Commissioners approve Lockney office remodeling

By Juanita Stepp

A request from Sheriff Fred Cardinal that the Lockney office housing the Floyd County Deputy and the Justice of the Peace for Precincts 2 & 3 be remodelled to afford both officials more privacy was approved on a split vote of the Floyd County Commissioners Court. Cardinal made the request at an October session of the court.

Precinct 2 Commissioner Floyd Jackson made the motion to approve the remodeling as detailed in the drawing previously submitted to the court by Sheriff Cardinal. Precinct 4 Commissioner Howard Bishop seconded and the two were joined in voting for the matter by Precinct 1 Commissioner Connie Bearden.

Precinct 3 Commissioner George Taylor voted against the proposal, saying, "I do not see that this is necessary. With the Lockney Police Department

out of the building, I don't see why the deputy and the JP can't share the space they all shared for several years." He added, "I have spoken with Mrs. Stansell and she indicated that she is satisfied with the office as it is. I feel like it is a waste of taxpayers money to spend it doing this."

Jackson countered, saying, "I think it needs to be fixed because Fred asked for it. I have talked to him and he is not happy with the current situation. He wants more privacy when the deputy talks to clients and must make phone calls."

Taylor expressed the opinion that a phone could be installed in the small room located in the office if more privacy was needed. He also stated that he felt the entire matter should have been tabled until the newly elected sheriff, Charles Overstreet, comes into office in January.

Along the same vein, the court passed taking any action on Cardinal's request for the addition of a laundry room to the jail at this time. No estimates have been received pertaining to the cost of the requested project and the court opted to wait for more information before considering the project.

Merchants giving away 30 turkeys

Thirty Thanksgiving Day turkeys will be given away to Hesperian-Beacon readers on Nov. 20. Drawings will be held in the individual participating businesses at 4:30 p.m., on that day. The winners will be contacted and told where to pick up their turkey.

Registration coupons will appear in this week's and next week's issue of The Hesperian-Beacon.

The public is encouraged to fill out the coupons and deposit them in the boxes inside sponsoring businesses in Floydada and Lockney.

You can enter as many times as you wish, but only one winner per family is allowed. You must deposit original coupons only, no photocopies will be accepted. You must be 16 years or older to enter.

Although no purchase is necessary, The Hesperian-Beacon urges people, who are dropping off coupons, to browse through the sponsoring businesses and to remember to shop at home first.

Floyd County businesses who will be giving away turkeys are: The Breakfast Shop, Brown's Department Store, Caprock Meat, City Auto, Clark Pharmacy, Cornelius Conoco, Davis & Sons, Davis Lumber - Lockney, Donuts and More, Feature Attractions, First National Bank of Floydada, First National Bank in Lockney, Floydada Branch of The First National Bank in Lockney, Floydada Coop Gin, Floyd County Hesperian-Beacon (both Lockney and Floydada offices), Higginbotham-Bartlett, Joe's, Kids Klostet, Kirk and Son, Lockney Insurance, Lockney Meat Company, Nielson's Restaurant, Oden Chevrolet, Pay-n-Save in Floydada, Pay-n-Save in Lockney, Pizza Gold, Producers Cooperative, Thompson Pharmacy and Tipton Oil.

SCOREBOARD SAYS IT ALL—Whirlwinds celebrate playoff-clinching victory as the distant scoreboard indicates the 50-6 outcome. Minutes before the game's end,

word was received that Littlefield had upset Tulia, creating a two-way tie between Tulia and Floydada for the District 2-3A championship. —Staff photo

Lockney sponsoring clean-up day

LOCKNEY -- The Lockney Chamber of Commerce is sponsoring a clean-up day on Saturday November 14 in conjunction with "Make A Difference Day."

"The day, which has been designated as a national day, is the perfect opportunity for giving a community project an extra push. The community is being challenged to take action and reap the benefits through a clean-up day," stated Dub Hallmark, president of the chamber of commerce.

Cargill will erect a large tent on the lot east of the City Hall and help will be available to help with the articles brought in. Coffee and doughnuts will be served throughout the day. Work will begin at 8:00 a.m. and continue until 6:00 p.m.

"According to Richard Larsen, chamber member, "Cargill employees, along with chamber members, have volunteered to assist anyone needing help in loading heavy appliances. Those needing help should call any member of the chamber or Cargill in advance. "Citizens are asked to clean around their homes and in their alleys on Saturday and to bring large iron or tin items to the lot east of City Hall where the items will be loaded on trailers for disposal.

Items that can be brought are refrigerators, washers, dryers, stoves, hot water heaters, air conditioners, or any other item that is iron or tin. A pallet will also be on location for old automotive batteries.

Aluminum can be placed in the trailer belonging to the Lockney Volunteer Fire Department across west of the Lockney Gin.

Any trash that is not suitable for the

dumpsters, or the trailer, can be taken to the city barn and disposed of in the large trash container.

Hallmark encourages everyone to join in the recycling effort. "We will have the facilities and the help to dispose of articles that cannot be put in dumpsters or easily hauled to Floydada and we are hoping that everyone will take advantage of it."

Any trash that is not suitable for the

Crader wins first at state

FLOYDADA — Seven members of the Floydada FFA Chapter traveled to Sam Houston State University in Huntsville on Saturday, Nov. 7, to compete in the State FFA Leadership Contest. There were 80 teams competing in the various contests, trying to win a state championship.

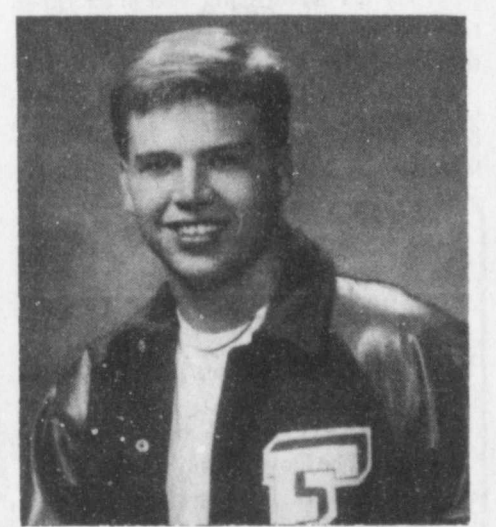

Scott Crader, competing in the "Creed" Speaking contest, won first place, naming him the best in the state of Texas.

The Junior Farm Skills Team, consisting of Amber Womack, Neal Nelson, Lacy Golightly, placed third in their contest.

The Senior Farm Skills Team, Carrie Emert, Kristy Hinsley and Crystal Sanders, placed fourth in their competition.

By placing in their contest, the Floydada Chapter was awarded points to accumulate toward the Sweepstakes or State Champions in the State Leadership Contest. These seven students were presented the state plaque in an awards

assembly on Saturday afternoon. This honor is one that has never come home to the Floydada school system and these students, by winning this honor, prove that their hard work and dedication has paid off for them and the community can be especially proud of them.

SCOTT CRADER, Floydada FFA, won 1st at state in Creed Speaking.

Advance tickets on sale, community pep rally set

The Floydada High School Whirlwind football team will play Childress High School in a bi-district contest between Districts 2-AAA and 1-AAA. The game is scheduled for Friday, Nov. 13, in Childress, at 7:30 p.m.

Advance tickets may be purchased at the Floydada High School office between the hours of 9:00 a.m. and 4:00 p.m. Student tickets will be \$2.00, and adult tickets will be \$4.00. All tickets will be \$5.00 at the game. Advance sales end at 12:00 noon on Friday, Nov. 13.

There will be an all school and community pep rally this Friday in the junior high school gymnasium at 2:30 p.m. Everybody come out and support the Fighting Whirlwinds. Beat Childress!

Lockney council holds regular meeting

LOCKNEY — The Lockney City Council met on Thursday, November 5 for their regular monthly meeting.

Paul Lyle, city attorney met with the council and informed the mayor and aldermen that he will meet Rolando Rios, attorney for Joe Perez, in San Antonio on Wednesday, November 11 for an update on the lawsuit against the city, and will bring them an update at the next council meeting.

Bobby Pinner made a request to move a trailer house to the 100 block of West Houston. After being assured that all the ordinances would be met J.D. Copeland made a motion to allow the request. A second was made by Sam Fortenberry. All voted for the motion.

Discussion was held on placing a stop sign at the corner of Seventh Street and Bryant going north and south to replace the yield sign currently at that location. Copeland made the motion to replace the sign and it was seconded by Gary Marr. All voted in favor.

In regular business the council the minutes of the previous meeting were read and approved. Council members discussed the bills and voted that they be paid and the financial statement was reviewed.

Present at the meeting were Mayor Kenneth Wofford, Aldermen J.D. Copeland, Sam Fortenberry, Gary Marr, Bil Anderson; City Attorney, Paul Lyle; and City Secretary Charlotte Hooten.

FIGHTING DRUGS—Kathy Calhoun and her specially trained "drug sniffing dog", Koko, are seen here checking out a vehicle at Lockney High School. Kathy and Koko, sometimes alone and sometimes with another team, come to LHS several times a month to work the dogs through the parking lots and lockers. If the dogs "alert" to drugs, the handlers take no action but turn the information over to school officials. The dogs and handlers work for TEAM BJR, a private investigation and security company, which is contracted by LISD. —Staff photo

LOCKNEY — A Labrador retriever is led through the halls of Lockney High School while students hurry to their next class. This is not an unusual scene. A dog and trainer from B.J.R. Private Investigation and Security Services, Inc. visits four times a month.

Four years ago, Lockney School District principals discussed the use of a drug dog to help rid schools of illegal substances, Principal James Poole said. Through surveys and conversation with students, they realized that some measure had to be taken to tackle the problem.

The school board agreed to budget for the \$6,000 annual program cost.

Each visit made by the trainer and dog team is unannounced. Poole is required to sign a booklet documenting their arrival. Administrators felt this would relieve any question of bias, said W.H. Hallmark, Lockney School District Superintendent. When the program was

started, Hallmark and other administrators had children attending Lockney High and junior high.

Trainers lead the dog through locker areas, parking lots, the field house and other parts of campus, Poole said. A motion by the dog's paw signals a trainer that a drug substance has been found. Administrators refer to such a detection as an alert.

The student's parents are notified after an alert.

"We are not out to accuse anyone," Poole said, "we just want to let parents know a dog was alerted."

Upon the second alert, the school strongly recommends the student take a drug test. The school district will pay for the test if one is requested. Results are given to the family only.

Counseling received outside the school is suggested after a dog alerts a third time on the same student.

Any of the steps may be skipped if large amounts of drugs are found, Poole said. The police are always a last resort.

"This program does not stop drug use," Hallmark said, "it discourages it from being around school."

Trainers from B.J.R. Security Services also visit elementary school kids. This is an opportunity to educate children in hope that they will stay away from drugs as young adults.

The program was dropped one year to test if the dogs were making a noticeable difference. Community representatives and the school board requested the program back.

"Dogs are a reminder that people should not do drugs. We want a drug free community," Hallmark said.

Student reaction to the dogs has been favorable. They pet and talk to the dogs, Poole said.

Generally, B.J.R. Security Services uses Labrador retrievers, owner Carl F. Rickert Jr. said. Belgian Malinois are another common breed of dog trained. Dogs are purchased, received as gifts or bred.

By nine months of age, a dog can be used on a limited basis. A two-to three-month training process is necessary to certify a dog.

"Training is a continual daily process," Rickert said.

The company uses a retrieval-reward method to teach their dogs. Rewards are given after a dog alerts to the presence of an illegal substance.

The overall cost of training a dog ranges from \$2,500 to \$3,000 per animal. B.J.R. Security Services currently has 30 dogs.

Sixty independent school districts within Texas and Oklahoma contract the drug dog services. Along with schools, B.J.R. Security dogs sniff out drugs in industrial plants, residences, corporate businesses or any other institution that requests their service, said Rickert.

Dogs work for five years and are then placed in good homes.

Each trainer attends a structured school for one week, then continues training on-the-job, Rickert said. B.J.R. Security Service employees are constantly monitored by management. They must adhere to government policy referring to the use of drug dogs and acquire public relation skills. The ability to identify drugs is also mandatory.

Rickert finds his program to be an extremely good drug deterrent.

I didn't get to go, but I heard that the Holiday Happenings style show, sponsored by the Women's Chamber of Commerce, was very enjoyable. Good work ladies!

Check out the story in this week's paper about the clean-up day in Lockney on Saturday.

There will be a trailer brought to town and parked east of City Hall, courtesy of Carjill.

The city is asking people to bring their old refrigerators, appliances, etc., and load them on the trailer. They will also be collecting batteries.

This is a good time to get rid of that stuff that you didn't know where to trash.

Cargill will also have a tent set up and will be serving coffee and donuts throughout the day.

Remember to thank them for their service once again.

Oh By The Way—I forgot to mention that Cargill put up several tents, free of charge, for Punkin Day booths.

They volunteered to do it and came out on the Thursday before Punkin Days and put up a bunch of tents. They came out Friday and checked on them and then came Sunday and took them all down.

It was not easy work. Be sure and thank them for that too!

I saw something in Jimmie Taylor's column in the Cottle County newspaper, a few weeks ago. She stole it from the Texas Press Messenger and I'm stealing it from her.

It is a list of myths about small town newspapers. Some of them are pretty funny.

Now remember—these are myths. That means they aren't true!!!

Myth No. 1—If a newspaper editor turns the full fury of the editorial page loose on a community problem, it will be solved in a hurry, even if everyone else in town is opposed to the editor's view.

Myth No. 2—An editor makes one mistake in giving 1,000 items of information; people will remember the 999 correct items and forget the minor error.

Myth No. 3—If the editor sits down and explains the situation patiently, the club that go only six inches of space will understand that no favoritism was intended when the other club got eight inches.

Myth No. 4—That although a businessman might quarrel with the editor, he wouldn't let spite get the best of him and pull out his advertising.

Myth No. 5—That people will happily pay for advertising and subscriptions promptly, if asked politely one time.

Myth No. 6—That creditors will gladly wait for their money, if asked politely.

Myth No. 7—That all city and county officials believe one of the editor's first duties is to critically analyze the work of elected officials and others on the public payroll.

Myth No. 8—That people you see every day are not likely to sue for libel over some silly little error that accuses them of shoddy dealing, or having some social disease.

Myth No. 9—That country editors live a slowpaced life of bliss, with plenty of time to rewrite every story, and polish it to literary excellence.

Myth No. 10—That a country editor—harassed by creditors, libel, irate business people, club presidents, and assorted citizens—could find no other job that would provide as much pleasure or satisfaction.

Courtroom Activities

Jose Sustaita, 39, of Lockney pled guilty in District Court on November 4 to Arson and Possession of a Prohibited Weapon.

The offenses occurred on January 14, 1992.

He was sentenced to seven years probation and fined \$1,000 plus court costs of \$84.50.

In county court, October 28, Mike Perales was charged with criminal mischief. There was no disposition on this case.

Also on October 28, Oscar Castillo, 29, of Floydada was charged with Evading Arrest and DWI. There was no disposition on these cases.

October 29, Leopoldo Ramos was charged with driving while his license was suspended. There was no disposition on this case.

Lockney Police Report

LOCKNEY — The Lockney Police have investigated a series of burglaries in the past two weeks. Unfortunately there is usually an increase in burglaries around the Thanksgiving and Christmas holidays, this year it appears that the burglaries are starting a few weeks early.

The Lockney Police are asking residents to make sure you lock your homes when you go out, even for a short time. If you see anything, or anyone, suspicious around you or your neighbors homes please call the police so they can check it out. Do not leave anything of value in your vehicle even if you are just running into the post office or store. Most of all PLEASE write down serial numbers on your valuable items, especially TV's, V.C.R.'s and guns. Engrave items of value with your drivers license number.

On October 23, it was reported that two chain saws were stolen from a garage on the 900 block of SE 8th Street. The two saws are 14" McCulloch chain saws. One of the saws was in a black plastic case.

Plainview resident displaying art

FLOYDADA — The First National Bank of Floydada is presenting the paintings of an artist new to our community. Through the month of November, the works of Alyce Lindemann, Plainview, are on exhibit in the lobby for your viewing pleasure.

A native of Quitaque, Alyce is the daughter of Mr. and Mrs. Arthur Gregg and a graduate of Silverton High School. She is married to W.O. Lindemann and they have one son who is chief technician of chemical productions for Southwestern Public Service Co. in Amarillo.

"I paint at least every week," said the artist, "and thoroughly enjoy every moment I spend with a brush in my hand." The artist uses several mediums and is comfortable with each, but oil and watercolor are favorites. "I care for acrylic least of all," Alyce continued, "because it dries too fast for me to handle in the relaxed way I enjoy painting."

Lindemann has studied under several artists including Bob Dunnaway, Margo Cox, Ricky Davis, Roberta Gragg, Ben

Konis, Mary Montandon, Paul Milevich, Candace Keller. She has al-

ways enjoyed painting a number of different subjects through the years. "For several years after I married, my attention was centered on the farm and my family, however; and I decided to take up the art again when I attended a dem-

onstration at the Plains Art Ass'n in the 70s" said Alyce.

The First National Bank of Floydada is happy to have this exhibit on display during regular banking hours during November.

Letter to The Editor

Dear Editor,
There were reports of a loud, scraping, scratching noise on Wednesday morning, November 4th. An independent investigator determined that this loud noise was the Bramlets, scraping and scratching their political bumper stickers off!

President-elect Clinton (another Carter, only he plays the saxophone) is already selecting Carter people to help him get started. Mr. Clinton's wife is an Activist Lawyer. She will help with the selection of Supreme Court and Federal Judges. The Clintons have been married several years but it was later that she decided to wear the Clinton name.

I believe there are about 40 vacancies for Federal Judges at present time. Congress has delayed filling these offices with Bush people, hoping for a Clinton administration. Clinton nominees will now be quickly confirmed with little opposition. This should put us "on our way" to "being fixed up" and "taken care of".

Oh well, guess I had better practice my dancing steps (oops, I intended to say marching steps) to the saxophone music.

Sincerely,
Wayne Bramlet

P.S. Did I say that right?

that butt" for at least 24 hours! That may turn out to be a healthy turning point in your life, and also helpful to those who work and live around you!

Many smokers don't quit because they think "the damage is already done". Not so, reveals the Surgeon General's report of the past year, which used data from an extensive study of over a million participants. The data proves that "It's never too late to quit smoking to save your health," said the Surgeon General Antonio Novella. The health benefits are immediate and substantial, decreasing the incidence of smoking-related diseases such as lung cancer and other cancers, heart disease, pulmonary disease and stroke.

MAJOR CONCLUSIONS OF THE REPORT

Former smokers live longer than continuing smokers. People who quit before age 50 have only one-half the risk of dying compared with continuing smokers.

Women who stop smoking before pregnancy or in the first three months, reduce the risk of having sickly or low birth weight babies.

Children who live with smokers are more likely to have bronchitis, chronic cough, middle-ear infections and higher-than-average levels of cholesterol.

In summary, Dr. Novello notes that

"Smoking cessation represents the single most important step that smokers can take to enhance the length and quality of their lives. Public opinion polls tell

us that most smokers want to quit. This report provides smokers with new and more powerful motivation to give up this self-destructive behavior."

Council holds special session

By Juanita Stepp

Floydada — The Floydada City Council met in a special session on Monday, November 9, to consider revisions to the proposed Floydada Municipal Airport lease. During a workshop meeting, the council heard suggestions from airport board members Louis Lloyd, Jerry Thompson, Jeffery Johnson, L. B. Stewart Jr. and Charles Craig.

No action was taken on the matter. Council members asked that it be tabled for further study prior to any decision being made.

Recommendations concerning the proposals from Goen & Goen Insurance and the Texas Municipal League were reviewed by the council. Based on the proposals presented by the two firms, consultants from Stephens Management Consultants, Inc. of Canyon, recommended that the city retain their coverage for property and liability insurance with TML. A comparison of the proposals showed that the TML proposal offered more coverage for less money.

A motion by Leroy Burns with a second from Wayne Tipton approved accepting the proposal as presented by TML for property and liability insurance for the City of Floydada for 1992-93. The vote was unanimously in favor of the motion.

Advertising for used pickups was tabled pending the opening of bids on November 17 for proposed purchase of up to five new pickups. Used pickups will be placed on a later agenda for consideration.

Attending the special evening meeting were Mayor Wayne Russell, council members Ruben Barrientoz, Leroy Burns, Wayne Tipton and Eric Cornelius. Council members Amado Morales and Clar Schacht were absent.

Others present included Louis Lloyd, Jerry Thompson, Jeffery Johnson, L. B. Stewart Jr., Charles Craig, Karen Houchin, Sharon Quisenberry, Gary Brown, Barbara Edwards, Darla Chappell, Lon and LaVerne Roberts of Ralls, Kyle Smith of Goen & Goen Insurance, Jack Russell of TML, and Ruben James Barrientoz.

Hesperian-Beacon sets holiday deadlines

The deadline for the Thanksgiving edition of The Floyd County Hesperian-Beacon will be Monday, November 23, at 3:00 p.m.

The paper will be on the stands the night of Tuesday, Nov. 24, and in the mail on Wednesday, Nov. 25. The office will be closed Thursday, Nov. 26, and Friday, Nov. 27.

The deadline for Santa letters and Christmas stories for our Christmas edition will be 5:00 p.m. Wednesday, Dec. 9.

All teachers and parents should turn in their children's letters by that date. Any other individuals wishing to submit Christmas items must also have them in by this date.

TRASH THAT BUTT -- The Whirlwind Mascot blew through Principal Bobbie Weir's office at Duncan Elementary School Thursday to snatch up Weir's "last pack" of cigarettes and deposit them in the trash. Ginn and McMahan recite nuptials

Miss Susan Ginn became the wife of Eddie McMahan during a double ring ceremony in the First United Methodist Church of Petersburg. The Rev. Pat Ginn of Lubbock, uncle of the bride, officiated.

Parents of the couple are Linda Ginn and the late Vaughn Ginn of Petersburg and Gary and Belle McMahan of Okinawa, Japan.

The ceremony was held in the glow of candlelight with two 15-light and two spiral candelabra at the front of the church. Hurricane candles lit the windows and the setting was made complete with the addition of baskets filled with mixed flowers and floral lace satin bows on the aisles. The altar table held a white rose in a crystal vase in memory of the bride's father.

Larry Martin of Petersburg sang "The Parents Prayer" and "Forever Is As Far As I Go". Kathy Ethridge of Lubbock played the traditional wedding march on the piano.

Guy Ginn did the honors of giving his granddaughter away. The bride wore a satin gown which featured a cathedral length train edged in lace and accented with a large bow at the waist. The bodice was covered in lace and beads, pearls and iridescent sequins were used overall. The bride wore a shoulder length veil with sprays of pearls and carried a cascade bouquet of white roses, stock, larkspur, dendrobium orchids, and ivy, accented with pearl garlands, lace and her parents' wedding bands.

Caryn Mulanax of Petersburg served her sister as matron of honor. Teresa Evans of Burleson, Amy Wadkins and Lezlie Wienke, both of Lubbock, were bridesmaids. The bride's attendants wore dropped-waist tea-length floral washed dresses trimmed in white lace. They carried bouquets of mixed flowers.

Jimmy Deckelman of Lubbock, cousin of the groom, was the best man. Groomsman were Chad Dean, Dan Laseman and Mark Bandy, all of Lubbock.

Ushering guests were cousins of the bride, Brannon and Kirk Rodgers, and also brother-in-law and nephew, Terry and Brooks Mulanax, all of Petersburg.

The couple greeted guests in the fellowship hall of the church during the reception.

A serving table for the punch and coffee was centered with a bouquet of mixed flowers and three heart-shaped pink candles. The wedding cake was served from a separate table decorated with a garland of silk ivy and hot pink flowers.

Cake was served by Stephanie Vitter of Rapid City, South Dakota, sister of the groom, and Deanna Stanley of Lubbock. Cheryl Bishop, cousin of the bride, and Karen Gavin, both of Lubbock, served punch and coffee.

Assisting in the houseparty were Tommy Sue Blair, Chris Pierson, LaFonda Stephens, Paula Martin, Barbara Smith and Cynthia Fox.

Wedding guests registered from Pittsburg, Pa., Albuquerque, N.M., Rapid City, S.D., Okinawa, Japan, Houston, San Antonio, Wichita Falls, Dallas and surrounding towns.

Following a wedding trip to Jamaica, the couple is making their home in Lubbock.

Lavy and Covington say wedding vows

Miss Donna Lisa Lavy became the bride of Joe Lane Covington in a double-ring ceremony performed by the Rev. Bryan Donahoo, pastor, at the First Baptist Church in Silvertown.

Vows were exchanged before a brass candelabra holding navy blue candles and entwined with ivy accented with pink roses, lilies and daisies. The altar was decorated with greenery accented with small pink azalea trees. Aisles were decorated with white satin bows.

Parents of the bride are Mr. and Mrs. Leon Lavy of Silvertown, and the bridegroom is the son of Mr. and Mrs. Jack Covington of Lockney.

Escorted and given in marriage by her father, the bride wore a white satin gown featuring an open Queen Anne neckline and Juliette sleeves. The bodice of the gown was adorned with Schiffli lace embellished with sequins and pearls. The back of the bodice was accented with an open keyhole complimented with pearls and Austrian crystals dripping across the shoulders. A fitted basque waistline allowed the full ballgown skirt to float gracefully to the floor and sweep into a full cathedral-length train. The back of the gown featured a cascade of three candybox satin bows accenting the cutout lace motifs of the train. The hemlines of both the gown and train were edged with scalloped Schiffli lace.

The bride's shoulder-length veil of illusion was attached to a half circle of white and navy blue flowers with clusters of pearls. She carried a bouquet of white roses and tiny blue flowers showered with satin streamers.

Serving as matron of honor was Amy Otis of Silvertown. She wore a carpet-length gown of navy blue silk taffeta designed in sleeveless princess style with white collar. Her bouquet was a smaller version of the bridal bouquet.

Guests were seated by Don Curry, brother-in-law of the bride, and Robby Thrasher of Plainview. Serving his father as best man was Brandon Covington of Silvertown.

Organist Shirley Reynolds accompanied soloist Shana Strange as she sang Amy Grant's "Doubly Good to You." Mrs. Reynolds also played traditional wedding selections.

The bride's mother wore a three-piece dress of navy and cream silk taffeta and added a corsage of white roses and blue flowers. The groom's mother was attired in a navy blue suit with a corsage of white roses and tiny blue flowers.

Following the ceremony, a reception was held in the church fellowship hall.

The bride's table was covered with a lace-edged ecru cloth and held navy napkins, punch, nuts and mints. Marsha Green and Donna Estes served the three-tiered Italian cream cake decorated with pink and navy flowers and topped with white wedding bells.

The groom's table held a centerpiece of navy and white silk flowers. Barbara Cawley of Lockney served coffee and the German chocolate double layer cake topped with chocolate-dipped strawberries.

Genie Lavy, sisters of the bride, was in charge of securing the guests' signatures in the wedding book.

The bridegroom's parents hosted a rehearsal party before the wedding in the fellowship hall of the First Baptist Church in Silvertown.

Following a short wedding trip to Amarillo, the couple is at home in Silvertown.

The bride is a graduate of Silvertown High School and attended beautician school in Clarendon. She is presently employed by Caprock Industries of Lockney.

The groom is a graduate of Levelland High School, and is self employed as a carpenter and electrician in Silvertown.

Floydada Nursing Home Happenings

By Jo Bryant
FLOYDADA — Hi! Well, here it is the 10th of November, seems like we just were in November 1.

Monday, Bro. Clark Williams shared the devotion with us, and Irene Wexler played the piano. In the evening, the

residents were Etoile Stanley, Janelda Fulton, Ruth Smitherman, Otis Johnson, Bernice Robison. They are painting Christmas ornaments for their tree.

Tuesday, Bro. Nealey Richardson brought the residents bananas and gave the devotion and sang some songs. At 2 p.m. the ladies from the Companion & Caring met with Jo Bryant in the dining room. They helped fold the newsletters to mail and discussed plans for the Thanksgiving party.

Wednesday was Bingo day, Ruth Smitherman had the first Bingo. Mary Alice Davis assisted the residents, thanks for the candy. At 6:00 p.m. Philip Wilbanks came and played the piano.

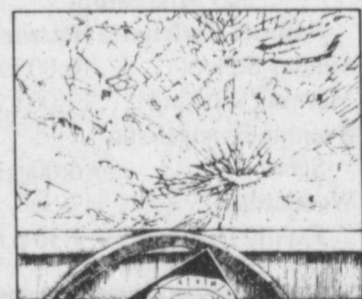

Thursday, the residents had their monthly resident council meeting. Otis Johnson called the meeting to order. They have a chance to express their needs, or compliments for their care. The residents were served popcorn.

Friday, Gayla Griffin played the piano and Shannon Stockstill sang a melody of songs. On to Plainview on the bus ride. McDonalds treated the residents to ice cream.

Thanks to the Sunday school class of First Baptist Church for the delicious brownies. We also thank our churches for coming on Sunday.

Revival services are slated at Lockney First Baptist Church

LOCKNEY — Revival services are scheduled November 15-18, at First Baptist Church in Lockney. Harold Abney, pastor, invites the community to participate in all services.

Preacher for the revival is Dennis Teeters, pastor of First Baptist Church at Abernathy. Dennis attended Amarillo College and is a graduate of University of Texas, Permian Basin, and Southwestern Baptist Theological Seminary in Fort Worth.

Paul and Christy Newberry, music evangelists from Dallas, will be leading the music for each service. Paul is recipient of a bachelor of music degree from Wayland Baptist University and master of music degree from Hardin-Simmons University. Christy has a

bachelor of arts degree from Hardin-Simmons University.

Sunday services are at 10:45 a.m. and 7:00 p.m. There will be weekday services at noon and 7:00 p.m. on Monday through Friday. Revival choir will meet at 10:15 on Sunday morning and 6:30 p.m. each evening.

Special activities include: Family Night on Sunday with fellowship following the evening service; Monday is Sunday School Night. Tuesday is Children's Night with special activities planned at 6:00 p.m. and Wednesday is Youth Night (for all Junior High and High School Youth) special activities at 6:00 p.m. and evening worship at 7:00, Monday through Wednesday. A nursery will be provided for all services. Everyone welcome.

MAYE WILLIAMS—Floyd County TEHA Chairman Maye Williams captured Best of Show Award in the Cultural Arts Exhibit at this year's Texas Extension Association State meeting held in Galveston. Her entry was a china painted portrait entitled "The Warrior". *Photo by Melissa Long*

Stapp wins last week of football contest

Randall Stapp of Lockney won the first place check for \$25.00 the last week of the Hesperian-Beacon annual football contest. With everyone losing a game to a tie game, Stapp was the only entrant who missed only eight games on the contest. His prize check will be waiting for him at the Hesperian-Beacon Office in Lockney on Friday.

Second place was determined by using the tie-breaker scores since there were three contestants who each missed nine games on their entries. The \$15.00 prize goes to Glenda Wilson of Floydada. Her entry selected Springlake-Earth to win in the first tie-breaker and her combined score guess was 40 points, the same as Sam Hale's entry. Moving to the second tie-breaker, each selected Floydada to win, but Wilson was closer on the combined score at 40 points. This was 16 points less than the actual combined score of 56. Her check for the second place prize will be in the Floydada office of the Hesperian-Beacon on Friday.

Hale, a resident of Floydada, earned the third place prize of \$10.00. His combined score prediction on the second tie-breaker was 34, 22 points less than the actual score. His prize check will be in the Hesperian-Beacon Office in Floydada on Friday.

Receiving Honorable Mention this

week was J. P. Wright of Lockney, the third entry to miss nine games. He loyally predicted Lockney to win over Springlake-Earth, losing out on the first tie-breaker. Had he not done this, his combined score guess of 48 would have earned him the second place check and made Hale the Honorable Mention this week.

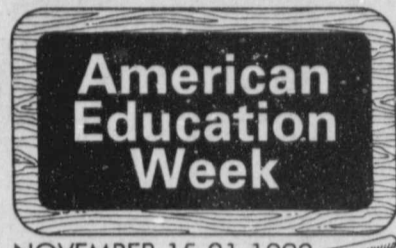

SPONSOR PRIZE DRAWING

The incentive drawing for the sponsoring businesses was conducted on Tuesday evening, November 10, with the winning sponsor being drawn by young Brandon Gilroy. Heably plucked the name of one sponsor from a bucket with all in it. The lucky recipient of \$50.00 in cash or a \$50.00 credit on their bill this year is the First National Bank of Floydada.

The Hesperian-Beacon would like to thank all who participated in the contest and especially the sponsors who joined us in making the contest possible once again.

Sponsors making the contest and the prize money possible include Attebury Grain, Cargill Hybrid Seeds, The Tye Company, Lambert Spraying, Schacht's Flowers, Jewelry & Gifts, Lockney Meat Company, Pay-n-Save in Lockney, Pay-n-Save in Floydada, Wilson Photography, R Photography,

Gilliland earns statewide scholastic and athletic honor

FLOYDADA — In recognition of his achievements as an outstanding student, accomplished musician and talented athlete, Micheal Gilliland of Floydada has been chosen as the state's Alamo Scholar/Athlete of the Week.

Gilliland, the son of Bobby and Barbara Gilliland of Floydada, will also receive a \$500 scholarship, a commemorative trophy, an Alamo Scholar/Athlete of the Week cap and t-shirt.

He will also be featured on a television segment, "Alamo High School Extra", to be seen on the Home Sports Entertainment (HSE, Cable Channel 32) Friday, Nov. 13, at 4:00 p.m.

examination of the beneficial relationships of white hydra injected with algae.

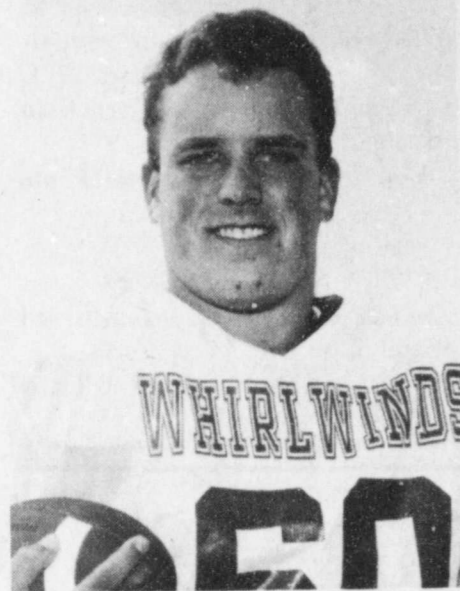

Gilliland, who also plays nine different instruments and serves as drum major in the band, eventually wants to combine his interest in biology with his love of drawing to become a medical illustrator.

While he initially plans to attend a small college, perhaps McMurry State in Abilene, later he would like to transfer to a larger university for his degree, a double major in art and biology.

Gilliland has been active in Boy Scouts since he was seven years old. With help from his father, an area scoutmaster, Gilliland has progressed to Eagle Scout rank, having earned his Eagle badge in August of 1992. He currently serves as a Junior Assistant Scoutmaster for his Troop #357.

He is also a member of the United Methodist Youth and Fellowship of Christian Athletes and a former member of the United Methodist Choir. In the community he is involved with the community band and in the past has also been assistant baseball coach in the summer teenage league program.

It is his drive for excellence in so many areas which makes Gilliland the ideal recipient of the Alamo Scholar/Athlete of the week award. Each week (through Jan. 8) a high school senior will be chosen from one of five regions across the state.

MICHEAL GILLILAND

Sponsored by Alamo Rent-A-Car, the Alamo Scholar/Athlete of the Week program was developed in conjunction with the University Interscholastic League (UIL) to highlight the academic and athletic achievements of Texas high school seniors, such as those exhibited by Gilliland.

Gilliland, plays offensive guard and defensive tackle as well as place kicker for the Floydada Whirlwinds. In fact, the only time the 6-foot, 225-pound senior comes off the field is when there is a blocked punt attempt.

Gilliland tackles academics with the same enthusiasm as athletics. Ranked first in his class the last three years, he maintains a 93.8 grade point average. Gilliland was chosen Outstanding Sophomore by the National Honor Society and currently is his school's NHS president.

His entry in the State Science Fair won him second place honors for his

Whirlwind JV defeats Dimmitt JV

Floydada's JV 'Winds hosted Dimmitt in their season finale and managed to hang on for a hard-fought 20-14 victory. J.R. Quilantan scored on a 60-yard run and added the 2-point conversion in the first period. Dimmitt came back to tie the game on their own 60-yarder and conversion.

The 'Winds regained the lead in the wild first quarter on a 35-yard run by Quilantan. "Nufo" Cervera's 40-yard run in the second stanza extended Floydada's lead to 20-8. Dimmitt closed the gap before halftime with a 20-yard TD run.

Both defenses stiffened after intermission and the remainder of the game was played between the 30-yard lines. Named as outstanding offensive players for the JV 'Winds were Zach Abshier, Arnulfo Cervera and David Watson. According to the coaches, Anthony Emerit and Jesse Sanchez turned in outstanding defensive performances.

The Best That We Can Be In '93

By Criselda Valdez
If you attend F.H.S. then you must know Annett Garcia. Annett is the daughter of Mr. and Mrs. Balentine Riojas. She has three brothers and one sister.

Annett has attended school here in Floydada for 12 years. In her four years

of high school, she's been a cheerleader. She considers cheerleading part of her life.

Pageants are another part of Annett's busy life. You can just imagine what Annett's hobbies are. Her hobbies include reading, cheerleading and pageants. She especially enjoys reading

books by Danielle Steele.

But there's another side to Annett. She is a very caring and understanding person, someone you would like having as a friend. When asked what she had to offer to people? She said, "My listening skills and sincerity." She wants to make a difference in the world and has many positive goals.

Annett plans to attend West Texas State University and major in psychology. She also wishes to be a lawyer or maybe the next President of the United States.

Annett has many goals and usually tries to accomplish them all. It usually upsets her when she can't accomplish them. That makes Annett a very busy person. But she always has time for a friend. She always thinks of others before she thinks of herself.

May all your dreams come true and keep being the best that you can be Annett.

Duncan Kids Can!

Dear Duncan Parents,
What a busy time we are having. We are heavily involved in the teaching of the reading process. We are anxious for all of our kids to achieve.

We are excited about some of the curricular changes we have made and are beginning to make. Our third grade integrated curriculum is working well. Our kids are participating, succeeding in learning and enjoying it.

Let me extend to you the opportunity to visit Duncan during the holiday season. It is truly a magical place. We are having a great school year. Please, come and be involved.

'Winds blast Dimmitt to grab share of title

By Bill Gray

The Floydada Whirlwinds scored on three of four first-half possessions to propel them to a convincing 50-6 rout over Dimmitt at Bobcat Stadium on November 6. Floydada's victory, coupled with Tula's 7-0 loss to Littlefield, vaulted the 'Winds into a District 2-3A Co-Championship with the Hornets.

Floydada (7-3 overall, 4-1 in district) advances to the bi-district round of the playoffs against 1-3A champ Childress. The re-match of last year's bi-district clash is slated for 7:30 p.m., Friday the 13th, at Fair Park Stadium in Childress. By virtue of their earlier victory over the Whirlwinds, the Tula Hornets enter the bi-district round as 2-3A's number one seed and will face 1-3A runner-up Perryton at Berger also on November 13.

Littlefield's decision over Tula is meaningless as far as playoffs are concerned. Due to the Wildcats earlier 14-14 tie with Dimmitt, the defending district champions will sit out the post-season party this year. Dimmitt completes its season with a 3-6-1 overall record (2-2-1 district mark).

With a playoff spot for itself on the line, Dimmitt made a game of it - at least for the first three minutes. The Bobcats received the opening kickoff and drove from their own 22-yard line down to a first-and-goal at Floydada's 8 in only six plays.

Two long pass completions by QB Chad Sandoval and a 31-yard run by Guy Lewis highlighted Dimmitt's opening drive. Lewis carried to the 2-yard line on first down, but a holding penalty stopped the early threat.

Sandoval fired two incomplete passes into the end zone, and Andrew Barker was called on for a 35-yard field goal attempt. Barker's fourth-down kick was short and wide to the right, and the Whirlwinds took over on downs at their own 18-yard line. It was the last time the Bobcats would cross Floydada's 20-yard line until late in the third quarter.

Whirlwind sophomore Pete Cooper, standing in for injured 1000-yard rusher Michael Henderson, carried the bulk of the load as the 'Winds mounted a 13-play, 82-yard scoring drive. Johnny Eguia carried the final six yards for Floydada's first touchdown. QB Sammy Rodriguez muffed the hold for the conversion attempt, but found Jammie Davis in the right flat for the two-pointer.

The Bobcats were "three and out" following the kickoff. Tait Crow attempted to punt on fourth down, but Floydada's Scott Crader broke through to block the kick. Teammate Jason Pyle recovered the loose ball in the end zone for a touchdown. Micheal Gilliland kicked the point-after, and the 'Winds were up 15-0 with two minutes remaining in the opening period.

Floydada's dominant running game proved to be the difference in its next series. Cooper and Davis ate up big chunks of yardage in a 10-play, 78-yard drive for a score to open the second quarter. Eguia again carried the final five yards, Gill's kick was perfect, and the 'Winds started to pull away from the out-manned Bobcats.

The 'Winds added another 7 points in the final moments of the first half as Sammy Rodriguez hooked up with Davis on a 17-yard timing pass.

Floydada's ensuing kickoff produced "the hit of the year." Bobcat receiver Tait Crow was leveled by kicker Micheal Gilliland at the 28-yard line as time ran out in the first 24 minutes. Dimmitt snapped the ball once before the half time horn sounded, with Floydada owning the scoreboard 29-0.

Any thoughts of a Bobcat comeback were quickly put to rest on Floydada's first play of the second half. Pete Cooper took the handoff from Rodriguez, and behind the blocking of Tyrone Henderson, Rafael DeOchoa, and the entire Whirlwind forward wall, the sophomore speedster sailed 61 yards to the Dimmitt double stripe. Dimmitt fumbled the following kickoff, Jeremy Rubio recovered, and the Whirlwinds were back on the attack inside the Bobcat 20-yard line.

Following a series of penalties deep in Dimmitt territory, Rodriguez tossed a 12-yard TD pass to senior receiver Victor Mendoza. It was Mendoza's first touchdown of his varsity career.

Dimmitt's only scoring drive of the night started from the Bobcat 7-yard line in the waning minutes of the third quarter. Guy Lewis and Derrick Thomas carried for big yardage, and Lewis finally crashed into Floydada's end zone on the first play of the final stanza.

Dimmitt attempted an on-sides kick, but Jesse Rodriguez recovered to give the 'Winds good position at mid-field. Back-up quarterback Josh Thayer di-

rected Floydada's final scoring drive, which was aided by a 15-yard penalty against Dimmitt for unnecessary roughness.

Tyrone Henderson cashed in from five yards out, Gilliland tacked on Floydada's 50th point, and the Whirlwinds were on their way to a return date with Childress in the state playoffs.

BILL'S NOTES

First of all, hats are off to the Whirlwinds for their Co-Championship season! The young men overcame a lot of adversities, a rugged non-conference schedule, and key injuries, to finish with a very respectable 7-3 record.

Congratulations are also certainly in order for Dean Bates and his fine staff... they have guided the Whirlwinds to three playoff appearances in the last four years (quite an accomplishment when we recall an 0-10 record not that many years ago).

A short mention about the unfortunate incident when the Dimmitt player drew the unsportsmanlike conduct penalty in the 4th quarter. Yes, the Bobcats were frustrated - our line was pounding them on every snap. But, there is no place in high school sports for that type of behavior. I'm thankful that Josh wasn't hurt... I'm even glad that the Dimmitt player suffered no ill effects. But, I'm even more thankful that, win or lose, our young men take pride in themselves and their school and would not lower themselves in such a fashion. This is a direct reflection as to how the Whirlwinds are coached. Enough said!

One of the essential elements in Floydada's success this season has been some of the younger folks coming through at critical times. Super-soph Pete Cooper's performance against the Bobcats is a prime example.

With Michael Henderson out with inju-

ries, Cooper helped in a big way by rushing 16 times for 144 yards. His 61-yarder for a score to open the second half virtually shut the door on any Dimmitt rally, and that play deserves my nod for the offensive play of the game. Cooper also gets my vote for offensive player of the game for his overall output.

Tate Glasscock made his first varsity start and came through in flying colors as a replacement for Michael Henderson in the defensive secondary. Dimmitt completed only 7 of 20 pass attempts, and Tate certainly had a hand in that containment.

Scott Crader's punt block, which Jason Pyle recovered for the second TD, gets my defensive play of the game mention. Micheal Gilliland continued his almost flawless kicking and splendid line play, but his hit on Tait Crow just before the half has to rate as one of the best licks of this - or any other - year. I would almost bet there is a #12 branded permanently at that spot on the Dimmitt field!

The Whirlwinds have a tough chore

coming up this Friday - beating the Childress Bobcats on their home field in the playoffs. Granted, the 'Winds handled the 'Cats pretty easily six weeks ago at Wester Field on Homecoming. But, the Bobcats then sailed undefeated through their district for their fourth consecutive crown.

Through the years it has been rare for Childress to lose twice to the same team in a season. The 'Cats have a lot of tradition at Fair Park, but the Whirlwinds also have a lot going for them! It will be payback time for that 21-20 loss at Plainview a year ago.

Charlie will have to find something else to complain about other than McIntosh's siren as the Whirlwinds send the Bobcats to the basketball court. The Gypsy Lady says it will be Floydada 27, Childress 20!

Bill's other picks:
Perryton 19, Tula 13
Graham 26, Denver City 12
Vernon 34, Brownfield 7
Reagan County 47, Clint 21
Southlake Carroll 37, Eastland 14

Alpine 28, Sonora 15

Coach's Comments

By Coach Dean Bates

It is a real honor to once again represent 2-AAA in the playoffs. This is a very competitive district and to share the championship is very special. This group of athletes bounced back when their backs were against the wall and won two games on the road to achieve their goal.

We executed well in all facets of the game and had some big plays in the kicking game. We've had some of our starters hurt and our young replace-

ments have done well.

Tate Glasscock started at free safety and Pete Cooper started at running back for Michael Henderson and both had outstanding games.

It has been a real team effort and I hope our fans have enjoyed watching the 'Winds play. We lost the flip and now must travel to Childress to play the Bobcats. They are improved from our previous meeting and we must play well to win on their grass.

Big game in Childress at 7:30 p.m. See you at the game.

BREEZER FOOTBALL REPORT

By Bill Gray

Floydada's 7th grade Breezers ended their 1992 season with a narrow 22-14 loss at Dimmitt on November 5. The Dimmitt 7th graders scored first for an early lead, but the Breezers countered with Jason Campbell's 68-yard touchdown and 2-point conversion pass from Richard Casillas to Jason Henderson to knot the score at 8-all.

Dimmitt forged to a 16-8 lead in the second half, but with less than 4 minutes remaining on the clock the Breezers marched from their own 30-yard line for a touchdown. Casillas broke several tackles as he carried in from the 11 on a 4th and goal-to-go. The 2-point conversion failed and the Breezers attempted to regain possession with an on-sides kick. Dimmitt recovered in good field position and added an insurance touchdown late in the game.

Coach Jimmy Webster commented, "We had a good chance to win. This was the same team that beat us 28-0 in the first game. We showed vast improvements, although our record didn't show it."

Richard Casillas and Jason Campbell both had an excellent game.

Webster stated, "Those two had super seasons. They go hard every play, every game."

The coach added, "As a team we began to do some really good things late in the year. This group will do well in the future because they care and they work hard."

The 8th graders also closed out with a 33-12 loss to Dimmitt. Vernon put Floydada on the board first with a 61-yard touchdown run. David Mercado scored from 3 yards out late in the game. Between the two Floydada touchdowns, it was all Dimmitt. The young Bobcats had great size and speed, and the Breezers had difficulties controlling their offensive line.

The coach said, "We played very well in some areas, but gave up the big plays."

The coach added, "We are very proud of this group for the way they played all season. We had a lot of injuries from which we never recovered. We expect good things from this bunch as they move on to high school."

In Appreciation

We would like to publicly express our gratitude to our election judges, the alternate judges, the clerks, the ballot counters and the special canvassing board that counted the early voter ballots, and all others who helped in any way to make the 1992 Floyd County General Election run smoothly and efficiently. This was a record-breaking election, but you handled it extremely well and we are proud of you and thank you for it.

When approached about helping with our election, each one of you readily accepted the responsibility, knowing that the hours would be long with very little pay. You were all at your designated places at the appointed time and you all stayed until the last ballot had been cast, the votes counted and the returns made.

With our very limited budget, the county could not pay you what you earned, so the small check that each one of you received was more a token of appreciation than pay for your services.

We appreciate all of you for all that you did to make this election one to remember, and we thank you all for a job well done.

Horns end season with 4-6 record

By Les Reed

Although the 1992 'Horns were not picked as a playoff team in District 3-2A play this year, they surprised some as they came out and played some pretty good football. I believe the Horns showed many that they would definitely be contenders next year! No they did not

win the district crown, but they improved their record tremendously, going from 1-9 last year to a 4-6 overall record this year. Our guys played some great football and they deserve a pat on the back for a job well done.

Remember, it even took the Dallas Cowboys a couple of years to build the

program that they have today! I believe that the Horns showed great sportsmanship and pride as they represented the town of Lockney. If you see one of the guys this week, let them know you appreciated all the time and work that they put in this past season.

Looking at Friday's game was somewhat of a shocker. The Horns came out looking pretty good, but then the Wolverines went wild. During the second period the Wolverines added up a quick stay in the game the Horns kept with the basic game plan. In the third period the Wolverines added another 13. Horns, Mikheal Durham and Patrick Monroe were able to answer with 7 points during this quarter. Durham recovered a fumble in the endzone and Monroe kicked the extra point. This still left the Horns with a lot of ground to make up. The fourth and final period saw the Wolverines add another 13 leaving them with a total of 54 points. Longhorns, Leo Vargas and Patrick Monroe were able to put 7 additional points on the board leaving the final score, Lockney 14, Springlake-Earth 54.

Guys you did a fine job this year. You can hold your head up and be proud to be called a Lockney Longhorn.

Texas law requires written and signed excuse for school absence

"Parents in the Lockney Independent School District have been notified that Texas law requires the reason for any excused absence to be stated in writing and signed by the parent or guardian," stated Phil Cotham, elementary school principal.

In light of the new 80-day rule, the importance of a written and signed ex-

cuse becomes greatly magnified. The 80 day rule states that each student must be in school for 80 days each semester.

A committee will be formed to decide if a student not in attendance for the 80 days will receive credit for the class or grade level. For this reason a written and signed excuse is vital. The written excuse will be documented in the student's attendance record.

Lockney scouts plan annual food drive

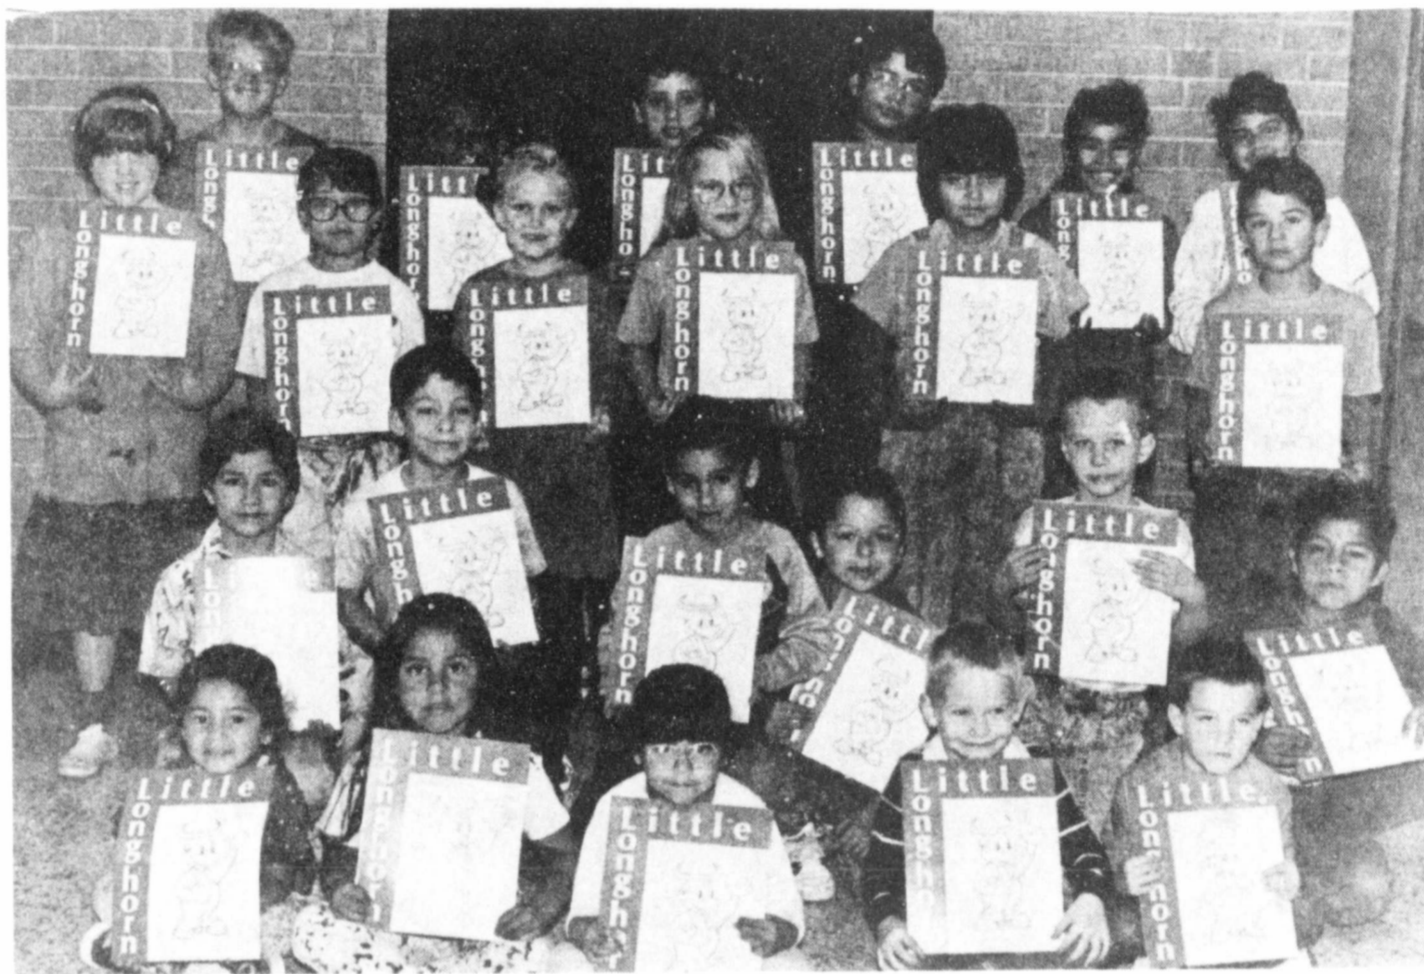

LOCKNEY — Lockney Boy Scouts and Cub Scouts will distribute "Scouting For Food" bags throughout the city on Saturday, Nov 14, and pick up filled bags the following Saturday.

Persons who wish to donate are asked to place non-perishable food items such as canned goods in the bags and leave them on their front porches on Saturday morning, Nov. 21. The Scouts will begin collecting the bags about 10 a.m. that day.

The local scouts have collected hun-

dreds of pounds of food in the past several years during this annual service project. Although it's part of the national Scouting For Food project, all food collected here is given to the local Salvation Army store and distributed in Lockney to those who need it.

The Scouts plan to make an effort to leave bags at every Lockney residence, but if your house is missed or your bag is lost, extra bags will be available at Lockney Pay-n-Save.

Commissioners approve remodeling of Lockney office

county pay someone to serve as the Veterans Service Representative in the county. There is a desperate need for the service in the county according to Ratliff. She added that it is difficult for people here to make the trip to Lubbock to get assistance from the Veterans Service Office located there.

"Failure to complete information forms for the VA means that pensions are cut off and incorrectly completed forms mean that pensions will be denied," stated Ratliff. "We used to have a Veterans Service Officer here and she assisted 20 to 30 people per month with problems, paperwork and other things involving the VA."

Judge Bill Hardin stated, "Margaret Herrera used to serve in that capacity, but we were informed that the law says the representative must be a veteran."

She could not serve any longer since she is not a veteran. The law also says that counties with populations the size of ours do not have to have a representative. Veterans can get assistance from regional VA offices."

Ralph Jackson offered to serve as the VA representative in Floyd County if the county would pay for the cost of his training. "I am willing to help out on a volunteer basis if the county would like to have me," said Jackson.

Judge Hardin asked that the court delay action on the matter until he and Jackson can discuss the offer and the potential expenses involved can be determined. The court agreed.

TREASURER MAKES MONTHLY REPORT

County treasurer Glenna Orman reported that the county began the month of October with \$230,691.41 in county

accounts. Receipts totaled \$263,178.42 and transfers in were \$177,765.10. Disbursements made totaled \$170,617.93 and transfers out were \$177,765.10, leaving \$323,251.90 in county coffers at the end of October. She also reported that there were no certificates of deposit as of October 31. Interest earned on such investments since the fiscal year began on October 1, 1992, is \$723.85 and installment indebtedness is now \$2,349.37.

Orman also informed the commissioners that a Worker's Comp representative from the state would conduct an information and safety class in the county courtroom on Tuesday, November 10, at 8:30 a.m. She urged everyone to attend and to see that all employees attend.

ELECTIONS RETURNS CANVASSED

The commissioners canvassed the returns from the November 3 election and certified the results as correct. Random precincts were gone over in detail and no mistakes were encountered.

FARM WORK CONTRACTS

Five farm work contracts were approved on a motion by Bearden, seconded by Jackson. The vote was unanimously in favor of the motion.

All of the contracts were for sites in Precinct 1. They include: Glenna Miller by Lyle Miller at a site 1 mile east and 1 mile south of Sandhill to clear an area for cultivation; Four M Bros. and Maudine Miller by Lyle Miller at a site 1 mile east of Sandhill and 2 1/2 miles north to clear an area for cultivation; Mildred Shurbet at a site 16 miles southwest of Floydada to clean up old improvements for soil conservation; CAS Farm by Connie D. Bearden at a site 7

miles south of Floydada to clean out a drainage ditch and tail water pit; and Drew Lloyd at a site 4 miles south of Floydada to clean out a drainage ditch.

SPEMS REQUEST FUNDS

A request for county funding by the South Plains Emergency Medical Services (SPEMS) was not acted upon. The commissioners discussed the request and decided that the county should not be paying for this service. They felt it was up to the hospitals and ambulance services to fund SPEMS and the radio repeating equipment they provide for rural ambulance services.

OTHER MATTERS

Other items considered and approved at the session included budget amendments and transfers to fund accounts, the payment of monthly bills and monthly reports for county offices

which collect fines or fees. Reports were received for both JP's, the district clerk, the county clerk and the tax assessor/collector.

The First National Bank in Lockney asked that the court approve their pledge of an additional \$500,000.00 in securities to back the county deposits in their financial facility. The court unanimously approved the matter on a motion by Bearden and seconded by Jackson. The financial facility serves as a depository for county funds and must pledge sufficient securities to insure that all county deposits in the bank are safe from loss.

Attending the regular monthly session were Judge Bill Hardin, Commissioners Connie Bearden, Floyd Jackson, George Taylor and Howard Bishop. Others present included Glenna Orman, Linda Ratliff, Ralph Jackson and the Hesperian-Beacon reporter.

FmHA loans made total over 22 million

"During the 1992 fiscal year the Texas FmHA made new loans to rural residents which totaled over \$22 million for the purchase of single family dwellings," stated State Director, Neal Sox Johnson.

In addition, Texas rural families were provided homes from the sale of inventory properties totaling over \$12.4 million. Home repair assistance in the form of loans and grants provided to very low-income and elderly residents in rural Texas amounted to \$1,525,000.

Fiscal year 1992 was the first full year for the new FmHA Guaranteed Rural Housing Loan Program whereby FmHA guarantees 90 percent of the loan

from a participating commercial lender to an eligible low or moderate income family for the purchase of a rural home.

Texas now has 61 Approved Guaranteed Rural Housing lenders, including the Texas Department of Housing and Community Affairs. FmHA's Guaranteed Rural Housing program offers additional opportunities for local lending institutions to meet the housing needs of rural communities.

As FmHA enters fiscal year 1993, President Bush has already signed the Agriculture Appropriations Bill which authorized \$1.3 billion in direct lending and \$330 million in guaranteed single family housing funds to continue to meet the housing needs of rural Americans.

"Texas FmHA looks forward to an allocation of approximately \$62 million in direct and \$16 million in guaranteed funds to assist eligible rural residents in their housing needs," said Neal Sox Johnson.

The Farmers Home Administration assists rural America by guaranteeing

private sector loans and by providing temporary, supervised direct loans to farm and housing borrowers who have a reasonable chance for success, and whose current needs cannot be met at reasonable rates and terms by commercial sources. The agency is committed to excellence in providing its services.

Causes given for nitrate poisoning of cattle

From Mike Mallett, CEA-Ag.

Nitrate poisoning is a noninfectious disease condition which may affect cattle consuming certain forages or water that contain an excessive amount of nitrate.

CAUSES OF NITRATE POISONING

Under normal conditions, nitrate ingested by cattle is converted to ammonia in the rumen by bacteria.

The rate at which nitrite is converted to nitrate exceeds the conversion rate of nitrite to ammonia. Consequently, when higher than normal amounts of nitrate are consumed, an accumulation of nitrite may occur in the rumen. Nitrite will then be absorbed into the bloodstream and will cause hemoglobin to be converted to methemoglobin, which is unable to transport oxygen. Thus, when an animal dies from nitrate poisoning, it is due to a lack of oxygen.

The occurrence of nitrate poisoning is difficult to predict because it is influenced by various circumstances. These include the rapid change of nitrate levels in plants and the wide range in the quantity of nitrate which cattle can tolerate under various conditions.

NITRATE LEVELS IN PLANTS

The growth of a plant is dependent upon several factors. These include available nitrate in the soil and the plant's genetic ability to grow. The faster a particular type of plant can absorb nitrate, the greater is its potential for growth.

Plants most often involved. A wide variety of plants can be affected by nitrate accumulation. These plants may be categorized as field crops, weeds and vegetables. Crops capable of high levels of nitrate accumulation under adverse conditions include corn, small grains, sudan and fescue.

Weeds and wild grasses capable of nitrate accumulation include carelessnessweed, lambsquarter, sunflower, bindweed and many others.

Nitrate Accumulation. Under normal growth conditions there is little nitrate buildup in the plant even though the plant's roots are absorbing large amounts of nitrate. This occurs because the stem and leaves normally convert nitrate to protein about as fast as it is absorbed by the roots. Tests have

shown, however, that this process fluctuates continuously.

The nitrate-to-protein cycle in a plant is dependent on three factors:

1. Adequate water; 2. Energy from sunlight and; 3. A temperature conducive to rapid chemical reactions.

If any one of these factors is inadequate, the root continues to absorb nitrate at the same rate while storing it unchanged in the stalk and lower parts of the leaves. When this situation develops, nitrate accumulates.

TOXICITY VARIATION

Cattle can tolerate a wide range of nitrate, depending on several factors. Factors making nitrate less toxic include:

The animal can become conditioned to eat larger amounts of feed with a high nitrate content if the increase is gradual. Healthy animals are less likely to be adversely affected than animals in poor health.

Adequate amounts of available carbohydrates (grain). This allows the animal to consume more nitrate because carbohydrates speed up the conversion process from nitrate to protein.

Factors making nitrate more toxic: Rapid change in the diet can trigger nitrate poisoning.

Parasitism or other conditions causing anemia will increase susceptibility.

Nitrogen may be consumed as nitrite instead of nitrate.

A CASE HISTORY

The usual story behind cases of nitrate poisoning fits into one of the following categories:

1. Cattle in some way were able to get access to sacks of fertilizer. They chewed the sack and ate fertilizer in the process.

2. Plants growing rapidly on rich land ceased growing during a period of cloudy, cold weather. The soil temperature remained relatively warm, and the roots of the plants continued to absorb nitrates from the soil which then accumulated in the plants.

3. Improved irrigated grasses are grazed down, fertilized heavily and then watered. If the animals are not removed from the pasture during this time, or are turned back on the pasture before the grass can regain a rapid growth, grazing cattle may pick up a dangerous level of nitrate from the plants.

4. Hybrid sudan pasture has ceased rapid growth because of hot, dry summer weather. This condition could also cause prussic acid poisoning.

PREPARATION OF FORAGE SAMPLES

Clip forage down to about the same level it would ordinarily be grazed. Do not pull it up by the roots.

Take four to five samples from different areas of the field.

Place the fresh samples of forage in an airtight plastic bag and pack in a container with a bag of ice.

PREVENTATIVE MANAGEMENT

Understanding the essential elements necessary to produce a potentially dangerous situation is the first step in preventing a problem. Remember, conditions capable of nitrate buildup are:

Long periods of cloudy weather
Cold temperatures
Plants growing in shade
Restricted water
Damage to plants (e.g. trampled, blown down in storm, hail)

Nitrate is broken down from nitrate to nitrite to ammonia. Nitrite is the form which is most readily absorbed into the circulatory system. The quicker the breakdown to ammonia, the smaller the amount of nitrite absorbed. Energy is necessary for this process. Feeding a grain supplement is a good way to supply the energy necessary for a more rapid breakdown and conversion to protein. The grain would also dilute the amount of nitrate in the total ration.

If there is a problem or a potential problem:

Check feed, hay and water for nitrate concentration.

Feed a ration high in carbohydrate. Remember that urea and natural protein have the potential of aggravating the condition.

Remember that high-nitrate feeds can be diluted with low-nitrate feeds.

Services for Cory Gilliland of Abilene, will be at 2:00 p.m. Thursday, November 12, 1992, at First Central Presbyterian Church, with Rev. Charles Holland officiating. Burial will be at Buffalo Gap Cemetery, under the direction of North's Funeral Homes.

Mr. Gilliland moved to Abilene January 1979. He was a 1987 graduate of Cooper High School where he was a member of their football team. He was a member of Young Life Fellowship of Christian Athletics. He received departmental honors in Social Studies and Industrial Arts. He was a 1986 runner-up for class favorite. He was a 1991 graduate of Texas Tech University where he received a Bachelor of Business Administration degree. He was on the Dean's List in 1991.

Mr. Gilliland was a founding member of Phi Sigma Beta—Business Fraternity International—Fraternity Council. He was a member of Texas Tech Finance Association, Secretary of Business Administration Council, Big Brother Big Sisters of Lubbock, Phi Delta Theta Fraternity-Texas Epsilon Chapter, Texas Tech Racquetball Team.

He had worked for South Plains Schwinn Co. in Lubbock, Merrill Lynch Pierce, Ferma, and Smith, Inc., of Lubbock. He was currently an account executive for Southwestern Bell Paging of Ft. Worth.

Survivors include his parents, Bill and Ann Gilliland of Abilene; a sister, Connie Kay Gilliland of Lubbock; grandparents, Mr. and Mrs. Walter Moshier, Sr. of BellAire, Texas and Mrs. Ruth (Levis) Gilliland of Floydada; three uncles, Bobby Gilliland and Butch Gilliland, both of Floydada and Walter Moshier, Jr. of Lake Whitney, Texas.

Memorial contributions may be made to the Cory Gilliland Fund at the Community Foundation of Abilene, Box 1001, Abilene, Texas 79604.

NANCY GRAHAM

Services are pending for Nancy Graham, 51, of Floydada, who died in her home, Wednesday, Nov. 11, 1992.

Mrs. Graham was born January 11, 1941 in Lockney. She married Sammy Joe Graham, July 13, 1959, in Crosbyton. He preceded her in death, on Nov. 1, 1988.

She worked for Southwestern Bell as a communications technician, and was a member of First Christian Church.

Survivors include her mother, Mary Lou Bollman, of Lockney; a daughter, Stacey Fulford of Ologah, Oklahoma; a son, Scott, of Floydada; a sister, Louise Burton, of Claymont, Delaware; two brothers, Wiley Bollman, of Lubbock and William Bill Bollman, of Houston.

ANDREW SANDERS

Services for Andrew P. "Shorty" Sanders, 94, of Lockney will be at 2 p.m. Thursday in First United Methodist Church with the Rev. Tommie Beck, pastor, officiating.

Burial will be in Lockney Cemetery under direction of Moore-Rose-White Funeral Home.

Sanders died Tuesday, November 10, in Lockney General Hospital after an illness.

He was born, September 30, 1898 at Pontoc, Mississippi. He came to Mansfield, Texas in 1900 and lived in Johnson county and Scurry county until 1912 when he moved with his parents, five brothers and a sister to Rosevelt county, New Mexico, homesteading near Elida.

In 1913, he helped build the railroad from Roswell, New Mexico to Lubbock, working in the Muleshoe area. Mr. Sanders worked for John Etcheberry, a Frenchman who grazed sheep on government land from Elida to Fort Sumner for a while. From 1919 to 1923 he worked in the Silverton area for Long John Burson, Roy McMurtry and Grady Wimberly. April 4, 1923 he married Inez Gordon in the Methodist Parsonage in Lockney.

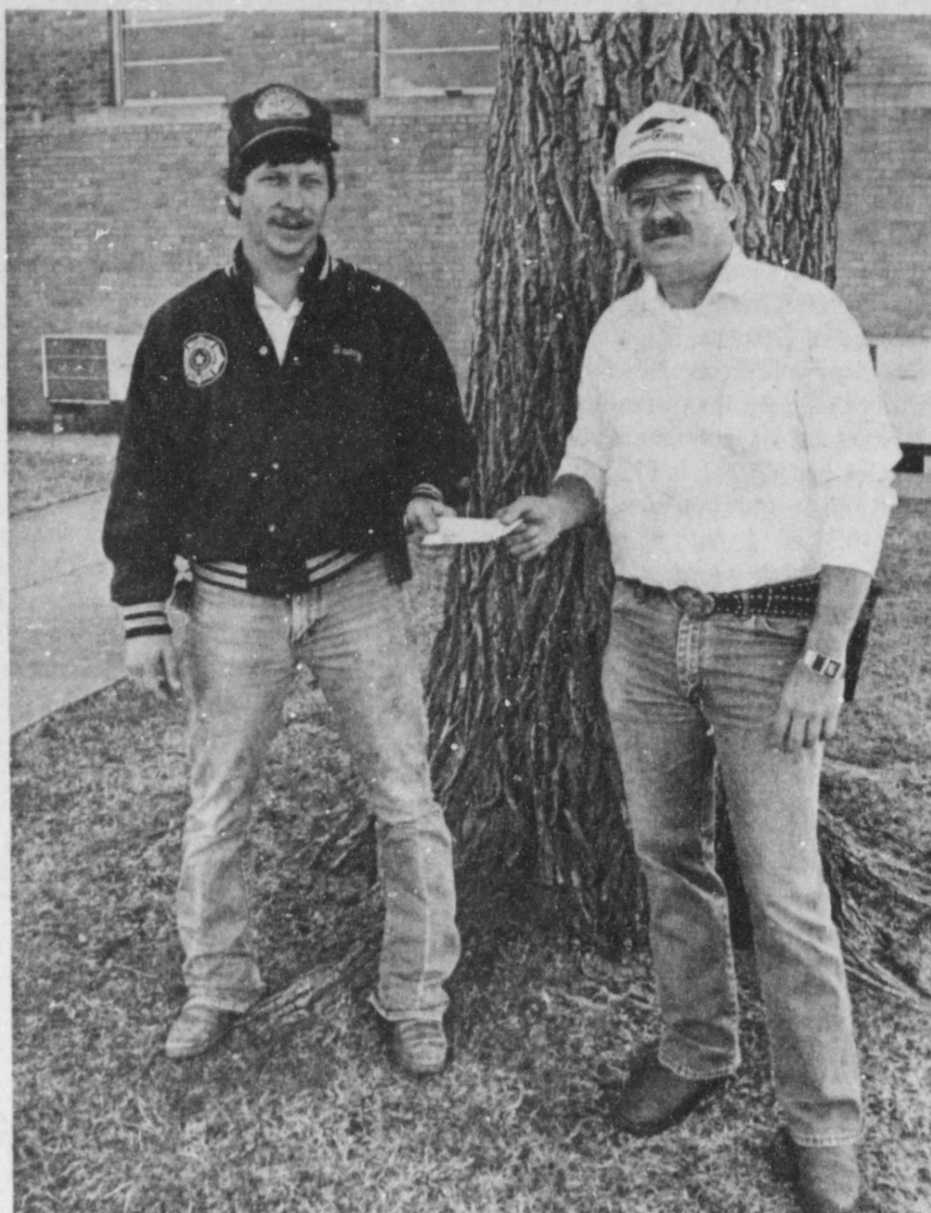

Mr. Sanders was engaged in farming for himself for 1923 until his retirement in 1957 at which time he moved to his present home in Lockney. He was a member of the First United Methodist Church. He served on the School Board in South Plains while living there.

Mr. Sanders was preceded in death by a son C.W. in 1926 and by his wife Inez in 1979. He is survived by two daughters and sons-in-law Twilla and R.G. Morris of Petersburg, Eulalia and Eschol Blankenship of Spearman, two sons and their wives Hansel and Connie of South Plains, and Joe and Joan of Lubbock, nine grandchildren and seventeen great grandchildren.

Pallbearers will be grandsons, Jack Morris, Thark Sanders, Roger Morris, Gary Sanders, Vinoka Morris, Scott Sanders and Allen Miers.

Cpl. Cheek deployed to Western Pacific and Southwest Asia

FLOYDADA — Marine Cpl. Laron L. Cheek, son of Carolyn Cheek of Floydada, recently deployed with the 15th Marine Expeditionary Unit, Camp Pendleton, Calif., for six-months to the Western Pacific and Southwest Asia.

Cheek will participate in several training exercises designed to test the readiness and mission of the unit.

The Marine Expeditionary Unit is

designed to operate forward and respond quickly, on short notice, to crises in distant lands. This Navy and Marine Corps "sea-air-land" team is structured to build power from the sea when required by national demands and is able to sustain support for long-term operations.

The 1987 graduate of Floydada High School joined the Marine Corps in June 1987.

November sales tax rebates show increase in Floyd County

By Juanita Stepp

November 1992 sales tax rebates made to Floyd County cities from the state comptroller's office have been received. Year to date totals displayed an overall increase from last year for both Floydada and Lockney. Lockney and Floydada figures indicate decreases in monthly rebates compared to November of 1991.

Total payments received in Floyd County to date in 1992 stand at \$154,049.94 an increase of 3.36 percent when compared to the \$149,040.40 received at this time in 1991.

Floydada's November check from the state comptroller's office was in the amount of \$11,411.51 and showed a decrease of 2.45 percent from the \$11,697.96 payment received in November of 1991.

The total payments to date in Floydada for 1992 stand at \$106,476.85, a 2.28 percent increase from the \$104,100.97 in payments received at this time last year.

Lockney displayed an increase of 5.86 percent from the same period in

1991 in overall receipts. Totals received in Lockney this year now stand at \$47,573.09 compared to \$44,939.43 in 1991 at this time.

The November check received by Lockney was in the amount of \$4,998.96 compared to \$5,073.97 received in November 1991. This represents a decrease of 1.48 percent from the same time period in 1991.

Payments totaling \$162.2 million in local sales tax rebates went back to 1068

Texas cities and 106 counties this month, according to the state comptroller's office. This month's sales tax payments include taxes collected on September sales and reported to the Comptroller in October by businesses filing monthly tax returns.

Sales taxes are collected by merchants and forwarded to the state which retains a 6.25 percent share and returns the city sales tax portion to each city, county, hospital district or transit system. Neither Floyd County nor Lockney General Hospital District and Caprock Hospital District levies a sales tax at this time.

PUBLIC NOTICES

PUBLIC NOTICE

The Floydada Independent School District has been scheduled for an on-site review by the Division of Accreditation of the Texas Education Agency during the week of November 16 - 20, 1992.

The review will focus primarily on student performance, the district/campus planning process, and the district/campus implementation of the decision-making process. These three areas should address the educational and instructional needs of all students in the district.

Members of the Agency review team will conduct a public meeting in order to hear from parents and community members of the school district on November 16, 6:30 p.m., high school auditorium.

Parents and patrons may present written or oral comments to the visiting team during this time. Issues to address are student performance, the planning process, and the decision-making process.

Patrons or parents may contact the school district at 983-3498, for further information or to make any special arrangements because of a handicapping condition.

El Distrito Escolar de Floydada recibira una visita de acreditacion conducida por la Agencia Educativa del Estado de Tejas durante la semana de Noviembre 16-20, 1992.

La visita sera enfocada primeramente en las areas academicas que se refieren a los estudiantes, el proceso de planeacion de temas educativos para la escuela y el distrito en general, asi como la capacidad para tomar decisiones dentro del mismo. Estas tres areas deben de dirigirse a las necesidades educativas e instruccionales de los estudiantes dentro del distrito.

Los miembros de la Agencia Educativa conduciran una junta donde ustedes los padres y miembros de la comunidad tendran la oportunidad de presentar sus comentarios tocante las areas mencionadas (dia, tiempo, localidad). Ustedes los padres y miembros de la comunidad podran presentar sus comentarios oralmente o por escrito durante este tiempo.

El comportamiento estudiantil, el proceso de planeacion y tomar decisiones son los temas a discutir.

Para mas informacion tocante a esta junta, o para hacer arreglos por algun impedimento de deshabilitacion, favor de ponerse en contacto con el distrito, al telefono y al numero 983-3498.

WERE YOU SATISFIED with your crop insurance adjustments in 1992? If you think you might need to change agents and/or companies maybe you should talk to some GOEN & GOEN customers and see how they feel about the service they received. Drop by the office anytime for more information.
11-26c

IF YOUR THINK you might have a loss on an insured crop still in the field you need to let us know NOW. We will need your production figures when you complete harvesting too. GOEN & GOEN.
