## Two Dougherty men arrested for possession of marijuana

By Ben Gillespie

Crosby County News-Chronicle

A Ralls man and two from the Floyd County community of Dougherty were taken into custody in a drug arrest about 10:43 a.m. last Thursday, Sept. 12, at one of the men's home about one mile north of Ralls on Highway 62.

Lawmen confiscated about four pounds of marijuana in the arrest. Street value of the drug was estimated at more than \$5,000.

The arrests were made by Crosby County Sheriff's Department officers and members of the South Plains Drug Assistance Task Force from Lubbock.

Arrested were Billy Russell, 24, of Ralls, who was charged with possession and sale of marijuana; Andy Norvel Ansen, 29, and John Alexander Hall, 32, both of Dougherty, charged with possession and delivery of marijuana.

The Crosby County drug dog, Fluff, also was used in the search of the 1990 model Hyundai driven by the Dougherty men. The dog found a medicine bottle containing marijuana in the car.

Following the arrest, one of the Dougherty men told Sheriff's officers that more marijuana was in his freezer at his home.

After obtaining search warrants, Crosby County Sheriff Red Riley and members of the South Plains Drug Assistance Task Force went to Ansen's home where they found quantities of the drug in the freezer, drying in the back room of the house and two marijuana plants growing in the backyard. All was taken as evidence.

Officers said it appeared Ansen had been growing quantities of marijuana in his yard.

Sheriff Riley said amount of the drug

taken at Dougherty was about as much as was seized in the raid at Ralls.

Total street value of all of the marijuana seized last Thursday at Ralls and Dougherty was estimated by officers at between \$12,000 and \$15,000.

Riley said lawmen had been watching the Russell house for some time before the arrest.

The arrests Thursday marked the second such drug-related apprehensions in Crosby County recently.

### Lockney Salvation Army needs building

The building on Main Street in Lockney that the Salvation Army is now housed in has been sold and a new building is needed, according to Alicia Luna volunteer worker at the Salvation Army Store. The building must be vacated by January 1st. If you have a suitable building please notify Mrs. Luna.

DRUGS SEIZED-- Crosby County Sheriff Red Riley displays \$12,000 to \$15,000 worth of marijuana which was seized as a result of the arrest of three men at a rural house north of Ralls last Thursday. The men, two from Dougherty and one from Ralls, were charged with possession,

transportation and sale of marijuana. The packets at lower right were confiscated during the arrest; the rest, including the plants, were found at one of the men's residence in Dougherty where, lawmen believe, he was growing the plant. -- Crosby County News & Chronicle

## Neighbor's harvest Jack's corn

Neighbors gathered together on Thursday, September 12th to harvest the corn crop of Delton and Clydelle Jack. The couple reside and farm in the Pleasant Valley Community of Floyd County.

Jack has spent considerable time in the hospital and his neighbors decided that they could best help out by harvesting his corn crop.

Seven combines and a bevy of trucks pulled into the field and in record time the grain was on its way to the elevator.

Neighbors helping were Melvin Bradley, Doug Bradley, Pete Gonzales, Eddie Teeter, Monty Teeter, Henry Segovia, Carl Molinar, Salvador Martinez Jr., John Paul Schacht, David Per-

ales, Warren Mitchell, Larry Adrian, Eddie Foster, David Foster, Jody Foster, Phil Green, Ray Mercado, Junior Mercado, Aaron Wilson, Rusty Wilson, Jesse Arjona, Jose Martinez, G.L. Hight, Bill Bigham, James Morris, Nelda Morris, Claude Stallings, Warren Mathis, Louis Balla, Ronnie Thornton,

Salvador Martinez, James Hall Ferguson, Noe Blanco, James Burney, Ricky Mosley, Ronnie Aston, David Patterson, Junior Rendon, J.R. Belt, Weldon Pruitt, Bonnie Cuevas and Carlos Rojas.

Consumers Fuel furnished the fuel for the machines and lunch was provided by Atebury Grain.

## Second annual Old Fashioned Saturday records large crowd

The second Old Fashioned Saturday celebration in Lockney brought a good number of people to downtown Lockney for the day. After a cloudy morning the sun came out and lifted everyone's spirits and they joined in the activities that filled the afternoon and night.

The 1992 Chevrolet pickup that will be given away by the Lockney Chamber was on display. A twenty dollar donation to the chamber will put your name in the pot. Only two thousand tickets will be sold and the pickup will be given away at the chamber banquet in March. Tickets are available from any chamber member.

The washer pitching tournament was won by Tim Cooper and Garry Burson. Jimmy Kemp and Dale Powell placed second; Bernie Ford and Zach Cummings third; Charlie and Missy Minnick fourth; Junior and Carlos Rendon fifth; Roy Saucedo and Armando Vasquez sixth; Kenny Hooten and Robert Thurmon seventh and Wendell Graham and Morris Graham eighth.

The Volleyball Tournament was won by Bam-2. Members of the team were

Javier Bernal, Jorge Bernal, Chano Banda and Jesus Solis.

Other teams entered in the tournament were Chilis, El Fraile, Touchables, Bad Boys and Bam-1. Teams played two out of three games.

The Aero Care helicopter landed on Main Street and tickets were sold for a ride over Lockney. Angie Ochoa number was drawn for the ride. After she returned she stated that "Lockney sure looks a lot different from up there."

Leading off the entertainment segment of the afternoon Louis Ray Stapp, Jeromy Stapp and Dowell Brewer played their guitars and sang several old songs. They had the audience toe tapping. The entertainment then shifted to a band from the Aposento Alto de Pentacostal Church. After several numbers they continued to play backup for several singers. The Mangold girls sang songs of the fifties and were dressed accordingly.

A dance routine was performed to rap music by Kimberlee Martinez, Janet Jones and Mandy Galloway.

## Floydada woman in need of funds for lung transplant

Jimmie West, of Floydada, has not only been fighting a deadly lung disease for two years, but she has also been fighting insurance companies and bureaucratic red tape.

The 48-year-old daughter of well known Floydadian, Irene King, Jimmie Jo was first diagnosed with emphysema in 1989. "The doctors now say that it is not emphysema, because I have gotten progressively worse instead of stabilizing. I am on oxygen all the time now."

"Most people with emphysema can get around with their oxygen tanks. I can't even do that. I have to be still all the time. I pass the time away doing crochet and making dolls."

Now living with just 18% of her lungs, Jimmie and her family are trying to raise the money needed for a lung transplant.

Living off the money from SSI and Medicaid, neither Jimmie or any of her family have the \$135,000 necessary for the operation. "I don't qualify for Medicare," said Jimmie Jo. "Medicaid will pay for heart, kidney and liver transplants, but not for lung transplants."

"They say the reason they don't insure it, is because it is still experimental and not as many lung transplants are done."

"The doctor's said that it is unusual for a woman my age to have this lung disease. It usually afflicts the elderly, but after the transplant there is an 85% survival rate."

Jimmie is also afflicted with a gum disease and kidney stones. In order to qualify for the operation, she will have to take care of those two problems first. "There can be no risk of infection from other problems, when I get the new

lung," said Jimmie. "The doctors said that my body will need all my strength to fight the lung rejection."

"I don't know if Medicaid will pay for the kidney stone operation but I know they won't pay to get my gums fixed. Medicaid won't pay for the oxygen I need either and they wouldn't pay for the tests that I had to have to see if I could qualify for a transplant. Those test's alone cost \$18,000. My children managed to scrape that together."

Medicaid is not the only insurance company that Jimmie has been fighting with the past two years.

"While I worked at the tax appraisal office in Plainview (from 1984-1989) I belonged to the group insurance called Benefits Foundation. When Hale County changed insurance I had to stay with Benefits because I was sick at the time and uninsurable. I continued to pay Benefits every month and they continued to cash my checks, but when I sent in claims they said they were unable to locate my policy (even though they kept cashing my checks)."

In frustration Jimmie Jo contacted the State Board of Insurance and com-

plained. When they got back to her the State Board told her that "it is a big mess and you should sue. We can't do anything for you."

Living off of SSI payments of \$407.00 a month and paying prescription bills of \$40.00-\$50.00 a month, this solution was out of the question for Jimmie. "We pay them (the State Board of Insurance), and they won't do anything for me."

It wouldn't matter now if Jimmie could afford a lawyer. "I found out a year ago that State Benefits went out of business."

Before working at the appraisal office in Plainview, Jimmie also worked in Floyd County Appraisal Office for two years, and also as a waitress at Kings Restaurant (owned by her parents) before that.

Since her divorce in 1975, Jimmie has raised her three children; Ricky West, of Dickens; Bobby West, of Lubbock; and Tonya Keith, of Floydada.

Since 1989, when she was diagnosed with the disease and forced to quit her

## Caprock Hospital Board 1991 tax rate to remain the same

By Alice Gilroy

Caprock Hospital Board members met August 22, for a regular monthly meeting and set the tax rate at \$0.4249 per \$100 value, which is the same tax rate as the previous year. This motion was made by Fred Thayer, seconded by Kenneth Pitts and carried unanimously.

Cindy Dudley appeared before the board and requested a waiver of past due taxes on behalf of the Housing Authority. Past due taxes were as follows: 1983 - \$4,900; 1984 - \$4,700; 1990 - \$3,700.

Dudley told the board members that all Housing Authority reserves have been depleted and a waiver of taxes is being requested until a 40% reserve is established. Dudley was unable to estimate the amount of time required to replenish reserves to a 40% level.

The board was concerned about establishing a precedence regarding the waiver of taxes and agreed to table the issue and look into the matter further. Dudley was asked to return to a future board meeting and the topic would be discussed again.

The administrator, Terry Keltz, presented a proposed operating budget for the ensuing year. The budget called for the establishment of a contingency fund to help address start-up costs such as supplies and salary expenses when the hospital reopens.

It was estimated that at the time the hospital reopens, a minimum of three months operating expense must be on hand due to the time between billing and receiving revenue. A contingency fund, if adequate, would curtail the necessity of borrowing during start-up of the hospital.

A motion by Kenneth Pitts, seconded by Joy Assiter, approved the budget as presented.

Keltz distributed a copy of House Bill 2855, among the board members. This bill was passed in the last regular session of the State Legislature and signed by Governor Richards on June 15, 1991. The bill amends the enabling legislation for Caprock Hospital District allowing the governing board to borrow money for emergency purposes.

Keltz also gave a report on recruiting activities relating that several physicians in the family practice residents training program at John Peter Smith Hospital in Fort Worth were contacted in person during the past few weeks. Every week more names are added to the list of prospective physicians for the community.

The board unanimously approved proceeding with obtaining bids for replacement of the hospital roof. The bid

## City of Floydada maintains same tax rate

By Juanita Stepp

The City of Floydada set a 1991 ad valorem tax rate of 40 cents per \$100 valuation during the regular September session of the council Monday evening. This rate has been maintained for the past several years and council members expressed their pleasure at being able to conduct city operations without increasing the tax burden on city residents.

Motion for setting the tax rate came from council member Eric Cornelius. It was seconded by council member Wayne Tipton and approved by unanimous vote. The action followed a brief public hearing and the adoption of a city budget for the coming fiscal year.

The budget as adopted for the period beginning October 1, 1991 and ending September 30, 1992, totals \$2,632,923.00. The city will begin the year with a zero balance in the operating accounts and take in an estimated \$2,632,923.00 from a variety of revenue sources including tax collections estimated at \$1,712,251.00.

General fund income from sales tax revenue is placed at \$90,000.00 and franchise tax collections should be approximately \$46,000.00. License and permit fees add only an estimated \$400.00 along with an estimated \$9,000.00 from court fines and \$33,500.00 from other miscellaneous

sources. Transfers from the city electric, water, sewer, farm and health funds will add another \$108,996.00 and sanitation fees will contribute \$190,000.00. Transfers from reserve funds will augment the budget by \$342,484.00 bringing the general fund revenues to a total of \$991,631.00.

Water fund revenues are expected to total \$500,300.00 and farm income is estimated at \$13,250.00 for the coming year. Sewer fees should add another \$157,600.00 and electric fund revenues are pegged at \$956,600.00. Health fund revenues account for the final \$13,542.00 of income for the 1991-92 fiscal year.

Expenses for the coming year are estimated to equal the incoming revenues and transfers leaving a zero balance at the close of the 1991-92 fiscal year. The budget calls for \$269,500.00 for capital expenditures including amounts set aside for future improvements to city hall, future paving projects and a variety of other previously approved items.

Motion for adopting the budget as presented was made by council member Clar Schacht with a second by Tipton. Councilmen Schacht, Tipton, Cornelius, Leroy Burns and Ruben Barri-

## By The Way

By Alice Gilroy

My hats off to everyone involved in putting together Lockney's Old Fashioned Saturday. I have no idea how many people were there, but I do know that there were a whole bunch of them, and they were having a great time.

All around town on Sunday people were talking about how much fun they had had, and wishing we could do that more often.

The street dance was so much fun for everyone. There were just as many children (if not more) out in the street dancing, as there were adults. It is nice to know you can let your kids run around in a crowd, at night, and know that no one is going to snatch them up (except to share a dance with you).

Not only was the Slow Motion Band superb, but so was all the entertainment during the day. There sure are a lot of talented people living around here.

The food booths on the street were great too! I particularly liked the melted caramel and fresh apple slices.

It was nice to see people from all over the county attending the event and supporting the chamber of commerce and Lockney!

Thank-you Lockney! My family and I had a great time!

\*\*\*\*\*  
My MTV survey is not going well folks.

I appreciate the 14 whole people who have responded to it.

Out of 600 subscribers to Mission Cable in Lockney, this is even more apathetic than I anticipated.

I know there are a lot of people out there like me, who had every intention to fill out the form and mail it in but the week got away from them.

For that reason, we are printing the survey form again. PLEASE PARTICIPATE!

Fourteen people will not convince Mission Cable one way or the other if they should or shouldn't pull the plug on MTV.

By the way, of the 14 people who filled out the survey; 5 were for keeping MTV and 9 were for cancelling.

\*\*\*\*\*  
I was recently told about a program at the Floydada High School called YES. That stands for Youth Interacting with Seniors!

High School students that are involved in the program help out senior citizens that need help with rides, grocery shopping, etc. I'm not sure of every student involved, but I do know that Spring Lipham is in the program.

Any senior citizen who needs help can call Spring, at 983-5769. She'll get you all lined up.

I don't know if Lockney has a program like this. If they do, let me know and I'll put it in the paper.

So to that elderly person who wrote me again this week, and said I was no help at all last week—I hope these concerned students can be of help to you.

\*\*\*\*\*  
We get some real sweet letters to the paper every once in awhile. They are usually just short notes stuck in with a subscription renewal.

We always appreciate them, even though I never seem to find the time to write back. I just want everyone to know that they make us smile, which is worth all the money in the world.

Helen Hodel from San Angelo told us that she found out she couldn't live without her Beacon and she especially liked this column. THANKS HELEN! (Strange how I would pick out her comment to put in this column).

We also got a funny from a subscriber in Fayetteville, Arkansas. It wasn't meant to be funny, but it made us laugh anyway.

This subscriber wanted us to send them the paper just a day or two sooner than it is coming now.

Now we know what they meant—they meant they are tired of getting their paper a week late (which it seems every-

one out of county does), but it struck us as funny.

We can't put out a Thursday paper on Monday, and mail it on Tuesday in order to get there two days earlier. It is still going to be a week late, no matter when we publish because our mail is so %\$&\*? slow!

We mail all papers Thursday morning. They leave our local Post Office right on time every week. Somewhere after they leave here they sit and sit and sit! We believe that the hold-up most of the time is in Dallas, but that is not always the case.

We complain and we have our subscribers complain. We run traces on papers from this end and they run traces on their end. We do everything the Post Office tells us we have to do to speed up the delivery of our papers, but it does absolutely no good whatsoever. By the way, our local guys do help but once the paper leaves here, they can't do anything about it.

So to our subscribers who want their paper earlier, I'm sorry. All I can tell you is to complain to that big monopoly—the United States Post Office, or start up your own competing service.

Maybe someone can start the Pony Express again!

# Coop holds 19th stockholders meeting

Stockholders with Floydada Coop met Tuesday, September 10, at 7:30 p.m., for the 19th annual stockholders meeting, in the Massie Activity Center.

Two directors, Tommy Lyles and A.C. Pratt, were elected by the coop members. Lyles is a returning director, and Pratt was elected to fill the void left by retiring board member, Delmas McCormick. McCormick left the board of directors after serving three consecutive terms.

A representative of Williams and Rogers Auditors presented the financial statement to the members in attendance.

A net income of \$608,086 was earned by the coop and dividend checks were distributed to all members in the amount of \$528,000. Included in this amount were current dividends of \$226,000.00 and stock retirement from 1980-81 Oil Mill and 1988 Gin in the amount of \$302,000.00.

Floydada Coop ginned 43,011 bales of cotton in 1990. Of that, 37,000 bales were brought in, in 4,065 modules. The

rest of the cotton was hauled in trailers.

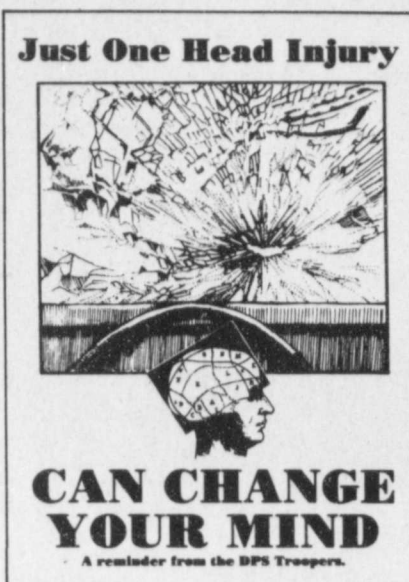

The members were told that a new press had been put in at the gin, costing the gin, \$400,000. The old '74 press, which cost \$99,500 when it was installed, was sold for \$100,000.

Coop Manager Ray Gene Ferguson told the members that Floydada Co-op Gin spent about \$22,000 on dust collectors and air control in 1990, in order to satisfy the EPA. "We also cleaned up the

town when we got through ginning," said Ferguson.

Visitors on hand included representatives from Plainview Coop Compress, PCCA, Oil Mill, and PCG.

An appreciation plaque was presented to retiring director Delmas McCormick and door prizes were handed out to winning members. Refreshments were served to stockholders and visitors present after the meeting.

CO-OP DIRECTORS--The new directors of Floydada Co-op are: (back row, left-right) A.C. Pratt, Eddie Smith, Tommy Lyles, Steve Lloyd, Michael Hinsley; (front, left-right) Victor Smith, Randy Bertrand and Ray Gene Ferguson.

## Woman in need of funds

Continued from Page 1

job in Plainview, Jimmie has gotten progressively worse. In the last year she has lost 5-7% of her lung capability.

"I have no doubt that we will be able to raise the money needed," said Jimmie's mother, Irene King. "The fear I have is that we won't be able to raise it in time. If she gets any kind of infection while we are waiting, it could be fatal. If she gets a cold she winds up in intensive care."

Because of this, Jimmie does not know how long she could live without the transplant. "The doctor said that thinking optimistically I could live 2-3 years, but that everyday I was losing ground."

If and when the money is raised, Jimmie would have to move to San Antonio where the surgery would be performed. "I would have to live there and wait for a donor to come through," said Jimmie. "I could wait anywhere from one day to four months."

"The doctors will provide me with a beeper. When they get a call that they have a donor I will be called on the beeper. Then I contact them and they get me to the hospital. There is a Lear Jet standing by that will take a team of doctors to get the lung and bring it to San Antonio. The lung will need to be in my body 4-6 hours after it is taken from the donor."

"I will be given medicine to totally paralyze me for two days after the operation, and I will have to stay in San Antonio for six months to make sure my body is accepting the new lung. The doctors say that the first six months are the most critical even though my body could reject it at any time, but they also said I have a very good chance to live after the transplant."

Because of the cost and because Jimmie and her family have gone as far as they can on their own, they are now looking to the community for help.

A Love Fund has been started in her name at the First National Bank of Floydada and a benefit dance is planned for October 5 at the Massie Activity Center.

"Everyone has been very nice to me," said Jimmie. "But I have told everyone that all the crocheting I have been doing is going to stop as soon as I get my new lung. I'm not going to sit on this couch anymore. This is no way for a 48 year old woman to live and I know with God's help and the help of the community, I'm going to get well."

## Old Fashioned Saturday records large crowds

Continued from Page 1

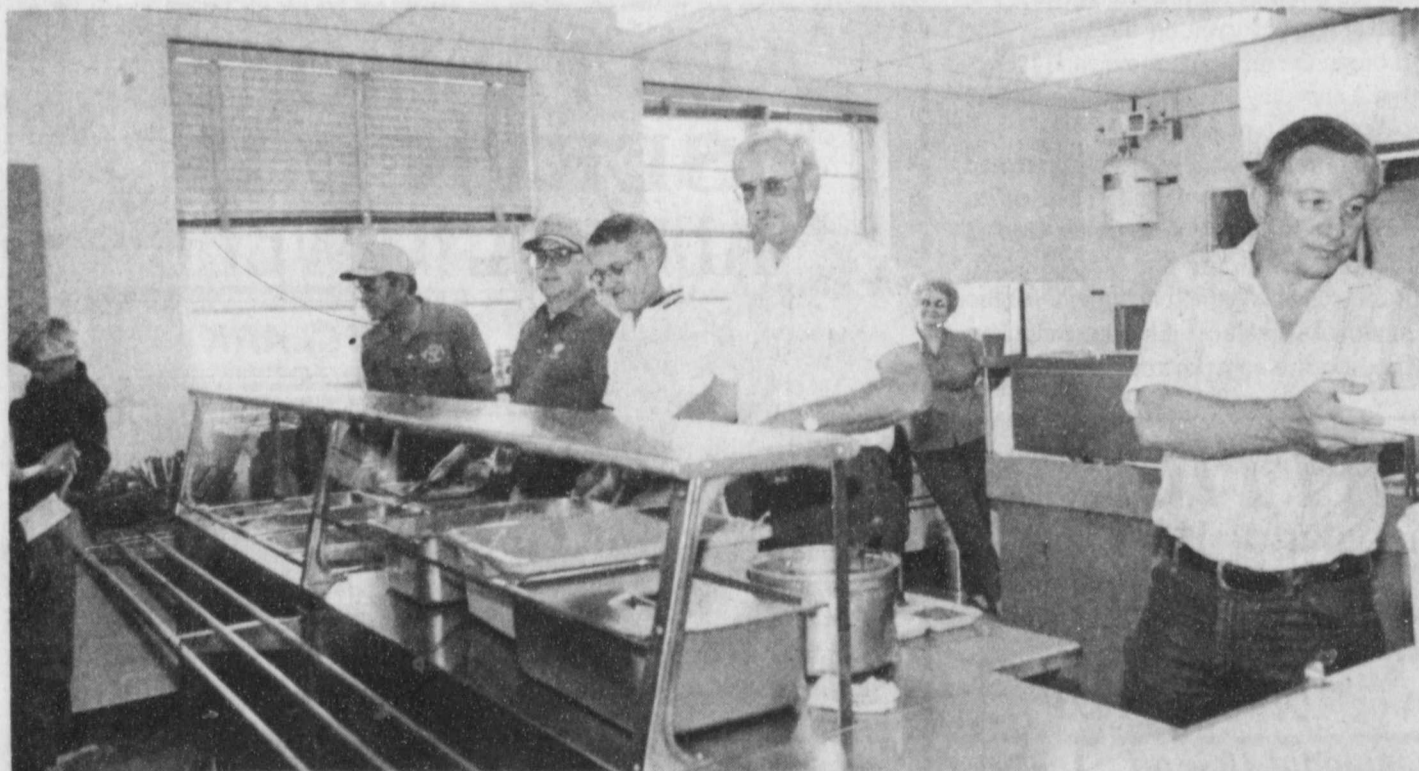

Tian Younger and Scott Crader from Floydada sang several solos and then a duet.

A quartet from Lockney added to the entertainment.

Harmony took to the stage and did several numbers to finish off the afternoons entertainment.

The Whirlers Square Dance Club, with Dennis Horn of Lubbock calling, danced for the enjoyment of the dancers and watchers.

At 8:30 the Slow Motion Band took to the stage for everyone's dancing and listening enjoyment, young and old alike. The band played until 12:30 and as the street emptied the cleanup crew came along and erased all traces of the day and the crowd.

**READY TO SERVE**--Floydada Rotary Club members, (l-r) Donnell Gowens, James Williams, Edd Henderson, Bob Lotspeich and Fred Thayer, were ready to serve as approximately 500 persons attended the organization's annual barbecue dinner Friday, Sept. 13, prior to the Floydada-Roosevelt football game. The meal, consisting

of barbecue brisket, sausage, cole slaw, potato salad and beans, was prepared by Gary Brown of Floydada. Proceeds from the dinner enable the Rotary Club to send two youngsters to diabetic camp each year and to youngsters to Rotary Leadership Camp.

### OUTSTANDING DEBTS DISCUSSED

Keltz presented figures regarding bad debt accounts. There are 4,209 accounts aged from 1980-1988. The breakdown of the accounts is as follows:

3,872 accounts are less than \$500 = \$320,169.14;

169 accounts are between \$501 to \$1,000 = \$118,612.61;

168 accounts are \$1001 and greater = \$367,840.60.

Considering 1,874 accounts aged from 1989 to 1991; \$119,322.48 are active accounts with MediComm collections, and;

\$10,390.36 are active accounts with HRS collections.

A motion by Kenneth Pitts, seconded by Jim Word, duly carried to place the dormant 4,209 accounts totaling \$806,622.35 from 1980 to 1988 with RME Collections Corporation, in Fort Worth.

The 1,874 active accounts totaling \$129,712.84 currently being worked by MediComm and HRS will continue with these agencies. This action presents collection activity on approximately \$936,335.19 in debts owed to Caprock Hospital District.

### RENEWED METHODIST HOSPITAL'S CONTRACT

In a September 6 board meeting the board members unanimously expressed an intent to renew the hospital's management contract with Methodist Hospital, in January. The board also elected to begin reimbursement of the appointed administrator's salary amount as agreed upon in the contract, in January of 1992.

The board reached this decision at this time because there is a ninety day intent to terminate notification clause in the current Methodist Hospital contract.

### REMODELING BIDS

Keltz reported that only one bid had been received regarding the repair and remodeling of the Cogdell Clinic Building. The bid was from Marlon McDonald of Lockney and Danny Bowman of Plainview, General Contractors, dba McDonald Construction.

The bid price was \$34,760.00 for

demolition and construction with estimates for floor covering and wallpaper installations being separate.

A motion by Kenneth Pitts, seconded by Joy Assiter, duly carried to engage the services of McDonald Construction for the demolition and construction project as directed.

### HOSPITAL PROPERTY SALE DISCUSSED

Keltz reported that an opinion had been received from Harry Jung, Attorney at Law, Crosbyton, regarding selling hospital real estate. Mr. Jung has determined that the governing board has the legal authority to sell the house located at 715 W. Virginia by engaging the services of Sammy Hale, Realtor.

Keltz also reported that the hospital had received \$2,990.60 in insurance payment for hail damage to the roof and interior fire damage from Trinity Universal Insurance Companies on the house.

## Floydada Police Report

August 28, at 9:00 p.m., Floydada Police took a report of a vehicle vandalism. The vehicle was parked at 6:30 p.m., at the curb of the residence in the 200 block of S. 1st. Sometime between 6:30 p.m. and 9:00 p.m. the left rear window was broken out. Damage was estimated at \$250.00.

August 29, at 8:32 a.m., Pofirio Garza, 49, was arrested by Floydada Police on two warrants from Idalou.

Also on August 29, between 9:00 p.m. and 9:10 p.m., a man reported to police that he was driving his pickup west on Houston Street, one or 2 blocks from Allsups, when someone shot a BB into his open drivers window. The BB traveled past the man and shot out the back glass of the pickup cab. The damage was estimated at \$200.00.

August 30, a police officer was patrolling the area around R.C. Andrews when he observed juveniles fighting. The officer stopped the fight and took the children to the probation officer and then home to their parents.

On August 30, a man reported to police that his Remington Shotgun was

### Whirlwind Sams Club

By Betty Gilbreath

On Friday morning, September 13, the Whirlwind Sams met at the Massie Center at 9:00 a.m. to depart for Plainview, to the Area X Rally. Orval and Lorene Newberry was trail boss for the trip. Those attending included the Cate's, Russell's, Thaxton's, Gilbreath's, West's, Weathersbee's, Adams', Kendricks', Newberry's and the Lyles' met us at the Ollie Linder Center.

We all got parked and registered and took in the flea market and blind auction. At noon most of the group went to the Golden Corral for lunch. The afternoon was spent shopping and visitation.

Friday night at 7:00 p.m. we all met in the auditorium for the general meeting, program and drawing for door prizes. Our program started with magician act by Lyndy Phillips, youth director from Fritch, Texas followed by a short skit by the Rainbow Sams from Lubbock. The program concluded with John and Maybelle Francis from Silverton, presenting a musical program, this was enjoyed by everyone.

Saturday began with coffee and doughnuts in the auditorium with games and visitation in the conference room. R.V. seminar by Marvin Most and Billy Sims R.V., dealers from Lubbock. Saturday afternoon we spent shopping, visiting and just resting. George and Betty Miller visited with us. Good to report Betty slowly improving since her surgery. Saturday evening began with a catered meal of roast and chicken bits prepared by Riversmiths Catering of Lubbock.

Bro. Brad and Alene Bradley were guests of the Kendricks, we always enjoy seeing and visiting with them.

Saturday night entertainment began with the Lighthouse quartet from Lubbock, this was enjoyed by all. Then there was still the drawing for door prizes and raffle ticket drawing. We were all so excited everyone from our group drew prizes. The evening concluded with a musical presented by the Melody Boys from Slaton.

Sunday morning began with coffee and doughnuts followed by our worship service at 8:30 a.m. Guy Kent member of the Rainbow Sams from Wolfthor, was our speaker. Title of his sermon "Jesus The God Man." There was a group of four ladies from Plainview presented our special music. After dismissal it was time to say good bye to old and new friends until we meet again.

A special thanks to our hosts The Prairie Dog Sams from Lubbock and The Rainbow Sams from Wolfthor for a job well done.

### Keeping You In Stitches

By Kelli Reddy

The Keeping You In Stitches Quilt Guild met Tuesday, Sept. 10, in the home of Terris Mann of Lubbock. We quilted on a Double Wedding Ring pattern done with a black background and various pieced shades.

We will be having our Mexican Star class this coming weekend. We will accept registrations as late as Friday, Sept. 20. The class will be held at the First United Methodist Church in Lockney on Friday night and Saturday.

We also discussed the upcoming Quilt Show we will be sponsoring during the Pumpkin Days Celebration. It is to be held at the First National Bank from 10 a.m. until 2 p.m. Saturday, Oct. 26. There will be several categories so bring your quilts to show. Contact a guild member for more information.

We will have our Sampler Quilt on display at the show on Saturday. Tickets may be purchased from any member. Tickets are \$2.00 or 3 tickets for \$5.00. Winner of this quilt will be announced at 5:00 along with the other Punkin Day award winners. You need not be present to win.

Members were reminded that we will continue to meet on Wednesdays at the museum to work on our quilt. We invite the public to come by and see the beautiful quilt to be raffled as we work on it.

The blocks for the month were won by Sidney Jackson. They are Flying Geese blocks done in plaids.

Sharon Neuman of The Quilt Shop joined us and following lunch gave an interesting and informative program on Quilt Appraising. She discussed determining the age and value of antique quilts and showed several from her collection. Several of the girls brought quilts for her to look at to appraise.

Members present for the day were: Cindy Belt, Kay Brock, DarLee Foster, Shawnda Foster, Brenda Heflin, Sidney Jackson, Anne Jones, Terris Mann, D'Lyn Morris, Kelli Reddy, Cris Taylor, Gay Terrell and Jill Graham. We also had several guests.

### 1956 Study Club

By Judy Dunlap

Talent from within the club ran "amuck" Tuesday evening, Sept. 10, in the home of Louanne Dagley.

Following an invocation by Donna Henderson and naming of favorite entertainers to answer roll call, club president Judy Schacht introduced the "program". Members and guests laughed at and with the colorful spoofs of current television talk show hosts and country singers. These included "June Rivers Show", "Girls' Night Out", Okra Winfrey, Howard Nosell, "Mother's Recipes", and David Letterman. Favorite targets were the group's recently completed fundraiser, The Tator Bake, and moms jostling husbands, careers, children and club.

Melissa Long, chairman of the Tator Bake, presented "long-stemmed" potatoes and banners to JenniSu Smith and Atha Smith as rewards for their efforts in selling the most tickets to the bake.

To conclude the evening's fun Darlynn Hambright auctioned several unique items much to everyone's delight.

Guests of the club were Dixie Smith and Vicki Vandiver. Members present were Lisa Becker, Sherree Cannon, Dana Crossland, Judy Dunlap, Linda Harbin, Sharon Henderson, LaTresa Miller, Patti Miller Sharon Rainwater, Susan Simpson, Jan Thayer, Candi Thrasher, Rozanne Bishop, Jan Thompson and Leora Younger in addition to those previously mentioned.

### Athena Study Club

The Athena Study Club met Sept. 10 at 7:00 p.m. in the home of Mary L. McCarter for the annual yearbook party. A meal was prepared and served by the yearbook committee. Each member received a calligraphy picture and easel for plate favors.

The program "Yearbook Review" was given by Mary L. McCarter, creating enthusiasm for the coming year. Roll call was answered by "our favorite season".

Bettye Jackson, president, called the meeting to order and discussed responsibilities for departmental chairperson, standing committees and funding for different projects of the club.

Plans were finalized for "Old Fashioned Saturday Night" in downtown Lockney Sept. 14. The club planned a homemade ice cream booth, headed by chairman, Vera Jo Bybee.

Members present were Kathy Allen, Jane Archer, Vera Jo Bybee, Barbara Cawley, Tanya Covington, Shirley Hardin, Dorothy Hooten, Vida Hrbacek, Bettye Jackson, Gayle Jackson, Dani Johnson, Linda Kidd, Barbara Mathis, Rhonda McCain, Mary L. McCarter, Donnie Meriwether, D'Linda Mullins, Leslie Patterson and Gayle Reay.

The next scheduled meeting will be held in Dorothy Hooten's home Oct. 8.

### 1950 Study Club

The 1950 Study Club met recently for the opening meeting of the year in the backyard of Mr. and Mrs. Wayne Russell.

It was "guest night" and after a hamburger cookout the group was entertained with "Songs of the Decades" by Bill and Del Gray, Esther Parker and Jane McCulley.

President Edris Edwards conducted a short business meeting and the new yearbooks were given to the members: Roberta Russell, Edris Edwards, Geneile Evans, Nell Abram, Margie Fowler, Martha Lotspeich, Jane McCulley, Marjorie McElyea, Doris McLain, Lovene Moore, Sue Moore, Shirley Morton, Carol Reese and Nettie Ruth Whittle.

Guest present were: Bill and Del Gray, Elvis and Esther Parker, Percy Edwards, Wayne Russell, Mac McElyea, Mac Fowler, Bob Lotspeich, Edell Moore, Cleo Whittle, Kay Tinney and Frances Puckett.

Everyone shared in visiting, eating and reminiscing about the songs played

and sung.

The next meeting will be a program on drug abuse at the high school auditorium Oct. 8.

### Il Penseroso Jr. Study Club

By Marva Rasco

The Il Penseroso Jr. Study Club met in the home of Kim Lambert on September 12. Co-hostesses for the meeting were Renee Hrbacek and Rise' Ford.

Members enjoyed visiting with two special guests, Julie James and Dena Reecer.

Members agreed to sell lemonade at the Old Fashion Saturday and we also voted in favor of having a fishing booth at the Pumpkin Patch Carnival. Robin Sherman and Holly Norwood will be in charge of the club booth at the Halloween Carnival which will be on October 26.

The club chose to make a Christmas quilt to be given away to a lucky member at the end of the club year.

Those attending the meeting were Shawnda Foster, Rise' Ford, Kim Lambert, Kay Brock, Julie Dorman, DarLee Foster, Renee Hrbacek, Cindy Cotham, Tracy Long, Marva Rasco, Kim Teeter, Julie Ellison, Terri Fortenberry, Donna McCarter, Cris Taylor, Holly Norwood, Robin Sherman, Kathy Young, Michelle Stinnett and Melody Cox.

### Harmony Homemakers

The Harmony Homemakers Extension Club met in the home of Doris Snodgrass, hostess. The meeting was held at 2 p.m. Sept. 9.

Mae Williams, president, called the meeting to order. Roll call was answered by "a place I would like to go."

Committee reports were given by each committee chairman. The program was given by Glenna Miller with a video tape of her trip to Ireland and she also gave a narration of the trip.

Those present were: Lucille Miller, Mae Williams, Bess Carr, Blanche Williams, Arvie Schultz, Juanita Poole, Ruth Scott, Vivian Curtis, Imelda Murry, and guests, Maudine Miller, Edith Marrs and Glenna Miller.

Refreshments were served by the hostess.

### Social Security in Floyd County

By Mary Jane Shanes

Calling their work "a vital public service to families," Social Security Commissioner Gwendolyn S. King praised the nation's funeral directors for providing information to families about potential Social Security benefits.

In a letter went to over 21,000 funeral directors, Commissioner King thanked them for their many years of cooperation in reporting deaths to Social Security and giving survivors benefits information to families. At the same time, Social Security introduced a new form that funeral directors should use to report deaths to Social Security.

Attached to the form is a new survivors benefits factsheet that the funeral director can give to the family of the deceased. It explains in simple terms who can get benefits and how to apply for them. The factsheet notes that survivors benefits can be paid at age 60 to widows and widowers, and to divorced widows and widowers if the couple had been married at least 10 years. Children under 18 can get survivors benefits if the deceased parent worked and paid Social Security taxes.

For more information about Social Security survivors benefits, call 1-800-234-5772.

## Stricklands celebrate 60th anniversary

W.C. and Eddie Strickland of Clarendon, longtime residents of Floyd County were honored recently with a reception hosted by their children, C. DeJuan Strickland of Clarendon and Sharinne Strickland Weiller of Laguna Hills, Calif., and DeJuan's three children, Dr. Michael DeJuan Strickland of Pittsburgh, Penn., Karen Strickland of Houston, and Deidi Strickland of Dallas.

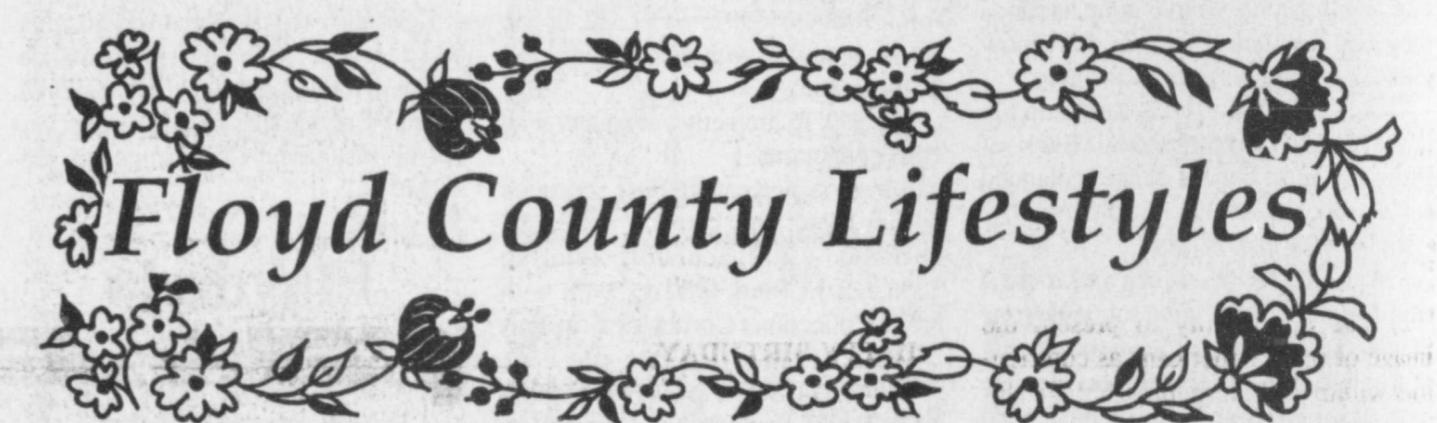

Michael has just completed his internship in Pittsburgh, Karen teaches second

grade in the Cy-Fair School District, and Deidi is a second year medical student at Southwestern Medical School in Dallas.

Unable to attend the celebration were Sharinne's son and family, James Russell and Beth Ann McGregor Jr. and children, Samantha Leigh and Jake, and Michelle McGregor, Sharinne's daughter, all of Pittsburgh. James Russell is an attorney in Pittsburgh and Michelle is a graduate of Texas A&M with a degree in biology and 2-1/2 years in Pittsburgh

Law School.

W.C. Strickland and Eddie Hammit were married in Floyd County Aug. 2, 1931. The couple couple grew up together and became engaged when they were young teenagers. Eddie taught school at Sandhill, west of Floydada, and Cedar Hill. She pastored Cedar Hill Church four years. They have been engaged in farming and ranching in Floyd County, Texas and South Dakota since their marriage and are currently at Clarendon.

## Floydada Nursing Home Happenings

By Jo Bryant

Hi! How are you on this cool, damp day? Another week has passed and here we are very busy and excited about the activities ahead.

The week started out with Bro. Bill Wright giving the devotional and Irene Wexler played the piano. In the evening the residents painted a shoe.

Tuesday, the ladies from the Companion & Caring came and served the residents some watermelon. The ladies serving were Ruth McIntosh, Shirley Varner, Dolores Cannon, Sue Walker, Ola Smith, Leona Neff and Ruth McIntosh played the piano for us and they sang some "Good ole Days" songs.

Wednesday was Bingo day. Otis Johnson had the first Bingo. Ruth Hammonds, Mary Alice Davis assisted the residents with Bingo. Candy, bananas and cheese crackers were the treats. Had a full house.

Thursday, was Rhythm Band and songs and exercise.

Friday, Faye Benson came and gave the devotional on prayer, Isasia 40-6, "Keeping our eyes on the Lord." She brought the residents some candy. Evelyn Latta played the piano for us and closed with a prayer.

The Dairy Queen in Floydada treated them to some ice cream. Then on to Matador for the bus ride. Grace Gomez drove the bus for us. Mrs. Bernice Robinson chose the lunch menu for the month of September. She chose chicken fried steak, cream potatoes, green beans,

hot rolls and banana pudding. Each month a resident will choose a meal.

Our love and sympathy go out to the family of Ricky Derryberry, Mrs. Linnie Willis and Dovie Holmes.

Hattie Jones is still in the hospital. We miss her and wish for her a speedy recovery.

Blood sugar test and blood pressure screening will be every third Tuesday of each month. The blood sugar will be from 8 a.m. to 9 a.m. only, as it must be

done while you are fasting. Blood pressure will be taken anytime during the day. Records will be kept here. This is free to the general public.

Thought

Such joys are numbered and to be savored

with a special delight - Anytime a child of yours Finally admits, "You're Right!"

May Richstone

# Clark and Nixon unite in marriage

Miss Cynthia Kay Clark and James Keith Nixon were united in marriage at the First United Methodist Church in Lockhart, Texas. The Rev. Clinton Harris and the Rev. Patrick Glazener-Cooney presided over the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. William Parrish Clark Jr. of Lockhart, Texas. The groom is the son of Mr. and Mrs. Leslie Loyd Nixon Jr. of Floydada. Music for the ceremony was provided by Mrs. Gary Brown, organist; Mrs. Joe Mickie, pianist; and Miss Tricia Rothhammer, soloist.

The bride, escorted to the altar by her

father, wore a Jim Hjelm bridal gown of candlelight raw silk trimmed with wide, French Alencon lace, pearls and borealis sequins. The bodice, with a Sabrina neckline, was fitted and dropped to a "V" in the back. The three-quarter length sleeves were gathered and trimmed with Alencon lace, pearls and sequins. A full skirt was softly gathered at the hips, and a double-fan bow of silk was attached at the waist. The cathedral-length train, elaborately styled with French Alencon lace, pearls and sequins, completed the gown. The candlelight, cathedral-length veil was decorated with seed pearls and attached to a

pouf headpiece. She carried a bouquet of candlelight and pink bridal roses.

The bride's mother wore a pink, beaded silk dress. The groom's mother was dressed in a mauve georgette two piece dress. The fathers of the bride and groom wore classic black tuxedos.

The maid of honor was Jeanne Hill of Dallas. Bridesmaids were Betty Clark and Cherra Siemering of Austin, Leanne Ney of Houston, Monica Mason of Dallas and Alison Winberg of Los Angeles, California.

The bridesmaids wore peacock blue, ankle-length, moire taffeta dresses. Each bridesmaid carried a bunch of spray pink roses.

Gary Nixon of Floydada served his brother as best man. Groomsmen were Robert Nixon, the groom's brother of Floydada, Bill Nixon, cousin of the groom of Oklahoma City, Okla., Sonny Allen of Austin, Pat Harkins of Spice-wood, and Tim Clark, brother of the bride, of Austin.

Ushers were Carter Abercrombie of Coppell, Danny Haley of Irving, Rob Ellis of Las Colinas and Mark Murrell of Dallas. They were dressed in Christian Dior, black tuxedos.

Members of the houseparty included Roxie Decker, Suzanne Gaddis and Karla Tate of Lockhart, Raegan Frey of

Austin, Sandra Rodgers of Dallas and Patti Hewlett of Georgetown.

A dance reception was held at the University Club in Austin following the ceremony.

Planned pre-wedding parties included a luncheon by Barbara Wilson and Betty Schroeder and a weekend lake party by Patti and Don Hewlett. Pre-wedding parties included a time shower by Janet Schaefer and Raegan Frey in Lockhart; a couple's shower in Dallas hosted by Jeanne Hill, Mary Hutchinson and Debbie Scherer; and a miscellaneous shower in Floydada hosted by Martha Williams, Rozanne Bishop, Trena Simpson, Mazie Hegi, Nancy Bishop, Edith Muncy, Penny Giesecke, Kelli Williams, Joyce Williams, Darlynn Hambright, Leora Younger, Carol Reese, Lou Burleson, Hope Crabtree, Elaine LaBaume and Alyne Evans.

Roxie Decker entertained the couple with a family dinner party and the groom's parents, Doris and Leslie Nixon, hosted the rehearsal dinner at Black's Opera House in Lockhart. The bridesmaids' luncheon, given by Cherra Siemering and Betty Clark, was held at Pecan Street Cafe in Austin.

Following a honeymoon at South Padre Island, the couple is at home in Dallas.

MRS. JAMES KEITH NIXON

## Tips for your baby's safety

Accidents are the greatest single threat to a child's welfare, and the potential for accidents exists in and around every home. But if you are aware of the dangers, most accidents can be avoided.

As your baby grows, he will become more active, leading to safety hazards. This is a normal part of a child's life. By taking some extra precautions, you can provide a safer environment for your baby. Some safety tips include:

- Bring the baby home from the hospital in a car safety seat and use it on every ride.
- Avoid injuries from falls by always being with your baby while he is on changing tables or other flat surfaces.

- Never leave the baby alone in the bathtub.

- Don't leave pillows or large floppy stuffed toys in the crib. This will prevent possible suffocation.

- Don't smoke, drink or carry hot substances while holding the baby.

- Never leave young children alone with the baby.

- Don't give the baby toys or pacifiers with long cords.

### NEWS

Thursday night, September 12, was potluck supper, there were 72 that attended and heard Alice Sawyer speak on RSVP (Retired Senior Volunteer Program) What & Why The program was about that we are a group of citizens, aged 60 and older, who do volunteer service for our communities. The program is funded by ACTION, the federal volunteer agency. Enrollment in RSVP provides these benefits for the members:

- 1) Opportunity for community involvement through volunteering.
- 2) The opportunity to present the image of older Americans as contributors within the community through significant community service.
- 3) A chance to make new friends.
- 4) Free accident and liability insurance (excess coverage) while volunteering. Each volunteer enrolled and active in the Retired Senior Volunteer Program is eligible for three kinds of insurance: accident, personal liability and excess automobile insurance. This is not a substitute for any other insurance you may now carry and only applies while you are performing your assignment as a volunteer in the program. This RSVP insurance is a benefit for belonging to the Retired Senior Volunteer Program and is provided free of charge to active volunteers.
- 5) NO MEMBERSHIP DUES

# City of Floydada maintains same tax rate

Continued From Page 1

Barrientoz made the statement that he "accepted this budget with the understanding that we will all work together to benefit all the citizens of Floydada."

Council member Amado Morales voted against the adoption of the budget as presented.

Ordinance #745 was adopted by the council authorizing the previously approved 1 1/2 to 1 match contributions to the Texas Municipal Retirement System. Motion for the action was made by Morales and seconded by Cornelius. A unanimous vote passed the measure.

Addressing the matter of demolition procedures concerning the structure at 621 West Jackson, the council opted to continue the proceedings by advertising for bids on the demolition. T. U. Linch was present to tell the council that he intended to continue to work on cleaning up the property which he still considers his home and hopes to live in again in the future.

Motion to advertise for bids was made by Tipton and seconded by Burns. The

pair cited the danger of fire and the general untidiness of the property in making the motion, pointing out that satisfactory progress in cleaning up the area would be considered before bids were opened at the next council meeting. If progress is not made, the property will then be awarded for demolition.

Mayor Wayne Russell explained the council's position to Linch including the fact that the council has previously granted him a sixty day extension to carry out the clean up operation during which only small signs of improvement were made. This was followed by notification to Linch that he had another 30 days before the council could vote on advertising for bids. Russell emphasized the fact that if no notable progress is made before the next council session in October, the council has no alternative but to have the possible fire hazard and unsightly structure removed.

Bids were opened for the proposed sale of a 1979 four door Chevrolet. Victor Mendoza bid \$406.00, Harold Snell bid \$200.00 and Janey Garza bid \$150.00. A motion by Morales, seconded by Barrientoz, approved the sale

of the former police vehicle to Mendoza.

A motion by Cornelius, seconded by Morales and passed by unanimous vote authorized the signing of an amendment to the city Code of Ordinances changing the policy for utility deposits. Under the terms of the new amendment, the first utility connection site would require a deposit of \$100.00. A satisfactory payment record for three years would lower the deposit required for subsequent site utility connection to \$50.00. The amendment stipulates that deposits in larger amounts may be required before utility connection if necessary to protect the city.

Council members agreed that it was in the best interest of the city if property liens not be used in an attempt to recover the cost of demolition on substandard structures. This action followed an explanation by city attorney Karen Houchin concerning the manner in which liens work and the amount of papers work, cost and vigilance necessary to ensure the collection of the amount of the lien and accrued interest.

A tax title lot located at the corner of East Virginia and North Eleventh Street was approved for sale to Arnaldo Lopez for the sum of \$350.00. Motion for the action came from Morales with a second by Cornelius. The vote was unanimous in favor of the motion. The sale will depend on a vote of approval from all taxing entities involved in the property.

Barrientoz made a motion to seek bids on another tax title lot. The lot in question contains two structures which are not in compliance with local ordinances. Sale of the lot would stipulate that the structures would have to be brought up to standard as a condition of the sale. Tipton seconded the motion and the matter passed by unanimous vote. Again, approval depends on authorization from the other taxing entities involved.

A series of line item adjustments to the 1990-91 city budget were approved on a motion by Schacht, seconded by Barrientoz and passed by full vote of the council. The adjustments transfer funds within the budget from areas where money has not been used this year into areas where more funds have been expended than were originally budgeted.

Bids will be advertised for in the proposed purchase of a new sewer machine for the sanitation department. Burns made the motion and Barrientoz seconded. Remaining council members voted in favor of the motion. Funds for the purchase are included in the budget for the 1991-92 fiscal year.

Routine matters handled by the council included the reading of the minutes from the previous meeting and the payment of monthly bills. Morales questioned the bills as presented, commenting, "We need to spread the business around. We are not giving Higginbotham much business. It seems that the majority of city purchases are made at Davis And Sons. Another thing is City Auto. They seem to get all the repair work. Not Oden."

Burns pointed out that the city tries to keep city money local by buying from local firms and reminded Morales that Davis is locally owned and Higginbotham-Bartlett is controlled by outside owners. He then suggested that the council could take bids on all expenditures and award purchases to the lowest bidder even though the city is not required to bid expenditures of less than \$5,000.00. No action was taken on the suggestion.

Morales stated "I would go along with that."

Burns then asked, "Would you rather spend city money to advertise for bids than just try to trade with local businesses in a fair manner?"

Morales replied, "I think we need to spread the business around a little more in town."

Morales next asked if city employees are getting their gas for city vehicles at the self-service pumps or the more expensive full service lanes. He was told that the employees have been instructed to use the self service pumps, but on occasion do not if the lines are long and require an extended wait. Morales indicated that he would rather see the city employees wait until a self service pump is available than have them fuel a city vehicle at a full service pump.

Motion to pay the bills except City Auto, Cornelius Conoco and Tipton Oil was made by Cornelius with a second by Schacht. Vote was five in favor and one against with Morales casting the dissenting vote. Morales stated, "I feel that the business should be spread around more in town and I want it to appear in the Hesperian that way."

Motion to pay City Auto was made by Barrientoz, seconded by Cornelius and passed on a vote of 4-1 with Burns abstaining and Morales voting against.

Motion to pay Cornelius Conoco was made by Schacht with a second by Burns. Vote was 5 in favor with Cornelius abstaining.

Motion to pay Tipton Oil was made by Cornelius with a second by Schacht. Vote was 5 in favor with Tipton abstaining.

City manager Gary Brown reported that progress is "iffy" at best on the landfill permit. EPA regulations have been handed down but are not yet available in print and the recent legislative action combining certain agencies of the state into a single department will again delay the process. No permit is anticipated until possibly March of 1992.

The air quality board has agreed to allow a one time burning of approved materials at the landfill within 180 days. The material may be collected and incinerated one time during the next six months according to Brown.

"I want to wait as long as we can in order to make the best use of the burn," said Brown. He told the council that no composition shingles or asbestos materials may be in the burn materials which will consist of mostly wood items such as old building materials and dead wood.

Brown also reported progress on the high school park baseball field being renovated in cooperation with Floydada High School to be utilized by the school during baseball season. He also reported the finished installation of five covered picnic tables, two at Annie Taylor Park and three at the high school park. Nothing has been heard concerning the park grant applied for this year.

Brown also discussed briefly a new vicious dog law the state legislature passed which became effective on September 1. The law requires registration of vicious dogs and a locked enclosure to house them. Dogs involved in a personal injury incident must be covered by a \$100,000.00 liability insurance policy or destroyed.

A power outage on Friday, September 13, was attributed to a truck which pulled down some lines in the 100 block of North Main. City power was out for about 45 minutes according to Brown and SPS was out longer as they had to repair a broken pole before returning power to the lines.

Brown reported that mowing continues but is sporadic according to the weather with all the recent rain. Work is also continuing on potholes in city alleys.

Attending the Monday evening meeting were Mayor Wayne Russell, council members Amado Morales, Ruben Barrientoz, Clar Schacht, Leroy Burns, Wayne Tipton and Eric Cornelius. Others present included city manager Gary Brown, city secretary Jimmie Lou Stewart, city attorney Karen Houchin, Connie Galloway, Sharon Quisenberry, T. U. Linch, Amado Morales Jr., Riddley Gibson, Joe Stepp and the Hesperian-Beacon reporter.

# Lockney Longhorns lose heartbreaker to Petersburg

**GOOD TRY HORNS--**The Lockney Longhorns played their hearts out until the horn signaled the end of the game in their battle against the Petersburg Buffaloes. The coach of the Buffaloes commented that his team was taken by surprise when the Longhorns kept fighting and did not give up. **Staff Photo**

By Isaac Cuellar

Lockney did not play like the so called "underdogs" that some may have thought they were, Friday the 13th at Petersburg.

Petersburg struck first with just 4 plays and a touchdown. Jerry Fillingim ran it in on a QB sneak from 1 yard out to give Petersburg a somewhat quick 7-0 lead early in the 1st quarter. The score was set up by a fantastic run just two plays earlier by running back David Marquez, #21, who had a superb night with 155 yards rushing.

Lockney gave a new meaning to the word "quick" when they touched the ball on their first possession. After a minimal gain on 1st down the QB Phineas Riddley romped, scooted, dodged and flew for a 40+ yard touchdown run.

However this touchdown came back, due to a penalty. This penalty was very costly and turned out to be the difference in this contest.

Lockney got the ball back after holding Petersburg on their next possession and after a couple of plays they "fumbled" (as Chris Berman would say) the ball deep in Lockney territory.

Petersburg capitalized on the turn over and after a 4th and goal Jerry Fillingim sneaked it in for the second score of the night giving Petersburg a 14-0 lead going into halftime.

To open up the second half the Longhorns took the opening kick-off and began their awesome ball control offense. After about 8 minutes of delightful running the Longhorns found them-

selves inside the 5 yard line of Petersburg.

So when in doubt what do you do? You give the ball to Juan Vargas.

Juan took the hand off and two yards later produced Lockney's first score of the night, bringing the Longhorns back into the picture.

With the score now being 14-7 and the game getting more and more exciting; everyone started in on the action. The Lockney defense was stopping the foe and the offense continued moving the ball.

Moving into the 4th quarter Lockney's defense again rose to the occasion allowing Lockney one final shot at either a tie or a victory.

With just 13 seconds on the clock and 4th down facing the Longhorns who have the ball inside the 15 yard line of Petersburg; all eyes were on the last play.

The fans were possible wondering if the Horns would triumph victorious or would Petersburg defense finally slow down Lockney's ground attack.

The Horns QB took the snap from center and set back quickly looking for the post route TE streaking across the middle. Riddley, the Horns QB, unleashed a quick pass and it was intercepted by Petersburg Porter.

Porter brought it back but was hit hard by a Lockney defender and fumbles. After the scramble and a penalty Petersburg comes up with the ball and the ball game.

So a hard fought game finds Petersburg winning the game but Lockney winning the battle; Petersburg 14, Lockney 7.

### Isaac's Report Card

Lockney Longhorns get an A in endurance. The players show determination and gusto even when hurt, tired and winded.

I'll give the Horns a B- in their mental playing. The F goes to the referees from poor officiating. The little "Big" things like holding and illegal hitting proved costly for the Horns.

In short these Horns are improving on both sides of the ball. I'm sure they'll apply what they've learned in their first two ball games and apply them in their next big test.

Next up for the Longhorns are the Floydada Whirlwinds who visit Lockney on Friday, September 20. The stage is set for what could be Lockney's stiffest opponent.

## LJHS begins student of the month and perfect attendance programs

Lockney Junior High will begin their Student of the Month program in September. The teachers will again nominate a student who displays good, quality characteristics by doing their homework, being on time for classes and obeying the teachers instructions. This award is not based on academic excellence, but on the student's behavior both in and out of the classroom.

Another program that the junior high is beginning this year is a Perfect Attendance Award. This award will be given on a monthly basis. The names of all the students who are not absent for that month will be placed in a drawing and the winner will receive a prize for that month.

"The Lockney community has been very supportive in donating for this and other programs. We appreciate their support, because without their donations, none of these programs would be possible," sponsors say.

Sponsors were able to purchase the following items with the donations from these businesses this year:

First State Bank, \$25.00 savings account; Clark Pharmacy, Coleman sleeping bag; Pay-n-Save Grocery, AM/FM stereo cassette player; Stapp Automotive, twin pack calculator, Kodak camera; Lockney Insurance Agency, stereo cassette player, Kodak camera; Brown's, \$25.00 gift certificate; Kellison Fertilizer two Texas Tech mini-footballs and basketballs; Lee's Home and Auto, nine movie rentals; Jim Doucette Enterprises, stereo cassette player, mini basketball with hoop; Main Street Pizza, four small pizzas.

Also, Schacht's Flowers and Gifts, Silver Eagle collectors coin; J and K Insurance, football with pump and tee, Phoneworks telephone; Tye Company, walkie talkies; D and K Gin Inc., football with pump and tee, boardgame - Game of Life; Lockney Gin Company, sports bag; Lambert Spraying, sports bag; Lockney Meat Company, clock radio; Consumer's Fuel Assn., Home Alone video with poster; Lockney Co-operatives, two individual summer passes to the city swimming pool; Golden Corral of Plainview, two salad bar gift certificates; Violet Cooper, two battery operated radios; Strickland's, gift certificate for Friday night buffet.

Other businesses who would like to donate to these programs, please contact Vicki Vandiver or Janis Polson at the junior high school.

"Thank you once again for your support of this program and your support of our students," said Vandiver and Polson.

## Drug Free meeting set

A meeting for Drug Free Week in Lockney has been set for Tuesday September 24 at 3:30 p.m. at the Lockney High School Library.

Anyone interested in working toward a 'Drug Free Lockney' is asked to participate in the meeting," stated Charlotte Mitchell, counselor for the L.I.S.D.

We would like to express our appreciation and thanks to all our neighbors and friends who helped harvest our corn. Thank you for all the labor and machinery used in this effort. Thanks also to Consumers Fuel of Lockney for furnishing the fuel and to Attebury Grain for lunch for the harvest crew. We feel truly blessed to have friends and neighbors like you.

Neighbors helping were Melvin Bradley, Doug Bradley, Pete Gonzales, Eddie Teeter, Monty Teeter, Henry Segovia, Carl Molinar, Salvador Martinez Jr., John Paul Schacht, David Perales, Warren Mitchell, Larry Adrian, Eddie Foster, David Foster, Jody Foster, Phil Green, Ray Mercado, Junior Mercado, Aaron Wilson, Rusty Wilson, Jesse Arjona, Jose Martinez, G. ## Lockney Girl Scouts to register Monday

All girls at Lockney Elementary School grades K-5 are invited to a Brownie-Girl Scout signup party Monday, Sept. 23 from 6:30 to 7:30 in the elementary cafeteria. This party includes girls who were in scouts last year. There will be refreshments, a video on

scouting and games. Each girl should bring a parent to fill out registration and medical forms.

Leaders are needed for the Daisy (Kindergarten) troop, the first grade Brownies and the fourth grade Junior

Girl Scouts. If anyone is interested in being a leader or assistant for these troops, please contact Carol Huggins, 652-3115, or Vicky Schaeffer, 652-3795. You don't have to have a daughter in the troop to be a leader. All help will be welcomed and greatly appreciated.

**Q-DOG RETURNS PUNT**—Whirlwind senior Quincy Johnson returned this punt for 19 yards in game action last Friday. ## Coaches Comments

**By Coach Dean Bates**  
We were pleased with our win over Lubbock Roosevelt last Friday night. We executed very well on both sides of the ball early in the game, and this allowed us to play a lot of kids in the game. That will help us down the road.

We travel to Lockney this Friday for our annual Floyd County game. The Longhorns are a young, improving football team, and we will prepare for their best effort. Previous records mean very little in this game, and this year we will face a mirror of our football team. They have a new coach, and we were fellow staff members at Kermit High School. They use the same offensive and defensive scheme as we do, and that is always a concern. All of these factors will lead to the excitement. See you at the game.

Wester Field on September 13. Five different Whirlwinds crossed the goal line six times in the one-sided contest, which saw Floydada registering 21 first downs in the initial 24 minutes of play. The Winds improved their record to 2-0 for the year while the Eagles suffered their second loss by a large margin.

After receiving the opening kickoff, Floydada marched 62 yards in ten plays. Leading the rushing assault were runningbacks Jammie Davis, Michael Henderson and Ruben Chavarria. Quarterback Billy Villarreal also displayed some talented moves with a nifty 17-yard gainer in the drive. Ruben Chavarria carried the final yard for a touchdown hardly four minutes into the game.

An errant snap on the conversion attempt led to an improvised two-point run by holder Jaime Suarez. Following Floydada's kickoff, Roosevelt fumbled on its first play from scrimmage. The Whirlwinds capitalized on the Eagles' miscue, with Jammie Davis scoring on a two-yard plunge just three plays later. Another bad snap prevented the conversion attempt, and Floydada had to settle for the 14-0 advantage.

Roosevelt again turned over the ball following the ensuing kickoff. Following Michael Gilliland's fumble recovery,

Floydada drove 62 yards in only six plays, with Henderson carrying the last three yards for another Whirlwind touchdown. Gilliland's conversion kick was perfect and the Whirlwinds extended their lead to 21-0, with less than a minute remaining in the opening quarter.

Floydada's No. 2 unit backfield took over in the early moments of the second period. Quarterback Keith Teeple directed a 10-play, 41-yard drive, which included a 12-yard pass to Jason Pyle for a first down. Unable to crack the end zone, Gilliland attempted his first field goal of his varsity career. The kick was wide to the left, and Roosevelt put the ball in play at the Eagle 20-yard line.

The Eagles mounted their first serious drive of the evening, highlighted by a 43-yard pass and run combination from Mike Matsik to tight end Josh Smith. The Eagle scoring threat was thwarted by Adam Gonzales for the 'Winds. The large sophomore tackle batted down a Matsik aerial and Floydada took over on downs at the Whirlwind 24-yard line.

From that point the 'Winds marched 71 yards in five plays, capped by Chavarria's second touchdown from nine yards out. Gilliland tacked on the PAT, and Floydada's lead stretched to 28-0 shortly before the intermission.

Roosevelt was unable to move the ball in its first possession of the second half, and the Eagles were forced to punt. Floydada set up shop at the 'Wind 47-yard line. Four plays and 53 yards later the Whirlwinds again crossed the Eagle end zone. Kenneth Davis hauled in a perfect Villarreal pass on a sideline route, and turned the 25-yarder into another six points. Gilliland hooked his kick attempt for the conversion. With 8:56 left in the 3rd quarter, Floydada had upped its lead to 34-0.

After an exchange of punts, Roosevelt moved seven plays out to its own 42-yard line. The Eagles called on their 260-lb. fullback, Noel Munson, to go for a first on a fourth-down play. The Whirlwind defense denied the attempt, and Floydada took possession on the visitor's 42.

Keith Teeple hooked up with Kenneth Davis for a 40-yard pass completion, which set up Floydada's final touchdown. Senior Tracey Johnson crashed in from the two on the next play. The conversion attempt failed and the score remained 40-0, Floydada.

Roosevelt broke its season's scoring drought with two meaningless touchdowns in the fourth quarter. A 10-play, 95-yard drive was capped by a Mike Matsik to Josh Smith TD toss. Moments later Matsik again found his favorite receiver, and Smith rambled 75 yards on the pass and run combination. Both Eagle conversion attempts failed, giving the Whirlwind the final 40-12 winning margin.

### BILL'S NOTES

It is important in the early non-conference games for the young Whirlwinds to build the level of their playing intensity each week. So far they are on schedule. After the Crane upset in the opener, it would have been easy for the 'Winds to have a let-down. This was not the case. The offense scored 28 points (including 21 first downs) in the first half alone, with the scoring distributed among the stable of runningbacks. Playing almost errorless ball, the first unit offense has only turned the ball over once in eight quarters of play. The defense was awesome throughout most of the game. As I predicted last week, Roosevelt did score their first points of the year - but, only after Coach Dean Bates had cleared the bench and played everyone but the "Cheerleaders and the second chair snare drummer." It was important to get some of

our younger folks in for some varsity experience. Junior quarterback Josh Thayer directed several series, and showed some promise for the future, as did Jonathan Simpson and some of the others up from the junior varsity.

The defensive play of the game was turned in by my choice of defensive player of the game - Ramiro Rios. The junior linebacker was all over the place, especially on special teams where he made the tackle on most of the kick returns of the game. "Chucky's" stick of Eagle QB Matsik caused a first quarter fumble. This defensive play of the game set the tone for Rios' performance for the rest of the evening. He had 12 tackles and caused two fumbles. There were a number of superlatives shown on offense. Nine runningbacks contributed to the 256-yard rushing output on 43 carries (5.9 yards-per-pop average). The offensive line again had a lot to do with Floydada's success at rushing. My choice for the offensive play of the game was Teeple's pass to Kenneth Davis which set up the final touchdown. Davis caught the ball at about the 20 and covered the final yards down to the two—with the ball seemingly fastened to his left shoulder pad. My nod to outstanding offensive performances goes to Jammie Davis and Michael Henderson. The one-two punch they delivered out of the wishbone gave the Eagle defense problems all night. Roosevelt's two passes for touchdowns in the fourth quarter might help build the Eagles' confidence as they host the Ralls Jackrabbits next Friday - while the 'Winds make the short trip north for their date with Lockney. Ah, yes... the Winds and the 'Horns. They've been going at it for seven decades and most of the games have almost legendary status. On paper the 'Winds should easily handle their "county cousins," but tradition and pride can have a lot to do with the outcome. I won't venture a guess on the score on this one, except to say that the county championship trophy will remain in Whirlwind hands for another year.

## Floydada JV fights to a tie with the Roosevelt Eagles

With its ranks reduced by nine players (who suited up with the Varsity Whirlwinds for Friday's game), Floydada's Junior Varsity fought to a 14-14 dead-lock at Lubbock Roosevelt on September 12.

The outstanding offensive players were Tate Glasscock, quarterback; D.G. Hollums, line; and Casey Criswell, end. Named defensive players of the game were Bruno Mendez and Sammy Rodriguez (two pass interceptions).

The J.V.'s next action will be against the Lockney J.V. on Sept. 19.

## Floydada Junior High squads impressive

**By Bill Gray**  
Floydada's 7th and 8th grade Breezers hosted Lubbock Roosevelt at Wester Field for their season openers on Sept. 12. By mutual agreement, the 7th graders ran three sets under a controlled scrimmage format. The coaches retreated to the sidelines for the last set, which was operated under game conditions with a running clock.

The 7th Breezers dominated the scrimmage portion, scoring six times to the two for the visitors. The six-minute, game-condition series was won by the Breezers 8-0. Floydada's offensive firepower included Robert Cuba (48-yard TD run); Vernon Cooper (10-yard TD run plus a 2-point conversion); Jacob

Guzman (TD runs of 17, 31, and 23 yards); Marcus Collins (3-yard TD run); and David Mercado (10-yard TD).

According to the coaches, "The defense played well, but gave up two long touchdown runs. The offensive line blocked well and opened huge holes. It was a great outing for our offense as the runningbacks ran hard, found holes, and outran the opponent's defensive backs."

The 8th Breezers' final margin of 42-14 over Roosevelt was almost a carbon copy of their counterparts on the varsity squad. Just as the Whirlwinds posted three scores in Friday's action, the 8th Breezers' 20 points in the first quarter had the young Eagles on the ropes from the outset. John Mendez tallied twice in the first period, with Zach Abshier also picking up a touchdown on a 1-yard blast. Arnulfo Cervera added a two-

point conversion.

Cervera had touchdown scampers of 47 and 37 yards in the second quarter to help put the game out of Roosevelt's reach. Abshier tacked on two 2-point conversions to increase the halftime lead to 36-14. Adam Mendoza's 15-yard touchdown in the third quarter closed out the Breezers' scoring.

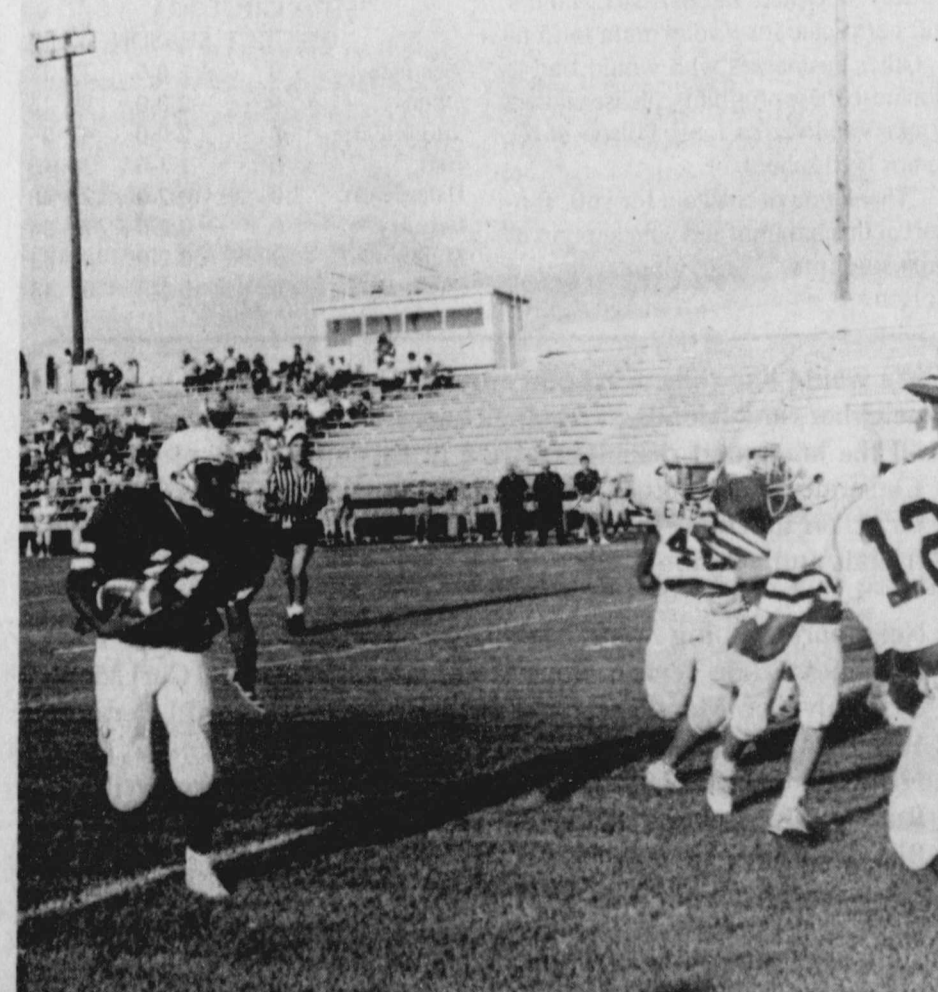

The coaches commented, "We had good execution for the first ball game. The offensive line of David Watson, Michael Mercado, Tim Rando, Anthony Emert and Alex Vallojo had an outstanding game opening holes. The defense also performed well in recording a shutout (Roosevelt's only points came on two long kickoff returns)."

Named outstanding offensive players were the offensive line, Arnulfo Cervera and John Mendez. The defensive players of the game were Tim Rando and Zach Abshier.

Both Breezer squads will host the Lockney Shorthorns at Wester Field on Sept. 19.

## Floydada students hold 'Meet You at the Pole'

Floydada students joined with thousands of other Texas youth across the nation, in the largest simultaneous youth prayer meeting in history September 11, at 7:00 a.m.

The "See You at the Pole," meeting was launched by Texas Baptists last year, and drew more than 45,000 high school and junior high school students to pray around the flag poles at about 1,000 Texas schools.

This year's meeting was expected to draw more than 60,000 Texas young people and up to 2 million across the nation," said Chuck Flowers, youth associate in the Texas Baptist Evangelism Division.

"The school campus is one of the great mission fields of our nation," said Flowers. "Meeting on the campus to pray is a symbol of our confidence that God will work in the lives of students, if Christians boldly agree with His desire to

have all come to know Him.

"Students are encouraged to pray for their teachers and other leaders and for God to intervene in student problems such as drug and alcohol abuse, sexual immorality, depression, suicidal tendencies and satanic cult influences."

To avoid potential conflicts, it is essential that "See You at the Pole" prayer meetings be student-led, said Flowers.

"The purpose is not to make a militant stand against organizations that oppose any Christian influence on campus. We want these prayer gatherings to focus on the real purpose, and that is prayer."

### FHS DECA/MOCT announces new officers

The Floydada High School DECA and Multi-Occupational Cooperative Training (MOCT) organization has announced officers for the current school year. Robin Galloway will serve as President with Becky Turner as vice president. Roxann Cavazos will be the secretary and Janet Sherrill will fill the post of treasurer. Jack Alaniz will be the parliamentarian and Nita Patel is Historian. Roxanne Mercado is the reporter and photographer.

There are fifteen first year MOCT students this year and six MOCT-2 second year trainees at FHS this year. MOCT is geared to teach students about the free enterprise system and to allow them the opportunity to begin functioning as a part of that system.

The organization has been described as a vital link between school and business. The program provides two way benefits. Merchants have available a pool of enthusiastic, trainable young people. These students are able to enter the world of work while they continue their high school academic pursuits.

FHS students participating in the program and their training stations include: Jack Alaniz and Brad Swaffar (City of Floydada), Jodee Breed (Floydada Housing Authority), Roxann Cavazos (My-T-Burger), Libby Martinez (Dairy Queen), Lupe Trevino and Becky Turner (Brown's Implement), Jura Cervera (Don Hardy Race Cars), Nita Patel (Thompson Pharmacy);

Armando Rios, Robert Lopez, Andy Martinez, Roxanne Mercado, Ramiro Rios, Faliza Rodriguez, Gerardo Jasso and Jaime Suarez (Pay-n-Save); Christy Garcia (Lotta Burger), Candy Alvarez (Pizza Gold), Robin Galloway (Light-house Electric) and Janet Sherrill (Allsup's).

## National scholarship program in fourth year

The Coca-Cola Scholars Foundation, Inc. is beginning its fourth annual scholarship competition, the largest business-supported college scholarship program in the country. Interested students should see their guidance counselors for scholarship applications and eligibility information. The postmark deadline for applications is October 31, 1991.

Southwest Coca-Cola Bottling Company, Inc., the sponsoring local Coca-Cola bottler, encourages graduating seniors to apply and compete for the 150 scholarships to be awarded in the spring. Fifty National scholarships worth \$5,000 annually and 100 Regional scholarships worth \$1,000 annually are awarded, and are renewable for up to four years of undergraduate study at any accredited U.S. college and university.

"This is an excellent program that provides education opportunities to

outstanding students. We support the efforts of the Foundation to recognize deserving, future leaders," said Charles F. Stephenson, Executive Vice President and Chief Operating Officer of Southwest Coca-Cola Bottling Company, Inc.

The scholarship will be rewarded to individuals on the basis of personal as well as scholastic merit. Consideration is given to a student's leadership potential, character, and intellectual ability in addition to their academic record.

### Public Notice

On June 28, 1991, Southwestern Bell Telephone Company (Southwestern Bell) filed an application with the Public Utility Commission of Texas (Commission) to add a new optional service offering for business Private Branch Exchange (PBX) Trunk customers called Digital Loop Service. The application has been assigned Docket No. 10461.

Digital Loop Service provides digital transmission of circuit switched voice and data communications between the customer's premises and the central office. This service allows the customer to use a 1.544 Mbps facility capable of delivering up to 24 line terminations. Southwestern Bell will provide Digital Loop Service within the customer's serving central office where facilities are available.

If approved by the Commission, the rates for the Digital Loop Service facilities will be \$445 per month for each digital transmission loop arrangement which provides a capacity of up to 24 line terminations, plus \$5 per month for each line termination and \$9 per month for each channel termination. The proposed rate for the unlimited use of the central office varies from \$12.25 up to \$18.90 per month for each line termination depending on the rate group classification, determined by the customer's location. Southwestern Bell estimates revenue of \$2.1 million from this offering during the first year.

As proposed by Southwestern Bell, customers who currently receive digital loop compatibility through facilities installed under a special construction agreement will have the option to receive their current digital loop arrangements pursuant to the Digital Loop Service Tariff or continue to pay their current charges until they make a change of location or account. Any increase in the number of line terminations to a customer's current digital transmission loop arrangement will be provided pursuant to the proposed Digital Loop Service Tariff; however, the customer will continue to have the option of paying current charges for the existing digital transmission loop capacity. Southwestern Bell's proposal to "grandfather" existing digital loop facility arrangements is subject to review and approval by the Commission.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible, but not later than October 15, 1991. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256. ## Building A Mile Of Barbed Wire Fence

By Will Martin

Mr. Marvin Massie was the man my nephew and I got the job from to build a fence. Orval Yandell was my nephew's name. Orval was 19-years-old at the time and I was 26 years old. This job was done in 1935.

Mr. Marvin was a man who was careful whom he hired to do work for him. He was easy to work for, but had a way with people to get anyone to do anything done just so, so. He knew that both Orval and I had done quite a bit of fence building for his brother, Will and felt he could depend on us to put up a fence that would please his qualifications.

This fence was along the east side of his half section of land that was on the west side of the Ralls highway. His land started just five miles from town and went a mile on south where Orval and I built the new fence.

The reason we were building the fence for Mr. Massie was that we were moving it over a few feet to make room for the new paved highway from Floydada to Ralls. Everyone who owned property on the highway had to move their property fence and other things that were in the way of the new right-of-way of the proposed road.

It was something of a chore to get everyone to make the room for the graders to go to work preparing for the road-base. I remember that it was the 8th of July, 1937 that they brought Papa's body from a hospital in Lubbock where he had died that afternoon. We were riding with one of my uncles. He was trying to stay up with the hearse. Most everyone knows how rough it is to drive on a new road that is under construction. I thought sure uncle Claude was going to kill us all, but we made it safe and sound to the funeral home.

Back to the road building. First I want to tell how things can change in a few years. Last week I wanted to drive down the Ralls road and see how things looked where Orval and I had built a fence 56 years ago. Not hardly anything appeared to me as it did when we built the fence. The pasture seemed to be put in cultivation. I could find the road that was fenced on each side of the Ralls road to the Edgar McCarty place. The north side of that fence was where I had remembered as being Marvin's south corner post. The whole place, except a few acres of cotton where I thought was Mr. Massie's north corner. I recognized Howard Gregory's place that was built when I was a small boy. Ned King was the one who had the house built. Wendell Tooley and another house south of these two were on the east side of the highway close to where I thought my Marvin land began.

Someone had already taken up the post and rolled up the wire and left them in handy places for the new fence. Mr. Marvin came with us the first day and gave us the general layout of how the fence was to be built. I won't give a step by step of how the fence was to be built it would take up too much space. Just give what I think are the highlights.

The first thing was to put in a corner post about 3-1/2 feet deep. We dug a hole crosswise about three feet from the corner post, two feet deep with a trench from the cross hole up toward the corner post. Then we cut a short hole, wrapped a double wire around the corner post, down the slot and around the short pole and twisted the wire fairly tight. Then we filled the hole with dirt and tamped it good and tight. Of course, the dirt had been tamped good and tight around the cornerpost. This cross pole was the brace or anchor for the whole fence. We called it the dead man's.

We put the same thing at the south end and put two deadmen at each side of the gate which was about half way of the fence.

We started to dig the line post holes and put the post in and tamp the dirt in good around them. My father, Henry, who was a master fence builder told me the first five or six inches at the bottom of the hole was the place to tamp the tightest. Mr. Marvin gave us a stick to gauge the height of the post from the ground. If the post was too tall we had to dig it deeper until the stick showed the

height was the same as the other post, of course most of our post holes had to be dug deeper.

After we had the post in and received an okay from Mr. Marvin we were ready to unroll the wire and get ready to put it on the post we had put in. If you have ever rolled or unrolled barbed wire you had better wear a pair of leather gloves.

We would tie the end of a wire around one of the gate post and use a pair of wire stretchers on the end next to the corner post. With the end of the wire fastened to one end of the stretcher and with the chain fastened around the corner post we would pull on the stretcher rope until it was as tight as we could get the wire. Then wrap the wire around the end of a crow bar, use it for a prize halfway around the post and staple the wire tight against the post, take the loose end of the wire and bring it around the post and wrap it several times around the main wires. Then take stretcher off and get ready for the next wire.

We repeated this on all four wires. Mr. Marvin had four notches cut equal distance apart for us to use when we went to staple the wires to the post. We would only drive the staples up snug and not bury them up in the post. Because when cold weather came the wire would contract and break.

After we finished the fence line we made a gate between the gate post. We made it good and tight with five wires so the cows couldn't crawl through it and so tight that it was hard for the average man to slip the hook wire off of the gate post to open the gate. I don't remember for sure how long we were building but seems it about a week and one half.

During the time we were building the fence one of the worst storms I was ever in happened one afternoon. Mr. Marvin's place was about one half in cultivation that the Terry brothers, Tom and Milton farmed.

The other part was in grass or pasture. Tom and Milton lived in a two room shack in the edge of the pasture. They had a well and windmill, a pen and maybe a shed for the horses. A little piece south of their house was a shed for the range stock. We would come down to the windmill to refill our water jug maybe twice a day when working on the fence.

We saw the cloud coming from I think the northeast and dark as I ever saw a cloud. You could see it moving real fast. Orval said, "Uncle Billy we had better go get under that cow shed". I agreed quickly. When we got there the Terry brothers were already there.

Jim Styles who was plowing in a field close by made it just about the time the wind hit and hail and rain began to fall. I don't think it hailed as much as the terrible high wind that seemed to get harder and rained in a torrent with thunder and lightning real close to us. A real loud clap of thunder and lightning struck real close by the shed. Jim let out an oath. Milton said, "Jim you ought not to talk that way we might all be killed."

As I have said the wind seemed to blow harder and harder. Jim said why don't we go in the house Tom answered this shed is a lot safer than the house. The post on the back wall are about five foot in the ground and six foot apart on a strong one inch plank wall.

Nevertheless the north wall would seem to pulsate back and forth like it was going to cave in on us. After what seemed to be an hour the rain stopped and the wind ceased almost as sudden as it had started. The clouds passed on to the south and the sun came out brightly. Just think what a bunch of five men were thankful to the Lord for, a safe deliverance from death.

The storm blew my brother's house about five feet off its foundation, seven miles west of town, but thank the Lord none of the family were hurt. I didn't hear of any damage anywhere else. But news did not travel as fast even then as it does now.

After the rain, Orval and I made out of the pasture okay in spite of water about three inches deep and had not time to soak in the ground or drain to the lake. The same was true of the road bed draining quickly to the bar ditches. A sudden rain will hardly soak into road bed and let it get boggy or bom deep ruts.

After we finished the fence, Mr. Marvin told us to come to his office and get our check. He said we did such good job that he was going to give us a \$5 bonus. We thanked him, went to buy us some new clothes and groceries for Papa and Mama.

## County organizations will participate in Food Festival

Cardiovascular disease is our nation's largest killer. Research has proven that the typical American diet that is high in cholesterol and fat contribute significantly to an increased risk of heart attack or stroke.

To focus the public on this problem the American Heart Association will be sponsoring the American Heart Association's "Food Festival" from Sept. 22-28.

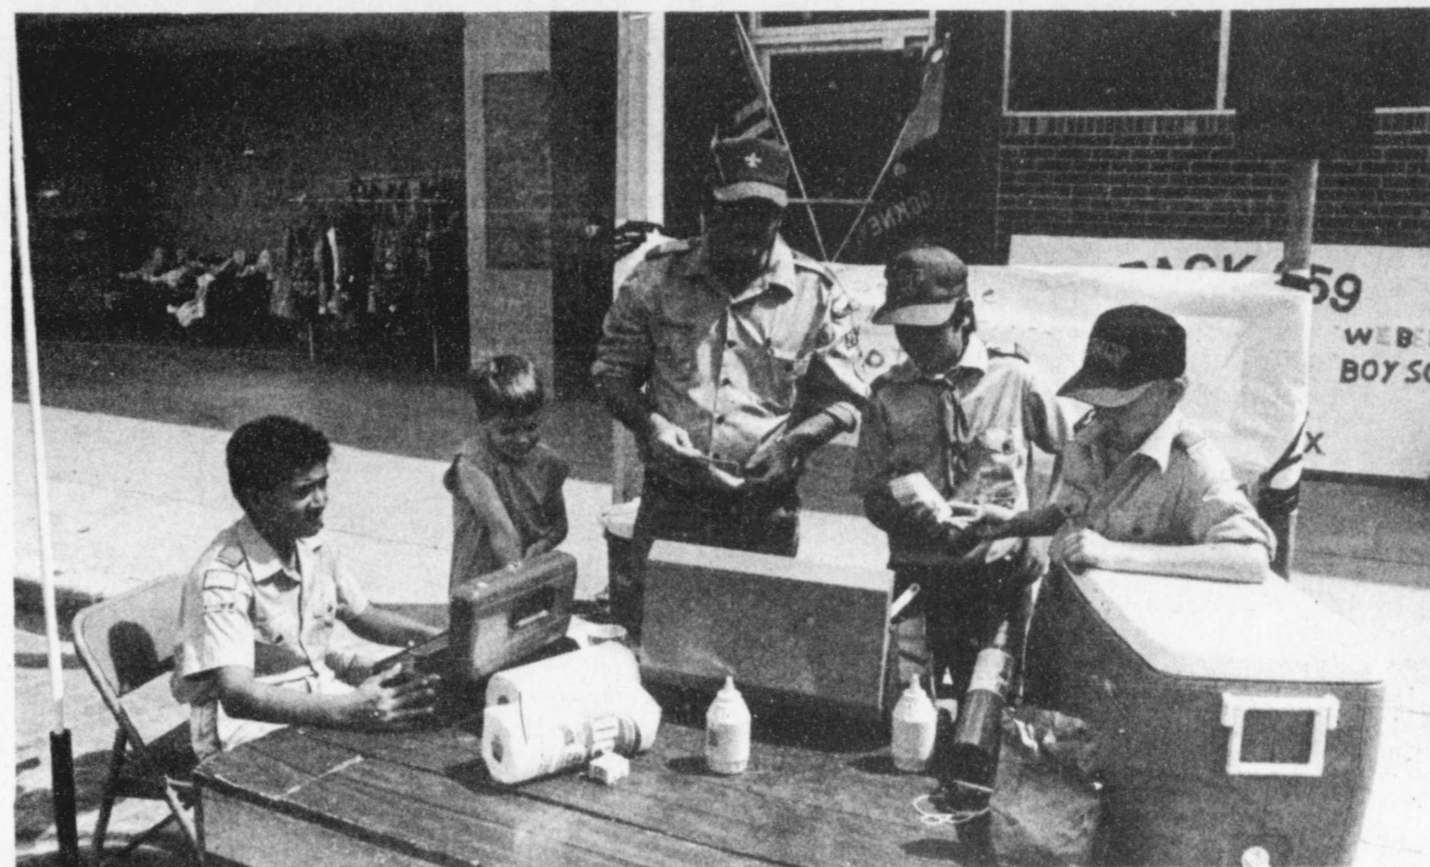

On Thursday, Sept. 26, students throughout the entire state will be eating

heart-healthy meals and participating in American Heart Association's "Food Festival" festivities.

The Floydada Nursing Home will be participating as well as the Lockney Care Center. The Floydada Senior Citizen Center will have their heart-healthy meal on Tuesday, Sept. 24. The Lockney Senior Citizen Center will be participating in Lockney.

The Lockney hospital will be participating also.

The Floydada 4-H will have a "Heart-Healthy Booth" at Pay-n-Save.

# Cotton referendum passes

The United States Department of Agriculture (USDA) officially announced the passage of the Cotton Research and Promotion Referendum. This action amends the Program to allow for the assessment of imported raw cotton and the cotton content of imported textiles and apparel and the elimination of the current refund provision. Producer refunds ended September 1, 1991, thirty days after the official USDA notice. Collection of import as-

essments is expected to begin around the end of this year. Valid ballots cast by U.S. cotton producers and importers totaled 46,220, with 60% favoring the amendments. A simple majority of those voting was required to pass the referendum.

"The successful outcome of the referendum clearly demonstrates U.S. cotton producers' confidence in the Cotton Research and Promotion Program," says Cotton Board Chairman William

H. McCoy, Jr., producer from Oswego, S.C. "The increased funds derived from a uniform assessment will now enable Cotton Incorporated to expand its vital market-building activities."

### Cotton Board to recommend assessment reduction on bales

As a result of the successful Cotton Research and Promotion Referendum, the Cotton Board will recommend to USDA a reduction in the assessment rate to be effective for the 1992-93 crop year. Due to the amount of time necessary to implement a change in the assessment rate, a lower level will not affect the 1991 crop. The current assessment rate is one dollar per bale plus six-tenths of one percent of the value of the bale. The Cotton Board will determine the recommended rate change at its annual meeting later this month.

## End of boll weevil program close at hand

The start of the final phase of the 1991 High Plains Boll Weevil Diapause Control Program is close at hand according to Lubbock-based Plains Cotton Growers, Inc. (PCG). Signaling the beginning of the program's control phase was the award of the 1991 aerial spraying contract on September 4.

Aero-Tech Inc., of Clovis, New Mexico was the successful bidder for the 1991 contract. Aero-Tech bid \$5.51 per gallon for the first 5,000 gallons sprayed and \$4.98 per gallon for each additional gallon acceptably applied.

"The awarding of the contract to Aero-Tech moved our program into a new era," notes Roger Halenby, Boll Weevil Program Coordinator. He explains that Aero-Tech will be using two turbine-powered Air Tractor aircraft, a first for the High Plains program.

"The use of the turbine Air Tractor to deliver our spray applications is a significant step forward for the program," says Halenby. "each of these planes is capable of carrying enough fuel and

chemical to treat 3,000 acres before returning to reload. With the piston-powered aircraft used in the past we were doing well to treat 1,000 acres before running out of chemical or low on fuel."

Report date for aircraft, pilots and equipment is Friday, September 20. Spraying is scheduled to begin the following Monday, September 23.

Halenby also notes that with Aero-Tech brings to the Boll Weevil Program experience gained on government contracts for the Bureau of Land Management and the United States Department of Agriculture (USDA). Their contract experience includes Grasshopper, Fire Ant, Gypsy Moth and Spruce Budworm control. Aero-Tech has also performed mosquito control programs for several cities, including Plainview and Houston.

The mapping phase of the program was completed in August. Some 2,360 fields, covering around 302,792 acres above and below the caprock, have been mapped.

The survey portion of the 1991 program started on September 5 when 36 two-person survey teams were hired and trained. Initial survey results indicate that the first scheduled application of the year could include as many as 50,000 acres, almost half the total number of acres treated during the entire 1990 program.

Halenby estimates that the 1991 program could eventually treat as many as 250,000 acres. This would make it significantly larger than last year's 114,265 treated acres, but smaller than the large-scale program conducted in 1988 when 663,311 acres received con-

trol applications.

This year's expected increase in treatable acres within the Boll Weevil Program's control zone is attributed to the continuing build-up of weevils on the Rolling Plains. Many producers in Howard County and Scurry County, outside the control zone, are making in-season pesticide applications to control this pest. The control zone covers 8,500 square miles and trap catches along its southern edge confirm the increase in Rolling Plains weevil populations.

In conjunction with USDA, PCG works hard to assure that the program remains environmentally responsible. Operating under an Environmental Monitoring Plan, developed by USDA's Technology Support Staff in Hyattsville, MD, samples of vegetation, water and soil are collected from around the control zone. These samples are sent to Gulfport, Mississippi, for analysis at the National Monitoring Research Analysis Laboratory.

Seventy percent of the funding for each year's program comes from producers and 30 percent from the federal government. The producer funds come from a per bale check-off collected at area compresses. The assessment rate for the 1991 crop is set at ten-cents per bale, down from the 25-cent per bale rate collected on the 1990 crop.

"I fully expect this year's program to be one of the best," states Halenby. "With the combination of experienced personnel and state-of-the-art aircraft this year's operation should significantly increase the quality and effectiveness of the entire program."

"It Doesn't Cost - It Pays"

TURN ROW MEETING--Dr. James Supak met with a group of Floyd County farmers to discuss the various varieties of cotton and what stage they are in. The group gathered on the Warren Mitchell farm west of Lockney.

## Ginners Association holds 38th meeting

The 38th annual meeting of the Plains Ginner's Association was held at the Lubbock Plaza Hotel. Lubbock-based Plains Cotton Growers, Inc., once again contributed to the meeting with two of its officer's speaking to the organization's membership.

Topics discussed at the meeting included air pollution problems and regulations, the electronic title system, and module averaging for strength. Also held was a style show sponsored by the Lubbock Cotton Auxiliary.

PCG President Larry Nelson of Tulia, and PCG Secretary/Treasurer Frank Jones of Lamesa, addressed the Saturday meeting. The PCG officer's discussed a wide range of topics relating to the cotton industry.

Nelson discussed current activities of both PCG and Cotton Incorporated as well as the latest developments in the numerous trade negotiations that threaten to affect the cotton industry. Jones, current Chairman of the National Cotton Council's Environmental Task Force, presented a discussion of agriculture and its role in environmental issues.

Nelson began by commenting on the recent passage of the referendum on amendments to the Cotton Research and Promotion Order. Some of the changes he discussed included the removal of the refund provision for domestic producers

and the assessment of imported cotton and the raw cotton equivalent of imported textile products.

One of the most notable changes to come about from the referendums passage was the new way in which State Support Funds would be allocated.

Nelson explained that beginning with the 1991 crop five percent of CI's annual budget would be returned to the states for use in research and promotion activities on the state level. Under the new guidelines Texas is expected to receive around \$500,000 in State Support Funds.

Jones addressed several environmental issues currently facing agriculture and the cotton industry. Among them were the new wetlands delineation manual and the proposed NCC publication on current environmental programs and regulations.

He also noted that the Council is developing recommendations for the new delineation manual for wetlands as well as the Coastal Zone Management Act since they both may have an impact on

cotton production practices.

Jones also offered a brief overview of the background of the Environmental Task Force and the purpose of the group.

"This group was put together in order to give cotton producers a vehicle that enables them to take a pro-active stance toward the many environmental issues facing the cotton industry," explains Jones. "Cotton producers are seeing that they can no longer ignore the activities of the environmentalists in our country and must get involved in these types of legislative activities"

Immediately following Jones' speech the meeting was adjourned for lunch, sponsored by PCG, Plains Co-op Oil Mill, Southern Cotton Oil Co. in Lubbock and Levelland, and Chickasha Cotton Oil of Lamesa.

## County affected by House Bill 93

By Nathan Mulder

A new law passed during the second special session of the 72nd Texas Legislature and signed into law by Governor Ann Richards in House Bill 93.

This bill has several sections that are applicable to community corrections. One of these applicable sections require the establishment of a community justice council in each jurisdiction served by a Community Supervision and Corrections Department (Adult Probation was the old name).

It will be the responsibility of this council to provide continuing policy guidance and direction for the development of a community justice plan for the 110th Judicial District.

The members of the community justice council will be appointed by District Judge Randy Hollums. After the council is formed, they will appoint a task force

to help formulate the community justice plan for the 110th Judicial District.

This task force may consist of any number of members, but will include from the counties served by the Community Supervision and Corrections Department the following members: a county or regional director of the Texas Department of Human Services; a chief of police; the chief juvenile probation officer; a superintendent of a school district; a supervisor of the Department of Public Safety; a county or regional director of the Texas Department of Mental Health and Mental Retardation; a substance abuse treatment professional; the director of the Community Supervision and Corrections Department; a local or regional representative of the Pardons and Paroles Division of the Texas Department of Criminal Jus-

tic; a representative of the Texas Employment Commission; a representative of the Texas Rehabilitation Commission; a licensed attorney from the area to be served; a representative of an organization that is actively involved in issues relating to defendant's rights.

Members of the general public and representatives of any non-profit organizations which play a significant role in the corrections system of the community may be members of the council on the task force if approved by the district judge and/or the community justice council.

If anyone is interested in filling any of the above voluntary positions, please call 983-2947. You may also contact the Community Supervision and Corrections Department or District Judge Randy Hollums for further information.

# Floydada entries sweep contest

Susan Simpson of Floydada earned the first place prize money of \$25.00 with nine incorrect choices out of the 31 games listed on the Floyd County Hesperian-Beacon Football Contest for the second week of the season. Simpson may pick up her prize check at the Hesperian-Beacon Office in Floydada on Friday, September 20.

Both tie breakers had to be utilized in the awarding of second and third place prizes as there were four entries with ten incorrect games. Butch Gilliland of Floydada was determined as the second place winner this week. His first tie breaker selection was Petersburg to win with total combined points of 24. Petersburg defeated Lockney with total combined points of 21. Moving to the second tie breaker, Gilliland selected Floydada to win with 40 total points. Floydada won with 52 total combined points. He will be able to claim his prize check in the amount of \$15.00 at the Hesperian Beacon Office in Floydada on Friday.

Third place went to Jean Hale of Floydada. Her first tie breaker picked Petersburg to win with total combined points of 21. The second tie breaker gave her the third place finish because she selected Floydada to win with 28

total points. The \$10.00 prize check which will be waiting for her in Floydada on Friday.

Honorable Mention goes to the two remaining entries with ten misses, Jamie Davis of Floydada and Phil Cotham of Lockney. Davis selected Petersburg to win but his total combined points guess was too high at 34. Cotham remained loyal to Lockney, selecting the home team to win which prevented him from earning the prize money this week.

Eight entries missed eleven games and an even dozen entries missed twelve games. Nine entries missed thirteen games. The most games missed on an entry this week was 21 and two entrants earned that honors for last place. There were no tie scores in the games played on this week's contest.

# Bike-A-Thon planned October 12 in Floydada

St. Jude Children's Research Hospital has announced that Mrs. Sarah Sanders will coordinate the Floydada "Wheels for Life" Bike-A-Thon with the help of the Floydada Jaycees. The date of Oct. 12 has been selected for the ride.

Founded by Danny Thomas in 1962, St. Jude Children's Research Hospital is the largest childhood cancer research-treatment-education center in America. Although located in Memphis, Tenn., the hospital has a local impact because area doctors and hospitals can use treatments and procedures developed at St. Jude.

St. Jude Hospital is non-sectarian, interracial and provides medical care for over 3,600 active patients. Currently, over \$200,000 is needed each day to keep the doors open. These funds come primarily from public contributions.

to Brooke Simon. Six-year-old Brooke, from Delcambre, Louisiana, developed Wilms Tumor in November, 1988. Following the removal of her left kidney, she has undergone radiation and chemotherapy. Though her prognosis is good, her fight still continues.

"We are grateful for the concern that Mrs. Sanders and the Floydada Jaycees have for our work and we hope the citizens of Floydada will support the Bike-A-Thon to help provide the funds that are needed to preserve the world's greatest asset... "Our Children".

Contact Mrs. Sanders at 983-2320 if you are interested in riding in this Bike-A-Thon. Prizes will be awarded.

*Have A Nice Week!*

This year's Bike-A-Thon is dedicated

## PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 5, 1991

### PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 114 proposes a constitutional amendment that would authorize home rule cities having a population of 5,000 or fewer inhabitants to amend their city charters by a majority vote of a city's qualified voters at an election held for that purpose. The amendment makes clear that home rule cities that have declined in population below the population required to initially adopt a charter may nevertheless continue to amend their charters.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment allowing home-rule cities with a population of 5,000 or less to amend their charters by popular vote."

### PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 10 proposes a constitutional amendment that would allow the legislature to authorize the Texas Department of Transportation to expend money, from any source available, for the costs of the turnpikes, toll roads, or toll bridges of the Texas Turnpike Authority, provided that any monies expended from the state highway fund shall be repaid to the fund from tolls or other turnpike revenue.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment mandating the repayment to the Department of Transportation of monies expended to assist the Texas Turnpike Authority in the construction, maintenance, and operation of turnpikes, toll roads and toll bridges."

### PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment that would authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Land Fund which are not immediately committed to the payment of principal and interest on bonds issued by the Veterans' Land Board, the purchase of lands, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment would also authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Housing Assistance Fund which are not immediately committed to the payment of principal and interest on general obligation bonds issued by the Veterans' Land Board for the benefit of the Veterans' Housing Assistance Fund, the making of home mortgage loans, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment gives the legislature power to implement the amendment and to delegate such duties and authority to the Veterans' Land Board as it deems necessary.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment to authorize the legislature to further implement and enhance the administration of the veterans' housing assistance and land programs and to expand the investment authority of the Veterans' Land Board."

### PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would allow the legislature to authorize the issuance of a maximum of \$1.1 billion in general obligation bonds. The proceeds of the bonds are to be used to acquire, construct, or equip new prisons and substance abuse felony punishment facilities, mental health and mental retarda-

tion institutions, and youth corrections institutions, to repair and renovate existing facilities of those institutions and to acquire, repair, or renovate other facilities for use as state prisons or substance abuse felony punishment facilities. The \$1.1 billion is in addition to the \$900 million currently authorized by the constitution to be expended on bond issues for facilities of correctional and mental health and mental retardation institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the state treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the issuance of up to \$1.1 billion in general obligation bonds for acquiring, constructing, or equipping new prisons or other punishment facilities to confine criminals, mental health and mental retardation institutions, and youth corrections institutions, for major repair or renovation of existing facilities of those institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as state prisons or other punishment facilities."

### PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 39 proposes a constitutional amendment that would allow a county, junior college district, or municipality to exempt tangible personal property from ad valorem taxation if: (1) the property is acquired or brought into the state in an enterprise zone to be forwarded outside the state, (2) the property is assembled, stored, repaired, maintained, manufactured, processed, or fabricated in the enterprise zone, (3) the property is transported outside the state not later than 175 days after being acquired or brought into an enterprise zone, and (4) the person who acquired or brought the property into an enterprise zone is a qualified business. A county, junior college district, or municipality may exempt such property by entering into a written agreement with a qualified business that states the duration of the exemption and the terms on which the exemption is granted. Any action to exempt property must be taken before April 1 of the first year in which the property would otherwise be taxed. The term "enterprise zone" means an area that (1) has been designated as such by a state agency responsible for economic development, and (2) has pervasive poverty, unemployment, and economic distress. The term "qualified business" means a business that meets the qualification established by general law, and requires that the qualified business is actively engaged in a new business in the enterprise zone or is expanding a business that is already active in the enterprise zone. An enterprise zone is created to foster economic development in an area of pervasive poverty and unemployment.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the exemption for ad valorem taxes of certain property in an enterprise zone."

### PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would establish a Texas Ethics Commission with the powers and duties provided by law. The commission would consist of eight appointed members selected as follows: two members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the house of representatives from each major political party; two

members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the senate from each major political party; two members of different political parties appointed by the speaker of the house of representatives from a list of at least ten names submitted by the members of the house from each major political party; and two members of different political parties appointed by the lieutenant governor from a list of at least ten names submitted by the members of the senate from each major political party. A major political party is a political party required by law to hold a primary. With the exception of the initial appointees, commission members would serve for four-year terms. A member who has served for one term and any part of a second term would not be eligible for reappointment. The commission would be authorized to recommend the salary of the members of the legislature and may recommend that the salary of the speaker of the house of representatives and the lieutenant governor be set at an amount higher than that of other members. If the commission recommends a change in salary, the voters would be authorized to accept or reject the salary change at the next general election for state and county officers. If the voters approve the recommended salary, that salary would take effect January 1 of the next odd-numbered year; if the voters reject the recommended salary, no change in salary would occur. The commission would set the per diem of the members of the legislature and of the lieutenant governor. The per diem could be raised or lowered biennially as necessary to pay members' costs, but could not exceed the amount allowed as of January 1 that year as a federal income tax deduction for living expenses incurred in a legislative day in connection with a member's business as a legislator, disregarding any federal income tax exception for legislators residing near the Capitol. The commission would have other powers and duties provided by the commission's enabling act (Senate Bill 1, 72nd Legislature, Regular Session). The amendment would also provide that an increase in the emoluments of the office of Lieutenant Governor would not make a legislator ineligible to serve in the office of Lieutenant Governor.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment creating the Texas Ethics Commission and authorizing the commission to recommend the salary for members of the legislature and the lieutenant governor, subject to voter approval, and to set the per diem for those officials, subject to a limit."

### PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would allow the board of trustees of each statewide public retirement system to invest the funds of the system in such manner as the board considers prudent. The board would no longer be limited to investing the funds of the system in securities.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment to allow the board of trustees of a statewide public retirement system to invest the funds of the system in a manner that the board considers prudent."

### PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would permit the legislature to create debt by or on behalf of the state if the legislature submitted the debt question to the voters of the state in the form of a proposition and a majority of those voting approved the proposition. The legislature may call the election, by joint resolution approved by at least two-thirds of the members of each house, during any special session or during any special session if the subject of the proposition is included in the Governor's proclamation for that special session. A proposition must clearly describe the amount and purpose for which debt is to be created and must describe the source of payment for the debt. The amount of debt stated in the proposition may

not be exceeded and may not be renewed unless the right to exceed or renew is stated in the proposition. The legislature may enact laws necessary to implement the authority granted by a proposition. A law enacted in anticipation of the election on a proposition is valid if, by its terms, it is enacted subject to approval of the related proposition. State debt that is created following voter approval of a proposition and that is approved by the Attorney General is incontestable for any reason.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the voters of this state to consider state debt questions in the form of ballot propositions that must clearly describe the amounts, purposes, and sources of payment of the debt only after approval of the propositions by a two-thirds vote of each house of the legislature."

### PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that would authorize the commissioner of the General Land Office to issue patents for certain public free school fund land for which there is not a valid transfer of title from either the State or the Republic of Texas to a private party. A patent is a document of title issued by the state. On application to the School Land Board, a person is entitled to receive a patent if: (1) the land is surveyed public free school fund land, (2) the land was not patentable under the law before the adoption of this proposed amendment, (3) the person acquired the land without knowledge of the title defect out of the State of Texas or the Republic of Texas and held the land under color of title, the chain of which dates from at least January 1, 1941, (4) the person has a recorded deed on file in the county courthouse and, in conjunction with his predecessor in interest, has claimed the land for at least fifty years as of January 1, 1991, and (5) the person, in conjunction with his predecessor in interest, for at least 50 years has paid taxes on the land together with all interest and penalties associated with any delinquency. If the applicant is denied a patent, the applicant may file suit against the School Land Board in a district court in the county where the land is located within 60 days from the date of denial. The proposed amendment does not apply to beach land, submerged land, or islands, and may not be used to resolve a boundary dispute. The proposed amendment also does not apply to land found by a court to be state-owned or to land on which the state has given a mineral lease that is in effect when a patent is sought. A patent under this proposed amendment for land within five miles of mineral production shall reserve minerals to the state in the manner provided by law for reservations of minerals in sales to claimants of unsurveyed school land within five miles of production. An application for a patent under this proposed amendment must be filed with the School Land Board before January 1, 1993.

This proposed constitutional amendment is similar to the version of article VII, section 4A, that was in effect between 1981 and 1990. The main difference is that under the earlier version the applicant for a patent to land had to have a chain of title that dated back to at least as early as January 1, 1932.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years."

### PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 15 proposes a constitutional amendment that would allow the legislature to pass general laws to exempt property owned by a nonprofit corporation organized to supply water or provide wastewater service from ad valorem taxation. A nonprofit corporation would be eligible for the exemption if its bylaws provide that

after the discharge of the corporation's indebtedness will be transferred to an entity providing water supply or wastewater service, or both, which is exempt from ad valorem taxation. The transferred assets must be property that is reasonably necessary for and used for water supply and wastewater services.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the legislature to exempt from ad valorem taxes certain property of a nonprofit corporation that supplies water or provides wastewater service."

### PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to pass laws to authorize the State of Texas to operate lotteries and to enter into a contract with one or more legal entities that will operate lotteries on behalf of the State of Texas.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing a state lottery."

### PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that would increase the total amount of bonds that may be issued by the Texas Water Development Board to provide wholesale and retail water and wastewater facilities to economically distressed areas of the state. The proposed amendment increases the maximum principal amount of the bonds from 20 percent to 50 percent of the \$500 million amount authorized by article III, section 49-d-7, of the Texas Constitution. The proposed amendment would increase the maximum aggregate dollar amount of bonds that the Texas Water Development Board could issue from \$100 million to \$250 million.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment to increase from 20 percent to 50 percent the percentage of Texas water development bonds previously authorized by Texas voters that may be issued for economically distressed areas."

### PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 2 proposes a constitutional amendment that would allow the legislature to pass general laws authorizing Texas Higher Education Coordinating Board or its successor to issue and sell up to \$300 million of general obligation bonds to finance education loans to students. The maximum net effective interest rate to be borne by the bonds would be set by law. The amendment would also authorize the legislature to provide for the investment of bond proceeds and to establish an interest and sinking fund to pay the bonds and provide for the investment of such fund. Bonds authorized under this amendment would be paid from the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in an interest and sinking fund established at the end of the preceding year that is pledged to the payment of the bonds or interests.

The proposed amendment will be described on the ballot as follows:

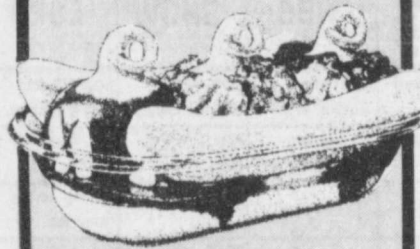

"The constitutional amendment providing for the issuance of general obligation bonds not to exceed \$300,000,000 to continue existing programs to provide educational loans to students, with repayments of student loans applied toward retirement of the bonds."

# Monthly sales tax rebates for Floyd County revealed

Sales tax rebate payments made to Floyd County cities show an overall increase for the month of September. Lockney continued to exhibit an increase while Floydada had a decrease.

Total payments received in Floyd County to date in 1991 stand at \$119,237.51, an increase of 0.04 percent when compared to the \$119,186.91 received at this time in 1990. Total amount received in the county for the month was \$10,721.54 as compared with \$111,055.39 received in September of 1990. This translates into a decrease of 3.02 percent county wide.

Lockney displayed an increase of 19.96 percent over the same period in 1990. The check received by Lockney was in the amount of \$3,707.46 compared to \$3,090.64 received in 1990 at this time. Total payments to Lockney stand at \$36,112.16 as compared to \$36,028.00 to date in 1990 making the over all increase 0.23 percent.

Floydada's check for September from the state comptroller's office was in the amount of \$7,014.08 and showed an decrease of 11.94 percent over the \$7,964.75 payment received in September of 1990. Payments to date in 1991 received by Floydada total \$83,125.35, a decrease over all of 0.04 percent from the \$83,158.91 received at this time in 1990.

Area cities, their September 1991 rebates and percentage of change are listed below.

Quitaque; \$678.93, (unable to compute change)  
 Silverton; \$1,490.44, +61.10%  
 Crosbyton; \$5,825.17, +182.82%  
 Lorenzo; \$1,741.90, +65.02%  
 Ralls; \$5,590.55, +43.41%  
 Abernathy; \$4,783.81, -8.50%  
 Hale Center; \$4,181.69, +82.83%  
 Petersburg; \$1,970.39, +65.57%  
 Plainview; \$151,117.13 +4.23%  
 Idalou; \$3,718.78, +46.15%  
 Lubbock; \$1,131,217.43, +6.29%  
 Matador; \$1,360.17, +6.72%  
 Roaring Springs; \$795.93, -59.60%  
 Tullia; \$16,323.23, -1.85%  
 Almost \$97 million in local sales tax rebates went back to 914 Texas cities during the month, according to the state comptroller's office. Checks for this month represent taxes collected on July sales reported by August 15 by businesses filing monthly returns.

Sales taxes are collected by merchants and forwarded to the state which retains a 6.25 percent share and returns the city sales tax portion to each city, county, hospital district or transit system. Neither Floyd County nor Lockney General Hospital District and Caprock Hospital district levies a sales tax at this time. No qualifying transit system, which could levy a sales tax, operates within the county.

All local sales taxes have been approved by local voters and may be used for any legal city expense.

# Floyd County Hesperian-Beacon FOOTBALL CONTEST

**GOOD LUCK!!**

## Football Contest Rules

Any subscriber or individual above the age of 7 years old who purchases a Floyd County Hesperian-Beacon is eligible to enter this newspaper's weekly football contest, except employees of this newspaper and family members living in the same household.

To play, circle on the official entry form, the numbers of the teams you believe will win this week's games. To indicate a tie, circle the numbers of both teams playing the game. In addition, write in the two tie breaker footballs your guess of the combined total points to be scored by the two teams listed in each tie breaker football. Also circle the team you believe will win. Circle both teams if you think the game will end in a tie.

The only entries which will be considered for prizes will be those on official entry forms which are brought to the Hesperian-Beacon office in Floydada or to the Hesperian-Beacon Office in Lockney by 5:00 p.m. on Friday. No photocopies will be accepted.

**NO MAIL ENTRIES WILL BE ACCEPTED.**

Three cash prizes are offered each week. In the event of ties - the same number of correct games and equal scores on the tie breakers - prizes will be shared by those involved in the tie.

The tie breaker scores will be utilized only in the event of a tie on the number of games correct. Print your name and address plainly on the official entry form and double check your choices before clipping out the entry form and depositing it at the Hesperian-Beacon office before 5:00 p.m. on Friday. Entries are limited to one per person per week. Weekly winners are limited to one per household.
