A view from
The
Lampighter

By Ken Towery

We have the uneasy feeling that this is going to be another of those long columns, simply because of the subject matter, and the fact that we feel somewhat strongly about it. So check out the ads and the local news, which this paper usually has in abundance, thank goodness, and come back when you have time and the inclination.

This country is about to become convoluted over an argument that should have never come up. The U.S. Supreme Court has again voted, this time by a one-vote margin, that the physical desecration of the American flag is protected under the "freedom of speech" clause of the First Amendment to the Constitution. We disagree, completely and totally.

The President has called for enactment of a Constitutional amendment that would overcome the Supreme Court's interpretation. The Democratic leadership in the Senate and the House of Representatives have said they will fight against enactment of the Amendment, which would, if approved by the Congress, then require approval by a sufficient number of the various States. A Democratic-controlled House Judiciary sub-committee has sent the proposed amendment forward to the full committee, with the recommendation that it not be passed.

So the battle lines will soon be drawn. On one side will be the President and most, we believe, of the people throughout the United States. On the other side will be the Democratic National leadership and various segments of their natural constituency, the ACLU, the multitude of liberal "think tanks," the left wing pundits in the media, the national T.V. "anchor persons," Jesse Jackson's "Rainbow Coalition," and a host of others who will crawl out of the woodwork to denounce the proposed amendment as the first step in eroding the rights of all Americans to speak their piece.

Mr. Bush says he hopes the Congress will approve the proposed amendment by the 4th of July. That would be most fitting, but given the array of forces that will come forth in opposition, that is a highly unlikely goal. Nevertheless we hope it is done, and done speedily.

We are absolutely unable to understand how a majority on the Court, however slim, could come to the conclusion that the violent, physical act of desecrating the flag can somehow be translated into "speech." We suppose, for the sake of argument, it could somehow be construed to be a form of "political expression," but so what. The same could be said, by the same kind of reasoning, of the assassination of Robert Kennedy, or of Jack Kennedy, or of Abraham Lincoln. Those were politically motivated acts by people seeking to send political messages.

Ah, but the liberals say: We have laws against murder. So we do. We also had laws against the physical desecration of the flag, but those have been declared unconstitutional. Even if we were to acknowledge that burning the flag as an act of desecration and contempt could somehow become "speech," previous Supreme Court's have long held that the states are not powerless to make certain rules governing its use.

As long ago as 1917, in the case of Schenck vs. United States, Chief Justice Holmes, speaking for a unanimous Court in upholding the conviction of Schenck, said... "We admit that in many places and in ordinary times the defendants in saying all that was said in the circular would have been within their constitutional rights. But the character of every act depends upon the circumstances in which it is done... The most stringent protection of free speech would not protect a man falsely shouting fire in a theatre and causing a panic. It does not even protect a man from an

HONORARY CITIZENSHIP—Mayor Pro-tem Wayne Russell (left) presents Honorary Citizenship to Councilman T.J. Patterson during Juneteenth Celebration on June 19.

"Ol' Fashioned Saturday" slated

The Lockney Chamber of Commerce and the Lockney Volunteer Fire Department have joined forces to bring Ol' Fashioned entertainment to Floyd County, Saturday, June 23.

The event is being held to raise money for the Lockney Volunteer Fire Department Ambulance Fund.

Booths will be set up and down both sides of Main Street for shopping and games. The booth rental is \$15.00 with all proceeds, of the booth rental, going to the ambulance fund. Contact Lesca Durham if you have not reserved your booth space.

Some of the activities planned for the day include: a fun run, washer pitching

contest, cow bingo, free helicopter ride, chances on a lawn swing and a painting by Terry Keltz will be sold, exhibition by Lori Gonzales, Square dancing, singing, and a water balloon and volleyball game.

The Slow Motion Band will hit the streets at 9:00 p.m. for a street dance. The popular group is made up of performers, Earl Broseh, Kenneth Owens, Becky Webb, Don Bodie and Russell Bigham. There will be no charge for the dancing, but organizers will ask for donations for the ambulance fund.

For more information, read the article in this week's Lockney Beacon and/or call Lesca Durham at 652-3388.

Chamber sponsors dance

The Porter Brothers, stars of radio, television, stage and recordings, will travel from Aurora, Illinois to help the Floydada Chamber of Commerce raise money for a new public address system and other community activities.

"The Porter Brothers have agreed to come with no guarantees," said chamber manager Kathy Himes. "They will be paid one half of the ticket sales and the rest will go for the PA system that the whole community will benefit from."

The country western dance will be held at the Massie Activity Center, June 30, starting at 8:00 p.m., and lasting until 12 midnight. The group consists of three brothers, Darryl, Norm and Shannon. They will be joined on stage by local

talent: Harvey Allen of Floydada, Ricky Cross of Plainview and Mark Brown of Crosbyton.

The group has performed with Porter Wagner, Buck Owens, Ray Price, Ernest Tubbs, Osborne Brothers, Kitty Wells, Tex Ritter and Jim Reeves.

They have opened shows for George Jones, Patsy Cline, Tom Paul and Glasier Brothers, Grandpa Jones and Billy Cramer. They have also played as the back up band for Billy Vaughn, Little Jimmy Dickens, Dottie West and Marvin Rainwater.

Cost of the tickets are \$5.00 per person and can be purchased at the chamber office, Don Green's Auto Parts or any chamber director. They can also be purchased at the door.

County commissioners asked to clarify agreement

In a special called meeting, June 13, the Floyd County Commissioners Court heard from Becky McPherson, district attorney for the 110th Judicial District. McPherson told the commissioners that the October 23, 1989 minutes needed to be amended. The order in question stated that the Court appoint Becky McPherson District Attorney of the 110th Judicial District of Texas, as the County Attorney Pro Tem for Floyd County; the compensation to be \$1,750 per month, payable to "Becky McPherson, District Attorney, County Trust Account," plus the following annual allowances, supplies of \$475.00, liability insurance \$1,315.04, and travel of \$375.00.

McPherson requested that a Nunc Pro Tunc (correction) order be entered correctly reflecting the agreement entered into in October. The order should reflect that she will prosecute misdemeanor offenses for the expenses incurred by that prosecution, her office will receive

\$1,750. McPherson wanted the minutes to reflect that, "It will not be used for D.A.'s salary, but for law books which will belong to the county after purchase, equipment, travel, supplements to employee salaries and general office expenses."

McPherson gave the commissioners a report which accounted for all the money the county has paid into her of-

Hot air balloon show at Floydada airport Saturday

On Saturday, June 23, the Women's Chamber of Commerce in Floydada will be sponsoring a hot air balloon show. Lift-off will take place about 6:30 a.m. at the Floydada airport. Everyone is invited to come out and watch. There is no admission, but if you would like the chance to ride in a hot air balloon the Women's Chamber is selling chances

Juneteenth celebrated with barbeque & gospel singing

By Bill Gray

A crowd of over three hundred attended the Juneteenth commemoration at the Floyd County Courthouse pavilion on June 19. The day marked the 125th anniversary of the declaration by General Gordon Granger that all slaves in Texas were free. Gordon's announcement on June 19, 1865, carried out President Abraham Lincoln's Emancipation Proclamation—issued two years earlier. Juneteenth is celebrated only in Texas.

An official function of the Floyd County Centennial Celebration it was the first public Juneteenth event in Floydada in over thirty years. 250 barbecue dinners were served by the Mission Ladies of Mt. Zion Baptist Church. A snack bar was also provided by representatives of Floydada Nursing Home.

Festivities kicked off earlier than expected as an impromptu group of youngsters entertained the early arrivals with several gospel and spiritual numbers. Late-comers were disappointed to learn that the barbecue sold out, as the crowd was larger than anticipated.

The 8:00 p.m. program began with an invocation by Rev. Ralph Jackson, pastor of Mt. Zion Baptist Church. After the pledge to the U.S. flag, Mrs. Ernestine Pleasant led the audience in singing "The Star Spangled Banner," accompa-

nied by Mrs. Dell Gray on electric piano. Mrs. LaVada Garrett directed a combined chorus in a stirring rendition of the "Negro National Anthem," followed by a short welcome address from Bill Gray, Chairman, Floyd County Centennial Commission. Gray also explained the origin of Juneteenth and why it is observed only in Texas.

Brief welcome remarks were then given by O.M. Watson, Jr. (Floydada City Chairman for the Centennial) and John Campbell (Juneteenth event chairman).

The chorus then sang several spiritual numbers, preceded by brief historical sketches on each selection. The chorus' a cappella version of "Swing Low, Sweet Chariot," sung in the style of their ancestors, was hauntingly beautiful, as was a solo number, "Wayfarin' Stranger," sung by Reagan Session. Floydada City Councilmen Ruben Barrientos and Amado Morales, along with Mayor Pro-tem Wayne Russell were introduced by Master of Ceremonies Bill Gray.

Russell was appearing on behalf of Floydada Mayor Parnell Powell, who is seriously ill and hospitalized in Lubbock. Mr. Russell gave a biographical sketch of the guest speaker, and then introduced Councilman T.J. Patterson of Lubbock, who gave the keynote ad-

dress. Mr. Patterson's message was very inspirational and thought-provoking.

Patterson stressed the importance of home influence on today's youth, citing that success can be attained "by not hating people and making people hate you." He praised the citizens of Floyd County and Floydada for "having the courage" to celebrate the observance of June 19, and strongly urged that the event be an annual affair.

Following Patterson's address, Mr. Russell presented the visitor with a certificate of Honorary Citizenship to the City of Floydada. Gray then gave appreciation to the merchants whose contributions to the committee made Mr. Patterson's appearance possible, and encouraged the audience to go by the various businesses and thank them personally. They were City Auto, Kirk and Sons Hardware, Oden Chevrolet, and Floydada Ford-Mercury, Chrysler-Dodge.

The benediction was given by Elder Alex Wall, Jr. of the Free Church of God in Christ in Jesus Name. Elder Wall also dedicated the closing prayer to Mayor Parnell Powell. The audience joined Mrs. Garrett in the closing song, "God Bless America." The Juneteenth celebration was truly an historical event, and marked another successful function of the year-long Floyd County Centennial.

Bilbrey is temporary city judge

By Juanita Stepp

Acting to provide continued due process of law during the regular June session, the Floydada City Council appointed Lowell Bilbrey to serve as temporary municipal judge in the absence of Mayor Parnell Powell. Powell is currently hospitalized for treatment of a broken hip in addition to other health problems and will be unable to perform his duties as mayor or municipal judge during his recuperation.

Bilbrey was appointed on a motion by Wayne Tipton, seconded by Eric Cornelius and passed by unanimous vote. As a trained and serving Justice of the Peace, council members appeared to believe Bilbrey was most qualified to fill the temporary post and would not need immediate training to continue the ongoing business of the city court.

Councilman Wayne Russell was re-appointed to the post of Mayor Pro Tem, a position he has held for several years. As Mayor Pro Tem, Russell presided at the Tuesday, June 12, city council meeting in the absence of Mayor Powell. Russell will continue to act as Powell's substitute as long as necessary.

CAPROCK HOSPITAL REASSURES CITY

Fred Thayer and Joy Assiter, members of the board of directors for the

Caprock Hospital District, and hospital administrator Leroy Schaffner met with the council at the evening session to reassure the city that the district is doing everything possible to meet its obligations regarding the payment of past due electric bills on the hospital and the clinic.

As spokesman, Thayer stated, "We are currently undergoing some administrative changes which will hopefully improve our situation." He also told the council that the district "anticipates a sizeable tax increase this fall." Thayer referred to other changes including the use of a collection agency to recover past due bills for the hospital and working closely with consultants from Methodist Hospital to revamp the local hospital's situation.

The hospital currently owes a back bill for electric service which totals \$8596. The clinic past due balance is

\$1811. The council agreed to work with the hospital district in an effort to keep the hospital open and functioning. The city will allow the past due balance to ride for four months as long as the district continues to pay the current monthly billing on schedule. Motion for this was made by councilman Amado Morales, seconded by councilman Ruben Barrientos and passed by unani-

mous vote.

Thayer reminded the council that the hospital district has a bank note which will have to be paid with the initial tax collections this fall, but stated, "We will do our best to get everything back on track." Thayer was adamant about no plans to close the hospital at this time. He also agreed to meet with the council on a regular basis to discuss progress in solving the hospital district financial dilemma.

ADDITIONAL POLICE OFFICER TO BE HIRED

City police chief James Hale discussed the possibility of adding a fourth officer to the city force as soon as possible. He requested permission to hire a trained officer to assist in protecting the city and its citizens through the summer months as well as including the addition in the next years budget as a permanent addition. Hale told the council that an additional officer would "provide one officer per approximately 900 population," a figure which is still considered inadequate.

A motion by councilman Leroy Burns and seconded by Barrientos was approved authorizing the chief of police to advertise and take applications in preparation for hiring another police officer.

Continued on Page 6

a policy with another company.

The motion was made by Connie Bearden and seconded by Kay Crabtree to call Blue Cross, Blue Shield, and ask that the county policy be reinstated. The vote carried unanimously.

In other court action, commissioner Floyd Jackson made a motion seconded by commissioner George Taylor, accepting the 1990 appraisal roll as presented by the Floyd County Central Appraisal District. The motion carried unanimously.

The session then adjourned.

COMMISSIONERS ENTER NUNC PRO TUNC ORDER

Meeting in a second special called session on June 18 at 2:00 p.m. the Floyd County Commissioners entered into the minutes of the meeting a Nunc Pro Tunc order clarifying and detailing the intent of the court in appointing Becky McPherson, D.A., to the temporary post

of County Attorney Pro Tem on October 23, 1989. The order was approved by unanimous vote on a motion by Crabtree, seconded by Jackson.

The Nunc Pro Tunc order serves to "correctly state the intent of the commissioners court, the orders previously entered being an insufficient recitation of the commissioners court decision of 10/23/89, such insufficiency being generally a clerical omission, there being no

Mayor Powell Hospitalized

Mayor Parnell Powell is recovering from surgery after falling and breaking his hip. He is in Room 243 at St. Mary's Hospital for those who would like to send cards and letters wishing him well.

By The Way

By Alice Gilroy

This is no time to go on vacation. The next two weekends around here are sure going to be busy.

The womens' chamber of commerce in Floydada is starting Saturday morning off right with a Hot Air Balloon Show at the Floydada Airport.

It starts at dawn and you can buy a chance to ride in one of the balloons, for only \$1.00. Wouldn't that be neat! Coffee and donuts will be served to the hardy souls that come out for a chance and some beautiful sights.

Then take yourself over to Lockney for the fun filled Ol' Fashioned Saturday. The benefits go to support the Lockney Ambulance Fund. There is a big write up about it in The Beacon. Be sure and check it out, there is going to be plenty to do that day.

The next Saturday, June 30, the Floydada Chamber of Commerce is having their dance. The proceeds go to getting a new PA system for the community. That is something really needed around here and will sure come in handy for all kinds of community events. The band, The Porter Brothers, have agreed to play for 1/2 the proceeds and will donate the rest to the chamber.

The Rodeo Association will be having their rodeo earlier this year, so don't forget that. It is a two day event, starting on June 29. There will also be their traditional dance, on the slab at the rodeo grounds, at the end of Saturdays events.

Plan ahead now to attend the traditional 4th of July celebration at Floydada's Pay-N-Save. It gets bigger and better every year!

There is no need to risk the holiday traffic and go anywhere else except right here in this county.

I guarantee the kids (and adults) are going to love what Johnny Summers has planned. There will be a story on the events in next weeks paper, but I will at least tell you that they will be serving a free breakfast that Wednesday morning and a cheap (I mean very inexpensive) lunch that afternoon.

A band will be on hand and plenty of cartoon characters and heroes will also be around to talk to kids.

Did anyone see the "Just Say No" parade on Saturday, on T.V.?

It reminded me of something that I saw and heard during the "Just Say No" programs at Duncan Elementary this year. I wasn't writing a column at the time and I didn't have an appropriate place to write it - but now I do.

I'm not sure if the people who need to hear this even read this paper, much less my column, but I'm going to give it a shot.

Duncan Elementary joined schools all over this county and all across the nation, in promoting a "Just Say No" program among their youngsters. The idea being, of course, if we can educate our

very young to the dangers of drugs and help them get the courage to say NO to their peers, then we can keep them from using drugs.

But what happens when they have to face up to more than just their peers. Here is something for you parents to think about.

I was walking from classroom to classroom with the Red Raider from Texas Tech. The Raider was going into all the classes (at Duncan) and giving them a little pick-me-up about saying NO. Principal Bobbie Weir would ask, "What do you say if someone offers you drugs?"

The little ones, would enthusiastically shout, "JUST SAY NO!"

It was very heartwarming until I heard something that broke my heart.

I was standing in the doorway, of a first or second grade class, with my camera in my hand watching another little speech. After the Red Raider finished and the kids had told Ms. Weir what they would do if offered drugs, one little child said, "My parents use drugs."

Ms. Weir never batted an eye (I thought that was commendable, because my mouth dropped.) "What do you tell them?" asked Ms. Weir.

"I told them they shouldn't do it," said the innocent voice.

"And what are you going to do?" said Ms. Weir.

"I'M GOING TO JUST SAY NO!" I was supposed to take a picture, but my eyes were full of tears and I couldn't do it.

I turned to a teacher and said, "Did you hear that?"

She sadly said, "Yes, I did. We hear stuff like that a lot. Sometimes worse."

What is going to happen to that child as he/she grows up. Is he going to be able to stand by his convictions with parents who could care less?

You parents out there who smoke a joint every now and then - who drink more than you should - or who do more than that. Do you think your kids don't notice? You think they don't care? You think they don't tell anyone?

Well Mr. Businessman, Ms. Society Lady, Mr. and Mrs. church going family - your kids are telling on you! Stop and think. What has your child witnessed? What kind of example are you setting.

For those parents out there that think it's funny. For those of you that don't stop and think about your example and if your child will become a drug addict or not - I've got something to say.

You don't love them. You're selfish. I wish I could take your child away and give him to someone that does care how he will turn out.

When someone asks your little one what he wants to be when he grows up. Will he say a doctor, a lawyer, a policeman, fireman, or preacher? Or will he say, "I'm want to be like my mommy and daddy. I'm gonna be a drunk or an addict?"

JUNETEENTH BAR-B-QUE--People of all races gathered at the square, June 19, to celebrate the emancipation of slaves, with food, gospel singing and oratory. Staff Photo

Letters To The Editor

June 14, 1990 - Flag Day
Dear Editor:

I am not one to take up the pen frequently. In fact, I am terrible about not answering letters that are written to me. Call it laziness or neglect or illiteracy or just simply not making a point to sit down and write a few words. Well, I decided to make a point, for once, to write this letter.

I was driving to work this morning, I heard on the radio about the political battle on the issue of flag burning. Some say there should be a criminal law against burning the flag, while others say that law will violate people's right to expression. Give me a break! I could go out and rape a woman on the street and call it freedom of expression!

This morning as I rose the American flag (and the new Texas flag that Uncle Truman sent me - by the way THANKS, Uncle Truman) I felt a little proud of myself showing "the colors." After all I pledge my allegiance to the flag of the United States and to the country for which it stands. In fact, to become a citizen of the United States, it is a requirement of this country to pledge your allegiance to the U.S. flag.

In view of this, if someone wants to exercise his constitutional right to "free speech" by burning the U.S. flag, that someone just renounced his citizenship and waived his right the U.S. Constitution recognizes. To that I say "GO FIND ANOTHER COUNTRY TO LIVE IN!" And you can bet the authors of the Constitution felt the same way 200 years ago.

With all Honor and Respect
Layne Kirk

Dear Editor:

I wanted you to know that I really enjoyed your centennial issue of the

Hesperian. I am a native of Floyd County. My grandparents P.M. and Lizzie Smitherman and Sid and Susie Cummings lived there many years. My parents Jack and Aileen Smitherman lived in Floyd County until 1936, moved away then moved back again in 1965. My grandad Cummings was County Commissioner for two terms in the 30's. My son and his family, Brent and Sarah Sanders, Katie and Abby live in Floydada now, so I still have important ties there.

Again, congratulations for all the hard work you should be proud and I am proud to be a Floyd County product!

Sincerely,
Mrs. M.L. (Polly) Simpson, Jr.
County Judge
Castro County, Texas

Floydada Police Report

Floydada police received a report, on June 14, of a theft from Davis Farm Supply. Stolen from an Anhydrous Amonia trailer were: a Hamby Gauge Wheel assembly, tire and wheel fro a 2nd gauge wheel and 6 feet of high pressure hose. The loss was estimated at \$385.00.

Police investigated an assault reported on June 15, in the 100 block of W. Tennessee. A 15 year old juvenile was transported to Lubbock juvenile detention center after assaulting his mother with a knife. He was also found with a small amount of marijuana in his possession.

His mother was not injured. A theft of newspapers from the Allsup's newsstands was reported to police on June 17. The vehicle has been identified and the investigation is continuing.

Shortly after midnight on June 18, Yreal Morales, 24, of Floydada, was observed running a stop sign at 2nd and Lee. He was stopped in the 500 block of East Ralls and arrested for DWI.

Later in the morning of June 18, Joe Zavala, 27, was arrested for public intoxication in the 100 block of W. Tennessee.

ACCIDENTS

Police investigated one accident last week, Sunday, June 17, at 8:10 p.m. The accident occurred in the 100

block of S. 12th.

According to police, David Mann, 27, of Floydada, driving a '86 Peterbilt truck and trailer was turning into the truck yard on the east side of S. 12th when a '76 Dodge Van attempted to pass and ran into the Peterbilt.

The driver of the van was cited for passing without safety.

Mann was cited for turning when unsafe. He was also arrested for bad check warrants and for driving while his license was suspended.

Courtroom Activities

On June 14 in county court, Rudolfo Esquivel pled guilty to his June 12 charge of driving while his license was suspended. He was fined \$100.00 plus court costs.

Remedios Gonzales, 63, of Lockney, was charged with DWI on June 14. There was no disposition on this case at this time.

Also on June 14, Sherry Holmes and F.M. Marquis were charged with theft. There was no disposition on these cases.

On June 15, Edward Castaneda pled guilty to his charge of possessing marijuana. He was fined \$25.00 plus court

costs of \$142.50. He was also sentenced to five days in the county jail.

On June 18, David Main was charged with driving while his license was suspended.

Also on June 18, Yreal Arnaldo Morales, 24, of Floydada, pled guilty to his DWI charge. He was fined \$500.00 plus court costs of \$142.50. He was sentenced to 180 days in jail which was probated for two years.

James Richard Ferrell, 50, of Lubbock, was charged with DWI and carrying an unlawful weapon.

This Week

DIABETES CLASS

Diabetes class will meet Thursday, June 28, at 7 p.m. at Caprock Hospital. This class is free and all interested persons are invited to attend.

BILINGUAL SUMMER SCHOOL

Floydada ISD will begin summer school classes for children with limited English speaking ability Monday, June 25. The classes will be held on the A.B. Duncan Elementary School campus. Students who will be in kindergarten or first grade in September, 1990, are eligible. The class will run from 9:00 to 12:00, Monday through Friday and will continue through August 17, 1990. Transportation or meals will not be provided. If interested please contact Roberta Hardin, 983-3432.

RICK PERRY

Rick Perry, Republican candidate for Texas Agriculture Commissioner, will be in Floydada, Friday July 20, at 8:30 a.m. at the Massie Activity Center. Everyone is invited.

PLANT PUMPKIN SEEDS

Don't forget to plant your pumpkin seeds provided by the Floydada Chamber of Commerce. The middle of June is the date our pumpkin growers advise as the best time to plant. Be sure and plant them where there is plenty of sunshine and water of ten.

The child that grows the biggest pumpkin will win a dirt bike, given to him at this year's 'Punkin Days' festivities.

The Lamplighter...

Continued From Page 1
 injunction against uttering words that have all the effect of force."

A short time later the great and learned Holmes, again writing for a unanimous Court in the case of *Frohwerk vs. United States*, said... "the First Amendment while prohibiting legislation against free speech as such cannot have been, and obviously was not, intended to give immunity for every possible use of language."

Needless to say the First Amendment is a priceless amendment, without which, or without some similar version, so much of what we value in America would not be possible. And because it is so important, it has been argued over since day one. One thing that came out of those debates, and the court case that grew out of them, was the "clear and present danger" doctrine.

The same Court, this time with Justice Brandies writing for a unanimous Court, in which Justice Holmes concurred, said in the case of *Whitney vs. California*, "...but, although the rights of free speech and assembly are fundamental, they are not in their nature absolute. Their exercise is subject to restrictions, if the particular restriction proposed is required in order to protect the State from destruction or from serious injury, political, economic or moral."

In our view the First Amendment is trivialized when it is used to surround and camouflage issues that have no relation to free speech, or other freedoms guaranteed in that amendment. A case at point is the argument put forth by those Congressmen seeking to justify their vote on the celebrated "Maplethorpe" exhibit. In that case the "homosexual" works of Mr. Maplethorpe were put on public display, courtesy of the National Endowment of the Arts, funded by the American taxpayers. No one, except perhaps homosexuals themselves, would dispute the contention that the exhibit contained works that could only be labeled pornographic obscenities.

Maplethorpe was a homosexual who recently died of AIDS. He had a "thing" about black males, and his works featured them prominently, in various homosexual "embraces." Yet some Congressmen, including our own Rep. Sarpalius, attempt to justify their vote to fund the works, with tax dollars, as an expression of their devotion to the First Amendment. The argument is utter nonsense. It has nothing to do with the First Amendment. No one disputes Mr. Maplethorpe's right to go out and take all the pictures he wishes of his favorite subjects. And we do not dispute the Constitutional rights of the various Congressmen to applaud the artistic value of those photographs, if they see beauty and value in them. But they have no "First Amendment" rights, as we see it, to demand support from the taxpayers of this country, already burdened by an unceasing demand on the part of our government that we give more and more, in order that those "works" be hung in public galleries.

We have somewhat the same feelings about those strange nuts who get their

kicks out of burning the U.S. flag. If they wish to take a flag up into the mountains, and gather in solemn council while reciting the required left-wing slogans, and burn the flag of our country in order to satisfy some inner hatred, so be it. We, personally, would be unhappy that some people feel that way. But we would temper our feelings somewhat by trying to understand the nature of that particular breed. However, that is not the way it is happening. Those who wish to make their statement wish to do so in the most public way. They wish to burn the flag in the presence of veterans who have offered to lay down their lives for flag and country, and who remember many, many, others who did in fact lay down their lives for the country. Or they wish to make a political "statement" in the presence of people whom they think will take offense, and thereby cause riots and civil unrest.

If the Courts, as presently constituted, cannot understand this, perhaps the proposed Constitutional amendment is the only way to go.

We hope it will be done speedily. And we hope our people will remember those politicians who stood in the way.

Local students attend workshop

Three students from Floydada High School were among 70 Future Farmers of America (FFA) members who participated in the recent 28th annual FFA Electric Workshop sponsored by Southwestern Public Service Company (SPS) in Amarillo.

The students were Jonathan Simpson, Brandon Harrison and Jackie Alaniz.

The three-day workshop, June 4-6, featured demonstrations, videos and lectures, in part, on wiring farm buildings, assembly of electric controls and electric safety. Students from the Texas Panhandle and South Plains, and eastern New Mexico attended. SPS employees and area agricultural-science teachers served as instructors.

SPS is a regional electric utility that primarily provides electric service to a population of about 1 million people in a 52,000-square-mile area of the South Plains and Panhandle of Texas, eastern and southeastern New Mexico, the Panhandle of Oklahoma, and southwestern Kansas. Corporate headquarters is in Amarillo, Texas.

VICTORIA ANNE CUMMINGS

Plans for 1980 Reunion made

Floydada High School's Class of 1980 are busy preparing their ten year class reunion, for the weekend of July 13 & 14.

A "Getting Re-acquainted Party" is planned for Friday night, July 13, at 7:00 p.m., at the Lighthouse Electric Community Room.

At noon on Saturday, July 14, ex's and their families will meet at the Floydada Country Club for a picnic, golf and swimming. Be sure and bring a picnic for you and your family.

Green fees at the club are \$13.00; Cart rental, \$7.00; and Swimming is \$4.00.

A steak dinner will be provided at the Club House at the Country Club at 7:00 p.m.

The cost for the weekend will be \$17.00 per couple or \$11.00 for a single. This will cover your Saturday evening meal, country club rental, mailouts and postage.

Be sure and get your steak dinner reservation and ten year summary sent in by June 23. Organizers want everyone to complete their ten year summary whether you plan to attend or not so that they may share your summary with fellow classmates.

For further information contact Julie Morton Ellison at 806-983-3842 or Beverly Burleson Brock at 806-894-9103.

COME AND TAKE A CHANCE ON A HOT AIR BALLOON RIDE SATURDAY AT THE FLOYDADA AIRPORT!

Cummings performs in national piano auditions

Victoria Anne Cummings, daughter of Mr. and Mrs. Kelvin Cummings of South Plains and granddaughter of Mr. and Mrs. Ross McWilliams of Canton, Texas and Mr. and Mrs. Kendall Cummings of Floydada recently performed in The National Piano Playing Auditions in Plainview. She received a superior rating on her performance of 10 memorized selections. A certificate and pin were presented to her for participation in The Guild.

Victoria also entered The Texas under the direction of Mrs. Bobbie Farmer works on a point system accumulated by attending concerts, memori-

zation of pieces, theory work, attendance at recitals, performances outside of class, etc. Victoria received a bust of Bach for her total points. She has studied under Mrs. Farmer for the past five years.

Help Stop Your Kids From Joining The Crowd.

Let's face it, drugs are everywhere. They're a part of growing up and a part of the crowd. And it's our children's decision to experiment with drugs or turn them down. So what can we do?
 -We can teach standards of right and wrong, and demonstrate these standards through example.
 -We can help children resist peer pressure to use drugs by supervising their activities, knowing who their friends are,

and talking with them about their interests and problems. -We can learn about drugs and signs of drug abuse. -As concerned parents, it's our responsibility to educate ourselves and our children about the dangers of drug abuse. In fact, educating our children to refuse drugs is the surest way to fight the problem. Talk to your kids.

Sams Club camps out at "Almost Paradise"

Ten members of the Whirlwind Sams led by Trail Boss Blanton and Ruby Hartsell, left Floydada June 15 heading to "Almost Paradise" for their monthly campout. They enjoyed a coffee break along the way, ate lunch at the park in Seymour and arrived at their destination

mid afternoon.

After hookups and visitation they were joined by guests, Bill and Jeanelle Jackson and the group drove into Bridgeport to a buffet fish supper at Bill and Mary's Restaurant.

Saturday was spent with games visita-

tion and side trips around the area. At noon a delicious barbecue was catered by Circle H Bar-B-Que in Decatur.

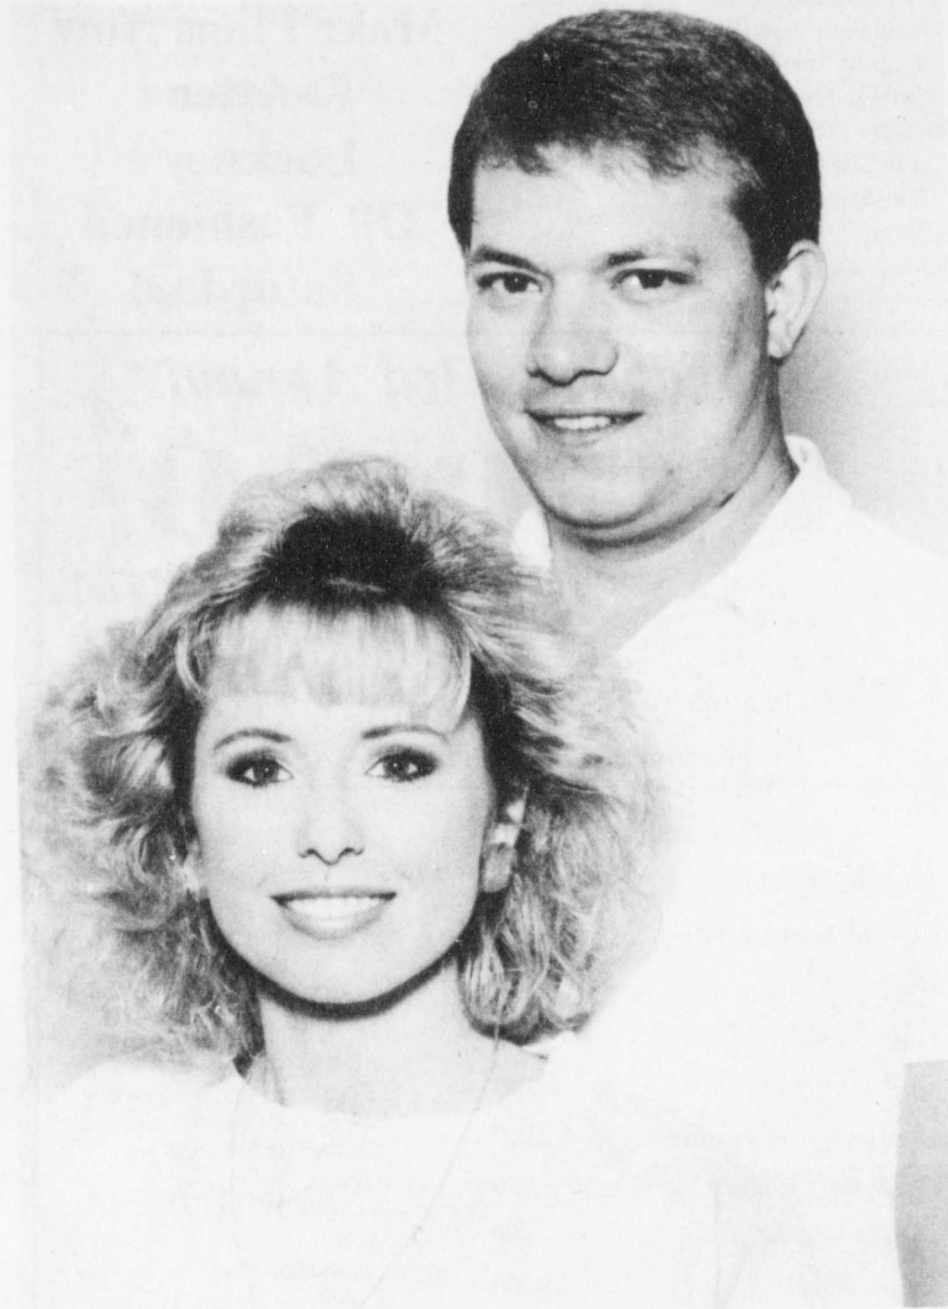

Sunday morning after a devotional led by Alan Benson the group began to scatter, some heading home, some visiting family in that area before heading home.

Members making the campout were: Claude and Frances Weathersbee, Boone and Ruth Adams, Milton and Jo Harrison, Blanton and Ruby Hartsell, W.B. and Eula Mae Cates, John Key and Madge West, Bill and Julia Baker, John and Christine Lyles, Alan and Fay Benson and Orval and Lorene Newberry.

Guests of the group during the campout were Bill and Jeanelle Jackson of Paradise, Lonnie and Corky Cates, Pamela Cates and son Jason of Justin; Kenny and Carrie Friar and Kenny and Kelli of Eulees and Larry Hartsell of Colleyville.

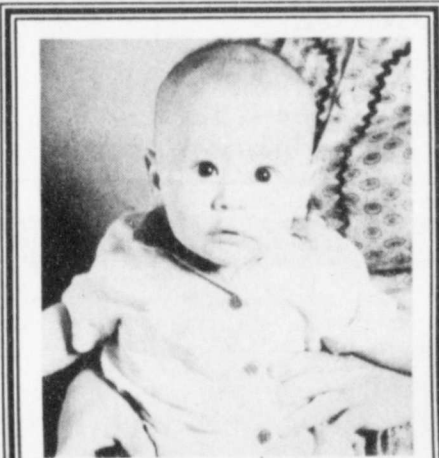

BACKYARD CEREMONY PLANNED—Mr. and Mrs. Ray Reed announce the engagement of their daughter, Lana Dale, to James Neal Hughs, son of Mr. and Mrs. Gene Hughs of Memphis. A backyard ceremony is planned at the home of Lana's parents on August 11. The bride-elect is a graduate of Floydada High School and Texas Tech University. The future bridegroom is a graduate of Memphis High School and West Texas State University.

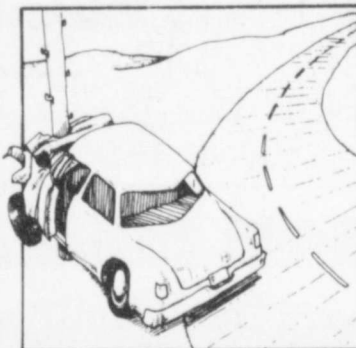

ENGAGEMENT ANNOUNCED—Mr. and Mrs. Alfred Holloway of Pembroke Pine, Fla., announce the engagement of their daughter, Amy K. Dorris, to David W. Cummings, son of Mr. and Mrs. Zach W. Cummings of Glen Rose, Texas. The couple will exchange wedding vows Saturday, Sept. 29, at 11:00 a.m. in Fort Lauderdale, Fla. David's grandparents are the late Mr. and Mrs. Z.C. Cummings and the late Mr. and Mrs. A.H. Turner.

Carl Lemons' News and Views from Cedar Hill

If things run according to design this column will wind up at your place on Thursday, June 21, which may or may not be the year's hottest day, but scientists agree that it will be longest day of the year. By the authority of the Old Farmer's Almanac this day will be 15 hours and 17 minutes long, that is if you happen to live along a line running due west out of Boston, Massachusetts. The Floyd County day will be some shorter than that, probably very little more than 15 hours long.

A thing that seems quite curious regarding the length of days this time of year is that as you move toward the north the days keep getting longer and longer, and of course the nights get shorter and shorter. Once you have gone far enough north to be on the other side of the Arctic Circle, up where Floyd County's Michael Fortenberry works at Prudhoe Bay on Alaska's North Slope, the nights no longer exist; the sun shines all 24 hours of the day. Although there may be a great difference in the relative length of Floyd County's longest day when compared to the longest day at the Arctic Circle both locations do achieve their longest day simultaneously.

Plants in that region consist of cousins to some of the plants that grow in our area, however nature has also designed a number of completely new species of vegetation which are unique in their ability to utilize the seasons endless supply of sunlight. The rate of vegetative growth rate there is amazing; explosive! In no place on earth is the law "survival of the fittest" more rigidly enforced. No time is permitted for hesitation; a second chance is unheard of! Some of our shortest season vegetables may produce there, but a stumbling or hesitation on the part of one of their native specie means extinction.

How June 21st happens to be the years longest day is not perfectly clear. Everyone knows a base ball tossed upward moves slower and slower until the energy that thrusts it upward is exhausted; then logic tells you there must be a split second when the ball is going neither up nor down. For that mini-second the ball hangs there motionless.

Now the whole earth represents a considerable majority of mass when considered in proportion to a base ball, and the question arises as to how long

would the aforementioned mini-second be when converted to a massive celestial scale.

Referring again to the Farmer's Almanac our days keep getting longer and longer at a slower and slower rate until June 18 when their gaining finally stalls at 15 hours and 17 minutes. Then for eight straight days, until June 25th, the earth remains motionless still having 15 hours and 17 minutes of time between sunup and sundown. One walloping big split-second pause, eh?

So, with less than one minute divided between eight days, if June 21st is really the longest day of 1990 it attains that distinction by only the matter of something less than seven seconds.

Methinks, if our time keeping system is so inaccurate that we have to toss in an extra 24 hour day every four years to keep it from getting completely off track then future summer solstices will sometimes occur on days other than June 21.

In the course of winding up this column it became necessary to look up the word "solstice." Seems Noah Webster used about ten words saying what took this column about 400 words.

WEATHER
Ideal cotton growing weather! Ideal wheat ripening weather! Record breaking heat! In fact most of our afternoons have seen the old temperature records broken and new highs established. This is the time of year when the limits of human endurance are put to the test and the demand on our cooling equipment is the greatest.

The weather man read N&V's plea for "just a few dry days please" in last week's column and obligingly has given us a whole week without a sprinkle, not even a clap of thunder.

CROP COMMENTS
Oh, how our farmers did make use of this weeks time. Cotton replanting was accomplished at an amazing speed. Seed planted on Monday could be "rowed" at sundown Friday and was up to a good stand late Saturday. This "June cotton" always runs the risk of excessive late growth and low quality at the classing office. Producers, making judicious use of the new growth inhibitors, could well put these late plantings on equal footing with the earlier cotton that was planted in May. The battle for highest yields between early and late plantings will be exceedingly close this year. We, the public, have a ringside seat for that one; enjoy!

In addition to the replanting of hailed-out cotton a few farmers elected to do over poor stands on some of their patches that had been planted with "bargain seed". Although germination tests indicated some of the "select" gin-run seed was of high quality, field performance proved the more expensive certified seed was actually the best buy in the long run.

Weather conditions have really smiled on the hail-damaged cotton that was not planted over. High winds and the extreme heat have kept the bruised leaves dry. This unusual dryness has denied harmful spores and fungi the moist conditions which are usually present at the points of injury and are largely responsible for infection being introduced into the plants and the resultant poor performance of hailed on cotton. Much new growth can be seen on the injured plants, but, even so they still have a long way to go before they are out of the woods.

WHEAT harvest officially began at Cedar Hill Tuesday afternoon, June 5,

Chamber Information

By Kathy Himes

In the past few months we have been keeping track of the in-coming phone calls, out-going phone calls, personal visits, visitors to the chamber and meetings held at the chamber.

I was really surprised by this months results and I think you will be too. There were 236 in-coming phone calls, 220 out-going phone calls, seven personal visits, 75 visitors and three meetings.

Floydada Nursing Home Happenings

By Jo Bryant

Hi, how are you doing? Is everyone trying to keep cool? Isn't this heat something else? The residents have been keeping busy and enjoying some watermelon brought by the Ladies from Sunshine Sunday School Class of the First Baptist Church. The Ladies serving the watermelon were Ethel Hambright, Thelma Jones, and Mrs. Clarence Guffee.

Our fathers were acknowledged Thursday, by the Ladies of the Companion & Caring group. Those serving the ice cream were Ruth McIntosh, Ila Smith, Dorothy Neff, Leona Neff, and Sue Hoogstra and Shirley Varner and Linda Dodley our high school volunteer. The fathers who received a tie and were acknowledged were E.O. McElyea, James Taylor, Henry Willis, Andres Pena, Cread Bridges, Willard Young, Jim Gage, Charlie Lewis, Otis Johnson, Ernest Smitherman and C.C. Burns. The men who received a tie in honor of their fathers were Billy Probasco, Howard Miller, Edward Jameson, Charles Breeding, Walter Hanna, Brooks Callaway, and Jim Clower.

The residents have also been enjoying cookies, punch, coffee, and popcorn. They have been having bingo as usual, sing-a-long, painted a lemon in ceramics.

We had a surprise visit from the Rev. Hollis Payne and Jo, they took the time to stop, and visit our residents, and sing and play the piano for us, we always enjoy them. They are like my family, as I grew up with Bro. Hollis at Margaret, Texas, a small county town.

Last Thursday, we enjoyed the devotion by Rev. Larry Perkins. He shared from the word taken from Phil. "Rejoice in the Lord Always, Again I say Rejoice", in all things and always.

We sang some songs about rejoicing and thanking and praising the Lord.

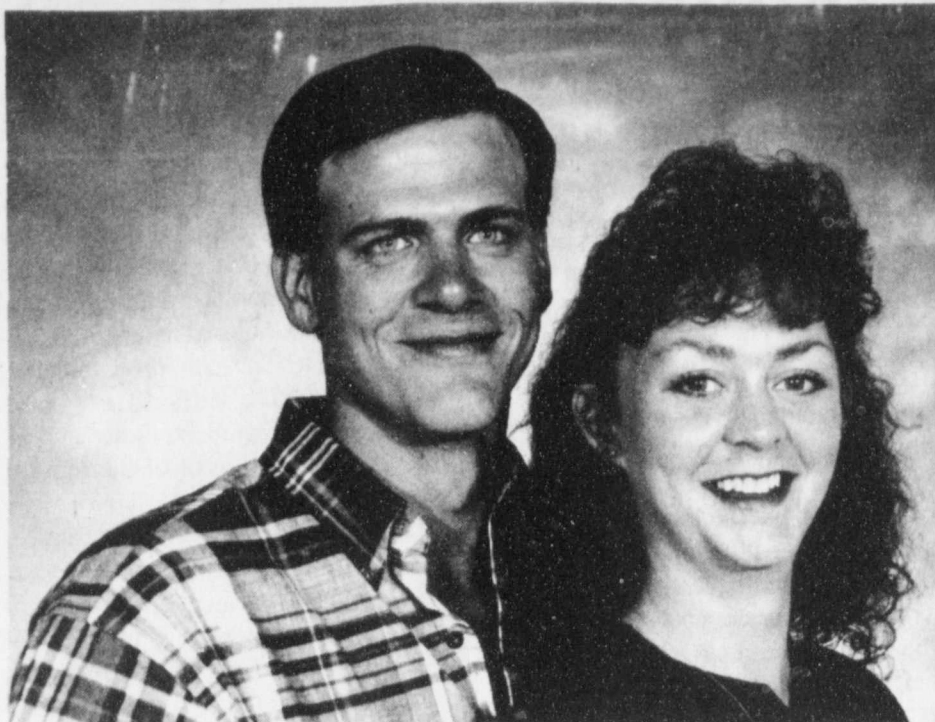

We want to welcome a new resident, Mrs. Mary Lou Bullock, her husband is Pat Bullock.

Visitors were: Amber Pyle, Shayla Turner, Linda Dudley, Mildred Haile, Rev. Larry and Sharmin Perkins, Ivola Walters, Artie and Floyd Webb, Trixie Ruffins, Pauline Robertson, Myria Dade, Ethel Warren, Linda Crader, Viola Wise, Irene Wexler, Nora Hatley, James and Eva Lee Nichols, Breckenridge, Texas; Donna Henderson, Kayla Turner, Brandi Ross, Jani Smith, Decota Adams, Tamie C., Edna Patton, Shirley Varner, Dolores Cannon, Dorothy Neff, Leona Neff and Sue Hoogstra.

When burdens seem unbearable
And life appears unfair,
We must remember God knows all
And we are in His care.
No life is ever free of pain,
Or troubles and despair.
We must remember God knows all,
And keeps us in His care.

Dolores Karides
Well, do hope all of you have a good week, until next time, take care. Come to see us and attend the birthday party Thursday, at 2:30 p.m. We have four residents having a birthday, Ellen Galloway, James Taylor, Pauline Faulkenberry and Jura Roberts.

The Floydada Nursing Home would like to extend sympathy and love to the family of Mrs. Mary Campbell.

AUGUST WEDDING SET—Mr. and Mrs. Bruce Shafer of Friona announce the engagement and approaching marriage of their daughter, Traci Zoth to Mr. Kevin Helms, son of Mr. and Mrs. Adrain Helms of Floydada. Traci is a 1986 graduate of Friona High School and is currently a senior at Texas Tech University, majoring in secondary education. Kevin is a 1983 graduate of Floydada High School. He attended Clarendon College and Texas Tech University and currently farms near Floydada. The couple will exchange vows on August 4, 1990 at the Congregational Church in Friona and will make their home in Floydada.

South Plains News

By Ruby Lee Higginbotham

The community is buzzing with activities, with wheat harvest behind us, the land plowed, getting ready for another year. Most of the farmers report a good crop this year. Mother nature certainly fools us some of the time, late last winter and early spring the wheat crop looked like a total failure. But the rains came in time for a bountiful crop. The cotton and grain crops are beautiful, green, growing, enjoying the unusually hot June weather we are having.

The Annual Community "Breakfast at Mummies" was hosted by Mamie and helpers, Mildred Hamm, Virginia Taylor, Ruby Higginbotham, Connie Sanders, Glynn Earle Cummings, Peggy Roberts and Bessie Bradford.

Wednesday morning, June 13, the beautiful yard, flowers, birds, patio and friends is conducive for a good time of fellowship and visiting. The program was in keeping with the centennial events of Floyd County 1990. Virginia Taylor and Nancy Marble gave a very interesting review of an interview with the late Mrs. Walter (Kate) Wood, a very wise and lovely lady. Her advice and concern for each of us and our children is something to treasure and be proud of.

Those attending were Polly Cardinal, Joyce Kimble, Veda Hrbacek, Mary Lou Bollman, Kelly Fisher, Gayla and Morgan Marble, Oleta Wilson, Gertie Smitherman, Mildred Hamm, Nancy Marble, Carolyn Marble, Winnie Beedy and Bobbie Kinnibrugh.

Also attending were Virginia Taylor, Ruby Lee Higginbotham, Connie Sanders, Janis Julian, Glynn Earle Cummings, Peggy Roberts, Pat Wood, Bessie Bradford and Mamie Wood.

Visitors for church in South Plains, Sunday, were Kristi and John Robinson of Slaton. They were visiting Kristi's parents Kendis, Janis and Tim Julian. A special day for Dad and Fathers Day.

Saturday was a very special day for little Elizabeth Marie Bertrand. Baby daughter of Jeff and (Cindy Marble) Bertrand. She was the recipient of a lovely shower. She will surely be the best dressed little baby around for a while, until she out grows so many

Hickerson host Sargent sister's four day reunion

During the Floyd County Centennial Celebration, the five Sargent sisters, daughters of the late L.A. and Myrtle Assiter Sargent of the Starkey Community, had a four day reunion at the home of L.T. (Pete) and Wanda Sargent Hickerson in Floydada. This was the first time all five of the girls had been together in 10 1/2 years, since one of the sisters resides in California. Many hours were spent eating, laughing, visiting, and remembering "back when".

Sisters present besides Mrs. Hickerson were Iona Sargent Cooper Thornton of Lubbock; Dulon Sargent of Lower Lake, California; Almeda Sargent Woodward and husband Leland of Graham; Myrtis Sargent Cope and husband E.C. of Arthur City.

Other family members attending were Tommy and Joy Assiter, L.V. and Addie Assiter, and Darlene Fulton, all of Floydada; Pat, Bill, Thad and Tania Carthel of Plainview; Mac Cooper of Lubbock, and James and Olive Boydston of Ralls.

Senior Citizens News

By Thelma Jones

Be sure and sign up for commodities at the City Hall door June 20, 9 a.m. to 12 noon; June 28, 1:00 p.m. to 4:00 p.m.; July 18, 9:00 a.m. to 12 noon; and July 26, 1:00 p.m. to 4 p.m. Bring old white card and identification.

Mr. and Mrs. Dan Glover of Dallas spent several days visiting Mr. and Mrs. B Hatley, Mr. and Mrs. Pat Bullock and Mr. and Mrs. Jess Glover.

Mrs. Ruth Trapp spent the weekend in Amarillo. She has some grandchildren visiting her this week.

Mrs. Elizabeth Armstrong spent the weekend with her sisters, Mrs. Margaret Rodgers and Mrs. Billy Snell in Lubbock.

Mrs. J.B. Whitehead has her granddaughter visiting her this week.

Last reports Mary Corley was doing very well and some others about the same.

Mr. and Mrs. Kendall Cummings spent a few days down state visiting.

Visitors in the home of Mrs. Marie Tardy and Lanell Sunday, were Mr. and Mrs. Harvey Dale Tardy, Joel Tardy and three sons of Lubbock, Mrs. Mary Lou McPherson and Viola Golightly, Floydada.

Eunice Woody fixed lunch Wednesday for Viola Brown as it was her birthday and others visiting Viola was her sister-in-law Mrs. Charlie Smith of Lubbock and niece Kay Dean Smith.

Kelly and Sherri Warren and baby of Athens visited his grandmother Ethel Warren, Saturday.

Mrs. Mary Wilson, Floydada, Mr. and Mrs. Brent Rankin and baby, Lubbock, other guest were dinner guest Sunday of Mr. and Mrs. Dwayne Wilson.

Caprock Hospital Report

By Molly Stringer

The hospital staff gave Nell McClung a retirement party last Friday. This was held in the new patio area. We had grilled hamburgers with all the trimmings and homemade ice cream. Many friends, auxiliary, board members and former board members and Nell's family attended. The staff at the hospital gave Nell a money tree and the board presented her with a check. Nell has worked at the hospital for 15 years. She was administrator for three years.

Sharon Hinton is heading up a team revising our disaster plan for the hospital and in the community. She had a meeting with the hospital team this week. Those on this team include: Michelle Bearden, Helen Teeple, Tammie Shuping, Susan Green, Rhonda Stovall and Molly Stringer. She will be contacting and working with other organizations, and also the city and county coordinate our efforts with theirs.

The Nursing Staff along with some others in the hospital had a garage sale last weekend to raise money to finish up work on the patio and raise money for the nurses fund to purchase a patient lift

and an automatic blood pressure monitor. We appreciate all who donated items for the sale. The response was wonderful. We raised about \$600.00. Those other than the staff who donated were: Edith Muncy, Juanita Henry, Marie Tardy, Christi Hopper and Lloyd McCray. A generous donation of money was made by Mr. and Mrs. Maxey McKnight of Kress and Sue and Frank Fite of Abilene. The ladies are the daughters of Lola and Earl Dwards who have come to our hospital as long term care patients just recently. Earl is recovering from a fractured hip.

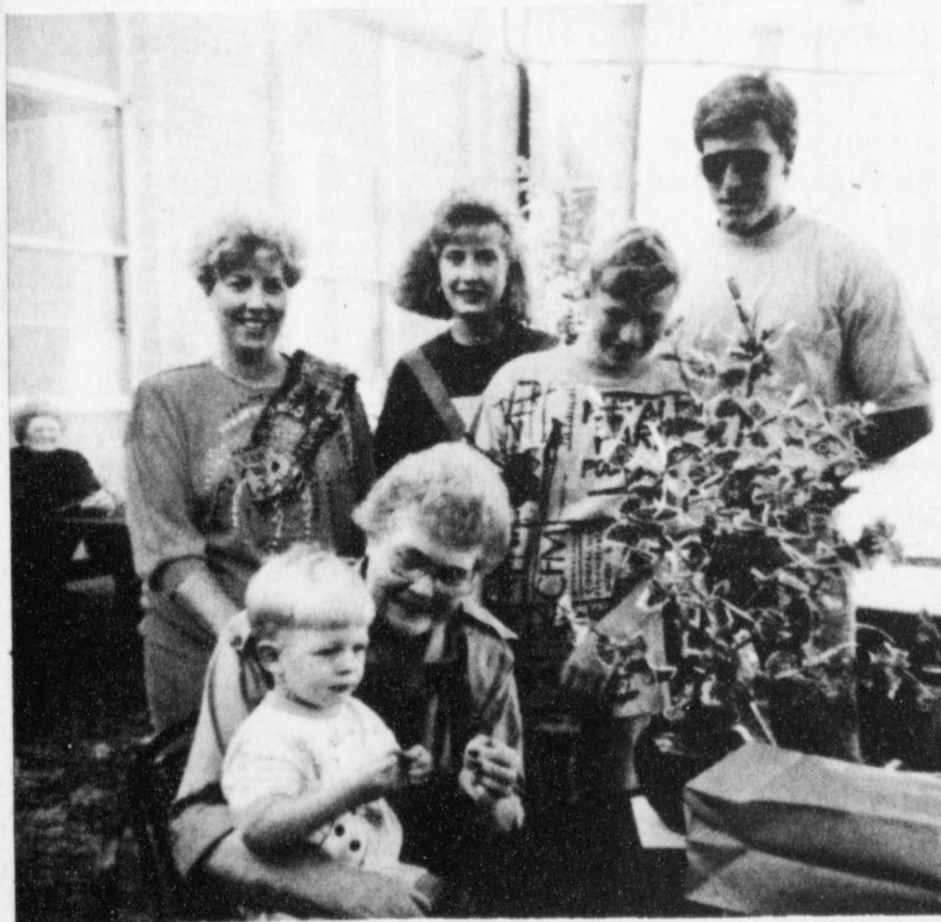

Those who have donated cans to our fund this week are Lucille Custard, Marie and Lanelle Tardy and Lloyd McCray. Sue Chesshir also donated to the garage sale.

Patient load this week has been up. Patient census on Monday morning was 11.

Once again it is a privilege to work and serve in this very generous and caring community.

Thought:

Real leaders are ordinary people with extraordinary determinations.

RETIREMENT PARTY—A retirement party was held Friday, June 15, at Caprock Hospital for Nell McClung. Nell has worked at the hospital for 15 years and was administrator for three years. Nell McClung (seated) is pictured with her great-grandson, Cam (seated in her lap) her daughter, Shirley (back left) and her grandchildren, Lori, Marci, and Bryant (l to r).

Council adopts RV park regulations and fees

Continued From Page 1

man. Salary will be negotiable according to experience and a starting date will be set later.

RV PARK REGULATIONS

Faye and Alan Benson, representing the Whirlwind Sams Chapter of the Good Sam Club in Floydada, came before the council to discuss setting up regulations for use of the RV park in Floydada. The city operates the facility for travelers, but the local RV club has made many donations and contributions to the park including landscaping and air conditioning for the enclosed pavilion. The club maintains a special place in their annual budget for the RV park and strongly supports the local facility throughout the year according to the Bensons.

Stated Mrs. Benson, "The Good

Sams feel that in order to facilitate both local residents who wish to use the pavilion and RV'ers who want to use the parking facilities and the pavilion, a specific set of regulations and fees should be established." Benson presented for consideration a list of recommendations formulated by the club.

After reviewing the recommendations, the council voted 3 to 2 in favor of adopting the recommendations as presented. Voting in favor of the motion were councilmen Burns, Tipton and Cornelius. Voting against the adoption of the recommended rules and fees were Morales and Barrientoz.

The rules as adopted provide for payment of a \$17.50 deposit when reservations for using the pavilion are made. The deposit will be returned following inspection of the park and pavilion following use if the premises are left clean and all fees due are promptly paid.

A fee of \$50.00 per day was established for use of the pavilion and five RV spaces, whether used for parking cars by non RV'ers or recreational vehicles by RV'ers. An additional charge of \$5.00 will be made for the use of additional RV spaces. Payment of these fees is due at the time the pavilion key is returned to the city and the premises passes inspection by a city representative.

The specific regulations approved called for lights out and the pavilion to be closed at 11:00 p.m. No intoxicating drinks will be allowed in the pavilion or on the park grounds. The pavilion is not to be used for any commercial purpose.

agreed to pay fees for collection of delinquent taxes through the Central Appraisal District rather than directly in the future.

McMorries and Associates was approved as the engineering firm for the 1989 Texas Community Development Program of waterline extension. The project was amended to change the route of the waterline by one block, by-passing the Producer's grain storage elevators. This will do away with the need to tunnel beneath the elevators to install the water line extension.

Authorization to proceed with the advertising and taking of bids for the project was also approved by the council. City manager Gary Brown, city secretary Jimmie Lou Stewart and city employee Sharon Quisenberry were authorized to sign forms to draw down funds as necessary to pay for the 1989 TDC water line project. Two signatures are required for the drawing of state funds to compensate the contractors.

Ordinance #729 was approved, amending Chapter 11, Garbage and Other Refuse, of the City Code of Ordinances. The action was taken on the order of the state health department in regard to disposal of tires and medical wastes in the local landfill. After September 1, 1990, no tires will be accepted at the local landfill unless cut into quarters, shredded or halved along the circumference.

No medical wastes will be accepted after this date as specified in the ordinance. Brown told the council that no medical wastes are being brought to the landfill at this time. The hospital has contracted with an Oklahoma disposal firm for disposal of these wastes.

A request that the council consider adding one more warning siren to the next budget was approved on a motion by Burns, seconded by Morales. The additional siren will be placed in the southeast part of the city and will cost approximately \$3700.

Council members approved a request by Pioneer Oil Company that they be allowed to renovate and board up the old service station building at 401 E. Houston. They do not want the building torn down as was previously sought by the council under the delapidated structures ordinance.

An offer for the purchase of a tax title

lot was approved by the council pending approval by other taxing entities involved. Council members were also informed by city secretary Jimmie Lou Stewart that two previously approved sales were turned down by Caprock Hospital District because the purchasers had outstanding balances on hospital bills with the district.

City manager Brown reported to the council that negotiations are due to begin soon on renewal of the franchise for Floydada Cable TV to operate within the city limits.

Brown also told the council of his recent attendance at a West Texas Municipal Power Agency meeting. SPS has agreed to recognize the agency as a viable purchaser of power if a district judge will issue a declaratory order recognizing the agency as a legal entity. The agency (comprised of Floydada, Tulia, Lubbock and Brownfield) is attempting to purchase power in bulk as a cost cutting measure.

Paving projects within the city are moving ahead slowly, but are progressing according to the city manager. The progress of the landfill permit may not be moving ahead as swiftly, according to Brown, but there has been some progress and an indication from state authorities that a permit is in the offing soon.

Two young men have been hired through the Community Action program as temporary summer help at no cost to the city. The two new workers are Jackie Alaniz and Henry Hernandez.

Brown also reminded council members that any items they wish to have considered or written into the 1990-91 budget need to be turned in to him by July 1 for inclusion in preliminary budget figures.

Additional business included the payment of monthly bills and the approval of the minutes from previous meetings.

Attending the session were Wayne Russell, Leroy Burns, Amado Morales, Wayne Tipton and Ruben Barrientoz. Also present were Gary Brown, Jimmie Lou Stewart, Sharon Quisenberry, Connie Galloway, Bill McMorries, James Hale, Fred Thayer, Joy Assier, Leroy Schaffner, Randy Hollums, Faye Benson, Alan Benson, Joseph Stepp and the Hesperian reporter.

Commissioners amend order...

Continued From Page 1
substantive error in the prior minute entry, the same merely being inadequate to correctly reflect the nature and form of the agreement between the commissioners court and the district attorney's office."

The order also authorizes "a transfer of funds from the budget of the county attorney to the county portion of the district attorney's budget in return for prosecution services rendered by Becky McPherson, District Attorney of the 110th Judicial District of Texas, for misdemeanor prosecution during any vacancy in the Office of County Attorney for Floyd County, Texas. It is the understanding of the commissioners court that Mrs. McPherson shall be appointed as a special prosecutor on a case by case basis by the county court judge, in an exercise of his judicial functions, during any vacancy in the office of county attorney as the need may occur from time to time.

"During any such term of vacancy in the office of county attorney, Floyd County shall transfer funds from the county attorney's office budget to the district attorney's office budget from the general fund, or such other funds as may be necessary or appropriate, to the use and benefit of the office of district attorney of Floyd County, Texas, as follows: \$475.00 annually for general office supplies; \$375.00 annually for travel; \$1,315.04 annually for liability insurance.

"Additionally, during the duration of any vacancy in the office of county attorney, the commissioners court authorizes the allocation of \$1,750.00 monthly to the operating account of the district attorney for additional administrative costs incurred as a result of added case load demands incurred by misdemeanor prosecution, including, but not limited to: staff salary supplements deemed appropriate within the discretion of the district attorney for secretarial, investigative or other staff; the purchase or maintenance of new or additional or replacement office equipment, appliances or supplies; other staffing expenses such as costs of tuition for training seminars for prosecutors, investigators or other staff personnel, including lodging, maintenance, travel or other usual and necessary incidental expenses, books, publications, or other educational expenditures deemed appropriate within the discretion of the district attorney; library improvements in the form of books, updates or supplementation to existing books, audio visual materials, other materials designed to improve the training and expertise of prosecution in Floyd County, Texas. Any publications purchased by use of said funds shall remain the property of Floyd County, Texas, and shall be subsequently maintained in the County Law Library. Any tangible property acquired by the expenditure of such funds shall remain the property of the office of the district attorney, 110th Judicial District of Texas, and shall in no wise be construed as personal property of the present or any future district attorney. Each item of tangible property so acquired shall be appropriately marked to reveal the ownership interest of Floyd County, Texas and/or the district attorney's office of Floyd County, Texas. The district attorney shall be free to use any property acquired by the expenditure of the stated funds temporarily in any other county situated within the 110th Judicial District, but no such property shall be permanently removed from Floyd County, Texas without the express consent of the commissioners court.

"Additionally, in the discretion of the district attorney, and with the advise and consent of the commissioners court, such funds may be used for the purposes of grant applications or matching funds necessary to improve and enhance the law enforcement capabilities of the district attorney's office. Expenditures from this fund shall in no way be limited or construed in such a manner as would prevent the district attorney from reimbursing personal expenses incurred in appropriate activities for the district attorney's office in furtherance of the stated purposes for this transfer of funds from the county attorney's office budget to the district attorney's budget during any vacancy of the office of county attorney."

The order continues, saying, "It is expressly recognized that no part of the above and foregoing funds shall be paid, nor in any way construed, as additional salary compensation paid to the district attorney. The commissioners court recognizes statutory and constitutional prohibitions against the payment of additional salary to the district attorney for additional work undertaken pro tem, and expressly orders that no portions of the funds thereby transferred shall be paid as additional compensation in the form of salary to the district attorney."

OTHER BUSINESS

The court approved the hiring of Allison and Associates, a law firm in Austin, in the event that further legal advice or action becomes necessary in regard to the appointment of a County Attorney Pro Tem. The firm also represents the Texas Association of Counties. Motion for the action was made by Jackson, seconded by Taylor and passed by unanimous vote.

Two farm work contracts were acted upon. The first was approved for Harold Ford and the second was voided for Gerald Ford.

Attending the Monday afternoon session in addition to the four commissioners and county judge Bill Hardin were commissioner elect Howard Bishop, county treasurer Glenna Orman, county tax assessor/collector Penny Golightly, Margaret Herrera, Jane McAnally, Steve Hale and the Hesperian reporter.

BIDS, GRANTS AND OTHER BUSINESS

Bids for proposed replacement of electric distribution lines and facilities were opened during the session. Only one bid was received, \$89,279.57. The bid was in excess of the money budgeted for the project and was tabled following the recommendation of city engineer Bill McMorries of McMorries and Associates of Amarillo.

The Floyd County Hesperian was designated as the official newspaper for the City of Floydada and as such, all public notices and legal advertisements concerning city business will be placed in this newspaper. The council also

Attend the hot air balloon show at the Floydada airport Saturday morning then go on to Lockney for an "OI" Fashioned Saturday"

NOTICE OF PUBLIC HEARING ON FLOYD COUNTY APPRAISAL DISTRICT BUDGET

The Floyd County Appraisal District will hold a public hearing on a proposed budget for the 1990-1991 fiscal year.

The public hearing will be held on July 2, 1990 at 9:00 a.m. at Floyd County Central Appraisal District Board Room, Room 107, Floyd County Courthouse, Floydada, Texas.

A summary of the appraisal district budget follows;

The total amount of the proposed budget is \$133,065

The total amount of increase over the current year's budget is \$4,088.

The number of employees compensated under the proposed budget will be four and one part-time employee.

The number of employees compensated under the current budget is four and one part-time employee.

The appraisal district is supported solely by payments from the local taxing units served by the appraisal district.

If approved by the appraisal district board of directors at the public hearing, this proposed budget will take effect automatically unless disapproved by the governing bodies of the county, school districts, cities and towns served by the appraisal district.

A copy of the proposed budget is available for public inspection in the office of each of those governing bodies. The proposed budget may also be viewed at the appraisal district office.

Obituaries

J.C. (BILL) ASHER

Rev. Hoyt Huff, First Christian Church of Plainview will conduct graveside rites Saturday, June 23, at 4:00 p.m. in the Plainview Cemetery (3rd and Joliet) for the late J.C. (Bill) Asher.

Mr. Asher succumbed at his home in Killeen, Texas, April 12, 1988, after a lengthy illness. By his request, his body was given to the Texas A&M University Anatomy Department for research at that time.

Mr. Asher was born Jan. 17, 1924 in Plainview and grew up in the Plainview and Floydada areas. During his career he was employed by Connor-Mathis Co. in Plainview from 1944-1959, and Lubbock from 1962-1964, Suit's Auto Supply in Hereford from 1959-1962, Gebo Farm and Ranch Supply in Plainview from 1964-1974, and he was an independent representative for Mac Tools, Inc. in Killeen, from 1975-1982.

Mr. Asher is survived by a son, James L. Asher (a 1965 graduate of Plainview High School) now living in Houston, a daughter Vickie A. Tounget (a 1969 graduate of Plainview High School) presently living at Ramstein Air Base, West Germany and his wife Gertrude Asher of Killeen. He is also survived by three grandsons, Jacob A. Tounget, Joseph L. Asher and Russell E. Tounget.

The family will be available for visiting with you before and after the service at the cemetery.

JOHNNIE WARD

Services for Johnnie Thurston Ward, 36, of Lubbock were at 11 a.m. on Wednesday, June 20, in South Plains Church of Christ. Gary Evans, pulpit minister, officiated, assisted by Ronnie Rama, associate minister. Burial was in Floyd County Memorial Park in Floydada under the direction of Resthaven Funeral Home.

Ward died at 5:53 p.m. Sunday, June 17, in Central Plains Regional Hospital in Plainview following a sudden illness.

Born in Floydada, Ward graduated from Floydada High School and received a bachelors degree from Abilene Christian University. She moved from

Abilene to Lubbock in 1978. She married Jacky Ward on March 15, 1980 in Lubbock. She was a teacher on staff at Sunshine Preschool at the Broadway Church of Christ in Lubbock. She was a member of the Church of Christ.

Survivors include her husband, son Lance Thurston and daughter Leah Marie, all of the home, her parents, Joseph and Alta Thurston of Floydada, sister Anella Klein of Hobbs, New Mexico, Lynda Wise of Derby, Kansas, and Sandy Core of Lubbock. A brother, Joe Robert predeceased on April 15, 1976.

The family suggests memorials to the South Plains Church of Christ in care of the Johnnie Ward Memorial Fund.

FHS band students compete in annual state UIL contest

Twenty four Floydada High School Band students competed recently at the U.I.L. Texas State Solo & Ensemble Contest held on the campus of the University of Texas in Austin. These students performed as an experimental ensemble and earned a Division II rating from their judge, Mr. Ron Hofstader, director of the bands at the University of Texas at El Paso. The group was directed by Grant Hambright and performed "Apollo", a contemporary composition which utilized choreographed slide projectors and lighting effects. According to Band Director John Odom, the students represented themselves and Floydada well at this contest.

"The instrumentalists at this contest were some of the best in Texas," stated Odom. Odom also added that this was the largest group to ever represent Floydada at the Austin-held contest.

The following students competed at the contest: Roxene Brown, Sonya Campbell, Nora Cisneros, Casey Criswell, Brandon Daniels, Tyson

Edwards, Candy Emert, Robin Galoway, Christie Garcia, Brandon Gilliland, Randy Gregg, Shonda Guthrie, Heather Henderson, Holly Henderson, Joe Hernandez, Anita McCormick, Troy Peel, Amber Poole, Abel Reyes, Maria Segura, Therese Sims, Jerry Wickware, Austin Williams, and Zora Woody.

Lake Mackenzie Fishing Report

According to lake authorities, crappie are still running good at a depth of 5 to 8 feet up the creeks using minnows. The water temperature on June 18 was 77 degrees and the depth was metered at 108 feet.

Kevin Alexander of Amarillo caught a 4 1/2 and a 2 1/2 pound black bass using minnows up Tule Creek on June 9. Buck Risner of Canyon landed a 5 pound walleye off the big island using Harvey's Critters on the same day.

Shane Lewis, Jeff Henery and Scott Fields of Canyon are credited with hooking a 2 1/2 pound large mouth bass up Tule Creek using night crawlers on June 13. Elton and Justin Davis of Hereford also landed a bass weighing 2 pounds using minnows up Tule Creek on that date.

Red Jennings of Amarillo caught a 17 1/2 pound yellow cat using live perch up Tule Creek on June 17. Also landed that day was a 2 1/4 pound sand bass at the mouth of Tule Creek. Ron Breckinridge of Plainview made the catch using a green rattletail.

JACKSON RECEIVES ADVANCED TRANSCRIPT

DeLinda Jackson was inadvertently omitted from the list of graduating students receiving an advanced transcript diploma during recent 1990 FHS graduation ceremonies.

ministration in Marketing; Jamie Alice Thayer, Bachelor of Business Administration in Marketing; and Kelli Lynn Whitten, Bachelor of Science in Home Economics, Human Development and Family Studies. They were among more than 1,400 students who received degrees.

Local students earn Tech academic honors

More than 2,000 Texas Tech University students qualified for the academic honor: lists at the end of the 1990 spring semester.

Students making the Dean's List included Connie Luene Bertrand a junior majoring in Theatre Arts; Melissa Paige Cannon, a senior majoring in Elementary Education; James David Morren, a senior majoring in Wildlife Management; and Kelli Lynn Whitten, a senior majoring in Family Studies.

Students receive degrees at Texas Tech

Carr nominated to Who's Who

Stephanie M. Carr, a senior at Floydada High School has recently been nominated to be included in the edition of Who's Who Among American High School Students.

According to a letter from Who's Who, this honor is "reserved for only 5% of our nation's high school students each year."

"Since 1967 the major objective of Who's Who has been to recognize the achievements of our nation's outstanding students who have contributed to their schools and communities. Nominations for this award are received from over 14,500 high school faculty members, scholarship agencies, youth club administrators and similarly qualified educators and advisors."

According to Who's Who, other valuable educational services for Who's Who students include:

The opportunity to compete for \$65,000 in college scholarships. More than \$1,100,000 has been awarded

through this program.

The opportunity to use the College Referral Service (CRS) which links and refers Who's Who students to the colleges and universities they are interested in attending.

Stephanie is the 17 year old daughter of Bill and Darlene Carr of Floyd County.

STEPHANIE CARR

Public Notice

TO ALL FORMER AND CURRENT INTRASTATE WIDE AREA TELECOMMUNICATIONS SERVICE (WATS/800) SUBSCRIBERS:

Southwestern Bell Telephone Company has instituted a Class Action Lawsuit seeking judicial approval of a settlement reached in Docket No. 7297, an inquiry of General Counsel of the Public Utility Commission of Texas into possible overcharges which occurred between September, 1976, and February, 1987, due to rounding practices, on bills of intrastate WATS/800 customers sent by Southwestern Bell and other telephone companies which occur in Southwestern Bell's tariff. The suit is styled "Southwestern Bell Telephone Company, Plaintiff, vs. MCI Telecommunications Corporation, A Member of the Class of Texas Intrastate WATS and 800 Service Customers Who Paid Overtime Charges From September 1976 Through February 1987, Defendant," and identified as Cause No. 471,460 in the 126th Judicial District Court of Travis County, Texas.

Pursuant to the settlement, while not admitting liability, Southwestern Bell, the other local exchange telephone companies in Texas, and AT&T Communications of the Southwest, Inc. have agreed to pay refunds to those WATS/800 customers who paid overtime charges attributable to the rounding practices for intrastate WATS/800 services at any time between September, 1976, and February, 1987. The refunds will be based upon either the actual or estimated amount of overtime charges attributable to such rounding practices. An exact refund will be determined for customers able to produce copies of their WATS/800 service bills. For customers who do not have copies of their WATS/800 service bills to establish actual overtime charges paid, an average refund of \$4.53 to \$5.95 per WATS/800 service line per month will be applied. All claims will be subject to verification. The refunds will also include interest at the rate of 7.80% per annum.

Claim Forms And Additional Information

Those customers who think they may be entitled to a refund or who desire more information must call 1-800-782-3026, 8:30 a.m. - 4:30 p.m., Monday through Friday, or write to WATS Refund Pool Administrator, One Bell Plaza, Room 670, P. O. Box 650376, Dallas, Texas 75265-0376, to request a WATS Refund Information Package. The WATS Refund Information Package will contain further information regarding the lawsuit and eligibility for a refund, a description of documentation required to support a customer's claim for refund, and a refund claim form to be filled out and submitted requesting a refund. REQUESTING A WATS REFUND INFORMATION PACKAGE DOES NOT OBLIGATE YOU IN ANY WAY.

All claims for a refund must be received by the Refund Pool Administrator by Friday, October 5, 1990, and all rejections of the settlement (that is, requests for exclusion from the class action lawsuit) must be received by the Court by Wednesday, September 5, 1990. Only those who respond by filing a claim or by filing a rejection of the settlement, as explained in the WATS Refund Information Package, will receive notice of future developments in this proceeding.

Persons who wish to obtain further information may also contact the Public Utility Commission, Public Information Division, at (512) 458-0257 or (512) 458-1221, teletypewriter for the deaf.

Better Business Bureau warns consumers about 900 numbers

Hundreds of South Plains consumers are using 900 numbers to apply for credit cards, enter contests, etc. without realizing that they are being charged an extra fee for the call. The 900 number creates problems only when the consumer is not informed in a prominent manner that there is a charge for the call. That cost can range from 50 cents to \$50 a minute. Several questionable 900 promotions are appearing in the South Plains. For example: Gold Card: Local television stations are running ads that practically guarantee the caller that they will receive a VISA or MASTERCARD even if they have poor credit. If the viewer does not catch the fast scrolling disclaimer in small print, he will not realize that the call to apply for the card will cost him \$49.95 on his phone bill.

Trivia Contest: One commercial on the Discovery Channel informs consumers that they can call a 900 number and if they answer six questions they get \$500.00. Small print on the screen states that the caller will be billed for \$3.00 per

minute. Not telling how long it takes to try and answer the questions. The problem is, again, the near hidden disclaimer about the cost.

Prizewinner from DME LTD: A post card to consumers informs them that they have won one of three prizes. All they have to do is call a 900 number to claim it. The small print on the card shows that the prize is a .24 point diamond dinner ring which is worth about \$1.00. A .25 point diamond is 1/400 of a carat. Thusly, the consumer is making a \$4.97 call to claim a \$1.00 ring.

The most bizarre case with 900 numbers comes out of Seattle, Washington. Seems an enterprising host for a preschooler television show asked his audience if mom and dad were around. If not, they were told to pick up the telephone receiver. Following those instructions, the television emitted touch tone notes which were picked up by the telephone receiver. Presto, a 900 number is called and the parents never suspect their preschooler who cannot even dial a number.

Wayland announces Dean's Honor Roll

Hope J. Crabtree of Floydada has been named to the Dean's Honor Roll for the spring semester at Wayland Baptist University.

Mrs. Crabtree, a senior English major, maintained a 3.76 grade point average (GPA) during the recently-completed term.

The Dean's Honor Roll is announced

at the end of each semester by Dr. Bill Hardage, academic vice president and dean of the university. It lists the names of students who earned a GPA of at least 3.50 on a 4.00 scale while completing at least nine semester hours. A total of 176 students from 14 states were named to the Dean's Honor Roll at Wayland for the spring semester.

Don't miss this great sale!

Pest Management Newsletter

C. Mark Brown
Extension Agent-Entomology
Crosby/Floyd Counties
GENERAL SITUATION

* The hot, dry weather continues. Crops are progressing rapidly, but some fields are showing symptoms of moisture stress. There were a few widely scattered thunderstorms this week. I heard reports of as much as 0.8 inch of rainfall.

* The majority of our cotton crop is beginning to set a few pinhead squares.

COTTON

The majority of our cotton is in the 5-6 true leaf stage, and we are just beginning to see a few pinhead squares. By next week, these fields should be exhibiting 1-2 pinhead squares per plant. Most replant cotton is exhibiting 1 true leaf per plant. Thrips should continue to be monitored in replant cotton until it reaches the 4-leaf stage.

A pest that comes in fast on the heels of thrips is the cotton fleahopper, a light-green, oval shaped insect (about 1/8-inch long) with a piercing-sucking beak that it uses to blast tiny squares. Our field scouts have thus far only detected a few fleahoppers in one field infested with whiteweed. Whiteweed and mintweed serve as alternate hosts for the fleahopper. Fleahoppers are generally a worse problem in late planted cotton.

It's time to monitor square set. I feel this is one of the most critical practices available to manage for earliness. Squaring normally begins at the 5th to 7th node. Tiny, pinhead squares are located at the edge of the plant terminal, just above the leaf with which they are associated. The bracts (specialized leaves) surrounding the square fit together in the shape of a pyramid, just as on older squares. These bracts can be pried apart with a toothpick to reveal the round, pinhead-sized square. The percent square set equals the number of healthy squares present divided by the total number of fruiting sites, then multiplied by 100. Shoot for 90% square set in the first week of squaring.

If you are thinking about making an automatic insecticide application while cultivating you should reconsider. Although I can not argue this practice from an economical, short-term standpoint, there are other factors involved. 1) Since the last few growing seasons, it appears that cotton aphids are developing a tolerance to the organophosphate (OP) insecticides. We currently have a few aphids in the fields. These aphids are all females and do not reproduce sexually. They do not require mating, but rather, they reproduce by duplicating clones of themselves. Also, the high rate of reproduction allows for possibility of rapid insecticide resistance development. 2) A few beneficials are just now becoming established in cotton fields. 3) The OP insecticides themselves can physically alter the growth pattern of the plant, and studies have indicated that OP insecticides can affect yields. Therefore, scout before you spray.

Over the past week, we have received numerous contacts from Crosby and Floyd Counties concerning damage to cotton from hormone-type herbicides, such as 2,4-D MCPA, and Banvel. Apparently, there is damage in other counties as well. Plant samples brought to us indicate symptoms associated with

hormone herbicide injury, including "strapping" or "cupping" of leaves which causes an okra-leaf appearance. Some samples are exhibiting more injury than others. Because of the widespread concern, the following information was obtained from Extension specialists, and is provided for educational purposes.

Hormone herbicides tend to concentrate in the terminals of affected plants. Consequently, the symptoms will appear on new leaves formed after the herbicide was absorbed by the plant. If symptoms appear only on scattered plants in the field, the resulting damage will be minimal. However, if all plants exhibit symptoms and the new leaves still have the strapped appearance, there is potential for delayed fruiting and fruit shed. Plants will have to grow out of the damage problem.

Consequently, practices that stimulate growth, such as irrigation and sidedress nitrogen fertilization will hasten recovery. DO NOT use PIX or other growth retardants as a means of counteracting the herbicide damage.

CORN AND SORGHUM

Both corn and sorghum are relatively pest-free at this time. Our field scouts have detected very light numbers of spider mites along field margins of some corn and sorghum fields. We'll have to watch this situation.

We are beginning to pick up some emerging Southwestern corn borer moths from our pheromone trap located near Aiken. These moths will soon be laying first generation SWCB eggs in corn. Infestations of first generation SWCB's are usually not economic unless corn is planted very near corn stubble that went unplowed during this last winter.

HEAT UNIT ACCUMULATION

Heat units (DD-60's) have been shown to be more precise in projecting growth and fruiting events in cotton than calendar days. The following projections are based on a long term average of occurrences, averaged for several varieties common to the High Plains.

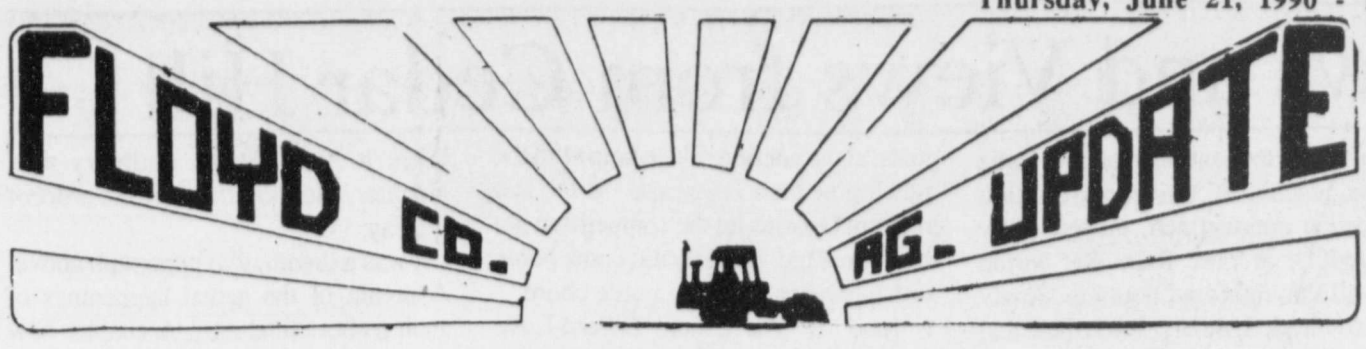

Emergence - 75 HU required; First Square - 525 HU required; First Bloom - 1050 HU required

1990 HU accumulation (official temperature records for Crosbyton)

April 25 - June 13 - 526.5 HU; May 1 - June 13 - 447.5 HU; May 15 - June 13 - 406.5 HU; June 1 - June 13 - 234 HU

BAGWORM CONTROL

Bagworms have been hatched for approximately 10 days - 2 weeks, and larvae are presently feeding and building bags. If you have bagworms present, and have not already made an insecticide application, you should do so now before larvae get too large.

ASCS NEWSLETTER

The final date to certify your spring seeded crops (cotton, grain sorghum, corn, etc.) is July 16, 1990. It is also the final date to report ACR (set-aside), CU (conserving use) acreage, CRP, or any other use made of cropland. Because of limited cross/compliance, if you are participating in the farm program on one crop and have a base on any other crop, you must report that crop, even if it is a zero. FAILURE TO REPORT ALL CROPS could cause you to lose program benefits on the participating crop. An inaccurate certification can result in loss of program benefits.

We encourage you to certify as soon as possible. This would be of great help to us as well as to you. For your convenience we are taking certification and measurement service requests by appointment. Please call 983-3763 for your appointment.

MEASUREMENT SERVICE

Measurement service is available if you are not certain of your acreage. The county office is now required to complete all measurement service requests within 45 days of the final certification date. If measurement service has not been completed by August 31, the acreage must be measured and certified by the producer. If you are interested in measurement service, we encourage you to request this service by June 22, so we can complete the service timely.

FAILED ACRES

Never plow, graze or otherwise destroy a crop that fails. Measure, certify, and file an application for disaster credit first. Also check with your insurance agent. EVEN though your failed acreage is insured, you are still required to measure and certify that crop before any other use is made of it.

LIMITED CROSS COMPLIANCE

Any farm that is enrolled in a commodity program to participate cannot exceed the base of any other program crop whether or not that crop is enrolled on that same farm.

CRP

Producers who have CRP contracts are reminded that weeds must be controlled. Don't wait until they cause you or your neighbor problems. Failure to control weeds may result in loss of program benefits.

TEMPORARY YIELD REDUCTIONS

If farming practices are not carried out in a workmanlike manner, the county committee may temporarily reduce the yield.

1990 GRAIN LOANS AVAILABLE

The wheat loan rate for Floyd County is \$1.96 per bushel. The loan service fee is \$15.00 per loan plus \$1.00 for each additional warehouse receipt. Delivery charge is \$.005 per bushel and storage must be paid for the nine months of the loan.

GRAMM-RUDHAM-HOLLINGS REDUCTION

The GRH reduction of 1.4% will apply to all 1990 crop year payments and price support loans.

GHOST ACRES

To be considered "Ghost Acres", all of the following must apply. (1) ASCS-574 (Application for Disaster Credit) is approved for the 1st crop. (2) The 1st intended crop was not harvested because of disaster conditions. (3) The 2nd crop is not allotment or poundage quota crop (peanuts, etc). To be considered "Double Cropped", all of the following must apply. (1) producer elects to receive planned acreage for the 2nd crop. (2) The 1st and 2nd crop can normally be planted in a double-cropping situation in the area.

PROGRAM PROVISIONS CHANGED FOR EXTENDED COTTON LOANS

New program provisions are in effect for 1989 and later crop EXTENDED Upland Cotton Loans.

If producers forfeit the cotton to the

CCC, they are required to pay all cost associated with the storage of the forfeited cotton, beginning with the first month of the loan extension. They are also required to pay a \$1.00 per bale handling fee on the forfeited cotton.

For cash loan repayments during the 8-month extension period, the producer would pay interest and warehouse storage charges beginning with the 11th month, regardless of the level of the adjusted world price.

If the cotton loan is extended and producers sell their equity in the cotton and the buyer fails to document (file a CCC-813) the transaction by the maturity date of the loan, the loan collateral will be forfeited and the producer is responsible for storage and handling fees.

Carl Lemons' News and Views from Cedar Hill

Continued from Page 4

four bushels per acre. This wheat was irrigated once, back in December, when our weather was its driest.

At shut-down time Monday night, after seven days, one full week of harvest, N&V estimated that 50% of Cedar Hill's wheat had been cut. Duncan Woody, who is the elevator operator and in a position to make a better estimate, thought 80% of Cedar Hill's wheat was already out and in the bin. Whether he was right or wrong on Monday, Duncan's 80% will be well achieved by the time you read this on Thursday.

Producers market board has shown the wheat price pegged at \$2.80 per bushel for several days now.

Once again hybrid seed companies have their little two acre "one-deer sized patches" of milo foundation plots scattered here and there over the community and these mini-fields are looking good. Beginning to stretch upward and reach for the sky.

THE VEGETABLE PATCH

The bruised and smelly onion fields of a week ago have made the most substantial recovery of all Cedar Hill crops. Some individual onion blades, stricken by hail stones, have fallen over until their tips virtually touch the ground, still they are green and healthy and appear to continue making their contribution to the well being of their mother plants. The girls of the larger plant stems are as large as a one inch pipe. The average stem is probably more the size of a 3/4 in. pipe. The larger bulbs are now a little larger than guinea eggs, or 2/3 the size of the average hen egg. They have reached that explosive stage of growth where bulb development becomes spectacular when observed on a weekly basis, and the onion plant's thirst for water has become unquenchable.

The thunderous rumblings of an approaching storm could be heard Tuesday evening as this column began a few words about Mark Gilley's pepper crop S.E. of Cedar on the old Starkey place. Planted the last days of May and covered shallow due to the smallness of the seed, Mark had no alternative but to start his irrigation wells in an attempt to water the crop up and get it off to a good start. Within hours after finishing, while irrigation water still stood in his furrows, nature saw fit to "bless" Mark with over three inches of rain and hailstones.

Oops! High winds, thunder, and fragmented rain drops have struck the Listening Post! Must abandon for a time the writing of N&V! :::: It took the better part of an hour for the storm to finish its disruption and roll on past.

Thoroughly pulverized by the pounding rain and hail Mark's soil surface quickly assumed a plaster-like hardness. The apparent solution was to wet the surface again. Once more the wells were started; irrigation number two.

When your writer walked across that pepper patch Monday evening, he saw the winds and terrific heat of early June had once more crusted and hardened the surface. Now and then a hardy pepper seedling had found a crack in the crust. Beneath the crust a host of sprouted seeds were pushing mightily in their efforts to break to the surface, but they could not. Apparently the peppers would have to be abandoned or watered once more, the third time.

Twenty four hours later the column

stopping storm mentioned above, came to the rescue. A thunderstorm that dropped a quarter inch, maybe thirty hundredths, of rain. Rain that would have all the nighttime hours to slowly soak downward, slowly soften the crust, and stimulate the imprisoned peppers to give one more mighty heave. Hang in there Mark, the weather people are promising more showers Wednesday.

THE LEANING CEDARS

June 11: Surely someone from Cedar is on the sick list this Monday, but, if so, it has escaped your writer.

Update, June 16; the following Saturday! Now Cedar has acquired some Leaning Cedars, never a pleasant experience, but this acquisition was much too close for comfort! The Lemons sisters, Twyla and Traca, daughters of Phil and Linda FAY Lemons and grand daughters of your writer, were hospitalized at Plainview's Central Plains Hospital Saturday evening as the result of an auto multi-accident.

In Plainview, as they were pulling into the east bound lane of traffic on Fifth Street across from Kentucky Fried Chicken, their car was rear ended by a vehicle whose driver had been too long at the bottle. Sent spinning across Fifth Street into the west bound lanes by the original impact, their car was hit once again, this time by a west bound vehicle. Eventually their car came to rest among the parked vehicles of the customers of Kentucky Fried Chicken.

Both girls were thrown from their car and suffered severe bruises and abrasions. Twyla was on her feet almost immediately but Traca remained semicomatose, with limited awareness for several hours.

After being X-rayed, medicated, and thoroughly bandaged, Twyla was permitted to go with her Cooper Grandparents to their home in Lockney that night. Being more severely injured, Traca was kept for further observation and was not released until near mid-day Sunday.

Compared to the 1988 Thanksgiving accident in which both of Edna Gilley's grand daughters were severely injured the Lemons sisters were very, very lucky.

It is a small world indeed, for, at the time of the wreck, inside Kentucky Fried Chicken Cedar Hill's Leah Lackey, Jerry's wife, and her children, Kaci and Mack, were having a bite to eat. Immediately Leah was with the Lemons girls; rode with them in the ambulance to the hospital, and effectively notified their relatives of the girl's plight.

Neighborliness? Good Samaritan? You name it! Thanks Leah!

THE PLAIN CEDARS

June 4: Master Cody Ware had his fourth birthday last Monday. The event was celebrated in Silverton at the home of his maternal grandparents, Mr. and Mrs. Billy Wayne Garvin. Granpa Razz came from Cedar, and Aunt Lisa Baldwin and Cousin Ross drove down from Tulia. For presents Cody had very modest requests; some bat-man things and something about Ninja-turtles. :: Whew! This writer must be at least 70 years out of step!

June 9: It was a Grandfather-Grandson trip that Cephus Fortenberry and Terry Harris embarked on to the Mulshoe auction last Saturday. The objective was to purchase a goat, or

goats, at the auction sale to help with the mowing of their landscape. At the last moment Gramps let the competition get in the final bid; but they did come home with a baby calf, and a bottle chore.

June 10: The annual Dillard-Love reunion was held in the Massey Activity Center in Floydada last Sunday. Those who went report the largest attendance ever; nearly a hundred people were present. Horace Reeves was the oldest person there. Horace, hale and hearty at 98, once had many relatives living in the Cedar community, and at one time he was pastor of the Assembly of God Church here. Nancy Evelyn Kelley heard Horace give his annual rendition of the old spiritual "Happy On The Way To Gloryland" and said that a blind person would never have believed that the person singing that song was 98 years old.

June 10: The annual Dillard-Love reunion also put a drain on attendance at the local Church last Sunday. Alpha and Durrell Fortenberry were also away to attend her daughter's wedding. Wheat harvest was also in full swing so it was decided to dismiss services for the day. Bro. and Mrs. Dewey attended church in Plainview that day. After all an occasional change of fare, a dish not of his own cooking, doesn't do a pastor any harm.

June 12: Dara Ware hosted the members of her quilting club at a nine to five work session in her home on Tuesday. Those present to prick their flying fingers and nudge their nimble thimbles were club members Cindy Belt, Kay Brock, Dawn Bullock, Dar Lee Foster, Shwanda Foster, Trudi Gilley, Brenda Heflin, Ann Jones, Terry Sue Mann, Gay Terrell, and the hostess Dara Ware. Special guests for the session were Sherese Covington, Dougherty, and Kelli Reddy from Floydada.

The quilt they are working on is a northern star pattern. The frames are still up, and the quilt is still in the frames; drop by and put in a few stitches. Proceeds from the sale of their creations are always donated to some fund dedicated to public advancement, or to create a pilot fund for others to follow.

June 12: A lot of activity across Hwy 97 north of the Listening Post this past week. Tom and Gladys Fortenberry had Grand daughter Pamela Hayhurst and her two children from Broken Arrow, Oklahoma for a visit. Grand daughter Danita Clark came from Wauteaga in North Texas with her two youngsters so there was action aplenty. Tricycles,

hikes to that ancient mulberry tree, laughter, and shouting were the order of the day.

It was a dream, that paragraph above! A dream of the actual happenings of such a short time ago! A chapter now closed by the grim reaper with a firmness and a finality that personifies those things of the past, things of the future, indeed all things eternal.

It is a fact the grand-daughters and their children did visit with Gladys, last week, at her present home in Plainview. Gladys had just returned from Lubbock after having an operation on one of her great toes. She is doing OK now, except that the thought of a bandaged toe projecting through the end of her tennis shoe prevents her from attending her Plainview Church. At her old church home, here at Cedar Hill, that projecting toe at Sunday services would have been considered a badge of piety, evidence of dedication. But now we have progress.

Across 97, nothing remains of the Fortenberry family but a decaying barn and from among the neglected trees, not at all concerned about people and their problems, comes drifting the lonely, lovely, but nostalgic song of a mocking bird.

Not what we gain but what we give, Measures the worth of the life we live.

INVITATION FOR BIDS

Floydada Independent School District is now taking bids for the materials to install aluminum bleachers with fixed seating in Graves Gymnasium located at 910 South Fifth Street in Floydada, Texas.

The bid must be received by 7:00 p.m. Monday, July 9, 1990. The bids will be opened at the regular meeting of the Floydada Independent School District Board of Trustees, 226 West California, Floydada, Texas.

For Specifications and information contact Jimmie Collins, Administrative Assistant, 806-983-5167.

Floydada Independent School District reserves the right to reject any or all bids and waive any formalities therein.

6-21, 6-28c

INVITATION FOR BIDS

Floydada Independent School District is now receiving bids for the renovation of two (2) tennis courts located at Floydada High School. The existing courts will be removed and replaced with new construction including fencing. The courts will be constructed using conventional methods. The bidder will serve as general contractor and be responsible for the complete job.

For information and specifications contact Jimmie Collins, 806-983-5167.

The bids will be opened and read at the regular board meeting of the Floydada Board of Trustees, July 9, 1990, 7:30 p.m., 226 West California Street, Floydada, Texas. The board reserves the right to reject any or all bids and waive any formalities therein.

6-21, 6-28c

NOTICE OF PUBLIC HEARING

The Floyd County Commissioners' Court shall exercise its authority provided by Section 152.013, VTCA Local Government Code at the regular court meeting, July 9, 1990, at 1:00 p.m. to set the salary, expenses and other allowances of elected county or precinct officers. Proposed increases are as follows:

OFFICIAL	PRESENT SALARY	HEALTH INS. ALLOWANCE (monthly)	PROPOSED SALARY
County Judge	\$16,884.00	\$150.00	\$18,684.00
Commissioner Precinct 1	\$13,356.00	\$150.00	\$15,156.00
Commissioner Precinct 2	\$13,356.00	\$150.00	\$15,156.00
Commissioner Precinct 3	\$13,356.00	\$150.00	\$15,156.00
Commissioner Precinct 4	\$13,356.00	\$150.00	\$15,156.00
County Clerk	\$16,884.00	\$150.00	\$18,684.00
District Clerk	\$16,884.00	\$150.00	\$18,684.00
County Treasurer	\$16,884.00	\$150.00	\$18,684.00
County Tax Assessor	\$16,884.00	\$150.00	\$18,684.00
County Sheriff	\$16,884.00	\$150.00	\$18,684.00
Justice of Peace 1 & IV	\$16,884.00	\$150.00	\$18,684.00

Note: The Health Insurance Allowance will be granted only if the Commissioners' Court cancels the County Group Health Insurance.

PUBLIC NOTICE

ORDINANCE NO. 729

AN ORDINANCE AMENDING CHAPTER 11, GARBAGE AND OTHER REFUSE, OF THE FLOYDADA CODE OF ORDINANCES BY ADOPTING REGULATIONS PERTAINING TO DISPOSAL OF USED TIRES AND WASTES FROM HEALTH CARE FACILITIES IN THE LANDFILL; PROVIDING FOR A PENALTY AND AN EFFECTIVE DATE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FLOYDADA, TEXAS:

SECTION 1. That Chapter 11, Garbage and Other Refuse, of the Floydada Code of Ordinances is hereby amended by enacting amendments thereto as follows:

A. Add Section 11-19. Disposal of used or scrap tires.

It shall be unlawful for any person to set out for collection, place within any City-owned refuse container, transport to the City sanitary landfill for disposal, dispose of in the City sanitary landfill, or otherwise dispose of any quantity of used or scrap tires unless the tires are first shredded, split or quartered.

B. Add Section 11-20. Disposal of special wastes from health care related facilities.

It shall be unlawful for any person to set out for collection, place within any City-owned refuse container, transport to the City sanitary landfill for disposal, dispose of in the City sanitary landfill, or otherwise dispose of any special waste from a health care related facility as that term is defined by the Texas Department of Health, unless such waste has first been treated in accordance with applicable State and Federal regulations.

SECTION 2. A violation of any of the provisions of this Ordinance shall constitute an offense punishable by a fine not to exceed \$1,000.00 in accordance with Section 1-5 of the Floydada Code of Ordinances.

SECTION 3. This Ordinance shall become and be effective on and after its date of adoption and publication according to law.

PASSED AND APPROVED by the City Council of the City of Floydada, this 12th day of June, 1990.

Wayne A. Russell
Mayor Pro Tem

ATTEST:
Jimmie Lou Stewart
City Secretary

6-21c

INVITATION FOR BIDS

The City of Floydada, Texas, will receive bids for Water Improvements until 10:00 a.m. on July 16, 1990 at the City Hall. This project is being financed with \$183,000 of Federal funds equal to 87% of the total cost of the project from a grant received from the Texas Department of Commerce, Community Development Program. The bids will be publicly opened and read aloud at 10:00 A.M. on July 16, 1990 at the City Hall.

Bid/Contract Documents, including Drawings and Technical Specifications are on file at McMorries & Associates, 6300 Canyon Drive, Amarillo, Texas 79109.

Copies of the Bid/Contract Documents may be obtained by depositing \$50.00 with McMorries & Associates for each set of documents obtained. The deposit will be refunded if the documents are returned in good condition within 10 days following the bid opening.

A bid bond in the amount of 5% of the bid issued by an acceptable surety shall be submitted with each bid. A certified check or bank draft payable to the City of Floydada or negotiable U.S. Government Bonds (as par value) may be submitted in lieu of the Bid Bond.

Attention is called to the fact that not less than the federally determined prevailing (Davis-Bacon) wage rate, as issued by the Texas Department of Commerce and contained in the contract documents must be paid on this project. In addition, the successful bidder must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex or national origin.

Attention is called to General Condition 142 "Restrictions on Public Buildings and Public Works Projects". The Bidder certifies by submission of its bid that it:

1. Is not a Contractor of a foreign country included on the USTR list.
2. Has not and will not enter into any subcontract with a Subcontractor or a foreign country included on the USTR list.
3. Will not provide any product of a forgotten country included on the USTR list.

The City of Floydada reserves the right to reject any or all bids or to waive any informalities in the bidding.

Bids may be held by the City of Floydada for a period not to exceed 30 days from the date of the bid opening for the purpose of reviewing the bids and investigating the bidders qualifications prior to the contract award.

City of Floydada
Parnell Powell, Mayor
6-21 & 7-5c
