IS THIS REALLY NECESSARY?—"Duke," owned by the Bud Edwards family, questions the necessity of having a vaccination during the dog clinic on Thursday. Despite his sad expression, Duke withstood the ordeal, as did "around 90"

other animals. Sixty-four city tags were issued. Duke is being held by Bud Edwards (left) as Dr. Paul Glasson handles the needle.

## Absentee balloting labeled heavy for city election; other two 'light'

No pattern has developed in absentee voting for three elections to be held Saturday, May 7.

City Secretary Jimmie Lou Stewart told The Hesperian that absentee balloting in the city election is "the biggest I've ever had." 52 persons had voted absentee by Tuesday afternoon.

By contrast, Darlynn Hambricht termed school trustee absentee voting at "light" late last week.

County clerk Margaret Collier said Friday that only three persons had voted absentee in the hospital board election.

Any qualified voter is eligible to cast an absentee ballot.

Absentee voting continues through Tuesday, May 3, in the three elections. City hall is the site for municipal absentee balloting from 8 a.m. until 5 p.m., hospital votes can be cast in the county clerk's office during the same hours, and school trustee ballots may be cast from 8 a.m. until 4:30 p.m. at the school's central office, 226 West California.

Four contested races have developed. Incumbent Don Green is being contested by Amado Morales for the District One seat on the city council. Present councilpersons Nancy Willson in District Four and Frank Breed and Wayne Russell in at-large positions are unopposed on the ballot.

Both positions on the school board which face voters this spring involved races. In Precinct One, board president Freddie Morren and Dr. Andy Hale

have offered themselves for service. Vying in Precinct Two are Jerry Livingston, Clar Schacht and Cyndi Williams. None of these candidates has served on the school board.

Fred Thayer, Melba Vickers and Aldine Williams are vying for two vacancies on the Caprock Hospital District board. Williams is an incumbent.

### City swimming pool probably will open

"It currently appears that the swimming pool will operate this summer," City Manager Gary Brown told The Hesperian. He says an application for pool management has been received and other individuals have shown an interest in the position.

No one had applied for pool management until recent days and it appeared at that time that the city-owned swimming pool would not open this summer.

## Suit names county, sheriff, deputy

C. L. and Marie Henderson plaintiffs in document filed last week

Floyd County, (Sheriff) Fred A. Cardinal and (Deputy Sheriff) David R. Hart were named as defendants in a suit filed last Wednesday, April 20, in the 110th District Court in behalf of C.L. Henderson and Marie Henderson of Lockney.

The document, filed by the plaintiffs' attorneys, William F. Warnick and Rush S. Wells of Lubbock, allege that "on or about April 26, 1986," about 1 a.m., "Defendants' conduct was the

direct and proximate cause of serious and substantial injuries to Plaintiffs, resulting in damages in excess of the minimum jurisdictional limits of this Court."

Plaintiffs seek: "1. An amount in excess of the minimum jurisdictional limits of this Court for actual damages to C.L. Henderson; 2. For punitive damages in an amount to be determined by the trier of fact, in excess of the minimum jurisdictional limits of this Court; 3. For damages to Marie Henderson in an amount to be determined by the trier of fact, in excess of the minimum jurisdictional limits of this Court," plus attorneys' fees, costs of the action and "for such other and further relief to which Plaintiffs may show themselves justly entitled by this pleading, or any lawful amendment hereto."

#### 1986 INCIDENT CITED

The suit states that "On or about April 26, 1986, at approximately 1:00 o'clock a.m., Plaintiff was lawfully operating his automobile in the City of Lockney, Floyd County, Texas, when he proceeded into the parking lot of an all night convenience store at or about the corner of East College and Southeast First Street in the City of Lockney, Floyd County, Texas. At that time and place, Defendant, David R. Hart who was on duty as part of his regular and official employment as a Deputy Sheriff for Floyd County, Texas, approached Plaintiff and asked for his Texas driver's license. Plaintiff asked why Defendant wanted his license and was told, "None of your business." In response to the evident authority of defendant, David R. Hart, who was, at all times herein mentioned, wearing official uniforms, insignia and badges of the Sheriff's of Floyd County, Plaintiff

## County ASCS, SCS offices being relocated in Texas A&M building

Farmers needing to transact business at the Floyd County ASCS or Soil Conservation Service on Monday need not go by the present facilities of either office. Both are being moved to the former Texas A&M University training center, across the highway south of Lighthouse Electric headquarters.

Both offices plan to be closed today (Thursday) and Friday to move.

The ASCS office will occupy the west side of the building and the SCS office is to be housed in the east side. A conference room also will be available.

"We are looking forward to being at our new location on Monday, May 2," officials point out.

#### REQUEST DENIED FOR UNLIMITED HAYING-GRAZING

Local producers will be disappointed that the request for unlimited haying and grazing has been denied at the state level.

Bob Lotspeich, executive director of the county ASCS office, explains that "the state committee's request for authority to approve the county committee's request to permit unlimited haying and grazing of 1988 ACR and CU for pay has been denied. This means that producers will not be permitted to hay or graze their ACR and CU for pay during the five-month non-grazing period. Floyd County's non-grazing period

is May 15 through Oct. 14."

#### FINAL DATE APPROACHING TO REPORT SMALL GRAINS

The last day to certify small grains, ACR acreage with a small grain cover and CU coverage with a small grain cover is May 15, Lotspeich says.

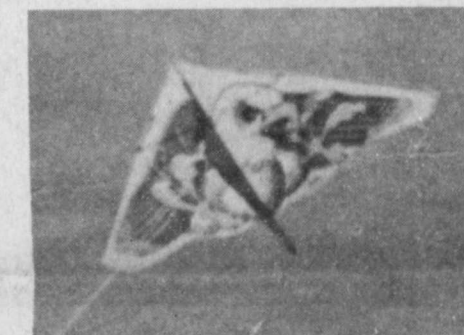

He gives the following guidelines:

1. You must certify all small grains regardless of their intended use.  
2. Irrigated and non-irrigated must be reported separately as tolerance will apply to each.  
3. If you have a base for wheat, barley or oats, and if you did not plant any of these crops, it is necessary to certify to "0" planted.

4. Producers not participating in the 1988 Farm Program are encouraged to report planted acres for history purposes.

5. Final disposition date for wheat is May 15. After this date, your crop is considered wheat.

6. Producers who desire to leave small grain cover standing on ACR or CU have until May 15 to file a request (cost \$10) to leave small grain standing. These acres may not ever be harvested. If this request is not made the small grain must be substantially grazed out, baled or destroyed by May 15.

or probably cause therefore, ordered Plaintiff, C.L. Henderson, to submit himself to a frisk search conducted in a violent and abusive manner, during the course of which Defendant verbally assaulted and abused Plaintiff with the intent and purpose of humiliating and embarrassing Plaintiff in the presence of the public generally.

"After frisking Plaintiff's person, as above described, which search did not reveal any incriminatory or dangerous article, Defendant David R. Hart handcuffed Plaintiff C.L. Henderson without cause and required Plaintiff to abandon his vehicle and accompany him to the jail of the city of Floydada, State of Texas, where, at the direction of Defendants, Plaintiff was unlawfully imprisoned and detained without bail for about two and one-half hours, all without warrant, probable cause, or any lawful cause whatever.

"At the direction of Defendants, Plaintiff C.L. Henderson was booked, and compelled to submit to fingerprinting and photographing of his person by personnel employed by the Sheriff's Department of the County of Floyd, State of Texas. Such personnel were using facilities present at the jail of the county, which facilities were owned and maintained by the county for the use and benefit of its Sheriff's Department.

**NO CHARGES FILED**  
"No criminal charges were ever preferred against Plaintiff C.L. Henderson in connection with, or in support of, the arrest and false imprisonment to which Plaintiff was subjected as set forth herein. During the time of Plaintiff's incarceration as aforesaid, he was never taken before an examining or committing magistrate and never allowed to post bail.

"At the time of his arrest and false imprisonment, Plaintiff, C.L. Henderson, was suffering from diabetes and recuperating from prostate surgery, but did not have any physical manifestations of any disease or physical malady whatsoever; however, a short while after Plaintiff was subjected to being handcuffed, he suffered from bleeding due to after effects of prostate surgery. Plaintiff had not suffered to any kind of substance, infectious or otherwise, or any kind of irritant which could have produced the foregoing condition with the exception of being handcuffed and roughly physically handled as aforesaid.

"Defendants conduct was the direct and proximate cause of serious and substantial injuries to Plaintiffs, resulting in damages in excess of the minimum jurisdictional limits of this Court."

The suit further states in article XXII, "Plaintiff, Marie Henderson, as a direct and proximate result of the conduct of Defendants has suffered damages in the loss of consortium with Plaintiff C.L. Henderson."

Floyd County Commissioners Court was informed during a Monday, March 2, 1987, meeting that the county could face the possibility of being sued by Henderson, who was dissatisfied with his treatment after being apprehended on the abovementioned 1986 date.

**COMMISSIONERS ALERTED**  
An article appearing in the March 5, 1987, issue of The Hesperian contained a report of that commissioners court meeting. It stated: "County Judge Bill Hardin asked the commissioners to read over a series of documents pertaining to an arrest on suspicion of DWI of Lockney resident C.L. Henderson. Hardin also presented a letter from Henderson's attorney requesting 'A response within 10 days or a formal lawsuit would be filed.'"

"Commenting on the proper course of action for the court to take, Hardin stated, 'I have turned everything I can

find regarding this incident over to our insurance company. This includes records in the Sheriff's Department, the

county attorney's office and the county judge's office. As this threat of a lawsuit should be covered by our public officials' liability insurance, I am assuming they will respond to the complaining letter and that no action on our part is necessary at this time."

### 75th birthday in '88 by American Cancer Society

The American Cancer Society is commemorating its 75th birthday this year. Because of 75 years of dedication to cancer research, education, and patient services, half of all cancer patients today are successfully treated. That's impressive progress when one considers that 75 years ago, in 1913, nine out of ten cancer patients died.

New York City's Grand Central station is celebrating its 75th anniversary this year, and the U.S. Department of Labor turns 75.

But...nothing is as special as the birthday of a cancer patient...who's still around to celebrate it.

The American Cancer Society has grown from a team of 10 doctors and

five laymen in 1913 to over 2½ million volunteers today...celebrities, recovered cancer patients and, most of all, concerned Americans.

"Give the best birthday present of all this year by giving generously of your time and money to the American Cancer Society...It's commemorating 75 years of life." ACS leaders point out.

## Bike thefts as warm weather back

With warmer weather comes...bicycle thefts. At least, that has been the case in Floydada.

Two bicycles reportedly were stolen from the porch of a residence in the 200 block of West Ollie Street "sometime during the spring break." The losses were reported last Wednesday.

One was a blue 20-inch boys bicycle with a blue seat and the other was a boys 20-inch bicycle with a quilted seat. Both had been "used very little" and were in good condition.

An individual residing in the 300 block of West Missouri reported Saturday to the police department that a 12-speed bicycle with black seat and grips, turned down handle bars and an Open Road decal was stolen from his porch Friday night or Saturday morning. It was valued at \$125.

Two male juveniles could have been involved in damage apparently caused by a B-B gun.

In what police believe are related incidents, a resident of the 300 block of West Ollie and another residing in the 1100 block of South Fourth Street reported damage about 5 p.m. Thursday.

Two boys had been observed earlier with B-B guns in the alley near the South Fourth Street residence.

One tempered rear window of a fiberglass camper shell and three 8x10 window panes of a storage building —

valued totally at \$65 — were shot at the West Ollie address.

A screen and door pane, 8x24 in size and valued at \$20, also were damaged by apparent B-B shots at the Fourth Street house.

One man was charged with DWI and two companions were arrested on charges of public intoxication at 12:03 a.m. Sunday. Police officer Darrell Gooch spotted a vehicle traveling north on Second Street and making a right turn.

The driver, Jose Gonzalez, was charged with driving while intoxicated. Two other men in the car, Theodore Flores III and Leonard Jacob Galvan, were charged with public intoxication. One of the men also reportedly had drug paraphernalia in his possession.

Police were notified at 8:15 p.m. Saturday of a disturbance in the 600 block of West Virginia. A man and a woman reportedly had argued over a phone bill. The man reportedly threatened the woman and left. John Joe Perez later was stopped in his vehicle and charged with DWI.

In another domestic violence call, police went to a residence in the 400 block of E. Tennessee at 10:10 a.m. Saturday. A 23-year-old woman and a 43-year-old man, who reportedly had been "living together off and on for about three years," were involved.

The woman reported that she was

"knocked down, but not hurt."

Two minor traffic accidents were investigated last Wednesday.

A '76 Ford LTD was westbound on West Georgia and a '78 Chevrolet Malibu Classic was eastbound on West Georgia and attempting to make a left turn behind the Ford. The Ford reportedly backed into the Chevrolet.

There were no injuries.

Driver of the Ford was charged with unsafe backing and the Chevrolet's driver was cited for having no liability insurance.

That same day, an '82 Mercury Cougar was southbound on Main Street when the driver failed to see a 1981 Suzuki 250 motorcycle which was eastbound on Missouri. The vehicle failed to yield right-of-way to the motorcycle and the motorcycle driver reportedly "laid it down to keep from hitting the car."

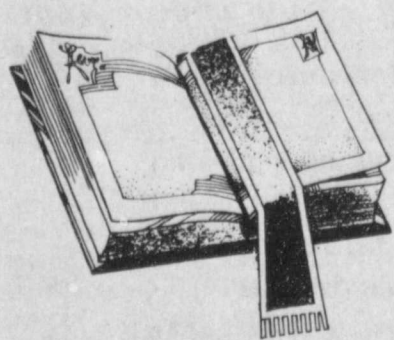

### Sheriff's report

"We've had a lot of fires," Sheriff Fred Cardinal says. Volunteer firemen were called out three times Saturday during the dust storm.

However, no burglaries have been reported to the Sheriff's Department during the past week.

Two DWIs (driving while intoxicated) and two PIs (public intoxication) charges have been filed.

### Consumers can resolve their complaints

When you have a problem with a product or service, what do you do? Forget about it, complain to your friends or seek recourse? According to Bonnie L. Piernot, a consumer economics specialist, few people try to get satisfaction when they have a complaint. "Unfortunately, consumers often believe their complaints won't be heard, or they don't know who to contact," she says. "In general, the best place to start is at the place where you bought the item or service. If you aren't satisfied with the response in a

reasonable amount of time, however, don't give up, since you have other options for resolving the problem." Piernot, who is a home economist with the Texas A&M University Agricultural Extension Service, says there are many sources available for resolving consumer complaints. The specialist notes that one of the best sources of assistance, the "Consumer's Resource Handbook," is published by the U.S. Office of Consumer Affairs and available free by writing the Consumer Information Center, Pueblo, Colorado 81009.

## Welcome Spring With Double Good Walnut Bread

The grays of winter are giving way to the beguiling colors of spring. Now's the time to arrange a few fragrant flowers and to bake a quick loaf of Double Good Walnut Bread. It's chock-full of delicious Diamond Walnuts, toasted to heighten their rich flavor. Half of the walnuts are used bold and chunky, straight from the package. The other half are finely ground to provide a delightful contrast of textures throughout the loaf. Together, ground and chunky walnuts add that special "walnutty" flavor that is doubly good.

Double Good Walnut Bread is great for breakfast—it slices easily and toasts beautifully; but you don't have to wait for breakfast to enjoy it. Bake it ahead and take it on a spring picnic. You can store it, carefully wrapped, in the refrigerator or freeze it for later use.

Double Good Walnut Bread is the perfect accompaniment to luncheon salads or fresh fruit. It's especially delicious when spread with cream cheese or your favorite jam or jelly. For a light dessert, top a slice with strawberries and whipped cream.

#### DOUBLE GOOD WALNUT BREAD

1½ cups Diamond Walnuts 1 teaspoon salt  
3 cups all-purpose flour 1 egg, beaten  
¾ cup granulated sugar 1½ cups milk  
3 teaspoons baking powder ½ cup butter or margarine, melted

Spread walnuts in a flat pan. Toast in preheated 350°F oven for 8 to 10 minutes or until very lightly browned. Cool. Finely grind ¾ cup of the toasted walnuts in food processor or blender; set aside. In a large mixing bowl, combine flour with sugar, baking powder and salt. Stir in ground walnuts. Combine beaten egg, milk and melted butter. Blend into the flour mixture just until dry ingredients are moistened. Stir in remaining walnuts. Turn into greased 9x5x3-inch loaf pan. Bake at 350°F about 65 minutes or until pick inserted in center comes out clean. Remove from oven; let stand in pan 10 minutes. Remove to wire rack to cool. Makes 1 loaf.

## Residents celebrate April birthdays

By Lorilla Bradley

What a lovely month we have  
When April comes along...  
With cooling showers and lovely flowers  
We sing a "happy song!"

Our Beno Wilson we salute...  
...Her years are 88...  
And as a lovely lady  
An "A-One" she will rate!

We greet our Mrs. Curry  
...She counts from 1909...  
She quietly sits from day to day  
And dreams of another time.

For Mrs. Thelma Hoffman  
...Her years are 84...  
We have the best of wishes  
For many, many more!

To Mr. Howard Miller  
...Who counts from 1910...  
We wish a Happy Birthday  
From daylight to the end.

For Mrs. Nola McCravey  
At this her special time  
We hope each day is better  
Than those she's left behind.

Let's honor all these people  
With the same old Birthday Song...  
So "tune up" all your voices

And sing out good and strong!

Thursday, April 21, was party time at the Rest Home with ladies of the City Park Church of Christ hosting.

The Hesperian photographer came for the "picture taking" after which everyone was ushered into the dining room with the honorees being seated at the "honor" table. Their places were marked with special birthday cards. The table was laid with a white cloth and centered with a floral arrangement in shades of blue. Each honoree wore fresh flowers compliments of Williams Flower and Card Shop. The poem was read and all joined in singing the birthday song.

Seated with "Beno" Wilson were her sister, Jessie Stewart and Letha Lightfoot. Rudolph McCurdy was guest of his mother, Nola McCravey. Guests of Howard Miller were Mae Sue and Willie Mae Smith, sister and niece. We do appreciate all of these people coming to be with their friends and loved ones and we invite you to be with us when you have dear ones being honored.

A delicious refreshment plate of iced birthday cake and angel food cake enhanced with a tangy fruit punch was served to the honorees, guests, home residents and employees.

The next party will be Thursday, May 19, 2:30 p.m. You are invited to attend.

BIRTHDAYS CELEBRATED—Floydada Nursing Home on Thursday, celebrated the April birthdays of: [left-right] Thelma Hoffman, Nola McCravey, Bennie Wilson, Florence Curry, and Howard Miller.

## Floydada Nursing Home Happenings

By Jo Bryant

Monday, Irene Wexler came and played the piano and we sang some songs. Elvis Warren couldn't make it for the devotion so we shared from Prov. 8, about the wisdom of God. "The beginning of wisdom is the fear of the Lord." At 2 p.m. the residents painted a duck.

At 9:30 Tuesday, the residents had their morning juice and coffee. At 10:30 Bro. Neeley and Zelma came and gave the devotional and sang some songs. At 2 p.m. Pat Zimmerman, Friend of the Library, came and shared the article on Austin, the state capitol, being 100 years old in 1988. It was very interesting and she passed a magazine around for the residents to view. At 2:00 Dolores Cannon and Geneille Evans came and did the residents' nails and manicure.

On Wednesday, Bro. Blair couldn't make it, so we listened to some songs and shared the word about Jesus appearing to the disciples, and said to them, "Peace be with you; as the Father has sent me, I also send you." Wednesday was Bingo day as usual.

Julie Eldridge came and helped the residents play Bingo. Maude Galloway won the first Bingo. The residents playing were: Myra Hall, Maude Galloway, Della Halencak, Oda Birchfield, Lena Withers, Mavis Willson, Ottis Johnson, Charles Breeding, Brooks Callaway, Ruth Smitherman, Ruth Benson and Iva Wells.

Thursday Helen Lipham came and played the banjo and sang some songs. At 2:30 was the monthly birthday party, hosted by the Church of Christ ladies. Williams Florist furnished the corsages. Hesperian came and took photos of all. Cake and punch was served to all present.

Friday the ladies of the First Baptist Church came and had the devotion. Freida Simpson played the piano for us. Letha Mulder opened with a prayer. Mrs. Lillian Ross read Ps. 114.

At 1:30 the residents went on a bus ride to Plainview. McDonald's treated them to ice cream. Those going were: Brooks Callaway, Ottis Johnson, Charles Breeding, Iva Wells, Florence Curry, Maude Galloway and Della Halencak.

We want to welcome a new resident to the home, Floyd Starkey.

FLOYD DATA

Thursday of last week Deeota Odum had as her guests, Mr. and Mrs. Wayne and Vada Lue Miller of Douglasville, Georgia, and Odessa Cage of Lubbock. Vada Lue is a cousin to Odessa and Deeota. The Millers are houseguests of their son, Kenneth and Janice Miller and children of Lubbock.

## 'School spirit' topic of Study Club

The 1934 Study Club met in the home of Mae Emert with co-hostess Lorene Newberry.

Ronnie Wood, Floydada High School principal, was introduced by Marguerite Word. His theme on 'School Spirit' included changes in House Bill 72 and how it has changed our school. Although many changes have been made it is by legislation and not the teachers. There is a positive attitude in the classroom and there is respect between the students and teachers. Kids are in a hurry to go on with their lives but not knowing where they want to go, therefore good discipline is needed in schools as well as in the homes.

Wood added, "Floydada High has a good bunch of kids, they do not want dope or alcohol in school and will fight to keep it out and there is a small percent in our school."

Fay Benson conducted the business meeting giving a welcome to members and guests, Mr. and Mrs. Wood. The finance committee reported the garage

sale was a great success and \$150 will be given to the hospital love fund to refurbish a room.

Refreshments were served by the hostess to Elizabeth Armstrong, Fay Benson, Mamie Bunch, Betsy Dempsey, Jo Y'Blood, Effie Foster, Evelyn Latta, Flora McNeill, Jettie Moss, Freida Simpson, Evelyn Sparks, Ruth Trapp, Wanda Turner, Marguerite Word, Mildred Wylie and to the guests.

# Crosby library dream comes true

Floydada leaders envision similar project

At a cost of \$319,472, "a dream came true" for Crosbyton on April 17 when the ribbon was cut on the new library which had been envisioned for years.

The 6,000-plus square foot structure is located on Memorial Plaza in Crosbyton's town square.

Mayor Lance Morris told the open house gathering that the dream became a reality "on a day that many have labored and dreamed of for many years." He characterized it as "A day when we can see what can be accomplished when the people of this area get a vision."

Dr. O.W. English, a retired Lubbock physician and a land owner in eastern Crosby County, had the honor of snipping the bright red ribbon to open the facility. Dr. English made a \$100,000 contribution to the library, which also received a \$50,000 grant from a Texas foundation.

Attorney Tom Brian, who headed the citizens committee which raised the

additional funds necessary to build the structure, presided over the program. Librarian Joy Jackson announced that the library has been notified it will receive a grant of approximately \$4,700 for new books from the J. Frank Doby Foundation.

While touring the facility, Dr. English paused in the richly paneled replica of his personal library, which will serve as a reading room.

The new structure also contains a main reading room, a community room, a business machine center for public use, office space to house the Pioneer Memorial Education Project Director Pat Brown, an archives room, above-ground storm shelters and small meeting rooms.

"We just couldn't have done this (library) without volunteers," Mrs. Jackson stated.

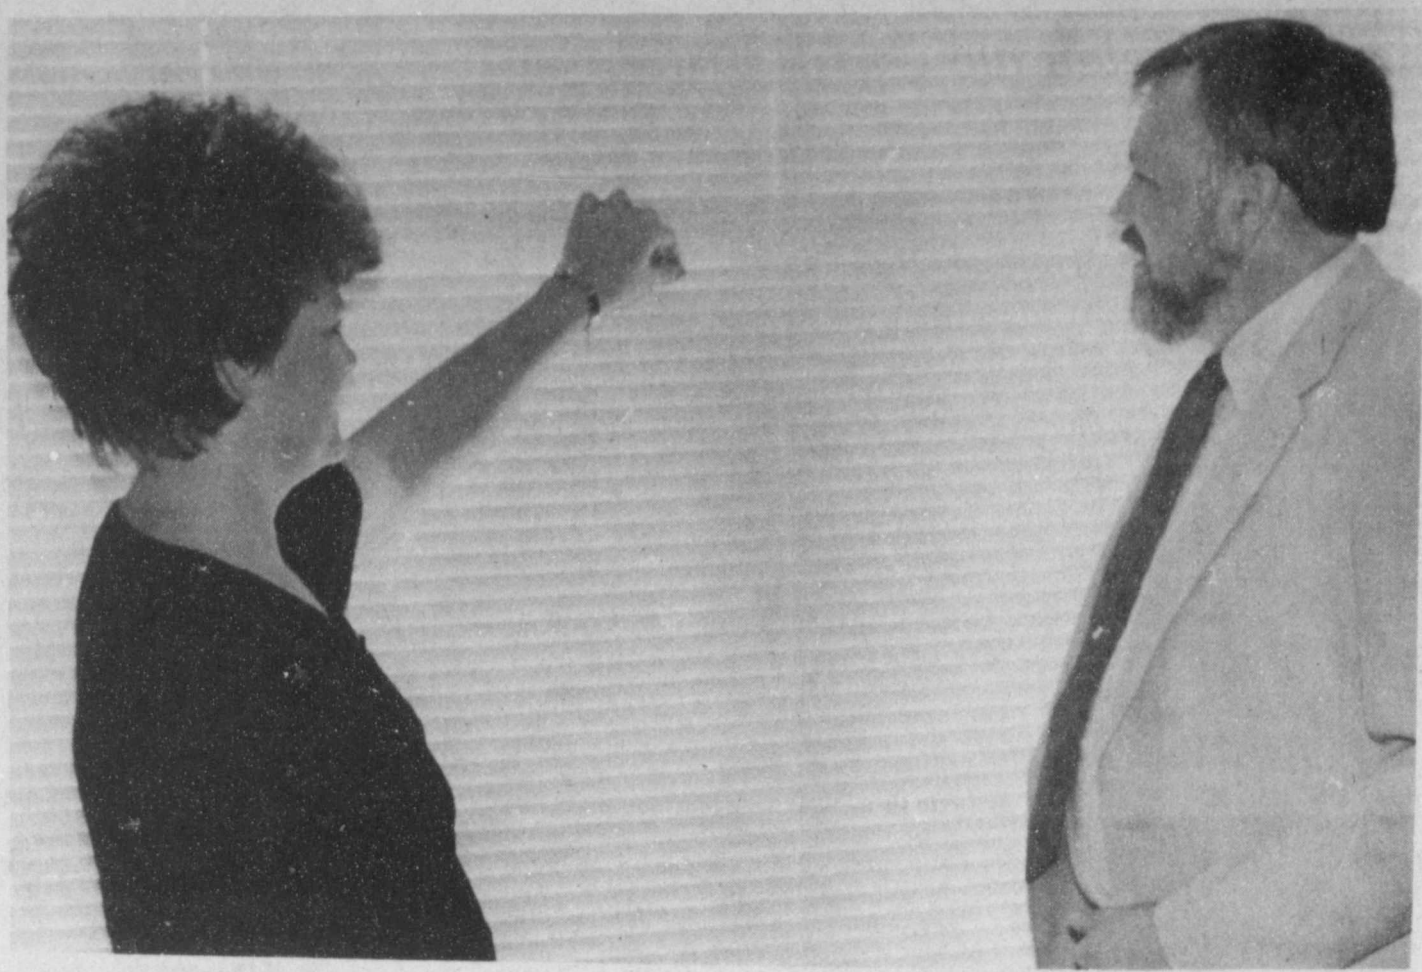

sentiments of Floydada residents who are eager for a similar facility here.

Floydada's efforts are about the same level of progression as Crosbyton was immediately before the volunteer committee was appointed during a public meeting.

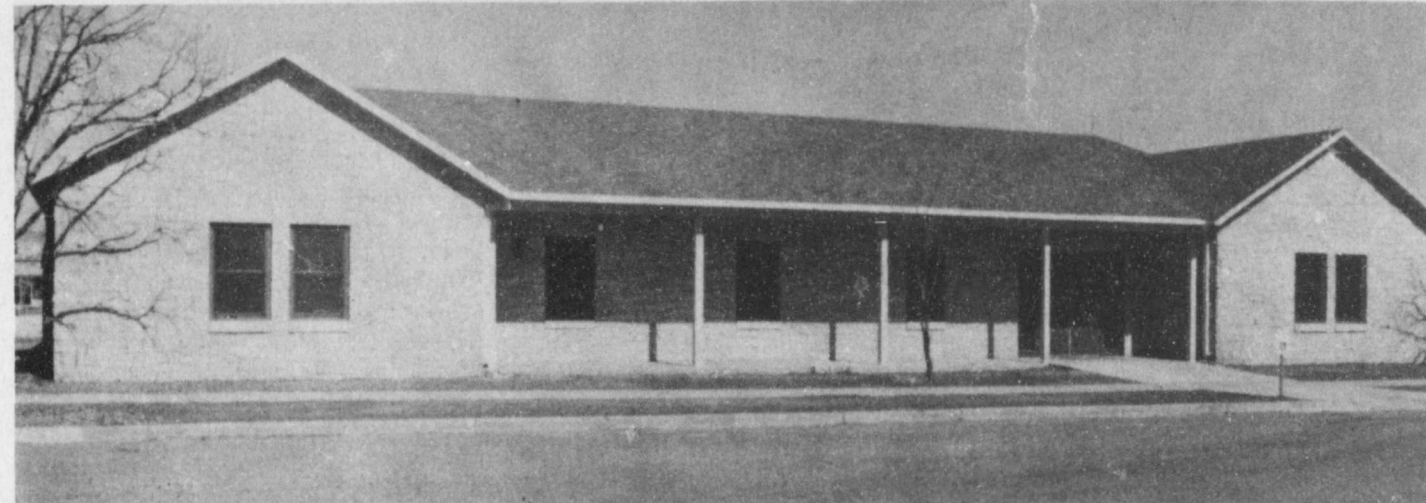

Local individuals, who envision a similar library structure being situated in downtown Floydada, point to the Crosbyton endeavor as a dream becoming a reality when a community develops a determined attitude.

A portion of the Crosbyton library funding was raised locally via several functions and public subscriptions. In-kind contributions — such as the site and land preparation — also were utilized.

## Glenna M. Orman attends treasurers' conference

Glenna M. Orman joined some 200 other elected officials for the 16th Annual County Treasurers' Seminar at Texas A&M University, April 18-21.

The program is designed to educate county treasurers on a wide range of responsibilities to include investments, cash management, record keeping, reporting and disbursements of county funds. Participation in this seminar enables county treasurers to achieve and maintain certification as required by state law.

The seminar commenced with a legislative hearing on April 18. Members of House Committee on County Affairs heard testimony from numerous county officials on issues affecting the office of county treasurer.

The interim charges of this House Committee include possible reorganization of the structure of county government and the possible abolition of the county treasurer's office.

Mrs. Orman explains, "The treasurer is the chief financial officer for the county whose function should remain

separate from those of the auditor." In most counties where the office of county treasurer has been abolished, the responsibilities were given to the county auditor.

"This eliminates the checks and balance concept which is vital for a sound financial operation within the county," explains the Floyd County Treasurer.

Dr. Aubrey E. Guthrie II of Bedford has completed continuing education requirements to retain active membership in the American Academy of Family Physicians, the national association of family doctors. The Academy formerly was called the American Academy of General Practice.

The requirements call for the members to complete a minimum of 150

## Miss Leatherman chosen Scholastic All-American

The National Secondary Education Council has announced that Ludustia Leatherman has been named a Scholastic All-American.

The NSEC has established the Scholastic All-American Scholar Award Program in order to offer deserved recognition to superior students who excel in the academic disciplines.

The Scholastic All-American Scholars must earn a 3.3 or better grade point average. Only scholars selected by a secondary school instructor, counselor or other qualified sponsor are accepted. These scholars are also eligible for other awards given by the NSEC. These are awards few students can ever hope to attain.

Miss Leatherman, who attends Floydada High School, was nominated for this national award and will appear in the Scholastic All-American Scholar Directory, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in American history. Certainly, winners of the Scholastic All-American Awards should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, executive director of the National Secondary Education Council.

The Council selects Scholastic All-

LUDUSTIA LEATHERMAN

American Scholars upon the exclusive recommendations of teachers, coaches, counselors and other qualified sponsors. Once awarded, the students may be recognized by the NSEC for other honors.

Miss Leatherman is the daughter of Mr. and Mrs. Jerry Leatherman. Her grandparents are Mr. and Mrs. Floyd Anderson and Mr. and Mrs. Clarence Leatherman, all of Floydada.

### Where's the fire...

By Mike Reeves

Floydada Fire Department had a slow week...until Sunday evening. Then there were three calls within an hour.

The first call was at 6 p.m. Sunday. A fire was reported at Williams Florist, 128 W. California. The front awning was destroyed in this fire. (Cyndi Williams told The Hesperian that work was being done on the building and apparently the torch struck electrical wiring at the front of the building. She said high winds hampered the situation but that only minor damage was sustained.)

Three trucks and 15 men responded to the blaze.

While firemen were still at the scene of the Williams fire, a second call was received. The blaze was at the Ratheal farm house, located two miles east of Lakeview. Approximately \$3,000 damage resulted to the interior of the house.

Fifteen men and three trucks answered the call.

Firemen were at the Dougherty fire scene approximately five minutes when the third call was received. It was at the Baker community, where a well house and storage were destroyed at the Mary Sinor home. Approximately \$4,000 damage was reported.

This was fire number 50 for the year.

Seventeen Floydada firemen and two from Dougherty attended the training meeting Monday night at the fire hall. Due to the addition of several new members, self-contained breathing apparatus (air packs) were discussed. These are used by firefighters when entering a burning structure.

They provide air to breathe.

Firemen were instructed on proper use and donning of this gear. Also, mock search and rescue scenarios were staged in the meeting room to familiarize firemen with proper techniques of searching for fire victims. Dinks Eckert, training officer, taught the class.

## Hospital happenings

When most folks of the community receive a phone call in the wee hours of the night, it is usually a family emergency, a death, or some kind of crisis. We have several people in our community whose phone rings regularly at night. The personnel on the ambulance crew, the lab and x-ray department, and respiratory technicians are frequently summoned to the hospital during the night, sometimes more than once a night.

The people whose sleep is disturbed by our physicians. Many times, they are called to the emergency room two or three times in one night. They don't get to sleep in the next day, as they have a full day scheduled every day in their clinic, making rounds on their in-patients and responding to calls from the emergency room.

On every patient that is admitted, the physician must dictate a history and physical of the patient's medical records and current status. The history pertains to previous illnesses, surgeries and family history of heart disease, diabetes and any other diseases in the family. He uses this information to help him diagnose and treat the patient. This is typed up and becomes a part of the patient's medical record. The physical pertains to every system of the body. He reviews the symptoms and makes a tentative diagnosis. This diagnosis is confirmed through lab work, x-rays, EKG's and other diagnostic tests. The physical is also dictated and typed up and put on the patient's medical record. The physician writes initial orders to admit the patient and as he receives the results of tests, he revises orders if needed. He writes progress notes on each patient at least once a day.

When the patient is discharged, a discharge summary is dictated, typed and becomes a part of the chart. Our physicians do a tremendous amount of paper work on each patient they admit.

We, at Caprock Hospital District, are very fortunate to have three competent and skilled physicians. Those of us who work with them, know them as very dedicated, compassionate and gentle people. They are very caring of their patients and of the hospital staff. We have seen tears brushed away as they share the pain and grief of their patients and families.

Dr. Jack Jordan has been practicing in Floydada since 1953. He bought his clinic from another doctor and moved here from Amarillo where he had been in practice for a short time after finishing medical school at Southwestern at Ft. Worth. Dr. Jordan was born in Plainview, he lived in Tulia until he left to go to the Navy where he spent 3

years serving. He received much of his college training while in the Navy.

When the old hospital closed in Floydada, he maintained his clinic and admitted his patients to the Lockney hospital. After two years, the new hospital was built.

Dr. Jordan is Chief of Staff at Caprock Hospital District. Until a few years ago, he delivered babies and did surgery regularly. He continues to assist Dr. Hale in delivery if needed and assists Dr. Lopez in surgery of his own patients. Dr. Jordan is in Family Practice, and to keep his status, he must have 50 hours of continuing education each year and take state boards every 6 years.

Dr. Jordan has provided a very dedicated service to this community. He is very knowledgeable and respected in the field of medicine. His knowledge in dealing with cardiac patients is remarkable. Again, we want to say how fortunate we are to have the capable leadership our staff of physicians give.

In the ensuing weeks, we will give background on Dr. Hale and Dr. Lopez. Our Candy Striper program has had great response. We have 18 people signed up to participate. We had only girls to sign up for the program, but we would welcome any fellows who want to be a part of this to sign up at high school or give Molly Stringer a call. We have had a meeting this week to orientate and set up some guidelines. We are making jumper type tops for each to wear while on duty.

Our students should begin their work in a week or so. These students are volunteering their time to assist with some duties at the hospital. They will work 2-hour shifts as many times a week as they want to.

Some duties they will assume include:

1. Pass out fresh ice water, juices, papers and magazines.
2. Help pass out and gather food trays in the patients' rooms.
3. Transport patients by wheelchair to the lab and x-ray and from ER, and the doctors' offices.
4. Making up extra patient charts, making ID cards.
5. Answering patient lights and summoning a nurse to respond.
6. Answering the phone.

How wonderful to have young folks willing to get involved and participate in the care of others. We appreciate Ronnie Wood's effort in helping us reach the young people through the school.

Come by the hospital and visit us. If we can assist you in any way, please call on us.

Dear Ken,

We received our copy of the January 7th Hesperian last week. Your story of the old dog in the ice was superb!

Perhaps it especially impressed us, having just put our little 14 year old Yorkshire, named "Pasha," to sleep. His little body had gone bad, but his indomitable spirit kept him trying to do his duty to the last.

### ANDREW VINSON SMITH

Services for Andrew Vinson Smith, 67, of Silvertown were held at 11 a.m. Friday in Silvertown Church of Christ. Mr. Smith served as Briscoe County sheriff from Jan. 1, 1965 until Jan. 1, 1977, and was district investigator for the 110th judicial district from 1977 until his retirement in February 1988.

Burial was in Silvertown Cemetery. Officiating for the service were Ted Kingery, minister of the Silvertown Church of Christ, and Earl Cantwell, minister of the Rock Creek Church of Christ.

Schooler-Gordon Funeral Home of Silvertown directed arrangements.

Mr. Smith was claimed by death early Wednesday morning, April 20, in Amarillo Heritage Home of Amarillo after an illness.

He was born June 2, 1920, to the late Joe H. and Bell Smith in Floyd County. The family moved to Silvertown in 1934 from the Wayside Community in Swisher County.

While attending Texas Tech University, he played freshman football. He and the former Geraldine Montague were married on Dec. 28, 1939, in Silvertown.

Mr. Smith served in the U.S. Army during World War II in the Philippines. He was a member of the Church of Christ in Silvertown, a member of the Silvertown Masonic Lodge and held a lifetime certificate in law enforcement.

"Friends will remember Vinson by his philosophical saying, 'You'll never go higher than your friends will carry you.'"

Survivors include his wife, Geraldine, of Silvertown; two sons, James Marvin (Jim) Smith of Amarillo and Monty Joe Smith of Huntington Beach, Calif.; one sister, Francis Zimmell of Lignite, N.D.; two brothers, Joe Smith of Riverside Calif., and J.B. Smith of Lubbock; and five grandchildren.

The family requests memorials be made to the American Cancer Society.

**POPULAR BAND**—The popular Blue Denim Band from Crosby County again provided entertainment for guests at the 49th annual Lighthouse Electric, Inc., membership meeting on Saturday. Lighthouse officials say they have heard "many" compliments about the band. Connie Clark of Crosbyton is the vocalist in this photo and her husband, Matt is visible at left. Rick Sudduth, the band leader, is shown playing the fiddle (second from left). Staff Photo

Board Vice-President L.B. Brandes introduced special guests in attendance. This was followed by the audit report given by Orland Gilbert of the accounting firm of Bolinger, Segars, Gilbert and Moss. Golden Spread Electric Cooperative General Manager Bob Bryant gave a report on the activities of his cooperative in the area of wholesale

power supplies.

### MANAGER'S REPORT

In his report to the membership, Lighthouse General Manager Bill Harbin expanded on the "negative margins", or operating losses, suffered by Lighthouse over the past two years, which were pointed out by Gilbert in his audit report.

Harbin explained that the primary reason for the operating losses was the loss of revenue from irrigation sales over the past few years. As an illustration, he compared the 1984 irrigation sales of 71 million KWH to 1987's sales of 35 million KWH, due in part to several factors, including the weather the area has experienced over the past two years, the generally sluggish area economy and government farm programs.

He went on to explain that even though the management and employees of Lighthouse had achieved a significant savings in operating expenses of over \$69,000 from 1986 to 1987, the cooperative still experienced an operating loss for the year.

Harbin reported that the management and board of the cooperative felt that expenses had been reduced to the point that any further reductions would have an adverse impact on the level of service that the members expect from their cooperative. For this reason, along with the need to earn margins to rotate capital, finance plant additions and system improvements in order to maintain a quality system, and to maintain adequate reserves for debt service, the leadership of the cooperative has come

to the conclusion that a rate increase is necessary.

### COST STUDY

Harbin reported that a cost of service study had been done by the cooperative, and new rates will be filed with the Texas Public Utility Commission shortly. He explained that the new rates would go into effect in early 1989, if approved by the commission.

He then compared the proposed new rates to the rates now in effect. When compared to the members' costs for electric service in 1987, the new rate will amount to a 3.71 percent system average increase. However, when compared to costs for 1988, due to the reduction in wholesale power costs now in effect, it will amount to approximately an 11.76 percent increase. This is assuming that the proposed rates are approved by the Public Utility Commission.

Harbin then went on to further explain how the new rates would impact the different classes of service before closing his report by recognizing the

## Seventh grade boys claim second in district; other FJHS teams third

From the six team District 2-3A, Floydada seventh grade boys captured second place in the district track meet Saturday. Both Breezer eighth grade squads and the seventh grade girls placed third in their divisions. The meet was conducted in Muleshoe.

Seventh grade Breezers boys racked up five first places and had a bevy of other places to trail winner Tulia by only 8 1/2 points.

Coach Dianne James says, "The eighth grade girls did real well. Charity Arwine surprised us and herself, receiving first place in the hurdles. Our 800 meter relay got second with the best time we've had all year. And our mile relay had the best time ever with a 1:30.04 to get third."

Of her seventh grade Breezer girls, Coach Mitchell comments, "The seventh grade girls performed exceptionally well. The 800 meter relay was changed, and we had only run it a few times in practice. Then we won it Saturday with an excellent time. Our mile relay had its best time all year long. We have not been beaten yet by anyone in the mile relay. We ran a 4:33, which is four seconds faster than our last meet! Eliza Suarez won all five events that she participated in."

## Scotty Battey, Daniel Medrano etch names in Wind record book

Scotty Battey etched his name in the Whirlwind record book Saturday when his 13'6" pole vault deadlocked with six other athletes for the school record. Battey's outstanding vault came during the regional qualifiers meet at South Plains College in Levelland.

Battey earned third place in the meet.

Daniel and David Medrano ran third and fourth in the 800 meter run. Daniel finished in 2:03.42 and David crossed the line in 2:05.40. High winds caused slower than normal times.

Rod Davis placed fourth in the 110 meter high hurdles. He was timed in 14.75.

The previous day — Friday in Kermit — the Medrano twins placed second and fourth in the 800 meter run. Daniel's time was 2:02.19 and David finished in 2:02.84.

Davis grabbed third place in the 110 meter high hurdles. He was timed in 15.22.

### RECORDS FALL

In addition to Battey's school record-tying pole vault on Saturday, Coach Mike Vickers says Daniel Medrano has

established three new marks during his career in the 800 meter run. As a sophomore, he ran a 1:59.5 to eclipse Tom Assiter's mark of 2:00.2.

In the Angelo Relays at San Angelo earlier this year, he broke his own record with a 1:59.2 and set still another mark, 1:58.8, in the district meet.

### BERTRAND WINS

Angie Bertrand won her division at the regional qualifiers meet Saturday in Levelland. She broke the tape in 2:34. Shelby Ogden also participated in discus throw.

All the abovementioned athletes are to compete in the regional trials Friday and Saturday in Odessa.

The presentation is directed and produced by Bobby Rainer, Doris McLain and Penny Giesecke.

## New state program introduced for deaf, hearing impaired drivers

Texas Commission for the Deaf (TCD) is presenting "an important new state program whose purpose is: (1) to increase the safety of drivers who are deaf or hearing impaired, and (2) to increase the safety of law enforcement officers and protect them from the possibility of civil liability suits."

"Serious misunderstandings may occur when an officer does not realize that a driver is deaf," points out Larry D. Evans, executive director of TCD.

The Texas Commission for the Deaf, a state agency, has been mandated by the Legislature to implement a voluntary Safety Communication Sticker Program to provide quick identification of vehicles driven by persons who are deaf or hearing impaired by law enforcement or emergency response personnel. Reflective stickers to be placed on back windows, (see illustration) bearing a unique symbol, will be issued.

"For the program to be effective," Evans says, "the law enforcement community must be trained to recognize this sticker. Thus, TCD is providing information packets to all law enforcement agencies."
