Annual Floydada Punkin Day activities finalized

By Alice Gilroy

Plans are being finalized for the Second Annual Floydada Punkin Days on October 28 and 29. Dust off your dancing shoes, get your costumes out of the back of the closet, paint your pumpkins, decorate your yards, and get them pumpkin pie recipes out of your files.

October 28, Chamber Manager Nettie Ruth Whittle will drive out-of-town judges all over Floydada to view the businesses and homes that will be decorated with the Punkin Festival and fall motif in mind. There will be three winners in the business category and three winners in the home decorations. Cash prizes will be awarded and the winners will be announced the evening of the 28th right after the costume judging contest.

A pep rally is planned downtown on the square on the 28th. A definite time will appear in next week's paper. After the pep rally will be the costume judging of the following age groups: infant-kindergarten, 1st-3rd grade, 4th-6th grade, 7th-8th grade, 9th-12th grade, adults, senior citizens and any group theme. Children and adults are urged to register early starting at 4:00 for the contest. This will prevent the mad rush that was experienced last year. The costume contest starts at 5:30 p.m.

On Saturday, October 29, be at the pavilion at 10:00 a.m. to enjoy the day's activities. Booths will be set up under the pavilion to display a variety of arts and crafts.

Seventeen booths have been reserved at this time. Among those already reserved are Sensations perfume, oils and toile painting, decorated hats and wreaths, hair bows for infants, T-shirts, wood carvings, wood crafts, 4-H blood pressure, cholesterol and glucose checks, face painting booth, computer portraits, jewelry and dolls.

All contest entries must be submitted by 10:00 a.m. Floydada cheerleaders will be registering the contest entries. Following are the categories to be judged: smallest pumpkin, largest pumpkin, ugliest gourd, prettiest corn (creative category, anything goes), best painted pumpkin - 13 and over age division and under 13, and the best pumpkin pie. (We have several judges fighting over who will get this job.) You can submit as many entries as you want.

Be sure and submit your guess for the weight of the pumpkins in the trailer by 11:00 a.m. These pumpkins will be used for the day's activities and will be pulled off the trailer at 11:00 a.m. The winner will be announced at the end of the day's activities and will receive \$25.00.

Starting at 11:00 a.m. on the 29th, will be the carving contest. Children under

13 will start the event. They will be supplied with a black magic marker and given three minutes to draw a face on a pumpkin. The person who creates the best looking pumpkin in the specified amount of time wins. Immediately following this category, those 13 and over will be given a table knife and must carve out a pumpkin in five minutes. The best looking pumpkin wins. (You will also be supplied with wet wipes for your sticky hands afterward.)

We will break for lunch and now is your time to check out the booths, browse and enjoy each others company.

After lunch, beginning at 1:00 there will be a pumpkin rolling contest for kids over 13 and another event for those under 13.

The women's chamber will have free pumpkin cookbooks available and the regular chamber will be selling t-shirts

and caps.

The day is not over for pumpkin revelers until the evening masquerade dance at the Massie Activity Center from 9:00 p.m. - 1:00 a.m. The dance, sponsored by the women's chamber, will feature the Slow Motion Band. The band has been asked to play a lot of oldies and keep the music tuned down a little to allow for visiting among the ghosts and goblins. Costumes are optional and tickets are available from any member of the Women's Chamber or at the chamber office.

Lots of publicity has already resulted for Floydada because of "Punkin Days", and many out of town guests are expected. The Good Sams Club reports they will play hosts to at least 17 or 18 out of town rigs that have signed up to be at the RV park for Punkin Day. More rigs can be expected.

Annual Chamber of Commerce breakfast set Friday at 7 a.m.

It may be early but it will be worth getting up for.

Set your alarm clocks for breakfast Friday, Oct. 14, at 7:00 a.m. in the Massie Activity Center.

The Floydada Chamber of Commerce invites all employers, employees, chamber members and their guests to the Membership Breakfast, sponsored by Floydada Co-op Gin, Darty Gin, Brown Gin Company, and Scott Gin.

You will be treated to the catering of Gary Brown and Richie Crow and enjoy

the background music provided by Joyce Lipham. Door prizes will be given away at the breakfast.

Entertainment this year will be brought to you by Lyndon Phillips of Abemathy. Phillips is a full time youth director of the First Baptist Church in Abemathy, but he is also an accomplished pianist, magician, and pantomime.

"His routine will last about 25 minutes," said Director Bill Gray, "and he is very entertaining."

Commissioners approve appointment of new deputy

Floyd County commissioners unanimously agreed to approve the appointment of Ellis M. Butler to serve as a deputy for the Floyd County Sheriff's Department. The action was taken during the regular October session of the court.

Bids for the proposed purchase of a new motor grader by Precincts 2 and 4 were opened and reviewed. Two firms bid on the proposed purchases. Bids for the machine in Precinct 2 were \$59,013 with trade-in from West Texas Equipment and \$45,800 with trade-in from Yellowhouse Machinery.

Bids in Precinct 4 were \$63,513 with trade-in from West Texas Equipment and \$54,800 with trade-in from Yellowhouse Machinery.

Precinct 2 commissioner Floyd Jackson elected to delay making a decision until the November 14 regular ses-

sion of the court.

Kay Crabtree, commissioner of Precinct 4 opted to make his purchase at this time. The court approved the bid from Yellowhouse Machinery in the amount of \$54,800 with trade-in.

The county employees manual was amended to allow the work week to run from 12:01 a.m. on Sunday through 12:00 midnight on Saturday. This will allow for more leeway in scheduling work hours so that the roadhands work as near to 40 hours per week as possible when bad weather forces time off during the week.

Also amended were the rate of pay schedules for hourly employees. The level one rate will remain at minimum wage, \$3.35. The other five levels, two through six, will each increase by 5% to coincide with 5% salary increases which became effective for salaried and

JUST TAKING A BREAK -- Created especially for the Hesperian office, Pete (The Pumpkin) Floyd graces the main counter and greets visitors to the office. Pete will be around until Punkin Days and invites everyone to drop in and take a break with him. The easy-going creation of Sabrina Stepp and is complemented by his Floydada Pumpkin Capitol cap and his colorful tennis shoes. Staff Photo

Police arrest three in school burglary

Due to many long hours of police work and with the help of conscientious citizens, the burglary of the Andrews School last week and the subsequent arson of the school Suburban were

solved and suspects were arrested.

Two juveniles from Floydada and one adult from Ralls have been charged with burglary. The juveniles alone will be charged with arson.

"I would like to thank the citizens of Floydada for their help in getting the burglary solved so quickly," said Police Chief James Hale. "Also I would like to thank the officers from Ralls for their help in recovering the merchandise and Sgt. Harold Snell for his many hours devoted to this case, both off duty and on duty."

Two bikes were reported stolen last week. On or between Oct. 3 and Oct. 4 in the 600 block of West Ross someone stole a red 20" Huffly bike with red bars and black tires with black grips.

Another 20" Huffly bike was stolen during the past week from the 200 block of West Virginia. This bike was blue frame with one white tire and one blue tire.

One home and one vehicle were burglarized last week. On Oct. 8, sometime in the evening, in the 100 block of East

Marivena, a home was burglarized and one "Philco" VCR was taken. It was valued at \$450.00.

In the 700 block of South Wall a vehicle was burglarized sometime during the night of October 9 and the morning of October 10. The car was unlocked. A Cincinnati Microwave Radar Detector Escort was stolen which was valued at \$250.00.

On October 7 at 12:19 a.m., Officer Darrell Gooch and Trooper Chris Ray observed a 1977 Ford pickup driving erratically. The subject was stopped and subsequently arrested for DWI, A.C. Hope was charged with DWI and possession of a controlled substance.

On Oct. 9, in the 400 block of North 10th, a man was arrested for public intoxication.

On Oct. 4, at 4:10 p.m., police investigated an accident in the Pay-n-Save parking lot. A 1971 Ford LTD was backing from a parking space in the front of the store. The driver of the LTD turned too soon and struck an unoccupied Buick Electra parked next to it.

Floydada City Council has two public hearings Tuesday night

The regular monthly session of the Floydada City Council was the scene of two public hearings on October 11. One hearing was held to finalize plans for the submission of a proposal seeking grant funds from the Texas Community Development Program and the second concerned a previous request from Mark Alldredge for city cooperation in his quest for startup funds for a business he wishes to begin in Floydada.

Nearly twenty interested parties were present for the second public hearing required by law before Floydada submits a grant request for paving funds to complete street projects on fourteen blocks of city streets. The city will submit an application requesting \$250,000 in funding to cover all costs of paving the selected blocks. Matching funds in the amount of \$43,836 are also being pledged by the city for the project. The application was approved unanimously on a motion by councilman Wayne Russell, seconded by councilman Amado Morales.

The second hearing concerning the Alldredge request immediately followed the paving project hearing. A brief discussion resulted in the tabling of any action until a later date when more definite information is available. Alldredge will pursue his project

through private sources at this time.

Council members passed the annual resolution exempting personal property vehicles, travel trailers, planes and boats from taxation by the city for the 1989 tax year. The city has declined to tax such property for the past several years.

City manager Gary Brown asked the council to consider the method in which properties obtained through tax defaults and sheriff's sales are disposed. Ownership of such properties is shared by all taxing entities to whom taxes are owed. Brown reminded the council that the sale of any real property under the control of the city must be by advising and accepting bids with the property going to the highest bidder. At present, this is not always done according to Brown.

Council suggested that the other taxing entities be contacted and asked to authorize the city to handle "all matters concerning tax title properties located within the city limits." Brown agreed to make contact with each entity and make the offer.

Brown next asked the council to act on a citizen inquiry concerning the speed limit on Crockett Street going to Caprock Hospital. The inquiry asked that the speed limit be lowered to 20

Continued on Page Two

School board reviews an array of bids

The Floydada Independent School District met for their regular monthly board meeting on Tuesday, October 11, at 7 p.m. The majority of the meeting was spent on the opening and acceptance of bids.

The first bids to be opened were those for 330 new P.E. box lockers at Andrews Elementary. Bidding were Construction Specialty Supply, American Desk, Indeco, Hoover Bros., Boyds Equipment and Vaughn Storage Systems in Lubbock. The lowest bid, that of Vaughn

Holiday Happening set November 14th

The Women's Chamber of Commerce will be hosting the second annual Holiday Happening this year at Duncan cafeteria Nov. 14, at 7:00 p.m.

Local clothing stores will provide models wearing the latest winter styles to show those attending.

Any merchants interested in displaying holiday gift ideas or setting up booths, please contact Julianne Cornelius at 983-2982.

Door prizes will be given. Admission to the event is \$1.00 plus a salad of any kind.

Storage Systems, was accepted. The bid was for a total installation price of \$8,562.

The next bids to be examined by the school board were those for 206 storm windows at R.C. Andrews. Companies were asked to place bids for a medium grade window, better grade both for delivery and installation and also just for delivery to the sight.

Bids were placed by Builders Mart, Womack, Tommy Klein, AllTex, Plainview Plate Glass, Toster Glass, Hasley, and West Texas Exteriors. The Hasley bid, which was the lowest, for the better grade window, totally installed for \$24,605 was accepted.

Bids were then opened for the building of a Title I Reading Building at R.C. Andrews Elementary. The project is totally federally funded. Only one bid was submitted for \$42,995.00, and it was accepted. The building will be 24 ft. x 72 foot and will contain two rooms, one computer lab and a storage center. It will be located on the west side of Andrews, north of the gymnasium.

The dates for the teacher appraisals were set for Oct. 17-Jan. 6 for the first semester, and Jan. 17-May 26 for the second semester. Each building principal is required to evaluate each teacher

in his building. Second evaluations then come from Jimmie Collins, Les Ross and Jerry Cannon.

Superintendent Cannon then reported that the Floydada school district is in compliance with the 1:22 ratio of teacher:student.

The board members discussed the problem of the school Suburban which was set on fire. It was brought to the members attention by Superintendent Cannon that an option to repairing the Suburban would be to apply the insurance money toward the purchase of a new Suburban.

The members decided to accept bids for the Suburban as it is at this time before they decide whether to spend the money on fixing it and keeping it, or applying money toward purchase of a new one.

Administrative assistant Jimmie Collins reported to the board that they had received a check for the Central Appraisal District for Oct. 1 for \$56,000.

All monthly bills were approved and paid.

All school board members were in attendance along with Principal Charles Tyer, the Hesperian reporter and several bidders.

STUDENT MOTIVATION PROGRAM—R.C. Andrews Elementary is starting a new student motivation program starting October 10. Each month for the remainder of the school year there will be a "Student of the Month" for each homeroom. The selection criteria will be based on the following: 1. citizenship, 2. attitude, 3. leadership, 4. good grades (as to their capability). Each homeroom teacher will select the student for their homeroom. The large bulletin board at the main entrance of the building will be divided so that each student will have an area about the student (all about me: hobbies, interest, family, honors, pictures, etc.) This will be displayed for five school days. Each Monday morning a new student will have their display put up. Starting the month of October are: (l-r) Vernon Cooper, 4A; Gabriel Garcia, 5A; Peter Luna, 6A; and Johnny Joe Martinez, FLC. -- Staff Photo

 miles per hour on the street. After due consideration, the council opted to place speed limit signs on the street which has none at present. The request for a 20 MPH speed limit was denied. The speed limit will remain at 30 MPH as specified for residential areas in city ordinances. Business district speed limits are 35

MPH.
 A resolution concerning the use of the pavilion at the RV Park near the swimming pool was passed on a motion by council woman Ginger Warren and seconded by Morales. The resolution states that anyone wishing to reserve the pavilion may do so by contacting the city office and paying the reservation fee of \$15.00. The resolution also establishes rules of conduct for those using the facility and provides for penalties in cases of noncompliance.

The next scheduled regular session of the council will be held on Tuesday, November 15 at 7:30 p.m. in City Hall.

In addition to the several local citizens attending, council members Wayne Russell, Leroy Burns, Nancy Willson, Ginger Warren, Frank Breed and Amado Morales were present. Others attending included Mayor Parnell Powell, city manager Gary Brown, city secretary Jimmie Lou Stewart, city attorney Steve Hale, Karen King of SPAG and the Hesperian reporter.

Stamp collecting month features carousel animals

Postmaster Tommie Rice has announced that October has been designated as National Stamp Collecting month. The special observance for 1988 showcases the carousel animals block of four commemorative stamps. Featured as the newest entries in the postal service's folk art series, the lovely hand-carved carousel figures are expected to be among the most striking and popular of all the U.S. stamp subjects.

The theme of the eighth annual observance is "for the ride of a lifetime, — collect stamps!" While the promotion is highlighting carousel stamps, other philatelic products are also available as well.

"We encourage collectors to share the history, beauty, and excitement that can be found by collecting United States stamps," Mr. Rice said.

Where's the Fire?

During Fire Prevention Week, only one fire call was answered by Floydada firemen.

On October 5, a quarter mile east on Highway 70, two trucks and 12 men responded to a grass fire in the medium.

On October 8, one mile north of Sandhill on FM 378, two trucks and eight men responded to a diesel spill and gave assistance.

On October 10, 20 men attended the water works meeting.

TIP

With cooler weather approaching please make sure that all heaters and fireplaces are checked for safety.

Letters to The Editor

To Floyd County Citizens:
 Fred Cardinal is a good lawman and a good person. Petty personal grudges harbored by malcontents are the reasons behind the letters attacking our sheriff. The real issue is not Fred Cardinal's method of operation; it is the fact that the letter writers do not have the ability or the desire to work in harmony with the county's law enforcement personnel.
 I am a Republican who will vote for a Democrat if he is the best man for the office. I intend to vote for Fred Cardinal. His six years of experience as a deputy and twelve years of experience as sheriff are invaluable to the citizens of this county.

/s/ Joyce Kimble

Dear Editor:

In going thru my late mother's (Mrs. Dena Myrick) music, I found the following paper that she had saved that was published in 1956, by Sidney L. DeLove. My mother loved God, her family and dearly loved and appreciated her country, as each of us should.

In as much as we have a candidate and many biased news media that doesn't esteem the flag as honorable and worth saluting, and especially since we have a candidate for President of this great nation, that has taken the Pledge out of his state of Massachusetts, and one can imagine what he will do with the flag flying in front of Capitol Hill (probably replace it with a communist flag), I thought this article might be appropriate for each of us to read and remind us of the sacrifice that men and women have given for the flag that represents our freedom and liberty in America.

In the October 3 issue of Time magazine, Pg. 17, quote "they're waiting for him (Bush) to run something up the pole worth saluting," unquote (written by Dukakis team).

What a slam to all the soldiers that fought for our beloved America and gave their lives for our freedom!

Joyce Lipham

Can We Wave the Flag Too Much

By Sidney L. DeLove
 Is it possible to wave the flag too much? Provided, of course, that you wave it with integrity? Is it possible to study Lincoln or Shakespeare too much? Is it possible to read the Bible too much?

The great, the good, the true, are inexhaustible for inspiration, example and strength. I believe that we are not waving our flag enough, not nearly enough.

It seems to me that we are developing a tendency to be timid or even apologetic about waving the stars and stripes. Walk up and down the streets on July 4th and count the flags. It is our nation's birthday, a sacred day in world history, the most important day of America. Why isn't the flag flying on every rooftop and from every home and building? This complacent attitude is strong evidence of cancerous patriotic decay. The flag is a symbol of our national unity. It is the spirit of our undying devotion to our country. It stands for the best that is in us...for loyalty, character, and faith in democracy.

Isn't our flag a synonym of the United States of America? Does it not represent man's greatest, noblest, most sublime dream? Is it not the zenith of achievement, the goal to which generations have aspired?

Ladies and gentlemen, I believe it is time for us...for the mad, rushing Twentieth Century American...to stop for a moment and think. Let us arrest our near reverential admiration of material success and return to the spiritual and ethical values. Let us imbue and rekindle in ourselves and our children the so-called old-fashioned way of patriotism, a burning devotion to the principles and ideals upon which our country was founded.

Should not every home own and proudly display the colors on holidays and other such occasions? Isn't the flag Patrick Henry, Jefferson, Franklin,

Washington, Nathan Hale, Gettysburg and Valley Forge, Paul Revere, Jackson and other great men and women who have given us our heritage. When you look at the flag can't you see the Alamo, Corrigedor, Pearl Harbor, The Monitor and The Merrimac? Let's we forget, isn't the flag Flanders Field, Bataan, Iwo Jima, Normandy, Babe Ruth and Davy Crockett? The great events of our past and present are wrapped up in our flag.

It is a symbol of this blessed nation, a giant in industry, education and commerce. Millions of fertile square miles, wheatlands, coal mines, steel plants. Our great republic, the chosen infant destined to be man's last remaining hope for suffering humanity, a shining beacon of light, noble and glorious, the haven for the oppressed and persecuted and truly God's gift to mankind. That is what the flag means to me. Can we wave it too much? I don't think so.

Reply of S.L. DeLove on the Know Your History Hour, December 30th, 1956, to a listener who wrote as follows: "Your programs are wonderful — but you are waving the flag too much."

The above is reprinted and narrated annually in hundreds of national magazines, newspapers and radio stations, and is a part of the Congressional Record.

Dr. DeLove is the author of The Quict Betrayal and president of Independence Hall of Chicago.

Courtroom Activities

In county court on October 3, Michael Jerome Curry, 31, of Floyd County pled guilty to his August 8 charge of DWI. Curry was fined \$400.00, 120 days confinement in the county jail which was probated for two years and he must pay court costs of \$90.50.

On October 7, A.C. Hope, 47, of Sweetwater pled guilty to DWI. He was fined \$450.00 and sentenced to 21 days in the county jail. He was also fined court costs of \$88.50.

Hope also pled guilty to the charge of possession of marijuana. He was fined \$200.00 and court costs of \$88.50.

Also on October 7 the court docket showed Hector Rios being charged with DWI. There was no disposition on this case.

Rocky Garcia, 34, of Elsa pled guilty on October 11 to his October 10 charge of DWI. He was fined \$400.00 and sentenced to 180 days confinement in the county jail which was probated for two years. He was also ordered to pay court costs of \$90.50.

Jesus Garcia Fonseca, 58, of Mathis, Texas, pled guilty on October 11 to his October 10 charge of DWI. He was fined \$400.00, and sentenced to 180 days confinement in the county jail, which was probated for two years. He must also pay court costs of \$90.50.

In J.P. court for the week of October 4-11, there were 42 misdemeanor cases filed.

PARTNERSHIP MISSIONS—Hollis and Jo Payne of Vigo Park Baptist Church are pictured with Australian host Allen Crooks of Gundagai, New South Wales.

Hollis Payne's participate in Australian partnership missions

Former Floydada residents, Hollis and Jo Payne are part of a group of over 600 Texas Baptists who recently flew to Australia to participate in a week-long Partnership Missions in various towns throughout New South Wales.

The Rev. Payne is now pastor of the Vigo Park Baptist Church. He recently retired from school teaching along with pastoring small churches surrounding the Floydada area, the last 16 of which were with the Calvary Baptist Church of Floydada.

Mrs. Payne is also a former teacher. They both have been involved in evangelistic music and preaching ministry

through the years.

While in Gundagai, they addressed many groups including all-day seminars in the schools. Mrs. Payne shared with numerous ladies' groups, and her husband spoke to the Rotarians. They also presented a musical concert at the Neighborhood Center with an evangelistic rally on Saturday night.

Most of their work, however, was centered around the services of the First Baptist Church of Gundagai.

"We feel very fortunate and privileged indeed to have been selected as part of this tremendous team to share Jesus' love in such a beautiful land as Australia," the Paynes said.

Monty and Dusty Anderson win in various karate tournaments

Walters Karate students participated October 1 in the Monahans Fall Karate

New books arrive at county library

New in Fiction:
Prime Time by Joan Collins
Final Flight by Stephen Coonts
The Silence of the Lambs by Thomas Harris
Anything For Billy by Larry McMurtry
Koko by Peter Straub
Breathing Lessons by Anne Tyler

New in Non-Fiction:
Creative Mexican Cooking by Anne Lindsay Greer
The Great Divide by Studs Terkel
Shirley Temple: American Princess by Anne Edwards
Dangling From the Golden Gate Bridge by John Anthony Adams

Tournament.

Monty Anderson of Floydada placed 1st in sparring, 8-10 years old intermediate division and 3rd in forms, 9-11 years old intermediate.

Dusty Anderson, also of Floydada, was 1st in sparring and 3rd in forms, 6 years and under beginner division.

Then on October 8, the two boys participated in the Key City Karate Bash in Abilene.

Monty placed 1st in sparring and 1st in forms, 8-10 years old intermediate and Dusty was 2nd in sparring and 2nd in forms, 6 years and under beginner division.

AFTER GAME PARTY
 Friday night's after game party for Floydada High School students will be at the Massie Activity Center, following the Floydada-Muleshoe game. City Park Church of Christ will be hosting.

ROTARY BARBECUE
 Floydada Rotary Club is sponsoring a barbecue beef and sausage meal, with all the trimmings, from 5:30 to 7:30 p.m. Friday, Oct. 14, at the Floydada Junior High cafeteria, preceding the Floydada-Muleshoe game. Plates will cost \$3.25 for children under 12 and \$4.75 for adults. Take-out orders will be available.

WHIRLERS
 The Whirlers square dance club will dance Saturday night, Oct. 15, at 8:00 p.m. at the MAC. Caller will be Jimmy Gouge, Amarillo.

SINGLES
 The Floydada Singles Club will meet at 6:30 p.m. Saturday, Oct. 15, at Lighthouse Electric. There will be a potluck meal. Hostesses will be Lula Teague, Glenna Miller, Viola Brown, Jo Y'Blood and Lucille Miller.

TURKEY DINNER
 St. Mary Magdalen Church will be sponsoring a turkey dinner from 11 a.m. to 6 p.m. Saturday, Oct. 29, at the church, 503 S. Wall. The meal consisting of turkey, dressing, salad, corn, rolls, cranberry and tea, will be \$3.00 for adults and \$1.50 for children. Meals will be served in the hall or orders can be delivered by calling 983-2177.

DWI CLASS
 A D.W.I. Education Class will be held in the Floyd County Courthouse in the County Courtroom on Oct. 24 and 25, from 6:00 p.m. to 10:00 p.m. each night. The cost of the class is \$50.00 for both classes, which must be paid on the first night of the class.
 This class is a required probation condition for a first time conviction of Driving While Intoxicated. If not completed within 180 days of conviction, the person's drivers license will be automatically suspended.

ADULT CLASSES
 Adult education classes will be offered each Monday and Tuesday night from 6:30 to 9:00 p.m. This is an opportunity for adults to learn English as a second language or work towards your GED.

SENIOR CLASS PICTURES
 Senior Class Pictures 1935-1959 will be on display at the Floyd County Museum through the month of October. The museum is open from 1 to 5 each weekday.

Halencak marks 97th birthday with family

Mrs. Della Bayer Halencak was honored on her 97th birthday October 10, in the home of her daughter, Jo Bryant of Floydada, along with her great-granddaughter, Lyn Kubicek of Vernon. The two share the same birthday.

Mrs. Halencak was born Oct. 10, 1891 in Granger, Texas, Williamson County. Lyn was born October 10, 1971 in Vernon.

Mrs. Halencak had six of her eight children present with her to help celebrate the occasion. Also present were a brother, Raymond Bayer of Brownfield and a sister, Mrs. Alice Cook of Abernathy.

Della and Frank Joseph Halencak had 11 children. There are eight still living, four sons and four daughters. These are Lonnie Halencak of Vernon, Rudolph Halencak, Fresno, California; B.J. Halencak, Crowell; Raymond Halencak, Wichita Falls; Mrs. Mildred Kubicek, Vernon; Rosie Micola, Woodlake, California; Julie Connell, Waco; Josephine (Jo) Bryant, Floydada. She also has 27 grandchildren, 49 great-grandchildren and three great-great-grandchildren.

Della was a long time resident of Crowell, Foard County, Texas. They lived there 60 years. Prior to coming to the Floydada Nursing Home, where she has been a resident for the past four

years, she was a resident of the Woods Nursing Home in Vernon. She spent 11 years in the Woods Nursing Home and came to Floydada October 1, 1984 to be near her daughter, Jo Bryant.

A dinner, with all the trimmings, was served to 37 guests at 3 p.m. Sunday. The honorees were presented gifts and cake and punch were served to everyone. Visiting and picture taking were

also on the agenda for the afternoon.

When Della was asked about living such a long life, she replied, "I never thought that I would live so long. Oh, taking life as it comes and not worrying and be thankful for everything." She is still mobile with a walker, can hear and see fairly good and is alert.

Her church preference is Roman Catholic.

Classmates honor Mrs. Robert Lopez with shower Sunday, Oct. 2

Mrs. Robert Lopez, the former Maria De La Fuente, was honored with a bridal shower Sunday afternoon, Oct. 2, in the Della Plains Home Ec. room in Floydada. Classmates of the bride were hostesses.

Mr. and Mrs. Lopez were married recently by the justice of the peace in Floydada. The bride wore a peach colored two piece dress with matching shoes and bag. Her parents, Mr. and Mrs. Joe De La Fuente Sr., served as attendants for the couple at their wedding.

Guests at the bridal shower were registered in the bride's book by her sister, Miss Dolores De La Fuente. The gift table was covered with a blue cloth, and centered with an arrangement of white flowers.

After the honoree opened her gifts, guests took turns giving her good advice for her home and family.

Refreshments were served from a blue covered table centered with a silk flower and candle arrangement of apricot color. Fruit punch in deep apricot color was served from a crystal punch bowl by Misses Louisa Gomez, Alice Garcia and Alisa Garcia. Heart shaped cookies frosted in white, blue and apricot colors were served on a crystal tray by Misses Rebecca Avila, Maria Torres and Melisa Garza. Crystal plates and white napkins were used at the serving table.

Pictures were taken of the bride, her mother and family, including her grandmother, Mrs. Manual De La Fuente Sr.

The young couple received an array of gifts with which to start their home. Hostesses, the high school home ec. class, presented her with a dozen hemmed cloth napkins and table runner, a picture, and an engagement book.

CELEBRATING 97TH BIRTHDAY--Della Frances Halencak (seated) of Floydada celebrated her 97th birthday on October 10 in the home of her daughter, Jo Bryant. Six of Mrs. Halencak's eight children were with her to mark the event. Present were (l-r) Mildred Rubicek, B.J. Halencak, Jo Bryant, Lonnie Halencak, Julie Connell, Raymond Halencak. Not able to attend were Rudy Halencak of Fresno, CA, and Rosie Micola of Woodlake, CA.

Thursday: Bring a covered dish for the noon luncheon and enjoy the program and fellowship to follow.

Friday: Oven baked pork chop, orange glazed sweet potatoes, green beans, whole wheat bread, margarine or butter, half banana, milk

Alpha Mu Delta hears nutrition program

The 235th meeting of Texas Alpha Mu Delta was called to order at 7 p.m. on Tuesday, Oct. 4, at the First National Bank in Floydada. Roll was called with seven members present and one excused absence. Minutes from the previous meeting were read and approved.

Sidney Jackson presented a program on nutrition and diet. She explained it all as an exchange diet. This being her major in college and holding a degree in this field, she was very thorough and answered all of the group's questions.

She also gave members exchanges for their husbands and gave interesting ways to incorporate this diet into each member's everyday meals.

They then discussed the upcoming rush party and addressed all of the invitations to the new prospective members. The next social with families will be Monday night, Oct. 31.

After adding additional pages to the yearbooks, they were served a meal, hosted by Tammy Wilson and Melanie Beedy. They served hot Mexican

chicken casserole, tossed salad, pina colada cake and iced tea. They then had pledge training. There being no further business, the meeting was adjourned with all joining hands for the mizpah.

Members attending the meeting were Brenda Heflin, Dara Ware, Sidney Jackson, Tami Wofford, Tammy Wilson, Dora Ross and Melanie Beedy.

The next meeting will be October 18 at Lighthouse Electric. They will have a salad supper and a rush party for prospective new members.

Club visits Australia through slide show

The 1934 Study Club met in the home of Mae Emert Oct. 4th.

In the absence of the president Wanda Turner, the meeting was opened by vice president Queen Annie Lawson.

Mamie Bunch introduced a new member, Francis Weathersbee, who in turn introduced Nell Abram who gave a very interesting talk and slide show of a trip she took to Australia. This trip was taken as a missionary effort under the auspices of the Baptist church, consisting of a large group from different towns.

Australia is about the size of the U.S.A., excluding Alaska. Instead of 50 states as the U.S. has, they only have seven. The western part is rather dry and barren, called the "Outback" and consists mostly of large sheep ranches.

The north-eastern part is tropical. People are nice and friendly. Few

--Let's Laugh--

"Some of you pedestrians walk about as if you owned the streets," complained a young man.

"Yes, and some of you motorists drive around as if you owned your cars," responded his grandfather.

Wife to her husband: "Don't drive so fast, that policeman on the motorcycle right behind you wants to get by."

Floydada Nursing Home Happenings

By Jo Bryant

Monday started the week out as usual, with the morning coffee and juice break. Irene Wexler came and played the piano for us, we always enjoy her. The devotional for the day was taken

houses are heated, refrigerators do not make ice, therefore few things are served cold.

Being south of the equator, the big dipper cannot be seen in the sky there, instead they see the "Southern Cross."

"The scenery was beautiful, flowers and animals abundant, koalas, kangaroos, emus (belonging to the ostrich family)," said Ms. Abram.

Water sports are very popular, swimming, etc., and there are nine yacht clubs in Peith.

Alpha Sigma introduces rushees

By Karen Elliott

Texas Alpha Sigma Upsilon met at Lighthouse Electric Oct. 4. President Mitzi Nixon called the meeting to order with all members and guests standing for opening rituals. Minutes of the previous meeting were read and approved.

A letter was received from the members wishing to transfer to the Career Chapter. Jodie McGuire gave the treasurer's report. Brenda Ward read a thank you note from Sheri Turnbow for the rose we sent her. Judy Schacht brought the raffle of a spice trivet and it was won by Suzanne Wyrick.

Judy Schacht introduced our guests for rush this evening. Our guests were Dianne James, Robbie Odom, Sara

Due to family illness, Elizabeth Armstrong was unable to be present but as co-hostess had made the dessert which Lorene Newberry helped Mae serve to 17 members: Jo V Bingham, Mamie Bunch, Jo Davis, Betsy Dempsey, Mae Emert, Evelyn Latta, Queen Annie Lawson, Flora McNeill, Jettie Moss, Lorene Newberry, Frieda Simpson, Margaret Springer, Francis Weathersby, Madge West, Margaret Word, Mildred Wylie, Jo Y'Blood, and guest Nell Abram.

Coursey, Annie Assiter, Dana Brown, Debbie Hartline and Gayla Griffin. We all enjoyed games and winners of the games received a small gift. Hostesses for tonight's meeting were all members. We served pumpkin cookies, punch, vegetable and dip tray, apple pie, chips, dips and tea.

The next meeting, October 18, will be at Brenda Ward's with Mitzi Nixon having the program. There being no further business the meeting was adjourned with all members standing for closing rituals and mizpah. Members in attendance were Sheri Turnbow, Sheila Carter Suzanne Wyrick, Karen Elliott, Hope Warren, Rhonda Guthrie, Brenda Ward, Jodie McGuire, Judy Schacht, Jan Nichols and Mitzi Nixon.

from 1 Cor. 3-27, Jesus, our hope of glory. At 2 p.m. the resident painted a pear in ceramics.

Tuesday we had morning break, then shared the word at the devotional from Luke's gospel "The Good Samaritan."

We sang some songs too. We talked about "who is my neighbor?" and how neighbors really used to take the time to help one another. At 2 p.m. the residents cut out and decorated pumpkins to help decorate the rooms and hall.

Wednesday Bro. Sammy Rodriguez came and shared the word about being persistent in prayer, the story about the widow, that kept asking the judge to help her. At 2 p.m. the residents played Bingo. The Thelma Hoffman had the first bingo. Bananas, marshmallows and bugles were the treats.

Thursday, Helen Lipham came and played the banjo for us and we sang songs of joy, praise and thanksgiving. The resident council met in the dining room at 2 p.m. and had their meeting of the month and were served popcorn.

Friday, the ladies from the First Baptist Church came and gave the devotion. Mrs. Lillian Ross read a Psalm. Letha Mulder led the singing and Evelyn Latta played the piano. At 1:30, the residents went on the bus ride to Plainview. They enjoyed seeing the fields of pumpkins and the trailer loads of pumpkins. McDonald's treated them to some ice cream.

The ladies from the Companions 'n' Caring met at 2 p.m. They will help with the residents Halloween party. It will be on Oct. 31 at 2:30, everyone wear your costumes and come join in the fun. Family and friends are invited to attend. Also save all your aluminum cans as we need funds for the activity and the Companions 'n' Caring.

Annie Campbell was acknowledged as the Employee of the Month for October. She has worked for the nursing home for the past 11 years in dietary. She received a gift certificate.

We want to thank the second graders for making and coloring the pictures for the residents' rooms. Also thanks go out to Scott Faulkenberry for the pumpkins. We really enjoy them. We want to thank Mr. Robertson for the tomatoes, pears, turnips and greens.

A thought: "To understand your parent's love, you must raise children yourself."

This week's visitors were: Phillip Wilson, May Sue, Willie Mae Smith, Delwin and Weonna Brooks, Paducah Mel and Marj. Holcomb, Rudolph McCurdy, Evelyn Pierce, Arlene Holmes, Edna Patton, Bobbie Rogers, Melissa Faulkenberry, Nora Mimmert, Decota Odam, Brady Owens, Opal Kratzer, Letha Lightfoot, Mildred Fuqua.

A GIFT FOR WILLARD--In an effort to promote "Punkin Days", Floyd County, and the City of Floydada this harvest arrangement was given to Willard Scott, of NBC, while he was visiting in Lubbock. The basket was prepared by Ann Carthel with pumpkins donated by Hulon and Gary Carthel. The arrangement was taken to Lubbock by chamber members to present to Willard Scott. Unfortunately air time was all booked, but there is a chance that he will promote the event later in October.

A letter also went to Scott explaining "Punkin Days" and the wide diversity of agriculture throughout Floyd County. It was explained that pumpkins are grown all over the county and are being used to promote Floydada. A list of other agriculture commodities grown was also provided. NBC was only one of many other forms of media that were contacted for promotional purposes.

Staff Photo

Halloween is a time for all ages

Halloween means a festive, magical celebration for children, teenagers and adults alike.

It's that bewitching time of year when images of ghosts, goblins, and witches dance in children's minds -- time again to hang the cardboard skeleton on the front door, carve your pumpkin and retrieve your favorite costume from the Halloween box in the basement.

Apples and Halloween go hand-in-hand. Harvested in the fall, a wide variety of premium quality Washington apples are in plentiful supply to use for making caramel and candied apples, as an ingredient in Halloween cookies and cakes, or for a game of bobbing for apples.

Red Delicious apples are ideal for caramel apples. The golden-colored caramel complements the apple's ruby red skin, and sticks easily. For an extra special treat, roll the apple in melted caramel*, then swirl it in melted chocolate and chopped nuts. Let set on waxed paper. It can't be beat!

When all of the ghouls and goblins chime in "trick-or-treat", serve up apples for a healthy switch from sugar-filled candy. They're just as tasty!

*To melt caramel, place a bag of caramels and two tablespoons water in

microwave-safe pan. Microwave at high for 3-4 minutes. Or, allow about 20 minutes to melt caramels in a 1-1/2 quart heavy saucepan over a conventional range top. Stir the caramel gently with a wooden spoon when it starts to melt.

To make sure the caramel sticks, wash and dry apples thoroughly.

If the apples are extra juicy, dry them again after inserting the sticks into the stem end.

Store the caramel apples in the refrigerator.

Floydada's varsity falls to Tulia Hornets, 14 - 0

By Bill Gray

The injury bug gnawed a bigger than bite-sized chunk out of the Floydada offensive plans last week — both starting quarterback Chad Quisenberry and his back-up, Grant Stovall, were hobbled going into the District 2AAA opener against Tulia's Hornets. Quisenberry, among the area's AAA statistical leaders at the season's halfway mark, had leg surgery on Monday. Chad will be out for "at least several weeks." Stovall suffered a cracked bone in his right hand during Wednesday's practice. However, Grant was able to play Friday — cast and all — with his duties limited to play in the defensive secondary. Getting the call at quarterback for his first varsity starting assignment was Brian Teeple, a sophomore moved up from the junior varsity.

It didn't take L.G. Wilson's troops long to adjust their game plan to an aggressive defensive rush against the inexperienced Teeple. Tulia received the opening kickoff, and tailback Kent Brookins popped for a 12-yard gain on the first play from scrimmage. Floydada's defense quickly toughened, with good efforts from Joe Cisneros, Adam Cates, Armando Morales, and Jacob Galvan. After moving to their own 46-yard line, Tulia was forced to punt. Two plays later a Floydada fumble turned the ball over to the 'Wind's 23. QB Darrin Morris then hit Trey Nevins with a perfect strike in the end zone, and Tulia was on the board with 9:31 left in the first quarter. The PAT kick by Brookins was true to the mark, and the Hornets went up 7-0.

Three Floydada plays and a punt later, Tulia was back in business at their own 34-yard line. The early momentum of the game definitely belonged to the Hornets, but if they thought they had a rout developing, the Whirlwind defense had other ideas. Tulia managed two first downs, but had to punt following their drive to the Floydada 44-yard line. Danny Caballero, Jay Mendoza, Leonard King and Jacob Galvan all made consistent plays to shut down the Hornet advance.

The Whirlwinds mounted a respectable drive, moving from their 13 to the Tulia 44, until another fumble ended their efforts. Tulia's next drive netted minus five yards, thanks to heads-up defensive plays by Mendoza, Caballero, Frank Suarez, and Kenneth Collins for Floydada. The Whirlwinds moved from

their 28-yard line to the Tulia 35, highlighted by a 25-yard gainer from FB Frank Suarez. Failing to gain a first down, Galvan punted into the end zone, and Tulia took possession at their 20 on the touchback.

The Hornets then marched for three first down and 27 yards before again having to punt back to the relentless Whirlwinds. Floydada controlled the ball deep in their own territory as the halftime buzzer sounded, with the Hornets owning a 7-0 lead.

Floydada's opening drive of the second half was as frustrating as those in the opening 24 minutes, as the 'Winds netted zero yards and had to punt. Just as in the first half, Tulia struck quickly — with Richard Pacheco scoring on a long jaunt from 59 yards out on the Hornets' second play of the third period. Brookins kicked the PAT, and Tulia extended the lead to 14-0 with the clock showing 9:51 remaining in the third quarter.

Following the ensuing kickoff, Floydada moved from its 19 to the Tulia 45-yard line — only to lose possession again via the fumble at the Tulia 45. The Hornets gained a first down and 23 yards on their next series before Adam Cates, Jacob Galvan, Joe Cisneros, and Danny Caballero anchored the 'Wind defense. The ball went over on downs to Floydada at the 'Wind 32. Following an exchange of punts, the Whirlwinds took over at their own 25. Several plays later, another turnover stalled the Whirlwinds as Hornet Lane Young intercepted a Teeple pass at the Floydada 47.

Tulia then drove for what would have appeared to be the third score, but were stopped by a determined Whirlwind defense — Tulia fumbled and the 'Winds had another chance to score...starting on their own one yard line. QB Brian Teeple gained five on the keeper, and gave the 'Winds a little breathing room. However, Floydada failed to gain a first down, and Galvan punted out to the Tulia 45 — an excellent effort out of very poor field position.

Tulia failed to gain a first down, lined up to punt, and gave up the ball on the muffed attempt at the Hornet 32-yard line. The 'Winds advanced to the Tulia 8, with Kenneth Collins' 20-yard run from the Tulia 31 putting the Whirlwinds in scoring territory. On second-and-goal at the Hornet 9-yard line, Floydada turned over the ball on a fumble, and for all practical purposes

the game was history. The Hornets carried out to the 17 before punting, giving Floydada one last chance to put some points on the board. A second halfback-option pass by Kenneth Collins fell incomplete, and on third down Floydada fumbled once again. Tulia regained possession, ran out the clock near mid-field, and garnered the victory in the hard-fought contest, 14-0.

This week Tulia will travel to Friona to battle the Chieftains, while the Floydada Whirlwinds will lick their wounds, return to the friendly surroundings of Floydada's Wester Field, and will host the hard-luck Muleshoe Mules. With one loss in district play, the Muleshoe game is most important for the 'Winds if they are to keep alive their playoff hopes.

BILL'S REMARKS

There was somewhat of a pall of uncertainty among the Floydada fans prior to kickoff in the Tulia game. Starting quarterback and team leader Chad Quisenberry was on crutches, following a rare leg injury from the Abernathy trip. Number two QB Grant Stovall was sporting a cast on his right hand and would see only limited defensive duty. The young man picked to fill-in had never taken a snap in a varsity game. However, football is a team game, and there would be ten others out there who had been there before...each had a job to do.

A lot of pressure was on Brian Teeple as he ran on the field the first time with the offensive unit. The center snap would be different, the running backs quicker, the defensive line bigger, and the secondary faster. The difference of competition between Junior Varsity and Varsity ball could

be likened to playing for West Texas State one day, then taking the field against Notre Dame the next. Actually, the final outcome of the game resulted from the overall intensity and execution of two key plays generated by an experienced Tulia Hornet club.

There were some Floydada fumbles that could have been attributed to the timing between the center snap and the QB, plus some errors on handoffs. But, there were also some positive points. The Whirlwinds were in the game until the final moments, partly due to the 'Winds' own brand of stout defense. But, Teeple also had a hand in helping the 'Winds stay in the contest, as he played well under such conditions.

With a little luck, Floydada could have matched Tulia point for point — but, it was not to be. The Whirlwinds played with what was dealt them — and did it well.

Brian's first TD completion will come; he'll cross that goal line for six on the option. Maybe not this week...but, they'll come. Next time out of the blocks will be a little easier, and he'll deliver. You can count on it! Offensive play of the game: Richard Pacheco's 59-yard TD run for the Hornets. Defensive play of the game: jarring tackle of Pacheco, which resulted in Frank Suarez' fumble recovery at the 1-yard line — preventing a third Tulia touchdown.

I have one more point to make. An area newspaper's statistical breakdown of the game credited Floydada with 98 net rushing yards to Tulia's 195. My stats haven't been the most accurate in the past, but with Calvin Coleman keeping tabs on each play this past week, we have come up with these conflicting figures. Yards rushing: Whirlwinds-141 yds.; Tulia-175 yds. This doesn't change the score. Nor does it reverse the loss. However, it does give a more realistic picture of Floydada's performance — and, let's give credit where credit is due!

I felt pretty good about my pick of Canyon

over Childress last week. After predicting Arkansas to whip Texas Tech 31-17, I almost hit it on the nose as the final score was Arkansas 31, Tech 10. I came ever so close on the Oklahoma-Texas point spread (even though I hated to predict the Sooners over the 'Horns). The Cowboys again let us down. Happily, the Oilers edged the Chiefs 7-6, although I had picked the Chiefs. The Texas Aggies are for real! They showed it with their blowout of Houston. They may be the best in the SWC, but will be sitting home this New Year's in the "Probation Bowl." The domy brook at South Bend, pitting #1 Miami and #3 Notre Dame, should be something. The Hurricanes travel to the land of Lou Holtz and little green men in funny hats. (Seems like wherever Holtz goes, they always wear funny hats.) Those mischievous leprechauns are liable to use their shillelaghs to snap the 'Cones' winning streak. Here are my "Picks of the Week."

Coach's Comments

Coach Earl Overton stated, "It was unfortunate to have the key injuries entering district play, but those things just happen and you have to go with what you've got." He further said, "Tulia had more to do with our loss than did the injuries."

He warned, "that the Muleshoe game will be very physical. They basically have the same people we faced up front last year and will come at us with an eight-man front. They have a big tailback that is the workhorse and have a good Senior bunch with a lot of experience. We'll have to play and execute well to stay in the ball game."

Overton reported, "There were no new injuries that should keep people out this week."

FOOTBALL CONTEST

CONTEST RULES

Any subscriber or individual above the age of 7 who purchases a Hesperian from a newsrack is eligible to enter this newspaper's weekly football contest, except employees of Floyd County Newspapers.

To play, circle on official entry form, the numbers of the teams you believe will win this week's games. To indicate a tie, circle the numbers of both teams playing a particular game. In addition, indicate in the tie-breaker football your guess on the total number of points to be scored by the two teams listed.

The only entries considered for prizes will be those appearing on official entry forms and those brought to the Hesperian Office by 5 p.m. on Friday. No mail entries will be accepted.

Three cash prizes are offered weekly. In the event of ties - the same number of correct games and equal scores on the tie breaker - prize money will be shared among those involved in the tie. The tie-breaker score will be utilized only in the event of a tie on the number of games missed.

In the contest to determine the season winner and the recipient of the two tickets to the Nov. 24 Dallas Cowboys-Houston Oilers game in Dallas, each contestant will receive one point for each correct game selected on an official form throughout the season.

Print name and address plainly on official entry form and double check that your choices of winners have been circled.

Enter one entry per person per week. Weekly winners are limited to one per household.

SEASON WINNER EARNS: 2 Tickets to Cowboys-Oilers Game on November 24

1st prize \$10⁰⁰ 2nd prize \$6⁰⁰ 3rd prize \$4⁰⁰

Ward takes 1st in grid contest

Earning first place money this week in the Hesperian football contest was Doug Ward. Ward incorrectly chose the winners of only four games with a tie-breaker score of 30, 16 points over the actual score of 14. A check for \$10.00 will be awaiting Ward at the Hesperian office on Friday.

Second place goes to Scott Redden. Redden also missed four games, but selected a tie-breaker score of 34, missing the true score by 20. He will receive the \$6.00 second place check.

Johnny Taylor earned the third place money with an entry missing only five games. He posted a tie-breaker score of 20, just 6 points above the total points scored in the Floydada vs Tulia game. Taylor will receive the \$4.00 check for his efforts.

Jamie Johnston receives honorable mention for an entry which also had five misses. The tie-breaker on the entry was 28, missing the mark slightly in pursuit of prize money. Seven entries had 6 incorrect and another eleven entries

missed 7.

CONTEST STANDINGS

With his win this week, Doug Ward moves into the lead in the quest for the Cowboys-Oilers tickets on Thanksgiving Day. His point totals now stand at 95.

Following closely at 93 is young Laura Hale who has lead the pack for the past few weeks. Jean Hale, Sherry Hale and Juan P. Martinez are tied at 92 and Sammy Hale stands at 91. Posting 90 points accumulated this week were Sarah Sanders, Suzanne Wyrick, Deneen Marricle, Jared Mosley and Bill Clemmons.

Remember to keep turning in your entry each week to build up your point totals. The person with the highest accumulated point total at the end of the contest will receive the two tickets to the November 24 grid action in Texas Stadium.

Be sure you let the businesses who sponsor this contest each week know that their efforts are appreciated.

8th grade drops district game

The Floydada 8th grade Breezers traveled to Tulia for their first district game last Thursday and came up on the short end of a 20-6 score. The Breezers received the opening kickoff, but were unable to gain the first down and had to punt. The punt was fumbled by Tulia, recovered by Floydada, and the Breezers capitalized on the host's miscue. Floydada scored on the next play to go up 6-0.

The ensuing kickoff was again fumbled by Tulia, with the Breezers

gaining possession of the loose ball. However, Floydada failed to keep the drive alive and the ball went over on downs.

In the third quarter, the Breezers mustered a 75-yard drive, only to give up the ball on a fumble. The outstanding player of the game was Jamie Davis, who gave an excellent showing on offense and defense. The loss brings the 8th Breezers' record to 2-1-1 and district record to 0-1. Floydada will host Muleshoe this Thursday at 7:00 p.m.

JUNIOR HIGH TWIRLERS—1988-89 Twirlers at Floydada Junior High include: (left-right) Kathy Burns, Brandi Ross, Amber Poole, Brandy Lackey and Amanda Watson. Photo by R Photography

Seventh grade edges Tulia

The 7th grade Breezers were the only Floydada team to come out victorious last week as they topped Tulia's seventh graders by 12-8.

Both teams fought to a scoreless first quarter. A second quarter score was set up by a Tulia pass for 30 yards. They failed on the 2-point conversion and led 6-0. The Breezers moved the ball offensively, but had continuous mistakes, including a fumble inside the Tulia 20-yard line which stopped a good drive. A bad snap on a punting situation led to a Tulia safety, and the hosts took an advantage of 8-0 into the locker room at halftime.

Floydada came out and played hard during the second half. The Breezer defense consistently shut Tulia down, and forced them to punt. Marcos Bueno, Tony Hernandez and Adam Gonzales led the defensive charge. Floydada put the ball into the end zone early in the fourth period on a 3-yard blast by Tony Hernandez.

The Breezers refused to die. Pete Jimenez blocked his second punt of the game to give Floydada good field position. On a late drive, the Breezers took the lead on a 10-yard sweep by Dionicio Trevino. Floydada scored with less than two minutes remaining to capture their first district victory at 12-8. Offensively Rafael DeOchoa, Brandon Gilliland and Tyson Edwards had a good game blocking on the line. Tate Glasscock also hooked up with receivers Jesus DeHoyos and Rod Vela for good gainers.

The 7th Breezers will put their 1-0

district mark and 2-1-1 season record on the line as they will host Muleshoe this Thursday.

Tulia JV 12, Floydada JV 0

In a hard-fought Junior Varsity game last Thursday, the visitors from Tulia shut out their hosts, the Floydada JV Whirlwinds to the tune of 12-0. With QB Brian Teeple being moved up to the Varsity due to injuries, Michael Aleman drew his first start as the JV quarterback and did a respectable job.

Both teams locked up in a defensive struggle for most of the game with the Junior Hornets scoring twice in the second half on long passes. Tulia's offensive gained 232 total yards (129 yards rushing and 103 yards passing). The Junior Whirlwinds countered with 118 yards rushing. Kenneth Davis had 14 carries for 78 yards, while Michael Aleman rushed for short yardage in guiding the wishbone attack. Aleman also completed a 20-yard pass to Roy Garcia for a nice gainer.

According to the JV coaches, Freddie Portee turned in another outstanding game on defense.

Aleman also did a good job on defense in addition to his quarterbacking duties.

This week the Junior Varsity travels to Muleshoe to take on the Mule JV.

Country club hosts tournament

The Floydada Country Club held their club championship on October 8 and 9. All members were eligible and several Floydada men came home winners.

In the championship flight, placing first after a playoff with Junior Martinez, was Bobby Sansom. Sansom shot 73 on the first day and 72 on the second. Junior Martinez of Floydada placed second with a score of 74 on the first day and 71 October 9. Clay Simpson of Floydada placed third with a score of 76 and 72.

In the first flight, two Floydada men were winners. First place was taken by Mike Muniz of Floydada, who shot 80 on Saturday and 79 on Sunday. Andy Anderson placed second with a score of

84 and 77. Steve Westbrook of Floydada came out third with a score of 83 and 80.

In the second flight, Ted Matthews placed first after a playoff was needed to break the tie with Sam Matthew. Ted Matthews' score was 86 the first day and 82 the second. Sam Matthew took home second with 87 and 81. Third place was brought home by Lanny Glasscock of Floydada with a score of 87 and 83.

The third flight was won by Dwight Teeple of Floydada. Teeple had a first day score of 100 then 92. Slick Stennett placed second with scores of 99 and 101. Brent Sanders of Floydada placed third with two day scores of 108 and 103.

Floydada School Menu

October 17-21

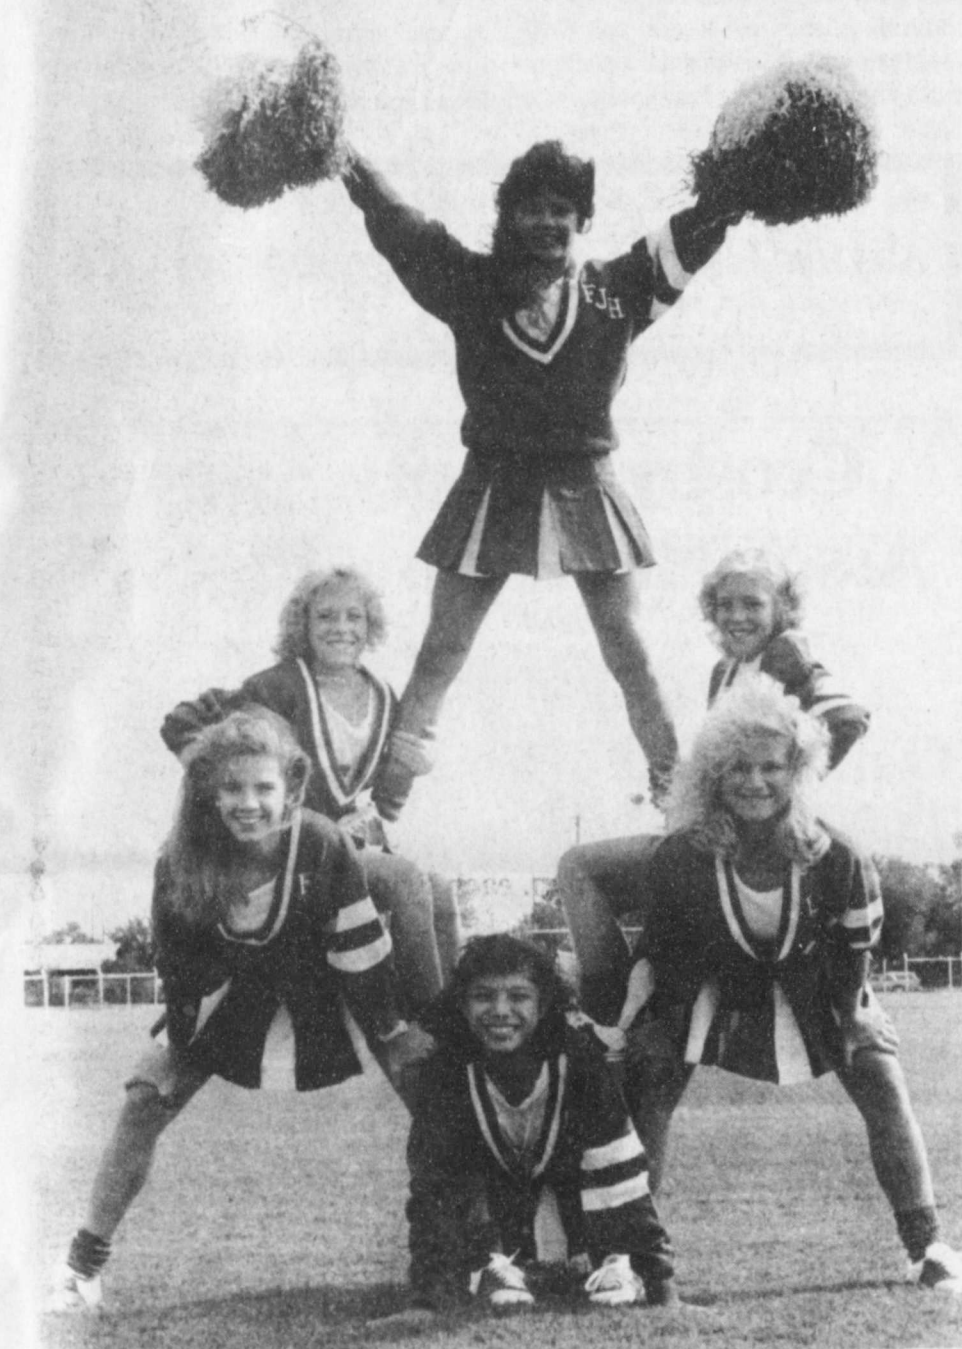

Monday:
Breakfast — Grape juice, cinnamon toast, milk
Lunch — Meat loaf, mashed potatoes, green beans, pineapple tidbits, hot roll, milk

Tuesday:
Breakfast — Orange juice, dry cereal, milk
Lunch — Bean beef chalupas, tossed salad, Spanish rice, peaches, milk

Wednesday:
Breakfast — Pineapple juice, scrambled eggs, toast, milk
Lunch — Frito pie, pinto beans, spinach, wild cherry cake, cornbread, milk

Thursday:
Breakfast — Apple juice, pancakes, syrup, milk
Lunch — Vegetables beef soup, crackers, pimento cheese sandwich, fruit cup, milk

Friday:
Breakfast — Grape juice, toast, jelly, milk
Lunch — Chili cheese sandwich, french fries, tossed salad, apple cobbler, milk

**RAY MACHA
LIKES
FRED CARDINAL!**

Ray Macha does not have any personal vendetta or hatred for Fred Cardinal. Contrary to what some people believe, Ray Macha likes Fred Cardinal as a person, but strongly disagrees with his policies as sheriff. So do many other police officers and citizens of Floyd County.

It has been imperative that some of the things that I disagree with become public so as to give the people of Floyd County a chance to make a knowledgeable decision on who they wish to vote for based on real facts. The real issue of this sheriff's race is not a Republican versus Democrat, or who can get along with who. But, do the people accept the way the sheriff's office is operating, or do they believe there needs to be a push toward modernization of law enforcement and professionalism.

I believe the people want better law enforcement. This November Floyd County citizens will decide with their vote who will be sheriff. Ray Macha will abide with the people's will. And, should Fred Cardinal be reelected, he will support the sheriff's office and the police departments of Floyd County even if he disagrees with the policies of the sheriff. Because, he has never lost the perspective that it is not our police officers who are the enemy, it is the criminal.

Political ad paid for by Ray Macha Campaign

IMPROVEMENTS RAY MACHA WOULD LIKE TO MAKE IN THE SHERIFF'S OFFICE

1. Appoint a qualified deputy as chief felony investigator for the sheriff's office, who will specialize in felony crime investigation in Floyd County. He will work closely with Floydada Police Department, Lockney Police Department, the district attorney's office and other law enforcement agencies to aid in a coordinated effort to apprehend felony criminals.

2. Concentrate patrol activities during high crime hours to help reduce the likelihood of criminal activity and increase the apprehension of violators. This would also help both police departments by providing added backup for officers working late shifts that are more subject to encounter serious crimes of violence.

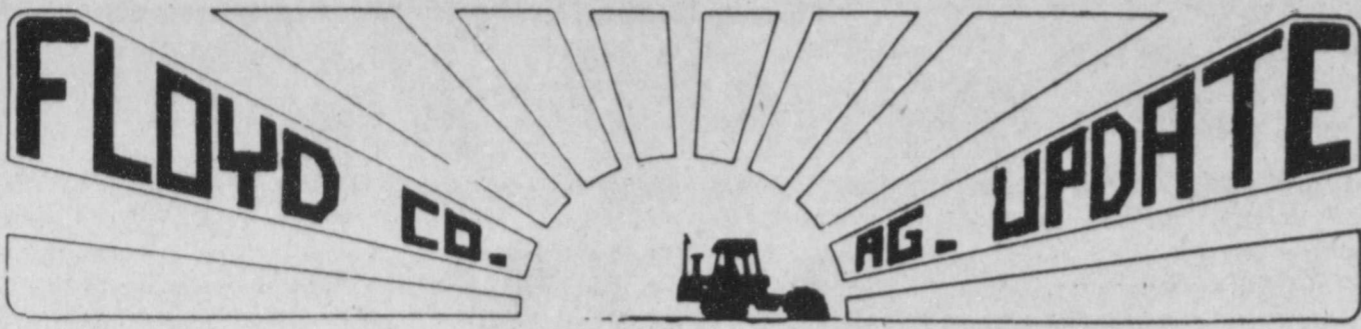

3. Expand the number of reserve officers by certifying all jailers as reserve deputies, and a select few interested citizens who all must meet state requirements for peace officers. Properly trained reserves have been proven to be a real asset to communities who have them, and are a cost effective use of tax dollars. They can be used for crowd control, patrol, surveillance, crime prevention, etc. when properly trained. Volunteer reserve officers have contributed millions of dollars of free labor to police departments and sheriff's offices across this state, just as volunteer firemen have contributed their services to communities who could not afford fire protection otherwise. We currently have some reserve officers in this county, and I salute them for their contributions they make. We need some more and they need to be better utilized.

4. Place more responsibility on the jailers, and make the necessary changes that will provide proper jail security to protect citizens, jail employees, and prisoners. These changes will allow the sheriff and his deputies to concentrate more on investigations and patrol.

5. Increase public awareness of current criminal activities and conduct seminars on how to better protect yourself from becoming a criminal's victim. We can bring in experts in different fields to teach citizens how to better protect their property and person at no cost to the taxpayers. There are organizations who are more than willing to assist in this. Statistics show where citizens are trained in how to protect themselves, and proper steps to take in reporting a crime or suspicious activities, crime rates go down. Criminals look for an easy target, not a difficult one.

6. Insist that employees keep their training as current as possible, and strive to improve their abilities for the betterment of Floyd County. A modern, well trained, equipped law enforcement officer is a must in today's world.

Political ad paid for by Ray Macha Campaign

Jury out on no-till and drought

No-till, a popular conservation tillage method that requires planting a new crop in the residue of the previous crop, is facing increased evaluation as a result of this year's severe drought.

"Farmers should not be in a hurry to abandon no-till based on its showing during this year's drought," said Wilson Scalding, chief of the U.S. Department of Agriculture's Soil Conservation Service.

"In average and limited drought years, no-till generally results in better yields than conventional tillage, and we have those conditions more often than we have the extended drought conditions we're experiencing this year."

"We're joining farmers and researchers in determining how no-till is faring in this drought," Scalding said. "It's too early to tell. We still need to evaluate crop yields among various systems before we can make comparisons."

SCS field reports to this date indicate: —Conditions seem to vary depending on soils planting and spotty rainfall. Illinois reports that fields no-tilled for

several years looked better than those that were in their first or second year of no-till. One farmer who had no-tilled for 5-6 years said his corn looked as good as any conventionally tilled in his neighborhood. Fields seemed to look better where a combination of tillage and no-till was used— such as planting no-till corn into soybean residue and then chisel or conventional tilling corn residue to plant soybeans.

—Kentucky reports that no-till corn planted in soybean, small grain, or corn residue from the previous year looks better than conventional corn. No-till soybeans planted after small grain (double cropped) look very promising.

—Some no-till corn has withstood the drought better than conventional till. No-till looks better than spring plowed crops on similar soil and management conditions. Growth rate of no-till was slower than conventional fall till and was later in tasselling. Depending on rainfall, this could place no-till in a much more favorable weather period.

Many no-till corn fields following soybeans are surviving the drought as well or better than conventional fall plowed or fall chiseled fields, and the no-till fields will have the advantage for the rest of the growing season.

—The drought has caused severe soil surface crusting on many no-till fields, retarding in slow growth of no-till corn or severely stunted or dying, stands due to dry conditions and poor root growth.

—Crops have suffered where they were no-tilled into a living cover crop which was killed after planting. Cover crops proved detrimental this year because they depleted desperately needed early spring soil moisture. As a result, some seedlings did not germinate and those that did were severely stunted.

Herbicide selection secret of success

Selecting the proper herbicide for the weed problem in a fallow field, and applying the herbicide properly are the secrets of success in conservation tillage systems according to Dr. Allen Wiese, Weed Scientist with the Texas Agricultural Experiment Station at Bushland. These conclusions, based on 10 years of research, were presented at the West Texas Agricultural Chemicals Conference in Lubbock, Texas on October 5. Sprayer calibration, available herbicides, spray gallonage, spray additives and mixtures, weed size, and combining herbicides with tillage all affect success of conservation tillage practices.

The simplest system of calibrating sprayers is determining the number of seconds it takes a sprayer to travel 100 feet. Then measure the spray in ounces from the nozzles covering 40 inches for the number of seconds it took to travel the 100 feet. The number of ounces is equivalent the number of gallons per acre.

Wiese discussed the role of residual and non-residual herbicides for controlling weeds in fallow fields. He said residual herbicides were usually more economical than non-residual because

residual herbicides persist in soil and kill several flushes of weeds. Atrazine, Cortoran, Dual, Lasso, and Karmex will be available in 1989. However the old standby herbicides, Igran, and Sandcap, that have been used on the High Plains will not be re-registered. Only existing supplies will be used up in 1989. Glean and Ally will no longer be labeled for use on fallow fields. This will set conservation tillage back many years according to the scientist. "On the other hand, more non-residual herbicides will be available soon," Wiese said. He expects Ignite and Touchdown to be on the market in the next two years. Ignite is a contact herbicide that kills most weeds and translocates more than paraquat but not as much as Roundup. Touchdown will translocate and kill about the same spectrum of weeds as Roundup.

atrazine or propazine can be tank mixed with Cyclone and Landmaster, but not Roundup.

"I never like to see a weed taller than two inches in a fallow field that is being no-tilled", Wiese said. Big weeds take more herbicide, consequently, and are expensive to kill. He gave an example where one pint per acre of Cyclone gave 99 percent control of pigweed that were either 0.5 of 1.5 inch tall, but only gave 23 percent control of 6 inch pigweed that were stressed for lack of water.

Sweep plows are still an important part of conservation tillage systems. They are cheaper to use if weeds get too big for herbicides do not for in a particular cropping sequence, or if there are no crop residues on the soil surface to control erosion.

Wiese said that herbicides are essential for no-tillage and play a big part in most conservation tillage systems. "In the future, as more herbicides become more available, they will play an increasing role in conservation tillage," he concluded.

The information given herein is for educational purposes only. Reference to commercial products or trade names is made with the understanding that no discrimination is intended and no endorsement by the Cooperation Extension Service is implied.

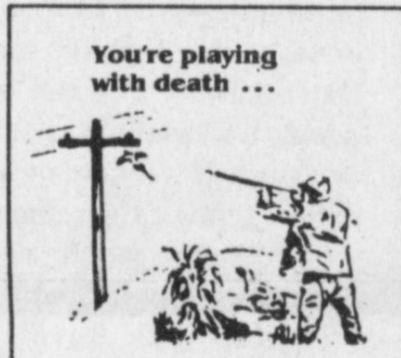

Applications are being accepted

It has been announced that the Texas Department of Agriculture is accepting applications for matching grants to promote diversification in Texas agriculture. Authorized by the Legislature last year, the purpose of the program is to get projects off the ground that demonstrate new and practical solutions for emerging agricultural enterprises.

Named the Texas Agricultural Diversification Board, the program was created to award grants to applicants who will demonstrate the feasibility of alternative crop production, processing agricultural products or direct marketing. According to program administrator Alice Reynolds, "the program will fund applied research and innovation projects, business training and support services programs, and small business incubators designed to diversify the Texas agricultural economy."

Proposals for funding will be accepted from any non-profit regional or community organization, such as a university, community college, or council of government, or any other non-profit organization affiliated with small business. The funds will be allocated in two rounds of competitive bids, with deadlines in late October and mid-January. Inquiries about the program can be directed to Alice Reynolds (512-463-7577) in the Texas Department of Agriculture.

rected to Alice Reynolds (512-463-7577) in the Texas Department of Agriculture.

You're playing with death ...

... when you shoot at game while electrical fixtures are in your line of fire. Each year numerous preventable tragedies result from such carelessness, and each year irresponsible shooters cause thousands of dollars worth of damage to electric lines and hardware.

As power suppliers, we must pass along the costs of these damages to those who use our service — and this results in higher electric bills for everyone.

Hunting is a great American pastime for millions of people. Don't spoil the enjoyment of this great sport by disregarding safety.

Your interest and cooperation will make the difference.

Pesticides should be stored properly

With the approach of Fall, now is a good time for homeowners and producers alike to check workshops and barns to be sure that pesticides have been properly stored. Proper storage will prevent potential hazards around the home, and will increase the shelflife of the pesticides.

The best way to store small amounts of pesticide is in a locked cabinet, located in a ventilated area. The pesticide should always be stored in the original container, displaying a legible label. The pesticide should also be protected from extreme temperatures. Dusts and wettable powders may cake when subjected to wide variations in temperatures. At 32 degrees F. or below, liquid formulations may crystallize out of solution and lose their effectiveness. Pesticides should also be protected from direct heat sources. Any chemical with a flash point of 140 degrees F. or less is a possible fire hazard. Producers should not attempt to store sodium chlorate because of the extreme fire hazard involved.

Producers storing more than a few gallons of pesticides should check with local fire protection authorities and public health officials concerning legal ordinances. Under the Texas Agricultural Hazard Communication Law, producers and other entities that store pesticides in an amount in excess of 55 gallons or 500 pounds within one-quarter mile of a residential area composed of 3 or more private dwellings shall provide to the fire chief, having jurisdiction over the storage area, in writing, the names and telephone numbers of knowledgeable representatives who can be contacted for further information, or

in case of an emergency. The 55 gallon or 500 pound threshold amount shall be based upon the sum of all covered pesticide chemicals normally stored.

When storing a significant volume of pesticides, producers should adhere to the following rules:

- *Keep chemicals in a locked storage area, well ventilated and clearly posted at all entry points.
- *Date all containers.
- *Keep a log of pesticides and amounts in storage.
- *Check containers periodically for leaks, tears, etc.
- *Do not locate storage area near feed or seed.
- *Always store "empty containers" in the storage area pending disposal.

Properly dispose of all empty pesticide containers. Generally, a homeowner can dispose of an empty container by wrapping it in newspaper and/or a paper bag and placing it in a dumpster to be disposed of in a sanitary land fill. Producers are required to dispose of the container properly, according to the pesticide label directions. For further information, you can contact your local Extension Service office.

OBITUARIES

ZULA MAE EMERT

Funeral services for Zula Mae Emert, 72, were at 10 a.m. Tuesday, in First Baptist Church with the Rev. Howell Farnsworth, pastor, officiating.

Graveside services were at 4 p.m. Wednesday in Alice Cemetery by Moore-Rose Funeral Home.

Mrs. Emert died at 11 p.m. Saturday at Pampa hospital. She was born Nov. 9, 1915. She moved to Floyd County in 1980 from Fresno. She was a retired school teacher of 20 years. She married Tom Emert July 2, 1980 at Richmond.

She was a member of First Baptist Church, State Teachers Association and the 1934 Study Club.

Survivors include her husband; a daughter, Clara Baumgartner of Pampa; a stepdaughter, Darlene Hollis of Marquez; two brothers, Newt Bunch of Alice and Harold Bunch of Richmond; a sister, Jo Walpole of Midland; two granddaughters; and several nieces and nephews.

Pallbearers were Elroy Emert, Bob Covington, Bill Daniel, Oliver Emert, Rainey Varner, Jim Covington, Marty Covington and Lee Burton.

JOHNNY HARRIS JR.

Services for Johnny Lee Harris Jr., 41, of Dumont were at 3 p.m. Tuesday in First Baptist Church of Paducah with the Rev. Jimmy Griffith of First Baptist Church and the Rev. Chris McCauly of Dumont's First Baptist Church officiating.

Burial was in Garden of Memories Cemetery under the direction of Mynatt Funeral Home.

He died at 3 p.m. Sunday at his home from injuries suffered in a horseback riding accident. Justice of the Peace Larry Fitzgerald ruled the death an accident.

Harris, born in Quanah, moved to King County in 1985. He married Carolyn Brady on March 25 in Paducah. He managed a meat processing plant and was a member of the First Baptist

Church.

Survivors include his wife; a son, Terry Lee of Dumont; a daughter, Mychelle of Floydada; two stepsons, James Brady and Stephen Brady, both of Dumont; his parents, Mr. and Mrs. Johnny Harris Sr. of Paducah; his paternal grandfather, Herman Harris of Corpus Christi; his maternal grandfather, F. Barbee of Quanah; and two sisters, Marilyn Marler of Floydada and Sherry Parsons of Plano.

FRANCES ZAMORA MCGREGOR

Services for Frances Zamora McGregor, 71, of Floydada were held Wednesday, October 12, at 2:30 p.m. in the Mt. Zion Baptist Church. The Rev. Ralph Jackson officiated. Burial followed at East Lawn Cemetery under the direction of Moore-Rose Funeral Home. McGregor died October 8.

Mrs. McGregor was born October 4, 1917 in Fort Collins, Colorado. She married James McGregor in Matador, Texas, on January 8, 1971 and moved to Floyd County the same year. She was a housewife and a member of the Baptist church.

Survivors include her husband; seven daughters, Joann Duarte, Emily Beltram and Christine Ramirez of California, Lisa Ramirez, Maxine Herrera and Angela Trujillo of New Mexico; three sons, Jerry Zamora and Arthur Zamora of California and Joseph Zamora of New Mexico; one brother, John Trujillo of Utah; one sister, Betty Delgado of California; 26 grandchildren; and nine great-grandchildren.

DAISY WOOD

Daisy L. Wood, 78, of Lubbock died Thursday, Oct. 6, in Lubbock General Hospital after a lengthy illness.

Mrs. Wood was born in Crosby County and attended school in Ralls. She graduated from Texas Tech University in 1931. She taught school in Morton and later owned and operated a variety store in Floydada. She also farmed near Spade and Lorenzo. She moved to Lubbock in 1951.

She married Walter Wood on June 7, 1934, in Morton. She was a member of St. John's United Methodist Church and the Suzannah Wesley Sunday school class.

Survivors include her husband; two daughters, Willie Ann Moore of Grapevine and Karen Holt of Oceanside, Calif.; a brother, W.O. Lockwood of Lorenzo; six grandchildren; and a great-grandchild.

The family suggests memorials to St. John's United Methodist Church's poor fund.

WEATHER:

Not a drop of rain this past week, but a couple of very foggy mornings. Last week's 42 degree low still holds as the fall low. The old timer's sign still points to a freeze this coming Saturday.

CROP COMMENTS:

Cotton bolls continue to pop open with many fields showing 50%. Others are as much as 70% open while later plantings have practically no open bolls. It points to a long drawn out harvest.

CRP fields have been ignored mostly while wheat sowing was being done. Shredding will start again as when the last wheat is in.

Cucumber growers are walking different paths. One quit watering ten days ago and said one more picking would be his last. Another has watered again and was picked again on Monday, Oct. 10.

Hay activity has dwindled to zero. A little is being fed, and other is being moved to stack lots. Swathing in earnest will begin as soon as we get a frost.

Milo's foundation seed plots are still being nibbled on by the tiny specialty machines. These patches are nearly cut out. Cedar Hill Elevator has been open for several days, and commercial patches are rapidly being cut out. Soybeans have dropped virtually all

their leaves. Sun and air can now move freely through the plants to cause a speedy drying.

VEGETABLES:

There are still plenty of canning tomatoes for sale, cooler weather has practically eliminated the choice slicers.

Wheat sowing has been completed except some optional acres which could go in behind cotton if the growers decide to plant the maximum allowed.

PEOPLE:

Church services were well attended Sunday with the Rev. Jude and Marie Strickland from Amarillo officiating again. Eula Mae Fortenberry Wilson from Floydada was a visitor.

Traca Lemons entertained Valley schoolmates, Stephanie Farley, Chastity Price and Kacey Fuston Friday and Saturday of last week.

Thursday visitors in the Junior and Martha Taylor home were Mr. and Mrs. Scott Wesley from Abernathy. They made the trip to show off their new son, Justin, their first born. Scott is Agnes Wesley's grandson and Junior's grand nephew.

Gladys Fortenberry and Azalene Beauchamp visited with Elwauna Taylor and Mattie Taylor Davis in Lockney Friday.

Patsy and Lafitte Boone visited with Gladys and Azalene Beauchamp Saturday. The sound of a mower was heard on the Fortenberry lawn.

Edna Gilly and her mother, Ruth Clark, worked some more on the underpinning of their Mackenzie cabin last Friday. They spent the night there.

Friday, Oct. 7, Phyllis Harris returned home from attending the graduation of her son, Todd Hodges, from the naval training station in San Diego, CA.

A letter from Joseph Morton, newly moved to Conroe, to the Phil Lemons family shows they still think of us occasionally. Joseph apparently got his pen and paper in hand then couldn't think of anything to write.

Saturday and Sunday, October 14 and 15, between 1:00 and dark is the time Bud Taylor will entertain fellow trapshooters at his pigeon tosser on Hwy. 97, 4-1/2 miles east of Hwy. 207.

TRANQUILITY TO TRAGEDY
It was a beautiful morning at Cedar Hill, last October 9, as church goes

departed Sunday school and worship services at the Assembly of God Church. Yes, it was one of those rare, windless, fall days with just a touch of underlying coolness, although brilliant sunshine foretold that there would be a welcome warmth later in the afternoon.

Cephus and Imogene Fortenberry had invited Rev. Jude and Marie Strickland, Gladys Fortenberry and her houseguest, Azalene Beauchamp and Eula Mae Wilson to be their guests for the afternoon. All present had experienced at least 35 years of Cedar Hill history, so much reminiscing and recounting the highlights of the past ensued. Then Mrs. Beauchamp, who is an excellent story teller, began relating hilarious incidents she and her husband experienced during their years in the ministry, and soon she had her listeners howling with laughter.

It was during this period of mirth and joviality that the telephone rang ominously. Somehow there was a feeling of foreboding as the receiver was lifted, then the sharp exclamation, "Oh no!" broke the spell of mellowness and sent a chill of apprehension through all who were present.

Out on a ranch near Dumont, where Johnny Harris and his wife were entertaining his children, resident son Terry, and visiting daughter Mychelle, from Floydada, the day was every whit as pretty as it was at Cedar. Of course there was more of that smoky blue haze we always see in those areas where hills and trees are more prevalent, but it was a perfect day for the children to do some horseback riding, especially since Mychelle would have to be back in her Floydada classroom Monday morning.

Around 3:00, the horse, bridled and

saddled and with Mychelle in the seat, seemed a little too feisty and unruly to suit Johnny. He thought that a few minutes with a more experienced rider in the saddle and the horse would settle down and be as safe for the young ones as he had been in the past. With that in mind Johnny asked Mychelle to get down, and he, himself, mounted the saddle. Johnny may or may not have put his heels to the horse's sides, but the horse reared and the saddle shifted position. Johnny either fell or was thrown to the ground.

One of the children relates how Johnny fell beneath the horse's feet and was tromped, while the other thinks he fell to the ground and was kicked by the excited animal. Regardless, Johnny sustained a massive head injury and death was instantaneous. The saddle was hanging beneath the horse when finally removed.

Mychelle showed a lot of mettle and self-discipline in that she was the one with enough stamina and control to man the telephone and make all the out-calls for help. Keep a firm grip Mychelle and Terry!

To bemoan the past is to becloud the future.

VA questions

EDITOR'S NOTE: Following are representative questions answered daily by VA counselors. Full information is available at any VA office.

Q — If I encounter legal difficulties while purchasing a home using my GI home loan, will the VA provide or pay for any legal assistance I may need?

A — No. The Veterans Administration does not provide legal assistance or advice; nor can the agency pay for any legal assistance a veteran obtains to deal with troubles encountered in the purchase or construction of a home.

Q — I heard that Congress passed a law authorizing special life insurance dividends for World War II veterans. I understand that veterans are entitled to this dividend even if they haven't kept their policies in force. Is this true?

A — No. The VA does not pay dividends on lapsed insurance policies. An insurance hoax that has plagued the VA since 1948 is refuted every few years by a distribution of "applications" that claim that Congress has authorized the dividends. There has been no such action nor is there any pending. Annual dividends on current GI insurance policies are paid by the VA to veterans who continue to pay premiums. Dividend payments are made automatically, usually on the anniversary date of the policy, and no application is needed.

Happy 30th Carlen!

VOTERS OF THE 110th JUDICIAL DISTRICT:

I have been made aware that Mrs. Becky McPherson is seeking the office of District Attorney of your District.

Mrs. McPherson came to Hale County in January of 1985 as an Assistant District Attorney. Over the last few years I have had many, many chances to see this lady operate in the courtroom. She is very strong on law and order. She is a very intelligent attorney, a natural - born prosecutor, and would be an asset to your district.

Although it saddens me deeply to see Becky leave this county, you could not find a better District Attorney.

Sincerely yours,
Sheriff Charles Tue
Hale County, Texas

Elect a Respected, Experienced Prosecutor for the 110th Judicial District
Becky Bybee McPherson for District Attorney
