A view from
The
Lampighter

By Ken Towery

Is it possible? Is it possible that peace will suddenly begin to reign in the middle east, that the lamb will finally lay down with the lion?

In the world of middle east politics almost anything is possible. But a lasting peace between Jews and Palestinians, while possible, will be very difficult to achieve, and, in our own view, something less than probable.

When the euphoria of the moment is over, there will still be many problems, many problems that were there in the beginning and that have not been solved by the signing of the peace accord between Israelis and Palestinians. Any peace agreement, short of an abject surrender by one side or the other, involves certain exchanges. About the only real things that were exchanged in the historic signing on Monday, Sept. 13, were promises and signs of recognition, one for the other. That is a step, an important first step, but it will not, of itself, write a lasting peace. A lasting peace in that region is going to require some fundamental changes in the beliefs and attitudes of its inhabitants.

We do not believe the accord signed in Washington was the result of any such fundamental change in thinking, despite what euphoric pundits might now be proclaiming across the country. We believe the signing was the outgrowth of certain things that have happened elsewhere. The Soviet Union, thanks to the steadfastness of the American people and some previous Administrations (including the Carter Administration) that understood the stakes involved, finally collapsed as a military threat, making it unlikely that Soviet influence could be extended throughout the middle east. That one fact reduced the coin, fortunately, of both Israelis and Arabs throughout the region. The various militant Moslem groups could no longer count on backing from their own "big brother," who had been content to use them, just as he had used Cuba, to cause problems for the United States any place he could.

Then came the Iraq-Kuwait matter. By virtue of a great deal of skill, or luck, or something, the Bush Administration was able to rally a number of Arab states in opposition to Iraq. Some of those states had been financial backers of Arafat's Palestine Liberation Organization. Arafat made the mistake of backing Iraq. One result was that much of his financial backing was cut off from places like Saudi Arabia, leaving the PLO with many troops but without much bread.

With the PLO in a weakened position, with relations between the United States and various Arab states warming, the Israelis were bound to have seen that their own argument (that they had to be forever financially underwritten by the American government) would sooner or later come into question. Why, after all, should American taxpayers continue to pour billions of dollars into Israel in order to protect that state from some external threat if that threat no longer existed?

All things considered, the time was ripe for reasonably intelligent mid-east politicians to see the handwriting on the wall and come to some sort of terms. But our own view is that the recent development had more to do with money than it had to do with any fundamental change in the thinking of either the Israelis or Mr. Arafat. That view was reinforced when our Secretary of State noted, within hours of the announcement that an agreement had been reached between the parties, that a great deal more money would now be required to rebuild what has been destroyed in the "occupied" territories.

We all know where that money will come from. It will come from the same pockets that underwrote, unintentionally, the destruction in the first place. It will come, in large measure, from the American taxpayer.

Still, no matter what caused the recent development, we can be both thankful and hopeful. There is no real reason, outside religion, why the inhabitants of that region cannot live together in peace. Perhaps in time they will even come to understand that their religions ought not

Gates open today for county fair

LOCKNEY — The gates to the Floyd and Surrounding Counties Fair will open at 1:00 p.m. on Thursday and continue through Sunday afternoon at the fairgrounds located east of Lockney. The four day run will be filled with many events, both new and old. Admission is free.

Several events were finalized at the September 8th meeting of the fair board. To be added this year is a Senior Citizens Day. Seniors are invited to the fairgrounds on Friday between 9:00 - 4:00 p.m.

Available to the seniors will be a free lunch, free blood pressure checks, and free eye glass adjustment. Speakers will bring programs on Senior Aerobics, Safe and Secure, Hats Off To You and other topics which will be announced.

Also included will be musical entertainment, table games, goodie bags,

door prizes and refreshments.

Seniors are asked to bring along quilts and group scrapbooks to show. People's Choice Awards will be given.

Senior Day at the Fair is sponsored by the Women's Division of the Floydada Chamber of Commerce.

There will be 200 tickets for sale for the chuckwagon lunch on Sunday. The competition judging will begin at 11:30

a.m. and the lunch will be served at 12:00 noon. Tickets are \$5.00 per person and can be purchased at the fair office or from any of the board members. The menu will be brisket and beans.

The fair board would also like to announce that they will sponsor one child to go to the National Peddle Pullers Championship in Omaha, Nebraska on September 25. The name of the lucky child will be announced at the peddle pull on Friday.

Nellie Webb, parade chairman, would like to remind everyone that they must be registered and in place before they can be considered for judging in the parade. Children wishing to enter bicycles or costumes can pre-register at the elementary school on Friday. Anyone else wishing to pre-register can call Webb at 652-2524 and leave a message giving the name and type of entry.

The "Wall of Pride" will be dedicated immediately following the parade on Saturday at approximately 11:00 a.m. The ceremony will take place on the corner of Locust and Main Street.

The time for the trap shoot is listed incorrectly in the fair catalog as 10:00 a.m. on Saturday. The trap shoot will be held at 1:00 p.m. on Saturday east of the fair building.

The fair board will be giving away a television set with a built in VCR to a lucky person who makes a purchase at the "Old Time" auction. Sam Fortenberry Auctioneers will be donating their services on Thursday at 7:00 p.m. for the auction. Money raised will be used for fairground improvements.

Officers of the Floyd and Surrounding Counties Fair are Kyle Brock, president; Gregg Taylor, vice-president; Shawnda Foster, treasurer; Rise Ford, secretary; and Tammy Ray, reporter. Serving as directors are Pat Schwab, Lockney; Evelyn Carroll, Plainview; Yvonne Southerland, Plainview;

Richard Larsen, Plainview; David & Bettye Jackson, Lockney; Doug & Traci Bradley, Lockney; Christina Chesshir, Floydada; Chris Taylor, Lockney; Virginia Rogers, Plainview; David Ray, Lockney; Monty & Kim Teeter, Lockney; Jesse & Irene Garza, Lockney and Leroy Thompson, Lockney.

Chamber breakfast planned Sept. 24

The Floydada Chamber of Commerce will host their Annual Membership Appreciation Breakfast, September 24.

Chamber members are invited to the 7:00 a.m. wake-up breakfast at the Massie Activity Center.

Your elected board members will cook the mouth watering meal and entertainment will also be provided. There is no charge and all chamber members are invited to the meal.

The breakfast is being sponsored by The First National Bank of Floydada, The Floydada Branch of The First National Bank in Lockney and Bank of America.

BOUNTIFUL FALL HARVEST—Employees of Heptad Vegetable are surrounded by a maze of Indian corn waiting to be shucked and packed into Variety Packs of miniature pumpkins and gourds which will be shipped all over the United States. The colorful crop is just one sign of the changing season. Staff Photo

Commissioners nix new patrol car

By Juanita Stepp
Lack of a motion doomed Floyd County Sheriff Charles Overstreet's request for a new patrol car at the regular session of the Floyd County Commissioners Court on Monday, September 13. Overstreet met with the court to request that a new patrol car be purchased to replace the old car which blew an engine during a high speed chase two

weeks ago. After discussion, County Judge Bill Hardin asked if anyone wanted to make a motion to call for bids for a patrol car. No motion was forthcoming, and the issue died.

According to the sheriff, "The department has a total of six vehicles, including the one with the blown engine and more than 140,000 miles on it. The sixth, an old Buick, is used as a spare, but

has a slipping transmission and a lot of miles on it."

Overstreet noted that with himself and four deputies, there is no one without a reliable car. The estimated cost of repairing the blown engine as well as the transmission and front end on the disabled patrol car has been placed at \$4,000 to \$5,000 according to Overstreet. "I cannot see spending that much money on an old car and the old Buick would cost a lot to make road worthy," he said. "I think it would be more in the public interest to use the money toward purchase of a new vehicle."

Bearden stated, "The well is dry. Where do you see the money coming from? We have people coming in here now fussing at us for spending so much and raising taxes just to get by." He also questioned the advisability of becoming involved in high speed chases, saying, "With the radio communications and cellular telephones you have, you can call ahead and get someone stopped without that."

The sheriff responded that the department

Council raises taxes, adopts budget Single member districts explained to residents

LOCKNEY — Three Lockney residents appeared at a public hearing during a Lockney City Council meeting, Friday, September 10, to discuss the newly proposed single member districts. Council answered questions from the interested parties and then entered into a regular meeting in which the 1993-1994 budget was approved and taxes were raised 3%.

Jessie Garza, Ophelia Ortegon and Joe Luna appeared at the public hearing and listened to the new single member district plan explained by City Attorney Paul Lyle.

Lyle distributed a map of the districts

and told those present that the plan was still subject to approval by the Justice Department in Washington D.C.

Lyle explained that anyone living in the city limits can run to represent a specific precinct without having to live in that precinct, however to vote in a specific precinct you must live in that precinct.

Ophelia Ortegon asked Lyle if that specific rule defeated the purpose of having single member districts.

Lyle answered that, "The Justice Department felt it was important to have someone elected to represent a district,"

Second chance offered at making tiles for wall

Lisa Mosley has announced that there will be one more opportunity to make a tile for the Wall of Pride. The workday has been set for Sunday, Sept. 19, from 1-4 p.m. and from 7-9 p.m. in the art department which is located on the northwest corner of Lockney High School.

"So many people have told me that they wished they had made a tile for the wall that we have set one more workday," Mosley stated.

"We have space on the wall for approximately 300 additional tiles and we are inviting any families or new students who have not previously made a tile to come by on Sunday and make one," she continued.

These tiles will have to go through the

complete process and probably will not be installed on the wall until mid-October.

The dedication is scheduled for approximately 11:00 a.m. on Saturday, Sept. 18. It will take place immediately following the Floyd County Fair parade.

T-shirts with the Wall of Pride logo on them are still for sale and will be available at the dedication on Saturday.

The official picture that will be used in various publications around the state will be taken when the project is completely finished. Only those who have purchased a T-shirt will have their picture taken in front of the wall. The money raised from the sale of the T-shirts is being used to pay the expenses for the work in progress.

BRENDA CLAPPITT

Former resident named temporary chamber manager

By Mary Mayo
Texas Tech University
Journalism Student

Former Floydada resident Brenda Clappitt has returned to the area after 20 years to become temporary manager of the Floydada Chamber of Commerce.

Ms. Clappitt was born and raised in Floydada. Her parents, Julian and Joyce Lipham, are still members of the community.

She has three children, Tammy Farmer, 19, Danny 16, and Kristopher, 14.

As chamber manager her responsibilities include public relations, tourism and promotion of special events such as Punkin Day. Punkin Day is Floydada's version of a harvest celebration. It will be held on Oct. 30 this year.

Clappitt is excited about her return to Floydada.

She said, "I love it here. It's home. I'm not sure how long I will be chamber manager. The Board of Directors and I have agreed to wait until November before we make any permanent decisions."

Ms. Clappitt added that her main goal as chamber manager is to make sure that people know what Floydada has to offer.

'South Plains Profile' featuring Wall of Pride

KCBB, Channel 11, will feature the Wall of Pride during their South Plains Profile segment Thursday at 10:00 p.m. and again on Friday at 12:00 noon.

Don't forget to come show your pride at Lockney's Wall of Pride Dedication Ceremony, Saturday immediately following the parade.

Floydada ISD handles short September agenda

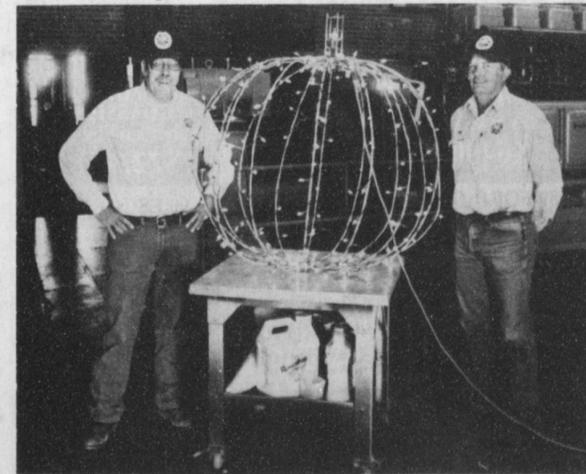

By Juanita Stepp
FLOYDADA — Staff development dates for the current school year were approved. All will be full day work sessions with no students in school. They will be scheduled for September 27 and December 6 in 1993. Days in 1994 will be February 24 and 25, March 28 and April 29.

Motion for approval of the staff development days was made by Don Hardy and seconded by Billy Joe Villarreal. Approval was by unanimous vote. The dates will be forwarded to state authorities for approval and issuance of the necessary waiver.

The board voted in favor of selling a tax title lot at 402 E. Grover to Letha Ledbetter. She has offered \$3,500.00 for the property legally described as Lot 7, Block 31. The offer specifies \$400.00 as down payment and the balance paid out in \$100.00 per month payments. Approval by the FSD board is tentative, pending approval by all taxing entities concerned with the property.

The board also approved a resolution authorizing board president Charlene Brown to sign the deed on a previous

BY THE WAY!

BY ALICE GILROY

By Alice Gilroy
My hat is off to KAMC-Channel 28 for their courageous decision not to air the controversial new program *NYPD Blue*.

The program is scheduled to air in most parts of the country on Tuesday, September 21, at 9:00 p.m. (8:00 p.m., our time).

KAMC joins 30 other ABC network affiliates across the country (including Dallas) who have decided not to air the program.

In a news release sent to this newspaper, Greg McAlister, president and general manager of KAMC, said, "Because of the partial nudity and inappropriate language in the pilot episode, this station cannot support the program during family viewing hours. We have made a concerted effort to improve our programming and make it more family oriented..."

"Other programming moves to reinforce this philosophy include the elimination of *Sally Jessy Raphael* and *Donahue* because of their questionable daytime content, and moving the reality based series *COPS* to a late night time period."

According to the news release, KAMC made an offer to ABC to run *NYPD Blue* in a more appropriate late night time period but ABC declined.

An entertainment columnist for the Lubbock AJ wrote in a Sunday column that he had reviewed the show and except for some nudity he had seen worse in soap operas and beer commercials.

I haven't seen the show, but I'm tired of people saying, "Well, I've seen worse!"

When does worse cease to be worse? Society keeps getting more and more accustomed to seeing violence and sex on TV and although it is getting worse and worse, it is sneaking up on us gradually.

We compare this cop show to another violent show instead of comparing it to

the Andy Griffith Show. That may be a slight exaggeration, but I hope you get my point.

Advocates of "freedom of speech" say—"Just turn off the TV if you don't want your children watching it."

I'm tired of that too. Just because I'm intelligent enough to know that this trash on TV affects my youngster's outlook on life doesn't mean that the next adult is smart enough or even cares what happens to his child's frame of mind.

Just because some families refuse to allow murderers and perverts into their living room through television doesn't mean that society is not being affected by the children of families that do allow them into their living room.

The values in society are being shaped and changed through television and our children are being affected whether they are allowed to watch it or not.

The A-J columnist also said that the producer of *NYPD Blue* has brought us some quality TV shows and he is now trying to be the first to open doors with this type of program.

I'm glad KAMC and other ABC affiliates closed the door in his face.

For the second year in a row we've printed the wrong time for the Trap Shoot on Saturday at the Floyd County Fair (it's not our fault!!!). It's listed wrong in the fair catalogue.

Anyway—the trap shoot starts at 1:00 p.m.—NOT 10:00 a.m.!

See you there.

By the way—our survey of what a group of Floydada folks will be called was not a big success. Not counting us at the paper—we only got four replies.

Three folks want to be called Floydadans and one person said he was proud to be a Floydadian.

So I guess our scientific survey proves that we were right. We'll stick with Floydadans.

be a roadblock to existing together in relative peace, to carrying on civilized trade and commerce between themselves.

That happens elsewhere around the world. For many years it was even the norm in the mid-east, including that region that now encompasses Israel. It was most assuredly the norm in many countries that were predominantly Moslem, but which had sizeable communities of Jews, and or Christians. The Moslems closed their shops on Friday, the Jews closed their shops on Saturday, and the Christians closed their shops on Sunday. It was simply understood. I have no way of knowing whether everyone was happy, but at least (as I saw it at the time) relative harmony prevailed.

All that changes, of course, when one side seeks to drive the other side out, to take over their land, their farms, their homes. At that point, understandably, passions arise. Most men will, after all, seek to defend their homes, their heri-

tage, their children's future.

So, no matter what the motives were in beginning the peace process, if it creates the atmosphere in which there can be a fundamental change in the thinking of the people in that unhappy region, we can all give thanks. A great many words and promises were exchanged in Washington. Wonderful, moving words. But the pudding is still to be tasted.

Commissioners nix new sheriff's patrol car

Continued From Page 1

ment did not ask for the phones, but appreciated the commissioners for putting them in. He added that these methods of communication were very helpful in dealing with such situations, but did not alleviate the need for maintaining surveillance of the perpetrator.

Bearden suggested that the deputies rotate cars to allow whoever was on duty to drive a car and leave the off duty officer without a car. Overstreet replied that officers are often called out to assist other officers in an emergency. This would not be possible if the off duty officer has no vehicle. He also stated that rotating cars would not save any money since it would mean doubling the miles put on a car and wearing it out more rapidly.

Another suggestion was that the officers use their personal vehicles to drive to work and then use a patrol car while on duty. Overstreet said that officers cannot afford the high insurance premiums they would have to pay since that would place their personal vehicle in a position where it might become involved in a law enforcement situation.

Overstreet reminded the court that his original budget request, submitted in May, for the fiscal year beginning October 1, 1993, had been for \$325,000.00 and included purchasing a new vehicle. He also noted that the budget for the sheriff's department which was included in the 1993-94 budget adopted by the court last month was placed at \$350,000.00 and made no provision for a new vehicle.

Judge Bill Hardin stated that he had struck the new vehicle from the budget and that he had calculated the sheriff's department financial needs based on the fact that the department has cost more to operate than allotted every year for the past several years. He added that he did not see how the department could function on less than \$350,000.00 for the next year considering the amount spent over budget in previous years.

Overstreet also spoke with the court concerning compensation he requested earlier this year for 21 days of vacation and holiday time he was not paid for during 1992. Precinct 2 Commissioner Floyd Jackson stated, "You were working for Fred (Sheriff Fred Cardinal) then and it should have been taken up with him."

Overstreet replied that Judge Hardin had told him not to make an issue of it before the first of the year. Hardin then said that he had advised Overstreet that after he took over as sheriff, he could take whatever time off he felt was coming to him as long as the department was adequately staffed. Overstreet indicated that this was not a practical way to handle it with the limited personnel of the department and that the monetary compensation should be paid instead.

Hardin called for a motion to author-

ize payment for the requested 21 days. None was made. Hardin asked Overstreet if he had any other comment and Overstreet replied that he thought someone else should be asked to look into the matter.

Other action concerning overtime pay for county employees was postponed until a later date. According to Judge Hardin, the various elected officials, who are not eligible for overtime pay, have the responsibility to keep overtime in their departments to a minimum. He also told the commissioners that the option exists to allow overtime pay at time and a half or to offer compensatory time off at the same rate during the period in which the overtime occurs.

Hardin stated that two work periods exist among county employees. The sheriff's department operates on a 28 day period during which employees may work 160 hours. Other county employees are on a time period from midnight Saturday to midnight Saturday and may work 40 hours during that time frame.

The commissioners told Hardin they would like to see the provisions for overtime and appropriate compensation written into the policy manual currently being revised before acting on the matter.

Commissioners authorized the judge to sign a reciprocal agreement between the county, the City of Floydada and the City of Lockney for mutual assistance between the various law enforcement agencies. Hardin will sign the agreement when the two cities have signed agreeing to the specified terms of the document. Motion for the approval came from Precinct 4 Commissioner Howard Bishop with a second by Precinct 3 Commissioner George Taylor. The vote was unanimously in favor.

Two representatives of the Texas Department of Health came before the court to request assistance in providing office space in Floyd County. The department now operates a preventive care services out of the Ralls field office, visiting Floydada on a monthly basis, but their donated office space is being sold. County officials asked that the ladies check on possible space available and the potential costs and report back to the court.

A split vote resulted after consideration of a contractual document provided by the state regarding the proposed paving of roadway beginning two miles north of South Plains. A motion by Taylor, seconded by Bearden authorized Judge Hardin to sign the agreement to furnish the right of way for the state construction. Voting against the motion was Jackson.

He stated that individuals in his precinct (#2) had purchased about \$45,000.00 worth of gravel for him to spread on county roads because the county could not afford it and because

the roads could not be paved. "I do not feel that it is fair to them if I vote to support paving a road in another part of the county," said Jackson.

Treasurer Glenna Orman gave her monthly report, stating that the county began the month of August with \$358,764.48 and took in \$125,001.51. Disbursements totaled \$218,673.62, leaving a balance of \$265,092.37 according to Orman. She also reported a \$130,000.00 certificate of deposit belonging to Precinct 3 and income to date from CD's of \$15,364.93.

The court took no action on transferring title to the radio signal repeaters located in Floyd County which relay radio signals for emergency medical services. More information will be sought before making a decision on the emergency service equipment.

Other items on the agenda included: ... Fees to be charged for serving legal warrants and papers by county officials were set at the same rate they have been for the past several years. Motion by Taylor, second by Jackson with all voting in favor.

... Meeting time for the court was renewed on an annual basis for the second Monday of each month. Approved on a motion by Bearden, seconded by Bishop.

... Election judges were appointed on the recommendation of County Clerk Margaret Collier. Motion by Bishop.

sale of tax title property to Tommy Collins. Motion for this was made by Lloyd and seconded by Hardy.

... Adrain Helms was reappointed as representative for FISD on the board of directors for the Appraisal District. He has been on the board since it's inception 13 years ago. Motion for the appointment was made by Hardy and seconded by Villarreal.

... Board members approved advertising for bids on a new pickup for the ag department. Specifications for the vehicle will be distributed and bids will be opened during the October regular session of the board.

... Nelda Ochoa was hired as a teachers aide for A.B. Duncan Elementary School on a motion by Lloyd, seconded by Hardy.

... Texas Association of School Board Policy Update #44 was approved by unanimous vote of the board on a motion from Steve Lloyd, seconded by Hardy.

... Payment of monthly bills was authorized on a motion by Mitch Probasco with a second by Hardy and all voting in favor.

... Minutes from the previous meet-

ings were read and approved as presented.

Attending the Tuesday evening session were superintendent Jerry Cannon, administrative assistant Jimmie Collins, board members Charlene Brown, Steve Lloyd, John Campbell, Don Hardy, Mitch Probasco, Trena Simpson and Billy Joe Villarreal, Joe Stepp and the Hesperian-Beacon reporter.

... Transferred \$35,000.00 from Road and Bridge fund to the precincts with Precinct 1 receiving \$5,000.00 and the other three getting \$10,000.00. Motion made by Bearden, seconded by Bishop and approved by unanimous vote.

... Approved voiding a farm work contract for Bill Thompson on a motion by Jackson with a second by Taylor.

... Accepted an easement from Lloyd L. Widener Jr. to allow the county to cut a ditch for drainage and flood control on his land. Motion by Jackson, second by Bearden with a unanimous vote in favor.

Contractors invited to Floydada Home Grant Program meeting

Any contractor or material supplier who would like to participate in the City of Floydada's Home Grant program is encouraged to attend a meeting at 7:30 p.m. Thursday night, Sept. 23, at the Floydada City Hall. At this meeting, the Home Grant regulations will be reviewed and applications for contractor approval will be gone over.

Floydada will be able to begin to file applications for assistance beginning in early October," said Floydada City Manager Gary Brown.

Funds from the Home Grant can be used to remodel a house in order to bring the house up to minimum property standards.

A public meeting for interested homeowners will be held at a later date.

MRS. MARCUS ALEXANDER MALLOY
(nee Amy Dawn Fuller)

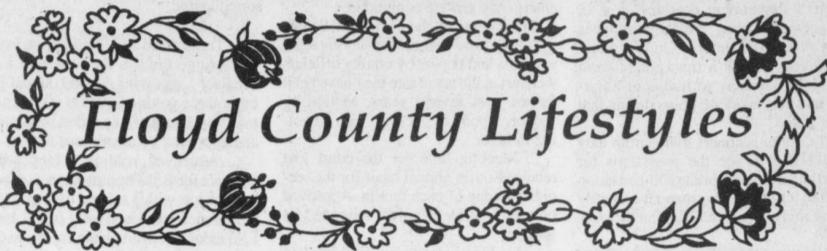

Double ring ceremony joins Fuller-Malloy

Amy Dawn Fuller and Marcus Alexander Malloy were united in marriage Sept. 4, 1993. The double ring ceremony was held at Little Chapel of Brookhollow at Lake Ranson Canyon. The Rev. Max Kennedy officiated. Parents of the bride are Mr. and Mrs. Bobby Norvell of Lubbock and Mr. and Mrs. Gary Fuller of Floydada. Grandparents are Mr. and Mrs. Morris Graham, formerly of Floydada and now residents of Lake Brownwood, Mrs. Wayne Fuller of Floydada, Tom Norvell of Hereford and Helen Norvell of Lubbock. Parents of the bridegroom are Mr. and Mrs. Rick Malloy of Longview. Grandparents are Mr. and Mrs. Dick Malloy of Tyler and Mrs. Marshall Meador of

Tyler. The chapel was decorated with floral arrangements of red and white silk roses and greenery. Melony Surratt presided at the registering table. Guests were seated by David Downey of Lubbock and John Cannon of Longview. Traditional processional and recessional music was played by Anthony Garcia. Tom Long presented vocal renditions of "I'll Still Be Loving You" and "Only God Could Love You More." Given in marriage by Bobby Norvell and Gary Fuller, the bride chose a dress of candlelight satin with a portrait collar. An appliqued lace motif served as focal point of front bodice and the back bodice was fashioned with a large satin bow

with bustle effect flowing into the chapel train. She wore pearls enhanced by a gold locket which had belonged to her great-great-grandmother, Lucy Bollman. Her veil was of candlelight tulle gathered at the crown with satin and silk roses and pearls. She carried a bouquet of candlelight roses accented with red rosebuds and English ivy. The groom was attired in a black full

dress tuxedo with wing tip shirt and black bow tie. His boutonniere was a white rosebud. Mathew Taylor of Humble was ring bearer. Best man was Tom Tutt of Longview and groomsmen were Matt Malloy of Longview. They were attired in identical double breasted tuxedos with wing tip shirts and red bow ties and boutonnieres. A reception was held on the balcony outside the chapel overlooking the canyon. A red and white canopy covered the serving area and greenery tied with red bows draped the banisters and railings. The bride's table was draped with a white cloth topped by a red cloth and held in place with white bows. The three tiered wedding cake was fashioned with a waterfall and stairway topped with a Precious Moments bride and groom. The groom's table was draped with a floor length red cloth and featured a chocolate cake topped with a Precious Moments car carrying a bride and groom. Serving at the reception tables were Diana Kersey, Kim Harmon, Melony Surratt, all of Lubbock, and Teresa Evans of Arlington. The bride, a graduate of Monterey High School, attended Texas Tech and is now attending the University of Texas at Tyler seeking her degree in Physical Therapy. The bridegroom graduated from Longview High School and Texas Tech and is currently a member of the coaching staff at Longview Independent School District. After a trip to Orlando, Florida, the couple will make their home in Longview. Pre-nuptial courtesies included a rehearsal dinner at the County Line Restaurant in Lubbock, hosted by the groom's parents. A pool and tool party was given for the groom in the home of Mr. and Mrs. Sid Tutt of Longview. A bridal shower was given in the home of Ms. Colleen and Sharon O'Neal of Lubbock and a bridal luncheon was hosted in the home of Mrs. Rick Malloy of Longview.

Marie Tardy celebrates 85th birthday

To celebrate her 85th birthday, Marie Tardy of Floydada received as her gift a 17-day tour of 10 European countries. Marie surprised the Globus Tour Group by not only keeping up, but being physically able to do more walking and sightseeing than some of the younger ones on the tour. On the final day the tour director announced that this 17 day tour was the "fastest paced" tour of the hundreds of tours Globus offers. A few of the highlights of the trip included a non stop flight from Dallas to London where she toured the Tower of London, saw the Crown Jewels, Big Ben, Parliament, and Westminster Abbey. After one night in London she was on her way to the continent by way of an overnight crossing of the North Sea by ship. After an early arrival at the port in Holland she was off to visit the Dutch Windmills where Marie climbed to the top of one of the windmills. While in Holland she observed the making of cheese and the making of wooden shoes. The day ended with a visit to a diamond factory. The next day luggage was out at 6:15, a quick cold breakfast, and she was on the road to Germany in a luxurious Mercedes Benz bus which would be her home on the road for the next two weeks. While in Germany she visited the spiraled Gothic Cathedral followed in the afternoon with a cruise on the Rhine River passing by many castle crested cliffs along the way. Also, the Heidelberg Castle and the Rhine River Falls were highlights of Germany. Lucerne, Switzerland was her next overnight stop where Marie had time for shopping for a Swiss made watch, then it was on the road again where she had an enjoyable lunch stop in the tiny principality of Liechtenstein. Innsbruck, Austria included a folklore party with yodeling, alphorn blowing, and scenery out of this world. Marie said she wished God could have allowed West Texas to have just one of the beautiful mountains and river streams. The tour arrived in Venice, Italy, to visit St. Mark's Square, the Clock Tower, and the 1000 year old gem-stud-

ded gold alter piece. It was exciting to tour the city of canals. There were boats, people, and pigeons everywhere. After another short night of rest it was on the road again to Rome, Italy. Along the way it was interesting to observe the different agricultural crops such as corn, grape vineyards on every available foot of land, tobacco, and sugar beets. While in the eternal city of Rome, Marie toured the Coliseum, St. Peter's Square, and Basilica, then toured the Vatican museums and the Sistene Chapel to view Michelangelo's great paintings on the ceiling. One of the evening excursions in Rome was to Tivoli for dinner and a tour of the Villa d'Este gardens and fountains. Next stop was Florence, Italy which was highlighted by the viewing of Michelangelo's "David" in the Gallery of Fine Arts. On the way to Nice, France on The French Riviera Marie stopped by the leaning Tower Of Pisa. No one is allowed close to it now because it has become a safety hazard. While in Nice the evening was spent touring the principality of Monaco, where Marie saw the palace of Prince Rainer and the late Princess Grace. A quick walk through Monte Carlo gave another view of the past and present casinos. The highlight of the Paris, France, stay was the ride up the Eiffel Tower.

Also a visit was made to Notre Dame and an excursion tour of the palace and gardens of Versailles. Marie found several culture shocks: Time differences, language barriers, money different in each country, trying to discover how to operate the door locks and flush the toilets, and the fast pace of the tour-bags out by 6:45 a.m. or earlier. Hurry to eat, hurry to buy souvenirs, even hurry to sleep. Accompanying Marie on her 85th birthday celebration tour were Dale and Nancy Tardy and LaNell Tardy.

Floydada Nursing Home Happenings

By Jo Bryant
Hi! How are you on this cold September day? Quite a surprise turning cold. Fall is in the air. Tuesday we all came back after our

Labor Day weekend. Some of the residents had family to visit or went home with them. Must say that Philip and I went to the West Polka Fest, 37,000 people there. Parade, folk dancing, food, polka music. We got to hear and see Myron Floran, who used to play the accordion on the Lawrence Welk show. We had fun.

Athena Study Club hosts Yearbook Party

By Denise Doucette
Athena Study Club met at the house of Mary L. McCarter on Tuesday, Sept. 7. Fifteen members were present at the annual "Yearbook Party." The yearbook committee were hostesses for a delicious spaghetti supper which was enjoyed by all. Mary L. McCarter, president, called the meeting to order and roll call was taken. Discussions were held regarding "Old Fashion Saturday" and the upcoming Floyd and Surrounding Counties Fair. Final preparation plans were discussed regarding our ice cream booth and our float for the parade scheduled for Saturday. It was decided that we will also be selling our wooden "Lockney School Houses" at our ice cream booth all during the fair. Members present at the meeting were: Tanya Covington, Denise Doucette, Shirley Hardin, Linda Heard, Dorothy Hooten, Vida Hrbacek, Bettye Jackson, Gayle Jackson, Linda Kidd, Mary McCarter, Barbara Mathis, Donnie Meriwether, D'Linda Mullins, Leslie Patterson and Gayle Reay. The next regular meeting will be at Barbara Cawley's home on Oct. 12.

Tuesday, the ladies from the Companions 'n' Caring came and had their monthly meeting at 2 p.m. in the dining room. Leona Neff called the meeting to order. Jo Bryant opened with a prayer. Shirley Varner read the minutes and Ola Smith gave the treasurer's report. They discussed and will help serve ice cream cones on the 21st and assist with the pie social on Thursday, 30th, at 6:00 p.m.

Wednesday was room visits and at 2:30 was Bingo. Lennie Willis had the first Bingo. Mary Alice Davis and Ray Beaty assisted the residents.

Thursday was sing-a-long. Coffee, juice and cookies were served. At 2:00 p.m. the residents painted ceramics. These were Kermit Glover, Knox James, Bernice Robison, Jennelda Fulton, Lennie Willis. Ray Beaty assisted also with the ceramic painting.

Friday Joyce Lipham played the piano and Julianne Cornelius gave the devotion. She sang a special song, "Born Again." Joyce closed with a prayer. On to Plainview on the bus ride. We want to welcome our new residents, Johnnie Terrell, Lula Ophelia Sanders, Merle Reed and Genoveba Juarez.

Thought: "Love is like fine china. Handle it carefully, and it will give you pleasure for many years."

1990 Study Club begins new year

By Tracy Campbell

On Sept. 8, at Lighthouse Electric Cooperative, Inc., the 1990 Study Club began its new year. Denise Holcombe, president, opened the meeting welcoming members and special guest Cyndi Williams of Williams Florist, who presented a program on football mums.

Mrs. Williams brought a variety of mums and garters with different decorative pieces and gave us a background on the tradition of football mums. All members enjoyed the program and appreciate Mrs. Williams taking time to be with our club.

Denise then recognized other special guests including Deedie Covington, Whitley Beedy, Sarah Sanders and McCrae McCormick.

After roll call, called by Tracy Campbell, secretary, with members answering to what their favorite thing about club is and the introduction of new members, Denise presented past president Sandra Schwertner with a gift from the club. The gift was a serving dish with an accompanying card saying "You served us well."

Vice President Jan Beedy read the minutes from the last meeting and went over the rules and regulations of the chapter. Betty Ann Fortenberry, treasurer, gave a report on the clubs income and mentioned that dues are to be paid as soon as possible. Dues were originally \$20.00 but a motion was made by member Dara Ware and seconded by Jeanine Helms to lower them to \$15.00.

Deanna Logan, Sunshine Girl, read "Thank You" notes from Gayla Marble for presenting her a stethoscope for being accepted to nursing school, and from Mary Sanders and Kelly McCormick for baby gifts. Sheresse Covington read a thank you note from the PIP Organization for the donation our club made to them. Deanna also read a note from member Traci Helms asking for a leave of absence since she is now attending medical school at Texas Tech University.

A gift certificate was presented to Mary Sanders in exchange for meals she would not take when Sarah was born, and a pair of pink Weeboks were presented to Jan and Whitley Beedy before the September birthdays and anniversaries were recognized.

President Denise took over again and the club discussed unfinished business including the cake walk we will be sponsoring at Punkin Days. Special guest Deedie Covington was introduced to

Ann Fortenberry, Jeanine Helms, Denise Holcombe, Kayla Johnson, Holly Lee, Angie Lipham, Deanna Logan, Delinda Lucke, Gayla Marble, Kelly McCormick, Mary Sanders, Sandra Schwertner, Mendy Sherbet, Janet Thornton, and Dara Ware. Those new members present included Connie Hurt, speak to us about the Santa in December program the Ladies Chamber of Commerce is sponsoring. The Chamber needs help to promote business in Floydada and the club voted to take the project of taking pictures with Santa the evening of Dec. 3. Sheresse Covington moved we organize a committee to handle the project and Kelly McCormick seconded the motion.

The club then heard committee reports from Yearbook, given by Kelly McCormick, and from Scrapbook, given by Sheresse Covington, which presented past president Sandra Schwertner with a scrapbook filled with pictures from events during 1992-93 year.

New business included the telephone pyramid which is the new calling system we will be using. Each of the officers has a list of members they will call every time there is something we need to know. The lists are as follows: Denise - Jan Beedy, Betty Ann Fortenberry, Deanna Logan and Tracy Campbell; Jan - Mary Sanders, Angie Lipham, Holly Lee, Regina Smith and Connie Hurt; Betty Ann - Janet Thornton, Sandra Schwertner, Kayla Johnson, Sheresse Covington and Robin Bowden; Deanna - Mendy Sherbet, Gayla Marble, Jeanine Helms, Shelley Smith and Tammy McDonough; Tracy - Dara Ware, Kelly McCormick, Delinda Lucke, Libby Campbell and Stephanie Shortess.

Other new business included discussion and a motion to make a donation to Miss Floyd County for a college scholarship, a Halloween Costume Contest for children attending Duncan Elementary School, and discussion for members signing up to serve on one of the six standing committees (Yearbook, Service, Social, Old Settlers, Old Settlers Dance, and Scrapbook.) If members have not signed up to be on a committee you need to do so by contacting Denise.

Our club is also having a Campbells Soup Label Drive for the Duncan Dusters and our goal is 1000 so let's all pitch in and meet that goal. Secret Sisters were revealed and new sisters were drawn for the upcoming year so everybody needs to remember those special dates and let your sister know you care.

The meeting was then adjourned and all present enjoyed a salad supper brought by the members and dessert brought by officers.

Those members present were: Jan Beedy, Libby Campbell, Tracy Campbell, Sheresse Covington, Betty

Ann Fortenberry, Jeanine Helms, Denise Holcombe, Kayla Johnson, Holly Lee, Angie Lipham, Deanna Logan, Delinda Lucke, Gayla Marble, Kelly McCormick, Mary Sanders, Sandra Schwertner, Mendy Sherbet, Janet Thornton, and Dara Ware. Those new members present included Connie Hurt,

Tammy McDonough, Stephanie Shortess and Regina Smith.

The next 1990 Study Club meeting will be on Oct. 13 in the home of Betty Ann Fortenberry with Delinda Lucke helping as hostess. The program will be a hat style show presented by Virginia Taylor of South Plains.

Sudan High plans homecoming

The 41st annual Homecoming of all exes of Sudan High School will be Saturday, Oct. 9, in the Sudan school cafeteria.

Registration will begin at 6:00 p.m. and dinner will be served at 7:00 p.m. The cost of registration and dinner will

be \$7.50 per person. RSVP by Oct. 1 if you will be attending the dinner.

The classes to be honored will be 1923, 1933, 1943, 1953, 1963, 1973, 1983, and 1993.

The Sudan Hornets football team will play the Farwell Steers on Friday, Oct. 8, at 7:30 p.m.

This reunion is not just for those who graduated from Sudan High School, it is for all who either attended or taught at Sudan between the years of 1923 and 1993.

Over the years, the reunion committee has lost touch with so many who walked the halls in Sudan.

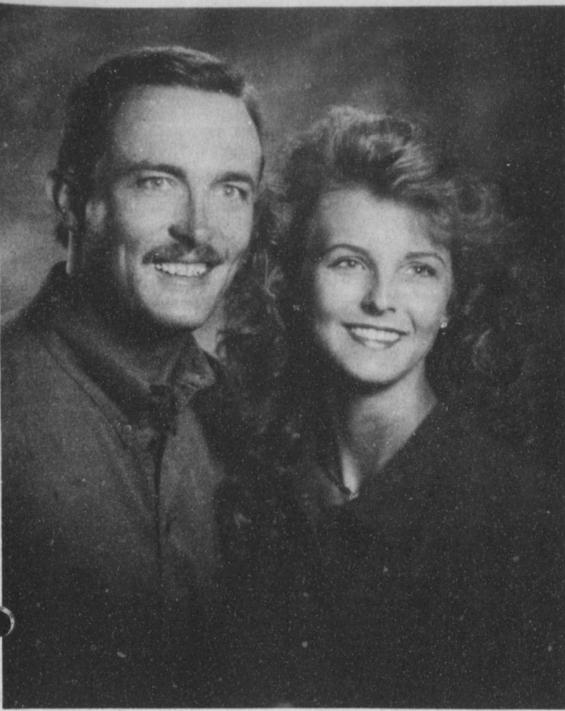

The committee asks ex-students and teachers to write or call and let them know if you will be attending. Even if you are unable to attend this year, please send your address so that you may be notified of next year's reunion.

Mail your name and address to: Mrs. Genevieve Kerr, P.O. Box 517, Sudan, TX 79371; or call 806-227-2165.

Gray's observe 70th anniversary

Cecil and Lovene Gray celebrated their 70th wedding anniversary with their daughters, Mona Dennison, JoAnn Mack and husband, Bill, all of Albuquerque, N.M. They also have five grandchildren and two great-grandsons.

They were married in Floydada on Sept. 12, 1923 and farmed in the Dougherty Community until Jan. 1933 when they moved to New Mexico. They still reside on their ranch east of Magdalena.

COUPLE TO MARRY—Paul and Margie Gore of Dalhart are proud to announce the engagement and upcoming marriage of their daughter, Dana Arent, to Troy Don Faulkenberry, son of Don and Shelia Faulkenberry of Floydada. The couple plans a Friday, Nov. 5, wedding at Indiana Avenue Baptist Church in Lubbock. The bride is a 1987 graduate of Dalhart High School and manager of Bridal Boutique in Lubbock. The bridegroom is a 1987 graduate of Floydada High School and owner of Lawn Pro Landscaping in Lubbock.

Senior Citizen Rockins'

By Gene Newton

There were 80 present at the Thursday night supper. We had a delicious meal. We want to thank the entertainers from the Methodist Church, Lucy Dean Record, Bro. Tommie and Susan Beck, Jewel Thompson, Hazel Johnson, Lena Hawkins, Eleanor Schacht, Eddie Douglas and Bro. Jude and Marie Strickland.

Bro. Tommie Beck sang a special, "One Day At A Time". Every song that was sung was beautiful and from the heart.

The new room on our building is progressing right on time. We are still stretching our money. If you would like to help your organization toward the building please drop in and contact the president or the secretary. The more money we have the more extra things we can add. It will be so nice when we get it complete, I can hardly wait.

We have some members who are not well. Bill Thomas is in the Veterans Hospital at Amarillo. Bill, our prayers are with you. The quilt is so pretty, it is

almost quilted. We can hardly wait to see it hanging on the wall.

The 16th will be pot luck. We have some real cooks in our organization. If you don't believe it drop in some Thursday night and eat with us.

If you are 55 or older you can become a member and we would be glad to have you.

MENU Sept. 20-24

Monday: Swiss steak, mashed potatoes, English pea salad, carrot sticks, banana pudding, rolls.

Tuesday: Chicken and dumplings, green beans, jello fruit salad, pound cake, biscuits.

Wednesday: Chicken fried steak, gravy, mashed potatoes, buttered squash, tossed salad, cherry cobbler, rolls.

Thursday: Oven fried chicken, lima beans and corn, cheesed rice, fruit cocktail jello, cookie bars, biscuits.

Friday: Salmon croquettes, oven fried potatoes, baked beans, coleslaw, peach cobbler, cornbread.

Systematic Training for Effective Parenting classes offered for parents

by Melissa Long

Systematic Training for Effective Parenting is a video series with discussion group for parents that is set to begin on Monday, October 4, at the County Extension Office meeting room.

The classes will be offered during the noon hour on Mondays and repeated again at 7:00 p.m. on Mondays. STEP Teen is a series of 10 sessions for parents of teens focusing on building positive parent/teen relationships, challenges faced by teens, emotions of teens and

parents, encouragement—the key to self esteem, effective listening skills, expressing feelings, logical consequences in building responsible teenagers, discipline, family meetings and special challenges.

The STEP Teen series is sponsored by the Floyd County Home Economics Committee along with the Texas Agriculture Extension Service. To register or for more information, call 983-2806 or come by the Floyd County Extension Service.

Cone plans reunion Oct. 9

The Cone Reunion will be held on October 9, 1993. This includes former school students, church members of the various churches, and just residents and former residents. It will all take place at the Primitive Baptist Foundation Building which is the old CONE school building.

Things will begin around 9 a.m. and will last until 7 p.m. There will be a brisket dinner, but we would ask those who live close enough to please bring a salad and/or desert. A donation will be taken for the meal and for other expenses incurred for this very special occasion.

Personal invitations are NOT being mailed. The Reunion Committee is depending on word-of-mouth to get this news out. Invite anyone you think would be interested. If you have friends and/or relatives that you think would like to be a part of the day's activities, please contact them. A large crowd would be wonderful!!!

There are RV hook-ups on the Foundation grounds that are available on a first come first serve basis and the fee is a donation. There are also motels available in Floydada and Crosbyton and also a Bed and Breakfast in Crosbyton and Floydada.

Floyd County Child Welfare Board meets in Floydada September 7th

By Karen Lawson

The Floyd County Child Welfare Board met Tuesday, Sept. 7. The following board members were present: Kay Martin, Lesca Durham, Charlanne Burson, Kay Tinney, Karen Lawson and Bill Gardner of Plainview.

Lesca and Charlanne will set up an educational booth at the County Fair on Sept. 16, 17, 18 and 19. All of the 14 foster children are doing well at the present time. The board approved clothing purchases for each child for the coming school year. We received one request for approval of graduation expenses; board members approved this request.

Gardner gave the August financial

report.

The Regional Council will meet Thursday, Sept. 23, at 6:30 p.m. at the Sirloin Stockade in Lubbock. This will be a planning meeting for the upcoming year. Also coming up is a training/re-treat on Saturday, Oct. 23, from 10 a.m. to 3 p.m. in Lubbock.

Please check with Gladys Jones for further details for these events.

Several members enjoyed a salad supper last month at Gladys' home. It was a pleasant evening of fellowship.

The next regular board meeting will be in November.

Martinez takes 1st place in football contest

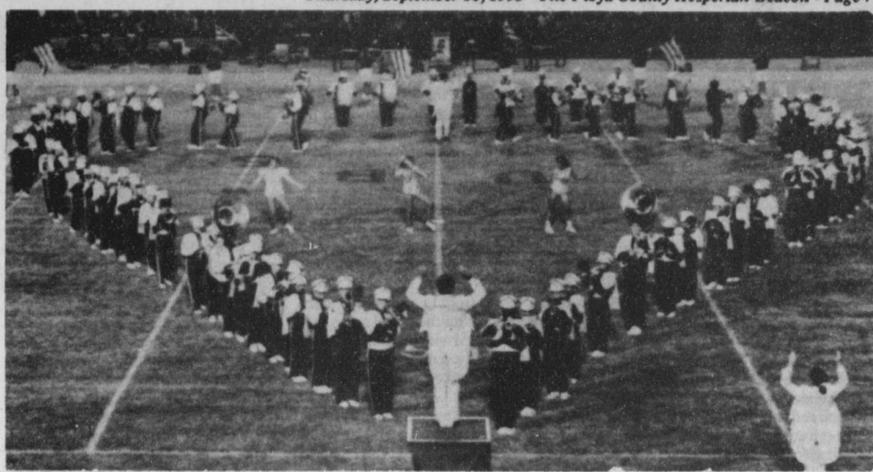

By Juanita Stepp
 Juan P. Martinez of Floydada earned the first prize check for the second week of the annual Floyd County Hesperian-Beacon Football Contest. He missed six games on the weekly contest and will receive a check in the amount of \$25.00 for his efforts.
 Three entrants missed seven games on the contest this week. The tie-breaker scoring was used to determine second and third place winners.
 Keith Marricle, Deneen Marricle and Rodney Ferguson, all of Floydada, each missed seven. Both Marricle entries selected Brownfield as the winner in the Floydada vs Brownfield match-up. Ferguson placed his faith in Floydada to earn the second place prize check of \$15.00.
 The second place winner for last week, Keith emerged with the third place prize for this week and will receive a check for \$10.00 for third place on Friday. He guessed a 20 point total score on the Floydada-Brownfield game, only one point over the actual combined score of 19. Deneen rates an honorable mention, falling just 16 points from earning third place. Her tie-breaker score guess was 35.

Honorable mention also goes to Mike Reeves and Doyle Moore, both of Floydada, who missed 8 on the contest. Missing nine were Jack Yeary, Carson Johnson and Boyd Lee of Lockney. Glenda Wilson and Dwayne Wilson of Floydada also missed 9. Nine other entries moved into double digit misses, incorrectly choosing 10 of the game winners. All other entries missed eleven or more on the weekly contest.

CONTEST RULES
 Anyone above the age of seven is eligible to submit an entry except employees of this newspaper and their immediate families living in the same household.
 No mail entries will be accepted. All entries must be submitted on the official entry form printed on the Football Contest page each week. All entries must be taken to the Hesperian-Beacon Office, either at 102 W. Bryant in Lockney or 111 E. Missouri in Floydada. Each entry must be in the office no later than 5:00 p.m. on Friday of each week.
 The contest is simple to enter. Clip out the entry form and circle the number of the team you think will win in each of

the games listed in the footballs on the page. If you decide two teams will tie, circle both numbers. Select a winner in each of the two tie-breaker games and write your guess of the total combined points of the two teams in the football. If a tie occurs in which a winner cannot be determined by using the two tie-breaker games, the prize will be shared by those tying.
 Readers are reminded that entries are limited to one entry per week per person. Weekly winners are limited to one per household per week.
 The contest entries will be graded each Monday following the weekend games. Results will be announced in the next issue of this newspaper and checks for prize money may be picked up at the appropriate Hesperian-Beacon Office, either in Floydada or Lockney, on Friday.

SPONSORS
 Contest sponsors are again making the contest and the prize money possible. Shopping with these sponsor businesses will let them know you appreciate their sponsorship of the local contest.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 2, 1993

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would authorize the Texas Legislature to provide for the issuance of bonds for the state financing of start-up costs for historically underutilized businesses. The amendment provides that the legislature by law may establish a Texas historically underutilized business capital growth and start-up fund. The money in the fund may be used without further appropriation and only for a program established by the legislature to aid in the start-up costs of a historically underutilized business, as defined by the legislature. To carry out the program, the legislature may issue up to \$50 million of general obligation bonds to provide funding. The legislature may require review and approval of the issuance of bonds, the use of the bond proceeds, or of the rules adopted by an agency to govern use of the bond proceeds. Bonds authorized by the amendment constitute a general obligation of the state.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment authorizing the legislature to provide for the issuance of \$50 million of general obligation bonds for the recovery and further development of the state's economy and for increasing job opportunities and other benefits for Texas residents through state financing of the start-up costs of historically underutilized businesses."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment authorizing the legislature, by general law, to exempt from ad valorem taxation all or part of real and personal property used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by any environmental protection agency of the United States, Texas, or a political subdivision of this state for the prevention, monitoring, control, or reduction of air, water, or land pollution. The amendment applies to real and personal property used as a facility, device, or method for the control of air, water, or land pollution that would otherwise be taxable for the first time on or after January 1, 1994. The amendment does not authorize the exemption from ad valorem taxation of real or personal property that was subject to a tax abatement agreement executed before January 1, 1994.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment to promote the reduction of pollution and to encourage the preservation of jobs by authorizing the exemption from ad valorem taxation of real and personal property used for the control of air, water, or land pollution."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 3 proposes a constitutional amendment to clear land titles in which the State of Texas relinquishes and releases any claim of sovereign ownership or title to an undivided one-third interest in and to the lands and minerals within the Shelby, Frazier, and McCormick League (now located in Fort Bend and Austin counties) arising out of the interest in that league originally granted under the Mexican Colonization Law of 1823 to John McCormick on or about July 24, 1824, and subsequently voided by the governing body of Austin's Original Colony on or about December 15, 1890. Title to such interest in the lands and minerals is confirmed to the owners of the remaining interests in such lands and minerals.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment providing for the clearing of land titles by the release of a state claim in a fractional interest, arising out of the voiding of an interest under a Mexican land grant, to the owners of certain property in Fort Bend and Austin counties."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 49 proposes a constitutional amendment that would prohibit a state personal income tax without voter approval and would dedicate the proceeds of any income tax, if enacted, to property tax relief and education. The amendment provides that a general law enacted by the legislature that imposes a tax on the net incomes of natural persons, including a person's share of partnership and unincorporated association income, must provide that the portion of the law imposing the tax not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of imposing the tax. The referendum must specify the rate of the tax that will apply to taxable income.

The amendment also provides that a general law enacted by the legislature that increases the rate of the tax, or changes the tax in a manner that results in an increase in the combined income tax liability of all persons subject to the tax, may not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of increasing the income tax. The referendum must specify the manner in which the proposed law would increase the combined tax liability of all persons subject to the tax. The legislature may repeal, or amend without increasing, a tax approved by the voters without submitting the amendment or the repeal to the voters. If the legislature repeals a tax approved by the voters, the legislature may only reenact the tax without voter approval if the effective date of the reenactment of the tax is within one year of the effective date of the repeal of the tax.

The amendment also provides that, in the first year in which an income tax is imposed, and during the first year of any increase in the tax, not less than two-thirds of all net revenues from the tax shall be used to reduce the rate of ad valorem maintenance and operation taxes levied for the support of primary and secondary education. In subsequent years, not less than two-thirds of all net revenues from the tax shall be used to continue such ad valorem tax relief. The net revenues of the tax remaining after the dedication of money for reduction of ad valorem maintenance and operation taxes shall be used for support of education. The maximum rate at which a school district may impose ad valorem maintenance and operation taxes is reduced by an amount equal to one cent per \$100 valuation for each one cent per \$100 valuation that the school district's ad valorem maintenance and operation tax is reduced by the minimum amount of money dedicated under the amendment, provided that a school district may subsequently increase the maximum ad valorem maintenance and operation tax rate if the increased maximum rate is approved by a majority of the voters of the school district voting at an election called and held for that purpose. The portions of the amendment relating to dedicating tax revenues to reduce the rate of ad valorem maintenance and operation taxes apply on or after the first January 1 after the date on which an income tax takes effect, except that if the income tax begins to apply on a January 1, the amendment applies to ad valorem maintenance and operation taxes levied on or after that date.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment prohibiting a personal income tax without voter approval and, if an income tax is enacted, dedicating the revenue to education and limiting the rate of local school taxes."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 18 proposes a constitutional amendment that would authorize the legislature to prescribe the qualifications of sheriffs. Currently, the constitution authorizes the legislature to prescribe the duties, perquisites, and fees of office, but not the qualifications for the office of sheriff.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment to allow the legislature to prescribe the qualifications of sheriffs."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 21 proposes a constitutional amendment that would abolish the office of county surveyor in Jackson County. The amendment also provides for the powers, duties, and functions of the county surveyor to be transferred to the county officer designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment abolishing the office of county surveyor in Jackson County."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 57 proposes a constitutional amendment that repeals article XII, section 6, of the Texas Constitution, which currently provides that no corporation shall issue stock or bonds except for money paid, labor done, or property actually received, and that all fictitious increase of stock or indebtedness shall be void.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment repealing certain restrictions on the ability of corporations to raise capital."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment that would authorize the commissioners court of McLennan County to call an election to abolish the office of county surveyor. The office of county surveyor will be abolished if a majority of the qualified voters of McLennan County voting on the question favor the abolition. If the office of county surveyor is abolished, the amendment requires the maps, field notes, and other records in the custody of the county surveyor to be transferred to the county clerk of McLennan County. After abolition, the amendment also grants the commissioners court of McLennan County the authority to employ or contract with a qualified person to perform any of the functions that would have been performed by the county surveyor if the office had not been abolished.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment to abolish the office of county surveyor in McLennan County."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 19 proposes an amendment to article VIII, section 13 of the Texas Constitution that would modify the provisions for the redemption of real property sold at a tax sale. The amendment deletes current language in article VIII, section 13 that allows the legislature to provide for the sale of property without trial to pay for delinquent taxes. It also states that the deed to the new owner vests a good and perfect title subject only to redemption as set out in this amendment or impeachment for fraud. Language is added limiting application of the current two-year redemption period to former owners of residence homesteads and land designated for agricultural use sold for unpaid taxes. When property is sold as the result of a suit to enforce collection of unpaid taxes, the amendment would allow the legislature to limit redemption to property used as a residence homestead or designated for agricultural use at the time the suit was filed. The amendment creates a second type of redemption for former owners of real property when property is neither a residence homestead, nor designated for agricultural use. These owners would have a six-month period in which to redeem their property by paying the amount of money paid for the property, including the Tax Deed Recording Fee, all taxes, penalties, interest, and costs paid plus an amount not exceeding 25 percent of the aggregate total. The amendment applies to redemption of properties sold at a tax sale for which the purchaser's deed is filed on or after January 1, 1994. For redemption of properties sold at a tax sale for which the purchaser's deed was filed before January 1, 1994, the former law is applicable and remains in effect.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment to modify the provisions for the redemption of real property sold at a tax sale."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that adds a

new section 49-b-2 to article III of the Texas Constitution. This new section provides that, in addition to the general obligation bonds authorized to be issued and sold by the Veterans' Land Board (the "Board") by sections 49-b (950 million) and 49-b-1 (\$1.3 billion) of article III, the board may provide for, issue, and sell general obligation bonds of the state in an amount not to exceed \$750 million to provide financing to Texas veterans. \$250 million of the bonds authorized by this new section shall be used to augment the Veterans' Land Fund (the "Land Fund"). The Land Fund shall be used by the Board to purchase lands situated in Texas owned by the United States government, an agency of the United States government, the State of Texas, a political subdivision or agency of the State of Texas, or a person, firm, or corporation. The lands shall be sold to veterans in quantities, on terms, at prices, and at fixed, variable, floating, or other rates of interest determined by the Board. Lands in the Land Fund that are offered for sale to veterans and that are not sold may be sold or resold to the purchasers in quantities, terms, prices, and rates of interest determined by the Board.

New section 49-b-2 creates the Veterans' Housing Assistance Fund II (the "Housing Fund II"), and \$500 million of the general obligation bonds authorized by the section shall be used for the Housing Fund II. The Housing Fund II is a separate and distinct fund from the Veterans' Housing Assistance Fund (the "Housing Fund") established under section 49-b-1 of article III. Money in the Housing Fund II shall be administered by the Board and shall be used to make home mortgage loans to veterans for housing within this state in quantities, on terms, at fixed, variable, floating, or other rates of interest determined by the Board. The principal of, and interest on, the general obligation bonds authorized by this section for the benefit of the Housing Fund II shall be paid out of the money of the Housing Fund II. The principal of, and interest on, the general obligation bonds authorized by section 49-b-1 of article III for the benefit of the Housing Fund, if there is not enough money in the Land Fund, the Housing Fund, or the Housing Fund II, as the case may be, available to pay the principal of, and interest on, the general obligation bonds authorized by this section or by sections 49-b or 49-b-1 of article III, there is appropriated out of the first money coming into the treasury in each fiscal year an amount that is sufficient to pay the principal of, and interest on, the general obligation bonds that mature or become due during that fiscal year.

If the Board determines that assets from the Land Fund, the Housing Fund, or the Housing Fund II are not required for purposes of the fund, the Board may transfer the assets to another of those funds or use the assets to secure revenue bonds issued by the Board. The revenue bonds shall be special obligations of the Board and payable only from and secured by receipts of the funds, assets transferred from the funds, and other revenues as determined by the Board and shall not constitute indebtedness of the State of Texas or the Board. The Board may issue revenue bonds from time to time, which bonds may not exceed an aggregate principal amount that the Board determines can be fully retired from the receipts of the funds. The revenue bonds shall be sold in forms, denominations, and in installments, and bear a rate or rates of interest as the Board determines.

The general obligation bonds authorized to be issued by the Board by this section or by sections 49-b and 49-b-1 of article III shall be issued and sold in forms and denominations, on terms, at times, in the manner, at places, in installments, and shall bear a rate or rates of interest as the Board determines. The bonds shall be incontestable after execution by the Board, approval by the Attorney General of Texas, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment authorizing issuance of \$750 million in general obligation bonds to augment the Veterans' Land Fund and the Veterans' Housing Assistance Fund and to fund the Veterans' Housing Assistance Fund II."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 31 proposes a constitutional amendment relating to the duties of trustees of local retirement systems which provide retirement and related disability and death benefits for public officers and employees and that do not belong to a statewide retirement system. The amendment provides that the

board of trustees of such a system shall (1) administer the system of benefits; (2) hold the assets of the system for the exclusive purposes of providing benefits to participants and their beneficiaries and defraying reasonable expenses of administering the system; and (3) select legal counsel and an actuary and adopt sound actuarial assumptions to be used by the system.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment providing that the trustees of a local public pension system must administer the system for the benefit of the system's participants and beneficiaries."

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 23 proposes a constitutional amendment providing that any person accused of a violent or sexual offense committed while under the supervision of a criminal justice agency of this state or a political subdivision of this state for a prior felony may, after a hearing and evidence substantially showing the guilt of the accused, be denied bail pending trial. If the accused is not, however, accorded a trial within 60 days from the time of his incarceration upon the accusation or indictment, the order denying bail shall be set aside unless a continuance is obtained upon the request of the accused. In the amendment, the term "violent offense" means murder, aggravated assault if a deadly weapon was used or exhibited during the commission of the assault, aggravated kidnapping, or aggravated robbery. The term "sexual offense" means aggravated sexual assault, sexual assault, or indecency with a child.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment permitting the denial of bail to certain persons charged with certain violent or sexual offenses committed while under the supervision of a criminal justice agency of the state or a political subdivision of the state."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that amends article VII, section 17(a), of the Texas Constitution to provide that, of the \$100 million currently appropriated by that section for the use of public institutions of higher education during each fiscal year, those institutions may also utilize this money to pay for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. For the five-year period beginning on September 1, 2000, and for each five-year period thereafter, the legislature, during a regular session that is nearest, but preceding, a five-year period may, by a two-thirds vote of the membership of each house, increase the amount of the \$100 million constitutional appropriation for the five-year period. The amendment also reflects name changes that have been made to some of the institutions of higher education for which such funding is available. The amendment adds the Texas State Technical College System to those institutions eligible to receive such funding, but limits its allocation of the annual appropriation to 2.2 percent of the total appropriation each fiscal year. The amendment also provides that each governing board authorized to participate in the distribution of money under article III, section 17, may also issue bonds and notes for the purposes of refunding bonds or notes issued under that section or prior law for the purposes of acquiring capital equipment, library books and library materials, paying for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. The amendment deletes language in article III, section 17, which authorizes the legislature to designate a single agency to issue such bonds or notes in lieu of the governing bodies, and to transfer to that agency the authority to collect and pledge money to the payment of such bonds and notes as directed by the governing body of each eligible institution. Funds appropriated under article III, section 17, may not be used for the purpose of constructing, equipping, repairing, or rehabilitating buildings or other permanent im-

provements that are to be used only for student housing, intercollegiate athletics, or auxiliary enterprises.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment relating to the amount and expenditure of certain constitutionally dedicated funding for public institutions of higher education."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 45 proposes a constitutional amendment that adds a new subsection (e) to article III, section 49-h, of the Texas Constitution. The new subsection provides that, in addition to the amounts authorized by subsections (a) (\$500 million), (c) (\$400 million), and (d) (\$1.1 billion) of section 49-h, the legislature may authorize the issuance of up to \$1 billion in general obligation bonds and may use the proceeds of the bonds for acquiring, constructing, or equipping new corrections institutions, including youth corrections institutions, and mental health and mental retardation institutions and for major repair or renovation of existing facilities of those corrections and mental health and mental retardation facilities. The amendment also provides that the provisions of subsection (a) of section 49-h, relating to the review and approval of bonds, and the provisions of subsection (b) of section 49-h, relating to the status of the bonds as a general obligation of the state and to the manner in which the principal and interest on the bonds are paid, apply to bonds authorized by this amendment.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment authorizing the issuance of up to \$1 billion in general obligation bonds payable from the general revenues of the state for projects relating to facilities of corrections and mental health and mental retardation institutions."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 37 proposes a constitutional amendment that would authorize the county commissioners court of a county to call an election to abolish the office of county surveyor. The office of county surveyor is abolished if a majority of voters of the county voting in the election approve the measure. If the office of county surveyor is abolished, the maps, field notes, and other records of the county surveyor are transferred to the county officer or employee designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment to permit the voters of a county to decide, at an election called by the commissioners court, whether to abolish the office of county surveyor in the county."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 44 proposes an amendment to article III, section 49-(b) of the Texas Constitution, which currently limits the principal amount of bonds outstanding at one time for the Texas agricultural fund to \$25 million and for the rural microenterprise development fund to \$5 million. The amendment would raise the principal amount limit for the Texas agricultural fund to \$100 million. The amendment would also make the principal amount limit for each fund apply to the total principal amounts of both bonds and notes issued or sold rather than just the principal amounts of bonds outstanding at one time.

The proposed amendment will appear on the ballot as follows:
 "The constitutional amendment authorizing up to a total of \$100 million in bonds and notes to be issued or sold to finance the Texas agricultural fund for providing financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced primarily in this state by agricultural businesses domiciled in the state."

Longhorns fall against the Buffaloes

By Les Reed

This past week the Longhorns faced off against the Petersburg Buffaloes finding out quickly that the Buffaloes are a much improved team. Coming off of a disappointing loss to the Whirlwinds many looked for the Horns to take the Buffaloes to the cleaners. But some things are just not meant to be.

Early in the first period the Buffaloes put 8 points on the scoreboard. Juan Medina caught a pass from Rodgers and

scampered in for the score. The Buffaloes wanted to put the pressure on the Horns early so they went for the two points after the touchdown and were successful in their attempt.

The Horns would answer their touchdown with one of our own. Phineas Riddley took the ball in from the 5 yard line after the Horns marched down the field later in the second period. Tanner Johnson evened the score up as he caught a pass from Leo Vargas to make the score 8-8 after the initial score.

The half ended with the Horns and the Buffaloes dead even. This game began to quickly look like the one played just the week before.

Coming out after the half everyone

looked to see what adjustments the Horns made to keep up the pace with the Buffaloes. During the third period the Petersburg team began to hurt us in the pass offense. We seemed to have difficulty filling in the holes and the Buffaloes plugged away some serious yardage as they moved the ball within scoring range. Marquez of the Buffaloes took the ball in from about 2 yards out leaving the score 15-8 after the extra point.

We seemed to be unable to answer to the 7 points of the Buffaloes in the third quarter. Then in the fourth quarter the Petersburg Buffaloes scored again leaving the Horns down by 13. With the defense of the Buffaloes playing like

they did this put a big challenge for our offense to pull off. Unfortunately, this time we came away on the short end, the final score was Lockney 8, Petersburg 21.

This Friday we play Crosbyton here at 8:00 p.m. Come on out and help the Horns scalp the Chieftains!

HEY LONGHORN FANS!!
On behalf of the Lockney Longhorn Football Players we would like to thank everyone who came out and supported the guys last week at the pep rally and the game. It means a lot to the players, cheerleaders and the student body as well.

We hope to see a crowd just as big this week...Friday afternoon the pep rally will be at 3:00 p.m. in the high school gym. The game is at home and will begin at 8:00 p.m. We will be hosting the Crosbyton Chieftains at Mitchell-Zimmerman Field in Lockney.

We need all the help we can get in showing our support for the Longhorns. Everyone is asked to please wear red and black to the pep rally and the game on Friday to cheer the Longhorns to victory.

Sarah Silva awarded scholarship

SARAH SILVA

Sarah Silva, daughter of Juan and Maria Silva of Lockney, has been awarded an Ethnic Missions Scholarship by the Baptist General Convention of Texas.

Miss Silva, who plans to attend Wayland Baptist University, is one of nearly 2,000 Hispanic, Asian and Black students who have received scholarships to Texas Baptist universities and Southwestern Baptist Theological Seminary, Fort Worth, through the BGCT's annual Mary Hill Davis Offering for state missions.

"Many former scholarship students are Christian leaders in a variety of fields ranging from medicine to education to pastors of churches," said James Semple, director of the State Missions Commission which administers the scholarship program.

Texas Baptists have invested more than \$3 million in the scholarship program since it began in 1956.

The scholarships of \$400 per semester are continued as long as the recipient attends a Texas Baptist university and maintains a satisfactory grade average.

Breezer Football Report

By Bill Gray
7TH GRADE

The 7th grade Breezers opened their 1993 football campaign with a 6-6 tie at Brownfield on Sept. 9. Trailing 6-0 with less than three minutes remaining in the game, Chad Turner threw a 20-yard TD pass to Dusty Duke. The conversion attempt failed and the teams were deadlocked at 6-6.

Floydada's inside kick was successful, but the Breezers failed to capitalize and pull out a victory. Earlier in the game, the Breezers' defense held Brownfield at Floydada's 3-yard line for four consecutive plays on a first-and-goal situation.

Coach Jimmy Webster named John Dunavant as the outstanding defensive player. Dusty Duke and Michael Black were named outstanding offensive players of the game.

8TH GRADE

The eighth grade Breezers tied Brownfield's 8th graders 14-14 in their season opener. Mario Nunez accounted for Floydada's first points with a blocked punt and return for a touchdown. The conversion attempt failed.

Richard Casillas scored on a 35-yard

run off the option. Casillas then passed to Adam Peralez for the two-point conversion. Offensive players of the game were Richard Casillas, Adam Peralez, Jorge Saldana and Mario Nunez. The coaches named Peralez, Pedro Chairez, and Saldana as the outstanding defensive players.

Coach Craig Cooke commented, "We feel great about this first game. We saw a lot of team effort and a lot of guys who want to get the job done. We expect to have a lot of improvement from last year."

The junior high squads travel to Dimmitt this week, with the 8th grade game scheduled at 5:30 p.m. The 7th graders will follow with a 7:00 p.m. kickoff.

R. C. Andrews School to observe Constitution Week

Andrews Elementary School in Floydada will celebrate the nation's 206th anniversary of signing of the U.S. Constitution during a Thursday, Sept. 23, ceremony that will include the presentation of a certificate of appreciation by a representative of U.S. Sen. Phil Gramm's office.

The ceremony will take place at 1 p.m. at the Andrews Elementary School, 215 N. White St. The public is invited to attend.

Jennifer Crabtree, director of Gramm's office in Lubbock, will deliver remarks regarding the significance of Constitution Week, which the nation is observing Sept. 17-23.

"On September 17, 1787, thirty-nine delegates participating in the Constitutional Convention in Philadelphia signed a document which established the American system of government and identified its powers. In so doing, our founding fathers provided a free and independent people a national framework of self-rule unparalleled in history; it was the dawning of a new era," Gramm said.

"I urge you to commemorate the Constitution's 206th anniversary and remind you that our system of government is the envy of the world," the senator added.

The structure of the Constitution has not been changed since it was first written. Amendments have been added to meet changing situations, but the basic document has proven flexible enough to survive the many changes since 1787.

The Constitution guarantees the freedom and rights of all people living in the United States, even if they are not citizens of this country. Everyone has the rights of freedom of religion and speech as well as other rights listed in the Constitution. The Constitution has three main principles, which are: inherent rights, or rights that anyone living in America has; government by the people, and; a separation of powers, giving each branch of government different powers.

Whirlwinds slip by Brownfield in 12-7 thriller

By Bill Gray

For the second time in as many weeks into the young football season, Floydada came from behind in the fourth quarter to pull out a victory as the Whirlwinds defeated Brownfield 12-7 at Cub Stadium on September 10. Floydada remains undefeated for 1993 while the Cubs, defending co-champions of District 3-3A, drop to 0-2. Both squads entered the game with explosive, ground-oriented offenses, but the expected high-scoring contest failed to materialize.

Brownfield's Rhett Graham returned the opening kickoff for an apparent 95-yard touchdown. However, a flag was dropped at midfield for a blocking infraction, and the Cubs had to settle for a first down at their own 36-yard line. It was the first of many costly penalties to

plague Brownfield throughout the evening.

All-State candidate Shad Evans rushed for 15 yards and the Cubs' initial first down following a procedure penalty. A Graham pass was then tipped by Whirlwind defender Gabriel DeLaFuente, picked off by teammate Mike Ochoa, and Floydada took possession at midfield. Floydada mounted an 8-play, 23-yard drive which stalled at Brownfield's 28. 'Wind quarterback Sammy Rodriguez was sacked for an 11-yard loss on third down, forcing Floydada into a punting situation.

Adam Gonzales, Tyson Edwards and Zach Abshier led the Whirlwinds' defensive charge during the next series. Aided by two Cub penalties and a short Brownfield punt, Floydada's next possession was again near midfield. How-

ever, the 'Winds were unable to take advantage of the favorable field position and punted again. Eric Smith and Abshier teamed for a sack of Graham, and pushed the Cubs inside of their own 30-yard line as the scoreless first quarter came to a close.

Brownfield controlled the ball for over eight minutes during the second period, but couldn't penetrate deeper than Floydada's 10-yard line. The Cubs maintained possession on a controversial play midway through the quarter. A Rhett Graham pass deflected off an intended receiver, Rod Vela plucked the ball in midair, and the Whirlwind senior raced untouched toward the Cub end zone. The play was ruled an incomplete pass, however, and Brownfield retained possession.

Floydada held on fourth down two plays later as Ralph DeOchoa stopped Evans for no gain at the Whirlwind 10-yard line. Floydada took over on downs deep in its own territory, but a 12-yard burst by fullback Mike Ochoa (behind clearing blocks from the left side of the line) gave the 'Winds some breathing room for Henderson's 4th-down punt. Brownfield mounted its most serious threat of the first 23 minutes during the next series. The Cubs moved into scoring position at Floydada's 11-yard line in the closing moments of the half, but Jesse Pauda's 27-yard field goal attempt was wide to the right. The Whirlwinds held possession at their 20-yard line following the touchback as time expired.

Neither offenses could get much going in the early minutes of the second half. Brownfield's defensive front of Corey Farrar, Eric Caswell, Wade Howard and John Pence (6'5" - 250 lbs.) totally controlled the Whirlwinds' outside option. Likewise, the 'Wind stopper unit kept the Cubs' offense in check.

Troy Johnson recovered a Graham fumble at the Cub 39-yard line with one and one-half minutes remaining in the period. The Whirlwinds capitalized on Brownfield's miscue as Rodriguez hit Henderson on a sideline route for a 43-yard pass-and-run touchdown. Henderson's conversion attempt failed, but Floydada held a 6-0 lead with only 25 seconds showing on the third quarter

clock.

The Cubs started the final period with a 9-play, 40-yard drive, but failed to convert a fourth-down attempt. Floydada took over at its own 14, but was unable to pick up a first down. Tyrone Henderson's 4th-down punt was partially blocked by Brownfield's John Pence. Roger Vasquez picked up the loose ball and carried it into Floydada's end zone, but a clipping penalty nullified the touchdown. Moments later Graham connected with Roger Muniz for a 25-yard pass for a score, Pauda's conversion kick was good, and Brownfield held its first lead 7-6.

Following the ensuing kickoff, the Whirlwinds started their game-winning rally with five minutes remaining on the clock. Rodriguez hit Brandon Gilliland with a clutch 25-yarder at the Floydada 43. Three snaps later Rodriguez ran to Brownfield's 35-yard line, but a late-hit penalty against the Cubs at the end of the play moved the 'Winds 15 yards closer to the Brownfield end zone. Rodriguez scored from the 20-yard line two plays later. His pass attempt for two points sailed over Gilliland's outstretched hands, but the Whirlwinds regained the lead 12-7.

Graham tossed a 27-yarder to Johnny Quesada on first down following the kickoff, but the Cub quarterback's next two aerials fell incomplete. A pass-interference call against Mike Ochoa gave the Cubs new life with a first down at Floydada's 48-yard line. Graham's first down pass to Quesada was broken up by Tate Glasscock, and the next two plays saw the Cub QB lose yardage in scrambling attempts when his receivers were blanketed by Floydada coverage.

Eric Smith led the pass rush, which forced Graham into an interception by Glasscock at the Whirlwinds 18-yard line with 25 seconds remaining on the clock. It was almost the identical point on the field where Floydada recovered a Lockney fumble to preserve last week's victory over the Longhorns. Glasscock returned the interception out to the Whirlwind 44-yard line, but a holding call on the return brought the ball back 10 yards. Rodriguez fell to one knee as the Floydada fans started the final-seconds countdown.

Brownfield will attempt its first victory of the season this week when the Cubs host long-time rival Seagraves. The Hamlin Pied Pipers will bring their perfect 2-0 mark to Wester Field for an 8:00 kickoff this Friday. The Pipers of District 7-2A reached the 2A regional finals a year ago, and defeated 3A Abilene Wylie 11-9 at home last Friday.

BILL'S NOTES

The Brownfield game can be described in one short word... ugly! From the penalty nullifying Brownfield's touchdown on the opening kickoff to the final buzzer, it was perhaps the worst officiated game I have witnessed in following Whirlwind football the past 14 years. If you were there, I don't have to go into detail; if you weren't, it hardly matters anyhow. I am certain Brownfield's Eddie Hooper was just as disgusted with the officiating as the Whirlwind staff had to be - perhaps more so (having TWO touchdowns called back in a game that close would drive most coaches to the golf course permanently).

As I have mentioned in this column on more than one occasion, judgement calls are one thing - and something I'll seldom criticize - but that crew's MECHANICS left a whole lot to be desired. The Whirlwinds were fortunate to come out of it in the "W" column.

There were some bright spots. For one thing, Brownfield had a solid defensive game plan designed to shut down the Whirlwind option game, which resulted in Floydada's having little success on the perimeter running attack.

The Cubs' offensive plan was pretty basic - student body right, student body left, and a few play-action passes. Graham gave the 'Winds some problems with his scrambling, but he had folks in his face all night during passing situations.

Floydada's defense certainly had Shad Evans' number... limiting the big running back to only 67 yards on 16 carries. Evans was not healthy coming into the game (he was held out opening week due to a toe injury) and an arm injury kept him out of action the entire 4th quarter against the 'Winds. Nevertheless, the 'Winds' stopper unit did a good job on him and the rest of the Cubs' ground game for most of the game.

The 'Winds' defensive secondary had another outstanding outing against a very physical team. The pass interference call against Ochoa was unjustified (the game film proved that it was a legitimate hit), but there again, we get back to my opening remarks.

My pick for the defensive play of the game is Glasscock's interception which slammed the door on the Cubs. Zach Abshier and D.G. Hollums get my nod for co-defensive players of the game. They are both starting to come on strong, and I'm quite certain they will get a lot of notice in scouting reports.

The offensive play of the game has to be the 43-yard hook-up between Sammy and Tyrone for Floydada's first score. Henderson did a masterful job of "tight-walking" down the sidelines for the final 20 yards. Sammy receives my selection for offensive player of the game. His stats weren't that impressive, but he led the team in getting the needed job done.

Reports are that the Hamlin line will dwarf Brownfield's, but size doesn't seem to bother some of our "mighty mites" - Eric, Tate, Gabby and some of the others. Hamlin is coming off a playoff year, and is probably headed for another. They have excellent

speed, with some legitimate All-State potentials.

The Piper will be hoping to atone for last year's 34-12 loss, but they're coming to the wrong place when they come seeking revenge at Wester Field. Another long night for the Pipers... Floydada by 15 points.

'Winds JV loses to Brownfield

By Bill Gray

Floydada's Vernon Cooper tossed a 20-yard halfback-option pass to Frankie Luna for a touchdown to break a scoreless tie against Brownfield in junior varsity action at Wester Field on Sept. 9. Following Luna's touchdown, Nufu Cervera ran in the two-point conversion to extend Floydada's third quarter lead to 8-0.

Brownfield countered with a 60-yard run for a score late in the period. The P.A.T. attempt failed, and the young Whirlwinds maintained a slim 2-point lead at the end of three quarters.

The visitors rallied for the go-ahead

touchdown in the game's closing moments. With 17 seconds remaining on the clock, the young Cubs completed a 45-yard touchdown pass to pull out the hard-earned victory 12-8.

Named as outstanding offensive players of the game by Coach Lee Hurt were Vernon Cooper, Nufu Cervera, Monty Anderson and Frankie Luna. Cited for their defensive performances were Neal Nelson, Richard Powell and Chris Enriquez.

The J.V. Whirlwinds will host Dimmitt's Jr. Varsity at Wester Field on Sept. 16. Kickoff is scheduled for 6:00 p.m.

Coach's Comments

By Coach Dean Bates

We were very pleased with our win over Brownfield last Friday night. We showed some improvement in a lot of areas.

We were unable to move the ball consistently and we must improve offensively.

Hamlin comes to town this Friday with the biggest and fastest team we will face all year. They are undefeated and it will take a solid effort in all areas for us to win.

See you at the game!

There's Always Been One Good Way To Insure Your Crop Investment. Now There Are Two.

Ask your local crop insurance agent about this year's new Group Risk Plan (GRP).

It's a pilot program being offered in selected counties and it provides an alternative to conventional Multiple Peril Crop Insurance policies.

It could be just right for you.

The cost is low.

The dollar amount of protection is high.

Production guarantees and indemnity payments are based on the county

average yield rather than individual farm yields.

There's almost no paperwork and you don't need yield records.

Although GRP may not be for everyone, it's definitely worth looking into.

Get the facts from your local crop insurance agent. But do it soon because the deadline to apply is rapidly approaching.

Crop insurance policies sold or reinsured by the Federal Crop Insurance Corporation are available to all producers regardless of race, color, national origin, sex, age, or disability.

Floydada Cooperative Gins holds 21st annual stockholders meeting

Members and directors met on Tuesday, September 7 for the annual stockholders meeting of the Floydada Coop.

A.C. Pratt, president of the Floydada Cooperatives Board of Directors, told those in attendance that "No one expected the Co-op to make any money last year and we didn't."

"This was only the 2nd loss the gin has incurred since its merger in 1973. Last year we ginned about 1/10th of what we usually gin."

Pratt told the members that the capacity of the #1 plant had been increase by 25%. "The plant will be able to gin 30

bales an hour if we can get the bales out of the field and to the gin that quick. With the module builders increasing rows we still won't be able to gin as fast as we get it. If there is good weather we will get behind."

"The #2 plant will continue to gin 15 bales per hour," Pratt said.

Pratt told the members that contrary to the belief of some, "The Co-Op does pay taxes. We paid \$31,823.00 in local taxes last year."

Co-Op Manager Ray Gene Ferguson gave the manager's report and also commented on the bad year in 1992-93.

"This crop looks good," said Ferguson. "Maybe we'll make some of it back. We should be able to gin 90-100 bales a day if we can get it to the gin."

An election was held for two positions on the board of directors.

Jay Lackey was elected to fill the position of retiring board member Eddie Smith.

Victor Smith was re-elected to fill another term on the board of directors.

Members were treated to door prizes and delicious snacks after the meeting.

Used oil filter recycling rules adopted

The Texas Water Commission has adopted new management standards for the recycling of used oil filters. The action culminates several months of public comment and industry input, including a public meeting in June. The rules fulfill the intent of Senate Bill 1340, the Omnibus Recycling Act, which was passed into law in 1991.

These rules, which address the generation, collection, transportation, storage, processing and final disposition of used oil filters, are designed to protect the environment and provide guidelines for the emerging oil filter recycling industry. The rules take effect 20 days after publication in the Texas Register.

It is currently illegal for commercial generators to dispose of used oil filters in landfills in Texas counties with populations of 200,000 or more, and in counties located east of I-35, I-35W and I-37 with populations of 100,000 or more. By

December 1, 1993, it will be illegal for commercial generators to dispose of used oil filters in all Texas landfills. On April 1, 1994, the law bans disposal into municipal landfills of used oil filters generated by individuals who change their own oil.

Main elements of the recycling rules include:

- Removal of all free-flowing oil from used filters.

- Proper transportation of used filters, including labeling of containers of used filters, clean-up of any spills during transport and delivery of filters to a registered used oil filter processor or end-user.

- Proper storage of filters in non-leaking, covered containers. For storage of more than three 55 gallon drums, the standards require secondary containment in case of spills.

- Processing of used oil filters in preparation for the recycling of its components, including used oil and steel.

- A provision for a system of documentation to track the transfer of used oil filters through the recycling process. This tracking mechanism is designed to discourage illegal dumping and is sub-

ject to future modification.

The regulations are aimed at halting the flow of an estimated 50 million used oil filters buried annually in Texas landfills. The dumping of these used filters fill precious landfill space, threaten water supplies and waste scrap metal.

To lessen the impact on small businesses, the new rules also provide an exclusion from the more stringent storage requirements for persons storing less than three 55 gallon drums of filters. However, these small businesses are still required by the new rules to properly dispose of their used oil filters.

The mission of the Texas Water Commission is to protect human health and the environment. It is the primary agency in Texas responsible for the prevention, control and abatement of water pollution and for the regulation of solid and hazardous waste.

Texas Grain Sorghum Board to hold statewide director elections

Texas producers who grow sorghum have an opportunity this year to run for a seat on the Texas Grain Sorghum Board. Anyone who produces grain sorghum in Texas and who own a farm in Texas on which sorghum is produced is eligible to vote in the election or to serve as a director on the board.

The fifteen-member board administers the checkoff funds which are collected on grain sorghum grown in the state. An assessment of 16 cents per ton is collected and used to fund programs for research, insect and disease control, education and promotion of Texas grain sorghum.

Members of the Texas Grain Sorghum Board represent every grain sorghum producing region in Texas. Under the assessment program, the state is divided into five districts, with each district having three representatives to the board. Directors are elected for terms of up to six years.

In this year's election, seven directors will be elected to the board: two each from the West Texas district and the East Texas district, and one each from the Panhandle district, the Upper Coast

district and the South Texas district.

To be listed on the ballot, a prospective director must submit a nomination form certifying that he or she will serve if elected. The nomination form must be signed by the nominee and ten other eligible voters. The forms may be obtained from the Texas Grain Sorghum Board office by calling (806) 298-2543. Deadline for returning the completed forms is October 10.

Ballots will be mailed to eligible voters. Ballots can also be obtained from Texas Agricultural Extension Service county offices or from local grain elevators. To be counted in the election, ballots must be mailed to the TGSB office, postmarked no later than November 10.

PROCLAMATION

By The
COUNTY JUDGE OF FLOYD COUNTY

TO ALL TO WHOM THESE PRESENTS SHALL COME:

I, William D. Hardin County Judge of Floyd County do hereby declare the week of September 19-25, 1993, as Farm and Ranch Safety and Health Week in Floyd County for the following reasons:

WHEREAS, this being the 50th Anniversary of the observance of Farm and Ranch Safety and Health, emphasis is placed on child, tractor, and chemical safety as is also being proclaimed by the governor, and

WHEREAS, the majority of accidents resulting in serious injury or death to farmers, ranchers, family members, and agricultural workers are preventable. Combining engineering advances with education initiatives can reduce the levels of preventable accidents, injuries and deaths on America's farms and ranches, and

WHEREAS, the 1993 theme, "Safety and Health...Agriculture's Future" promotes the initiative that everyone in America should be concerned about agricultural production and its longevity and strength in the global arena. Each farmer and rancher now feeds nearly 100 persons and emerging technologies indicate that our future looks bright for expanding this milestone.

THEREFORE, every U.S. citizen should pause a moment during this week of our 50th Anniversary, and recognize the dedication of our farmers and ranchers, daily toward strengthening the welfare of our great nation. Their emotional, economic and environmental hardships should not go unnoticed.

THUS, the National Safety Council, the Texas Safety Association, the Texas Agricultural Extension Service, The Texas Farm Bureau, Texas Department of Agriculture, The Texas Farm and Ranch Safety Council, and other, wish to recognize all agriculturists, with special emphasis to our safety specialists and to those farms and ranches seeking and following their advise for a safer farming community.

THEREFORE, I urge everyone to take the necessary precautions for their own safety as well as the safety of others on and off the job. I urge our leaders in agriculture to improve areas of safety and health efforts on your own operation and in your community by example and by educational programs.

William D. Hardin
County Judge

A recent cold front brought wet, cool conditions to both Crosby and Floyd Counties early this week. These wet conditions are probably a little too late for most producers to get much benefit. Although the cool days and nights feel much better to us, maturation of cotton bolls is significantly reduced by decreased heat until accumulation.

This will be the last regular issue of the Crosby-Floyd Pest Management newsletter for the 1993 growing season. Please refer to local newspapers, or call my office for continued pest updates.

COTTON

As cotton continues to finish up in Crosby County and much of Floyd County, heat unit accumulation is an important factor in small boll maturation. Squares and small bolls are being shed in all fields I have checked this week. Only a few fields have greater than 8000 squares/acre. Much of the

dryland cotton is approaching 50% open while irrigated fields are averaging 20% open bolls. This is a good indication as to how dry it got this year.

Insect pressure is now of less concern in many of the fields I have checked. The bollworm egglay I have been monitoring in the Sandhill area continues to produce bogus progeny. Bollworm egglaying activity continued this week but was much lighter. The eggs I saw last week did not produce a damaging population in those program fields I checked. I suspect beneficial activity is playing major role in larval mortality. We have noticed many "popped" eggs in her terminal area. As these fields are progressing into the cutout stage, I am optimistic that we will probably see few insect problems. However, do continue to monitor those fields that need further insect scouting and make treatment decisions on a field to field basis.

If you are still debating or confused about when or what harvest-aids to use

this season, I suggest getting the latest issue of the Cotton Journal to clear up any questions you may have. This recent edition talks about economics, yield gain or loss, quality gain or loss, and when and what to use. Also included is an excellent table on Harvest-aid Decisions. The authors of the journal are Kater Hake, Dan Krieg, Eduardo Segarra, Wayne Keeling, Charles Stichler, and James Supak. If you do not already receive the journal and would like a copy, contact the Crosby or Floyd County Extension Office.

SORGHUM

Grain sorghum for the most part faced few insect problems this season. Much of the acreage is currently in the hard dough stage and is rapidly maturing. Mite pressure appears to have stayed the same during these cool conditions. Heavy populations remain heavy while light populations may have even decreased somewhat. Continue to monitor

for mite-induced lodging in those fields where mites are a problem.

Earlier in the season, I sent shipments of greenbugs to Kansas to be tested for resistance levels and biotype identification. I am unable to report any data as greenbug mortality during shipment was very high. Since a natural crash in greenbug numbers was observed soon after the shipment, further samples were not possible. I suspect that very few insecticide resistance problems were seen this year in our area and this may have been partly due to the natural population crash.

Production estimate drops 100,000 bales

by Shawn Wade

The latest United States Department of Agriculture (USDA) estimate of 1993 cotton production dropped High Plains expectations 100,000 bales according to Lubbock-based Plains Cotton Growers (PCG).

USDA's September estimate for the High Plains was reduced to 3.58 million bales. The main reason for this drop is probably the decline in prospects for dryland acres that were hurt by a lack of rain in August.

PCG officials note, however, that decreases weren't limited to just the High Plains. An additional 200,000 bales was dropped from the estimate for the rest of Texas. The end result of these and other cuts is a revised U.S. estimate of 17.867 million bales, down from the 18.5 million bale August crop projection.

"The new crop estimate marks a significant change in expectations for the U.S. crop in 1993," says Donald Johnson, PCG Executive vice President. "The fact that USDA lowered this estimate over 500,000 bales from August shows how fast things changed from August 1 to September 1."

Johnson further notes that many High Plains crop watchers still feel the estimate is a little high. Most area estimates range from 3.1 to 3.4 million bales.

The hot, dry conditions that delivered

the biggest blow to dryland fields, and some irrigated acres, could prove to be just what the rest of the crop needs at this time. Extension cotton specialist Kater Hake noted that quite a few High Plains producers are beginning to look at the application of harvest aid materials to fields that are ahead of schedule.

Hake noted that in Gaines county approximately 10 percent of the Gaines County fields he has looked at recently show signs of treatment.

Officials at Plains Cotton Growers remind producers that several important dates are right around the corner. Among them is the final sign-up date for a quality adjustment for quality losses in 1990, 1991 and 1992.

PCG officials have learned that the final date to sign-up for this disaster program is September 17. No information is available about how the proceeds

of this program will be disbursed, but producers who feel they are eligible should contact their county ASCS office, go in and fill out the necessary forms.

USPS adjusts management structure

By Postmaster Terry Jones
In moves designed to strengthen day-to-day customer relations and future competitiveness, Postmaster General Marvin Runyon announced adjustments to his management structure. In the reassignment, Runyon named five senior vice-presidents, noting that his newest executive title represents scope of responsibility and not a new reporting layer.
At the time of restructuring last year, the Postal Service had 24 officers and

the adjustments announced bring the total to 25 officers.
Michael J. Riley is the new Chief Financial Officer and senior vice president, and William J. Henderson will be Chief Marketing Officer and senior vice president. Henderson moves to his new duties from the position of Vice President, Employee Relations. Mary S. Elcano, Samuel Green, Jr. and Peter A. Jacobson will also serve as senior vice presidents. Elcano is the Postal Service's General Counsel.

How to get the most for your postal dollar

By Postmaster Terry Jones
When you're ready to use the services of the United States Postal Service, you may want to get the best service for your money. You also want to choose the service that meets your particular need.
When customers aren't sure what postal option best suits their needs, they may spend money for services they don't need. The solution is to know what delivery services are available and the difference between them.

The following description of postal services and products acquaints you with what's available and allows you the opportunity to make the best selection for your mailing requirements.

CERTIFIED MAIL — Certified Mail provides a mailing receipt and a record of delivery is maintained at the recipient's post office. A return receipt provides the sender with proof of delivery (bought for a fee). Certified mail service is available only for First-Class Mail.

CERTIFICATE OF MAILING — This is the answer if the sender needs only a receipt to prove something has been mailed. A certificate of mailing does not provide insurance, no record is maintained at the post office and it does not verify the contents of what was mailed. The certificate of mailing can be used with all classes of ordinary mail.

CASH RECEIPTS — Customers needing proof of payment of postage, and their services, are entitled to cash receipts. Simply ask the clerk for a Cash Receipt.

COLLECT ON DELIVERY (COD) — COD service is best when the

sender wants to collect for merchandise when it is delivered to an addressee. It may be for merchandise - which must have been ordered by the addressee - sent by Parcel Post, First Class Mail or third class mail. Fees charged for this service include insurance protection against loss or damage. Items sent via COD may also be sent Registered Mail. Insurance coverage is available up to \$600. COD service is not available for International Mail.

RETURN RECEIPT — This is the sender's proof of delivery. It is available on mail insured for more than \$25 and for Certified, Registered, Collect-On-Delivery (COD) and Express Mail articles. The Return Receipt shows who signed for the item and the date it was delivered. For an additional fee, the sender can get an exact address of delivery or request restricted delivery service.

REGISTERED MAIL — This is the most secure option offered by the Postal Service. Registered Mail is designed to provide added protection for valuable and important mail. Postal insurance may be purchased, at the option of the mailer, up to a maximum of \$25,000. Return Receipt and restricted delivery services are available for an additional fee. Registered articles are controlled from the point of mailing to delivery. First Class postage is required on Registered Mail.

PRIORITY MAIL — This is First-Class mail weighing more than 12 ounces. The maximum weight for Priority Mail is 70 pounds, and the maximum size is 108 inches in length and circumference combined. When sending Priority Mail, use the free Priority Mail stickers available from your local post office. Insurance can be purchased on Priority Mail.

SPECIAL DELIVERY — You can

buy Special Delivery service on all classes of mail except bulk third-class. It provides for delivery, even on Sundays and Holidays, during hours which extend beyond the hours of delivery of ordinary mail. This delivery service is available to all customers served by city carriers and to other customers within a one-mile radius of the delivery post office. Make sure the mail is endorsed Special Delivery.

EXPRESS MAIL SERVICE — Express Mail service is our fastest service. Our Express Mail Next Day Service provides several options for both private and business customers who require overnight delivery of letters and packages. To use Express Mail, take your shipment to any designated post office, generally by 5 p.m., or deposit it in an Express Mail collection box with the appropriate postage. You may also request Pick Up service for a \$4.00 per trip fee by calling 1-800-222-1811. Express mail service comes with a money back guarantee. Ask about this guarantee at your local post office. Express Mail prices range from \$9.95 for letters up to 8 ounces, \$13.95 for packages up to 2 pounds and \$19.95 for packages weighing five pounds. Service features include insurance, tracking and tracing, shipment receipt and Record of Delivery at the destination post office.

Single member districts explained

Continued From Page 1
however in a town the size of Lockney you could very easily have trouble finding someone living in your district who will run for office.
"At the last election we had no one running for the office of Mayor until the very last minute when Mayor Copeland agreed to another term.
"The people of a certain district will still be electing the person of their choice," said Lyle.
Jesse Garza asked Lyle if the breakdown of the minority population in each district reflected the number of registered minority voters in each district, and Lyle replied that it did not. Garza asked for that information and Lyle stated that he would send the data to Garza.
Lyle stated that three city council positions will be open at the next election. To begin the process of electing from single member districts, councilmen will be elected from District 1, 2 & 3.

During their regular council meeting, councilmen in a unanimous vote elected to raise the city tax rate 3% to .39519 per \$100 valuation. Last years tax rate was .38368 per \$100 valuation.
Council members also adopted the 1993-94 budget. Total revenue reflected in the budget will be \$818,641.50, which includes \$484,191.50 revenue

from the general fund and \$334,450.00 from water and sewer fund.

General fund expenditures will be \$488,157.00 and water and sewer expenditures will be \$209,722.04, for a total of \$697,879.04.

A spokesman from the MacKenzie Municipal Water Authority was also on hand to present the proposed budget for the water authority. He explained that the base monthly payment from Lockney will be \$69,933.00 which is up \$4,113.00 from last years payment.

Council members entered into an executive session near the close of the meeting. After the session, Alderman Copeland made a motion to allow the Lockney Police Department to use Tommy Ray as a non-paid Reserve Police Officer. Alderman Jones seconded and all were in favor.

The changes place more definition between the Marketing and Customer Service and Sales role in the organization. Marketing primarily will be product and business development, while the Customer Service and Sales function will focus on the day-to-day customer needs. In the field, the Sales staff will report to the Area Managers of Customer Services.

"Our new sales structure," said Green, "focuses our field managers on the customer while providing the empowerment to make day-to-day decisions."

In the marketing structure, there will be three vice presidents: Allen R. Kane heads Product Management and Gail Sonnenberg will oversee Marketing Systems. The Technology Applications vice president remains to be named.

To recognize the contribution and value of the Controller position, Runyon upgraded it to the vice president level. M. Richard Porras will continue to serve in that position. One other vice-president position is established reporting to the Postmaster General, vice president, Legislative Affairs. This position will be filled in the near future and will have the responsibility for working with the U.S. House of Representatives, the U.S. Senate and the Executive Branch.

See you at the fair

Victory Baptist Church presents Eye of the Storm Sunday evening

Victory Baptist Church will present a compelling Christian film called Eye of the Storm, Sunday September 19 at 7:00 p.m. The movie stars Connie Selleca, Jeff Conaway and Deborah Tucker.

Eye of the Storm is an exciting dramatic motion picture from World Wide Pictures.

The film revolves around award-winning TV reporter Tom Edwards (Jeff Conaway) and his teenage daughter, Jill (Deborah Tucker). In the wake of his wife's death, Tom immerses himself in his work, leaving Jill hurt and alone. Their struggling attempts to reach out to each other serve only in widening the

gap between them.

Through the moving stories of soldiers from the Gulf War and the faithful support of co-worker Patricia "Pete" Peterson (Connie Selleca), Tom comes to experience genuine peace in the midst of the storms that engulf him.

This film will pierce the hearts of viewers, both young and old, as they identify with very human hurts and find hope in very real answers.

Everyone is invited to attend the showing of this film. There is no charge. Victory Baptist Church is located at 607 W. Lee in Floydada.

Floydada's Methodist Church to hold fall discipleship celebration

The First United Methodist Church of Floydada invites everyone to attend their "Fall Discipleship Celebration" on September 26-29. Rev. Billy McCauley, a United Methodist Evangelist from Lubbock, will be leading the services.

Rev. Clark Williams, pastor of the local Methodist Church, says you will enjoy the messages given by Rev. McCauley, plus enjoy his musical talent as he will sing and play the saxophone and guitar.

Rev. McCauley will be leading the

morning worship service at 11:00 a.m. on Sunday, September 26, and evening services at 7:00 p.m. the 26th thru the 29th. The First United Methodist Church, also, invites its members and guests to an evening meal on the 26th, a breakfast on the 27th, a noon luncheon on the 28th and an evening meal on the 29th.

There will be activities provided for the children at the church from 4:00 p.m. to 5:00 p.m. Monday thru Wednesday. Come join us and treat yourself to a great time.

Whirlwind Sams holds business meeting

By Marjorie McElyea
Whirlwind Sams met at Lighthouse Electric on Sept. 6 for their fall meeting. The meeting was called to order by president J.W. Gilbreath.

The invocation was given by J.K. West. The program was given by Dina Livingston on Mexico. She spent the past year there teaching the Christian religion to Mexico. She told many interesting stories about her experiences while there and has now returned to finish her college education.

Boone Adams gave a report on our trip to Littlefield. The birth song was

sung for Ruth and Rufus Lusk, Robert McPherson. The Gilbreaths and Temples had anniversaries. George Miller gave a report on the trip to Fredricksburg. J.W. gave a report about the Ralls Samboree.

A delicious meal was served by the Russells, Millers and the Reeses. Minutes were read by secretary Betty Gilbreath and were accepted as read. Officers for 1994 were presented and voted on at the last meeting.

The door prize was won by Jean and Bobby Kendrick. We were dismissed by Happy Trails.

LEGAL NOTICES

Notice

of Vote on Tax Rate

The Floydada Independent School District Board of Trustees conducted a public hearing on a proposal to increase your property taxes by 8 percent on September 9, 1993, at 1:00 p.m.

The Floydada Independent School District Board of Trustees is scheduled to vote on the tax rate at a public meeting to be held on September 20, 1993, at 1:00 p.m. at 226 West California Street, Floydada, Texas.

9-16c

Lockney ISD 1993

This notice is required by the Texas Legislature

*The percentage increase shown in the first paragraph below may appear unusually high because it does not reflect 1992 taxes levied by the now abolished county education district (CED). In 1992, the CED levied a portion of the taxes used for school purposes, and the school district levied the remainder of the school taxes. In 1993, school districts will levy all school taxes. For explanation of the increase, attend the public hearing scheduled below or call your school district.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The **Lockney Independent School District Board of Trustees** will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in **Lockney ISD** by **35.8** percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in the taxable value of all other property.

The public hearing will be held on **Tuesday, September 21, 1993, at 7:30 p.m. at the Lockney I.S.D. Central Office at 416 W. Willow Street in Lockney.**

FOR the proposal: Jim Bob Martin, Dan Smith, Paul Glasson, and Mike Mathis
AGAINST the proposal: None
PRESENT and not voting: None
ABSENT: Dickie Lambert

The statement above shows the percentage increase the proposed rate represents from the **effective** tax rate that the unit published on **August 26, 1993**. The following table compares taxes on the average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year County Education District	Last Year School District	This Year School District
Average home value	\$16,685	\$16,370	\$17,991
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	\$5,000	\$5,000	\$5,000
Average taxable value	\$11,685	\$11,370	\$12,991
Tax rate	\$.8067	.2626/\$100	1.20/\$100 <small>(proposed)</small>
Tax	\$94.26	\$29.86	\$155.89 <small>(proposed)</small>
Total 1992 School Taxes	\$124.12	Total 1993 School Taxes \$155.89 <small>(proposed)</small>	

This paragraph compares last year's CED and school district taxes with this year's proposed school district taxes: Under this proposal taxes on the average home would **increase** by **\$31.77** or **25.6** percent compared to last year's total school taxes. Comparing tax rates without adjusting for changes in property value, the tax would **increase** by **\$.13** per \$100 of taxable value or **12** percent compared to last year's total school tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

This paragraph compares last year's school district tax with this year's proposed school district taxes: Under this proposal taxes on the average home would **increase** by **\$126.03** or **422** * percent compared to last year's total school district taxes. Comparing tax rates without adjusting for changes in property value, the school district tax rate would **increase** by **\$.9374** per \$100 of taxable value or **357** * percent compared to last year's school district tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

Floyd County Hesperian-Beacon FOOTBALL CONTEST

GOOD LUCK!!

Floyd County Hesperian-Beacon Football Contest Rules

Any subscriber or individual above the age of 7 years old who purchases a Floyd County Hesperian-Beacon is eligible to enter this newspaper's weekly football contest, except employees of this newspaper and family members living in the same household.

To play, circle on the official entry form, the numbers of the teams you believe will win this week's games. To indicate a tie, circle the numbers of both teams playing the game. In addition, write in each of the tie breaker footballs your guess of the combined total points to be scored by the two teams listed. Also circle the team you believe will win. Circle both teams if you think the game will end in a tie.

The only entries which will be considered for prizes will be those on official entry forms which are brought to the Hesperian-Beacon office in Floydada or to the Hesperian-Beacon Office in Lockney by 5:00 p.m. on Friday. No photocopies will be accepted.

NO MAIL ENTRIES WILL BE ACCEPTED.

Three cash prizes are offered each week. In the event of ties - the same number of correct games and equal scores on the tie breakers - prizes will be shared by those involved in the tie. The tie breaker scores will be utilized only in the event of a tie on the number of games correct.

Print your name and address plainly on the official entry form and double check your choices before clipping out the entry form and depositing it at the Hesperian-Beacon office before 5:00 p.m. on Friday.

Entries are limited to one per person per week. Weekly winners are limited to one per household.
