Meet Your Candidates

Only candidates who face challengers in the May elections are profiled. Councilman Gary Marr, District #2, also faces challenger Rosie Rendon, however we were not supplied with any information on Rendon.

Councilman J.D. Copeland is seeking reelection to District #3. He is running unopposed.

think that I can do this by serving another term as a member of the city council."

GARY MARR

LOCKNEY—Gary Marr has announced that he is seeking his fourth term as a member of the Lockney City Council.

Marr was born and raised in Lockney and has spent most of his life here. He is a graduate of Lockney High School and Texas Tech University and is employed by Paymaster Oil Mill in Lubbock.

He has served as a director of the Lockney Chamber of Commerce and led the organization as president for a term. He is also a past president of the Floyd County Fair Board.

Marr was recognized as Lockney Citizen of the Year in 1989. He is an active member of the First Baptist Church in Lockney and with several of the youth organizations in the community.

He, and his wife Linda, are the parents of two sons, Coby and Brady.

When asked why he was running for a position on the city council for another term he replied, "Lockney is my home and I am interested in the future of our town. During my term we have been able to upgrade several pieces of equipment, including the street sweeper and there are several projects that we are working on that I would like to see through to completion. Also, I feel that I have the experience to be an effective councilman."

RICHARD ZAVALA

LOCKNEY—Richard Zavala is running for a place on the Lockney City Council, District 1. This is the first time he has thrown his hat into the political ring.

Zavala has lived in Lockney for 11 years. He was born and raised in Floydada and graduated from high school there. He has a business degree from Wayland Baptist University and works as a Family Services Specialist with the South Plains Head Start and Educational Services.

During the Vietnam era, he served in the U.S. Marine Corp. and was stationed in Japan and Korea.

He and his wife, Victoria, have four children, Ana, Mary Lou, Greg and Cynthia. They are members of San Jose Catholic Church and he is a past president of the Parish Council.

Zavala has been a scoutmaster for troop 299, is presently secretary-treasurer for Caprock Community Action and on the advisory committee of Education Services for the Head Start program.

When asked why he was running for the city council position he replied, "I think it is time for a little change in the community and it is time I helped in the community. I think it is very important to find resources to help our community and with my job I can help find those resources. I believe there is a right time for everything and this is the time for me to get involved."

Sarpalius to cut grand opening ribbon at landfill

U.S. Representative Bill Sarpalius will be in Floydada, Friday, April 22, to help the city celebrate a grand opening and ribbon cutting at the Floydada Landfill.

The public is invited to the ceremony which will be held at the landfill at 4:30 p.m.

In case of rain the ceremony will be held in the community room at Light-house Electric.

Walls vs. CHD trial to proceed

Judge John Forbis made several pre-trial rulings in Floyd County District Court, Thursday, April 7, concerning the Walls vs. Caprock Hospital lawsuit and the December 21 board meeting which Dr. Tommy E. Swate contends was held in violation of the Texas Open Records Meeting Act.

After 2 1/2 hours of arguments between Dr. Swate, attorney-at-law representing Derek Walls, and Tom Riney, attorney-at-law representing Caprock Hospital District, Judge Forbis ruled that the only testimony which will be considered in the upcoming lawsuit will be that which concerns:

(1) the Caprock Hospital District meeting of Dec. 21, 1993, in which the board voted to stop efforts to re-open the hospital and terminated employees;

(2) the determination of whether the Dec. 21 meeting violated the Opens Meeting Act;

(3) If Walls (a former employee of the hospital district) should be reinstated in his position and whether he deserves compensation.

Both Swate and Riney agreed that the dismissal of Walls and the resulting lawsuit would be a separate issue from a Dec. 7 board meeting in which Dr. Swate's contract was terminated by the Caprock Hospital Board of Directors. Swate also has a lawsuit pending against the Hospital District in a Houston Federal Court.

Judge Forbis has set the jury trial in the Walls vs. Caprock Hospital and the December 21 meeting for two days, April 25-26. It will be held in the Floyd County District Courtroom.

Floydada testing sirens Friday

FLOYDADA--The City of Floydada will test storm sirens on Friday, April 15, at 10:30 a.m. if weather permits.

Lockney City Councilmen hear waste management alternatives

LOCKNEY—Ron Coomer from Triple C Sanitation and Floydada City Manager Gary Brown met with the Lockney City Council to discuss waste management. During the Thursday, April 7, session, each discussed present and coming regulations regarding the disposal of municipal waste materials.

Brown told the council that the Floydada Landfill has reopened and Lockney and Floyd County residents are welcome to utilize the facility. They will be charged \$20.00 per ton for waste materials they bring to the landfill. Brown stated that there is a \$5.00 minimum for loads weighing less than a ton.

Other information Brown provided the council included the fact that loads must be secure when arriving at the landfill and that certain materials such as tires, lumber and tree limbs must be separate and deposited at designated locations at the landfill. He stressed that recycling is becoming a factor in waste management and will be of increasing importance in the future.

"We are going to work with Lockney where ever possible to make this work," said Brown. "We are all going to have to work together in order to serve our citizens."

County picked Fisher and Wittig

Voters make their choices

Only six percent of the 4,779 registered voters in Floyd County marked their ballots during runoff elections on Tuesday. Democrats in the county joined with the rest of the state picking Richard Fisher over Jim Mattox, to represent them in the senate race against Sen. Kay Bailey Hutchison.

Floyd County Republicans picked Don Wittig as their choice for Attorney General. Wittig also received 55% of

the state vote and will face off Democrat Attorney General Dan Morales in the November elections.

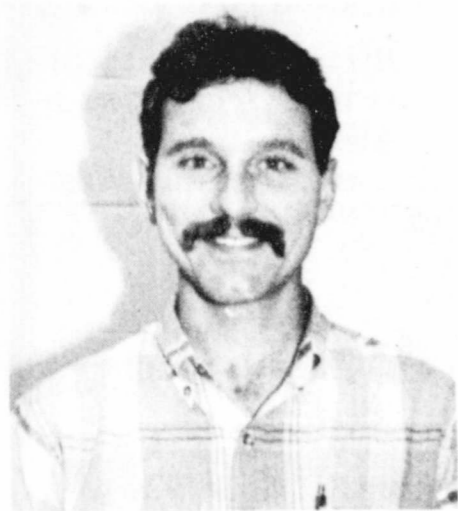

Republicans in the county also chose Sam Bayless for the Court of Criminal Appeals, Place 2. However his challenger on the ticket, Sharon Keller, was picked statewide with 57% of the vote.

In Floyd County, on the democrat ticket, Texas Supreme Court Justice Raul Gonzalez was chosen with a total

of 130 votes over challenger, Rene Haas', 96 votes. Gonzalez also received 54% of the statewide vote.

The county's democrat choice for the Court of Criminal Appeals, Place 2, County was Betty Marshall with a 102 votes over Gene Kelly, with 98 votes. Marshall was also chosen statewide with 60% of the vote.

TERRY JONES

LOCKNEY—Terry Jones is seeking his second term as a member of the Lockney City Council.

In 1991 he assumed the duties of postmaster in Lockney and moved his family here from Lefors where he had served as postmaster for two years. He has worked within the postal system for 16 years.

Born in Muskogee, Oklahoma, Jones was raised in Goodwell, Oklahoma. He is a 1979 graduate of Panhandle State University in Goodwell with a Bachelor of Science degree in Business Administration. In 1989 he received a degree in Postal Administration from Amarillo College.

Jones is a member of the Lockney P.T.A., past president of the Lockney Lions Club and a member of the First United Methodist Church in Lockney.

Terry and his wife, Windy, have two children Lexi and Linsi.

When asked why is running for a second term on the city council he replied, "I feel that after my first term I understand the decisions the council has to make and am better qualified to make those decisions. As a citizen of Lockney I should be involved and contribute to making this a better place to live and I

A view from The Lamplighter

By Ken Towery

by Ken Towery

It is becoming apparent that we need to rethink our previous thoughts concerning our First Lady.

We've always had the view that she is the brighter of the First Two. Not only that, she has somehow left the impression that she is well aware of the fact. And, to Bill's credit, he hasn't tried to contest that impression. He seems eager to further an impression that the family's money making proclivity is all the result of Hillary's business acumen.

But her brief foray into, and out of, the cattle futures market leads us to believe she is truly a surpassing genius, in areas we had not even dreamed of. For a very young country girl from Arkansas, (or anywhere else for that matter) to take a thousand dollars and turn a hundred thousand dollar profit in 10 months is no small feat. Especially when it entails an endeavor completely new and strange to her. And especially when it involved one who had previously spoken so passionately of her abhorrence to material things. Think what she could have done had she stuck with things she understood.

Certain cynics in the press and elsewhere seek to imply that Hillary's generous profits would not have accrued had her husband not been an Attorney General-about-to-be Governor of Arkansas. The Wall Street Journal, for instance, raises editorial questions, and editorial eyebrows, at the ease (and the speed) of Hillary's cattle futures transactions.

The WSJ, whose editors and writers understand such things as stock markets, futures trading, short selling and the like,

LEARNING TO BE A COWGIRL--Adriana Gonzales, a third grade student at Duncan Elementary, learns first hand how to handle a whip, with the help of Lance Poole (left) of Floydada. The demonstration was part of a Texas History lesson that the third graders have been studying. Each year several cowboys visit the school during the study of Texas History and present demonstrations on roping, branding irons, and using the whip. This provides stu-

dents with hands-on experience while they learn. They were also treated to a tour of an authentic chuck wagon and biscuits cooked over hot coals in a dutch oven. Along with Poole, others participating were Marty Covington and Jim Covington of Floydada and Frank Covington of Lubbock. Gonzales is the daughter of Venturo J. and Rachel Gonzales of Floydada.

County considers curfew ordinance

The Commissioners Court of Floyd County discussed passing a county wide curfew ordinance during the April 11 regular session of the county officials. The discussion was prompted by the recent approval of a curfew ordinance by the City Council of Floydada.

"If the city's curfew is going to work," said Precinct 1 Commissioner Connie Bearden, "The county will have to go along, otherwise, all the problems are just going to move out in the

county." Precinct 3 Commissioner George Taylor expressed the view that the city ordinance allows young people to be out too late at night and Precinct 2 Commissioner Floyd Jackson added that it should really be up to the parents of young people to get them home at night. He added, "I know that is not always possible and someone else has to be responsible for setting limits on them." After discussing the proposed ordi-

nance, the court opted to delay the matter until they could ascertain the proper procedure for passing a county ordinance. Judge Bill Hardin was authorized to consult with an attorney for this purpose and to ask if the hours of curfew could be altered in a county ordinance making the curfew effective earlier than the hours stated in the city ordinance. The matter will again be considered when this information is obtained.

County Treasurer Glenna Orman presented both monthly and quarterly reports to the court. These reports stated that the county began the month of March with \$338,617.23 in funds and took in \$279,831.14. Disbursements totaled \$287,410.13, leaving the county with \$331,038.24 as of March 31.

Orman also reported certificates of deposit totaling \$520,000.00 which have earned interest to date in the amount of \$7,239.39. \$350,000.00 in undivided tax collections accounts for the largest CD. Precinct 3 has a CD in the amount of \$130,000.00 and Precinct 4 has a CD in the amount of \$40,000.00.

Floyd County Ag/Extension Services made a mid-year report to the court. Kerry Siders presented a briefing of the agricultural and community development activities of the extension service and Melissa Long told the court of the activities involving 4-H programs and the home economics portion of the office.

Farm work contracts were approved for seven and three contracts were voided at the Monday morning session. Approved in Precinct 3 were: #1453 for Eugene Beedy to level land for soil conservation at a site 7 miles north of South Plains; and #1434 for Neil Langley to clean up old improvements and cut a waterway for agricultural use and conservation at a site 10 miles east of Lockney.

Precinct 2 contracts approved included: #1443 for Floyd Jackson by the

Slates finalized for county hospital district elections

CAPROCK HOSPITAL DISTRICT

Voters in Caprock Hospital District will elect two directors to the board this year. Directors whose terms expire this year are Fred Thayer and Kenneth Pitts.

Incumbent Kenneth Pitts faces three challengers in the spring election. Joseph Stepp, Rob Heflin and J. R. Turner have each returned petitions securing a place on the May 7 ballot. The two candidates garnering the largest vote

totals will be the board members for the coming term.

LOCKNEY GENERAL HOSPITAL DISTRICT

Lockney General Hospital District will be electing two directors in the May 7 election. Both at-large incumbents, Claude Brown and Bill Sherman, are seeking reelection to their hospital board posts at W. J. Mangold Memorial Hospital. They are unopposed.

BY THE WAY!

ALICE

I know it may not sound like the kind of ribbon cutting you could enjoy going to, but I think after all the hard work the City of Floydada has put into giving this area a landfill we need to all go out and show our support at the ribbon cutting ceremony on April 22.

There will probably be lots and lots of media type people there (besides us of course). This is a really big deal. More Texas cities don't have landfills than do.

Just remember—if it wasn't for the hard work of Floydada City Manager Gary Brown and our city council, Floydada would be another one of those cities at the mercy of whatever town controlled the nearest landfill. The whole county is fortunate that Brown and the council didn't give up.

I saw a Don Feder column the other day that I thoroughly enjoyed. He was commenting on a March 22 New York Times report which said Clinton's staff recently drafted a proposal urging him to launch "nothing less than a national mobilization" against teen-age pregnancy.

I got a very big laugh out of that. I couldn't believe that he would have the nerve to stand up in front of people and talk about teen-age sexual responsibility.

I'm not going to go into his famous background of trying to be another "John Kennedy" with the ladies—but the fact is everyone knows his background. In all seriousness—how can he even pretend to be a believable spokesman.

But then I read what type of comments he was supposed to make at different presidential events. Suggested remarks were, "Make up your mind you're not going to have a baby until you're old enough to take care of it, until you're married."

That makes a little more sense. His campaign against teen-age pregnancy wouldn't say anything about abstinence. It will fit in very well with the condom advertising (paid for by taxpayers).

And what the President can't come right out and say, his appointees do it for him.

Surgeon General Joycelyn Elders was recently interviewed in the March 22 issue of The Advocate (a homosexual magazine), which was titled, "Condom Queen."

She said, "We have to be more open

about sex. We need to speak out to tell people that sex is good, sex is wonderful."

Elders is a big advocate of sex education in kindergarten and has told high school girls to put a condom in their purse before they leave home on a date. In fact, as Feder's column points out, Elders told one interviewer that Clinton chose her so she would be a strong advocate for programs such as school based birth control clinics, school distribution of condoms and sex education in kindergarten.

For any teen-agers who may be reading this column I've got some facts for you to think about.

According to Johns Hopkins University researchers, one-third of teen-age pregnancies occur while a contraceptive is being used. That means (for those of you who are no good with fractions)—that one out of three women get pregnant using a condom for birth control.

Now—for those of you who still don't get it. That means condoms should not be depended on for safe sex. So when you see the commercials about the couple in a romantic interlude on the beach who only quench their passions when the woman discovers her date did not bring a condom—stop and think.

Do you think the commercial is suggesting that it would be OK if he had brought a condom? Of course that is what the commercial is suggesting!

If a condom won't keep her from getting pregnant—what makes you think it will keep you from getting AIDS.

If someone told you to put a gun to your head and pull the trigger—because you had a one and three chance it won't go off—will you do it?

According to Feder—as head of Arkansas' health department, Elders opened 24 contraceptive stores. One Little Rock high school now distributes 10,000 condoms a year. In Elder's tenure, the state went from 4th to 2nd in teen pregnancies. Syphilis and HIV cases rose 130 percent and 150 percent respectively.

Maybe instead of Clinton and his clan promoting waiting to get pregnant, we ought to let organizations like Athletes For Abstinence and True Love Waits lead the charge. They would make much better representatives of the truth.

LOCKNEY --On Friday, April 1, Lockney Police took a burglary of a vehicle report from a construction worker at Allsup's. At approximately 11:50 a.m. a construction worker observed a young man inside his work van. According to Lockney Police, the worker approached the young man and questioned him about being in his van. After a short conversation the young man ran off.

The worker later found several items missing from his vehicle. On the following Friday the construction worker observed the same young man at Allsup's again and called police. The 14-year-old juvenile has been turned over to the juvenile court.

On April 4, Lockney Police investigated an assault that occurred in the 200 block of SW Second St. A 15-year-old male was taken into custody and transported to the Lubbock County Youth Center. The case has been turned over to the Juvenile Court.

On April 8, Lockney Police took a burglary of a habitation report from a resident in the 300 block of NE Third St. "Sometime around noon someone entered a home and consumed approximately one half of a chocolate cake," said Lockney Police Chief Lennie Gilroy. "The suspect apparently then laid down on a bed at the residence. Nothing else appeared to be missing from the home.

"We have dubbed the suspect, the Goldlocks Burglar."

If you have any information about this burglary please contact the Lockney Police Department.

J.T. HODGES
Graveside services for J.T. Hodges, 68, of San Angelo will be at 2:00 p.m. Thursday, April 14, at Fairmount Cemetery with the Rev. Paul Terry officiating. Arrangements will be by Johnson's Funeral Home.

Mr. Hodges died Tuesday, April 12, 1994, at Shannon West Texas Memorial Hospital.

He was born on Sept. 5, 1925 in Paducah to James Telford and Audrey Roberts Hodges. He served in the Army during WWII and the Korean conflict. After the service he worked as gin manager at Scott Gin in Floydada and then later worked for Kimbell Gin Machinery in Lubock.

Mr. Hodges was a member of the ex-P.O.W. Association, the V.F.W. and a member of the Christian Church. He was married to Linda Weatherall on October 27, 1951 in Paducah.

He was preceded in death by his parents, and his brother, Randall Hodges.

Survivors include his wife, Linda of San Angelo; two daughters, Kay Ellis of Canyon Lake, Texas, and Jeanna Wilson of Lubbock; two granddaughters, Leah and Stephanie; and two grandsons, Jate and Will.

AREL C. RAINER
Services for Arel Carroll Rainer, 86, of Floydada were at 2 p.m. Tuesday, April 12, in First Baptist Church with the Rev. Floyd Bradley, retired Baptist minister, the Rev. Howell Farnsworth, pastor of First Baptist Church, and the Rev. Clark Williams, pastor of the First United Methodist Church in Floydada, officiating. Burial was in Floyd County Memorial Park by Moore-Rose-White Funeral Home.

Mr. Rainer died at 12:20 a.m. Sunday, April 9, 1994, in W.J. Mangold Memorial Hospital, Lockney, following a short illness.

He was born on July 10, 1907 in Merkel, Texas. He moved to Floyd County in 1914 from Merkel and attended Floydada High School. He married Myrtice Hancock on August 29, 1929 in Fort Sumner.

He was a Buick, Mercury and GMC dealer for several years and operated the Western Auto Store for 45 years. He was also a farmer.

Survivors include his wife, Myrtice; three sons, Bobby E. Rainer, Joe C. Rainer and Don H. Rainer, all of Floydada; two brothers, Norvell Rainer of Lakeside, Calif., and Arliss H. Rainer of San Diego, Calif.; six grandchildren; and two great-grandchildren.

He was preceded in death by two brothers, Elvin Rainer and Lavon Rainer.

Pallbearers were Brad Rainer, Dirk Rainer, Donny Young, Johnny Bill Sue, Mickey Dot Hammonds, Adrain Helms, Joe Hinkle and Billy G. Hinkle.

The family suggests memorials to a favorite charity.

REX R. ROBINSON
Services for Rex R. Robinson, 81, of Lubbock were at 10 a.m. Monday, April 11, in Moore-Rose-White Funeral Home Chapel, Floydada, with the Rev. Bertis McDaniel of Levelland officiating. Burial was in Floydada Cemetery by Moore-Rose-White Funeral Home.

Mr. Robinson died at 5:40 a.m. Friday, April 8, 1994, in Lubbock's Methodist Hospital following a lengthy illness.

He was born on August 19, 1912 in Dundee, Texas. He moved to Floyd County in 1914, then to Dickens in 1938, to Lubbock in 1972 and to Spur in 1959. He married Elsie Zwahr on February 6, 1938 in Lubbock.

He was a farmer and rancher.

Survivors include his wife, Elsie; and one son, Robert R. Robinson-Zwahr of San Antonio.

Honorary pallbearers were Jack Easterwood, Gerald Huffaker, V.D. Goodwin, J.K. Waddington and Doug Browning.

In lieu of flowers, the family requests memorials be made to a favorite charity.

The First United Methodist Church of Floydada has established a fund in memory of Jean Blair and to honor Earl Blair. Jean and Earl were much loved by the whole community. Anyone who wishes to make a contribution may send it to the church office.

Dear Friends,
Thanks for the flowers, cards and visits during my recent stay in the hospital here and in Lubbock. A special thank you also to the doctors and all the nurses and aides at the Lockney Hospital for their excellent care. The friendship and prayers of each of you on my behalf are helping me get stronger each day.

Love to all,
Martha Mangold

Better Business Warning

by Nan Campbell

Savers Alliance of Fort Worth opened up a sales office in Lubbock in February and has mailed postcards to South Plains residents claiming "final notice" and to call an 800 number. We have found that the company sells memberships in a buying club for \$995 with a \$40 yearly renewal fee. Since opening in Lubbock, your Bureau has received many inquiries. The company is too new in our files to issue a customer experience report; however, the Bureau in Fort Worth reports that the company has an unsatisfactory record due to its failure to eliminate the basic cause of complaints brought to its attention by the Bureau. We suggest that consumers compare prices the club offers. Understand the contract as well as yours and the company's obligations before you sign.

Floyd County 4-H holds meeting

LOCKNEY--Janie's Family Dining was the meeting site of the Floyd County 4-H Council on Thursday, April 7, at 7:00 p.m. Cade Shepard, from the Hale Center 4-H Club in Hale County, gave a presentation about his recent trip to the National 4-H Center in Washington, D.C.

Plans for the upcoming Adult Leaders Appreciation dinner were discussed and the date was changed from April 21

to April 26. Plans for the Old Settlers Day parade were made, and other future plans were discussed. After the meal, the meeting was adjourned about 8:20 p.m.

Those present were Jerod Glasson, Misty Bertrand, Mandy Hunter, Chelsea Patridge, Cynthia Martin, Cody Hayes, Allen Martin, Michael Mercado, Kaci Mathis, Max Green and Rhonda Hickerson.

council they have been asked to consider a curfew ordinance in Lockney. The council agreed to place the matter on the agenda of a special meeting on April 26 to consider insurance bids. At that time, they will talk with Police Chief Lennie Gilroy concerning the need for a curfew. Each council member was urged to talk to local people and get a feel for local sentiment about a curfew prior to the called meeting.

Council members approved a motion to authorize payment of reasonable and necessary expenses, not to exceed \$3,500.00, for the next annual financial audit.

The council approved Janet Pyle to run the swimming pool under the same terms and conditions as last year. Hooten reported that work is progressing on the pool and it should be ready to open on time this year.

The subject of straightening Gerald Rascoe's street was brought up, but passed pending more information concerning the proposed change. Also passed for the session were items calling

for bids on seal coating Willow Street and the proposed option to sell a tax title property to ERC Properties.

The council accepted a bid from Sylvester Garcia for demolition and clearing of a lot at 313 E. Bryant. Lockney will pay a pro rata share of the \$1,150.00 cost with the other taxing entities concerned with the property. According to City Secretary Charlotte Hooten, each has agreed to pay a pro rata share of the cost.

A variance was approved by the council. It will allow the Texas Department of Transportation to work on city right-of-way while constructing ramps at Main and Locust. Motion for the variance was made by Councilman J. D. Copeland and seconded by Councilman Bil Anderson.

T. Owen Thornton was unanimously approved to serve on the Mackenzie Water Authority Board for another two-year term on a motion by Copeland, seconded by Anderson.

Minutes of the previous meeting were read by attorney Paul Lyle and approved as presented.

Financial statements were reviewed and a motion by Anderson with a second by Copeland, was approved by unanimous vote authorizing the payment of monthly bills.

Department reports were heard, with Councilman Terry Jones asking for permission to have appropriate identification decals designed and placed on the new police car when it arrives. This was approved.

Copeland asked what could be done to handle a complaint he received concerning parking commercial trucks in residential areas. Copeland has been approached concerning a refrigerated truck which creates a noise nuisance in a residential neighborhood. Lockney has no ordinance concerning the matter, but will look into what can be done to alleviate the problem.

Attending the morning session were Mayor Kenneth Wofford, City Secretary Charlotte Hooten, City Attorney Paul Lyle, Councilmen J.D. Copeland, Terry Jones, Bil Anderson and Rodger Stapp. Others present included Gary Brown, Ron Coomer and the Hesperian-Beacon reporter.

We asked Jessie to comment on Floydada High School and he replied, "The thing I like best about FHS is the fact that I'm actually going to graduate. Yeah! If I could change something about our school, I would have more of a variety of subjects."

In the near future, Jessie plans on attending West Texas A&M University in Canyon, majoring in Journalism. Jessie claims that, "I am going to be a very rich person!" I hope you are right pal and if you do, be sure to give me some of it.

Good Luck!

Next, we will feature John Young, the son of Carlyn and Jerry Crawford. He was born on October 14, 1974. Previous to Floydada school, John attended Jeff Davis in Alabama.

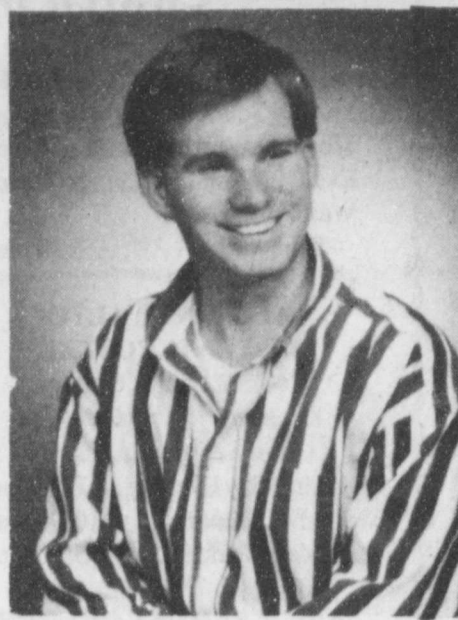

He is currently an Emergency Medical Tech with Floydada EMS and an EMT intermediate student. Also, during the summer months and after school, John works at W.J. Mangold Memorial Hospital in Lockney.

In his spare time, if he has any, John enjoys watching Aladdin, eating tacos and fajitas and listening to songs such as St. Elmos Fire theme song. He also enjoys Phil Collins' music. John has a black Lab dog, Aboo.

If he could travel to any country or place in the world he would go to Alaska with his fiancé, Samantha Salazar. He admires Mike Reeves and Paul McIntosh.

We asked John to express his feelings about FHS and he replied, "I would like those who think that the school has a bad system to know that they're wrong. Every teacher at FHS is well worth it."

However, John does like the friend atmosphere this school portrays. In the near future, John's plans include marrying Samantha Salazar. Then he plans on attending AC Medical to pursue his degree in Paramedicine and move to San Angelo to work as an active medic.

JOHN YOUNG

The final senior is Linda Segura (Veronica's sister). She has attended Floydada schools for 11 years. She previously attended Vernon High and La Mouve High in LaMouve, North Dakota.

Linda was a member of Floydada band her freshman and sophomore years. She also enjoys the T.V. show, Dos Mujeres Un Camino. Boyz In The Hood is her favorite movie. She likes the color emerald green. Her favorite subject in school is psychology/advanced social problems. She loves to eat chocolates and listen to music by Gloria Trevi and Selena y Los Dinos.

Linda attends St. Mary Magdalen Church. She would like to travel to Italy and take her sister, Vero, and friend, Amy with her. Linda also admires her mom most, but she would like to meet Gloria Trevi.

The type of gift that would please Linda most is a gift that comes straight from the heart.

Linda's future plans include attending South Plains College and probably majoring in Law Enforcement.

Good Luck to all of you in your future dreams.

VERONICA SEGURA

The third senior is Veronica Segura, also known as Vero. Veronica is the daughter of Rosemary and Samuel Segura. Her siblings include a sister, Linda and two brothers, Sammy and Isidro. She has attended Floydada schools all of her life.

Her favorite T.V. show is a Spanish soap opera entitled, Dos Mujeres Un Camino. Cool Runnings is her favorite movie. Veronica enjoys the book, Petals in The Wind, and the colors red and black. She also enjoys music by Maza and La Mafia.

Vero attends St. Mary Magdalen Church. She would like to visit Mexico and take her sister, Linda and friend, Amy with her. She admires her mom most and would like to meet Joe Lopez from the group Maza. Vero also loves to collect Mickey Mouse items.

Veronica says she will attend college and wait to see what God has planned for her in the future.

FISD considers asbestos removal

FLOYDADA — Board members of Floydada Independent School District instructed Administrative Assistant Jimmie Collins to pursue bids for removal of deteriorating asbestos materials in a pipe chase beneath R. C. Andrews Elementary and additional materials at Floydada Junior High. Collins asked for permission to advertise for removal bids during the Monday, April 11, meeting. He will be working with King Consulting of Lubbock to develop specifications for the removal bid publication.

According to Collins, grant funds for asbestos removal are no longer available, but he indicated that an application for a grant could be completed and placed on file. If funds become available at a later date, a grant could be made retroactively. No cost estimates were discussed.

Collins was asked if this would get all the asbestos out of the schools. His reply was, "No, we're not ever going to get it all, but this will get the part that keeps us in trouble with the government." He went on to explain that asbestos can be found in many areas, such as under floor tiles, but is no danger unless it is fragmented and released into the air. "It has to be breathed to harm you," he said.

Roberta Hardin, Federal Programs Coordinator for FISD was given the floor for presentation of a prepared statement concerning positive input on behalf of the school principals. Hardin stated, "Events of the past few weeks have greatly disturbed me. Negativism seems to be creeping into our beloved community through our schools, public offices and churches."

Hardin next read statements praising each principal in the system. Following that, she asked that the entire community, including the school board and all school parents, display their full support for these educators. She told those present, "We will lose quality people if we fail to support them."

Outstanding students for the month were recognized by the board with their families, friends and teachers present. FHS Students honored included Zack Abshier, son of Mr. and Mrs. Roland Adams, and Lacy Golightly, daughter of Mr. and Mrs. Dayne Golightly. FJHS selected Neisha Simpson, daughter of Mr. and Mrs. Scott Simpson, and Chad

Turner, son of Mr. and Mrs. Terry Turner, as monthly honorees.

R. C. Andrews Elementary students chosen for recognition were Charla Davis, daughter of Laquita Davis, and Kylan Sanders, daughter of Mr. and Mrs. Mark Sanders. Andrews Elementary also honored Janice Julian as the Outstanding Educator of the month. A. B. Duncan Elementary students named included Brady Rainwater, son of Mr. and Mrs. Andy Rainwater, and Chase Tipton, son of Mr. and Mrs. Kevin Tipton.

School Board President Charlene Brown asked that everyone who is able donate blood during a blood drive to be held on Tuesday, April 26, from 2-6 p.m. at the Floydada Fire Hall. She stressed that local donations are the only way to ensure that blood and blood products are available to local people in the event they are needed. Brown asked that anyone who could not donate send at least one person who could.

... Board members accepted one resignation, that of Nora Cisneros, an aide at Duncan Elementary.

... Superintendent Jerry Cannon reported that all board members have completed the required training session for the year. Each new member had to attend 20 hours of training and sustaining members needed six hours.

... The annual contract for media services from the Education Service Center was approved. The district pays \$3.00 per student included in the average daily attendance count for media services and films to be utilized in local classrooms.

... Bids will also be advertised for in the proposed purchase of a school ac-

Two hundred and seventy-six registered voters cast their ballots in Floyd County on Tuesday. Of those voters, 40 voted in the Republican primary and 236 voted in the Democrat primary.

The next election for residents in Floyd County will be May 7. Voters will then be making their choice for city councils, county commissioners, school boards and hospital board.

activities bus. Collins will be making the specifications selected by the board available to all interested suppliers.

... Payment of monthly bills was authorized by the board.

... Collins presented the tax report, telling board members that collections to date totaled \$1,381,148.00, representing a 95.35 percent collection rate as compared to a 93.75 percent collection rate at this time last year. He also reported \$58,953.00 in delinquent taxes collected on behalf of the Floyd County

CED.

... Minutes of the previous board meeting were read and accepted as presented with one correction. Discussion of an information item concerning asbestos removal was added to the minutes.

The meeting ended with an executive session in which Linda Ratliff was scheduled to discuss parent-teacher-principal-superintendent relationships. According to Cannon, no action was taken following the closed session.

points out (after examining records released by the White House, and after checking the records to see how much the market moved on that particular day) that Hillary would have had to control more than a dozen (about 17, they say) futures contracts to make the kind of profit (\$5,300) she claimed she made on the first day of her venture into the risky world of commodities trading. The problem is that she only controlled one contract. And evidently she did not even put down enough money to control that one contract. Under market rules in force at that time, one overnight margin account involving 40,000 pounds of cattle futures required a margin payment of \$1,200. Hillary paid in \$1,000. How was it possible for her to reap one-day profits from multiple contracts when she only controlled one, at best? It's all very curious.

Also curious is an even later revelation by the White House, that a separate trading account the First Two has said they (or she) lost money on, actually provided them a short-term capital gain in the amount of \$6,498. (That, plus some other overlooked income, has caused the President and Hillary to pay an additional \$14,615 in back taxes.) The President has repeatedly said Hillary got out of the market when the strain proved too great during her pregnancy. Now it is evident this was not true. Records of the "overlooked" account show Hillary traded until May of 1980, several months after their child was born.

The Whitewater matter is full of curi-

ous events. Hillary's stock trades are no less curious. True believers will say it was a combination of much good luck and a few good fairies that made it possible to be so fortunate. And they might be completely right. But nonbelievers will probably need to be convinced. Until then they may suspect that something else was involved.

There is one thing for sure, however, the general public may be turning a deaf ear to many Presidential pronouncements involving deficit reduction, taxes, health care, ethics, and things like that. But if Hillary ever speaks up on matters concerning the stock market, cattle futures, how to get rich quick with little investment, we would all be advised to listen up, and listen very carefully.

Wilson Family to clean out a waterway at a location 1 1/2 miles south and 1 1/2 miles west of Lockney; #1454 for A. T. Moore, to level land around irrigation wells for soil conservation at a site 14 miles north of Lockney; and #1442 for R. W. Wilson to clean up old improvements to put into cultivation 3 1/2 miles west and 1 mile south of Lockney.

Precinct 1 contracts approved were: #1160 for Mark McCormick 4 miles south of Floydada to clean out a drainage ditch; and #1404 for Jim Jackson at a site 11 miles southwest of Floydada to clean out a drainage ditch and tailwater pit.

Contracts voided included #1440 for Don Marble which was tabled on March 14, #1431 for Beth Kropp by Wilmer Gene Archer which was approved on March 5, and #1428 for Joe Cunyus which was approved on February 23.

... Two requests to cross a county right-of-way were granted. The first, to GTE Southwest, allows installation of a telephone cable and the second is for installation of a gas line by West Texas Gas, Inc. Each installing company will be responsible for all costs involved and for returning the county roadway to satisfactory condition following the installations.

... Commissioners approved a contract with the City of Floydada for county use of the Municipal landfill. The county will be using the landfill for waste disposal as necessary and paying fees of \$20.00 per ton. Additional charges will be levied if landfill personnel are called upon to unload the materials or if the city is asked to pickup the materials and deliver them to the landfill for the county.

... Monthly reports of fines and fees collected by elected county officials were reviewed and accepted as presented by the county clerk, the district clerk and the two justices of the peace.

... Commissioners approved the monthly bills and ordered payment of all properly presented accounts.

... Budget amendments were approved to allow transfer of funds between county accounts for payment of monthly bills.

... \$10,000.00 was authorized as a transfer from Road and Bridge funds into each of the four precinct operation accounts.

... Minutes of the previous meetings were read and accepted as presented.

By Trina Wilson RN

Polio is a very dangerous disease caused by a virus. Many of us remember working with patients in iron lungs after they became infected with polio or, at the very least, studying pictures of patients in iron lungs. You may even know someone living today who was a child during the 1940's and 50's who sustained damage to their nervous system as a result of the polio infection. The serious cases of polio may cause paralysis of the arms, legs and chest while severe cases can result in death.

There are two types of polio vaccines. Most experts recommend the live Oral Polio Vaccine called "OPV". "Live" means that the polio virus used in the vaccine is still alive but has been made very weak. This type of vaccine is given as drops in the mouth. The other vaccine is called IPV (inactivated polio vaccine). "Inactivated" means that the polio virus used in the vaccine has been killed. This type of vaccine is given by injection.

At least 90 out of every 100 people who receive three or more doses of either OPV or IPV will be protected against polio. The best way to be protected is to receive four doses of the vaccine. Most infants should receive two doses by 4 months of age, and a third dose at 15-18 months of age. The fourth is usually given at 4-6 years of age.

Very rarely, OPV causes polio in the person who receives the drops. The person who receives this vaccine, the chance of becoming paralyzed is higher after receiving the first dose of vaccine than after the second, third, or fourth.

Paralysis after the first dose occurs about once for every 1.5 MILLION doses of drops given. Paralysis after later doses occurs only about once for every 40 MILLION doses given. Polio is even more rare in unvaccinated people who are in close contact with the person who receives the vaccine. IPV injections cause slight soreness at the injection site.

OPV is contraindicated if the individual tests positive for HIV or has household contact with a person who tests positive for HIV (because HIV destroys

an individual's ability to fight infection.) OPV is also contraindicated if the individual has been diagnosed with any type of disease affecting the immune system such as cancer, leukemia, or lymphoma.

To make certain your children are up to date on all their immunizations, it is important for you to review their immunization record on a periodic basis with your family physician or his nurse.

For more information on communicable diseases, contact your family physician.

Whirlwind Sams hear windmill program at Lighthouse Electric

By Marjorie McElyea

FLOYDADA--Whirlwind Sams met at Lighthouse Electric April 11. President Harold Reese called the meeting to order and it was the Thaxton anniversary so we sang to them, also the Birthday Song was sung to Betty Miller and Norma Feuerbacher. Delicious refreshments were brought by the Harold Reese and Harold Temples.

Harold introduced the speaker for the evening. She was Billy Wolfe and guest, Georgia Mae Erickson, granddaughter of Hank Smith and Coy Harris of Lubbock.

The very interesting program of the National Historic Windmill project was by Mrs. Wolfe. She was the granddaughter of the man who started the Wolfe Nursery and she budded 120,000 pecan

trees for the nursery.

She gave a most interesting program about windmills and showed slides of windmills that were made back in the 1800s. They have purchased windmills and they will be displayed in a windmill museum near the Heritage Village at Texas Tech, which will be open about 1996.

Minutes were read by Francis Weathersbee and a financial report was given by Barbara Willis. Wagonmaster Harold Norrell called on trail boss Wayne Russell for a report on the trip to Thackerville and he passed out literature on the trip.

The door prize was won by John and Christine Lyles. We were dismissed by singing Happy Trails led by J.W. Gilbreath.

Floydada begins crusade for ACS

FLOYDADA--Volunteers for the American Cancer Society will be distributing educational literature and asking for donations from residents and businesses in Floydada during this week of April 10-17. FLOYDADA--Jerry Livingston spent the weekend in Oklahoma with relatives. Sympathy to the Hambricht families and the Arel Rainer family in the loss of their loved ones.

There are several still in area hospitals. We hope for them a speedy recovery.

We had a very good crowd at the luncheon Saturday, but we missed all that were not there.

Mrs. Lola Pohl of Matador visited last

week with Mrs. Alma Dunn.

Mr. and Mrs. Hershel Swepton had company last week, their son and wife, Dan Swepton.

Mrs. Elizabeth Armstrong's children came over Monday night and celebrated her birthday with her.

Thelma Jones visited Eula Battey and Ethel Hambricht Saturday afternoon.

We all enjoyed the rain and hope we get more.

Deota Odam went to Hale Center yesterday to visit her daughter, Mr. and Mrs. Virginia Waits.

We are proud of our editors and others who attended the newspaper convention in Amarillo and also the prizes they won.

LISD Parent Advisory Council sets dinner meeting for April 18

By Maria Arellano
 The Lockney ISD Parent Advisory Council will meet on Monday, April 18, at 7:00 p.m. at the Lockney Elementary Cafeterium. All parents of students participating in the Chapter I Reading and Chapter I Migrant are cordially invited and encouraged to be present at this dinner meeting.

A brief report will be given on the State Parent Conference, held in Lubbock last February. A presentation of the Chapter I Campus Improvement Plan will also be presented for approval. A potluck dinner will be served afterwards. There will be many door prizes given away to the lucky winners. These prizes are donated by local merchants.

Please come to the dinner meeting, for we need each other—parents and school sharing together in the education of our children. Your input and advice regarding the planning, implementation, and evaluation of our Federal Programs is very important. The two-way communication between home and school is very important for the success of our students.

Thanks—beforehand for your involvement and support.

FHS track teams prepare for district

By Bill Gray
FLOYDADA--Both Floydada track squads competed in the Wildcat Classic at Littlefield on April 9. The Whirlwinds amassed 73 total points to place fourth in team standings. Shallowater scored 121 points for the team championship. The Lady Winds scored 33 points and placed 6th in girls team totals. The Littlefield meet was the final tuneup before the District 2-3A track meet at Muleshoe on April 15-16.

Adam Gonzales continued his winning form by placing first in shot put with a distance of 54'-1 1/2". Teammates D.G. Hollums and Zach Abshier placed fourth and sixth, respectively, in shot put. Gonzales remains undefeated in the event for the 1994 season.

Coach David Carr commented, "Adam has won every time out this year in shot put, and has been topped only once in discus. He really needs to be pushed, though, to insure some good distances in the district and, hopefully, at the region meet."

For the second consecutive meet, the "Winds swept the first three places in discus as they finished 1) Gonzales 145'-9", 2) Abshier 135'-0", and 3) Hollums 130'-3". Coach Carr noted, "The weather at Littlefield hurt everybody. We hope to have some calmer weather at Muleshoe next week."

Gabriel de la Fuente placed third in pole vault with a height of 9'-6" and Rance Barnett ran third in the 300 hurdles with a time of 44:15. Freshman

Omar Eguia served notice on other 2-3A distance runners by posting 11:35.97 to place second in the 3200. Other Floydada team points were produced by Joe Ysasaga's fourth place in the 400 meters and a fifth place in the 1600 by the mile relay team.

In girls' action at Littlefield, Pepper Hinkle tied for second with a 4'-10" high jump. Hinkle's strongest opponent in high jump at the district meet will be Friona's Keri Reeb, who has cleared 5'4" this year. Shayla Turner captured a first for Floydada in the 200 meters with a timing of 28.14. Turner also ran third in the 100 meters with a 13.52 timing. Dana McCandless placed third in the 800 meters with a time of 2:41.13 to add to Floydada's team total.

The "Winds should be competitive in several events at Muleshoe, but because of depth and the numbers of people entering varied events. Tulia will be the odds-on favorite to retain the district team title -- followed by Friona and Muleshoe.

Floydada transfer student forms due by May 1

FLOYDADA--Transfer forms for the 1994-95 school year are now available in the Floydada superintendent's office. Parents wishing to transfer their children for next year should go in and sign them before May 1.

'Winds open district play against Muleshoe

By Bill Gray
FLOYDADA--Pre-season favorite Muleshoe scored 13 runs in the third inning and coasted to a 28-18 victory over Floydada in District 2-3A baseball action at the Mules' home diamond on April 9. The Whirlwinds jumped out to a 13-6 lead after 2 1/2 innings before Muleshoe's big inning, which was helped along by a combination of erratic Floydada pitching and several Whirlwind errors. The district opener for both squads was stopped after five innings because of the 10-run rule.

Floydada's Ken Cummings, normally an infielder, was pressed into pitching duties and was tagged with the loss. The Whirlwinds' season mark dropped to 6-11 (0-1 in district), while the Mules improved to 12-5 overall. In other District 2-3A action on April 9, Dimmitt blanked Littlefield 5-0 and Tulia defeated Friona 8-1.

According to Coach Jimmy Webster, "Our offense was super . . . it has really taken off lately, but our pitching is not doing the job. We had to pitch some guys that aren't really pitchers - it's pretty tough to win when you have pitching tryouts on game day . . . during the game!"

Gabriel de la Fuente had another good outing as leadoff man for the "Winds by going 2-for-4 with 3 RBIs. De la Fuente also scored a run and had two stolen bases. Monty Anderson was 2-for-3, drove in a run, and scored three times. Anderson also had four stolen bases to bring his season total to 19.

Brandon Gilliland had one of his best days in his FHS career with a home run, a double, and a single in five official trips to the plate. Gilliland also scored three runs and had 6 RBIs.

we would've called the 'waggle' more often. Seriously, our pitching has not done the job. When you score 13 runs in the first three innings, you've got to have a pitcher that will just throw strikes. When your staff walks 15 and hits 4 batters, it's just difficult to be competitive."

Floydada's defense committed five errors, but the more experienced Mules had eight errors to go along with their 15 base hits. A number of Floydada's 14 hits were against Muleshoe number one pitcher.

Coach Webster added, "Once again our offense did great - we even got some help from our number 7, 8, and 9 batters." The Whirlwinds hope to rebound in the district race when they host Tulia on April 12, before traveling to Friona on April 16.

Tyrone Henderson plays in Golden Spread All Star Game

FLOYDADA--Tyrone (Ty) Henderson, a senior member of the Floydada Whirlwind basketball team, was selected to play in the Golden Spread All Star Game April 7-9 in Amarillo.

The All-Star games were played as a four-team tournament.

Teams consisted of outstanding high school seniors throughout the Panhandle representing the North, South, East and West. All classes, 1A to 5A, made up each team.

During the 1993-94 season at FHS, Henderson averaged 20.8 points per game, 12.2 rebounds, and 48.6% field goals.

In the All-Star game he averaged 10 points per game and 6.2 rebounds.

Henderson's team at the All-Star game won the championship. The team's first

score was 102-99 on Friday. The final score of the championship game on Saturday was 79-71.

Public Notice

On February 22, 1994, Southwestern Bell Telephone Company ("Southwestern Bell" or "Company") filed an application with the Public Utility Commission of Texas ("Commission") to restructure the Company's Local Transport and Directory Transport categories of its Switched Access Service. This matter has been assigned to Docket No. 12784. The tariff sheets in Southwestern Bell's application, if approved, will bring the Company's intrastate Access Service Tariff into structural parity with the Company's interstate Tariff No. 73 for Local Transport. Southwestern Bell's companion interstate tariff became effective on January 1, 1994.

The transport rate elements provide for the transmission facilities between the customer's premises and the end office switch(es) where the customer's traffic is switched to originate or terminate the customer's communications.

Southwestern Bell proposes to implement the revised tariffs on a revenue neutral basis. Although the proposed tariff changes will affect all customers subscribing to Switched Access Service, the Local Transport and Directory Transport categories of Southwestern Bell's Switched Access Service is primarily for interexchange carriers. If approved, this application will result in an increase in Southwestern Bell's revenues of approximately \$1682.00 during the first year. Southwestern Bell proposes that the changes be effective on December 1, 1994.

Persons who wish to intervene in or comment upon these proceedings should notify the commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission's Public Information Office at (512) 458-0256 or (512) 458-0221 for text telephone. The deadline for intervention in the proceeding is May 6, 1994.

Pinto bean farmers to get crop insurance

The Federal Crop Insurance Corporation has determined farmers who grow pinto beans in Floyd, Castro, Crosby, Dallam, Deaf Smith, Hartley, Lubbock, Ochiltree, Oldham, Moore and Swisher counties meet the agency's requirements to qualify for crop insurance, Agriculture Commissioner Rick Perry said.

"Without crop insurance, farmers find it difficult to obtain loans, so we are pleased that the FCIC has worked with our producers in these counties who wished to qualify for crop insurance," Perry said.

"These farmers have found new markets for pinto beans, and they want to diversify to meet this growing demand. However, many banks will not make loans to them unless they have crop insurance, and they can't expand their pro-

duction without loans so they have been caught in a type of 'Catch' situation."

Perry met with FCIC Manager Ken Ackerman in Washington D.C. in January to discuss the counties' eligibility. Many farmers in these counties are part of the United Bean Marketing Co-op of Plainview, which is affiliated with Beantime Foods Inc., a plant that pro-

duces processed bean products such as bean flakes and a bean and sausage microwaveable stew.

Silver Spurs plan vaccination clinic for horses

The Floyd County 4-H "Silver Spurs" Horse Project will be sponsoring a county-wide vaccination clinic to be held on Thursday, April 21, from 5 p.m. to 7 p.m. at the Lockney Vet Clinic. Vaccinations for Tetanus and Sleeping Sickness will be administered by Dr. Paul Glasson.

Horses should receive an annual vaccination to prevent illness and even death which can occur from both Tetanus and Sleeping Sickness.

Tetanus enters the horse's body through physical injuries such as cuts and puncture wounds. Sleeping Sickness is also known as equine Encephalomyelitis in which there are three types of this disease found in the United States. Sleeping Sickness is transmitted by mosquitoes and can be a problem in both pastured and stabled horses. The result of both diseases can be death, a death which can be prevented by annually having your horses vaccinated.

If you have any questions about this vaccination clinic please contact Marcia Phillips at 652-2676 or Debbie Shatley at 652-3135.
