Floydada begins Clean Up, Fix Up campaign in Oct.

This week every Floydada business firm, property owners, and Chamber of Commerce members will be receiving a letter from the Floydada Chamber of Commerce.

The letter will encourage businessmen and women to clean-up, fix-up, and paint-up their property in anticipation for all "the company Floydada will be receiving" in their centennial year, 1990.

The letter states, "We know that we are going to have company next year. Lots of it. From the very first day of 1990 until the last day of December we know that we are going to have guests to help us celebrate the Centennial Year of Floyd County Texas, 1890-1990."

Since the Centennial Committee of the county is working to see that at least one major event will take place in the county each month during 1990, the City of Floydada and the Chamber of Commerce, want us all to look nice. To accomplish that goal the Floydada Chamber of Commerce and the City of Floydada are sponsoring a three month clean-up campaign. The campaign kicks off in October and will continue on into December.

"Of course we will want everyone to keep it looking that way through next year," said Olin Watson, the head of Floydada's Centennial Event committee.

The letter asks everyone to take a moment and check out your property. "Step outside your business building. Go across the street. Ask yourself - Do you need a new storefront? Do you need paint and repair work on your business building? Are your curbs and sidewalks falling to pieces? Do you need a new sign? Do you have weeds in your sidewalks and alleys? Does your store need new carpet?"

The chamber and city are urging people to call their paint and repair man and get busy on their clean-up projects. The year of 1990 will be filled with fairs, reunions, rodeos, athletic events, shows, concerts, and much more. The city wants everyone to be ready for company.

"The town looks better than it ever has," said Watson "and it should continue to look its best. Now is the time to clean up."

If anyone is in doubt about whose responsibility the weed cleaning is, the city office clears up the problem. According to City Manager Gary Brown, "All weeds in the cracks of the sidewalks in front of businesses should be controlled by the property owner. Weeds in the alley should also be mowed or killed by the property owner. Sidewalks and curbs in front of businesses also should be repaired at the cost of the property owner."

The clean-up committee members point out that the five worst buildings in town are owned by out of town people. "They need to look at their buildings and paint them and repair them," said the members.

Lion's Club pancake supper Friday night at junior high.

First annual Punkin Day races planned

Start your stretches, dust off your tennis shoes, and grease up your stroller wheels. It's time to get ready for the first annual Floydada Punkin Day 5-K, Fun Run and Stroller Race.

The race, which will be held Saturday morning October 28, is open to the serious minded runner and the "I don't care when I get there runner."

The 5K race will start off the day of Punkin Day activities, at 10:00 a.m. The entry fee per person is \$10.00, which includes a Pumpkin Capital U.S.A. T-shirt for each participant. Racers are encouraged to pre-register by October 20 so the chamber can fit you with the right size T-shirt.

5K runners will be divided into three

JESSE SUAREZ (center) checked out of the hospital on Friday (following knee surgery) just in time to arrive in Lockney to help cheer the Whirlwinds on to the Floyd County Championship. Pictured with Jesse and the trophy are: (l-r) Jamie Suarez, Larry Galvan, Freddie Portee, Ronnie Benjamin and Joe Cisneros. The Whirlwinds defeated their long-time county rivals, the Lockney Longhorns 27-6.

Rural Rail Transportation District fights to save railroad

County commissioner, Connie Bearden, the Floydada representative on the South Plains Rural Rail Transportation District, voted Thursday along with all the other members, to pursue the purchase of Santa Fe Railway's financially troubled Lubbock Cluster.

The railroad district - made up of representatives of eight South Plains counties - was formed two years ago. It has no taxing authority but can issue revenue bonds or seek donations to raise money.

To gain bargaining power, the District has hired a Dallas-based financial investor to help prepare an offer and try to sell up to \$2 million in revenue bonds to interested shippers to pay for track rehabilitation.

According to a Lubbock Avalanche-Journal story in the September 22 issue, according to Michael S. Levinson, managing director of Innovative Financial Services Inc. of Dallas, the success of the bond sale will determine the strength of an offer to Santa Fe by the district, which hopes to do an installment purchase deal payable through revenues earned in the operation of the cluster.

The 224-mile cluster includes lines from Lubbock to Brownfield-Seagraves, Levelland-Whiteface, Floydada, Crosbyton and Lamesa.

The AJ story, by Jim Barlow, states that according to District members, a purchase, including the bond sale, is expected to cost an estimated \$8 million to \$10 million. Levinson's company would earn 1 percent of the total cost, but it would be paid only if a purchase is arranged with the railroad, according to Levinson's contract with the district.

Charles C. DeWeese, president of DeWeese Crawford and Associates of Dallas, who was hired by the district

earlier this year as a consultant and retained Thursday to negotiate with Santa Fe, said he expects the railroad to file abandonment procedures on the Lamesa, Floydada and Crosbyton lines by the end of the year.

Santa Fe, which is struggling with \$1.4 billion in debt and a \$1 billion in litigation, has had the cluster on the market for two years.

According to DeWeese, the railroad lost approximately \$4.8 million on the cluster last year.

Because of the condition of the track in Crosbyton and the lack of traffic and shippers, DeWeese and district members indicated that if a deal is made, the Crosbyton line likely would be abandoned rather than rehabilitated.

According to Tim Pierce, director of economic development for the South Plains Association of Governments, in the last month shippers on the Brownfield-Seagraves, Lamesa and Floydada lines have verbally committed to buying the revenue bonds, which would earn them interest and assure continued rail service.

However he also said that shippers along the Levelland-Whiteface line have expressed skepticism toward the revenue-bond.

Levinson is quoted in the AJ story as saying, "Santa Fe will want to see a commitment from shippers. It will want to see a demonstration that the customers and shippers - the communities involved - are behind this 100 percent before agreeing to a conditional sale" that is contingent on future revenues.

Based on closed-door discussions with shippers and district members, Levinson was quoted as saying, "I can say in principle that the shippers are there."

According to DeWeese the cluster has

will also get a T-shirt. If you want to be sure and get the correct size T-shirt, you must register by October 20.

Registration will be taken on the day of the race, but you can't be guaranteed the correct size of shirt. If you haven't pre-registered you must be at the race sight by 9:00 a.m. on October 28 to register. If you have pre-registered please arrive 30 minutes prior to the race you will be running in.

The race will start at the S.E. corner of the courthouse, on Wall Street. The awards ceremony will be held at the end of the Fun Run and the rest of the days activities will begin.

Anyone interested in entering any of the races should contact Julianne Cornelius at 983-2982.

a potential business value of \$3 million, but \$5.3 million in rehabilitation is needed to improve the lines to allow for 25 mph traffic.

City Council supports Proposition #3

Members of the Floydada City Council approved a resolution in support of Proposition 3 on the November special election ballot. Mayor Parnell Powell told the group that he recommended supporting the proposition after attending a workshop and informational meeting on the subject recently.

Powell informed those in attendance at the Tuesday noon meeting that the purpose of the proposition was to allow for the issuance and sale of general obligation bonds to fund finance and marketing initiatives within the state to help farmers, ranchers and rural residents develop enterprises. These enterprises should produce an additional billion dollars in agricultural and rural sales and create approximately 30,000 new jobs in the next four years according to Powell.

Floydada council members approved the resolution with councilman Leroy Burns voting in opposition. He stated that a number of the enterprises funded this way would probably be bad investments and not last long, thus costing taxpayers money to repay the bonds in the coming years.

The council also approved changing the current employee group hospital insurance plan to a \$300 deductible plan. This will minimize the amount of the premium increase the city must pay for employee coverage. Current group coverage is provided by an insurance carrier through the auspices of the Texas Municipal League. The league has rejected all bids for coverage from insurance carriers due to much higher premiums and elected to offer self coverage with a co-insurer for major claims above a set figure. This method of insurance will allow the city to pay lower premiums than would be needed for the same coverage from an insurance carrier while maintaining the level of coverage offered to employees and their families.

City manager Gary Brown reported on a series of meetings with the West Texas Municipal Power Agency. Brown and councilman Wayne Russell have been representing Floydada at meetings to attempt to negotiate a new power contract with Southwestern Public Service. Using the bargaining power of four cities (Lubbock, Brownfield, Tulia and Floydada) who purchase electricity from SPS, the group has arrived at

County attorney Kenneth Bain submits resignation

County Judge Bill Hardin informed members of the Floyd County Commissioners Court that county attorney Kenneth Bain had tendered his resignation effective October 18 during a special session on Tuesday, September 26. Bain has been the county counsel for the past thirty-eight years and did not give a specific reason in the letter of resignation he submitted to Judge Hardin.

Judge Hardin noted that the court "could not operate long without the services of a county attorney." He expressed the belief that it could cause a backlog in county court proceedings and would mean that persons arrested and jailed would be forced to wait in jail for trial longer if no county attorney was available.

The court has the option of appointing a county attorney pro tem (an attorney to serve the post on a part-time basis) or to appoint a replacement for Bain who would then have to stand for election in order to retain the post. Hardin also pointed out that there is a very limited field of attorneys in Floyd County and that a replacement being appointed county attorney would have to live in Floyd County. A pro tem appointee would not have to live in the county.

The county has one additional alternative and that is to request an act of the state legislature making the district attorney a criminal district attorney who can then serve both as district attorney and county attorney. With the district attorney handling cases in four counties,

this is an unlikely solution at present.

Farm work contracts were approved for Jerry A. Cawley of Precinct 3 (repairing washes 8 miles east of Cedar Hill), Jim Byrd of Precinct 2 (clean up old improvements 10 miles north of Lockney and 1 mile east of Lone Star) and W. R. Ware of Precinct 3 (work ranch roads 11 miles north and 12 miles east of Floydada).

The court also approved budget amendments transferring funds between accounts to fund final expenditures for the current fiscal year. A new year begins October 1.

Renewal of the annual contract with the Lubbock County Youth Center was approved by the court during the morning meeting. Floyd county pays 55% (\$8,732.50) of the cost of one space at the facility for the detention of juvenile offenders. The cost and the space is shared with Briscoe, Dickens and Motley Counties and assures each of a place for detention of such offenders should the need arise.

During the past year Floyd County has had a juvenile at the facility for 255 to 260 days, at times having two in custody there at the same time. Daily cost of using a space at the facility is \$50.00 if the use is not covered by an annual contract.

Attending the session were Judge Hardin, commissioners Connie Bearden, Floyd Jackson, George Taylor and Kay Crabtree, treasurer Glenna Orman and the Hesperian reporter.

a tentative agreement which might mean a savings of up to 11 percent on the city power supply for each.

Brown stated, "We feel like there has been some positive forward movement on the part of SPS."

This tentative agreement does not effect the pending rate cases the city is involved in which dispute the cost of charges made by SPS in previous years.

These cases are still being considered by the Federal Energy Regulatory Commission.

Attending the meeting were Mayor Powell, city manager Gary Brown, Sharon Quisenberry, Randy Hollums, council men Wayne Russell, Frank Breed, Leroy Burns, Amado Morales, Ruben Barrientos and Wayne Tipton and the Hesperian reporter.

House Bill 182 provides service to disabled

Effective September 1, 1989, House Bill 182 provides refueling services to a disabled driver of a vehicle that displays a Disabled Person License plate, validation sticker, or a Disabled Person Identification Card.

These services shall be provided by each person, firm, partnership, association, trustee, or corporation that

operates a gasoline service station, or other facility that offers gasoline or other motor vehicle fuel for sale to the public.

The refueling service for disabled drivers is limited to gasoline and diesel fuel.

WORK MACHINES CAN'T DO--Men are working fast and furious in the pumpkin fields to keep up with the growing demand for Floydada pumpkins. Pumpkin producers are reporting great sales that have started much earlier than normal. Squash, gourds and decorative corn are also selling fast. The fame of Floydada pumpkins is sure to bring in even more visitors for the great October-fest, 'Punkin Days', on October 27-28.

Buddy Lutrick retiring from PCA after 21 years of service

October will mark the end of 21 years of service for Buddy Lutrick at Production Credit Association. Seventeen years of that service has been spent in the Floydada office as the branch office manager.

A retirement coffee will be held on Friday, September 29, at the PCA office, to honor Lutrick and to wish him luck in the future.

Lutrick was born and raised in Abernathy. He spent two years in the Navy during WWII in the South Pacific. In 1948 he married his first wife, "Sandy" (Ida Belle) in Abernathy and they moved to Arizona in 1960 and farmed. "I sold my farm in 1968," said Lutrick. "Then I went to work for PCA in Arizona. I was their field man for the southern half of Arizona for four years and also assistant manager. I came to Floydada in 1972 and took over the position as office manager from Durwood Hart."

Sandy died of cancer in 1982. During the 34 years that Sandy and Buddy were married they had three boys: Terry, Timmy, and Roby. "Terry is 39 now and Timmy is 36," said Lutrick. "They both live in El Paso. Another son, Roby, is 33 and lives in Hale Center. We have seven

grandkids."

Buddy married Barbara, a Crosbyton native, in June 1986. Barbara works for the Citizen's Insurance Company in Crosbyton, and drives back and forth to work everyday from Floydada. "We have no plans of moving," said Lutrick. "Our home is here and we are going to stay."

Barbara has one son, Jamie McNeil, and a daughter Belinda Lambert, both of Crosbyton. Barbara also has four grandchildren. "We have grandkids all over," said Lutrick affectionately.

"I have enjoyed working here," said Lutrick. "I have also enjoyed the position. They've been very good to me. I have really enjoyed the people of Floyd County. Hopefully I've made a lot of friends while I've been here. I feel like I need to step down now and let somebody else take over."

Buddy doesn't have any immediate plans for the future. "I'm really and truly going to retire!"

The reception for Lutrick will be held September 29 from 9 a.m. - 11:00 a.m. at the Production Credit Association office, 105 S. 5th. Everyone in the community is invited to come by and wish him well.

First United Methodist Church sets Harvest Fest

Floydada's First United Methodist Church has set November 4, as the date for its "Harvest Fest". Bob and Martha Lotspeich will once again serve as Co-Chairmen of this annual event which will feature a "Country Store" for arts and crafts, as well as homemade jams, jellies, and baked goods.

An autumn harvest meal featuring turkey will be prepared by volunteers

under the direction of Mr. Bobby Rainer.

Some of the very talented women in the Church have created a beautiful hand-stitched quilt which will be auctioned after the noon meal.

"Harvest Fest" is planned so that the general public can participate in the fun and festivities and also help support mission activities within the Church.

Salvation Army Service Unit fund drive schedules kickoff

The Floydada Service Unit of the Salvation Army is conducting their annual fall fund drive. The First National Bank of Floydada and the F.C.S. Federal Credit Union will be including envelopes with their monthly statements.

The campaign chairman noted that the goal of \$1500.00 will be used to pay for The Salvation Army's services for the less fortunate in this area. "We are confident that our community will support the emergency fund program as generously as in the past," said the campaign chairman.

The committee, composed of business and civic leaders, carries out a year round program of aid to people with emergency needs. Acting on behalf of The Salvation Army, the committee arranges for food, lodging, utilities or other basic necessities that a family or an individual might require in a crisis situation. The Service Unit committee also acts as liaison with The Salvation Army's statewide programs. Some of

these services include summer outings for boys at the Army's Camp Hobbitzelle near Dallas; help for paroled prisoners; and emergency relief in time of natural disaster.

Members of the committee include Monte Williams, chairman; Olin Watson, vice chairman; Martha Lotspeich, treasurer; Sheriff Fred Cardinal, welfare secretary; and directors, James H. Word, J.M. Willson, Lorin Liebfried, Clarence E. Guffee, Kathy Green, Rev. Howell E. Farnsworth, and Rev. William H. Wright.

Senior Citizens Menu

October 2-6

Monday: Meatloaf/creole sauce, mashed potatoes/milk, spinach, whole wheat roll/honey, margarine or butter, pears, milk, beverage choice

Tuesday: Barbecue chicken, baked potatoes, green beans, biscuit, margarine or butter, peach cobbler, milk, beverage choice

Wednesday: Chicken fried steak/gravy, mashed potatoes/milk, broccoli yeast roll, margarine or butter 1/2 banana, milk, beverage choice

Thursday: Mexican beef and macaroni, carrots, lettuce and tomato salad dressing, hot roll, margarine or butter, pineapple chunks, milk, beverage choice

Friday: Baked fish and tartar sauce, lima beans, stewed tomatoes/cROUTONS, cornbread, margarine or butter, chocolate cake/chocolate icing, milk, beverage choice

Obituary

ANDREW MURETT DORSEY

Funeral services for Andrew Murett Dorsey, 77, of Floydada were at 2:30 p.m. Saturday, Sept. 23, in First United Methodist Church with the Rev. Bill Wright, pastor, officiating. Burial was in Floydada Cemetery by Moore-Rose-White Funeral Home.

He died Thursday, Sept. 21, 1989.

Mr. Dorsey, born in Ponder, moved to Floyd County in 1930 from Lubbock. He married Veda Wootton in 1924 at Floydada. He was a farmer and a member of First United Methodist Church.

Survivors include his wife; a sister, Madge West of Floydada; and two brothers, Bowman Dorsey of Lubbock and Vernon Dorsey of Boiling Springs, N.C.

Pallbearers were Leroy Chowning, Newell Parker, Herman Graham, Tommy Assiter, William Bertrand, Orval Newberry and Kearney Edmiston.

The family suggests memorials be made to the Floydada Ambulance Fund Drive or the Methodist Church.

Courtroom Activities

In county court on September 25, Jessie Irales, 24 of Floydada, pled guilty to DWI. She was assessed a fine of \$500.00 plus \$152.50 in court costs. She was also sentenced to 180 days confinement in the county jail which was probated for two years.

Also on September 25, Larry Vasquez Martinez, 28, of Uvalde, pled not guilty to DWI.

Raymond Yannis, 67, of Floyd County, pled guilty on September 25 to DWI. He was fined \$500.00 plus \$142.50 in court costs. He was sentenced to 180 days confinement in the county jail which was probated for two years.

On September 26 Francisco DeLeon pled guilty to his 9-25 charge of reckless conduct. Sentencing is pending.

CLEAN UP

The Floydada Chamber of Commerce and the City of Floydada are sponsoring a Clean-up, Fix-up, Get Ready For Company campaign during October, November and December. Letters are being sent out to all Floydada businesses and Chamber of Commerce members explaining the campaign.

ACCREDITED BY THE AMERICAN COLLEGE OF RADIOLOGY

BREAST CANCER DETECTION UNIT

available to area women!

WEDNESDAY, OCTOBER 11th
 CAPROCK HOSPITAL DISTRICT
 FLOYDADA, TEXAS

CALL 983-2875 for appointment

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently

estimated that 37,000 women die each year as a result of breast cancer.

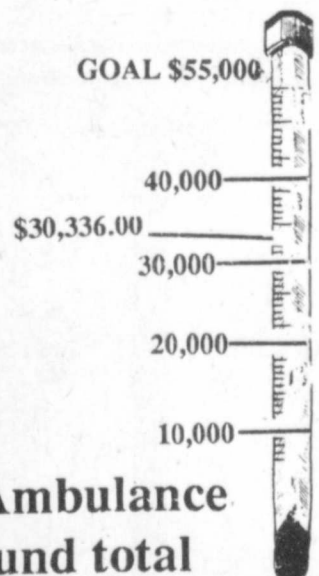

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97 percent five year survival rate and a 90% 10 year survival rate. THE COST IS ONLY \$70.00 - VALUE-CARE or \$75.00 - OTHERS.

A mammogram can detect a cancer this small • even before it can be felt.

ACCIDENT IN CANYON - This one vehicle accident occurred on Wednesday, September 20, just after 4:00 p.m. The driver, Junior DeHoyas, was transported to Caprock Hospital. The accident apparently occurred when the vehicle veered from the northbound lane, crossing the southbound lane mid-way through the canyon. The

pickup then traveled up a dirt embankment before coming to rest on the roadside. The accident was investigated by the Floyd County Sheriff's Department and the DPS. Texas Department of Highways and transportation personnel assisted with traffic control in the area as did the Floydada Police Department. Staff Photo

Anderson wins 3rd round of football contest

Mike Anderson out guessed three other entrants to emerge with the first prize during the third week of the annual Floyd County Hesperian Football Contest. Four entries had four games incorrect this week. The tie breaker score came into play in determining the winners as each entry had selected Floydada to win. Anderson chose a tie breaker score of 35, only two points off of the 33 point actual total. He will be able to pick up his \$10 check on Friday at the Hesperian Office.

Jean Hale claims the second place prize this week with a tie breaker score of 27, six points off the 33 point combined total. She can claim the \$6 check at the Hesperian Office on Friday.

Gene Lowrance earns the third place prize of \$4 with a tie breaker score of 41. Travis Gentry was the fourth entrant missing four games. His tie breaker score was 42, one more than Lowrance's guess and 9 points more than the true score.

Twenty two people fall into the honorable mention category for missing five games. They include Irma Vasquez, Sherry Hale, Joseph Henderson, Kimberly Redden, Lorilla Bradley, Glenda Wilson, Pam Tipton, Kevin Tipton, Randall Griffin, Chad Turner, Sammy Bradley, Suzanne Wyrick, Jared Mosley, Lisa Mosley, Aaron Noland, Brent Sanders, Sarah Sanders, Jack Robertson, Lucio Vasquez, Nick Long, Sheree Cannon, and Carrie Davis.

Eleven persons missed six games, fourteen people misses seven games and eleven missed eight games.

non, Hugh Miller and Nick Long have worked their way up to 51 points.

Suzanne Wyrick now has 50 points and is just slightly ahead of Joseph Henderson, Jack Robertson, Wes Campbell, Jean Hale and Randall Griffin who have 49 points. Two contestants, Susan Simpson and Travis Gentry have 48 points while Sammy Bradley, Kevin Tipton, Carrie Davis, Bob Alldredge and Deneen Marricle now stand at 47 points.

Andy Hale, Pam Tipton, Joy Allen, Amy McCormick, Laura Hale, Ricky Mosley, Gene Lowrance and Johnnie Mosley each have an accumulated total of 46 points. Glenda Wilson, Lucio Vasquez, Clay Simpson, Chad Turner, Aaron Noland and Lisa Mosley have 45.

Franklin Harris, Keith Marricle, Sammy Hale, Robert Redden and Geraldine Gentry have 44 points with Doug Ward and Nicole Mosley at 43.

Kimberly Redden, Roy Saucedo, Duncan Woody and Jared Mosley have 42 points each. Other contestants run the gamut from 41 points to a little as 9 for some who have only submitted one entry. It is important to submit an entry each week to keep your point total moving upward if you are seeking the "Turkey Day" tickets.

Be sure you select a winner in each football and circle your choice on the entry blank grid before clipping it out and depositing it at the Hesperian Office before 5:00 p.m. on Friday.

Make sure you choose a winner in the tie breaker game and estimate the total combined score of both sides in the football before turning in your entry.

continued support makes this contest possible. Let them know you appreciate their efforts.

Floydada police aid in recovery of stolen cars

A report of a stolen car in Floydada last week led to the arrest of one juvenile in Plainview on Saturday morning.

At approximately 6:15 a.m. on September 22, Floydada police received a report of a '82 Buick Riviera stolen from the 700 block of W. Virginia. The license plate of the vehicle was put on the teletype for area law enforcement officers to be on the lookout.

Later in the day, at 6:29 p.m., police then discovered an abandoned '80 Buick in the 100 Block of S. White. Police discovered that this car had been stolen from Plainview earlier in the day.

The next day, September 23, Plainview police spotted the '82 Buick that had been stolen from Floydada. The police gave pursuit and the vehicle stopped, after being involved in an accident while attempting to flee police. One juvenile was apprehended at the scene. Plainview detectives are still investigating the possibility of others being involved.

During the investigation police found that the '80 Buick found abandoned in Floydada and the '82 Buick stolen from Floydada were probably stolen by the same individuals. It appears the '80 Buick in Plainview was stolen and driven to Floydada until it ran out of gas and abandoned on S. White. The '82 Buick was then stolen from W. Virginia to go back to Plainview.

On September 19, police received a report of domestic violence in the 300 block of W. Crockett. When police arrived they found a woman with a swollen lip who had been hit by her husband. She did not want to file charges.

On September 23, at 1:08 a.m., police observed a vehicle that failed to operate in a single lane. The car was stopped on 2nd Street. The driver, Jessie Irales, 24, of Floydada, was arrested for DWI.

Also on September 23, police took a report of a burglary in the 200 block of W. Tennessee. A woman told police that while she was out, her VCR (a PHILCO VHS) was stolen from her home. There was no sign of forced entry.

ACCIDENTS
 On September 19 at 2:45 p.m. in the 900 block of N. 2nd, a '81 Kenworth with trailer was parked at the Ruiz Produce loading dock waiting to load. A '85 Peterbilt, with trailer, was backing into the parking stall when the Peterbilt's trailer hit the back door of the trailer of the Kenworth.

A man reported to police on September 23, that his car, which was parked in front of his residence in the 400 block of W. Jackson, was hit and damaged in the front end. No one stopped and gave information on the accident.

On September 23, at 4:05 p.m., in the 100 block of Mae Ave., a '79 Chevrolet Caprice, that was parked at the curb facing east, was hit in the right side by an '80 Ford Mustang as it backed from the owners driveway.

SEPTEMBER BIRTHDAYS—Celebrating September Russell, Otis Johnson, Fannie McConic and Brooks Call- birthdays at the Floydada Nursing Home were (l-r) Willie away. —Staff photo

Floydada Nursing Home Happenings

By Jo Bryant-Activity Director
Hi, isn't the autumn days just wonderful? September 23, was the first day of Fall, and the weather and leaves sure tell that it is.

Monday, Brother Bill Wright came and spoke from Luke's Gospel on God's provision. Irene Wexler came and played the piano for us. Dolores Cannon came and fixed all the ladies' hair. At 2 p.m. the residents played a guessing game, and we read an article in the Texas Highway magazine.

Tuesday, we had morning coffee and juice break, then we shared the word from John 17-6-26, about Jesus praying that we all be one, "that he gives us all that the Father has given me, I give to you." At 2 p.m. the ladies from the Companion & Caring came and did manicures, they were: Ola Smith, Ruth McIntosh, Leon Neff, Sue Hoogstra. Dolores also fixed the ladies hair in the morning.

Wednesday, we also had our monthly staff meeting. The Nursing Home treated the employees with fried chicken, we each brought a covered dish. Cheryl Ward, administrator, preceded over the meeting, and Ruby Bailey, director of nurses, also spoke to us. We enjoyed the meal and meeting.

Thursday, Brother Larry Perkins came and shared the word taken from 1 Peter, "How to be Happy?" He spoke on how we don't only have one hour of being happy, but have a life time of being happy. He will be sharing the word on happiness for the next 3 weeks, come and join us and listen to the message. At 2 p.m. was the birthday party, we had four honorees this month; Otis Johnson, September 3, age 70; Brooks Callaway, September 14, 85; Willie Russell, September 14, 89; and Fannie McConic, September 16, 80. Otis was born in Floyd County, Brooks Callaway was born at Tongue River, Matador, Texas, Willie Russell, Wilbarger County, Vernon, Texas and Fannie McConic was born in Waxahachie, Texas. The ladies helping with the party were: Lorilla Bradley, Ruth Walker, Eva Blum, Eunice Hardy, and Ruby Hartshel.

Friday, Evelyn Latta, played the piano, Letha Mulder opened with a prayer.

Mrs. Lillian Ross read Proverb 27, and shared some jokes. Thanks Mrs. Ross, we missed you.

At 1:30, the residents went on a bus ride to the canyon and in the country, My T Burger treated them to ice cream. The residents going were: Billy Probasco, Della Halencak, Florence Curry, Iva Wells, Brooks Callaway, Charles Breeding, Knox Jameson and Georgetta Smith.

We want to thank the ladies of the Sunshine Sunday School class for bring residents bananas and cookies by Mrs.

Clarence Guffee, also want to thank Travis Jones and Johnny Johnson for the huge pumpkins and the small ones, too. We are enjoying them.

This week's visitors were: Opal Guffee, Stanley and Margaret Killian, Rev. Larry Perkins, Ralph and Anna King, Willie Mae Smith, May Sue, Tess Barnett, Frances Barnett, Alma Smith, Margaret Holmes, Jetie Moss, Jennelda Fulton, Bonnie Graham, Irene Wexler, Rev. Dale Harter, Mildred Haile, Rudolph and Iva McCurdy, Myrtle Rainer, Mary Cook and Carol Calahan.

Senior Citizens News

By Thelma Jones

Our sympathy to Veda Dorsey in the loss of her husband, Murette Dorsey. He was the brother of Mrs. John Key West.

Mrs. Mary Spears had her grandson of North Park, Virginia, and granddaughter of Lubbock visiting her and other relatives in this area.

Mrs. Agnes Robertson of Crosbyton, spent last Thursday with her cousin Viola Brown.

Beulah Baker returned home last week, after visiting with her sister in Ennis, Texas.

Letha Mulder spent the weekend with Mrs. Lillian Ross.

Mr. and Mrs. Grady Freeman spent Friday night with their daughter, Mrs. Cecil Armstrong in Lubbock.

Mrs. C.H. Wise returned home, Saturday afternoon, from a visit with her daughter Mona Dell in Amarillo.

Mr. and Mrs. Johnny Warren of

Lubbock, spent Sunday with his mother, Mrs. Ethel Warren.

Mr. and Mrs. Burl Huckabee and Mrs. Eula Battey visited Mrs. Clyde Frizzell in the Heritage home in Plainview, Sunday afternoon.

Mr. and Mrs. Leo Poff of Cortez, Colorado, visited his aunt Valree Turner and other relatives last week.

Mrs. Myria Dade accompanied her children to Chickasaw, Oklahoma, and attended the funeral of a longtime friend Monday.

Mrs. Allene McAdams, of Lubbock, and Darlyn Hambright visited Saturday with their Aunt, Mrs. Ethel Warren.

Alma Smith visited in Hale Center last week with her sister-in-law, Mrs. Virgil Martin and they visited in Lubbock one day with Mrs. George Smith in the Lutheran Home. She reports that Mary is doing very well.

Residents celebrate birthdays

By Lorilla Bradley

September always tells us That Fall is on the way... The night is often chilly But oh! That glorious day!

We welcome Mrs. McConic ...Who counts from 1909... We hope her day is happy At this her "special" time.

We honor Mr. Callaway ...His years are 85... He has a ZEST for living And is glad to be alive!

We greet our Otis Johnson ...A very friendly man... And when a friend needs helping He'll be there if he can!

We honor Mrs. Russell ...Who is boasting 89... She's done a lot of living And had a happy time!

To serenade these people Let's do the Birthday Song... So everybody join us And sing out good and strong!

Thursday, September 21, was party time at the Rest Home with ladies of the City Park Church of Christ hosting.

The Hesperian photographer came for the "picture taking" after which everyone was ushered into the dining room where the honorees were seated at the "honor" table. It was laid with a rose colored cloth and centered with an arrangement of silk flowers in fall hues.

The honorees were presented with fresh corsages compliments of Wil-

liams Flower and Card Shop. Jo Bryant read a brief history of each honoree after which the poem was read and all joined in singing the Happy Birthday song. A delicious refreshment plate of chocolate cake and angel food cake and a delight-

ful fruit punch was served to the honorees, home residents, one guest Mr. Ernest Smitherman, who was visiting his wife, Ruth and the employees.

The next party will be Thursday, October 19, 2:30 p.m. You are invited to attend.

Caprock Hospital Report

By Molly Stringer

We lost a friend and former colleague at the hospital last week. We will miss Dr. Guthrie. He had not admitted patients to the hospital for a number of years, but he was often seen about the hall talking with staff and visiting. When he had his office open if he saw a patient that he felt needed hospitalization he would send them to Dr. Jordan or Dr. Hale for admission. He was always professional, dignified and a stately person, yet if you looked closely there was a twinkle in his eye and a very warm sense of humor. We, friends at the hospital, want to say to Sue and his family, thank you for sharing this very generous man with us for 56 years. We loved him and always felt his love in return.

A very fitting place for memorial was chosen by the family, in the selection of the ambulance fund. On more than one occasion we have received a very generous check from "Doc and Sue" for the ambulance fund.

Two of our employees were honored with a farewell luncheon last week. Donna Anderson and Peggy Hill will be leaving the hospital for other jobs. We will miss both of them and wish them well in their new endeavors.

Bettye Baker and Mary Vickers attended a workshop in Lubbock a few days ago. The topic was the Aspects of Verbal Abuse.

Molly Stringer attended a workshop in San Antonio dealing with Quality Assurance in the hospital.

All of the nursing staff have recently been recertified in CPR. They must do this every year.

We have three new staff nurses who recently graduated from LVN school. We welcome Tammie Logan, Mary Perez and Margie Cisneros to our staff. These are all hometown girls.

We had a new demonstrator ambulance at the hospital last week. We are looking forward to being able to purchase an ambulance in the near future. Very soon we hope to offer our community a top quality vehicle and equipment.

Caprock Hospital is offering a diabetic cooking school at the Lighthouse building on September 28 at 7:00 p.m. This is free and we encourage any one with an interest in this to attend.

We will be offering mammograms at the hospital on October 11th. This is a Wednesday. The cost is \$70.00 for ValuCare and \$75.00 for others. Please call 983-2875 for an appointment.

The Board met for its regular monthly meeting last Friday. Members attending were: William Bertrand, president; Joy Assiter, Fred Thayer, Melba Vickers and Kenneth Pitts. Others attending were: Leroy Schaffner, Molly Stringer, Nell McClung, Dianne Washington and Doctors Jordan, Hale and Lopez.

The new budget for the coming year was adopted. A Quality Assurance report to the board was given by Molly Stringer. The Board and the physicians discussed ways to improve hospital census. Other topics of discussion were: employee health insurance, the computer system and the employee personnel manual.

Health Tip: Apple juice has little nutritional benefits, better to drink orange juice or apricot nectar.

'Winds wrangle Lockney for county gridiron crown

By Bill Gray

The epic showdown at the O.K. Corral at Tombstone had nothing on Lockney's Zimmerman Field on September 22, as the Longhorns hosted the Floydada Whirlwinds for the annual "Floyd County Shoot-Out." Floydada ran into an aggressive herd of Longhorns, but was finally able to subdue their neighbors to the north and successfully defend its Floyd County Championship. The Whirlwinds' winning margin of 27-6 was not indicative of the overall picture of the game — especially the first half.

After receiving the opening kickoff, the Whirlwinds moved the ball to midfield, but were forced to punt. Lockney

started its first offensive series from their own 34, with Michael Monroe and Phillip Glasson carrying the bulk of the load. The Longhorns established early on that the 'Winds would be severely tested for the football supremacy of Floyd County.

A key fumble recovery led to a four play, forty-nine yard drive by Floydada — with Grant Stovall scoring on a 23-yard gem off the wishbone option. As it had done in the first two games, the right side of the offensive line (Johnny DeOchoa, Lalo Delgado and Joe Cisneros) paved the way for this scoring attack. Kenny Reed, Kelly Wood and Michael Cooper also made strong contributions to the ground game throughout the eve-

ning. Adam Cates did what he does best...just being Adam Cates. Offensive centers seldom get the press lines, but the coaches know who gets the job done inside, and none do it finer than Cates, one of Floydada's candidates for post-season honors. Following Stovall's score, the PAT kick by Frank Suarez was perfect, and the Whirlwinds were on their way to a "breather" — or so they thought!

Lockney stormed back with the fury of Hurricane "Hugo" with its own well-executed scoring drive, which was aided by a "roughing the kicker" penalty. Monroe carried three times for twenty-four yards in the series, with fullback Phillip Glasson punching across the double stripe for the Longhorns early in the second quarter.

The 'Horns elected to go for two off a fake kick for the conversion, but Frank Suarez quickly adjusted and stopped Monroe in the backfield (this play would eventually turn out to be one of the most important in the game). The 7-6 Floydada lead soon appeared to be in jeopardy. At this point the tide had a definite Lockney flavor. Kip Holt intercepted a Whirlwind pass and gave the 'Horns new life at their own 16-yard line.

In sixteen plays the Longhorns picked up six first downs and 79 yards, and moved to the Floydada 5-yard line. A delay of game penalty broke the momentum; Adam Cates came in from his defensive end position and blind-sided 'Horn QB Louis Perales for a six-yard loss. Perales completed a 13-yard pass to Joe Louis Guerrero on the next play, but the 'Horns were unable to reach the Floydada end zone. Victor Chavarria, Kenneth Collins, Ruben Chavarria and Jay Mendoza led the 'Wind charge to turn back the Lockney onslaught deep in Floydada territory.

With time running out in the half, Guerrero misfired on a 20-yard field goal attempt. For all intents and purposes, the game was now history. The half ended with the Whirlwinds holding the ball at their own 20 and leading by the slim 7-6 margin.

The halftime entertainment was highlighted by the "Spirit of the 'Winds' Band, as FHS unveiled its contest show. The band continues to improve with

each performance, and the unique theme of the show probably had some folks guessing as to what would come next. Directors Odom and Hambright called those strange formations "wads," but from my vantage point they more resembled the rugby "scrum" that Frank Suarez escaped from last week.

All kidding aside, the FHS Band is looking and ounding better than it has in years. It is obvious that the youngsters and their mentors have put in a lot of hard work and preparation to produce an organization of which we can all be proud.

Floydada has been a second-half team all year (as I stated in an on-air interview with Nick Long on KKAP radio at halftime...when asked by Robert Carter of the Plainview Herald my observation of the game thus far, I stated, "Lockney won't have a first down in the second half and Floydada will score 20"). Little did I know at the time that my predictions would be exact. The issue was in doubt, but only for a

short time. The always-dependable Floydada defense, which had been rather porous during much of the first half, came forward with vengeance and limited the Longhorns to a mere 22 total yards and no first downs in the final twenty-four minutes of play.

With the defense providing the stopping power, the Whirlwind offense came alive and produced TWENTY unanswered points in the second half. After a Stovall touchdown run of twenty-five yards early in the third quarter Lockney fumbled the ensuing kickoff. Eight plays, forty-one yards and a new quarterback later, Frank Suarez found the 'Horn end zone on a 5-yard blast. The PAT kick was wide and Floydada opened up a 20-6 lead.

Grant Stovall was injured on the TD drive, and Brian Teeple came off the bench in relief. Teeple held down the quarterback post for the remainder of the game and gained some valuable experience, as he directed a final 9-play, 40-yard scoring drive in the waning

moments. Suarez logged his second TD of the game on a 2-yard burst, and tacked on the final points with a successful kick for the PAT.

A closing-minutes Lockney pass was picked off by Michael Aleman (making his first Whirlwind start at strong safety due to Jesse Suarez' absence). Brian Teeple fell on the ball as time ran out with the scoreboard reading: Floydada 27, Lockney 6.

A lot of praise for this Floydada victory has to be given to the Whirlwinds' defense. After a "gut-check" at the halftime break, the defense was resilient, if not awesome, in the last two stanzas. It was the third straight game that the Floydada "D" held an opponent to less than 200 yards. Almost as much can be said for the near-flawless execution by the offensive unit.

Lockney gave the Whirlwinds all they could handle for a good part of the game. A great deal of credit has to go to the Longhorns for their showing. Lock-
Continued On Page 7

Coach's Comments

Coach Dean Bates stated, "We were extremely pleased with the outcome of the Lockney game, although we are still not playing that well. We're still having too many mental errors — especially early in the game."

"We were concerned going into the game because we started off the week with a bad practice on Monday," he added. Bates went on to mention that the 'Winds were their own worst enemies at times, but at other times — especially in the second half, "We finally got our act together."

Bates gave Lockney credit for some of the 'Wind failures in the first half. He said, "They definitely came to play and took the fight to us. They have some quality kids — like Monroe (Michael) and Glasson (Phillip) and will win their share of ball games the rest of the year."

The coach warned, "We've got our work cut out for us the next three weeks against solid football teams - starting with Canyon this Friday."

"They lost their starting quarterback (Eller) before the first game, but he's being worked back in now in shotgun formations," he added.

He believes the Canyon defense will be as good as last years, and if the offense comes around this week, "We'll have to be at the top of our game to stop them."

When asked the condition of running-back - free safety Jesse Suarez (who had knee surgery last Friday), the coach replied, "Jesse will be back - hopefully for district play." The Whirlwinds came out of the Lockney game in pretty good physical shape. The leg injury to Grant Stovall wasn't serious, and he should be ready to go against Canyon.

Bates added that the staff was pleased with the way some of the younger players produced (QB Brian Teeple, Jamie Suarez, Kenneth Davis and Michael Aleman). "Aleman did a good job filling Jesse's strong safety spot and came up with his first varsity pass interception," the coach noted.

FRANK SUAREZ (far right) breaks into the clear on his first of two touchdowns against Lockney in the Floyd County Championship. The "Little Big Man" has tallied

37 points in three games, and leads the AAA scoring on the South Plains. Lalo Delgado (#74) is already giving the touchdown "signal." —Staff photo

Floyd County Farm Situation

C. Mark Brown
Extension Agent-Entomology
Crosby-Floyd Counties

GENERAL SITUATION

The cool front and heavy rains that passed through our area last week slowed insect activity; but of course, the conditions were not conducive to our late cotton crop.

* Bollworm activity seems to be on the decline, although eggs can still be found.

* Producers should continue to check cotton for aphid infestations and control these on an as needed basis.

* Heavy greenbug infestations have been detected in seedling wheat. Producers should check wheat soon after emergence.

COTTON

The heavy rainfall we received last week helped wash aphids off of plants and reduce aphid numbers in most fields. Although we do not yet understand all the factors contributing to aphid population increases, researchers are currently addressing this issue. Some of the factors contributing to aphid levels include temperature, day length, and nitrogen and carbohydrate levels in the leaves. Although aphid numbers in most fields were reduced below levels of concern, I have been in fields which still contain moderate aphid pressure. Remember to monitor those fields closely once bolls begin to open. If aphid numbers average 15 per leaf once bolls begin opening, chemical control is justified to prevent buildup of honeydew and subsequent sticky lint.

Bollworm eggs are still being found in area fields, but I am not finding many worms. At this time, a threshold of 13,000 worms per acre should be used for treatment decisions. If worm counts are high, the field should be checked frequently to determine where the majority of worms are feeding. If most worms are feeding in squares and blooms, rather than bolls that have a chance of being harvested, a producer may opt not to treat. Bollworm feeding activity will be slowed in these cooler, more seasonable night-time temperatures. Many fields have shed squares and small bolls. Once squares have been shed to the point where there are fewer than 5 squares per foot of row, small worms will have difficulty surviving. Do not make a treatment decision based

on worms that are 1/4 inch or smaller since natural mortality may take them out.

SORGHUM

Late planted sorghum fields should be checked at least once per week for headworms until grain reaches the hard dough stage. Of the few sorghum fields I have recently checked, no problems have been found.

WHEAT

Heavy greenbug numbers have been detected in seedling wheat near Owens. During late August and early September, a heavy green bug flight was recorded from a suction trap located at the Lubbock Research and Extension Center. Greenbugs are aphids that suck plant juices and inject toxins into the plants while feeding. They are pale green, approximately 1/16 inch long with a characteristic dark green stripe running lengthwise down the center of the back. They reproduce rapidly between temperatures of 55 and 95 degrees F.

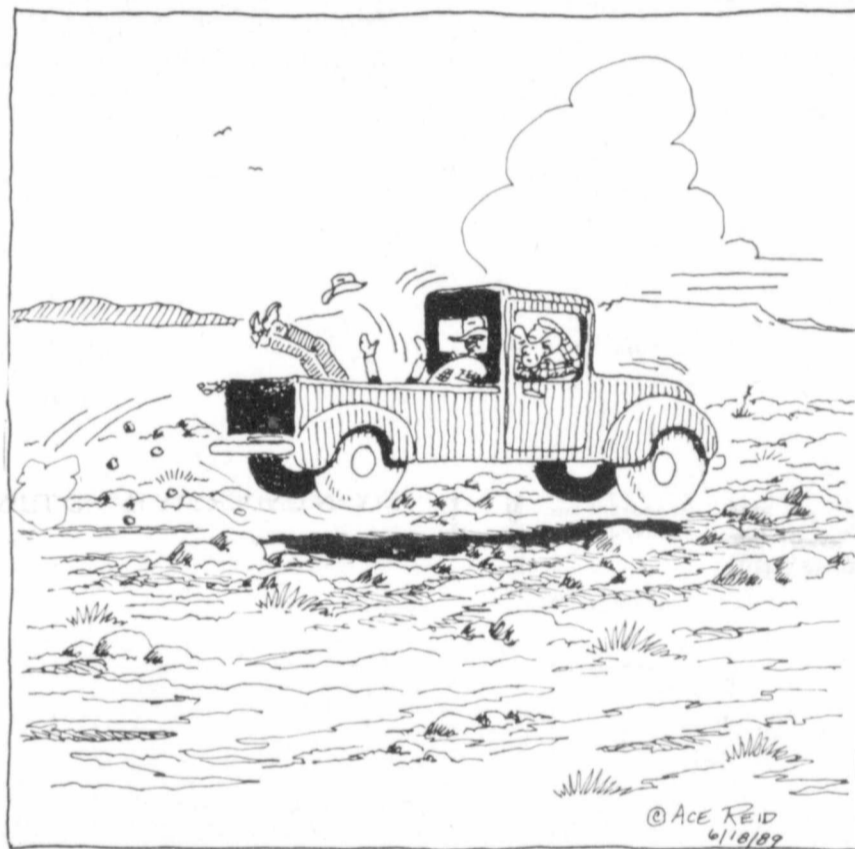

Fields should be checked by making a minimum of 5 random counts per 20 acres, each consisting of one foot of drill row. Slap the plants and jar the

greenbugs loose so that they can be counted on the ground. The general treatment threshold in wheat that is 3-6 inches in height is when 100-300 greenbugs are counted per foot of row. The appearance of dead plants caused by greenbug feeding within the field may indicate a need for treatment. Occasionally, populations of 25 to 50 greenbugs per foot of drill row in very young wheat may warrant treatment.

Chemical control recommendations include Dimethoate 2.67 (0.75-1 pt), Cygon 400 (.5-0.75 pt), ethyl parathion 4 lb (0.5-1.5 pts), Penncap-M 2 lb (1-1.5 pts), Malathion 5 lb (0.5-1.5 pts), methyl parathion 4 lb (0.5-1.5 pts), and Di-Syston 8 lb (0.25-0.75 pts). Fields treated with Di-Syston may not be grazed. Remember that the section 18 emergency use exemption we had last year for use of Lorsban in wheat is no longer effective. Greenbug control with chemicals is more effective when temperature is above 50 degrees F. Use the highest recommended rate on the label when temperature is below 65 degrees F. Be sure to follow grazing and harvest interval restrictions.

"I know he made it when his hoss fell on 'em, but if you don't slow down he will never survive the trip to the hospital!"

Committee holds meeting

The Floyd County Extension Agriculture and Natural Resources Committee met on Thursday, September 21, at 7:00 a.m. at the Extension Office. A breakfast was served. The meeting was called to order by Brent Crossland, Extension Agriculture Agent. Crossland welcomed the members and reviewed the purpose of the committee.

The long-range extension plan was reviewed by Crossland and Mark Brown, Extension Entomologist. After review of the plan, educational plans for the coming year were discussed by the group. The group had several educational activities to suggest. These were as follows:

- Economics/Marketing**
 - Futures and options training
 - Minimum price contracts
 - Spread sheet workshops
 - Basic computer training
 - Farm software showing
- Production Practices/Result Demonstrations**
 - Crops tour and/or Information Day
 - Grass and forage variety trials
 - Reduced or conservation tillage
 - Weed control (crops and range)
 - Vegetable pollination
 - Field crop variety trials
 - Irrigation efficiency
 - Beef cattle symposium
 - Insect scouting clinic

Several of these events were scheduled with area specialists last Monday. Many of these demonstrations will require the assistance of local landowners. We need a location immediately for an irrigated wheat variety trail in the southern portion of the county. If a producer would be interested in providing a small area of land for this purpose, please contact Brent Crossland at the Extension Office.

Officers elected for the coming year were as follows: Buster

Terrell, Chairman; James Hinton, Vice-chairman and Jon LaBaume, Secretary/Treasurer. Members in attendance were: James Hinton, Robert Delgado, Mike Hinsley, Charlie McQuae, Becky Via, James Cage, Buster Terrell, Kim Hinsley, Beth Kropp, Buddy Hendricks, Kelly McMillin, Paul Glasson and Jon LaBaume.

CRP reduces soil erosion

The federal Conservation Reserve Program (CRP) already is showing benefits, both on and off the farm. By reducing erosion on cropland, it also is reducing sedimentation in waterways.

Across the nation, 30.6 million acres of cropland already have been contracted into the program, said Brent Crossland, county agent with the Texas Agricultural Extension Service. "This will reduce erosion by nearly 610 million tons of soil a year," Crossland said.

In Texas, erosion has been reduced by about 132 million tons on 3.7 million acres contracted into CRP.

When conservation practices are installed on the 30.6 million acres in CRP, it is estimated that total erosion on cropland will be reduced by about a fifth. Nationwide, the average soil loss on land in the program will drop from 21.5 tons an acre to an estimated 1.6 tons an acre after permanent vegetation is established.

"The goal of the CRP is to retire 40 to 45 million acres of highly erodible cropland from production," Crossland said.

To participate, farmers submit bids at local offices of the Agricultural Stabilization and Conservation Service of the U.S. Department of Agriculture. They receive an annual rental payment for putting the land into protective cover, such as grass or trees, for 10 years.

4-H Week set for October 1-7

A lot of special programs and activities are being planned for the week of October 1-7, National 4-H Week, as Floyd County 4-H'ers join others in festivities around the nation.

Floyd County has some 261 4-H members who are among more than 388,000 in Texas and 4.5 million across the nation who will participate in this annual youth celebration.

As we observe National 4-H Week, we recognize that the program is truly a people development program, said Brent Crossland, county 4-H program coordinator with the Texas Agricultural Extension Service. The agency is the parent organization of 4-H.

The program assists youth in developing skills that will be useful in the real world, Crossland said.

Program concepts help boys and girls discover their strengths and weaknesses, and exposes them to activities in a variety of career fields. Additionally, 4-H helps them build positive self-concepts for directing their lives, while learning and having fun as well. Crossland said families can add to the fun by learning and growing together.

Volunteer leaders assisting in the 4-H program also learn new skills while sharing their expertise with young people, said Crossland.

Through a valuable network of volunteer leaders, state landgrant universities, state and local governments and the U.S. Department of Agriculture, 4-H continues to stimulate youth to develop life skills and explore many career options.

About 160 adult volunteer leaders work with 4-H boys and girls in Floyd County through two different 4-H clubs.

The 4-H'ers can choose from some 70 different project and program areas designed to help them prepare for the future, said Crossland.

For more information about the 4-H program, contact the county Extension office.

LA BAUME PLACES AT FAIR—Coy La Baume placed three barrows at the 1989 South Plains Fair held in Lubbock this past weekend. There were 286 barrows in the open show. La Baume placed 1st in the Hampshire light weight division, 2nd in the Crossbred light weight division and 7th place in the Crossbred heavy weight division. The barrows weighed 210 pounds, 220 pounds and 252 pounds. All of the barrows were bought from Milton Marrow in Levelland. La Baume is shown with his 220 pound 2nd place Crossbred barrow.

1990 CROP YEAR INSURANCE INCLUDES SEVERAL OPTIONS AND PROPOSED CHANGES

Several new options and proposed changes are in the offering for Multiple Peril Crop Insurance for the 1990 crop year.

Beginning with upcoming fall-planted crops for the 1990 year, a high risk land exclusion option is proposed to be available for most field crops, said Dr. Ashley Lovell, economist-management with the Texas Agricultural Extension Service here.

He said that under the high risk land exclusion option, a grower will be aware of land which comes under this definition, or will become aware at the time of application. An example of such land is that in a flood plain.

Lovell said the high risk land exclusion option may be submitted prior to the sales closing date.

"A farmer applicant has the option of excluding high risk land in the county on a crop basis. The option is continuous and may be cancelled by giving written notice to the agent and may be cancellation date for the crop," Lovell said.

Concerning the insurance costs, premium surcharges have been discontinued and a 10 percent premium discount will be given if the basic policy unit is not divided into two or more premium

earning/optional guideline units.

Lovell said the total adjusted premium will be decreased 10 percent, and premium rates have been revised accordingly.

"Once optional/guideline units are elected by the insured and processed in the acreage report, the full premium, without discount, is earned. However, if the acreage report is revised and the revision changes the unit arrangement, the 10 percent discount, if applicable, will be based on the revised acreage report," Lovell said.

He said the discount will apply for the 1990 crop year for 31 crops, including major Texas crops and small grains such as oats, barley, rye and wheat. The discount is implemented for qualifying crops with a filing date of June 30, 1989 (cq) or later.

He said there are no basic changes in the actual production history program for barley, oats, rye and wheat.

Lovell said farmers should contact a qualified Multiple Peril Crop Insurance representative of a local firm offering the insurance to obtain more details about the above as well as other program changes and additions.

"Producers will want to study all program changes very carefully to make better-informed decisions," Lovell said.

Water quality in area counties being monitored

Throughout the month of September, Texas Water Development Board field technicians will be in Armstrong, Briscoe, Deaf Smith, Floyd, Oldham, Potter, and Randall Counties collecting ground-water samples from Triassic aged aquifers that are in contact with the High Plains Ogallala aquifer.

Recent legislation increasing the funds available for ground-water sampling will make it possible for the Texas Water Development Board to expand their annual sampling season from 4 months to 10 months thereby tripling the number of wells currently monitored for water-quality. The additional data gathered from the increased sampling will mean that Board staff will be better able to describe conditions and identify changes.

Additional information about the Board's ground-water quality monitoring program is available by calling Phil Nordstrom 512-445-1434.

MPCI and/or FCIC Crop Insurance Bulletin

- Last date to cancel - change or buy 1990 wheat insurance is 9-30-89.

- Possible loss on spring planted crops should be reported to your agent before harvest.

- Production should be kept separate on each crop and each farm and reported to your agent after harvest.

CARD OF THANKS

We wish to thank everyone for the many gifts of kindness during the recent illness and death of our precious Lou. For the food, beautiful flowers, the money donations and most of all, the prayers, we are deeply grateful. A special thank you to Dr. Hale and nursing staff at Caprock Hospital for all they did, and to Brother Hal Farnsworth for a comforting message. Bless each and every one.
