

Floydada Whirlwinds open fall drills

By Bill Gray

The Floydada Whirlwinds, once a feared challenger in South Plains schoolboy football, had fallen upon lean

a view from

The
Lamplighter

By Ken Towery

A few weeks ago we had a story on the condition of local banks. It was a comforting story, particularly as it related to the strength of the locally-owned First National Bank of Floydada. We say comforting because there hasn't been much comforting news coming out of Texas Banking circles these days.

Evidently Texas banks, the big ones anyway, are going the way of Texas media. There are few big city daily newspapers, and probably even fewer television stations, that are not now owned by out-of-state interests. The Houston Chronicle has now been sold to the Hearst Corporation of New York, the people who also own the Plainview newspaper. It was one of the last, other than The Dallas Morning News, that could still claim to be owned by Texans. As far as we know, the DMN is in no danger of changing hands.

But as far as the big banks are concerned, wow. Latest to go was First Republic Bank Corp of Dallas, which back in June of 1987 merged with the InterFirst Corporation in a desperate effort to stay alive. Now both are gone, having been acquired by NCNB of North Carolina. Depositors are protected, we understand, but stockholders of the old bank are left in the cold, so to speak.

That followed a long list of big banks that have gone under, one way or the other. Texas Commerce Bankshares of Houston sold to Chemical Bank of New York in 1986. In May of 1987 Allied Bankshares of Houston sold to First Interstate of Los Angeles. In April of 1988 a group headed by Chicago banker A. Robert Abboud took over the First City Bancorp of Houston. Then in July of '88 a Minnesota investor agreed to buy and merge National Bancshares of San Antonio with Texas American Bancshares of Fort Worth, with FDIC help of course. And now this.

We know nothing of the Big Banking Business. That is obviously true, since we can't figure why NCNB, which had a net income of \$129 million last year, would buy First Republic, which lost \$2.3 Billion last year.

We always find out about these good deals too late.

times in recent years. However, in 1987 the former perennial contenders made a dramatic reversal. Under Coach Earl Overton's guidance, the 'Winds exploded into almost their "glory years" status, finishing second behind co-champs Tulia and Littlefield in tough District 2AAA.

What can the 'Winds do for an encore, following the successful 1987 season which saw them post a very respectable 7-2-1 record? It will be a while yet before this question can be answered. Floydada missed the playoffs in '87 by virtue of a tie with Friona, coupled with Tulia's upset over heavily-favored Littlefield in the last week of play. That is all history now as the Whirlwinds opened their 1988 campaign with "two-a-days" on Monday, August 8.

As with every new season, optimism abounds around the Whirlwind camp. A rugged pre-district schedule, which includes the Canyon Eagles (moved down from AAAA to AAA), Idalou (expected in some circles to be a state contender in AA), traditional rival Lockney, and powerful Abernathy, should prime Overton's troops for the district wars.

Pads and additional gear will be issued on August 12, with an intersquad scrimmage scheduled at 9:00 a.m. on

Saturday, August 13, at Wester Field. Following the scrimmage will be the traditional "Meet the Whirlwinds" and watermelon fest. A time for parents, fans, and friends to mingle with the news faces and renew acquaintances with the "veterans." The first full scrimmage against outside opposition will be on August 19 against the highly-respected Post Antelopes.

In next week's Floyd County Hesperian, a team-by-team analysis will be given on the Whirlwinds and their scheduled opponents, with particular attention paid to district foes. There might even be a prediction or two from this writer—that is, if I can find and dust off my crystal ball.

Meet the Whirlwinds Saturday morning

Meet the Whirlwinds will be Saturday, August 13 at Wester Field. Scrimmage will begin at 9 a.m. A watermelon feed is to follow.

MAKE IT SNUG—Coach Hurt (left) and Coach Conougher handed out the new equipment and adjusted head gear for the Whirlwind football players last Wednesday.

Two-a-day scrimmage started the same week.

Blanco Canyon Classic brings amateur golfers

By Sharon Thames
Tech Journalism Student

David Ramirez chipped in for a birdie on the last hole of the second round in Sunday's amateur partnership golf tournament.

Most of the other players on the green were lining up their putts when Ramirez quickly said, "Let me go first." He was speaking to Sid Felan, his partner, and added, "We have to make it."

Ramirez was cheered by the six-golf cart gallery after the ball began to roll into the cup at the Floydada Country Club Fifth Annual Blanco Canyon Classic.

Ramirez and Felan, both from Plainview, won the two-day, 36-hole "best ball" tournament of the championship flight, finishing with a 131 total. They began Sunday's final round with a two-shot lead after Saturday's first round sharing a score of 64.

Sunday's round seesawed with the strong competitive team of Sid Anderson, of Springs, and Ricky Watts, of Nederland, who were two shots behind

the leader after Saturday's round of 66.

On the front nine, Watts birdied two holes, 5 and 7, while Anderson birdied 3 and 9. They were 2-under-par for the day at the turn for the next nine holes. Watts said, "We were even for the tournament at number 10." Watts birdied that hole.

The two teams remained even up to the 14th hole, when Felan birdied on holes 15 and 16 giving them a two-stroke lead. Next on 17, Anderson and Watts gained another stroke until Ramirez chipped on 18 for a birdie to win the tournament by two strokes. Both teams finished the round with a score of 67.

A first time pairing, Anderson and Watts finished second in the championship flight with a 133 total for the tournament.

Third place winners were Floydada's youngest players, Ty Stovall, and his partner Lance Watson, of Slaton. They finished the first round with a 68 and Sunday's final round with a 67, for a 135

County sets 29 cent tax rate for '88

Floyd County taxes have been set at 29 cents per \$100 valuation for the tax year 1988. The action was taken during the August session of the Floyd County Commissioners Court last Monday.

The unanimous decision, approved on a motion by Precinct 1 commissioner Sam Spence, seconded by Precinct 3 commissioner Thomas Warren, ends a series of hearings and published notices required by state law when implementing a tax increase.

A second action by the commissioners approved discounts for taxpayers making tax payments in October, November and December. 1988 tax bills paid in October will receive a three percent discount. Those remitted in

November will be discounted by two percent and those paid in December will receive a one percent reduction in taxes for early payment.

RURAL RAILROAD

Addressing the issues raised by the possible formation of a Rural Rail Transportation District in co-operation with several other South Plains counties, the Floyd County commissioners elected to table action until a later date. Due to inadequate information concerning the responsibilities and liabilities the county would be subject to if participating in such a district, the court postponed a decision pending receipt of more definite information.

Herman Graham, a local elevator operator reported to the court on a July 14 meeting in Lubbock during which a comprehensive report of the Santa Fe Railroad lines and the Burlington Northern lines in question was released. That report concluded the seven lines to be valued at \$13 million. The report also estimated costs of rehabilitating the 344 miles of track at \$18 million.

A possibility exists of creating one or two districts to operate the lines which the major railway companies have indicated they wish to abandon. The single or two districts would exist as government entities but possess no taxation powers. Revenue for operating the lines

School board sets hearing

Thursday, August 18 at 1:00 p.m. has been set as the date for a required public hearing concerning a change in the Floydada Independent School District tax rate for 1988. The hearing is necessary even though the proposed new rate of 66 cents per \$100 valuation will be lower than the current rate of 69 cents per \$100 valuation due to the low effective tax rate resulting from increased tax base upon the inclusion of the South Plains Independent School District in

FISD. All members present at the Monday evening board meeting voted in favor of the change in rate and setting the hearing prior to adopting the new rate. Don Hardy was not present, therefore did not vote. A published notice of the hearing appears in this issue of the Hesperian.

The board will also adopt a budget and set the new tax rate at the same session on August 18.

Continued on Page Three

Local chamber kicks off shop at home campaign

The Floydada Chamber of Commerce is focusing this week on back to school shoppers, and the businesses that cater to those needs.

"We are always trying to encourage people to shop in their hometown, and now that people are getting their children ready for school it seemed like the perfect time to remind them to shop at home," said Chamber President Monte Williams.

An ad in the Floyd County Hesperian this week points out to Floydada parents the merchants that carry their back to school needs, including clothes and school supplies. The back to school list is published in that ad.

"We just have to get people to look here first," said Williams. "We want to remind the schools that the merchants in this town support them in every way. They are always there to help with school activities, and the taxes they pay in this town helps us all. When it is time to buy something, then the parents and children can return that support by shopping in their stores."

Pool season ends Thursday night

The summer season for the Floydada swimming pool has drawn to a close. Thursday, August 11, will be the final day of operation according to Rilla Sue Woody, pool operator this year.

Thursday's regular swimming session will end at 6 p.m. The 7 to 9 family night swimming time will be the last opportunity to swim this summer.

Woody expressed her thanks for the support everyone has shown for the pool this year.

Annual Floydada Rodeo deemed a big success

The Rocking Rolling N Rodeo Company got off to a big start Saturday night

with bull riding being the first event. Normally saved until the very end, it got

the crowd ready and eager for more. Judging from comments such as,

LITTLE PRINCESS WINNERS—Announced at the Floydada Rodeo Saturday night were the winners of the Little Princess contest. Competing were (left-right) Kimber Williams, Dana McCandless, first place winner Lacy Golightly, Christy Dumas, runner-up Tiffany Hinkle, and third place winner Shonda Guthrie. Staff Photo

Comptroller Bob Bullock keeps us pretty well informed on tax matters, at least as far as state revenue is concerned. The latest epistle from his office informs us that the state collected \$45 million in taxes on mixed drinks during the second quarter of the year. That represents a 12 percent tax on all sales of mixed drinks in the state. The local taxing entities, counties or cities, receive a rebate of 12 1/2 percent of that 12 percent.

For your edification, gentle reader, the city of Dallas received, as their share of the 12 percent state tax, a total of \$964,813.59 for three months. (Folks in Dallas paid a total of \$7,718,508.69 in mixed drink taxes.) The people in Plainview, perhaps with a little help from the surrounding territory, sent the state \$47,308.40 and got back \$5,913.55 as their share.

Lubbock collected, and sent to the state, \$723,783.30, and got back \$90,472.91.

Crosby County only collected \$1,099.71 and got back \$137.46.

Floyd County was not listed, indicating folks here either

- (1) Don't sell mixed drinks (the tax is on sales, not consumption) or
- (2) If they do sell them, they forgot to report the sales to the state, or
- (3) Mr. Bullock's office made a mistake.

FAIR ENTRIES WANTED

Artists, crafters and bakers, the women's department of the Floyd County Fair needs your entries. They will be taking items on Wednesday, Aug. 17, from 4-7:00 p.m. and on Thursday from 9:00 a.m. until 12 noon. Judging will be done Thursday afternoon. Entrants are not limited to women; men and children are just as welcome to enter their items.

ANNUAL SIGNING

There will be an annual signing party Aug. 11 at 8:00 p.m. in the back patio of Floydada High School. Everyone is asked to bring a receipt and a pen.

DRIVING COURSE

A defensive driving course will be held Aug. 15 and 16 from 6 to 10 p.m. at the Floyd County Courthouse courtroom. Anyone interested should call 983-2584 to register.

ANNUAL PICNIC

The annual Floyd County, Texas, picnic is being held on Saturday, Aug. 20, in Balboa Park at the usual spot. All readers who might be in this area on this date are invited to share lunch and visiting beginning at 10 a.m. Balboa Park is in San Diego, Calif.

CARRIKER RECEPTION

Meet Kathy Carriker, wife of Steve Carriker, Democratic candidate for state senator District 30. Reception at Lighthouse Electric Friday, Aug. 12, at 10:45 a.m. Everyone is invited and urged to attend.

DWI CLASS

A D.W.I. Education Class will be held in the Floyd County Courthouse in the County Courtroom on August 22 and 23, from 6:00 p.m. to 10:00 p.m. each night. The cost of the class is \$50.00 for both classes, which must be paid on the first night of the class.

This class is a required probation condition for a first time conviction of Driving While Intoxicated. If not completed within 180 days of conviction, the person's drivers license will be automatically suspended.

QUILT SHOW

A one day quilt show will be held at the Floyd County Fair on Friday, Aug. 19. Three divisions will be included, Quilts of Today (up to 20 years old), Quilts of Yesterday (20 to 50 years old) and Quilts of Yesteryear (50 years or older). This will include tops and completed quilts. Contact Jane Archer, 652-3539.

FLOYD COUNTY FAIR 5K AND FUN RUN

Registration is still open for the Floyd County Fair 5K and Fun Run to be held August 20 at 9:00 a.m.

For more information on this event, contact Dr. Gary Mangold, Box 37, Lockney.

Everyone is invited to come out and run, walk or jog.

Remember the Fair is next week!

Blanco Canyon Classic attracts amateur golfers

Continued from Page One
total for the championship flight of the tournament.

"It's a tough course, the greens are small and elevated and it was hard to putt," Ramirez said.

DAVID RAMIREZ shows his emotions after chipping for a birdie on the final hole of the 36 hole golf tournament of the Fifth Annual Blanco Canyon Classic at Floydada Country Club.

One golfer made a 50-foot putt using a sand wedge as a putter Saturday on the third hole of the second nine. Howard Loftis said, "I thought it would help my partner out." He says the greens were fast and hard to putt on, and was willing to try anything.

"We try to work our game to each other's ability and work more on the strategy," said Felan. He says this is their first year of playing together and they have won five of the 10 tournaments they entered.

Felan started playing the game 10 years ago with Ramirez as his instructor. After the tournament, Felan said, "He knows my game because I am him."

Ramirez says he has been playing golf for about 20 years. "I was raised on this course and played here a lot as a kid with Butch," said Ramirez.

Anderson said, "This is the only course where I have never played without any sand traps." He has played in 10 tournaments this year in the Houston area.

Watts, a native of Floydada, said, "I came back to play at home." He has played in 10 tournaments this year in the Beaumont and Port Arthur areas.

"I have improved this year from the first flight to the championship flight," said Watts.

Stovall graduated from Floydada High School this year. He placed first in district in the last two years and fourth in regionals at Mission Country Club between Midland and Odessa, this year.

Watson placed second in district the last two years and fifth in regionals this year. Watson says they have been friends since they played golf together at 12 years old.

"Our first tournament at 14 is when we were paired together," said Stovall.

Where they won the Canyon Junior Invitation at Canyon.

Both Stovall and Watson plan to attend New Mexico Junior College at Hobbs, N.M., this fall on golf scholarships.

Other winners in the different flights:
First flight: First place, Paige Burlsmith and Kelly Kitchens scored 69 and 69 with a 138 total; second place, Larry Lutrick and Ray Ater scored 71 and 68 with a 139 total; and third place, Dr. Andy Hale and "Jr." Martinez scored a 71 and 69 with a 140 total.

Second flight: Jeff Whillock and Robby Robinson scored 77 and 65 with a 142 total, they were placed up to the first flight after the Sunday's final round. First place, Doyle Norris and Bill Houchin scored 73 and 73 with a 146 total; second place, David Roe and Howard Loftis scored 75 and 71 with a 146 total.

Third flight: First place, J.B. Smith and Darron Young scored 79 and 72 with a 151 total; second place, Danny Bounds and Schane Bounds scored 79 and 77 with a 156 total; tied for third place, Monte Bevel and Kenny Wide-man scored 79 and 80 with a 159 total; and Jack Darnell and Jack Williams scored a 79 and 80 with a 159 total.

Floydada Police Dept. is kept busy with assortment of crimes

August 2 started the week off for police with a complaint from a woman of her husband assaulting her in the 300 block of W. Kentucky. The husband was arrested.

Also on August 2, police answered a call in the 300 block of W. Marivena in reference to "appropriations of a vehicle which was not being returned to the owner," said Chief James Hale. "Charges were filed against two Floydada residents for theft of over \$750.00. Other charges will be presented to the grand jury."

Sometime between August 3-4, all four wheels and tires were stolen from a '78 Ford Pinto in the 400 block of West Tennessee. Sgt. Harold Snell subsequently arrested a Floydada man who he had seen driving a car with the described wheels.

On August 5 at 11:40 p.m. Officer Darrell Gooch arrested Daniel Fonseca on South Second Street driving erratically. He was charged with DWI. Later in the evening, Gooch also arrested a man at Second and Missouri for public intoxication.

A domestic disturbance, between 5:00 and 6:30 p.m., was settled at the scene by police on August 6 in the 500 block of West Jackson.

On August 6 in the 500 block of East Grover, Michael Jerome Curry was arrested for DWI.

A home was burglarized sometime between August 6 and 7 in the 400 block

of West Virginia. Stolen was an Emerson VCR, a Kodak camera and speakers.

Sometime between August 6 and 8 a three-wheeler was stolen from the 400 block of South 4th. It was described as a Powder Puff "Big Wheel", blue in color.

Police recovered a car on August 7 that had been taken from Plainview by two juveniles. The car and the juveniles were taken to Plainview.

On August 7 at 7:40 p.m. police received a call of a fight in progress at Fast Freddie's. Officer Gooch observed two men fighting. Both were arrested and charged with disorderly conduct. One was also charged with possessing a

prohibitive weapon and the other was also charged with possession of drug paraphanelia.

A hose was stolen from the yard of the Cable T.V. office on August 7 at an unknown time. A witness saw two juveniles climb over the fence and take the hose. The juveniles were found, and the case was solved.

In the 300 block of West Marivena on August 9 a family was victimized by a member of the household who tore up the inside and outside of the house. "Damage will run into the thousands of dollars," said Hale. "A warrant has been issued for the arrest of the individual."

Run For Fun!
Join the FUN RUN (or Walk) August 20... You don't have to RACE to take part. Get Your Entry Form In NOW!
5K AND FUN RUN **FLOYDADA show your GREEN - come out and run, walk, or jog.**

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Floydada Independent School District will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1987 by 5.4 percent. Your individual taxes may increase or decrease, depending on the change in the taxable value of your property in relation to the change in the taxable value of all other property.

The public hearing will be held on Thursday, August 18, 1988 at 1:00 p.m. at the Floydada Independent School District Central Office.

FOR the proposal: Charlene Brown, John Dunlap, Adolfo Garcia, Dr. Andy Hale, Michael Hinsley and Cindiann Williams

- AGAINST the proposal: None
PRESENT and not voting: None
ABSENT: Don Hardy

The statement above shows the percentage increase the proposed rate represents over the effective tax rate that the unit published on June 20, 1988. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	17,050	17,110
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	5,000	5,000
Average taxable value	12,050	12,110
Tax rate	.69	.66 (Proposed)
Tax	\$83.15	\$79.93 (Proposed)

Under this proposal taxes on the average home would decrease by \$3.22 or 3.76 percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would decrease by \$0.03 per \$100 of taxable value or 4.3 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

THE FLOYD COUNTY HESPERIAN (USPS 2026-8000)

County sets 29 cent tax rate for '88

Continued from Page One
would be secured by tax exempt bonds or possible grants according to the report and SPAG spokesperson Tim Pierce.
Pierce was unavailable for further information during the August session, prompting the delay of action.

OTHER ACTION

A motion by Spence, seconded by Precinct 2 commissioner Floyd Jackson approved the continued collection of a \$5.00 road and bridge fee payable with vehicle license and registration. The vote on the motion was unanimous.
Appearing before the court to request additional funding for Caprock Hospital District's ambulance service, hospital administrator Leroy Schaffner told the court that the current ambulance is in

need of being replaced. He estimated the cost of lease-purchasing a suitable replacement at "\$960 per month for five years".

Schaffner asked the court to increase the current \$500 per month contribution to \$1,000 to enable the district to replace the "worn out vehicle".

Commissioners agreed to take the matter under consideration and to meet with the Floydada City Council, which also pays \$500 per month in support of the ambulance service, and the hospital board to discuss the situation and possible solutions whenever such a meeting could be arranged.

A second set of visitors, Dr. John Selby and Melissa Gentry of South Plains Emergency Medical Services, also met with the court to request funds for SPEMS support services programs in the South Plains area. The pair presented a video taped report and asked for

"\$3,000 per year" to assist in operating a series of repeaters to relay ambulance calls between area cities and medical facilities, conduct education programs and schools. The commissioners took no action on the matter at this time.

Dee Sanders was re-appointed to serve as lay representative to the West Texas Library System for another two year term, effective September 1, 1988.

Travis Jones, Buddy Lutrick and Floyd Jackson were also re-appointed to serve on the Farm and Ranch Finance Committee.

Sam Spence was named Floyd County representative to the SPAG board of directors for the remainder of the 1988 year.

County treasurer Glenna Orman reported that the county began the month

of July with \$184,272.53. Receipts for the month totaled \$602,576.19. A total of \$626,575.48 in disbursements were made, leaving an end of the month balance of \$160,273.24. She also reported certificates of deposit totaling \$567,000 which have earned \$40,651.07 in interest to date.

Farm work contracts were approved for Eddie Smith, Malvin Jarboe, Gale Campbell, E. A. Noland, Paul Westbrook, Florine C. Davis, Hershel Swepston, Wayland Jones and Shelby Calahan.

Attending the session were commissioners Spence, Jackson, Warren and Kay Crabtree, county judge Bill Hardin, Glenna Orman, Connie Bearden, Margaret Herrera and the Hesperian reporter.

FHS registration schedule released

Registration for students who will be attending Floydada High School during the 1988-89 school year will be held on Tuesday, August 30 in the high school library.

Seniors and junior football players will register from 8:30 a.m. until 10:00 a.m. Other junior students will register from 10:15 until 12 noon.

Sophomore students and freshman football players will register from 1:00 p.m. until 2:30. All other freshmen will

register from 2:30 p.m. until 4:00 p.m.

All juniors, sophomores and freshmen will be required to have their pictures made for the annual before being allowed to register. Appropriate dress will be required in order to have photos made. These pictures will be taken in room 101 of the high school.

Any student wishing to purchase pictures must pay for them on registration day. Checks should be made out to BLUNCK STUDIOS, INC. There are four different packets available this year, priced at \$6.50, \$10.00, \$14.00 and \$20.00. A special bonus offer of 16 billfold size photos for \$5.00 may be

ordered with the purchase of any photo package.

Students new to the Floydada Independent School District will need to go by the high counselor's office so that their previous records may be requested.

Any student needing vaccinations or booster shots will need to have written verification from a physician before being allowed to register.

Student insurance may be purchased as usual. Rates this year are \$19.00 for school time only and \$50.00 for 24 hour coverage. Applications will be made available to students by building principal's when school begins.

Remember to vote Aug. 15

School board sets hearing

BIDS OPENED
Bids for supplying milk to the cafeterias and transportation supplies for the district were opened. Bell Dairies submitted the only bid for milk. Bell agreed to provide homogenized milk and low fat chocolate milk at a cost of 16 1/2 cents per half pint and low fat milk, skim milk and buttermilk at a cost of 15 1/2 cents per half pint.

Bids on transportation supplies were submitted by Producers Co-op and Tipton Oil. A motion by Andy Hale, seconded by Cindi Williams awarded the bid to Tipton as the low bidder.

HEALTH INSURANCE CONTRIBUTION RAISED

School superintendent Jerry Cannon asked the board to approve an increase in the contribution the district pays towards each employee's health insurance coverage. He pointed out that costs have risen in recent years and the district still pays only \$25 towards the total cost per employee. Cannon asked for an increase to \$35 per employee. A motion by Charlene Brown, seconded by Hale approved the increased payment on a unanimous vote.

Junior High principal Joe Christian requested a \$200 bonus for Junior High cheerleading sponsor Diane James. The request was made to "show her a little appreciation" for all the extra time she devotes to the cheerleaders. Similar bonus payments were approved last year for the high school cheerleading sponsor, student council sponsor and more active class sponsors. The board approved the measure.

Administrative assistant Jimmie Collins presented several budget amendments which were approved as presented and he fielded a discussion of the preliminary figures for the budget in the coming year. Board members approved a list of capital improvements Collins presented for inclusion in the next budget.

The board approved the employment of Janice Bailey for kindergarten teacher at A. B. Duncan, Jimmy Burleson for Junior High coach and high school government instructor, Frances Puckett for high school English and annual staff and Melva Dorman as 6th grade teacher at R. C. Andrews.

A discussion of options for conducting graduation next year was tabled until a later session. High school principal Ronnie Wood presented three options he felt were feasible and told the board, "We can do it any way you choose that is legal. These are the three best ways I can find, but I am open to any suggestions you care to make."

The three plans Wood presented all call for final exams on the last two days of school. The differences result from the actual graduation ceremony. Wood prefers a plan to hold graduation on the night of the last day of school with all seniors students participating. Each would receive a diploma cover as they have in the past with the actual diplomas being picked up "in a day or two".
The second plan would have gradu-

ation on the next night following the last day of school with only those seniors who will receive diplomas participating in the event. The third plan calls for graduation on the night of the last day of school with only seniors actually receiving diplomas participating in the ceremony.

Attending the August 9 regular session were board members Charlene Brown, Michael Hinsley, Cindi Williams, John Dunlap, Adolfo Garcia and Andy Hale. Also present were superintendent Jerry Cannon, administrative assistant Jimmie Collins, Ronnie Wood, Bobbie Weir and the Hesperian reporter.

News and Views from Cedar Hill

By Carl Lemons

Rain fell on three consecutive days this week giving a total of not more than one fourth inch. An unusual feature of the showers was the sun shining so brilliantly while the rain was falling. Looking obliquely toward the sun each falling rain-drop became luminous as it reflected the sunlight, a tiny falling star in the midst of a myriad of its fellows; a

SPAG recommends Floydada senior citizens for funds

SPAG board of directors, meeting on July 12, accepted recommendations from the SPAG advisory council on aging to provide funds for several organizations and local governments which provide senior citizen programs authorized under Title III of the Older Americans Act. Among the recommendations approved for funds was the Floydada Senior Citizens, Inc.

Funds are contingent upon the allotment of sufficient money to SPAG by the Texas Department on Aging. If these monies are forthcoming, the Floydada organization has been earmarked to receive \$17,000 to be used to fund nutritional programs.

Remember your entries for the fair next week!

sky full of fireballs plummeting earthward on their mission of blessed bombardment.

Corn continues to harden and the weather has been very good for that. The ears are still green enough that none have begun to turn down. Craig Gilly says harvesting will be the only other expense his corn will require. A far cry from the possible 20 to 30 additional dollars per acre in spray costs that the cotton crop may require.

Cotton growth has slowed in response to this last week's dry weather and the plants are finally beginning to set boles in earnest. Anticipating the developing crop's heavy demand for water the growers are pumping water on their fields as fast as their equipment can be made ready. Soil moisture has been sufficient so that no midday and afternoon wilting has been reported. Hot weather and a light shower every day makes conditions ideal for both bollworms and the cotton aphid; the sound of spray planes can be heard daily. One farmer states, "I never had a cotton crop so good, but I sure stay drawn up on those days when the bug man checks my fields!"

Cucumbers are moving to the vegetable sheds on a regular basis but culling is very severe. There is no shortage, and many slightly inferior cukes that would have been accepted in other years are being discarded this year. Inference is that growers will do well to net one

dollar per bushel.

Hay crop emergence on fields that had been considered dry-sowed was a surprise to farmers. After a few days a second look at those same fields showed lots of skips. Rain, right now, would sure help.

Milo has advanced to the dough stage and is still looking very good. So far most growers have avoided having to spray.

Onions: No comment! Regarding the 1988 onion crop it seems the less said the better.

Vegetable gardeners from below the caprock have been sending tomatoes to the tables of plains relatives and friends, and a few tomatoes have been gathered from local gardens. Tomatoes are being sold at our roadside market, but the Cedar Hill grown tomatoes, which promise a bountiful yield, are still two to three weeks away from harvest. Black-eyed peas are in full production. Available either in the basket or on a pick-your-own basis.

PEOPLE:

Reunion dates for two of Cedar Hill's turn of the century families are set for this August. Both reunions will be held in Floydada's Massie Activity Center.

The Fortenberry family will meet for the 37th consecutive year at 6:30 p.m. on Friday, August 12. The multitude of things they have planned for Friday evening will make the 6:30 a.m. Satur-

day morning breakfast essential. Unless they cancel some items from their agenda it will be breakfast time Saturday morning before they finish Friday night's activities. The Saturday morning program will terminate at the close of the 10:30/12:00 business session. Luncheon, fellowship and custodial care will continue until 4:00 or later. For a complete list of activities see the Fortenberry Reunion ad on page two of last week's Hesperian.

The Lackey invitation reads, "You!!! a 'KIN R FRIEND' of the Lackey Klan are invited to the Annual Lackey Reunion at Massie Activity Center in Floydada, Texas on August 20, third Saturday, 1988. And, please! To update our registry, and simplify our mailings, send, or better, bring to the Lackey Reunion, c/o J. Cephus Fortenberry, Sec., Treas., Route 2, Box 145, Lockney, Texas 79241, the Name, Address and Family status of anyone who might be interested in our reunions. Bring basket lunch, some to be shared, no drinks or bread. THANKS!"

It's true we have no formal "neighborhood watch" out here in the boondocks but Tuesday when Patsy Boone and Gladys Fortenberry found a strange looking bug that could have been a termite they grew quite excited and sounded the alarm. Peat Kelley and Norma Welch went into action, turned over a few old boards and came up with some genuine, real life termites. The two teams put the new bug beside the known bugs and the collective decision was that the new bug was not a termite. The crisis was met and the participants came out unscathed! Let do-wrongers beware, we have an organization, and we do fire drills!

Lindsey and Billie Ruth Lackey had their daughters, Linda and Donnie Turner of Flomot, and Kim and Kelley Mixon from Amarillo visiting in their home Sunday afternoon. Billie Ruth's friend Lois and Bill Harrison from Irving, also stopped by for a couple of hours. The Harrisons had been to see the "Texas" pageant east of Canyon.

Rev. Bud Morton, Marilyn, Joseph, and Jason returned Sunday night from a week's campout vacation in Woodland Springs near Pikes Peak in Colorado.

home this weekend from Atlanta, Georgia, visiting her son and family.

Mrs. Lois Marler had company for several days, relatives from Oregon. They attended church with her Sunday morning.

Several of the women have been canning and freezing vegetables the last several days.

There are several still in the hospitals and rest homes. Hope they are soon ok and will be back.

A good crowd attended the birthday party Sunday afternoon for Jim Word on his 70th birthday.

Mr. and Mrs. Alan Daniel and family of Dallas are visiting his parents, Mr. and Mrs. Bill Daniel and other relatives.

Mrs. Jo Moore from Alabama is here visiting her mother, Mrs. Kate Crabtree and other relatives.

Mr. and Mrs. Harvey Dale Tardy of Lubbock spent Monday with Mr. and Mrs. Harvey Tardy and Lanell.

Mr. P.L. Hart and Carrick Snodgrass are in Methodist Hospital; Ester Freeman is in the nursing home; also, Vada Kinard, Lennie Willis, Ruth Smitherman, Mrs. Galloway, Robbie Hatley, Mrs. Lindsey and many others. Ones I didn't know and reports are scarce about them.

Freida Simpson had as her guest week before last for a few days her daughter and family of Wasington.

Mrs. Eula Mae Gross returned home Saturday from a three week vacation visiting her son and family in Las Cruces, New Mexico, and in San Diego, California, with a granddaughter.

Mrs. Ethel Warren attended the reunion for the Frizzell family in Plainview Sunday.

Senior Citizens Menu

August 15-18

Monday: Baked ham, mashed sweet potatoes, cole slaw/pineapple, dinner roll/margarine, canned pear halves, milk

Tuesday: Country fried steak/cream gravy, mashed potatoes, stewed tomatoes, cornbread/margarine, cantaloupe, milk

Wednesday: Turkey spoonbread, cranberry sauce, kale, waldorf salad, roll/margarine, fresh banana, milk

Thursday: Bring a dish and enjoy pot luck.

Friday: Cheeseburger on whole wheat bun, leaf lettuce, onion slices, sliced tomatoes, broccoli, cream pudding/frozen strawberries, milk

FLOYD DATA

W.R. and Margaret Daniel recently returned from a 3,000 mile RV vacation to Myrtle Beach, South Carolina. They attended Newmar Country Klub R.V. rally. They also visited in route Bob Phillips at Selma, Alabama, and three of W.R.'s World War II buddies at Greenville, South Carolina, Dalton, Georgia, and Texarkana, Texas. They also spent time with their daughter and family, Mr. and Mrs. Byron Kendrick, at Pottsboro, Texas.

They reported a scenic drive through the Valley of the Gods, and some cool, cool nights. Not much luck in trout fishing; other fishermen who were having the same luck, said it was a bit too cool.

Martha and Junior Taylor had birthday fixins, ice cream and cake, in their home for Bud and his family, and for Leah Lackey and her family last Friday night. Bud's birthday was August 5, while Leah's was Monday, August 1.

News from the Assembly of God Church indicated good attendance. Rev. and Mrs. Jude Strickland spoke and assisted during the morning service, in the absence of the Mortons. Night services were dismissed so that members might attend the annual Assembly of God Camp meeting in Lubbock.

Cephus and Imogene Fortenberry visited his sister Mary Ann and Garland Tucker in Lubbock Sunday afternoon and went to the camp meeting services that night.

Saturday some members of the Gilly clan were at Lake Mackenzie helping with expansion and upgrading work on the Clark cabin. Others arrived Sunday until the total numbers included Juanita Teeple and her two daughters, Shirlene Reddout and Rhonda Gayle Parker with her two babies. Shirlene's daughter, Tanya and her friend, Todd, both students from Springfield, Missouri, were there. From Floyd County were Dwight and Helen Teeple and their sons, Brian and Keith, Edna Gilly and granddaughter, Jessica, Craig and Trudy Gilly and

their daughters, Amy and Tara, and Jerry and Leah Lackey and children, Brandy, Casey and Mack.

News of the death of Ruby Lee Rape Dillard was received Monday morning. Ruby Lee lived with her family on the Preston Conner place in the early 30's. After she and Herman Dillard married in the mid-30's they moved to Post where he died several years ago. Funeral services for Ruby Lee were held at 2:00 Wednesday in Post.

It was a regular thing 40 years ago for Little Bill or Raz Ware to come, raising clouds of dust as they circled around Lake Cedar Hill, cornered at the Assembly of God Church and cornering again as they turned west at the store. They would be pulling a horse trailer and headed for the competition at some distant rodeo. In 1988 it is Clint Ware and his wife, Dara, occasionally Raz comes along too, that zip through Cedar Hill on FM 97 as they go to challenge some of rodeo's best. Clint hasn't gotten that top prize he is after, but each Tuesday and Thursday he is out there practicing. Rodeo winners had better not stumble or some young fellow like Clint will walk off with his crown. Back in the home corral Clint and Dara have two more little hopefuls named Cody and Clay. Perhaps 30 or 40 years from now there will still be a Ware from Cedar Hill toting his horse trailer to a rodeo.

It is always wise to stop wishing for things long enough to enjoy the fragrance of things now flowering.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Caprock Hospital District will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1987 by 27.42 percent. Your individual taxes may increase or decrease, depending on the change in the taxable value of your property in relation to the change in the taxable value of all other property.

The public hearing will be held on Thursday, August 18, 1988 at 7:00 a.m. at Caprock Hospital.

FOR the proposal: Fred Thayer, Joy Assiter, William Bertrand and Melva Vickers

AGAINST the proposal: None

PRESENT and not voting: None

ABSENT: None

The statement above shows the percentage increase the proposed rate represents over the effective tax rate that the unit published on June 23, 1988. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	17,050	17,110
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	0	0
Average taxable value	17,050	17,110
Tax rate	.1797	.23 (proposed)
Tax	\$30.64	\$39.35 (proposed)

Under this proposal taxes on the average home would increase by \$8.71 or 28.42 percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would increase by \$5.03 per \$100 of taxable value or 27.99 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

Cadette Girl Scouts visit National Center West

GOLDEN ANNIVERSARY—Frank and Paule Webb of Kingsland, former Floydada residents, will be observing their 50th wedding anniversary with a reception Sunday, August 14. The event will be held from 2-4 p.m. at Pizza Gold in Floydada. The couple was married on September 14, 1938. Hosts will be their daughters, Myrna Widener of Plainview, Helen Terrell of Floydada and Freida Johnson of Lubbock. The couple has 10 grandchildren and six great-grandchildren.

Tri-community reunion set for Labor Day weekend

Center, Fairview and Campbell communities will be having their annual community reunion during the Labor Day weekend, September 4 and 5. The

event will be held at the Massie Activity Center, 511 West Georgia, in Floydada.

Those wanting to attend Saturday night, should arrive by 7 p.m. Sandwiches and cookies should be brought for your family. There will be games and visitation.

Sunday morning will begin with registration at 10 a.m. Each family should bring their own food, unless you come from a distance.

Drinks, silverware, plates, cups, etc. will be furnished.

Reunion officers this year voted to include the Campbell community and extend a special invitation to residents and former residents of that area.

1986-88 officers recently elected are: Kenneth Robertson, president; Weldon Cumbie, first vice president; Floyd Montgomery, second vice president; RueNita Robertson, secretary-treasurer; Murl Mayfield, reporter; and Letha Lightfoot, memorial chairman.

Three Cadette Girl Scouts from Floydada were among those chosen to represent Texas at a gathering at National Center West in Wyoming this summer. Floydada residents Zora Woody, Therese Sims and Amanda Henderson joined seventeen other young ladies from Caprock Council including girls from Lubbock, Post and Levelland on the journey to the northern state.

Known as the "Texas Trekkers", the group departed from Lubbock on July 21 by bus. First stop on the itinerary was Colorado Springs, Colorado. The Girl

Scouts visited the United States Olympic Center where they were able to see the U. S. team in training.

Spending the night at Carson Air Force Base, the girls went on to tour the Denver Museum of Natural History before leaving for Cheyenne, Wyoming. Upon arrival, a meeting with the mayor of Cheyenne and the governor of Wyoming made an exciting welcome for the Texas group. The girls toured the capital building then journeyed on to Casper where they spent the night at the Girl Scout Hut.

Arriving in Ten Sleep, Wyoming on the third day of their trip, the Texas Girl

Scouts spent the next five days at National Center West. Activities there included horseback riding, fishing, crafts, hikes and many other interesting items.

The Texas girls even had the unique experience of being in a tornado. Fortunately, no one was hurt in the short-lived severe weather episode.

More than 2,000 girls from throughout the United States were in attendance at the council gathering in Wyoming for a time of sharing and friendship.

Leaving National Center West, the Floydada girls were able to visit Yel-

lowstone National Park before beginning the homeward journey. A night in Jackson, Wyoming was followed by a trip to the Snake River and a rafting tour. The eight mile "ride of the rapids" through a canyon was an exciting experience for the plucky Girl Scouts.

The second night of the trip home was spent at the Mile High Council in Denver, Colorado. The girls arrived back in Lubbock the night of July 31.

The girls said they truly enjoyed the ten day trip and expressed their gratitude to everyone who made the trip possible. They are already looking forward to another trip next summer.

The Floydada girls have made a super size Thank You card which is on display at City Hall. The public is invited to drop in and read it. It expresses the gratitude of the scouts for the many who purchased cookies and donated food or gifts towards the trip.

Floydada Nursing Home Happenings

By Jo Bryant

Hi, another week has come and gone, time to share with you what is going on here at the nursing home. Monday, started the week with the usual morning coffee and juice break.

At 10:30 Irene Wexler came and played the piano for us, and Bro. Bill Wright from the First United Methodist Church came and gave the devotion on John, on the Living Bread. At 2 p.m. the Rhythm band went full strong with songs from the past, on do you remember when?

Tuesday, Bro. Neeley and Zelma came and gave the devotion taken from Ps. 89. At 2 p.m. the residents painted pet rocks.

Wednesday, Bro. Sammy Rodriguez came and gave the devotional taken from Matthew 11:28-31. "Come to me all who are weary, and I will give you rest." At 2 p.m., the residents played Bingo, Ruth Smitherman had the first Bingo. We had a full house, as 17 of the residents played bingo. It is one of their favorite activities.

Thursday, Helen couldn't be with us, so I gave the devotional taken from Acts

1-8, "on you shall be my witnesses." At 1:30 we had the resident council meeting. The residents present were: Myra Hall, Addie Lindley, Maude Galloway, Della Halencak, Otie Johnson, Charles Breeding, Lennie Willis, LaVader Kinnard, Iva Wells, Robert Callaway.

Friday, the ladies from the First Baptist Church came and gave the devotional. Mrs. Lillian Ross read Ps. 1. Letha Mulder opened with a prayer and led the singing. At 1:30 the residents went on the bus ride to Crosbyton. Delma took us, they enjoyed seeing the sunflowers, grape vineyards, cotton, feed. Our Place treated them to some ice cream.

Sunday, Bro. Wright and others from the Methodist church came and shared with the residents. We thank you for sharing part of your Sundays with us too.

Tuesday, the Companions 'n' Caring had their monthly meeting at 2 p.m. They will serve the residents ice cream on Tuesday, 16th, at 2 p.m. We appreciate all that they do, but could use more volunteers to help. Thanks Dolores, for coming on Monday and Tuesday to do all the ladies' hair.

This month's employee of the month

is Lucy Rodriguez. She has been working in dietary for the past four months. She was born in LeProy, Texas, to a family of seven. She attended Floydada schools. She met and married Edward Rodriguez. They have two children, a son, 12, and a daughter, 5. She likes to read, sew and cook. She won a gift certificate from Bigham's Smokehouse. Lucy is always smiling and pleasant, and very helpful to everyone.

Thanks go out to Ann and Jimmy Willson for the peaches and also Edna Patton. This week's visitors were David and Jan Campbell, Graham, Texas; Mattie West, Jody Ramsey, Sammy Rodriguez, Winnie Neil, Irene Wexler, Wayland Faulkenberry, Mattie Covington, Edna Patton, Frances Badgett, Augustine and Katty, Mel and Marjorie Holcomb, Phillip Wilson, Bessie Wilson.

Thought for the day... "Happy the man that shelters a friend"...Emerson.

WE'RE FIGHTING FOR YOUR LIFE

We Salute...

Tolya Hickerson feted with bridal coffee

Tolya Hickerson of Dallas, bride-elect of Bruce Dawson, was honored with a gift coffee Saturday, July 30, in the home of Mrs. Connie Bearden.

Miss Joni Smith and Miss Shonda Smith served refreshments. Miss Laura Hale registered guests.

Special guests were mother of the bride, Mrs. Mack Hickerson, and grandmother, Mrs. V.H. Kellison of Lockney. Hostesses were Mmes. Connie Bearden, Victor Smith and C. Byron Brock of Lockney.

The couple has chosen Sept. 3 as their wedding date at the Prestonwood Baptist Church in Dallas.

Letter to the Editor...

Dear Editor,
I wish to thank Mrs. Owens for her letter in the paper. I realize the problem we have with the dogs in Floydada.

I'm glad she called to report the problem, but after talking to her husband I realize that some of the information she was given was not totally correct.

Since Floydada does not have a dog catcher or a pound we have to handle animals a little different than normal. On animals running loose the only option we have at this time is to try and find the owner and then file off him. If the call

is that the animal is acting as if it is sick we will check the animal and take action if we can. If the call is that the animal is threatening someone the animal will be destroyed. If a person has been bit the animal will be examined to see if it has rabies.

We are trying to answer all calls involving animals, but since we have to follow the guidelines set forth by the Animal Humane Society we are limited on what we can do.

/s/ Chief James Hale

OBITUARIES

HAZEL POWELL

Funeral services for Hazel Powell, of Ralls, were at 2 p.m. Friday, August 5, in the First Baptist Church with Dr. Floyd Haddock of Hobbs, N.M., and Dennis May, minister of Emma Church of Christ, officiating. Burial was in Ralls Cemetery by Carter-Adams Funeral Home.

Mrs. Powell died at 9:38 a.m. Wednesday, August 3, in Methodist Hospital in Lubbock after a brief illness.

She was born Hazel Rogers Dec. 7, 1916 in Grow and moved from the Mt. Blanco community to the Ralls area in

1940. She and Byron Powell were married Aug. 12, 1934 in Floydada. He died Nov. 7, 1987. She was a homemaker and a member of First Baptist Church.

Survivors include three sons, Donnie and Melvin, both of Ralls, and Elvis Dean of Lazbuddie; four sisters, Opal Rogers, Frances Powell and Zelma Richardson, all of Floydada, and Viola Burrows of Bay Saint Louis, Mississippi; two brothers, Kenneth Rogers of Albuquerque, New Mexico, and D.F. Rogers of Temple; eight grandchildren,

including Dale Powell of Lockney; and four great-grandchildren.

ARE YOU BOOKED THIS EVENING?

A return to the classroom is a big investment in your time and energy. It affects your career and your family. It changes your life.

It's a big step. And we know it.

That's why West Texas State University will meet you halfway - offering night courses as varied as your interests. Classes will be available at Plainville High School in accounting, English, political science and psychology beginning September 1.

For more information, contact the Office of Continuing Education Box 495, Canyon, Texas 79016 806/656-2037

Council adopts new budget year

The City of Floydada will institute a change in the budget year which will become effective October 1, 1989. Council members voted to change the fiscal year to run from October 1 to September 30 beginning with 1989. The change will necessitate a short budget year of six months at the conclusion of the current budget year on March 31, 1989.

City officials are making the change to make city government coincide more closely with other government entities and program, most of which operate on an October to September fiscal year. The change will also allow the city to begin the budget year with at the time local tax payments begin coming in on October 1.

Floydada city council appointed four persons to serve on the 9-1-1 Emergency Communications System Board at the August 9 session. These four will represent various city departments throughout the planning and implementation stages of an emergency communications system. Appointed at the Tuesday evening session were Nancy Willson to represent the council, James Hale to represent the police department, Bobby Welborn to represent the fire department and Rhonda Guthrie to represent EMS.

John Earl Simpson, manager of Mackenzie Municipal Water Authority, and Gale White, secretary, met with the council to present the proposed 1988-89 budget for the water facility which supplies Floydada's water. The city's share of the proposed budget amounts to \$283,264.83, payable at a rate of \$23,605 per month beginning October 1, 1988.

In addition to reviewing the proposed lake budget, council members heard a brief report of the improvements and activities being concentrated on at this time at Lake Mackenzie. White noted that the RV parking facilities have been expanded to include 38 sites at present and that a fishing house is planned for a location on Tule Creek.

White stated, "The board feels that this will be a good investment towards serving some of the public we do not now reach. It will afford older people a chance to fish without negotiating the shore areas or having to go out on a boat. This will also serve small children and others not able to enjoy the lake as it is."

An accumulated \$100,000 which has been amassed since the lake facility was opened to the public may be returned to participating cities in the form of a lump sum payment to the bond reserve fund for retirement of bonded indebtedness if the lake board of directors approves according to White. He told Floydada council members that this use of accumulated gate fees would result in a substantial reduction in the city obligation to that fund in the future.

Ordinance number 715 was adopted, authorizing and allowing update service credits and annuity increases for city employees covered by the Texas Municipal Retirement System for 1989. This is a yearly action required to continue city participation in the retirement program.

A discussion of the need to clean up the depot property belonging to the Burlington Northern Railroad resulted in the council requesting that city attorney Steve Hale begin the process by writing a letter citing city ordinances against delapidated and unsightly properties in the city. The railway firm faces penalties and/or fines if they do not agree to clear away the debris on the property.

Payment to Jarnigin Construction Company for seal coating several city streets was authorized contingent upon the settlement of a claim for a damaged driveway during the seal coating. The \$36,882.20 payable to the firm will be withheld until the claim is satisfactorily settled.

Council members voted to deny a request from a Lubbock resident who asked that the water services be connected at a house which has been vacant for more than two years. The party told the council that he needed the water service in order to "clean up the house" but could not afford the required \$100 deposit. Council denied service until such time as a deposit is made based on a city ordinance requiring payment of a \$100 deposit before any city services are connected.

City manager Gary Brown reported to the council on the status of two litigation cases involving the city. The first, a condemnation suit against Helen Faye Hammonds concerning land for a proposed landfill expansion, is close to settlement if Hammonds delivers to the city a signed deed by August 10. Upon receipt of the deed, the city will pay the agreed upon settlement totaling \$28,999.95.

The second suit, Helen Faye Hammonds suit against the city for alleged damages to her land and health, was dismissed in District Court and to all intents and purposes has been settled by dismissal. Brown reported to the council

that the city liability insurance may cover the cost of the legal fees involved in the defense mounted by the city. This would mean that Floydada would be relieved of any obligations for payment of lawyers fees or court costs yet due and would receive reimbursement for fees already paid.

Council members tabled an ordinance dealing with the sale of city property by bid or public auction pending more information. Also tabled was discussion

of the annexation ordinance until such time as the ordinance is prepared and reviewed by the council.

Attending the August meeting were council members Wayne Russell, Nancy Willson, Ginger Warren, Frank Breed and Amado Morales. Leroy Burns was not present. Others in attendance were Mayor Parnell Powell, city secretary Jimmie Lou Stewart, city manager Gary Brown, city attorney Steve Hale and the Hesperian reporter.

REBELS PLACE FIRST-After placing first in the Floydada Softball league, the Rebels will play in the U.S.S.A. State Tournament in Fort Worth, on August 12, 13 & 14. Their league record was 14-0. Players consisted of: (left-right, top row) Joe Lucio, C.J. Duran, David Sanchez, Daniel Peralez, Oscar Sanchez, Duncan Woody, and Barney Maldonado; (left-right, bottom row) Arnold Peralez, Jesse Rodriguez, Coach Matty Martinez, Edward Rodriguez, and Joe Tambunga Jr.

Travel trailer tips

Travel trailers and vehicles should be properly equipped to ensure safe travel during summer vacation time.

Steve Cochran, agricultural engineer with the Texas Agricultural Extension Service, said care should be taken to secure proper hitches and electrical hook-ups, along with taking safety precautions when on the road.

A qualified hitch properly suited for the trailer tongue weight and your particular automobile is a necessity, Cochran said.

"Universal type hitches cannot always be adapted to all automobiles," he said. Heavy duty shock absorbers or springs may have to be installed on the car if the trailer tongue weight exceeds towing specifications.

"Transmission coolers and external electric fan cooling devices can be used to supplement standard engine cooling fans," Cochran said.

To compensate for the extra electrical load a trailer adds, a heavy duty flasher should be added to the turn signal and emergency flashers.

"Extra wiring presents a need for a quality trailer plug to make the added electrical load compatible with your car," Cochran said. A six connector plug allows for tail lights, left turn signal, right turn signal, stop lights, back up lights and a ground. If the trailer has

brakes, a seven or eight connector plug is needed.

A trailer's added weight and length calls for extra equipment and safety precautions to ensure a safe trip.

"Extra length side mirrors may have to be added to the towing vehicle for good rear vision," Cochran said. Wide angle mirrors used in conjunction with standard mirrors are best for covering blind spots.

When loading the trailer, place 60 percent of the total weight in front of the trailer axle to provide maximum stability.

"Extra air should be added in the tires to reduce side-sway, overheating and possible failure," Cochran said.

The added weight and length of a trailer alters driving conditions. Passing calls for at least doubling the space and time normally needed. Do not over-steer when making lane changes or the trailer will sway or "whip," he said.

Lightly pumping the brakes when stopping can prevent them from overheating due to the extra load, Cochran said.

"By following these suggestions, your pace will be more leisurely, the drive smoother and safer, and your family will have a better chance to enjoy the scenery," Cochran said.

Getting You Back In the Game...

The Sports Medicine Center of the Southwest is a comprehensive treatment program for the competitive athlete as well as the general sports enthusiast. It features a state-of-the-art diagnostic and rehabilitation facility equipped to care for most any sports related injury. The center is operated under the direction of a team of physician specialists, plus registered physical therapists and an exercise physiologist. The entire team is in tune with the special needs of athletes and their desire and determination to excel. They understand the frustration an injury can impose on them. But more important, this team has the know-how to treat an injury and put the athlete back in condition as quickly as possible.

Azodrin denied registration

Pest Management Newsletter

By C. Mark Brown
Extension Agent-Entomology
GENERAL SITUATION

Our hot, humid weather pattern with localized evening showers has continued this week. These conditions will be favorable for bollworm egg development.

Bollworm egg laying activity has increased.

The final ruling came on Azodrin this week. The Section 18 request was denied.

Threshold levels of corn borer eggs were detected in Floyd Co. corn this week. Midge infestations continue to be found.

COTTON

As expected, bollworm egg laying activity increased this week. The highest counts recorded in our program fields included 19,000 eggs and 5,400 worms 2 mi. SW of Lorenzo, 17,000 eggs and 1,300 worms S. of Ralls, and 12,000 eggs and 5,000 worms near the Owens community. Some egg laying was also detected around Sandhill and Dougherty.

The majority of the eggs are being laid in the plant terminals and on upper leaves. We are also finding quite a few cabbage looper eggs in cotton, so don't confuse these two eggs, which are similar in size. The cabbage looper eggs are almost always laid on the underneath sides of the leaves, and are wider than tall (almost doughnut shaped).

We are using a threshold of 8,000 to 10,000 worms per acre. However, if you don't feel comfortable with finding those 1/16 and 1/8-inch sized worms, you should consider using a threshold of 5,000 to 6,000 worms. Remember that this threshold is for small and medium sized worms. Don't make an application on the basis of eggs alone. Eggs are creamy-white when first laid, and turn brown as they near hatching. These eggs

will take 3-5 days to develop. Knowing this information will assist you in timing an application.

This has been quite an aphid year. We have been battling these aphids for over a month now. We have received excellent control in program fields treated with a ground rig (with drops) and have also received very good control via wide-spraying aerially. With the exception of one of the earliest treated fields, we have not seen any aphid resurgence in program fields that were treated for aphids. Last week we had to spray all our program fields in the Sandhill area for aphids. This week we had to control aphids in the Aiken and Providence program fields. Remember that where aphids are heavy, bollworm eggs and larvae are extremely difficult to find. If you have a field with aphids in it, you should spend an extra amount of time checking for worms. Also don't let these aphids hurt you while waiting for bollworms. If you start seeing honeydew speckling the leaves and aphids are on the majority of the plants (25 per leaf average), you should consider treatment.

GRAIN SORGHUM

We are continuing to find midge infestations in blooming sorghum. While these midge numbers have generally not been high enough to warrant control in commercial sorghum, seed maize may be a different story, depending on crop value. My experience, to date, with sorghum midge, has indicated that these infestation levels are highly variable from one field to the next. Therefore, the only way to make an accurate decision is by frequent scouting of each field. Refer to last week's issue for suggested insecticides to control sorghum midge. If you are going to treat a seed production field, be sure to check with my office or your seed company representative first since some female lines are extremely sensi-

tive to certain insecticides.

Greenbug control has been required in some fields. However, beneficial and parasite activity has been very good, and one of our program fields have required greenbug control as of yet. The treatment threshold for sorghum in the heading to hard dough stages is before the death of two full-sized leaves. Be careful not to confuse greenbug damage with low nitrogen levels in lower leaves, which causes a general yellowing of the entire leaf.

Continue to check grain sorghum fields for spider mite infestations, particularly along the south and west field margins. Mite populations are still very light in most fields.

CORN

A request for a Section 18 registration of Azodrin was denied August 2. This is the final word. Subsequently, a Section 18 registration has been requested for Supracide, and its approval is anticipated as of today.

When Furadan is used for Southwestern corn borer control, and mites are relatively light, some mite control will be achieved. Also, based on previous experience, Furadan does not tend to flare mites as seen with some pyrethroid applications. However, a pyrethroid application will be a less expensive corn borer treatment when mite numbers are not of concern.

Dimethoate (Cygon, Dimate) worked surprisingly well in many instances last year for Banks grass mite control. This should be one of the more economical mite applications. However I know that availability of this chemical has been a problem in our area. Speaking from an IPM standpoint, I have to say that beneficial activity on mites has been very good in many of our fields. Be sure that mites are still present before making an application for mites. Don't be guilty of treating damage symptoms.

Right-to-know legislation passed

The Texas Legislature passed the right-to-know legislation in 1987. The purpose of this law is to provide farmers and agricultural workers with important information about pesticides used on Texas crops, the health effects of these pesticides and ways to minimize pesticide exposure to themselves and their families. The law concerns the following:

- agricultural employers who themselves or through labor agents hire migrant or seasonal workers and whose gross annual payroll for those workers is \$15,000 or more and who casually use or store 55 gallons or 500 lbs. of any one pesticide (active ingredient).
- agricultural employers who themselves or through labor agents hire permanent agricultural workers whose gross annual payroll is \$50,000 or more

and who annually use or store 55 gallons or 500 lbs. of any pesticide.

-agricultural workers who plant, cultivate, harvest, or handle an agricultural or horticultural commodity in its unmanufactured state or who handle a chemical covered by the law.

-entities which normally store pesticides in an amount in excess of 55 gallons or 500 lbs. are subject to the Emergency Reporting Requirement.

The law requires agricultural employers to be responsible for the following:

- provide workers with relevant crop sheets and ensure that they are read aloud to workers at least once each work season,
- inform workers about relevant pesticide re-entry intervals,
- maintain Workplace Chemical Lists and Material Safety Data Sheets and make these available to workers or their representative upon request,
- provide other basic health and safety information, approved by TDA, to their workers on the first payday of each work season,
- provide emergency information to workers, local fire chiefs, medical personnel and designated farmworker representatives, upon request.

The emergency reporting requirement applies to persons or entities which normally store more than 55 gallons or 500 lbs. of pesticides at a location within one-quarter mile of a residential area. Those covered by this clause are required to notify their local fire chief of the name and phone number of a respon-

sible person who can be contacted. Upon request by the fire chief, one must provide copies of the Workplace Chemical Lists and the Material Safety Data Sheets and allow inspection of the storage area.

Penalties for noncompliance will be enforced by the Texas Department of Agriculture and penalties will vary depending on the nature of the violation and may include administrative fines of up to \$500, civil penalties of up to \$5,000, and criminal penalties of up to \$25,000 per violation.

A meeting will be held on Thursday, August 11 in the community room of the new Crosby County Library in Crosbyton at 7:30 p.m. to discuss the provisions of this law. A similar meeting will also be scheduled in Floyd County within the next two weeks.

Penalty to be charged

The U.S. Department of Agriculture announced that producers may no longer redeem corn pledged as collateral for Farmer-Owned Reserve (FOR) loans without paying a penalty.

Milton Hertz, executive vice president of USDA's Commodity Credit Corporation, said the decision was made following a review of Aug. 1 average market prices reported by USDA's Agricultural Marketing Service. The prices were adjusted to reflect the market price received by producers.

The national average adjusted price of \$2.34 per bushel for corn on Aug. 1 was 69 cents below the reserve trigger release level. Storage payments for corn pledged as collateral for FOR loans will continue to be made by the CCC.

Water District receives \$1 million

An additional \$1 million loan has been approved by the Texas Water Development Board (TWDB) to continue the pilot Agricultural Water Conservation Equipment Loan program offered through the High Plains Underground Water Conservation District No. 1.

Irrigators who farm within the Water District's 15-county service area and who wish to upgrade their irrigation equipment for better water application and/or distribution efficiency can finance a part of the cost through this special loan program. Any individual, partnership or corporation farming or owning land within the Water District's 15-county service area may make application for a loan.

Landowners or operators who qualify may borrow up to 75 percent of the purchase price of permanently installed equipment and 50 percent of the cost of contract services, installation and non-recoverable items.

Funds are currently being loaned at a 7.27 percent interest rate, and there is a one-time service fee of 2.5 percent of the amount borrowed to cover administrative costs. Applicants may borrow up to \$100,000. The terms of the loan depend upon the loan amount.

While most of the funds borrowed to date have been used to purchase center pivot sprinkler systems, other equipment, such as surge valves, low pressure drip systems, soil moisture monitoring equipment and underground pipe, may be purchased with the loan proceeds.

"The response to the ag loan program has been very positive," says Becca Williams, Director of Administration for the Water District. "Those producers who have taken out loans have honored their commitments and have made their payments. We have not had any prob-

lem with late payments," she says.

The pilot water conservation equipment loan program is part of the water package approved by Texas voters in November 1985. Through this program, the state allocated \$5 million to the Texas Water Development Board to make loans at low interest rates to underground water conservation districts and soil and water conservation districts. These Districts, in turn, lend the money to individuals at the same interest rate. The Water District first received funds from the TWDB in May 1986 and has been disbursing them since that time.

The two-year Pilot Ag Loan Program

was set to expire in August 1987, but the 70th Texas Legislature extended the program until 1989 for further evaluation. In 1989, a two-thirds majority vote in both Houses will be required to approve a permanent Agricultural Water Conservation Equipment Loan Program involving the sale of up to \$200 million in bonds.

For more information about the Ag Loan Program, contact Becca Williams at the High Plains Underground Water Conservation District No. 1, 2930 Avenue Q, Lubbock, Texas 79405 or call (806) 762-0181.

Remember the Floyd County Fair coming up August 18,19,20. Plan to take part in all the events. . . .

VA questions

Editor's note: Following are representative questions answered daily by VA counselors. Full information is available at any VA office.

Q — My father, a veteran of the armed forces, was buried in a private cemetery and his headstone was furnished, at no cost, by the Veterans Administration. I visited his grave recently and noticed that the stone was cracked. Will the VA fix the headstone?

A — The VA will replace a previously furnished government headstone at government expense if it is cracked, broken, destroyed or otherwise made illegible. Requests for replacement of a headstone should be made in writing by a family member or other responsible persons. The request should state the condition of the headstone and be sent to: Director, Monument Service (42), Veterans Administration, Washington, D.C. 20420.

IT'S THAT TIME AGAIN-The Floydada Whirlwinds opened the 1988 campaign on Monday, August 8 with "two-a-day" practice. The first scrimmage and "Meet the Whirlwinds" will be held at Wester Field at 9:00 a.m., Saturday, August 13. Staff Photo

Courthouse News

In county court on August 5, Joseph Collins, AKA Joe Collins, pled guilty to theft. He was fined \$200.00 and sentenced to 60 days in jail which was probated for six months. He was also fined court costs of \$88.50.

On August 8, Michael Jeome Curry, 31, of Floyd County pled not guilty to DWI.

August 9, Daniel Fonseca Jr., 34, of Floyd County, pled guilty to DWI. He was fined \$500.00 plus court costs of \$90.50. He was also sentenced to 150 days confinement in the Floyd County Jail which was probated for two years.

In J.P. court, there were 28 misdemeanor cases filed.

Floydada Caprock Hospital Happenings

The Board of Directors had a special meeting on Thursday, August 4. The budget for the upcoming year was discussed. Those attending were: Don Bean, William Bertrand, Joy Assiter, Melba Vickers, Fred Thayer, Daphna Simpson, Brandon Durbin, Steve Grappe, Leroy Schaffner, Molly Stringer, and Nell McClung.

Many of our staff have been taking vacations before school starts. Wendy Pierce and her family are vacationing in Corpus Christi, Patti Miller is filling in for her at the front desk. Leroy Schaffner and his family made a quick trip to Colorado this past weekend. Molly and Bill Stringer attended a family reunion in Andrews, Texas. Dona Reed has been on vacation this past week also. Dr. Jordan is back from Peru.

We will be starting our ECA class about the first Tuesday in September. Call today and reserve a place in the class. We have several already signed up and we encourage you to not miss this

opportunity to broaden your knowledge of emergency care and be qualified to offer your obtained skills to the community. Call Molly Stringer at 983-2875.

The medical staff met this past Monday for their regular monthly meeting. Those attending were: Doctors Hale and Lopez, Molly Stringer, DNS; Leroy Schaffner, administrator; Joy Breed, Joe Carver, pharmacist; Susan Green, Rhonda Stovall and Jean Jarrett.

These folks are continually planning as a group to keep our hospital care at a level, to meet the standard set by the government and that you can have confidence in. We have an excellent staff of physicians and hospital personnel, who care about the needs of our community. At Caprock Hospital your care is not rendered by strangers. Most likely you will know many of the staff, you may see them often in the community at meetings, church or shopping.

These are friends who care not only about their job but about you as a person.

HEALTH TIP
Fast Foods, how to reduce your sodium intake.

To reduce your sodium intake:
*Order sandwiches without the pickle (93 mg sodium). Use small amounts of ketchup (180 mg per tablespoon) and mustard (180 mg per tablespoon). Cheese adds 200 to 400 mg of sodium per slice.

*Skip the bacon bits, pickled vegetables, cheese, olives, and croutons at the salad bar.

*French fries are not as high in sodium as most people think. They taste salty because all the salt is sprinkled on the outside of the fries. Ask the counterperson to hold the salt, and you'll save yourself of couple hundred milligrams of sodium.

*Order pizza with vegetables such as mushrooms, green peppers and onion. Skip the pepperoni, sausage and ham.

Fast-food meals can be either laden with calories, fat and salt or relatively low in calories and healthy. The next time you eat in a fast-food restaurant, remember, you can eat wisely and healthy if you make the right choices.

Opportunities exist for women in highway construction trade

There are now job possibilities for women in the highway construction industry. The Highway Construction program will be recruiting women for referral to highway construction jobs in the Lubbock area in August. These positions include form setters, concrete finishers, steel reinforcers, carpenters, truck drivers, and general construction laborers.

The Highway Construction for Women program staff is interested in talking with women who may desire the

new challenge of "non-traditional" work. Interested women should call on Monday, only, August 15, (806) 792-2723 between 9 a.m. and 4 p.m. and ask for the Highway Construction for Women program. The Highway Construction for Women program is operated by the Texas Engineering Extension Service, a part of The Texas A&M University System.

Make a scarecrow and set it up Wednesday afternoon, August 17 or on Thursday morning, August 18.

DUNDEE II
THE WORLD'S FAVORITE ADVENTURER IS BACK FOR MORE. MUCH MORE!

Surprise. If the phone wiring in your home breaks, so can your budget.

Stop the surprises.

Like your pipes and your electrical wiring, the phone wiring in your home is yours. If it breaks, it's yours to fix. And, a service call can be an unpleasant surprise to your budget. Get "peace of mind" protection with InLine Plus.SM

For just \$2 a month per line, our experts find the problem and, if it is your

InLine Plus inside phone wiring, fix it at no additional cost. Plus, if we find your phone is the culprit, we'll provide you a loaner set for up to 60 days at no extra charge. Or, for \$1 a month, regular InLineSM gives you the same benefits as InLine Plus except for the loaner phone.

Get inside wiring protection today. And help put a stop to costly surprises.

To order, call 1-800-325-2686, extension 9.
