First things first. It appears that George Bush did well on his first foray into the lion's den of European politics and we can all rest a little easier as a result.

In fact it is probably safe to say he did better than most people expected him to do, given the fact that he was denied the usual foreign policy advice and counsel from House Speaker Jim Wright during the critical period leading up to the NATO conference. Mr. Bush muddled through on his own, as it were, and got rave notices from just about everybody involved. We can hope the Russians take him up on his offer and perhaps tensions may wind down another notch in one more potential trouble spot. We're not there yet, but things are looking better.

And speaking of the speaker, Jim dropped the first shoe by quitting before the Ethics Committee could rule on his motion to dismiss, and before a trial could be held on the merits of the charges against him. He promised to drop the other shoe sometime in June, when he said he will "offer to resign" his seat in the House. It was probably a very wise decision. Evidently shoes are poised to begin dropping all over the place. Jim's big buddy Tony Coelho beat the Speaker to the punch by resigning before the Committee could delve too deeply into his own affairs and reports out of Washington indicate others of his "team" may soon feel the heat as well.

Jim will be sorely missed in certain quarters. Where, pray tell, will Daniel Ortega turn now for advice and guidance on how to deal with the American Congress?

Meanwhile another session of the Texas Legislature has come and gone. The people, for once, escaped with only minor damage.

For the moment, that is. Our lawmakers managed to earmark \$47.4 billion in tax dollars to be spent over the next two years. They spent every penny they could lay their hands on and quite a few they couldn't. Then they built in some spending steps that will almost certainly result in a big tax hike two years from now. Then they asked the voters to approve a three-fold increase in their pay and a doubling of their daily expense allowance.

Then, with few exceptions, they called it good.

Both Lt. Governor Bill Hobby and House Speaker Gib Lewis had words of praise. It would have been better, both indicated, if they had been able to find more money to spend, but considering the state of the economy, and all that, they did the best they could.

Rep. Jim Rudd, one of the budget bill's architects, said "It's adequate. I don't think there were any real losers." Even Governor Clements had some kind words for the Legislative effort. He called the budget "welcome news" for Texans.

We suppose it all depends on where one sits. Whether one is on the paying side of the table, or the receiving side of the table.

Actually the state's economy has rebounded somewhat in the past few years, and accordingly some additional money has flowed into the state's treasury by way of increased tax revenues. And some changes were made in "book-keeping transactions" that freed up some money. That allowed the lawmakers to boost spending by some \$5 billion, with spending from the "general revenue" fund to go up more than 14 percent. Spending on "higher education" will jump more than 15 percent. Spending in the area of Health and Human Services will jump over \$2 billion.

We are not experts in the intricacies of state budgeting, but we can add and subtract. Perhaps a more honest assessment of the budget is that put forth by Rep. Bill Hollowell of Grand Saline. Bill is a conservative Democrat, one of the few remaining in the Texas Legisla-

## Weather brings rain and damaging hail

**ALL THE RIVERS RUN --** As heavy rain and hail approaching golfball size fell on downtown Floydada last Friday, streets and alleys became rivers of water and debris. Motorists found themselves trying to drive through ever deepening water with their vision obscured by the falling rain and icy hail. Staff Photo

## Floydada Development Board discuss progress of prison site

The Floydada Development Board met once again, Tuesday, June 6, to discuss any progress that has been made in the proposal to bring a minimum security prison to Floydada.

Attending the meeting were: Light-house Manager Bill Harbin, Larry Ogden, Fred Thayer, Gary Brown and Randy Duke. Also attending the meeting were Lockney representatives, Mayor Dan Smith, Councilman Dee Copeland, David Foster and Kay Tannahill. Lockney has been asked to join in the venture to make it a county-wide project. Smith, Foster, Copeland and

Tannahill were brought up to date on the proposal.

The Floydada Development Company agreed at the meeting that they would pursue the proposal and continue looking for a land site of no less than 300 acres, with 43 acres (where the actual building will be located) not to vary more than six feet in elevation. Some sites were discussed, with an agreement to continue looking.

The Lockney representatives agreed to return to Lockney and discuss the prison with the City Council and Cham-

ber. If the decision is made to join Floydada in the pursuit of the prison location, it will then become a county-wide effort. Land sites close to both towns will be explored in the hope of finding a suitable acreage that meets the states qualifications and will benefit both towns.

County and city residents are urged to call anyone on the development committee to let them know your opinions on the proposal. All members of the committee want to answer questions and hear both negative and positive feelings on the project.

## Floyd County - The Early Years

Part 8: "The Dawn of a New Century"

By Bill Gray

There was considerable change in Floyd County and all of West Texas during the last decade of the 19th Century and the early years of the 1900s. It was a time of transition from the frontier era to modernization. Lifestyles were being altered across the land.

Approaching the 20th Century, America was on the threshold of recognition as a world power. The Industrial East was connected with the Western Frontier by a coast-to-coast system of railroads. Mechanized machinery revolutionized farming methods and agricultural growth was encouraged by the government.

Cotton had been introduced on the Texas High Plains in the mid-1890's; more and more former rangeland was placed into cultivation in the southern part of Floyd County. Because of its rich soil and climate, coupled with industrious and enlightened people, Floyd and its surrounding counties grew and prospered.

In the upper Panhandle, Amarillo was rapidly becoming a major shipping center, with regular routes south to the developing community of Plainview. Lockney was a short twenty miles east of Plainview; this close access to the expanding transportation network contributed to Lockney's rapid growth in the late 1890s.

Lockney's expansion and prosperity gave new hopes to those factions that still had aspirations that Lockney would one day wrest away the county seat from Floydada, which was in the midst of a recession. The rivalry between the two towns intensified. Just as in modern times, a newspaper editor's comments helped sway the momentum back toward Floydada.

Claude V. Hall bought out the inter-

ests of the Floydada newspaper and changed the name to The Floyd County Hesperian in the Spring of 1896. By the turn of the century, Hall was recognized as one of the foremost journalists in the area. Just as R.E.L. McLain and Tom Steen had earlier extolled the merits and advantages of the county, Hall's writings always contained an abundance of optimism. For many years Hall was virtually a "one-man Chamber of Commerce" for Floydada.

Hall's continuing comments helped to combat the sluggish economy in Floydada and its slowdown of settlement, which had plagued the community for several years. An incident in 1898 (almost two thousand miles away) had a definite impact upon the business climate of Floyd County — and Floydada in particular. The United States' battleship Maine was destroyed in Havana Harbor on 15 February 1898; a war between the United States and Spain became inevitable.

On 19 April 1898 the United States Congress declared war against Spain. President McKinley's order for more manpower increased the army's strength from 28,000 to 62,000 men — with an anticipated 200,000 volunteers filling the ranks every day. With the buildup of Federal troops came the requirements for clothing and uniforms.

The primary cotton-producing states of Georgia, Alabama and Mississippi experienced a lengthy drought from 1895-1898. The normally productive region could not fill the government's requirements for the raw materials to clothe the military.

Cotton had been introduced in Floyd County a few years earlier, and an abundant crop in 1897-1899 put the county in position to reap windfall revenues due to the unexpected government's purchases

of the commodity.

Up until this time, High Plains cotton had been virtually unknown on the national market level. After 1900 Floyd County became firmly entrenched as a cotton producer — an indication of things to come.

Once again the county's economy boomed, with Floydada receiving many of the benefits of the renewed prosperity. Investment and settlement were widespread and contributed to the growth of the town during the late 1890s.

Additional churches and schools were organized around the county. A movement to bring an institution of higher learning to Floydada was promoted.

Floydada's first public school had been founded in 1890, with an enrollment of twenty pupils. The first school building was owned by W.O. Menefee. Menefee and W.P. Massie had their land office in the building and Judge A.B. Duncan used a portion for his law offices. For a while the upper floor of the school building served as the meeting place for the Masonic Lodge.

By the end of the first semester the enrollment reached fifty; the Floydada School System was well on its way. Because of the success of Lockney Christian Academy and the Quaker school at Estacado, a proposal to establish a collegiate-level institution in Floydada gained interest.

In 1909 Doctor R.A. Childress and John Farris donated land upon which would be erected the Floydada Presbyterian Academy (its location was just north and east of today's Annie Taylor Park). Work on the splendid three-story brick building was commenced in 1910, and the first classes were held in Sep-

Continued On Page 2

Hard rain, high winds and hail moved through the county over the weekend and left not only full plays but also destruction in its path. According to Bob Lotspeich, ASCS manager, "A rough estimate would be 30% of the planted cotton was hailed out." One farmer was heard saying, "Everybody lost something."

Farmers all over the county are now busy assessing their hail damaged crops and quickly deciding what to replant. If cotton is their decision, it will need to be planted by June 10. Other choices available may be soybeans, sunflowers and milo. One hailed out farmer said, "If these crops don't make it, we might as well all move."

According to Lotspeich, "With over 154,000 acres of cotton planted, I would guess at this time that over 45,000 acres are gone. We won't know the extent of damage for several weeks. Some badly hit areas in the county are Barwise, Sterley, South Plains and Dougherty. It is all bad, but Barwise is probably the worst."

In the last week Barwise has reported 8 inches of rain. 2-1/2 inches of that rain fell on Friday and Saturday. Water was over the road Saturday and a blade had to be used to scrape the hail off the road Sunday morning.

"Everything west of the railroad tracks on into Hale County is gone," reported the Barwise Gin. "Everything east of the track is O.K. Every year it seems to alternate on each side of the track."

Bill Bigham's farm, two miles north of Barwise, lost 1100 acres of cotton. "I will replant grain, sorghum, soybeans and sunflowers."

J.R. Turner who has a farm two miles north of Barwise lost 700 acres of cotton. "I'll replant something," said Turner.

The Miller Brothers lost 500 acres of cotton in the Barwise area and say they'll probably replant soybeans.

Reports from the Sterley community were all bad. "It's all hailed out. Everything is gone," said one farmer.

The Dougherty area was also hit hard. Besides 3" of rain, approximately a 15 mile stretch between Dougherty and Dickens was reportedly hailed out. Four

hundred acres of cotton at Jerry Battey Jr.'s field is gone and the Ross brothers lost 1400 acres of cotton.

South Plains received 6-1/4 inches of rain since last Tuesday, 3-1/2 inches of it was received on Saturday. "It's practically all gone," was one report. "Everyone is still debating what to replant and if to replant."

Out of Cedar Hill came good news. "We were so lucky," said Carl Lemons of Cedar Hill. "We got a little over 2.20" of rain all week. A little less than 1-1/2 inches fell Saturday. All we got was a nice rain - no hail."

The McCoy community reported 3" of rain all week, and the city of Floydada received a little over 4.72" since Tuesday, May 30.

The biggest downpour for Floydada occurred on Friday, when 3.07" fell. Saturday brought an additional 1.41" to the city. Tuesday, June 6 brought an additional .16" of rain and several rotating clouds prompting the sounding of the siren, warning residents to seek shelter immediately. "The first cloud that we were concerned about was a tornado seen by three spotters one mile east of Sandhill (7 miles west of town), moving east. At the same time several rotations were spotted south and west of town," said Fire Chief Larry Guthrie. The siren was blown at this time, approximately 5:55 p.m.

"As far as we know, no tornados ever touched ground in this area," said Guthrie.

In Dougherty, where these threatening clouds moved to, one resident stated, "I was outside looking up at the clouds trying to see something. There was no rain and I could see no tornado, but you could hear a roar inside the clouds right above our house."

"There were some questions about the meaning of the different sirens," said Guthrie. "To clarify any misunderstandings please be aware that when residents should take cover the siren will blast for 30 seconds, then stop for 30 seconds, then blast for 30 seconds. This will continue for a short time, and there will also be warnings broadcast on cable T.V. When it is all clear, there will be one long blast."

**TWO FEET DEEP AND RISING --** With both feet immersed in the Missouri Street river last Friday, this unidentified lady braved the hail and rain to reach her car and begin the treacherous journey home as Floydada was pelted by a late spring storm. Staff Photo

## Opening date of city pool delayed until June 14th

The opening of the city pool has been delayed until June 14, said pool manager Rilla Sue Woody. A newly painted pool and a State Health Department requirement are causing the delay.

According to Woody, the pool was recently sandblasted and newly painted.

"We had plenty of time for the pool to dry, but then the bad weather came." The State Health Department requires that the pool has to stay dry for six days before it can be filled with water. "These are circumstances beyond our control," said Woody, "and we are sorry for the delay."

# Floyd County -- The Early Years

Part 8: "The Dawn of a New Century"

Continued From Page 1  
tember 1911.

The school had considerable potential, but existed less than three years. A large investment by a number of citizens turned sour, but the concept of educational excellence in Floydada was for-

ever established.

Floydada was incorporated as a city in 1909, with W.T. Montgomery elected to serve as the town's first mayor. The original courthouse was inadequate for the growing county and the commissioners issued an order for a new \$90,000 building.

The order of a new courthouse in Floydada drew considerable protests from Lockney. The Lockney faction knew that once a new courthouse was built there would be little chance of ever changing the location of the county seat.

A disastrous fire struck Floydada on 4 July 1911. The fire was discovered shortly after midnight and by daylight there was total loss of all businesses on the west side of the square.

There had been futile attempts to carry water from the courthouse windmill, but it was too little and too late. Hardly had the ashes and timbers cooled, however, before reconstruction began. The optimism of Floydada's citizens was clearly displayed by the quick rebuilding of the devastated area.

## Show features works of Warren art students

The art exhibit at the First National Bank in June contains drawings and paintings of the students of Jill Warren. These students have worked with Mrs. Warren during the past year from October through April.

In the elementary class, ranging from age 7 to age 12, were Joni Hendrix, Carson Johnson, Tyson Whittle, Matt Whittle and Stacey Lloyd. This class began the year studying basic drawings and then advanced to working with charcoal, pencil and pastel.

The intermediate class consisted of young people in junior high. These artists also began with a review of basic drawing principles, and then they worked in a medium of their choice on individual paintings or drawings. Brandon Harrison, Hayna Dunn, Jason Owen, Michael Gilliland and Jennifer Givens were in this class.

Four ladies, Darlinda Marquis, Midget Whitley, Florence Van Hoose and Neva Lamberson painted in the adult class. They worked in either oils or acrylics on pictures they selected.

Mrs. Warren believes that artistic skills can be taught just like writing or math. Basic rules apply to art like any other subject. Art is a hobby that will last a lifetime. Anyone, from one to 100, enjoys creating their own masterpieces!

MANY DISASTERS struck early Floydada, but none as devastating as the July 4, 1911, fire in the central business district. All the buildings on the west side of the square were engulfed in the holocaust. Photo Courtesy of Floyd County Historical Museum

## Criminal mischiefs, accidents investigated

Police investigated two criminal mischiefs during the week. The right vent window of a postal delivery van was broken out, sometime between June 2-3, while parked at the post office. Also an '87 Chevrolet van was vandalized when someone broke out the right rear sliding glass door window. The van was parked in the 100 block of E. California.

Police also investigated a report of a burglary of a habitation, in an apartment at 800 E. Price. Stolen from the apartment was a green foot locker with assorted clothing inside. The foot locker and clothing were recovered later.

An accident on May 27 sent one woman to a Lubbock hospital with head injuries. The accident occurred in the 200 block of South 2nd at 12:25 p.m. Amy Jenice Smith, driving an '88 Ford Thunderbird, was traveling south on 2nd street and turned left without stopping (to go into a restaurant parking lot), and hit an '83 Chevrolet Caprice which was northbound in the right lane. The Caprice skid 12 feet to impact and then stopped 20 feet from impact, on a curb. Smith was transferred to Lubbock with head injuries.

On June 2, at 12:25 p.m. in the Pay-n-Save parking lot a Chevrolet Nova and a GMC Sierra Classic pickup were both

backing out of angle spaces at the same time and hit in the center of the drive.

On June 4, at 4:00 a.m. in the 500 block of South Main, a 1966 Chevrolet El Camino was hit from the rear and knocked 31 feet. The El Camino was parked and was not occupied. Debris

found at the scene helped police identify the other vehicle, which they know to be a copper colored '78 Buick. The Buick had backed into the Camino with such force that it also folded the tailgate and broke the hinge. Police are now searching for the driver of the Buick.

## Courtroom Activities

In county court on May 31, Lonnie Mac Portee, 20, of Lubbock, pled guilty to his May 30 charge of DWI. He was fined \$450.00 plus court costs of \$90.50, and sentenced to 180 days in jail which was probated for two years.

On June 2, Fernando Gonzalez, 19, of Floyd County, pled guilty to his May 23 charge of DWI. He was fined \$400.00 plus court costs of \$90.50 and sentenced

to 180 days in jail which was probated for two years.

**CORRECTION**  
The article concerning the Hall of Fame Awards for the recently past Floyd County Pioneer Reunion referred to the Floyd County Treasurer as Glenna Miller. The Floyd County Treasurer is Glenna Orman.

TOTALED VEHICLE--This 1988 Ford Thunderbird, driven by Amy Smith, was wrecked when Smith, who was traveling south on Second, turned left and hit a northbound Chevrolet Caprice. Smith was transferred to Lubbock with head injuries. --Staff photo

## This Week

### WEATHER

### SPIRIT WIND 1989

Spirit Wind 1989, the Northwest Texas United Methodist Annual Conference Youth Choir will be performing at First United Methodist Church on June 9 at 7:00 p.m. Misty Avila, a member of the local church, is a member of the choir.

### CANCER SOCIETY

The American Cancer Society, Floydada unit, will meet Monday, June 12, at 5 p.m. in the community room of First National Bank, Floydada.

### CATASTROPHIC HEALTH CARE

Jeffrey B. Lucas will be at the First National Bank community room on Tuesday, June 13 at 7:30 p.m. to discuss Catastrophic Health Care under the new Medicare Catastrophic Coverage Act.

### EMPLOYMENT COMMISSION OFFICE IN RALLS

The Texas Employment Commission is opening a temporary placement office at 101 Avenue B in Ralls, to better serve agricultural employers and workers in Crosby County.

Rudy Medrano, employment interviewer, will be there from 8:00 a.m. until 3:00 p.m. from June 6 through August.

For additional information, persons may contact Medrano in Ralls at 253-2610.

### McADOO COMMUNITY PICNIC

There will be a McAdoo Community Picnic and get together on Saturday, July 1, at 7 p.m. on the school grounds. Each family is asked to bring a picnic lunch and drinks for themselves and any guests. If possible there will be a fireworks display. Everyone is invited to attend.

### MAMMOGRAMS

Mammograms will be done at Caprock Hospital on June 17. The mobile unit from Odessa will be at the hospital. If response is good this service will be offered every two months. Cost is \$70.00 and \$60.00 for Valucare patients. No insurance will be filed. Call 983-2875 for appointment.

### DIABETES CLASS

Diabetes class will meet June 22 at 7 p.m. These classes are free and will meet in the dining room at the hospital. Weigh in is at 6:30. Helen Teeple is instructor of these classes.

### SUMMER READING CLUB

Registration for the summer reading club at the Floyd County Library is now underway. For more details contact Sandra Crawford at the library, 983-3578.

### THE FLOYD COUNTY HESPERIAN

Published weekly each Thursday by Caprock Sentinel Corporation at 111 East Missouri Street, Floydada, Texas 79235. Second class postage paid at Floydada, Texas.

Yearly subscription rates: Floyd, Swisher, Hale, Motley, Briscoe, and Crosby Counties; \$15.00; Other in-state counties; \$17.00; Out of state; \$18.00.

POSTMASTER: Send change of address to The Floyd County Hesperian, 111 East Missouri, Floydada, Texas 79235.

# Electric safety is looking up...

## ...for power lines!

On the farm, on the job or at home, you should always be aware of power lines. Touching a power line with anything... an irrigation pipe, tool, a kite string... could divert the electricity through you causing serious injury or death. For safety's sake, look up for power lines.

**AND, REMEMBER THESE SAFETY TIPS**

- Do not trim trees near power lines.
- Do not shoot at insulators on poles, towers or structures.
- Avoid using electrical tools like lawn mowers or hedge clippers when grass and leaves are wet.
- Be careful when digging. Call SPS to find out if there are any buried electrical lines in the area.
- Beware of exposed wires.

# FLOYDADA

FORD MERCURY CHRYSLER Dodge  
FLOYDADA, TEXAS

# Spirit Wind '89 to perform here

Spirit Wind 1989, the Northwest Texas United Methodist Annual Conference Youth Choir will be performing at First United Methodist Church on Friday, June 9; at 7:00 p.m. Misty Avila, a member of this church, is a member of the choir.

The choir is a select group of United Methodist Senior High youth from all over the Panhandle and West Texas area. They have been selected from more than 140 who auditioned in Lubbock, Amarillo, Abilene, and Midland in January of this year. They represent communities and churches of all sizes.

The Spirit Wind program is inclusive of many different styles, forms, and periods of music. Selections from large choral works such as "The Creation", by Franz Joseph Haydn, "Gloria" by Antonio Vivaldi, and "Requiem" by John Rutter will appear on the program along with music composed by Lloyd Pfautsch, Allen Pote, George Lynn, and Gabriel Faure.

Spirit Wind is under the direction of Bert W. Bostic, Director of Program/Music for the St. Luke's United Methodist Church in Midland, and Jon Johnson, the Director of Music for the First United Methodist Church, Level-

land. The choir is accompanied by Mrs. Debby Vester, Music Assistant/Organist for St. Luke's and Amy Vandevere, a former Spirit Wind singer, presently a student at Texas Tech. Other leadership for the group includes: Miss Patsy Giles, Technical Director, and Wayne Hyde, Mike West, Debbie del Llano, and Willow Dell Johnson.

The tour this year will include 13 performances all over West Texas, the Panhandle and into the Dallas/Fort Worth area.

Sponsors extend a special invitation to all church youth groups.

Spirit Wind 1989

## Floydada Nursing Home Happenings

**By Jo Bryant (Activity Director)**  
Hi. Monday was a holiday, Memorial week-end, so all was pretty quiet around here. Some of the residents went out visiting, while others had their family and friends to come visit them. Must say that we had plenty of rain, wind and hail, and hope that it lets up for a while. We are grateful that the worst of the storms by-passed us.

Tuesday we had morning coffee and juice as usual. At 10:30 we listened to some songs. At 2:00 p.m. I read an article about Roaring Springs, and their water problems. We have several resi-

dents from around Roaring Springs, and Matador, that enjoyed hearing about Roaring Springs.

Wednesday Bro. Sammy Rodriguez came and shared from Isaiah 41:10. At 2:00 p.m. we had a staff meeting with our new Administrator, Steve Westbrook. We welcome him back. At 3:00 p.m. the residents played bingo. Charles Breeding had the first bingo. Mary Alice Davis came and assisted the residents playing bingo. We had 14 playing. Treats were bananas, marshmallows and cheese balls.

Thursday Helen Lipham came and played the banjo for us and we sang

songs of praise and joy. Helen always lifts us up and brings some sunshine into our day. At 2:00 p.m. we played some games and listened to some songs.

Friday the ladies from the First Baptist Church came and did the devotion. Letha Mulder opened with a prayer. Evelyn Latta played the piano for us. At 2:00 p.m. the residents went on the bus ride to Lockney. Dixie Dog treated them to some ice cream. Thanks. We got back just in time before the storm hit. Thanks, Wilma, for taking us.

We want to welcome a new resident, Mrs. Violet Senn, from Petersburg. We now have 48 residents.

### VACATION TIME

A vacation should be a time of fun and rest: But I'm thoroughly convinced That it's an endurance test.

Olga McCoy

This week's visitors: Mel and Marjorie Holcomb; Jettie Moss; Frances Badgett; Mildred Wylie; Mildred Haile; Lise Barr; Sara Barr; Stephanie Barr; Melissa Campbell; Heather Campbell; Floyd and Artie Webb; Jennelda Fulton; Alma Smith; Shirley Kirkland; Wynona Willis; Petersburg; Winnie Neil; Georgia and Fleicher Stork, Crosbyton; Zora Hudson, Lakewood, California; Glenn and Masal Creed, Ft. Worth; and Mary Smith.

## Lake Mackenzie Fishing Report

The lake depth at Lake Mackenzie has increased by 6 feet since May 20. According to lake reports, on May 20, the water temperature was 70 degrees and the depth was 103.2 feet. On June 5, the temperature was 70 degrees and the depth was 109.3 feet.

David Condit, of Amarillo, caught a 4 1/2 pound large mouth on May 20. He caught the bass in Tule Creek with a fat Gitzie.

On May 26, Bill Glenn, of Tulia, caught an 8 1/2 pound striper with a deep E-R on the first big island.

A 4 1/2 pound large mouth was caught, with crank bait, in Williams Creek on May 27, by J.P. McCain, of Tulia.

Ken Adams, of Canyon, caught an 8 1/2 pound Hybrid bass on May 28. The bass was caught with a rattle trap in north Tule Creek.

A new lake record was set on May 29, when Joe Sanders, of Tulia, caught a 12 3/4 pound striper. Sanders caught it with a chartreuse popper on the north bank by the bluff.

A 6 3/4 pound Walleye was caught with crank bait, on May 31, by J.P. McCain, of Tulia, on May 31. It was caught by the second island. Also on

May 31, a 2 3/4 pound large mouth was caught in Tule Creek by Wendell Sandefer, of Canyon. He was using crank bait.

On June 2, a 5 1/4 pound channel cat was caught in Williams Creek, by Jason and Eddie McBride of Wayside. They were using minnows.

Red Jennings, of Amarillo, reported crappie being caught with minnows, 35lbs to 1 pound, 15 to a stringer. He also reported catching several large mouth bass using rattle traps. The largest was reported to be around 3 pounds.

Jennings also caught five channel cats, the largest being 1 1/2 pounds, using minnows.

## The Lamplighter...

Continued From Page 1  
ture. He was one of only four legislators who voted against the bill. His view was that "this is a dishonest approach to state government. We're starting down the road of massive tax increases, and next session the new governor will have a \$2-\$3 billion deficit on his hands because of the folly of this appropriations bill."

Aside from the area of spending and taxing, the Legislature did some things that needed to be done and left undone some things that should have been done. They did leave the criminal justice system in a little better shape than they found it. And in our opinion they made some improvement in the area of health-human services, as well as public education. But they came a cropper on the important subject of workmen's compensation, where the Texas Trial Lawyers' lobby, combined with the labor union lobby, proved too much. They will be back in Special Session in June to tackle that subject again.

And, despite the urging of the state's farmers and ranchers, they left Jim Hightower's Department of Agriculture largely intact. Some important changes were made there, but the proposed big change of restructuring the department proved to be politically impossible. After all, there are more votes on Houston's East Side than there are farmers and ranchers over all of West Texas.

## Caution issued for heat exhaustion this summer

When temperatures begin to rise, many sports enthusiasts like to get outdoors and enjoy the sunshine. However, over-doing it in hot weather could cause a potentially dangerous condition known as heat exhaustion. Heat exhaustion occurs when the body loses essential fluids faster than it is able to replenish them.

Rick Hartwig, director of the Cardiac Rehabilitation Centre at Methodist Hospital, offers the following tips on how to avoid heat exhaustion. First, drink plenty of fluids while exercising outdoors. If you are sweating profusely, you should drink a mixture of equal parts of tomatoe juice and water. This combination not only replaces water that the body needs, but also replenishes salt and other fluids the body requires to function properly.

In addition, Hartwig advises wearing clothing which allows the body to "breathe," such as cool cottons.

Symptoms of heat exhaustion include:

- \*a throbbing headache
- \*nausea
- \*pale skin color
- \*chills
- \*unsteadiness

- \*fatigue
- \*\*"clammy" feeling skin
- \*profuse perspiration
- \*hair erection on chest and upper arms

If any of these symptoms develop during or after physical exercise, you should seek medical attention, Hartwig said.

## VA Question & Answer

Q—I am a former prisoner of war, but have not been rated as service-connected disabled by the VA. Am I entitled to VA medical care?

A—Yes. A former POW who is not service-connected disabled is eligible for VA hospital and nursing home care without regard to ability to pay. You are also eligible for outpatient care on a priority basis second only to service-connected disabled veterans. While you are receiving treatment in an approved outpatient program you are eligible for needed medicine, glasses, hearing aids or prostheses. If your POW internment lasted 181 days or more, you are also eligible for all needed dental care.

## Whirlers Square Dance News

By Vera Jo Bybee

The Whirlers "Old Settlers" square dance at the Duncan Elementary School was a huge success. There were 13 squares in the Grand March. There were two squares sitting out so counting dancers and guests there were 150 people who enjoyed the dancing, salad supper and the calling of Sid Perkins and Dick Parrish.

The new slate of officers elected for July through December are: President, Herman and Bonnie Graham; Vice-President, Paul and Zora Reecer; Secretary, Danny and Janie McAnally; Social Chairman, Floyd and Una Bradford; and Reporter, Donnie and Vera Jo Bybee.

The Whirlers danced Friday night at the MAC to the calling of James Pettus of Portales, New Mexico. Hostesses were Margaret and Wayland Jones and Annabelle and Wayne Bramlett. The food was delicious and the dance was fun except for the lightning and rain. Members were present from Floydada, Lockney, Silvertown and Roaring Springs.

Guests of Margaret and Wayland Jones were their son and daughter-in-law, Steve and Kristi Jones of El Paso.

June and Robert McDonald's daughters, Tony Whitely of Midland and Kathy McDonald of Fort Worth were home for the weekend.

T.L. and Carolyn Newman of Amarillo danced at our "Old Settlers" dance with his sister and brother-in-law, Herman and Bonnie Graham.

Guests in the W.L. and Clementine Carthel home this week is their daughter, Sue Swafford and daughter, Regina of Lubbock.

The Floyd Bradfords were one of the host to a Bradford reunion this weekend at the MAC.

Paul and Zora Reecer had their daughter, Jana Hill and sons, Sean and Ryan from Dallas, here with them for a few days last week.

Fred and Virginia Byrd just returned from a week's stay at their Ruidoso home.

Buddy and Lura Brown spent last weekend in Canyon with their son and daughter-in-law, Mark and Sally Brown and Taylor. This week-end will be spent in Lubbock with their daughter and son-

in-law, Belinda and Tony Frye and Dustin.

Dinner guests of Donald and Mavis Reecer on Monday night were their daughter, Julie of Lubbock and Michael Palmarffy of Sacramento, California.

Martha and Bill Mangold were at a medical meeting in Nashville, Tenn., last week. While they were there they also went to the Grand Ole Opry and Opry Land.

Janie and Danny McAnally are proud of their sons, Jeff and Danny. Jeff received his degree from W.T. and Danny is working in Floydada.

Charlotte and Byron Brock will be in Dallas on the 16th of June. Charlotte will have surgery on both knees. Our thoughts and prayers will be with Charlotte and we know she will be back dancing with us next fall.

Enjoying a fish fry with all the trimmings at Billy Joe and Jinna Turner's were their daughter and son-in-law, Stephanie and Tim Parker, Callie and Evan of Canyon, Barbara Jo Ellison, "Sunshine" Hanks, Julie and Craig Ellison, Paula, Derrel, Mica, and Jana Edwards, Donnie and Vera Jo Bybee. Games of Win, Lose or Draw were interrupted when the siren went off and the party moved over to the Bybee's basement.

Jim and Carol Huggins attended the State Square and Round Dance Convention in Fort Worth this week.

We are so glad to have our dancers from Roaring Springs back with us, Dorothy, Bruce and Billy B. LeFevre. Dorothy has been taking some college courses which has kept her quite busy.

Thursday night's workshop will begin at 7:30 with a salad supper at the MAC with Sid Perkins teaching. The club voted to have a supper every second Thursday night workshop dance. Everyone seems to really enjoy Thursday nights and our members have been real faithful to attend.

Our next Saturday night dance will be June 17 on the courthouse pavilion slab with Billy Foster of Amarillo calling. We invite everyone to come out and dance with us or watch and have a good time.

See you "Around the Square."

## We Salute...

### HAPPY BIRTHDAY

Thursday, June 8: Marisela Peralez, Norma Torrez, Paul Hart, Joe Jr. Gonzales

Friday, June 9: Kenny Griggs, Mary Ann Rainer, Richie Crow, Gabina Suarez, Gabino Suarez

**GOLDEN ANNIVERSARY**—Mr. and Mrs. Paul Carmickle of Littlefield will observe their 50th wedding anniversary from 2 to 4 p.m. Sunday, June 11, in the home of Charles and Paula Schroeder, 402 Crescent Drive, Littlefield. Hosting the celebration will be the couple's daughters, Paula Schroeder of Littlefield and Sandra Anderson of Las Vegas, Nevada, and their families. Carmickle and Wilmitth Day of Floydada were married on June 11, 1939 in Plainview. They were born in Floyd County and made their first move from their birthplace when they were married in 1939. They have five grandchildren and four great-grandchildren.

## Senior Citizens News

By Thelma Jones

Seems about all the news we have had has been bad and rainy weather, but the last few days has been real pretty and hope it stays.

Mrs. Maggie Lovell has had company from Fort Worth visiting her the last few

days.

Mrs. Mattie Wester returned home Friday night from points in Tennessee and Arkansas with relatives. She accompanied her daughter, Mrs. Hollis Payne of Vigo Park and granddaughter, Tammy Aten and baby of Artesia, New Mexico. They had a real nice trip.

Leona Warren had surgery again last week and is doing very well. She is at Plainview.

The Senior Citizens offer their sympathy to Mrs. Flora Fawver in the loss of her son, Leslie Fawver last week.

A niece, Claudine Wilson of Memphis, Texas, visited her aunt, Mrs. W.J. Wilks Monday afternoon.

Mr. Milton Weems is here visiting with his mother-in-law, Mary Corley for several days.

### Senior Citizens Menu

June 12-16

Monday: Beef brisket, mashed potatoes/milk, stewed tomatoes/okra, pickles, hot yeast roll, margarine or butter, pears, milk, beverage choice

Tuesday: Tacos/extra cheese, pinto or refried beans, tossed salad/carrots and french dressing, onion slices, margarine or butter, cherry cobbler, milk, beverage choice

Wednesday: Turkey dressing supreme, cranberry sauce, mashed sweet potatoes, turnip greens, hot roll, margarine or butter, oatmeal cookies, milk, beverage choice

Thursday: Covered dish luncheon

Friday: Father's Day - Baked ham/cranberry or pineapple sauce, blackeyed peas, turnip greens, tossed salad/dressing, hot whole wheat roll, margarine or butter, chocolate pie/topping, milk, beverage choice

### Look Who's New!

#### REESE

Zane and Tammy Reese of Ralls wish to announce the arrival of their daughter, Jacy Ann. She was born May 29, 1989 at 12:46 a.m. in St. Mary of the Plains Hospital in Lubbock. She weighed 7 lbs. 10 ozs. and was 21 inches long.

Grandparents are Marvin and Shelda Reams of Lorenzo and Jesse and Lexie Reese of Ralls.

Great-grandparents are Loyse and Augusta Bradshaw of Lorenzo, Nellie Reams of Lubbock, and Mamie Reese of Ralls.

Mamie Bradshaw of Floydada is a great-great-grandmother.

## Happenings at Caprock Hospital

By Molly Stringer

The weather has taken its toll on most of us mentally and physically the past week. Many have not gotten adequate rest due to the stormy weather at night. Several who are farm families have lost crops to wind and hail. We are looking forward to more normal weather this week.

We were busy over the weekend. We have had several of our employees out sick, so others have had to work extra.

We welcome Joy Breed back to work in medical records after recuperating from surgery. Donna Anderson is in the hospital following surgery this week. We wish her a speedy recovery. Patti Miller is taking Donna's place in the office while she is out.

Jean Jarrett, supervisor of dietary, has been in the hospital, but was feeling much better and was able to go home.

The nursing staff did well on the bake sale at Old Settlers. We thank all of you who purchased goodies from us. We appreciate all the nurses, respiratory and dietary staff who baked items for the sale.

We have a new office manager in the front office. Dianne Washington from Flomot started on June 1st. We welcome her to our hospital staff.

We remind all ladies that we will be offering mammograms on June 17 at the hospital. Please call 983-2875 to register.

We have a new president of our Board of Directors at the hospital. William Bertrand was elected by other members to serve in this capacity. William has served on the Board since November 1986 when he replaced Louis Anderson. He had previously been a member of the board for several years in the 70's and 80's.

William came to Floyd County as a young man and graduated from the Floydada High School. He then at-

tended West Texas State College for a time before entering the Air Force in 1942. He served as a pilot until 1945. During this time he married Faye who was a Floydada girl. After discharge from the service William and Faye made their home in the Lakeview Community for eleven years. They then moved to the family home place southeast of town until moving into Floydada in 1987. William is retired from farming. He and Faye have three children. One son lives in Vernon, a son and daughter and their families live and farm in our community.

The Bertrands are members of the First United Methodist Church. They continue to give of themselves in service to our community. We are fortunate to have community people who will give of their time and energy to keep our hospital, churches, city and schools working to provide service to the community. We have a good town! Lucky me, I live in Floydada!

### HEALTH INFO

What is cholesterol? It is a fatty substance produced by our bodies that is an essential part of every cell. Cholesterol is also found in foods of animal origin, eggs, milk, fish and poultry. Too much dietary cholesterol is unnecessary and can be harmful.

## Carl Lemons News and Views from Cedar Hill

### WEATHER

There is rejoicing at Cedar Hill this week as people consider the weather, rejoicing mixed with fear and trembling, because it seems that we are an island untouched, surrounded by an area of desolation. Trembling, of course, for perhaps we have only been spared until the storms return to plow out the corners. One cannot help but remember '87 when a hail on Sunday, July 12, reduced Cedar Hill crops to a pitiful remnant. For 48 hours our farmers readied their sandfighters, and fretted about what to do with these beaten crops, then on Tuesday, July 14, a "mop-up" storm arrived to perform a "mercy killing" on the poor suffering crops that Sunday's storm had left. That major storm began in Briscoe County and marched across Floyd following Hwy. 207 devastating a strip 4 to 10 miles wide as it went. Ironically, some of the farms that the hail missed that year set all time production records; indeed it was a banner crop year all across the south plains.

That example proves that Cedar Hill's crops could be spared in '89, nevertheless our people feel like they are walking on eggs, they can't wait for Jun' 'teenth, that symbol of safety, to get here.

### COTTON

Most Cedar Hill cotton needs nothing but less wind and more sunshine. There are a few fields that were planted a little shallow, dried a little too fast, resulted in skimpy stands, but 7/10" on Friday, and 1.50" Saturday night have come to redeem them. A few of the last planted fields presented a spectacular vista on Monday with the emerging seedlings having pushed back the thin crust, then standing yellow and tender beneath the clouded sky. If one had the option to make the weather a little better for cotton perhaps the night-time lows would have been adjusted about 10 degrees higher.

CRP seeding could not have had conditions more ideal than the past week. They even promise some more of the same. Along with the emerging grasses that have been seeded the ground is almost sodded with wild summer-grasses, careless, kochia, and goatheads. And they are growing by leaps and bounds; oh there will be shredding, lots of shredding in a few weeks. Wheat that is good enough for har-

vest will need a combine in every field by the time the ground is dry enough to hold up a machine. Yields are so low that the "cutter's" profit will be about all the net profit this year's crop will produce. That means the demand for transient crews will be practically non-existent this year. In many instances the farmer who pays out for custom combining will be sending out the only profit his wheat will produce.

### FRUIT AND VEGETABLE COMMENTS

Apple count finally reached 12 while standing in one place near my best tree, but it took a long time. You could cover clusters of 12 apples with a dinner plate on one of the neighbor's trees.

Peach branches, which were marked 30 days ago at the Listening Post have 8 left of their original 64, which figures that, for each 100 peaches 88 fell off, only 12 of each 100 remain. Over the whole tree it looks better than that, and the neighbor's trees look even better.

Cherries? I turned my head and the blackbirds got them.

Walnuts and pecans? Next year!

Apricots? My last one was on the ground Monday.

Corn, tomatoes, peas, beans, squash, even the slow-poke peppers, tho still tiny, look healthy, doing good.

Onions: Even the hail beaten ones at the Post are growing. Those in the fields should be at the stage of "explosive" growth.

### CATTLE COMMENTS

If there is a cattle heaven on earth, Floyd County cattle must be almost there. Even the mosquitoes, the ones that hibernate and wait for the rains to come so they can seed the lakes, have done their thing, have gorged on blood, have developed and deposited their eggs, and have died their natural deaths. So now we are comparatively mosquito free again for a few days, but dread the day the new hatch begins and those millions start emerging from the lakes.

### PEOPLE

Bill and Wanda DuBois returned

Tuesday to their home near Jewett, Texas. They visited with relatives in Floyd County over the long Memorial weekend. Bill held the winning ticket to the Model 1100 Remington semi-automatic 12 gauge shotgun that was raffled off at Old Settlers. At Jewett Bill has some ranching interests with a tad of farming, hay production, thrown in, while Wanda operates a used furniture business in Buffalo, and occasionally does some furniture repair.

Martha and Junior Taylor were called to Collinsville, Oklahoma, Wednesday by the death of Martha's mother, Lena Mae Glover. Services for Mrs. Glover, age 85, were held at 2 p.m. Friday in Collinsville where she had made her home for several years. Interment was beside the grave of her husband in White Oak Cemetery at White Oak, a small town near Chelsea in northeastern Oklahoma. They returned home late Saturday and retired early since both of them were physically and emotionally exhausted. They slept oblivious to the fact that 1-1/4" of rain fell through the night; oblivious to threatening funnel clouds that churned across area skies; and they were unaware of a vicious thunderstorm that devastated the crops of neighbors to the north in nearby South Plains. They were still not awake Sunday morning when their son, Bud, came to retrieve some items from their house. Bud collected what he needed and, since he understood, he left them, still asleep.

Cephus and Imogene Fortenberry visited Edna Gilly at St. Mary's Therapeutic Plaza on Saturday, June 3. The concensus was that Edna was responding satisfactorily to her treatments, even though she was suffering discomfort from an unrelated illness on that particular day. They also visited his sister, Mary Ann and Garland Tucker. Mary seemed well and cheerful, while Garland had just returned from mowing a neighbor's yard, both were doing fine.

Tobey was holding down a button on my keyboard and reading the "People" section of my column as it scrolled across the computer screen when I stepped into the room. "Hunh!", he says kind of put-downish like, "Hunh!

You're not going to say "Thank you!" again this week, are you?"

Well, it sure is humbling, but they practically twisted my arm, hinted broadly they wouldn't hook a chain on my rig and pull it out of that mud hole unless I promised them a printed, public "Thank you!"

So I'll give 'em a good solid "Thank you!" with a vengeance. After all the public needs to be told what type of "indian givers" - of assistance it is likely to run into out there. Thank you Durrell!...Thank you Bud! Heh! Heh! Bet they just counted on a plain ole vanilla "thank you" without the who-dunnit ID thrown in. The things people won't do to get their names in print!

Sylvestre Arredondo was admitted to Lockney General Hospital on Wednesday, May 31, suffering again with his chronic bronchial trouble. His granddaughter, Lupe, reported his doctor and nurses said he was doing well, but would need to remain hospitalized a few days longer.

Rodney Durham, Cephus and Imogene's grandson from Dumas, arrived at their home Friday afternoon. He visited them until Monday, then went on to Floydada where he joined a bus-load of church youths from Dumas who were on their way for a five-day outing at the Assembly of God Youth camp on the Ben and Edna Dillard ranch near Roaring Springs.

Carl Lemons' granddaughters seem to be graduating in bunches. On Wednesday, May 24, it was Traca moving from elementary into junior high down at Valley. Then on Thursday, 25th, back at Valley again, Twyla tossed her tassel to the other side, says she is going to participate in Amarillo's Community College program this fall, plans to be a child care specialist. On Thursday, June 1, it was Carla's Angela that graduated from James Madison High in San Antonio. Angela plans to follow in Mom and Dad's footsteps, go to Lubbock's Tech.

By the way Junior and Martha finally woke up, even made it to church Sunday night.

### SPOTLIGHT ON THE EXES

While the spotlight was being written a week ago, and just as the Whitehead article was being finished, a flash of lightning and a window-rattling clap of thunder triggered a speedy shut-down of this column's computer system. Ruth Hall was next for perusal, but that lightning turned off the Cedar Hill Spotlight.

Ruth Brown Hall, 2/04/1900, her family's last survivor, first lived in Cedar Hill, with her family, at the place where Jerry Lackey and his family now live. The place was slightly more than 1/2 mile to the west and a little north of Union Bower, the community's first school. Ruth thinks her father was the one who sold that section of land to Lum and Nan Lackey. Around 1910 Ruth's family lived on "the old Rogers place" later owned by Roscoe Lackey, and now by Roscoe's daughter, Dorothy Merrill.

Ruth continued to live at 213 E. Roselawn in Plainview after her husband, Boone, passed away in the early 80's. Ruth's son, Ceile Hall, has moved from Baytown, Tx, back to Plainview since January first in order to be near his mother. After a lingering bout with illness, and a lengthy stay in a Hale Center hospital in April of this year, Ruth has moved to Plainview's Westridge Manor. In late May, Ruth was admitted to Plainview's Central Plains Regional Hospital where she continued to receive care. Among Ruth's most concerned and frequent visitors is another former resident of Cedar Hill, Leonard Finley and his wife, Bertha Lee Jernigan Finley.

Leonard Finley, his mother and father, Eva and Clarence Finley; brothers, Otho, and Granville (Grant); and sisters, Katherine, and Eva Lou; and some younger siblings I was never privileged to know, moved to Cedar Hill somewhere in the mid-twenties. Leonard grew up on the old Walter Woods place, now the home of Stanley and Lou Gene Burleson, 3-1/2 miles north of Cedar. All of the Finley children attended school at Cedar unless it was Otho. Some 10 or 15 years later the family moved near Floydada and Leonard met and married Bertha Lee Jernigan.

Bertha Lee grew up three miles north of Floydada on the west side of 207, across from the Lindsey Graham land where the Steve Lloyds now live, the house and other improvements are completely gone. Sometime in the 50's a bright young bundle of energy named Leonard Finley turned up in the front office of Plainview's Green Machinery. His was a steady progress to greater and greater responsibility with Greens until he finally became considered by some to be the prime mover and shaker in the company. Many men with irrigation or financial problems would be disappointed on going to Greens if they had to talk to some executive other than Leonard.

Now that the doors of Green Machinery are no longer open, Leonard and Bertha Lee remain active from their home at 2203 W. 16th, and are much appreciated as they do their bit to make the burdens of their fellowmen a bit lighter.

Your education has been a failure if it has failed to open your heart.

## South Plains News

By Ruby Lee Higginbotham

The main topic of conversation this week has been the weather. Everyone has had enough rain for the present time. Hail has destroyed much of the crops. Just south of South Plains one of the best looking patches of wheat in the community was ruined along with many acres of newly planted cotton.

Mamie Wood is planning for her annual backyard breakfast. It will be held beginning at 8:00 a.m. on Wednesday, June 14. Virginia Taylor will give a program on hats. Everyone coming is asked to wear a hat, new or old.

Hostesses will be Ruby Lee Higginbotham, Mildred Hamm and Dot Cummings.

Congratulations to Tom Fisher, pastor of the South Plains Baptist Church, on his graduation from Wayland Baptist University.

## Becky Porter is to attend youth seminar at WT

West Texas State University will host the annual Crown of Texas Hugh O'Brian Youth Leadership Seminar June 2-4 for outstanding sophomore students, which will be attended by, Becky Porter of Floydada.

The seminar will be conducted in 84 locations across the United States with the purpose of bringing a select group of students together with groups of distinguished leaders in business, government, education, and the professions so they can discuss present and future issues, using an informal question and answer format. The specific goals are to: seek out and reward leadership potential in high school sophomores; encourage and assist students in their quest for potential leaders to recognized leaders of today through give-and take discussions on a variety of current and critical topics; and provide through this exposure the opportunity to explore America's incentive system and our democratic process.

Seven seminar sessions will be conducted with a panel of speakers with evening management games and talent show.

## There Once Was A Great Nation That Had A Government....

It was founded by the pilgrims who decided to leave their own country, which didn't encourage freedom of religion, freedom of speech, and freedom of the individual. So they migrated to an uncivilized land inhabited only by savages. The rock where they landed was to become a national shrine - and one of the most famous monuments in the world.

They drove off the natives, built rude shelters and houses of worship, meanwhile setting aside a special day to give thanks.

These pilgrims - all stern, austere men - believed in their God, but they also believed in work. They established schools under religious leaders that, in a way, became the first public, free education in the world.

Through hard labor they forged a colony while the rest of the world chuckled.

But the pilgrims persevered. Intolerant of wrongdoing, they used gallows to punish criminals. In their day-to-day activities they had no patience for the weak and degenerate, who, if pampered, became the cancer of the nation.

Shortly, these pilgrims engaged in trade and commerce as their community grew. In the process, they became moderately prosperous.

Other colonists came and established other communities. And some of the novel words ever written began to surface. Facades of our modern government buildings bear some of the legends written back then: "liberty," "justice," "freedom of worship."

Then one of the oldest nations sent tax agents to exploit the colonists. Alarmed, the colonists sent their greatest men as representatives to a general assembly, choosing a gentleman farmer as their leader. He united them and shook off the shackles of oppression as they won the fight against the "old world" and became a strong nation. That farmer is known as the "father of his country." Today, a famous U.S. city is named after him.

The new nation formed two houses of government. The more powerful was the Senate, whose members could be elected only if they were men of probity (integrity), honor, patriotism, and religion. The nation became a republic, though it is a republic no longer.

Ultimately, a civil war divided the fledgling country. Its leader, who tried to keep the republic united, was assassinated in the shadow of government buildings.

Eventually, many of the nation's senators became ambitious for power. They began to make deals with leaders of important factions.

And the republic now became entangled in alliances with foreign nations. The alliances brought wars; the wars brought taxes. But the citizens

didn't seem to mind. War, after all, also increased trade and industry. And, besides, the new taxes affected only the rich.

The farmers rebelled, sending petitions for subsidies, price support. The government, wanting support for its own schemes, bought up the surplus crops and stored them in warehouses, where they rotted. Not to be outdone, industrialists were next to ask for tax benefits.

Finally, the government became all powerful. It guaranteed to protect the people from all forces of nature. And taxation grew and grew. Bureaucracy thrived as free housing, free food, free entertainment came next. The middle class declined under the added tax burdens. And crime became so commonplace that it was dangerous to walk the street at night.

A crippled man led the nation into more wars and foreign entanglements. Patriots became known as radicals.

A general, who had been victimized by the government, pleaded with the nation to remember her past, to return to honor, to decent government, to the principles of the founding fathers. The people scoffed, and he died bitterly thinking his anguished thoughts.

An honest senator dared to speak out for a halt to foreign subversion and to constant foreign aid and draining away from the people's money. The public at large recoiled, branding him a reactionary.

The nation fell deeper into debt. It joined a league of the world with enemies that exploited her. She increased taxes to send her wheat to those enemies. And she devalued her currency, substituting base materials for precious metals in her coins.

She became allied with powerful barbarians in still another stupid war. She sent "experts" to school the barbarians in the latest scientific discoveries.

The nation was now totally corrupt. Its middle class was finally dead. The barbarians moved in...and took over. And they destroyed the civilization.

That nation's name? Ancient Rome. The pilgrim's rock - Foundation of the Temple of Jupiter.

The gentleman farmer - Cincinnati. The assassinated leader - Julius Caesar.

The crippled leader - Caligula. The general - Marc Antony. The honest senator - Cicero.

Table with columns for station (TBS, KTXT, WGN, KCBD, KLBK, KAMC, KJTV, HBO, SHOW, ESPN) and time slots (6 AM, 7 AM, 8 AM, 9 AM, 10 AM, 11 AM, 12 PM, 1 PM, 2 PM, 3 PM, 4 PM, 5 PM).

THURSDAY

JUNE 8

Table with columns for station and time slots (6 PM, 7 PM, 8 PM, 9 PM, 10 PM, 11 PM).

MORNING
9:05 (3) \*\*\* 1/2 Strange Bedfellows (1964, Comedy) Rock Hudson, Gina Lollobrigida. A business executive tries to reconcile his marriage for image's sake.

EVENING
7:00 (3) \*\*\* Sweet Liberty (1986, Comedy) Alan Alda, Michael Caine. A respected book falls prey to the Hollywood movie making machinery.

11:05 (3) \*\*\* 1/2 Invasion Of The Body Snatchers (1956, Science Fiction) Kevin McCarthy, Dana Wynter. Alien duplicates hatched from pods attempt to take over a small town.

FRIDAY

JUNE 9

Table with columns for station and time slots (6 PM, 7 PM, 8 PM, 9 PM, 10 PM, 11 PM).

MORNING
9:05 (3) \*\*\* 1/2 Strange Bedfellows (1964, Comedy) Rock Hudson, Gina Lollobrigida. A business executive tries to reconcile his marriage for image's sake.

EVENING
7:00 (3) \*\*\* Sweet Liberty (1986, Comedy) Alan Alda, Michael Caine. A respected book falls prey to the Hollywood movie making machinery.

11:05 (3) \*\*\* 1/2 Invasion Of The Body Snatchers (1956, Science Fiction) Kevin McCarthy, Dana Wynter. Alien duplicates hatched from pods attempt to take over a small town.

FRIDAY

JUNE 9

Table with columns for station and time slots (6 PM, 7 PM, 8 PM, 9 PM, 10 PM, 11 PM).

MORNING
9:05 (3) \*\*\* 1/2 Strange Bedfellows (1964, Comedy) Rock Hudson, Gina Lollobrigida. A business executive tries to reconcile his marriage for image's sake.

EVENING
7:00 (3) \*\*\* Sweet Liberty (1986, Comedy) Alan Alda, Michael Caine. A respected book falls prey to the Hollywood movie making machinery.

11:05 (3) \*\*\* 1/2 Invasion Of The Body Snatchers (1956, Science Fiction) Kevin McCarthy, Dana Wynter. Alien duplicates hatched from pods attempt to take over a small town.

SATURDAY

JUNE 10

Table with columns for station and time slots (6 AM, 7 AM, 8 AM, 9 AM, 10 AM, 11 AM, 12 PM, 1 PM, 2 PM, 3 PM, 4 PM, 5 PM).

MORNING
5:00 (3) Stunts Unlimited (1980, Adventure Drama) Glenn Corbett, Susanna Dalton. Agent ventures three top stunt people because of their talents.

EVENING
7:00 (3) \*\*\* The Domino Principle (1977, Mystery Drama) Gene Hackman, Candice Bergen. Two prisoners are offered release by a powerful organization.

11:05 (3) \*\*\* 1/2 Invasion Of The Body Snatchers (1956, Science Fiction) Kevin McCarthy, Dana Wynter. Alien duplicates hatched from pods attempt to take over a small town.

SUNDAY

JUNE 11

Table with columns for station and time slots (6 AM, 7 AM, 8 AM, 9 AM, 10 AM, 11 AM, 12 PM, 1 PM, 2 PM, 3 PM, 4 PM, 5 PM).

MORNING

5:00 (3) Dukes Of Hazard (1981, Adventure Drama) Colton, Eric. U.S. Cavalry attempts to stop Apache raids.

EVENING

6:00 (3) \*\*\* Thunder Bay (1953, Drama Adventure) James Stewart, Joanne Dru. Oil drillers and shrimp fishermen feud off the Louisiana coast.

MONDAY

JUNE 12

Table with columns for station and time slots (6 PM, 7 PM, 8 PM, 9 PM, 10 PM, 11 PM).

MORNING

9:05 (3) \*\*\* Rio Grande (1950, Adventure Drama) John Wayne, Maureen O'Hara. U.S. Cavalry attempts to stop Apache raids.

EVENING

6:00 (3) \*\*\* Thunder Bay (1953, Drama Adventure) James Stewart, Joanne Dru. Oil drillers and shrimp fishermen feud off the Louisiana coast.

MONDAY

JUNE 12

Table with columns for station and time slots (6 PM, 7 PM, 8 PM, 9 PM, 10 PM, 11 PM).

MORNING

9:05 (3) \*\*\* Rio Grande (1950, Adventure Drama) John Wayne, Maureen O'Hara. U.S. Cavalry attempts to stop Apache raids.

EVENING

6:00 (3) \*\*\* Thunder Bay (1953, Drama Adventure) James Stewart, Joanne Dru. Oil drillers and shrimp fishermen feud off the Louisiana coast.

WEDNESDAY

JUNE 14

Table with columns for station and time slots (6 PM, 7 PM, 8 PM, 9 PM, 10 PM, 11 PM).

MORNING

9:05 (3) \*\*\* Rio Grande (1950, Adventure Drama) John Wayne, Maureen O'Hara. U.S. Cavalry attempts to stop Apache raids.

EVENING

## 1989 field day set June 13 at Tech

Area ranchers can learn about range land improvements and wildlife and pond management techniques at Field Day 1989, an event sponsored by the department of range and wildlife management at Texas Tech University.

The field day will ve from 8:00 a.m. to 3:00 p.m. June 13 at the Texas Tech Experimental Ranch, two miles southwest of Justiceburg on Highway 84.

The purpose of the field day is to address ranching needs and problems in West Texas. Participants will visit the research sites on the ranch, and faculty from the department of range and wildlife management will share their research findings.

Topics covered will include: Pond Management, presented by Hal Schramm, assistant professor of range and wildlife management; Range Burning, presented by Henry Wright, chairperson of the range and wildlife management department; Quail Management, presented by Loren Smith,

assistant professor of range and wildlife management; Update on the U.S. Fish and Wildlife Service and the Texas Parks and Wildlife Department (TPWD), presented by Harvey Miller, biologist, TPWD; and Marketing Wildlife, presented by Steve Demaris, re-

search scientist in the department of range and wildlife management.

For further information, contact the department of range and wildlife management, College of Agricultural Sciences, Texas Tech university, Lubbock, Texas 79409 or call (806) 742-2841.

### COWPOKES

By Ace Reid

"Jake, did you pull the winders down?"

## Now is time to control bagworms

Bagworms are one of the major pests of junipers and other trees and shrubs in Texas. Spring hatch began in early May on the South Plains this year. Hatching is usually completed in about three weeks. Insecticide control is most effective in late May and early June when the bagworms are small.

In the spring, bagworm larvae emerge from hatching eggs inside last year's bags and begin feeding on leaves. They soon begin to construct their own protective bag of silk, twigs and leaves, making them camouflaged and hard to see. As the larvae and their bags continue to grow, control becomes more difficult.

Bagworms feed throughout the summer months, building their bags until the bags are about 1 1/2 inches long. In the fall, the bagworms become adults, mate and the females lay eggs inside their bags. They then overwinter in these bags in trees and shrubs. Each overwintering female bag on a tree contains from 500 to 1500 eggs.

Since the bagworm only completes one generation a year and spreads very slowly from plant to plant, picking the bags off infested plants in the winter will help a lot toward controlling this pest. But if bagworms were present on the plant last year and control measures were not applied, chances are very good that an insecticide will be needed this spring.

Insecticides which can be used to control bagworms include sevin, dursban, diazinon, malathion, dylox and orthene. The biological insecticide *Bacillus thuringiensis* can also be used. To obtain effective control, thorough coverage of the foliage is important. The addition of a small amount of liquid soap or surfactant to the spray solution will improve control because it helps adhere the insecticide to the treated trees and shrubs. Always read and follow label instructions when applying insecticides.

## Texas remains in second place based on '88 agricultural receipts

Texas' gross 1988 agricultural income advanced moderately over the previous year, with farm and ranch cash receipts totaling about \$10.95 billion.

Dr. Carl G. Anderson, an economist with the Texas Agricultural Extension Service, said these receipts are expected to keep Texas in second place behind California among all states based on 1988 farm receipts.

He said that farming and ranching in Texas, when compared to most other states, continues favorable.

"Texas ranks first in sales of cattle and calves, sheep and wool, goats and mohair, cotton, value of farm real estate, number of farms and ranches, and farm and ranch land," Anderson said.

He said that although the drought changed the 1988 income picture somewhat, crop sales last year increased sharply with livestock receipts also posting a sizable gain.

"Government payments also remained large, but farm expenses increased slightly to hold net income in line with the improved 1987 levels," Anderson said.

He said other factors influencing last

year's cash receipts were a marked increase in grain prices and a large cotton crop that boosted overall crop sales substantially.

"In addition, higher cattle, broiler and wool prices and strong dairy and poultry marketings increased livestock sales somewhat. Receipts from nursery plants, eggs, sheep, aquaculture and outdoor recreation slowed, while income from hunting leases and horses edged upward," Anderson said.

He said farm assets in Texas, including land, buildings, machinery, crops

and livestock on hand, and farm financial assets, total about \$78 billion, down from a peak \$108 billion in 1984.

Anderson said the state currently has 156,000 farms that average 846 acres.

Looking ahead, Anderson said that 1989 farm income for Texas is expected to slow somewhat.

"The brightest 1989 spot for farmers and ranchers is expected to be beef cattle operations, and since cattle make up about 45 percent of Texas agriculture, the benefits from favorable cattle sales should reach into most of the state," he

said.

The economist predicted that beef will continue to face stiff competition from large pork and poultry supplies, however. Broiler firms are continuing to increase production and dairy output also is expected to show continued expansion.

On the crop side, Anderson said the 1989 wheat crop has been severely reduced by adverse weather. With increased acreage of corn, sorghum, rice and cotton, prices for these crops likely will be somewhat lower than harvest.

justify treatment if there is visible damage and there are greenbugs on the plant.

"In the six inch boot stage if we see greenbug colonies causing red spotting on the leaves we need to treat before any of the leaves are killed."

"In the next two stages we wait to see the death of the leaves," Patrick continues. "In the boot to heading stage, we treat at the death of one functional leaf, while in the heading to hard dough stage, we treat when the number of greenbugs is large enough to cause death to two functional leaves. These two stages are where we see 90 percent of our greenbug damage occurring."

#### Choose a Safe, Effective Product

"Most growers will treat their sorghum acres aerially," Patrick says. "Usually they will use one of two insecticide products, LORSBAN\* 4E insecticide or ethyl parathion."

"Several years ago parathion was a standard, but it's not any more," Campbell says. "Its re-entry time is too long. A lot of our sorghum is grown for seed and we can't wait for seven days to get back into the field for roging."

"LORSBAN is well-accepted among growers and it does an excellent job of controlling greenbugs. In my own opinion, LORSBAN is a better insecticide product for applicators, consultants and growers," concludes Campbell.

Controlling greenbug populations by monitoring acreages and applying insecticide at economic threshold is a key management strategy for reducing fixed costs and yield losses this year.

## Cotton insect hotline established

An expanded Cotton Insect Hotline, a 24-hour service that provides timely information on insect populations, movements and control recommendations, is in place in five cotton producing states this year. Made possible by a grant from Nor-Am Chemical Company to The Cotton Foundation, the service is managed by the National Cotton Council and updated by state Extension entomologists.

Data gathered from monitoring fields in Alabama, Florida, Georgia, Mississippi and Texas is made available on the hotline as part of the Extension Service's integrated pest management program. The hotline is being offered in Florida and Texas for the first time this year. More than 5,500 calls were made to the service in the other states last year.

The toll-free number and the Extension specialist providing the update in each state are: Alabama, 1-800-458-3738, Dr. Ron Smith, Auburn University; Georgia, 1-800-228-8389, Dr. Bill Lambert, University of Georgia;

Florida, 1-800-654-8488, Dr. Dick Sporenkel, University of Florida; Mississippi, 1-800-445-4931, Dr. Bob Head, Mississippi State University; and Texas, 1-800-544-6768, Dr. Ray Huffman, Texas A&M University.

## Safety with shop tools

Every job involving hand or power tools can be accident free if safety guidelines are followed.

\* Use the correct tool for the job. Don't use a tool for work it wasn't designed to do.

\* Wear appropriate personal protective equipment and clothing with no loose ends to catch in moving parts.

\* Use and maintain electrically powered tools according to their instruction manual. Make sure they are properly grounded.

\* Keep tools away from young children. Unplug, lock out, or otherwise protect switches so children can't start tools.

### DUNN'S FISH FARM

Now is the time for Spring Stocking Hybrid Bluegill, Florida Hybrid Bass, Channel Catfish, Fathead Minnows.

The Hybrid Bluegill will REACH the weight of 2-1/2 to 3 lbs.

Supplies - Fish Feeders - Turtle Traps - Liquid Fertilizer, Commercial Fish Cages - Bug-Light Feeders.

Delivery will be Wednesday, June 14 at the times listed for the following towns and locations.

Roaring Springs - Strafford Farm Store... 8:00-9:00 a.m. . . 348-7271  
Floydada - Producers Cooperative Elevator. 10:00-11:00 a.m. 983-2821  
Ralls - Crosby County Fuel Association. . . . 12:00-1:00 p.m. . . 253-2518  
Spur - Farmers Cooperative Gin & Supply. . . 2:00 - 3:00 p.m. 271-3391  
Jayton - Farmers Cooperative Society #1 . . . 4:00 - 5:00 p.m. 237-9922

# Precautions may stop garage door deaths

Citing the deaths of 36 children trapped under automatic garage doors since 1982, government safety experts are warning parents to take steps to prevent children from operating the garage doors.

According to the U.S. Consumer Product Safety Commission, the children who died were between the ages of 2 and 14, and some of them were believed to have been playing "the garage door game" when the accident occurred. In the game, children activate the control for the raised garage door, then dart under as it closes. The children died when they were pinned under the doors. CPSC urged parents to keep remote

control door opening devices secured in the car's glove compartment at all times. Wall-mounted push-button controls should be relocated so they are inaccessible to children. Prohibiting youngsters from playing in the garage is also recommended.

Homeowners, particularly parents and grandparents, should replace any garage door opener that does not have an automatic reverse function. Homeowners should install an opener equipped with an automatic reversing feature that had been certified as meeting the 1982 industry standard (Underwriters Laboratories 325 standard for door, drapery, gate, louver, and window operators and

systems).

Homeowners having a garage door opener should test the automatic reverse feature every 30 days according to instructions in the owner's manual. A

two-inch wooden block can be placed on the floor in the path of the descending door; if the door doesn't reverse on striking the block, the opener should be repaired or replaced with one certified as meeting the 1982 standard.

## Area students named to honor lists

from Floydada are among 335 students named to the Dean's Honor List for the 1989 semester at South Plains College.

To be selected for the Dean's Honor List students must maintain a minimum 3.25 grade point average while carrying

a minimum 12 semester hours. An additional 142 students were named to the President's Honor List, maintaining a 4.0 or straight A grade point average.

Named to the SPC Dean's Honor List are James Edwards, Daniel Medrano, David Medrano and Tommie Pearson.

"We are very proud of these students because of their outstanding scholastic excellence at SPC," said Dr. Orlo Sundre, vice president for academic affairs. "They have proved themselves to be successful college students."

## --Letter to The Editor--

In our recent city election, it was manifested once again, that when people don't get out and vote, we can lose good, hardworking, honest candidates. We did lose a good, hard-working, honest, city councilwoman in that election.

How many times has history proven that one vote or a few votes can make a difference in an election? Yet, we Americans pass this opportunity up, maybe with good intentions to go and vote, but never did get to the polls. Our vote does make a difference.

There were, to say the least, a few irregularities in the election. I heard of harassment and intimidation to the elderly people.

There were some people who had reg-

istered in this Precinct, but over a period of time, they had moved to another Precinct. They came and voted and said they lived in that certain Precinct.

On the other hand, there were two ladies that live in this Precinct that were not allowed to vote.

I'll be the first to admit that I know very little about elections but I am willing to learn.

There are many of us that would like some answers on these little "happenings." Would someone care to educate and enlighten us on these questions we have in regard to this election?

I also understand that the list of people that votes was demanded and received.

Why would anyone want a list of the people that voted and people who

didn't? Why?

Let's get informed and get involved in our city and state and national elections. Let's find out why people who live in a certain Precinct can't vote, and why people who don't live in this Precinct, but anticipate living here can vote. What's going on?

Voting is one of our precious privileges we still have, let's experience that privilege next election.

Food for thought - -

Instead of Gerald Ford and Jimmy Carter going down to Panama to monitor that country's election, maybe they'll come to Floydada and monitor our next election.

Sincerely,  
Joyce Lipham

## Obituaries

### THOMAS LESLIE FAWVER

Funeral services for Thomas Leslie Fawver, 71, of Floydada were at 3 p.m. Saturday, June 3, in the First United Methodist Church with the Rev. Bill Wright, pastor, officiating. Interment was in Floyd County Memorial Park.

He died Thursday, June 1, in the V.A. Hospital in Amarillo.

Mr. Fawver was born on August 19, 1917 in Floyd County. He and Jonelle Burke were married on June 2, 1946 in Floydada. He attended Lakeview and Campbell schools. He was a retired farmer.

He served in the Army during World War II and was a member of the Disabled American Veterans and the Veterans of Foreign Wars.

He was a Methodist.

Survivors include his wife, Jonelle Fawver; two daughters, Eilene Francis of Dallas and Gayle Ferguson of Lubbock; one son, Larry Fawver of Lubbock; his mother, Flora Fawver of Lubbock; one sister, Evelyn Golightly of Clovis, N.M.; one brother, Carlton Fawver of Floydada; and four grandchildren.

Pallbearers were Clinton Fawver, Terry Hall, Bob Golightly, Hulon Carthel, Kerry Tye and Randy Calahan. The family suggests memorials be

made to the American Cancer Society or the Ronald McDonald House in Amarillo.

### BETTY JEAN SCHMITT

Funeral services for Betty Jean Schmitt, 61, of Rialto, California, were held Thursday, May 25, in Colton, California. Burial was in the Montecito Memorial Park.

She died Monday, May 22, following a lengthy illness.

She was born Betty Jean Spence on June 9, 1928, in Floyd County. She married Omar John "Johnny" Schmitt on June 16, 1945.

Survivors include her husband; two sons, Jim Schmitt of Rialto, California and Terry Schmitt of Twin Peaks, California; two sisters, Doris Huckabee of Floydada and Inez Crosthwait of Lubbock; and five grandchildren.

She was preceded in death by two brothers, Dennis Spence and Donovan Spence, and one sister, Opal Noland.

To all customers of Southwestern Bell Telephone Company:

## Public Notice

On May 10, 1989, Southwestern Bell Telephone Company filed with the Public Utility Commission of Texas several proposed changes in its Access Service Tariff. These proposals include (a) elimination of reseller credits except in cases where the underlying interexchange carrier pays carrier common line (CCL) and interexchange carrier access charge (ICAC) charges in connection with the service being resold; (b) reduction of the ICAC charge; and (c) elimination, in measured central offices, of flat rated Feature Group A and Feature Group B access service. The application is filed in Docket No. 8585, **Inquiry of the General Counsel into the Reasonableness of the Rates and Services of Southwestern Bell Telephone Company**, and Docket No. 8218, **Inquiry of the General Counsel into the WATS Prorate Credit**.

The public may intervene or participate in this matter but is not required to do so. Anyone who wishes to intervene in this proceeding or comment on the relief sought by Southwestern Bell Telephone Company should contact the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757 or call the Public Utility Commission Information Office at (512) 458-0223 or (512) 458-0221, teletypewriter for the deaf. The hearing on the merits in this case has been set for August 3, 1989 at 10:00 a.m. at the above address.

## PUBLIC NOTICES

### NOTICE TO BIDDERS

Floydada Independent School District is now receiving bids for the heating/air conditioning of A. B. Duncan Elementary, R. C. Andrews Elementary, Junior High School, and High School.

The project will be accomplished by using gas furnaces and electric air conditioner units.

For information and specifications contact Jimmie Collins, 226 West California Street, Floydada, Texas, 79235. Phone 806-983-5167.

The bids will be opened at the Central Office Board Room, 226 West California Street, Floydada, Texas, at 7:00 p.m. June 12, 1989. All bids must be in a sealed envelope marked Heating/Air Conditioner Bid, and received no later than 7:00 p.m. June 12, 1989.

Floydada Independent School District reserves the right to reject any or all bids to waive any formalities therein.

6-8c

### NOTICE

In accordance with the requirements of the Interstate Commerce Act, Burlington Northern Railroad Company hereby gives notice that it has amended its System Diagram Map, effective June 1, 1989, and publishes the following excerpt from the Amended System Diagram Map showing affected line(s) of railroad identified by line index numbers in the specified county(ies).

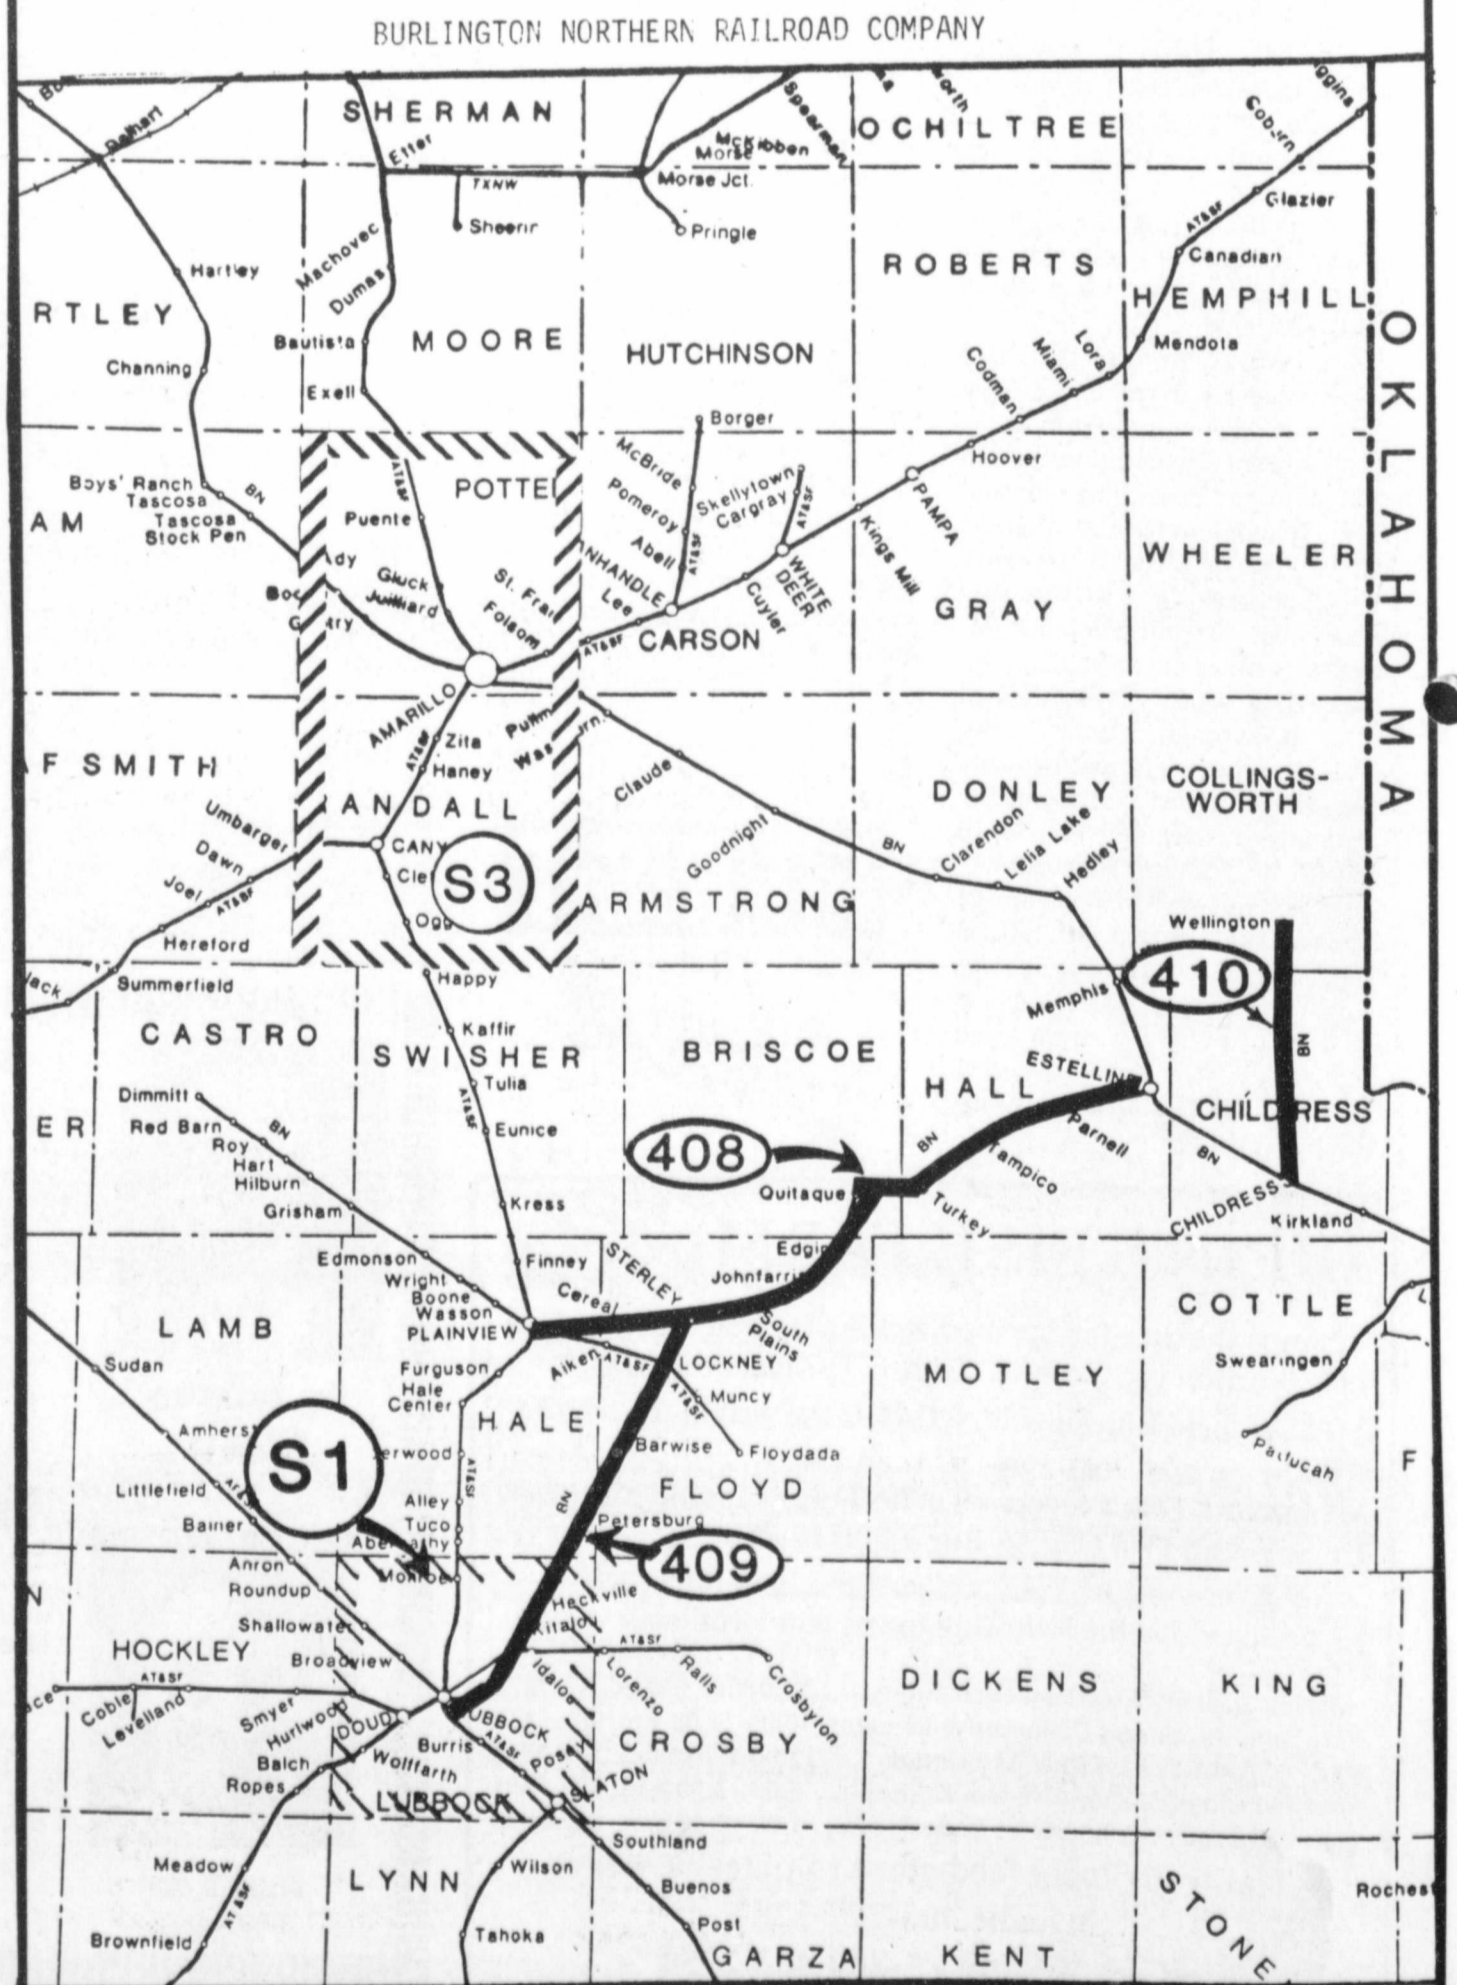

Line or portion of line which BN anticipates will be the subject of an abandonment or discontinuance application within three years of June 1, 1989 (Category 1).

Line Index No. 408 Estelline (MP 237.05) to Plainview (MP 320.00); Hall, Briscoe, Floyd, and Hale Counties, Texas; 82.95 miles; Stations and Milepost Locations: Tampico-258.6, Turkey-268.9, Quitaque-279.2, Edgin-285.0, South Plains-301.3, Sterley-306.4, Cereal-314.0.

Line Index No. 409 Sterley (MP 306.17) to Lubbock (MP 355.00); Floyd, Hale, and Lubbock Counties, Texas; 48.83 miles; Stations and Milepost Locations: Lockney-313.1, Barwise-323.5, Petersburg-332.7, Heckville-341.8, Kitauou-349.6.

BN MAP NO. TX:43-1

Copies of the above map and other individual line maps in black and white are available upon request. Also, a booklet containing black and white maps of the entire BN system diagram map is available as is a color-coded map of the entire BN system. Maps may be obtained by addressing a request to Mr. Richard A. Batie, Manager Short Line Sales/Marketing, Burlington Northern Railroad Company, 3700 Continental Plaza, 777 Main Street, Fort Worth, Texas 76102.
