The Lamplighter

By Ken Towery

It's once more into the breach, dear friends and gentle readers.

It's time to decide who will lead our nation for the next few years, who will "protect and defend" our constitution, who will "faithfully execute" our laws, who will best protect and defend our national security, who will propose what in the way of taxes and spending.

As far as the choice for President is concerned, the decision is relatively easy. In our view the nation, and this state, would be far better off with the election of George Bush of Texas, rather than Michael Dukakis of Massachusetts. In terms of what is important to the future of people in this part of the country, there is no doubt we would be better served with Bush.

In the race for United States Senate, we admit to several months of quandry. We wanted Beau Boulter to stay where he was, as our congressman, where he had gained a reputation as a hardworking Representative of our District. We also wanted Mr. Bentsen to stay where he was, as senior senator and chairman of the important Finance Committee. Both chose otherwise, as is their right. But during the course of this campaign Mr. Bentsen has given every indication that he has adjusted his thinking to that of Mr. Dukakis, defending the Massachusetts governor's record on gun control, capitol punishment, abortion, and a host of other issues. There is no indication that he has attempted to change Mr. Dukakis' position on any of these issues. This leads us to question his own commitment to previously held positions. So, for good or ill, we will vote for Mr. Boulter. At least in Boulter we believe we are a little closer to "what you see is what you get."

This time the election for positions on the Texas Supreme Court loom exceedingly large. We hope our readers pay particular attention to the races, especially the first four on the ballot. The scandals that have rocked the court in recent years ought to remain in the voter's mind, and now is the time to do something about it. Tom Phillips, Republican, ought to be elected. Ted Z. Robertson, Democrat, ought to be defeated. Paul Murphy, Republican, ought to be elected. Lloyd Doggett, his Democratic opponent, ought to be defeated. Nathan Hecht, Republican, ought to be elected. His Democratic opponent, Bill Kilgarlin, ought to be defeated. Raul A. Gonzalez, the Democratic incumbent, ought to be elected. His Republican opponent, Charles Ben Howell, ought to be defeated. In the race between Barbara Culver, Republican, and Jack Hightower, Democrat, we make no recommendations. We believe the people would be well served with the election of either.

Macha is for 'patrol' not 'parole'

A dropped "t" in the word "patrol" caused red faces in this office last week, as well as in the office of a candidate for sheriff of Floyd County. During his presentation to a candidate's forum held in Lockney on October 18, candidate Ray Macha said he believed "we need more coverage of the county, we need more patrol. We need to place more responsibility in our jailers that we hire. We don't need as many people down at the jail during the day as we have at present..." During the process of production, the "t" was dropped, changing the word to "parole", rather than "patrol." Mr. Macha stated to The Hesperian that with a few exceptions he is not in favor of parole or early release. We regret the error on our part and apologize to Mr. Macha and his supporters.

Four candidates in county races profiled

FRED CARDINAL

Floydada resident, Fred Cardinal is seeking re-election as Sheriff of Floyd County, running as the Democratic candidate.

Cardinal was born and raised in Floyd County and graduated from Floydada High School in 1937. In 1941, he married Bert Lone Smith.

Cardinal was a brakeman for Santa Fe Railroad before joining the Marine Corps in 1942. During WWII he served in the South Pacific for 27 months before coming back to work for Santa Fe until 1947. He then started farming, which he continued until 1983.

He was a deputy sheriff for six years and appointed Sheriff on December 1, 1976. He has served as Sheriff since that time. He is a member of the First United Methodist Church in Floydada and belongs to civic clubs in Floydada. He is also a member of the Masonic Lodge in Floydada.

The Cardinals have one son, Louis Reid Cardinal, born in 1951.

RAY MACHA

Ray Macha, also a Floydada resident, is seeking the position as Sheriff of Floyd County. Macha, 36, formerly served with the Floydada Police Department, where he attained the rank of sergeant. He resigned from the police force to devote full time to his farming

operation.

A self-employed farmer for the past 10 years, Macha is presently employed with Lockney Police Department on a part-time basis. His wife of 15 years, Judy Macha helps her husband as a partner in the farming operation.

Born Dec. 1, 1951 in Lubbock county, Macha was graduated from Plainview High School and attended Amarillo Junior College, where he earned an Associate of Arts Degree in Law Enforcement while working as campus security. He also attended Wayland Baptist College, majoring in law enforcement.

Macha holds Basic, Intermediate and Advance Law Enforcement certification from the State of Texas. He has over 2,000 hours of police training and has served as a police firearms instructor.

BECKY BYBEE McPHERSON

Becky Bybee McPherson of Lockney is seeking the write-in candidacy position of district attorney for Briscoe, Dickens, Floyd and Motley counties which comprise the 110th District.

The former Becky Bybee was born and raised in Floyd County. She presently serves as assistant district attorney for Hale and Swisher counties. She is married to Steve McPherson and they have two sons, Matt and J.W.

McPherson received her undergraduate degree from West Texas State University. She entered private practice in Kaufman County, after she was awarded her Doctor of Jurisprudence from Texas Tech Law School.

In January of 1985 she became the felony assistant district attorney for Hale and Swisher counties.

McPherson has successfully prosecuted numerous felonies, such as: theft, burglary, aggravated assault, sexual assault, aggravated sexual assault, injury to a child, murder and capital murder in which the defendant received the death penalty. She has also prosecuted hot checks, juveniles and Department of Human Services cases. She has also taught law enforcement classes and

conducted training seminars for the Hale County Sheriff's office.

TOM WEST

Tom West, currently serving as county attorney in Briscoe County is also seeking the write-in candidacy of the 110th Judicial District, district attorney.

West is involved in farming and ranching interests in Briscoe County. He is a native of Lubbock and a 1967 graduate of Texas Tech University graduate. He received his law degree from Baylor University in 1969. He has been in private practice of law in Lubbock and Silverton since that time. He became Briscoe County attorney in 1987.

He has two children, a son, Greg, 17, and a daughter, Catherine, 13.

West has been admitted to practice law in U.S. District Court in the North-east District of Texas and is a member of

the State Bar of Texas, the American College of Legal Medicine, the Texas Trial Lawyers Association as well as the Texas Criminal Lawyers Association, and the National Sheriff's Association.

West has served as a deacon in the First Presbyterian Church and is a member of the Texas District and County Attorneys Association's legislative committee.

"Kids in Distress" set for parents of kids of all ages

Floydada Independent School District is sponsoring a parents' night program for all interested parents and others entitled "Kids in Distress." The night program for parents of all aged children will be at 7 p.m. November 10 in the Floydada High School auditorium.

Dr. Elaine Eassa, Ph.D from Lubbock will discuss problems facing children and adolescents in today's world. Emphasis of the presentation will be to give parents special insights for detecting and handling the distress signals for all aged children.

Dr. Eassa is Director for Children and Adolescent Treatment at Charter Plains Hospital.

The program is free for all desiring to attend.

Punkin Day activities highly complimented

"People have been calling me all day long complimenting us on the Punkin Day festivities," said Chamber Manager Nettie Ruth Whittle. These sentiments seem to echo those who attended the festivities Friday and Saturday.

Downtown Floydada was certainly the place to be. The pep rally, Friday, started the events appropriately with cheers and high spirits, followed by lots of laughs at the costume contest and victory on the football field.

The weather forecast unfortunately scared off many of the travel trailer rigs expected to be at the city park on Friday. They should have known better because as usual West Texas weather never does what you expect. For those who came and braved the early morning wind and cold, the day turned beautiful. "It was the power of positive thinking that brought out the pretty weather," said Whittle.

Comments heard throughout the day praised the events with thoughts like: "I'm for anything that gets us away from the T.V. during the day"; "There is no place like a small town for getting involved with everyone and having a good time like this"; "It's nice to know I can let my children loose on the square to have a good time, and I know they won't get into trouble or get snatched up"; "Floydada certainly needed a boost and Punkin Day did it."

The high spirits continued throughout the day Saturday when a large and enthusiastic crowd gathered to shop and laugh at each other. The pumpkin drawing for the little ones and the carving contest for the older ones proved there were more talented artists in Floyd County than anyone was aware of. The judging was very difficult and a chamber director was overheard saying, "I wish we had a ribbon for everybody."

The pumpkin race definitely weeded out the strong from the weak. If laughing didn't tire you up, pushing that pumpkin

did. Every variation ever imagined was used to try and get the pumpkin across the finish line first. Some people tried several variations down to the finish line. Whatever way was used the race delighted all ages and was put down as a definite part of the entertainment next year.

The food available was in great demand and several people were overheard commenting that they wish they had gotten to be pumpkin pie judges. The judges graciously left some pie which was sold by the slice to drooling onlookers.

The painted and carved pumpkins were creative and original and again the judges were in a dilemma narrowing them down to three winners.

Thanks go out from the Chamber to all the judges who participated and those who freely donated their time to help out: pumpkin growers, Floydada's Webelos, varsity cheerleaders and of course the Khiva Klowns. Orange ball-

Prisoner escapes from Floyd County Jail Tuesday afternoon

Domingo Robledo, 18, of Ralls, who had been arrested for the Oct. 3 burglary of Andrews Elementary escaped from the Floyd County Jail at approximately 12:30 p.m. November 1.

According to Sheriff Fred Cardinal, "A trustee saw Robledo run out the back door."

Robledo was able to escape because the "jail cell door had been left open," said Cardinal.

No other information was available at press time, and Cardinal stated that they did have a few leads as to Robledo's whereabouts.

FLOYD COUNTY ASCS WINS OUTSTANDING SERVICE AWARD-The Floyd County ASCS office was named the best ASCS office in the state of Texas at an awards ceremony held in Corpus Christi recently. Police caution of possible poisons set out for animals around town

Police are cautioning citizens of possible poison being left out for animals. "We have had three separate incidents of animals being poisoned," said Police Chief James Hale.

"Two of the dogs were running loose but close to home and one of the dogs was in a fenced enclosure."

The fear of poison is that children will get into the poison. "Everyone needs to be extra careful. If anyone sees anything suspicious, please call. We would rather answer 100 false calls than one real call when a child has taken poison."

Chief Hale stated that the Halloween weekend and evening was very quiet. "I want to thank everyone for their careful driving and safe trick or treating. It was nice to see kids having fun and not being

destructive. Everybody appreciated it, not just the police department."

Police reports during the week were minimal and included an assault between two juveniles on Aug. 28 and criminal mischief at the Farm Labor Housing on Oct. 31. Hale stated, "Three mercury vapor lights were broken and one apartment was entered at the labor housing."

On the 31st, someone reported to police that they had left their keys at the post office and when they returned they were gone.

On Oct. 27 an accident at the 100 block of North Wall and Missouri, involving an '88 blue GMC pickup and an '88 Pontiac four-door sedan, was reported. The pickup was backing from a

curb on East Missouri and did not see the sedan. There were no injuries.

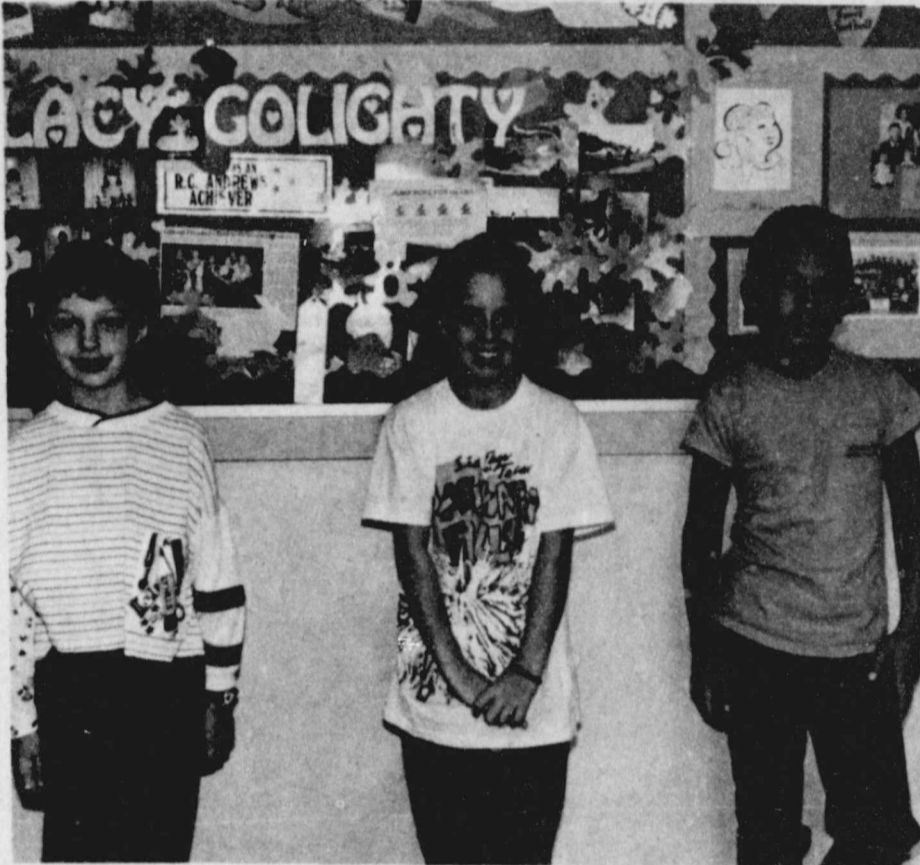

On Nov. 1, in the 300 block of West Georgia, an '81 Mercury Capri was parked and unattended. When the owner returned it was discovered that someone had backed into the Mercury and left the scene. There was minor damage to the Capri.

Annual bazaar slated Saturday at 1st Methodist

With the holiday season fast approaching, and harvest well underway, Floydada's First United Methodist Church will hold its annual Harvest Bazaar this Saturday, Nov. 5. This event is designed to raise funds for church projects and to provide fun, fellowship, and food for Methodists and their friends and neighbors. The "Country Store" will open at 10:00 for sales of arts and crafts, pies, cakes and other baked items, and handmade Christmas gifts. Included this year is a special Children's Room where no parents are allowed. Kids can shop for mom and dad and have their gifts wrapped while they eat.

At 1:00 p.m. a beautiful king/queen quilt will be auctioned to the highest bidder. The "Log Cabin" pattern is executed in soft tones of mauve, rose and blues. This year's special quilt was lovingly made by many women of the church to the honor and glory of God and in grateful memory of Emma Lou Whitaker.

The traditional turkey dinner will be served in the fellowship hall from 11:30 til 1:00. Many church families will share in the preparation of the turkeys, candied sweet potatoes, seasoned green beans, jellied cranberry sauce, hot yeast rolls, and pecan and pumpkin pies. This year a separate line will be set up for take-out meals starting at 11:00. Delivery may also be arranged by calling 983-3706 before 5:00 p.m. Friday. Turkey dinner tickets are priced at \$2.00 children under 12, and \$5.00 for adults. Bring your families and come "Feast and Fellowship" with your Methodist friends and neighbors.

**VOTE
November 8
Elect
RAY MACHA
Sheriff of
Floyd County**

On October 18th, in Lockney at a "Meet the Candidate" political forum, sheriff Fred Cardinal admitted that he had allowed jail prisoners to answer the telephone, operate police radio, and teletype. He further stated he did not know if it was an illegal practice or not, (after 12 years as sheriff?), but he had called the Texas Department of Corrections about allowing jail inmates to perform such duties. He stated that he was told, "Who do you think answers them here?". A call to the data office at Huntsville contacted Darlene Williams, and she stated, "No way. We do not allow prisoners to have access to the teletype or radios. If someone told your sheriff that, I would like to know who it was."

A call to the Crime Information Bureau in Austin where a David Gavin was contacted revealed this information: Mr. Gavin stated that National Crime Information Center policy Part 10 Sec. 2 - VII Letter C.#2 states that, "The agencies having terminals with access to criminal histories must have operators screened and restrict access to the terminals to a minimum number of authorized employees." He further stated that he had never heard of prisoners being used in such a capacity. Common sense should dictate that no unqualified person, much less a jail inmate, should be allowed to operate in such a critical position. Any rookie police officer will tell you that a police dispatcher is the first and most vital link between a crime victim and the police officer. A well trained dispatcher will get the pertinent information the officer needs to properly respond. The right information and response can save a life or capture a criminal. A lack of good information can have disastrous consequences.

We cannot have burglars, drug dealers, etc. compromising the safety of our citizens and police officers by being allowed to be anywhere in a position to take and dispatch emergency calls. To trust criminals with access to information about who has gone on vacation or to trust them with confidential crime line calls is outrageous. Let me give you just one of many documented examples: A citizen of Floydada tried to contact Chief James Hale to relay information about a possible drug deal taking place near the high school. The "dispatcher" he spoke to stated he would not relay the message to Chief James Hale until he got the callers name, address and phone number, etc. So he finally gave this information, but no police showed to apprehend the criminals. When Chief Hale was contacted later by this person as to why no one showed up, he discovered that Chief Hale had not received the message. A person convicted and serving time for drug charges was the "dispatcher" who took the call and failed to contact any law enforcement official. This is just one of the sheriffs policies that is hampering law enforcement in Floyd County. Perhaps now some of you can now see why many police officers and citizens have criticized some of Sheriff Fred Cardinal's policies.

This November 8th the citizens of Floyd County can put an end to such policies, by voting for Ray Macha for Sheriff. He will make the necessary changes that will benefit everyone but the criminal.

oons, blown up by Webelos, were seen everywhere, sailing through the sky and tied to the arms of excited children. Chamber directors are already being approached about ideas for next year's festival. "It will be even bigger and better next year," said Whittle. If you missed the masquerade dance Saturday then you missed the dancing event of the year. Costumes ranged from the beautiful and elegant military and debutante dress of Monte and Kellie Williams to the outrageous pregnant lady Eric Cornelius. Larry Ogden kept everyone guessing in his gorilla suit until he could take it no more and took off his head for air. The music, performed by Slow Motion Band, was perfect for the occasion and appreciated by the crowd.

The theme of "Punkin Days" has always been that of promoting Floydada and sharing a good time with your neighbors (those you know, and those you need to meet). The publicity received for Floydada before and after was positive and the visitors in town left excited and with a warm feeling toward Floydada and its citizens. But most importantly the citizens of Floydada who already thought a lot of their neighbors went home loving them a little more.

In the race for U.S. House, to fill the spot being vacated by Beau Boulter, we believe Larry Milner would do us a better job than Bill Sarpalus.

In the race for State Board of Education, we much prefer Monte Hasie to Paul Dunn.

In the race for State Senate, we believe Bobby Albert is the better choice. Steve Carriker has run a well-funded, active campaign. But his support has come largely from special interest groups, primarily the "plaintiff's lawyers" of the state. His election would increase their power over the Texas Legislature and hamper efforts to make needed changes in workmen's compensation laws, as well as the critical need to reform "tort" laws in this state. Lubbock artist displays art at bank in November

The First National Bank of Floydada is proud to announce the exhibition of works by Thomas L. Thomson, a Lubbock artist, during the month of November.

Thomson works in acrylics on canvas in a style usually referred to as primitive or naive. He says this label is given to those who "disregard the conventional rules of illusion and embrace a sort of childlike vision. In these paintings proportion is distorted and space is compressed in favor of balance, rhythm and color harmony, giving the paintings a magical quality."

Thomson says he views each of us as links in an unbroken chain of life. "My theme is the interconnectedness we all share with one another and all living things."

Born in Oklahoma in 1944, Thomson received a Bachelor of Fine Arts degree from Oklahoma State University and a Master of Fine Arts degree from the University of Oklahoma. He then worked as a commercial artist for nine years. He has been a fulltime artist since 1982, exhibiting in many major shows in the Southwest.

Thomson and his wife Susan make their home in Lubbock where they have lived since 1977.

Everyone is invited to come by the bank during regular business hours and see this talented artist's work.

Courtroom Activities

In county court on October 31, Jacobo Silvas, 28, of Hale County, pled guilty to DWI. He was fined \$450.00 and sentenced to 180 days in jail which was probated for two years. He was also ordered to pay court costs of \$90.50.

In J.P. court on October 25-Nov. 1, there were 58 misdemeanor cases filed.

--Letters to The Editor--

Dear Editor:

With the election only five days away, and each of the candidates eager to take over the new administration in 1989, we, the voters, must come to some decisions about which one we feel could lead this troubled nation back to its "sanity." Whether Democrat or Republican, we best look at the man, ideologies, his leadership, character, responsibility, integrity and patriotism, rather than his commitment to a "party."

A few of the issues are ones that it seems incredible that we, as Americans, a supposedly God fearing nation, would ever have to deal with, but we, as christians and conservatives have set on "laurels" for about fifteen years too long with apathy, and now the "special interest" groups have gotten key people in key positions, ready to tear the family apart, take "God" out of every thing, even intimidating people who say the "Pledge to the Flag," with the one hand, killing 22 million babies and on the other hand, acting concerned and appalled over abused children!

Abortion is a big issue. America cannot continue on this road of brutally killing unborn babies. Even Hitler only killed 12 million people! We have surpassed that monster!

Bush favors adoption — Dukakis is pro-abortion.

Pornography is something else that has created more crime and planted sadistic thoughts in children and adults minds. The Attorney Generals Commission on Pornography with their 82 volumes of research data, indicated that the obscene materials that are prevalent in our society are incredibly harmful to users. The underworld is fueled (8 billion untaxed dollars annually) by sales of this material. Consequently, drugs, prostitution and crime syndicates are knit together by the pornography industry.

Bush is for getting pornography out, by the Child Protection and Obscenity Enforcement Act.

Dukakis, when interviewed by the Los Angeles Times, did not support the Commission's recommendations and further, would not pursue the enforcement of existing anti-obscenity laws. (As a card-carrying (boastfully) ACLU member, he has to be for all pornography, after all, the A.C.L.U. is partially financed by Playboy!)

There are many who do not realize what the A.C.L.U. is and represents. The A.C.L.U. (American Civil Liberties Union) has 250,000 plus members (and growing rapidly). It was founded in 1920 by ex-convict and communist Roger Baldwin. The A.C.L.U. provides free legal help to groups and individuals who advocate normalization of homosexuality, legalized abortion, homosexual and lesbian marriages, child rights,

and the removal of any expressions of religious faith in public life. Their clients have included Nazis, atheists (Madelyn O'Hare), communists, pornographers and the PLO terrorists groups!

Mr. Baldwin, the for-left Massachusetts liberal wrote, "I seek the social ownership of property, the abolition of the propertied class, and sole control of those who produce wealth, communism is the goal."

Can Americans actually vote for a man who believes and supports and promotes this doctrine? Do we want a pro-communist president? We already have many Congressmen who are self avowed communists (all liberals)!

Bush wants to give the poor, single parent a tax credit in lieu of the federal government getting into the baby-sitting business.

Dukakis wants to spend untold billions on the child care programs. As if our government hasn't got enough of their "paws" into our private lives! They now want to raise our children and church day cares could participate if they will cover pictures of Jesus Christ on the cross, and not pray before meals. What a discrimination against our religious beliefs!

Aids has become a "political" disease! One would have thought Jesse Jackson was proud of the fact that he had homosexuals with Aids at the Democratic convention. I thought for awhile, he was going to reward them with blue ribbons or gold medals.

All Americans' civil rights are to be protected under the Constitutions, not any particular group should have special statutory right, especially at the risk of the general public's health.

Last April, I attended an Aids education class for the Floydada Junior High students. The man from the Health Dept. in Lubbock, said, "Aids is not a moral issue, that is a myth!" Well, my feelings are the opposite. If immorality caused the willful disease, (few exceptions) why isn't it a moral issue?! If one had hepatitis or T.B., the Health Dept. would quarantine them!

Bush wants capital punishment for drug dealers. Dukakis believes in prison furloughs for murderers and rapists and drug dealers. (Massachusetts now has one of the most restrictive and punitive gun registration and owner-licensing laws in America. Any violation subjects a person to a mandatory one year in jail!) Yet Dukakis turns the criminal loose! Can you fathom the crime, killers and vice turned loose on us (the unarmed citizen) if this man gets President? I think it was Will Rogers who said, "when Congress is in session, no citizen is safe." Maybe we ought to insert "when Dukakis is in session, no citizen would be safe!"

God believed in capital punishment! He destroyed whole cities because of them sacrificing their children, worshipping idols, committing homosexuality (reduced Sodom and Gomorah to a heap of ashes because of this - can America continue to remain silent on this terrible sin?)

Bush acknowledges that he believes in God.

Dukakis has never mentioned his dependency on God or a Higher Power. Political historians tell us that no major presidential candidate in memory has made such a blatant omission.

As if it isn't bad enough that Dukakis has "proudly" been a member of the ACLU since his college days, his wife also belongs to the "Peace Links," another communist "front" and she also favors legalizing drugs. (Conservative Digest - August, 1988).

On Foreign Policy, in the Los Angeles Times, Feb. 18, 1988, it stated that Mike Dukakis has not had a single days experience in foreign policy.

On State Spending — Gov. Dukakis has converted a \$1 billion surplus in fiscal 1986 to \$300 million deficit in fiscal 1988 and another \$200 million for fiscal 1989, forcing a major tax increase in Mass. (Washington Times, June 6, 1988).

Dukakis has created more debt for the Bay State than all his predecessors as governor combined. State spending under Dukakis has been growing at almost four times the rate of federal spending under Reagan. (Human Events, Aug. 20, 1988)

Terrorism — In the past, according to the Wall Street Journal, Dukakis has condemned as illegal the bombing of Libya, the liberation of Grenada, and even the capture of the Achille Lauro terrorists. (Human Events - July 2, 1988). Remember, he believes in "rehabilitating" these manics!

The liberal news media have done a "snow" job on Americans - What a "cover-up!"

Americans must get these liberals out of Washington if we are to preserve the heritage and continue to enjoy our freedoms in this nation. Whether Democrat or Republican, let's be dedicated to vote: principles over political party.

Sincerely,
Joyce Lipham

Dear Editor:

We have a need per family history that you may be able to help us with, if you would run a query in your paper in search of descendants of the late James J. Hammack who married Amanda Magee in Cooke Co., Gainesville, TX in 1869. They moved from N. Texas to Floydada. They were in Montague County in 1874. This union had a daughter and maybe more children. We would like to be in touch with any descendant or with any one who may remember about this family.

Can you tell me if the county has published a county history? If there is a history, I would like to know how I may obtain information from it.

I truly will appreciate your attention of my concern.

Sincerely,
Veda Magee

Apple 'N Spice Pizza Cookie

This cookie of the 80's is made with the old-fashioned ingredients that never go out of style. White sugar blends with brown sugar into a pure sweet taste that gives this cookie a classic flavor. A wholesome touch is added with apples, oats and pecans.

Apple 'N Spice Pizza Cookie

- 3/4 cup (1 1/2 sticks) butter, softened
- 3/4 cup granulated sugar
- 1/2 cup firmly packed brown sugar
- 1 egg
- 1 teaspoon vanilla extract
- 1 1/2 cups unsifted all-purpose flour
- 1 1/2 teaspoons ground cinnamon
- 3/4 teaspoon baking soda
- 3/4 teaspoon salt
- 1 cup shredded apple (1 medium)

3/4 cup uncooked oats

Topping

- 1 pkg (6 oz) semi-sweet chocolate chips
- 1 cup chopped pecans
- 1/2 cup sifted confectioners' sugar
- 2 teaspoons milk

Preheat oven to 375°F. Generously grease 14-inch round pizza pan. In large electric mixer bowl, beat butter and sugars until creamy. Beat in egg and vanilla. Add flour, cinnamon, baking soda and salt; beat until batter is smooth. Stir in apple and oats. Spread batter evenly into pizza pan. Bake 20 to 25 minutes or until golden.

Remove from oven. Sprinkle chips onto hot cookie. Let stand 5 minutes until chips soften and look shiny. Spread with a metal spatula to make frosting. Sprinkle nuts on top. Cool

completely.

In small bowl, combine confectioners' sugar and milk; mix until smooth. Drizzle on top of pizza cookie. Yield: a 14-inch cookie.

Apple 'N Spice Drop Cookie

Prepare batter for pizza cookie but stir in chips and nuts. Drop batter by rounded tablespoons, 2 inches apart, onto ungreased baking sheets. Bake in 375° F. oven, 12 minutes or until edges are golden. Let cool on baking sheets 1 minute. Transfer to wire rack. Cool completely. (Omit confectioners' sugar drizzle.) Yield: 2 dozen jumbo cookies.

Fred A. Cardinal
SHERIFF, FLOYD COUNTY
FLOYDADA, TEXAS

To the Voters of Floyd County:

It has taken every ounce of self-restraint within me to keep true to the campaign promise I made when I announced my bid for re-election last February—that of conducting a clean race, free of mud-slinging.

As I sit here in my mud-covered office, the temptation to break this promise and respond in a like fashion is very great. The obviously coordinated attacks conducted on my opponent's behalf by the city police departments of Floydada and Lockney have been based on grossly distorted half-truths if not outright prevarications.

Many of my friends have encouraged me to "take the high road" and not dignify these slanders with a response, while many others have insisted that I should counter each charge point by point. After much soul-searching, I have concluded that in a county the size of ours, facts have a way of becoming known as they actually are—not just as someone might like to misinterpret them. I choose to put my faith and trust in an informed electorate who will have sense enough to "smell the garbage" without any assistance from me.

I don't feel compelled to defend my character because too many of you already know it first hand. My interests have always been for the betterment of Floyd County, as so many of you have seen through working with me on countless community projects and civic organizations through the years.

I have committed eighteen years of my life to law enforcement in Floyd County. During such a period of service, situations invariably arise that don't fit rulebooks or proscribed procedures, when budgets don't allow you to do what should be done, when state agencies are incapable of providing adequate back-up. Nonetheless I proudly stand behind all the decisions I've made and the actions I've taken while serving as a deputy and as your sheriff.

All I ask is that you look beyond the allegations that have been issued so freely—and perhaps ask what those involved individuals hope to gain. My desire is to serve you four more years as Sheriff of Floyd County—to continue directing fair, equal and impartial enforcement of all laws. I appreciate all the words of encouragement and support you have given me, and, one more time, I ask for your vote.

Re-elect a **Good, Honest Sheriff.**

Senior Citizens News

By Thelma Jones

The senior citizens offer their deepest sympathy to the families of Mable Price, Dessie Turner, Ara Keim and Mrs. Sammy Hale.

Mr. Tom Warren of Fort Worth spent several days here last week visiting his brothers, Bud and Dorsey Warren and other relatives. He also visited his sister, Mrs. Irene Britton in Crosbyton.

Sybil Gaylor of Lubbock and Clyde Smith of Deming, New Mexico, visited Ruby Davis last week. Ruby went home with her brother and spent a week.

They have moved Fay Hart out to the rest home here last Saturday from the hospital in Lubbock.

Clara Martin of Hale Center visited over here last week with relatives.

Remember the regular covered dish luncheon will be Nov. 17. Come and be with us.

Myria Dade is home from the hospital and doing very well at this time.

James Hartline of Levelland spent Thursday with his mother and attended the funeral of Mrs. Mable Price.

Elizabeth Armstrong spent Sunday night with her sister, Margaret Rogers and also visited Virginia Snell. Alma Dunn accompanied her and spent the night with her daughter. She went to see her doctor and got a good report.

Jo Crabtree Moore of Alabama is here visiting her mother, Mrs. Kate Crabtree and other relatives.

Valree Turner spent Sunday afternoon in Lubbock with her daughter, Mrs. Audene Irwin. Valree's grandson was there also. He had just returned from Germany. He is out of service.

Mrs. Cora Hartline spent the weekend with her son, James Hartline and family in Levelland.

Dan and Barbara Glover of Dallas spent the weekend with Mr. and Mrs. B Hatley.

Mr. and Mrs. Pat Bullock spent the weekend in Panhandle with their daughter.

Mr. and Mrs. Grady Freeman visited their daughter in Lubbock one day last week.

BADGETTS CELEBRATE 50TH—Preston (Peck) Badgett and Frances Probasco were married in Clovis, New Mexico, Nov. 6, 1938. They have lived in Floydada most of their married life. After serving in the Navy, Badgett was in the radiator business for thirty years. He is the son of the late Ray and Florie Badgett and Frances is the daughter of Burmah Probasco and the late Zell Probasco. The couple enjoyed an early celebration during the "Floydada Homecoming" in Sept. while their son Mike and wife Phyllis were visiting from Chadds Ford, Pennsylvania, and their daughter Anna and husband Charles Busick from Cloudford, New Mexico. They have three grandsons Kevin and Kyle Badgett, Clint Morris and one granddaughter Terri Morris.

Scott hosts Show and Tell

Harmony Extension Homemakers Club met Monday, Oct. 24, in the community center with Ruth Scott as hostess.

Vivian Curtis, president, presided. The hostess read "Spiritual Vitamins" for opening exercise.

Juanita Pool, secretary-treasurer, stated that most of the pecans have been sold.

Plans were made for the club Christmas party and council Christmas party. Council party was set in the October council meeting for December 9. Harmony's was set for December 12.

Juanita Pool had charge of the program that was a "Show and Tell." Each member brought articles they had made or been given, each in turn showed their gifts and told about them. Many useful and beautiful things were displayed.

Maye Williams was in charge of recreation, a game of scrambled words pertaining to Halloween.

The hostess served refreshments to Maye Williams, Imelda Murry, Juanita Pool, Vivian Curtis and Blanche Williams.

Floydada Rebekah Lodge holds regular meeting

By Artie Webb

On Tuesday night, October 25, Floydada Rebekah Lodge met for their regular meeting.

Lodge opened and the sick and distressed were reported.

The death of Mabel Price, a Rebekah sister of the lodge, was reported. Also Fay Hart was better and had been moved to Floydada Nursing Home.

A letter was read from Clareen Borron, our District Deputy President from Plainview Rebekah Lodge, said she would be at Floydada Rebekah Lodge on Nov. 1 for a district school.

After a short business session, lodge closed for a snack supper. Sandwiches, dips, chips, fruit salad, cake, coffee and lemonade was served.

Bob Gilliland and sons, Michael and Brandon, with his niece, Karen Gilliland, joined the group for supper.

After the meal, a short program was presented.

Barbara Gilliland presented a game

of "Look and Remember" she gave us 60 seconds to look and then see how many articles we could remember.

Bob Gilliland and Karen Gilliland won first place and received a candy bar as first prize.

Michael and Brandon Gilliland were the runners up, so they also won a candy bar.

Artie Webb gave a short reading on "Thoughts and Guesses."

Everyone enjoyed the meal and the program.

TWO THINGS TEXANS DON'T LIKE ARE BAD HIGHWAYS AND BROKEN PROMISES.

The money we send to Washington every time we fill up our cars comes back to Texas. The government promises that this money will be spent to build, repair and maintain our highways.

Diverting those Federal Highway Trust dollars to some other purpose could devastate our highway system for years to come.

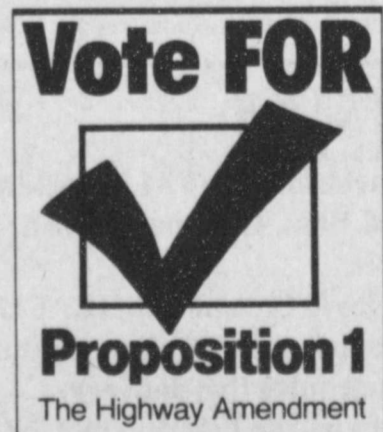

- It would halt vital road construction;
- Cancel needed safety improvement;
- End repairs to roads and bridges.

Texans can stop this threat by voting for Proposition One which makes certain that highway dollars are spent on highways. **Let's keep the promise to Texans.**

On Election Day look at the bottom of your ballot and find Proposition One, the Highway Amendment. Proposition One continues the Texas plan for good jobs, economic growth and safe roads **without raising taxes** and most importantly . . . keeps your family safe.

A lot is riding on the promise of good Texas roads.

Keep highway money for highways and the jobs they create. Proposition One is endorsed by the Texas Highway Commissioners, local and statewide officials of both political parties, and hundreds of civic groups because they know that building good roads keeps Texas moving.

Keep Texas Moving.

Look for Proposition 1 at the bottom of the ballot

WEATHER:
Daytime high temperatures continue their seasonal declines with this week's high at 75. Nighttime lows have stabilized in the low 40's with the seasonal low of 38 having been established approximately 30 days ago and equaled again the night of Monday, Oct. 31. Fog and intermittent drizzle were featured all day Sunday and through the night. Several claps of thunder Monday morning signaled the end of the wet spell and sunshine returned in the afternoon. Net moisture was two tenths.

CROP COMMENTS:
Cotton: Practically every grower has defoliated a percentage of his crop and most of them are actually harvesting. A poll taken Monday indicates that, by the time you read this column, the county will have ginned 10,000 bales of cotton. Lint turn-out on green-stripped cotton has fallen as low as 17 percent. Average turn out is running 22-23 percent with the very best yielding just over 25. Not many grades were back from the classing offices as of Monday, Oct. 31, but those that were back indicated the loan price would range from 39 to 45 cents per pound. The cash market appears dismal; some offerings are as much as five cents per pound below the loan price.

Although some producers have yet to strip their first bale, at least two local fields (J.R. Belt on the Fred Brown place and J.R. Turner on the Breed/Ferrier place) have been completely stripped out, their stalks shredded and the ground plowed.

CRP land with established stands continue to gain pheasant and quail numbers as the better cover crops are harvested. Incidentally, the opening of quail season has produced a minor influx of hunters into the community. The quail hunting reports reporting quail numbers appear to be down a little from a year ago. Hopefully hunters will get their bag limits in the field and will not vent their frustration at the polls next Tuesday when they look at a ballot featuring Quayle.

Hay fields, originally earmarked for swathing soon after frost, have now been cut and are well along into the curing process. Efforts to avoid hay and cotton both being in a critical harvesting stage at the same time has caused growers to move more quickly into the hay.

Milo-soybean situation finds some of the later milo still waiting for a killing frost. All soybeans appear to be in the elevators. Wheat growth has slowed a little but is still gaining well. Some patches, seeded before the last rains, are beginning to show brown spots. Men, who are professional explainers, say the early wheat is getting a little short on moisture and our old fashioned greenbugs are moving in here and there to produce the brown spots.

Vegetable spot on this column has little excuse for being here. The last cucumbers that might have gone to market were plowed up a week ago. Busby's tomatoes and a few supporting items they sell still have customers stopping by. Carl Lemons' published request for help to thin his stand of turnips, on a free basis too, has generated virtually no response. Only two sets of strange footprints have been seen among his turnips, and they are believed to belong to Gladys Fortenberry and Patsy Boone. I am sure they walked out to their mailbox to get the mail, and kinda overshot their target, or their tracks would not have been there.

PEOPLE:
Friday, Oct. 28: The Craig Gilly family attended the annual spook-meet at the South Plains School building. They report you sure don't have to go uptown to have a bang-up good time. His account brought back memories of a

cake walk there in the early 70's; memories of a bewitching fat lady with long red curls by the name of Raymond Up-ton.

Friday, Oct. 28: Cephus and Imogene Fortenberry drove to Bridgeport to visit her brother, Doyle and Edna Love. They spent Saturday night with her sister-in-law, Etta Love. They returned home Sunday afternoon.

Patsy and Lafayette Boone visited Friday afternoon with Gladys Fortenberry. They returned to Plainview Saturday. Jude and Marie Strickland visited Gladys Sunday afternoon.

I picked up a few pointers on the flying of your own front yard flag from Billie Ruth Lackey. Flags are not so very fragile, still you do not go out in a driving rain to raise your flag. The fragility of the flag raiser is considered to be the determining factor in that case. She points out that there is not much to be gained by raising your flag in a dense fog; a thing which I would never have thought of by myself. On a day when a West Texas breeze is really whooping it up, and your bare flag pole is already leaning to the northeast, looking like it had curvature of the spine, perhaps it would be wise not to add a flag to your pole's burden. I'll bet, come this Veteran's Day, Lindsey and Fred Marble will both have their flags flying high. Let's not make a "Mine's taller'n your's!" thing out of it.

Now for that burned out stock trailer over on the elevator yard at Cedar Hill. That undoubtedly was the dumbest thing I ever did! All day Saturday, at the east edge of Lockney, Marvin and I kept loading things into that stock trailer and he kept saying, "All this stuff just as well to be thrown in a canyon!" But you don't throw three full gallons of paint, a gallon of brake fluid, a \$35.00 grass seeder, and a host of other costly things in a canyon. Then, at time to leave, there was this 10 or 15 pound log just beginning to burn that he had put in the trash. Big enough to keep my wood stove going almost all of a cold winter's day. I doused it with water and loaded it right at the trailer's back gate. At Cedar I stopped at Phil's for a word or two, then a bite of food or two, then the rest of the current TV program. Then a knock at the door, a uniformed officer, "We were just passing by, looks like you have a fire out here!"

Just across the trailer, four feet away from that "put out," but still burning log there had been a five gallon plastic jug full of gasoline. Oh, we whipped it down, drug in a 1,000 gallon water trailer with a pressure pump, really played firemen in a big way. Up in the front of the trailer I think there is still three full gallons of paint and a gallon of brake fluid. Undoubtedly the dumbest thing I ever did!

Now we leave the dumbness and go to a person who has been sharp, very sharp for 90 years. Monday morning I called Clara Mize's number and Betty answered. I was glad it was Betty, because if Clara was in pain she wouldn't let you know the half of it. From Betty I think I got the facts. Sunday mornings find Clara in services at her church, a habit she has had for 90 years. Even as I talked to Betty, Clara was planning a dish to take to a funeral dinner at her church that day. Although she had a broken hip not too many months ago, she now goes about the house, even watered the lawn throughout the summer, without the help of a crutch or a cane. She does have a cane, one of those sophisticated contrivances, and it presents a problem when it is time to go somewhere. For appearances sake she feels she must take it along, but where did you put a thing that hasn't been used for days. A little search, the cane is found, and Clara is ready to go.

Now don't we all hope that our own 90 will treat us as well as Clara's 90 has treated her?

Sunday, Oct. 30: Edna Gilly had her brother the Rev. Lucius Hill, from Austin, and her mother Ruthie Clark, of

Plainview, as guests for lunch and the afternoon.

Church reporter's news, Oct. 30: Funeral services for W.M. Clark, Edna Gilly's stepfather, were held Thursday, Oct. 27 at the First Assembly of God Church in Plainview. Mr. Clark passed

away Monday morning, Oct. 24. Today's Sunday school attendance was 25, while 27 were present for worship services. The pastor's message, "Devices of the Devil" was taken from 2 Corinthians 2-11. The 6:00 p.m. subject was "Discover Your Spiritual Gifts." A

special Veteran's Day service is planned for Sunday, Nov. 6. Jude Strickland, a World War II marine will speak on "The Price of Freedom."

We live on momentum, if we stop we are finished!

VA News

A - No. The Veterans Administration does not provide legal assistance or advice; nor can the agency pay for any legal assistance a veteran obtains to deal with troubles encountered in the purchase or construction of a home.

Q - I heard that Congress passed a law authorizing special life insurance dividends for World War II veterans. I understand that veterans are entitled to this dividend even if they haven't kept their policies in force. Is this true?

A - No. The VA does not pay dividends on lapsed insurance policies. An insurance hoax that has plagued the VA since 1948 is refueled every few years by a distribution of "applications" that claim that Congress has authorized the dividends. There has been no such action nor is there any pending. Annual dividends on current GI insurance policies are paid by the VA to veterans who continue to pay premiums. Dividend payments are made automatically, usually on the anniversary date of the policy, and no application is needed.

Q - Is it possible to have closing costs included in the amount of money the Veterans Administration guarantees for a VA home loan?

A - No. Closing costs may not be included in a VA home loan except for the 1 percent funding fee which may be included.

Q - If I encounter legal difficulties while purchasing a home using my GI home loan, will the VA provide or pay any legal assistance I may need?

4-H PECAN SALES—(left-right) Stacy Hinsley, Sharon Smith, and Grant Cage display a sign promoting the 4-H pecans. Floyd County 4-H'ers will be selling a new crop of pecans this year from Irish Acres, for \$4.00 per pound. The 4-H'ers will be selling the pecans November 5-12 in

both Lockney and Floydada. This is a selling contest with prizes for the top salesmen. Money made from the pecan sales will go to support the 4-H projects and activities. Call a 4-H member today to place your order, or call the Extension office at 983-2806. **Staff Photo**

Prices for fall wool clothing up

If you didn't buy fall and winter clothes last year — especially dresses, men's and women's suits or coats — be prepared for "sticker shock" when you begin shopping.

Last fall consumers stayed away from the stores and for the first time in 20 years, annual sales of women's apparel fell, according to U.S. Commerce Department figures. The buying slump has continued through 1988, although retailers hope sales will pick up this season.

Industry sources have blamed the drop in clothing sales both on a rejection of recent clothing styles, such as last season's short skirts, and prices, which rose 7.3% in 1987 and continue to inch up this year.

"The higher prices may encourage consumers to be more conscious of what they're getting for their money, especially in the big ticket fall and winter clothes like wool suits," said Dr. Ann Beard, a clothing and textiles specialist with the Texas Agricultural Extension Service at Texas A&M University.

Although the price of raw wool has doubled in the past year, that's not the only cause for increasing higher wool clothing prices this fall, according to Rita Kourlis, director of wool marketing for the American Wool Council in Denver.

"The cost of the wool is only about 3 percent of the retail price for the finished garment. So in a \$300 suit only about \$10 goes for the wool," she said.

"There's somewhat of a trickle effect, with the cost of wool yarn and fabric increasing as the price for raw

wool goes up," Kourlis said. "However, the labor to produce a garment is by far the greatest expense."

Rising clothing costs may mean consumers hang onto the clothes in their closets for another year, or adopt some different strategies for shopping.

"Consumers have a number of options for making sure they get the most for their investment in clothing," said Beard, who prepares educational materials for Extension consumer courses held throughout the state.

Use should be the first consideration, she said. Paying for high quality fabrics, good construction and classic styling is more important in those clothes you will wear frequently and expect to have for some time, rather than those worn only once in a while.

"Many retailers will feature winter

clothes made with wool blends, rather than 100 percent wool, to keep consumer's costs down. Wool blends have many excellent features, but have less breathability than the pure wool fabrics," she said. "A lighter weight wool or wool blend may also be a better investment since it can be worn for a longer period of time in our Texas climate."

In addition to styling and fabric content, Beard suggests checking for signs of quality construction. "Some manufacturers of clothing in all price ranges may skimp on workmanship, materials or quality inspections to keep prices from rising faster."

"For example, check to see that seams are flat and wide enough to withstand normal stress, buttons or other fasteners are sewn on securely and all openings are smooth and flat," she said.

YOUR VOTE Counts!

To the Voters of Floyd County,

We, the undersigned, have worked for Fred Cardinal for varied periods of time--from ten months to as long as he has been in office, and we can assure you that he runs his office and the jail according to the law. We would all like to attend more schools which would benefit our job performance, but the county budget does not allow money for these. Our jobs have to be "covered". We cannot just call in sick or decide to take off for any reason without notifying someone to take our place-- even when we have an accident as we start to work!

Fred does everything in his power to enforce the law and be fair with every person. The Jail Standards does not allow a lot of things that the people might expect, so we must abide by those rules. We dispatchers and jailers have a great responsibility to the officers in meeting their needs and in doing the job efficiently. Fred is most considerate in trying to see that we have the training, supplies and equipment to do our jobs.

He is very conscientious, concerned about all with whom he comes in contact, highly respected by all of us and most ethical in the execution of his office as Sheriff. We believe he deserves four more years as Sheriff of Floyd County.

South Plains News

By Ruby Lee Higginbotham

Friday, Oct. 28, came in cloudy and very cool after most of the month being short sleeve weather. We know for sure winter is just around the corner, with a variety of weather in store for us.

Saturday evening, around 6 o'clock, the spooks, goblins and all kinds of creatures were stopping by on their way to the gym for the Halloween Carnival. There were clowns a plenty. Among them was also a blond bar maid dressed in a short black circular skirt and fitted bodice, with white lace collar and cuffs. Her apron of white organdy and lace, along with silver pumps and black hose really enhanced the features and figure of - guess who! Then there was this old mountain man, who just happened to drop by after a hard day of hunting. He had only one pheasant tied to his belt, no wonder he seemed a bit unfriendly.

The cute little folk, some in spooky costume, others especially little girls, in their ballerina suits scampering across the floor like little fairies. Every one had

a good time playing games, visiting and enjoying the good Halloween food.

Half of the proceeds from the carnival will be given to Floyd County Child Welfare Department.

South Plains Community Center wishes to thank the following businesses for their donations: Caprock Meat, Pay-n-Save, The Palace, Shop Rite, Script Printing, Kirk and Sons, Hale's Department Store, Thompson Pharmacy and Caprock Motor. They would also like to thank the people of Floydada who drove to South Plains to attend.

In spite of the fog, drizzle and cool weather, Sunday was a good day at South Plains Baptist Church, with 40 in Sunday school, others came for worship service, fellowship and good food at the noon hour.

Oct. 23 the community center of the First National Bank of Slaton was the setting for a bridal shower for Kristi Julian, bride-elect of John Robinson. Colors of burgundy and pink were used

in the centerpiece. Punch and assorted cookies were served. Special guests were; Kristi's mother, Janis Julian, South Plains, and her sister, Mitzi Julian, Fort Collins, Colo.

Hostesses presented Kristi and John a microwave oven.

Mr. and Mrs. Pat Huff and children Dwayne Mardaina of Amarillo visited Mrs. Huff's (Geneva's) parents, Mr. and Mrs. Harold Hamm from Friday until Sunday afternoon.

Jerry, Darla and B.J. Chappell were visitors in Floydada and South Plains. Jerry helped his Dad in the harvest. They also enjoyed the Halloween Carnival. B.J. was excited and fascinated by the clowns, especially a very tall colorful one.

We extend our sympathy to the family of W.M. Clark of Plainview. Mrs. Clark is the sister of Juanita Teeple and mother of Edna Gilly.

This Monday the fog has lifted, the sun shining, another good day for cotton harvesting, which is getting underway.

Victoria, daughter of Kelvin and Jolene Cummings, will be featured in the annual musical festival to be held in the music building of Wayland University Saturday, Nov. 5.

Each participant will be judged on expression, talent and accuracy. They will be presented a ribbon.

The event is sponsored by the Plainview Music Teachers Association.

A Neighbor
A neighbor is one who thinks and does for others, as well as for himself. In times of emergency he is there. Fun times he is there. He loves his community and friends. He is concerned and cares for them.

On cold winter mornings the cars won't start - the battery is down, he charges them up. The tire is flat, he fills it up. The tank runs dry, he fills it up. Every day of the year, the neighbor is the same. By now, each of you should know his name. (Dean) We appreciate and love you!

Have a happy week!

Maid of Cotton launches 1989 campaign

Is there a friendlier face in the U.S. cotton industry than the Maid of Cotton's?

Probably not. So, what better person to launch a friendship campaign than the industry's goodwill ambassador?

Nobody. That is precisely why the new Maid will be the focal point for such a campaign on her 1989 international tour, says the National Cotton Council. No matter where she goes in her travels, she'll have the opportunity to thank overseas customers and domestic producers for their role in working together so well over the years.

In an effort to give attention this special working relationship, the Maid will visit all 14 major cotton-producing states during her U.S. tour. This will be the first time in the 51-year history of the Maid of Cotton program that she has appeared in all 14 in the same year.

Another "first" will be the Maid's presentation of a friendship quilt to a high-ranking government official in a Far East country. The quilt will be made up of squares representing each stop on the Maid's U.S. tour, and will be a gesture of friendship between the U.S. cotton industry and its overseas export customers.

The Progressive Farmer magazine will design and put together the special friendship quilt.

"It seemed only logical that our goodwill ambassador should be the person to deliver this friendship quilt," said a Council spokesman. "We hope it will

convey a true feeling of warmth from our industry to those reliable overseas customers."

Cotton Council International, overseas arm of the Council, will coordinate the Maid's special overseas quilt presentation.

This year's Maid of Cotton selection will be held in Dallas, Dec. 28-30. Deadline for submitting applications is November 18. Applications can be obtained from the National Cotton Council, P.O. Box 12285, Memphis, Tenn., 38182, (901) 274-9030. Applicants

must be between 19 and 23, at least five feet five inches tall, and never have been married. They also must be U.S. citizens and residents of cotton-producing states.

The new Maid of Cotton will receive a \$10,000 educational award.

Social Security News

By Terry J. Clements

Thinking about retiring? Or perhaps tapering off work gradually with a part-time job? If so, there are some facts you should know about Social Security.

To begin with, you can receive your full retirement amount at 65, or a permanently reduced amount as early as 62. For example, the reduction is 20 percent at 62, 13-1/3 percent at 63 and 6-2/3 percent at 64.

If you're past 65 when you apply, you'll get a slight "bonus": Your monthly check will be increased by 3 percent for each year (1/4 of 1 percent for each month) that you did not get a benefit between 65 and 70. (The credit is more if you reach 65 after 1989.)

Some Social Security work credits are needed before you can get benefits. For example, if you are 62 in 1988, you need at least 9-1/4 years of coverage (37 "quarters of coverage") to be insured.

The amount of your monthly check will depend on your average covered earnings while you worked. A worker who retires at 65 in 1988 after having maximum covered earnings most years can expect to receive \$838 a month. If he

or she has eligible dependents, payments to the family will be substantially more.

Once benefits start, payments will increase automatically to keep pace with annual rises in the cost of living.

Your retirement checks may be subject to Federal income tax if you have substantial outside income in addition to benefits. In no case, however, will you have to pay tax on more than one-half of the benefits. For more information on this, contact the Internal Revenue Service.

You and any dependents who are at least 65 have Medicare protection to help pay costly medical bills. You are eligible for Medicare even if you plan to

keep working and not receive monthly checks at this time. You will, however, need to apply for it.

You can have some earnings from work and still receive Social Security checks. If you are 65 or older in 1984, you can earn up to \$8,400 and receive all benefits due; \$6,120 if you are under 65; and no limit if you are 70 or older. If earnings exceed the annual exempt amount, \$1 in benefits is withheld for each \$2 of earnings above the exempt amount.

If your plans are uncertain or you have questions, the best thing to do is "inquire before you retire." Phone any Social Security office. The people there will be glad to help you.

Floydada Whirlwinds tame Dimmitt Bobcats 26-16

By Bill Gray

Floydada's Jesse Suarez led the Whirlwinds to a crucial 26-16 victory over the visiting Dimmitt Bobcats at Wester Field on October 28. The win kept alive the playoff hopes for the Whirlwinds in the tight District 2-AAA race. A Dimmitt defeat of the Tulia Hornets, coupled with a Floydada win over Friona this Friday, will produce a three-way tie for second place. The runner-up playoff representative would then be decided by a coin flip. The Littlefield Wildcats locked up the 2AAA championship with their 14-0 shutout of Tulia on October 30.

The Whirlwinds played a complete game on offense as well as defense, as the uncle-nephew combination of Jesse and Frank (Suarez) rolled over the Bobcats with all the fury of another well-known duo of the same first names — who rolled over the Kansas prairies a century ago. The Suarez boys accounted for 249 yards total offense between them, with Jesse rushing for 154 yards on 19 carries, one reception for 26 yards, and a pair of rushing touchdowns; Frank netted 66 yards on 11 carries, one rushing touchdown, and a pass reception for three yards.

The Whirlwinds electrified the partisan crowd on the opening kickoff as Frank Suarez' high and short kick was fielded by Joe Cisneros — giving Floydada possession at the Dimmitt 38 yard line. The 'Winds initial drive bogged down at the Dimmitt 13. The rest of the quarter was rather uneventful until the final play of the period. Faced with a fourth-and-goal from the Bobcat 27, 'Wind QB Stovall's pass found a wide-open Armando Morales at the 11. With perfect timing, Morales pitched the ball to a streaking Jesse Suarez, who raced the final yards to the double stripe. (It was as good an example of the "flea-flicker" executed to perfection as anyone would ever see!). Frank Suarez kicked the PAT and the 'Winds were up 7-0 at the end of the stanza.

Dimmitt opened the second quarter with a 46-yard drive, highlighted by a pass from QB Clay Lytle to Kevin Petty for a 27-yard gainer. The Whirlwind defense rose for the occasion and stopped the Bobcat momentum on fourth down at the Floydada 21. Jacob Galvan, Adam Cates, Jay Mendoza, Danny Caballero, Armando Morales, and Chad Quisenberry all turned in key

plays for the 'Wind defense during this Dimmitt onslaught.

The next Whirlwind offensive attack was thwarted and the 'Winds had to punt. Jesse Suarez' short kick was muffed by Emilo Arce, Rueben Chavarria recovered the fumble, and Floydada was again in possession at the Dimmitt 31-yard line. The Whirlwinds drove toward the visitors' end zone, but came up short of a score on a fourth down field goal fake. Dimmitt took over on their own three and moved out to the 13 as the half ended. The 'Winds held a narrow 7-0 lead at intermission.

Some of the halftime tricks and antics conjured up by the Floydada High School band must have carried over into the final two periods of the game. "The Spirit of the Winds" presented a clever, Halloween-flavored show — complete with witches and a disappearing clown — to the delight of the fans. The goblins must have been stirred! When the Whirlwinds stormed on the field in the second half, it was evident they were determined to put the Dimmitt hopes of playoffs on hold.

Frank Suarez returned the second half kickoff for 45 yards (shades of Tech's Tyrone Thurman), and gave the Whirlwinds excellent field position at the Dimmitt 46. Four first downs and 11 plays later, the 'Winds were again knocking on the door at the Bobcat end zone. A key pass from Grant Stovall to Armando Morales gave Floydada a first-and-goal at the Dimmitt 1-yard line. Frank Suarez punched it over from there, kicked the PAT, and the Whirlwinds extended the lead to 14-0 — with seven minutes remaining in the third period.

Dimmitt was able to muster one first down following the ensuing kickoff. A fierce pass rush, led by Cates, Galvan, Cisneros and Caballero, prevented any completions by Dimmitt for long gainers.

With 2:38 left in the third quarter, the Bobcats put together their first scoring drive of the night. A 17-yard pass from Lytle to Kevin Petty moved the ball deep into Whirlwind territory as the clock ran out in the third period. Early in the final stanza, Dimmitt cut into the Floydada lead as Lytle passed to Kelly Howell for a touchdown. On a fake kick for PAT, Nate Bradley passed to Kevin Petty as Dimmitt narrowed the gap to 14-8. Including this score by Dimmitt with 10:52 remaining in the game, a total of

28 points would be scored by the two teams in the final 11 minutes of the contest.

The "fireworks" began with Joe Cisneros blocking a Dimmitt punt, which gave Floydada possession at the Bobcat 42-yard line. With 5:31 left, Rueben Chavarria took a pitch from Stovall, broke into the secondary, and raced 27 yards for his first varsity score. The attempt for a two-pointer failed and Floydada led 20-8.

The momentum of the game rocked back and forth during the next several series. Lytle hit Emilo Arce for a 36-yard gainer and it appeared that Dimmitt would drive for another score. But a fourth down pass to Howell failed for the 'Cats and the ball went over on down to the Whirlwinds at their own 28. On the next play, Stovall pitched to Jesse Suarez on the option. Suarez broke one tackle at the line, sidestepped a linebacker, and ran for the north end zone...72 yards away. The dive he executed in the end zone would have made Greg Louganis proud! The PAT attempt for two again failed, and Floydada was rolling 26-8.

The Bobcats made one last effort to make the final score more respectable as they moved from their own 40-yard line with less than three minutes remaining. A 31-yard pass from Lytle to Arce brought the 'Cats into Floydada territory. With 2:47 left, Lytle hit Jason Griffith, who carried the ball in for the score. Bradley converted the two pointer and the board read "Floydada 26, Dimmitt 16." Jesse Suarez fielded the attempted onside kick by the 'Cats,

and Floydada took over on their own 43. Frank Suarez moved the ball down to the Dimmitt 12 on a nice 28 yard run in the closing seconds, where the Whirlwinds ran out the clock.

BILL'S REMARKS

The 26-12 final score was not indicative of how well the Whirlwinds controlled the game, especially in the second half when the game was still on the line. The 344 yards rushing can be attributed to some outstanding individual efforts by Jesse and Frank Suarez, Grant Stovall, and Rueben Chavarria. But, the offensive line executed as well as any time this season. They established the running game by controlling the line of scrimmage. Dimmitt came into the game with a good scoring defense — they had allowed an average of nine points per game prior to meeting Floydada.

The offensive plays of the game were the "flea-flicker" to Jesse Suarez for a TD and his 72-yard TD romp, which virtually put the game on ice in the fourth quarter. Outstanding defensive and special units plays were the recovery of the opening kickoff by Joe Cisneros and his block of a Dimmitt punt which set up a fourth period 'Wind touchdown.

Dimmitt can do the Whirlwinds (and, possibly themselves) a big favor this week by beating Tulia. Of course, Floydada must be prepared to take care of Friona. The 'Winds only need to be reminded of last year when a tie with Friona kept them from a playoff spot. One thing for certain, a win over the Chiefstains will give Floydada a very respectable 6-4 record (in a year that, at times, a lesser team would have folded their tents). Last week, my picks of Dallas and Houston missed, but the high schools and colleges were on the nose. How 'bout those Red Raiders?? Let's see if I can keep a good

record going with these "Picks of the Week":	4-28.6	Punts-Avg.	3-19.7

Coach's Comments

Coach Earl Overton said he was "pleased with the overall execution - especially the offensive line." He stated, "In my years of coaching, I've never started two freshmen. All of our younger players are really coming through for us - especially Rueben Chavarria." He stressed the importance of the game with Friona. "A Dimmitt victory over Tulia would be meaningless to Floydada if we aren't able to hold up our end and beat the Chiefs," he noted.

He also noted that it was good to have Chad Quisenberry back. When the chips are down, it is good to have that senior leadership and contribution.

FOOTBALL CONTEST

CONTEST RULES

Any subscriber or individual above the age of 7 who purchases a Hesperian from a newsrack is eligible to enter this newspaper's weekly football contest, except employees of Floyd County Newspapers.

To play, circle on official entry form, the numbers of the teams you believe will win this week's games. To indicate a tie, circle the numbers of both teams playing a particular game. In addition, indicate in the tie-breaker football your guess on the total number of points to be scored by the two teams listed.

The only entries considered for prizes will be those appearing on official entry forms and those brought to the Hesperian Office by 5 p.m. on Friday. No mail entries will be accepted.

Three cash prizes are offered weekly. In the event of ties - the same number of correct games and equal scores on the tie breaker - prize money will be shared among those involved in the tie. The tie-breaker score will be utilized only in the event of a tie on the number of games missed.

In the contest to determine the season winner and the recipient of the two tickets to the Nov. 24 Dallas Cowboys-Houston Oilers game in Dallas, each contestant will receive one point for each correct game selected on an official form throughout the season.

Print name and address plainly on official entry form and double check that your choices of winners have been circled.

Enter one entry per person per week. Weekly winners are limited to one per household.

DIANAH CORONADO

ANISSA CRABTREE

Shine of '89

By Sharon Smith

The two seniors we are highlighting this week are Anissa Crabtree and Dianah Coronado.

Anissa is the daughter of Kay and Hope Crabtree. She has one sister, and one brother. Anissa has attended school in Floydada for 13 years. Her activities include playing bells in the school band and playing the piano. Anissa is currently serving as Rotary Club Sweet heart. She attends the Methodist Church. Her future plans include moving to Denver with her sister to attend the Colorado Institute of Art to study Music Business. She hopes to become a

successful record producer and to own her own recording studio.

Dianah is the daughter of Ramon and Quanita Coronado. She has 3 brothers and 2 sisters. Dianah has attended school in Floydada for 13 years, also. Her activities also include Student Council Representative, Annual Photographer, Varsity Tennis Team, and DECA. Her future plans include attending Pan American University and go into teaching.

Write In TOM WEST For District Attorney

AN OPEN LETTER TO THE VOTERS OF 110th JUDICIAL DISTRICT BRISCOE, DICKENS, FLOYD, MOTLEY COUNTIES

There are three types of people:

1. Good people
2. People who obey the law only because it is the law
3. Outlaws — people who live outside the law

Those people who crawl at night, hide their faces and identity, make anonymous claims, tell lies, violate the law, and illegally try to influence elections and law enforcement are the **OUTLAWS, DRUG DEALERS, and SCUM** that I am dedicated to eradicate.

Outlaws operate outside the law **WITHOUT CONSCIENCE OR MORALS** solely for personal gain. They have no respect for the property or rights of the good people. As your District Attorney, the person responsible for bringing outlaws to justice, I promise that they will learn respect for the law.

THE RIGHT TO VOTE IS POWER: THE POWER OF THE GOOD PEOPLE. Exercise your power intelligently. Your vote for Tom West will enable me to continue my work with the Narcotics Task Force and make our district drug free. Send a loud message to the outlaws who crawl at night that they will not be tolerated in this district.

In my campaign for District Attorney I have not solicited, nor have I accepted, any endorsements or financial contributions. Your District Attorney's office will be accessible to everyone, but **INFLUENCED BY NO ONE.** I will be an active, aggressive, full time District Attorney involved in the investigation, preparation, and prosecution of our enemies.

My record, professionally and personally, is strong and honorable and my position is clear: It is Them vs. Us. Do not be misled. I need your support and vote on November 8. Remember to write in **TOM WEST FOR DISTRICT ATTORNEY.**

Very truly yours,

Tom West

WHAT KIND OF MAN IS LARRY MILNER

by Suzanne Milner

I wish I could make everyone in the 13th Congressional District understand Larry as a person. If I could, Larry's winning the November election would be assured.

Larry and I have been married for 25 years. During that time I have come to know him "pretty well."

I'm convinced that many of the qualities which I respect and admire in Larry are the same qualities which will make him a terrific congressman. So let me tell you, through some of my experiences, about the Larry Milner I know.

Larry and I met in 1962, when he was manager of the Chamber of Commerce in Cisco, Texas, a town of about 5,400 people. After each Chamber board meeting, my dad, who was on the board, would reach into his pocket and bring out a picture of his daughter who was away at college.

I think Dad had just about given up trying to get us together when Larry and I met one weekend at a chamber-sponsored party. Both of us claim it was love at first sight! We married that same winter in the First Presbyterian Church in Cisco.

In the beginning I didn't know Larry was destined for great things. It wasn't until sometime later, after we were married, that I came to realize just how smart Larry really is. I determined then that he was going places, and if I wanted to go with him, I had better stay on my toes.

And go we did! First to San Angelo, where Larry was on the staff of the Board of City Development. Then to Austin, where he was on the staff of the Texas Industrial Commission. And finally to Amarillo, where Larry began his 18-year career with Southwestern Public Service Company. He was the first manager of SPS's newly formed Area Development Department and later became a vice-president.

While Larry's career was taking shape, so was our family. We had three girls - Laura, Pollyanna and Bonnie. Larry always said our home was a haven from the hectic, rushed world. No matter how busy he was, he was never too busy for us.

Sit-down dinner time was always the rule. And no television. We loved talking at dinner. It was the only time we were together all day.

Our best purchase was a travel trailer. We hooked it to the back of our station wagon and headed out each summer on vacation. We wanted to broaden the girls' world, so we divided up the United States and went east for the Bicentennial year. (We were standing in Philadelphia's Independence Square on July 4, 1976.) Then we went west to Disneyland and on to Yellowstone and Colorado, etc. Many weekends were spent in Palo Duro Canyon Campground - no television, no telephone - just rocks and sticks

and bushes. Daddy told "Little Bear" stories around the campfire at night. I wish I had written them down.

Now that the girls are older (18, 23, and 24), I realize how much of their character was formed in those early days, with their father's ideals as a strong foundation.

Larry owes so much to his own parents. His parents gave him tons of love, but also security and acceptance. "Father" (Murray Milner) owned a small business. They lived on a farm near Dallas before moving to Brownwood, where Larry grew up.

Larry's real gifts are in organizing, explaining, and inspiring, and I believe these three things would be wonderful in a congressman.

- Organizing.** Larry can break down any project, no matter how large, into manageable pieces. He has designed organization charts for many political and civic projects, large and small. He has also taught organization seminars.
- Explaining.** Larry has the ability to explain even complicated subjects in such a way that people understand. The girls would often ask him to explain school work, even in college. He uses examples, describes situations briefly, and remembers so much background information.
- Inspiring.** This is one of Larry's greatest qualities. As an employer, Larry would often fill his job openings with young enthusiastic men and women who didn't know it couldn't be done. He was always a mentor more than a boss. He had these rules for his employees: "Never say, 'It's not my job.'" Everybody does everything.

"You can do anything if you want to do it badly enough." He trained his employees to be creative and caring by example.

Apart from these gifts, Larry has a deep and abiding faith in God and a love for his country. He has a strong sense of responsibility to make our area of Texas the very best it can be.

I know you are looking to him for the leadership to get our area's economy moving again. Recently Larry and I were chaperones at our youngest daughter's (Bonnie's) high school graduation party. A young man who had graduated from high school hours before came over to Larry and said, "Mr. Milner, please help bring some companies here so I can have a job when I get out of college."

Larry is determined to make this young man's request a reality. But Larry knows it will take teamwork. First to get elected. Then to get our economy going again. I hope you will be on both teams.

THE FAMILY YOU SEND TO WASHINGTON

The character and philosophy of the men and women we send to Washington are as important as their views on today's issues. To understand their choice this November, voters should be acquainted with Larry and his family. That's why the people of the Milner in Congress Campaign Committee asked Suzanne to tell you about her husband. After all, she knows him better than anyone else. Perhaps even better than he knows himself.

Larry and Suzanne represent the strong Christian values and ideals which exemplify what is best in this part of Texas. Sending the Milners to Washington will, of itself, tell the nation what we think is important.

Four Big Reasons We Need Milner in Washington

JOBS for the security of our families are Larry's top priority. His Rural Redevelopment Program is an important part of his Five Point Plan to create jobs and prosperity for the 13th District. To make oil and gas and farming profitable again, to bring manufacturing back to three shifts, and to attract new jobs will take the leadership of an experienced team player... an economic development professional like Larry Milner.

DRUGS are a serious threat to America's future. As a father of three daughters, Larry supports tough new laws and tough-minded law enforcement to keep drugs out of our schools. Life sentences for drug pushers, death sentences for anyone causing the death of a police officer enforcing drug laws.

FAMILIES are the foundation of America. Larry proposes tax credits to lessen the burden of child care expense. He'll help families who are struggling to raise children and keep up in this tough economy.

AMERICA'S MILITARY STRENGTH is necessary to assure a safe world for our children and grandchildren. It is the whole reason for our improved relations with Russia and the reason communist take-overs are being contained. Larry will help insure that we do not lose our big stick in the East/West struggle.

Duncan Kids Can

Dear Parents:
Greetings! We are off to a great start for the 1988-89 school year. We are expecting great things for this school year. We are delighted to once again be able to publish our essential elements of academic learning. Once at the beginning of each six weeks, we will be letting you know the areas and concepts that your children will be studying. We hope this helps you understand what your children will be expected to muster.

If we can be of help to you, please feel free to come or call Duncan. Thank you for all of your support. We appreciate you!

Sincerely,
A.B. Duncan Elementary School Staff

Doggett lost to Phil Gramm.

But now, Lloyd Doggett's back, this time running for the Texas Supreme Court. Again, his qualifications just don't add up. Good thing we have a qualified choice: one of Texas' most honored judges, Justice Paul Murphy. Experience? He serves on our 14th Court of Appeals with 7 1/2 years of judicial experience. He has authored over 700 judicial opinions. His colleagues have rated Paul Murphy one of the best justices in Texas. Integrity and experience for the Texas Supreme Court.

Notice to Texas customers of Southwestern Bell Telephone Company.

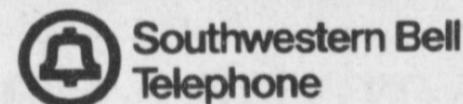

Southwestern Bell Telephone Company filed tariff revisions October 3, 1988, with the Federal Communications Commission (FCC) that would increase the FCC Approved Customer Line Charge 60 cents per month for residence and single line business customers.

In addition, Centrex customers with lines installed or ordered before July 28, 1983, will incur a \$1.00 increase bringing their monthly charge to \$5.00. New rates would be effective December 1, 1988.

This charge is part of a plan authorized by the FCC in 1984 and designed so that business and residence customers would more directly contribute toward the cost of providing local telephone service.

In the past, these increases have resulted in a decrease in interstate long distance charges. Some additional proposed decreases in interstate long distance charges also have been announced.

If you have any questions, contact your local business office at the number listed in the front of your White Pages directory.
