Students design police decals

Floydada police cars will now be sporting shiny metallic decals designed by the art students of Rozanne Bishop. "The kids did a great job with this

project," said Police Chief James Hale. "We gave them some pictures of other police cars whose logos had been designed by students and they went right to work."

"The students worked on the project

supplied by Hale as a resource for ideas. There were about 25 Junior High students and 5 or 6 High School students

who were worked on the design. "We had everything from pumpkins to Whirlwinds. All the designs tried to reflect some part of the community and all of them were green because of the school colors. They really wanted green."

reflective colors." The decals will be a bright reflective blue.

"I had to eliminate a lot of the entries," said Bishop. "I narrowed it down to 5 or 6 designs and the police department chose from those. They seemed to like the simpler designs."

"Of course since we are an art class we would have liked more pin stripes," said Bishop with a laugh. After a decision

was made on which design to use, the

artwork was sent to Gary Tucker, of On

The Go Graphics in Idalou. Tucker then

made the reflective vinyl decals using

"This was a good project for the stu-

dents," said Bishop. "Young people

need to take part in giving something to

the students design as his model.

Caprock signs third doctor

By Juanita Stepp

Following a personal interview and a short executive session for board discussion, the Caprock Hospital District board president, Fred Thayer, and two other attending members, Joy Assiter and Jerry Thompson extended an invitation to Dr. Mira Tomasevic to join the current physicians serving Floydada at Cogdell Clinic. She graciously accepted.

Tomasevic comes to Floydada from Rotan, after serving as a physician in several panhandle towns during the last several years. She was educated and received her medical degree in her homeland of Yugoslavia and did post graduate studies in Chicago after immigrating to the United States. Her mother and a brother still reside in Chicago.

She has had one year of residency in anesthesiology, one year of rotating residency and four years of residency in pathology. Switching to general practice in 1982, Tomasevic first served as a physician to a small town near Ames, Iowa for a year. She is currently licensed to practice medicine in both New Mexico and Texas.

She was next on the staff of a clinic at Hubbard, Texas, near Waco, for six months. Her move to the panhandle area came when she spent 8 months on the staff of a hospital at Shamrock, Texas.

She then served as Chief of Staff at the Aspermont Hospital for twenty months. She has practiced medicine in Rotan for the past nine months.

Tomasevic is an MD and performs only minor surgery. She expressed her willingness to work in a clinic situation and her ability to assist a qualified obstetrician, should one be found for Floydada. She also stated that she would work on rotation to cover emergency room duty, preferring a three week rotation schedule. She also indicated a desire to assist in recruiting other physicians to work in Floydada.

Tomasevic told the Caprock Hospital District board members who were present for her interview that she prefers to live in a small town and that she is especially fond of the West Texas area. Her hobbies include painting and she runs daily to stay in good physical condition.

"I find patients exciting," said Tomasevic. "Building a practice is slow work, but it is like a flower, one day you look and it is in full bloom. I hope to see my practice bloom in Floydada.

"I truly love the vistas and the nature of this area," she added. "The views go on forever and seeing the animals moving across the land is wonderful. The openness and the stark reality encourage you to think and give you a sense of freedom not possible in large cities. I much prefer the size, informality and friendliness of small towns.

"I will do my best to be a good physician for Floydada," said Tomasevic. "I am very grateful to you for your offer and I look forward to working here and developing a good practice."

Caprock Hospital administrator Ronald Ammons was instructed to negotiate a contract with Tomasevic. She is expected to join the staff and begin work at Cogdell Clinic within the next month.

DR. MIRA TOMASEVIC

County prepares to defend against lawsuit

By Juanita Stepp

unanimously at a special called meeting on Thursday, April 22, to employ the services of a law firm to represent the county in a recently filed civil action. County officials opted to obtain the services of Carr, Fouts, Hunt, Craig, Terrill & Wolfe L.L.P. Motion to hire the attorneys was made by Precinct 1 Commissioner Connie Bearden and seconded by Precinct 4 Commissioner Howard Bishop.

The county was named as defendent in a civil suit filed April 12, 1993 in the U. S. District Court For the Northern District of Texas, Lubbock Division. The action was initiated by Reyes Casteneda, of Plainview, to address his complaint that his civil rights have been violated because he has yet to appear in

district court on an aggravated assault Floyd County Commissioners voted charge for which he was arrested September 9, 1992.

> According to records provided by Floyd County Judge Bill Hardin, Casteneda was arrested on a Floyd County warrant at the Hale County Sheriff's Office on that date. Floyd County Sheriff's Deputy Kyle Adams delivered Casteneda to the local jail in Floydada on the aggravated assault charge. He was bonded out the same day by Ace Bail Bonds of Plainview and was released, remaining free until March 10, 1993.

The bonding agent asked that the bond be surrendered on March 10, 1993, and Casteneda was arrested at the Hale County Sheriff's Office on a bond surrender warrant. The officers delivering **Continued On Page 3**

the community and this allowed them to do that." **Election results** will be posted outside office

Election returns will be posted, Saturday May 1, at the Floydada office of The Floyd County Hesperian-Beacon. A blackboard will be nailed to posts outside the office and will have the names of only the contested races in Floydada

listed. A representative of the City of Floydada and Caprock Hospital will record the final vote on the board. If you would like to know the results of the contested races, the board will stay up all week-end. It will not be necessary to call the city or hospital offices-just drive by the board.

There will be no board posted in Lockney as the local newspaper office does not have anywhere to hang a sign.

to the state competition.

committee development members would be for mutual assistance between

By Juanita Stepp

Floydada City Council members voted unanimously in favor of endorsing an economic development committee to plan and implement a strategic economic and community development plan for the city. The action was taken during the regular session for the month held Tuesday, April 21.

Members of the committee were recommended by the Floydada Development Board to serve two year terms or to serve until a plan is in place and accepted by the Texas Department of Commerce. Serving on the committee will be Ricky Vasquez, Roberta Enriquez, John Campbell, Adolfo Garcia, Anne Carthel, Tammy Leeson, Larry Ogden and Gary Brown.

Motion to endorse the committee and the project was made by councilman Clar Schacht and seconded by council member Eric Cornelius. Everyone was in favor of the motion.

LAW ENFORCEMENT

AGREEMENT CONSIDERED An interlocal agreement for law enforcement cooperation between the City of Floydada, The City of Lockney and Floyd County was discussed. Police Chief James Hale told the council that the agreement now being ironed out the individual law enforcement agencies. He said the document, when complete, would provide legal protection for the professional courtesy of assisting when requested to by another agency. The council indicated that it supported such an agreement, but took no action at this time. The matter will be reviewed when the agreement is complete.

APPRAISAL DISTRICT **CONTRACT APPROVED**

The annual contract for appraisal, assessment and collection of city taxes by the Floyd County Central Appraisal District was approved by the council on a motion by councilman Amado Morales. Council member Wayne Tipton made the second and the vote was all for the motion.

City manager Gary Brown told the council that they needed to be thinking about two items in connection with the appraisal district. First, that the district was planning to move out of the courthouse due to space limitations and second, that the district was planning to purchase a new computer system to handle state required operations. He told the council that the projects would cost an estimated \$150,000.00. The district has a reserve fund of about \$85,000.00 according to Brown, and the city will have to pay 3.88 percent of the remainder based on the portion of the tax levy belonging to the City of Floydada.

LANDFILL UPDATE

City manager Brown asked that the council approve a resolution of financial responsibility for the landfill. According to Brown, the state will be instituting new regulations on October 9 which will require financial assurance that a city can afford costs involved in closing the local landfill should it become necessary. Resolution #175 specifies that the city recognizes financial responsibility for the landfill and any future closure and offers evidence that sufficient city resources exist to meet that responsibil-

Motion to approve the resolution was made by Tipton. Morales provided the second and the vote was unanimously in favor of the approval.

A second landfill item on the agenda was the consideration of a contract with the City of Lubbock for Floydada participation in a regional landfill facility at Lubbock. The agreement would allow Floydada an option for waste disposal in

Staff Photo

the future said Brown. The city would bear no cost for participation as long as no waste matter is transported to Lubbock. If that occurs, Floydada would pay a per load fee for using the landfill facility.

Motion to table the contract consideration was made by Cornelius and seconded by Morales. The vote was unanimously for waiting until a later meeting to make a definite decision.

Brown also told the council that the Texas Water Commission had indicated that a permit would be issued for the Floydada Landfill expansion within a few days, adding, "That may or may not happen." He also informed council members that the state would not allow local archaeological expert Jim Word to conduct the necessary survey of the landfill site for antiquities and artifacts. Word, experienced, well known and respected in archaeological circles, had offered to do the survey at no cost to the city.

This leaves the city to deal with a Dr. Hughes from Canyon, Texas. Brown stated that Hughes charges \$200 per day plus road expenses and no one knows just how long the required survey will take.

A related item, major repairs for the city track loader at the landfill, was also on the agenda. Council member Leroy Burns made a motion to repair the machine at an estimated cost of \$12,000.00. Councilman Ruben Barrientoz seconded the motion and the vote was unanimously in favor. According to Brown, the undercarriage and tracks are in bad shape and a new machine would cost in excess of \$120,000.00.

VEHICLES SOLD BY BID

Four used city vehicles were sold after the opening of sealed bids by the mayor. A 1983 Chevrolet pickup went to the high bidder, Sharkey LeCroy, who out bid his nearest competition by \$400.00, submitting a bid of \$950.00.

A 1977 GMC pickup was sold to Casper Garza on a high bid of \$517.00, \$167.00 more than the next highest bid.

Tony Felan of Lockney won the bid on two automobiles, bidding \$450.00 on a 1979 Chevrolet and \$400.00 on a 1981 Buick. His bid was \$153.00 higher than that of Auto Dream of Lubbock on the 1979 model and \$11.00 higher on the 1981 model.

Motion to accept the high bids on all

Early voting ends, regular elections set for Saturday By Juanita Stepp option. The Saturday voting is being

Early voting for the May 1 Election ended April 27. With the regular election upcoming on Saturday, voters are reminded to take their voter registration card when they go to vote. Below is a listing of the early voting totals and the polling sites for Saturday balloting.

CITY OF FLOYDADA

When early voting ended on April 27, 212 city voters had cast early ballots in the city races.

Appearing on the May 1 ballot are two candidates for Mayor, Hulon Carthel and Jon Nielson. Selections for Council member District 2 are Ruben Barrientoz or Dale Lawson. Candidates for Council member District 3 are Leroy Burns and Roxanna Cummings. Voters will elect one mayor and a council representative in each district.

City of Floydada voters will be voting at Massie Activity Center on Saturday. Voters may cast ballots in the annual municipal election between the hours of 7:00 a.m. and 7:00 p.m.

CITY OF LOCKNEY

Early voting in Lockney was very light with only 3 people utilizing the

held at City Hall, 218 E. Locust between the hours of 7:00 a.m. and 7:00 p.m.

Candidates appearing on the ballot are: Kenneth Wofford for Mayor, Bil Anderson and Rodger Stapp for council positions. Voters will elect one mayor and two council members.

FLOYDADA ISD

FISD election officials say that 115 voted early for the at-large board position and 7 voted early for Precinct 3.

Floydada ISD will be holding the May 1 voting at Massie Activity Center. Voters may cast ballots between the hours of 7:00 a.m. and 7:00 p.m.

Appearing on the ballot are Billy Joe Villarreal for trustee in District 3 and Mitch Probasco for trustee At-Large. Voters will elect a trustee from District 3 and a trustee At-Large.

LOCKNEY ISD

Lockney school officials tallied 11 voters during the early voting period. Names on the ballot for Lockney ISD school board members are Dan Smith, Aaron Wilson and Mike Mathis. Voters

LHS COMPUTER SCIENCE TEAM ADVANCES TO STATE FOR SEC-

OND YEAR IN A ROW--The Lockney High School Computer Science Team

placed first at the 3-2A Regional Meet at Abilene Christian University and will

advance to the state competition in Austin on May 7th and 8th. Members of

the team are (I-r) Lance Patridge, Ryan Ford Allen Martin (alternate) and

Dragan Tomic. Tomic scored the highest individual score from the 24 contest-

ants at the meet. This is the second year in a row that the team has advanced

Page 2 - The Floyd County Hesperian-Beacon - Thursday, April 29, 1993

Things were really hopping in Lockney on Monday. It seems a real trouble maker was on the loose and terrorizing Lockney citizens. The only problem was—he was a very fast mover and never stayed in one location long enough for the cops to get him.

They finally followed the smell and cornered him in an alley west of Main Street. He will never bother Lockneyites again.

It all started when the four footed black and white stinky pole cat wandered in the back door of Lee's Home & Auto on Main Street(in broad daylight). The occupants of the building took one look at the intruder and bolted out the front door relinquishing their claim to any and all property inside the building.

Finding nothing hospitable and nothing to eat, the culprit then headed over to the Dairy Queen and tried to get inside. After service was refused the disgruntled customer ran across Main Street in search of easier pickin's.

Lockney Police Chief observed the suspect running across the street and into the alley. Police engaged in a pursuit and followed the smell (I bet they wish all criminals were that easy to track). The suspect was cornered in an alley and a gunbattle ensued. The skunk was fatally wounded. Luckily he never got to fire a shot.

By The Way—Brandon was actually picked to be on a T-Ball team—or his name was drawn out of a hat. He is going to be on the same team as Matt McPherson. Matt's dad, Steve, said this way he was guaranteed to have his own son's picture in the paper! We'll see!!!

This may sound like a strange request—but Lou Burleson is looking for two pair of size 13 high heel shoes. She needs them for a play at the High School.

Two young men (with very large feet) have to dress up as women for a play. They are in need of women's shoes that will fit their feet.

If you are a woman who is not too embarrassed to admit that you wear a size 13—Lou Burleson would be grateful for the loan.

Woman hospitalized following stabbing

Mary Garza, 19, of Floydada, was hospitalized Monday afternoon after sustaining multiple stab wounds during an altercation with another woman. She is currently listed in serious but stable condition at University Medical Center Hospital, in Lubbock.

EMS and Floydada Police were called to a residence in the 100 block of W. Georgia in reference to a stabbing. "When we got there we found Garza mando Lopez, 18, of Floydada.

The March 31 burglary of Brooks Oil was cleared up by police last week, after the arrest on April 21 of Randy Lerma, 22, of Floydada. He was been charged with Burglary.

April 23 police took a report of a three year old boy being bitten by a dog in the 200 block of E. Crockett. The owner of the dog was referred to the City Judge for a fine.

Four qualify for state in TMSCA meet

Lions Club plans annual broom sale on May 6

The Floydada Lions Club will conduct their annual Broom and Mop Sale on May 6 to sell quality Blind Made merchandise to residents and local businesses. All of the items are manufactured by blind and visually-Impaired workers in the Lighthouses for the Blind.

In addition, the Lions Club's earnings from this sale will be use to help the Lions worthwhile community projects.

The entire membership of the Lions Club has been organized to supply friends and neighbors with these quality items. The Broom and Mop sale will be located at Floydada's Pay-N-Save parking lot, where citizens may purchase directly from the Caravan truck, or you may contact any Lion's member (if they don't contact you first) to have your order delivered.

The sale will begin at 8:00 a.m. and a variety of quality cleaning aids for home business and industry will be on display.

THE VILLAGE PREACHER by Ed Hull

WHEN I DIE

Do you want to go to heaven when you die? Does God want you to go to Heaven when you die? Does Jesus want you to go to Heaven when you die? Does the Holy Spirit want you to go to Heaven when you die?

Of course the answer is **YES** concerning God, Jesus and the Holy Spirit. And, assuming the answer is also yes on your part, the next question is "Will you go to Heaven?"

And what will determine that? God's grace? Without God's grace no one can go to Heaven - but the <u>determining</u> factor whether or not you go to Heaven when you die is determined by what Jesus said in Matthew 7:21:

"Not veryone who says to Me Lord, Lord will enter the kingdom of Heaven, but he who does the will of My Father who is in Heaven." Please read John 12:44-50, asking yourself "Have I done and am I doing the will of God - or have I set my own standard?"

We each have only one life to live, and then we die, and then comes the judgement. Hebrews 9:27. Won't you choose to live that one and only life on this earth as a faithful follower of Jesus by submitting your will to His, knowing with full assurance you're doing things God's way.

April 26, Harold Keith Finch filed a speeding appeal. There was no disposition on this case.

EVELYN ULMER, RN

Mrs. Evelyn Ulmer, R.N., has been taking care of children, either her own or somebody else's for most of her life. After 20 years as Lockney's school nurse Ulmer will be retiring at the end of the 1993 school year.

Born in Attleboro, Massachusetts, Ulmer received her nursing degree from Pawtucket, Rhode Island. She moved to Hale Center in 1948 to go to work for the new Hale Center Hospital.

In 1951 she married Macon Ulmer (also known as M.A.). Mr. Ulmer was farming N.W. of Cotton Center at the time of their marriage. "I quit work a short time later to begin a family," said

Ulmer.

"I had to quit. The first children I had were twins." The twin boys, Jerry & Terry, were followed 21 months later by a daughter, Anne-Marie." The family moved to Lockney in 1957 where Mr. Ulmer continued to farm.

LISD nurse retiring after 20 years

"I was just about ready to go back to work when I had another daughter, Rosemary, six years later," said Evelyn. "Rosemary was the only child born in Lockney but all of them went all the way through school in Lockney."

When Rosemary started school at Lockney Elementary, Ulmer went to work for the Migrant Health Project out

stated that he is happy for Bettye but

reports that it will be very difficult to

replace Bettye. He said that she has had

a great amount of responsibility as an

officer and has definitely been an asset

Ronnie Hardin, President, added to

the comments by stating, "Bettye has

rearranging job duties and responsibil-

ity of bank employees so that we may

continue to provide for our customers."

to the bank.

of Floydada. For 6 1/2 years, Nurse Ulmer and Billie Jordan (a longtime Floydada School nurse) would occasionally travel to the country schools to give vision screenings and immunizations.

"The schools would arrange for our visits in very much the same ways as the pre-school clinics are done now," said Evelyn. "I particularly enjoyed traveling to the country schools, such as Providence, South Plains and Dougherty. I hated to see those schools close. In 1972, Ulmer left Migrant Health Project and started to work as Lockney's school nurse. "I took over for Mary

Ansley who had become ill," said

Ulmer. Over the years, Evelyn Ulmer R.N., has been a substitute mother for hundreds of children. She has kept records of their shots, administered shots, kept records of their growth progress and watched over them like a mother hen. When mom wasn't there to band-aid a cut, Evelyn was. A comforting word or a pat on the back was sometimes all the medicine that was needed.

She has also been responsible for vision and hearing screening and scoliosis (curvature of the spine) screening. In her spare time (if there is any) she has plenty of paperwork to complete.

"It's hard to believe the years have gone by as fast as they have," said Ulmer. "I'm now taking care of children here at Lockney Elementary that are children of the students I have taken care of. There is a student teacher at the High School that I watched grow up while I've been the school nurse."

Elsie Peckham was the first school nurse with Lockney ISD, followed by Mary Ansley and then Evelyn Ulmer. Ulmer will be replaced by Cheryl Bybee.

"I'm going to envy Cheryl taking over," said Evelyn. "I know she is going to love it here and I'm really going to miss the kids."

Your Vote Counts! **Remember** to Vote Saturday,

May 1!

Jackson retiring from Lockney FNB

Bettye Jackson has announced plans responsible for teller windows and cerfor retirement from First National Bank in Lockney to be effective May 1st. Bettye's employment at First National Bank in Lockney began in March of 1979. She started to work at City National Bank in Plainview and worked at two Dallas area banks.

Bettye is Assistant Cashier in charge of savings, certificates of deposits and is

tain bookkeeping duties. Bettye's husband, Kenneth is employed by Floyd County Precinct #2 and is also scheduled to retire effective May 1st. Bettye and Kenneth have three daughters, Katy Durham of Lockney, Tresha Rucks of Seagoville and Marsha Vanover of Beaumont and six grandchildren. Jim Doucette, Chairman of the Board,

County prepares to defend against lawsuit

Continued From Page 1 the arrest warrant were Greg Pierce and Kyle Adams.

Still incarcerated at this time, Casteneda states in the civil action that his "constitutional rights have been violated" and he feels that he has "been inflicted with cruel and unusual punishment by Floyd County." His charges are based on the fact that it has been more than six months since his original arrest and he has yet to be able to tell his side of the story in court. He ended the complaint with the statement, "I feel maybe the U.S. District Court System would allow me to."

Casteneda states in the legal docu-

the sheriff said he could do nothing about the matter and the district attorney did not reply. The action was filed In Forma Pauperis as Casteneda claims to have no income and no resources with which to pay for the legal action.

Other matters handled at the session included the approval of farm work contract #1215 to replace a previously approved contract for W. E. Terrell which has either been misplaced or lost. The county has performed the requested work and been paid for it. Motion to approve the replacement contract was made by Precinct 2 Commissioner Floyd Jackson and seconded by Bearden. The vote was all in favor.

Bishop made a motion to approve

TO THE VOTERS OF THE CAPROCK HOSPITAL DISTRICT

If I am elected to the hospital board, I pledge to you that I will do my best to:

- * Develop an excellent primary-care facility
- * Maintain a rapid response E M S service
- * See that your tax dollars are spent wisely and responsibly
- * See that all district expenditures are properly administered and accounted for
- * Have the local press at every board meeting so that you will be kept fully informed

WE AS LOCAL TAXPAYERS MUST ULTIMATELY **"FOOT THE BILL" FOR OUR COMMUNITY'S HEALTH CARE NEEDS.**

Citizens of Floydada,

Saturday, you will elect a new mayor and I would very much like the opportunity to be your new mayor in order to go to work for what's good for Floydada and it's citizens.

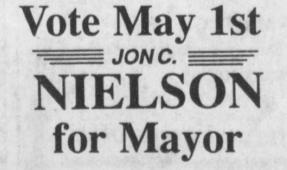

If you have a topic or concern I would be more than happy to visit with you about it. Feel free to call me at 983-3464 anytime, or just come by. I am truly committed to more community involvement from our town, after all, it's our town, our home, we need to take pride in it. I would appreciate your vote this Saturday.

Sincerely,

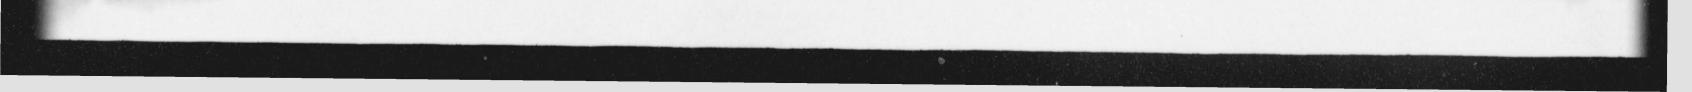

Ion C. Mielon

Jon C. Nielson

It's Time for a New Spirit In Floydada. Together We Can Make It Happen!

GOLDEN ANNIVERSARY-In celebration of the fiftieth wedding anniversary of Mr. and Mrs. L. B. Brandes, their daughters and their families were hosts for a reception at the Bridal House in Plainview on Saturday, April 24, 1993 from 3:00 to 5:00 p.m. Cpl. Luther Ben Brandes and Georgie Lucille Nance were married at St. Paul's Lutheran Church, Plainview, by the Rev. G.T. Naumann, April 26, 1943. He was home on his first furlough during World War II. After serving three and one half years in the United States Air Force, they lived in the Providence Community for 43 years, retiring from farming and moving to Plainview in 1990. The couple have two daughters, Debra Hays of Lubbock and Mrs. Corky (Pam) Hall of Garland. They have three grandchildren, Megan Hays of Lubbock and Hayley and Courter Hall of Garland.

Farris and Figari recite nuptial vows

Anne Elizabeth Farris and Ernest Emil Figari, Jr. were married on Saturday, April 24, 1993, at 7:30 p.m. in the chapel of Park Cities Presbyterian Church, Dallas, Dr. Ace Leonard Tubbs, Montreat, N.C., officiated.

Parents of the bride are Mr. and Mrs. Thomas Kinder Farris of Floydada. The bridegroom is the son of Mrs. Ernest E. Figari of Houston and the late Ernest Figari.

Honor attendants were Jan Tucker Scully, Fort Worth, and Wallace M. Swanson, Dallas. The flower girl was Alexandra Figari, daughter of the groom.

Preceding the ceremony, the candles were lighted by Lora Farris, Dallas, niece of the bride. The ushers included John P. Figari, brother of the groom, Beaumont; John C. Farris, brother of the bride, Dallas; and Joe E. Eberle, of

Houston. Music for the wedding was provided by Stephen Nielson, pianist, and the Mori string quartet.

Given in marriage by her father, the bride chose a formal gown by Vera Wang of ivory stain which featured an off-the-shoulder portrait collar and slipper lenght A-line skirt. Her two-tiered veil of ivory silk illusion fell from an antique comb of diamantes. She carried a cascading bouquet of green and white orchids, French tulips, white roses and Casa Blanca lilies. The honor attendant and flower girl wore vintage gowns of ecru lace over satin.

The wedding reception was hosted by the bride's parents at The Mansion on Turtle Creek.

Following a wedding trip to Monte Carlo, Monaco and Paris, France, the couple will be at home in Dallas.

County 4-H'ers compete in South Plains Fashion Show

Area senior 4-H members (ages 14-19) from 20 counties participated in the South Plains Fashion Show on Tuesday, April 20, at the South Plains Mall.

Entries were presented in construction of garments or in buying of an outfit through comparison shopping. Entries were judged based on appearance, fit and quality.

Following the judging the public style show "Fashion Roundup", was presented. Senior 4-H'ers modeled garments in either Formal, Casual, Specialty or Dressy categories.

Compress, Plains Cooperative Compress, ABC Sewing Center, International Center for Textile Research and Development, J & J Sheep and Parker Sheep. J.C. Penney's provided decorations and facilities.

All first place winners will advance to the State Competition to be held the first week of June in College Station.

Participants from Floyd County included Charla Yeary, 2nd place winner in the Construction Specialty Division. In the buying division were: Cynthia Martin, Casual; Rhanda Hickerson, Formal; and Misty Bertrand, Dressy. Also assisting with the show included Jerod Glasson and Allen Martin, district council delegates from Floyd County, and Adult Leader Connie Bertrand.

MRS. ERNEST EMIL FIGARI JR. (nee Anne Elizabeth Farris)

Senior Citizen Rockins

By Gene Newton

There were 82 present and plenty food for everyone during our Thursday night potluck supper. We had the square dance club to entertain us and if you have never seen them you have really missed something. Thanks twirlers.

We want to thank Verna Duvall for the demonstration on making the "Cathedral Window Quilt". There were about 14 who turned out and enjoyed learning how to make the cathedral

Next Thursday, April 29, will be sandwiches and ice cream.

Harley and Edna would like to express our thanks for the prayers, calls and cards for Wayne. He is home now and thankfully is on the mend.

Ann Anderson, Shirley Hays and W.L. Thomas made a speech on our new

hospital, wanting everyone to be sure and go vote on May 1.

MENU

May 3-7 Monday: Barbeque on bun, baked beans, potato salad, cole slaw, peach

cobbler, Tuesday: Roast beef, gravy, potato chunks, carrots, tossed salad, fruit cocktail cake, roll

Wednesday: Chicken enchiladas, spinach souffle, jello and fruit salad, cheese cake, bread

Thursday: Chicken fried steak, gravy, creamed potatoes, English peas, carrot coins, cherry supreme, rolls

Friday: Stroganoff over rice, green beans, beet pickles, pineapple cobbler, rolls

Remember that Very Special Person with a Very Special Gift on Her Special Day.

Nursing Home Happenings

By Jo Bryant

Hi! How are all of you? Guess you are busy spring cleaning and working in the yard.

Monday started our week as usual with morning coffee, juice and cookies. The Rev. Clark Williams gave the devotion. Irene Wexler played the piano for us. At 2:30 the residents had arts and crafts. They are making a May basket full of flowers for their doors.

Tuesday we had a tea for our volunteers. Must say that it was well attended. The volunteers received a certificate of appreciation and red carnations. Four volunteers received pins saying "Volunteers are Special" for their extra hours spent at the nursing home. They were Joyce Lipham, Sue Walker, Irene Wexler and Nell McClung. A cake decorated with pink roses, and punch, mints and nuts were served. The volunteers are the heart of our home. We appreciate them very much. We have seven churches who serve, First Baptist, Calvary Baptist, Mt. Zion Baptist, United Methodist, City Park Church of Christ, St. Mary Magdalen Catholic and Trinity Church.

Wednesday was Bingo day. Mary Alice Davis came and assisted the residents. Jennelda Fulton had the first Bingo. Bananas, candy and cheese snacks were the prizes.

Thursday morning Gertrude Smitherman brought donuts for the morning coffee. The ladies from the Sunshine Sunday School class, First Baptist Church, gave the donuts. We also want to thank the other women who provide cookies each Friday for the coffee.

At 2:30 the residents watched a film on current events. We now have a projector to show the film of current events each week and sure enough they said they had seen it on TV and read it in the paper later.

Friday, Shawnda Greer gave the devotion and Gayla Griffin played the piano for us and then on to Roaring Springs on the bus ride. The residents enjoyed seeing the wildflowers and some deer. Dairy Queen treated them to ice cream.

We welcome a new resident, Walton Hale, his son is Bill Hale. Lorin Thompson and Edward (Knox) Jameson are still in the Lubbock hospital.

Thought: "Joys of Aging" We have a lot of memories, That none can take away In memory we live again The happy hours of yesterday. Friends are still remembered, And favors small we oft bestow, As we think of them so fondly, And strive to let them know.

Get ready for school with IEF

Wondering what things you need to do to get the kids ready for school in the fall? Why not make it a point to consider hosting a foreign exchange student?

International Education Forum (IEF) is a non-profit organization formed for the purpose of promoting cultural understanding and harmony. Since 1971, IEF has been placing students from over 20 countries including Poland, Sweden, Croatia, and even China with families like yours so that you both can learn up close what life in another country is like. And the best part-you can claim a \$50 a month deduction off your taxes!

Want to find out more how hosting an IEF student can help you make the next school year the best yet? Just call Coy Holley at (806) 652-2600 or Diana Cooley at 1-800-775-2433.

BOOE ROOFING COMPANY HAIL DAMAGED SHINGLES **MADE BETTER THAN NEW!**

Our unique shingle resurfacing system can be used over any asphalt shingle, 3-tab, T-locks, or Timberline type shingles. This system is accepted by major insurance companies.

We save you the cost of shingle tear-off, as well as the 10% waste that all roofers add to the cost of your roof.

HOW THE SYSTEM WORKS:

Hail damaged roofs need not mean tearing off your original roofing plus the high cost of replacement. Instead, we do a thorough job of repairing any bad spots with a high grade asphalt cement, specifically formulated for roofing applications. Once this is done and carefully inspected, we coat the entire roof with fibered asphalt applied by high powered spray. Then the ceramic granules are embedded into the asphalt. This can be in your choice of colors. We can match your roof or change the color. We can even custom mix colors.

Because of the addition of fibered asphalt and granules, the thickness of your shingles is actually increased! So instead of its previous weight, your shingles now become premium weight! Your roof is stronger than it was before! This is not a spot repair job. Your entire roof is resurfaced!

Insurance firms and loan companies readily accept our resurfacing jobs. Countless satisfied homeowners and business firms have used our service successfully.

SAVE UP TO 50% OVER THE COST OF NEW SHINGLES! ALSO ASK ABOUT OUR POLY SHIELD ROOFING SYSTEM FOR COMMERCIAL ROOFS. ITS UP TO 40 TIMES STRONGER THAN CONVENTIONAL ROOFS.

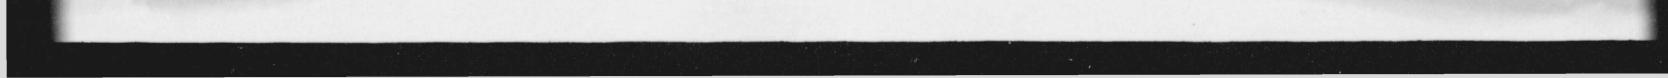

FOR A FREE ESTIMATE CALL: **IDALOU 892-2867** MUNDAY 817-422-4500

Gonzales tops school mark at Abernathy

By Bill Gray

Whirlwind junior Adam Gonzales established a new Floydada High School all-time shot put record of 57'-5" in the Regional Qualifiers' track meet at Abernathy on April 23. The previous mark of 56'-2 1/2", set by state-qualifier Leslie Soto in 1976, had held for 17 years and was one of the school's oldest to be broken.

Adam's teammate, Scott Crader, came close to the school record with a 56'-0 1/4" toss at Springlake-Earth in March. The Whirlwinds will have two entries who each has topped 56 feet going into the Region 1-3A meet this week at Odessa's Ratliff Stadium. Crader did not compete in the qualifiers' meet at Abernathy last Saturday.

Gonzales also hit his all-time personal best in discus with a 165'-4" measurement, and finished second to the 173'-0" distance registered by Idalou's Matthew Brown.

Jason Pyle finished strong to capture third place in 110 hurdles with a time of 14.99 - his personal best in the event. Pyle also reached 12'-6" to take second place in pole vault.

The other Floydada regional qualifier, Michael Henderson (100, 200 and triple jump), did not participate at Abernathy. Whirlwind track coach David Carr held Henderson out of action last week in hopes of giving Michael's knee a "little more time to heal before the Friday afternoon.

regional meet."

Not all of the Lady 'Winds' regional qualifiers were able to perform at Abernathy. Illness slowed Tian Younger, resulting in a 4th place finish in the 800meter run. Younger was below par and off her usual pace, and decided not to attempt the 300 hurdles.

Illness also struck the 400 meter relay team. Dana McCandless ran with the team during the preliminaries, but was forced to give way to substitute Lacy Golightly who joined Elisa Suarez, Kayla Turner and Maribel Cervera for a third-place finish. In spite of the illness problem the team posted its best time of the year in the quarter-mile relay at 51.38.

Suarez ran her best time of the season in winning the 400 meters at 58.72. She also placed third in triple jump with a distance of 33'-4 1/2". Dobbins of Denver City (34'-4 1/4") and Wright of Abilene Wylie (35'-8") placed 2-3, respectively, in the triple jump at the Regional Qualifiers' meet in Odessa. They will be among Elisa's stiffest competitors at the regional track meet this week.

Jason Pyle will be the first Floydada entrant at Odessa this week as he will compete in the pole vault event at 11:00 a.m. on Friday. Crader and Gonzales will appear in discus and shot put on

BILL'S NOTES

The hard work, long hours, and dedication it takes for participation in track and field reaches what could be called the semi-finals this week at the four regional track meets around the state. A trip to the state track meet in Austin awaits the top two finishers in each event. District 2-3A could be well-represented in both the boys' and girls' finals.

Granted, anything can happen at this level of competition, but Floydada has an excellent opportunity to send perhaps as many as six or seven athletes to Austin - especially if one or both of the girls' relay teams have a good day on Saturday.

Gonzales and Crader have to be the ones to beat in discus and shot put. If he's on, Henderson should be among the top candidates for a state berth in the 200 meters. He'll also be a force to reckon with in the triple jump and 100 meters, but the 200 seems to be his strongest suit.

Younger has been there for two years. Although Tian hasn't dominated the 300 hurdles this year as in the past, when the chips are on the table, her past experiences should help her come through in the regional finals. She also will be among the favorites in the 800 meters.

Elisa Suarez has a good chance in the 400, and with a good effort could be a real factor in triple jump. Whatever the outcomes at Regionals, both track teams have done well this year considering the total numbers involved.

Individually, congratulations are certainly in order for junior strong man Adam Gonzales for his school record-breaking

performance in shot put at Abernathy. According to track coach David Carr, When we got back to the field house from the Abernathy trip, the very first thing Adam did was to remove the name of the previous record-holder in shot put. He (Gonzales) was very proud of his accomplishment, and the coaching staff was equally proud."

Good-naturedly, Gonzales kidded Crader about the new record. As has been stated in this column before, the healthy rivalry between Gonzales and Crader has helped them both reach new plateaus this year. They have gone head-up for several years, and that intense, friendly competitive attitude has helped mold both young men into outstanding performers in their respective events. It would only be appropriate that both get those coveted tickets to the state track meet as a result of their efforts at Odessa.

Tulia has long been noted for its excellent track teams, and this year is no exception. The boys' district champs should do well at Odessa this week, and have a number of individuals as well as at least one relay team make it to the Austin super meet. Our hats are off to Brookins, Sanders, and company. Good luck to all of them and to other District 2-3A individuals and teams.

Best wishes also go out to the Lady 'Winds. The District 2-3A girls' champs will have some strong entries in several events at Odessa. Floydada's best bets for possible state berths rest with Tian Younger and Elisa Suarez, although the 400 and 1600 relay teams have already served notice that they are legitimate contenders. Good luck to all of you as you take the green and white to new levels!

SETS SCHOOL RECORD-Adam Gonzales, a junior at Floydada High School, set a new FHS shot put record during last Friday's Regional Qualifiers meet in Abernathy. Gonzales threw 57'-5" to surpass the previous record of 56'-2 1/2", set in 1976 by Leslie Soto. -Staff photo

baseball team splits district games last week Floydada High School

By Bill Gray

Floydada's baseball fortunes reached their lowest ebb last week as the 'Winds were blanked 13-0 by the Friona Chieftains in a game shortened by the 10-run rule. On April 24 the Whirlwinds rebounded by outlasting Dimmitt in a 13-9 slugfest at Watson Field. It was Floydada's first win of the season in District 2-3A, and improved the Whirlwind record to 7-12 (1-3 in district play). Floydada's seventh victory of the season is an improvement over the 6-win initial campaign a year ago.

Whirlwind coach Jimmy Webster had few comments following the 13-0 bombing by Friona, but did state, "It was a horrible game! They did whatever they wanted to do to us. We didn't hit (3 hits),

winds as they committed six errors and RHE permitted six earned runs. 025 24 13 10 0 "However, we also did a couple of Floydada 000 00 0 3 7

things well in the Dimmitt game," said Webster. "Cummings had a good day at the plate - as did Henderson, Brandon Gilliland and Jesse Sanchez. We did a super job of getting runners in with two outs - Jesse (Sanchez) had a real big 2out, 2-strike triple that scored two runners."

The coach added, "We can do things and do them well. We've just got to become more consistent about doing it."

BILL'S NOTES

Congratulations to the 'Winds for their first district baseball victory of the year. Their seven wins to date eclipses last year's total win output.

With six district games remaining on the schedule, the 'Winds have a good chance to improve their overall record. Still a lot of fielding miscues that are allowing a bundle of unearned runs, but the improvements are starting to show. The 13 run, 13-hit attack against the Bobcats ranks among the best offensive displays of the year.

the second half of district action at Muleshoe will be in Floydada for a 5:00 p.m. date on on Saturday, May 1. League-leading Tulia Monday, May 3.

Thursday, April 29, 1993 - The Floyd County Hesperian-Beacon - Page 7

we didn't field (9 errors), and we didn't catch (4 dropped flyballs). You can't win many games doing things like that!"

About the only bright spot of the entire game was Michael Henderson's going 2 for 2, with both hits for extra bases. Micheal Gilliland collected the only other Floydada base hit against the Chieftains, who improved their 1993 record to 5-11 (2-1 in District 2-3A).

FJHS girls vie in district meet held at Dimmitt

The seventh and eighth grade girls from Floydada Junior High participated in the district track and field meet held in Dimmitt on Saturday, April 24. The eighth grade girls garnered 10 points in the competition.

The four girls running the 1600 meter relay finished with a time of 5:30 to snag fifth place. Runners were Christy Hale, Lisa Crader, Kelli Bertrand and Mindy Dorman. Taking third place in the high jump was Christy Hale with a 4'8" jump.

The seventh grade girls toted up 29 points in the track portion of the meet. Earning second place in the 100 meter dash was Jennifer Noland with a time of 14.46. Tara McCandless earned a third place finish in the 2400 meter run with a time of 10:37.

Niesha Simpson took the 100 meter hurdles in 19.89 to win fourth place. She also finished in the sixth place spot in the 200 meter hurdles with a time of 37.9.

Relay runners Angie Medrano, Misty Cochran, Jennifer Luna and Jeannie Ochoa were sixth to cross the line in the 1600 meter relay with a time of 5:30. Running in the sprint relay, Jeannie Ochoa, Jamie McGuire, Jennifer Noland and Jennifer Luna earned sixth place with a time of 60.97.

Lisa Martinez threw the discus 69' 1" to bring home a third place finish in the field event. Adrianna Hill tossed a 59' 10" throw for eighth place in the same event.

TAAS tests being given May 5 and 6

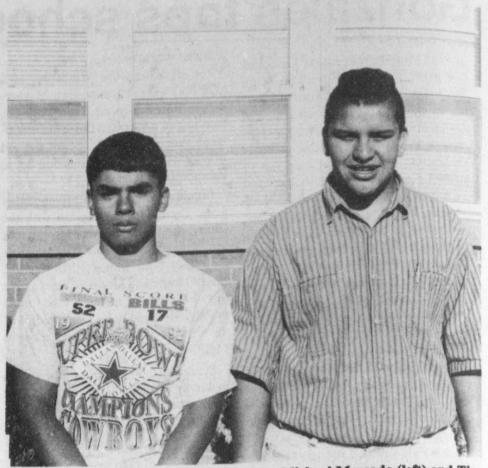

Parents of Floydada ISD students in grades 4, 8, 10, 11, 12 and out of school examinees are reminded that the remainder of the TAAS tests will be given on Wednesday, May 5, and Thursday, May 6.

The Reading portion will be given on Wednesday and the Math portion of the test will be on Thursday. The Writing part was given in March of this year, so after these dates all of the TAAS will have been taken. Grades 11 and 12 tests are only for those who failed in October.

School counselors, Kathy Jahay and Sheree Cannon, stated, "We urge you, as parents, to please make sure your child is in school both of these days and that they are prepared to the best of their ability. Please make sure that they are well rested and will have eaten a good breakfast both of these days as these tests take time and physical energies of the students. Thank you for your efforts." If anyone has any questions, contact

Kathy Jahay at 983-5332 or Sheree

Cannon at 983-3916.

EARN SECOND AT REGIONAL FAIR-Michael Mercado (left) and Tim Rando, Floydada High School students, both received second division ribbons at the 37th Annual South Plains Regional Science and Engineering Fair on April 17 in Lubbock. Rando presented "Bass Reflect Speaker", in which he tested a new design speaker system against an old one. Mercado showed the effects of caffeine and a steroid on a planaria's lifespan with his project. "Planaria and Medicine." The two are students of Mrs. Teresa Hollums. -Staff photon)

FJHS students vie in Science Fair

Participating in the South Plains Regional Science Fair competition on Friday and Saturday, April 16 and 17, were the Floydada Junior High School local Science Fair winners.

Awards were given as follows: 1st Division in Physical Science with "Salt Tolerance" on certain plants was Jason Henderson who received the highest award for Floydada.

2nd Division ribbons for excellent scientific methods were Jennifer Hernandez with "Grasshopper and Aromatic Plants"; Michael Palacios with "Acid Rain" on two microorganisms,

Tyson Whittle with an "Airplane Design" and Nick Joiner with "Washing Effects on Flammable Materials".

SUNSHINERS CHAPTER **By Sandra Ramirez**

The Sunshiners Chapter met Wednesday, April 21, at 9:30 a.m. in the CVAE Home Ec room at Floydada High School, President Julie Johnston conducted the session. The creed was led by Brandy Cantrell.

Maria Reyes, delegate to the state convention in Houston, told of the "Circus of the Stars" theme used to promote chapter development. Pat Hurley was the Friday speaker. Tom Tufts addressed the thousands of students at the Saturday general session.

The Floydada students attended a workshop on youth gangs and the background that produces the type of student who is drawn to joining gangs. Three young people who had broken away from gangs were the speakers. One boy who had been shot spoke from a wheelchair.

Our group stayed at the downtown Hyatt Regency Hotel, which is a beautiful place. At night after the meetings, our group swam in the heated pool and exercised in the workout room.

In class we have been sewing. Three ladies from J.C. Penney's in Lubbock recently brought a basic working wardrobe of five garments and showed us how to mix and match and get over a dozen different looks.

The head fashion buyer, Ms. Debbie Hurd, told us to match our hose to our shoes or our skirt; to not wear black hose with white shoes; and to wear white sheos only from Easter to Labor Day. We played Fashion Quiz with beautiful jewelry as prizes.

RED ROSE CHAPTER By Cookie Gonzalez

The Red Rose Chapter met Wednesday, April 21, with president Sarah Hernandez in charge. Our song leader, Susie Maldonado, led the creed. Our treasurer, Laura Ochoa, told how many still owed candy money and who had recently paid up.

Laura was our delegate to the State

FHS Class of '73 ...

The Floydada High School Class of 1973 is looking for the addresses of the following classmates: Patrice Barnes, Stan Covington, Eugene Cuellar, Linda Beaver Dobrowolski, Thomas Green, Errick Jones, Danny Martin, Kathy Lake Westbrook, David Whitley, Jackie Elliot, Lanell McCandless, Shirley Newton, Karen Nickel, Pam Patterson, Verlyn Ratzlaff, Donald Stofel, Guy Townsend, Johnny Walker, Danny Wheeler, James Winter, David Ware. Anyone with information regarding these addresses should call Lisa Mosley at 652-2569.

FHA-HERO meeting in Houston, April 16 and 17. She told about the group that had left the gangs and gone to college and straightened out their lives.

Our group also attended a workshop on leadership and how we start out serving at the local chapter and then with experience, run for regional office and on to state. The workshop was taught by some of the girls who are State FHA-HERO officers. They said to be positive, help others, don't talk yourself out of running for office.

Our advisor, Mrs. Joyce Williams, said having been a chapter officer would enhance our business resumes and job applications when we apply for work. There are over 20 JTPA jobs available for summer teen jobs in Floydada. Just apply at Mrs. Cannon's office.

BLUE BONNET CHAPTER

The Blue Bonnet Chapter met Wednesday afternoon. President Sandra Coleman reported on her trip to the State FHA-HERO meeting.

Recent chapter activities have included cooking rice and beans, and preparing salad for 50 teachers of the Iota Tau Chapter of Delta Kappa Gamma Society.

This week besides sewing, we have prepared vegetable relish trays and dips to serve visiting guest speakers for FHS-G.O.A.L.S. Day Friday, April 23.

CUTSTANDING STUDENTS-Floydada Junior High's Outstanding Students for the month of April are (I to r) Carlos Hernandez and Nick Williams. --Staff Photo

REELECT Leroy Burns

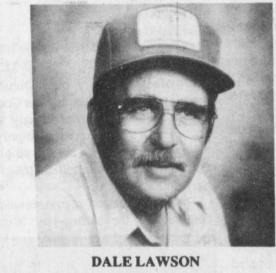

District 3 Council man for Floydada **City Council.**

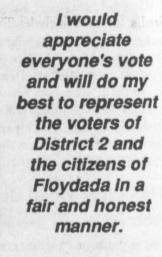

"Floydada has had a prosperous past. There has been no tax increase during my time on the council.

I am working for a progressive and secure future for Floydada."

Floydada City Council endorses members The Best That We Can Be In '93

asked.

By Criselda Valdez

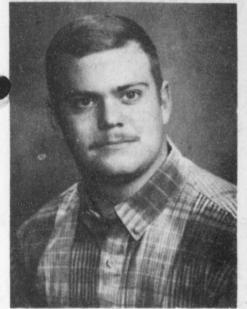

With only four weeks left of school this year, things at FHS are very busy. That is also especially true of the graduating seniors. Three of these FHS seniors are being spotlighted this week.

Tate Harris, 18-year-old son of Franklin and Dixie Harris, has attended FISD all 12 years.

Tate is planning to attend Clarendon College and pursue a career in agriculture. Tate is an enthusiastic member of the Floydada Farmers of America. He also serves as vice-president of the Floyd County 4-H.

Favorite things of Tate include: movie, "Lonesome Dove"; song, "Mama Don't Forget to Pray for Me"; food, steak; musical groups, all country groups.

Tate is a kind person who gets annoyed when someone pesters him while he is busy. He likes the attitude of most of the people in FHS, and his pet peeve is people who mumble. He admires his father the most, and would like to meet Clint Eastwood.

TATE HARRIS

Coming to FHS from Lubbock High, Brad Swaffer found quite a few differences in class size and the friendliness of the student body.

Brad, whose parents are Gene and Brenda Swaffar, is planning to attend Clarendon College for a couple of years before going to Waco to truck for a cattleman there. He would like to own his own ranch someday and start a feed-

A very busy senior this year is Josh Thayer, son of Jan Thayer. He has attended school in Floydada all 12 years, but was born in Fort Worth.

Plans for college include attending Texas Tech and majoring in chemical engineering.

Some of Josh's activities in FHS this year include Student Council president, secretary of FFA, FCA and NHS. He has been active in the athletic program in football, basketball, track and baseball. Josh was also on the UIL one-act play

cast this year. Among Josh's favorite things are: TV show, "Cheers"; movie, "Young Guns" and "Young Guns II"; subject in school, pre-cal; food, Mexican food; comic strip, "Calvin and Hobbes" and "Far Side"; hobbies, snow and water skiing, hunting and watching football.

Josh admires Rush Limbaugh and would like to meet Abraham Lincoln.

The best thing about FHS is its small size and friendliness, says this senior who is "very laid back" and has a good sense of humor.

JOSH THAYER

Continued From Page 1 four vehicles was made by Barrientoz and seconded by Morales.

BOY SCOUTS RECOGNIZED

Midway through the session, Mayor Wayne Russell recognized members of Boy Scout Troop 357 and their leaders who were present as part of a community service project. Scouts in attendance were Dusty Duke, Dane Sanders, Chad Turner and David Bishop. Leaders accompanying them were Randy Duke, Mike Bishop and Terry Turner.

BLUEPRINTS FOR NEW CITY HALL REVIEWED

Council members briefly reviewed proposed blueprints for the possible expansion and renovation of City Hall. The expansion and renovation is deemed necessary in order to make room for more record storage and to allow the police department more room. Several council members asked that estimates of cost be obtained before proceeding any further with the project.

Morales stated that he objected to the expansion because he felt "this is just too much city hall for a town this size." He questioned the need for additional storage space for city records.

Both the city manager and the city secretary explained that state and federal regulations govern the length of time records must be preserved. Brown told Morales, "If it is written down, it must be kept for five years. That includes anytime I speak to someone on the phone about a stray dog or whatever. If I write it down, it must be retained for five years."

Sharon Quisenberry told the councilmen, "Some records must be kept forever. These just get added to each year and none of them can ever be disposed of to make room for more."

Barrientoz objected to the cost of the a bond." city hall project. He asked if it could be downsized or the plan changed so it would not cost over \$100,000.00. "Could the city workers do some of the work themselves to cut the cost," he

Brown replied that some of the work could be done by city workers if the plans were such that the city had the knowledge and the equipment to do the work.

Motion was made by Burns that the council proceed and obtain estimates of the cost. Tipton seconded the motion and the motion was approved.

PERMITS FOR ROOFERS AND DOOR-TO-DOOR SALESMEN DISCUSSED

The council discussed passing ordinances to require door-to-door salesmen to obtain a city permit in order to call on local businesses. Also discussed were possible permits for door-to-door sales and surveys in residential areas. Burns made a motion to table the issue until current ordinances could be reviewed and recommendations made by the city attorney for possible new ordinances to cover the situation. The motion was seconded by Barrientoz and the

vote was unanimous. A bit more discussion and debate took place on the subject of requiring bonds, insurance and permits from roofers working in the city. Several council members felt that this would be a good way to protect local citizens against disreputable roofers. If approved, the roofers would have to present proof of a bond and insurance to obtain a city permit to work in Floydada.

Council member Morales expresses the opinion that this would create an undue burden on the few local roofers who did not have, "enough assets to get

A motion by Burns called for tabling the issue until more information could be obtained concerning the requirements for obtaining a bond and insurance. Barrientoz seconded the motion and the vote was unanimous.

REFUND OF UTILITY DEPOSITS DISCUSSED

Council members were asked if they wanted to consider returning utility deposits to customers who maintain a good record of payment. While some indicated that they thought it would be a good idea since SPS does this, most stated that they would prefer to continue retaining deposits until service is terminated. This would help protect the city against loss since city utility bills cover not only electricity, but water, sewer and garbage collection charges also.

Motion to leave the deposits on tap until service is terminated was made by Cornelius and seconded by Tipton. The remainder of the council votes to approve the motion.

Other matters handled at the evening session included the reading and approval of the minutes from the previous meetings and the payment of monthly bills.

Council members also voted to formally reserve \$38,112.00 in retained earnings to meet a court ordered settlement with SPS. According to city secretary Sharon Quisenberry, the funds have already been set aside, the action being taken is to meet legal formalities as suggested by the accountant. Motion was made by Schacht and seconded by Barrientoz.

The council approved an additional funding of \$200.00 for the Sparsely Populated Entities Coalition, of which the city is a member. Motion for the

expenditure was made by Schacht and seconded by Cornelius. The vote was unanimously in favor.

May 4 was set as the date for the council to meet to canvas the votes and certify the tally on the May 1 Municipal Election. Council members also approve covering the cost of sending the city attorney, Karen Houchin, to a semiannual conference of the Texas City Attorneys Association in San Antonio.

Brown reported that work has begun on the walking path at the high school baseball park and that playground equipment for Annie Taylor Park is due in this week.

Attending the session were Mayor Wayne Russell, council members Amado Morales, Ruben Barrientoz, Clar Schacht, Leroy Burns, Wayne Tipton and Eric Cornelius. Others present included city manager Gary Brown, city secretary Sharon Quisenberry, Police Chief James Hale, city attorney Karen Houchin, Karen Lawson, Elza Mercado, Jon Nielson, Joe Stepp, Roxanna Cummings, Gilberto Ortiz, Isidro Sanchez and the Hesperian-Beacon reporter.

Remember to Vote Saturday, May 1!

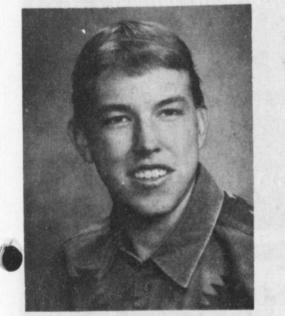

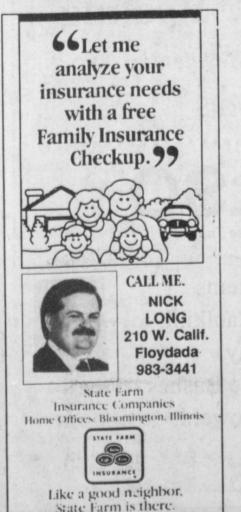

Brad's favorites include: TV show, "Young Riders"; movie, "Pure Country"; colors, black and blue; food, Tbone steak; musical groups, Brooks and Dunn; comic strip, Marmaduke"; song, "Boot Scootin' Boogie."

One of the people Brad most admires is Bob Wills, because he went for his goals and made them happen. Brad would like to meet Bob Wills and John Wayne.

DECA, Ag and 4-H are some of the activities Brad is involved with. His favorite subject in FHS is ag.

Earth Day letter from a Lockney Elementary School Student

Dear Inhabitors of Earth, We need to be aware of people polluting the Earth. Please try to cut down on pollution.

To cut down on littering, companies need to make more biodegradable things. Also, try to stop ocean pollution. It can kill fish and the people who eat the. You need to recycle all you can. One more kind of pollution is air pollution. Don't use acrosol cans because they send of CFC's. Also, factories send off CFC's. Use cans you pump and don't burn fossil fuels. Also people need to try to concerve trees. A solution to this is that if you cut down trees, just plant new ones. Recycle the paper you get from the trees that you cut down. So remember.

life you're also polluting your child's future.

BIBLE DRILL WINNERS-Floydada youngsters participating in the Children's State Bible Drill in Lubbock were (back row, l-r) Scot Holster, Jordan Chaparro, Laura Dean; (front row, I-r) J.D. Chaparro, Lisa Smith and Shannan Smith. The students were presented with ribbons and certificates for -Staff photo their efforts.

Children from First Baptist Church compete at Bible Drill

Six children from First Baptist Church, Floydada, participated in the Children's State Bible Drill April 17 at Bacon Heights Baptist Church in Lubbock. They earned three good, one excellent and two superior ratings.

Those receiving a good rating were J.D. Chaparro, son of Mr. and Mrs. Mitch Probasco; Lisa Smith, daughter of Mr. and Mrs. Jerry Smith; and Scot Holster, son of Mr. and Mrs. Mike Holster.

Shannan Smith, daughter of Mr. and Mrs. Jerry Smith, received an excellent rating.

Laura Dean, daughter of Dr. and Mrs. Bill Dean, and Jordan Chaparro, son of Mr. and Mrs. Mitch Probasco, received the superior ratings.

could not make more than two mistakes verse and the driller must be able to in the 24 calls. An excellent score is no quote the verse. In the completion drill, more than four mistakes and a good rating is no more than eight mistakes. Each of the children received a certificate and ribbon from the Baptist General Convention of Texas.

qualified them for the association drill, The local church drill was held March 10. The children had to make eight or less mistakes in the association competition to be eligible to participate in the state drill. The association drill was conducted March 28 at First Baptist Church, Floydada.

The six children began preparing for the drills in September, 1992. They memorized 25 scripture verses, ten key passages and their references. They also had to know the names of the books of the Bible in the proper order and be able to locate them in the Bible and also locate the ten key passages they memorized.

There are four types of drills with six calls in each category. For the quotation To earn a superior rating the children drill, the leader gives the reference of the

Have A Nice Week!

They must be able to name the book preceding the one called, the book called and the book following the one called. In the key passage drill, the leader gives the title of the passage and the driller finds the passage in the Bible, again within ten seconds.

Leigh Szydloski and Kathy Holster were the leaders who helped and encouraged the children to learn the material.

The purpose of Children's Bible Drill is to help children increase their knowledge of the Bible, develop skills in effectively handling the Bible, and to begin developing memory skills. **GRACE FELLOWSHIP** CHURCH 211 N. County's Farm & Ranch Update

By Kerry Siders

Floyd County Extension Agent-Ag. Hello. My name is Kerry Siders. I am the new Floyd County agriculture agent. Before my recent appointment here I was the pest management agent in Castro and Lamb Counties. My background is in agronomy. I have heard many positive things about Floyd County, and I am looking forward to getting to know and work with you. Give me a call or stop by the office if you have any questions or comments.

"92" RESULT DEMONSTRATION BOOKS

The result demonstration handbooks for Floyd County are available at the County Extension Office. Information on varieties, insect and weed control, and other agronomic factors are available. Come by for your copy.

COUNTY WHEAT CONDITION Spring insect pests at present are not causing much concern in the county; however, you may find some Russian wheat aphid and greenbug activity particularly in continuous/dryland fields. We will need to keep a close watch on eaf rust as flag leaf emerges. The fungicide Tilt® can be used before flag leaf emergence, Bayleton® or Benlate® can

LAVY'S PUMP SERVICE LEON LAVY, Owner Silverton Day phone **Night Phone** 823-2061 823-2188 Windmills House Wells Irrigation Wells

supplied to the grain. Also, remember that fungicides are preventative chemicals not curative.

FLOWER-OF-AN-HOUR CONTROL

Flower-of-an-hour (Venice mallow) is an annual weed that has become a problem in areas of Floyd County. A study was conducted last year, with the assistance of Mickey Hammonds, to evaluate the control of this weed either by pre- or post-emergence herbicide applications.

Cotoran[®], Direx[®], and Probe[®] + Zorial (Probe is no longer available) provided good to excellent preemergence control of venice mallow. Postemergence - directed applications of Caparol[®], Bladex[®], Karmex[®], Cotoran[®], and Cobra® did not provide acceptable control of venice mallow, due to the timing of the application which took place when weeds were 4-6 inches tall. Venice mallow will require herbicide treatment in the seedling (1-3 leaf) stage to be effective.

WORKER PROTECTION STANDARD

The EPA has published revised rules for its "Worker Protection Standards for Agricultural Pesticides". Federal Worker Protection Standards (WPS) are to be implemented over the next year with the "generic requirements" becoming enforceable after April 15, 1994. Crop protection chemical label specified WPS requirements are enforceable as of April 15, 1993.

Basically, workers performing hand labor operations in fields treated with crop protection chemicals and employees who handle (mix, load, apply, etc.) pesticides are covered by the regulations. The WPS increases requirements for warnings about applications, use of

Mike's Ag Service Center 320 E. Houston 983-2552

tect. It represents 70-85% of the energy personal protective equipment and restrictions on entry to treated areas. Also, new provisions for decontamination, emergency assistance, contact with handlers of highly toxic pesticides and pesticide safety training have been included.

> Producers and others are welcome to come by for a copy of the summary of provisions. I will be receiving more information on this new rule as compliance material becomes available.

TEXAS FARM LABOR

A handbook is available at the County Extension Office which will provide a brief summary of many labor regulations relating to farm labor. Both state and federal regulations are covered. Through the use of this handbook, employers should be able to find answers to most questions regarding farm labor. If this is not the case, the addresses and phone numbers of the responsible agencies are included. They can be contacted for more details. Stop by the County Extension Office for your copy.

EDUCATIONAL OPPORTUNITIES

A Farm and Ranch Estate Planning Seminar, sponsored by the Texas Agri-

cultural Extension Service, is set for May 20-21 at the Lubbock Holiday Inn Civic Center. This seminar is for farmers and ranchers who want to pass an operation on to their heirs with minimal estate tax cost.

A Ranch to Rail Field Day, sponsored by the Texas Agricultural Extension Service, is set for May 4, at the Texas A&M Research and Extension Center in Amarillo. If you plan to attend, call (409) 845-3579 to confirm reservations.

BRUSH AND WEED CONTROL If you have any questions on controlling brush or weeds on rangeland and improved pasture situations for Floyd County, give me a call. There are too many variables to make recommendations in this newsletter but we can sit down and develop the most effective

Hundreds attend Drag A Ranch Steer Roping at Burleson Arena

ered to compete in team and steer ropings at Burleson Arena, Flomot, over the last weekend of April 1993.

Big prize of the weekend was the two horse CM trailer that went to the winner of the "Open Steer Roping" on Sunday afternoon. Marty Jones pulled the trailer to his home at Hobbs, New Mexico. The winning average for his time was 52.62, beating 34 other outstanding ropers for the best time. Coming in second was his brother, De Lynn Jones, also from Hobbs.

The matched-roping between two national finals steer roping competitors, Guy Allen and Tee Woolman was too close for comfort when Tee Woolman had the faster time of the day on the six head, 126.35. Woolman is from Llano, Texas, and Allen from Vinita, Okla. Sunday morning begins early for the senior steer ropers and this 1993 April morning was no different. Twentyseven senior steer ropers were competing for the best time on four head and the winner of the super seniors was John

Ray Powell from Eldorado, Texas, with a time of 88.09. Second super senior was Don MacLaughlin, Fort Collins, Colo., with a time of 117.68.

Senior ISRA winner was Jeff Smith, Aspermont, with a time of 79.86. Sam Falks, Amarillo, with a time of 87.65, was second. Besides the monetary prize the Burleson Arena gave breast collars made by Alvin Durham of Roaring Springs, to first place.

Saturday was a competitive day for the 76 ISRA ropers. In the "A" roping division Phil Longacre from Wann, Okla., took home a pair of spurs made by Wayne Dollar. For his low time of 65.71, second place went to Bucky Hefner, Chelsa, Okla., with a time of

Professional and novice ropers gath- 71.16. In the "B" division of the ISRA competition from Tulia, was Elmo Sorrells with a time of 58.44. Roper Ted Daugherty, Silverton, went home with second place, having a time of 72.54. These men received spurs for first and rope bags for second places.

> The last event of the evening was a novice steer roping in which 33 ropers were competing for first place. Winner of this roping was David Boykin from

Northfield with a time of 50.35, second place went to Lance Thornberry, Clarendon, with a time of 55.30.

Over 400 teams competed in the three numbered ropings at the Friday night team ropings. Carl Alford from Hereford was stock contractor and producer.

Top prize of the evening was a twister saddle that was won by Steve Purcella, Hereford.

Mitch Ross of Floydada won the gate drawing, "bits", made by Wade Brannon of Silverton. Curt Robinson, Pendleton, Oregon, was the weekend announcer and Bennie Regan, Quitaque, helped introduce the ropers on Saturday and Sunday.

Smith Bros. of Denton were the stock contractors for the steers.

Soil and Water Conservation Board to hold elections for district member

The regular election of a member to the Texas State Soil and Water Conservation Board to represent State District One is scheduled for May 4 in Plainview in Wayland Baptist University's McClung University Center. The election will begin at 6 p.m.

State Board members are elected in a convention type election by delegates from soil and water conservation districts within the state district the member is to represent. Qualified delegates voting in the election must be landowners, reside in the soil and water conervation district he or she represents at the convention, and be actively engaged in farming or ranching. Each soil and water conservation district in State District One selects one delegate to attend the election.

Each State Board member serves a two-year term and represents one of five State Districts. Each member must own agricultural land and be actively engaged in farming or ranching. State District One, which consists of

Letters To The Editor

Dear Editor,

I'm writing in response to an incident that absolutely enrages me. It's the story of three young skinheads who shot the African American man in Fort Worth, Tx. They were all drunk. They planned and carried out this crime of racial difference. They shot and killed an innocent man in cold blood simply because of the color of his skin.

If the story isn't bad enough, the actual gunman who pulled the trigger got a 40-year sentence, but could be out on parle in 4 years. The driver of the car got a 15 year sentence, but could be free as early as June. The last young man, who his accomplices say provided the gun and encouraged the first to pull the trigger, got 10 years probation. That's right - probation for a convicted murderer.

The victim will never be able to walk the streets again. He will never be able to hold his wife, have children, or be with his family/friends again. Yet the coldblooded killers could be free to do these things in 4 years, 2 months, or right now even as we speak. I guess you can say these skinhead white supremacists literally got away with murder. It makes me wonder what this world is coming to when the system allows man to kill man and get away with it. If we allow people to kill one another on the sole basis of the color of one's skin, what might we allow next?

Jodee Breed

To the Editor:

I want to take this opportunity to appeal to our community for your support of our local hospital district and our local doctors. We presently have two fine doctors practicing in Cogdell Clinic. Dr. Hoang has practiced in Floydada for some eight months and Dr. Albert opened offices just last week. Both are qualified doctors and need your support. If present negotiations hold as now indicated, we will have a third doctor on staff within the next month. St. Mary's Hospital of Lubbock has also begun searching on our behalf for yet another full time doctor. We would hope that this search would be complete within six months.

With the recruitment and support of

fail. We probably will not get another chance to get this vital industry back to Floydada, ever again. I urge you to support our local community. If you don't, no one else will.

Without the hospital and other vital services, we will continue to see Floydada die, a slow but sure death. We need jobs to support our economy. It is up to you.

I am a businessman in Floydada. I, like almost every other business in Floydada, depend on local support to stay in business. If one business fails for lack of support, another is soon behind, and then another, and another. I cannot understand why every local businessman is not behind the reopening of the hospital and willing to do all they can to support the services it provides. It means jobs and keeping some money at home to provide other jobs. Anyone who is against that, is against Floydada. Caprock Hospital needs your help, not your hindrances.

Yes, it will continue to cost us some tax dollars. So does the space program, and defense, and foreign aid. How many of those tax dollars can directly benefit you like your hospital tax dollars? And the more support you give to the hospital and the local doctors, the fewer tax dollars it will need for support. Think about it. It all depends on you. Please support your hospital board and doctors in helping to reopen Caprock Hospital. This may be your last chance. Be a helping hand.

This is in reference to my letter on 4-

22-93. As I stated, it had absolutely

nothing to do with any council member

other than Amado Morales. To be

treated so rudely by this councilman this

past week is beyond reasoning. No

and should be treated as so. Just because

you are an elected official, you can't go

You know there will be another elec-

tion some day. I try very hard to live by

people live as if it were made of wire.

around treating people rudely.

Fred Thayer

The main crux of this letter, however, is not the argument of numbers but rather the point that students should be "required" to take responsibility of their bodies by maintaining good eating habits and exercise. (When I attended school, everyone had to pass a President's Fitness Test and you better believe we had to work hard to pass it. Everyone-NO exceptions!) I feel students should be made to be responsible for their bodies, not only their minds.

The national concern in the flagrant use of drugs and alcohol among teenagers is an important issue to take action upon for the sake of today's youth. I feel if kids today were taught the ethics of having pride in achievement and success, both intellectually and physically, there would be less need for the use of drugs.

Competition in the academic field and athletic field in society is strong and should be encouraged. But competition among peers should not be as important as the competition against oneself.

Zig Zigler states, "Success is not measured by how you do compared to what somebody else does. Success is measured by how you do compared to what you could have done with the ability that you have."

If youth were encouraged to build on their God-given talents and abilitieswhatever they may be and every single student possesses a unique and valuable gift-and were encouraged to develop that potential, I feel we would get rid of feelings of worthlessness and frustration found in many youth today. A feeling of pride and self-esteem in oneself sets off all kinds of positive actions.

In the political arena, the issue of equal rights is formulating everywhere. Looking toward the future, equality of funds and participation in regards to girls and boys athletics is inevitable. The building of a new gym would not only open up A&B teams and 5th quarter Basketball as previously mentioned, but the gym could also be used for H.S. and J.H. Volleyball, a sport which many girls would certainly enjoy being a part the golden rule, even though some of.

In today's world with all the pressures of "making the grade" and the stress of

they are a reflection of society. This issue of funding needs to be put behind us in order that schools can address the issues of an eroding society. This is a home, church and school issue far too great to allow funding issues to get all the attention.

W.H. Hallmark

Dear Editor,

I oppose the so called Robin Hood Tax Plan, Amendment #1, to be voted on May 1.

The whole "share-the-wealth" public and Gov. Richards is wanting voters to approve it, and then explaining the plan later, seems to have a suspicious nature to it.

All we have heard from the governor is that the schools will close, and yet, she refuses to lay out the tax plan to us.

It seems that the amount of shifted funds — and exactly which districts gain or lose, would depend on complex formulas and the state dollars put into it. Why has she and other liberals not been eager and willing to tell the voters what the plan is going to do to their (school) districts?

From what I have read, the amendment would destroy local control and convert local property taxes into state property taxes, with a potential 67% increase in property taxes.

Gov. Richards has repeatedly told the voters that the schools will close if this enormous new tax is not voted in.

State District Judge Scott McCown, who has jurisdiction over the issue, has stated "that the schools would close only if the Legislature failed to adopt another acceptable plan by June 30." There are several very good plans that conservative legislators have written and proposed. (In June of 1987, the Legislature convened at 11:00 a.m. on a Tuesday, passed 5 major tort reform bills, and adjourned at 11:17 a.m. on Wednesday.) One proposal would be to the lottery funds (which were implied to be used for education at the time of voting in 1991). but are now being put into the General Fund. From what I've read, the after expense revenues from the state lottery for 1993 is expected to be \$492 million.

lished.

If more money were the solution, our problems would have disappeared long ago.

Rep. John Culberson, Houston, said, "Robin Hood will lead Texas straight into a "court ordered" state income tax and the words "adequacy" and "full funding", of SB 351, are code words for State personal income tax. (This has happened in other states).

Other alternatives were written by Rep. Ric Williamson (HB 2093); Rep. Kent Grusendorf and Rep. Steve Ogden school proposal has been totally vague, . (HB 2411, HB 669); and Senator John Leedon (SB 58).

> One of the leading alternatives to "Robin Hood" is HJR 10, which fell only a few votes short in the House of being added to May 1 ballot.

A 10% across the board state budget cut (perhaps starting with cuts in the Governor's and Lt. Governor's offices) could free up to \$1.04 billion for education, which could solve the shortage and

will elect two of the three to represent them on the school board.

Saturday voting for Lockney ISD is between the hours of 7:00 a.m. and 7:00 p.m. in the Lockney High School hall.

CAPROCK HOSPITAL DISTRICT

Early voters for Caprock Hospital District totaled 118.

Ballots in the May 1 voting will be cast at Massie Activity Center between the hours of 7:00 a.m. and 7:00 p.m.

Appearing on the ballot for board positions for Caprock Hospital District are five individuals. They include Joy Assiter, Tom Farris, Jerry Thompson, T. M. "Whitey" Whiteley and Jim Word. Voters will elect three of the five to represent them on the board of directors.

LOCKNEY GENERAL

HOSPITAL

also give our teachers their 5% raise. They have certainly earned it, just putting up with TEA.

Rep. Culberson said, "Clearly, Robin Hood would give the Legislature broad new powers to manipulate two completely different types of property taxes statewide: 1. All school district taxes (everything from ISDs to junior college districts), which could be set by the Legislature or district trustees at rates up to 1.50 per \$100 valuation, (capped by general law which can be changed by majority votes in the Legislature)."

The liberals so called crisis has nothing to do with improving the quality of education and everything to do with feeding the wasteful appetites of greedy politicians and other special interest groups.

MAY 1 VOTING SITES

and 7:00 p.m. on Saturday, May 1, in

There are eleven locations throughout the county where registered voters may cast ballots on Saturday, May 1, 1993. All polling locations will be open from 7:00 a.m. until 7:00 p.m. for the convenience of Floyd County voters.

Southwest Floydada #1 will vote at Massie Activity Center.

East Lockney will vote in Precinct #5, located at Lockney City Hall.

The Lutheran Church at Providence Community will serve as the balloting location for Voting Precinct #7. South Plains, Precinct #9, will be casting ballots at the Baptist Church.

Voting Precinct #11 will be voting at the Cedar Hill Assembly of God

these doctors, we hopefully will see the reopening of Caprock Hospital within the next few months, after almost two years now of agonizing setbacks. Your hospital board and the hospital administration (including St. Mary's) are diligently, carefully, and methodically working toward that goal. We all want the hospital open, opened permanently, and with as little cost to taxpayers as possible. But there have been and will be costs. Doctors don't come to Floydada without incentives. Refurbishing the hospital to meet minimum standards is not cheap after many years of wear and neglect. Other opening costs will vary depending on your support.

The key to this whole endeavor is your support, each citizen of Floydada and Caprock Hospital District. The hospital and the doctors' practices are simply businesses. And like any other business, they have to have customers. The more customers, the more success. Assuming you are provided with quality doctors and a quality hospital, the success or failure of these falls in your hands. If you do not use them and choose to go elsewhere out of town, they will

Dear Editor.

Dear Editor,

There has been discussion regarding the building of a new gym.

First of all, there are not a few, but many students who participate in the athletic program at Floydada. In speaking with members of the School Administration of Floydada H.S., an estimate was given that approximately 80% of the students in H.S. participate in Extracurricular Activities (academicrelated) of which half of those students also participate in Athletics. The other 20% do not participate in anything at all and probably would not if given the opportunity. That not being the fault of teachers, but of the parents and students themselves.

The opportunity is already there and has always been there for those students to take advantage of and participate in. The avenue of motivation is instilled by parents, encouraged by teachers and acted upon by students themselves. No amount of access and availability will persuade some students to participate. It is a fact of life.

family problems, etc., among many students, athletics serves as a vent for letting out steam and releasing tension. There are many positive learning tools, which all of us are aware of, developed in athletics which help to make a student well-rounded and gregarious.

In closing . . . Those students who wish to shine are shining! More emphasis, I strongly believe, should be made in encouraging our outstanding students to excel, i.e., those who can do and want to do as opposed to those who can do, but won't do. Are those top students not your leaders of tomorrow? Do you put your light under a bushel because of the darkness everywhere else? Our duty is to encourage the light that is shining to continue to shine!

> Sincerely, Jolene Cummings

Dear Editor,

By writing anything about the three amendments that will be voted on May 1 regarding school funding may cause more confusion. There has been so much said, both pro and con, that some comment may be in order.

First, if you vote for Amendment 1, you are approving the way taxes have been collected for the last two years. This is not a vote for a tax increase or decrease. Voting "for" does allow the sharing of wealth from the property rich districts state wide and this will affect 116 school districts. Lockney has benefitted the last two years and will continue to benefit if Amendment 1 passes. I do not feel that if Amendment 1 passes that the Legislature has a blank check. Amendment 2 states that the legisla-

ture cannot mandate new requirements of a school district unless it is funded by the State. From an administrative point of view this would benefit the district. I see this as a control measure which is beneficial.

Amendment 3 authorizes the issuance of 750 million dollars in revenue bonds to assist schools in financing facilities. Since Lockney ISD has the attitude, we pay as we go, this amendment would not affect us either way.

Education and the funding of such has been the center of attention since 1984. Hopefully this issue can be resolved. If you have not formed an opinion, please remember that Lockney benefits with the passage of Amendment 1 and 2.

Educators realize that public schools are not looked upon with as much favor as they were several years ago. Society, in general, is not as nice as it once was. The sad thing about our schools is that

The education shortfall is \$400 million. Another approach is that the State budget is expected to grow \$4 billion from growth in the economy. The Legislature could dedicate 10% of this increase to education. Several Republicans have real sensible, clear-cut plans, that would not raise our taxes.

Incidentally, according to Monte Hasie, Lubbock, member of the State Board of Education, "this public school Finance system has been rejected and ruled unconstitutional - not once, not twice, but three times by the State Judiciary, from the district to the State Supreme Court level."

It seems that liberals are concerned because all school districts in Texas do not spend the same amount of money to educate each child.

They don't want us to know that public education in Texas has risen from \$5.7 billion, to \$17.2 billion since 1979. During that same period, although student population rose only 33% expenditures per pupil increased a hefty 127%. Other statistics reveal that since 1971, SAT test scores in Texas have declined by 45 points, and last year the scores on the verbal portion of these tests reached an all time low. All of these facts and figures are substantiated by articles in newspapers, Representatives, Senators, State School Board members and other informative research that has been pub-

BETTY ANN JOHNSTON

Funeral services for Betty Ann Johnston, 46, of Plainview werte at 10 a.m. Saturday, April 24, 1993, at Lemons Memorial Chapel, the Rev. John Long, associate minister at College Heights Baptist Church, officiated. Graveside services were at 4 p.m. Saturday, April 24, 1993, at Amarillo Memorial Park.

Mrs. Johnston died at 9:24 p.m. Thursday, April 22, 1993, at Methodist Hospital in Plainview.

She was born Betty Ann Gowin on Dec. 14, 1946, at Matador and married Edward E. Johnston on August 26, 1966, in Amarillo. He died Nov. 4, 1982.

She grew up in Quitaque and graduated from Flomot High. She moved to Amarillo and worked in the cafeterias at Bowie Junior High and Sunrise Elementary. She moved to Bridgeport in 1982 and worked as a cook for Golden Years Retreat.

She moved to Plainview in 1988 and worked one year for Central Plains Regional Hospital. She was employed by the Lakeside School cafeteria at the time of her death.

She was a member of the PISD Food Association and was a Baptist. Memorials may be made to the Lakeside School Library or M.D. Anderson Hospital in Houston.

Survivors include one daughter, Amanda Johnston of Plainview; two sons, Charles Scott Johnston and Ray Johnston, both of Plainview; a brother, James E. Gowin of Floydada; one sister, Mrs. Wayne (Linda) Fowler of Plainview; her mother, Juanita Gowin of Plainview; and three grandsons.

ELSIE LYNN

Funeral services for Elsie Mae Lynn, 80, of Paducah were at 2 p.m. Sunday, April 25, 1993 in First United Methodist Church in Matador with the Rev. Mary Helen Cross, pastor, officiated. Burial was in East Mound Cemetery in Matador under direction of Seigler Funeral Home.

Mrs. Lynn died at 8:30 p.m. Thursday, April 22, 1993, in Woods Convalescent Center in Paducah after after a lenghty illness.

She was born in Butler, Okla., and married Lonzo L. Lynn. He died in 1979. She moved to Paducah from Matador in 1989. She attended college in Weatherford, Okla., and taught school. She was a member of First United Methodist Church in Matador. A daughter, Virginia, died in 1944.

Survivors include two sons, Lonnie E. of Childress and Alvin Ray of Dumas; six daughters, Carlene Colwell of Paducah, Joyce Morton of Cleveland, Daphene Jolley of Dalhart, Glenda Burditt of Dumas, Ruthie McCallie of Boys Ranch and Gail Noland of Floydada; two brothers, Charlie Mohling of Oklahoma City, Okla., and Melvin Mohling of Bells; a sister, Elma Stewart of Modesto, Calif.; 12 grandchildren; and eight great-grandchildren.

The family suggests memorials to Meals on Wheels of Paducah or to a favorite charity.

GEORGE MAY

Memorial services for George Reid May, 63, of Osage Beach were at 2 p.m. Sunday, April 18, 1993, in Hedges funeral Home's Lake Chapel, the Rev. Ross Fulton officated.

Cremation was under direction of Hedges Funeral Home.

He died Wednesday, April 14, 1993, in an automobile accident near Tunas, Mo.

He was born in Floydada and was president of a truck leasing company in St. Louis, Mo. He was a member of B.A.S.S. Central Pro Am, the M.B.A. and Red Man.

Survivors include a son, George R.

L. Decker of Columbia, Mo.; three daughters, Polly May Sykora of St. Louis, Laura R. May of Osage Beach and Bekki Lei Shaw of Kansas City Mo.; a sister, Polly Cardinal of Floydada; and nine grandchildren. The family suggests memorials to

Albuquerque on Interstate 40. Grimland-who would be 75 nowwas carrying \$800 in cash and an income-tax refund check worth about \$300. Like him, his dog and truck, the

check has never turned up. Family members believe it is possible that when Grimland stopped for gas that he gave somebody a ride. "He had been known to pick up hitch-hikers for company on the road," said a family member.

Three employees of the Cline's Corner truck stop said they remembered him, which wouldn't have been hard to do because his hands are bent into a hook shape from arthritis. He also has an artificial knee and wears dentures.

Grimland was born in East Texas and grew up in Silverton. He lived in Amarillo and Los Alamos, N.M., before moving to California. He was a retired

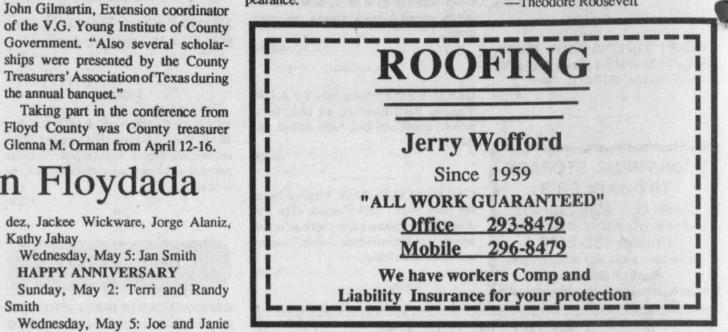

welder and construction worker whose wife died about a year before his disappearance.

After visiting with Ratliff in Lockney. Grimland was also scheduled to visit with a third sister, Maidee Partain of Hico, and a brother, Bob Grimland of Yuma, Ariz.

PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION

League of Women Voters of Texas Education Fund NONPARTISAN EDC

UUID 1212 Guadalupe, No. 107 • Austin, Texas 78701

This Voters Guide is funded and published by the League of Women Voters of Texas Education Fund. This educational organization, associated with the League of Women Voters of Texas, operates exclusively for educational purposes in the general areas of government and public policy, carrying out its objectives through research, publication of educational materials, and other appropriate projects. The League of Women Voters is a nonpartisan organization that works to promote political responsibility through active, informed participation of all citizens in their government. Neither the League nor the Education Fund supports or opposes any political party or candidate.

Information on the proposed constitutional amendments was compiled by trustees of the League of Women Voters of Texas Education Fund, and arguments for and against are not necessarily those of the League.

(Editor's Note: For your information, the Texas League of Women's Voters supports Amendments 1 and 3, but has taken no position on Amendment 2.)

Amendment 1

Wording on the Ballot

The constitutional amendment allowing limited redistribution of ad valorem taxes for schools, authorizing the legislature or local districts to set a minimum tax rate in county education districts, and placing a cap on the ad valorem tax levied by county education districts.

Explanation

Texas public schools are funded through a combination of state and local revenues, and a small amount of federal dollars. At present, the local share of funding is roughly 54% of the total amount spent on public education. This local share comes from ad valorem (property) taxes levied by local school districts. The amount of money per student a school district is able to raise at a given tax rate depends on the district's property wealth, and property wealth varies significantly from district to district. Thus a wealthy district may raise the same amount of dollars per student at a much lower tax rate than the tax rate necessary in a property-poor district. The Texas Supreme Count has held, under the efficiency clause of Art. VII, Sec. 1, of the Texas Constitution, that if Texas chooses to rely heavily on the local property tax to fund its public schools, then all property must be taxed under a school finance system that provides similar revenue per student at substantially similar tax rates. The high court has set a June 1, 1993 deadline for the legislature to adopt corrective measures. If the deadline is not met, school funds will be frozen.

Proposition 1 is designed to meet the court mandate by redistributing a portion of the tax dollars raised by the wealthiest school district. The proposed amendment has three parts. First, it would authorize the legislature to redistribute among the school districts a portion of the property taxes raised by a school district. Second, the legislature would have the option to create county educational districts (CED's) in one of more counties and to allow the CED's to levy taxes. The legislature could set a minimum tax rate or could authorize the school districts and CED's to set the rate, provided that the tax rate did not exceed \$1 per \$100 of valuation unless voters in the CED approved. Third, the total amount of redistributed property tax, whether statewide, within the CEDs, or a combination of the two could not exceed 2.75 per cent of the combined state and local revenues for public schools, excluding any state revenues from an ad valorem tax (state property taxes are now prohibited), revenue for the provision of free textbooks, and the contributions to a retirement system.

Arguments For

* The amendment would allow limited redistribution of property taxes from the

wealthiest districts to other school districts in Texas, but would limit such redistribution to 2.75% of the total state and local dollars for education. Thus, passage of this amendment would enhance the level of educational funding in the property-

poor districts, while not significantly impairing the ability of the property-rich districts to provide high quality public schools.

* By limiting the percentage of funds that could be redistributed in order to equalize funding to the schools, the amendment would protect local districts from unlimited state access to the local property tax base as the resource for meeting the obligation to provide an efficient public school system.

* This proposition would be a preferred solution to the difficult task of funding public schools equitably. Alternatives include massive consolidation of school districts and resulting loss of local control, or major restructuring of the state tax system, with additional and/or new state taxes possible.

* Passage of this amendment and its implementing legislation before the court deadline of June 1, 1993 would keep Texas schools in operation and allow orderly planning for the opening of the new school year in the fall. The cut-off of state funds for public schools would be disruptive to students and teachers and to local economies, and would create bad publicity for the state in national and international business communities.

Arguments Against

* Taxpayers in school districts with high property wealth per student would be involuntarily forced to send local tax revenues outside their districts, which the constitution currently prohibits. Local property taxes in these districts could rise as a result.

* This amendment would continue the state trend of depending more and more on the local property tax to fund public education in Texas, rather than drawing state education dollars from a statewide tax.

* In spite of the court threat to cut off state funding to Texas schools, the schools do not have to be permanently closed if this amendment does not pass. Rather, the legislature will have the opportunity to come up with an alternative plan during May.

* Sending additional money to public schools, as this amendment would provide, does not always translate into an improved quality education.

Amendment 2

Wording on the Ballot

The constitutional amendment exempting a school district from the obligation to comply with unfunded state educational mandates.

Explanation

Because public education is the responsibility of state government, the Texas Legislature creates many of the rules and regulations by which the schools are run. Legislatively imposed obligations on school districts can place additional tax burdens on these districts when the legislature does not provide state revenues to cover the cost of implementing its mandates. School districts sometimes find it necessary to raise property taxes and/or cut existing school programs in order to meet new mandates.

This proposition would prohibit educational mandates enacted after December 31, 1993 unless the state fully funds the obligations. Exceptions to the requirement of full funding by the state would be state mandates imposed in compliance with the state constitution or federal law or where the legislature has enacted the mandate by

a two-thirds vote of each house. The procedure for determining if an obligation is fully funded would be set by general law, but in the absence of such procedure, the state comptroller would make the determination.

Arguments For

MAY 1, 1993

* This proposal would result in fiscal accountability at the state level by prohibiting the legislature from placing educational obligations on local school districts after December 31, 1993, unless the legislature provides the state revenue to fund these new mandates.

* This amendment would prevent legislators from passing mandates that greatly increase costs to local districts.

Arguments Against

* This proposal could increase the likelihood that all educational reforms would be challenged, bringing new stalemates into the system.

* The proposition would reduce the state's ability to set standards and improve the quality of public education.

Amendment 3

Wording on the Ballot

The constitutional amendment authorizing the issuance of \$750 million in state general obligation or revenue bonds to assist school districts in partially financing facilities, authorizing the state to forgive payments of loans made to a school district for partially financing facilities, and repealing the authorization for \$750 million in state revenue bonds guaranteed by the permanent school fund.

Explanation

The state shares the costs of operating public schools in Texas with local school districts. Responsibility for providing school buildings and capital improvements however, rests solely on local districts, although some state assistance is provide. for debt service taxes levied by eligible districts. Property-poor school districts and those districts with rapidly expanding student populations can have difficulty providing adequate school facilities for their pupils. This lack of state assistance for facilities is a major issue in the current lawsuit.

In 1989 voters approved a constitutional amendment that provides for using the Permanent School Fund and its income to guarantee revenue bonds issued by the state for the purpose of aiding school districts. Partly because of restrictions in federal tax law, no bonds have been issued under the 1989 authorization.

This proposition would amend the constitution to allow state issuance of general obligation or revenue bonds in an amount up to \$750 million for the purpose of making loans to or purchasing the school construction bonds of local school districts. The amendment would allow the state to forgive payment of part or all of a loan made to a school district to partially finance a school building, and the amendment would continue to allow the use of the Permanent School Fund and its income to guarantee bonds issued by school districts.

Arguments For

* School children in Texas would be given a better opportunity to attend school in decent facilities through passage of this amendment. The proposition would allow the state to help financially strapped or fast-growing school districts with their building needs.

* State participation in equalizing funding for construction of school facilities could help resolve the current lawsuit.

Arguments Against

* The limitation of \$750 million in assistance would not go far in addressing current unmet facilities needs and in providing for expected student growth over the foreseeable future.

* The proposal would add to the state's debt burden.
