKLING

months until a new postmaster is appointed. Each postmaster is selected on a merit system, based on qualifications.

A postal official from outside of this office is expected to serve as officer-in-charge. However, personnel within the Floydada Post Office, as well as others, will be given an opportunity to apply for the postmaster position here.

Reckling became the Floydada postmaster on Nov. 24, 1984. He joined the postal service in Canyon, serving six years as a carrier and six years as a clerk there before being promoted to postmaster at Happy on April 22, 1978. He held that position until moving here three years ago.

The departing postmaster is a member and director of Floydada Lions Club.

## DPS Trooper Chris Ray assigned to Floydada

Trooper Chris Ray, 22, a recent graduate of the Department of Public Safety training academy, has been assigned to the Highway Patrol Service in Floydada.

Trooper Ray was one of 83 cadets recently commissioned as state troopers in graduation ceremonies in Austin. The Claude native assumes his new duties immediately.

He succeeds Trooper Tony Arnold, who has been transferred to Lubbock. Col. Leo Gossett, DPS director, says

"These men and women (academy graduates) were given an extensive 18-week course concentrating on the responsibilities of DPS troopers. They have been well trained to uphold the laws of this state in routine as well as difficult and dangerous law enforcement situations."

The DPS training course included instruction in traffic law, criminal law, arrest procedures, accident investigation and numerous other law enforcement related topics.

## Drug Abuse Month designed to increase awareness

"Everybody is under stress in this day and time," says Kathy Himes, branch office manager of the Floydada Counseling Center of Central Mental Health/Mental Retardation Center.

"Any phase we're feeling is part of mental health," Ms. Himes says. She explains that being happy, sad, depressed, moody, tired or "any type of feeling we have at the time is a phase of mental health." Just as "anyone who is happy is not crazy, and anyone who is depressed is not crazy."

"So much of our mental health is our mental attitude," she adds.

During drug awareness month (November), the public should focus its attention on this "growing problem."

Although many segments of this county's citizens fail to realize that a problem exists locally, information from the probation department, law enforcement agencies and MHMR personnel indicate that this attitude is naive.

"We have a growing problem with both drug and alcohol abuse," this newspaper was told. Basically, abusers "range in age from 25 to 50," but some have been as young as nine years. Some of the youngsters are involved in gasoline and paint sniffing.

More than one case has been noted of an individual spraying paint into a paper bag and inhaling from the bag. Anyone who believes this practice is not

addictive is wrong.

Few citizens can imagine situations which come to the attention of school, probation and MHMR personnel.

The youngest case in the memory of local officials was a nine-year-old who was turned to inhalants by a 17-year-old brother.

Although not a frequent happening, the local office of MHMR has investigated five cases of sexually molested children within the last four years. These youngsters have ranged in age from eight to 13.

"Sexual molestation is often alcohol related," Ms. Himes relates.

In such cases, treatment of the alcohol abuse precedes treatment of the sexual abuse.

### UNAWARE OF PROBLEM

Due to the confidentiality factor, few average citizens perceive that alcohol and drug abuses are "an ongoing problem. This community is not immuned." According to a recent article in the *Wall Street Journal*, the fastest growing areas of substance abuse are not in metropolitan centers but are in small, rural towns such as Floydada.

In fact, Floyd County shared the unenviable position with Lamb County of being second behind Hale County in the number of both alcohol (53) and drug abuse (4) cases in the Central

Plains MH/MR nine-county area.

"Kids are getting drug abuse crammed down their throats," an official told this newspaper. "They have to be tired about the subject, but they must realize the dangers involved."

Many teens believe that "This is my first time on drugs and it'll be OK," this newspaper was told. "But why take a chance?"

A relatively new drug known as "crack" is extremely strong and is almost immediately addictive.

A 19-year-old Floydada lad who is employed in Plainview came to the Central Plains MH/MR branch office in the Floyd County courthouse recently and was disoriented due to cocaine use.

Although it may be obvious to caseworkers that a client is "high," they are not empowered to have that individual committed or jailed "unless they present a danger to themselves or others."

In yet another recent situation, a 21-year-old man came to the local office seeking assistance. After having started smoking "pot" in high school, he had graduated to heroin and was an addict.

The man, who was involved in farm-related work, "hadn't had any drugs in four days and he was in bad shape. It's often hard to give up drugs without help."

### PARENT EDUCATION

In today's atmosphere, "it is important that parents must be educated"

about drug and alcohol abuse. Sym-

ptoms such as mood change, drastic drop

## Cross country runners off to Austin

"We're all walking on air around here," Coach Regina Smith said Monday. Her statement was well founded.

The entire Whirlwind girls cross country squad, plus the Medrano twins on the boys squad, will leave today (Thursday) with Coach Smith for Austin to compete in state trials on Saturday. They plan to return Sunday.

Coached by Gail Gregg and Ms. Smith, the Fightin' Whirlwinds girls squad will consist of Angie Bertrand, Lori Christian, Blanco Medrano, Deanna Watson, Trisha Pernell and Kerrie Pitts in state competition. Alternates are to be Angie Glasscock and Tiffany Gentry.

Miss Bertrand is the squad's lone senior. Misses Christian, Medrano and Gentry are juniors while the other four are freshmen.

"The kids set their goal to go to state early in the season and Saturday they accomplished that goal," Coach Smith says. "The kids had been beaten by Tulia in the district race and they knew

they would have to come back and beat them at regionals. We worked hard the two weeks between district and regional and it paid off. The kids did what they had to do and beat Tulia by three points." Tulia had edged out the Whirlwind girls by a single point for the district championship.

During regional trials, run Saturday at Mae Simmons Park in Lubbock, Floydada had 99 points, Perryton was the regional winner with 44 points, and

runner-up Dalhart had 66. In cross country, the team with the lower score wins.

Angie Bertrand again placed the Green and White. She placed sixth with a time of 12:33.

Other Whirlwind fem runners were (place, name and time): 25. Deanna Watson, 13:29; 26. Tricia Pernell, 13:30; 29. Lori Christian, 13:33; 30. Blanco Medrano, 13:34; 73. Kerrie Pitts, 14:40.

## Basketball starts Tuesday

Basketball season for Whirlwind squads officially makes its debut next Tuesday when Post varsity boys and girls and JV girls invade the Floydada gymnasium. The preliminary contest is scheduled for 5 p.m.

Coach Gail Gregg's Whirlwind girls scrimmage at Roosevelt on Nov. 3 and here Tuesday night against Lorenzo.

The Whirlwind boys of Coach Mike Cacanough will take on Crosbyton in varsity and JV games here Saturday afternoon.

Ninth, eighth and seventh graders launch their 1987-88 season next Monday, Nov. 16. Girls games are scheduled in the local gym and boys play in Muleshoe.

# Drug Abuse Month designed to increase awareness

Continued from Page One

in grades and loss of friends can indicate that an individual might have a drug abuse "or other psychological problems."

Especially during "Drug Awareness Month," in November, the public is encouraged to learn more about substance abuses.

During fiscal year 1986 (which ended Aug. 31, 1986, and is the last year for which complete data is available), the Floydada Counseling Center served 166 clients. An even 100 of these involved mental health disorders, nine were mental, four cases involved drug abuse and the remaining 53 cases were for alcohol abuse.

Kathy Himes, who is a volunteer member of the Central Plains Task Force on Substance Abuse as well as branch manager of Floydada Counsel-

ing Center, says approximately three-fourths of the alcohol and drug abuse clients referred to her office are served by adult and juvenile probation officers. This office serves Floyd and Motley counties.

Many individuals do not avail themselves of the center's services due to a fear of being seen by the public. Because of the "social stigma," even adults "hate to come in" for help. "If the probation officers sends them, they do come to this office."

### START YOUNG

Law enforcement, probation, school and other officials who work with youngsters realize that "lots of high school kids are drinking heavy" and that often the exposure to alcohol begins at an earlier age.

Why is the source of their alcohol

supply?

With younger children, it normally comes from "the family liquor cabinet."

As they grow older, additional sources become available.

"Anyone with a problem (alcohol or drug abuse, stress or mental disturbance) must realize that trained people are available who want to help them. All matters are handled confidentially."

Valinda Bolton, a therapist from Plainview, is available in the Floydada office each Wednesday. She holds a bachelor's degree from Baylor University and a master's degree in family therapy from Texas Tech University.

Ms. Bolton deals with a variety of situations and problems: parent-offspring relationships, adolescent substance abuse, families with chronic or terminal illness, domestic violence,

sexual dysfunctions, marital problems and others.

Personnel at the Floyd County office have seen "a decided upswing in farm family counseling" due to the area's agricultural economic woes. "We see several farm-related alcohol abusers" and others in need of family counseling, The Hesperian was told.

This situation has been particularly true within the past "two or three years" when stress among individuals involved in agriculture has increased.

A spokesperson tells of a wife who asked for printed materials from the Floydada Counseling Center to give her farmer-husband, who was under extreme stress.

Fee for counseling at the Floydada Counseling Center is \$35 per hour. This fee is adjusted using a sliding scale based on client income. In some cases,

individuals will pay nothing for services. This compares with \$90 an hour at the Lubbock center.

Central Plains Comprehensive Community Mental Health/Mental Retardation Center is "the last center to provide outpatient therapy." Branch offices are maintained in the area to serve the rural population. "Many indigent persons cannot afford to buy gas" to travel to a metropolitan therapist.

The Plainview-based agency is funded by the state to the tune of one-third of its budget. It has operated the Floydada office for eight years.

Due to the mobility factor, center personnel are available to counsel students at school although, they prefer to jointly counsel parents and offspring.

Caseworkers also travel to Matador if necessary to serve clients who are unable to reach the Floydada office and "if time permits."

"Counseling is available as frequently as needed," personnel states.

Group therapy is utilized in certain situations. "Last spring, we had eight people in group therapy." All had alcohol-related problems.

Are clients predominantly one age group, race or sex?

Officials note that a cross section of ages and races are served. However, "We have actually seen more males than females."

When discussing the 166 clients during fiscal year 1986, they point out that these figures are documented "in black and white. We don't pull figures out of the air."

Floydada Counseling Office personnel realize, however, that other persons are in need of services. For individuals with mental health disorders, those experiencing stress and alcohol and drug abusers the help they need is available!

## Commissioners court OKs Community Action request

Meeting in regular session for the month of November, the Floyd County Commissioners Court considered a request from Caprock Community Action Agency of Crosbyton for funding of \$122 per month. The agency asked for the funds to offset cuts in their budget by the federal government.

Representing six counties (Crosby, Dickens, Floyd, Hale, King and Motley), the agency provides several services including transportation and commodity distribution for residents falling within their established guidelines. The request for \$122 per month is targeted for use in handling the commodity distribution program in Floyd County. Monthly distributions are made in Floydada and in Lockney.

The measure was approved by unanimous vote on a motion by Floyd Jackson, seconded by Kay Crabtree. Joining the pair in voting in favor of the measure were Thomas Warren and Sam Spence.

The court also adopted a revised form to be used for farm work contracts at the Monday meeting. The new form will be put into use this month.

Advertising for bids on the preparation of the 1987 audit was also approved. Interested accountants will be asked to submit bids for opening at the December regular session on December 14.

Dee Sanders was appointed as lay representative to the West Texas Library System. She will be the Floyd County representative in that organization.

Judge Bill Hardin was prevailed upon to accept appointment to the board of directors for the Floyd County Central Tax Appraisal District. He will represent the county on that board.

County Treasurer Glenna Orman presented her October report. According to the figures she has compiled, the county began the month with a balance of \$169,948.30 and took in receipts of \$680,356.27. Expenditures totaled \$720,681.57, leaving a balance on October 31 of \$129,623.00.

Orman informed the court that tax collections are "already 43.66% complete after only one month of collections." So far, the county has received \$393,000 towards county funding for 1988. The money is currently in certificates of deposit until the first of January when it will be available for use in the new budget. The county has a

total of \$535,000 in cd's on which \$51,582.97 has been earned in interest this year.

Attending the November session were Commissioners Spence, Jackson, Warren and Crabtree, Judge Hardin, Glenna Orman, Margaret Herrera and the Hesperian reporter.

### RETURNS CANVASSED

Meeting in special session on Thursday, November 5, the commissioners of Floyd County canvassed and approved election returns from the November 3 General Election. This action officially verifies the vote totals and final results of the election in Floyd County. The verified results will be forwarded to state authorities for inclusion in statewide returns.

Two farm work contracts were approved at the brief afternoon session. They were requested by Joe Cunyus and S.C. Burleson.

Attending the called session were commissioners Floyd Jackson, Thomas Warren and Kay Crabtree. Also present were Judge Bill Hardin and the Hesperian reporter.

## Floyd homeowners may apply today for home repair loans

Guadalupe Economic Services Corporation, through grants from the Farmer's Home Administration, has established a program to provide low interest loans for home repairs.

Funds are available for major repairs such as roofing, plumbing, electrical, structural problems and handicap accessibility, to comply with standards.

The amount of the loan is based on 55 percent of the value of the home, with the maximum amount of \$5,000.00. Loans are repaid at 5 percent interest, with a ten year repayment schedule. County income limits are based on family size and combined yearly income limits for a family of two for Floyd County is \$13,300.00. Income, credit history, need for repairs and ability to pay will be considered.

Priority will be given to elderly, handicapped and to low income individuals. Each applicant should bring proof of homeownership such as Deed (must have been living in home for one year prior to applying.); income verification for 1986, such as W-2 form, 1040

**RAZORBACK FANS?** — Arkansas University Razorback athletic fans are nationally recognized as being "whole hog" for their teams. This mailbox, which is guarded by a red and white Razorback, was photographed by Sue Higginbotham in Jacksonville, Ark. It is in the same neighborhood with Sue and Alton Higginbotham, who moved early this year from Floydada to Jacksonville.

## Administrators say high number of failing pupils non-participants

Continued from Page One

### JUNIOR HIGH LIST

Junior high Principal Joe Christian agrees with Wood that "most who failed are not involved" in non-classroom activities. He estimates that 60 to 70 percent of youngsters who failed to make passing grades are non-participants in extra-curricular activities.

Approximately 25 percent of the eighth graders and 37 percent of the seventh graders were failing in one or more subjects at the end of the first six weeks.

Numerically, 40 seventh graders and 24 eighth graders were on the failing list from a junior high enrollment of 213.

Christian points to the adjustments seventh grade students undergo in their initial six weeks in junior high.

"Seven or eight" band members, 11 seventh grade footballers and five

eighth grade gridgers were named on the failing list.

### ELEMENTARY SCHOOL

For the first six weeks at R.C. Andrews Elementary School, 50 fourth graders, 44 fifth graders and 32 sixth graders were on the failing list after the

first six weeks.

Andrews had 342 students enrolled at that time, 104 in fourth grade, 110 in fifth grade, 118 in grade six and 10 in special education.

Duncan Elementary had 464 students enrolled after the initial six weeks period.

## Courtroom Activities

In the 110th District Court on Oct. 29, Billy Ray Burks, 27, of Floydada pled guilty to forgery by passing a check. He received 8 years in TDC.

Burks also pled true to two petitions for revocation of probation and received 8 year sentences on each. All sentences are to run concurrently.

Also on Oct. 29, Stacey D'Vorak Williams, 20, of Floydada, pled guilty to burglary of a habitation belonging to

Darren Boothe Gray. The burglary occurred on May 8, 1987. Williams received 20 years in TDC.

On Oct. 30, in county court, Sylvia Gonzales, 17, of Floyd County, was charged with theft. There was no disposition on this case.

On 11-2-87, Craig Williams, 18, of Lamb County, was charged with evading arrest. The case was dismissed on 11-6-87.

On 11-9-87, Marie Tijerina Aguilar, 43, of Plainview, was charged with DWI. On 11-10, Aguilar pled No Lo Contendre. The plea was accepted and he was fined \$400.00, 120 days in jail probated for two years, and court costs of \$90.50.

## Appraisal district accepts audit

During a brief session on November 5, the board of directors of the Floyd County Central Tax Appraisal District adopted the audit for the financial year which began in September of 1986 and ended in August, 1987.

The audit was prepared and presented by Donnie Cleary of the accounting firm Bolinger, Segars, Gilbert and

Moss. It was accepted on a motion by board member Fred Zimmerman III and seconded by Eddie Teeter.

Also addressed at the regular monthly session were routine matters such as payment of bills and the reading and approval of the minutes from the previous meeting.

# Ralls farmer Gary Ivey announces candidacy for representative

A well-known Crosby County man, Gary T. Ivey, announced Sunday that he will be a candidate in the Republican primary for the District 84 seat in the Texas House of Representatives. Ivey is a Ralls and Owens farmer.

GARY T. IVEY

The representative seat is currently held by Foster Whaley, D-Pampa, who will not seek re-election.

Ivey, 52, former Ralls Man of the Year and Floyd County Agriculturalist of the Year, will hold a formal news conference in the near future.

Edwin Moore of Ralls has accepted the post of Ivey Campaign treasurer.

"One of the main reasons I decided to get into this race is because I know the people in District 84 and the whole state are as sick as I am of all the taxes the past legislative session has put on us," Ivey comments. "Maybe if enough of us get elected in 1988, we can do something about it."

Ivey, 52, farms 2,000 acres and custom farms 1,600 acres of cotton, grain sorghum and wheat south of Ralls.

He is married to the former Jane Tanner. They have five children: Kelly, a Ralls farmer; Mitchell, a senior at Ralls High School; Frances Key, Arapaho, Okla.; Marvana Coggins, Abilene; and Vanessa Coleman, Ralls.

Ivey's election will be subject to the Republican primary to be held March 8. At press time no one else had announced for the position. Ivey will file formally with Republican County Chairman Ann McDonald before the Jan. 4 deadline.

Ivey is a member and former president of Ralls Lions Club and Ralls Chamber of Commerce and Agriculture; a member and former secretary, treasurer and director of Crosby County Farm Bureau; member of the Crops

Committee, Crosby County Extension Service and numerous county Extension boards; and a county director of Texas Pest Management.

The Ralls area farmer is past president, chairman of the board and all other offices of Plains Cotton Growers; a member of Boll Weevil Steering Committee and a trustee of High Plains Research Foundation. In addition, he is a founding director of Texas Ag Forum and an officer of Texas Pest Management Association.

Nationally, he has served as director and treasurer of Cotton, Inc., and served as chairman of the Audit Committee (inaugurated new accounting and auditing procedures) and serves as advisor to the National Cotton Council.

## BLOOD PRESSURE CLINICS

Caprock Hospital District Home Care Services is sponsoring free blood pressure clinics every Tuesday from 10 a.m. to 12 noon at the First National Bank community room.

# Burglary of residence reported here Sunday

A small TV, a Zenith VCR, rifles, jewelry and a word processor were stolen "between 2 and 7 p.m. Sunday" in a residential burglary in the 100 block of North First.

The house's back door was "pried open and damaged," according to Sgt. Harold Snell of Floydada Police Department. "The total loss was in the neighborhood of \$3,500," Snell said.

The resident returned home to discover the burglary. In addition, the individual found that the back bedroom had been ransacked.

Anyone noticing suspicious activity in this area on Sunday is asked to contact the police department. A Crime Line reward is available for this or other burglaries if the information provided leads to an indictment.

Ron C. Hawkins of Hobbs, N.M., was taken into custody about 6 p.m. Thursday for speeding. Chief James Hale found that the man's drivers license had been suspended and that a tail light on his vehicle was faulty. A

\$500 bond was set.

No injuries were reported in a 6:28 p.m. Monday collision in the 200 block of West Houston St. (U.S. 62-70).

A 1976 Ford LTD driven by a 16-year-old was traveling north on South Fifth. After waiting for an eastbound truck to pass, the vehicle pulled into the path of a 1975 Chevrolet driven by Kevin Drew Helms, which was westbound in the left lane, according to police.

The Ford sustained damage to its bumper and front corner of the right side, the front left segment of the Chevrolet, as well as "down the left side." Both were driven away.

Last Tuesday afternoon, Diana Wilson was pulling a 1979 Ford T-Bird into the drive-up window when the vehicle's brakes failed. This caused the car to brush its left door on a 1982 Mercury Cougar GS driven by Charlene Perry Smitherman. The Ford then hit a gas meter barricade and dented its bumper.

## Police appeal to public for information on crimes

Police Chief James Hale is appealing to the public who may have seen a vehicle or suspicious activity in the 100 block of North First Street or near that area Sunday afternoon to contact the police department. A residence was burglarized between the hours of 2 and 7 p.m. that day.

No matter how insignificant information an individual may have, it could be just the lead police need to assist in their investigation. The police department may be contacted by phoning 983-2834.

Investigations also are continuing in recent burglaries of Oden Chevrolet-Olds, Inc., and Ernie's Body Shop.

Combined losses at the three burglaries are in excess of \$11,000.

Names of those who supply information will be kept confidential.

Lawmen are attempting to protect the property of local citizens, and the public's assistance often is crucial to an investigation. "Any help at all will be greatly appreciated," Chief Hale says.

A vital tip might help clear up a burglary or other crime in which a neighbor or a friend has suffered a loss.

## Full classes in FISD lower grades

With a greater than expected number of students enrolling this fall, Floydada schools have had trouble staying within the state mandated 22-1 teacher-pupil ratio for grades pre-kindergarten through two, the school board was informed by Superintendent Jerry Cannon during the regular November meeting on Tuesday night.

The superintendent has asked the state for a variance during the fall semester. Historically, fewer youngsters are enrolled during the spring semester.

Since the mandate extends through fourth grade during the 1988-89 school year, Floydada Independent School District may seek federal funding for additional classroom space at R.C. Andrews Elementary. Also, local funds might have to be used for portable classrooms at Duncan Elementary.

Schools containing achievement test scores and grade levels, compared with the statewide average and area schools, were distributed to trustees. They were prepared by Counselor Sheree Cannon.

"We're pleased" with the findings, the superintendent stated. However, he noted that the study shows areas which need greater attention.

These graphics are posted in the school office.

Also discussed were dropouts. The superintendent said that although Floydada dropouts are far below the 33 percent (drops among students who enter high school) statewide, this is somewhat of a problem locally.

"Kids need success," Supt. Cannon said. Youngsters who are scholastically behind their peers and are retained in a grade frequently become discouraged, particularly if they must repeat more than one grade.

Teen pregnancy is another reason for dropouts.

### ADMINISTRATIVE PAY SCALE

Teachers, aides, secretaries and auxiliary personnel have an established pay scale in force, but no such scale exists for administrators, the superintendent said. A report prepared by Jimmie

Collins, administrative assistant, was distributed to trustees. It contained results of a survey conducted in September by the Dimmitt school system.

Without such a scale, Cannon said, the salary difference between administrators and teachers is decreasing. A continuation of this trend could in the future discourage educators from entering the administrative field, he added. Administrators do not have access to the career ladder, which is available to teachers.

In answer to a question, the superintendent said most area schools have some type of administrative pay school. A statewide scale was in force prior to the passage of House Bill 72.

According to information received by trustees, if the state awards no salary increase to teachers, the administrative — if operating under a pay scale — would likewise receive no pay hike.

Board president, Freddie Morren questioned the increase cost to the district should the administrative pay scale be adopted.

The matter was tabled until the December board meeting to allow trustee more time for study.

### AIDS POLICY

Texas Association of School Boards is recommending an AIDS policy for respective districts. Many Texas schools have adopted either the TASH policy or another similar policy.

This matter will also be discussed

further in the December session.

Supt. Cannon said a film dealing with AIDS will be shown to local high school and junior high students in the near future.

The board voted to honor a request for \$500 from the school to the juvenile probation board. After discussion, a motion was offered by Michael Hinsley, seconded by Don Hardy and unanimously adopted.

Beginning in December, the school board will return to its regular second Monday night meeting time. This will allow trustees an opportunity to view basketball games. Tuesday meetings are held in the fall so that trustees may attend Booster Club meetings.

### EARLY DISMISSAL

As has been the custom, trustees authorized dismissing the classes on Nov. 25 and Dec. 18 at 2:30. These dates are the final days of classes prior to Thanksgiving and Christmas holidays, respectively.

The group adjourned into executive session. No motions followed its return into open meeting.

The entire board — Morren, Weldon Pruitt, Charlene Brown, John Dunlap, Adolfo Garcia, Don Hardy and Michael Hinsley — was present along with Cannon, Collins, Joseph Stepp and The Hesperian reporter.

Also attending the executive session were school principals.

The numbers prove it. New Case IH MAGNUM tractors give you from 6 to 31% more hitch lift capacity than Deere models with similar horsepower.

That's more lift for more confidence with today's bigger, heavier rear mounted implements. And it's an important part of putting more work behind you faster with a new Case IH MAGNUM tractor.

New Case IH MAGNUM tractors also give you "Hitch Command" electro-hydraulic hitch actuation that saves time and effort at the headlands and with all soil types, implements and field conditions.

Just touch a switch to raise the hitch. Touch again and it lowers. Always to the exact raise/lower limits you pre-program... and at precisely the speed that optimum operating conditions require. And no other tractor has it.

## Spirit of Success

By Marti Jo Stepp

Football season this year has been a huge success for our school. Not only because we have had a winning season this year, but also because of the levels of spirit and pride it has brought forth in the students and faculty of the school and in the members of the community.

Even though our team will not be competing in the play-offs this year, I would like to take this opportunity to say that I am proud of each and every member of the team. I know they worked hard, and did their best. The team has played good, clean games, and that is something that we can and should be very proud of.

In agreement with me is math instructor and National Honor Society sponsor, Mr. Robert Lockwood. When talking with several members of the football team, he stated, "As a teacher of upper level seniors for many years, I've seen excellent football teams and poor football teams. And, it seems to me that the excellent teams have had several players in the upper level classes. That is because they aren't just

winner on the field, they are winners in the classroom also." Then, he looked at each of the members of the team, and said, "I give you applause."

Principal, Ronnie Wood, said, "We learned that things don't always work out the way we want them to, but, no one can take away the pride the football team has brought back into the school."

I realize that the members of the team are bound to be feeling a little bit down right now, and while I can understand that, I hope they don't feel that anyone else is feeling down on them. No one in their right mind could dispute the fact the guys have done their best at every game. I think that right now, we need to stand behind our boys, and let them know how we feel about them.

And, lastly, to the football team, I would like to bring to mind a familiar old cliché. "It doesn't matter whether you win or lose. It's how you play the game." Just remember that, and remember how hard you tried, and how hard you have worked this year to bring us the best season in a long time. We all appreciate it.

## Heart Association honors memory of loved ones

The American Heart Association of Texas helps Floyd County residents honor the memory of loved ones, neighbors or business associates through a gift of life.

Vicki Cates is this year's Chairman of

Floyd County's Memorial program.

"A memorial contribution is a meaningful way to tell the family of the deceased that the life that has just passed will continue to live on through the work of the AHA," Mrs. Cates said.

For a contribution to the AHA, Mrs. Cates sends an appropriate card from a donor to the recipient of the donor's choice. The person receiving the card also gets a thank-you card to mail back to the donor acknowledging the donor's thoughtfulness.

The program benefits many people. The donor is assured that a card will be sent to a friend or relative. The recipient receives a thank-you card that he or she can mail back to the donor. And the American Heart Association receives valuable support needed for its lifesaving efforts through research, professional and public education, and community programs.

"Besides the death of a loved one, a wedding anniversary, a birthday, or an illness, many other occasions can be remembered with a gift to the AHA," she said.

The sentiments on the cards are appropriate for a variety of occasions. "The amount of the contribution is not disclosed to the recipient of the card. The contribution can be from one individual or from many, such as a family or a group of employees," she said.

To make a memorial contribution or for more information about the AHA in Floyd County, contact Vicki Cates at 983-3717.

# Holiday Happening slated Monday

With Christmas as their theme, the Womens Chamber of Commerce will host the Holiday Happenings this year at Duncan cafeteria, Nov. 16, 1987, at 7:00 p.m.

Hales, Kids Klostet, The Palace and Sears will provide models wearing the latest winter styles to show those attending. Entertainment will also be provided by Kelli Whitten and Joyce Lipham.

Besides the public being able to feast on all the different salads provided to gain admission, there will also be holiday gift ideas on display by the following merchants:

Thompson's Pharmacy, Nancy Haggood, Kathy Green, Ann Glasscock, Sue's Gifts, Williams Florist, Vivians, Home Interiors, Coverall Corners and Joy Breed and Alpha Sigma Upsilon.

Also setting up booths will be: Builder's Mart, Darlene Stovall, Brenda Heflin, Nancy Graham, Abby Battey, R Photography, Summit Savings, Hales, Linda Phillips, Debra Fawver, 4-H, Ruth Walker and The Palace.

Everyone in attendance will be given "goodie bags" stocked by local businesses and door prizes will also be given away.

Admission to the event is \$1.00 plus a salad of any kind.

## Floydada Nursing Home

By Jo Bryant

Things have slowed down to normal once again. Tuesday, Bro. Neeley and the Mrs. came to share with us, we were glad to have her back. Bro. Neeley sang some good old songs once again and shared from Eph. 6. "Put on the whole armor of Faith."

At 2 p.m. the residents painted pumpkins. Wednesday, Bro. Earl Blair had to go to Odessa to visit his mother, as she is ill. We always miss him. We shared the devotional on St. Francis of Assisi, Prayer and Peace. Each was given a copy of the poem. Shared the word in Rev. 12:14.

At 2 p.m. the residents played Bingo. Those playing were: Myra Hall, Della Halencak, Opal Morrison, Brooks Callaway, Oda Birchfield, Charles Breeding, Burmah Probasco, Iris Dement, Iva Wells and Maude Galloway.

On Thursday, Bro. Travis Curry came and gave the devotional on Judges #3. At 2 p.m. was the Resident Council meeting. They decided to meet on the first Thursday of each month. Those on the council are Myra Hall, Mavis Wilson, Addie Lindley and Opal Morrison.

Friday we had morning coffee and juice break as usual and at 10:30 the ladies from the First Baptist Church gave the devotion. Evelyn played the

piano and we sang some songs. Mrs. Lillian Ross read from Ps. 31 and shared one of her jokes with us. Evelyn Latta gave the residents a Bible quiz. Myra closed the devotional with a prayer.

In the evening the residents went on a bus ride to Plainview. Wilma Payne took us. The Sonic Drive-In treated them to ice cream. Before we got to Plainview, the rain became heavy, but they enjoyed seeing the rain fall. Those going were Iva Wells, Della Halencak, Opal Morrison, Maude Galloway, Florence Curry, Brooks Callaway, Charles Breeding and Jo Bryant.

Our prayers and sympathy go out to the family and friends of Iris Dement, we will miss her.

Thanks go out to the 1934 Study Club, Harmony Club and Moore-Rose Funeral for contributing to the activity fund. It will go to good use for the holidays, to make the residents happy.

A thought: "If you don't climb the high mountain, you can't view the plain."

This week's visitors: Paula Bundick, Melinda and Chris Harris, Babe Dillard, El Paso, Texas, Bessie Wilson, Wollie Mae Smith, Artie Webb, Hazel Bradley, Evelyn Pierce, Mel and Marjorie Holcomb, Sallye Day, Roaring Springs, Stacey Westbrook, Lucille Daniel, Jon and Christine Lyles, Hale Center, Tex., Wayland Faulkenberry.

## 1950 Study Club explores safety

The 1950 Study Club met on Tuesday evening, Nov. 3, in the home of Lin Tipton for its monthly meeting.

The program "How safe are you" was presented by Cpl. Royce Williams, Lubbock Police Dept. He shared a slide presentation regarding some ways to protect ourselves and property from thieves. He answered many questions regarding weapons laws and making our homes burglar proof.

Names for the Christmas greeting pages were distributed to club mem-

bers. The cost is \$3.50. This is the club's only money making project.

Refreshments were served to Addie Assiter, Edris Edwards, Margie Fowler, Dell Gray, Marjorie McElyea, Doris McLain, Sue Moore, Shirley Morton, Carol Reese, Roberta Russell, Melba Vickers and Nettie Ruth Whittle. Hostesses were Lin Tipton and Charlotte Campbell.

The next meeting will be December 8 in the home of Carol Reese.

# Cedar Hill News

**By Carl Lemons**

Crop comments: Most of Cedar Hill's hay has been baled but bales continue moving to stocklots. The elevator at Cedar is operating on "We'll come when called" basis, however their doors have been open most of the time this past week. A few fields of milo need a little more drying time, and as it dries it is subject to damage by migratory waterfowl. Geese and ducks have done little damage in the last 20-25 years but sandhill cranes have done so much damage that some fields were never harvested. In an attempt to prevent losses this year John Dunlap has installed a detonating device to protect milo on the original Dunlap section and on the old Moore place. This device can best be described as an automatic cannon which produces a sharp, loud report similar to a shotgun blast, only much louder. The sound is produced approximately once each minute, sometimes oftener, as the result of a spark being introduced into a gas-filled chamber. The sound has been heard as much as four miles from the point of origin. If this gadget works Cedar's sandhill cranes will be lighting in Dougherty, Providence, or Sandhill.

A yield of 56 bushels of soybeans per acre is the highest reported in the community. Although a portion of one field is still drying, soybean harvest is virtually complete. Weather on the pinto beans has been near perfect, maybe a little on the cool side.

Trucks and trailers continue delivering stocker cattle to Cedar Hill's early sowed wheat fields. Wheat sowed in the last September shows excellent growth, but the roots are loosely anchored to the soil. This wheat must get a good soaking before developing enough roots to prevent grazing cattle from pulling it free of the ground. Some farmers are preparing to start pumping lake water on their wheat.

Joe Hinkle's bale of cotton from the Barker Chunn place mid-point between Fairview and Hill Crest was the county's first, and the closest to Cedar

Hill that has been harvested at present. Stripper repair and preparation for cotton harvest is visible at every farm shop you pass. Defoliation is the question that always enters the cotton growers mind at this time of the year. The economic necessity for keeping inputs low will answer that problem for most growers.

An error in the estimated cost of \$2 per pheasant was propounded in this column a week ago. Actually some of the birds, old enough to have developed sex distinguishing head colors, had a first cost of as much as \$5 each. Other expenses which must be prorated include the cost of feed, feeders, and even a license which is required to operate a hunting preserve. Leaving an area of rank growth around feeders large enough for protection would be of great benefit this fall and winter. Leaving a still larger area or, better still, long strips large enough to afford nesting sites and protection for 1988's newly hatched clutches of pheasant chicks would give the birds an opportunity to repopulate naturally.

Gladys Fortenberry and Patsy returned from a visit with daughters Paula Vick of Fort Worth, and Danita Clark of Wautauga on Thursday, Oct. 22. They were there when great-grandson, Preston Vick celebrated his third birthday on Tuesday, October 20.

Mattie Taylor Davis, of Plainview, and Louise Dunn and Ola Merriott of Hugo, Oklahoma visited in the Tom Fortenberry and J.A. Welch homes on Thursday, October 22.

On Friday, October 23, Mattie Davis and Peat Kelley visited the Frank and Dale Taylor families in Hollis, Oklahoma. They returned on Saturday.

While delivering Excel hay equipment in the Hereford area Tuesday, October 20, Durrell and Alpha Fortenberry stopped for dinner with Robin and Ruth. Robin was up and about the house but still very short of breath.

People passing the Phil Lemons residence just before Halloween were justified in doing a quick double take.

Those two characters out among the corn shocks and pumpkins sure looked like Phil and Vance leaning on their hoes. Raises the logical question, "Do the dummies look like them?" or "Do they look like a couple of dummies?"

Trick or treat out in the country just ain't what it once was, what with homes getting farther and farther apart. It doesn't make economic sense to drive five miles for a couple pieces of chewing gum. A motor pool arrangement helps, but a run into town where the kids can walk out their beats seems to be the trend of the times. Lots of country kids shifting to town but no town kids switching to the country.

Norma Welch experienced that barbed wire break we fence fixers were warned about and always dreaded. She was holding things in place with her left hand and driving the steeple with her right when the wire snapped. Several stitches were required on fingers and hand, a scratch on her leg required no stitches, but her Levis were a shambles. Through use of a rubber glove dish-washing goes on, and she promised the fence "I will return."

"Neighborhood Watch" is alive and well at Cedar Hill. When Carl Lemons' front and back doors were found fastened open last Wednesday afternoon but Carl was nowhere to be found a local APB was put on the grapevine. He was apprehended in transit on the road from Lockney to his home. He explained to interrogators that he had burned his turpin greens and was letting the smoke blow out of the house while he was gone to town. Big deal? Thanks neighbors, keep up the good work.

October 29, 1987: Time and doubtful progress claimed another of Cedar Hill's pioneer landmarks when the old Uncle Ceph and Aunt Ann Fortenberry house was destroyed by fire last Thursday. Long dreamed of and hoped for, the house was built in 1929. It was completed and occupied just a matter of days before the stock market crash of '29. The actual construction of the house was done by Uncle Ceph and Aunt Ann's children and older grandchildren. The work was supervised by carpenters Elliot Higgins and John C. Fortenberry II. Much of the wood was salvaged from their previous house which had been built around a one room story and a half structure that JC traded for and moved in from the Bill Ware section in extreme East Cedar Hill.

After Aunt Ann's passing in 1943 and the death of Uncle Ceph in 1951 Tom and Gladys lived there for a time. After Tom and Gladys moved to their new home, the house was occupied by a succession of temporary dwellers. Within a few years and the advent of irrigation, the water table dropped and the old well no longer furnished water. Standing vacant and at the mercy of termites the wooden columns supporting the superstructure above the spacious porches gave way and the ends of the roof slowly settled. No hint now of the vibrant living, of the spiritual influence once generated within the walls of this old house.

A constant shelter for circuit preachers, the school term home of single school teachers in days gone by. The house was a relic of the past, the memories of which are still capable of generating strong emotions. No longer tenable, now a hazard to exploring children, an outright eyesore, and a liability risk to the owner, one must concede that it was time for the old house to keep its trust with the torch.

The old house was a reminder of the fate of all material things, a reminder to all who aspire to an eternal existence how easily deterioration and non-use of one's talents and abilities, can render a lifetime null and void.

Our Father...keep us at tasks too hard for us, that we may be driven to thee for strength..From a prayer by Mrs. Franklin D. Roosevelt

Also, our chapter is selling \$1.00 chances on a "Kitchen and Bath" basket valued at \$250.00. The winning ticket will be drawn on December 14. All proceeds will go to help with medical expenses for Paula Porter, 15-year-old daughter of Ted and Mary Porter, who is suffering with cystic fibrosis.

Christmas is only six weeks away and plans are being made to distribute Christmas boxes to five families in Floydada.

Our November social will be a "Girls Day Out" on November 14. We will be going to Lubbock for the day.

There being no further business, the meeting was adjourned. Kathy Himes then led in a very interesting program on identifying our personalities. Refreshments were served by hostesses Brenda Watson and Jodie McGuire.

## Sorority discusses activities

**By Jodie McGuire**

Alpha Sigma Upsilon chapter of Beta Sigma Phi met at the community room of First National Bank Tuesday, November 3. Members attending were: Jan Poteet, Jodie McGuire, Emma Pate, Brenda Watson, Barbara Edwards, Sheila Carter, Karen Elliott, Rhonda Guthrie, Kathy Himes, Mary Ann Kelly, Sheryl LeCroy, Jan Nichols, Judy Schacht, Sheri Turnbow, Ginger Warren and Suzanne Wyrick.

The business meeting was conducted by Jan Poteet, president. Plans are being made to host a dance on January 30, 1988 featuring "Slow Motion" as the band. We have the MAC reserved for that night and hope that everyone will mark their calendars and plan to attend! All proceeds from the dance will be divided between the Ronald McDonald House and the Flight for Life.

## Glover presents travel program to 1934 Study Club

The 1934 Study Club met on Nov. 3 in the home of Margarette Word with Elizabeth Armstrong as co-hostess. In the absence of the president, Wanda Turner opened the meeting by leading the members with the club collect.

A nominating committee was appointed. These are Frieda Simpson, Jettie Moss, Lorene Newberry and Evelyn Sparks. Treasurer Effie Foster reported sending donations to the group's projects, Girl Scouts, Day Care, Wichita State Hospital and Girls Town. The Christmas party was discussed and names drawn for gift exchange.

Queen Annie Lawson presented Diana Glover, who gave a wonderful travel adventure in New Mexico. Diana made "us feel we were with her in every town, Indian village and mountain top as well as almost knowing the people in the stories." She suggested that wherever you plan to travel do become

acquainted with the places to know and the most interesting places to tour.

The next meeting will be Nov. 17 with Betsy Dempsey. Kay Hale will give a book review.

The hostess served refreshments to Mamie Bunch, Betsy Dempsey, Effie

Junior High hostesses for the Nov. 6, meeting of FHA-HERO were Olga Segura, Melissa Garza, Rhonda Garcia and Trixie Vick.

President Susie Segura conducted the meeting at 3 p.m. Friday afternoon in the CVAE Home Ec. room. The program was a candlelight installation of our new officers.

Each new officer held an unlit candle. They all stood in a half-circle around the

table. The room was dark except for one large white candle burning in the table center.

The teacher, Mrs. Joyce Williams, asked each officer in turn to give their best effort to the office their fellow classmates had elected them to serve. As each promised, they lit their candle from the white one, then placed it in a holder. Soon the room was glowing with brightly burning candles as a symbol of

our club loyalty. Each new officer was given a tiny emblem of their office on a chain to attach to their club pin. All new members were given FHA-HERO pins.

After the ceremony the hostesses served fruit punch and popcorn from crystal punch bowl and trays. The table was covered in red. A bouquet of red roses and the candles decorated the table.

The Floydada High School Future Homemakers of America-HERO met in the Home Ec room Friday morning, 9 a.m., Nov. 6. The president, Elvia Huerta, conducted the business meeting. Donna Cooper, song leader, led the group in reading the club creed.

During the program the chapter advisor, Mrs. Joyce Williams, instructed the new officers in their duties. They stood in a semi-circle around the red draped table. Each officer held a tall unlit taper. As each person's office and duties were described the student pledged their effort to uphold their responsibility, then lit their candle and

placed it in the crystal holder. They were each presented a bronze symbol of their office to attach to their FFA-HERO pin.

New club members were presented their club pins. All officers, president; vice president Josie Rosales; secretary Rachel Boyd; treasurer Janie Sanchez; reporter Lisa Galvan; songleader; historian Kellie VanCleve, and sgt-at-arms Marcus Riojas, also wore embroidered patches featuring the club emblem.

An arrangement of the official flower, red roses, centered the candles. After the ceremony hostesses Janie Sanchez, Josie Rosales, Rachel Boyd and Donna Cooper served iced cokes and popcorn to members.

# Determined Winds score tie in final minute

"This is what we worked so hard for all year," a Whirlwind junior varsity player remarked as the Green and White battled both Friona and the clock Friday night on the Chieftains' turf. "This is what football is all about!" he remarked, partially to himself.

Only 21 seconds showed on the clock, which was winding down to its final ticks. A good Friona squad, owning a 7-0 lead, was attempting to either hold off the determined Whirlwinds or contain them until time expired.

Quarterback Corey Bates handed to fullback Johnny Taylor, who charged ahead behind the surge of his offensive line — Shane Orman, Roel Cisneros, Adam Cates, Greg Lawson and Dana Cooper. Taylor was running like a runaway locomotive and nothing was about to halt his progress until he had reached the end zone.

A cheer emerged from the visitors' stands as an official signaled "touchdown." The clock had slipped down to 18 seconds, and the Friona advantage was trimmed to one point: 7-6.

As he had frequently during his senior campaign, Bates calmly split the uprights with his PAT kick and the two district rivals were in a dead heat: 7-all.

Bates' kick was fielded by Stephen Thornton, who returned to his 41. The Chieftains' sterling quarterback, Daniel Echols, was thrown to the turf by freshman Kenneth Collins for an eight yard setback. With a mere six seconds

remaining Echols was rushed as he attempted a final, desperation pass. As it fell harmlessly out of bounds, the clock had ticked off its final second and the game went into the record book as a 7-7 deadlock.

## LITTLEFIELD UPSET

The Whirlwinds headed for the dressing room, anxious to learn the Littlefield-Tulia outcome. A victory by the state's third ranked Littlefield Wildcats would send the Fightin' Whirlwinds into the playoffs. What a difference seven days make; last week they were battling the Wildcats on Wester Field and tonight they were rooting for them.

Then came the news of a Tulia upset, which meant that Tulia and Littlefield would advance to the playoffs!

Despite that disappointment, the Whirlwinds have every reason to hold their heads high following an outstanding 7-2-1 season, their first winning campaign in several years.

Several times the Winds seemed destined to put points on the scoreboard Friday night, but each time a penalty or a fumble stalled their offensive efforts. They seemed destined to score in the third stanza, but a fumble 13 yards away from paydirt slammed the door in their face.

But the same thing has happened to the red shirts. Echols raced 11 yards on the first play of the second quarter

before Taylor knocked him out of bounds a short yard away from the end zone. But on the following snap, the pigskin squirted free from a Cheftain, and Whirlwind linebacker Danny Caballero scooped it up to thwart an almost certain Friona TD.

## SECOND QUARTER TD

Friona put its points on the scoreboard just before intermission. The Chieftains started at the Whirlwind 38 following a 14 yard punt into the face of a stout breeze. The red shirts' one-two punch of Echols and fullback Ben Osborn ground out yardage. Echols kept for 9, Osborn plowed for 6, Echols made 11 and Osborn went for 3. For a change of pace, tailback Cody Bracken's number was called and he gained 3 before Echols slipped around left end for the final 6 steps for the touchdown. Cody Burney kicked true and the host squad owned a 7-0 advantage.

Just as the Whirlwinds would do in the final quarter, the Chieftains raced the clock to get their points before halftime. Forty-six seconds showed when Echols scored.

The wind was a factor in the contest, with the Winds having the breeze to their backs in quarters one and third, and the Chieftains owning the edge in the second and fourth stanzas.

Despite the wind disadvantage, Friona made most of the offensive noise in the first 12 minutes. They accepted the opening kickoff and garnered one first down before punting. A penalty halted the white shirts and Bates boomed a 62 yard punt to the 21.

The Chieftains gained two new series before getting off a 20 step punt, which carried only to the Whirlwind 36.

But the football squatted free on the ensuing play and the ball was grabbed by a red shirt. Friona advanced to the Floydada 12 as the initial quarter became history. Echols opened the second period by racing 11 steps to the lip of the goalline. Then came the costly Friona fumble, and Caballero was there to claim it for the Winds.

The white shirts reeled off three first downs before a holding infraction halted their surge.

## STERN DEFENSES

Stern defenses forced three punts as time began to wind down in the first half. Then came the six play, 38 yard scoring drive by Friona to treat the Chieftains to a 7-0 halftime edge.

Neither squad could pick up a first down in quarter number three until Echols broke out for a 25 yard gainer on a fake pass and quarterback draw. But little damage was done because Bates' 46 yard punt had rolled to the Friona 9

powered his way 9 yards for another first at the 26. A holding penalty marched the Winds back to the 37 and Collins was tackled for a yard loss as the clock reached the 2:06 point.

before Echols' run. The sturdy Whirlwind defense held and Thornton's punt carried 15 steps to the Whirlwind 42, only 58 yards away from paydirt.

Collins gained 5 and 8 with a late hit following the second play moving the pigskin to the enemy 30. Ty Stovall, recovering from a badly sprained ankle in the Littlefield match, ripped off 10 yards for another first at the 20. A Whirlwind ball carrier broke to the 13 before losing possession of the ball and having a Friona recovery.

Collins gained 5 and 8 with a late hit following the second play moving the

Defenses prevailed until a Friona surge late in the third period and early in the fourth clicked for four first downs to the Floydada 39. Defensive tackle Leonard King had one superb tackle in between.

With the red shirts facing fourth-and-three at the 32, Echols' number was dialed but Jacob Galvan wrestled him to the ground for a 1 yard setback.

Midway through the final period, a clip and a Cooper sack of Echols for a 7 yard loss left the Chieftains in a hole at their 14. Aided by the wind, Thornton sailed a 41 yard punt to the Whirlwind 45. However, a nifty return by Stovall advanced the ball 13 yards to the south, giving the Green and White possession at the enemy 42.

Fullback Frank Suarez ripped off 7 steps and Collins was halted for no gain with 3:10 left. The determined Stovall

The drive for their final touchdown of the '87 campaign was typical of the determination exhibited by the Fightin' Whirlwinds!

## Whirlwind grid squad posts winning season

The '87 Whirlwind football squad can hold their heads high as winners. They culminated the campaign Friday night in Friona with only setbacks at the hands of Abernathy and Littlefield and a tie with Friona standing between them and a perfect record.

The Fightin' Whirlwinds won seven games.

Despite the disappointment of not qualifying for the playoffs, the Green and White posted the school's first winning grid season in several years.

"We are real proud of the kids," Earl Overton, guiding the Floydada footballers for the first season, says. "They did things we asked them to."

Coach Overton adds that "They played hard and they're a good bunch of kids." He commends about the senior leadership.

Coach Overton says he has second guessed his decision to go for the tie

Friday night. The decision, made in a matter of seconds, was based on his — and virtually everyone else here — opinion that Littlefield would defeat Tulia. A Littlefield victory and a Floydada tie would have left the two squads in the playoffs.

Unfortunately for the Whirlwinds, Tulia pulled off a major upset against Littlefield.

In addition, there was no guarantee that a two-point attempt would have been successful. Had the Winds gone for two and failed, they would have dropped a 7-6 decision to Friona.

Whirlwind male athletes not involved in basketball have begun their off-season program. "We've got to make a lot of progress" in strength. "Any time you line up, the strongest player has an advantage," Coach Overton points out.

Fan support was strong during the Green and White's 7-2-1 season.

## Medrano twins shine

Continued from Page One

### MEDRANO TWINS SHINE

Daniel Medrano crossed the line fourth in the boys AAA division Saturday, finishing in a time of 16:36. His twin brother David was eighth in a time of 16:40.

Other Whirlwind lads competing (place, name and time) were: 28. Brad Saens, 17:41; 45. Jesse Suarez, 18:19; 56. Harvey Espinoza, 18:45; 73. Richard Gonzales, 19:38; and 78. Junior DeHoyas, 19:55.

Floydada's boys placed sixth at regional with 132 points. The top three, who qualified for state, are Boys Ranch, Perryton and Fabens.

"Daniel and David will be advancing to Austin to run on Nov. 14," Coach Smith says. "They have had a remarkable season so far, playing football on Friday night and getting up early and running three miles on Saturday. They have shown a lot of dedication. Harvey also showed a lot of dedication and determination, running Saturday at regional with a full arm cast."

Joining them were juniors Chad Quisenberry, Joe Barrientos, Leonard King, Danny Caballero, Jacob Galvan, Ismael Delgado, Shane Orman, Rolando Cisneros and Dana Cooper; sophomores Jessie Suarez, Frank Suarez, Joe Cisneros and Adam Cates; and freshman Kenneth Collins.

Whirlwind junior varsity and Breezer eighth and seventh grade squads concluded their '87 seasons Thursday against Friona.

The JV-freshman crew claimed a 14-6 victory over visiting Chieftain JV.

### EIGHTH GRADERS FALL

Eighth grade Breezers traveled to Friona for their final game and were defeated 32-6. Friona led 16-0 at half but Floydada scored in the third quarter to narrow the gap to 16-6.

The TD came on a 7 yard pass from Billy Joe Villarreal to Quincy Johnson. The try for two points failed.

The eighth grade Breezers finish the season with a record of 4 wins, 4 losses and 1 tie.

"I am real pleased with the kids' effort the entire season," says Coach Tim James. "They played hard every game, even when they were getting beat, and they never gave up. This is a very good group of young men."

Coach James adds that "We really appreciate the support from the fans this season."

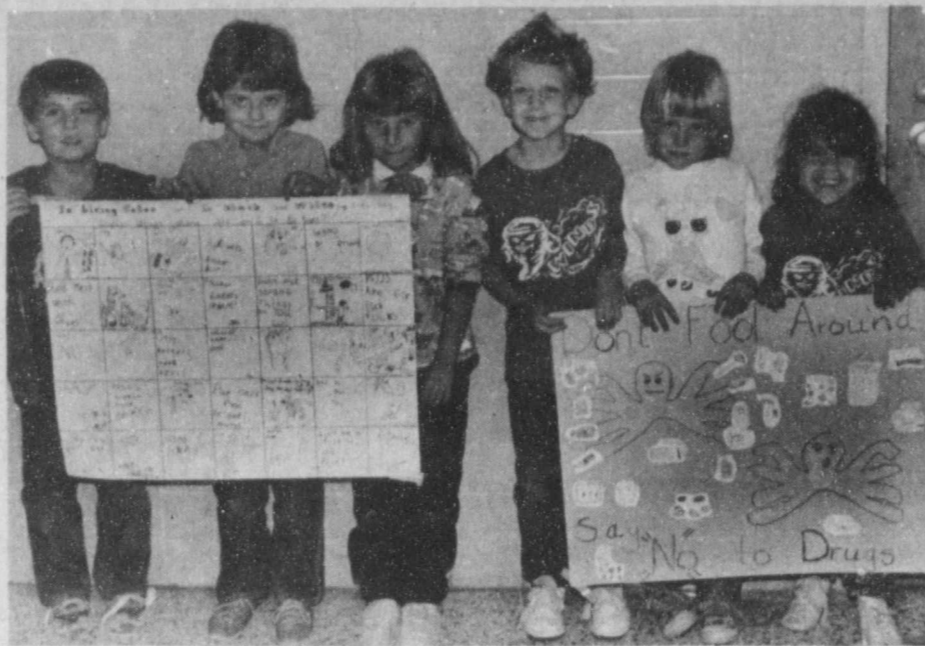

### SEVENTH GRADERS WIN 24-6

Seventh grade Breezers closed out their season with a 24-6 victory in Friona. The seventh grade season record was 8-1, with the only loss being to Tulia.

Coach Rex Holcombe's crew had a district record of 4-1, which earned them a second place finish behind Tulia.

The Friona game presented a slow start for the Breezers. The first touchdown was scored by Scott Chatman followed by Michael Henderson with the extra point. The second TD came late in the second quarter by Henderson on a run up the middle. Extra point was also scored by Henderson.

"The seventh grade team had a fine year," Coach Holcombe says. "Each member of the team contributed to the effort of a winning season."

## First time contestants grab FB contest checks

Two first-time entrants claimed two of the three places in The Hesperian's football contest from last week. Upsets plagued some of the regulars, with more than one contestant missing 15 of the 22 games.

Amanda McDaniel claimed the \$10 first place check with only seven incorrect winners.

Both Miss McDaniel and Carlen Beedy were first time contestants this year.

Mrs. Beedy and Jean Hale shared second and third place prize money as each receives \$5. Both had eight misses and 28 points on the tie-breaker. The actual tie-breaker score was 14.

The final contest of the '87 season appears in this issue of The Hesperian.

### DOWN TO THE WIRE

Contest for the season championship is headed right down to the wire.

The winner of two tickets to the Dallas Cowboys-Miami Dolphins professional game in Dallas as the champion will be notified early next week to allow as much time as possible for preparations.

Deneen Marricle holds a two-point lead over Sherry Hale. Mrs. Marricle has 155 points to 153 for Mrs. Hale.

Other contestants retain an outside chance at winning.

In addition to the two abovementioned contestants, other leaders are: Franklin Harris, 149 points; Jean Hale, 145; Andy Hale, 141; Dojan Hanna, Travis Gentry and Laura Hale, 141; Wes Campbell and Paige Cannon, 140 points.

### Former resident releases records, poems

Kathryn (Kay) Calloway, a former resident of Floydada, has recently released two single records featuring selections she has written. The records are her second venture into the world of books and records.

The new releases, "Autumn Leaves" and "Santa Walked Out On Me," come just in time for the Christmas season.

The duo of songs were recorded under her own Just Because label and were produced by Don Callwell Studio. Ken and Lloyd Maines of the Maines Brothers are featured in the musical arrangement.

Calloway is a member of the National Songwriters Association and has had several of her compositions critiqued in Nashville, Tennessee with good reviews. She has performed on the West Texas Opera in Lubbock and currently entertains at various places in the Lubbock area and New Mexico. A graduate of Floydada High School, Calloway moved to Houston before

settling in Lubbock. She is the owner of Town and Country Gifts located at 4th

and University in Lubbock. Says Kay, "I perform any place that will have me when I have time off at the shop. Both the gift shop and the music business are pretty well full time occupations so I am kept very busy." She adds that her "audiences have been very appreciative and received her performances well."

## Council discusses city services

Various aspects of city services occupied a major portion of the city council agenda during the November session held Tuesday evening.

Bids were opened on the proposed project of dredging the two oxidation sewer ponds the city utilizes to operate the city sewage system. A single bid, \$24,950 from LevCo Systems of Amarillo, was received. The council elected to accept the bid on two conditions. First, due to a ruling by the state health department, work on the project cannot begin until April 1, 1988. Second, the bid and description of the work to be accomplished as submitted by LevCo must be approved by city consulting engineer Bill McMorris.

Major Parnell Powell provided an update of the status of the condemnation suit filed in District court against Helen Hammonds. Powell stated, "The suit has been filed and we are waiting on the judge to appoint the three member panel to appraise the land and the adjoining area."

Floydada Power and Light next came under consideration. Council members authorized hiring Sullivan, Gray and Smith, Inc. to conduct a study and analyze the electric system. The cost is estimated at \$2,000 and will provide necessary information to update any portion of the system to make service better and more efficient to the people in Floydada.

### PAVING GRANT APPLICATION

A resolution was passed authorizing the submission of an application seeking funds to conduct a multi-block paving project in the city. The application requests \$300,000 in funding from the Texas Department of Community Affairs under the Texas Community Development Program. These funds are allotted for improvement projects which will benefit minority and low income areas of the cities making application. No matching city funds will be pledged to accompany the grant application.

### OTHER MATTERS

A trio of local citizens were appointed to the Floydada Housing Authority Board at the November 10 session. Charles Holmes and Sharon Quisenberry were reappointed to the board and Lupe Rando was appointed to replace Gary Brown, city manager, who is no longer eligible to serve on the authority.

Demolition proceedings were discussed on two local properties. The L.A.

Campbell property at 502 E. Jackson Street and the Frank Scott Allen building in the 100 block of S. 5th St. came under perusal. A request by the property owner for a 60 day extension to improve his property was denied in the Campbell case. A public hearing will be set for the December 8 council meeting to determine if demolition of the structure should be pursued.

Discussion of the Allen property was tabled until the December session.

A motion by Frank Breed, seconded by Ginger Warren, rejected proposals to place the city farm up for sale by bids. The measure passed on a split vote. Breed, Warren and Wayne Russell voted in favor. Don Green and Nancy Willson voted against. Leroy Burns was not present for the session.

An assessment of \$131.92 from the Texas Municipal League to assist in funding the TML intervention in the water quality lawsuit was considered and approved. The approval came on a motion by Green, seconded by Russell and voted for by Warren and Breed. Willson abstained saying, "I am not well enough informed about this matter to decide what is appropriate."

Have a good week!
