A view from
The
Lamplighter

By Ken Towery

Let history record that on Friday, the 18th day of May, 1990, at 7:15 p.m., we received a call from Rosemary Gonzales informing us that the deed was done. The last section of our Floyd County Centennial edition had gone to press. Our Publisher and Editor Alice Gilroy was attending a funeral, and Associate Editor Neta Marble, along with staff members Juanita Stepp and Tami Nielson had left for the day, exhausted, or nearly so, after months of tireless effort aimed at bringing to life a publication which we hope will live for years to come.

All was not complete, of course. There remained the task of compiling, collating, stapling, inserting. But those would be mechanical functions, devoid of the mental strain and exertion that must accompany the production of a special edition running more than 200 pages, all the while going about the task of regular production. So if those functions go as planned, our regular subscribers should see the fruits of our labors in today's edition. And for a modest fee it will be available to everyone else interested in getting a recorded glimpse of life here for the past one hundred years.

Quite frankly we had our doubts that the deadline, scheduled to coincide with the Floyd County Pioneer Reunion day on May 26, could be met when our Editor and staff broached the subject of a special edition of this magnitude. We should have had none. They said they could do it, and they did. It became a matter of deep pride with them, and the manner in which the community responded with help only served to reinforce their determination. We, and the community, owe a deep debt of gratitude to people like Jimmy Willson and Nancy Marble, and countless others, who became enthused with the project and came forth with all sorts of help. To them, and to all who helped with stories and pictures, we offer our thanks.

And we offer our congratulations as well to the staff for a job well done. We know as well as anyone that the story told in this special edition will miss many interesting stories that could have been included about life here on the South Plains, if we could have found them, and if we could have had the time and resources to commit to them. But our Centennial celebration will last through the rest of the year. As we find those stories, we'll print them. Then they will be around when we publish our bicentennial edition one hundred years from now. The staff can hardly wait. (And for that edition we will charge enough to break even.)

Big things are in store for those who gather this weekend to celebrate the Floyd County Pioneer Day Reunion. Much work has been done to make this one of the best, if not the very best. So everyone come and enjoy.

We have just returned from another few days in our nation's Capitol, trying to save the Republic.

We are sure our readers will be relieved to know that all is normal up there. The Mayor of Washington, D.C., The Most Important Capitol In The World, got hit with another six felony indictments. Same old stuff. Drug charges. That makes 14 altogether, if memory serves.

All the nations of the world with whom we have diplomatic relations, have Ambassadors there. They read the papers and report home. Juicy stuff.

The Mayor was beaming. He says he feels great, that he has a great defense team in place, that he is confident he will be acquitted. And if we had to make a guess, we would say he probably will be acquitted, if they select a jury from the District of Columbia.

The papers also reported that the

Continued On Page 3

Pioneer celebration activities begin Friday

Last minute details are being worked out during the final days leading up to the Pioneer celebration.

An itinerary of Friday's and Saturday's events can be found inside this edition, courtesy of Floydada's First National Bank.

This last centennial week is already in full swing with successful open houses, home tours, artists show at the First National Bank, Alamo Images Exhibit at the museum and entertainment from the Khawdai Indian dancers.

TIME CAPSULE

The time capsule ceremony will be held Friday, May 25, at 4:30 p.m. at the courthouse pavilion. Anyone interested in placing anything in the capsule should bring it at this time.

HISTORICAL MARKER

Following the time capsule ceremony, at 5:00 p.m. will be a ceremony dedicating a Texas Historical marker on the courthouse lawn.

HALL OF FAME

At 5:30 p.m. the Hall of Fame award presentation will be held inside the Floyd County Courthouse. A reception will follow the presentation.

MORNING ACTIVITIES

Saturday morning activities will commence with the registration of Floyd County Pioneers, at 8:30 a.m. The table will be set up until 1:00 p.m.

The flag raising ceremony at 9:00 a.m., by Boy Scout Troop 357, will kick off the days activities. A washer pitching contest will also start at 9:00 a.m. on the east side of the square.

The business meeting starts at 9:15 a.m., under the pavilion. Awards will be given to pioneer woman, man, and couple and a memorial service will also be held.

Organizers of the days event expect a very large turnout and are asking people to bring their own lawn chairs, just in case there is not enough seating to go around.

The beard contest begins at 10:00 a.m. and will also be held at the pavilion.

AUCTION

The auction begins at 11:00 a.m. under the pavilion. Auctioneers will be Assiter and Assoc. and Sam Fortenberry. Items to be auctioned will include local art work, hand crafted items, quilts, dolls, and crafts.

CANDIDATES TO ADDRESS CROWD

Gubernatorial candidates Clayton Williams and Ann Richards will both speak at the reunion on Saturday. Each candidate has been allowed fifteen minutes at the podium, before lunch.

Williams is scheduled to arrive at 11:00 a.m. and will leave at 1:00 p.m. Richards will arrive at approximately 11:15 and leave at 2:00 p.m.

LUNCH

The bar-b-que lunch will start at 11:45 a.m. Tickets are \$5.00 per plate and can be bought at the registration table.

The meal will be cooked by Floyd County pioneers. A pit has been dug in the vacant lot south of Farm Bureau for the bar-b-que, and five trailers of mesquite have been grubbed off the caprock for fuel.

WHIRLERS

The Floyd County Whirlers will perform for the audience at 1:00 p.m. and awards will be given to the oldest man and woman and to the person traveling the greatest distance.

The style show of pioneer selections

begins at 1:30 p.m. followed by the parade.

PARADE

Anyone planning on entering a float or participating in the parade should have their entry at the Duncan Abstract Office, between 9:00 a.m. and 12:00 noon, on May 26.

Vehicles must stay in formation while in the parade. If drivers of motorcycles, 4-wheelers, etc., dart out of line they will be expelled from the parade.

ARTS AND CRAFTS

Arts and crafts booths will be set up all around the courthouse lawn.

A large variety of artwork and hand-crafted items will be available, as well as many food booths.

Organizers of the arts and crafts say that besides all kinds of handmade clothes, there will also be country wood crafts, southwest art, jewelry, Victorian crafts, metal work, oil and colored pencil work, face painting, ceramics, and carvings. Besides local artists, Russell Brown will also have his watercolors on sale.

Artists are expected from New Mexico, Plainview, Canyon, Amarillo, Lockney, Slaton, Post, Floydada, Tahoka, Levelland, Idalou and Tulia. There will be plenty of food to serve the crowd downtown, including refreshments of homemade ice cream and fresh squeezed lemonade.

COUNTRY CARAVAN

Once again the Country Caravan, always a crowd favorite, will entertain with a variety of musical talent, beginning at 3:30 p.m.

Parade awards will be handed out after Country Caravan's concert.

The Floyd County Roping Championship begins at 4:00 p.m. at the rodeo grounds and the Floydada Whirlers will have a square dance at Duncan, beginning at 8:00 p.m.

Also, at 8:00 p.m. will be a country western dance at the pavilion, by the "Blue Denim Band."

SPECIAL ACTIVITIES

Besides all the timed events throughout the day, there are also special activities that will be going on all day.

The Floyd County Museum will have many special displays including: the Wild Flower Show, Alamo Images and the China and Jewelry Show.

The Nifty-Fifty Auto Club will also have their antique cars on display in the 100 block of N. Wall.

Centennial Edition is available beginning today

The Floyd County Centennial Edition will be out today. Copies may be obtained at the Hesperian Office for a cost of \$2.00. Mail orders will be priced at \$5.00, \$2.00 for the 216 page Centennial publication and \$3.00 for postage and handling.

A limited number of copies have been printed, so be sure to get your copy as soon as possible.

The Centennial Edition will also be sold from a booth on the square during the Old Settlers festivities on Saturday, May 26.

FIRST NATIONAL BANK DONATES BANNERS--A touch of red-white-and blue color has been added to businesses all around the square and beyond, to decorate the city in celebration of Floyd County's 100th birthday. The banners have been donated courtesy of Floydada's First National Bank. Staff Photo

The Train's A-Coming

Mr. Tom J. Mendenhall, president of the Seagraves Whiteface and Lubbock railroad, and the Floydada and Plainview railroad, informed Bob Vickers this week that the railroad will join in Pioneer Days celebration by parking the brand new Floydada and Plainview

engine on the track by Producers, on Saturday.

The colorful red white and blue engine with the flying eagle will be available for children and adults alike to get a closer look.

Wiles appointed branch manager

The Board of Directors of the First National Bank in Lockney, is pleased to announce the employment of Gerald L. Wiles as Vice President and Branch Manager of their branch bank in Floydada.

Gerald, formerly Vice-President of Farmers National Bank of Seymour, Texas is a graduate of Benjamin High School. He received his Bachelor of Science Degree from Texas Tech University. He has attended Texas Tech School of Banking and American Banking Assoc., National Compliance School in Norman, Oklahoma. Gerald was employed for eight years by the United States Dept. of Agriculture, serving as Federal Meat inspector for four years and four years with Farmers Home Administration, where he served as County Supervisor for Hall County, Memphis, Texas. Gerald is President of Baylor County Crimestoppers, Treasurer for Baylor County Junior Livestock Show, Senior Warden in the Seymour Masonic Lodge, board member of the Baylor County Action Group, past President of Seymour Lions Club, past vice-president and board member of Sey-

mour Golf and Country Club and treasurer and Deacon of the First Christian Church of Seymour.

Gerald and his wife, Debbie, have two children, Wade, age 10, and Haley, age 5. Gerald and Debbie are looking forward to making Floydada their home.

The Board of Directors anticipate the opening date to be July 2, 1990.

GERALD L. WILES

Commissioners accept two bids

Meeting in special session, the Floyd County Commissioner's Court accepted bids for two major purchases. A total of four items were handled on the short agenda of the Friday, May 18 morning session.

A deferred bid on the purchase of a motor grader for precinct 3 was accepted by unanimous vote. Motion was made by George Taylor and seconded

U.S. Senator Phil Gramm will endorse Waterfield candidacy

The public is invited to come out to the Floydada airport Sunday, May 27, and meet U.S. Senator Phil Gramm and State Representative Dick Waterfield.

Senator Gramm will visit Floydada to endorse the Congressional candidacy of State Representative Dick Waterfield. The Senator will participate with Representative Waterfield in a 4:30 p.m. campaign press conference at the airport and will also be available to the public.

Waterfield, who presently serves as Representative in the Texas House for the citizens of District 88, is seeking the 13th Congressional District seat. Waterfield, a lifelong resident of Canadian, is a farmer and rancher.

Senator Gramm said, "I am proud that Texas has candidates of Dick Waterfield's caliber willing to serve in Congress." He added, "Dick's experience in business and agriculture clearly qualifies him to represent the hard working men and women of West Texas."

The press conference will be at the main terminal of the Floydada Municipal

Airport, and all area residents are invited to stop by and talk to the men who represent you in Washington and Austin.

Also accepted was the Oden Chevrolet bid for a new sheriff's patrol car. Floyd Jackson and Kay Crabtree sponsored the motion accepting the \$13,243.60 bid for a 1991 Chevrolet Caprice, four door sedan. The bid was accepted by unanimous vote.

The only other bid received was from

City Auto. The bid placed the cost of a 1990 Buick LaSabre custom four door at \$13,985.00.

Commissioner Crabtree introduced a motion to begin using Valu-Line Long Distance telephone services in the courthouse. George Taylor seconded and a unanimous vote approved the item. The telephone service is estimated to save between \$2500 and \$3000 per year. There is no charge for connection and no penalty should the county be dissatisfied and opt to discontinue the service.

Davis, Kinard and Company of Abilene will again be doing the audit of county financial records. The firm has been the audit facility for the past three years and was unanimously approved on a motion by Jackson, seconded by Crabtree.

BUILDING THE OVEN--The City of Floydada provided a backhoe on Tuesday, to dig the hole that will be used to hold the mesquite wood grubbed off the caprock and the bar-b-que for the noon meal on Saturday. Staff Photo

Congratulations
to the
"Class of 1990"

By The Way

By Alice Gilroy

At 12:00 noon, Tuesday, May 22, 1990 in this office, the last staple was stapled on the last Centennial edition. Not counting the times our foot got too heavy on the staple machine (and we stapled more than once in the same place) we have stapled 12,000 staples on 4000 editions totaling 880,000 pages!

The pile of papers back here was a bit overwhelming and we were sure the mailmen and mailwomen would never speak to us again. Then in walks our mailman, Tracy Turner. He found out the editions were done and wanted to see what they looked like. I took him to the back, with my heart in my throat, and he said, "Why, that's not so bad. We expected a lot worse!"

Hurray - I gave him a big hug for being so sweet. (SORRY LAURA-BUT I REALLY DID!)

There are so many people I want to thank for making this possible. The staff, of course, are first on my list. They came through with flying colors. There were too many late nights to even remember and even though bone tired and on edge, they managed to get this edition out, the regular edition out every week, all the other office duties that needed doing in the day, and they are all still talking to each other and ready to celebrate together. I've never worked anywhere else where that would have been the case.

Next on my thank-you list is my family and the families of everybody else in this office. They put up with an awful couple of months of neglected meals, laundry and just plain companionship so we could get this done. Not only did I not get any obscene phone calls from anybody else's husband, but my own was also a big help.

Big thanks also to all our advertisers who helped pay for this special edition, the people who submitted stories and pictures, Julianne Cornelius for selling ads, Nancy Marble for always being there to help, Jimmy Willson for his support, Jim Huggins and Juan Martinez (at Blanco Offset Printing) for their print job, also thanks to Juan and the "Panchito" Gonzales family for their help in stapling and stuffing.

A great big thank-you goes to Terry Reeves of Brazos Printing in Slaton. He used to manage Blanco Printing here, and he came through once again for us. He found us the best deal for printing our cover, he set up the print job for us and talked all the printers lingo so there would be no mistake. He found us the staples we needed to put our covers together and most importantly of all—loaned us the staple machine to put the edition together. If we had not had that machine we would still be stapling. Come to think of it—if we had not had that machine they wouldn't be stapled at all.

I know there are people I'm leaving out and I hesitated mentioning anyone, but you all know who you are. You are the ones, that will be able to look at this edition and feel a touch of pride for being a part of it.

There are so many people around town that are now working on their own deadlines. The museum is hopping like crazy, windows are being quickly decorated (ours looks great) and many people are hurriedly preparing their floats for the parade on Saturday.

It is going to be a wonderful Pioneer Reunion. Don't forget to bring yourself a chair, just in case they run out of room to sit. The organizers don't think there will be enough chairs to go around. Let's hope so!

The meal is going to be great. Floyd County Pioneers are cooking it this year. A backhoe was brought out Tuesday, to dig a pit in the vacant lot by Farm Bureau. The cooks will light the fire early Friday morning and then get to work. They hope to feed 1000 people.

Speaking of lighting the fire, Travis Jones showed me a big flatbed trailer full of mesquite wood, grubbed off the caprock. He said there were five trailers like that full of wood. Ten men had filled them up in two hours. He said they

walked beside the trailer and just kept throwing in wood. This will be used of course, to cook the bar-b-que on Saturday. I guarantee, after listening to the work that is going in to this meal, the \$5.00 they are charging for a plate is extremely reasonable (cheap even).

The meal will consist of pit cooked bar-b-que, red beans, cole slaw, stewed apricots, trimmings, bread and iced tea.

People need to be sure and thank Johnny Summers, the manager of Pay-n-Save, for all the help he has been preparing this meal. He has worked quite a few deals getting food for the pioneer association. Not only that, but he is also getting a float together for the parade. He was just a little bit crazy when I saw him this week.

Travis Jones said that there is nothing about planning the Pioneer Reunion that has caused him problems. He said he is going to miss it when it's all over, because it has been fun. He also told me that everywhere he has turned there have been people to help, and anytime he asked anyone to do anything it got done. He was very grateful and very proud.

The arts and crafts show on Saturday is going to be something to see. Don't forget your money! There are going to be some real bargains, and I've heard the auction is also going to be very special this year.

There is also going to be plenty of food, including homemade ice cream and fresh squeezed lemonade!

Thanks First National Bank for our pretty banners hanging on the front of The Hesperian. We sure do appreciate it. They go real well with our nifty sign on our window.

Bob Vickers, the manager of Producers Cooperative and Elevator, made a phone call Tuesday and lined up the showing of the Floydada and Plainview red white and blue engine on Saturday. The new engine will be parked by Producers and people will be able to get a close look at it. I think it is only fitting that this railroad should be represented at a celebration honoring Floyd County pioneers. After all, it was the Floyd County pioneers of today that help make it possible.

PROTECTION FOR OUR AMBULANCE—Dinks Eckert (right) presented Rhonda Guthrie (left) with a \$500 check from the Lions Club to kick off the drive for the building of a carport to house and protect the new ambulance. Money that is left over from the ambulance fund drive can only be used to maintain the current ambulance.

--Staff photo

Floyd County Friends of the Library sponsor reception

In connection with the Floyd County Centennial celebration, the Floyd County Friends of the Library are sponsoring a reception May 25, 2:00 to 4:00 p.m. for county authors and writers in the county library on the second floor of the courthouse.

Letters have been sent to all known authors and writers inviting them to a reception in their honor. There will also be a display area for their books, materials and publications.

Also being recognized at the reception will be five members of Mrs. Ruth Crump's Whirlwinds In New Dimensions class from Andrews Elementary School. These students participated in a special class project by writing small books and presenting them to Duncan Elementary students to be put into their

school library. These books will be on display Friday afternoon at the reception.

The Friends of the Library is compiling a list of names of all county authors and writers to be permanently preserved in the library.

The public is invited to come visit with their special guests, view the display and have refreshments Friday from 2 to 4 p.m.

Ready! Set! Grow!

Students given pumpkin seeds

Once again the Floydada Chamber of Commerce is sponsoring a pumpkin-growing contest for the students at A.B. Duncan and R.C. Andrews.

Tuesday, May 22, students of these schools were given packets of very special pumpkin seeds with specific instructions on how to nurture them to full size (hopefully).

The child who raises the largest pumpkin will be awarded a bicycle, once again courtesy of Floydada's Pay-n-Save, at the annual 'Punkin Day' celebration, October 27.

Since no one but a select few on the 'Punkin Committee' know what kind of pumpkin will grow from these seeds, it will be very important to plant these seeds away from any other kind of pumpkins, and to use only those seeds supplied by the chamber.

The seeds in the packets supplied to the students have been chemically treated, so it is very important that you do not eat these seeds or put them in your mouth.

The instructions supplied with the pumpkin seeds tell the children (and

their parents) to plant the seeds about 1 1/2" deep in a sunny spot with good soil, between June 15 and June 25. You should water as needed and fertilize for best results.

Remember not to pick your pumpkin until right before the contest and then pick the biggest one you can find. The heaviest pumpkin will win the dirt bike.

"Design A Cover" deadline is Friday

Just a reminder that Friday, May 25, is the deadline for entering the Floyd County Fair "Design A Cover" contest or to participate in the "Friends of the Fair" project.

There have been very few entries so far, so get out the pencils and start drawing. Turn your entries in to Darrell Dodds at Lockney bank, Carol Huggins or Betty Hayes.

A \$50.00 savings bond is waiting the winner.

LUCITE®

Warren prepares school meals for 26 years

Feeding up to 200 kids in a day, every day for a week, for almost 26 years, means that Mary Lee Warren, has prepared over 40,000 meals during her career.

Mary Lee started her career at Andrews Ward, in 1964, under the direction of Mrs. S.H. Tackett.

In 1977, she moved to the junior high cafeteria and assumed the duties of supervisor. She has been supervising the preparation and planning of meals ever since.

Warren was born, Mary Lee Obannon, in 1920, in Red River County. Her mother and father, Oscar and Martha Obannon, moved to Dickens County when she was five and then on to Floyd County at the age of nine.

"My father was a farmer," said Warren. "I started school at Andrews Ward and graduated from this junior high (which was then the high school) in 1939."

After graduation Warren first went to work for the phone office and later for Dr. Jordan, before settling in with FSD.

Mary Lee married Dorcie Warren in 1962. She has a son, Don Payne, of Payne's Appliance in Floydada; two daughters DeAnne Johns, who helps her husband operate the Floydada Inn, and Kristi Henderson of Floydada. Another son, Robert Payne was killed in 1973 at the age of 25.

When Warren first started cooking at Andrews, the lunch meal was all that had to be prepared. Since coming to junior high, Warren and her helpers have also been preparing breakfast. These junior high cafeteria workers have also cooked lunch for the high school students.

"We start preparing breakfast at 6:30 a.m.," said Warren. "We serve 40-50

children breakfast and then we start lunch. The junior high lunch crowd runs about 130-140 kids. We also fix 70-80 high school lunches which we haul to the high school in warmers."

Although there are now a lot of "government regulations" that are burdensome to Warren and the other staff, the food has not changed much over the years.

"To make a Type A lunch, which the government requires," said Warren, "we have to serve 3/4 cup carbohydrates, which consists of fruits and vegetables, 3 oz. of meat and an average of eight slices of bread a week (including breakfast)."

Menus include meals of fish, bar-b-que chicken, pig-in-a-blanket, chaulupas, enchiladas, sandwiches, potatoe salad, pineapple crisp, pork and beans, hot rolls, mashed potatoes, green beans, peaches, spinach, mixed vegetables and

much more.

Reading the school menu can sure work up an appetite and it has wet appetites for years. There are going to be plenty of students, staff, faculty, and school visitors who will be hoping Mary Lee Warren has taught well, those who will be following in her footsteps, because this will be the last year that Warren will be cooking for the schools. After 26 years of preparing meals, Mary Lee says she will now be staying at home and babysitting.

"When I first started working in the school cafeteria I was taught how to prepare these meals, and they were real good then. I haven't changed anything over the years. I still prepare them the same way and I'm told that we have the best food of any school around. People come to eat here from all around and they enjoy it."

Courtroom Activities

In district court on Tuesday, May 22, Earnest Robinson, 24, of Floydada, pled guilty to two counts of forgery. The forgery occurred on Feb. 8 and 9 at the First National Bank in Floydada. Robinson received a six year probated sentence, a \$250.00 fine on each case, and must pay court costs and restitution.

Also on Tuesday, in district court, David Rosales, 19, of Floydada, pled guilty to the December burglary of Walt's Boot Shop. A jury sentenced him to 10 years probated for ten years and a \$1,200 probated fine. He must also pay restitution of \$826.00.

In county court on May 16, Jesse Lee Reese filed a speeding appeal.

On May 17 in county court, the following cases were disposed of:

Terry Jarrett, 20, of Floydada, pled guilty to his May 14 charge of DWI. He

was fined \$500.00 plus court costs of \$152.50. He was also sentenced to 180 days in jail which was probated for 2 years;

Robert Rawlinson, pled guilty to his May 16 charge of causing bodily injury to another. He was fined \$250.00 plus court costs of \$142.50 and sentenced to six days in jail;

Julian Soriano, 50, of Lockney, pled guilty to his April 30 charge of DWI. He was fined \$500 plus court costs of \$152.50 and sentenced to 180 days in jail.

In J.P. court, May 1-May 22, there were 128 misdemeanor cases filed. Of these cases, 22 were no seat belt fines, 11 were no insurance, five were for bad checks, and Billy Ray Leadon was fined \$150.00 for public intoxication on May 4.

The Lamplighter

Continued From Page 1

Mayor's wife was off to the annual film festival in Cannes, France, where all the important film actors and actresses gather once each year to hawk their wares. The trip is only supposed to cost the taxpayers some \$2,000. She says the purpose is to talk film production companies into coming to Washington to ply their trade. They could hardly find a more interesting place, given what's going on there.

Meanwhile Jesse Jackson was lending his support to make the District our 51st State, thereby giving them two Senators, one of whom he would very much like to be, if that is, he can't persuade his fellow democrats to nominate him for the Presidency. Personally, I'm all for it. Just as soon as the District's inhabitants can demonstrate a degree of responsibility in the practice of self government. That ought to take about another 200 years.

We just thought you ought to know about it, gentle reader, since it's your money, and your country.

And while we are bringing you up to date on what's going on elsewhere, we thought it might be well to relay the latest chapter of the story that broke out of Israel a few months ago. You may remember the story. Someone desecrated the graves of an Israeli cemetery. Messages like "Kill the Jews" were left behind. It was very bad. Prominent Jewish leaders in America and Europe, indeed just about everywhere, went on television to decry this as just another example of the "rising tide of anti-Semitism" all around the world. In short, another guilt trip was laid upon millions of people who had nothing to do with anything of the sort.

A few days ago the authorities over there came up with the real culprit. A very small story on the inside of a Washington paper noted they were Jewish. They had their own reasons for doing it. We suspect they were just trying to be helpful, in their own way. As we say, it was just a very small story, on the inside of a large newspaper. We have not heard any great reaction from those who usually make noise about these matter

A reminder from the DPS Troopers.

LIONS DONATE—The Floydada Lions Club donated \$600.00 to the Cadet Girl Scouts to help in their fundraising effort to send three girls on a summer trip through Europe. Standing (l-r) are Christy Garcia, Moraima Vasquez and Therese Sims. They need to raise \$3,000 each to go on the trip. The girls will first go to London for a four-

day stay at the scout center there, then to Paris for four days and then to Switzerland for 11 days at the Girl Scouts chalet to visit with Girl Scouts all over the world. Dinks Eckert (far right), president of Floydada Lions Club, made the presentation.

Crime Stoppers offer \$100 reward

A donation by James Ferguson has enabled Crime Stoppers to offer a \$100 reward for information leading to the arrest and conviction of the person or persons responsible for the May 14 burglary of Ferguson's garage, and the theft of his lawnmower.

Ferguson's garage is attached to his home, which is located 1 1/2 miles south on 2883 off Hwy 70.

He reports that the lawnmower was last seen inside his garage on Sunday, May 13. Ferguson believes it was stolen sometime during the day May 14 or May 15.

The lawnmower is described as a Rally with a 4 HP engine, with a green deck and yellow motor. The mower has large 16" rear wheels, and is valued at \$180.00.

Anyone with any information on this crime is urged to call crime stoppers at 652-2416 (Lockney), and 983-5200 (Floydada). Your name will remain confidential.

Stringer and Roberts recite marriage promises

Marriage promises were made between Melody Sue Stringer and James Glenn Roberts during an evening ceremony Saturday, May 19, in the chapel of First Baptist Church in Lubbock. The Rev. Howell Farnsworth, pastor of the First Baptist Church in Floydada, officiated the ceremony.

The couple stood before an altar flanked with entwining candelabras holding fifty-six candles. These were adorned with greenery laced with miniature white flowers. Large pots of palm greenery were at a focal point behind the candles. A unity candle stood in front of the candelabras. The five arches on the side had seven point candelabras with large white bows. White bows and floral arrangements marked the pews.

Escorted and presented in marriage by her father, the bride chose a full length gown in white with a train edged in lace and small ruffles. Her short veil was attached to a white seed pearl headband. The bridal bouquet consisted of white roses and gardenias.

In following tradition, something old and blue was a handkerchief, belonging to her grandmother Stringer. Something new was her wedding gown and something borrowed was a white handkerchief, belonging to Traci Nottoli.

Attending the bride as maid of honor was her sister, Christy Newberry of Dallas. Bridesmaids were Sherri Roza of Antioch, Tennessee, sister of the groom, and Dr. Patty Carabajal of Albuquerque, New Mexico. Their ir-

ridescent sapphire blue taffeta dresses were accentuated with velvet bodices. They completed their attire with matching satin pumps. They carried bouquets of colorful spring flowers.

Kelly Fernibouch of Lubbock, cousin of the groom, was flower girl.

Acting as best man was the groom's father, Terry Roberts. Serving as groomsmen were Jay McClure of Boca Raton, Florida, brother of the groom; Jon Roberts of Charleston, West Virginia, brother of the groom, and Scott Blum of Lubbock. Male attendants were attired in black tuxedos with white shirts and sapphire blue cummerbunds.

Nephew of the groom, Michael Roza of Antioch, Tennessee, was ring bearer.

Seating guests were Steve Stringer of Floydada, brother of the bride, and David McClure of Sanford, Florida, brother of the groom.

Paul Newberry, brother-in-law of the bride, sang "Sunrise Sunset" and "The Lord's Prayer". Imogene Harris of the First Baptist Church in Lubbock was organist.

Leah Tewksbury, sister of the groom, registered guests.

Approximately 100 guests attended the reception, hosted by the bride's parents, in the Reception Room of the church following the ceremony.

The bride's table held a three-tiered wedding cake decorated with white roses and surrounded with greenery. The table was centered with a nine point gold candelabra and completed with crystal appointments. Punch was also served.

The groom's table was highlighted

with a five-point candelabra. Gold appointments were used to serve plum and chocolate cake and coffee.

Serving at the reception were: Rachael Earp of Denton, cousin of the bride; Linda Smith of Lubbock, Angelique Becky of Florida and Marcie Truss of Lubbock.

For their departure, the bride wore a floral suit. Following a wedding trip to Kansas City, Missouri, the couple will reside in Wichita, Kansas.

A graduate of Floydada High School, the bride attended Angelo State University and received a Bachelor of Science from West Texas State University. She is currently a registered nurse at St. Joseph Medical Center Hospital in Wichita, Kansas.

Roberts, who attended the University of Maryland, is an Air Force Captain, training to be a pilot.

BRIDAL COURTESIES

A bridesmaid luncheon was given May 19 in the Green Oaks Tearoom in Lubbock by Virginia Killian and Sherrie Wagner. Special guest was Opal Earp, the bride's grandmother.

The rehearsal dinner was hosted by the groom's parents at the 50-Yard Line Restaurant on Friday night, following the rehearsal.

The bride's family hosted a family dinner at the County Line for all out of town guests and family following the reception.

The groom's family had a cookout at the home of Terri and Mike Feribough in Lubbock, following the ceremony.

MRS. JAMES GLENN ROBERTS

MRS. JOHN TARPLEY

Teague and Tarpley marry

Shelli Teague and John Tarpley recited marriage vows during a 2 p.m. ceremony Saturday, May 19, in St. Matthew's Episcopal Church, Pampa. Father Bill Baily, pastor, read the recitation of vows.

The bride is the daughter of Keith and Beverly Teague of Pampa, formerly of Floydada. She is the granddaughter of Mrs. Lida Smithey and Mrs. Lula Teague of Floydada. The groom is the son of Glenn and Jewell Tarpley, of Pampa.

The bride was given in marriage by Keith Teague.

Serving as maid of honor was Susanna Holt. Bridesmaids were Tammy Duclow, cousin of the bride; D'Lynda Davis, Pam Davis and Kim Bennett. They were attired in black and white dresses.

Leslie Ray, niece of the groom, was flower girl.

Chris Comer acted as best man. Groomsmen were Ryan Teague, brother of the bride; Kent Teague, cousin of the bride; David Tarpley, cousin of the groom, and Doug Evans. They also seated guests.

Benjamin Campbell, cousin of the groom, was ring bearer.

Jones celebrates 90th birthday

The family and friends of Ona Jones will be celebrating her 90th birthday with an open house on Sunday, May 27, from 2 to 4 p.m. The celebration will be held at the Jones residence in the Providence Community, unless it rains. In case of rain, the event will be at the West College and 3rd Street Church of Christ in Lockney.

Hosting the event will be nieces, Louise Teague of Roswell, NM., and Frances Huddleston of Hurst, Texas, and their families.

Friends, relatives and well wishers are invited to drop in. Gifts are not necessary.

Ryan Teague, brother of the bride, served as Lay Reader.

Musical selections during the ceremony included Trumpet Tune for the processional and "Oh Perfect Love", vocalized by Corey Coon.

A reception followed in the Pampa Country Club.

The couple is on a wedding trip to the Bahamas.

The bride and groom are both graduates of Pampa High School. She is currently enrolled at Texas Tech University as a finance major. The groom earned an accounting degree at Texas Tech University and is employed by Tarpley Music.

Evans named cheerleader at Canadian

Mindy Evans, former Floydada resident, was recently elected cheerleader of Canadian Middle School. The students had to compete in two separate forms of competition. The first being the girls had to compete in front of professional and collegiate cheerleaders. The judging was based on six different categories; cheer technique, jumps, gymnastics, voice, personality, and appearance.

The judges chose five seventh graders and five eighth graders to advance to the finals. The finalists then had to perform an individual cheer, a group cheer and a chant in front of the student body, faculty, and public. Two seventh grade girls and two eighth grade girls were chosen to represent Canadian Middle School.

Mindy is active in Y.M.C.A. basketball, Little League softball, piano, a member of the band, has been chosen "Top Cat" of Baker Elementary U.I.L. team. For two years, received the Helping Hand Award and has been a member of the honors program. She was also a member of the Baker Elementary U.I.L. team.

Mindy is the daughter of Nova and Ullrich Stippel.

Vickers and Boldes say wedding vows

First United Methodist Church in Floydada was the site Saturday evening, May 19, for the wedding ceremony uniting Beverly Dawn Vickers and Mel S. Boldes. Officiating was the Rev. Jim Smith, pastor of St. Stephens United Methodist Church in Amarillo.

Parents of the bride are Mr. and Mrs. Bob Vickers of Floydada. The groom is the son of Barbara Whorton and Roy Boldes, both of Lubbock.

The couple stood at the altar before a massive floral arrangement of teal exotic honeysuckles, bridal wreath, and magnolias. A brass 15-branch fan candelabra centered the altar, flanked by two 29-branch spiral candelabra. The setting was completed by two seven-light candelabra on each side. Family pews were marked by ivory victorian satin bows accented with babies breath.

Given in marriage by her father, the bride chose an ivory, intermission length dress, designed by Joelle. Her fitted lace bodice was adorned with seed pearls and iridescent sequins, leading to lacy, leg-of-mutton sleeves and a high jeweled neckline. A peplum adorned the waistline which flowed

around to create its full, intermission length skirt. To finish off the overall look, the bride chose a headband consisting of intertwined pearls and adorned with jeweled flowers and hanging seed pearls on one side. Attached to the back of the band was a pouf, sprinkled with seed pearls, and fingertip-length veil.

The bridal bouquet was a cascading spray of tiny sweetheart roses and tulle, lace and pearls atop a satin covered Bible. In following tradition, she had a "something old", her grandmother's dinner ring; "something new" was her wedding attire, "something borrowed" was a Bible, belonging to a sister-in-law, Debbie Vickers. The Bible cover of lace was covered with ivory silk roses with babies breath and seed pearls. Something blue was her garter.

Attending her sister as matron of honor was Brenda Bryant of Graham. She wore a tea-length gown styled of velvet and tulle over satin. The fitted black bodice was of the velvet and featured a jewel neckline. The waistline was designed with a basque cut in the

front and back and a large bow of the ivory satin was at the waistline in the back. The back of the bodice had an open keyhole design. The flowing skirt was of ivory tulle and was gathered onto the waistline in soft gathers. The lining of the skirt was of ivory satin. She carried a long stemmed ivory rose with babies breath, tied with teal satin ribbon.

The mothers corsages were of ivory roses with teal bridals wreath and pearls.

Steve Smith of Abilene acted as best man. Ushers were Dale Passig and Clay Turner. Male attendants wore boutonnières of ivory rosebuds with teal leaves.

Musical arrangements were played by Dell Gray on the piano and Tammy Vickers on the flute. For the prelude, they presented "Sunrise Sunset", "The Rose", "Theme from Ice Castles", and

"Wind Beneath My Wings."

Vocalists were Kevin Thronberry and Darla Hendricks. Selections during the ceremony included "The Lord's Prayer", sung by Ms. Hendricks, and "Let It Be Me", presented as a duet by Thronberry and Hendricks. The wedding party entered to the selection "Color My World", with the bride making her entrance as "Martial Air" by Percell was being played.

Following a wedding trip to Durango, Colorado, the couple will make their home in Lubbock.

The bride is employed as an accountant with Bolinger, Segars, Gilbert and Moss, Certified Public Accountants. The groom is self-employed. Both are graduates of Texas Tech University.

A reception followed the ceremony.

MRS. MEL S. BOLDES

Keeping You In Stitches met

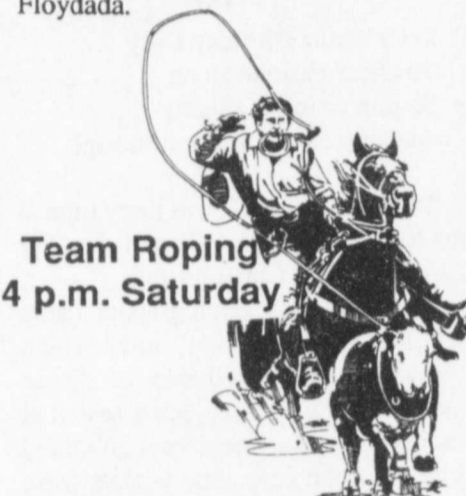

The Keeping You In Stitches Quilting Guild met in the home of Brenda Heflin in Floydada. The ladies quilted all morning on a beautiful Hidden Wells pattern quilt in pink and mauve florals and black pieced by Brenda Heflin. They also quilted on a whimsical sheep pattern in black, white and red pieced by Shereese Covington of Floydada.

Brenda prepared a lunch of barbecue brisket, beans, cole slaw, homemade rolls and cobbler. After a brief business meeting, the ladies continued quilting until about 5:30.

Members present were Brenda Heflin, Ann Jones, Dara Ware, Dawn Bullock, Chris Taylor, Debbie Kirk and Terrisu Mann. Visitors were Tami Wofford and Mildred Fuqua of Floydada.

The ladies in the guild will be participating in a class taught by Terrisu Mann May 20, 27 and June 4. They will be learning the quick piece method of a

school house design. The Keeping You In Stitches Quilt Guild will have a float in the Old Settlers Day Parade and they have decorated the window in Green's Auto Parts Store in Floydada.

COUPLE TO MARRY—Mr. and Mrs. Joe Cate of Lubbock announce the engagement of their daughter, Paula Denise to Shannon Vinson, son of Roger and Doris Vinson of Lubbock. Paula Denise graduated from Roosevelt of Lubbock and Vinson graduated from Floydada. They will marry June 23 in Roosevelt Baptist Church in Lubbock. Paula is the granddaughter of Mr. and Mrs. James V. Elles of Lockney. Vinson is the grandson of Mr. and Mrs. Ferman Vinson of Flomot.

Class of 1939-40 location changed

Because of an unexpectedly large response from those planning to attend the 1939 and 1940 Class Reunion and Reception it was necessary to secure a larger meeting hall.

The 1939-40 Class Reunion Reception will be held in the Massie Activity

Center at 513 W. Georgia Street, beginning at 7:00 p.m. Friday evening, May 25. Georgia street is the street north of the new high school. It is just west of the Pizza Gold Restaurant.

Memorial services will be held at courtroom.

Harrison and Wilks exchange vows

Debbie Lynette Harrison and Gregory Lee Wilks exchanged vows Saturday, May 19, at 7:00 p.m. in a double ring candlelight ceremony in the Bible Baptist Church of Floydada. Robert Chapman, pastor, officiated.

The bride is the daughter of Mr. and Mrs. Joe Max Harrison of Floydada. Parents of the groom are Mr. and Mrs. Robert L. Wilks of Brownfield.

A brass arched candelabra decorated with emerald foliage and a mauve bow trimmed with lace and burgundy ribbon formed the wedding background. Arrangements of silk flowers of mauve and burgundy were placed on the piano and organ. The front pews were marked with mauve and burgundy bows.

Given in marriage by her father, the bride wore a magnificent gown in white silk organza and lavishly trimmed in Chantilly lace. The Queen Anne neckline featured a stand-up ruffle of soft organza. The bodice was styled with an empire waistline and was overlaid with appliques of the Chantilly lace, lavishly embroidered with seed pearls. Further lace appliques circled the waistline. The back of the bodice featured a soft circled yoke, and was outlined with lace. The full sleeves were of Chantilly lace, ending in fitted cuffs and narrow ruffles of organza. The cuffs were embroidered with seed pearls. The full skirt featured two rows of Chantilly lace and six rows of ruffled organza which formed a cascade from the center of the skirt to the floor in front. The back of the skirt featured twelve rows of Chantilly lace and ruffled organza which swept into a full chapel train.

Her fingertip veil of illusion was gathered to a cap of Chantilly lace embroidered in seed pearls. The entire length of the veil was edged in the same Chantilly lace as was on her dress.

The bride carried a cascade type bouquet of mauve roses of silk, accented with pearls and miniature flowers of burgundy and ribbon streamers.

The bride chose a locket belonging to her grandmother, Ruth Harrison, for the traditional something old, her wedding attire was for something new, a cameo pin belonging to her mother for something borrowed and the traditional garter for something blue. Pennies bearing the years of birth of each the bride and groom were worn in her shoe.

Serving as maid of honor was Tracy Harrison, sister of the bride. She wore a mauve dress of embroidered lace. The rounded neckline came to a low scoop in the back. The dress had a high-low peplum with a large bow in the back. She carried a nosegay of mauve silk roses surrounded by white lace with ribbon streamers.

Pre-nuptial and wedding music was provided by Kelby Sue of Lubbock. Kristi Willis of Ft. Worth sang "The Rose." Other musical selections of "The Wedding Song" and "The Lord's

Prayer" were presented by Debra Fawver of Floydada.

Les Wilks of Meadow served his brother as best man. He was attired in a black tuxedo with mauve cummerbund and tie.

Billy Marquis and Jimmy Marquis, uncles of the bride, and Bobby Welborn served as ushers.

Following the ceremony, a reception was held for the couple at the Wall Street Parlor. The table was covered with an ecru cloth. Centering the table was a silk arrangement of mauve and burgundy roses. The three tier wedding cake was trimmed in roses of mauve and burgundy. Punch was served from a crystal punch bowl that belonged to the bride's grandmother the late Jane Marquis. Assorted mints were served also. Mauve napkins engraved with the bride and groom's names and the wedding date completed the table. Serving at the bride's table were Lisa Welborn of Lubbock and Beverly Brock of Level-land.

Miniature wedding bells containing rice were distributed to the guests.

After a trip to the island of St. Kitts in the Caribbean, the couple will be at home in Lubbock. The bride is a registered nurse employed by St. Mary's Hospital and the groom is employed by Advantage Communications.

A rehearsal dinner at the Golden Corral in Plainview was hosted by the groom's parents.

MRS. GREGORY LEE WILKS

Benson celebrates 93rd birthday

By Lorilla Bradley

May is such a pretty month
...Thanks to April showers...
So many lovely things to see
...The blooms of many flowers.

We greet our Mrs. Benson
...Her years are 93...
She is a lovely lady...
Just visit and you'll see!

Let's do the Birthday Ditty
To cheer this one along
So join us in the singing
And come out good and strong!

Thursday, May 17, was party time at the Rest Home with ladies of the City Park Church of Christ hosting.

The Hesperian photographer came for the "picture taking" after which everyone was ushered into the dining room with the honoree being seated at the "honor" table. Her place was marked with a special card. She wore a fresh corsage compliments of Williams Flower and Card Shop.

The table was laid with a white cloth and centered with a silk flower arrangement in a copper bowl. Jo Bryant read a brief history of the life of Mrs. Benson after which the poem was read and all joined in singing the Happy Birthday song.

A delicious birthday cake with pineapple and cream icing, angel food cake and lemonade was served to the hon-

oree, home residents and employees. The next party will be Thursday, June 21, 2:30 p.m. You are invited to attend.

RUTH BENSON celebrated her birthday this month at the Floydada Nursing Home. —Staff photo

Coleman graduates with Bachelor of Science

Jerry Coleman graduated from Angelo State University on May 11 with a Bachelor of Science degree.

He is the son of Chester and Shirley Coleman and a graduate of Floydada High School.

Pioneer Reunion
May 26, 1990

GOLDEN ANNIVERSARY—All friends and neighbors of J.J. and Ruth Griffin are cordially invited to participate in a reception honoring them as they celebrate their 50th wedding anniversary. Hosts are their children Mr. and Mrs. Jim Kinlen, of Albuquerque, N.M., Mr. and Mrs. Howard Lee Griffin, Lamesa, Mr. and Mrs. Jimmy Gilmore, Lubbock, and Mr. and Mrs. Jack Griffin, Albuquerque, N.M. Although there were invitations mailed to certain people, J.J. said because of the length of time they have lived in the area and many contacts made, if invitations were sent out there would surely be friends overlooked in the mailing. So this is your special invitation to join in this celebration on May 27, from 2 p.m. to 5 p.m. at the Senior Citizen Building in Crosbyton. Please no gifts. Your presence and good will are sufficient.

TEXAS TIDBITS

Texas, possibly because of its cowboy heritage, has developed a mystique for being a wide-open, hard-drinking place. But the fact is, for a long time, more of Texas was dry than wet. That is to say, the people who lived like saints in certain counties had to go to other Texas counties to buy booze. By the time Texas passed the National Prohibition Act in 1918, there were fewer than a dozen counties where you could buy alcohol legally!

Look Who's New!

TERRELL

Ricky and Jennifer Terrell of Midwest City, Oklahoma, are proud to announce the birth of their daughter, Lori Anne, born at Midwest City Hospital. She weighed 7 lbs. 10 ozs. and was 20-1/2 inches long at birth.

Lori Anne has two sisters, Courtney Leigh, age 9, and Amanda Kay, 6.

Grandparents are Melvin and Helen Terrell of Floydada.

THOMPSON

Taylor D'Lane Thompson of Allen has someone new at her house. Her baby brother, Tyler Bryce, arrived at Baylor Hospital in Dallas. He weighed in at 9 lbs. and 7 ozs. and was 21-7/8 inches long.

Taylor and Bryce are the children of Tracy and Lane Thompson.

Proud grandparents are Lewis and Ann Reddy of Floydada and Pete and Carolyn Thompson of Abernathy.

Pearl Reddy of Floydada is the children's only great-grandma.

ACCREDITED BY THE AMERICAN COLLEGE OF RADIOLOGY
BREAST CANCER DETECTION UNIT
available to area women!

TUESDAY, JUNE 5TH
CAPROCK HOSPITAL DISTRICT
901 West Crockett
Floydada, Texas

Call 983-2875 for appointment

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated

that over 37,000 women die each year as a result of breast cancer. Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. The cost is only \$70.00 & \$75.00. A mammogram can detect a cancer this small, even before it can be felt.

RECEIVES AWARD—Dorothy Kerr of Floydada was presented with a special award from White Swan of Lubbock on May 15 during their annual seminar. The award was given in recognition of 10 years of continuous attendance at the annual Food and Nutrition Seminars. She was also presented with a personalized coffee mug. Kerr has been an employee of the Floydada Nursing Home for 23 years. —Staff photo

CHURCH DIRECTORY

EXTRA EXTRA--The Floyd County Hesperian joined many other businesses in town in decorating their windows. Sign painter, Bob Hutsell, from Plainview, already known for his art work on the Floydada Pumpkin sign, expertly painted a newspaper boy heralding the 100th birthday for Floyd County.

Caprock Hospital sponsors cancer detection unit June 5

According to the American Cancer Society, one out of every 10 women in the United States will develop breast cancer sometime during her lifetime. Every year over 37,000 women die as a result of breast cancer.

According to a spokesman from the Regional Breast Care Center at Women's and Children's Hospital in Odessa, "The death rate from breast cancer could be drastically reduced if women would have mammograms done before a problem exists."

By using modern state of the art x-ray equipment breast cancers can be found when they are about the size of a grain of rice and well before the cancer can be felt. A woman who is diagnosed with

breast cancer at this early stage has a 90%-97% survival rate. However, a woman who is not diagnosed until a lump can be felt has approximately a 50% survival rate in five years.

In an effort to find cancers at the earliest possible stage and prevent unnecessary deaths, a mobile breast cancer detection unit will be made available to local women on Tuesday, June 5.

The mobile unit will be parked at Caprock Hospital District, 901 W. Crockett. Appointments may be made by calling 983-2875.

For more information you may call the Regional Breast Care Center at Women's and Children's Hospital at 915-334-8888 or 915-561-9999.

SPS files to pass along fuel cost savings to customers

Southwestern Public Service Company (SPS) has filed with the Public Utility Commission of Texas to credit \$20.7 million to its Texas retail customers for savings in fuel costs.

Retail customers include residential, commercial and industrial users.

A residential customer using 1,000 kilowatt hours of electricity a month would receive a one-time credit of \$22.51. The proposed credit includes interest at an annual rate of 11.7 percent.

SPS expects to get swift approval on this filing, said Gerald Diller, SPS's group manager of rates and regulation.

"We hope to be able to apply the credit to our customers' July bills," he said. The credit would cover fuel expenses from April 1989 through March 1990.

"Several factors made these savings for customers possible," Diller said. "For example, expenses related to the purchase of power from other electric companies were reduced. Also, we were able to negotiate for lower fuel contracts at our power plants. Additionally, this credit includes customers' share of the

proceeds made from off-system sales to other electric utilities. The net result is lowered costs for our customers."

Of the \$20.7 million requested credit, about \$11.2 million accumulated since the beginning of the year. This primarily was due to the delay in getting approval from the Texas commission to implement a new lower "fuel-cost recovery factor." SPS's original request, filed in November 1989, was to implement the lower "fuel-cost recovery factor" by Jan. 1. The factor was ultimately implemented on April bills, Diller said, resulting in an overall 9.6 percent rate decrease.

Roy Holmes, SPS's Southern Division manager, said continued savings in fuel expenses will help the area economy.

"SPS expends significant effort to keep its fuel expenses down. And since the cost of fuel makes up about half of an electric bill, that's very important to the customer," he said. "By continuing to be a low-cost producer of power, SPS is sending the message that this part of the country is a great place for relocating and expanding businesses."

FIRE PREVENTION POSTER—The Floydada Volunteer Fire Department sponsored a Fire Prevention Poster contest recently. Placing first in the primary division was Rowdy Derryberry. Shane Derryberry took second place in the junior high division and Chad Guthrie was first. Shonda Guthrie placed first in the high school division. Her poster also won first place in the Panhandle Firemen and Fire Marshall Association contest at the May 19 annual convention in Amarillo. The poster now goes to the state competition in El Paso next month. Staff Photo

Area students receive SPC Departmental Recognition

A total of seven students from the Plainview area were recognized for outstanding achievements during the recent annual South Plains College departmental awards assembly in Texan Dome.

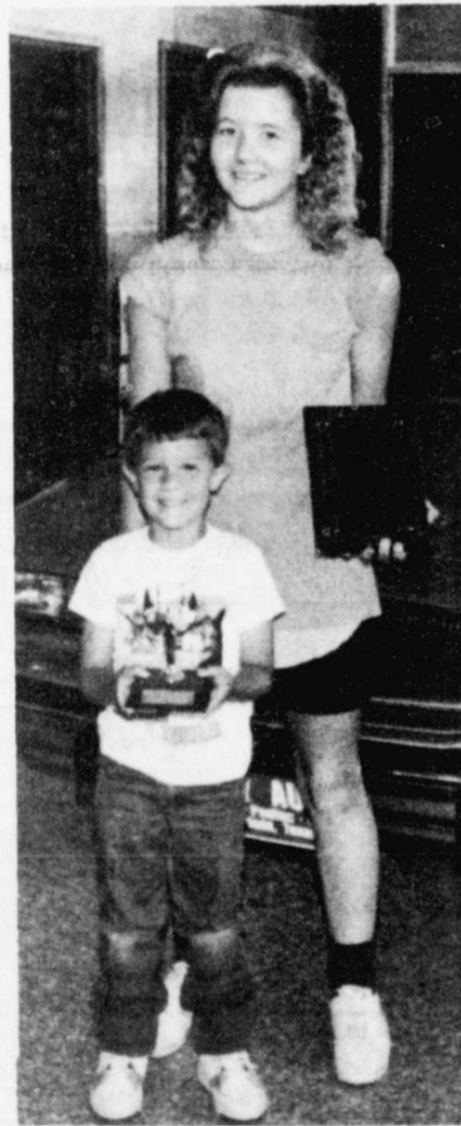

"We honor those students who have excelled through scholastic achievement and who have contributed to the improvement of student life at SPC," said Dr. Marvin Baker, SPC president. Faculty representing all departments on campus selected one outstanding individual from each area of study to receive the highest award a department may bestow on a student, he added.

Those being honored in the area of

student activities were selected by their fellow classmates and instructors for their special efforts and personal sacrifices to make a significant contribution to campus activities.

Floydada students honored were David Medrano, freshman Spanish; and Chad Edwards, agriculture.

David Martinez of Lockney received a departmental award as the outstanding second year chemistry student.

SWEETHEART AND MASCOT—Shonda Guthrie was selected sweetheart and Scott Nixon was named mascot for the Panhandle Firemen and Fire Marshall Association at the annual convention in Amarillo on May 19. —Staff photo

Mighty '90

By Libby Anderson

The senior featured in this week's spotlight is Jr. DeHoyos. He is the son of San Juanita and Alejos DeHoyos.

He has attended school in Floydada for 12 years. He ran cross country all four years in high school and also received the Fighting Whirlwind Award in cross country.

Jr.'s hobbies are running and building model jets. He also enjoys eating pizza or cheeseburgers and listening to his favorite musical groups, Guns-n-Roses and Great White.

He is very proud of the school spirit at Floydada, but would like to see the lunch period be lengthened.

After graduation, Jr. will join the Marines and later attend Phoenix Institute of Technology.

REPLICA OF CENTENNIAL FLAG—Floydada's seventh grade GT girls have made a replica of the centennial flag that the high school homemaking class made earlier this year. The flag will be flown outside at the junior high

during the centennial celebration. Pictured with the flag are (l-r) Lezlie Warren, Misty Bertrand, Joni Smith, Jennifer Harbin, Kimberly Redden and Pepper Hinkle. —Staff photo

HOSE LAY COMPETITION—Earning second place at the Panhandle Firemen and Fire Marshall Association convention competition for hose laying ages 10-16 were Floydada representatives Therese Sims, Chad Guthrie and Shonda Guthrie. The contest was held on May 19 in Amarillo. —Staff photo

Public Notice

Southwestern Bell Telephone Company has filed an application with the Public Utility Commission (PUC) of Texas to add a new optional service for business customers called Departmentalized Customer Billing Reports. The proposed effective date for this service is June 25, 1990.

Departmentalized Customer Billing Reports will enable the business customer to facilitate rapid verification and approval of complex bills. These detailed Departmentalized Customer Billing Reports will show charges specifically related to each customer-specified name or identifier on a separate, easily identifiable report page. Business customers may choose from seven different formats for the reports. Departmentalized Customer Billing Reports are designed to serve as a categorized supplement to the business customer's regular bill, and are in addition to the customer's regular bill.

There will be a \$20.00 monthly charge for this service. In addition, a charge ranging from \$10.00 to \$50.00 per month will also apply for each of the seven supplemental reports. A \$1.00 non-recurring charge, per billing number, will apply to establish the service.

Departmentalized Customer Billing Reports have been forecasted to generate first-year revenues of \$848,812.

Persons who wish to comment on this application should notify the Commission by June 15, 1990. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0223 or (512) 450-0227, or (512) 450-0221, teletypewriter for the deaf.

Eleven area students graduate from SPC

Eleven students from Floydada were among a record number 710 students who received associate degrees and certificates during the 32nd annual South Plains College graduation exercises Friday, May 11, in Texan Dome.

Floydada students receiving diplomas were Daniel Medrano, David Medrano and Andrea Reed, associate of arts degrees in general studies; Pamela Woody, associate of applied science, law enforcement; James Edwards and

Richard Rendon, associate of science, general studies; Narta Mercado, Mary Quilantan, with highest honors, Rhonda Robertson, Lucy Rodriguez and Margaret Vargas, certificates of proficiency, vocational nursing.

Woodall chosen Teen of the Week

Clinton (Brady) Woodall has been chosen Teen of the Week at Clovis High School. He is a senior and the son of James and Linda Woodall, and the grandson of Ralph and Pat Rucker, of Floydada.

Woodall has been named the recipient of the Excel Scholarship to U.N.M. at Albuquerque, for being in the top 10% of his graduating class with a 3.8 grade point; the Enlisted Wives Club - Cannon Air Base Scholarship, and the Dean Merritt Pharmacy Scholarship.

Woodall has held office as percussion section leader of the CHS Band and has received honors in the National Junior Honor Society, National Honor Society, New Mexico All-District Band, All-State Band, Jazz Band, Band Royalty, Who's Who Among American High School Students, Outstanding High School Students of America, and art club.

He also earned the Louis Armstrong Jazz Band Award and Presidential Academic Fitness Award

Floydada Junior High students receive awards

Floydada Junior High students were recognized during an awards assembly at the school last Thursday, May 17. School principal Joe Christian recognized students involved in various activities and organizations at the school.

Among these were students involved in extracurricular activities such as athletics, band and UIL. Also receiving recognition were student council members and this year's junior high cheerleaders.

Earning the honor of being the school's Scholastic Leaders were seventh graders, Amanda Parks with a 98.1 grade point average, and Andy McHam, 96.85. Eighth graders were Brandi Ross, 97.05 and Nathan Davis, 96.05.

Selected as Citizens of the Year were seventh graders, Kayla Turner and D.G. Hollums and 8th graders, Stacy Meyers and Adam Gonzales.

Seventeen students were presented with certificates for a year of perfect attendance. These were Rachel Mendoza, Jeanette Trevino, Lionso Cisneros, Gabriel DeLaFuente, Dorothy DeLeon, Robert Eckert, Tyson Edwards, Annette Gutierrez, Terry Harris, Guadalupe Machado, Kelly Bailey, Corina Cisneros, Bruno Mendez, Brian Nichols, Jesus Segura, Kayla Turner and Luis Ybarra.

Certificates were presented to students receiving departmental recognition. The class they earned the award in and the student's name are as follows:

Art: 7th grade, Olivia Huerta, J.R. Quilantan; 8th grade, Aimee Fondy, Joey Enriquez

Athletics: 7th girls, Tamie Cocanougher, Shayla Turner; 7th boys, Ian McIntosh, Corey Johnston; 8th girls, Kristy Hinsley, Crystal Sanders; 8th boys, Adam Gonzales, Israel Medrano

Band: 7th, Jennifer Harbin, Charla Yeary; 8th, Kathryn Burns, Brandon Gilliland

Computer Literacy: Amber Pyle, Shea Sanders

ESL: Victor Trevino

GT: 7th, Misty Bertrand; 8th, Jason Latta

History: 7th Texas History, Regina Ware, Sammy Rodriguez; 8th American History, Stephanie Flores, Peter Vallejo

Language Arts: 7th, Laura Ochoa, Pete Cooper; 8th, Pat Juarez, Jessie Gourdon

Library Assistant: Heather Fondy
Life Management Skills: Nelda Enriquez

Math: 7th, Pepper Hinkle, Peter Luna; 8th (Doerschuk class) Tyson Edwards, Jesus DeHoyos; (Smith class) Angie Maldonado, Troy Johnson

Office Assistant: Rod Vela
P.E.: 7th, Rachel Riojas, Brian Nichols; 8th, Alicia Castaneda, Luis Ybarra

Reading Imp.: 7th, Jamie Crow, Lionso Cisneros; 8th, Jeanette Trevino, Rafael DeOchoa

Resource Lab: Annette Gutierrez, LeRoy Martinez

Science: 7th, Life Science, Alissa Wilson, Lezlie Warren; 8th, Earth Science (Logan class), Jennifer Givens, Jason Colston; (Clark class) LuAnn Martinezz, Kevin Staples

VEH Metal Shop: Daniel McMurrian

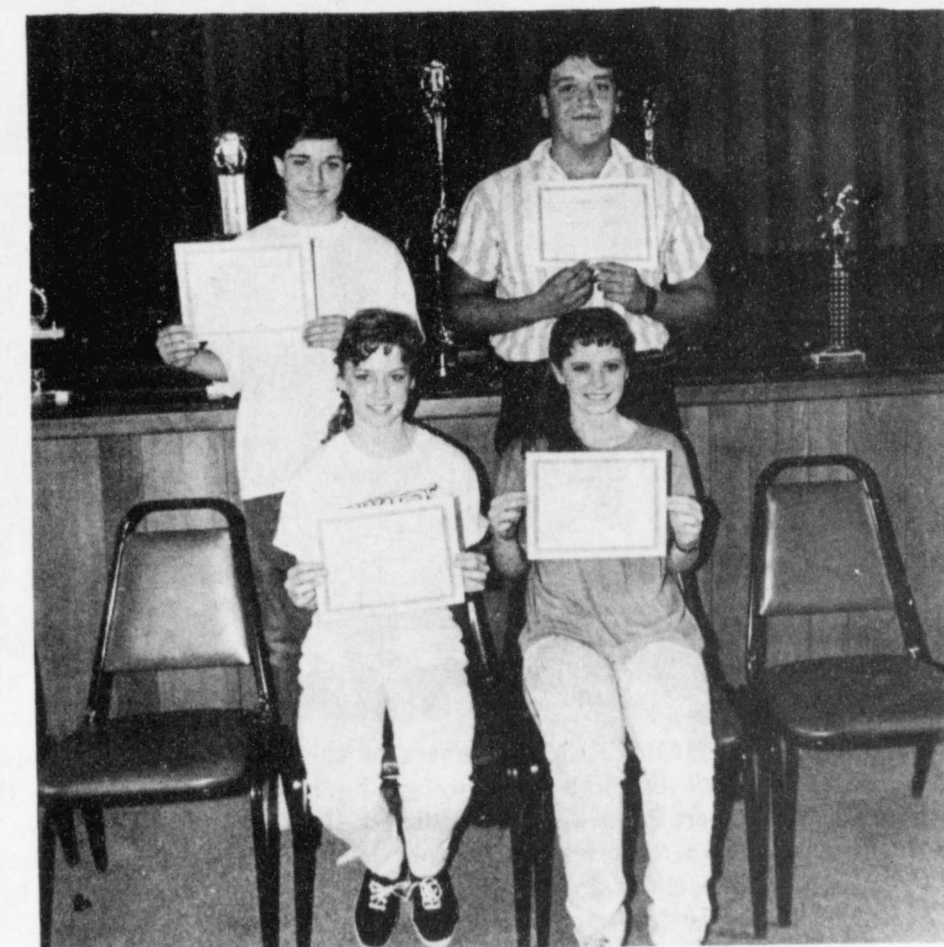

CVAE Homemaking: Yolanda Barrientos

Speech: Carrie Emert, Austin Williams

Happy Birthday
Floyd County!

Centennial softball tournament held

Centennial Week activities in Floydada were kicked off on May 18, with a men's slow-pitch softball tournament. Nine teams played in the double elimination format. Trophies and Centennial T-shirts were awarded to these first through fourth place finishers:

- 1st Place - Abilene Cannon, Abilene
 - 2nd Place - Gentlemen's Club, Plainview
 - 3rd Place - Aces, Floydada
 - 4th Place - Rebels, Floydada
- The Abilene Cannon breezed through

the tournament undefeated. The best showing of any team against the powerful Abilene club was turned in by the Rebels in a 9-5 defeat on Saturday.

The "fun" event of the tournament was the "Old Timers" Game, played on Sunday before the championship contest. Bill Womack's "Under the Weather Gang" defeated Joy Ward's "Over the Hill Bunch" in a tight match-up, 7-5. Bob Marler, 39, was the youngest to play, and Judge Bill Hardin, 62, was the senior of the players. The two

received gift certificates from Pay-N-Save for their efforts.

For added enjoyment, Rilla Sue Woody was the plate umpire. There were probably some sore muscles and a skinned elbow or two (just ask Judge Hardin, Jerry Cannon, or Adrain Helms!), but there was talk after the game about having another one sometime soon. All the 30 players in the game received commemorative "Old-Timers" Centennial T-shirts.

TOURNAMENT CHAMPS -- Jesse Morales (3rd from right) presents a 1st place trophy to Bobby Don Green of the Abilene Cannon team. They earned the championship in the May 18-20 Centennial Softball Tournament in Floydada. Weldon Emert of Floydada and Todd Vickers of Lubbock were members of the team. **Staff Photo**

THIRD PLACE WINNERS -- Members of the Ace's baseball team from Floydada won third place in the Floyd County Centennial Baseball Tournament held Sunday, May 20, 1990. **Staff Photo**

Department of Public Safety reports activities

Capt. L.A. Reinhart, District Supervisor of the Lubbock Highway Patrol District comprising of 21 counties said, "For the month of April, our troopers investigated two fatal accidents, 39 personal injury accidents, and 72 property damage accidents. There were two persons killed and 66 persons injured in these accidents."

Sgt. Glenn Fant of Crosbyton stated, "In Floyd County, our troopers investigated no fatal accidents, two personal injury accidents, and three property damage accidents in the month of April. No one person was killed and five persons were injured in these accidents."

Public informed about pesticides

C. Mark Brown
Extension Agent-Entomology
Crosby/Floyd Counties

The growing concern among consumers regarding a safe food supply is prompting the need for a better informed public.

Dr. Charles Hall, an economist in horticultural marketing with the Texas Agricultural Extension Service, has addressed some commonly asked questions dealing with food safety.

Why and how are pesticides used?

Pesticides improve food quality and availability by reducing damage caused by insects, diseases and weeds. They also help suppress or eliminate natural toxins produced by bacteria or fungi which could grow on foods if not controlled.

Some pesticides are applied directly to the plant, others are injected into the soil before planting, and some are applied to the harvested crop to prevent spoilage during storage and transportation. However, chemicals are never used in the water supermarkets spray on produce, nor do pesticides affect the taste or nutrition of produce.

Are pesticide residues present in significant amounts in the produce we eat?

No. Residues are not present in what leading scientists consider significant amounts, for a number of reasons:

- Crop growth and climatic conditions such as wind and rainfall dilute residues.
- Sunlight, microorganisms and the crop itself degrade residues further.

- Residues that might exist are often concentrated in the outer leaves or peel of produce, which is often thrown away.
- Washing, peeling and cooking usually removes residues.

- The government sets maximum allowable residue limits for each pesticide on every crop.

Are pesticide residue limits really safe?

There is no standard or absolute scientific definition of what is "safe." Consumers are exposed to only minute quantities of residues, if any, by the time produce gets to their tables. The vast majority of health and food professionals consider total daily intakes almost negligible and of little significance.

When new information concerning a pesticide becomes available, the government may reevaluate its safety. The sale and use of the chemical is sometimes prohibited during the reevaluation period.

In such cases, what was once considered safe, under new information or standards of safety, is determined to present too high a risk for the benefit received. In short, definitions of "safe" change over time to ensure the highest possible level of protection for consumers.

Now that consumers are eating more fresh produce, shouldn't they be more concerned?

Consumers should be concerned with anything they put in their mouths. However, in general, scientists regard the effects of pesticides as having little or no adverse impact on human health, for several reasons.

First, it is virtually impossible to eat enough of one food at one time for the toxicity of its chemicals (natural or man made) to be a hazard. Second, unlike their earlier counterparts, most of today's pesticides break down relatively fast into non-toxic substances, so they are not stored in the body and do not cause ongoing exposure.

Consumers are eating more fresh

fruits and vegetables because reputable health groups suggest that consumption of these foods can significantly improve consumer health, as well as protect against some types of cancer. The key to a safe food supply is variety, moderation and a good sanitation program for growers, grocers and consumers.

What is the consumer's role in helping to ensure safe produce?

Besides eating a wide variety of healthful foods in moderation, there are several things individual consumers can do to ensure food safety:

- Wash all fruits and vegetables before eating, using a scrub brush on produce that can stand it. Washing produce in tap

water alone is probably best since soapy residues may be difficult to thoroughly remove.

- Pull off outer leaves of vegetables such as lettuce and cabbage. For the same reason, trim leaves and tops of celery and peel fruits.

- Store fruits and vegetables at correct temperatures and eat them while they are fresh.

- When using pesticides on home-grown produce, be sure to follow all manufacturer's instructions carefully, since using higher than recommended rates or not following pre-harvest intervals may cause residue levels above tested safety margins.

COWPOKES

"Your customers tend to stay with you, don't they?"

de la Garza overshoots goal

Work on the budget and other complications already have caused House Agriculture Committee Chairman Kika de la Garza (D-TX) to overshoot his stated goal of completing subcommittee work on the 1990 farm bill by Easter. And what was his hope to complete full committee work and bring a bill to the floor by Memorial Day is now considered hopeless.

But the overall aim of both House and Senate Agriculture Committees to get a bill through both bodies before the August recess remains a possibility. And now there's evidence that the ongoing budget summit is intensifying the drive to meet that schedule. But the results of that effort, even if successful, may not be the final word on farm law that will govern agriculture for the next five years.

Top Administration and House and Senate leaders are meeting daily in search of a bipartisan solution to the budget deficit. In addition to one or more "revenue-enhancing" measures, they are almost certain to come out with a plan to reduce federal spending well beyond levels previously recommended by the Administration. And commodity price support programs are likely to be right in the middle if not in the forefront of programs to be cut.

So, the word is that farm policy makers in Congress want to go all out for passing a politically palatable farm bill before being obliged to reckon with

spending limits more severe than those the Administration currently recommends. Then, if White House and Congressional negotiators reach agreement on a budget proposal requiring deeper cuts in farm spending, legislators can come back after the August recess to make whatever reductions are necessary.

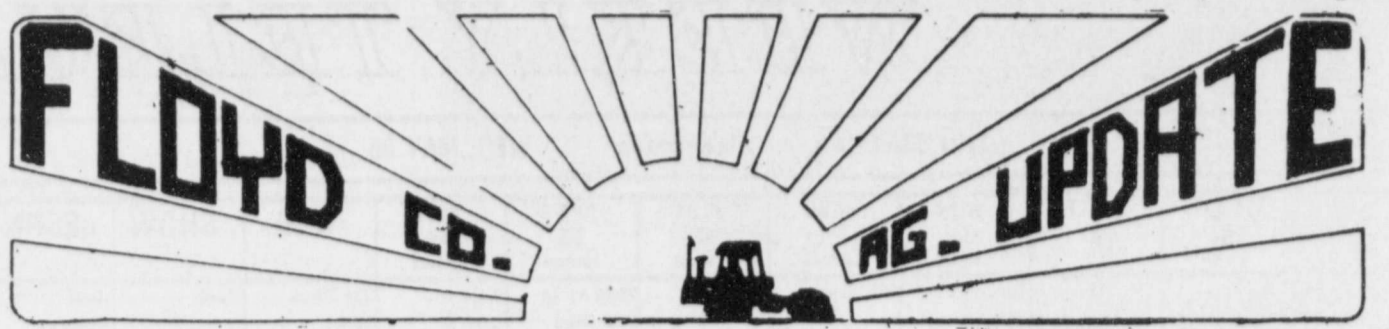

In the words of Wall Street Journal staff reporter Bruce Ingersoll, "Such legislative strategy would let Congress reauthorize the government's expiring farm programs for another five years and avoid the pain of slashing agricultural subsidies until the Fall or, conceivably, in a lame duck session after the November elections."

This approach has considerable bipartisan appeal, Ingersoll continues, since the entire House and a third of the Senate, including nine agriculture committee members, are up for re-election this year.

House Committee Chairman de la Garza is quoted as saying, "Politically, you always look for the course of least resistance," and adds "My estimation is that they can't hit us with any more cuts. But if we need to do more, we will."

Both the House and Senate appear to be struggling to hold farm spending over the next few years to about \$53 billion, roughly what would be spent if the 1985 farm law were extended. Provisions aimed at increasing farm income are being considered, including tying target prices for major crops to production costs on the consumer price index. But there's also a consensus that the cost of such measures would have to be offset by savings elsewhere in the farm budget.

Farm Safely!!

1989 record year for fed cattle

Feedlots within the area served by Southwestern Public Service Company (SPS) during 1989 fed the highest number of cattle on record, according to SPS's annual Fed Cattle Survey.

Feedlots in the SPS service area fed 5,468,350 head of cattle, a 2.5% increase over the 1988 total of 5,335,603. The previous record was set in 1987 with 5,406,975 cattle fed.

The survey also showed that the one-time total capacity of area feedlots in 1989 was 2,785,475 head, up from the one-time total capacity in 1988 of 2,758,662 head.

"The 1989 study shows how important cattle feeding is to the area's economy," said Dave Krupnick, SPS manager of agricultural and wholesale marketing. "Although prices for feeder

cattle remain up, 1989 was still a record year for this area."

SPS annually prepares a Fed Cattle Survey covering feedlots in its service area. The electric utility serves a 52,000-square-mile area comprising the Texas and Oklahoma panhandles, the Texas South Plains, eastern and southeastern Kansas.

Additionally, the survey found that 4,694,852 cattle were slaughtered last year at 13 beef-packing plants in the SPS service area, Krupnick said. The facilities have an annual slaughter capacity of 4,818,320 head.

"Each year feedlots and packing plants are very cooperative in supplying information for this survey, and we really appreciate that," Krupnick said. "We continue to receive requests from across the United States for this survey, and it helps highlight this area's agriculture and food-processing industries."

The report also shows that the total number of feedlots in the area has grown to 117, and the one-time capacity of these lots is still on the increase. The report also includes a chart on the 10-year history of fed cattle and the one-time capacity of surveyed feedlots, as well as information on the number of feedlots with 5,000-head capacity or above and a county breakdown of lot capacity and numbers fed.

Copies of the report and survey are available at SPS offices across the company's service area or may be obtained by contacting Dave Krupnick (806-378-2175) or Greg Boggs (806-378-2178) at the SPS headquarters building, Tyler at Sixth Street, Amarillo, Texas 79170.

Old tires bouncing back

Imagine a wall, 25 feet tall, encircling the entire state. That's a big wall, even in Texas. But the 280 million tires that are discarded in the United States every year could build a wall that big.

Instead, engineers have found a better way to use some of the old tires piling up in landfills in every community in America. They're making asphalt-rubber, a paving material composed of asphalt cement and up to 25 percent crumb rubber, which is derived primarily from grinding up old tires.

Texas is a pioneer in the use of asphalt-rubber. Since 1983, more than 3.6 million tires have been put to work on Texas highways. In all, 85,000 tons of asphalt-rubber have been used on more than 3,700 lane miles, using 800 to 1,000 tires per mile, in 20 of the state's 24 highway districts. In February alone, construction contracts were awarded that will use more than half a million tires.

"Those who have tried this material have been encouraged by the results," said Bob Templeton, head of the highway department's Construction Division. "It seems to extend the life of the pavement."

Asphalt-rubber was developed in the early 1960s by Charles McDonald, a highway engineer from Arizona. He was searching for a flexible material to seal cracks in deteriorating roads. The materials then used were too rigid. Under the weight of traffic, old cracks in the original surface "reflected" upward through the new surface. This reflective cracking demanded continuous attention.

Adding rubber to asphalt provided the elasticity, but the high cost of rubber made the material too expensive for widespread use. After trying various materials, McDonald came upon the ideal of using old tires as a cheap source of rubber and began experiments with

mixtures and application techniques.

McDonald's patented "band-aid" patches were placed in the Phoenix area to test their effectiveness in stopping cracks. The results were promising. The main problem encountered was application — the material was too thick to be applied by conventional asphalt spreaders. The next decade was spent adapting equipment to allow the hand-applied "band-aids" to be stretched to the larger areas needed for highway construction.

In 1975, the Arizona Department of Transportation placed several test sections of asphalt-rubber. The successful experiments have resulted in the use of the material in at least 35 states, Canada, Europe, and Australia.

Texas began using asphalt-rubber in 1976. A survey by the Asphalt Rubber Producers Group (ARPG), has found that the installation of an interlayer of asphalt-rubber between the old road surface and a seal coat of new asphalt pavement has eliminated reflective cracking on Interstate, primary, and secondary routes for the last 14 years.

The report concludes that "asphalt-rubber reduces maintenance costs by its resiliency, flexibility, and ability to seal a surface. It also resists oxidation age hardening that normally destroys a pavement without constant maintenance."

Asphalt-rubber serves as a moisture barrier, protecting the road base and surface from excess water. Because it is stickier — more cohesive — than conventional asphalt, mixtures can be formulated that allow for more porous surface.

"The surface has little valleys that allow the moisture to trickle off to the side of the road rather than accumulating in puddles," Templeton said. This coarse mixture decreases glare during rain and allows tires to grip the surface better, thus reducing skidding and hydroplaning.

Make Plans to Take Part in All the events at the Pioneer Reunion Saturday in Floydada

CROP INSURANCE BULLETIN

The best time to turn in your acreage report is right after you finish planting while its fresh on your mind.

Cotton insurance has a difference set of rules for unit divisions this year. You need to report the crop on each farm separately and indicate the section number as well as the farm number.

Dryland and irrigated cotton need to be shown separately too.

In most cases it will be to your advantage to break your farms down into separate units if we can so that each one will stand on its own when you have a loss.

Come by or call and let us help you complete your acreage report form and we'll answer some of your questions at the same time.

Duncan PTA members honor teachers

The week of May 7 was National PTA Teacher Appreciation Week. The teachers at Duncan Elementary were honored throughout this week for all the hard work they have done during the school year.

On Monday morning, May 7, all faculty members, school board members and superintendent Jerry Cannon were served a buffet breakfast hosted by the PTA.

Mothers of Duncan students helped by preparing dishes for the meal. Throughout the week teachers were

presented with various gifts of appreciation. Banners were displayed in the hallways expressing gratitude to teachers. Certificates of appreciation were presented to each faculty member and school board member. Little red apple pins were given to each one also. Notes of appreciation were written to each individual teacher. Each teacher was also given a bumper sticker which read, "We're the Future A.B. Duncan."

Friday, May 11, was "Duty Free Day." Teachers were treated to a full day

of no duty. Mothers and PTA officers took bus, traffic, lunch and recess duty for teachers to allow them to go out for lunch and to have some free time during the day.

PTA President, Debra Jo Fawver, said, "Duncan has a wonderful group of ladies working with and teaching our students. They deserve every ounce of appreciation shown them plus more!"

SPS reminds customers to be careful around lines and poles

As warm weather draws more people outdoors, Southwestern Public Service (SPS) is reminding its customers to be careful around power lines and electrical facilities.

"We say all year to watch up for power lines, but it's especially appropriate to issue an additional reminder as people begin to spend more time outdoors," says Randy Duke, SPS's Floydada local manager. "People are trimming trees, repairing roofs and doing other things around the house that could bring them into contact with overhead lines."

Violent spring storms can create other hazards, Duke warns. "If anyone sees a downed power line, stay away and don't touch anything the line is touching. Keep others away, and contact the electric company immediately," Duke says. "A downed line can be completely free of sparks but still can be very 'live' and dangerous."

There are many other safety tips to keep in mind this time of year, Duke says. For example, farmers handling irrigation equipment should be especially careful.

"Metal irrigation pipe is an excellent conductor of electricity," Duke says. "Moving a tall section of irrigation pipe or lifting it to dislodge a rabbit or other animal inside could be fatal if there's a power line overhead."

Another common springtime activity is installing evaporative coolers. These are potential hazards, Duke says.

"By the time you get a metal cooler up, you're usually standing in a puddle of water. Metal and water are both good conductors of electricity, so make sure your unit is grounded. Don't plug in the cooler until everything is hooked up. If you have to make any last-minute adjustments, be sure to unplug the unit first," he says.

Children also should be warned to play safely as they begin to spend more time outdoors.

"Parents should teach their kids to stay away from utility substations and poles," Duke says. "If a kite gets tangled in a power line, they should never try to get it down by themselves. And they should check any tree they're about to climb into for power lines."

SPS offers a variety of electrical safety programs and materials to the general public, schools, employers and civic groups. Your local SPS office can tell you about these items.

These 4th and 5th graders meet each Tuesday after school at the R.C. Andrews school cafeteria. Many of these girls moved up together from Brownies. This year the troop had camped at Girl Scout Camp Rio Blanco; spent the night at the Science Spectrum in Lubbock; practiced skits, looked after their animals; entertained with Christmas songs at the nursing home; operated a hot chocolate stand on Punkin Day; and baked cakes for all the other Girl Scouts and guests for the Court of Awards banquet which was May 21.

Junior Girl Scouts of 1989-90 are: Heather Arney, Stephanie and Shondra Emert, Laci Christian, Jamie McGuire, Erin Aybshire, Shannon Ware and Ashleigh Williams. This year they have earned the Math Whiz and Community Health and Service badges. Mrs. Elizabeth Sims is the Service Unit Chairman for Floydada.

Duncan faculty entertains at PTA meeting

The Duncan PTA held its last meeting of the 1989-90 school year on Monday, May 14. Before being entertained by the Duncan faculty, President Debra Jo Fawver led members in a business meeting.

Ricky Vasquez led the group in prayer followed by the pledging of the flag led by Ruth Vasquez. Erma Meyers, secretary, read the minutes from the last meeting. Announcements of upcoming events were made. Playday at Duncan was May 23. Yearbooks are available in the school office.

President Debra Jo Fawver reported on the District Conference held in Lubbock on May 1. Duncan PTA brought home several awards and honors. An award for increasing membership by 68% over last year was presented to PTA along with and award for 100% faculty enrollment and one for Outstanding Membership Campaign. The entry for this last award is sent to State for judging. A Local Unit Achievement Award was won for various projects

done at Duncan during the year. Duncan also brought home an award for Outstanding PTA. Duncan's PTA President Debra Jo Fawver was nominated as Outstanding PTA President in the district. Mrs. Fawver expressed her thanks to parents, students and teachers for their support and help in achieving these awards.

The membership discussed ways to use money raised during the year to benefit the students and the school.

Mrs. Fawver introduced the 1989-90 officers and expressed her appreciation for a job well done. The new 1990-91 officers were then introduced and installed.

The outgoing officers are: President - Debra Jo Fawver, 1st Vice President - Julie Duke, 2nd Vice President - Mitzi Nixon, 3rd Vice President - Jan Smith, Secretary - Erma Meyers, Treasurer - Judy Lloyd.

The new incoming officers are: President - Julie Duke, 1st Vice President - Stacy Reeves, 2nd Vice President - LeShay Everett, 3rd Vice President - Kelli Reddy, Secretary - Sarah Sanders, Treasurer - Mitzi Nixon.

Julie Duke presented Mrs. Fawver with an Honorary Texas Lifetime Membership to PTA along with a gold oak leaf pin. This is the highest honor in the PTA organization. Mrs. Duke also presented Mrs. Fawver with a gift of appreciation from her fellow officers.

Following the business portion of the meeting, the faculty of Duncan let their hair down and entertained those in attendance. The room was filled with laugh-

ter. The show opened with a skit performed to the song "The Mississippi Squirrel Revival." A hit with the students was the "The Kindergarten Mutant Ninja Turtles." The first grade teachers went to the birds with their performance of "Twiddle Dee Dee." Another big hit with the students was second grade's "Old Kids on the Block." To close the show third grade teachers performed to the song "Yakkety Yak." It was a very entertaining program to say the least!

Floyd County Is 100!

PUBLIC NOTICES

NOTICE OF OPPORTUNITY

Notice is hereby given that the Caprock Community Action Association, Inc. is seeking financial assistance from the U. S. Department of Transportation under the Section 18 grant program. Grant funds will be used to continue providing rural public transportation on demand responsive and a fixed schedule based on location with a 24-hour advance notice. Services are available in Crosby, Dickens, Floyd, Hale, King and Motley Counties. Special provisions for the elderly and handicapped are available. The system will charge fares, however, some passengers may qualify for fare subsidy.

Copies of the grant proposal are available for inspection by the public at 224 S. Berkshire, Crosbyton, Texas 79322, after June 15, 1990.

Any person wishing to request a public hearing on the proposed project must submit that request in writing to 224 South Berkshire, Crosbyton, Texas 79322 prior to June 15, 1990. 5-24, 5-31c

NOTICE TO BIDDERS

The Floyd County Commissioners' Court will accept sealed bids until 10:00 a.m., Monday, June 11, 1990, for the following:

REROOF COURTHOUSE

Instructions: Bidding specifications for the above are available in the County Judge's Office, from 9:00 a.m. to 5:00 p.m. Monday thru Friday.

Bids should be delivered to the County Judge, Room 105, Floyd County Courthouse, Floydada, Texas 79235. All bids shall be sealed when presented and will be opened at the above time and date.

Payment will be made in cash upon completion and approval.

Floyd County reserves the right to accept or reject any or all bids and the right to waive all formalities.

Signed this 22nd Day of May, 1990.
COMMISSIONERS' COURT, Floyd County, Tx.
BY: **WILLIAM D. HARDIN, County Judge**
5-24, 5-31, 6-7c

INVITATION TO BID VOCATIONAL OFFICES AND INDUSTRIAL ARTS BUILDING FLOYDADA, TEXAS MAY, 1990

Separate sealed bids for CAPROCK COOP SPECIAL EDUCATION, FLOYDADA, TEXAS will be received by the OWNER until 7:00 p.m. CST, June 11, 1990. Bids will be opened and read aloud in the Board Room in the Floydada Independent School District Administration Office at 226 West California, Floydada, Texas. Contracts will be considered at this time.

The project consists of a 60' x 120' pre-engineered building housing a classroom, computer room, offices and two shops.

BID SECURITY: The proposal of each bidder shall be accompanied by a cashier's check, certified check, or bid bond in the amount of 5% of the bid, payable without recourse to a guarantee that if awarded the contract, the bidder will enter into a contract ten (10) days from the date of award. The bidder shall guarantee his prices for a minimum of thirty (30) days from the bid date.

PERFORMANCE AND PAYMENT BOND: The successful bidders will be required to enter into a contract with the Owner and will be required to furnish a performance bond and payment bond in the amount of not less than one hundred (100%) of the contract price, conditioned upon the performance of the contract and payment of claims.

The information for bidders, contract document plans and specifications may be examined in the office of L. James Robison & Associates, Architects, 205 West 4th Street, Plainview, Texas or in the Plan Rooms in Lubbock and Amarillo and Scan, after May 29, 1990. Copies of the plans may be obtained from the Architect's office with a deposit of \$50.00 per set. Plans shall be returned by mail or in person. Deposit is refundable upon return of plans and specifications in good condition.

The Owner observes the right to reject any or all bids and to waive any formalities in the bidding.
