Severe weather threatens area

County pounded by hail and rain

By Alice Gilroy
Storm clouds gathered over Floyd County Wednesday night, April 15, dumping over 3 inches of rain in some parts of the county, and several inches of hail in the Lockney area.

The National Weather Service reported storm clouds over 53,000 feet

high, and storm watchers reported funnel clouds spotted throughout the county. Alarms were sounded Wednesday night, in both Floydada and Lockney, sending residents to cellars and basements.

Lockney residents spent approximately 15 minutes of the time in their

cellars listening to a steady downfall of hail on storm cellar doors.

After the clouds passed emergency personnel went to work locating flood areas and blading roads to clear hail.

Although tornadoes had been spotted in the clouds in the Barwise area and near Lockney, no damage was reported.

Even though the hail was four inches deep in some areas of the county, the wheat crop sustained only heavy damage in approximately a two mile strip.

Heaviest damage was reported in an area north of Barwise, from Hale Center through Lockney, including the Muncy area toward South Plains.

"It is hard to tell at this time how bad the wheat will be affected," said Bob Vickers, manager of Producers Cooperative. "The bigger wheat was killed off and the damage is extensive in spots. It is hard to determine now, but it may be that the moisture may be more beneficial than the hail was damaging."

Insurance agents were busy throughout this week assessing damage in the county. "It looks like the hail damage in Floydada is worse on the west side of town," said one insurance agent. "The broken windows and broken windshields are worse than the June '89 storm."

Mike Anderson with the highway department said, "The worse flooding was around Lockney and north of Lockney."

"The worse hail, which created hazardous driving, was in Lockney. When we bladed the roads it looked like 5-6 inches of hail on the road. It looked like we were rolling up snow. Several of the highways in the county were also underwater."

Lightning struck the fireplace at the home of Frances Powell, at 819 W. Kentucky, on Wednesday night, traveling down the chimney and exploding, blowing bricks all the way to the alley from the north side of the house. The lightning also struck Powell's garage door and the garage door of Jimmy Willson's home at 818 W. Kentucky. Mrs. Powell had to replace a panel in her garage door and the Willson's lost their entire garage door.

Storm clouds rolled into the county once again Thursday night bringing more hail and rain, and causing power shortage in the city of Floydada for up to one hour. Funnel clouds were once again spotted, this time in the Happy Union area and again near the Hale and Floyd County line.

Playa lakes are full throughout the area, after being dry for over a year.

Rainfall on Wednesday in Lockney registered, 2-3/4"; Floydada recorded .93"; South Plains, 3 to 3-1/2"; Barwise, 4"; Dougherty, .8"; and the Sterley community registered 2".

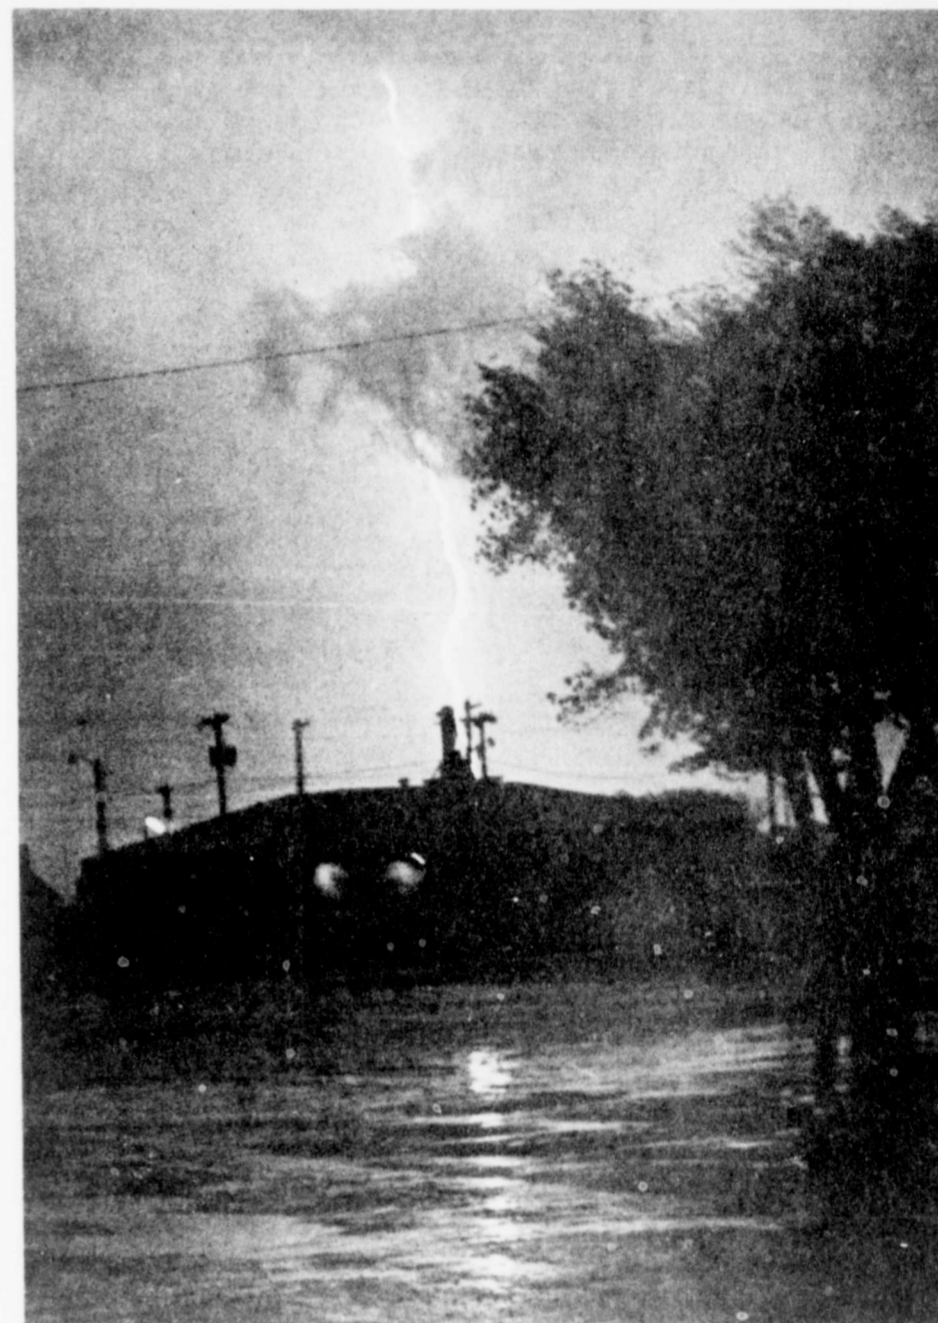

Thursday's rain brought 1.09" to Floydada and another inch to Lockney. Barwise reported .9"; South Plains another 1/2". Providence received 3 to 3-1/2" of rain on Wednesday and Thursday with most of it falling on Thursday.

The weekend brought another 1/2 inch of rain to Lockney, .29" to Floydada, .2" to Barwise, 3" to South Plains; .8" to Dougherty, and 1/2" to Providence.

WINTERLY WONDERLAND—In what looked like a return to winter weather, many areas of Floyd County were inundated with hail last Wednesday. With accumulations

of up to five or six inches at various locations, the landscape turned to a winter wonderland, masking the damage done by the icy precipitation. — Staff Photo

STORMY WEATHER — The severe weather which tore through Floyd County on Wednesday evening, April 15, was accompanied by spectacular pyrotechnic displays of lightning as well as high winds and damaging hail. This lightning appears to be striking the Floyd County Farm Bureau Office in Floydada, but was in reality, several miles away. — Staff Photo

A view from The Lamplighter

By Ken Towery

Mr. Foley, the Speaker of the House of Representatives and the leader of his party in that body, has had it up to here.

He doesn't want to hear any more about this business of bounced checks, or the revolving personal loan fund that passed for the "House Bank", or whatever. Mr. Foley says release of the last 303 names on the list of current and former members who got caught up on the problem "brings to a close this whole matter."

No doubt he wishes that were true. We suspect, however, that "this whole matter" will be wrapped up in November, when General Elections role around.

Speaker Foley, who had a couple of bad checks himself, repeated the party line that those on the list of check bouncers "violated no law and no rule of the House of Representatives."

That probably says more about how he and his friends run the House, and more about the arrogant attitude they maintain toward normal behavior, than anything anyone could say. And he keeps repeating the line that "no tax money was involved."

We haven't seen an audit of the matter, so we don't know exactly how much money was involved. But we read somewhere that the annual salaries of those House employees involved in running the "bank" exceeded \$300,000 per year. That is approximately one-half of all the operating budget for Floyd County for one year. It is also approximately one-third the salaries and wages, including retirement benefits, for all the employees for Floyd County for one year. It is approximately equal to all the money budgeted for maintenance in three of Floyd County's four precincts for one entire year. It was also to look (or not look) after the accounts of only some 430 House members. No tax money indeed.

But lest we paint them all with the same brush, we would note that 170 House members, including Lubbock's

Businesses asked to decorate downtown windows for reunion

Plans are now underway for the beautification of Floydada's downtown shop windows in preparation for the Old Settlers Day event, May 23.

Allison Robertson, of Floydada's Women's Chamber of Commerce, is heading up the project this year and has already sent out letters to downtown businesses.

"We are hoping that all the downtown windows will be decorated for Old Settlers," said Robertson. "Some of the businesses have already notified the chamber that they intend to decorate."

"If a shop owner cannot find the time

to decorate his window, or you own a vacant building and you want it decorated, please contact me. I will keep a list of those who want their window decorated and I will turn the names over to any interested club or organization who would like to decorate them."

"I would appreciate any organization that is interested in decorating a window to contact me," said Robertson.

Cash prizes totaling \$100.00 will be awarded for the best decorated window. All windows must be decorated by May 18 and cleared out by May 27. The windows will be judged sometime after May 18.

State school board members slated to address Floyd County parents

State School Board members Monte Hasie and Bill Hudson will address interested Floyd County parents, Tuesday, April 28, at 7:30 p.m., in Duncan Elementary cafeteria in Floydada.

Hasie and Hudson will speak on a variety of school related issues including the permanent school fund and financing. There will also be time set

aside for Hasie and Hudson to answer questions from the audience.

Although the forum will be held in Floydada, all Floyd County citizens concerned with school related problems are urged to attend.

Severe Weather Awareness Seminar slated tonight

A Severe Weather Awareness Seminar will be conducted by the National Weather Service on Thursday, April 23, at Duncan Elementary Cafeteria, 1011 S. 8th, Floydada, beginning at 7:30 p.m.

Approximately two hours long, the seminar will address NWS severe weather operations of today and in the modernized NWS, significant tornadoes of the past, tornado and thunderstorm safety tips and local severe weather warning procedures.

Any citizen interested in learning about the procedures that the NWS and the Floydada Fire Dept. use in potential emergency situations, is encouraged to attend this meeting.

By Juanita Stepp

Meeting in regular session for the month of April, the Floydada City Council voted unanimously to renew the franchise agreement with Teleservice Corporation of America (TCA). The renewal term will be for fifteen years ending in the year 2008.

The franchise as approved by the council allows for performance evaluations and reviews of rates at the five and ten year intervals as well as dictated by federal and state law. Motion for the renewal was made by Eric Cornelius and seconded by Amado Morales following a public hearing to allow citizen comment.

SPAG REPORT ON WASTE DISPOSAL PLANS

Shawn Raborn from South Plains Area Governments (SPAG) appeared before the council to present a progress report

on the state mandated regional plans for solid waste disposal. He also gave the council a simplified version of three pieces of legislation affecting the landfill situation in the region. These included Senate Bill 1519, EPA Subtitle D and Senate Bill 1340 (also known as the Omnibus Recycling Bill).

Several members of the Lockney City Council were present for the session since the matter is of importance to Lockney as well. Currently, Lockney shares the Floydada Landfill for disposal of yard trash and sends dumpster trash to Lubbock via Triple C Waste Disposal.

Lockney alderman Jim Doucette called the legislation, "The most ineffective pieces of legislation I have ever seen." He went on to add, "It is a case of one more service being legislated away from the small communities."

Raborn stated that SPAG hopes to

have a draft plan formulated in six to eight weeks. Public input and comment would be solicited before a final plan is developed sometime in July. It will be submitted to the state in August.

According to Raborn, "The plan will have to be environmentally sound, technically feasible, economically affordable and politically acceptable." He termed this a "near impossibility."

CITY MANAGER REPORT

City manager Gary Brown told the council that the city base station radio was destroyed by the storm last week when a lightning strike melted the surge protector. Brown said that the replacement should be on line by late Wednesday, April 22.

In connection with the storm, Brown

Floydada woman is victim of hit and run

By Alice Gilroy

An elderly Floydada woman, Mona Mae Dunn, is in critical condition after being struck by a pickup truck on Second Street, April 18.

The driver of the pickup fled the scene. A warrant has been issued for the arrest of Gerardo Sanchez Balboa, 27, of Floydada.

Several witnesses to the accident told police that Mrs. Dunn was on the north side of Tennessee Street, crossing Second Street, from the east side of Second going west.

According to witnesses a 1968 Red Ford F100 pickup was southbound on Second Street in the right lane. The pickup struck Mrs. Dunn with the left side of the vehicle, at approx. 5:05 p.m., and then continued on.

A witness stopped the vehicle and spoke to the driver, but the driver would not stay.

The driver took the pickup home and fled on foot. As of press time, police had not located the driver, who police be-

lieve to be Gerardo, or "Jerry" Balboa.

According to police the vehicle skid 54 feet before striking Mrs. Dunn. Dunn was thrown eight feet from the impact.

The 78 year old woman is listed in critical condition at Methodist Hospital.

According to relatives, Mrs. Dunn has five breaks in her legs. "The bones in both her legs were pulverized," said her niece Jaynette Harrison. "She has three breaks in her left leg and two in her right. There was a compound fracture in the big bone in her left leg which caused a lot of bleeding. They have already done surgery and put a plate on the compound fracture."

"At this point in time the doctors can only take care of the life threatening conditions. They have to be able to stabilize her first."

According to Harrison, at the time of the accident, Mrs. Dunn was walking and picking up cans for children to recycle.

Early voting continues for May 2 Elections

By Juanita Stepp

Early voting which began on April 13, will extend until April 28. The City of Floydada has had 152 early voters at press time this week. Voters may cast ballots at City Hall. 18 have voted in the FISSD early voting and in the Caprock Hospital District early voting now being held at the school administration offices.

In Lockney, two have cast early ballots in the City election at City Hall. One person has voted in the LISD early voting at the school administration offices.

By The Way

By Alice Gilroy

Bits and pieces.

First off, I just want to tell the family of Mrs. Mona Dunn that our prayers are with her.

If you haven't read the story on the hit and run accident and you haven't heard already — Mrs. Dunn was the woman who was run down April 18. The man that hit her took off. He was stopped by someone but he didn't care enough to go back and see how Mrs. Dunn was.

She is in critical condition. She is 78 years old. The bones in her legs were pulverized.

The man who did it appears to have no conscience. Neither do the people who are hiding him out and keeping him away from authorities.

The police know who he is. They know quite a bit about him, but they haven't found him yet.

I'd just like to ask his family and friends, how they would feel if someone ran over their mother or grandmother and couldn't care less? How would you feel knowing other people were hiding the man that did it? What would you think of them?

How do you feel being around the man that ran down an elderly woman and kept on going?

The National Weather Service is presenting an Area Preparedness meeting, April 23, at Duncan Elementary in Floydada. From the agenda I have seen it looks like it is going to be a very good meeting. Besides explaining how the NWS works there is going to be some great movie footage of tornadoes, including a big one out of Kansas.

I urge everyone in the county to come

out and see it!

Homecoming preparations are in full swing, in Lockney and Floydada. If you can't find some exes in your classes let us know and we will publish the names. Maybe somebody out there can help you out!

The organizers of the county's amateur night need your help! They have worked long and hard on this event and will end up competing against lots of other events.

But—if you don't have to be someplace else and you've got some talent, please sign up for amateur night. It sounds like it is going to be lots of fun.

The organizers (the Women's Chamber of Commerce) want registration to be over by May 4 and only the first 30 entries will be accepted.

All ages from all over the county are welcome. It will be held May 9th at Floydada High School.

If you want to participate call Christina Chesshir at 983-2255.

Big thanks go out to Michael DeLeon, the owner of Lockney's Main Street Pizza.

During the bad weather last week, the Lockney Fire Boys missed their supper. They ordered pizza and DeLeon sent them enough to feed the storm watchers, free of charge.

He did not expect any recognition, but I think he deserves it.

You know of any other good deeds? Let me know. I'll try to start making a space for it every week!

Citizens help needed during severe weather

During severe weather the Floydada and Lockney Fire Departments request that you do not call the fire hall, unless you have a real emergency. Citizens need to learn the meaning of the sirens and what they should do at the sound of the sirens.

Both departments attempt to give the citizens some advanced warning of in-

coming severe weather. Citizens should go to the area of shelter when the advance warning is given. At the time the sirens sound, citizens should go into the shelters, not get into their cars to drive somewhere.

Siren warning pattern:
Lockney — 8 consecutive rings, seek shelter; 2 long rings, all clear.

Floydada — 3 - 30 second rings, seek shelter; 1 long ring, all clear.

If there is a loss of electricity, look out your door to see if street lights and neighbor's lights are working. If they are not, then most likely the electric company knows about the outage and is

working to restore power. Should your house be the only one which appears to be without electricity, then go ahead and call the power company.

Citizens cooperating with the fire departments make it easier for all involved to carry out their jobs.

Behind the Scenes of "The Foreigner"

Editor's Note: This is the third article in a four part series about the setting and character of the upcoming Upstairs Theater's production of "The Foreigner" on May 7, 8, 9 and 10. Ticket reservations may be made by calling 983-2240. The dinner theater production is open to the public.

Froggie LeSueur is a staff sergeant in the British army. He specializes in demolition training and serves as a trainer of young recruits at a U.S. military installation near Tilghman County, Georgia. Froggie has frequented the Meeks' fishing lodge on many occasions and has subsequently befriended Betty. His travels enable him to bring various knick knacks to her from around the world; namely an assortment of collector spoons. On this trip Froggie not only brings her a couple of spoons, but he also brings her a guest.

The guest's name is Charlie Baker. He and Froggie met during a stint together in the army several years ago when Charlie was an officer. Charlie is now a proofreader for a science fiction magazine. He has endured some stressful time recently and has decided to join Froggie on a three day trip to the States. Charlie is not sure that the decision to make the trip was such a good one. His beautiful wife is in the hospital and due to some recent discoveries he is not sure if she should be left alone. He is also very insecure about being around strangers, and he fears having to make conversation with them.

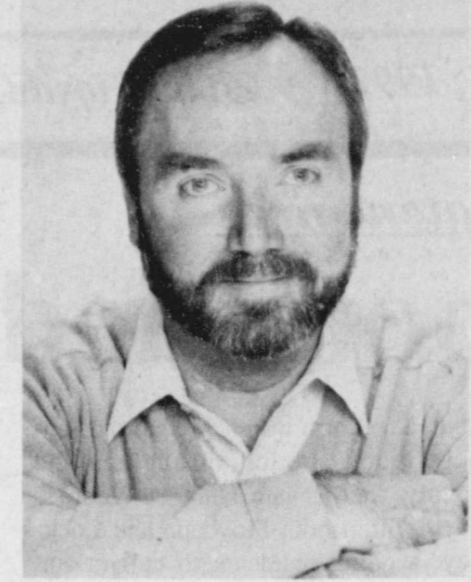

Being the friend that he is, Froggie devises a scheme by which Charlie can stay at the fishing lodge uninterrupted. He plots a plan that has Charlie posing as a foreigner who cannot speak English.

Salvation Army Store now open

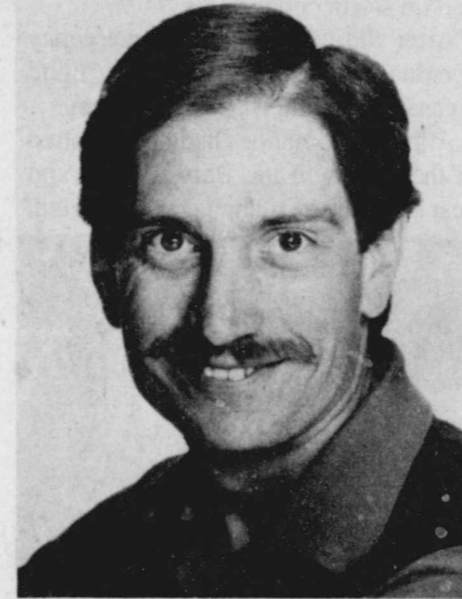

The Salvation Army Store in Lockney will be open on Thursdays and Fridays beginning Thursday, April 30.

The store is located on West Willow Street behind Barker Realty.

Alicia Luna has announced that they are accepting donations of clothing, food and money and can be left at the store or by calling her at 652-2285.

DEEN BRALY (Froggie LeSueur)

Disaster services class set April 27

There will be a free Introduction to Disaster Services class held on Monday, April 27, from 6 p.m. to 10 p.m. at the Red Cross chapter building, 208 S. Wall (next to Higginbotham-Bartlett, one block south of the courthouse), in Floydada.

The class will discuss all types of disaster situations that might occur in our community and what to do for each situation. Everyone is welcome and encouraged to attend.

For more information or to sign up, call Helen Teeple, 983-3801, or Tamie Shuping, 983-3418.

Floydada Police Report

Floydada police took a report of a criminal mischief at a home in the 100 block of W. Ollie, on April 7. The home had been entered through a sliding glass door which was also vandalized. Police also found writing on the walls and the bathroom commode was plugged up with newspapers. Cigarette burns were found in the carpet and broken glass was found in the kitchen. Total damage to the home was estimated at \$800.00.

April 8 police were called to the Junior High School in reference to two girls fighting. The girls were taken before the

Pharmacist's discovery may end obesity

WASHINGTON -- After solving the problem of his own obesity, a pharmacist, now director of National Dietary Research, may have discovered the solution for others with the same problem.

Dr. William Morris, pharmacist, inventor and author has discovered a natural food tablet, aptly named Food Source One, that replaces some of the calories normally obtained from food. Food Source One replaces high calorie fats with other natural food ingredients with little or no caloric value so you can lose weight without giving up all your favorite foods, as explained in NDR's Lifestyle Maintenance publication, available where Food Source One is sold. "The secret to meaningful weight loss is not in decreasing the amount of food you eat, but in controlling the fat," says Dr. Morris.

According to Dr. Morris, weight loss results while using Food Source One will depend on how many pounds a person needs to lose. However some overweight people are experiencing extraordinary results with Food Source One. A Metairie, Louisiana nurse lost 71 pounds. She stated "I never had to sacrifice the foods I dearly crave!" "Food Source One is very easy and anyone could do it," says a Niagara Falls, New York woman who lost 26 pounds and 15 inches. "The results are great" she added.

Food Source One is available at pharmacies without a prescription.

city judge and fined \$60.00.

April 10, at 9:02 p.m., police were called to the labor camp in reference to two more women fighting. Teresa Garza DeLeon, 19, and Yolanda Balli Torres, 28, were both charged with Disorderly Conduct and fined \$60.00.

April 11, at 3:39 a.m., Joel Ramos, 33, of Plainview, was arrested in the 600 block of N. 2nd Street for DWI.

Also on April 11, at 10:50 a.m., police received a domestic violence report. Charles Brown, 19, was charged with assault and fined \$60.00 by the city judge.

A criminal mischief at Scott Gin was reported to police on April 14. According to the report, sometime between April 7 and April 11 someone put paint on a module truck, on the door of the office, on a bur truck and on a module

Floydada cable franchise renewed with TCA Tuesday night

Continued From Page 1
explained that the power outage suffered last Thursday was the result of a lightning strike on SPS lines at Aber-

nathy. City power was on within 45 minutes, but was lost again for a short time due to overloading. SPS lines were for several hours, but areas fed through

Lockney never went out. According to Brown, the National Weather Service and the Floydada Volunteer Fire Department will be present-

ing an emergency preparedness seminar on Thursday, April 23. The program will feature tips on handling severe weather and protecting lives and property. It is open to the public and everyone is urged to attend.

Brown also told the council that permission had been obtained for a special pit at the landfill for composition roofing materials to be disposed of in view of the many damaged roof areas due to the storm.

Other items reported on included progress on the Napoleon Park grant, problems with old water lines and gravel work on alleys and streets. Also, more paper work is being submitted to the state in connection with the landfill permit application said Brown.

EXECUTIVE SESSION

The council ended the meeting with an executive session to discuss law enforcement personnel. According to city secretary Sharon Quisenberry, no action was taken following the session as the complainant was not present.

OTHER MATTERS

Among other items addressed by the council were the reading of the minutes of the previous meeting and the payment of monthly bills. Monday, May 4 was set for a special meeting to canvas votes from the May 2 Municipal Election on a motion by Clar Schacht, seconded by Morales and passed unanimously.

Mayor Wayne Russell told the council members that they need to be thinking about setting some guidelines and ground rules concerning the expenses the city will pay for trips to conventions and schools. He said, "We want to encourage each one of you to participate,

but we don't want to spend city funds in a frivolous manner." He suggested that each councilman consider the rules they would like to see established and submit them to the city manager prior to the next regular session in May.

Attending the meeting were Mayor Wayne Russell, council members Leroy Burns, Wayne Tipton, Amado Morales, Ruben Barrientoz, Eric Cornelius and Clar Schacht. Also present were Gary

Brown, Sharon Quisenberry, Karen Houchin, Riddley Gibson, Jerry Yandell, Kay Wilson, Sheryl LeCroy, Monica Morales, Paul Atebury, Shaun Raborn, Nathan Geick, Elza Mercado, Karen Lawson, Chris McGowen, Phillip Wilson, Jon Nielson, Eddie Hammons, Jim Doucette, Gary Marr, Kenneth Wofford, J. D. Copeland, Joe Stepp, Vernon Bloodworth, and the Hesperian-Beacon reporter.

BOATS ONLY LANE--Two Plainview men, hauling telephone poles with a Nissan pickup, were westbound on Hwy. 70 when the trailer they were pulling began to fishtail. The vehicle then ran off the road, spun back around facing east, and landed in a water filled ditch 100 yards

west of FM 97, on the east side of Hwy. 70. An Oden Chevrolet wrecker was called to the scene and towed the truck out of approximately three feet of water. There were no injuries.

-Staff photo

Various issues discussed by commissioners

By Alice Gilroy

Floyd County Commissioners met for a regular meeting, Thursday, April 16, to discuss a variety of issues.

Judge Bill Hardin informed the court that time was drawing near to begin work on the 1993 budget and asked the commissioners to begin thinking about items they will be needing.

Hardin presented a letter written to the commissioners which expressed a concern about the way the Sheriff's office dispatches emergency calls.

Sheriff Fred Cardinal and Dispatcher Linda Edwards appeared before the court to explain the process of dispatching 911 and other calls.

The commissioners expressed the opinion to Cardinal that the heads of all emergency services in the county should sit down and discuss problems they may be experiencing and to work them out together. Sheriff Cardinal agreed and said he would take care of it.

The commissioners also considered a request from the secretary for the Floydada EMS, Jimmie Lou Stewart.

Stewart asked the commissioners to consider paying the county's \$500.00 a month contribution to the ambulance service directly to EMS instead of Caprock Hospital.

Connie Bearden moved to continue paying to Caprock as it has been done in the past. Floyd Jackson seconded the motion and all were in favor.

Hardin also asked the commissioners to consider requesting an opinion from the Attorney General's office on the county's legal obligation concerning indigent health care among Floyd County prisoners.

"We have a \$291.00 bill before us from the ambulance concerning a fellow they picked up at the jail. He was a resident of Caprock Hospital District," said Hardin. "We need to know if we are required to pay that bill and are we also responsible for paying hospital bills and other medical expenses of prisoners that become ill while they are in our jail."

"The district attorney, Becky McPherson, will have to make the request for an opinion."

All commissioners were in agreement that McPherson should make the request on behalf of the commissioners court.

In other business the commissioners approved the bounty agreement with Truman Merrell.

Chad Frizzell wins Charles Ball Memorial Fishing Tournament

Chad Frizzell was the first place winner in the fifth annual Charles Ball Memorial Fishing Tournament. Sixty two Lockneyites signed up for the tournament and 36 fishermen participated. The tournament, which is held on the third weekend in April, took place at Lake Mackenzie on Saturday, April 18.

Frizzell took first place with 3 black bass which weighed in at 7 lbs. 5 ozs. Owen Thornton placed second with one bass which weighed 3 lbs. 9 oz. Karl Race placed third with 1 black bass, 1 sand bass and 4 perch which weighed a total of 3 lbs. 4 oz. In all 29 pounds of fish were caught.

Eddie Teeter reported that the day was beautiful and not at all like the weather that they normally have for the tournament.

The registration fees added \$2,075.00 to the scholarship fund. One hundred percent of the money raised by the registration fees will be used for scholarships.

Applications for the scholarships can be picked up in Mr. Poole's office at Lockney High School and they need to be returned to Mr. Poole on or before May 1. A scholarship committee was chosen and the announcement of the winners will be made in May at the Awards Assembly.

Floydada Police Report

Continued From Page 2
builder.

April 12, Ricardo Herrera, 22, was arrested in the 600 block of E. Mississippi for criminal trespass. After he was transported to jail, police discovered a warrant had also been issued for his arrest for parole violation.

April 17, at 10:10 p.m., an Allsup's clerk reported someone stole \$5.00 worth of gas. Police also took a theft report from Allsup's on April 19. According to the clerk working at the time, a man came in and reached over the counter and stole an undetermined amount of cigarettes. The man refused to give the cigarettes back and left without paying.

Police took a report on April 20, at 9:00 a.m. of a burglary of a habitation in the 800 block of E. Price. Stolen from the apartment was approximately \$250.00 worth of food and clothing.

In 1991 the memorial tournament funded four \$500.00 scholarships. They went to Amy Turner, Kema Blanco, Robin Marks and Kip Holt. Turner is a Wildlife Management major at South Plains College; Blanco is a nursing major at Mary Hardin Baylor; Marks is a journalism major at Angelo State and Kip Holt is working on a coaching degree at McMurry.

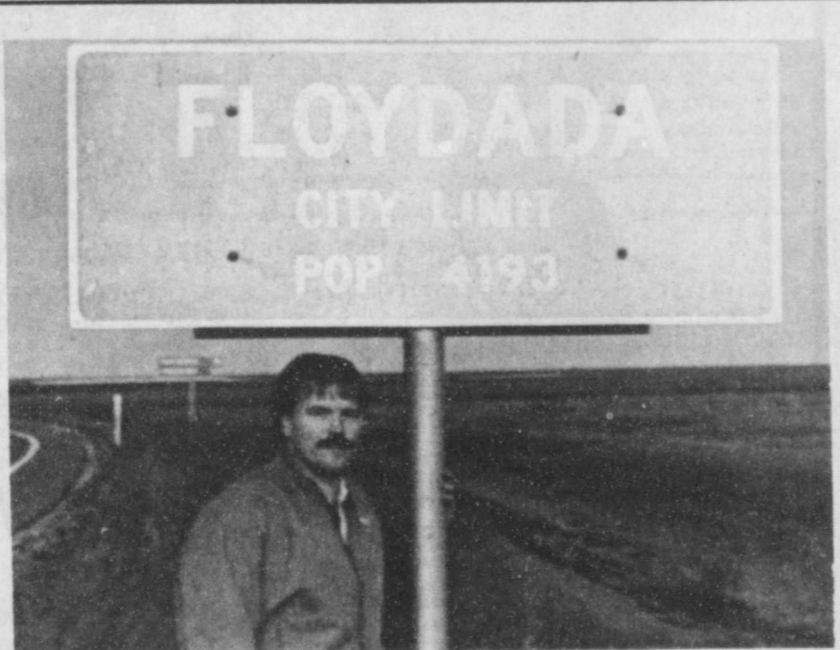

Since the tournament began eight scholarships have been awarded to seniors at Lockney High School.

Monday, April 27 - Mr. and Mrs. Everett Pyle

Mangolds celebrate golden anniversary with reception

Dr. and Mrs. W.J. Mangold, Sr., of Lockney will celebrate their 50th Wedding Anniversary Sunday, April 26, with a reception from 2:00 - 4:00 p.m. in the home of Dr. and Mrs. Gary Mangold in Lockney. The couple both graduated from Meridian High School.

After graduating from the University of Texas in 1941, Bill Mangold married Martha Lucille Powell on April 24, 1942, while he was working as a flying instructor at North Texas State University in Denton. In July of 1942, he joined the Navy and served four years as a Navy production test pilot at Columbus, Ohio. Following the war and graduation from Southwestern Medical School in

Dallas, he served in internship at Jefferson Davis Hospital in Houston.

Dr. and Mrs. Mangold moved to Lockney in January, 1952, and he has continued a full medical practice since that time. Martha graduated from Texas Tech University in 1973 and taught at Lockney Elementary for several years.

Hosts for the reception are their three sons and families: Dr. and Mrs. W.J. Mangold, Jr., of Tucson, Arizona, Mr. and Mrs. Howard Mangold of San Antonio, and Dr. and Mrs. Gary Mangold and granddaughters, Allison, Lauren, and Erin of Lockney. Friends are invited to attend the reception Sunday.

Senior Citizens Rockins

Our sympathy to the Jack Dollar family.

Lenard Strickland spent several days in the hospital at Lockney last week. But he is home now.

Murle Rogers is home recuperating at home.

Myrt Hill is in High Plains Hospital in Amarillo.

The center was closed Thursday night due to the weather.

We wish to thank everyone who came and helped make lap robes for the Lockney Care Center.

Ann Handley is home from the hospital.

Kelli LaBaume selected for CA scholarship

The Board of Directors of the Communicating for Agriculture and Education Foundation and the scholarship committee has selected Kelli LaBaume to receive a CA Foundation Scholarship Award.

As a recipient of the CA Foundation Scholarship, she was chosen from among many applicants because of her interest in continuing her education in a field that will serve the rural area as well as the academic promise she has shown in her chosen field.

Ms. LaBaume will be graduating Texas Tech University with a Bachelor of Science in Home Economics and teacher certification in May 1992.

She is the daughter of Jon and Elaine LaBaume. She also has a brother, Coy, that lives in Idalou and works for the Texas Tech Police Department.

Guest were served punch and cookies. The hostess gift was a Jenny Lind cradle and pad.

Hostesses were: Ethelyn Hunt, Peggy Nancy, Dani Johnson, Bobbie Kellison, Linda Stallings, Georgia Ford, Pat Adams, Pat Frizzell, Barbara Cawley, Bo Bo Lane all of Lockney, and Debra Carlton of Hart.

Floydada Nursing Home Happenings

By Jo Bryant

Hi once again, do hope all is well and happy after the storms, must say we had some excitement last week about the hail and rain. Got all the residents safe from the storms.

Must say that the residents enjoyed the children from the Day Care Center. Thanks Betty for bringing them. The children sang songs and visited with the residents. The Rev. Bill Wright brought the devotional and Irene Wexler played the piano. Iva Walters brought the residents bananas. At 2:30 the residents planted flower seeds in a cup, by the way, some are already up. Nearly all the residents said they used to plant a garden or in the field, cotton, wheat, grain, etc.

Tuesday, Bro. Richardson came and gave the devotional and sang some songs. He also brought the residents bananas. At 2:30 the ladies from the Companions 'n' Caring came and helped the residents color the hen eggs for their party. They also got to eat a boiled egg. Ruth McIntosh played the piano and they sang some songs from the Good Ole' Days.

Wednesday morning the residents played penny toss. Three men won the toss. Otis Johnson won the first Bingo. Treats were fried pies, candy, potato chips. Ruth Hammonds and Mary Alice Davis assisted the residents.

Thursday the residents had a good time at the Easter party. They hunted the eggs. The prizes were chocolate eggs, Easter bunny and money in three prize eggs. Thanks for the prizes from Perry Brothers and Thompson Pharmacy. The ladies from Companions 'n' Caring

came and served the residents ice cream. Ruth McIntosh played the piano and we sang the Easter Parade. Dorothy Neff assisted the residents in the parade. The ladies assisting were: Selma Ortiz, Shirley Varner, Ruth McIntosh, Dorothy Neff, Leona Neff, Dolores Cannon, Ola Smith and Sue Walker.

Also the 1956 Study Club gave the residents a gift package. Thanks!

Friday, Evelyn Latta played the piano and we shared the Death of the Cross on Good Friday. She closed with a prayer about Good Friday. Then Our Place treated the residents to ice cream. Just drove around town as the weather was threatening. Thanks First Baptist for coming out Sunday to share Easter.

Tuesday, Faye Steen and Jo Bryant attended the Activity Association Meeting in Lubbock all day. Jim Beyer, Department of Social Workers from the Lubbock Christian University, spoke to us on comparison of Nursing Home Social Worker and Activities Director.

Sue Griffin spoke on the importance of reminiscing. We also voted for the Activity Director of the Year.

Definitions given for Social Worker and Activities Director were:

Social Worker - A medical-related social service provider to attain the highest practicable physical, mental or psychosocial well being of each resident.

Activities Director - An ongoing program of activities designed to meet, in accordance with the comprehensive assessment, the interest and the physical, mental and psychosocial well-being of each resident.

JULY WEDDING PLANNED—Mr. and Mrs. Deloy Myers of Quitaque announce the engagement of their daughter, Judy Robin, to Randy Race of Lockney. Robin is the granddaughter of Jane Hamilton of Quitaque and Jewel Myers of Hugoton, Kansas. Randy is the son of Mr. and Mrs. Bill Race and grandson of Mr. and Mrs. Claude Brown of Lockney and Mrs. Kathrine Mathis of Amarillo. Robin is a graduate of Valley High School and West Texas State University. Randy is a 1986 graduate of Lockney High School and attended Eastern New Mexico University and West Texas State University. The couple plan to be married July 25, 1992 at 7:00 p.m. in the First Baptist Church of Lockney. After the wedding they will be at home in Lockney.

1956 Study Club hears program on skin care

By Judy Dunlap

A Skin Cancer Awareness and Prevention Program, given by club member Susan Simpson, helped prepare 1956 Study Club ladies for spring and summer outdoor activities when the group met April 14, in Mrs. Simpson's home.

"The most effective way to avoid sun damage is prevention," said Mrs. Simpson. She then showed a video sponsored by Mary Kay Cosmetics, in which a noted dermatologist discussed risks and forms of skin cancer. People are encouraged to be familiar with their skin. If any changes occur, a doctor should be consulted. Mrs. Simpson stated, "Skin cancer is the most common form of cancer, but is also the most preventable."

She concluded her program with these tips: 1. Wear sunblock under any moisturizer, 2. Apply sunblock 15 minutes

Keeping You In Stitches meets in Graham home

By D'Lyn Morris

The April meeting was held in Jill Graham's home on April 14. The group quilted on the Mexican Star quilt made by Jill last fall in Winnie Fleming's class. The blocks were done in colors of purple, teal, gray and black.

DarLee Foster was elected as the new Vice President/Treasurer replacing Sidney Jackson who has taken a full time teaching position.

Anne Jones won the drawing for the navy, green and red Wedding Ring blocks designed by Jill Graham.

Cindy Belt was elected Librarian for the guild's collection of pattern and technique books which will be available for members to use. A committee will meet to compile a list of books, videos and magazines that the guild might wish to add to the library.

Plans for classes were discussed including a Double Wedding Ring class taught by DarLee and Shawnda Foster, Crazy Quilt Pendants by Mary Clary and several choices from Winnie Fleming from Houston. The group voted to view the patterns from Winnie and then make a decision.

Guests from Lubbock were Mary Clary and Jan Heichelheim. Our beloved Carol Vines also attended and informed us of her move to Dalhart. She will be greatly missed. Our quilting skills have benefitted tremendously from her patient and kind instruction.

The next meeting will be hosted by Kay Brock on May 12.

Have a good week!

before going out, 3. Apply sunblock generously and evenly, 4. Wear sunglasses with UV protection, and 5. Use aloe vera on sunburn.

Refreshments were next served by Mrs. Simpson. Assisting her were Linda Harbin and Lisa Becker.

Melissa Long, First Vice-President of the club, presided over the business meeting in the absence of President Judy Schacht.

In preparation for Old Settlers Day the club voted to participate in decorating a downtown window, overseeing the Style Show, and entering a float. Other business included monetary donations to Girltown, USA, and Floydada Junior High Library.

Since response to the club fund-raising event in the fall (Tator Bake) has been so positive, it was decided to present two senior scholarships each \$300.

The next meeting will be May 12. At that time officers for 1992-94 will be installed. Members were reminded to bring a salad for the supper meeting. Outstanding Clubwoman for the past club year will also be revealed.

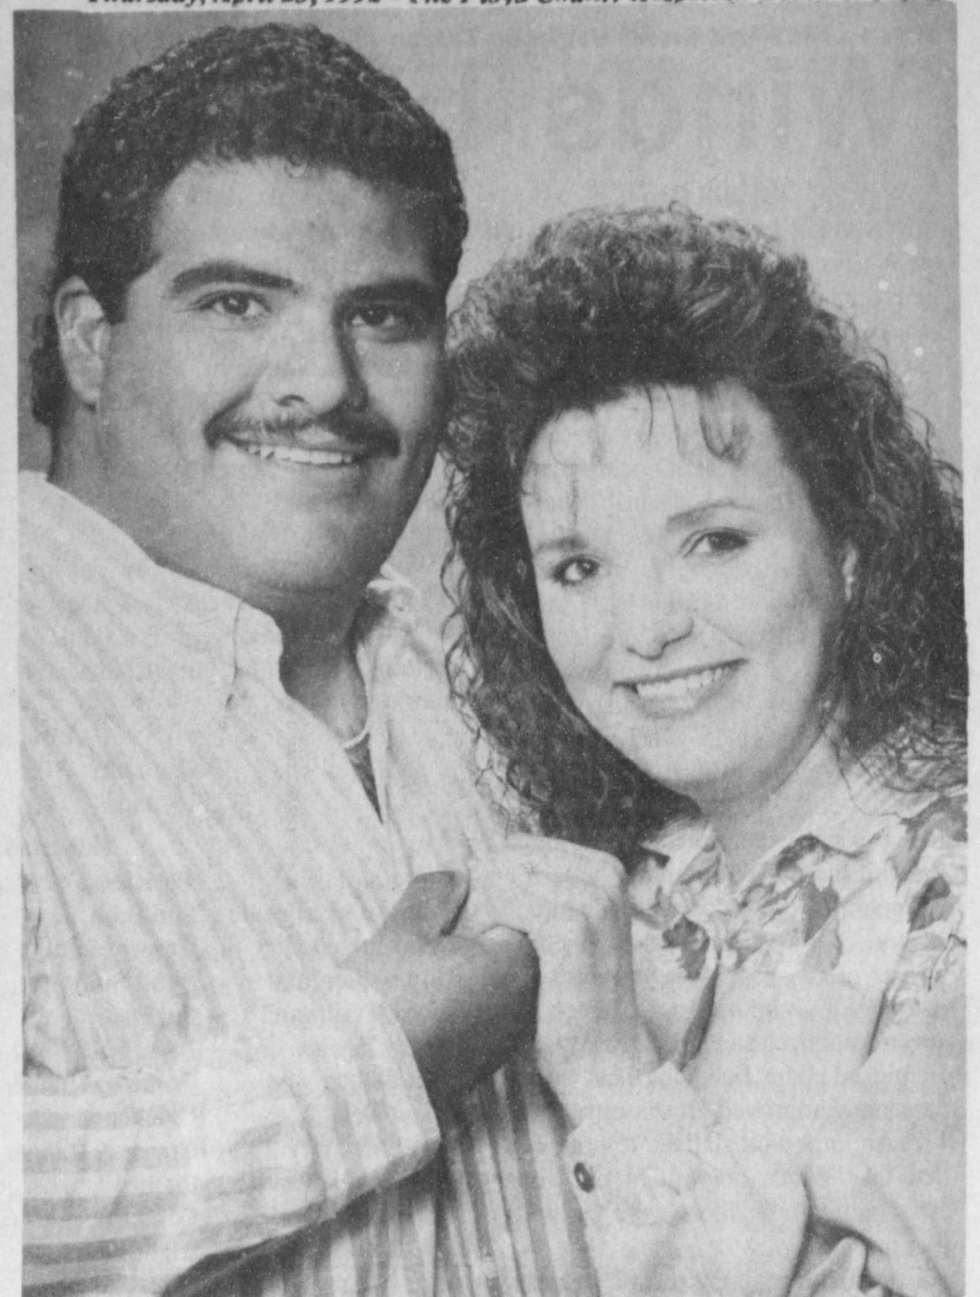

Members attending included Kathy Becker, Rozanne Bishop, Sherre Cannon, Dana Crossland, Rosemary Finley, Shawnda Greer, Darlynn Hambricht, Donna Henderson, LaTresa Miller, Sharon Rainwater, Trena Simpson, JenniSu Smith, Atha Sue, Jan Thompson, Leora Younger, Vicki Vandiver, Connie Bramlett and Judy Dunlap. Penny Taylor was a special guest.

JUNE WEDDING SET—Joe and Elvia Cisneros of Floydada wish to announce the engagement and forthcoming marriage of their daughter, Margie to Jerry Salinas, son of Mr. and Mrs. Ben Salinas of Lubbock. Miss Cisneros is a graduate of Floydada High School and attended South Plains College, where she was awarded a degree in nursing. She is employed as an LVN at Methodist Hospital in Lubbock and is also currently attending SPC, working towards an RN license. Salinas, a graduate of Coronado High School in Lubbock, also attended South Plains College. He is a salesman for Shamrock Chevrolet in Lubbock. The couple plan a June 20 wedding in Our Lady of Guadalupe, Lubbock. —Photo by R Photography

'Winds blast Abernathy

By Bill Gray

Floydada lit up the scoreboard with eight runs in the bottom of the first inning to register their fourth baseball win of the season with a 13-3 verdict over Abernathy at Watson Field on April 14. The 'Winds improved their record to 4-8 for 1992. They are scheduled to play county rival Lockney at the Longhorns' diamond on April 21 before venturing to Dimmitt for the District 2-3A opener on April 28.

Senior Billy Villarreal and junior Micheal Gilliland each collected two hits and two RBIs apiece in Floydada's five-hit attack. Villarreal also scored three runs in the game, which was shortened to five innings due to the U.I.L.'s "ten-run rule." Sophomore catcher Rafael DeOchoa connected for the other base hit for the Whirlwinds.

Sophomore Brandon Gilliland turned in one of Floydada's better pitching efforts of the year. "Jed" pitched the complete five-inning game, struck out seven Antelopes and gave up six walks. He picked up his first win of his varsity career and improved his season mark to 1-2. An important statistic to note was that the 'Winds committed only one error, while the visitors were guilty of five miscues.

Commenting on the team's successful outing against the 'Lopes, first-year coach Jimmy Webster said, "We came out and did some good things — both offensively and defensively. There was no really great play, hit or pitch that stuck out in my mind — just a good overall game. We may be coming together a little bit now. Success is contagious... we found that out."

"We made only one defensive error, walked eight times and struck out only twice; we fielded ground balls and made good throws. That's what wins baseball games," added Webster.

The coach also had praise for Villarreal and Micheal Gilliland who had two hits each and accounted for four RBIs and four runs. The coach also noted that the 'Winds were able to get courtesy runners Mike Ochoa and David McCarty on the base paths. The coach said, "Jed" (pitcher Brandon Gilliland) and Rafael (DeOchoa) got on base five of six times, allowing our CRs to score three runs. That's big!"

Webster summed up by saying, "The Abernathy game was what we've been shooting for all year. We didn't do anything spectacular, but we did what it takes to win."

BILL'S NOTES

It was a great victory for the Whirlwinds, and it was nice to be on the winning end of a game shortened by the 10-run rule. Abernathy is not in Ralls' class in 2A ball, but the 'Lopes have a pretty competitive team.

The 'Winds used their heads, and committed only one fielding error. That is a definite improvement! Floydada still gave up too many walks, but made up for them with some good defensive play.

DeOchoa nailed a base runner with an excellent throw down to second base. The hard work is paying off now, and the improvement will give the 'Winds the confidence they need to be contenders when District 2-3A play starts next week.

Line Score			
Abernathy	102	00	- 3 3 5
Floydada	801	31	- 13 5 1

TAKE ACTION FROM TORNADOES

Tornadoes can strike at any time, any place, in Texas. Listen to National Weather Service bulletins for weather information. If a warning is issued or you see a tornado, immediately take shelter below ground or in an interior hallway or bathroom on the ground floor. Stay away from windows.

If you're outside, lie flat in a ditch or ravine and cover your head with your arms. Do not stay in or under your car or mobile home, since both are easily moved by tornadoes. Do not try to outrun a tornado or drive away from it in your car.

FHS Homecoming plans continue

The officers of the Ex-Student Association for Floydada's Homecoming 1992 met at 6:00 p.m. Thursday, April 2, in the school administration office.

Following the invocation, the business meeting was called to order by Darlynn Hambricht, president. The minutes from the March 5 meeting were read and approved. A treasurer's report was then given.

Vice-president Bobby Gilliland reported that the scouts will hold a reunion on Saturday, Oct. 3, from 3:30 to 5:30 p.m. at the Masonic Lodge. Seventy Eagles are expected to attend. Six or seven past scout masters are also expected.

Corresponding secretary Becky Emert drafted a letter to send to '92 address committee members. She has the mailing list in the computer from 1988. She will update the list with changes since the last homecoming. The committee does plan to send letters to Floyd County residents and it has been suggested to go through lists and solicit help from local exes to help with addresses.

John Odam wants former band members to contact him for the halftime performance. They will be playing their instruments and will form the Whirl-

wind at halftime, along with possibly playing in the stands.

Registration will be held in the high school gym. Local exes are encouraged to register Thursday, Oct. 1. Out-of-town exes and locals will register Friday afternoon, Oct. 2 and Saturday, Oct. 3 from 9:00 a.m. to 1:00 p.m. Coffee and donuts will be served in the kitchen during registration. Maps will also be available to exes, showing locations of events.

The pep rally will be held on Thursday night, Oct. 1. The snake dance will begin at the pavilion downtown and finish at Wester Field. The fire chief will be contacted for an escort by the fire truck. Polly Cardinal will contact Ms. Lloyd to chair the committee, along with her cheerleaders to plan other activities for the pep rally. Mrs. Cardinal will also host a coffee for former cheerleaders and mothers and pep squads, and anyone else that would like to attend from 2:00 to 4:00 on Friday afternoon.

Saturday, Oct. 3, the meal will be held at A.B. Duncan, with four school buses shuttling from high school to Duncan. Catering services for the meal have sent their information, menus and prices. This will be discussed at a later date.

Bill Gray has talked to the Arch Keys Band and Smoothies for Saturday, Oct. 3. Blake Kitchens will be contacted for a country band. The Massie Activity Center is reserved for Saturday night. The breakfast was discussed briefly, it was suggested to have individual tickets. Bobby Gilliland will be checking out several options.

Lovene Moore will be responsible for the memorial service. She needs exes to contact her about classmates, who have died since the last homecoming.

Bobby Gilliland will be in charge of the plastic cups. Businesses are needed to provide ads or donate to the cause. The 16 oz. cups will be used during the noon meal, and Band Boosters will sell drinks in them during the game. The logo on the cups will be: "Go Fightin' Whirlwinds".

Julianne Cornelius has asked Alice Gilroy at the Hesperian-Beacon to begin interviews of exes in order to generate interest for Homecoming '92.

Becky Emert will prepare a 'Calendar of Events', she needs all classes to send information about their special meetings or parties to her, so they can be put on the calendar and sent in letters.

The next meeting will be Thursday, May 7, at 6:00 p.m. in the school administration office. Everyone is urged to attend. Envelopes will be stuffed.

Those in attendance were: Darlynn Hambricht, president; Bobby Gilliland, vice-president; Penny Golightly, treasurer; Becky Emert, corresponding secretary; Julianne Cornelius, recording secretary; Joyce Lipham, acting recording secretary; Bill Gray, Mary Shurbet, Polly Cardinal and Flora McNeill.

ACS EDUCATES STUDENTS — Julianne Cornelius, American Cancer Society Education Chairman in Floyd County, discussed the bad effects of sun and ways to prevent damage with Duncan kindergarten students last Thursday. The presentation included a video, "Slip, Slap, Slap," demonstrating slip on a shirt, slap on sunscreen and slap on a hat to protect your skin from sunburn which increases the possibility of developing skin cancer. Par-

ents should encourage children to play in the shade between 10 a.m. and 3 p.m. as well as using SPF 15 sunscreen. According to Christy Reeves, area ACS rep, "In the last 20 years, we have seen positive progress in the fight against cancer. We've developed rehabilitation methods that add much to the quality of life for cancer victims and have brought education to the public concerning the causes of cancer." — Staff Photo

Coming Through in '92

By Christy Benjamin

This week's first senior is Robert Lopez, son of Francisco Lopez and Bolanda Perez. He has one sister, Christy. Robert has attended school in Floydada for 10 years.

Robert puts in a lot of hours working at Pay-n-Save. When he's not working, he enjoys watching "Cheers", playing basketball and volleyball, and going to rock concerts. His favorite music groups are Metallica, Ozzy and Slayer. If Robert had his way, he'd be playing guitar for Metallica. He'd have liked meeting the late Jimi Hendrix.

Robert goes to St. Mary Magdalen Church. He likes to spend time with his friends. He says he always falls for blue eyes. One thing Robert doesn't like is people who ask stupid questions. If he had his choice of occupations, he'd be a super hero! Since he also likes drafting, though, Robert might try that out first after he goes to South Plains College.

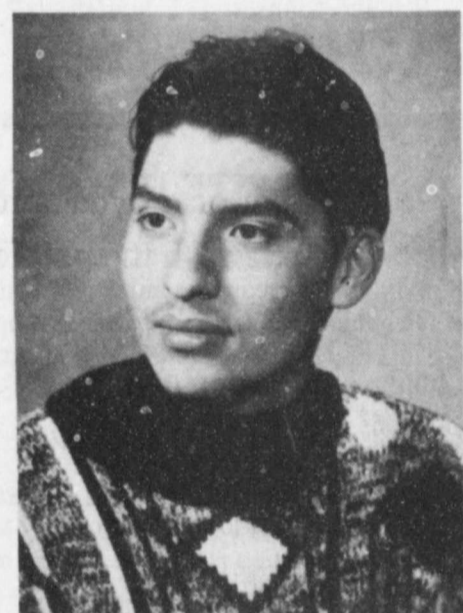

Our next senior is Candy Dawn Alvarez, daughter of Mike and Linda Emert. She has a sister, Kayla Galvan, and is also married to Antonio Alvarez. She has attended school in Floydada all of her life.

Candy is in MOCT this year, and she worked at Pizza Gold this summer. She was in Band for 2-1/2 years and FHA for 3 years. She was also a basketball manager for 2 years and in the Pep Squad one year.

"Top Gun" is Candy's favorite

movie. As for her favorite TV show, it's a toss-up between "The Cosby Show" and "Beverly Hills, 90210." She enjoyed reading and Stephen King's "It" is one of her favorite books. Candy also likes the color black, reading "Fred Bassett," and eating hamburgers and fries while listening to "Shameless."

Candy's favorite vacation was her trip to New Mexico. She'd love to go to Paris someday with her husband, whom she admires the most. Secretarial school and children are in Candy's plans for the future.

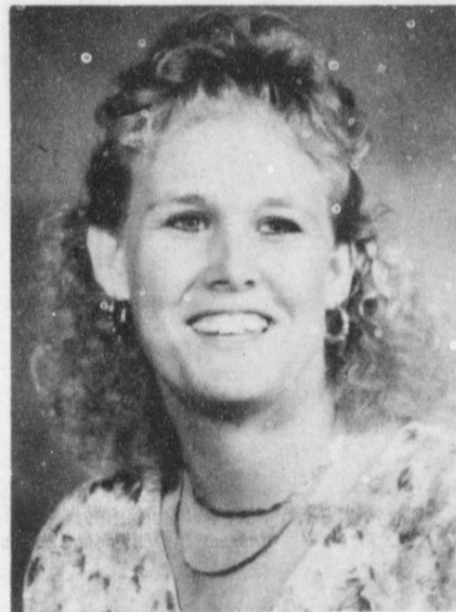

ROBERT LOPEZ

Have a nice day!

Lockney baseballers defeat Dimmitt

The Lockney Longhorn baseball team defeated Dimmitt by a score of 14-1. Pitchers Alfred Martinez and Leo Vargas did not allow any hits from Dimmitt.

Martinez was the winning pitcher and his record stands at 1-1. Vargas took

over in the 4th inning.

HITS:

Leo Vargas - 2 ground doubles, 1 homerun, 4 RBI's.
Tanner Johnson - 1 homerun, 2 RBI's.
Alfred Martinez - 3 for 4, 3 RBI's.

Jenaro Zapata - 1 for 3, 2 RBI's
Jarod Mosley - 2 for 4, 1 RBI

SCORE BY INNINGS:

Lockney - 4 . 0 . . 7 . . 3 . . 0
Dimmitt - 0 . . 0 . . 1 . . 0 . . 0

NOTICE OF APPLICATION FOR WASTE DISPOSAL PERMIT ASSESSMENT

CAPROCK INDUSTRIES, INC., Route 1, Box 27, Lockney, Texas 79241 has applied to the Texas Water Commission for an amendment to Permit No. 01558 in order to increase the number of cattle at the feedlot from 30,000 head to a maximum of 45,000 head. The proposed amendment would also incorporate improvements made to the feedlot after the issuance of the permit. Stormwater will be retained in three storage ponds. Wastewater from the ponds is disposed of by irrigation of agricultural land. Manure/solids is disposed of as fertilizer on agricultural land. No discharge of pollutants into the waters of the State is authorized by this permit.

The feedlot operation is approximately one and one half miles west of Farm-to-Market Road 378 from a point approximately three miles north of the intersection of Farm-to-Market Road 378 and Farm-to-Market Road 97 in the town of Lockney in Floyd County, Texas. The feedlot operation is in the drainage area of the White River Lake in Segment No. 1244 of the Brazos River Basin.

The Executive Director of the Texas Water Commission has prepared a draft permit based on the application submitted by the applicant and other information presently available.

Legal Authority: Section 26.028 of the Texas Water Code and 31 TAC Chapter 305 of the Rules of the Texas Water Commission.

No public hearing will be held on this application unless an affected person who has received notice of the application specifically requests a public hearing. Any such request for a public hearing shall be in writing and contain (1) the name, mailing address and daytime phone number of the person making the request; (2) the statement "...request a public hearing"; and (3) a brief description of how the requester, or persons represented by the requester, would be adversely affected by the granting of the application. If the Commission determines that the request sets out an issue which is relevant to the application, or that a public hearing, would serve the public interest, the Commission shall conduct a public hearing, after the issuance of proper and timely notice of the hearing. If no sufficient request for hearing is received within 30 days of the date of publication of the notice concerning the application, the permit will be submitted to the Commission for final decision on the application.

Requests for a public hearing on this application should be submitted in writing to Kerry D. Sullivan, Assistant Chief Hearings Examiner, Texas Water Commission, P. O. Box 13087, Capitol Station, Austin, Texas 78711, Telephone (512) 463-7908. Information concerning any technical aspect of this application can be obtained by writing Desiderio Mora, R. S., Wastewater Permits Section, Texas Water Commission, P. O. Box 13087, Capitol Station, Austin, Texas 78711, Telephone (512) 463-8201.

Issued this 14th day of April, 1992.

Gloria A. Vasquez, Chief Clerk
Texas Water Commission

Match roping unfolds at Burleson's

By Lou Burleson
When the 5th Annual Drag A Ranch Roping unfolds on April 24, 25, and 26 at the Burleson Ranch Arena near Flomot, Guy Allen and Roy Cooper will square off in a match steer roping contest on Sunday afternoon.

Roy Cooper has graciously consented to replace Tutt Garnett who was injured at the timed events in March and has had to have surgery on his knee. Though the competitors might be friendly, the competition is serious.

Guy Allen of Venita, Oklahoma, will be competing in the match roping for the fourth year. Raised in a steer roping family, Guy, his father James and brother, Gip set a record in 1983 for being the only three family members ever to qualify for the NFSR. Guy has set many records in his 16 year PRCA career, being the youngest to capture the world title at the age of 19 in 1977. Guy

Allen is definitely a first class champion, a credit to steer roping, and the most dominating steer roper of modern day.

Roy Cooper, who lives in Childress, is an original honoree of the Pro Rodeo Hall of Fame. Roy is only the second contestant in the history of professional rodeo to win calf roping, steer roping, and all-around world championships in the same year.

Last year's winner of the match-roping between Guy Allen and Shaun Burchett was Shaun. Shaun lost his life in an automobile accident earlier this year and will be recognized as an outstanding steer roper.

In the open roping that will accompany the match roping a C-M Circuit Champ two horse trailer will be given away to the winner of the "open roping." Last year's winner of the one horse trailer was Tutt Garnett, of Elgin, Texas. Other events for the week-end will be

team roping on Friday night, April 24, with Circle A of Hereford furnishing the cattle.

Saturday will be the ISRA Ropings followed by a novice steer roping, cattle furnished by Jimmy Smith of Denton.

Sunday morning begins with the Senior SRA members roping followed by the open roping and the match between Allen and Cooper will be taking place throughout the afternoon.

Curt Robinson, Pendleton, Oregon, will be on hand through the weekend to give first hand accounts of the ropers' standings and to introduce the ropers. The introduction of the open steer ropers will begin at 1 p.m. on Sunday, April 26.

There is an admission of \$5.00 at the gate which gives you a chance to win a pair of bits made by Wade Brannon, Silverton. You do have to be present to win.

For more information, call S.C. Burleson, 806-983-2977.

LOCKNEY BROWNIE TROOP #275 — Members of the troop attending Camp Rio Blanco included (front row, left to right) Ashleigh Jones, Leticia Guerrero, Mary Lou Zavala, Claudia Rosales, Melanie Huggins, Trisha Day, Rebecca Redden; (back row) Erin Schaeffer, Cassandra Sanchez, Lisa Rodriguez, Elizabeth Torres, Dina Ledesma, Erica Mariscal and Melissa Schaeffer — Courtesy Photo

Lockney Brownies attend Come Along at Camp Rio Blanco

The second and third grade Brownie troops in Lockney recently attended the Caprock Council's area wide Brownie Come Along at Camp Rio Blanco, the Girl Scout camp near Crosbyton. The girls and their leaders spent the day learning things about the camp, practicing sand painting and lashing, and learning several new songs and games. Approximately 250 girls from throughout the area attended the day long event.

Following the close of the scheduled activities, the Lockney troops moved to one of the camp's fire circles. After learning the rules of fire safety, a fire was built to cook foil meals for supper. After supper, the girls learned about how to put out a fire safely and to be sure it is completely out.

The 14 girls were accompanied to camp by their leaders Vicky Schaeffer and Carol Huggins and adult helpers, Marlana Tharp and Vicky Zavala.

Thomas Jefferson, America's First Archaeologist

By Jim Word
Thomas Jefferson, the first American avocational archeologist, excavated a burial mound in Virginia with the precision of a modern archeologist. By his work in a mound in Virginia he anticipated excavation developments by a century or more.

His approach to excavation is similar to the techniques of modern archeology. He offered three theories about the mounds and their builders. (1) The mounds covered the bones of those who have fallen in battle fought on the spot of their burial. (2) That the mounds resulted from the custom of the Indians to collect the bones of their dead at a certain time of the year for ceremonial reburial. (3) The mounds were the ceremonial places of worship for nearby Indian settlements.

Jefferson excavated very carefully. He took notes of the different strata, the burial orientation, burial offerings, and their origin. He limited the excavation to a single trench all the way down to the original land surface.

In the analysis, Thomas Jefferson concluded that the mound was a ceremonial place of worship for a nearby town. He concluded that the town was sustained by agriculture in nearby fields. The burials were distinctly separated in different strata and were randomly orientated. There were infants and adults buried together.

Thomas Jefferson's studies of the mound skeletal material and compared them to living Indians. He concluded that they were from ancestors of modern Indians and that Indians were not degenerate forms of Europeans.

He wrote the following in Notes on Virginia: "the late discoveries of Captain Cook, coasting from Kamchatka to California, have proved that if the continents of Asia and America be separated at all, it is only a small strait, and that inhabitants of Asia may have passed into America. The resemblance between the Indians of America and the eastern inhabitants of Asia would induce us to conjecture that the former are the descendants of the later". He reported his excavation in a scientific journal.

Thomas Jefferson also called for a compilation of the vocabularies of all the tribes in America, and then comparing their words for common objects with those of other languages of the world.

Thomas Jefferson was born in a simple wooden house in Goochland

County, (now Albemarle County) Virginia, on April 13, 1743 on the Shadwell Plantation on the frontier of western Virginia.

Young Jefferson helped his father survey western Virginia and assisted in the administration of Shadwell plantation. He studied law at William and Mary College. He always considered himself as a scientist, and his political activities were the duties of a good citizen.

During his lifetime he had many notable accomplishments other than his well-known political feats, any one of which is deserving of honor and respect.

He proposed emancipation of slaves, founded the University of Virginia, a member of the American Philosophical Society, active in linguistic study of the Indians of America, active in founding American Paleontology, and very active in the archeology of Virginia.

Thomas Jefferson died July 4, 1826 at the age of 83. He will always be remembered as the author of the Declaration of American Independence.

Texas Archeology Awareness Week commemorated him as the pioneer of archeology in the United States.

4-H is something to celebrate

Editor's Note: The following is the first of a series of eight articles on the value of 4-H for use by county agents. They were prepared by Martha Couch, Extension 4-H Youth Specialist in Lubbock.

As the 4-H program surpasses 80 years of existence in Texas, there are reasons to celebrate.

First, 4-H is the largest youth organization in America. There are 4.5 million 4-H members nationwide. As other youth organizations decline in membership, 4-H has continued to grow. There are 446,089 members in Texas.

In the history of 4-H, 50,000,000 Americans have been members. This is one out of every six people.

Secondly, 4-H is youth and adults working together.

The 4-H volunteer leader concept is one of the strengths. For every one hour of professional employee's time spent in the 4-H program, there are 10 hours contributed by volunteers.

4-H emphasizes families and families working together, families are the strength of our country and our way of life and 4-H works to strengthen our families.

The third reason to celebrate 4-H, is it teaches leadership and citizenship. Members participate in projects to benefit the community, and the international program extends 4-H pathways across our borders.

4-H's ultimate goal is youth leadership development.

The fifth reason to celebrate 4-H is that it has something for everyone. Through 4-H projects of beef to

beekeeping, forestry to food and nutrition, safety to sewing, members experience "learning by doing". They can select projects and set their own goals. By the time projects are completed, youth have learned useful skills, the dignity of work, and the satisfaction of responsibility.

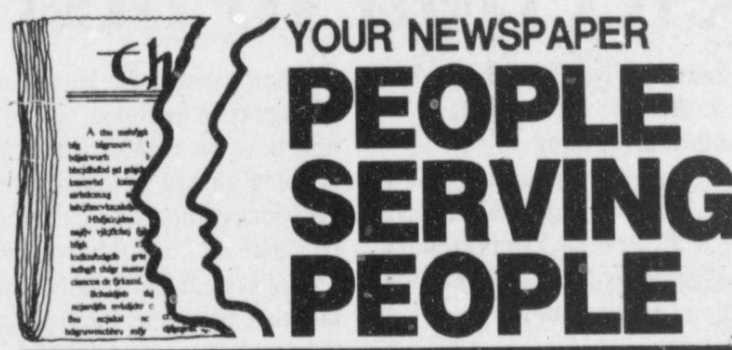

By comparing their accomplishments with others, 4-H'ers develop higher standards of excellence and the self-confidence to broaden their goals and

interests.

Many times one of those 4-H projects will lead to a career.

4-H is a way of life. Through 4-H, the member gains an attitude and a sense of values - moral and practical, that will remain through life. 4-H then is a way of doing and thinking - a physical and mental way of making our "best better."

Contact your county Extension office to join 4-H.

Six vie for seats on FISSD board

By Juanita Stepp
Candidates for the five Floydada Independent School District Board of Trustee positions up for election on May 2 are being profiled for the information and convenience of Hesperian-Beacon readers. Four of the candidates have no opponents in their bid for election. The fifth, Don Hardy of District 5, is being challenged by Stanley Pierce for his seat on the board.

CHARLENE BROWN

JOHN CAMPBELL

CHARLENE BROWN
Charlene Brown is seeking her third term on the FISSD Board. She is the incumbent in the at-large position and currently serves as the president of the local board. Originally from Clarendon, Brown moved to Floydada in 1977.

She is married to Gary Brown, Floydada City Manager. The couple has three children. Jason, 22 is a senior at Texas Tech, Roxene, 19, is a sophomore at Wayland Baptist University and Rhealene, 17, is a junior at FHS.

The Brown family belongs to the First Baptist Church and Brown is the Pre-School Coordinator for the institution. She has operated a child care facility in Floydada for 14 years.

Brown was involved in the A. B. Duncan Parent Teacher Association (PTA) for many years. She is active in the FHS Band Booster organization, currently serving as the treasurer.

"I have enjoyed being on the FISSD Board of Trustees," says Brown. "At times, it is difficult and not a popular position to be in, but I do it in the hope that I make a difference in a child's life."

JOHN CAMPBELL
John Campbell, the incumbent trustee in District 4, is seeking election to a second term on the FISSD board. He was unopposed when originally elected in 1989 and has no opponent in the May 2 Election.

Campbell has been a resident of Floydada since 1941 and has been employed at Kirk & Sons for the past 37 years. He is a high school graduate and attended Wayland Baptist University from 1963 to 1967. He is a member of the Christian Methodist Episcopal Church where he has held several positions at the local, state and conference

levels. He was a delegate to the National Conference in 1982 and 1986.

He served as the director of the Community Action Program from 1967 to 1973 and served on the Board of Directors of the Caprock Community Action Program in 1974 and 1975. He has been involved in the Floyd County Day Care Association since its inception and is the current president of the board. He has also been involved in Spirit of Sharing (SOS) since it was begun and has served on the Vocational Advisory Committee at Della Plains.

Campbell and his wife Louise have been married 33 years and have two children. A daughter, Althea, lives in Canyon and is a substitute teacher. Their son, Cornelius is a correctional officer at the prison in Childress.

"I have enjoyed serving on the school board and I think that we have a real good school system," says Campbell. "We have an excellent board and I enjoy working with them. I also appreciate the confidence that the people of District 4 have in my ability and I will continue to do the best that I can to promote education and the school system in Floydada."

DON HARDY
Local businessman Don Hardy is the incumbent in the District 5 race. He has been a board member for the past 11 years, serving one 2 year term and three 3 year terms. He is the owner and operator of Don Hardy Race Cars and Fuel Efficient Engine Service in Floydada. He has been a resident of the City since 1965 and is a member of the local Rotary Club.

Hardy and his wife Sue have been married for 20 years. They are the parents of two children, both students of the local school system. Dedra is seventeen and Donald is fifteen.

States Hardy, "In my eyes, the most critical factor we face is insuring that our children receive a good education. The next most critical factor we face, I believe, is formulating an educational system that is efficient and affordable to the people supporting it." He added, "We also have to be realistic in finding a solution to the problem of funding it in a fair and equitable manner."

STEVE LLOYD
Seeking election to a first term on the

board is Steve Lloyd. The local farmer must stand for election to a partial term after being appointed as the District 1 representative by the board to fill a vacancy created last year by the resignation of a board member.

Lloyd, a farmer since 1976, has been a resident of Floydada since birth. He is an FHS graduate and attended South Plains College. He and his wife Judy have two children. Stacey is 13 and a student at Floydada Junior High. Shane, 10, attends R. C. Andrews Elementary School. The family holds membership in the First United Methodist Church.

In addition to serving on the school board, Lloyd is the vice-president on the board of directors of the Floydada Coop Gin. He also serves as a director for Plains Cotton Growers, and the Floyd County Junior Livestock Show Association. He is president of the Floyd-Crosby County Pest Management Committee.

"I am interested in the education of our children and in doing what I can to improve and support our schools," says Lloyd. "I feel that I can make a difference by making informed, common sense decisions on matters we have to deal with affecting our students, schools, school personnel and our tax dollars."

STANLEY PIERCE
Stanley T. Pierce is challenging Don Hardy for his position as the board representative in District 5. A lifelong resident of Floydada, Pierce is a farmer and rancher. He and his wife Wendy have two children. Their son Kyle is 12 and their daughter Kelsy is 9. Both attend

Floydada schools. Pierce volunteers his time to serve with the Floydada Emergency Medical Services, assisting with ambulance calls.

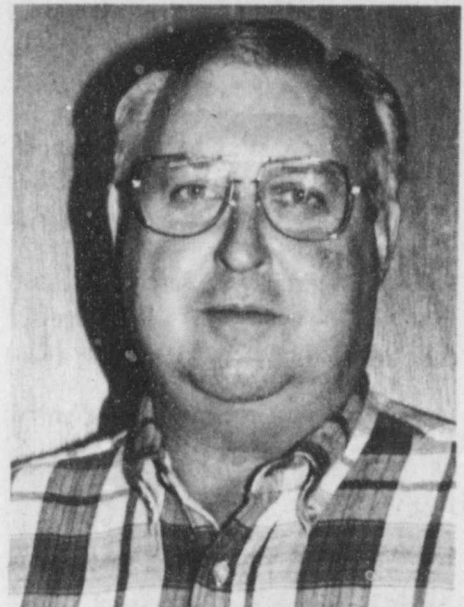

Says Pierce, "I am concerned about providing a quality education for our children and about preparing our kids for the future." He continued, stating, "People have expressed concern about spending and taxes and I am also very concerned about this and I would like to do my part to see that these and other matters are handled in the best interest of the students, the taxpayers and the school system."

TRENA SIMPSON
Seeking election to her first term is Trena Simpson. Simpson was appointed to fill the District 2 trustee position vacated by Cyndiann Williams in 1990. This has resulted in a partial term being placed on the ballot for the May 2 election.

Simpson is employed at Nash Irrigation and works with her husband of 14 years, Scott Simpson, at Simpson Trees. The couple are the parents of two children, 12 year-old Neisha and 10 year-old Na'Lyn.

She is a member of the Women's Division of the Floydada Chamber of Commerce and is active in the 1956 Study Club. The family attends the First United Methodist Church.

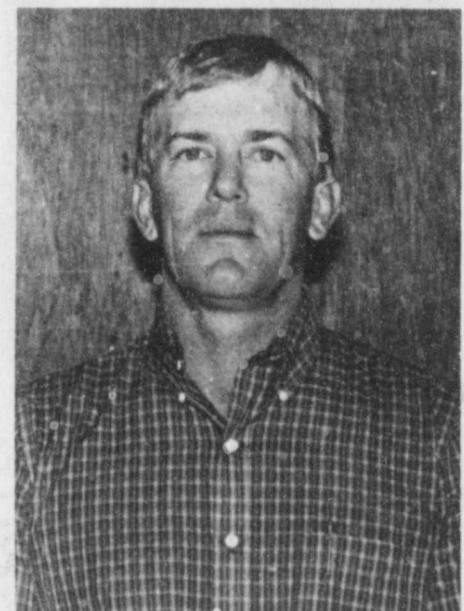

"I am very interested in the education of all of our children," says Simpson. "I want it to be the best that it can be and in this day and age, it has to be the best that we can provide in order to assure them a place in tomorrow's world."

guests included Mr. and Mrs. Zephus Polley of Turkey, Texas, who visited on Saturday.

Incumbents facing reelection to board

Three incumbents are vying for the three trustee positions open on the Lockney Independent School Board. Paul Glasson and Dickie Lambert have both served two terms on the board and Bernie Ford has served one year of an

unexpired term. Those elected as trustees will serve three year terms.

Early voting started on April 13 and will continue until April 28. Anyone who would like to vote early in the school board election can do so at the

LISD administrative office located at 416 West Willow. Jackie Holt is in charge of the early voting.

The election will be held on May 2 in the foyer at Lockney High School. Vera Jo Bybee will serve as election judge and her assistants will be Elaine Gibson and Carolyn Cunningham.

BERNIE FORD
Bernie Ford is running for his first full term on the school board for the Lockney Independent School District. He was elected in 1991 to finish a one year of an unexpired term.

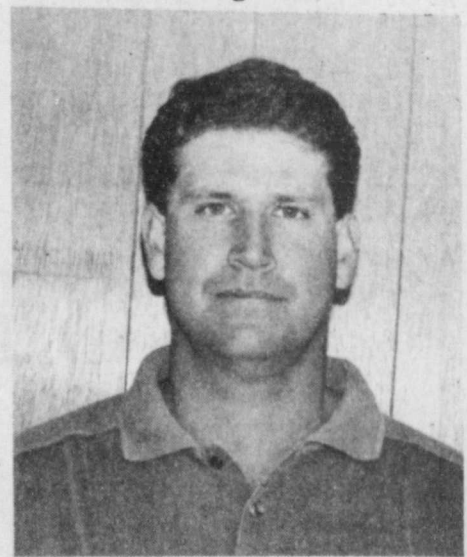

Ford is a native of Lockney, graduated from Lockney High School in 1976 and attended Texas Tech University for two years. Presently he is engaged in farming.

Ford married the former Cindy Dyer. She is a native of Dimmitt and teaches first grade at Lockney Elementary School. The couple are parents of two children, Jenna who is 8 and Mark who is 5.

They are members of the First United Methodist Church and Ford is a coach for a T-ball team.

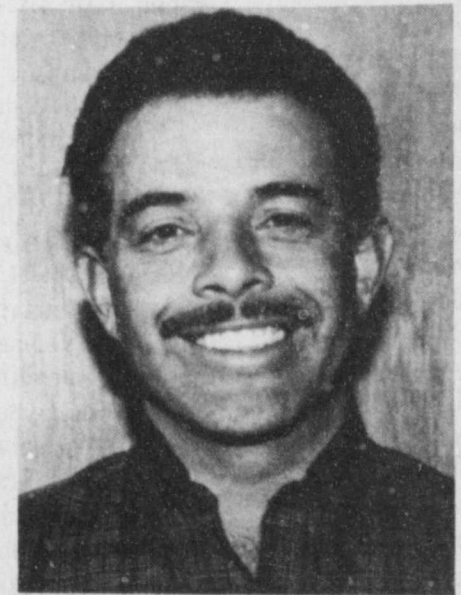

When asked why he is running for another term he stated, "I feel that I just now have the experience to know what is going on and we have several major decisions coming up that I would like to be a part of. I feel that we have a good school system and I want to help maintain that system as the trustees have in the past."

Surge valve merits shown

In a field at the Keith Stansell farm in the Sandhill Community west of here, three manufacturers of surge irrigation equipment faced off last week (April 14) in the High Plains Surge Shootout. At stake was far more than bragging rights on whose valve could push water to the end of the furrows in the fastest time, says Floyd County Extension Agent Mike Mallett.

"What's really at stake is finding better, more efficient and cost effective ways of irrigating our crops than we've used in the past and saving water and energy," the county agent said.

The demonstration was conducted by the Texas Agricultural Extension Service in cooperation with the High Plains Underground Water District Number One, the Soil Conservation Service and the equipment manufacturers: P & R Surge Systems, Inc.; Solar Surge and Waterman Industries. Innovations in gated plastic pipe and vinyl filament irrigation pipe also were demonstrated by Beep Irrigation, Cobco Sales Co. and Diamond Plastics.

Like the legendary gunfighters of the Old West, each of the valve manufacturers carefully got the "lay of the land" prior to the shootout. In this case, they studied soil factors, field slope and water flow rate to select a surging strategy each felt would best match their equipment to the needs of the field. They also were pitting their valves against a conventional furrow irrigation to move water from the top to the bottom of the field.

The contest started at 9:15 a.m. when a well was opened and water gushed into the pipes. By lunchtime, all three valves had pushed the water to the end of the field. P & R and Waterman had reached the end almost simultaneously, with Solar Surge close behind. Each valve had used a different strategy, and each had beaten the conventional system.

"There are differences between the controllers, but each will do the job," said John Walker, Waterman representative. "If you're running gated pipe on this land, you need a surge valve. It doesn't make water, it manages the application of water."

"It's a factor of what you want to do with your soil," said Patricia Bruno of P & R. She noted that P & R engineer

Larry Griffin had felt the soil was a bit hard and had programmed their controller to give three surges instead of four with each irrigation cycle. Waterman used four surges.

While the water was pulsing down the quarter-mile furrows, specialists from the Extension Service and the Water District traced the history and benefits of surge irrigation, explained the need for testing irrigation engine and pump efficiency, and discussed when and how much to water.

For more than a decade, both the Extension Service and the water district have helped farmers test the efficiency of their well's and pumps, said Leon New, Extension Service agricultural engineer and irrigation specialist from Amarillo. Pumps should perform at an efficiency of at least 70 percent, he said, but some had been found as low as 20 percent. As the efficiency of the pump goes down, the cost of applying water goes up, New noted. Typically, when a pump is in the 50 percent efficiency range, the increased efficiency from repairing the pump will repay the repair cost in four or five years, New said.

Surge irrigation dates back at least a century, said Joe Hengeler, Extension Service engineer and irrigation specialist at Fort Stockton. He said the pioneers had called it "bumping." But it wasn't until universities began researching the technique in the late 1970s and scientists and manufacturers developed effective

but simple timers and control units in the 1980s that surge began to catch on.

"In the last 13 years, close to 20,000 valves have gone into use and some two million acres are being irrigated with surge flow," he said. "Texas is really the surge flow capital of the world," he said.

Dr. Rose Mary Seymour, Extension Service engineer and irrigation specialist at Lubbock, cited four key benefits from surge systems. She said they are faster advance time of water in the furrow, greater irrigation uniformity along the length of a field, labor saving, and reduction of tailwater, the excess which frequently runs out the end of a furrow in conventional furrow systems.

"What we're really talking about is money management," said Ken Carver, assistant manager of the Water District. The irrigation needs can be determined by using a soil probe, gypsum block or tensiometer, he said. In monitoring soil moisture, "look at what you have in your root zone profile," he said. Then be efficient with what is put on, he stressed.

"This year our profile is almost full," from early rains, Carver noted. "Anytime we have started with a full or nearly full profile, our historical yield has been better than other years. This has the potential for being a good crop year."

But without an adequate fertility program, producers don't take advantage of the moisture, Carver cautioned. "If you don't have fertility, the water is wasted."

Availability of weather related loans are announced by Gramm

U.S. Sen. Phil Gramm has announced that farmers in five Texas counties are eligible to apply for low-interest emergency loans to help recover from damages and losses to crops due to extreme freezing weather conditions which occurred between Oct. 1 and Dec. 31, 1991.

The five counties eligible for the loan assistance are Bailey, Dickens, Haskell, Knox and Yoakum Counties.

For those who cannot obtain credit through normal channels, the U.S. Farmers Home Administration will make loans available at below-market interest rates to family farmers.

In addition to the above counties, 19

other Texas counties have been named as contiguous counties and therefore are eligible for assistance. The counties affected by the extreme freezing weather are Baylor, Cochran, Cottle, Crosby, Floyd, Foard, Gaines, Garza, Hockley, Jones, Kent, King, Lamb, Motley, Parmer, Shackelford, Stone-wall, Terry and Throckmorton Counties.

Gramm said all 24 counties have eight months to apply for the loans to help cover part of their actual losses.

The FmHA, which will supervise the loan program, is charged with providing aid to the farmers and ranchers in order to assist their economic recovery from natural disasters.

For Crosby-Floyd County

Pest control planning underway

By C. Mark Brown
Extension Agent-Entomology (PM)
Crosby/Floyd Counties

The 1992 insect scouting season is just around the corner. Planning is currently underway for the 1992 Crosby-Floyd Pest Management Steering Committee, which is made up of producers and agribusinessmen from the two-county area. Field scouts are hired by the Texas Pest Management Association (TPMA), a non-profit producer organization. Technical assistance is provided by the Texas Agricultural Extension Service.

The program is funded entirely by per acre scouting fees collected from participating producers. A portion of the scouting fee will go to TPMA for administrative purposes. However, all the rest of the money is used to pay field scouts for wages and travel reimbursement. The number of scouts hired depends totally on the amount of participation in the program. The scouting period lasts approximately 13 weeks.

Following are some of the details about the program, which will hopefully provide producers with a fair understanding of the program's structure and intent. The Crosby-Floyd Scouting Program is designed to assist and educate producers in proper pest management decision making, and to demonstrate the value of regular field scouting. The program is education-oriented. Participating producers are not alleviated of making management decisions or of all field-scouting activities. Rather, they are provided with enough information to make education pest management decisions, and they receive assistance in making decisions, if needed. This program demonstrates the value of regular field scouting on a field by field basis, either by the producer or a hired consultant.

Scouting program participants receive a weekly scouting report for each field enrolled in the program. These reports include such information as plant growth stage, plant damage ratings, number of pests per acre, number and types of beneficials present, and fruit set. A copy of each report is received by the County Entomologist (PM) within one day or less of the time in which the information was recorded. If any pest populations are at critical

levels, the producer is contacted immediately and is advised of possible options in making a management decision.

Producers can enroll an entire farm, or just one field. Depending on the location of the field, there is a minimal field size required to justify time and travel required for the 13-week scouting period. Optimum field size is 80-100 acres per enrolled field.

Payment for scouting services is paid at the beginning of the season. In the event that a field is hailed out, payment will be pro-rated and returned, less the cost of TPMA fees and previous scouting. Producers receive maximum advantage of the program by enrolling fields early. In this way, we can help producers set and maintain an early crop.

Producers may not have insect problems in every field, every year. However, the cost of per acre scouting fees can be recovered several times over by only one properly-timed control application or by prevention of only one unnecessary insecticide application.

THIS WEEK

YOUTH GROCERY RAFFLE

The youth of St. Mary Magdalen Catholic Church will be selling tickets for \$100 worth of groceries on Saturday, April 25, from 9 a.m. to 3 p.m. at Pay-n-Save. The drawing will be held Sunday, May 3. Proceeds will benefit the building fund.

BASEBALL WEEKEND

Floydada Branch of The First National Bank in Lockney and The First National Bank in Lockney are sponsoring a baseball weekend, June 6 and 7. A \$75.00 per person fee includes a chartered bus ride, a game ticket to the Texas Rangers vs. Minnesota Twins game, and motel. There is a 42 person limit. Deadline for registering is Friday, April 24 and the final day to pay is May 10. For more information, inquire at either sponsoring bank.

PASTRY AUCTION

Lockney Cub Scouts and Lockney Baseball Association will sponsor the second annual Dads and Kids Pastry Auction beginning at 7 p.m. Saturday, May 2, in Lockney Elementary School Cafeteria. Everyone is welcome to attend.

LIVESTOCK ASSN. MEETING

Lockney Livestock Association will hold a general meeting on Thursday, April 23, at 8:00 p.m. in the Lockney Vo Ag building. All interested parties are urged to attend.

LOCKNEY 4-H

Lockney 4-H will meet Monday, April 27, at 7:00 p.m. in the Lockney Community Center.

LOCKNEY BALL SIGNUP

Lockney T-ball and Little League sign-up will be Thursday and Friday nights, April 23 and 24, from 7-8:00 p.m. in Room 102 of Lockney Junior High.

FLOYDADA BAND BOOSTERS

Floydada Band Boosters will meet at 7:00 p.m. Monday, April 27, in the band hall.

OLD SETTLERS STYLE SHOW

The Old Settlers Style Show will feature aprons and eyeglasses. If you have any items for this event contact Kathy Becker, 983-2092.

SUPPORT GROUP

A support group for persons ages 9-17, who have divorced or incarcerated parents, will meet at 1:30 p.m. Saturday, April 25, at Family Fun Park in Plainview. There is also a group for adults, who are single, divorced or alone. There is no charge or fee. For more information, call Soila Reyes, 293-4187.

GENEALOGICAL SOCIETY

Caprock Genealogical Society members will be going to Amarillo LES Library on Tuesday, April 28, instead of having a normal meeting. Members interested in going to Amarillo, should contact Virginia Taylor or June Sherman by April 27.

PARENTING CLASSES

Free parenting classes, entitled Teaching Your Children How to Stay Out of Trouble, are offered for parents of 4-6th graders on Thursday, April 23, April 30 and May 7, from 7 to 9:00 p.m. in the R.C. Andrews Cafeteria. Babysitting will be provided. Reservations should be made by calling, 983-2296, days; 983-2550, evenings, or 983-2173, principal.

ALCOHOLICS ANONYMOUS

Alcoholics Anonymous and Al-Anons meet each Tuesday night at 8:00 p.m. Anyone wanting the loving fellowship of men and women who can share their experience, strength and hope are welcome. Meetings are held in the County Extension Building, at the north end of the building. Anyone interested may call 983-3635 or 652-3546.

OLD SETTLERS AUCTION

Anyone wishing to donate items, handcrafted or otherwise to be sold at the Old Settlers Auction, may do so by contacting Molly Huffman at 652-3570 or Gayle Reay at 652-2560 in the Lockney area; in Floydada, contact Gladys Jones, 983-2771. Items need to be in by the first week in May.

ALL-SPORTS BANQUET

Lockney Longhorn All-Sports Banquet will be at 7:00 p.m. Saturday, April 25, in the elementary cafeteria. Tickets may be purchased at the high school principal's office, the athletic director's office or from any high school athlete. Admission is \$6.00.

DUNCAN RECYCLING

Duncan Elementary will continue their newspaper recycling through Friday, April 24. They are also collecting change to plant a tree and have places cans around town.

DIABETES CLASSES

Diabetes classes will be at 7 p.m. Thursday, April 23, in the lobby of Lockney General Hospital. The classes are offered the fourth Thursday of each month. For more information, contact Helen Teeple RN, 983-3801. The classes are free.

FISD SCHOOLS OUT EARLY

All FISD schools will dismiss at 2:30 p.m. on Monday, April 27, for the District UIL competition to begin at 4 p.m.

BOB WILLS PARADE

Anyone who would like to participate in the 21st Annual Bob Wills Day Celebration parade on Saturday, April 25, in Turkey, should be at the parade grounds before 10:30 a.m. For more information on this year's event call J.H. Lane, 455-1420.

FLOYDADA HOMECOMING

If you have any tentative plans for class events, during Floydada's Homecoming 1992, please contact any of the Homecoming officers. Deadline is April 24.

Incumbents facing reelection to board

Continued From Page 10

PAUL GLASSON

Paul Glasson is running as an incumbent for a seat on the Lockney school board. He has served on the school board for six years and is seeking a third term.

PAUL GLASSON

The Lamplighter...

Continued From Page 1

Larry Combest, evidently came through the ordeal with clean hands. The same is true of Bob Michael, the Republican Minority Leader in the House. So there are a few up there we ought to remember with fondness.

(A humorous little sidebar to this story is the case of Rep. Louis Stokes, D-Ohio. He had 551 bad checks. He is also Chairman, gentle reader, of the House Ethics Committee. For this particular case, he bowed out, allowing someone else to chair the investigation. As far as we know he is still Chairman of the Committee, and will head up future "investigations" of ethical wrongdoing in the House. You figure it out.)

Still, the bank "scandal" is not the worst thing that has gone on in Washington over the last few years. It merely points out, in graphic detail, the manner in which Congress, both House and Senate, does its business. The worst aspect, in our opinion, is the insistence of the Congress men and senators that they be exempted from all the laws, rules, and regulations they foist upon the rest of us. And it is one wrong they absolutely refuse to correct. Last week, when the so-called "reform" resolution was before the House, a substitute resolution was offered by House Republicans that would have made the Congressmen subject to the same laws they pass for the rest of us. In a straight "party-line" vote, Mr. Foley's troops turned the idea down. Their argument was that they needed more time to study the matter, that now was not the time to take such a drastic step.

We can see why Mr. Foley hopes he has heard the last of the matter. And we can see why many Republicans might be hesitant to pursue the matter, since a

Glasson is a graduate of Coleman High School and received his Doctor of Veterinary Medicine from Texas A&M.

He married the former Delinda Phillips. She is a Lockney native and graduated from Lockney High School. They have two sons, Phillip, who is attending

DICKIE LAMBERT

Lubbock Christian College, and Jarod, a senior at Lockney High School.

They moved to Lockney in 1970 and he set up his veterinarian practice. Since that time he has been active in Little League, the Lockney Booster Club.

When asked why he was running for the school board he stated, "I enjoy serving on the board and I hope that we make some conscientious decisions for the good of the kids."

DICKIE LAMBERT

Dickie Lambert is seeking a third term as a trustee on the Lockney Independent School District Board. He has served on the board for six years.

"I have enjoyed being a member of the board and I feel that I have the qualifications and experience needed for the decisions that we have coming up in the next few years."

Lambert owns and operates Lambert Spraying Service and Lambert Feed and Seed. He is a native of Lockney and graduated from Lockney High School.

He and his wife, Peggy, are the parents of four children, Jeri Ann, a junior and Trudi Kay, a freshman at LHS and sixth graders Becky and Casey. They have been involved in the activities of their children.

They are members of the West College and Third Street Church of Christ.

Obituaries

Continued From Page 12

UBALDO GARCIA

Memorial services for Ubaldo Garcia, 54, were at 7 p.m. Friday, April 17, 1992, in First Baptist Church. Burial was Sunday in Cd. Mante, Tamps., Mexico by Cavallos-Rodriguez Funeral Home.

Mr. Garcia died at 6:49 p.m. Saturday, April 11, 1992, in St. Mary of the Plains Hospital in Lubbock after a brief illness.

He was born in Agualeguas, N.L., Mexico and moved to Petersburg in 1959. He was a farmer and a member of Primera Iglesia Bautista.

He married Berta Sanchez in 1958 in Mexico. She died in 1981.

Survivors include two sons, Ubaldo Jr., and Larry both of Lubbock; two daughters, Irma Salas and Bertha Alicia Reedy, both of Petersburg; his parents, Francisco and Erlinda Sanchez-Garcia, both of Mexico; six sisters, Gloria of Floydada and Ventura, Blanca, Lydia, Romelia and Lecha, all of Mexico; and three grandchildren.

The family suggests memorials to the Petersburg EMS.

APOLONIOHERNANDEZ

Funeral Mass for Apolonio G. Hernandez, 89, of San Angelo, formerly of Floydada, were at 4:30 p.m. Friday, April 17, 1992, in St. Mary Magdalen Catholic Church with the Rev. Adolpho Valenzuela, pastor, officiating.

Burial was in Floydada Cemetery by Moore-Rose-White Funeral Home.

Mr. Hernandez died Wednesday, April 15, 1992, in Shannon Medical Center in San Angelo after a brief illness.

He was born April 10, 1903, in Mexico and moved to Floydada in 1956 and to San Angelo in 1989. He was a retired farm worker.

He married Delores Adames on Oct. 5, 1931, in Bryan Texas.

Four grandchildren and five great-grandchildren preceded him in death.

Survivors include his wife; four sons, Tomas, Norberto and Santos, all of Floydada, and Lorenzo of San Angelo; four daughters, Norberta Flores of Bryan, Angela Ramirez of Amarillo and Lucy Martinez and Rosa Perez, both of

San Angelo; 36 grandchildren; and 25 great-grandchildren.

MARION HUGHES

Funeral services for Marion Alford Hughes, 87, were at 10 a.m. Monday, April 20, 1992, in Lemons Memorial Chapel with Elder Gayle McCoy, minister of Primitive Baptist Church in Plainview, and Elder Cleveland Bass, pastor of Primitive Baptist Church in Littlefield, officiating. Burial was in Plainview Memorial Park by Lemons Funeral Home.

Mr. Hughes died at 12:20 a.m. Thursday, April 16, 1992, in the Heritage Home after a lengthy illness.

He was born July 29, 1904 in Fluvanna and attended school there. He married Della McCarty on April 11, 1924 in Halfway and worked on the family farm before moving to San Diego, Calif. in 1942 where he worked for the Conveyor Aircraft Co. In 1944, he moved to Reed, Okla. and operated the Help Yourself Laundry, then moved to Muleshoe in 1946.

He operated the Grade A Dairy in California from 1956 until 1964. He also owned an apartment complex in California. He moved to Floydada and farmed and was associated with Kirtley Market in Floydada from 1982-87. He retired and moved to Plainview in 1987.

He was a member of the Primitive Baptist Church of Plainview.

Survivors include his wife; one daughter, Mrs. Gordon (Teta) Kirtley of San Angelo; one sister, Nina Markley of

Tyler; two grandchildren; and four great-grandchildren.

LULA JENKINS

Services for Lula Jenkins, 91, of Hamlin were at 2 p.m. Saturday, April 18, 1992, in Central Baptist Church with the Rev. James Brigham, pastor, officiating.

Burial was in Hamlin East Cemetery under direction of Foster-Adams Funeral Home.

Mrs. Jenkins died Thursday, April 16, 1992, in Holiday Lodge Nursing Home after an illness.

She was born in Bell County and moved from Floyd County to Jones County in 1963. She married E.D. Jenkins on January 2, 1918. She was a homemaker and a member of Central Baptist Church.

Survivors include her husband; three sons, Buddy of San Angelo, James of Odem and Donnie of Snyder; five daughters, Louise Ely and Dorothy Fudge, both of Hamlin, Laverne Harrison of Rotan, Christine Stremmel of Stamford and Nancy Mayo of Floydada; 26 grandchildren; 46 great-grandchildren; and eight great-great-grandchildren.

Grandsons were pallbearers.

ELVIN B. RAINER

Services for Elvin B. Rainer, 79, of Lubbock were at 2 p.m. Wednesday, April 22, 1992, in Trinity Baptist Church with the Rev. George Ray, pas-

tor, officiating.

The Rev. Vernon Gee, associate pastor, and Greg Hurst, grandson of the deceased, assisted.

Burial was in City of Lubbock Cemetery under the direction of Sanders Funeral Home.

Rainer died at 6:40 a.m. Monday, April 20, 1992, in Methodist Hospital after a lengthy illness.

He was born in Floydada and moved to Lubbock in 1945. He attended school in Floydada and married Bea Jones on January 27, 1933, in Portales, N.M. He retired as production manager of the Cal-Main Co. in Lubbock. He was a member of Trinity Baptist Church and the Men's Adult II Sunday School Class. He had held offices in Optimist International and the Downtown Toastmasters Club. He was a member of the Lubbock Eggery Art Club and Miniatures of Lubbock. He had been active with the Boy Scouts of America.

Survivors include his wife; a daughter, Pat Hurst of Dallas; a son, Glenn of Chicago, Ill.; four brothers, A.C. of Floydada and Lavon, Arliss and Norvill, all of San Diego, Calif.; four grandchildren; and a great-grandchild.

Pallbearers were Jerry Aker, Billy

Fairchild, Mark Hurst, Don Rainer, Joe Rainer, Herb Waits and Sylvian Joachin.

Honorary pallbearers were members of the Men's Adult II Sunday School Class at Trinity Baptist Church.

BROOKS TOWNSHEND

Graveside services for Brooks Gene Townshend, 64, of Crosbyton were at 10 a.m. Wednesday, April 15, 1992, in Crosbyton Cemetery with the Rev. Lester B. Griffin, pastor of First Baptist Church, officiating. Burial arrangements were by Adams Funeral Home.

Mr. Townshend died at 1:15 a.m. Tuesday, April 14, 1992, in Lubbock's Methodist Hospital after a lengthy illness.

He was born in May and moved to Crosbyton about 40 years ago. He married Ouida Brown on June 1, 1952 in Crosbyton. He was a truck driver and a U.S. Army veteran of World War II.

Survivors include his wife; two daughters, Gale Townshend and Jean Newell, both of Crosbyton; his mother, Ida Lee Townshend of Brownwood; two brothers, Tommy and Howard, both of Lubbock; two sisters, Ruby Collier of Brownwood and Bonnie Edwards of Lockney; and two grandchildren.

Wilson siblings performing with Spirit Wind youth choir

Chris and Alissa Wilson, children of Trina Wilson of Floydada and Ken Wilson of Clarendon, grandchildren of Mrs. Al Wilson of Amarillo, will be representing Floydada First United Methodist Church as members of the Spirit Wind youth choir of the Northwest Texas Conference of the First United Methodist Church.

As members of the Spirit Wind choir, made up of approximately 80 participants, they will travel to Louisville, Kentucky, May 6 through May 10 to serve in song at the General Conference of the First United Methodist Church.

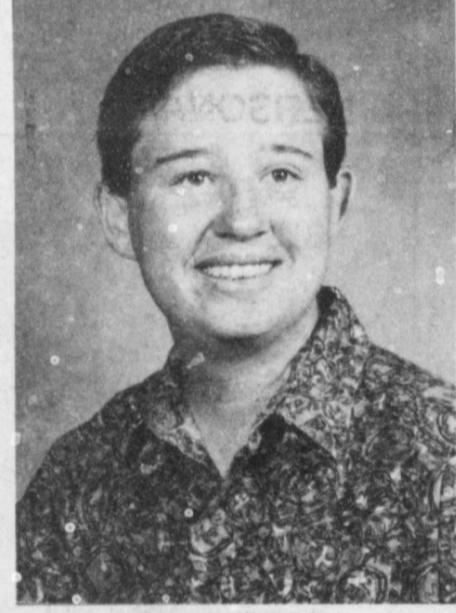

This is a conference which occurs once every four years.

In addition to the journey to Louisville, they will tour the South Plains and Panhandle regions of Texas with the 1992 Spirit Wind choir June 7 through June 21. The 1992 choir is made up of 137 participants. During this tour they will sing at approximately 20 different churches in the area.

Without the support and encouragement of the congregation of Floydada First United Methodist Church, it would not have been possible for Chris and Alissa to participate with the Spirit Wind choir.

NOTICE OF ELECTION ORDER

TO THE REGISTERED VOTERS of Caprock Hospital District of Floyd County, Texas:

BE IT ORDERED by the Board of Directors of CAPROCK HOSPITAL DISTRICT, of Floyd County, Texas, that a regular election of Directors of such District be held in such District on the first Saturday in May, 1992, being the 2nd day of such month, at the Massie Activity Center, 513 W. Georgia, Floydada, Texas, for the purpose of electing two directors of the District to succeed Fred Thayer and Kenneth Pitts whose terms expire on such date; that Mrs. Lorene Newberry be hereby appointed presiding judge of such election, and that the polls in such election shall open at 7:00 a.m. and close at 7:00 p.m.; that notice of such election be given in publishing a true and correct copy of this Order, in both English and Spanish, in the Floyd County Hesperian-Beacon, a newspaper of general circulation in the area of this District, one time not less than five (5) days prior to the date of such election.

Early voting by personal appearance will be conducted each weekday at 226 W. California Street, in the City of Floydada between the hours of 8:00 a.m. and 5:00 p.m. beginning on April 13, 1992 and ending on April 28, 1992.

Applications for ballot by mail shall be mailed to Darlynn Hambricht, Early Voting Clerk, 226 W. California Street, Floydada, Texas 79235.

Applications for ballots by mail must be received no later than the close of business on April 24, 1992.

This 20th day of February, 1992.

CARD OF THANKS

We would like to take this means of expressing our sincere thanks to all our relatives, friends and neighbors, for all the wonderful things done for all of us during the loss of our loved one, To Bro. Farnsworth for the beautiful service, for the music, the songs and the delicious meal the ladies served for all of us. For the beautiful flowers and other food brought to the house and for the phone calls, prayers, cards and money gifts we received and to Moore-Rose-White Funeral Home. God Bless each of you.

PUBLIC NOTICE

INVITATION FOR BIDS
The City of Lockney, Texas, will receive sealed bids for the seal coating of streets until 5:00 p.m. on the 7th day of May, 1992, at the Lockney City Hall, P.O. Box 387, Lockney, Texas 79241. At 9:30 a.m. on the 8th day of May, 1991, at Lockney City Hall, all bids received will be publicly opened and read aloud.
Bids are invited for furnishing all materials, labor, equipment, and superintendence for the seal coating of approximately 31,676 square yards of street pavement.
Copies of Contract Documents may be obtained from OJD Engineering, Inc., P.O. Box 543, Wellington, Texas, 79095, phone 806-447-2503, FAX 806-447-2445. The non-refundable fee for each set of Contract Documents is \$10.00.
A Bid Bond in the amount of 5% of the bid, issued by an acceptable surety, shall be submitted with each bid. A certified check or bank draft payable to the City of Lockney, or negotiable U.S. Government Bonds (at par value) may be submitted in lieu of the Bid Bond.
State statute requires local governments to require a performance and a payment bond from all contractors where such contracts involve construction of public works projects in excess of \$25,000. If the cost of the project is less than \$25,000, payment for the project will be withheld until the Contractor has completed all work to the satisfaction of the Engineer and the Owner.
The City of Lockney reserves the right to reject any or all Bids or to waive any informalities in the bidding. Bids may be held by the City of Lockney for a period not to exceed thirty (30) days from the date of the opening of Bids for the purpose of reviewing the Bids and investigating the qualifications of Bidders, prior to awarding the Contract.

KENNETH PITTS

FRED THAYER

Have a good week!

Pitts and Thayer seek reelection on board

By Juanita Stepp
Two positions are up for reelection on the Caprock Hospital District Board of Directors in the May 2 Election. Both incumbents are unopposed in their bid for another term.

KENNETH PITTS
Kenneth Pitts, a local farmer, was a hospital board member prior to his defeat in an eight candidate race for three positions during the May 1991 election. He was reappointed to the Caprock Hospital District Board of Directors in June of 1991 following the resignation of another board member and is standing for election for the first time since that appointment.

Pitts is a graduate of Matador High School and holds a bachelor's degree in entomology from Texas Tech University. He is married to a native Floydadian. He and his wife, Vickie, are the parents of two daughters, Kerrie and Kellie, both Floydada High School graduates. The family attends the First United Methodist Church.

FRED THAYER
Fred Thayer has been on the board for the past four years. He says, "I was on the board when the hospital was closed and I would like to be around to see it through and have the hospital open once more."

Thayer operates a local Certified

Public Accountant firm and has been in Floydada continuously since 1977. He spent most of his childhood here and is an FHS graduate. He is a member of the Floydada Rotary Club and attends the First Methodist Church. Thayer also serves on the Floydada Development Corporation board.

States Thayer, "I am eager to see that we restore health care to Floydada. I know that it is urgently needed. The hospital district is on firm financial footing for the first time in many years and we are looking forward to finding physicians to staff the clinic and hospital to serve residents of the district." He added, "We would still welcome any

leads on the possible recruitment of a doctor."

Mary J. Willson ends Army basic training

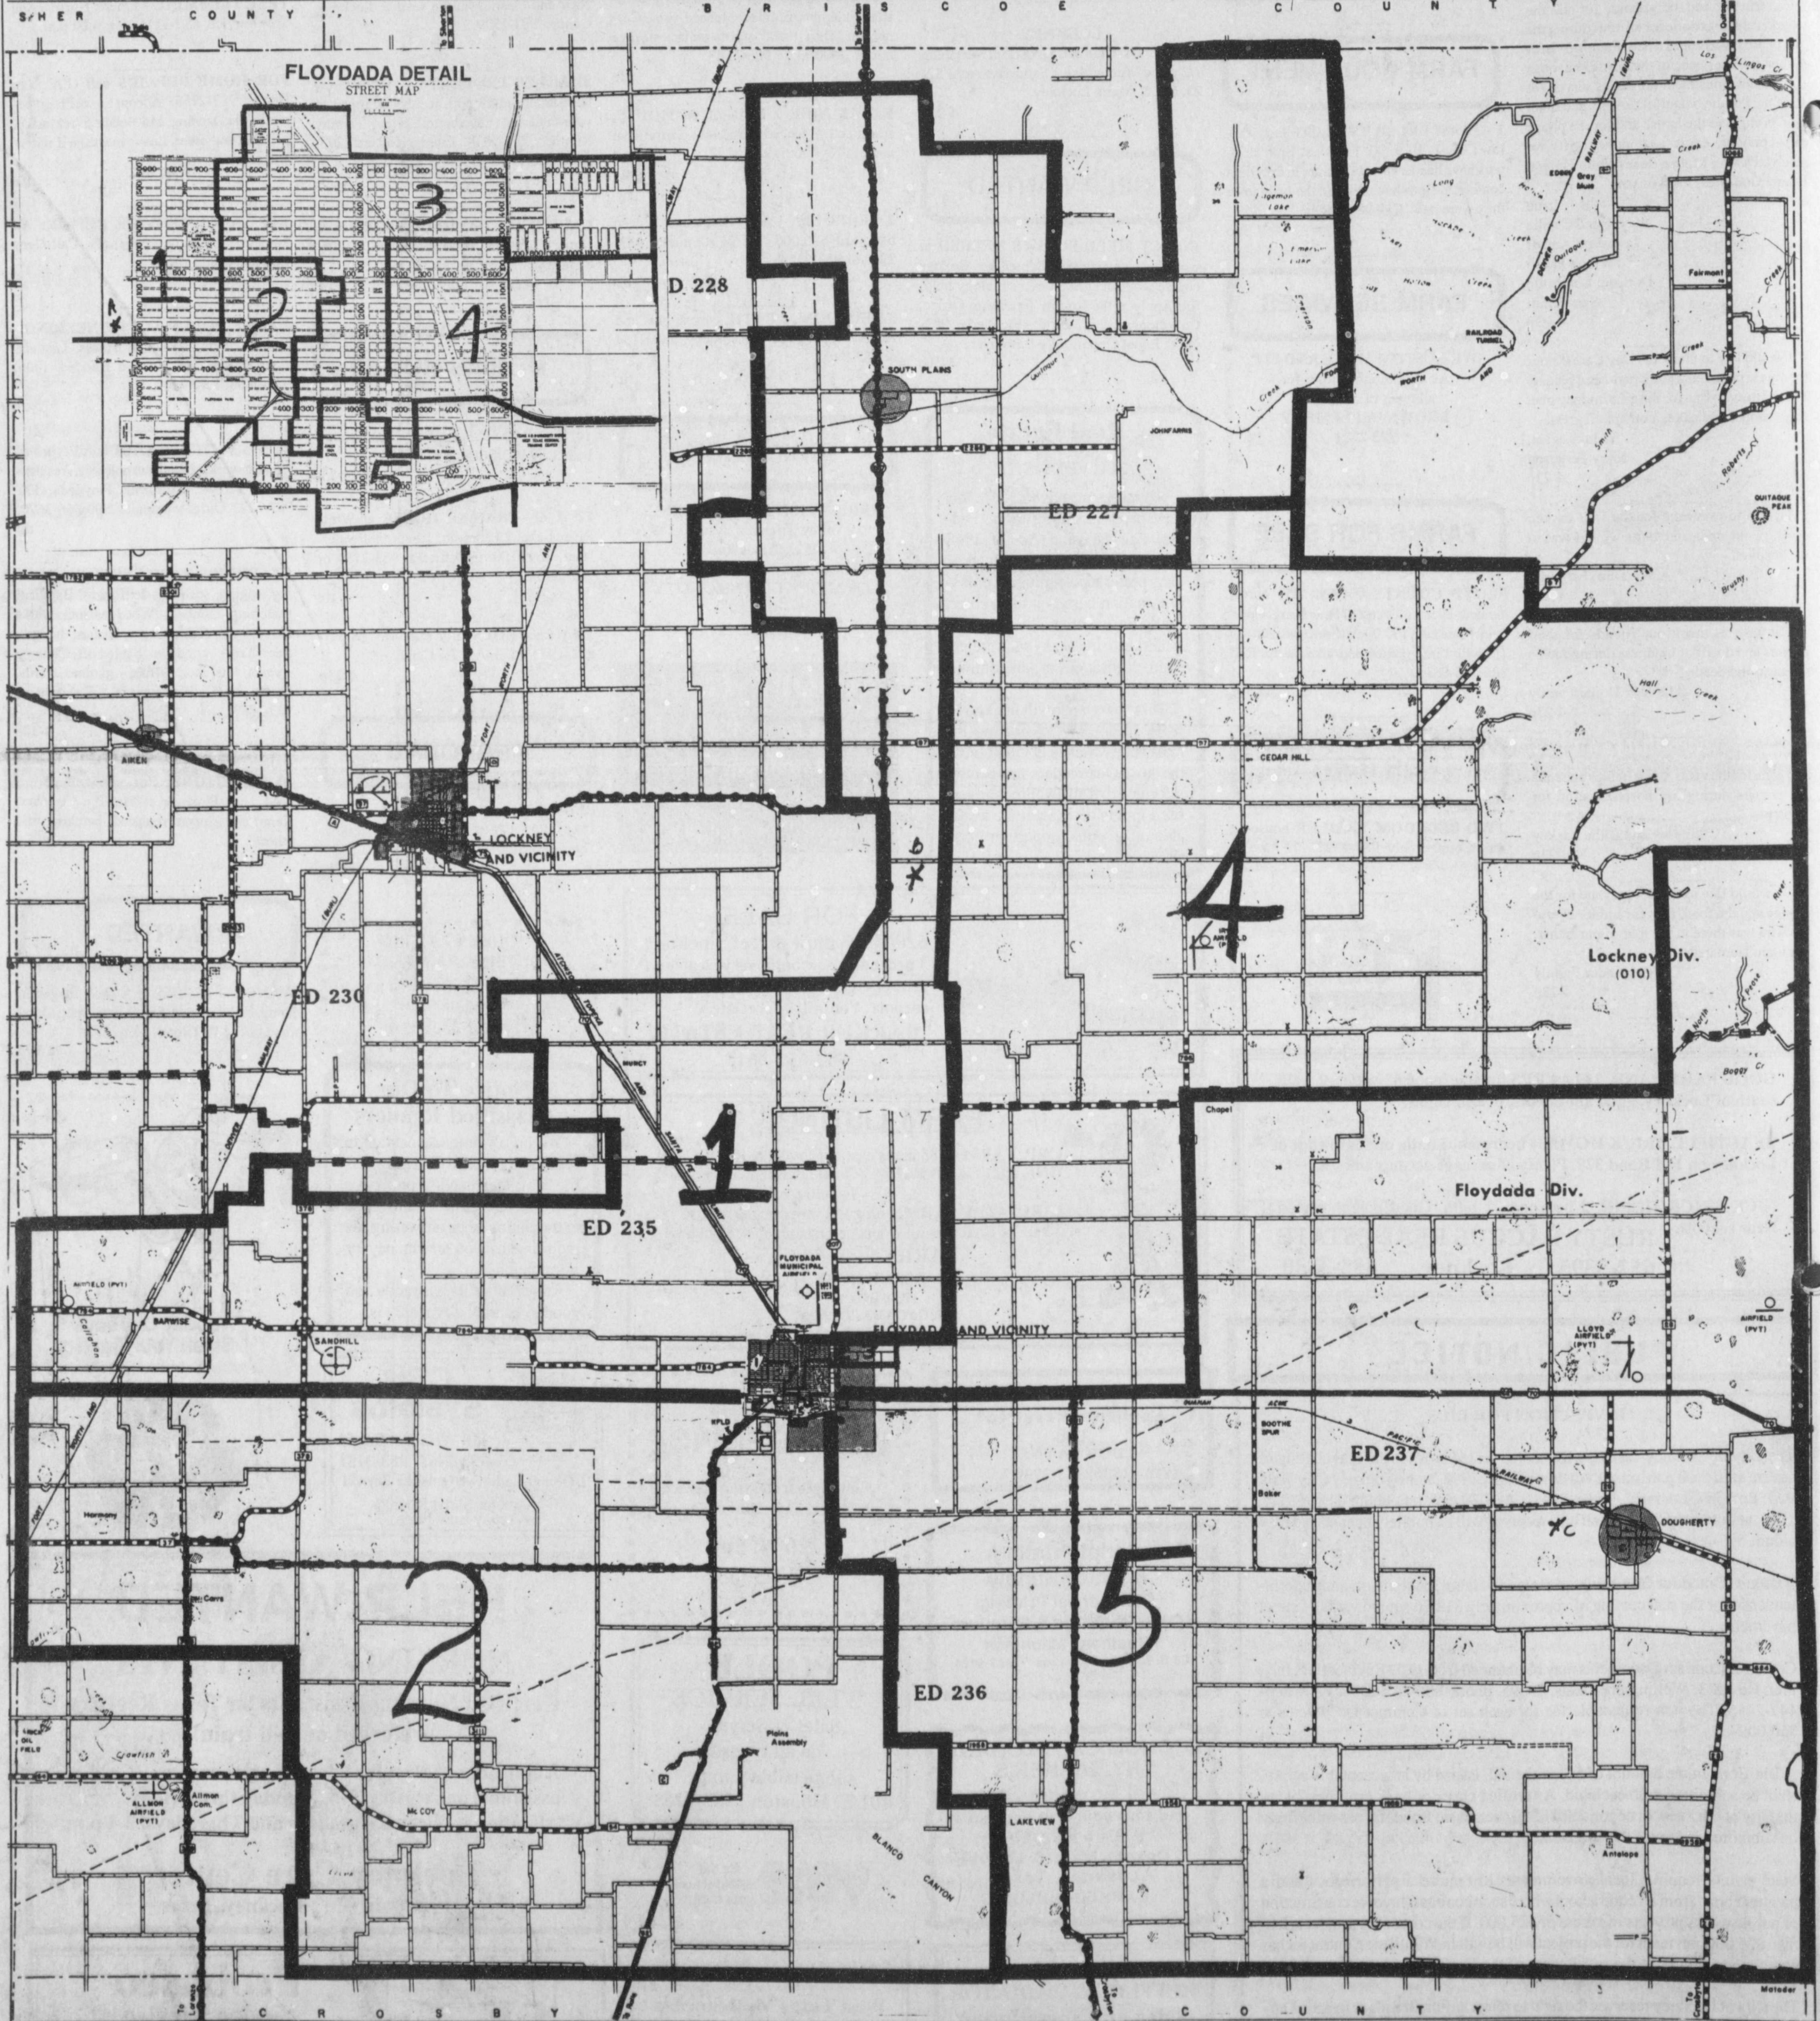

Army National Guard Pvt. 1st Class Mary J. Willson has completed basic training at Fort Jackson, Columbia, S.C.

During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid, and Army history and traditions.

She is the daughter of James M. Willson III of Floydada and Nancy H. Willson of Fredericksburg.

Willson is a 1988 graduate of Floydada High School.

FISD VOTING DISTRICT MAP

The map above depicts the five (5) Voting Districts in the Floydada Independent School District. These voting districts consist of District 1, District 2, District 4 and District 5 which all extend outside the city limits of Floydada. District 3 is located entirely within the City of Floydada. This map is being published by the Floydada Independent School District so that all FISD voters may easily find their

place of residence and be able to identify the District in which they live and should vote. All residents of FISD may vote for At-Large candidates. Only residents of a particular district may vote for a candidate in that district. Voters are reminded to bring their voter registration card when coming to vote in either the Early Voting Period or on Election Day, May 2.
