

Incumbents defeated in two local races

Local voters erased the board choosing challengers over incumbents, for two positions, in Floyd County elections Tuesday. Another new face will be seen in Precinct #4, where the incumbent did not seek re-election.

Since there were no republican candidates running in the local election, all the democratic nominees were in essence re-elected.

In the race for district judge, challenger Randy Hollums defeated incumbent Judge David Cave. The judge's race incorporated the 110th Judicial District, which is composed of Floyd, Briscoe, Motley and Dickens counties.

Hollums received a district wide total of 1,860 votes to Cave's 1,799 votes.

In the three-man race for Precinct #4 Commissioner, Howard Bishop won with 485 votes. Delfino Pesina placed second with 217 votes and Gilbert Fawver won third with 74.

The incumbent commissioner of Precinct #4, Kay Crabtree, did not seek re-election.

The justice of the peace race in Precinct 2&3, was won by challenger Dotie Stansell with 255 votes. Incumbent J.P. Mike Mooney received 237 votes.

Only 39% of the registered voters in Floyd County cast their ballots during Tuesday's election and the absentee voting. There are 5,146 registered voters in the county. Five hundred and twenty-three voted absentee and 1,483 went to the polls on March 13.

Voters in Floyd County decided they wanted a new agriculture commissioner. Challenger Neal Burnett received 721 votes and incumbent Jack Hightower received 541 votes. However Hightower won the democratic nomination statewide.

Other democratic challengers in the ag commissioner race and the votes they received are as follows: Chandler, 112; Smith, 95; McDaniel, 44; Pustejovsky, 27; Krenek, 41.

On the republican ticket in the race for agriculture commissioner, Rick Perry received 96 votes; Richard McIver, 31;

and Gene Duke, 39. Perry won statewide and will face Hightower in November.

In the democratic race for governor Jim Mattox received 965 votes; Mark White, 325; Ann Richards, 321.

On the republican ticket, Clayton Williams had a very strong 128 votes to Kent Hance's 84 votes. Tom Luce and Jack Rains both received two votes.

In the republican race for U.S. Representative #13, Bob Price received 91 votes and Dick Waterfield received 60. Dick Waterfield won statewide and will

face incumbent Bill Sarpalius.

A breakdown by precinct for the local democratic contested races are as follows:

S.W. Floydada #1: For District Judge, Cave, 129; Hollums, 245;

Allmon #3: Cave, 0; Hollums, 13

Sandhill #4: Cave, 20; Hollums, 22

E. Lockney #5: Cave, 25; Hollums, 30;

For J.P., Mooney 30; Stansell, 29.

Providence #7: Cave, 5; Hollums, 10;

J.P., Mooney, 12; Stansell, 9.

Lone Star #8: Cave, 14; Hollums, 9; J.P.,

Mooney, 13; Stansell, 8.

South Plains #9: Cave, 18; Hollums, 29;

J.P., Mooney, 18; Stansell, 23.

Cedar Hill #11: Cave, 12; Hollums, 5;

J.P., Mooney, 5; Stansell, 13.

Baker #13: Cave, 23; Hollums, 21;

Commissioner #4, Fawver, 12; Pesina, 0;

Bishop, 34.

Harmony #6: Cave, 9; Hollums, 12

Goodnight #17: Cave, 8; Hollums, 13;

J.P., Mooney, 6; Stansell, 8.

W. Lockney #18: Cave, 117; Hollums, 148;

J.P., Mooney, 129; Stansell, 130.

Dougherty #20: Cave, 16; Hollums, 28;

Commissioners, Fawver, 8; Pesina, 4;

Bishop, 35.

McCoy: Cave, 5; Hollums, 6.

S.E. Floydada #23: Cave, 115; Hollums,

221; Commissioners, Fawver, 36; Pesina,

85; Bishop, 248.

N.E. Floydada #24: Cave, 34; Hollums,

19; J.P., Mooney, 9; Stansell, 22.

Absentee: Cave, 224; Hollums, 218;

Commissioners, Fawver, 18; Pesina, 128;

Bishop, 168; J.P., Mooney, 15; Stansell, 13.

The following is a list of all names on the Democratic Ballot and the total votes cast for each in Floyd County:

U.S. State Senator: Farmer, 844; Sch-

langer, 236.

U.S. Rep. #13: Sarpalius, 1028.

Governor: White, 325; Hearn-Haynes, 21;

Mattox, 965; Holmes, 29; Adams, 16; Ra-

chal, 7; Richards, 321.

Sign-up for May election is March 21st

Signup deadline for local races in the May 5 election is fast approaching on Wednesday, March 21. Anyone interested in running for the positions on the ballot as trustees in the Floydada Independent School District or for city council posts needs to register with the appropriate office.

FISD candidates to date include the incumbents, Michael Hinsley at-large and Adolfo Garcia in District 3.

Floydada city council has four posts up for election this year. Two at-large and a representative each in District 1 and District 4. Incumbents are Wayne Russell, Frank Breed, Amado Morales and Wayne Tipton.

To date, only Tipton has signed up to run for reelection to his post in District 4. Local businessman Eric Cornelius has announced his intention to seek election to the council in one of the at-large posts.

Floydada to test tornado sirens Friday

With the approach of the season of Spring comes the season of tornados. With this in mind the City of Floydada will be testing their tornado sirens Friday morning, March 16, at 10 a.m., weather permitting.

Two principal posts to be vacated with end of term

The Floydada Independent School District accepted two resignations at the March regular session of the board of trustees. Ronnie Wood, high school principal, submitted his resignation effective with the end of the current school year.

This will leave two top posts vacant in the district. C.E. Tyer, principal at R.C. Andrews Elementary School had previously announced his intention to retire at the end of the school year.

Girls basketball coach Gail Gregg also submitted his resignation to the board. Both resignations were accepted on a motion by Andy Hale and seconded by Cyndiann Williams. The board voted unanimously in favor of the motion.

OUTSTANDING STUDENTS

Outstanding students were recognized by the board with each receiving a certificate. Fabian Falcon, son of Jose and Maria Falcon, was the honoree from A.B. Duncan School.

R.C. Andrews honored Monty Anderson, son of Mike and Barbara Anderson, and Lydia Mendoza, daughter of Victor and Lupe Mendoza. Yolanda Cervera, daughter of Mr. and Mrs. Victor Cervera, and Rasael DeOchoa, son of Mr. and Mrs. Rasael DeOchoa, were the selected students from Floydada Junior High.

Floydada High School recognized Tian Younger, daughter of Jakey and Leora Younger, and Grant Stovall. Stovall is the son of Robert and Darlene Stovall.

OTHER MATTERS

FISD trustees approved a school calendar for the 1990-1991 school year. The calendar was excepted as presented with the exception of spring break. The board opted to schedule the week off from March 18 to March 22, 1991. Approval came on a motion by John Campbell, seconded by Michael Hinsley.

The annual textbook committee report was approved as presented. Motion for approval came from Hale and was seconded by Adolfo Garcia.

Superintendent Jerry Cannon briefed board members on Senate Bill 31, legislation now pending in Austin. According to Cannon, "I expect this to pass."

Cannon pointed out some of the points covered by the legislation saying, "This legislation would dismantle the state board of education, now an elected board." The bill would also mean more control for building principals, giving them the right to hire all building personnel. It would also cut funds for vocational education.

Continued On Page 10

Farm work contract costs to increase

Future contracts with Floyd County Commissioners Court for farm work will be more expensive to the party making the request. Action taken at the March 12 regular monthly session of the court increased the cost per hour for the use of county machinery to perform private farm work. The motion was made by commissioner Connie Beardean and seconded by commissioner Floyd Jackson. The motion was approved by unanimous vote.

Farm work contracts approved at the session will not be subject to the increase, but all future contracts will face the higher charges. New hourly rates are: \$45 for maintainer work; \$55 for dozer work; \$40 for front end loader work; \$45 for backhoe work; \$60 for D7 dozer work. A \$2 per yard charge will be imposed if the county is required to haul dirt from one location to another. This fee will apply for a distance of up to 10 miles.

RURAL FIRES AND PRISONER TREATMENT

At the request of county judge Bill Hardin, district attorney/county attorney Becky McPherson apprised the court of the legal position they are in regarding providing assistance to city fire departments which are fighting a fire in the county. McPherson told the gathering, "You are under no obligation that I can find to provide assistance. If a city department asks for assistance and you agree, you place your equipment at their disposal and under their direction."

Under such circumstances, McPherson opined that the city requesting the assistance should accept the liability for the machinery and its use. She told the court she would have more complete information after further research in to the legislation regarding such matters.

A second item addressed by McPherson at the request of the county judge involved the payment of medical bills for prisoners in custody of the Floyd

PREPLANNING SESSION of Community Cancer Crusade workers met recently to organize the community crusade starting April 22. Shown here are (l-r) Linda Matsler, president of the Floyd County Unit; Julianne

Cornelius, '89 Community Crusade Chairman; Kathy Himes, current Community Crusade Chairman, and Martha Farris, communications chairman.

City hears proposal to attract industry

Opening the March regular session of the Floydada City Council was a request by local grower Hulon Carthel and Floydada Development Company exec Bill Harbin for support in attracting ag related industry to this area.

Carthel passed out samples including pumpkin seeds, sunflower seeds and cornnuts. He told the council, "We can grow this type of crop in this area." He then proposed developing a package to present to prospective established industries in an attempt to bring processing and packaging plants to Floyd County.

Carthel emphasized, "I am not proposing to bring in something I can own, I mean to bring in something that will belong to someone else and make jobs and money in Floyd County."

"Working with SPAG and TDA," said Carthel, "we can try to secure grant money to make it happen. It's out there and I think we can get it."

Harbin told the group that the development company would work with anyone interested in bringing new industry to the Floydada area and that he had already contacted several sources that might be helpful in gathering the necessary elements for a proposal package in addition to the sources cited by Carthel for assistance in the project.

Councilman Wayne Russell made a motion to support the project and councilman Frank Breed provided the second. The council voted unanimously to support the project, which will involve no expense to the city.

BID ACTIVITY

Several types of bids were on the agenda of the March 13, evening session. The first involved the proposed demolition of the structure at 520 E. Jackson. Three bids were received on the project. Vicente Avila Jr. offered to do the work for the salvageable materials at no cost to the city as did Donald Campbell. Vernon Wickware bid to do the demolition for \$490.

The bid was awarded to Avila on the basis of the date the bids were received by the city. Avila submitted his bid on March 9 and Campbell submitted his on March 12. Motion to award the bid was made by Breed and seconded by councilman Ruben Barrientoz. It was approved by unanimous vote.

The second bid item considered was the authorization to advertise for bids on the proposed purchase of a new digger truck for the electric department. This was approved unanimously on a motion by Russell, seconded by councilman Amado Morales.

Also approved was the advertising for bids to replace another section of the electric distribution lines in the city. This is a continuation of the project begun last year to update the fifty year old system. Approval came on a motion by Morales, seconded by Breed.

Summer is on the way as evidenced by the city's approval of summer water rates to begin immediately. The summer rate leaves the minimum bill unchanged at \$14 per month but lowers the rate for

water usage above the minimum at \$1 per thousand gallons instead of \$2. The lower summer charges will first appear on water bills with the May 1 statements. The summer rate will remain in effect for six months.

Council members also authorized advertising for a swimming pool operator for the city pool this season.

ZONING REQUEST

The council approved a request by Don Payne to locate his business in a residential zone. Payne has been operating an appliance repair out of his home in another section and has purchased a new home. He sought council approval to relocate the business and presented letters of approval signed by each of the adjacent homeowners in the new location. Motion for the action came from Breed with councilman Wayne Tipton seconding. The vote was unanimous.

Council members voted to approve the sale of tax title Lot 19, BIK. 85 to Robert Casillas for \$200. Casillas intends to place a trailer house on the site. Motion was made by Barrientoz and seconded by Morales.

The city will bear the cost of providing curb and gutter and some paving for three areas in town. The three residences in question need the finish work in order to protect the new paving at adjacent intersections from damage by erosion.

The three sites are 301 W. Kentucky, 700 and 702 W. Grover. Motion for the expenditure was made by Breed and seconded by Morales.

RESOLUTION ACTION

Resolution #144 was adopted setting election procedures for the May 5 election of city officials. Also adopted was resolution #145 reappointing C. J. Payne to the board of directors for Mackenzie Municipal Water Authority for another term.

Resolution #146 was also approved in support of the Amarillo airport. The resolution asks for intervention and consideration with the department of energy which proposes to reserve and defend the airspace for an area of five miles around and 10,000 feet above the Pantex plant. This action would reduce the Amarillo airport to handling only small shuttle planes or to moving the entire operation across the city at great expense. The resolution asks that the needs of the area be considered before the department of energy is permitted to shoot planes out of previously open airspace, according to city manager Gary Brown.

City attorney Randy Hollums was instructed by the council to begin work for preparing an ordinance concerning tires and medical waste at the local landfill. The city must have an ordinance. Continued On Page 3

Annual fundraiser set by Floydada Fire Department

The Floydada Volunteer Fire Department has scheduled their annual fundraiser for Sunday, April 1. This will be no April's Fool Joke as the firemen will be serving a full barbecue lunch.

The serving time will be from 11 a.m. to 2 p.m. The meal will be served at Duncan Elementary School. You may eat your meal in the cafeteria and enjoy a time of visitation or you may take your meal home.

Proceeds from this fundraiser will go

toward equipment and/or schooling expenses for the firemen. In order that the proper amount of food may be prepared, advanced tickets are on sell through Wednesday, March 28. Any fireman or Floydada City Hall personnel will be glad to sell you a ticket.

Ticket prices are \$5.00 per plate for 12 years old and up and \$3.00 per plate for those under 12 years old.

Your support will be appreciated by the firemen.

By The Way

By Alice Gilroy

Well the elections are over. There isn't much to say to comfort the ones who lost and the winners don't need comforting.

Everytime we put the election board outside and start pulling our hair out inside, we all decide that we will never do that again.

Even though we gripe occasionally about the hassle, just ignore us. We love it. I personally enjoy being a part of the community at election time and I love to see all those people gathered together on the street, visiting and watching the returns.

We truly appreciate all the volunteers that helped us out last night. The staff of The Hesperian comes through every year, trying to put out a paper on Tuesday's deadline and monitoring election returns.

The volunteers from the community do for sadistic reasons I guess (just kidding). Thanks go out to Bill Gray, Juan Martinez, Jack Ochoa, Joyce Lipham, Isabell Gonzales, Penny Golightly, Angie Veld, Spring Lipham, Holly Henderson, Jayna Dunn and Scott Crader.

Someone pointed out to me that we never have the same volunteers every year (except for poor Juan). I wonder if that is a bad sign.

Boy am I motivated! I've been to two chambers of commerce banquets and I'm set for the rest of the year.

Lockney's banquet was also a success. The food, catered by Nielson's was great. The speaker was entertaining and the individuals who won awards were very deserving.

I know I'm a soffee at heart, but I cry every time they start reading the prelude of whoever is going to win the award. I start looking out among the crowd, trying to guess. Then I start being thankful I live among all these people, and I start feeling happy for whoever will eventually be recognized by his friends and neighbors. Then I get all choked up.

All this happens before I even know who is going to win. The heavy sniffing in the background will always be me.

When they announced Dee Copeland's name, as the Centennial Citizen of The Year, you could hear people all throughout the crowd, saying, "Good Choice!"

Gary Marr, was named Lockney's Citizen of the Year. I thought that was another good choice. Gary is always involved in Lockney and I know will continue to try and make his community a better place to live for his children and yours.

Floydada Lions Club are gearing up for their annual Radio Day, on March 31.

THE FLOYD COUNTY HESPERIAN

Published weekly each Thursday by Caprock Sentinel Corporation at 111 East Missouri Street, Floydada, Texas 79235.

Every year, probably against Bob Alldredge's better judgement, he turns his radio station over to confused Lions. The Lions will spin the records, read the ads, answer the phones and in general wreck havoc on the station and the KKAP listening area.

The results, though they sound ominous - are hysterical. Instead of watching TV all day, gather your family around the radio on March 31, and listen to your friends make fools of themselves.

All proceeds from the advertising, sold by the Lions, will go to benefit charitable causes.

Floydada's Womens Chamber of Commerce is busy preparing their Spring Style Show and Salad Supper for March 26. Yours truly will be modeling for Jodi's. I've never modeled before. I looked for curtains to cover me up, but Shirley Green, Jodi's local manager, stated that the store only sells women's clothes.

The women's chamber will be adding a little humor to the show this year. You'll have to come see for yourself, I don't want to spoil anything. But I'd like to know, why the only year that I model, they decide to add humor to the show. Am I being paranoid?

I know that every week, everyone turns instantly to my column to find out trivia that they never really knew they wanted to know. Well here is something else I have discovered and I'm not crazy. I have done scientific experiments to document my facts.

The next time you are driving down the highway and you see a flock of Sandhill Cranes flying from a field toward the highway (in order to cross), watch closely. They will go to great pains to keep from flying over the highway if a car will be passing underneath them. It is very interesting watching a whole flock go into a holding pattern at the edge of the highway, or turn around and go back a bunch of times, until the highway is clear.

Oh Yeah! You think I have nothing better to do with my time, than stare up into the sky while I'm driving? Just watch one time and I'll guarantee you'll be hooked.

The only thing I'm not sure of in this whole experiment is if they are Sandhill Cranes or not.

Courtroom Activities

Floyd County grand jurors returned indictments March 7, against seven men.

Juan Sustaita, Jr., 28, of Lockney, was indicted on charges of burglary of a building, which occurred on January 27, 1990.

Sustaita pled guilty to the second degree felony, and received 8 years probation. He was also fined \$500.00, court costs of \$82.50 and must pay restitution of \$1,155.00.

Robert Lopez, of Floydada, was indicted on two counts of burglary of a building, which occurred on Dec. 17 and Dec. 2. Because of previous convictions, this charge was enhanced to a first degree felony.

Arturo Martinez, 35, of Lockney, was charged with aggravated assault, a third degree felony. The assault occurred in Lockney on February 24, 1990.

Alberto Ortega, 41, of Floydada, was charged with three counts of aggravated assault, a third felony. The assaults

MASONS HONOR F.H.S. STUDENT—Kelly Wood received "Mirabeau B. Lamar Award of Excellence" from Masons during Public Schools Week celebration on March 6.

Masons present "Salute To Our Schools"

In commemoration of Texas Public Schools Week 1990, "Salute to Our Schools" was presented at Floydada High School on March 6. Approximately 200 attended the event, which is hosted annually by the Floydada Masonic Lodge, Floydada Chapter No. 31, Order of the Eastern Star, hosted a reception following the program.

The Freemasons of Texas have been active in Public Schools Week observances for 39 years. On January 19, 1951, Governor Allan Shivers, a distinguished Mason, signed a proclamation designating the "first full week of March following Texas Independence Day (March 2) as Texas Public Schools Week."

This practice has been continued through the years by subsequent governors of Texas.

In 1988 the Grand Lodge of Texas authorized the issuance of "Mirabeau B. Lamar" medallions to selected students around the state. By design, the medals show the admiration for those students who, by their actions and involvement, exemplify the tenets traditionally promulgated by the Masonic Fraternity. The medallion was named for Lamar, who is often referred to as "The Father of Texas Public Schools."

Kelly Wood, son of Mr. and Mrs. Ronnie Wood, received this year's Lamar award in the March 6 ceremonies. The medallion was presented by

Honorable A.D. Hanna, Grand Master of Texas Masons, on behalf of Floydada Lodge No. 712. It was the third year for the local Masons to give the prestigious award.

In his keynote address, Grand Master Hanna stressed the importance of education and the role the Masonic Fraternity has played through the years in supporting the Texas system of public schools.

Several Grand Lodge officers attended the Floydada program this year, including: A.D. Hanna, Wichita Falls — Grand Master; Bob Schnell, Pampa — Grand Jr. Warden; Leon Saul, Whitt —

Grand Tiler; Charles R. Beach, Borger — Grand Jr. Steward; Dr. Howard Stewart, Lubbock — Grand Orator; and Carl D. Barton, Abernathy — District Deputy Grand Master 96th District. Past Grand Masters J.M. Willson Jr., Floydada, and R. Furman Vinson, Flomot, also attended.

Floydada Police Report

Police received a report on March 2, of a theft from a residence, in the 300 block of W. Lee. Stolen from the residence was a .32 caliber automatic pistol, stolen at an unknown time. The value of the gun was reported at \$200.00.

On March 10 at 4:30 p.m., police received a complaint of a bike being stolen from the 400 block of W. Crockett. The bike was described as a 20" chrome frame bike, carrying the name TAKARA. It has light and dark blue paint on the sprocket and chome step pads on the rear axle. It also has brass brake handles. The value of the bike is \$150.00.

On March 11, at 2:13 a.m., police answered a report of a criminal trespass in the 300 block of E. Kentucky. The homeowner saw a man trying to enter the residence, and a scared him away.

Thank you Businessmen and Farmers for contributing to the purchasing of animals at the Stock Show.

CALL: 983-3393

Just the Facts, Ma'am

**By Becky McPherson
District Attorney**

This morning, about 8:00, my office phone rang, and when I answered, a lady by the name of Mrs. Cobjaski said she had some things for me to do. The conversation went something like this-

"How can I help you, Mrs. Cobjaski?"

"I want you to divorce my daughter."

"I'm sorry, Mrs. Cobjaski, I am not allowed to do civil work. You will have to contact a private attorney."

"Well, I want you to fix me a paper to give my son my land."

"I'm sorry, Mrs. Cobjaski, the law prevents me from having a civil practice. You must hire a private attorney."

"Then, I want you to make the grocery store where I fell down, pay for my back operation."

"I'm sorry, Mrs. Cobjaski, that is a civil matter for which you should retain private counsel."

"You mean you're not going to do anything for me? I am a taxpayer and I want to know just what you do; seems I don't get anything for my money!"

"Good question Mrs. Cobjaski. What does a District Attorney under the Professional Prosecutors Act do? First, there are District Attorneys and Criminal District Attorneys. Criminal District Attorneys prosecute both misdemeanor and felony offenses. District Attorneys only prosecute felony offenses, an offense for which someone can be sent to

the penitentiary. If your county has a District Attorney, then it also has a County Attorney who handles the misdemeanor cases.

"A District Attorney is responsible for a criminal offense from deciding if a complaint should be issued, to the presentation of the case to Grand Jury, through the jury trial and then on through the appeal up to the U.S. Supreme Court, if necessary."

"You mean that is all you do?"

"No ma'am, Mrs. Cobjaski, besides prosecuting the felonies in my four counties, I also prosecute juvenile offenders and represent the Texas Department

of Human Services when a child needs to be removed from his home because he is being abused. These are just three very broad areas that each entail a great deal of preparation and responsibility."

"Young lady, I want you to explain to me what you do when you say you prosecute felony offenses. I think you are just feeding me a bunch of mumbo jumbo!"

"Tell you what, Mrs. Cobjaski, in the next column we will follow a murder case through the criminal process step by step."

County tax rebates still up

State Comptroller Bob Bullock reports that sales tax rebates to Texas cities are up almost five percent so far this year as compared to last year.

The March rebate checks sent to cities today totaled \$69 million, an increase of nearly 13 percent over last March's payments.

This month's checks include taxes collected on January sales and reported in February by businesses filing monthly tax returns.

Merchants collect the sales taxes and send them to the Comptroller's office with their tax returns. The state keeps its 6 percent share and each month sends

cities and counties their portion of the sales tax. All local sales taxes must be approved by local voters and may be used for any legal city or county expenses. Most areas put the money in their General Fund and use it for operations like fire fighting, maintaining roads and law enforcement.

The net payment, this period, for Floydada was \$6,651.94. That is a 10.89% change over last years payment of \$5,998.79. The 1990 payments, to date, for Floydada are \$29,044.95. That is a 1.40% change over last years payments to date of \$28,645.07.

In Lockney, the net payment for this period, was \$3,045.70. That is down -21.63% from the comparable payment last year of \$3,886.46.

The 1990 payments to date for Lockney are \$13,168.25, down -52.77% over last years payments to date of \$27,880.07.

1990 payments to date for the county, total \$42,213.20. That is a -25.32% change over last years county total of \$56,525.14.

Briscoe County, which includes Quitaque and Silvertown, has received 1990 payments to date of \$8,581.46. This is a 4.76% change over last years payments to date of \$8,191.86.

Crosby County, including Crosbyton, Lorenzo and Ralls, received \$32,223.27 for their 1990 payments to date. That is a -5.23% change over last years payments to date of \$34,001.05.

Hale County, including the cities of Abernathy, Edmonson, Hale Center, Petersburg and Plainview, received \$570,230.42 in 1990 payments to date. That is a change of -1.66% over last years \$579,866.76.

Plainview alone has received \$533,186.37 in 1990 payments to date. That is up 1.71% over last years \$524,205.38.

Lubbock County, including the cities of Idalou, Lubbock, New Deal, Slaton and Wolforth, has received \$4,264,131.76 payments to date for 1990. In 1989 the payments to date were \$4,126,634.71, which is up 3.33%.

In Motley County, including Matador and Roaring Springs, the 1990 payments to date were \$12,543.90, which is up 25.00% over last years payments of \$10,035.11. Roaring Springs had a change of 83.26% from \$4,708.93 in 1989, to \$6,797.03 in 1990.

Swisher County, which includes the cities of Happy, Kress and Tulla, received a total of \$54,222.48, which is a change of -42.98% over last years comparable payments of \$56,574.03.

City Council hears industry proposal

Continued From Page 1

nance in place by August based on guidelines soon to be released by the department of health.

Brown apprised the council that no new information regarding the permitting of the landfill expansion has been received to date. He also told the council that Lockney had tabled their discussion of joining the Plainview regional landfill for the present.

All council members except Leroy Burns were present for the session.

This Weeks

MAMMOGRAMS

Caprock Hospital will be offering mammograms on Friday, March 23. For an appointment please call 983-2875. The cost will be \$70.00 for ValuCare members and \$75.00 for others.

DIABETES CLASS

Diabetes class will meet at Caprock Hospital on Thursday, March 22 at 7 p.m. in the dining room. Everyone is welcome. These classes are free. For more information call 983-2875.

SINGLES CLUB

Floydada Singles Club will meet Saturday night at 6:30 at the Senior Citizens building, 301 E. Georgia, for a covered dish meal. Hostesses will be Lula Teague, Glenna Miller and Lucille Miller.

SPRING STYLE SHOW

Women's Chamber of Commerce will be hosting their annual Spring Style Show on Monday, March 26, at 7 p.m. at Duncan Elementary. Admission will be \$2.00 and a salad. Half of the proceeds from this event will go towards the Miss Floydada Scholarship Fund. All area women are invited to attend and view all the latest in spring fashions.

DAVIS AND SON RIBBON CUTTING

Floydada Chamber of Commerce will sponsor a ribbon cutting at Davis and Son Builders Mart on Monday, March 19, at 4:15 p.m. The public is invited to attend.

DIABETIC COOKING SCHOOL

Caprock Hospital District of Floydada diabetes class and Southwestern Public Service Company (SPS) are sponsoring a diabetic cooking school. It will be held at the Floydada Lighthouse Electric Co-op Inc. on the Matador highway on Thursday, March 22, at 7:00 p.m. The class is free. Cooking demonstrations, recipes and food sampling will be available. The class will be presented by Christy Jack, SPS Home Economist. Surrounding areas are welcome to attend. If you or a family member is a diabetic, please plan to attend this valuable demonstration.

POLIO SURVIVORS SUPPORT GROUP

The South Plains Polio Survivors Support Group will meet Saturday, March 17, from 1:00 p.m. until 4:00 p.m. in the Community Room of the Mahon Library in Lubbock. All survivors, family members, health care professionals and interested persons are welcome. This group is sponsored by March of Dimes. For more information contact Sherry Hurst at 795-4278 or Winona Allen at 983-2947.

MAY WEDDING SET—Bob and Melba Vickers of Floydada wish to announce the engagement of their daughter, Beverly, to Mel Boldes, son of Barbara Whorton and Roy Boldes, both of Lubbock. Miss Vickers is a graduate of Texas Tech University, with a bachelor of science in marketing and in accounting. She is currently an accountant with Bolinger, Segars, Gilbert and Moss Accounting Firm of Lubbock. Boldes attended Texas Tech University and is self-employed in Lubbock. The couple plan a May 19 wedding in the First Methodist Church, Floydada.

Floydada Nursing Home Happenings

By Jo Bryant

Hi! from the Floydada Nursing Home residents and staff on this bright, warm, sunshiny day. The shower that we received was good.

Monday, Irene Wexler came and played for us. We shared the word taken from Matthew's gospel about when Jesus went into the desert for 40 days. In the evening the residents played games and had exercise.

The Companions 'n' Caring ladies met at 2 p.m. They elected new officers, Ruth McIntosh, president; Sue Hoogstra, vice president; Leona Neff, secretary-treasurer; Dorothy Neff, scrapbook; Sue Hoogstra and Dorothy Neff, telephone committee. Those attending the meeting were Ruth McIntosh, Sue Hoogstra, Leona Neff, Dorothy Neff, Ola Smith, Dolores Cannon, Shirley Varner, Joe Bryant. Dues were paid, they will assist with the Easter party in April. Dolores C. came and did the ladies' hair and cut the men's hair, too.

Wednesday, Bro. Jimmy Rodriguez gave the devotion taken from Matthew on forgiveness. That it should be a "way of life" and to forgive from the heart. The residents played Bingo at 2 p.m. Sue Hoogstra, Edna Duke and Mary Alice assisted with the Bingo. Mrs. Lucille Poage had the first Bingo. Thanks for coming. I attended Mr. Luis Vasquez's funeral.

1950 Study Club view microwave demonstration

The 1950 Study Club met Tuesday night, March 6, in the home of Shirley Morton with Martha Lotspeich serving as co-hostess.

Mary True, Floyd County Home Economist, gave a microwave demonstration. She prepared several dishes in the microwave and then served them to the club members. We received copies of recipes and many helpful hints for making better use of our microwaves. In appreciation of her demonstration the club will place a book in the Floyd County Library.

During the business session, the nominating committee presented the following to serve as officers for the years 1990-1992: President, Edris Edwards; First Vice-President, Jane McCulley; Second Vice President,

Gencie Evans; Secretary, Sue Moore; Treasurer, Nettie Ruth Whittle; Reporter, Nell Abram, and Federation Counselor, Lovene Moore. These were elected by the club and will be installed during the regular May meeting.

A contribution will be made to the Hugh O'Brien Youth Foundation to sponsor a student to the youth seminar in Amarillo. Billy Joe Villarreal, Floydada High School student, has been selected to attend the seminar this year.

The next meeting will be April 3 at Lighthouse Electric and all former members of the club are invited to be guests. The program will be presented by Lovene Moore and will be "G.F.W.C. Centennial Year."

FLOYD DATA

Stanley and Virginia Waits of Hale Center spent last Thursday and Friday with her mother, Decota Odam.

Vickers and Henson marry

Sharon Elaine Vickers and Jeffrey David Henson were married Saturday, March 10, at Columbus Avenue Baptist Church, with the Rev. Ron Durham officiating.

The bride is the daughter of Mr. and Mrs. Edell Moore and Lane Decker, all of Floydada.

The groom is the son of Mr. and Mrs. Jack Henson Jr. of Waco. Charlotte Sutton, the bride's sister, was matron of honor. Glenda Green was bridesmaid.

Ambree Vickers was flower girl. Greg Henson was ring bearer and Kasey Vickers served as candlelighter.

The groom's father was best man. Jack Henson, groom's brother, was a groomsman. Ushers were Tim Keenan and Pat Kerr.

Nancy Young, Floydada, registered guests. Following the ceremony a reception was held in the parlor of the church.

The bride is a graduate of Texas Tech and is now a graduate student and instructor in the school of education at Baylor University. She will be receiving a master's degree in May.

Henson, a graduate of Baylor University, is manager of Henson Business Products.

Following a trip to New Orleans, the couple will live in Hewitt.

Courtesies shown the bride were a lingerie shower hosted by Glenda Green, bridesmaid.

The Singles Department of the Columbus Avenue Baptist Church honored them with a reception in the church.

The groom's parents, Mr. and Mrs. Jack Henson were hosts to the rehearsal dinner in the Green Room at the church. Upon the return of the couple from their honeymoon, they plan a reception for the couple in their home.

The day of the wedding, Dr. and Mrs. H.C. Mitchell, Waco, entertained the bride and family members to a luncheon in the Olive Room at the Sheraton Hotel. Those from out of town were: Edell and Lovene Moore and Lane Decker, parents of the bride; Dr. Charlotte Sutton and Alison, Auburn, Alabama; Kasey Vickers and Ambree Vickers, children of the bride, and the honoree, Sharon Vickers of Waco.

Women's chamber discuss events

By Julianne Cornelius

The Women's Chamber of Commerce met Tuesday, March 6. The minutes were read and the treasurer's report was given. Business discussed were the details of the chamber banquet. The video tape that was viewed by all, may be checked out at the Chamber office for a \$5.00 deposit. Ideas for next year's banquet were discussed.

A thank you note from the Floyd County Child Welfare Board was read.

The next item of business was the Spring Style Show Monday, March 26. Chairmen Debra Graham and Allison Robertson presented the theme and decorations intended for the upcoming event. All members are asked to come to Sunday rehearsal for models, at 2:00 p.m. on the 25th, to help with decorations. Motion was made to raise membership dues to \$7.00, instead of \$5.00 to cover expenses. The spring style show is the women's chamber annual membership drive, so everyone is invited to join.

A ribbon cutting will be held for Davis and Son Builders Mart, Monday, March 19, at 4:15 p.m. The public is

invited. Refreshments and details were discussed.

The Women's Chamber discussed sponsoring Hot Air Balloon rides on Saturday, June 23, in commemoration of the Floyd County Centennial.

With Old Settlers approaching us in May, we discussed having a float, using the Centennial celebration as our theme. We also discussed sponsoring a bike-a-thon, on Old Settlers, to help benefit the children at St. Jude's Hospital.

Members in attendance were: Deedie Covington, Vickie Norrell, Daphna Simpson, Kathy Himes, Sue Chesshir, Debra Graham, Anne Carthel, Barbara Fyffe, Christina Chesshir, Mitzi Nixon, Julie Duke, Allison Robertson and Julianne Cornelius.

The next meeting will be Tuesday, April 3, 5:00 p.m., at the Chamber office.

Membership qualification: Any woman who is living in the Floydada area shall be eligible for membership in this organization. Membership in the organization may be retained through continuous payment of dues.

Benjamin wins speech contest

The 26th annual Government-in-Action Youth Tour Speech Contest sponsored by Lighthouse Electric Cooperative, Inc., was held at the Lighthouse headquarters in Floydada on Thursday night, February 22. Winners this year were Christy Benjamin of Floydada, Imo Jean Tune of Hale Center, and Shannon Myers of Lakeview.

Christy is the daughter of Larry and Stella Benjamin of Floydada, and is a 16-year-old sophomore at Floydada High School.

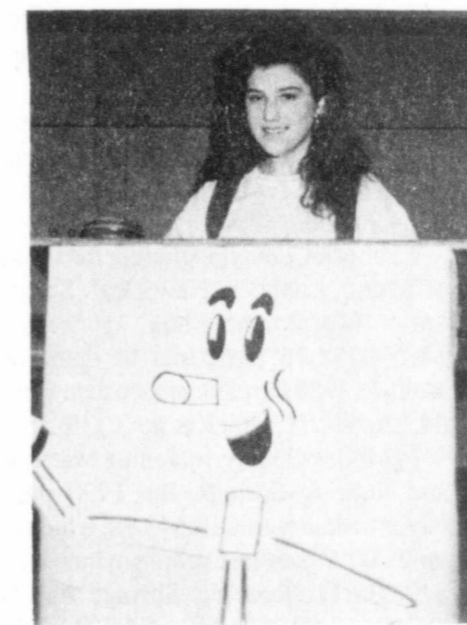

Imo Jean is the daughter of Martin and Pattie Tune of Hale Center, and is a 15-year-old sophomore at Plainview High School.

Shannon is the daughter of Johnnie and Carolyn Myers of Lakeview, and is a 17-year-old senior at Memphis High School.

These three girls will be participating in the June 7-19 Youth Tour to Washington, D.C., along with winners from other electric cooperatives from across Texas. They will depart from Lewisville, Texas, on June 7 by bus for the trip to Washington, where they will tour the Capitol, visit the White House, historic monuments, museums, and government buildings, see the house of Representatives and Senate in session, visit their congressman, and participate in a wreath laying ceremony at the Tombs of the Unknown Soldiers in Arlington

Cemetery.

The idea of sending young people to Washington was originated by the late President Lyndon Johnson in the early 1950's, when as a Senator, he selected outstanding young people and offered them the opportunity to visit Washington and see their government in action. The present format of selecting winners from electric cooperatives to participate in the Youth Tour to Washington was begun in 1965. Over the past 25 years, Lighthouse has sponsored 51 students from area high schools on the tour.

CHRISTY BENJAMIN

Nursing Home provides geriatric service

Floydada Nursing Home announces a new service to the community entitled, "Reach Out to the Geriatric of Floydada."

Transportation will be provided by CapTrans public transportation. The nursing home will provide the dinner meal and activities that will follow until 3:00 p.m. Following activities, CapTrans will return participants to their homes.

A nursing home spokesperson states, "Families if you have a geriatric family member that may need to have social activities on Tuesday's and Thursday's each week, come and join us for a meal,

bingo and ceramics."

For more information call the Floydada Nursing Home between the hours of 9 a.m. and 4 p.m.

Harmony Home members hear program on "reverse osmosis"

The Harmony Home Extension Club met March 12 at the Harmony Center. The president called the meeting to order at 2 p.m. and read a poem entitled "March."

Juanita Pool, hostess, read a beautiful poem on the Stores of Heaven. Ten members answered roll call with "Ways to Save Water."

Secretary Anna Hopper read the minutes of the last meeting and they were approved. She also gave the treasurer's report.

Members of the program committee asked that suggestions be given to them for the club's choice program April 23.

The finance committee submitted recommendations that were accepted. The Sunshine Committee reported a gift purchased for a member who had surgery.

Ruth Scott gave the council report. She stated the council had voted to purchase a tree to be planted for Arbor Day and also that we would have an exhibit in a vacant window in May.

The district meeting March 29 was discussed and dinner reservations have been sent in.

The program on "Reverse Osmosis" was given by agent Mary True. She first read an article of the many changes that those born before 1945 have experienced.

She stated there were three treatment processes used in Home Water Treatment Systems. Of course the first step is to get your water tested to see if a treat-

ment system is needed. The three types of treatment are: Sediment Filtration, Reverse Osmosis and Carbon Filtration, with the Reverse Osmosis taking care of more of the contaminants.

Arvie Schulz conducted a St. Patrick's Day game.

Hostess served refreshments of canapes, chips, dip, angel food cake, strawberries and whipped cream and a choice of soft drinks to the following: Karen Miller, Laura and Matthew, Bess Carr, Blanche Williams, Mary True, Maye Williams, Arvie Schulz, Lucille Miller, Anna Hopper and Ruth Scott.

BREAST CANCER DETECTION UNIT

available to area women!

FRIDAY, MARCH 23rd
CAPROCK HOSPITAL DISTRICT
901 West Crockett
FLOYDADA, TEXAS

Call 983-2875 for appointment

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as a result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97 percent five year survival rate and a 90 percent 10 year survival rate. The cost is only \$70.00.

A mammogram can detect a cancer this small, even before it can be felt.

Alpha Sigma Upsilon meets

By Sara Coursey

Alpha Sigma Upsilon held their first March meeting March 6. Donna was the hostess. The meeting was held at her parent's home. Thanks to them for sharing it with us.

Hope called the meeting to order. There were eight present and three excused absences.

The chapter received a thank you note from Hope for the flowers she was sent. The treasurer's report was given by Jodie. The month donation to the nursing home was made. The state convention will be June 22-24 in Amarillo. Sounds like lots of fun.

The social committee is planning to

have an Easter egg hunt for the kids. The details will be discussed at the next meeting.

The next meeting will be March 20. Darolyn is the hostess. The meeting will be the election of new officers.

The meeting was then adjourned and we held a surprise baby shower for Hope and Mary Beth. She received lovely gifts and seemed to have a good time. We all took our turn holding Mary.

Donna served the meal of Mexican casserole, tossed salad, chips and hot sauce and the cake for the shower. Donna's program was on recycling of products.

Senior Citizens News

By Thelma Jones

We had a fair crowd at the luncheon last Saturday. Everyone enjoyed it.

Ethel Warren spent several days last week with Johnny Lynn Warren and family in Lubbock.

Everyone has enjoyed the good rains we have been getting the last few days. We still have several real sick in the hospitals and at home. Wish them a speedy recovery.

We still have tickets to sell for the quilt to be given away on Old Settler's Day May 26. They are \$1.00 each.

Sympathy to Mrs. Nettie Adams on the loss of a nephew in New York.

Letha Mulder is spending a few days with her daughter, Kathie Taylor in Amarillo.

Mrs. Alma Smith, Marie Tardy and

Lanell visited Mr. and Mrs. Dale Tardy. Nancy has been sick about a month with a cold, pneumonia and a blood clot in her knee, but is improving some now.

Last reports Elizabeth Armstrong was doing some better. She is in the hospital at Lubbock.

We Salute

COUPLE ENGAGED—Dale and Julia Montgomery of Crosbyton announce the engagement and forthcoming marriage of their daughter, Suzy Gail to Tony Guy Galloway, son of Doug and Elaine Galloway of Floydada. The bride-elect is the granddaughter of Mildred Montgomery of Littlefield. Galloway is the grandson of Dorothy Anderson of Floydada and Ben and Tinnie Galloway of Idalou. Suzy will be a 1990 graduate of Crosbyton High School this May. Guy is a 1986 graduate of Floydada High School. He is currently farming in the Floydada community. The couple plan to marry June 26, 1990. —Photo by R Photography

Alpha Mu Delta at Marble home

By Tami Wofford

The 163rd meeting of Texas Alpha Mu Delta was called to order on Tuesday, March 6, at 7:00 p.m. in the home of Gayla Marble. There were eight members present. Melanie Beedy held a short business meeting to discuss the Home Tour.

The home tour will be held on Sunday, May 20. Homes on the tour will include: in Floydada, Anne Carthel and Julianne Cornelius; in Lockney, Brenda Mangold and Treena Aston; and in the

Sandhill community, Tami Wofford.

There being no further business we all joined hands for the mizpah.

Hostesses for the evening were Dara Ware and Gayla Marble. They served brisket, sausage, beans, salad, homemade rolls and cake. This was enjoyed by all.

Members present were Melanie Beedy, Brenda Hefflin, Tami Wofford, Jan and Pate Beedy, Sidney Jackson, Dara Ware, Gayla Marble and Dawn Bullock.

Look Who's New!

HART

The Hart children, Sallinda, 18, Sara, 15, Sandie, 10, and Paul, 6-1/2, wish to introduce Shaina Renae, their newest sister.

Shaina was born at 1:37 a.m. Thursday, March 8, at University Medical Center, weighing in at 7 lbs. She was 19-1/2 inches long.

Parents of the children are Linda and David Hart of Floydada.

Grandparents are P.L. (Faye) and Amanda Hart, Floydada; Helen C. Smith, Tulia, and D.L. Smith, Overton, Nevada.

Great-grandparents are Fred and Buna Crow of Morton and great-great-grandmother is Annie Williams of Winters.

MILLER

Mark and Patti Miller of Floydada are proud to announce the birth of their son, Cade Lane, born at 8:13 a.m. Monday, March 5, at Methodist Hospital in Lubbock.

Cade weighed 8 lbs. 9 ozs. and was 22-3/4 inches long at birth. He has one brother, Luke, age 3.

Grandparents are Mrs. Orba Miller of Floydada and Birt and Pat Lane of Plainview.

Great-grandmother is Lillie Lane of Plainview.

Judge Roy Hofheinz, the former mayor of Houston, opened his dream stadium to the world on April 9, 1965. It was officially titled the Harris County Domes Stadium, but Judge Hofheinz preferred the Astrodome, and that's the name the world continues to use today. Dubbed the "eighth wonder of the world," the first indoor baseball stadium became a model for sports stadiums across the nation.

Floyd County Homemakers unite

Floyd Co. Extension Homemakers Council met in the council room at the agriculture building Thursday, March 8, at 2:00 p.m. Jonelle Fawver, vice president, presided in absence of Vivian Curtis, president.

For opening exercise the club prayer was said in unison. A shamrock puzzle game was led by Ruth Scott and Maye Williams.

Roll call was answered by seven members and Mary True, agent. Minutes of previous meeting were read by Blanche Williams, secretary.

Club presidents, Maye Williams of Harmony Club and Ruth Trapp of Homebuilders Club gave the report of the three meetings held since the last council meeting.

It was announced that a craft exhibit will be held again this year at the district meeting in Littlefield March 29. Any member wishing to exhibit crafts can do so.

Mary said that Betty Jean Campbell had asked if club members would like to have a window display in a vacant building for the month of May. It was voted to

do so. The cultural arts and education committees were put in charge of that.

Mary also said that 4-H club was sponsoring a tree planting for Arbor Day and asked if council would like to furnish a tree. This was approved and the 4-H committee was put in charge of deciding what kind of tree and where to plant it. This committee is Anna Maude Hopper, Sue Lovell and Barbara Willis.

Each county is to furnish a door prize, valued at \$10.00 or more. Jonelle Fawver said she would furnish a collar that she makes from linen cup towels. It was voted to accept her offer.

Present for the meeting were Jonelle Fawver, Ruth Trapp and Lillian Smith from Homebuilders Club and Maye Williams, Blanche Williams, Lucille Miller and Ruth Scott from Harmony Club and Mary True.

Have a good week!

Sue's Gifts dealership for plates

Sue's Gifts has recently received the exclusive dealership for Floydada for the Milestones of Life series of custom made commemorative plates by the Milestones of Life Company of Hutchinson, Kansas.

The series of plates depicts a total of 15 different occasions commonly celebrated, including wedding anniversaries, birthdays, graduations, baptisms, new arrivals, weddings, first communions, loving memorials, and others.

The artwork is by airbrush and each plate features a photograph of the person or persons being celebrated. The series also includes a pictorial plate for churches who are celebrating a special occasion or centennial.

Milestones of Life Co. is the exclusive national distributor for the series and dealerships are limited to one per city.

Sue's Gifts is located at 100 E. California.

Custom Commemorative Photo Plates for life's Special Occasion's

For celebrating
• Anniversaries
• Weddings
• Engagements
• Birthdays
• Baptism
• Many others

Truly unique gifts that keep giving for a lifetime and beyond, becoming family heirlooms.

News and Views from Cedar Hill

WEATHER

Sunday, Mar. 11, was a renegade day, a deliberate violator of the axiom, "Sabbath stillness." Claps of thunder, howling winds, and sheets of falling rain roused Floyd County residents from their slumbers at daybreak Sunday morning. A weather surprise, the storm slipped in without having been predicted, and it disappeared as quickly as it came. For a short time the wind quieted to some seven miles per hour, then it puffed the clouds away and once again became exceedingly strong with gusts up to 60 mph. By midafternoon it had carried in so much dust from Brownfield and Hobbs, N.M. that visibility was restricted; Burleson Ranch, only three miles away, could not be seen from Hwy. 97.

The Sunday morning rain, although spectacular as it fell in the howling wind, measured only .35, and it raised the week's total to 53 hundredths. ... Tuesday, 8 A.M.: rain on the roof, solid overcast, wind SW @ 15 MPH. 9:30 AM: sun visible through the clouds, wind higher, rain gauge showed not even a trace. ... Note! March 20 will be the first day of "Calendar Spring!"

FROM THE COTTON PATCH

Cedar Hill farmers have worked a near miracle with their herbicide rigs, dodging in and out from field to field between showers. Treflan application on land designated for irrigation is virtually complete, and the bedding of the land should go just as quickly.

Dryland application of herbicides will be handled at a more leisurely pace until the spectre that 1990 might turn into a "wet one" begins to loom.

This column thought it might be interesting to get a few grower statements on what specific thing it is that tells each farmer when "it is time to plant cotton."

Here is one by Albert Mize from long long ago; "It is time to plant cotton the next day after the temperature stays above sixty degrees three nights in a row." ... Comment: now that is good old fashioned vanilla; even your banker would endorse that!

Now this one by Max Yeary attempts to skate on modern ice and the ice is

puurrry thin: "We can't think about planting cotton yet! We have labor problems! Our module operator, Cephus Fortenberry, hasn't agreed to run our module next fall, he's still holding out for some reason or other! Unless that wrinkle can be ironed out we may have to miss cotton in 1990!" ... Comment: Oh, Lordy, Lordy!

CATTLE AND HAY

No longer does Timid Cow stand docilely away from the hay wagon waiting her turn until the boss cows have eaten their fill. Now she ignores them and goes to work on the tender new grasses which have finally become tall enough for her to make a very skimpy living. Of course old bossy will leave for water in an hour or and Timcow can have her place at the hay wagon. But the hay wagon is not as important as it was a few days back.

Native grasses need to be taller, and they are booming. The red ants are out and Spring will be here next week

FRUITS AND VEGETABLES

The earliest apricot trees hit full stride in their blooming cycle on Wednesday, March 7, a full week earlier than a year ago. Sunday's high wind ripped off their petals and left them ragged in appearance; their beauty for 1990 forever gone. On Saturday, March 10, the first blossoms were seen on the earliest blooming peach trees as well as the later blooming apricots trees. Buds on plum bushes and trees were so pregnant that the white color of their petals could be seen through cracks in their shucks.

The lowest temperature reading since the beginning of fruit bloom has been 42 degrees. Let us compare some 1990 temperatures to those of '89. The first Sunday in March '89, the low was a bone chilling five degrees, twenty seven degrees "below freezing"; March 1990's first Sunday had a low of 40, 35 degrees warmer than that of '89. The second Sunday in March '89, 3/12th, the temperature soared to an unbelievable high of 96 degrees; while this year on Sunday, 3/11th, our dust-filled atmosphere kept the day's high down in the low seventies.

THE CALIENTE CORNER

Mar. 12: People, plants, and portable

potties were primed and ready to set Floyd County's first onion plants early Monday morning, but the weather man toggled his master switch, sent a shower, and turned the operation off. By late Monday afternoon our withering westerly winds had dried the soil surface so the marking device could roll and crews began setting onions Tuesday.

Onion setting in '89 also began on the second Tuesday in March, which was March 14. A year ago, when asked why the operation didn't get off the ground and start rolling on Monday instead of waiting 'til Tuesday, the Chief Onion replied, "Onion growers have difficulties enough without deliberately asking for trouble by starting up on the thirteenth!" So, take heart, you Cedar Hill growers, the Men-N-Charge, the ones you work with, really watch "all" the corners!

Texas crop reporters are estimating the Trans Pecos area, which includes the Hereford through Midland-Odessa area, will grow 2,700 acres of onions this year. If that be true nearly one out of every three acres in that area will be grown right here in Floyd County, a mighty hefty slice of the onion-pie by anybody's standard.

THE LEANING CEDARS

Ex-Cedar Hillians receiving continuing health care are: Evelyn Fortenberry Winn at St. Mary's in Lubbock 29 days, is scheduled the third time for dismissal, this time on Monday, 3/12, diagnosis decidedly vague, prognosis not good; a change was made, Evelyn took control Sunday, she left the hospital and returned to her home in Lockney; Jack Stansell in Lubbock Methodist approx. 21 days, a report on Sunday, March 11, said his condition had improved; and Edna Easily Love, a stroke victim approx. 21 days ago, was moved from a hospital to Park Haven Rest Home in Bridgeport, condition stable.

It was in mid-February that J.B. Whitehead accompanied Cecil, his wife, to the Methodist Hospital in Lubbock where she was taking therapy sessions. While in the hospital, waiting for Cecil to finish her treatment, JB was seized with severe cramps and experienced acute pain. He was rushed into

emergency where it was determined that he was suffering from kidney stones. Later that day, in the operating room, while steps were being taken to dissolve the stones, J.B. suffered a stroke. This happened three, maybe four, weeks ago, and, since that time he has been in the hospital, being fed through a tube, unable to communicate with anyone, however there are indications that he may understand words spoken to him. His condition appears stable.

Mar. 6: Cecil Wayne VanHoose, once of Cedar Hill, now of Kingsland, Tx. suffered broken bones and internal injuries as the result of a fall while pruning a magnametric pecan tree in the yard of his home. Doctors at Breckenridge Hospital in Austin made extensive use of metal plates, pins, and screws to repair bone damage in his pelvic area. Further surgery is scheduled for Tuesday, March 13, to correct an ankle injury and reset bones in his lower limbs.

Sunday, Mar. 11: The Church's new "ramp for the handicapped" was used by Edna Gilley once more as she attended morning services at the Assembly of God Church. Later grand-daughter Cassandra Harrison, drove Edna to Plainview for Sunday lunch with the Harrison family.

Mar. 11: Betty Jean Beard Applegate was admitted to the Methodist Hospital in Lubbock late PM Sunday. She was suffering from an acute intestinal blockage but expected to be dismissed Tuesday.

Oops! It was Mary Helen Cypert Wilson, not Mary Helen Langley that visited her mother Goldie Brown Cypert in Lubbock last week! Mary Helen was back to see her mother again this week and all of them: Goldie, Paul, and Mary Helen are doing fine. ... Mebbie-so your writer is a little confused: not so fine.

PLAIN CEDARS:

Mar. 8: Vickki Warren Yeary joined ten others of Floydada's primary and secondary teachers of remedial reading on an educational junket to Austin, Texas last Thursday. The occasion was the annual convention of the Texas State Reading Association. Speakers ranged from theoreticians representing the

nation's most lofty towers of learning to effective practicing teachers who meet struggling students on a daily basis and are able to proclaim, "We have met the desire to read, and they are our converts!"

In addition to the inspiration and enlightenment from the convention Vikki got a rather abrasive introduction to air travel. Sunday, on the Austin to Dallas leg of her homeward flight her plane raced to reach DFW International Airport ahead of an approaching thunder storm, but the storm got there first. Her plane circled above the turbulence for hours until it was forced to fly to Houston for more fuel. When Dallas sent word the storm had passed they flew once more to Dallas and landed only to find all loading gates had numerous planes waiting to discharge their passengers. For more that two hours their plane with it's passengers sat on the runway waiting their turn at a loading gate.

The Floydada teachers reached Lubbock seven hours behind schedule and, to make matters worse, their luggage had been lost in the hassle. The airline located the lost luggage later Sunday night and on Monday a courier from American was in Floydada delivering the missing parcels to their owners.

Cities as Vikkis saw them: Austin, green, green, green, a city of flowers, an emerald city; Houston, heat, muggy heat, reaching out to claim you; Dal-Worth, just minutes after 4.5 inches of rain had fallen were cities of puddles, lakes, and streams. ... From NV 3-16-89: Vikki Yeary continues to recuperate from recent surgery.

Mar. 8: Christi Harrison came from Plainview, Thursday, and acted as chauffeur for her Grandmother Edna Gilley so that important up-town business could be attended to.

Mar. 9: Miss Mandi Yeary was off to visit Aunt Brenda, and cousins Jess and Cliff Yeary who live in Quitaque, over the weekend. The boys are the sons of Rex and Brenda Fulton Yeary, the same kids who drank the insecticide up in the Yeary barn back a couple of years or so ago. Caused a lot of concern at the time,

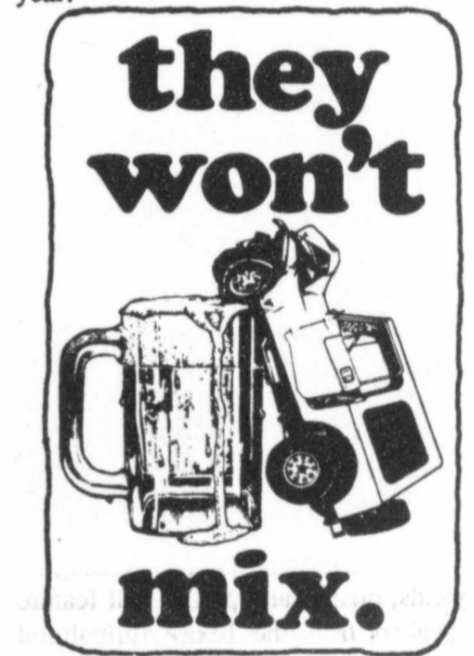

but some sharp medics pulled them through. Now they are as well as if it never happened. Mandi had already returned home when Vikki got back from Austin.

Mar. 11: Cephus and Imogene Fortenberry returned home Sunday afternoon from a trip to Bridgeport, Texas. They visited with Imogene's sister-in-law Edna Love, and attended the wedding of Imogene's grand-nephew Keith Love and his bride elect Kris Verle. Keith and Kris were both from Paradise, Texas, however the wedding was in a catholic church in Bridgeport.

FROM THE POST YARD

Beware! Beware! The winds of March and those "clean up the premises" trash fires can be a dangerous, even a deadly, combination. The blazing inferno that was featured on the front page of the 3-09-89 issue of the Hesperian, gives graphic testimony as to what can happen. Brian Sanders and his dad, two grown men, fully equipped with hoes, shovels, and garden hoses had been working with a number of fires near that burning house. They were watchful and alert, so they thought, yet a spark sneaked in and flames got beyond their control. The historic house on highway 207 where an elevator once stood, and where the Sanders families now live, was lost.

Beware! Beware! It happens every year!

Ginners Convention

Smith to address PCG

Lester Smith, Vice President and Director of Purchasing for Cone Mills of Greensboro, N.C., will be one of two principal speakers for the 33rd annual meeting of Plains Cotton Growers, Inc., officials of the 25-county cotton producer organization have announced. A second speaker, yet to be confirmed, will come from the Washington scene where the 1990 farm bill is under development.

The meeting is to begin at 9:30 a.m. Thursday, April 5 in Lubbock Memorial Civic Center in conjunction with the Texas Cotton Ginners' Association (TCGA) convention and trade show at the same location.

The PCG meeting will occupy the west end of the Center's Banquet Hall and includes a buffet luncheon at noon and a 1:15 to 4:30 p.m. cotton seminar under the theme "Goals of the 90's." Attendees will be given tickets for the luncheon at the PCG registration table.

The TCGA convention begins with the grand opening at 9:00 a.m. and continues through Saturday, April 7. By far the largest gathering of cotton people in Texas, the convention annually draws in excess of 6,000 ginners, producers, oil millers, compressmen and others in the industry from throughout the Cotton Belt.

The PCG meeting is scheduled to avoid conflicts with TCGA activities, and PCG Executive Vice President Donald Johnson emphasizes that all ginners, producers and other interested parties are invited to attend both functions.

Smith is expected to discuss what Johnson calls the "sometimes neglected" need for improved producer-manufacturer communications, especially as related to cotton quality and the relatively new phenomenon of quality evaluation by instrument.

Instrument classing will spearhead significant changes in the way cotton is marketed, Johnson says, "and how well we work with mills to adapt our own research and marketing efforts will determine whether benefits from those changes accrue to the High Plains or to other production areas."

The afternoon seminar, focusing on yields, quality and profits will feature speakers from the Texas Agricultural Extension Service and Experiment Station, the National Cotton Council and Texas Tech University.

PCG Board Chairman Myrl D. Mitchell will wear two hats on the morning program, reporting on cotton breeding research of the Plains Cotton Improvement Committee, which he chairs,

and on efforts to secure more effective crop loss protection under both federal crop insurance and the 1990 farm bill. Mitchell is the cotton spokesman on a federal commission appointed in 1988 to recommend ways to increase producer participation in federal crop insurance.

Also, in addition to the annual President's and Executive Vice President's addresses, Chairman Jarrell Edwards of O'Donnell will report on activities of PCG's Boll Weevil Steering Committee.

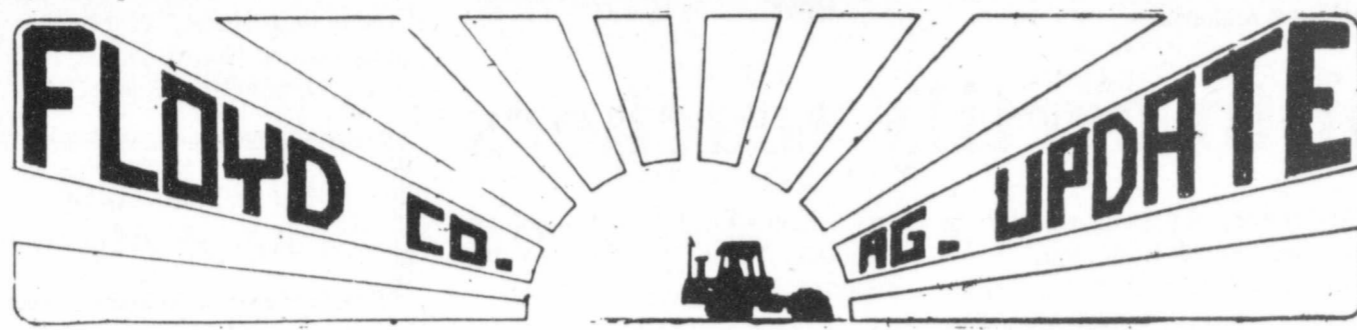

The 50-man PCG Board, now in the process of being elected in a series of county meetings, will convene after the membership meeting for the election of 1990-91 officers. Current elected officers include President Steve Verett of Ralls, Vice President Larry Nelson of Tulia, and Secretary-Treasurer Wayne Huffaker of Tahoka. Each has completed his maximum two-year term in his present position.

NANCY BISHOP, Chief Program Assistant, of the Floyd ASCS Office was honored as an outstanding employee during ceremonies in College Station. Mrs. Bishop was presented an award for high quality performance by Jerry Harris, Chairman of the Texas State ASC Committee. Harris said, "It is an honor for the State Committee to recognize you as an outstanding employee. You have been selected for this award because of your outstanding service to the farmers and ranchers of Floyd County."

LAVERNA PRICE, Program Assistant, for the Floyd ASCS Office was honored as an outstanding employee during ceremonies in College Station. Mrs. Price was presented an award for high quality performance by Jerry Harris, Chairman of the Texas State ASC Committee. Harris said, "It is an honor for the State Committee to recognize you as an outstanding employee. You have been selected for this award because of your outstanding service to the farmers and ranchers of Floyd County."

Calibration and adjustment essential

Too often, one essential operation gets overlooked in pesticide application. Calibration or equipment adjustment is essential to obtain desired rates.

An estimated 4 of every 5 sprayers in the field are calibrated inaccurately. One of the major problems is the fact that applicators too often rely only on spray charts for nozzle tip specifications. Many applicators do not realize how fast spray nozzles change with use. Brass or aluminum nozzles can wear enough after 10 hours of use to increase application rate by 12% or more. Calibrate application equipment before every use to insure good pest control and avoid the hazard and expense of over application. Replace and discard worn nozzles.

Many methods of sprayer calibration may be used. One of the easiest methods

is that of ounce calibration. A Crosby County producer first told me about this method. Then, I learned about the details of this method at a meeting. 1) Determine the distance to drive in the field from the following chart. Use nozzle spacing for broadcast booms. For directed and band rigs, use the row spacing. 2) Set the throttle, operate all spray equipment, and drive the determined distance. Record the number of seconds required to drive the measured distance. An average of 2 to 3 trips would be more accurate than 1 run. 3) Catch spray for the recorded time in step 2 in a container marked in oz. If system is a broadcast boom, catch spray from one nozzle during noted time. On directed rigs, catch spray from all nozzles per row for noted time. 4) Nozzle or nozzle group

output in oz for recorded time equals the gallons per acre actually applied. 5) Repeat for each nozzle to assure uniform distribution.

Hint: The reasoning behind this method is that the distance travelled for each row width or nozzle spacing equals 1/128 acre, and one ounce equals 1/128 gallon.

Only calibrate with water in the spray system. Even though water is used, observe all pesticide safety precautions because residual may be present in the sprayer system. Measuring containers should be used only for that purpose and should be permanently marked, accordingly. Again, replace any nozzle tip with more than a 10% variation.

For further information, contact your local county Extension office.

Row Width of Nozzle Spacing (in)	Distance (ft)	Row Width of Nozzle Spacing (in)	Distance (ft)
40	102	26	157
38	107	24	170
36	113	22	185

Texas-Mexico hold beef export meeting

Texas beef industry leaders established groundwork for longterm exports of U.S. cattle and beef to Mexico in meetings with that country's agriculture officials February 21-23, in Mexico City.

The meeting fulfilled two objectives for the Texas beef industry. It provided the Texas industry leaders with technical know-how on exports to Mexico, and it also gave Mexican officials insight on how a livelier beef and cattle trade with the U.S. can help their country's economic development.

The delegation included Texas Beef

Industry Council (TBIC) Executive Committee members Roy Wheeler of Pleasanton, Clark Willingham of Dallas, Tom Risinger of Crockett and Jim Schwertner of Austin as well as two TBIC staff members. Other U.S. participants included representatives of the Texas Department of Agriculture and the Texas Pork Producers Association.

The TBIC board of directors recently dedicated more than half a million dollars to develop markets for U.S. cattle and beef in Mexico through the U.S. Meat Export Federation.

NOTICE OF TARIFF CHANGE TO CENTRANET SERVICE

GTE Southwest Incorporated gives notice of its proposed tariff changes to CentraNet service, which is a Central Office-based service that provides PBX-type features to multi-line business customers and is currently being offered in all company wire centers where such facilities exist to provide the service.

The Public Utility Commission of Texas approved a generic tariff for CentraNet service up to 100 lines in Docket No. 7652. The proposed tariff revision would establish specific rates for CentraNet service involving 101 to 400 lines. Other proposed revisions involve the rate applicable to changes, additions, or deletions to the data bases and a new rate is proposed for additional trunks.

The names of the three CentraNet packages have changed from Standard, Premium, and Deluxe to CentraNet 1000, CentraNet 2000, and CentraNet 3000, respectively. Direct Call Pickup has been added to the three CentraNet packages while Multiple Call Park and Shared Speed Call 30 have been added to CentraNet 2000, and Speed Call 30 and Call Forward Busy/No Answer Split have been added to CentraNet 3000. Flexible Night Answer and Automatic Route Selection also have been added as new optional features.

The proposed changes and new service offerings have been assigned Docket No. 9251, and pursuant to Section 43(d) of the Public Utility Regulatory Act will become effective June 23, 1990. Rates for service will be applicable to customers who subscribe to the service as well as existing customers. Therefore, there will be no effect on any other rates of the company. The company's gross annual revenues will increase by approximately \$399,600, or less than one percent annually.

The proposed rates are on file with the Public Utility Commission of Texas, and are available for public inspection at the offices of GTE Southwest Incorporated. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission. The deadline to intervene in this docket is 3:00 p.m., April 9, 1990.

A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas, 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

GTE Southwest Incorporated

New regional program to certify teachers

There is a new program which has been approved by the state board of education which will train and provide technical assistance to people with a bachelor's degree who would love to teach special education students. The program begins this spring.

The alternative teacher certification program for special education at the education service center region XVII is designed to attract quality candidates to the teaching profession and facilitate the acquisition of necessary teacher training, skills, mentoring, and support which will enable the candidates to be

certified to teach special education in Texas.

In order to obtain certification, applicants must satisfy specified pre-assignment training requirements, observation requirements, ongoing staff development contact hours, and complete a one year teaching contract under the supervision of both the regional school district and the education service center.

The entry requirements for the applicants are:

1. Degree from an accredited institution of higher learning.
2. Grade point average of 2.5.

3. Evidence of passing scores in the Texas academic skills program.

The major share of the cost of the alternative teacher certification program will be the responsibility of the intern and will be approximately \$3,300 of the intern's first year teaching salary. This amount can be paid by a participating school district and taken out of the intern's salary monthly by the employing school district.

If interested in receiving an application, please contact:

Louadah Waggoner, Director of Special Education, Education Service Center

Region XVII, 1111 West Loop 289, Lubbock, Texas 79416, (806) 792-4000.

Private applicators school scheduled in Lockney March 22

Effective March 8, 1990 the Texas Department of Agriculture and the Environmental Protection Agency pesticide rules require that all private applicators certification and license be recertified by January 1, 1996.

Private applicators will also be required to obtain 15 Continuing Education Units every 5 years to maintain certificates and licenses.

A private applicators school will be offered on Thursday, March 22 at the Lockney Community Center. The class will begin at 8:00 a.m. and conclude following the completion of a test to be administered by TDA.

Brent Crossland from the Floyd County Extension will teach the class. It will be sponsored by Lockney Cooperatives and Kellison Fertilizer and Spraying.

A noon meal will be served to those registered for the class.

According to Charles McQuahae, manager of the Lockney Cooperatives, "This is a great opportunity for applicators to be recertified and earn a portion of the required 15 Continuing Education Units."

BUILD INTERNATIONAL FRIENDSHIPS IN YOUR COMMUNITY!
 Place foreign exchange high school students with host families and supervise. Training is provided and compensation is per placement. Need energetic, good-natured, responsible community coordinators. FOR INFORMATION CALL: J.A. WILLIS 1-806-797-5535

PRODUCTIVITY APPRAISAL

MAY LOWER THE PROPERTY TAXES ON YOUR FARM, RANCH, OR TIMBERLAND

Texas law provides farmers and ranchers, and timber growers with a way to lower their property taxes, known as productivity appraisal.

If you qualify, your agricultural land will be taxed on its capacity to produce crops, livestock, or timber, instead of its value on the real estate market. Productivity appraisal can lower the taxable value of your land, and lower your property taxes as a result.

If your land has never received productivity appraisal, you must apply to the appraisal district no later than Monday, April 30, to get

tax benefits for 1990. If you miss this deadline, you may still be able to apply, but you will pay a penalty. Check with your appraisal district office.

If your land already receives agricultural or timber appraisal, you normally don't need to reapply unless the chief appraiser requires you to. If an annual application is required, the appraisal district will notify you by mail.

For more information and application forms, contact the appraisal district office at the address shown below:

VALORACION DE PRODUCTIVIDAD

PUEDA REDUCIR LOS IMPUESTOS SOBRE LA PROPIEDAD DE SU GRANJA, RANCHO O TERRENO MADERERO

La ley de Texas ofrece a los agricultores, granjeros, y dueños de terrenos madereros una manera de reducir sus impuestos sobre la propiedad. Esta manera se conoce como valoración de productividad.

Si usted recibe esta valoración, usted va a pagar impuestos por su propiedad que dedica a la agricultura sobre su capacidad para producir productos agrícolas, sostener ganado, o producir madera en vez del valor de la propiedad en el mercado. La valoración de productividad puede reducir el valor de su terreno que se usa para calcular sus impuestos y puede resultar en una reducción de impuestos sobre su propiedad.

Si su propiedad agrícola nunca ha recibido una valoración de productividad, usted debe solicitar una valoración con el distrito de valoración. El último día que usted puede solicitar una valoración es el Lunes, 30 de Abril para recibir este beneficio de los impuestos en el año 1990. Si usted no puede cumplir con este plazo, puede usted solicitar, pero usted tendrá que pagar multa. Informese con la oficina de valoración del condado.

Por más información y para pedir los formularios para solicitar una valoración de productividad, escriba o llame a la oficina del distrito de valoración en la dirección citada abajo:

Floydada Whirlwinds second only to Tullia Hornets in recent track meet

By Bill Gray
The Whirlwind boys tracksters finished in second place behind Tullia in the Hornet Relays on March 10. The Lady 'Winds placed third behind team champion Tullia and runner-up Dimmitt.
Adam Cates paced the Whirlwinds with victories in the shot put (44' 7 1/4") and discus (125' 7"). Ronnie Benjamin grabbed 3rd in the pole vault with a jump of 11 ft. Jesse Suarez ran the 200 meters in the winning time of 23.55. Michael Henderson ran second in the 200 with a time of 23.71.
Victor Chavarria placed second in the 100 meters with a sprint of 11.88. Ryan

Burns won the high jump with a 6' 0" effort. Ronnie Hernandez ran a 3rd place in the 3200 meters with a 10:57.45 time and Floydada's 400 meters relay team finished in second place to complete the Whirlwinds' point total.
Tian Younger took up where she left off in last week's Whirlwind Relays with first place efforts in the 100 hurdles and 300 hurdles, and third in the long jump. Elisa Suarez finished second in long jump and third in the triple jump. Emily Parks garnered a second in discus with a toss of 84' 4" and Linda Suarez ran 3rd in the 800 meters. The Lady 'Winds also finished 3rd in the 1600 relay.

The Floydada track teams continue to improve in times and distances in preparation for the district meet later in the Spring.

SURE SHOT -- 'Winds Adam Cates earned the first place spot at the Tullia Relays last Saturday with a 44' 7 1/4" toss of the Shot Put. Photo courtesy of Jim Reynolds and The Tullia Herald

Duncan Kids Can!

Dear Duncan Parents:

Where has the year gone? We have had a great year so far. We are proud to say that curriculum-wise we are further along than ever before. The students are working hard and being successful. I can assure you our staff is hard at it also.

We are looking forward to our SRA Tests. This test is so very important because the results of this test determines remedial reading status.

Please let me encourage you to become involved in your child's academic career. Help us make your child be as successful as possible. If ever we can help you in any way please, let us know.

Sincerely,
Bobbie Weir, Principal
and Duncan Staff

5th Six Weeks

EARLY CHILDHOOD

Unit: Transportation - car, train, tractor, bus, truck, boat, airplane, helicopter
Unit: Utensils - cup, plate, bowl, spoon, fork, knife, napkin, glass/cup
Holiday/Season - St. Patrick's Day, Easter, Spring
Colors - Brown, black
Shape - Oval
Nursery Rhymes - Old Mother Hubbard, Old Woman Lived in a Shoe
Emotions - Sad/happy, mad/surprise
Opposites - light/heavy, wet/dry, above/below, in front of/behind, center/corner, front/back
Unit: Self-care - washcloth, towel, soap, toothbrush, hairbrush, comb, tissue, toothpaste, sleeping, brushing
Skill - Cutting with scissors

KINDERGARTEN

Language Arts: Story plot, retell story, main idea, recall facts and details, letters and sounds
Math: More - less, clocks, calendar, temperature, money
Science: Animals, plants
Social Studies: Traffic safety, Texas unit, Easter
Health: Pedestrian safety, pollution/smoking

FIRST GRADE

Language Arts: Creative writing, capitalization and punctuation, R controlled vowels
Math: Measurement, adding 2 digit numbers, subtracting 2-digit numbers
Science: Seasons/Spring, weather
Social Studies: Texas symbols, nutrition, drug safety

SECOND GRADE

Language Arts: Writing (describing), drawing conclusion, predicting outcome, cause and effect, alpha-phonics
Math: Geometry, subtraction 2 digit numbers with regrouping, measurement
Science: Magnets, nutrition
Social Studies: Texas, Floyd County

THIRD GRADE

Language Arts: Dictionary skills, reports, poetry
Math: Multiplication, division
Science: Electricity, erosion, conservation
Social Studies: Texas

SPEECH/LANGUAGE

Early childhood students are studying the concepts: pairs, in front, behind, above, below

K-1st are learning to answer "who" questions, making complete sentences

ARTICULATION

Students working on correctly proceeding sounds all show improvement.

Three students will be dismissed this six-weeks others will be dismissed later.

SPECIAL EDUCATION

Math: Place value, subtraction/addition with and without regrouping, multiplication, division - introduce

Language Arts: Alphabetic phonics, dictionary skills, poetry, story writing

MUSIC

Overall objectives: Singing, moving, playing and listening. Composer of the Month: Foster (March) and Debussy (April)

SKILLS

K - Move with a steady beat; discriminate fast/slow sounds/ imitate and perform rhythm patterns; sing individually; recognize tone color characteristics—vocal and instrumental; recognize mood; differentiate between melody and accompaniment.

1st - Demonstrate knowledge of rhythmic concepts; discriminate long/short sounds; perform rhythm patterns; dramatize a story song; perform singing games; discriminate vocal tone color; discriminate instrumental tone color (recognize instruments by sound and sight); identify melodic notation

2nd - Demonstrate knowledge of rhythmic concepts; move with a steady beat; discriminate long/short sounds; even/uneven sounds; imitate and perform rhythmic patterns; perform locomotor and axial movements; discriminate loud/soft sounds/ perform expressively (appropriate dynamics, tempo, enunciation); recognize mood; dramatize a story song; recognize tone color characteristics; perform singing action songs; demonstrate knowledge of harmonic concepts.

3rd - Identify melodic notation; imitate and perform a melodic pattern; demonstrate knowledge of harmonic concepts; imitate and perform rhythmic patterns; perform counter melody; recognize tone color characteristics; recognize instruments by sound and sight (brass family for March and percussion family for April); perform solo-chorus songs.

ACTIVITIES

K - Sing songs including total group singing of action, seasonal, patriotic, and folk/popular songs; accompany with melody and rhythm instruments; play steady beat, also, rhythmic patterns with instruments; create a sound piece/instruments; listen for expressive movement; play games.

1st - Sing songs including total group singing of action, seasonal, patriotic,

and popular songs; accompany with body percussion, rhythm and melody instruments; imitate and perform rhythm patterns; create new verses and word rhythms; identify recurring rhythm patterns; respond to beat through movement; perform chant; using motion sequence; action song; play games; use pitch and rhythm charts/MusiClings, also, Curwen Hand Signs.

2nd - Sing songs including total group singing of action, seasonal, and folk/popular songs; accompany with melody and rhythm instruments; perform singing games; listen for expressive movement; use of pitch and rhythm charts/MusiClings/hand signs for low la, do, re, mi, so, la.

3rd - Sing songs including total group singing of action, seasonal, patriotic, and folk/popular songs; accompany with melody and rhythm instruments

and body percussion; accompany/Kodaly Blackline Masters (evaluations) of melodic notation.

GRADE LEVEL INVOLVED:

K-3rd grades

P.E.

In P.E. this six weeks, we will be learning basic tumbling and gymnastics stunts. These include the bridge, front and back rolls, straddle rolls, dive rolls, tripods, and cartwheels. These stunts are taught using the Developmental Gymnastics procedures which break each stunt down into 4 or 5 parts. Later in the six weeks we will begin a rhythms unit which will include aerobic dance, folk dance, creative dance and lummi sticks. The dances taught will vary from grade to grade and will include Mousercise, Aerobic-Fitness - Texas Style, and Phyllis Wilkhat's Folk Dance series.

PROTECT YOUR RIGHTS—

RENDER YOUR PROPERTY

A rendition is a report to the appraisal district that lists all the taxable property you own or control on January 1, 1990. The form is available at your local appraisal district or you may draft a similar form.

You must file a rendition if you own tangible personal property used to produce income—such as the inventory and equipment used by a business.

The appraisal district may require any taxpayer to file a rendition by sending the taxpayer a written notice and a rendition form.

The advantages of filing a rendition:

- You give your opinion of your property's value. If the appraisal district wants a higher value for your property, it must notify you in writing of the higher value and explain how you can protest that value to the appraisal review board.
- You record your correct mailing address so your tax bills will go to the right address. If your bill is mailed to the wrong address, the law still holds you responsible for

paying your taxes on time or paying extra charges for late payments.

- You can also file a report of decreased value, to notify the appraisal district of significant depreciation to your property in 1989. The district will look at your property before assigning a value in 1990.

The last day for filing or post-marking 1990 renditions is Monday, April 2. You can get an extra 30 days if you ask for it in writing before the April 2 deadline.

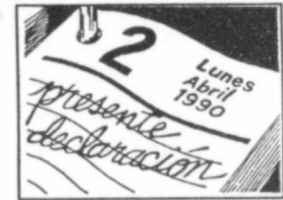

File renditions with your local appraisal district at the address shown below.

For more information, get a free copy of the pamphlet, *Taxpayers' Rights, Remedies, Responsibilities*, at your appraisal district office or from the State Property Tax Board in Austin.

DECLARACION PARA IMPUESTOS SOBRE LA PROPIEDAD

LE AYUDA A PROTEGER SUS DERECHOS COMO CONTRIBUYENTE

Una declaración (rendition) es un reporte al distrito de valoración que enumera todas las pertenencias que usted tiene o controla a partir del primero de enero de 1990 sobre las cuales se pueden cobrar impuestos.

Usted debe presentar una declaración si es dueño de bienes muebles tangibles (tangible personal property) que son usados para producir ingresos—tales como el inventario y otro equipo usado por una empresa.

El distrito de valoración puede exigir a cualquier contribuyente que entregue una declaración notificándole por escrito y envíandole un formulario para hacer su declaración.

Las ventajas de presentar una declaración:

- Usted puede dar su opinión del valor de su propiedad. Si el distrito de

valoración impone un valor más alto sobre su propiedad le debe de notificar por escrito de ese valor más alto y le debe de explicar como puede protestarlo ante la junta de revisión de valoración.

Usted registra su dirección correcta para que sus cuentas de impuestos sean enviadas a la dirección correcta. Si su cuenta es enviada a una dirección incorrecta, la ley aún lo hace responsable de que pague sus impuestos a tiempo o que pague cargos extra por hacer pagos tardíos.

Entregando un tipo especial de declaración llamado *reporte de valor decreciente*, usted puede notificar al distrito de valoración de daños graves que le ocurrieron a su propiedad en 1989. El distrito envía a alguien para que verifique los daños y se tome en cuenta para cuando se le asigne valor a su propiedad para 1990.

Presente su declaración en las oficinas de su distrito de valoración local en la dirección citada abajo. Ahí encontrará los formularios que usted necesita.

El último día para presentar su declaración para 1990 es el Lunes 2 de Abril. Usted puede recibir 30 días adicionales si lo pide por escrito antes del plazo del 2 de Abril.

Para más información pida una copia gratis del folleto *Los Derechos, Recursos y Responsabilidades del Contribuyente de Impuestos*, en la oficina del distrito de valoración o puede pedirlo del Consejo Estatal de Impuestos sobre la Propiedad (State Property Tax Board) en Austin.

HOMESTEAD EXEMPTIONS

MAY LOWER YOUR HOME'S PROPERTY TAXES

A homestead exemption lowers the property taxes on your home by lowering its taxable value. For example, if your home is valued at \$50,000 and you receive a \$5,000 homestead exemption, your home will be taxed as if it were worth only \$45,000.

You qualify for a homestead exemption if you owned your home on January 1 and used it as your primary residence on that date. It doesn't matter whether your home is a house, a condominium, or a mobile home.

Exemptions are available to all homeowners to lower their school taxes. Additional exemptions are available to homeowners who are disabled or age 65 and over. And, if you receive the over-65 exemption, you also qualify for a ceiling on school taxes. Other exemptions may be offered to homeowners by school districts, counties, cities, and special districts.

Who should apply? If you received a homestead exemption on your home in 1989, you won't need to

re-apply for 1990 unless your chief appraiser requires it.

If you became 65 or disabled before January 1, file a new application to receive the additional exemptions.

If you haven't received an exemption on your present home, or if you've moved to a new home, make a new application for 1990.

File your homestead exemption with your local appraisal office at the address shown below.

The last day to file for applications is April 30, 1990. Contact your appraisal district before then if you need more time to file.

For more information, get a free copy of the pamphlet, *Taxpayers' Rights, Remedies, Responsibilities*, at your appraisal district office or from the State Property Tax Board in Austin.

EXENCIONES DE RESIDENCIA

PUEDEN REDUCIR LOS IMPUESTOS QUE PAGA POR SU CASA

Una exención de residencia le ayuda a reducir los impuestos sobre la propiedad que tiene que pagar por su residencia reduciendo el valor que se utiliza como base para calcular sus impuestos. Por ejemplo, si su casa está valorada en \$50,000 y usted recibe una exención de residencia de \$5,000, usted va a pagar impuestos de residencia como si su valor fuese de \$45,000.

Usted puede recibir una exención de residencia si usted era el dueño de su casa el primero de enero y la usaba como su residencia principal en la misma fecha. No importa si su residencia es una casa, un condominio o una casa remodelada.

Hay exenciones que cualquier persona que es dueño(a) de su residencia puede usar para rebajar sus impuestos escolares. Exenciones adicionales se ofrecen a dueños de residencia que están incapacitados o tienen 65 años o más. Si usted recibe la exención porque su edad es mas de sesenta y cinco años, usted califica para un límite en los impuestos escolares. Otras exenciones pueden ofrecerse a propietarios por distritos escolares, condados, ciudades y distritos escolares.

Solicite todas las exenciones que usted puede recibir en la oficina local del distrito de valoración en la dirección que se cita abajo.

Si usted recibió una exención para su residencia actual en 1989, usted no necesita solicitarla para 1990 a menos que el jefe de valoración pida que haga una nueva solicitud.

Sin embargo, si usted cumplió 65 años o quedó incapacitado antes del primero de enero haga una nueva solicitud para recibir exenciones adicionales.

Si usted no ha recibido una exención para su residencia actual o si se cambió de casa haga una nueva solicitud para 1990.

El último día para hacer su solicitud es el 30 de Abril de 1990. Comuníquese con su distrito de valoración antes de esa fecha si necesita más tiempo para hacerla.

Para tener más información usted puede recibir una copia gratis del folleto *Los Derechos, Recursos y Responsabilidades del Contribuyente de Impuestos* en la oficina del distrito de valoración o puede pedirlo del Consejo Estatal de Impuestos sobre la Propiedad (State Property Tax Board) en Austin.

Commissioners court discusses increase of farm work contracts ...

Continued From Page 1
more than 40 hours and not involve the payment of overtime pay according to the request from Sheriff Fred Cardinal. This was approved by the court.

The court also approved the installation of a new phone system at the jail. The current system is of indeterminate age and does not function consistently. According to Judge Hardin, the problem is in the phones, which the county owns, not in the service provided by the phone company.

Estimates for replacement ranged from \$2,000 to \$2,250. The court voted

to replace the system as a reliable phone service is crucial to the operation of the department. The motion was made by Jackson and seconded by Bearden. Bearden stated, "We have to have it, but I don't know where the money will come from." No provisions were made by the court at this time for paying the tab for the new jail phone system.

The third matter discussed concerning the sheriff's department was the purchase of a new patrol car. Judge Hardin told the court that the car needing to be replaced has close to 200,000 miles on it and that two others being used by the

deputies have in excess of 100,000 miles on them. No action was taken on the request at this time.

HAIL DAMAGE TO BE REPAIRED

Hail damage to the roof of the ag extension building which houses the extension service and the Department of Human Resources will be repaired with the insurance payment received from the insurance carrier. The court unanimously voted to accept the J. Q. Long proposal for the work on a motion by Jackson, seconded by commissioner

George Taylor. The cost estimate was placed at \$4725 and will cost the county about \$700 over and above the insurance settlement. Settlements have not been reached on damage to the jail and the courthouse at this time.

Other matters considered by the court included the renewal of the county health insurance coverage. To date, only one proposal has been received. That proposal came from Blue Cross/Blue Shield, the current policy underwriter. Details of the proposal indicate that maintaining present coverage for employees will cost the county \$145.41 per

month per employee. The current rate is \$121.07. The policy is due to renew April 1. No action was taken at this time.

County treasurer Glenna Orman gave her monthly financial report, noting that the county began the month with fund balances of \$263,517.49. Receipts totaled \$517,736.31 and disbursements were \$497,258.36 leaving fund balances on February 28 of \$283,995.44. Orman also reported \$15,002.12 interest earned on certificates of deposit totaling \$306,000.00. This money is the current tax role receipts being held in reserve until needed for county expenditures.

Farm work contracts were approved for James and Robert Smith, Curtis Sanders, Clinton Ware, Ray Gant, Ray Walker by Mark Whittle, Mildred Kiepinski by Jim Simpson, Royace O'Neal, LaFaun Young by Rance Young, A.C. Pratt, Gale McPherson by Steve McPherson, and Oscar Golden by

Larry Golden.

Present for the meeting were Judge Hardin and Commissioners Bearden, Jackson, Taylor and Kay Crabtree, Becky McPherson, Jane McAnally, Glenna Orman, Lowell Bilbrey, Bill Hendrix, James Lovell, and the Hesperian reporter.

Two principal posts to be vacated

Continued From Page 1

Another point would require two years as a master teacher before certification as a principal and four years as a master teacher before certification as a superintendent. The bill would also institute a three year old pre-kindergarten in addition to the current four year old

pre-kindergarten.

Cannon serves on the governor's task force which recently prepared a report on education.

Administrative assistant Jimmie Collins gave the monthly tax report. Current tax collections are 92.51% complete with \$76,975.56 yet to be

collected. As of February 28, \$950,166.78 had been collected.

Collins also presented a comprehensive report to the board concerning the districts technology plan. This is a state mandated plan detailing the introduction and development of computer education in Floydada schools. This plan was approved on a motion by Hale, seconded by Campbell.

An update of the report detailing district goals, a statement of mission and a long range plan was also presented by Collins. Board members approved the update as presented on a motion by Hinsley, seconded by Hale.

The board went into executive session to consider renewal of teacher and personnel contracts following the regu-

lar session.

Attending the session in addition to the families of the outstanding students were Ellen Enriquez, Dean Bates, Joe Christian and the Hesperian reporter. Board members present were Charlene Brown, Michael Hinsley, Cyndiann Williams, John Campbell, Adolfo Garcia and Andy Hale as well as superintendent Jerry Cannon and Administrative assistant Jimmie Collins.

Odam attends service in Ft. Worth

Decota Odam of Floydada and her sister, Odessa Cage of Lubbock traveled to Fort Worth last Monday, where they attended a memorial service for their cousin, Joe Albert Poore of Ft. Worth on Tuesday.

In 1937, Mr. Poore lived with his uncle, James H. Poore and family in Floydada. He assisted the family with farm work.

Mrs. Odam and Mrs. Cage returned home on Wednesday evening.

Obituaries

CLARENCE ANDERSON

Services for Clarence Edward Anderson, 78, of Idalou were at 11 a.m. Tuesday, March 13, 1990, in the First Baptist Church of Mountain View, Oklahoma.

Burial was in Mountain View Cemetery under direction of Hackney Funeral Home of Mountain View, Oklahoma.

Local arrangements were by White Funeral Home of Idalou.

He died at 9:30 p.m. Saturday.

He was born in Mountain View and moved to Idalou in 1972 from Floydada. He was a retired cotton ginner. He married Priscilla Smith on March 22, 1931, in Mountain View. He was a U.S. Navy veteran of World War II and a Baptist.

Survivors include his wife; five daughters, Violet Ferree of Moore, Okla., Bonnie Caples of Bakersfield, Calif., Louise Stanford of Lubbock, Kathie McIntosh of Floydada and Donna Pernell of Dougherty; three sons, Charles of Idalou and Ed and Ken, both of Lubbock; three brothers, Clayton and C.C., both of Oklahoma City, Okla., and Calvin of Eakly, Okla.; 18 grandchildren; and 19 great-grandchildren. Grandsons were pallbearers.

JACK HENRY

Services for Jack D. Henry, 84, of Lubbock were at 2 p.m. Friday, March 9, in First Baptist Church, Ralls.

Burial was in Ralls Cemetery under direction of Carter-Adams Funeral Home.

He died at 10:50 p.m. Tuesday, March 6, in Lubbock's Methodist Hospital after a brief illness.

He was born in Hillsboro and moved to Lubbock in 1976 from Lorenzo. He was a former resident of Ralls and Cone. He married Maude Kropp Jan. 25, 1929, in Floydada. She died in 1972. He was a Southern Baptist lay minister. He had been a Crosby County commissioner. He served in the U.S. Army cavalry in 1926-1927.

Survivors include a son, Jack Bob Henry of Roswell, N.M.; a brother, W.C. "Dub" Henry Jr. of Morton; four sisters, Gladys Howard and Maxine Thornton, both of Graham, Zonelle Myers of Fritch and Hazel Smith of Ralls; three grandchildren; and two great-grandchildren.

MENNIE MITCHELL

Services for Mennie Mitchell, 69, of Floydada were at 2 p.m. Sunday, March 11, 1990, in Mount Zion Baptist Church with the Revs. Ralph Jackson and Leon Anderson officiating.

Burial was in Floydada Cemetery under direction of Moore-Rose-White Funeral Home.

She died at 1:20 a.m. Thursday in her residence after a lengthy illness.

She was born in Gonzales County and had lived in Floydada for 30 years. She was a member of Mount Zion Baptist Church.

Survivors include three daughters, Norma Crosby of Floydada and Shirley Mitchell and Brenda Mitchell, both of Wichita, Kan.; seven sons, Sylvester of Lockney, Walter Lee of Waelder, James Douglas of Seymour, Van Lee of San Antonio, Raylester of Garden City, Kan., Charles of Wichita, Kan., and McArthur of Denver Colo.; three brothers, C.T. Ollison of Waco, Virdele Ollison of Fort Worth and Van Lee Ollison of Post; 50 grandchildren; and 29 great-grandchildren.

DEWIE J. PARSON

Services for Dewie Jackson Parson, 67, of Floydada, were held Thursday, March 8, at 3:00 p.m. in the First Baptist Church. Officiating were Jimmy

McGuire of Bacon Heights Baptist Church, Lubbock; Howell Farnsworth, First Baptist Church, Floydada, and Danny Copeland, Southside Assembly of God, Plainview.

Burial was in Floyd County Memorial Park under direction of Moore-Rose-White Funeral Home.

Mr. Parson was born January 12, 1923 in Wheeler County. He served in the Army during World War II. He married Betty Sue Fitzgerald, August 11, 1951 in Dickens. They moved to Floydada in 1959 from Petersburg.

He was a dirt contractor and farmer and a member of First Baptist Church, where he served as a deacon.

Survivors include his wife; a son, Fred of Plainview; a daughter, Kelli Jackson of Matador; two granddaughters, Chesle and Brooke Parson of Plainview; a grandson, Dusty Jackson of Matador; a brother, Clayton of Lubbock; and a sister, Dorothea Lewis of Amarillo.

Pallbearers were Lee Burton, Bill Daniel, Leon Ferguson, Thomas Warren, Pete Nash, Cecil Jackson, Drew Lloyd and Bob Alldredge.

CARD OF THANKS

We would like to take this time to thank everyone for the donations, cards and visits while I was in the hospital. A special thanks to all those who included me in their prayers.

Davis Johnston and Family
3-15p

Dear friends and family,
We thank each one for your prayers, beautiful cards, calls, visits, flowers and food while we were in Methodist Hospital. You are all such caring people and we are grateful that we live in this community and country where God is so great.

Thank you,
Rena and Cecil Baxter
3-15p

Thanks to our many friends and family for the many prayers, flowers, food and cards at the death of our loved one.

The family of Minnie Mitchell
3-15p

Dear Friends,
Many thanks for visiting and calling our dad, R.G. Dunlap as he has been recovering from his fall. The staff at Caprock Hospital cheerfully provided the care he needed at a critical time. After his return home, he has received delicious gifts of food. Your acts of kindness are much appreciated.

Sincerely,
Becky Saunders
John Dunlap

PUBLIC NOTICES

LEGAL NOTICE OF APPLICATION

Notification is hereby given that First National Bank in Lockney (201 North Main Street, Lockney, Texas 79241) has filed an application with the Comptroller of the currency on (March 15, 1990), as specified in 12 CFR 5 in the Comptroller's Manual for National Banks, for permission to establish a domestic branch or seasonal agency at (105 South Wall, Floydada, Texas 79235).

Any person wishing to comment on this application may file comments in writing with the Deputy Comptroller (Dallas) (1600 Lincoln Plaza, 500 North Akard, Dallas, Texas 75201-3394) within 30 days of the date of this publication. The nonconfidential portions of the application are on file with the Deputy Comptroller as part of the public file. This file is available for public inspection during regular business hours. 3-15c

NOTICE OF REQUEST TO CHANGE AGRICULTURAL PROCESSING RATE

Notice is hereby given that LIGHTHOUSE ELECTRIC COOPERATIVE, INC. (the utility) intends to reduce the agricultural processing rate available to cotton gins, grain elevators, and other seasonal agricultural processing services. The existing rate contains an energy charge for the first 450 KWh per KW of peak billing demand of \$.1357 per KWh with all excess KWh billed at the rate of \$.03 per KWh. The proposed rate is 150 KWh per KW of peak billing demand per month, but not more than 450 KWh per KW of peak billing demand per season at \$.1357 per KWh with all excess KWh at the rate of \$.03 per KWh. Based upon billing units in the 12 month period ended December 31, 1989, the proposed rates reduce revenues to the utility by approximately \$50,000 or 0.45% of total operating revenues.

Implementation of the proposed changes is subject to approval by the appropriate regulatory authority. A statement of intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change is available at the general office of the Utility located at Floydada, Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.
