Races develop for school, city and hospital district elections May 7

Races for the two school board seats to be filled this spring and one place on the city council developed prior to the filing deadline last Wednesday. In addition, three candidates are vying for two places on the hospital board of directors.

The latest signer was Amado Morales, a candidate for District One on the city council. Incumbent Don Green had earlier filed for the same seat.

Except for District One, all present officeholders whose terms expire this year will have no opposition on the

ballot. They include: Wayne Russell and Frank Breed, at-large, and Nancy Willson, District Four.

TRUSTEE RACES

Trustee positions for Precinct One and Precinct Two on the school board both involve races.

Incumbent Freddie Morren and Dr. Andy Hale are vying in Precinct One. Three individuals — Cyndi Williams,

Clar Schacht and Jerry Livingston — are candidates for the Precinct Two position on the board.

Weldon Pruitt, another present trustee, is not seeking re-election.

THREE FOR TWO

Three persons have presented necessary petitions to offer themselves as candidates for two vacancies on the Caprock Hospital District board. They

are: Fred Thayer, Melba Vickers and Aldine Williams.

Terms of Williams and Claude Weathersbee, who is not seeking re-election, expire this spring.

ABSENTEE VOTING

Absentee voting for the three elections will be April 18 through May 3.

Balloting is scheduled for Saturday, May 7.

SPAG official discusses future of railroad spur

a view from

The Lamplighter

By Ken Towery

It started out to be a nice day. Then the mail came. There, from one of those innocuously plain envelopes used by the Internal Revenue Service, we are informed by computer printout that the IRS has determined we owe them a mere \$56,700 in "penalties" because we filed certain forms on the same IRS forms we have used for years, but which must now be filed by "magnetic media," whatever that is. Failure to file the form on "magnetic media" evidently causes inconvenience to the IRS, and we must pay \$56,700 for causing them this inconvenience. If we wish to contest their determination, we have 10 days. Otherwise please remit \$56,700.

Phone calls to the IRS reveal that anyone who files more than 50 of certain forms must file by magnetic media this year. Well, we did not file more than 50 of those forms. It was more like a half-dozen. Well, in that case the IRS says sweetly, just write a letter and explain it. But anyone who has ever had any dealings with the IRS knows full well that this matter is not going to be cleared up with one letter from a taxpayer.

Nevertheless the letter is sent off. No answer. Eventually we call and find a live body on the other end of the line. Yes, their computer says we owe \$56,700 in "penalties." Well, what about our letter? Did they get it? What are they going to do about it? Why haven't we heard? They are ever so nice. They say they have a rule that gives them 45 days to respond to our letter.

We have 10 days to either cough up \$56,700 we don't owe, or contest the decision. But they have 45 days to even acknowledge receiving a letter.

The initial shock of receiving such an epistle has long since given way to anger and then open wonder that such stupidity can go on. For years it has

Four-day absentee voting period slated

Only a four-day absentee voting period will be in force for the Democratic and Republican run-off elections. Persons may cast absentee ballots in the county clerk's office from Monday through Friday of next week, April 4-8.

Election day will be Tuesday, April 12.

In September of 1987, the Atchison, Topeka and Santa Fe Railway announced its intentions to sell the "Lubbock Cluster." The "Lubbock Cluster" includes the 27-mile Floydada Subdivision between Plainview and Floydada.

Tim Pierce, the SPAG director of Economic Development, met with the Floydada Development Company and other interested parties on Thursday, March 24, to discuss raising money for a feasibility study on the "Lubbock Cluster." "SPAG got involved with this," said Pierce, when we were approached about 12 months ago, by individuals interested in buying the cluster. These individuals have worked or still work for Santa Fe and they wanted to purchase the five Santa Fe Railroad spurs. They needed our help in finding grant money to help with the project."

Other spurs included in the cluster are: the 54-mile Lamesa Subdivision between Slaton and Lamesa, the 40-mile Lehman Subdivision connecting Doud and Whiteface, the 64-mile Seagraves Subdivision between Lubbock Junction and Seagraves and the 39-mile Crosbyton subdivision between Lubbock and Crosbyton.

REGIONAL STUDY

"We contacted the Texas Railroad Commission," said Pierce, "to see if we could get a grant to help with the feasibility study. We got a commitment of \$20,000, and we need \$30,000 to do a regional study. We now need to come up with \$8,500, which comes out to about \$2,000 off each spur."

"Since we began working on this project the individuals who contacted us to begin with now say they are no longer interested. We still feel that we need this study to find out the shape and condition of each spur and how it can be brought back up to grade, so we can attract other buyers."

According to Pierce, the Lamesa spur has been targeted for abandonment for 1 1/2 years.

He pointed out that, "We know Santa Fe will sell our spur

to somebody. The question is to whom. We want to try and have the whole cluster sold to someone locally. Our concern is if someone outside the region buys the cluster, the Crosbyton spur and Lamesa spur would be abandoned. Floydada-Plainview spur is marginal at best. We won't know for sure until the feasibility study is done."

Hockley and Levelland have raised \$2,000, Pierce told the gathering, and Lamesa has raised \$1,200 and has more commitments.

"We would like Floydada and Lockney to raise \$2,000 to go toward the study," said Pierce.

The SPAG official pointed out that once Santa Fe abandons a line and it is ripped out, there would never be another line put in.

"Once the railroad is gone you will not have it to attract further development in your area that may need a railroad."

'AUTHORITY' ALTERNATIVE

"If no one from the private sector shows an interest in buying the "cluster," the next step could be to put together an authority," he added. "Grant money is available to an authority to offset the price. Where it is not available to private sectors, possibly half of what is needed would be available in grants to an authority."

An authority is put together by the county commissioners court, who form a board to make decisions. The authority either owns and operates the railroad or simply owns the property and negotiates a contract with an operator. Whereas it is very costly for Santa Fe to operate within labor union guidelines, an authority or a privately run railroad would have to meet those guidelines.

"In keeping the railroad running," said Pierce, "the authority would be concerned only with paying the operator

Ogden, Bishop, Anderson qualify for regional UIL competition

Trina Ogden, Travis Bishop and Christie Anderson have qualified for trips to regional UIL academic contests with strong performances in district trials.

Miss Ogden set the pace for district typists by winning that event on Friday.

Also on Friday, Miss Anderson placed second in spelling to qualify for regional.

Bishop had his ticket punched Saturday when he earned first place in informative speaking.

The trio will participate in the regional matches, scheduled April 22-23 in Odessa, according to

Floydada High School Principal Ronnie Wood.

All UIL District 2-AAA competitions were held in Muleshoe.

PLAY FOURTH

The FHS one-act play, entitled "Arkansas Bear," placed fourth on Thursday.

For her performance, Andrea Bonner was selected to the all-star cast. Receiving honorable mention all-star cast were Tiffany Gentry and Ange Shurbet.

Cast and crew of the play, directed by Lou Burlison, were: Dianah Coronado, Criselda Her-

nandez, Kelly Wood, Melissa Wood, Tana Turner, Travis Bishop, Marty Edwards and Gabriel Mendoza, in addition to Misses Bonner, Shurbet and Gentry.

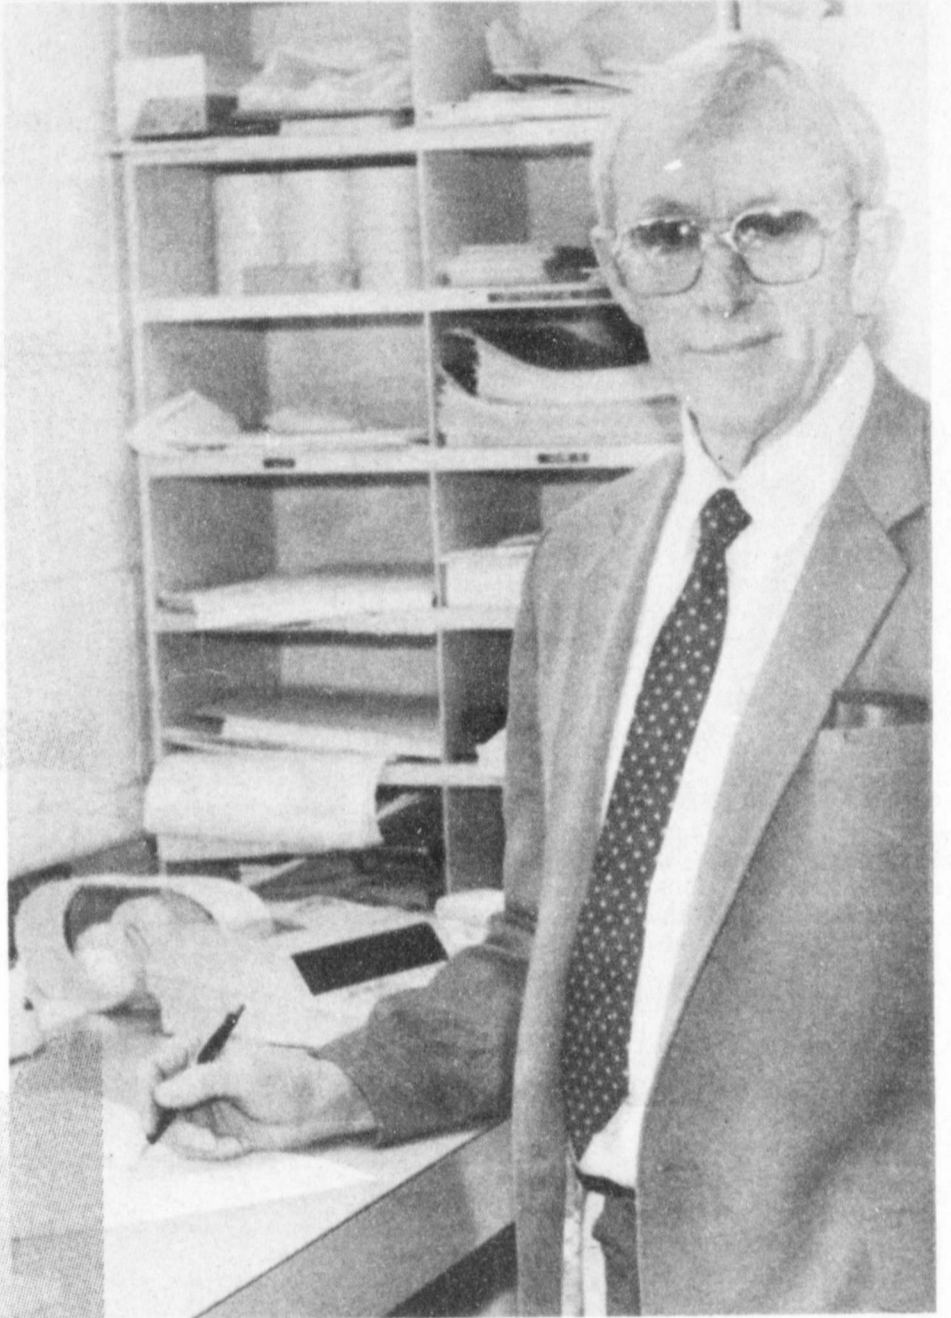

Several other Floydada High students vied in district academic competition on Friday. The participants and their events were:

Accounting — Nohemi DeOchoa, Andra Smith and Jane Willson

Science — Jay Hollums

Speech — Frank Suarez, Kelly Wood, Melissa Wood, Shana Seymour, Andrea Reed and Criselda Hernandez

Spelling — Misty Avila.

Tommie Rice assumes duties as postmaster

Tommie Rice officially began his duties Saturday as postmaster for the Floydada Post Office.

He succeeds Geary Reckling, who became postmaster in Bonham on Nov. 21. George Finley had served as officer-in-charge during the interim period.

Superintendent of postal operations at the Plainview Post Office for the past four years, Rice told The Hesperian that he is "excited" about his new position. "I am looking forward to working with the people of Floydada, and I will attempt to provide them with good service."

A graduate of Hale Center High School, the new Floydada postmaster joined the United States Postal Service 23 years ago. He began his career in 1965 in the office at Turkey, Tex.

In 1970 he transferred to Plainview, where he was a city carrier and window

clerk before being promoted to superintendent of postal operations. Rice served as officer-in-charge for both the Kress and Seminole Post Offices for periods of approximately 90 days.

The new postmaster says he plans to commute to work at present. He and his family reside between Plainview and Lockney.

Rice and his wife, Alta, are parents of three offspring. Their son, Kirk, 25, is a letter carrier out of the Pampa Post Office. His wife's name is Kathy. Jeanean Rice Wood and her husband, David Wood, reside in Plainview with their two daughters, ages three years and six months.

Another daughter, Jennifer, 13, resides in the home and attends Plainview schools.

The Rice family are members of Bethel Baptist Church in Plainview. He is a past master of the Arch Keys Masonic Lodge in Plainview.

Lightning believed cause of Sunday night ranch fire

Lightning was the suspected cause of a Sunday night grass fire on the L.N. Johnson ranch and the Taylor Ranch, southeast of South Plains. The call was received by Floydada Volunteer Fire Department "about 7:50 p.m."

One source said the blaze started on Johnson's ranch and spread to the neighboring ranch.

Floydada, Lockney, Silverton and Quitaque firefighters answered the call, and were assisted by "lots of people." The Matador firemen offered to assist but were not needed.

A half section of grass reportedly was destroyed on the Taylor Ranch, and the Johnson loss was placed at approximately 75 to 100 acres.

The site is in the northeastern edge of Floyd County. Firemen said the ranch is about 10 miles by road northeast of South Plains although only "five or six miles as the crow flies."

The fire was "a mile or so up in the pasture."

Due to extremely dry conditions, a number of grass fires have broken out across West Texas in recent weeks.

Help needed by victims of fire

"All we've got is what we have on," Susan Guzman told relatives following an early Monday morning fire which devastated her residence at 225 West Georgia and destroyed all the family's possessions.

Mrs. Guzman and her son, age 9, and her daughter, age 4, had been out of town for "about a week" when the fire struck. Her car "broke down," according to a relative, and the family was staying with friends in Seminole.

The family "needs everything," according to Barbara Hernandez, Susan Guzman's sister. Clothing and household items would be appreciated.

For the information of persons wishing to donate clothing, Mrs. Guzman wears size 7-8 clothing, her son wears size 10 and the daughter wears size 3-4.

Items may be taken to the home of the victim's mother at 621 South Wall or persons may phone Barbara Hernandez at 983-5740 and she will pick up the items.

been generally known that few people within the Federal bureaucracy can write or speak the English language, a legacy, we suspect, of Lyndon's Great Society programs. Not it is apparent that even fewer can read the language. So now we must move into an era where "magnetic media" from the taxpayer is read by "magnetic media" within the bureaucracy and computers keep tab on elapsed time. We suspect that on the 45th day a little computer will buzz somewhere up there, just as reminder. Then we may get a notice, by computer of course, that the letter is received and they are looking into the matter. If you're interested, we'll let you know. In fact, we may let you know even if you're not. After all, we believe in giving credit where credit is due.

Sure enough. On or about the 45th day a buzzer must of gone off. For on the 54th day the phone call came through. They had made a big mistake. They can't figure what happened. Everything is going to be all right.

Things you might have overlooked in your reading:

You remember all those "Presidential debates" we were being subjected to leading up to "Super Tuesday"? Well, up in Washington, D.C., the hub of our nation's politics, and where everyone and everything is supposed to revolve around politics (and which, we might add, is a Democratic stronghold) a funny thing happened. They ran one of those T.V. "sweeps" to determine how many people were watching the democratic candidates debate in Dallas on Thursday night, February 21. They found that 15,943 homes were turned in to the debates. That means that 1,596,000 homes were not watching. The next night, the Republican debate scored a little better, with 20,943 homes tuning in.

Still in the wonderful world of T.V. We see by the Wall Street Journal that T.V. baron Ted Turner's Turner Broadcasting System is in debt to the tune of \$1.4 billion (that's billion, not million) and annual interest payments amount of \$182 million. They say they have enough cash flow to go another four years without refinancing.

And still in T.V. land: Out in the State of Washington the local school ran a little experiment, as reported in the Morton Weekly Journal. Fifth and sixth graders were asked to write down what their reaction would be if they were told they could no longer watch the tube. A number replied they would just "Die." But one sixth grader said he would "comit seawaside." Another said he would probably have a "hard attack." We'll leave it at that.

Lake report

Fishermen from Amarillo and Muleshoe pulled three large bass from Lake Mackenzie over the week-end.

A 3½ pound large mouth bass was landed Saturday by Glenn Maddox of Amarillo. He was using a black and chartreuse worm to hook the bass in the main part of the lake.

Deep diving crawdads were used by David Anderson and Richard Willis of Muleshoe to catch a pair of 2¼ pound white bass on Sunday. Both were caught by the bank off the first boat ramp.

Marina officials report the water temperature to be 50 degrees.

and servicing the debt, not in turning a profit. A feasibility study would show if there would be enough revenue off the entire cluster to meet debts."

Individuals attending the meeting had mixed feelings about an authority. Some said they would prefer private ownership. Bill Hale stated he did not want Floydada to have to pay more than its share but did feel the community could help. This was met with agreement by those in attendance.

LOCAL FUNDING

Hale proposed that the Floydada spur would raise \$1,500 which was agreed to by Pierce, who said, "We will appreciate all we can get and it would be helpful."

It was agreed that \$100 would be sought by different

entities in the county including Floydada and Lockney chambers, cities, county and businesses that use the railway most.

Before leaving, Pierce stated that there has been an increase since the first nine months in '86 of cars traveling over the Floydada-Plainview spur. During the first nine months in '86, 152 cars traveled the rail and the first nine months in '87, 380 cars traveled it.

Attending the meeting were: Bill Hale; Fred Thayer, Alice Gilroy and Monte Williams with Floydada chamber; Edwin Neusch from Amarillo, Herman Graham of Muncy Elevator; Floydada Mayor Parnell Powell; Tom Farris, president of First National Bank in Floydada; Commissioner Sam Spence; County Judge Bill Hardin; Councilwoman Nancy Willson; and speaker Tim C. Pierce.

First Christian Church holding Easter Holy Week observances

The First Christian Church in Floydada is emphasizing the Easter Holy Week with special service. The week began with the Palm Sunday worship service on March 27th.

Thursday evening (today) March 31, will commemorate the Last Supper as the church holds a special Maundy Thursday Communion service beginning at 7:30 p.m. in the sanctuary. A significant time of prayer, scriptures, meditation, inspirational music and communion, the service will conclude with a candlelight event which will be meaningful to all who attend.

Instrumental music will be played by the organist, Mary Harter, and pianist, Pam Lockwood. Vincent Farris will assist the pastor with the scripture readings.

Special music will be added by Hope Crabtree, accompanied by her husband, Kay, of the First Baptist Church.

The First Christian Church will be open on Good Friday, April 1, for prayer and meditation from 11:00 a.m. until 2:00 p.m. No planned program will interrupt your prayer and meditation time as you come and go at your

convenience.

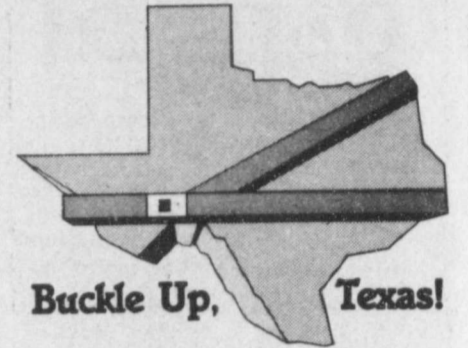

A tradition of an Easter Sunrise Service is being revived this year. Beginning at 7:00 a.m. (daylight savings time) on Sunday, April 3, the members of First Christian Church are urging friends to join together in the sanctuary to rejoice on this eventful day! A meaningful and inspirational service will include traditional scripture and songs. Special music will be supplied by Mr. Bobby Rainer of the First United Methodist Church.

Following the short service, a continental breakfast will be served in the Fellowship Hall of the church to all in attendance.

The Reverend Dale Harter, pastor of First Christian Church, will be in the pulpit for all services.

The Sunday services will conclude on April 3 with the regular morning worship at 11:00 a.m. The Easter sermon is entitled, "He Is Risen!" The scripture lesson is from Matthew 28:1-10.

The public is invited to all services at First Christian Church.

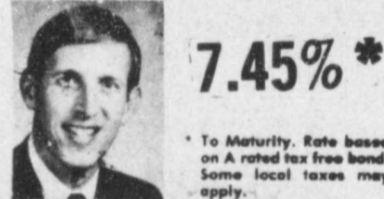

Buckle Up, Texas!

City council authorizes raises and sets election

Meeting in special session on March 22, the City Council of Floydada approved measures implementing a 5% pay increase across the board for city employees. Merit based raises were also approved for deserving employees. The short session on Tuesday evening

also saw the adoption of a resolution establishing procedures for a General Election to be held on May 7, 1988. Appointed to oversee the election were J.K. West, election judge, and Peggy Medley, alternate to the presiding judge.

County weather 100 years ago

Courtesy of the Floyd County Historical Museum

Dr. Jerome Keeley, the first doctor to settle in Floyd County arrived on March 15, 1888.

He lived near the Merrell's in the present-day Barwise area until the surveyor came from Estacado and located his land three miles farther west on Survey 1 Blk. K.

Dr. Keeley kept a daily journal which is the source of the following weather

information.

He recorded the temperature each day at sunrise with the exception of the mornings when he was away from home.

This information will enable readers to make a daily comparison with current weather conditions and perhaps start their own daily journal.

Weather in Floyd County 100 Years Ago

- 1888
- April 1 — Easter, 48° at sunrise, warm and windy, 92° at 4:22 p.m.
 - April 2 — 55° at sunrise, 80° at 10 a.m., warm and pleasant.
 - April 3 — 46° at sunrise, 90° at 10 a.m., east wind, pleasant.
 - April 4 — 67° at sunrise, 90° at 5 p.m., southwest wind, pleasant.
 - April 5 — 47° at sunrise, warm southwest wind turned at 3:30 p.m. north and at 6:30 p.m. east wind looks like rain, cooler.
 - April 6 — 54° at sunrise, 79° at 1 p.m., east wind, pleasant.

Sunday winds responsible for county damage

High winds Sunday and Sunday night inflicted minor damage in the community.

A garage door and shingles were blown from a residence in the Cedar Hill area.

Winds fanned a fire northeast of South Plains on the Taylor Ranch that night.

A well house in Liberty community was "picked up and moved" Sunday night. It was unknown whether a straight or twisting wind.

Grandson of John Wilsons marries in Lubbock

Miss Melanie Joan Mills of Lubbock and John Loran Wilson of Brownfield pledged wedding vows at 6:30 p.m. Saturday, March 19, in the sanctuary of Bacon Heights Baptist Church in Lubbock.

Phil Dunlap, minister of education at First Baptist Church in Brownfield, officiated at the double ring rites.

Parents of the bride are Mr. and Mrs. Joe Mills of Commerce and parents of the bridegroom are Mr. and Mrs. Johnnie Wilson of Crosbyton. Mr. and Mrs. John Wilson of Floydada are grandparents of the newlyweds.

Angie Hughes of Lubbock presided at the guest register.

Pre-nuptial music was presented by Miss Leslie Gibson of Lubbock, pianist.

After the seating of parents, Joe Sears of Brownfield sang "Longer," accompanied by Miss Leslie Gibson at the piano.

Mike Smith of Lubbock played "Trumpet Voluntary" for the professional on the organ.

The bride was escorted down the aisle

by her father. She wore a princess line dress of candlelight satin with tulle yoke. The neckline had Venice lace motif over candlelight tulle. The long sleeves of tulle were trimmed with alencon motifs and edged at the wrists with Alencon edging. The dress back was closed with satin buttons. The back of the skirt extended to a chapel length train with the lower edge and train finished with deep alencon lace. The dress was originally worn by the bride's mother 27 years ago. It was restored with a new bodice treatment.

The bride's headpiece was a flared band beaded with pearl encrusted alencon motifs and strings of pearls. The band had two layers of tulle attached to the back and fell to chapel length over the skirt train. The second layer of tulle was edged with alencon lace and sprinkled with seed pearls.

She carried a cascading bouquet of blue, yellow and white roses, yellow daffodils, white carnations, yellow and white stephanotis, greenery and white satin ribbons and streamers.

Something old was the wedding dress, something new was a pair of diamond and pearl earrings, which were a gift from the bridegroom. She borrowed a pearl necklace from her mother and wore a blue garter.

Attending the bride as maid of honor was her sister, Melissa Mills of San Marcos. Bridesmaids were Melinda Mills of Commerce, sister of the bride; Anna Thomas of Lubbock and Shara Stuart of Midlothian, cousin of the bride. All attendants wore royal blue miro taffeta tea length dresses with matching shoes. They carried bouquets with white iris in the middle, surrounded by white, blue and yellow roses, white carnations, yellow and white stephanotis, greenery and white satin ribbons and streamers.

Flower girl was Becca Hughes. Her dress was yellow miro taffeta.

Brandon Howell was ring bearer. He carried a counted cross stitch pillow, made by the bride, bearing the names of the bride and groom and wedding date.

Nathan Ray of Houston served as best man. Groomsmen were Kevin Caddell of Dalhart, Randy Cotton of Big Spring and Brent McCarthy of Houston. Ushers were Mark Boothe of Houston, Kelley Mumbower of Austin and Mike Presley of Brownfield.

The groom's attendants and ushers wore black tuxedos, white shirts, black bow ties and black cummerbunds.

The altar area featured an arch of brass candelabra flanked with brass heart shaped candelabra holding white candles, greenery and royal blue bows. Family pews were marked with white bows.

During the ceremony Joe Sears of Brownfield and Susan Sears of Lubbock sang duet, "Our Love in Christ."

After promises were made in the ceremony, Susan Sears sang "Looking Through the Eyes of Love." When the exchanging of the rings was completed, the bride and groom lit the unity candle.

Soloist Debbie Free of Lubbock vocalized the "Lord's Prayer." Piano accompaniments for each selection were played by Leslie Gibson.

The recessional was played by Mike Smith at the organ.

Following the ceremony, a reception was held in the reception area of the church.

A long table, covered in white lace over white, was the serving table for the three-tier wedding cake frosted in white and decorated with blue and yellow flowers, blue ribbon, and topped with a "Precious Moments" bride and groom. Yellow fruit punch, nuts and mints were served. Silver candelabra with yellow tapers and blue, yellow and white flowers decorated the table. The groom's cake was a double heart chocolate cake decorated with chocolate roses and leaves. Coffee was served with the groom's cake from a silver coffee service.

A food table consisting of cheese trays, finger sandwiches and sausage balls was prepared for guests to serve themselves.

Mrs. Minnie Morrison, grandmother of the bride, coordinated the reception. She was assisted by Sandra Ward, Deloris Griffiths and Paula Rogers.

For travel the bride chose a two piece dress. The white sweater top had applique on it of fabric like the multi color skirt. The skirt was trumpet design and she wore white accessories. After a wedding trip of a cruise in the Bahamas and a visit to Walt Disney World the couple will be at home in Brownfield.

Wilson is associated with Amoco Production Company. Mrs. Wilson is employed by First National Bank of Lubbock.

Mr. and Mrs. Johnnie Wilson hosted a rehearsal dinner at the 50 Yard Line Steak House in Lubbock.

The tables were covered with white cloths and white napkins were used. White oval shaped baskets filled with yellow tulips, blue Dutch iris, white daisies and greenery were centerpiece for each table. Canary yellow place cards inscribed with the names and wedding date of the couple, and bearing gold wedding bands tied with royal blue ribbon marked each guest's place. Votive candles surrounded with leather leaf fern completed the decorations on

the tables.

Guests were given a choice of entrees of broiled chicken breast with fruit or broiled steak. Appetizer was French onion soup. Selected entrees were served with salad, baked potato, cheese rolls, blueberry muffins and dessert of strawberry supreme and ice cream.

Guests were the honored couple, members of the wedding party, their spouses or dates. Special guests were Mr. and Mrs. Joe Mills of Commerce, parents of the bride; Mrs. Minnie Morrison of Texarkana, paternal grandmother of the bride; O.G. Stuart, of Dallas, maternal grandfather of the bride, and Ronald Stuart of De Soto, uncle of the bride.

Also, Mr. and Mrs. Tom Blythe of El Paso and Mr. and Mrs. Melvin Clark of Lafayette, Louisiana, aunts and uncles of the groom. Mrs. I.V. McClaskey of Angleton and Mrs. Mae Couvillion of Alexandria, La., aunts of the groom; Mrs. Jerry Simmons, Mansfield, and Mrs. Joe Ticheli, Baton Rouge, La., cousins of the groom.

Floydada Nursing Home Happenings

By Jo Bryant

March 21:

Hi, another week has gone by, it seems that we had sunshine, clouds, wind, rain, sleet and snow, you name it this past week. Finally, it is warm again, and spring has arrived once again. I think that we are all ready for it.

Monday Irene Wexler came and played the piano for us, we enjoyed her. Elvis Warren was still under the weather, and we wish for him a speedy recovery, we missed him. In the afternoon at 2:00 the residents made a cloth spring flower of many colors.

Tuesday, Bro. Neeley and Zelma came and shared songs, and the word taken from Eph. 6. Thanks for the bananas too. At 2:00 Pat Zimmerman came and shared from some beautiful scenes and places in Arizona. Also Pat shared "saved by a Psalm" from Readers Digest. At 3:00 Shirley Varner, and Dolores Cannon came and did manicures. That is always a treat.

On Wednesday, Bro. Earl Blair, First United Methodist Church came and shared from 1 Peter 5, "Cast all your cares on Him, because He cares for you." At 2:00 the residents played Bingo. Iva Wells had the first bingo. Oranges, apples and cheese crackers were the treats. Julie Eldridge came and helped us with the Bingo, thanks Julie, and we want to welcome her to Floydada.

Thursday we had our morning coffee and juice. Then we had a devotion at 10:30. We shared about the word on John 2. (If I be lifted up.) At 2:00 we had the monthly birthday party. Maude Galloway was the only resident to have a birthday in March. Her guests were: Bessie Wilson, her daughter; sister, Harvie Saxton, Portales, New Mexico; niece, LaVerne Russell, and friend Ann Thompson. The ladies from the Church of Christ served cake and punch to the honoree, guests and the residents. Thanks ladies, the table was beautiful, and the cake and punch were good. A red carnation corsage was furnished by Williams Florist, and the Hesperian came and took photos.

Friday, the ladies from the First Baptist Church came and sang songs, and Mrs. Lillian Ross shared Ps. 1. At 1:30, the residents went on a bus ride to Roaring Springs. It was a pretty day, kinda windy. My-T Burger treated us to some ice cream. Those going on the bus ride were: Iva Wells, Della Halencak, Florence Curry, Brooks Calloway, Maude Galloway, Harvie Saxton, Bessie Wilson, Otis Johnson, Charles Breeding, Julie Eldridge, Jo Bryant, and Delma Morris, our bus driver.

This week's visitors were: Shirley Varner, Dolores Cannon, Phillip Wilson, LaVerne Russell, Harvie Saxton, Portales, New Mexico; Ann Thompson, May Sue, Fred Rick, Pauline Robertson, Winnie Neil, Gladys Gray, Lucille Sisson, Ethel Carnack, Jettie Moss, Frances Badgett, Hazel Bradley and Mel and Marjorie Holcomb.

March 28:

Monday, Irene Wexler and Elvis Warren came and shared with us with song and the word. At 2:00 p.m., the residents played games and had exercise.

Tuesday morning coffee and juice as usual, then at 9:30 Bro. Neeley and Zelma came and shared with us. He spoke from the book of Hebrews 11 and sang some songs. The residents always enjoy the bananas too.

Wednesday, Bro. Earl Blair from the First Methodist Church came and spoke to us on the sermon on Matt. 5:1-9, "Some things we can control in life and some things that we cannot. Also to choose life, not death, we have to make that choice."

At 2:00 the residents played bingo. Otis Johnson had the first bingo. Julie Eldridge came and helped us to play, thanks Julie. The treats were apples, oranges, and Bugles snacks. Those playing bingo were: Myra Hall, Maude Galloway, Della Halencak, Iva Wells, Ruth Benson, Ruth Smitherman, Otis Johnson, Brooks Calloway, Thelma Hoffman, Oda Birchfield and Charles Breeding.

Thursday, morning coffee and juice as usual, then at 10:30 was the devotional taken from 1 Cor. 5-17, "If any man is in Christ, he is a new creation." We talked about spring, a new life, seeing the green leaves on the trees, spring flowers, robins hopping everywhere.

At 2 p.m. the residents viewed a video on "Yellowstone National Park." It was a beautiful movie on nature. We sure do appreciate the VCR to view the movies. They also had popcorn made from the new air popcorn popper.

Friday, the ladies from the First Baptist Church came and gave the devotion. Mrs. Lillian Ross read Ps. 145. They sang some songs, Evelyn Latta played the piano, Letha Mulder opened with a prayer. Then Evelyn Latta closed with a prayer.

At 1:30 the residents went on a bus ride to Plainview, Sonic Drive-in treated them to ice cream. It was a beautiful day to get out. Those going on the bus ride were: Otis Johnson, Charles Breeding, Brooks Calloway, Della Halencak, Maude Galloway, Iva Wells, Florence Curry, Jo Bryant and Wilma Payne. Thanks Wilma for taking us.

This coming Saturday at 2 p.m. the nursing home will have an egg hunt for all the residents' grandchildren, great-grandchildren and the staff's children. There will be prize eggs, so come, bring the children and enjoy the egg hunt.

Tuesday, April 5, the residents will have their spring party, with the Companions 'n' Caring being the hostess. The party will be at 2:30, come join in the spring fun.

Monday and Tuesday, Dolores Cannon was busy as a bee doing all the ladies' hair. Thanks, we appreciate you.

This week's visitors were: Leona Mayo, John and Willie Belaska, Lee Moss, Rudolph McCurdy, Nora Belle Dunning, Zelma Crump, Elga Evans, Wayland Faulkenberry, Ola Smith, Jettie Moss, Mel and Marjorie Holcomb, Winnie Neil, Ira Sullivan, Bessie Wilson, Frances Badgett, Hazel Bradley, Bessie Wilson.

BBB issues caution on Dreamgirl Pageant

The Better Business Bureau of the South Plains has been receiving calls from parents, school counselors and others concerning a **Dreamgirl Pageant** scheduled to be held April 24, 1988.

In its investigation, the BBB/South Plains has found out that Michael Dismond is the principal of **National Competitive Models Association**, out of Albuquerque, NM. (This is the name being used with the Allen Theatre). BBB/Albuquerque states that Mr. Dismond has been known to their files since 1980. Names that he has used include: National Models; National Models Unlimited; Models Unlimited and National Competitive Models Association. His principal type of business is a modeling agency. According to BBB/Albuquerque, he has no city license in Albuquerque and is registered with the State of New Mexico as a non-profit business.

According to inquiries to the BBB/South Plains, young girls, usually ages 13 and up, have been approached either in shopping malls or in the local high schools to enter this pageant for a \$30 entry fee. This fee is non-refundable and the girls' 1st set 400 'raffle tickets' or they are disqualified. One inquirer told the BBB that the winner of the 1988 Dreamgirl Pageant wins a trip

to the Virgin Islands, cash, and a sports modeling contract.

The Better Business Bureau of the South Plains advises CAUTION in getting involved with this company specifically because, #1) nationally-rated and known beauty pageants do not approach young girls in shopping malls to get them involved; #2) selling 400 'raffle tickets' may be a violation of the State Laws regarding gambling; #3) the \$30 up-front entry fee is non-refundable; #4) the Allen Theatre is only reserved for April 24 pending the necessary sponsorship and financial liability papers that need to be filed by Dreamgirl; and #5) the company's unauthorized use of local celebrities'

names in order to gain credibility in the community.

If you have any further questions regarding **Dreamgirl Pageant**, please call the Better Business Bureau at 763-0459 or the Desk Sergeant at the Lubbock Police Department, 762-6411.

Saturday vote to ratify Crosby annexation into water district

Floyd County voters will have an opportunity to go to the polls, Saturday, April 2, to ratify the annexation of a portion of eastern Crosby County into the High Plains Underground Water Conservation District No. 1.

Polls will be open from 7 a.m. to 7 p.m. at the Floyd County Courthouse in Floydada. Lorene Newberry will be the presiding judge.

The proposed Crosby County addition includes the parts of county commissioners precincts one, two and four located above the Caprock. The western precinct of Crosby County above the Caprock joined the Water District in April 1969.

Residents of the Crosby County annexation area will be asked to approve a maximum tax rate of five cents per \$100 assessed valuation, even though the current water district tax rate is \$0.007 per \$100 valuation.

This will provide the same maximum tax rate previously approved by residents of the Water District in 1951. The annual tax rate is set by the Water District's Board of Directors and levied uniformly throughout the District.

The water district board called the elections after receiving petitions and hearing testimony from Crosby County landowners in January and February.

Separate elections for the proposed annexation area and for the 15-county area presently served by the water district are required by the Texas Water Code. A majority vote favoring the annexation in both elections is required before the proposed area can be added to the water district.

USDA receives bids on 4,507,170 CRP acres

The U.S. Department of Agriculture has received bids submitted on 4,507,170 acres during the sixth sign-up of the Conservation Reserve Program (CRP), Milton Hertz, administrator of the Agricultural Stabilization and Conservation Service, announces.

In Texas, 2,686 bids were received, representing 500,964 acres. Only North Dakota, with 710,889, acres had a greatest number of acres.

Hertz also announces a seventh CRP sign-up for July 18 through Aug. 5.

He says USDA plans to announce on or about May 20 the acreage accepted for the sixth sign-up. Information will not be available before then because of program changes called for by Congress in the FY 1988 appropriations.

For the sixth sign-up held Feb. 1-19, these changes required ASCS committees to review individual bids to determine whether the annual rental rate reflected or exceeded the local

Control of Russian wheat aphids

By Richard Crow, CEA-Ag.
Wheat producers in Floyd County need to begin serious surveillance of their crop for buildup of Russian wheat aphids, cautions County Extension Agent Richard Crow.

Reports of rapid increases in populations of the pest are coming in from many areas across the Texas High Plains, Crow said. Last year, the insect

increased rapidly during April, he noted.

The Russian wheat aphid first appeared in the U.S. in March 1986 near Muleshoe. Since then it has spread into 14 western states and has cost wheat farmers an estimated \$50 million, says Dr. Pat Morrison, Texas Agricultural Extension Service entomologist at Lubbock.

"The cold weather of January and February slowed the aphid's activity, but they are emerging in force now," Crow said. The insect overwinters on wheat and certain other grass host plants.

The Russian wheat aphid is easily windblown when winged females disperse from infested fields, the Extension agent said. As the aphids feed on wheat leaves, they inject a toxin which causes the leaves to turn purplish, often with longitudinal white streaks. This becomes more apparent as more aphids

feed on the leaf for a longer time. Infested leaves can ultimately become almost white. Heavily infested plants may also exhibit a flattened appearance, with tillers lying almost parallel to the ground.

The aphids tend to prefer the uppermost leaf or leaves of a plant. Infested leaves will curl tightly, much like a soda straw. Because of the location of the aphids within infested plants, they aren't easily visible to superficial examination.

Economic thresholds, or treatment levels, haven't been determined for small grain grown in the U.S. However, in South Africa treatment is recommended when 10 percent of the plants are infested at the growth stage (Feekes 6) when the first node of the stem is visible.

A plant is considered infested when only one tiller or leaf has aphids present. If heavy reinfestation occurs

following treatment, a second application is recommended when the flag leaf is first visible and 10 percent of the tillers are infested.

Most damage is done between the time when the flag leaf first appears (Feekes 8) and the head is first visible (Feekes 10.1). Treatment strategy is aimed at protecting the flag leaf because of the major contribution it makes to the eventual yield.

Growers need to consider grazing and yield potential when making treatment decisions. In some cases, it might not be profitable to treat with insecticides.

Several registered systemic insecticides are effective in controlling the pest. Systemics are needed because the aphids are inside the curled leaves, protected from contact insecticides. Growers should consult the insecticide label for small grain restrictions, since grazing and pre-harvest intervals vary for different products.

prevailing rental rate for comparable land.

On land placed in the CRP, a vegetative cover, which can include trees, must be established for a minimum of 10 years.

Trade deficit problems cannot be solved by agriculture alone

Comment by Elbert Harp, executive director of National GSPA

"Threat" ... "demand" ... "retaliation," are the new buzzwords of today's international trade world. The Japanese are threatening to cut imports of U.S. feed grains to show their displeasure with U.S. pressure to eliminate Japanese beef and citrus imports. It sounds like the second verse of Taiwan's threats to use feed grains to retaliate for the U.S. textile issue of two years ago.

Always, it seems, the pawn of retaliation is U.S. feed grains. Why? The answer is simply that feed grains have made a positive contribution to the U.S. balance of trade for the past 30 years. The world takes it for granted.

Now, that the U.S. trade deficit has bulged to an estimated \$172 billion, it is time to put U.S. feed grains exports in their proper perspective. If every bushel of feed grains (sorghum, corn, barley, and oats) produced in the U.S. in 1987 had been sold into the export market at full price (farm value plus deficiency payment), the additional income would have reduced the U.S. trade deficit by less than 10 percent.

Make no mistake about it, National GSPA is totally committed to export market development. After all, this association invented foreign market development for U.S. feed grains. But it's time that policy makers — ours and those of our trading partners — realize that the U.S. trade deficit cannot be balanced on the backs of feed grains producers.

1987 U. S. Feed Grain Production - Total Value

Grain	Farm Value	Deficiency Payment	Total
Sorghum	1,120	540	1,660
Corn	12,600	6,250	18,850
Barley	850	390	1,240
Oats	580	45	625
Total	15,150	7,225	22,375

Approximately 30% of the 1987 crop is already committed to export. The total value of the remaining 70% is approximately \$15.5 billion. If the entire amount could be sold into the export market, it would reduce the \$172 billion U. S. trade deficit by 9%.

DUNAVANT SETS COTTON PRIORITIES

National Cotton Council President Billy Dunavant, in an address to the Cotton Warehouse Association, named four major priorities that will demand the cotton industry's best efforts this year. He called for unified efforts at (1) keeping the 1985 farm act in place and seeing that it is administered effectively, (2) getting legislation through Congress to provide a significant step-up in funding for Cotton Incorporated, (3) making an all-out effort for Senate passage of the textile trade bill, and (4) accelerating Cotton Council International's export promotion program by raising \$3 million from industry and Cotton Foundation members over the next two years.

Cattlemen protest change in insurance for farm trailers

Texas farmers and cattlemen may not have liability insurance coverage on their farm trailers thanks to a little publicized action by the State Board of Insurance, says John E. Birdwell, president of the 14,000-member Texas and Southwestern Cattle Raisers Association.

Birdwell warns cattlemen that many of them are in jeopardy of not having coverage, are subject to severe liability if they had an accident, and risk possible suspension of their driver's license for failure to maintain financial responsibility.

He lays the blame on a Nov. 1, 1987, decision by the State Board of Insurance which requires separately scheduled liability insurance for all trailers with a 2,000-pound load capacity pulled by vehicles not covered under a personal auto policy written after Nov. 1.

Previously, if a farmer was towing a trailer with a vehicle covered either by a personal or business auto policy, the trailer was also covered.

"While it is still true that trailers towed by personal vehicles with personal auto coverage are exempt from being scheduled separately, you may find instances where a farmer or cattlemen will have to pull that trailer with a vehicle that is not carried as a personal

vehicle such as a grain truck. In that case, the grain truck would be covered under a business auto policy and separate coverage would be needed for the trailer," Birdwell said.

Birdwell notes that it is not unusual for a family farm or ranch to have several small trailers with a load capacity exceeding a ton. A two-horse trailer, for example, would probably be required to have separate liability coverage if pulled by something other than the owner's personal vehicle.

Notice of right to nominate by petition

The Farmers Home Administration (FmHA) is accepting nominations for County Committee Elections for Floyd and Briscoe Counties. This notice is issued to inform eligible voters of the right to nominate candidates by petition. Copies of the petition and instructions on its completion can be obtained from your local FmHA office.

Persons nominated should have an interest in a farm as an owner, tenant or sharecropper within the county or area in which activities of the county or area committee are carried out. They must be citizens of the United States or aliens lawfully admitted to the United States for permanent residence, and be well

qualified for committee work.

Spouses of those persons who meet the eligibility criteria are also eligible for nomination for election to the county committee. Nominations must be received in the Floyd County office no later than May 19th.

FmHA committee elections are open to all eligible voters without regard to race, color, religion, national origin, age, political affiliation, marital status, sex, and/or handicap.

Farmers Home to elect new county committee members

The Farmers Home Administration will begin accepting nominations April 5 for election of county committee members under new rules that make it easier for farmers to qualify as candidates and to vote, Becky D. Via says.

FmHA county committees perform a variety of duties for the U.S. Department of Agriculture's credit agency, including deciding whether an applicant is eligible for a farm loan.

"One important change broadens the definition of a farmer to anyone who has an interest in a farm in the county as owner, tenant or sharecropper," Ms. Via said. "The new definition also includes the spouse of an eligible farmer. An old requirement that more than half of the candidate's income must come from the farm operation has been dropped."

The nominating period has been

extended to 45 days from the previous 25 days, thus allowing more opportunity for people to run for the committee," Ms. Via says. "At least three eligible farmer voters, including the nominee, must sign the petition."

Two of the three committee members are elected by farmers in the county, and one is appointed by FmHA. One of the elected seats is to be filled for a three-year term at this year's election, which is scheduled for June 30.

"Another important change this year is that one member of the committee can be an active FmHA borrower, or be eligible for an FmHA farm loan," Ms. Via says. "Previously, this was not allowed."

Anyone interested in running for the committee can obtain a petition and other information from the FmHA county office at 104 E. California in Floydada.

Take a close look at Growers Brand Cotton Seed with Dr. Bobby Phipps.

Dr. Bobby Phipps, Idalou native and director of research for GroAgri Seed Company, Lubbock, Texas

“ When I look at cottonseed, I see the commitment of dedicated individuals and many years invested in researching the development of Growers Brand cottonseed. Each variety's performance has been tested and proven before it's released. The standards set by the Texas Department of Agriculture are met and exceeded on every new variety. Although two relay teams and Angie Bertrand recorded their best times of the season, Saturday was not a banner track meet from a point standpoint for the Whirlwind girls. The locals scored eight points in the Bearcat Relays in Ballinger.

On a warm and windy day, Miss Bertrand placed second in the 800 meter run. Her time, her season best, was 2:34.

The 400 meter relay squad — Angie Glascock, Blanca Medrano, Tiffany Gentry and Tana Turner — posted a 55.2, its fastest time of the year. However, they had the eighth fastest qualifying time and the top seven qualified for the finals.

The same foursome ran a 1:58.6 in the 800 meter relay, another best, but again had the eighth fastest qualifying time and barely missed the finals.

Kim Perry placed seventh in the 100 meter hurdles with an 18.3 timing.

Deanna Watson (14:19), Lori Christian (14:26) and Gloria Vargas (14:42) placed seventh, eighth and ninth, respectively, in the 3,200 meter run.

Watson's 6:22 was good enough for seventh place in the 1,600 meter run.

The Whirlwind quartet of Christian, Medrano, Gloria Vargas and Bertrand ran a 4:42 in the 1,600 meter relay. This gave them ninth place.

Heather Henderson ran a 13.7 in the 100 meter dash, which was close but did not receive points.

Gentry had a triple jump of 31'4". "About 15" teams participated in the highly competitive meet.

Coach Gail Gregg says no meet is scheduled this Saturday for the Whirlwind girls, although they could find a meet to enter. They are scheduled to compete April 9 in Post, prior to the district meet April 15-16 in Muleshoe.

Ty Stovall medalist in 2-3A second golf round

Ty Stovall was medalist March 23 in the second round of District 2-3A golf playoffs, leading the Whirlwind boys to first place. The competition was in Littlefield.

Whirlwind boys of Coach Lee Hurt own a 45-stroke advantage over second place Friona.

Stovall posted a 78, Corey Bates and Grant Stovall both had 85, Dean Smith shot a 95 and Jason Brown had a 110 at Littlefield. The 344 total gives the Floydada "A" squad a 687 for two rounds.

Vying for the Floydada "B" team, which has a two-round total of 831, were: Chad Williams, 89; Ryan Burns, 97; Aric Hendricks, 102; Brian Teeple, 111; and Rusty Edwards, 114.

Team totals after two rounds: 1. Floydada "A", 687; 2. Friona "A", 732; 3. Muleshoe "A", 735; 4. Dimmitt "A", 759; 5. Tulia "A", 784; 6. Muleshoe "B", 785; 7. Floydada "B", 831; 8. Friona "B", 832; 9. Littlefield "A", 837; 10. Tulia "B", 892.

The top 10 for medalist honors: 1. Ty Stovall, Floydada, 156; 2. (tie) Corey Bates, Floydada, and Jason Long,

Dimmitt, 167; 4. Joel Wright, Tulia, 170; 5. Jason Box, Muleshoe, 175; 6. Grant Stovall, Floydada, 176; 7. Keith Hancock, Friona, 177; 8. Guy Ellis, Friona, 181; 9. Rusty Rainey, Friona, 183; and 10. Tommy Shipman, Muleshoe, 185.

GIRLS SECOND

Floydada girls golf team is in second place after the second round, which was played March 23 at Dimmitt.

Tulia leads the pack with an 819 two-round total, Floydada is second at

861 and Friona is third at 904.

June Willson paced the locals with a 99, which gives her a 192 for the two rounds. Other Floydada performers and their scores for the Floydada "A" team at Dimmitt: Amanda McDaniel, 100; Amy Burns, 103; Amy McCormick, 108; and Libby Anderson, 129.

Whirlwinds had a 410 for the second round, a 41 stroke decrease over their first round.

Trina Ogden had a 120 and Mindy Matsler scored a 131 for the Whirlwind "B" squad.

Floyd 4-H Chemical Auction set tonight

A free fish and chicken dinner will be served at 7 p.m. Thursday (tonight) prior to the annual Floyd County 4-H Chemicals Auction. The event is to be held in the Lockney Community Center.

The auction is to include a variety of farm chemicals, seed, animal feed and "much more," according to Mary True, county Extension agent-HE. Among the offerings will be: Roundup, Treflan, Tordon, Banvel, 2-4D, Fusilade, Atrazine, Caprole, Arsenal, Dual, Glean, Lasso, Lorsband, Milogard, Prep, Prowl, Weedone 638, PIX, hybrid grain sorghum seed, hybrid cotton seed, range cubes, mineral blocks, some household chemicals for home gardens and lawns.

All money raised from the auction is used to support the county 4-H program, including such education projects as shooting sports-rifle and archery, foods and nutrition, public speaking, clothing, recreation and others.

Ms. True says the money also helps pay the costs of trips and activities such as state and district workshops, leadership conferences, county camp and activities and community service projects.

Quisenberry and Christian earn places in horse judging contest

Chad Quisenberry and David Christian, members of the Floydada FFA Chapter horse judging team, placed Saturday in competition at Clarendon Junior College in Clarendon.

Quisenberry was the eighth high point individual and also placed fourth in the performance segment of the judging.

Christian placed tenth in performance.

This was the first contest of the year. Allen Akers, vo-ag instructor and FFA chapter advisor, explains that the Floydada team placed sixth in state last year. The top five teams are ineligible to repeat, leaving the local team in prime position for state recognition.

"We have high hopes for this year," Akers says.

The team will judge at the West Texas State University and Texas Tech University contests this spring.

Junior high track results

Seventh grade Breezer boys captured first place in their division of a Saturday junior high meet in Muleshoe, seventh grade girls placed third, eighth grade girls were fifth and eighth grade boys placed seventh.

FFA Chapter to benefit from Wix box top project

Floydada FFA Chapter will receive 20 cents for each Wix Filter box top collected and sent in by May 31.

The public is encouraged to save Wix Filter box tops for FFA students and give them to any chapter member or take the box tops to Don Green Auto Parts, which is the local collection station.

"Nationwide, this has been good for FFA chapters, and we plan to continue it," says Dub Griffin, district manager for Wix Filters. He points out that some chapters across the nation have realized several hundred dollars from the project.

Don Green Auto Parts, local Wix dealer, plans "sale day" on April 15, when special prices are offered on all Wix Filters. (See advertisement in this issue of The Hesperian). Popcorn will be available for customers all day on the 15th, according to Green.

WOODWORKING CHAMPS — The VEH-CVAE woodworking class, led by teacher Dale Smith, competed March 25 in the Lubbock District woodworking contest. The class, consisting of high school and junior high boys, won first place to qualify to compete in state competition in Abilene May 13 and 14. The Lubbock competition included all of Area I District III Panhandle area. Winners were: (left to right) Fernando Gonzales, Julio Cervera, Carlos Rios, Ruben

Chavarrin, Richard Contreras, David Johnson, Pete Martinez, Abel Reyes, Raymon Trevino, Ramero Rios, Reymundo Perez (back), Gabino Suarez (front) and teacher Dale Smith. Smith expressed his appreciation to all those who made it possible. "This is great encouragement and motivation. Students do their best when they know everyone is behind them." — Staff photo

Local option sales tax increases approved by voters in several Texas cities and counties are now in effect. These new optional tax increases have resulted in varying sales tax rates, between 6% and 8%, throughout the state.

This is a list of new rates for area cities and counties. Area cities and counties that are not listed keep current rates.

Social Security Report

By Terry J. Clements

March is the last month of the 1988 general enrollment period for people who failed to sign up for Medicare medical insurance at their first chance.

There is a general enrollment period during the first 3 months of each year. Also eligible to enroll at this time are people who once had medical insurance but who dropped this protection.

Medical insurance protection will start July 1, 1988, for people who sign up during the general enrollment period. The basic monthly premium for medical insurance is \$24.80 for the period ending December 1988. The basic premium is increased by 10% for each year a person could have had this protection but did not.

The premium paid by those with medical insurance represents about one-fourth of the costs. The remaining amount is paid by the Federal Government from general revenues.

Medical insurance helps pay for doctors' services, outpatient hospital services, and many other items and services not covered by the hospital insurance part of Medicare.

In general, after a person has had \$75 in approved charges for covered medical expenses in a year—the annual deductible—medical insurance will pay 80% of the approved charges for any additional covered services.

Consumer facts

You are one of three people who may have won a car. All you have to do is... Sound familiar?

Texas households have been flooded with solicitations disguised as contest or sweepstake winnings. But to get your "prize" which is usually a cheap rubber raft with an egg beater for a motor or a model car, you will likely have to sit through an all-day, high-pressure sales pitch filled with all the tricks of the snakeoil salesman art. If you survive to claim your prize, you will have earned it, whatever it is.

There are plenty of legitimate contests for people who simply like the thrill of entering. However, most legitimate contests don't require you to do anything after entering.

And remember, it is very hard to win anything in a contest that you never even entered.
