Doctor will open practice in Floydada August 10th

By Alice Gilroy
Months of hard work has paid off for the Caprock Hospital staff and board of directors. A new doctor, Victor Hoang, D.O., will move to Floydada this weekend and open his general practice at

Cogdell Clinic, August 10.
Dr. Hoang and his family are moving to the city from Sweetwater, where he has been on the medical staff of Rolling Plains Memorial for two years. Before that time, Hoang served as a resident of

OB/GYN at Interfaith Medical Center, in Brooklyn, N.Y. from July 1989-1990. Hoang, a native of Hanoi, Vietnam, has completed medical school in Saigon and was also graduated, in 1989, with a degree of Osteopathy from the College

of Osteopathic Medicine of Pacific, in Pomona, California.
Born in Hanoi, May 1, 1950, Hoang moved to Saigon in 1952 and fought in the Vietnam War as an Ensign in the South Vietnamese Navy.

Physician and his family overcome adversity to fulfill dreams in America

By Terry Keltz
Caprock Hospital Administrator
FLOYDADA — When I first met Dr. Victor and Lisa Hoang and heard their incredible story I thought about the words which were engraved upon a cigarette lighter I carried in my pocket during the Vietnam War. The words said, "You've never lived until you've almost died. For those who have fought for it, life has a flavor the protected will never know."

Life for Victor and Lisa Hoang has truly had a flavor that many of us will hopefully never know. For those of us who have enjoyed the comfort and safety of a protected living environment their story is not only fascinating but also inspiring.

Victor was born in Hanoi 42 years ago, in what was then North Vietnam. His father, a teacher, moved the family south to Saigon when he was two years old. It was in that beautiful city that he grew to manhood.

Desiring to do his part in the liberation of his country, Victor enlisted in the South Vietnamese Navy where he served as an ensign. The War was kind enough to spare his life from death but an enemy bullet found its path through Victor's knee rendering him unable to finish his military career. It was during his hospitalization for this wound that Victor's inspiration came to become a physician.

Getting accepted into medical school in Saigon was not an easy process; however, Victor's qualifications and persistence soon awarded him the opportunity of becoming a prestigious medical student at the University of Saigon College of Medicine. Following one year of pre-med and six years of medical school Victor graduated and became Victor Hoang, M.D..

While in Saigon, Dr. Hoang met and married a beautiful girl named Lisa who had journeyed from the northern region of the country from the city of Hue. She was employed as a supervisor in a commercial bank in Saigon.

By this time the country of South Vietnam was in tremendous turmoil. The allied forces had admitted defeat, retreated from the country and South Vietnam fell to the Communists.

Needless to say, being a former ensign in the South Vietnamese Navy and, thus, an ally of the United States was not a popular status following the Communist victory over the country and Doctor Hoang began to make plans to flee the country to freedom. The best he could look forward to if he stayed was to be imprisoned to a "re-education" camp where he would be constantly subjected to Communist propaganda. His dream of a private medical practice would never be reality in that he would forever be working for the new "government".

The Hoangs made a decision that would lead them on a journey of un-speakable hardship, separation and almost death. Freedom was their goal and confronting the odds against them became reality. One at a time they left their beloved Vietnam. Considering the possibility of dying at sea, the Hoangs decided to leave separately so that the children would have at least one parent should one not survive.

Dr. Hoang departed first on a small

crowded boat which contained over 300 other refugees. While at sea the boat began to sink and the command was given to lighten the cargo as much as possible. Throwing everything, including food, overboard did not alleviate the problem and the boat sank. Fate was kind to the group of drowning people seeking freedom. A British freighter spotted the weary floating crowd in the South China Sea, rescued them and carried them safely to Hong Kong.

The efforts to keep the sinking ship afloat had left Dr. Hoang without any of his personal belongings including all the documents which validated his academic training and status as a medical doctor.

Lisa left the country later. Her ship stayed afloat; however, they were plagued by raids from marauding pirates who preyed upon helpless refugees seeking freedom on the high seas. During one such raid Lisa escaped being raped and possibly killed by posing as an old woman. The men only robbed the terrified group she was with in the crowded vessel. After numerous days at sea the weary group found refuge in Indonesia.

Victor and Lisa had gained their freedom at a high cost. Both were penniless and hundreds of miles from each other.

They had agreed to correspond with Lisa's sister who had emigrated four years earlier to Utah. It was this method of communication that eventually brought the duo back together after months of separation in refugee camps across two countries.

In the United States, Dr. Hoang was unable to validate his professional status due to the lost documents at sea. Requesting copies of his academic records from the Communists in Saigon was out of the question for anyone who had taken political asylum in the United States. There was only one course of action left and that was to start completely over. He had to earn an American undergraduate degree and graduate from an American medical school before he could again be recognized as a physician and practice medicine.

Victor entered the University of Utah where he graduated cum laude three years later with a major in pre-medicine. He then applied and was accepted to the College of Osteopathic Medicine of the Pacific in Pomona, California. He graduated and received the degree of Doctor of Osteopathy in 1989.

During this period of time, Lisa worked long hard hours with little pay to support Victor's dream of re-establishing himself as a physician. She had no college degree and, in effect, had to start over as well. She worked in a factory making handbags at minimum wage. Often she worked two jobs in order to provide adequate income for her family which, by this time, included their first daughter and second child. With Victor working part-time along with his academic training, life was a struggle. The Hoangs found themselves working seven days a week with no opportunities for personal or family time.

Following medical school in California, Dr. Hoang was accepted into a residency program in Ob/Gyn at Interfaith Medical Center in Brooklyn, N.Y. Life was again difficult and change once

again brought danger. On their second day in New York, Dr. Hoang was mugged and his U-Haul trailer was burglarized leaving them again in financial ruin.

The effects of this incident were further exaggerated by the high cost of living in New York. It was a struggle for the Hoangs to battle the adversities of inflation, inclement weather and perpetual violence in the streets of New York. Often they must have wandered if the price they were paying for freedom was worth the cost.

In June of 1990 Dr. Hoang completed a year of Ob/Gyn residency and felt the need to seek an opportunity to practice medicine in a small town where the weather was mild and the crime rate was low. The Hoangs soon found themselves in Sweetwater, Texas, where they have resided and worked during the past two years.

Since leaving New York, life has finally taken on a new flavor for the Hoangs. They are realizing that the pain they endured was worth the rewards they are beginning to receive following their awesome journey. Their courage and enduring tenacity have demonstrated to me that the "Great American Dream" can be a reality for all who are willing to pay the price.

I have just about experienced everything through the years in recruiting physicians; however, there are two re-

Lockney and Floydada schools slate Early Childhood screenings

Lockney and Floydada schools will hold early education screenings next week. The screening date for Lockney students will be Wednesday, Aug. 5, at Lockney Elementary. Floydada screenings will be held at Duncan Elementary on Tuesday, Aug. 11. These will be done from 9:00 a.m. to 3:30 p.m. on each of those dates.

The purpose of this screening will be to determine those children who are eligible for the Early Education Program. The regulations regarding the Early Education Program are:

(1) The child must be at least 3 years old at the time of placement in the Early Education Program.

(2) The child must have one or more of the following:

- (a) a speech problem,
 - (b) a medical problem, or
 - (c) a physical problem,
- which has impaired their development significantly.

If your child has one of these problems and is the correct age, please bring him or her to Lockney or Floydada schools on the assigned dates between 9:00 a.m. and 3:30 p.m. The Early Education Program is a part of both the Floydada and Lockney School Districts and will help prepare children for successful entry into the regular school program when they reach the appropriate age.

If you are interested in the Early Education Program for a child who is

not yet 3, call Caprock Education Cooperative (983-5382) for further information, or your local elementary school.

Remember the dates are August 5, for Lockney students, and August 11, for Floydada students.

What Osteopathic Medicine Is All About

With the arrival of a new doctor to Floydada, the city will not only be introduced to a new member to the community but also to an aspect of medicine new to Floydada. Dr. Victor Hoang, who will be opening his practice at Cogdell Clinic on August 10, is an Osteopathic Physician.

Many people may have gone to a doctor of osteopath (D.O.) and not known the difference. The fact is, both D.O.'s and M.D.'s are complete physicians. They are both licensed to perform surgery and prescribe medication in all 50 states. D.O.s and M.D.s are alike in many ways, but D.O.s bring a little something extra in their care.

A D.O. also utilizes manipulative therapy. Osteopathic medicine emphasizes the relationship among the body's nerves, muscles, bones and organs. The osteopathic philosophy of treating the whole person is applied to the prevention, diagnosis and treatment of illness, disease and injury.

SIMILARITIES BETWEEN D.O.s AND M.D.s

Applicants to both D.O. and M.D. colleges typically have a four year undergraduate degree with an emphasis on science courses.

Both D.O.s and M.D.s complete four years of basic medical education.

After medical school, both D.O.s and M.D.s choose to practice in a specialty area of medicine - such as psychiatry, surgery, or obstetrics - after completing a residency program (typically two to six years of additional training.)

Both D.O.s and M.D.s must pass comparable state licensing examinations and both practice in fully accredited and licensed hospitals and medical centers.

D.O.s comprise a separate, yet equal branch of American medical care and bring an extra dimension to family health care.

SOMETHING EXTRA

Osteopathic medical schools emphasize training students to be primary care physicians. They practice a "whole person" approach to medicine. Instead of just treating specific symptoms or illnesses, they regard your body as an integrated whole.

Osteopathic physicians focus on preventive health care, and D.O.s receive extra training in the musculoskeletal system — your body's interconnected system of nerves, muscles and bones that make up two-thirds of its body mass.

This training provides the osteopathic physician with a better understanding of the ways that an injury or illness in one part of your body can affect another. It gives D.O.s a therapeutic and diagnostic advantage over those who do not receive additional specialized training.

Osteopathic manipulative treatment (OMT) is incorporated in the training and practice of osteopathic physicians. With OMT, osteopathic physicians may use their hands to diagnose injury and illness and to encourage your body's natural tendency toward good health. Combined with all other medical procedures, OMT helps D.O.s offer patients comprehensive health care.

HISTORY OF OSTEOPATHIC MEDICINE

Osteopathic medicine is a unique form of American medical care that was developed in 1874 by Andrew Taylor Still, M.D. Dr. Still was dissatisfied with the effectiveness of 19th Century medicine. He believed that many of the medications of his day were useless or even harmful.

Dr. Still was one of the first in his time to study the attributes of good health so that he could better understand the process of disease. In response he founded a philosophy of medicine based on ideas that date back to Hippocrates, the Father of Medicine.

The philosophy focuses on the unity of all body parts. Still identified the musculoskeletal system as a key element of health and recognized the body's ability to heal itself. Still stressed preventive medicine, eating properly and keeping fit.

Dr. Still pioneered the concept of "wellness" 100 years ago. In today's terms, personal health risks - such as smoking, high blood pressure, excessive cholesterol levels, stress and other lifestyle factors - are evaluated for each individual.

In coordination with appropriate medical treatment, the osteopathic physician acts as a teacher to help patients take more responsibility for their own well-being and change unhealthy patterns.

Just when you think you can't see the light at the end of the tunnel out pops a bright spot to give you strength to keep on going. Floydada got a great big bright spot with the news of Dr. Hoang and his family moving to town.

HOORAY!!!!
Even if you live in Lockney and even if your doctor is somewhere else, you've got to read the story by Terry Keltz, describing the background of the Hoangs. It made me cry.

Dr. Victor Hoang sounds like just the kind of man that FLOYDADA and the MEDICAL PROFESSION NEEDS!!

He has worked very very hard to get where he is at—harder than the majority of American doctors out there. He asks nothing for his sacrifices and expects nothing. He wants a lot of patients and he is obviously not afraid of hard work. He has seen a need in this community and he wants to fill it. I hope the community gives him that chance.

The Lockney Fire boys are being fed well for all their hard work, stemming from the fire fighting they have done.

The Hrbacek's cooked hamburgers for the fella's while they were out at their farm putting out their barn fire. The guys got fed pretty good while they were out there fighting the fire.

Then Mrs. Bramlet took cakes to the fire hall, on Monday, to thank them for their efforts Sunday afternoon during all the grass fires. On Tuesday night, the Warren Mathis family fed them supper at Janies Restaurant for coming to fight the fire at their barn, when all their antique cars burned.

I wonder if this is a trend. I bet the volunteers hope so!!!

Pharmacist's discovery may end obesity

WASHINGTON -- After solving the problem of his own obesity, a pharmacist, now director of National Dietary Research, may have discovered the solution for others with the same problem.

Dr. William Morris, pharmacist, inventor and author has discovered a natural food tablet, aptly named Food Source One, that replaces some of the calories normally obtained from food. Food Source One replaces high calorie fats with other natural food ingredients with little or no caloric value so you can lose weight without giving up all your favorite foods, as explained in NDR's Lifestyle Maintenance publication, available where Food Source One is sold. "The secret to meaningful weight loss is not in decreasing the amount of food you eat, but in controlling the fat," says Dr. Morris.

According to Dr. Morris, weight loss results while using Food Source One will depend on how many pounds a person needs to lose. However some overweight people are experiencing extraordinary results with Food Source One. A Metairie, Louisiana nurse lost 71 pounds. She stated "I never had to sacrifice the foods I dearly crave!" "Food Source One is very easy and anyone could do it," says a Niagara Falls, New York woman who lost 26 pounds and 15 inches. "The results are great!" she added.

Food Source One is available at pharmacies without a prescription.

I forgot to tell everyone last week—Medicaid has agreed to pay for Jimmie Jo's lung transplant when it is done! That is great news.

Irene King, Jimmie Jo's mom, told me that the money raised in this community is keeping Jimmie Jo in San Antonio waiting for the transplant! They are, of course, very appreciative of everyone's efforts!

I have a little fishing hint for all you fishermen out there.

It was told to my husband and he didn't believe it until he tried it out and it worked!

When you get a catfish on your line and he wraps himself around a tree real tight—don't give up and cut your string. Wind your line up tight and then strum it like a guitar (boing boing boing). For some reason, nobody knows why, the catfish will let go of that tree.

It worked for Lennie.

Oh I almost forgot—Jerry Edwards tried it this weekend and it didn't work. I don't think Jerry is musically inclined.

By the way—I know everyone has heard about the flap rap group, Ice Tea, has caused with their song about killing cops.

Time Warner Productions is producing the song and is fighting with police groups all over the nation about Ice Tea's constitutional right to encourage the killing of cops.

I won't go into the lyrics, but just in case you didn't know—Time Warner is sending the records to the radio stations in little body bags.

It made me sick at heart when I heard that. For obvious reasons I don't like the idea of youngsters thinking that is cool or funny.

Anyway Time/Warner is standing behind the song and won't budge a inch (the album of which the cop killing song is on, also includes a song about having sex with very young girls).

Police groups are encouraging people to boycott Time/Warner, but I'm sorry to say that they own too many things and they won't be affected.

One of the things they own is the Six Flags theme parks. How many people know that, and how many people will stop taking their kids there because of this controversy? Not many.

You might be interested in knowing that Six Flags of Texas has a sign posted at the entrance gate telling people that T-Shirts with objectionable slogans or language would not be allowed inside. Don't you think that is ironic?

Lockney Elementary plans screening and registration

Lockney Elementary School will be having early education screening and registration for four-year-olds on Wednesday, Aug. 5, from 8:30 a.m. to 3:30 p.m. Two programs are available for pre-kindergarten students.

The Early Education Class is for four-year-olds and is based on a handicapping condition in speech, language, vision, hearing, etc. Students will be screened and eligibility will be determined by diagnosticians in the school district.

Pre-kindergarten is for youngsters who will be four years old by Sept. 1, 1992. A student's eligibility is based on income or language (limited or non-English speaking).

Each student must bring a social security number, a birth certificate (proof of birth date) and their immunization record. From 1:30 to 3:30 p.m., there will be medical personnel at the elementary school to provide immunizations, as

needed. The school nurse will be present to assist in deciding what immunizations are needed. Students will not be allowed to attend school without the appropriate immunization, as required by law.

The early education class is all day, but the pre-k is half the day. If anyone has or knows of children that could qualify for these programs, they are asked to attend this pre-screening.

At an earlier date, some parents had been asked to fill out a survey and some filled out part of the registration papers, but those students are not enrolled. Eligibility can be determined on this day and paper work can be completed so that your child is ready for the first day of school.

School will begin on August 18 for the 1992-93 school year. It will make the day much easier for all if as many students as possible are pre-enrolled.

ONE BIG 'THANK YOU!'

Dear Community,

A year ago, I started something I honestly didn't believe was going to work. Competition was high and rumors were already starting: some were saying that I wouldn't last three months. Well, after the third month, I was scared and worried because business wasn't too good. I was ready to throw in the towel, but everybody told me not to give up. So, I hung in there and things started to look better. I had a lot of support from family and friends, even from people I didn't know. All of that love and support inspired me to keep going and to do the best job I could.

August 1, 1992 will be the first anniversary of the opening of AZTEC VIDEO. A year I once thought never would happen, but you made it all possible. This open letter is being written to give you, Floydada and the surrounding communities, a heart warming thank you! You've helped make AZTEC VIDEO a success and we greatly appreciate your most generous patronage. We will continue to try to give our customers the best affordable entertainment and the best friendly service possible.

My parents began their business twenty-one years ago and are still going strong. I only hope that I can continue the tradition with AZTEC VIDEO.

Once again, Thank you so much for helping me believe in myself and I hope I may continue to provide you with years of great entertainment.

Sincerely,

Firemen respond to CRP fires

by Neta Marble
 Volunteer firemen from Lockney, Floydada and Dougherty responded Sunday afternoon to fire calls in the Sterley community and west of the Cedar Hill community. Eugene Tannahill reported that lightning from a thunderstorm in the area had set fires on several sections of CRP in the Sterley community.

Shortly after the Lockney Fire Department had responded to the call in the Sterley Community a call came in that there were two fires on Dwight Teeple's farm west of the Cedar Hill Community.

A mutual aid call was sent out to the Floydada Fire Department and one truck responded. Three members of the Dougherty Fire Department also responded to the call and went to help Lockney with the fires at Sterley.

"Approximately 150 acres burned and it appeared that lightning also caused this fire," stated Floydada fireman, Gary Brown. He continued, "We had six personnel answer the mutual aid

call. It took us about 45 minutes to put the fires out west of Cedar Hill and then we proceeded to the Sterley community to help with the big grass fire that the Lockney unit was fighting. We continued fighting that fire for two to two and one half hours."

"Last years dry thatch on the ground under the green grass caught easily and burned rapidly, stated Jimmy Kemp,

Lockney Fire Chief. He continued, "There were five or six fires burning at one time. We were lucky that there were no houses or buildings to worry about."

Fourteen members of the Lockney unit turned out to fight the fires. Several farmers came with water trucks and then turned on irrigation wells to furnish water when the water in the trucks was depleted.

ally distinct elements to the Hoangs that I find interesting. One is that I have never met a physician who has completed pre-med undergraduate and medical school twice. The second unique element came when I asked them why they were interested in coming to Floydada. The answer was, "Because you people do not have a doctor."

I am sure there are equal compelling life stories around the country. It sure is interesting however, to actually meet the real characters in this adventurous story and I hope that everyone will take the time to meet this courageous family.

The Hoangs, with three of their children, are planning on moving to Floydada this weekend. He is making plans to open his practice on August 10 in the Cogdell Clinic. Plans are also underway for a reception honoring this unique family to our community. Please watch for announcements in the immediate future.

MR. AND MRS. ANDREW STONE

Harrison-Stone say wedding vows

Christi Jean Harrison and Andrew Taylor Stone exchanged wedding vows in the First Assembly of God Church in Floydada with the Rev. G.A. Van Hoose officiating.

The couple stood before a brass arch adorned with greenery and a brass

double heart candelabra. Satin ropes attached the arch to brass stands, adorned with greenery.

The bride is the daughter of J.T. and Deliece Harrison of Plainview and the granddaughter of Edna Gilly of Floydada. The groom is the son of Ira Stone and Margaret Stone of Lubbock.

Given in marriage by her father, the bride wore a gown of Chantilly lace and silk organza over taffeta. The skirt extended into a chapel train. The fitted

bodice featured a scalloped Sabrina neckline trimmed with pearls and iridescent sequins. She wore a headpiece

of silk organza flowers and pearls and carried a bouquet of white lilies and peach silk flowers.

Cassandra Harrison, the bride's sister, was maid of honor. She wore a floral dress in shades of orchid, blue and pink. Silk flowers adorned her hair.

Pat Seaman of Lubbock was best man. Ushers were Craig Gilly, the bride's uncle, and Jack Reed of Kress. Tara Gilly was candlelighter and Emory Gilly and Jessica Gilly, all cousins of the bride, were ring bearer and flower girl.

Wedding guests were registered by Aurelia Whittenburg. Pat Thompson of Plainview was vocalist and Renee Pelphrey of Plainview was accompanist.

A reception was held in fellowship hall. Cindy Billington of Plainview and Trudy Gilly and Lori Gilly of Floydada, aunts of the bride, assisted.

A rehearsal dinner was hosted by the bride's parents.

After a wedding trip to Midland, the couple will reside in Lubbock.

Burleson-Pollard exchange vows

Rita S. Burleson and Patrick J. Pollard were married at 2 p.m. Sunday, June 28, 1992, at Christ United Methodist Church in Fraser, Michigan. The Rev. Eric Wehrli officiating.

Honor attendants were Betty Gilbert of Lubbock, sister of the bride and Nick Pollard of Detroit, brother of the groom.

Parents of the couple are Mr. and Mrs. Ike Johnson of Lockney and Mrs. Mary Pollard and the late Patrick Pollard of Warren Michigan.

The couple has resided in Fraser, Michigan.

FIFTIETH ANNIVERSARY — Mr. and Mrs. H. G. (Red) Watts of Floydada, will celebrate their 50th wedding anniversary in Baton Rouge, Louisiana at the home of their youngest son, Ricky Watts. Joining the celebration are their other children; Dr. Tom Watts of Blue Earth, Minnesota, Sam Watts of Rockport, Texas, Dr. Danny Watts of Austin, Texas, Janet Sue Courtroul of Midland, Texas. H. G. Watts and Meda Ruth Thomas were married on August 2, 1942, in the First United Methodist Church in Lockney. — Courtesy Photo

Your Health * Our Care

Lockney General Hospital

An important aspect to the continued health of a child is immunizations. The American Academy of Pediatrics and the public Health Service Immunization Practice Advisory Committee recommends the following schedule:

- 2 months - Diphtheria Tetanus, pertussis (DTP), Trivalent Oral Poliovirus (OPV), Haemophilus influenzae type b Conjugate vaccine (HibCV).
- 4 months - DTP, OPV, HibCV
- 6 months - DTP, HibCV
- 15 months - DTP, OPV, HibCV, Measles, Mumps, Rubella (MMR)
- 4-6 years - DTP, OPV, MMR
- 14-16 years - Tetanus-diphtheria adult (Td)

Thereafter - Td every 10 years
HibCV vaccine is a new one out in the past year and a half. It is to prevent Haemophilus influenzae type b, which is an organism that can cause meningitis, especially in infants under 2 years of age.

An immunization record is kept on each child. They are mandatory for a child to be allowed to attend public schools. It is very important to keep these immunizations on schedule to prevent these potentially devastating diseases.

Parents can schedule these immunizations through their family physician or health care clinic.

LOCKNEY — Thursday night was a big night, a fish fry by the Kathern Cooper family, trimmings were brought by other members.

Another special occasion was Myrtle Taylor, she had a birthday cake on the 24th, she celebrated her 88th.

Thursday night will be ice cream and sandwiches.

Arvie and Gene Newton left Lockney last Thursday and returned Sunday. They attended the 39th Newton Reunion at the Fast Hills of the Rockies at Roundup Ranch at Saldia, Colo. Also attending from Lockney was Charles, Missy and Tori Minick, along with 95 more Newton's and friends. It was Vern Newton's year to host the reunion, he lives in Denver, Colo.

There was several guest. Our interment was Bennie Cox and his son, Garland, Morris Stevens. If you like guitar and fiddle music, we had it. Thank you Harley and Lozell for getting the interment.

Our sympathy to J.B. Mercer on the death of his brother.

Cannon and Younger recite nuptials

Wedding nuptials were recited by Melissa Paige Cannon and Leif Dane Younger during a 7 p.m. ceremony Saturday, July 25, 1992, at the First Baptist Church in Floydada. Dr. Floyd Bradley, Caprock Association Area Missionary, officiated.

Parents of the couple are Jerry and Sheree Cannon of Floydada and Jakey and Leora Younger of Floydada.

The altar area was framed with white lattice panels and pillars topped with

baskets of ferns. The altar railing held spiral candelabrum with assorted greenery and floral arrangements of enchantment lilies, white iris, snapdragons, delphiniums, and gypsophila. The steps leading to the altar were lined with candelabrum with greenery and gypsophila and entwined with bridal illusion. Aisle markers were of bridal illusion, greenery and gypsophila.

Given in marriage by her father, the bride chose a contemporary styled

sheath gown created from ivory satin featuring an off-the-shoulder portrait shawl collar complimented by appliques of imported schiffli lace embellished with pearls and sequins. A detachable mid-cathedral train was fastened with a fortini pleated candybox bow. The skirt of the dress and edging on the train was scalloped schiffli lace. She selected an exquisite Renaissance headpiece crafted of Austrian crystal, pearls and fine silver/gold threads. English illusion veiling cascaded from a pillow pouf.

The bride carried a traditional cascade of gardenias, stephanotis and white roses tied with bridal illusion.

Attending her sister as matron of honor was Sherese Covington of Floydada. Angie Bertrand of Lubbock was maid of honor. Serving as bridesmaids were Marcy Claxton of Colorado City, Alissa Hambright, Midland; Mary Sanders, Lori Battey, Tian Younger, all of Floydada, and Mysti Younger, Dallas.

Bridal attendants were attired in traditional two-piece dresses, with fitted bodices of white Bengaline faille featuring off-the-shoulder collars with rose

pins and accented with lace adorned pearls, sequins and rhinestones. Slim black skirts of matching fabric completed their ensembles. They carried long-stemmed white roses with gypsophila and fern tied with bridal illusion bows.

Flower girls were Alanna and Nicole Greak of Lubbock. Ford Tanner of Dallas was ring bearer.

Acting as best man was Moody Younger of Dallas, brother of the groom. Groomsman were Mark Thompson and David Pyle of Floydada, Shannon Barbee, Tyler; Hunter Smith, Crawford; Rusty Rainey, Friona, and Tommy Cathey, Houston.

Seating guests were Marty Covington, Troy Faulkenberry, Clay Lowrance, Darin Martinez and Joe Starkey.

Musical selections during the ceremony included vocal solos by Hope Crabtree, accompanied by Kay Crabtree, and a vocal duet by Tian Younger and Mary Sanders. Musicians were Mrs. Bill Hardin and Mrs. Mike Giesecke.

A buffet dinner and dance, hosted by the couple's parents, followed in the Massie Activity Center. Dance music was provided by the Blue Denim Band.

Following a wedding trip to Montego Bay, Jamaica, the couple will reside in Cleburne, where the bride, a graduate of Texas Tech University, is employed by the Cleburne Independent School District. The groom is a senior at Tarleton State University.

Pre-nuptial courtesies feted the couple included a miscellaneous shower in the home of Mrs. Weldon Pruitt; a western outdoor cookout in the home of Mr. and Mrs. Joe Jones; a lingerie shower in Friona, hosted by Mrs. Bud Rainey; a Spice and Recipe luncheon by Mrs. Eugene Beedy and Doris McLain; a bridal luncheon in the backyard of the home of Mr. and Mrs. Al Galloway; a beach party at the Smith House in Crosbyton, hosted by Angie and Connie Bertrand; and a hamburger cookout in the home of Mr. and Mrs. Bob Hambright.

The rehearsal dinner, hosted by the groom's parents, was held at the Floydada Country Club.

MARRIAGE PLANS ANNOUNCED — Donald and Jane Bean of Floydada, wish to announce the engagement and coming marriage of their daughter, Judi Carole Bean to Dr. Alex Tzouanakis, son of Emmanuel and Susan Tzouanakis of Lexington, Kentucky. The bride resides in Houston where she is employed as a physical therapist by the Texas Back Institute. She is a graduate of Texas A&M University with a BS degree in community health and attended the Texas Medical Branch in Galveston, graduating with a degree in physical therapy. The prospective bridegroom, from Galveston, is a graduate of Johns Hopkins University in Baltimore, Maryland and the University of Texas Medical Branch in Galveston. He is now completing a Fellowship in pulmonary medicine. The couple plan to wed September 12, 1992, at St. John's United Methodist Church in Lubbock. — Courtesy Photo

Floydada Nursing Home Happenings

By Jo Bryant

Hi! Once again it's time to come shore with you about our home. We are busy as we approach the last week in July and August will be upon us soon.

Monday started the week as usual, coffee, juice, and cookies. We are thankful for the Sunday School classes of the First Baptist Church for the cookies. Bro. Bill Wright gave the Devotional and Irene Wexler played the pi-

ano. At 2:30 the residents had arts and crafts. They are working on their door decorations for August.

Tuesday we were blessed by having Bro. Neely Richardson come shore with us. He has been gone for the summer down the county way. He also brought the residents bananas at 2 p.m. Shirley Varner, Ola Smith, volunteers came down and did manicures.

Wednesday was bingo as usual. Mary Alice Davis, Ruth Hammonds assisted the residents. Lennie Willis had the first bingo. Thanks girls for taking over as 2 had to attend a Unicare meeting in Plainview all day.

Thursday the Ladies from the Companion "N" Caring came and served the residents watermelon. The residents really enjoyed it. The ladies serving were" Ola Smith, Shirley Varner, Sue Walker, Leona Neff, Ruth McIntosh. Ruth McIntosh played the piano for us and we had a Sing-along of the memories of the "Good ole Days."

Friday Glenda Livingston gave the Devotional from Isaiah 26-3-4. Molly Stringer played the piano and we sang some songs. Then on to Ralls on the bus ride with Grace Gomez driving us. Dairy Queen of Floydada treated the residents to some ice cream. We appreciate the ice cream. The employees played Safety Bingo for several weeks now. The winners were for Horizontal Bingo, Delia Campos she won a Sandwichmaker, Vertical Bingo, Jo Bryant she won a Sandwich Maker, Black-out Bingo, Dorothy Kerr, she won \$100.00.

At the Plainview meeting last week we were informed that more activities are being required by State and Company for the residents. Three during the week nights 6 or 6:30 p.m. and on Saturdays. So help come and shore with us your gifts, talents, and time. Ask some friends, family members to come. Our residents have a lot of living to do, quality of life and they would enjoy appreciate all you can do for them, and you will be surprised what it will do for you too.

Thought: When all is done, More is said than done.

LOCAL STUDENTS RECOGNIZED—Mandy Hunter and Tiffany Ellison, sophomores at Lockney High School, received Gold medals at the National Leadership Meeting of Future Homemakers of America (FHA/Hero) for their Little Friends project. Attending the meeting in Chicago were (l-r, front row) Treena Aston, Mandy Hunter, Tiffany Ellison and Julie Ellison. Mrs. Aston and Mrs. Ellison are sponsors for the Future Homemakers group. Miss Hunter is the daughter of Bill and Kathy Hunter and Miss Ellison is the daughter of Terry and Zelda Ellison.

Local students recognized for outstanding skills in Home Ec.

Mandy Hunter and Tiffany Ellison of Lockney recently participated in the STAR Events recognition program at the National Leadership Meeting of Future Homemakers of America (FHA/HERO) in Chicago, Illinois, July 5-9. Over 1,350 young men and women were chosen to participate in this national-level program in eleven major categories: All-Star Chapter, All-Star Project, Design A Business, Family Communications, Food Service, Job Interview, Little Friends, Spread The Word, Volunteer Action, Illustrated Talk and Parliamentary Procedure.

Mandy and Tiffany, who are sophomores at Lockney High School are the daughters of Bill and Kathy Hunter and Terry and Zelda Ellison.

Their gold medal was presented at a recognition session honoring all participants at the Hyatt Regency Chicago on Wednesday, July 8.

Mandy and Tiffany competed in the Little Friends Event. This event encourages members to apply their knowledge of child development in planning and carrying out a community service project for children and their families. These projects were evaluated on such criteria as the development of a community service project using knowledge of child development; a presentation about the project including verbal and written summaries; and a display.

The STAR Taking Action for Recognition Events program of FHA/HERO is based on the belief that all people can be winners. Competition, evaluation and recognition all stress cooperation as the basis of success. Both youth and adults work together as managers of the events and as evaluators of the participants.

While in Chicago, Mandy and Tiffany toured the Oceanarium, the Sears Tower, and visited China Town. One of the highlights was attending the General Sessions, which were held in the Chicago Theatre. These sessions were very impressive and informative, and a good experience in dealing with parliamentary procedure.

The Lockney chapter advisers are Treena Aston and Julie Ellison.

FHA/HERO is a national vocational student organization and has involved over eight million youth since its founding in 1945. It is the only in-school student organization with the family as its central focus and is unique among youth organizations because its programs are planned and run by members.

Through its programs, the organization helps today's young men and women prepare for multiple roles as wage earners, community leaders and caring family members. Participation in national projects and chapter activities helps members develop "skills for life"—planning, goal setting, problem solving, decision making and interpersonal communication—necessary both in the home and workplace.

Reunions

Mt. Blanco, Lakeview and Pleasant Hill Communities

Thirty-eight people attended the Mt. Blanco, Lakeview and Pleasant Hill reunion Sunday, July 26, in the Light-house Electric building.

Mr. and Mrs. Bill Jackson of Paradise, Texas, traveled the longest distance.

Others were from Lubbock, Shallowater, Levelland, Ralls, Lockney, Plainview, Weatherford and Floydada. The next meeting will be the fourth Sunday in July 1993.

McCoy Community

Former residents of the McCoy Community began arriving early Sunday, July 19, to renew long time acquaintances and friends. Registration began at 10:00 a.m. with "first timers" the center of attraction among everyone trying to recognize and recall school days and early childhood days.

The McCoy Reunion sign, donated by Eloise Payne, greeted each person upon arrival with the year '92 protruding. After greetings, the group became involved in the "new" pictures of the former school buildings with the student enrollment of each of the buildings. Where the names were not listed, everyone joined in the effort of identifying the unnamed buildings.

Also a picture of an original reunion in Lubbock was given for the McCoy memory book. Many new pictures were taken as the day of remembering proceeded. Flora McNeill requested during the business meeting that anyone having old pictures or other items of interest, send them to hers so that all might be preserved in the book that she is preparing.

After a bountiful lunch at noon and the short business meeting, at which time, Mac and Flora McNeill were re-elected co-chairmen for the 1993 reunion, a memorial was given for those whom had died since the last meeting.

Those remembered at that time included: Marie (Mrs. C.C.) Price, Edith Agatha Shipp, Norman Smith, Glenda McCullar, Ida Belle McPeak, Willie Mae Curry, Doris Mayfield, Cleo Fulton, Annie Mae (James) Smith, Selma Pittman Williams, Mabel Merle Sean Smith, Tom Rambo, Mary Morrison-Smith, and Martin Peterson.

With Mrs. Thelma Smith Jones and Mrs. Joyce F. Davis of Petersburg assisting, the following registered for the

annual event: Juanita Harless and Robert Smith, Garland; Harvey and Billie Brock, Kingston, Okla.; Eloise Payne, Kingsland; Darlene Payne Lj-ton, Austin; Wilda Laminack, Ralls; Wilmith and Paul Carmickle, Littlefield; Wilma and Paul Wheeler, Ralls;

Also, Annie Mae and Claude Hartsell, Comanche; Joyce F. Davis, Petersburg; Lou Ewing Hood, Plainview; Thurlan Thacker, Lubbock; Wanda Day and Clyde Hodges, Lubbock; Georgia Pittman Starks, Lubbock; A. Faye Belle Allen, Long Beach, Calif.; Zora Belle Pittman Hudson, Lakewood, Calif.;

Also, Bennie Jackson Sprawls, Lubbock; Carolyn and Floyd Jackson, Lockney; Laveta Cummings and Barney Linchan, Weatherford; Mary Lou Bollman, Lockney; Charles E. Hulsey, Lubbock; Jim Wilson, Edmonson; John Wilson, Ralls; and Billy Snell, Lubbock.

Attending from Floydada were: Alma Smith, Marie Tardy, Thelma Smith Jones, Son and Faye Jackson, W.R. and Margaret Daniel, Minnie Fay Easter, Crawford Sanderfur, Rita and Thomas Pierce, Lanell Tardy, Mrs. Keith Thomas and Flora and Mac McNeill.

The next reunion for the McCoy Community will be the 3rd Sunday of July, 1993.

August Schwertners host cousins

August and Dorine Schwertner and Harold Kahlig of Floydada had as their guests in their home recently, her cousins, Mrs. Hilde Hiekle of St. Thomas Ontario, Canada, and Edward and Lore Grumpler of Sparwiesen, Germany. Edward and Hilde are brother and sister. The Grumpler's flew from Germany to Canada and the three drove to Texas.

While in Floydada, they also visited Mrs. J.C. Anderson, who is formerly from Germany. Mrs. Anderson had taken a trip with her daughter, Christy, to her hometown in Germany in June.

Dorine Schwertner said, "They had a fun time brushing up on the German language as it was spoken in her family

when she was growing up." There were many hand gestures along with spoken translations in trying to communicate with each other.

This was their second visit to the Schwertner residence as the first visit was in 1988.

After visiting in Floydada, the three visited relatives in San Angelo and Corpus Christi. They visited friends in Fredericksburg and drove on to Westphalia, Texas, to attend the reunion of the Joseph and Karoline Kahlig family. After the reunion, the three relatives returned to Canada and on July 16, Edward and Lore Grumpler returned to Germany.

Pictured left to right are: Lore Grumpler, Edward Grumpler, August Schwertner, Hilde Hiekle, Dorine Schwertner and Harold Kahlig.

Public Notice

Southwestern Bell Telephone Company is asking the Public Utility Commission of Texas (PUC) for approval to offer a new optional service called Remote Access to Call Forwarding (RACF) on a permanent basis beginning September 7, 1992.

RACF is an optional service that is intended for use by residence and business customers. RACF permits a customer who subscribes to the optional service Call Forwarding to activate, deactivate or change the Call Forwarding destination from a location other than the customer's premises. In order for RACF to function, it must be accessed from a push-button telephone.

The proposed monthly rate for RACF for residence customers is \$1.00, and the proposed monthly rate for business customers is \$2.75. These rates are in addition to the rates for basic local exchange service and regular Call Forwarding. (The monthly rates for Call Forwarding are \$2.10 for residence customers and \$2.65 for business customers.)

RACF is expected to generate first-year revenues of approximately \$643,000.

Persons who wish to comment on this application, which has been assigned Tariff Control Number 11316, should notify the PUC by August 28, 1992. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the PUC Public Information Office at (512) 458-0256 or (512) 458-0221, teletypewriter for the deaf.

Rickey and wife Naomi have two sons, Chad, 15, and Casey, 10, The Lawrence family makes their home in Roaring Springs, where they own a feed store. Brother Lawrence has been preaching since 1978. His wife is employed by the postal service. Trinity Church invites the community to come hear Brother Lawrence. He will be teaching on the Essence of a Christian on Wednesday evenings for the next several weeks. — Courtesy Photo

Iglesia Del Rey Jesus Pentecostes marks third anniversary in building

LOCKNEY — Iglesia del Rey Jesus Pentecostes Church recently celebrated their 3rd anniversary. The church is located at 404 SE 6th Street in Lockney.

Helping the church Praise the Lord was Rev. Reyes and his wife, Rev. Juan Ortiz and family of Lubbock, Rev. Dominguez of Fredricksburg and his congregation and Rev. Robles and his family of Hondo. Groups Praising the name of Jesus in songs were Rev. Domingues' church.

A tamale dinner was served at 5:00 p.m. and services were at 7:00 p.m.,

followed by refreshments after the service at the community center.

Rev. Banda commented, "I would like to thank everyone who came and those that couldn't come, God Bless you all, come visit us, let's start showing the love of Jesus, He is coming soon. And, we need to have fellowship with one another, putting aside Denomination, but putting in front our Lord Jesus Christ." (Rom. 12:10)

Services are Sunday School 10:00 a.m.; Thursday Prayer Service at 7:30 p.m.

CANNING SOULS FOR THE LORD—Pastora Lupe Banda stands by the pulpit of the Iglesia Del Rey Jesus Pentecostes Church in Lockney. They have just celebrated their third anniversary in the building that once housed the Lockney Cannery. According to Rev. Banda, "We are canning souls for the Lord rather than the fruits and vegetables that used to be canned in this building." Staff Photo

performance.

Mr. Lipham also won second place at the Texas State Radiologic Technology Educational Tournament in Dallas. He is employed by Methodist Hospital in Lubbock in the Radiology Department and plans to attain a Bachelor of Science Degree in Radiology.

He is married to the former Angie Hinsley and they have a son, Mason. He is the son of Julian and Joyce Lipham.

Floydada ISD issues 1992-93 schedule

FLOYDADA -- The Floydada Independent School District has announced the school calendar for the coming year. Teachers will begin the school year with a workday on Wednesday, August 19, 1992. The first day of classes for students will be Thursday, August 20, 1992. This date marks the beginning of the Fall semester as well as the first six weeks grading period.

Monday, September 7 will be a holiday in observance of Labor Day.

Friday, September 18, will see school dismissing at 1:00 p.m. to enable teachers to participate in staff development activities during the remainder of the afternoon.

The first six weeks will end on Friday,

October 2 and the second six weeks grading period will begin on Monday, October 5. School will again dismiss at 1:00 p.m. on Monday, October 19, for staff development and the second six weeks period will end on Friday, November 13.

The third six weeks grading period will begin on Monday, November 16. School will dismiss at 2:30 p.m. on Tuesday, November 24, to get the Thanksgiving holiday underway. School will reconvene on Monday, November 30.

Staff development will again result in an early dismissal at 1:00 p.m. on Friday, December 11. A 2:30 p.m. dismissal will be observed on Friday,

December 18, to begin the Christmas break.

School will reconvene on Monday, January 4, 1993. The first semester and the third six weeks grading period will end on Thursday, January 14, with Friday, January 15, being a teacher workday.

The second semester of the school year will begin on Monday, January 18, along with the fourth six weeks grading period. There is a bad weather day scheduled on Monday, February 1. This will be a day out of school for students provided bad weather earlier in the year has not made it necessary for a makeup day at that time. Friday, February 5 is a staff development day and school will

be dismissed at 1:00 p.m. that day. Friday, February 26, will be the end of the fourth six weeks grading period.

The fifth six weeks grading period will begin on Monday, March 1 and the week of March 1-5 will be observed on F.I.S.D. campuses as Texas Public Schools Week. Spring break will follow the week of March 15-19.

The second bad weather day scheduled for the year will be taken on Friday, April 9, to coincide with Easter on Sunday, April 11. Severe weather causing school cancellation earlier in the year could result in this day being used as a makeup day for classes. The fifth six weeks will end on Friday, April 16 and the final grading period begins on Monday, April 19.

Friday afternoon, May 7, will be used for staff development and school will be dismissed early at 1:00 p.m. The final day of school will be Friday, May 28. A teacher work day will follow on Saturday, May 29. Graduation ceremonies will be the evening of Saturday, May 29.

RITA HERNANDEZ & MINA PESINA

WIC employees to be recognized

Staff members of the local WIC (Women, Infant, Children) Agency will be honored by the WIC State Agency, July 31, in a statewide WIC Employee Appreciation Day.

Local workers recognized will be Rita Hernandez, L.V.N., and Mina Pesina, Nutrition Assistant.

Hernandez is commended for going beyond the call of duty for pregnant WIC participants by providing transportation to other agencies, finding food, shelter and gas money for clients who are only passing through her project area.

Pesina is cited for her bilingual communication skills, which have built successful client relationships.

In observing the Employee Appreciation Day, a Texas Department of Health memorandum noted that in one month alone, WIC workers in Texas served over 476,232 clients.

The WIC program provides food, information and health care referral for pregnant and breastfeeding women, babies and children to age 5.

In order to qualify for the WIC program, your income must meet WIC guidelines. A family of four can make \$25,808 a year and still get WIC food, and you must live in the area served by the local WIC clinic.

Food provided by WIC includes: cereal, eggs, beans, milk, cheese, juice, infant formula and infant cereal.

To get an appointment with WIC come by 319 S. Main, or call 983-3449. Be sure and bring each infant or child you want to get WIC foods, and their dates of birth, proof of family income (such as a paycheck stub), proof of residency (such as a utility bill with your name and address) and a list of foods you ate the day before your appointment.

Lighthouse tour winners return from excursion

FLOYDADA -- Spring Lipham, daughter of Mr. and Mrs. Julian Lipham of Floydada, and Christy Potts, daughter of Mr. and Mrs. Frank Potts of Matador, were among the 74 young people from across Texas, joined by three New Mexico youths, who journeyed to the nation's capital recently for a first-hand glimpse of the political process.

The two area teenagers participated in the 1992 Rural Electric Youth Tour sponsored by the rural electric cooperatives of Texas and coordinated by their

statewide association, Texas Electric Cooperatives, Inc.

Lipham and Potts earned expense-paid trips when they were named winners of the 28th annual Government-in-Action Youth Tour Contest sponsored by Lighthouse Electric Cooperative, Inc.

Floyd County unemployment rate now 8.1%

By Juanita Stepp

According to figures released by the Texas Employment Commission on July 21, the current unemployment rate in Floyd County is 8.1 percent. This represents an estimated 388 workers who are now on unemployment roles. The unemployment rate in the previous monthly report was 7.6 percent unemployed in Floyd County.

The commission reports the civilian work force in Floyd County at this time is an estimated 4,818 workers. The report states that 4,430 of these eligible workers are employed during the period covered by the latest report.

Floyd County numbers are now slightly lower than the statewide unemployment rate of 8.3 percent for the period. The statewide unemployment figures are at the highest level in more than four years.

According to TEC commissioner Mary Scott Nabors, "If the Texas economy is tied to jobs, we are in a downward spiral. We now have approximately 742,000 individuals trying to find jobs in Texas."

The national unemployment rate for the month of June was 7.8 percent.

AWARD OF EXCELLENCE -- Tim Lipham received the Mallinckrodt Award of Excellence as recognition for earning top honors in his class when he graduated from Methodist Hospital School of Radiologic Technology in June. The presentation was made by Professor Elizabeth Hodges. -- Courtesy Photo

Public Notice

Southwestern Bell Telephone Company is asking the Public Utility Commission of Texas (PUC) for approval to begin charging \$3.00 per bill, for duplicate paper copies of a customer's bill up to 15 pages. If the customer's bill exceeds 15 pages, an additional five cents per page will apply. If the customer's bill is lost or mutilated for reasons other than negligence by the customer, no charge for a duplicate copy will apply if a customer notifies Southwestern Bell within 60 days of the billing date. The effective date of this application is December 4, 1992.

If approved by the PUC, this application will increase the Company's annual revenues by \$835,000, which is an increase of approximately two one-hundredths of 1 percent (.02 percent) in the Company's adjusted revenue for the 12-month period ending December 31, 1991. The application could affect all of the Company's approximately 4.6 million residence customers and all of its approximately 575,000 business customers should they choose to request duplicate copies of their bills.

Persons who wish to intervene or otherwise participate in these proceedings should notify the PUC as soon as possible. The deadline to intervene is August 7, 1992. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

This matter has been assigned Docket No. 11223.

By Bill Gray

The Floydada Major League All-Stars, coached by Ed Henderson, Jr., Gerald Wiles, and Michael Aleman, closed the local Summer baseball program with an 18-11 victory over Lockney in the championship game on July 22. Teams from Floydada, Lockney, Hale Center, Ralls and Plainview competed in the tournament for 11-13 year olds.

Floydada's Minor League All-Stars (8-10 yrs.) finished in second place in their season-ending tournament on July 18. Coaches for the Minor Leaguers were Billy Joe Villarreal, Joe Hinkle and Joel Hendrix. Bruce Bramlett was the director for the Floydada Summer baseball program.

Floydada earned a spot in the Major

tournament finals with victories over Hale Center (10-4), Lockney (8-4), and Ralls (12-1). After their loss to Floydada, the Lockney All-Stars fought their way back to the title game with decisions over Plainview (11-10) and Ralls (14-8). Lockney edged Floydada 11-10 in the last day of play to force a show-down for the championship.

BILL'S NOTES

This year's baseball program was very successful in a number of ways. Many youngsters played organized baseball for the first time. Those who had played before had another year to improve upon their skills. Jimmy Webster's baseball camp gave a tremendous boost to the overall improvement of the city's baseball program.

It was great to see All-Star teams playing in both age groups...the "Floydada" shirts

and hats were sharp and were worn with a great deal of pride. Speaking of All-Stars...at times it is a difficult decision by the team's coaches to make the selections.

Our hat is off to Ed, Gerald, and Michael for guiding the Major team to the tournament championship. Some good baseball was played by those youngsters, and they worked hard to achieve their success. Vacations and family outings were put on hold for two or more weeks, but the experience gained by playing at an increased level of competition will benefit all involved. I know Coach Webster will concur with me when I say that we "say several future Whirlwinds playing with that group."

Billy Joe, Joe and Joel did a fine job working with the 8-10 age group...and some of those youngsters played some mighty good brand of baseball. Congratulations to everyone associated with the summer program...ya done good!!

1992 FLOYDADA MINOR ALL-STARS — The Floydada Minor League All-Stars in the 8-10 year range included (front row, left to right) Lonnie Nelson, Tyler Helms, Mark Gutierrez, Tye Terrell, Daniel Herrera; (second row) Josh Tipton, Leon Childers; (third row) Sergio Vella, Ray Perez, J. J. Morales, Todd Anderson, Hector Palacios, Patrick Hernandez, Brandon Wickware, Jeffrey Lyles; (fourth row) coaches Billy Joe Villarreal, Joel Hendrix and Joe Hinkle.

M.T. CARROLL

Funeral services for M.T. Carroll, 63, were at 2 p.m. Thursday, July 30, 1992, in First Baptist Church Chapel with Dr. Floyd Bradley, director of the Caprock Plains Baptist Area, officiating. Burial was in Plainview Memorial Park by Lemons Funeral Home.

Mr. Carroll died about 3 a.m. Tuesday, July 28, 1992, at his residence after an illness.

He was born on April 7, 1929, in Paris, Texas. He grew up in Paris and attended schools in Lamar County. He served in the U.S. Army during the Korean War and was discharged in 1953. He worked as an independent trucker in Lamar County. He moved to Floydada in 1964 and drove for United Transport Co. He lived in Floydada from 1964 to 1975. In 1975, he started

Carroll Cattle Co. and moved to Plainview in 1981. He was a member of the Texas Southwest Cattle Feeders Association and was a past member of the Teamsters Union.

He married Lucille Frank on April 28, 1949 in Lamar County.

Surviving are his wife; three sons, Michael and John both of Plainview,

and Brooks of Cave Creek, Ariz.; a step-daughter, Edna Freels of Mc Alistier, Okla.; two brothers, Don of Garland and Frank Ned of Houston; two sisters, Charlotte Adams of Forney and Martha Dodson of Campbell; four grandchildren; and one great-grandchild.

Pallbearers will be Clayton Smith, Joe Garcia, David Pugh, Bobby Corbett, Glenn Davis and John Vaughn. Honorary pallbearers were the drivers of Carroll Cattle Co.

D. B. DORSEY

Services for D. B. "Doc" Dorsey, 83, of Lubbock, were held Wednesday, July 29, 1992, at 2:00 p.m. in St. Luke's United Methodist Church with the Reverend Elton Wyatt, associate minister, officiating. Burial followed in the Lubbock Cemetery under the direction of Franklin-Bartley Funeral Home.

Dorsey died at 9:55 a.m. Monday, July 27, 1992, in Methodist Hospital after a lengthy illness. He was born in Ponder and moved to Lubbock in 1947. He married Pat Thorpe on April 1, 1955, in Kent, Ohio. He was a carpenter at Reese Air Force Base and retired in 1973. He was a charter member of St. Luke's United Methodist Church.

Survivors include his wife; three daughters, Sharron Henley of Vancouver, Washington, Carol Reese of Ivanhoe and Linda Chanbliss of Gunnison, Colorado; a brother, Vernon Dorsey of Boiling Springs, North Carolina; a sister, Madge West of Floydada; 10 grandchildren and a great-grandson.

Pallbearers were Bill Seay, Frank Kilcrease, Leo Seiter, Harvey Morton, Steve Copenhaver and Don Copenhaver.

The family suggests memorials to Meals on Wheels.

EARL MERCER

Graveside services for Earl Mercer, 80, of Lockney, were at 10:00 a.m. Saturday, July 25, 1992, in Lockney Cemetery with Reverend Murle Rogers, Pastor Emeritus of First Baptist Church officiating.

Burial was under the direction of Moore-Rose-White Funeral Home.

He was born on Oct. 6, 1911, in Floyd County, the son of the late William Stanton and May Harper Mercer. He lived in Amarillo where he was a building contractor from 1950 to 1986. He returned to Lockney in 1986.

Survivors include a daughter,

Glenna Gray of Borger; a son, Don Mercer of Borger; a sister, Velma Jones of Lubbock; a brother, John Mercer of Lockney; five grandchildren and five great-grandchildren.

VEDA MAYE REEP

Funeral services for Veda Maye Reep, 86, of Plainview, were at 2:00 p.m., Tuesday, July 28, 1992, in Wood-Dunning Colonial Chapel.

Burial was in Parklawn Memorial Gardens under direction of Wood-Dunning Funeral Home.

Mrs. Reep died at 5:35 a.m. Sunday in Heritage Home after a lengthy illness.

She was born in Lewisville and had lived in Snyder and Anton before moving to Plainview in 1951. She was a member of Northside Baptist Church. She had worked for the Plainview and Tulia livestock auctions. She married M.D. Reep in 1921 in Roby. He died in 1968.

A daughter, Keta Scott, died in 1976.

Survivors include a daughter, Mell Glasscock of Lockney; two brothers, S.T. Minor of Turpin, Okla., and Fred Minor of Park Hill, Okla., seven grandchildren; 21 great-grandchildren; and two great-great-grandchildren.

DISTRICT GOVERNOR VISITS LOCKNEY ROTARY--Keith Marble, Vice-President (left), and Robert McDonald, Secretary-Treasurer (right), of the Lockney Rotary Club, welcomed Cliff Breaud to their meeting on Friday. Breaud is the District Governor for Rotary District 573. Staff Photo

Rotary District Governor visits Floydada and Lockney clubs

Rotary International District Governor, Clifford (Cliff) Joseph Breaud visited the Floydada and Lockney clubs, Wednesday and Friday, promoting his theme of "Real Happiness is Helping Others." In Floydada, Breaud was joined by his wife, Mogyueta (Moggie).

Breaud is serving as the 1992-93 Governor for District 5730. He is an orthodontist in Lubbock and is a member of the Lubbock Rotary Club. He told local club members to ask themselves each day, "Who will I help this day. Then at the end of the day, ask yourself who have I helped today."

"The only ones who experience happiness in life," said Breaud, "are those who search and find out how to help others."

Born in 1922 Gramercy, Louisiana, Breaud was a pilot in the U.S. Army

Corp. from 1940-1947. Cliff attended Texas Tech University in 1946-47, Loyola University of New Orleans, Louisiana, and graduated in 1951 with a degree in Dentistry.

He is a member and past president of various Dental Societies and Association. Breaud has also been a member of the Chamber of Commerce, Foundation for Orthodontic Research, Society for Crippled Children, Citizens Traffic Council, Airport board, and a Life Member of P.T.A., Southwest Little League, Lubbock and Military Bass Associations, and is listed in Who's Who in the South and Southwest 1963-64.

Cliff and his wife, Moggie, have two sons: Stephen J., and Orthodontist, and David P. who is deceased. Cliff is a past president and club director of his Rotary club.

Floydada Police Report

Floydada Police received a report of a criminal mischief at the Labor Camp, July 14, at 10:44 p.m. The resident of the apartment complained of boys that had thrown a rock through the window and run away.

July 21, at 1:42 a.m., truck driver from Mercedes, complained to police that the right windshield of his truck had been broken out while he was driving. Floydada police and a Floyd County deputy checked the area in which the truck had been traveling and decided that the broken glass had possibly been caused by children throwing a rock into the window.

July 23, police arrested Teresa DeLeon, 20, on Plainview warrants.

ACCIDENTS
July 18, at 8:42 p.m., police were called to the 500 block of East Ross in reference to injuries sustained from an

accident.
According to reports, Thelma Davis Martin, 41, of Floydada, was driving north on 11th Street with three girls sitting on the hood and right fender. When the vehicle turned left onto Ross Street the girls were thrown off the vehicle.

Two of the girls hit the curb and were injured, the third was not injured. Catherine Piper, 17, and Sharon Harris, 18, were treated and released from Lockney General Hospital. A 16 year old girl was not injured. Also in the car were an eight year old girl and a six year old girl. The driver will be charged with reckless driving.

On July 21, at 4:30 p.m., police investigated an accident in the Pay-N-Save parking lot. The driver of a Ford Tempo was backing out of a parking space and struck a Chevrolet van which was traveling south. There were no injuries.

Amy Anderson receives United States National award in Science

LOCKNEY -- The United States Achievement Academy announced that Amy Anderson has been named a United States National Award winner in Science.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10 percent of all American high school students.

Amy Anderson who attends Lockney Jr. High was nominated for this National Award by Mr. Kevin Meyer a Science teacher at Lockney Jr. High.

Miss Anderson will appear in the United States Achievement Official Yearbook, published nationally.

"Recognizing and supporting our youth is more important than ever before in American's history. Certainly United States Achievement Academy award winners should be congratulated and appreciated for their dedication to

excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Miss Anderson is the daughter of Bill and Ann Anderson. She is the granddaughter of Troy and Laverne Phillips of Brownfield Texas and Laura Hopper of Anton Texas.

Lockney Police Report

Lockney police received a report of an apparent burglary of a residence n July 20th. The residents of a trailer home, in the 500 block of E. Willow, were out of town and a relative noticed the front door had been forced open.

When the owner returned home on July 28, she reported a new twin size diamond pattern comforter and a new set of full size Zebra satin sheets and pillow cases had been stolen.

July 24, police took a report of a stolen bike which was taken from a home in the 200 block of W. Poplar. The bike is described as a 20" boys bicycle, lime green, black and pink, with white training wheels. It is valued at \$100.00.

"Lockney residents need to be aware that we are experiencing a lot of bicycle thefts," said Lockney Police Chief Leonard Gilroy. "Please secure your bi-

cycles and engrave your drivers license on them. We will loan you the police department's engraver or you can bring your bike here and we will engrave it for you."

Police are also investigating a burglary of a 1989 Chevrolet, which was parked at the Lockney Swimming Pool, between 1:30 p.m. - 2:00 p.m., on Saturday July 18. Taken from the vehicle was a checkbook, drivers license, social security card and money.

The manager of the Lockney Motel complained to Lockney Police of a theft of service from a man that had stayed a week at the motel and then left without paying his bill. The same individual also left town without paying for a vehicle which he had a contract to buy from a local car lot. A warrant has been issued for a Raymondville resident.

FLOYD CO. AG. UPDATE

Burleson Memorial

Roping winners announced

The weekend of July 24, 25, 26 at Burleson Arena, Flomot, Texas brought prizes and surprises for those who attended the horse events. This was the ninth year that volunteers and spectators came together to see that all the scheduled events went off as planned.

Donations were made at the gate and by area people to help make possible scholarships at Clarendon Jr. College in the Ranch and Feedlot Operations course. Bits made by area craftsman Wade Brannon, Silverton, Texas were donated by Craig and Dean Turner of Matador, Texas. Sandy Vannoy, from West Virginia, was the winner of the ladies class in the cutting horse competition on Friday morning. D.M. Jr., Lockney rancher donated the bits given to the high point winner of the day in the cutting horse events. Those bits were awarded to Ann Hutchinson, of Amarillo. Bobby Campbell won the Class-2000 Limited Rider and given bits for his riding skill.

There were seventy-one youth entries in the Saturday morning horse riding competition and the high point girl and boy receiving headstalls made by Alvin Durham, Roaring Springs were Lacy Parks of Roaring Springs and Matt McPherson, of Lockney. Matt McPherson a seven year old Floyd County boy was the winning competitor of the weekend. McPherson won four 1st place trophies giving him the points for High Point Boy. He was riding his horse "Ace" who was entered and placed in enough events to be given a breast collar for All Around Horse. Those going home with trophies donated by Ronce

Thorton Patton formerly of Lockney. Those placing were in the Pec-Wee Division: Matt McPherson 1st; Lynsey Hammonson 2nd; Laura Reedy 3rd; Cliff Year 4th; Eddie Lee Fortenberry 5th; Cody Ware 6th. In the Junior Division Lindsey Reedy 1st; Miranda Palmer 2nd; Scotty Palmer 3rd; Sally Baldwin, Velvet Johnson and Kendra Wood. In the Senior Division Lacey Parks 1st; Leland Wood 2nd; Dowell Garrison 3rd; Kasey Parks 4th; Bucky Williams 5th; Kelli Harrison and Bo Dempsey.

Tough competition was evident during the Friday cutting horse events. Cutters were on hand to take part under the supervision of the Caprock Cutting Association. This was the second year that the Association was there to help make money for the scholarships. Cattle was furnished by Bundy Campbell, Matador.

The other classes and winners were as follows: Open, Jim Byrd; Non-Pro, Rank Cogdell; 5000 Novice, Noel White; Youth, Zack Baldwin; Open Gelding, Anne Hutchinson; 10,000 Non-Pro, Bob Williams; 3000-Novice, Bob Byrd; 2000 Limited Rider, Bobby Campbell; 500 Novice Rider, Robby Morris; 250-Novice, Mary Low Campbell.

There may not have been many entries in the washer pitch under the hay barn but there was some competitive teams that pitched for the belt buckle symbolizing their skill. It was a repeat performance for Garry Burson and Tim Cooper from Lockney beating Walter Graham and Jack Alaniz for first place. Buckles were made again this year by Frontier Trophy Buckles. Swisher County Judge J.V. Johnson and wife Patsy were back to donate their time to making this event earn money for the scholarships.

Circle A Cattle Co. of Hereford returned for the ninth year to provide the cattle used in the teams ropings that were held on Sunday morning and then for the pasture roping on Sunday afternoon. Carl and Johnnie Alford and daughter Darla knew all the ropers and support the scholarship endeavor. Those taking home buckles were: Timmy Massey-Sam Kennedy in the One over Fifty; Mike Jones-Clint Ware in the open; Mike Fuston-Kennen Shields in the #5. In the #4 Roping Breast Collars made by Roy Stone, Hale Center were given to Phil Reep and David Christain. In the #3 on Sunday morning Headstalls went to Monroe Timberlake and Jim Owens.

The Sunday afternoon pasture roping was the last event of the weekend and one knew what would happen in the open pasture, that is so popular with the spectators. Floyd Hardin, now of Childress and Sam Fortenberry, Lockney, introduced the ropers and provided the entertaining dialogue as the ropers rode through the pasture in pursuit of their steer. Wade Brannon made the bits for the Open winners who were Cliff Tippet and Mike Jones. There were fifty teams in the Novice Pasture roping and Thorton Monroe and Ray Archer received the Breast Collars.

Team Penning is an event that has become popular with a team of three riders penning three head of cattle in the fastest time. This event takes skillful rider to cut out the designated cattle. The team from Clarendon of Mike Martin, Zach Robinson, and Marion Martin won saddle pads for their winning time.

B.J. Dempsey, Ben Grundy, Wayland Howard and Bucky Williams were the fastest team in the team branding.

To date, July 1992, there have been thirty-one scholarships provided in the Ranch and Feedlot Operations Course at Clarendon Jr. College, H. and Seven 4-H Scholarships given in Floyd County. A total of \$10,500 have been provided in scholarships and \$18,000 in prizes awarded to participants in the nine years the Burleson Memorial weekend of Horse Activities has been taking place "Under the Hill."

Effects of hunting on pheasant populations discussed

(Editor's Note: The following was taken from 1992 Pheasants Forever, Inc., brochure).

Controversy has continued for years about the effects of hunting on ring-necked pheasants. This publication explores the facts concerning the effects of regulated sport hunting on pheasant populations.

Should bag limits and season lengths be adjusted with the ups and downs of pheasants numbers?

Optimum management for any species provides the greatest possible harvest while allowing adequate carryover stock for reproduction. Ring-necked

pheasants are promiscuous birds. One rooster (male) may mate with as many as a dozen hens (females). Sexual dimorphism, which allows males and females to be easily distinguished from one another, permits pheasants to be managed conservatively. Hunting only males removes "surplus" birds not needed for reproduction in the spring. Adjusting season length and bag limits has little effect on future pheasant populations, since only surplus birds are harvested.

How is pheasant harvest measured? Reliable estimates of annual harvest are obtained by random mail and phone

TURN ROW MEETING HELD—The Floyd County Extension Office sponsored a plot demonstration to look at results on the control of the Flower by the Hour weed. The final results will not be available until this fall. Those present were shown the plots where the various herbicides were used, also combinations of herbicides, amounts of herbicides, application methods and time of treatment

were discussed. Mike Mattet, Floyd County Extension Agent, Mark Brown, Crosby and Floyd County Extension Entomologist and Dr. Paul Bone, Extension Weed Specialist conducted the result demonstration. Mallet stated, The Flower by the Hour weed is increasing in acreage in the county and will cause an economic impact if not controlled. — Staff Photo

Cleaning garden benefits plants

By Mike Mallett, CEA-Ag.

Removing old plants from the spring home garden now is beneficial in several ways, according to an entomologist with the Texas Agricultural Extension Service.

Destroying residue from crops reduces the number of insects, the chance for disease and, if remnants are added to the compost pile, can provide organic material to add to next year's garden, Dr.

J. W. Stewart said.

Old plants give insects a "home" until new plants emerge, Stewart said. Harmful insects such as mites, aphids and spider mites die when the old plants are removed.

"You're not only destroying the habitat but the insects as well. It's kind of like burning down a house. They don't have a place to live," he said.

By reducing the number of plants, gardeners also can decrease the occurrence of several types of diseases, including some blights and fruit rot that already are existing in the spring garden.

Gardeners can till the old plants under or pull them up, he said.

Pulled plants can be gathered and added to a compost pile. Temperatures in a compost pile can get as high as 150 degrees Fahrenheit, destroying everything—including insects and diseases—inside it, he said.
